OFFICIAL.
LAWS
OF THE
UNITED STATES,
Passed at the Second Session of the Forty-Second Congress.

(CONTINUED.)

[GENERAL NATURE NO. 118.]

AN ACT to revise, consolidate, and amend the statutes relating to the Post-Office Department.

Sec. 243. That before making any contract for carrying the mail, other than those hereinafter excepted, the Postmaster General shall give public notice by advertising once a week for six weeks in one or more, not exceeding five, newspapers published in the State or Territory where the service is to be performed, one of which shall be published at the seat of government of such State or Territory; and such notice shall describe the route, the time at which the mail is to be made up, the time at which it is to be delivered, and the frequency of the service; and the Postmaster General shall direct, by special order in each case, the newspapers in which mail-lettings, or other proposals relative to the business of his Department, shall be advertised, and no publisher shall be paid for such advertisements without having been requested by the Postmaster General to publish the same.

Sec. 244. That proposals for carrying the mail shall be delivered sealed, and so kept until the bidding is closed, and shall then be opened and marked in the presence of the Postmaster General, and one of the Assistant Postmasters General, or two of the Assistant Postmasters General, or of any other two officers of the Department, to be designated by the Postmaster General; and any bidder may withdraw his bid at any time before twenty-four hours previous to the time fixed for the opening of proposals, by serving upon the Postmaster General, or the Second Assistant Postmaster General, notice in writing of such withdrawal.

Sec. 245. That every proposal for carrying the mail shall be accompanied by a written guarantee, signed by one or more responsible persons, and undertaking that, within such time after the bid is accepted as the Postmaster General may prescribe, the bidder will enter into an obligation, with good and sufficient sureties, to perform the service proposed; and no proposals shall be considered unless accompanied by such guarantee.

Sec. 246. That each bid for carrying the mail shall hereafter have affixed to it the oath of the bidder, taken before an officer qualified to administer oaths that he has the ability pecuniarily to fulfil his obligations, and that the bid is made in good faith and with the intention to enter into contract and perform the service, in case his bid shall be accepted, and that the signatures of his guarantors are genuine, and that he believes said guarantors pecuniarily responsible for and able to pay all damages the United States shall suffer by reason of the bidder's failing to perform his obligations as such bidder.

Sec. 247. That any postmaster or other officer of the Post-Office Department who shall affix his signature to the certificate of sufficiency of guarantors or sureties before the guaranty or contract is signed by the guarantors or sureties, or shall knowingly make any false or illusory certificate, shall be forthwith dismissed from office, and shall be deemed guilty of a misdemeanor, and shall, on conviction thereof, be punished by a fine not exceeding one thousand dollars, or by imprisonment not exceeding one year, or both.

Sec. 248. That the Postmaster General shall have recorded, in a book to be kept for that purpose, a true and faithful abstract of all proposals made to him for carrying the mail, giving the name of the party offering, the terms of the offer, the sum to be paid and the time the contract is to continue; and he shall put on file preserve the originals of all such proposals.

Sec. 249. That all contracts for carrying the mail shall be in the name of the United States, and shall be awarded to the lowest bidder tendering sufficient guarantees for faithful performance, without other reference to the mode of transportation than may be necessary to provide for the due celerity, certainty, and security thereof; but the Postmaster General shall not be bound to consider the bid of any person who has wilfully or negligently failed to perform a former contract.

Sec. 250. That no contract for carrying the mail shall be made with any person who has entered, or proposed to enter, into any combination to prevent the making of any bid for carrying the mail, or who has made any agreement, or given or performed, or promised to give or perform, any consideration whatever to induce any other person not to bid for any such contract; and if any person so offending is a contractor for carrying the mail, his contract may be annulled; and for the first offense the person so offending shall be disqualified to contract for carrying the mail for five years, and for the second offense shall be forever disqualified.

Sec. 251. That after any regular bidder or contractor for the transportation of the mail upon any route shall have failed to enter into contract, and commence the performance thereof as herein provided, the Postmaster General shall proceed to contract with the next lowest bidder for such service, who will enter into a contract and perform the same, unless the Postmaster General shall consider such bid too high, in which case he shall re-advertise such service. And in all cases of regular contracts hereafter made the contract may, in the discretion of the Postmaster General, be continued in force beyond its express terms for a period not exceeding six months, until a new contract with the same or other contractors shall be made by the Postmaster General. The Postmaster General may contract, without advertisement, for a period not to exceed twelve months, for the carriage of the mail on such route during the time that shall necessarily elapse between the failure of either of the accepted bidders to enter into a contract and the time when the next accepted bidder under the old or new advertisement shall enter upon his contract; and the difference between the price proposed in the accepted bid and that paid for immediate service shall be charged to the failing bidder or bidders, and may be recovered in the name of the United States for the use of the Post-Office Department, in action of the case. And when the contract shall be made and concluded, the difference between the accepted bid of the failing bidders and the amount payable under the contract for the service of two years shall be forthwith charged against the failing bidder or bidders; and an action for such sum in the nature of liquidated damages shall accrue to the United States for the use of the Post-Office Department.

