LAWS
OF THE
UNITED STATES,
Passed at the Second Session of the Forty-Second Congress.

[CONTINUED.]

[GENERAL NATURE No. 111.]

AN ACT to reduce duties on imports, and to reduce internal taxes, and for other purposes.

Dealers in tobacco shall each pay five dollars. Every person whose business it is to sell, or offer for sale, manufactured tobacco, snuff, or cigars, shall be regarded as a dealer in tobacco, and the payment of a special tax as a wholesale or retail liquor-dealer, or the payment of any other special tax, shall not relieve any person who sells manufactured tobacco and cigars from the payment of this tax: *Provided*, That no manufacturer of tobacco, snuff, or cigars shall be required to pay a special tax as dealer in manufactured tobacco and cigars for selling his own products at the place of manufacture.

Manufacturers of tobacco shall each pay ten dollars. Each person whose business it is to manufacture tobacco or snuff for himself, or who shall employ others to manufacture tobacco or snuff, whether such manufacture shall be by cutting, pressing, grinding, crushing, or rubbing of any raw or leaf tobacco, or otherwise preparing raw or leaf tobacco, or manufactured or partially manufactured tobacco or snuff, or the putting up for use or consumption of scraps, waste, clippings, stems, or deposits of tobacco resulting from any process of handling tobacco, shall be regarded as a manufacturer of tobacco.

Manufacturers of cigars shall each pay ten dollars. Every person whose business it is to make or manufacture cigars for himself, or who shall employ others to make or manufacture cigars, shall be regarded as a manufacturer of cigars. No special tax receipt shall be issued to any manufacturer of cigars until he shall have given the bond required by law. Every person whose business it is to make cigars for others, either for pay, upon commission, on shares, or otherwise, from material furnished by others, shall be regarded as a cigar-maker. Every cigar-maker shall cause his name and residence to be registered, without previous demand, with the assistant assessor of the division in which such cigar-maker shall be employed; and any manufacturer of cigars employing any cigar-maker who shall have neglected or refused to make such registry shall, on conviction, be fined five dollars for each day that such cigar-maker so offending, by neglect or refusal to register, shall be employed by him.

"Peddlers of tobacco shall be classified and rated as follows, to-wit: When traveling with more than two horses, mules, or other animals, the first class, and shall pay fifty dollars; when traveling with two horses, mules, or other animals, the second class, and shall pay twenty-five dollars; when traveling with one horse, mule, or other animal, the third class, and shall pay fifteen dollars; when traveling on foot or by public conveyance, the fourth class, and shall pay ten dollars. Any person who sells or offers to sell, and deliver manufactured tobacco, snuff, or cigars, traveling from place to place, in the town or through the country, shall be regarded as a peddler of tobacco. Every peddler of tobacco, before commencing, or, if already commenced, before continuing to peddle tobacco, shall furnish to the collector of his district a statement accurately setting forth the place of his residence, and, if in a city, the street and number of the street where he resides; also the State or States through which he proposes to travel; the mode of travel, whether on foot, by public conveyance, or to travel with one, two, or more horses, mules, or other animals; to state also whether he proposes to sell his own manufactures or manufactures of others, and, if he sells for other parties, to name the person or persons for whom he sells. He shall also give a bond in the sum of two thousand dollars, to be approved by the collector of the district, that he will not engage in any attempt, by himself or by collusion with others, to defraud the government of any tax on tobacco, snuff, or cigars; that he will neither sell, nor offer for sale any tobacco, snuff, or cigars, except in original and full packages, as the law requires, the same to be put up and prepared by the manufacturer for sale, or for removal for sale or consumption, and except such packages of tobacco, snuff, and cigars as bear the manufacturer's label or caution notice, and his legal marks and brands, and genuine internal-revenue stamps which have never before been used. Every peddler of tobacco, snuff or cigars, traveling with a wagon, shall affix and keep on the same, in a conspicuous place, a sign painted in oil-colors, or gilded, giving his full name, business, and collection district, and shall obtain a certificate from the collector of the district, who is hereby authorized and directed to issue the same, giving the name of the peddler, his residence, the class of his special-tax receipt, and the fact of his having filed the required bond; and every person peddling tobacco shall, on demand of any officer of internal revenue, produce and exhibit said collector's certificate, and, unless he shall do so, may be taken and deemed not to have paid the special tax, nor otherwise to have complied with the law. And in case any peddler shall refuse to exhibit his or her receipt as aforesaid, when demanded by any officer of internal revenue, said officer may seize the horse, or mule, wagon and contents, or pack, bundle, or basket of any person so refusing; and the assessor of the district in which the seizure has occurred may, on ten day's notice, published in any newspaper in the district, or served personally on the peddler, or at his dwelling-house, require such peddler to show cause, if any he has, why the horses or mules, wagon and contents, pack, bundle, or basket so seized shall not be forfeited; and in case no sufficient cause is shown the assessor may direct a forfeiture, and issue an order to the collector, or to any deputy collector of the district, for the sale of the property so forfeited; and the same, after payment of the expenses of the proceedings, shall be paid to the collector for the use of the United States; and all such special taxes shall become due on the first day of May in each year, or on commencing business; and if such peddlers shall not have paid the special tax for the current year he shall pay the same within thirty days after the passage of this act. In the former case the tax shall be reckoned for one year, and in the latter case proportionately for that part of the year from the first day of the month in which the liability to a special tax commenced to the first day of May following. And any person who shall, after the passage of this act, be found peddling tobacco, snuff, or cigars, without having given the bond, or without having previously obtained the collector's certificate as herein provided, or who shall sell tobacco, snuff, or cigars otherwise than in original and full packages as put up by the manufacturer; or who shall have in his possession any internal-revenue stamp or stamps which have been removed from any box or other package of tobacco, snuff, or cigars, or any empty or partially emptied box or other package which has been used for tobacco, snuff, or cigars, the stamp or stamps on which have not been destroyed; or shall fail to have affixed to his wagon, in a conspicuous place, a sign, painted in oil-colors, or gilded, giving his full name, business, and collection district, shall, for each such offense, on conviction, be fined not less than hundred dollars nor more than five hundred dollars, or imprisoned not less than six months nor more than one year, or both, at the discretion of the court."

