Hale Farmer On State FB Committee

WACO (Spl) - A Hale County farm leader has been named chairman of the special 18-man Texas Farm Bureau Growth Committee. The group completed its first meeting here in mid-April.

W. E. Thurman, 39, of Plainview was appointed to the post by TFB President C. H. DeVaney. The committee, consisting of Farm Bureau leaders

from all over Texas, is making a study-in-depth of Farm Bureau operations at county and state levels. It will make recommendations to the TFB board of directors in September.

Establishment of the Committee was authorized by the TFB board of directors. County voting delegates at the 1965 state convention called for "a complete study of the feasibility of expanding services—taking into consideration both present and future needs."

Thurman produces cotton, feed grain, wheat, soybeans, and castor beans on his 640-acre operation. He has been farming 17 years.

He is currently serving as president of the Hale County Farm Bureau. He previously served two years as vice president, one year as secretary-treasurer, and one additional term as director.

Thurman is a director of the Edmonson Co-op Gin, Plainview Co-op Congress, and the Growers Seed Association. He is married and has four children.

City Vote Canvassed

The City Council of Abernathy met in regular session in the City Hall on April 11, 1966, at 7:30 p.m. Those present for this meeting were: Roy Jones, Dan Ward, W. T. Settle, Jim Bob Smith, Billy Skipper, Royce Henson, Ralph Wolf, L. G. Deering, George Ragland and Bob Sokoll.

The first item on the agenda for Council consideration was the reorganization of the Abernathy Civil Defense. Bob Sokoll, City Manager, was appointed Civil Defense Director. He was authorized to head up this reorganization.

The Council canvassed the City Election Returns, accepted the Election Judge's decision; and declared Royce Henson, L. G. Deering and Ralph Wolf as being elected to the Council. City Judge George Ragland administered the oath of office to the newly elected Councilmen.

Jim Bob Smith was elected Mayor Pro-Tem to replace W. T. Settle, who did not run for the Council this term. Dan Ward was the other out-going Councilman, who did not seek re-election.

Authorization was given to Parkhill, Smith & Cooper, Consulting Engineers, to prepare specifications, and the City Manager was authorized to advertise for bids on the seal coating project at Municipal Airport. Other action taken by the Council concerning airport business was the establishing of a 30¢ per-landing charge for non-based commercial aircraft using Abernathy Municipal Airport.

The Council had a short discussion on closing City Hall and discontinuing city services on Saturday morning. It was brought out that personnel would be available for emergencies. No action was taken concerning this matter. The Council agreed, as routine action, to have an ex-Councilmen's Dinner. The tentative date and place for this informal "get-together" is April 28th at Graham's Restaurant.

TALK In Print

"Big cities are made up of rural and small town boys who have made good," commented Don Oliver, professional photographer, who operates The Profile Studio at Hale Center. Abernathy and the surrounding area has made a number of such contributions to big cities.

An example is Charles Bucks, Los Angeles, a vice president of Continental Airlines, who was the Chamber of Commerce banquet speaker here April 7.

The C-C could follow this format for its banquet program for several years, inviting "home" a large number of former residents who have made good in various occupations and professions in big cities.

Offhand, I can think of some: Vance Thomas, who began his career in the hotel business as a bellhop in Texas Hotel, Fort Worth, in the 1930's. Vance has been manager of several large hotels in a number of states. Currently, he is execu-

TEACHERS ELECTED

Integration Of Schools To Be Complete With Closing Of East Ward Next Term

THROUGH P-TA

Ruth Fulton, Local Teacher, Awarded Summer Scholarship

Mrs. Ruth Fulton has been selected as one of the twelve recipients of a Texas Congress Career Teacher Scholarship grants for study in summer of '66.

Each year teachers throughout Texas can apply through their local P.T.A. unit for the scholarship. Funds for these twelve scholarships are contributed by the Texas Congress Endowment Fund earnings from this fund, this year, will cover two-thirds of the cost of the twelve grants for the summer of 1966. The balance of the money has been appropriated from regular budget (membership dues) fund.

The local P.T.A. and its president, Mrs. Bobby McAllister feel gratified in being able to assist and encourage the continuing improvement of the professional qualifications of career teachers, thus enhancing children's educational opportunities.