Sec. 252. That no bidder for carrying the mails shall be released from his obligation under his bid or proposal, notwithstanding an award made to a lower bidder, until a contract for the designated service shall have been duly executed by such lower bidder and his sureties, and accepted, and the service entered upon by the contractor to the satisfaction of the Postmaster General.

Sec. 253. That hereafter all bidders upon every mail route for the transportation of the mails upon the same, where the annual compensation for the service on such route at the time exceeds the sum of five thousand dollars, shall accompany their bids with a certified check or draft, payable to the order of the Postmaster General upon some solvent national bank, which check or draft shall not be less than five per centum on the amount of the annual pay on said route at the time such bid is made; and in case of new service, not less than five per centum of the amount of one year's pay proposed in such bid, if the bid exceed five thousand dollars per annum. In case any any bidder, on being awarded any such contract, shall fail to execute the same, with good and sufficient sureties, according to the terms on which such bid was made and accepted, and enter upon the performance of the service to the satisfaction of the Postmaster General, such bidder shall forfeit the amount so deposited to the United States, and the same shall forthwith be paid into the treasury for the use of the Post-Office Department; but if such contract shall be duly executed and the service entered upon as aforesaid, such draft or check so deposited shall be returned to the bidder.

Sec. 254. That any person or persons bidding for the transportation of the mails upon any route which may be advertised to be let, and receiving an award of the contract for such service, who shall wrongfully refuse to fail to enter into contract with the Postmaster General in due form, and perform the service described in his or their bid or proposal, shall be deemed guilty of a misdemeanor, and, on conviction thereof, be punished by a fine not exceeding five thousand dollars and by imprisonment for a term not exceeding twelve months.

Sec. 255. That the Postmaster General, whenever he may deem it consistent with the public interest, may accept new surety upon any contract existing or hereafter made for carrying the mails, in substitution for and release of any existing surety.

Sec. 256. That no contract for carrying the mail shall be made for a longer term than four years, and no contract for carrying the mail on the sea shall be made for a longer term than two years.

Sec. 257. That whenever, by reason of any error, omission, or other cause, any route which should properly be advertised for the regular letting is omitted, it shall be the duty of the Postmaster General to advertise the same as soon as the error or omission shall be discovered, and the proposals for such route shall be opened as soon as possible after the other proposals in the same contract section; and the contract made under such supplementary advertisement shall run, as nearly as possible, from the beginning to the end of the regular contract term, and, during the time necessarily lost by reason of such error, omission, or other cause, the Postmaster General shall provide for the carrying of the mail on such route at as low rate as possible, without advertising.

Sec. 258. That whenever it becomes necessary to change the terms of an existing contract for carrying the mail otherwise than as provided in section two hundred and sixty and two hundred and sixty-one, notice thereof shall be given and proceedings had thereon the same as at the letting of original contracts.

Sec. 259. That no person whose bid for carrying the mail is accepted shall receive any pay until he has executed his contract according to law and the regulations of the Department.

Sec. 260. That compensation for additional service in carrying the mail shall not be in excess of the exact proportion which the original compensation bears to the original service; and when any such additional service is ordered, the sum to be allowed therefor shall be expressed in the ordered, the sum to be allowed therefor shall be expressed in the order, and entered upon the books of the Department; and no compensation shall be paid for any additional regular service rendered before the issuing of such order.

Sec. 261. That no extra allowance shall be made for any increase of expedition in carrying the mail unless hereby the employment of additional stock and carriers is made necessary, and in such case the additional compensation shall bear no greater proportion to the additional stock and carriers necessarily employed than the compensation in the original contract bears to the stock and carriers necessarily employed in its execution.

Sec. 262. That the Postmaster General shall deliver to the Auditor for the Post-Office Department, within sixty days after the making of any contract for carrying the mail, a duplicate copy thereof.

Sec. 263. That the Postmaster General, after advertising for proposals, may enter into contracts or make suitable agreements for transporting the mail through any foreign country, between any two points in the United States, and such transportation shall be by the speediest, safest, and most economical route; and all contracts thereof may be revoked whenever any new road or canal shall be opened affording a speedier, more economical, and equally safe transportation between the same points; but in case of the revocation of any such contract, a fair indemnity shall be awarded to the contractor.

Sec. 264. That the Postmaster General may contract with the owner or master of any steamboat plying upon the waters of the United States, or of any steamship or other vessel plying between the United States, for carrying the mail for any length of times less than four years, and without advertising for proposals therefor, whenever the public interest and convenience will thereby be promoted; but the price paid for such service shall in no case be greater than the average price paid under the last proceeding or then existing regular contract on the same route.

Sec. 265. That the Postmaster General may enter into contracts for carrying the mail, with railway companies, without advertising for bids therefor; and the Postmaster General may allow any railroad company with whom he may contract for the carrying of the United States mail, and who furnish railway post-office cars for the transportation of the mail, such additional compensation beyond that now allowed by law as he may think fit, not exceeding, however, fifty per centum of the said rates.