That section sixty be amended by adding at the end of the section the following words, to wit: "And if any manufacturer of tobacco, snuff, or cigars shall sell, or remove for sale or consumption, any tobacco, snuff, or cigars upon which a tax is required to be paid by stamps, without the use of the proper stamps, in addition to the other penalties imposed by law for such sale or removal, it shall be the duty of the proper assessor or assistant assessor, or any internal-revenue officer detailed by the Commissioner of Internal Revenue for that purpose, within a period of not more than two years after such sale or removal, upon such information as he can obtain, to estimate the amount of tax which has been omitted to be paid, and to make an assessment therefor, and certify the same to the collector. And the subsequent proceedings for collection shall be in all respects like those for the collection of taxes upon manufactures and productions."

That section sixty-two be amended by striking out after the words "or in bladders" the words "containing not exceeding ten pounds each, or" and inserting in lieu thereof the word "and;" in the paragraph relating to fine-cut chewing-tobacco, by striking out the word "one-half;" in the paragraph relating to smoking-tobacco, by inserting after the words "all smoking-tobacco" the words "and all cut and granulated tobacco other than fine-cut chewing, and shorts, the refuse of fine-cut chewing; also, in the same paragraph, by inserting after the words "refuse scraps" the words "clippings, cuttings," and by striking out from the last paragraph the words "or the proprietor's name and his trade-mark," and by adding at the end of said paragraph the following words: *And provided further*, That fine-cut shorts, the refuse of fine-cut chewing-tobacco, refuse scraps, clippings, cuttings, and sweepings of tobacco may be sold in bulk as material, and without the payment of tax, by one manufacturer directly to another manufacturer, or for export, under such restrictions, rules, and regulations as the Commissioner of Internal Revenue may prescribe: *And provided further*, That wood, metal, paper, or other materials may be used separately or in combination for packing tobacco, snuff, and cigars, under such regulations as the Commissioner of Internal Revenue may establish."

That section sixty-three be amended by striking out the words "and the sum of the said bond may be increased, from time to time, and additional sureties required by the collector, under the instructions of the Commissioner of Internal Revenue," and inserting in lieu thereof the following words: "additional sureties may be required by the collector, from time to time, but the penal sum of said bond shall not be computed by him in excess of the sum of twenty thousand dollars, except under special instructions of the Commissioner of Internal Revenue."

That section sixty-seven be amended by striking out the word "warehouse" and inserting in lieu thereof the word "export;" also, by adding to the end of the said section the following: "That such stamps as may be required to stamp tobacco, snuff, or cigars sold under distraint by any collector on internal revenue, or for stamping any tobacco, or cigars which may have been abandoned, condemned, or forfeited, and sold by order of court or of any government officer for the benefit of the United States, may, under such rules and regulations as the Commissioner of Internal Revenue shall prescribe, be used by the collector making such sale, or furnished by a collector to a United States marshal, or to any other government officer making such sale for the benefit of the United States, without making payment for said stamps so used or delivered; and any revenue collector using or furnishing stamps in manner as aforesaid, on presenting vouchers satisfactory to the Commissioner of Internal Revenue, shall be allowed credit for the same in settling his stamp account with the Department: *And provided further*, That in case it shall appear that any abandoned, condemned, or forfeited tobacco, snuff, or cigars, when offered for sale, will not bring a price equal to the tax due and payable thereon such goods shall not be sold for consumption in the United States; and upon application made to the Commissioner of Internal Revenue, he is authorized and hereby directed to order the destruction of such tobacco, snuff, cigars by the officer in whose custody and control the same may be at the time, and in such manner and under such regulations as the Commissioner of Internal Revenue may prescribe."

That section sixty-nine be amended by inserting after the words "or imitation of any stamp required by this act" the words "or any stamp or stamps which have been previously used."

That section seventy-one be amended by striking out, where they occur, the words "or in a bonded warehouse," and inserting in lieu thereof the words "or while in transfer under bond or a collector's permit, from any manufactory, store, or warehouse, to a vessel for exportation to a foreign country."