The State President, Mrs.

L.L. Ledger, stated, "Your cooperation in helping to bring this teacher's qualifications to the attention of our screening committee is sincerely appreciated, and we hope that you, your school system, and the

children you teach will all be benefited."

Mrs. Ledger, to Mrs. Fulton, said, "You were selected from among the many applicants because the screening committee believes that you have much to contribute in the field of education for Texas children. The P.T.A. is glad to have this opportunity to assist and encourage you to improve your professional skills."

Certainly it is an honor to Ruth, her superintendent, principal, school, local P.T.A. and president, Mrs. McAllister, to receive this scholarship.

"We are all proud of Ruth, and feel she has bestowed an honor on each of us. Her talents are limitless, and certainly if anyone deserved this scholarship, Ruth does. When an opportunity comes her way she always makes use of it, and I personally, think this has helped Ruth to be the person she is today." "Congratulations, Ruth!" said Mrs. McAllister.

County Line Gin Stockholders To Meet Tuesday, April 26

The annual meeting of stockholders of County Line Co-op Gin will be held at 7:30 p.m. Tuesday, April 26, in Abernathy School cafeteria, it was announced by Raymond Bohler, manager.

During the business session, dividend checks will be distributed, and two directors will be elected. Terms of Earl Horne and H. F. Gregg expire this year.

Holdover directors are Marvin Floyd, E. M. Crow and Lindell Myatt.

All stockholders and their families are urged to attend, Bohler said.

4-H Contests Set Thursday

The County 4-H Elimination Contests will be held Thursday, April 21, beginning with registration at 6:00 p.m. at the Hale Center High School, according to Marcheta Wood, Assistant Home Demonstration Agent.

Approximately seventy-five 4-H members will participate in the annual event. Method demonstrations on topics including public speaking, money management, civil defense, soil, water and range conservation, poultry, electric, share-the-fun and many others will be presented.

Each contest is divided into two divisions - the Junior division for those members under 14 and the Senior division for those members over 14. Most of the demonstrations are presented in teams of two 4-H'ers, but some are individual presentations and still others are teams composed of four or more individuals.

According to Miss Wood, the first place teams named in the Junior and Senior division of each contest will participate in the District Elimination Contest to be held Saturday, April 23, on the Texas Tech Campus.

From the District contest, the top two teams in the Senior division of each contest will go on to State competition to be held on the Texas A & M Campus in early June. Last year, Hale County had one of the largest representations at the state contest, 264-H members, and won four first places, the highest number for any county in the state.

The public is cordially invited to the County Contests at the Hale Center High School, Thursday, April 21. The demonstrations will begin at 6:30 p.m. and the awards program about 8:15 p.m.

Among out-of-town residents expected to attend are Dan Davis, manager, Plains Co-op Association; George Babcock, Seed Growers Association; Roy B. Davis, manager, Plains Co-op Oil Mill; Tom Brown, manager, Co-op Compress, all of Lubbock.

Movies will be provided as entertainment for the children following the dinner.

Play Draws Big Crowd

The annual AHS Senior Play held Friday, April 15, played to the largest crowd on record for such a performance, according to local school officials. The play was termed a success by a majority of the viewers in the packed school auditorium.

The 1966 Senior group set their record before the play was ever presented. They received over \$600 in advance sales of tickets. After the play it was announced that they had grossed \$662.30 from ticket sales.

The play, "The Boarding House Reach," was presented after four strenuous weeks of practice. Director of the play was Mr. Bobby Hudson. Others helping him were the Senior sponsors, Mrs. Esther Williams, Mr. Floyd Galloway and Mr. John Seaman.

Proceeds from the performance will be used to finance the 24-hour Senior trip May 14. The members of the Senior class will travel by chartered bus to the Six Flags Over Texas amusement park near Dallas.

Members of the play cast were Rondall Preston, Beverly Spruiell, Jo Ann Lovelace, Jan Wilson, Mike Skipper, Mike Tannehill, Jeraldine Evans, Margaret Toler, Shanna Crenshaw, Mike Franklin, Jimmy Don Franklin, Pat Hale, Sunny Mock, Barbara Patterson, Marilyn Teaff and Rex Hester. Others working closely with the play cast were Johnny Peters, Terry Barton, Sharon Payne, Cinda Shadden and Suzie Oliver.