Sec. 266. That the Postmaster General may make a joint pay of contractors for other delinquencies. He may deduct the price of the trip in all cases where the trip is not performed; and not exceeding three times the price if the failure be occasioned by the fault of the contractor or carrier.

LIEUT. GOV. PINCHBACK of Louisiana is stumping the State of Maine for GRANT and WILSON.

WE look forward with some impatience to the news from New Mexico and California, though we feel very hopeful of the result.

CARL SCHURZ the fellow who thought he carried the German vote in his pocket—is not only an Atheist, but is positively devoid of decency. In the presence of believers in the Deity he speaks of the Creator as "that old fogy, some people call their God." Nice man that.

THE Jews in this country are scarce of Rabbis. There are over 200 synagogues, and only eight Rabbis who preach to Jewish congregations in the English language, with no young man in training to be their successors. Their theological school Maimonides College, at Philadelphia, is very poorly sustained. This looks as if the American Hebrews were backsliding.

THE Greeleyites in Louisiana are raising the deuce. Every twenty-four hours there is a change on their ticket, generally going from bad to worse. Their last change is to take B. F. Jonas, the ablest and most decent man in the party, off the ticket, and run Sheridan, Warmoth's tax collector for Congress in his stead. Jonas happens to be the favorite of the respectable portion of the Demgreeleyreps in Louisiana—and there is a row there in consequence. Affairs in the State of Louisiana, are so mixed up that those who are even living there, do not and cannot understand them.

One thing seems to be tolerably certain and that is that if the Greeleyites in our Sister State do not soon come to some decision—the elections will have taken place long [illegible] have been in any [illegible]

The *Texas Land Journal* has a unique editor, such as we have all known who swears he is a, republican but goes in for the straight democratic ticket, from top to bottom. He is like the ostrich which hides its head in the sand when danger is imminent, or the goose who thrusts its head beneath the lower rail of an old Virginia fence; —he exhibits himself neither a republican nor a democrat but a—what is it?—and Cutler is his name —O!

MR. GREELEY, like the Balaam's ass, has opened his mouth and spoken, it need hardly be said to the intense disgust of his friends. Mr. Greeley recognizes the fact that there is such a place as Louisville on the map, and declares that "strategy in politics is the tribute which craft pays to strength." Mr. Greeley is right. The nomination of Mr. Greeley was a piece of strategy which showed how badly scared the Democrats were at the certainty of Grant's election.

RAIL-ROADS.

There was a meeting on yesterday by the legal fraternity of our city with Gen. James W. Barnes, Vice-President of the International Railway, which was adjourned until today. Until the legal questions involved have received proper consideration there will be no determinate action.

While we believe that the ultimate opinion will accord with the wishes of our citizens, as well as with that of the International Railroad, we refrain from any expression of opinion until the questions involved shall have been decided.

THE following utterances of the present Democratic candidate for the Presidency, Mr. Horace Greeley, we clip from the tri-weekly Tribune of April 26th, 1871. It speaks for itself, in contradiction to the present utterances of the candidate for office:

"If evidence were wanting that the Ku-Klux outrage are invariably committed by Democrats and upon Republicans, the great number of instances in which Government officers have been murdered or been forcibly expelled from the South, would place the truth of the assertion beyond dispute. The shooting of a South Carolina Tax Collector and his wife and daghter, which is narrated in our dispatches this morning, is additional proof of the fact. But, as if to render it indisputable, the South Carolina Democrats have taken to compelling their victims to make public renunciation of their principles Republicans, under actual torture and threats of death. The terrible power for mischief of this secret political organization is indicated in this effect; and the absolute necessity of protection by the General Government is made clearly manifest in spite of the most subtle arguments lately advanced by the leading Democrats in Congress against the constitutionality of interference under the law just adopted."

MR. EDITOR:

VERMONT! Has gone republican by only between 57,000 to 58,000 votes. This is rather disheartening to the dem. Gratz, Greeley, Brown, Tweed, Doolittle, party, but it can't be helped.

Those "dog-goned" yankees never will vote right, and Grant will be elected again! such a plain fact is demoralizing! Confound the bluebellies, they went back on their own Horace! And they are going to do the same thing every where. They are demon liars and horse-thieves, and I shan't get any office nor plunder. I'm off on the Horace Swindle.

Yours repentantly,
REFORM DEMI. REP.

Charles O'Conor seems to be in great demand. Blanton Duncan wants him, and so does Horace Greeley. Both claim to have "the dead wood" on him. Duncan insists that he has pledged himself to Louisville. The Liberals claim that he agrees to accept the nomination for Governor of New York on their ticket, if given the chance, and that his nomination will be by acclamation. Nothing could better illustrate the mongrel hodgepodgery of "Liberalism" than the yoking together of Horace Greeley and Charles O'Conor, the most incongruous couple in the country. One is a crotchety old fellow, ready to ride every new hobby, while the other has no sympathy whatever with anything that is new. A political movement having in itself no principle of cohesion, except a mutual hate, is foredoomed to disaster.