That section seventy-two be amended by striking out the words "the stamped portion thereof," and, where they occur the first time, inserting in lieu thereof the words "the stamp or stamps thereon," and where the same words occur the second time, insert instead the words "the stamp or stamps taken from any such empty box, bag, vessel, wrapper, or envelope of any kind;" also, by inserting in the last sentence, after the words "emptied, or partially emptied," the words "or shall have in his possession, or shall affix to any box or other package any stamp or stamps which have been previously used, or who shall sell, or offer for sale, any box or package of tobacco, snuff, or cigars, having affixed thereto any fraudulent, spurious, imitation, or counterfeit stamp or stamps that have been previously used, or shall sell from any such fraudulently stamped box or package, or shall have in his possession any box or package as aforesaid, knowing the same to be fraudulently stamped."

Republican Congressional Convention in the 4th District reassembled.

The Hon. Jas. H. Bell having declined the nomination tendered him by the Republican Convention assembled at Gonzales on the 15th of July; by request of Delegates and other prominent Republicans the members of that Convention are requested to re-assemble at Victoria, on Tuesday the 27th day of August, 1872 for the purpose of nominating a candidate for Congress in the place of Judge Bell declined, and for transacting such other business as may properly come before the Convention.

A full delegation from every county in the District is requested. The basis of representation will be the same as in the original call.

J. C. BARDEN,

The State Capitol.

The *Union* is still hammering away for the removal of the State Capitol to Houston, and gives some very good reasons for its being done, but it ignores entirely the probabilities of the future. It is as certain as fate that this State will be divided within the next ten years, and after the division will be time enough to fix the capitol for each State. If Houston ought to be made the capitol of one of the new States then let the people of that State say so; but those who will live in the other State take no interest in the matter, and ought not to have been called upon to vote upon the question.

It will be a useless expenditure of money to remove the archives of the State if there were no other expenditures necessary, even if Houston would undertake to furnish the buildings. We think the *Union* is "wasting breath" on this discussion.

In speaking of Cuero the Indianola *Bulletin* says: It will be for the time being the terminus of the Gulf, Western Texas and Pacific Railroad. The plan of the town has been laid off, and we have no doubt that, but a short time will elapse, ere there will a large business population settled on the site. Preparations are already being made to put up buildings, and lively times will be seen in that vicinity. It is situated in a thickly settled part of the country, amid fertile lands and productive soils, so that when the road passes it on its way towards Gonzales, a considerable sized town will be left to flourish and prosper as the West fills up with industrious farmers. Those visiting the site will know the place where the depot will be built by the stake numbered 1450. A newspaper will be established during the coming winter, the press and material being already engaged.

The *N. O. National Republican* says: Only last summer, on his return from his Texas trip, Greeley said that "two thirds of the men and nine-tenths of the women South would like *their property* back again or its equivalent." Also, that they "still affirm the right of secession," and "purpose to renew the fight, but not with gun or sabre"—that they "expect to regain *as Democrats through the election* the power they lost through war. Also, that "they will seek to coerce enough of the negro vote" by the same "terrorism whereby Georgia and Louisiana were made to vote for Seymour in '68, to give them a majority of the Southern electoral in 1872." There is no denying these words. Will [illegible] the Greeley organs be so [illegible] to admit what he said is [illegible] they not stealthily affirming the right of secession? Was [illegible] carried by terrorism for [illegible] does Greeley lie?

The Chicago *Times* (anti-Greeley Democrat) publishes an account of a grand Republican demonstration in that city under the alliterative heading of "Regular Republicans Rally Responsively," "Obese Oglesby's Oracular Oration," &c. As the *Times* is about the only old-fashioned Democratic paper in the country that eschews the Cincinnati-Baltimore nominations, it is a little significant to see it "making fun" of regular Republican meetings by showing them up as objects for merriment and ridicule. In answer to a correspondent who inquires "whether Horace Greeley is now or has been at any time since his connection with the New York *Tribune* an advocate of free love, the Chicago *Times* avers that it cannot be said that Mr. Greeley has ever positively advocated the free love business publicly, but if "a man is known by the company he keeps" Mr. Greeley may be justly suspected of sympathy with the free love abomination. And, adds the *Times*, in a spirit which would seem to be actuated by the reflection that it had thrown itself outside the lines of Democratic party usage, "when we seriously consider these and other equally extraordinary facts in Mr. Greeley's public life his nomination as the Democratic candidate for President of the United States seems more and more amazing."

Who are for Greeley.

[Mack's washington letter in the Missouri Democrat.]

Every once in a while you will meet a man in Washington who is a strong Republican—always was—but who yet prefer Greeley to Grant, because of Grants surroundings. That is to say, he hates Porter, Dent, Babcock, Leet, and Stocking, and the rest of that large and persons—brothers-in-law, and the like—who throng the White House, badly enough to vote for Mr. Greeley, and take the chances of *his* surroundings. Let us see about it; Admitting that Gen. Grant has made a mistake in the premises; and conceding, for the sake of argument, that the Lord, in his wisdom, has made men better fitted for Presidential advisers than the Dents, the Porters, the Leets and the Stockings—which I think is quite likely—what is the prospect for improvement in this particular, in the event of Greeley's election? We must judge of what Mr. Greeley will do by what he has done and is doing; we must judge his future associates by those who have in the past enjoyed and do now enjoy that distinction. Look at his fugle men and strikers here; go to New York and see who are nearest and dearest to him at his campaign quarters; compare the two, and see how the Dents atd the Porters rise into respectability by the contrast.