ABERNATHY CONSIDERED Texas Tech Seeking Site For Pilot Cotton Spinning Plant

Bill Crumley, who has chafed at plans for a pilot cotton spinning plant, and possibly a weaving mill, for Texas Tech, met here Friday with several C. of C. members and members of the Industrial Foundation.

An investment of some \$400,000.00 would be made in the project, and it would employ 80, or more, people.

Crumley discussed the possibility of securing a site here for the project. A committee of local men is checking on available locations. One of the Tatum Elevator grain storage buildings near Tucco was mentioned as a potential location.

Mrs. Ray May Be In Luci's Wedding Party

According to a news story in the April 13th Dallas Morning News, Mrs. James R. Ray of Happy Union Community northeast of Abernathy may be a bridesmaid in Luci Johnson's wedding party. The younger daughter of President and Mrs. Lyndon B. Johnson, Luci and Patrick J. Nugent are to be married August 6, at the Shrine of the Immaculate Conception in Washington.

Mrs. Ray was one of three hostesses at a private pre-nuptial party for Miss Johnson and Nugent in Austin the night of April 11.

TRAIN WRECK AGAIN NEAR HECKVILLE

Once again, as over the years, the train on the Burlington route to Lubbock was travelling across a crossing that serves a paved road, a truck-train wreck resulted.

The scene was near the Terrell Oats farm. The semi-truck was loaded with scrap iron and was going west toward Liberty when the wreck occurred. Driver of the truck was believed to be a Mr. Flores and his daughter. At the time this was written, the accident victims were taken by ambulance to Methodist Hospital and were under observation, and Miss Flores was in X-ray at this time.

Terrell Oates was the first

person to the scene. Since the '40s reliable citizens have sent petitions to the railroad several times asking for warning devices.

Two deaths have occurred at the Heckville Crossing near the gin in two separate accidents, several persons have been injured in accidents of this nature on these train crossings.

Even local residents have no idea when the train is due as there has been no definite schedule for many years since a passenger train was discontinued.

A number of residents here have had very near accidents and the concern has been great through the years. The train approaching from the southwest of the Highway 400 crossing at Heckville is very difficult to see due to normal obstructions.

Mr. and Mrs. Charles Tolleson and Edith returned Monday from Quanaah where they spent the weekend visiting his mother, Mrs. Sally Tolleson, and his sister, Miss Cora Tolleson.

Blood Typed At Clinic

The Abernathy Odd Fellow Lodge, which established the Walking Blood Bank here some 10 years ago, urges everyone who has not had their blood typed to go by Abernathy Medical Clinic and have this done. Record cards for this purpose are at the clinic.

Knowing your blood type, and carrying this information on your person at all times, could be a means of saving your life under certain conditions, and you might be able to help someone by donating blood.

The Odd Fellow Lodge did a lot of work on this project, establishing the Walking Blood Bank. The Lodge has a permanent blood bank file, and the Lodge prepared file No. 2, which is kept at Reid Chevrolet.

Ruwayne Struve In Lubbock Play

The Children's Little Theater group of Lubbock will present its annual play, "Simple Simon," on April 16 and 17 beginning at 2 p.m. in the Lubbock Theater Center Auditorium, 2508 Ave. P.

Ruwayne Struve, the son of Mr. and Mrs. R. R. Struve of Abernathy, will appear in the production.

16 of this type AA Fuel Dragsters will compete this Sunday for top prize money of \$1,000.00. You are invited to be on hand for the Big Open Fuel Meet at 2:00 PM this Sunday, April 24th, at Amarillo Dragway, 7 miles south on Washington in Amarillo, Texas.

Rural Accident Report Given

The Texas Highway Patrol investigated 15 accidents on rural highways in Hale County during the month of March, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in seven persons injured and an estimated property damage of \$33,995.00.

The rural traffic accident summary for this county during the first three months of 1966 shows a total of 51 accidents resulting in one person killed, 29 persons injured, and an estimated property damage

of \$57,025.00.