Notes from Washington.

Developments of the Campaign—The Greeley Stock falling Rapidly—The Public Sentiment—Views of Leading Newspapers—Victory for Grant is now the popular Sentiment of Expression.

WASHINGTON, D. C.,
Aug. 26th, 1872.

THE POLITICAL OUTLOOK.

It was stated in these letters at the commencement of the campaign, some months ago, that General Grant would be re-elected President of the United States by a larger vote than that received at his first election. The events of the past three weeks have confirmed the masses in the truth of this statement. The first flurry in favor of his opponent has already passed over, and the Greeley stock is declining rapidly. Of this truth no man in the whole country is more fully convinced than Greeley himself. The causes for it are easily seen and pointed out. In the first place the masses of the people, with rare local exceptions in some of the frontier States, are educated. Their decisions are based upon an intellectual investigation of all the questions involved in the campaign. The ablest speakers on both sides come in contact with the people in every city, town, and considerable community throughout the Republic. The people listen to the arguments pro and con. They meet in their club rooms and discuss the issues. They read and compare the pamphlets and campaign documents of both parties. And from all the facts before them they draw intelligent conclusions. They know that the Grant administration has been a success, almost without a parallel. They know that in 1860, under Buchanan, the Government was paying 12 per cent. for the use of money, while under Grant it is obtained at 5 per cent., and is now offered at 4½ and 4 per cent. They know that over three hundred millions of the public debt have been paid. They know that during the war the Internal Revenue taxes were collected from about ten thousand different articles, including everything that was manufactured, raised, or used for food, wear, or other purposes. They know that now all these taxes have been removed, excepting from spirits, beer and tobacco, and a few minor articles taxed by stamps only.

They know that workmen in all branches of industry are receiving higher wages than ever before—higher than is paid today in any other portions of the world. They know that the material prosperity of the country is without a parallel in our history since the Declaration of Independance. And with all these facts before them, and many others equally demonstrative of the national and individual thrift that might be mentioned, they know that the opposition cry of corruption, thieving, imbecility, &c., are mere fabrications, gotten up for political effect, and without any foundation in truth.

It is in view of these facts that the "second sober thought" of the millions is irresistably in favor of Grant and his administration, and opposed to the risk of turning the government over to untried and inexperienced hands. Hence the change of sentiment indicated in some of my latest dispatches, and now apparent all over the country, as indicated by the letters, dispatches and papers received at the Republican headquarters in Washington.

Mr. Greeley sees and feels this; the Tribune is alarmed. In a late issue the editor used this significant language:

"The opposite party is active and well disciplined, and we are not. We have a great deal of lost time to make up, and only a little while to do it in. With energetic and well directed effort, our victory in November is certain; but the prize will be snatched from our hands if we do not rouse ourselves in season."

The New York World, the leading Democratic paper in the country, next to the New York Tribune, sees the result, and is already preparing the minds of its readers for defeat in November. Here is its testimony:

"The fact that the Democratic-Liberal candidate has seemed to move rather heavily for the last two or three weeks can depress only those very excitable or very superficial adherents who fancied that personal enthusiasm for Mr. Greeley would shape the campaign. Democrats of sober feelings and steady faculties have never been under illusions respecting Mr. Greeley. The boyish, or rather the babyish, fantasy that the country would be carried by a sort of wild, applauding effervescence, and that there would be little to do but to stand and look on, and admire a sky blazing with political rockets to light Mr. Greeley's way to the White House, has subsided not a day too soon. It was mischievous while it lasted, and it is fortunate that his personal admirers are so soon brought face to face with the realities of the situation."

Then there is the independant New York Herald, which sees the result, and thus informs its readers. The Herald of yesterday, in a lengthy review of the field as it now looks, comes to the conclusion that

"Whatever the causes, it is apparent on all sides that, since the late North Carolina election, there has been a re-action on the Presidential question.

* * * *

In short, from the present outlook the prospect from every point of view is growing somewhat gloomy for Greeley, and unless in the results of the coming State elections he shall make a break in the apparently compact lines of the Administration party, the philosopher of Chappaqua, as a pilgrim for the White House, may

"Lay down de shovel and de hoe,
And hang up de fiddle and de bow."

Then the Washington Republican, whose sources of information are very superior, comes to a similar conclusion. That paper in its editorials of to day, says:

"At the Baltimore convention it was as clear as daylight that Greeley would not be elected [illegible] outward [illegible] nomination was against the judgment of every man in the convention, and although externally, all went merry as a marriage bell, it was evident that the deep underlying dissatisfaction would soon lead to an application for divorce. A large portion of the Democratic party to-day is preparing to leave the bed and board of Liberalism, and it is almost certain that before November the divorce of final separation will be granted."

There is in fact, but one opinion throughout the country, expressed by candid men of both parties, and that is that Grant's election is pronounced beyond the possibility of a peradventure. All along the opponents of the administration admitted Grant's abilities as a General; now, the people, after a careful investigation pronounce his administration a success, and this was all that was wanted to make his election sure. Another four years of material prosperity is guaranteed.