Greeleys Washington backers remind one of nothing so much as of an old worn out horse turned out to die on the road-side, and traveling up and down in pursuit of a broken fence rail through which to gain entrance to a new pasture. Every Andy Johnson bummer is for Greeley; every ring-boned and spavined hack of all former parties is for Greeley; every man who has nothing to lose, and may have much to gain by a chane of administration, is for Greeley. This as to Washington. Then go to New York and view the throng that waits upon him there. See the men who swing the censors of their fulsome praise under his nostrils there, while he sniffs it all up as honest adoration listed to their promises, given to him in exchange for promises, expressed or understood from him, and then think if the country would be safe under the sway of this vain all man, whose last sense of decency has been lost in the Presidential delirium. If two tons of tartar emetic were rained down the jaws of hell, the last remnant of the last vomit would be an installment of the kind of men who now have Mr. Greeley's confidence, and in the event of his election will be the ruling spirits of his administration.

I have no defence to make of the men who have undertaken so often, and in so many important matters, to misrepresent General Grant at the White House. I think and I know, that he himself realizes that he has made a mistake in yielding too much to their advice and solicitations. He has been misled by them into errors for which he has been held accountable—errors for which he has been made the groundwork of accusations against him in Congress and before the country. But we can multiply all these by ten and still have a better showing than Mr. Greeley, with his flocks of cormorants and dead beats around him would be apt to make, after the people had committed the desperate blunder of choosing him for President.

The Missouri Democrat says:

"What Frank Blair said about Gratz Brown was that "it would make him drunk to sit down on a rotten apple." We have this from an authentic source.

The largest and finest exhibition of cattle ever held in the United States will come off at Boston in September next, under the auspices of the Massachusetts Society for Prompting Agriculture. The amount to be awarded in premiums is over twenty-two thousand dollars.

Notes from Washington.

CHARLES SUMNER'S APOSTACY.

WASHINGTON, D. C.,
July 31st, 1872.

(Concluded.)

But to comprehend fully the malignity of Sumner's hatred, we have only to note his readiness to sacrifice, first, the interests of the entire colored population of the Union, and secondly, to defeat, if possible, the party that made him all that he was before making shipwreck of his elevated position.

First, The Senator asks the colored population to vote for Horace Greeley, and throw themselves into the power and mercy of the Democratic party. This is the proposition. It is true, he tells the colored citizens that the Democracy, in accepting the Cincinnati platform, have all been regenerated, and have become good Republicans, better Republicans in fact, than the Republicans themselves! Do the colored citizens believe this new Sumner discovery?

It is only a few months since a joint committee of seven from the Senate and fourteen from the House were sent down South to investigate the Ku Klux outrages. Upon that committee were Senator Blair and Bayard and from the House Cox, Beck, Van Trump, Waddell, Robinson and Blanks, right intelligent democrats. The recital of the outrages by the Ku Klux, as revealed in the investigations, made even Reverdy Johnson himself quail. But the Democratic members of that joint committee dissented from the report, and prepared a separate statement, a minority report, in which they state that they saw little or nothing to censure on the part of the Ku Klux, which they contended did not even exist as an organized body. But they did discover, or pretended to discover, that whites and blacks can never live and prosper together on an equality. The one or the other must be subdued, degraded, and ultimately exterminated. Here is their language from the report, page 526:

"Will any doubt, who has personally witnessed its working, that negro suffrage and negro government in South Carolina is a hopeless and fatal failure? Its institution was not only a political crime, but worse than that; it was a most unequivocal and egregious political blunder, as it must ever be where the negroes are in the majority. Pseudo philanthropists may talk ever so loud and eloquently about an 'equality before the law,' where equality is not found in the great natural law of race ordained by the Creator. That cannot be changed by statute which has been irrevocably fixed by the fiat of the Almighty. Wherever the two races exist co-equally by compulsory legislation, contagonism will also exist. There can be no peace or harmony in such a condition of political organization."

This is the sentiment of the party into whose keeping Charles Sumner would commit the colored citizens of the United States. But the base attempt of the Senator to entrap the colored population into voting for the Democracy, will be resented as an insult to their reason.

Not less reprehensible is the Senator's effort to injure the Republican party. He has the vanity to believe that he made the party, and not the party him; for he was elevated into the Senate, as he asserts by the Democrats and the free-soilers combined, while in a similar spirit the Democrats and the Republicans propose to conduct Horace Greeley into the White House.

After this professed independence of the Republican party in his political elevation, they are next informed that their Philadelphia platform is inferior to that of Cincinnati; and the men that composed the Cincinnati Convention were better Republicans than those who assembled at Philadelphia. Here are his decisions:

"Each was nominated by a Republican Convention, one at Cincinnati and the other at Philadelphia, so that in this respect they may seem to be on an equality. But it will not fail to be observed that the Convention at Cincinati was composed of able and acknowledged Republicans, many of whom have acted with the party from its first formation, who, without previous organization, came together voluntarily for the sake of reform and purity in the Government; while, on the other hand, the convention at Philadelphia was composed of delegates chosen largely under the influence of office-holders who assembled to sustain what is known as Grantism.