Career employment in the uniform services of the Texas Department of Public Safety is now being offered young men between the ages of 21 and 35. "More than 100 of these positions of trust and public service are open for qualified men," the sergeant stated. "They include opportunities for advanced education, excellent physical conditioning and a permanent career of serving mankind."

Applications and full information can be obtained by contacting any Department of Public Safety patrolman or station. June 6 is the deadline for accepting applications for the examination to qualify men for the August 9 training school.

News Of Men In The Service

FORT SILL, OKLA. (AHT-NC) - Army Pvt. Roberto Dela Garza, 20, whose wife, Beatrice and parents, Mr. and Mrs. Esteban Dela Garza, live in Idalou, Tex., completed advanced artillery training at the Army Artillery and Missile School here, April 15.

Dela Garza was trained as a cannoneer in field artillery. His training included maintenance and firing of artillery guns, howitzers and heavy machineguns. Instruction was also given in ammunition handling and communications.

Dela Garza entered the Army last December and completed basic training at Fort Polk, La. He attended Idalou High School and was employed as a carpenter's assistant before entering the Army.

Grandson Will Go To Africa

(Editor's Note: Following is a clipping from a Dallas newspaper, giving information concerning a grandson of Mr. and Mrs. Dewey Price of Abernathy. He is Larry Price, son of Mr. and Mrs. Dewey Price, Jr., Dallas.)

Dallas' Webbs Chapel Church of Christ is sending two of its young members to participate in a Church of Christ "Safari for Souls" in the Union of South Africa this summer.

District Swine Show

Marvin Meek, Plainview 4-H Club member, showed the Champion boar in the Sears District 4-H Pig Show held Saturday morning at the Panhandle South Plains Fairgrounds here, according to Ollie Limer, County Agent.

Jana Spruiell, Abernathy 4-H Club member, who had previously exhibited the first place Sear's Gilt in Hale County Show, placed seventh in the District Show Saturday.

Jana is the daughter of Mr. and Mrs. W. G. Spruiell of Abernathy and Marvin is the son of Mr. and Mrs. Harley Meek of Plainview.

Attending the District Show in Lubbock were the 4-H exhibitors and their parents along with Ollie Limer, County Agent and Roy L. McClung, Jr., Associate County Agricultural Agent.

L. D. Barriek, son of Mrs. C. M. Barriek, is in a responsible position with a huge industrial firm in New Jersey. His brother, Milton, Arlington, is a noted architect.

W. D. (Speedy) Houpt is in a high position with Willard Battery Co. He resides in Cincinnati.

Charlie Johnson, son of Mrs. A. N. Johnson, has a high position with one of Texas' largest life insurance companies. He operates out of Denver.

Hugo Richter, son of Mr. and Mrs. H. E. Richter, has made his mark in the aircraft industry in California. In similar lines, and in the space program, is Bobby Hurst, son of Mr. and Mrs. J. C. Hurst, Rialto, Calif., formerly of Abernathy. Jimmy Lamb, who was born in Abernathy during the time his father, Vic, was editing The Review, is with the Associated Press in Philadelphia.

Another local boy in an aviation-connected career is James Terrell, son of Mr. and Mrs. Sam Terrell of County Line. He is teaching in a Federal Aviation Agency School in Oklahoma City.

Your vote and influence for Roy Boyd will be for the continuation of progress in all schools of Lubbock County.

Altogether, 15 young men, mostly from Texas will participate. The members from Webbs Chapel are 17-year-old Larry Price and 20-year-old Jimmy Welborne.

A collection toward raising \$3,600 to finance the trip will be taken during a missions forum Feb. 16-20 at Webbs Chapel.

In accordance with the "separation policy" among races in the Union of South Africa, meetings to be conducted in Johannesburg from June through August will be restricted to white people.

"In places like South Africa," said Joe McKissick, the church's minister, "we find it better to teach the white people and they in turn teach the natives."

Mr. McKissick, a missionary for eight years during the fifties in the Union of South Africa, said the separation of races policies of the government are actually more liberal now than ever before.

"When I was there we could hardly go out and teach the natives. Now it is possible to go out and teach the natives."

Jimmy McAlister, son of Mr. and Mrs. Bob McAlister, is on his way up in the field of municipal management. He worked at city hall here while attending Texas Tech, then went to Wichita Falls as assistant city manager. Presently, he is with the League of Municipalities at Austin.