O. S. T.

A Southern Brother.

The Quitman (Ga.) Review is a Greeley organ. This is the way it plays the tune of reconciliation:

The atrocities of the Northern soldiery are still too fresh in our memory; the scars on our heart are not yet erased; the names of Chikamanga and Elmira still suffuse the eyes with tears, and the heart with terrible thoughts of vengeance. Ah! it is too soon to make light of the four years' struggle for liberty. Widows have yet to lament the loss of husbands; mothers still cherish the memory of departed sons; brothers and sisters still remember idolized fathers and brothers. The reminders of war's terrible havoc are still visible—the grim landmarks of a vandal host are not erased—the blackened ruins made by incendiary and hireling armies are altogether too fresh in the minds of Southern men—to expect from them even political indorsement of all the atrocious acts of a vandal host. When we so debase our manhood—when we so outrage all the nobler feelings of humanity—as to stand over the graves of our Confederate dead, and, in the language of the 9th resolution of the Cincinnati-Baltimore platform, exclaim, "We remember with gratitude the heroism and sacrificed of the soldiers of the North," may our tongue cleave to the roof of our mouth, and may God's thunderbolt lay us lifeless over the sacred mound we thus dishonor!

It is curious to notice that the defection of leading Republicans, and of Republicans who are not exactly leaders, is traceable, in almost every case, to personal disappointment. Take, for example, Fenton, Banks, Clay, Julian, Cochrane, Warmoth, Trumbull, Schurz, Palmer, Sumner, Spaulding, Farnsworth, Ross, Scovel, and even Greeley himself. These men talk about the public interests, of course, and make great profession of patriotism, and unselfish devotion to principles; but they are all afflicted with personal grievances, and but for these every man of them would stand erect in the Republican columns. It is also noticeable that many of these men are notoriuslp corrupt. The same remark applies to four fifths of the small politicians, late of the Republican party, who are noisy supporters of Greeley.—*Cincinnati Gazette.*

The New York Herald says:

"From the accounts furnished by our special correspondents in this State and elsewhere, as well as from other indications of the popular feelings, it is evident that the enthusiasm for Greeley and the opposition movement is dying out, and is succeeded by a "sober second thought," which holds men back from the change proposed by those who have been endeavoring to rally the people of the United States to the cry of "Anything to beat Grant."

Oh, dear! another one gone back on them. O tempora, O mores. 'Tis pitiful for to see.

THE STATE OF TEXAS,
County of Bexar.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Bexar county—Greeting:

WHEREAS, on the 16th day of August, A. D., 1872, James P. Newcomb, a citizen of the county and State aforesaid, now residing in Travis county in said State, and John Gore Newcomb, formerly a resident citizen of said county of Bexar, and State of Texas, now a citizen of Atascosa county in said State, filed a petition for a writ of error, alleging that they are the plaintiffs in a certain suit, pending in the district court of Bexar county, styled No. 2933 J. P. & J. G. Newcomb vs. Eliza Newcomb et als., wherein Eliza Newcomb, J. C. Hall, C. A. Harper and J. H. Beck were originally the defendants; that said J. C. Hall having died, his heirs, Wm. Hall, Mrs. Theodore Ayers and Theodore Ayers, were made parties; and the said J. H. Beck having also died, the suit was dismissed as to him; that at the February term, A. D. 1872, of said district court on the 15th day of May, 1872, said cause came on for trial, and a judgment was rendered, whereby it was adjudged that the said plaintiffs recover nothing by their suit, and that the defendants recover of the plaintiffs and the sureties on their cost bond all costs incurred in said suit for which execution could issue; that they believe themselves aggrieved by said judgment, that the same is erroneous and that many errors appear upon the face of the record; that said Wm. Hall is a resident of Goliad county in said State, that said Mrs. Theodore Ayers and her husband Theodore Ayers are residents of Galveston county in said State; that N. O. Green, a resident of said county of Bexar and State of Texas, is the Attorney of record of said Wm. Hall and Theodore Ayers and wife; that said Eliza Newcomb and C. A. Harper are non-residents of this State, and that neither said Eliza Newcomb and C. A. Harper had any Attorney of record nor any other Attorney to represent them in said cause.

Petitioners having filed their obligation as required by law pray that citations issue for said parties, resident in this State, commanding them to appear before our Supreme Court at its next term, and that said non-residents of the State be cited as may be directed, that a writ of supercedeas issue and that in due time the record of this cause be transmitted to the Supreme Court.

And whereas, said plaintiffs in error have filed a supplement to the above described petition, alleging that neither said defendant Eliza Newcomb, nor C. A. Harper were ever represented by an Attorney of record or otherwise, nor have said parties any such Attorney at present, nor have they had, nor have they now any agent known to plaintiffs in error; that plaintiffs in error have used due diligence to ascertain these facts, and therefore pray that said parties be cited by publication in the manner provided by law for citation to the district court, which said supplemental allegations are verified by the affidavit of W. B. Leigh, Attorney for the said plaintiffs in error.