* * * * *

All of which is so unrepublican as to make its support impossible for true Republicans. Therefore, the Convention at Philadelphia, though calling itself Republican, was less Republican in reality than that at Cincinnati."

Equally insulting to the Republicans is the Senator's language in reference to the popular support of the respective parties. He says:

"Horace Greeley has among his immediate supporters, in all parts of the country, devoted and consistent Republicans, always earnest for reform and purity in government, on whose lives there is no shadow of suspicion—being a contrast in character to the present Administration. The country knows too well the military ring, the senatorial ring, and the custom-house ring, through which the President acts. Such supporters are very poor recommendations."

"President Grant has at his back the diversified army of office-holders, drilled to obey the word of command. The speeches praising him are by office holders and members of rings. Horace Greeley finds flocking to his support large numbers of Republicans, unwilling to continue the existing misrule, and so allies with them a regenerated party which comes forward to unite in this liberal movement."

A "regenerated" party! and Charles Sumner the champion trumpeter of its newly acquired virtues!

Having allowed his vain and malignant spirit to control his better judgment, the deluded Senator no doubt believes the Republican party is about to be defeated in the re-election of Grant, and that too, through his immediate instrumentality. He will not require to live long to have an opportunity of disabusing his mind upon this point. His influence is gone. The public take him only for what he is worth. The colored people whom he approaches with a kiss and attempts to betray into the hands of their life-long oppressors; see through the flimsy gauze of words by which the snare is particularly concealed. The Republican party took upon the act only as a prominent manifestation of a revengeful spirit; while the Democracy, to whom Sumner offers his vote and his influence, accept the donation with unabated contempt for the man.

Seventeen hundred gallons of whiskey were destroyed by lightning in an Indiana town, the other day, but it was a pretty even tussel between the two.

A mare of thoroughbred stock belonging to General Grant, which was stolen from his farm in 1868, has been heard from at Iowa City, and measures will be taken to restore her to her proper owner. She was valued at five hundred dollars, and kept only for breeding purposes.

Mrs. Anthony is reported to have said nothing would delight her so much as to have the Baltimore Convention "cram woman suffrage down Horace Greeley's throat." She claimed that many of the Southern delegates would like to have this done as a fitting revenge upon him for forcing negro suffrage upon them.

The people of Louisiana are talking of abolishing their State lottery. A grand jury in New Orleans has taken up the subject there, and after portraying the evils connected with the system of organized private lotteries, appeals to the people to discountenance the immoral institution and make such schemes illegal.

A few days since one of our popular attorneys called upon another member of the profession and asked his opinion upon a certain point of law. The lawyer to whom the question was addressed drew himself up and said:

"I generally get paid for telling what I know."

The questioner drew a half dollar "fractional" from his pocket, handed it to the other and coolly remarked:

"Tell me all you know and give me the change." There is coldness between the parties now.

THE DISGUSTED DEMOCRAT.

BY CARL BRENT.

Is this the dinner that you give
A hungry, craving man to eat?
Think you I'll stomach such and live?
You'll make me vomit up my feet.

A dish of Yankee beans and pork,
With Adams sauce, I might have stood,
On solid food a man can work,
And, then, there's something in the blood.

A mess of Illinois corn bread,
With Davis butter, I could eat.
I know the leaven isn't dead,
And that would make the victuals sweet.

A Palmer pudding I could stand,
If stuffed with plums and hot with spice,
Or Trumbull peaches, fresh or canned,
With sweetened cream to make them nice.

Or old Missouri's red top Brown,
And soft shell crabs, would suit me well.
With something strong to wash it down
And take away the taste and smell.

But Greeley cabbage heads, you know,
Could never suit my appetite.
I'll have to let this dinner go,
Or take some Grant in mine for spite.

On Grant salt beef we've lived so long,
And kept so healthy and so fat,
It really can't be very wrong
To take another mess of that.

LOCAL AFFAIRS.

AFFAIRS in general are as slow as molasses in the month of January.

THE thermometer stood at 99° in the shade yesterday afternoon at 2 o'clock. "How's that for high?"

FATHER, may I go out to vote,
Not now, my boy, you can't
Wait 'till the rowdies have gone by
And then you can go for Grant.

Army News.

Leave of absence for thirty days, on Surgeon's certificate of disability, is granted Assistant Surgeon A. C. Girard, U. S. Army.

THE "Herald" is whining again about the school tax. It's no good, what must be, must be; and since the "Herald" people must contribute towards paying school teachers what is rightfully theirs, they had better do it with a good grace and not raise such a howl about it.

THE little son of one of our citizens not far from this office, hearing a croaking sound in the air, enquired of his father what it was. "Those are locusts, my son," answered the father. Whereupon, the young gentleman ran to his mother exclaiming, "Oh, mama, what do you think, there are some *locals* singing up in the tree."

ONE of our exchanges says that a nephew of David Crockett is selling peanuts in a northern city. We are informed, on good authority, that a nephew of old Singer, of sewing machine fame, is a cook on board a steamboat. But, what is still more surprising, is that a son of the late James Gordon Bennett walks about the streets of New York with hot liver.