An Abernathy native, with the full scope of his talents yet to be developed, some day will be in the big time of the entertainment world. He is Jay Johnson, the younger son of Mr. and Mrs. Noel Johnson, Richardson.

AHS has a world-travelling ex-student who has made quite a name for himself in boxing. He is Dick Knight. He corresponds with Mr. and Mrs. Ray Willis and we keep up with him through them. Dick has made boxing appearances in Europe, Africa and the Far East. The last card the Willis had from him, he was in Tokyo and was going from there to Australia and New Zealand.

In journalism and television, LaDoyce Lambert, son of Mr. and Mrs. Herman Lambert, is with the daily newspaper in Midland. Ershel L'Roy has been with a Houston TV station for many years. Abernathy has some young men with TV and radio stations in Lubbock.

In addition to Bucks, Abernathy has others in commercial airlines work. Don Cunningham, son of Mr. and Mrs. W. V. Cunningham, is a pilot for Eastern Airlines, flying out of Washington, D. C., and Sherrill Rhodes, son of Mrs. C. E. Rhodes, Sr., is a pilot with the same airlines, based in Chicago. It has been several years since we have had a report on Fieldon McGee. At that time, he was employed in Amarillo by TWA.

In the field of religion, a former Abernathian, R. E. Rampey, Jr., was serving as a missionary. Galen Carr and his family were in the mission field in Africa for a number of years.

The community of Lakeview, Hale County, has made an unusually high contribution in this field. Six or seven young men from there have made ministers, including two from the A. W. Mayo family. One is an evangelist, Clifford, and the other, William, is on missionary duty in Africa. His wife, the daughter of Mr. and Mrs. Lawrence Amerson, and their children are with him. The Rev. Charles Lutrick, son of Mr. and Mrs. T. E. Lutrick, is pastor of the First Methodist Church, Floydada. The Rev. Walker Driver, son of Mr. and Mrs. T. W. Driver, is pastor of the Methodist Church at Plains. The Rev. Russell McAnally is pastor of the First Methodist Church in Friona, and the Rev. W. A. Amerson is pastor of a Methodist Church in Indianapolis. A son of Mr. and Mrs. O. D. Rhodes is in the ministry. He is Winfred (Skeet) Rhodes.

Three former Abernathians are doctors. Dr. Gorman Webb, optometrist, Dr. Eugene Legg and Dr. J. D. Snider, medical doctors. Gorman is a son of Mr. and Mrs. John Webb. Eugene is a nephew of Ray Pinson, and J. D. is a son of the late Mr. and Mrs. John Snider.

A large number of AHS exes are in the teaching profession, scattered from Florida to California.

Men from this area have distinguished themselves in two World Wars, Korea and now in Viet Nam. Many from here have given their lives to maintain freedom. A number of them stayed in service as a career, and have reached high non-com and officer ranks.

On the distaff side, Martha Benn, daughter of Mrs. Eva Benn and the late Chris Benn, is making a career in Girls Scout work, currently stationed in New Jersey.

Abernathy has had the good fortune of having some of its young people return home to stay after finishing college. This is good for the town and community.

If any of you are apprehensive about the leadership passing to the next generation, forget it! The next generation will be trained and equipped to do a better job.

Insurance Rate Cut

The state Board of Insurance announced a one percent reduction in the fire insurance key rate for Abernathy which will mean a saving of approximately \$184 in net premiums if the same amount of insurance is bought this year as last.

Key rate was lowered from 35 to 34 cents, with the main charge being 10 cents for a volunteer fire department. Offsetting credits were given for having a booster truck, arson reward, firemen's training school and for teaching fire prevention methods and principles of fire insurance in the schools.

Key rate is the basic premium for \$100 of fire insurance.

Mr. and Mrs. Elton Blackmon have sold their 160-acre farm two miles north and two miles west of County Line to Vernon (Pig) Pettit, and are moving to Shallowater.

The annual meeting of Young Homemakers Chapters and Young Farmer Chapters in Area One is scheduled for Sept. 10, at Tulla High School. Delton Stone, member of the Abernathy Young Farmer Chapter, is president of the Area One Young Farmer organization. His wife, LaNell, is a secretary in the Area One YH organization.