And whereas, affidavit has been made before me that the said defendants Eliza Newcomb and C. A. Harper are not residents of the State of Texas.

And whereas, said plaintiffs in error have filed a good and sufficient bond, approved by me and conditioned according to law.

These are therefore to command you that you summon the said defendants Eliza Newcomb and C. A. Harper, by publication of this writ in some regularly printed newspaper, published in this county, for four successive weeks previous to the return day hereof, to be and appear before the Honorable Supreme Court of the State of Texas at the next term thereof, to be holden at the city of Austin, beginning on the first Monday in December, A. D. 1872, then and there to defend said writ.

Herein fail not but of this writ make due return.

Witness, Mortimer Slocum, Clerk of the District Court of said county and [L. S.] seal thereof at office in San Antonio, this 24th day of August, A. D. 1872.

The Babcock Self-Acting Fire Engine.

At the fire at Nos. 121 and 123 Meager St., the Babcock Engine reached the fire first, though it was farther from the fire than the Steam Engine. The Fire Marshal and Firemen are enthusiastic at the rapidity with which the Babcock Engine extinguishes the fire, though the whole side of the building was in flames.—*Chicago Evening Post.*

KISS ME, DARLING.

Kiss me, darling, if you love me,
Thrill me with a sweet caress;
Happy—happy are the mortals
Whom with lips you deign to bless.
Fold your soft, white arms around me
Press me closer—tighter—love:
Joys like this are sunbeams straying
From celestial lights above.

Kiss me, darling, if you love me,
Life can yield no sweeter joy;
For your lips will bring to me, love,
Happiness with no alloy.
Let others paint the joys of heaven,
Their highest aim or hope of bliss:
But for me, Oh! kiss me, darling,
Angels know no joy like this.

Kiss me, darling, if you love me,
Press me closer to your breast;
O'er my face your soft hair shower,
In your arms let me find rest.
Lip to lip, with heart-throbs mingling,
Fainting in this mad [illegible] bliss,
Cling still closer—nearer, darling,
In a lingering, loving kiss.

An ex-member of the Legislature asks the gentleman if he or the cows will supply the buttermilk.

TRUTH is really far stranger than fiction. We were shown last evening a most wonderful sight—it was nothing more or less than a common sized cherry stone containing one hundred and forty-four silver spoons—all perfectly made and guaranteed pure silver. We vouch for the truth of this and can prove it.

CAPTAIN TOBIN is evidently in earnest about making his new hotel the paragon of similar institutions in Texas. He announces his intention to make the culinary department a *ne plus ultra*, and to set a table such as has never been excelled. In wishing him all the success that his enterprise and public spirit merits we but echo the wishes of the community. We advise all persons in want of good board and lodging to give Captain Tobin a call.

How about the fair which was to have been held last month in the Cathedral San Fernando? Has it been given up? We trust not, such an entertainment at this time of year, cannot fail to be well patronized by our young people, who would do all in their power to make it a success. We are sadly in want of some little excitement to vary the monotony of our existence, which characterizes our city just now and will continue so to do, until the snort of the iron horse is heard in these parts. "*Quand on n'a pas ce qu'on aime il faut aimer ce qu'on a.*" If we cannot have a railroad at once, let us at any rate have a fair!

A LADY the wife of one Bonavente of Bastia in Corsica has just been tried for shooting her husband with a pistol on finding him in adulterous connection with her maid. The Court of Assizes have acquitted her unanimously, amidst the cheers and applause of the entire court.

Good! a few more such cases and the idea that virtue should adorn woman only, will soon disappear. We do not beleive there is a jury in this country either which would find a verdict against a woman for shooting her husband on finding him in the adulterous embrace of another woman. We hope not, for the honor of manhood!

WE are pleased to note the presence in town of our worthy friend Wm. Campbell, who is traveling in the interest of the large grocery firm of Schmidt & Zeigler, of New Orleans; and we take pleasure in commending him to our merchants, not only as the representative of one of the most important houses in the South, but also as a polished gentleman in every sense of the word.

We have also had the pleasure of meeting Mr. W. T. Conklin, who is traveling for the Drug house of V. W. Brinckerhoff, of New York. Mr. Conklin is an old Texan and was for many years connected with the house of R. F. George, of Galveston. We commend him to our friends of the "pestle and mortar," as a gentleman in every way worthy of their attention and regard.

THE belief is gaining ground that the discovery of Livingstone by H. M. Stanley, of the "Herald" is a fizzle from beginning to end. We share in this belief. "Flake's Bulletin" publishes an article purporting to be an account of a former companion of Stanley—in which it is stated that Stanley's real name is John Rowland, that he is really nothing more than an adventurer, is a man of no principle, and very little reliability. This confirms us in the belief we have had all along, that the whole affair was a "get up" of the "Herald." H. H. M.