A GOOD old German woman, a Prussian in heart and soul, had formed a wish to see the great Bismarck. Determined to achieve her purpose she traveled fifty leagues from the little town where she resided, in order to see the Prince pass. Arrived at her destination she waited some time, till the great man made his appearance; then bursting into tears the old lady pathetically exclaimed "Now he may die!"

WE are informed that the amount of *red eye* achieved by the *volley darden* convention last saturday was sufficient to furnish a whole leash of hydrophobiacs. But there were nominations. A good old fashioned democrat yesterday, who was doubtful of the kind of snakes he had in his prunel gaters and who had "been there himself", asked us if we thought the dammmmmed radical party "could nominate candidates what kin stand so much pizen?" We thought it impossible, and said so. "Then why don't you go for Horse Greeley? Greeley is a temperance man, we replied. "Greeley be———I'm goin' for mules!" We left him to "go for mules."

Also a well selected stock of Perfumeries, such as Colognes, Extracts, and Pomades, and for the toilet, Cascarilla, Titlow's Toilet Paste, *Neroline*, Bay Rum. A fine stock of Toilet Soaps, fancy Perfumery Boxes, &c. The articles cannot be enumerated. Come and see them, and you will be satisfied. july23dtf.

The monks of La Trappe have a clock in their large hall of the convent, which is a frightfully complete piece of handiwork and mechanism. A perfect human skeleton stands by the wall pointing its fleshless fingers at the hours marked upon a dial, which revolves. The picture is a hideous one, but the monks see a moral in its existence, and a lesson in its death-like certainty.

The Greeleyites profess to be very happy over the treachery of General Banks. No one who knows the man is surprised at his course. The hero of the Red river cotton-stealing expedition must have a strong affinity for the harpies now using Greeley as a catspaw to their greed for public plunder.

THE great love Horace Greeley entertains for Wash. McLean, "originates, oddly enough, in a demijohn of whisky. It occurred in this manner: "During the war McLean, who had a slight acquaintance with Mr. Greeley, succeeded in obtaining from the philantropist a letter of introduction to General Dix, at that time commanding New York harbor. McLean desired to secure the release of a prisoner from Fort Lafayette, and pending the interval before accomplishing that result, was no less anxious to make his friend's prison life as comfortable as possible. One day McLean presented himself at Gen. Dix's headquarters with a demijohn of the best whisky, which he requested Gen. Dix to send to where his friend lay immured. The General, assumed a most dignified and offended air, straightened himself to his full height and sternly demanded of McLean if he was not aware that the introduction of spirits, and especially whisky, was positively prohibited in all military prisons. McLean replied that he possessed full knowledge of the fact. 'Then, sir,' continued the irate general, 'why do you come here and ask me to send this demijohn of whisky to a prisoner?' 'Because he likes it,' only replied McLean. Gen. Dix, who confidently expected a complete back down on the part of McLean, was completely surprised by this answer, and could not help roaring with laughter at it; and with a little further coaxing, ordered the demijohn of whisky to be sent on to Fort Lafayette. The effect of this stupendous joke on Mr. Greeley was something marvelous. He laughed and chuckled over it for weeks, and from that day to this has looked on McLean as one of the greatest men on earth. Mr. Greeley has often told the story with great relish, and always concludes by saying: 'Now just think of a man giving such a capital answer as that! He wanted whisky because he liked it. Oh, that is capital!'"

The law, instituted by the Yale faculty, requiring each student to furnish the august board with a written statement of the place of worship and Bible class attended, boarding-place, &c., affords unlimited opportunities for the waggish student to display his peculiar ways. The following specimen was recently received by the governing element; "Attend Catholic church. Have conscientious scruples in regard to Bibleclasses. Refresh the inner man at Mrs. Jerusha Ann Tompkins's, at a pecuniary expense of $5 per week—washing extra. Survive on faith, hash and napkins. Hired girl's name, Nancy; good-looking and robust, of Swedish extraction. We invariably rise at a. m. and retire at p. m." [College Courant.

"Democratic Ticket."

It is refreshing to open our Democratic exchanges and see at the head of their columns—"Democratic Ticket—for President, Horace Greeley; Vice President, B. Gratz Brown." It indicates an utter obliviousness on their part of the fact assumed by the benign Senator from Massachusetts that the democratic party has gone over bodily to the Liberal squad, folded its colors, buried the past, and come up from its political grave a new creature; a convert to Republicanism. Why call it a "Democratic ticket" if it is so intensly Republican; unless we are to understand that Repuplican and Democrat are convertible terms, and that the good people of the country under a strange hallucination upon this subject for many years? Somebody is evidently mistaken—very far out at sea upon this matter. Either the democracy understand what they are about; are masters of the situation and consider the game in their hands, or Mr. Sumner is credulously believing and trying to make others believe a lie. The Democratic party is the liveliest corps the country has seen, and if it could succeed in electing the ticket it labels "Democratic," it would come down upon the President of its choice like a pack of hungry wolves and make Washington too hot to hold him if he did not accede to its demands.

What We Need when Debilitated.

Appetite and digestion languish at this season. At the very time when the body most needs renovation and support, the stomach, its commissariat department, is apt to prove delinquent. Under such circumstances the necessity for a wholesome stimulant, tonic and corrective is self-evident, and consequently the demand for that peerless combination of the three required elements, Hostetter's Stomach Bitters, is never more urgent than at midsummer.

It is true that a few medical bigots—fossils "left over" from the dark ages—recommend violent purgation and water gruel as a cure for indigestion and its accompanying ills; but they make few proselytes. The majority of the community are sane, and all sane people are aware that a pure and powerful vegetable tonic with alterative properties, like Hostetter's Bitters, is the only cure for dyspepsia, biliousness, constipation, nervousness and the "consequential damages" they inflict.

The human intellect, unless hopeless diseased or egregiously humbugged, declines to astonish the weakenened human stomach with fierce cathartics that, rushing like an avalanche through the intestines, threaten to take the inner membrane with them. To use a significant catch phrase the knock-down-and-drag-out methods of treatment are "played out."

It is clearly understood that a medicated stimulant is essential to the renovation of an exhausted frame and that you cannot strengthen man or woman by dosing them with prostrating preparations. This is an era of common sense, and common sense approves of Hostetter's Bitters as the best article extant for invigorating, regulating and purifying the system and defending it against poison in the air we breathe, or the water we drink.

BATCHELOR'S HAIR DYE.

This superb Hair Dye is the best in the World—Perfectly Harmless, Reliable, and Instantaneous. No disappointment. No Ridiculous Tints, or Unpleasant Odor. The genuine W. A. Batchelor's Hair Dye produces IMMEDIATELY a splendid Black or Natural Brown. Does not Stain the Skin, but leaves the Hair Clean, Soft and Beautiful. The only Safe and Perfect Dye. Sold by all Druggists. Factory 16 Bond Street, New York. (13 3-72d&w,1y

It is a mark of the unsuccessful man, that he invariably locks his stable door when the horse is stolen This sort of wisdom never thinks about bodily health until it is gone. But just as much as any disease has become seated, the power of the system to resist and throw it off is weakened; hence time is all important. For dyspepsia, all diseases of the liver, stomach, skin and kidneys, and that begin in vitiated blood, do not wait until the trouble is confirmed, but attack it by a timely use of DR. WALKER'S CALIFORNIA VINEGAR BITTERS 4w

The Justice of the Verdict rendered by the public years ago in favor of the MEXICAN MUSTANG LINIMENT must be apparent to all who have used that famous preparation or seen it used. Its healing influence is irresistible. The most obstinate forms of neuralgic or rheumatic disease are totally cured by it, and that in an inconceivably short space of time. External injuries or sores, whether of man or beast as well as all equine or human maladies for which a liniment may be used, are speedily remedied by its use. Remember it is not Merely a palliative but an eradicant of disease.

Mrs. Grundy Says

That *Sozodont* eclipses all other preparations for the teeth and gums. And what Mrs. Grundy says is reiterated most emphatically by ninety-nine one-hundredths of the beauty and fashion of the land.

Newspaper Laws.

We would call the special attention of Postmasters and subscribers to the following synopsis of the newspaper laws:

1. A Postmaster is required to give notice by letter (returning a paper does not answer the law) when a subscriber does not take his paper out of the office, and state the reasons for its not being taken; and a neglect to do do so makes the Postmaster responsible to the publishers for the payment.

2. Any person who takes a paper from the Postoffice, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay.

3. If a person orders his paper discontinued, he must pay all arrearages or the publisher may continue to send it until the payment is made.

4. If the subscriber orders his paper to be stopped at a certain time, and the publisher continues to send it, the subscriber is bound to pay for it if he takes it from the Postoffice. The law proceeds upon the ground that a man must pay for what he uses.

5. The courts have decided that refusing to take newspapers and periodicals from the Postoffice, or removing and leaving them uncalled for, is prima facia evidence of intentional fraud.

THE GREAT SOUTH AMERICAN JURUBEBA BLOOD PURIFIER. Is a powerful Tonic, specially adapted for use in the Spring, when the LANGUID, and DEBILITATED system needs strength and vitality; it will give vigor to the feeble, strength to the weak, animation to the dejected, activity to the sluggish, rest to the weary, quiet to the nervous, and health to the Invalid.

It is a South American plant, which, according to the medical and scientific periodicals of London and Paris, possesses the MOST POWERFUL tonic properties known to Materia Medica, and is well known in its native country as having wonderful curative qualities, and has been long used as a SPECIFIC in all cases of *Impurities of the Blood, Derangement of the Liver and Spleen, Tumors, Dropsy, Poverty of the Blood, Debility, Weakness of the Intestines, Uterine or Urinary Organs.*

Dr. Wells' Extract of Jurubeba Is strengthening and nourishing; like nutricious food, taken into the stomach, it assimilates and diffuses itself through the circulation, giving vigor and health.

It regulates the Bowels, quiets the nerves, acts directly on the Secretive Organs, and by its powerful TONIC and restoring effects, produces healthy and vigorous action of the whole system.