The *Mo. Democrat* says:

The Irish revolt in the Democratic ranks is one of the most noticeable features of local and State politics. It is growing every day, and threatens to end in the severance of the Irish vote *en masse* from the Democratic part. It is one of the healthy signs of the times. The Irish have been too long the servants of the Democratic party, to do its bidding and elect its candidates. They have rendered such implicit obedience to the party dictates that they have come to be regarded as permanent attachments of the concern, whom it was impossible to insult to the point of severance. They have been treated with contempt everywhere in the Democratic party within the past few years, although it is a well-known fact that without them there would have been no Democratic party in this country since 1860. They have scarcely any representation in Congress or in the State Legislatures. Since John Hogan's time we believe no Irish Democrat has been sent to Congress from Missouri.

A Georgia planter has a rather peculiar bird, a cross between a guinea fowl and a turkey, with a voice like a monkey. He proposes to present it to the chairman of the Greeley Executive Committee.

It is reported on what is considered reliable authority that Lieutenant General Sheridan will, owing to the troubles on the Texas frontier, have the States of Louisana, Mississippi, Texas and Arkansas added to his present command, the Department of the Missouri, with headquarters at New Orleans.

Irish Advertisements.

The following advertisements have been from time to time, clipped from Irish papers:

From the Freeman's Journal, 1870:—"One pound reward.—Lost, a cameo brooch, representing Venus and Adonis on the Drumcondra road, about ten o'clock Tuesday evening."

From the Cork Reporter advertisement of a wine merchant:—"The advertiser, having made an advantageous purchase, offers for sale, on very low terms, about sixty dozen of prime Port wine, lately the property of a gentleman forty years of age, full in the body, and with high boquet."

The two following advertisements appeared in all the Dublin papers, emenating from a well-known livery stable keeper:

"To be sold, cheap, a mail phaeton, the property of a gentleman with a movable head, as good as new."

"To be sold, a splendid gray horse, calculated for a charger, or would carry a lady with a switch tail."

From Saunders' Newsletter:—"Ten shillings reward.—Lost by a gentleman, a white terrier dog except the head which is black. To be brought to, etc."

To these Irish advertisements may be added one English one, which was the subject of a humorous article in the Saturday Review, some four or five years since:—"To be sold; an Erhard grand piano, the property of a lady who is about to travel in a walnut-wood case, with carved legs."

Nature's Appeals for Help.

Every indication of debility and exhaustion is a mute appeal of Nature for medicinal aid to arrest the progress of decay. How are these silent appeals of physical weakness to the resources of the healing art usually met? Too often, unfortunately, the drugs prescribed aggravate the symtoms. Whoever recommends drastic purgtives, or mineral salivants, or poisonous alkaloids, under such circumstances, is an ally of the ailment and an enemy of the patiene. Whoever on the contrary, advises the broken down and desponding sufferer to resort to that peerless vegetable invigorant, Hostetter's Stomach Bitters, for aid and comfort, is a true philanthropist. It is safe to say that there never was an instance in which such advise was given and accepted without the happiest results. From the very depths of weakness and despondency thousands have been restored to vigor, health and cheerfulness by the renovating operation of this wholesome stimulant and alterative. All its medicinal ingredients are remarkable for their sanative properties, and in combination form an absolute specific for indigestion, liver complaint, nervous affections rheumatism, intermittent and remittent fevers, general and local weakness, and every species of disorder incident to change of season or climate. The stimulative element of this invaluable protective and restorative is not an impure excitant, but the throughly rectified essence of sound rye, admitted by all good chemists to be the most healthful of exhilirants.

People who Have.

Cut their wise teeth, use the SOZODONT, and all who do, are willing to declare to all who don't use it, that it is the most perfect and delightful thing for the teeth they ever dipped a brush into.

A Universal Article of Faith.—In these days of religious contention it has been thought impossible to indicate an article of faith upon which *all* sects and classes were united. There is one, however, and a very notable one too, viz.: a belief which is implicit and universal in the paramount efficacy of that matchless HOUSEHOLD TONIC AND RECUPERANT, PLANTATION BITTERS. The constantly increasing patronage which it receives, has, it is true, excited the petty envy of certain splenetic advertisers of pinchbeck panaceas, who hope to make a market for their own stagnant, watery wares, by decrying all spirituous medicinal preparations. But the public can stomach neither their arguments nor their potations, and consequently reject these very weak imitations of the enemy as entirely too thin!

It is a mark of the unsuccessful man, that he invariably locks his stable door when the horse is stolen. This sort of wisdom never thinks about bodily health until it is gone. But just as much as any disease has become seated, the power of the system to resist and throw it off is weakened; hence time is all important. For dyspepsia, all diseases of the liver, stomach, skin and kidneys, and that begin in vitiated blood, do not wait until the trouble is confirmed, but attack it by a timely use of DR. PROCLAMATION

By the Governor of the State of Texas

TO ALL TO WHOM THESE PRESENTS shall come:

WHEREAS, By a joint resolution of the Twelfth Legislature of the State of Texas, passed May 17th, 1871, it was resolved, "that section six, article ten of the constitution of the State of Texas be so amended as hereafter to read and be as follows:

SEC. 6. The Legislature shall not hereafter grant lands, except for purposes of internal improvement, to any person or persons, nor shall any certificate for land be sold at the Land Office, except to actual settlers upon the same, and in lots not exceeding one hundred and sixty acres, provided that the Legislature shall not grant out of the public domain more than twenty sections of land for each mile of completed work in aid of the construction of which, land may be granted; and provided further, that nothing in the foregoing proviso shall effect any rights, granted or secured by laws passed prior to the final adoption of this amendment."