The great field trials at Sedalia, Mo., and at Xenia, Ohio, in the Summer of 1869—where "The Clipper" met some 40 competitors, including all the leading machines built, and was awarded the First Premiums and Gold Medals—proves that the proprietors have been able to sustain in the field their claims of superiority for The Clipper Machine over all others. Its extraordinary lightness of draft takes one-third of the labor off the team. The adjustability of the finger-bar, to cut high or low without stopping the team, is worth $25 on any machine. It is the only mower that has the true center draft in accordance with correct mechanical principles. In short, it is the lightest, the most durable, the least complicated, the most perfectly constructed, the most symmetrical in design, of any implement of its class. Farmers THE CLIPPER is the Horses' Friend, and you cannot afford to ignore their welfare. Send for pamphlet—investigate. See or write to some one who has used THE CLIPPER. See the Machine yourself before you buy any other.

THE New York Tribune For 1872.

THE consolidation of Italy, so long fragmentary and important, into one powerful State, with Rome as its capital; the humiliation of France through a series of crushing defeats, ending with the siege and capitulation of her proud and gay metropolis; the expulsion of the Bourbons from the Spanish throne, and the substitution for them of a scion of the most liberal among royal houses; the virtual absorption of the kingdoms of Saxony, Wurttemberg, Bavaria, with Baden, Hesse, the Hanse Towns, &c., under the headship of Prussia, into the triumphant and powerful empire of Germany; and the arming of Russia to reassert her preponderance in the councils of Europe, or to prosecute her often postponed but never relinquished designs on the great city founded by Constantine and the vast but decaying and anarchical dominion of the Sultan, all combine to invest with profound interest the ever-changing phases of our tidings from the Old World. THE TRIBUNE, through trusted correspondents stationed at all points in Europe where great movements are in progress or imminent, aims to present a complete and instructive panorama of events on that continent, and to mirror the prolonged struggle between middle-age Feudalism and Ecclesiasticism on the one hand and Nineteenth-Century skepticism and secularism on the other. Recognizing a Divine Providence in all that proceeds and is, it looks hopefully on the great conflict as destined (like our own recent convulsion) to evolve from strife, disaster, and seeming chaos, a fairer and happier future for the toiling masses of mankind.

In our own country, a war upon corruption and rascality in office has been inaugurated in our City, whereby the government of our State has been revolutionized through an initial triumph of Reform which surpasses the most sanguine anticipations. It is morally certain that the movement thus inaugurated cannot, in its grass, be circumscribed to any locality or any party, but that its purifying influence is destined to be felt in every part of the Union, rebuking venality, exposing robbery, wresting power from politicians by trade, and confiding it in those worthiest and fittest to wield it. To this beneficent and vitally needed Reform, THE TRIBUNE will devote its best energies, regardless of personal interests or party predilections, esteeming the choice of honest and faithful men to office as of all New Departures the most essential and auspicious.

The virtual surrender by the Democratic party of its hostility to Equal Rights regardless of Color has divested our current politics of half their bygone intensity. However parties may henceforth rise or fall, it is clear that the fundamental principles which have hitherto honorably distinguished the Republicans are henceforth to be regarded as practically accepted by the whole country. The right of every man to his own limbs and sinews—the equality of all citizens before the law—the inability of a State to enslave any portion of its people—the duty of the Union to guarantee to every citizen the full enjoyment of his liberty until he forfeits it by crime—such are the broad and firm foundations of our National edifice; and palsied be the hand which shall seek to displace them! Though not yet twenty years old, the Republican party has completed the noble fabric of Emancipation, and may fairly invoke thereon the sternest judgment of Man and the benignant smile of God.

Henceforth, the mission of our Republic is one of Peaceful Progress. To protect the weak and the humble from violence and oppression—to extend the boundaries and diffuse the blessings of Civilization—to stimulate Ingenuity to the production of new inventions for economizing Labor and thus enlarging Production—to draw nearer to each other the producers of Food and of Fabrics, of Grains and of Metals, and thus enhance the gain of Industry by reducing the cost of transportation and exchanges between farmers and artisans—such is the inspiring task to which this Nation now addresses itself, and by which it would fain contribute to the progress, enlightenmt, and happiness of our race. To this great and good work, THE TRIBUNE contributes its zealous, persistent efforts.

Agriculture will continue to be more especially elucidated in its Weekly and Semi-Weekly editions, to which some of the ablest and most successful tillers of the soil will steadily contribute. No farmer who sells $300 worth of produce per annum can afford to do without our Market Reports, or others equally lucid and comprehensive. If he should read nothing else but what relates to his own calling and its rewards, we believe that no farmer who can read at all can afford to do without such a journal as THE TRIBUNE. And we aspire to make it equally valuable to those engaged in other departments of Productive Labor. We spend more and more money on our columns each year, as our countrymen's generous patronage enables us to do; and we are resolved that our issues of former years shall be exceeded in varied excellence and interest by those of 1872. Friends in every State! help us to make our journal better and better and better, by sending in your subscriptions and increasing your Clubs for the year just before us!

VINEGAR BITTERS

J. WALKER, Proprietor. R. H. McDONALD & Co., Druggists & Gen. Agents, San Francisco, Cal., and 32 Commerce Street, N. Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile Fancy Drink, Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative powers.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Scarcely a distinguished philologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.