Now, therefore, I, EDMUND J. DAVIS, Governor of Texas, by virtue of the authority in me vested by the Constitution and Laws of this State, do hereby order and direct that the said election to vote on the said proposed amendment to the constitution of this State be held at the same time and places for voting as at the next general election, viz: at the county seat of each county, and commencing on the first Tuesday after the first Monday in November, A. D. 1872, and continuing four consecutive days, viz: the fifth, sixth, seventh and eighth day of November, A. D. 1872.

The returning officers at said general election, shall open a poll for and make a return to the Secretary of State of the names of all those voting for Representatives, who have voted on the proposed amendment to section 6 of article 10 of the constitution, in accordance with law, the ballots used by voters to have written or printed on them the words "for the amendment," or "against the amendment."

The attention of officers of the law, voters and others, is called to the provisions of the law of this State and the United States, enacted to secure the free exercise of the rights of suffrage, and the punishment of those, who may in any manner attempt to interfere with this franchise.

In testimony whereof I have hereunto signed my name and have caused [L. S.] the great seal of the State to be affixed, at the city of Austin, this 16th day of July, A. D. 1872.

THE GREAT SOUTH AMERICAN **JURUBEBA BLOOD PURIFIER**

It is not a physic which may give temporary relief to the sufferer for the first few doses, but which, from continued use brings Piles and kindred diseases to aid in weakening the invalid, nor is it a doctored liquor, which, under the popular name of "bitters," is so extensively palmed off on the public as sovereign remedies, but it is a MOST POWERFUL TONIC AND ALTERATIVE, pronounced so by the leading medical authorities of London and Paris, and has been long used by the regular physicians of other countries with wonderful remedial results.

Dr. Wells' Extract of Jurubeba retains all the medical virtues peculiar to the plant and must be taken as a permanent curative agent.

Is there want of action in your Liver and Spleen? Unless relieved at once, the blood becomes impure by deleterious secretions, producing scrofulous or skin diseases, Blotches, Felons, Pustules, Canker, Pimples, &c., &c.

Take Jurubeba to cleanse, purify and restore the vitiated blood to healthy action.

Have you a Dyspeptic Stomach? Unless digestion is promptly aided the system is debilitated with loss of vital force, poverty of the Blood, Dropsical Tendency, General Weakness or Lassitude.

Take it to assist Digestion without reaction, it will impart youthful vigor to the weary sufferer.

Have you Weakness of the Intestines? You are in danger of Chronic Diarrhœa or the dreadful Inflammation of the Bowels.

Take it to allay irritation and ward off tendency to inflammations.

Have you weakness of the Uterine or Urinary Organs? You must procure instant relief or you are liable to suffering worse than death.

Take it to strengthen organic weakness or life becomes a burden.

Finally it should be frequently taken to keep the system in perfect health or you are otherwise in great danger of malarial, miasmatic or contagious diseases.

The great field trials at Sedalia, Mo., and at Xenia, Ohio, in the Summer of 1869—where "The Clipper" met some 40 competitors, including all the leading machines built, and was awarded the First Premiums and Gold Medal,—proves that the proprietors have been able to sustain in the field their claims of superiority for The Clipper Machine over all others. Its extraordinary lightness of draft takes one-third of the labor off the team. The adjustability of the finger-bar, to cut high or low without stopping the team, is worth $25 on any machine. It is the only mower that has the true center draft in accordance with correct mechanical principles. In short, it is the lightest, the most durable, the least complicated, the most perfectly constructed, the most symmetrical in design, of any implement of its class. Farmers THE CLIPPER is the Horses' Friend, and you cannot afford to ignore their welfare. Send for pamphlet—investigate. See or write to some one who has used THE CLIPPER. See the Machine yourself before you buy any other.

VINEGAR BITTERS

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile **Fancy Drink,** Made of **Poor Rum, Whiskey, Proof Spirits and Refuse Liquors** doctored, spiced and sweetened to please the palate, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native Roots and Herbs of California, **free from all Alcoholic Stimulants.** They are the **GREAT BLOOD PURIFIER** and **A LIFE GIVING PRINCIPLE,** a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these **Bitters** have been most successful. **Such Diseases** are caused by **Vitiated Blood,** which is generally produced by derangement of the **Digestive Organs.**

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physician, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not even the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuge, no anthelmintics will free the system from worms like these Bitters.

J. WALKER, Proprietor. R. H. McDONALD & CO., Druggists and Gen. Agents, San Francisco, California, and 32 and 34 Commerce Street, New York.