Standing in the wings patiently waiting to come on stage is a large number of young married men and women who will provide excellent leadership. We saw a sampling of this group in action at the Young Farmer and Young Homemaker banquet here earlier this year.

I suppose the generation in the age group of the ones seen on "Where The Action Is," and other TV shows with young, long-hair performers, eventually will develop into responsible leadership, I hope.

Boys wearing long hair are going to get us into war. Communist countries will think they can whip the U.S. with a powder puff.

Long hair, like other fads, eventually will go by the boards. And, the quicker the better!

I asked our grandson, Mark Havens, an avid TV fan, what he thought about the long-haired boys. His wordless response was a long, deep, pre-regurgitating sound. Which pretty well describes the feeling of a lot of people on that subject.

While bragging on grandchildren: Mark's second grade teacher at Falls gave the class a number of words to put together into a poem. His poem: "When airplanes become as thick as cars, and people travel from Earth to Mars, will traffic lights be stars?"

Mark got some unjustified kidding when he answered "forty-one cents" to the question: "how much is a half-dollar?" He may have been giving the half-dollar's devaluated worth. A couple of years ago, he handed a nickel back to me, saying "it won't buy anything."

WICHITA FALLS TIMES Photographers Jim Cochran and George Smiley filled a page of the newspaper with pictures made during the Lubbock Monterey and Wichita Falls football play-off game in that city last November. This unposed shot features Toni Turpen, Monterey Majorette. Toni formerly attended school in Abernathy. She was at home here with her grandparents, Mr. and Mrs. C. C. Turpen, before going to Lubbock, where her father, Paul, resides.

BANK HOLIDAY

Abernathy First State Bank will be closed Thursday, April 21, San Jacinto Day, Bankers' Convention in Lubbock.

Lubbock County clerk issued a marriage license to J. W. William Harless, New Deal, and Miss Frances Irene Baze, Rt. 1, Idalou.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

The story has often been related of the lemmings of the Arctic who every once in a while, following erratic leaders, all plunge into icy waters to commit mass suicide.

While some wonder has been expressed by naturalists as to what causes this phenomenon, many economists also wonder what causes labor leaders to lead the American economic suicide.

There is a C. W. Harder lesson to be learned from the recent announcement of Jones and Laughlin Steel Corp. of its closing of the nail mill at Alliquippa, Pennsylvania. Because this company, which has been making nails since its founding 113 years ago can no longer compete with foreign production, it is forced to close down, releasing 100 workers. Prior to the complete closing of the plant, reduced sales had caused loss of jobs for 200.

Even the mighty U.S. Steel is no longer interested in selling nails and rods, while Jones & Laughlin stopped making fencing for the same reason.

In making the announcement of the closing, J & L reported that in 1954 some 50 per cent of all nails used in the U.S. came from overseas with this percentage steadily increasing since that time.

Of course, government policies of the past twenty years or so in cutting down the U.S. protective tariff system has played a part in this loss of jobs.

However, while bona fide world peace would necessitate many economic adjustments, for today's labor leaders such world wide tranquility would be disaster.

jobs, influenced by "one world thinkers" in State Dept.

But alert labor leaders would have long ago recognized the situation as it exists, and either have thrown support behind higher tariff protection, or else have modified demands on wages, hours, and fringe benefits so that American industry could compete and continue to supply jobs.

The facts do not lend themselves to short sighted vision. It must be recognized that the domestic supply of high grade iron ores have been largely depleted and a great deal of the U.S. steel making capacity is now dependent on taconite, or a low grade ore, running about 26 per cent iron content as compared to around a 52 per cent iron ore still being mined in the Khar valley.

But due to the excessive demands of the labor leaders, it is even possible today for nations such as Japan which has neither sufficient coal nor iron, to haul these items across oceans, make the ore into steel and then ship the finished product into the U.S. at prices the U.S. industry cannot meet.

Of course, for high quality steels, the U.S. is still the leading producer. But these steels are largely used for armor plate, and other military needs.

Thus, as long as it is necessary for the U.S. to maintain a strong military posture, the labor leaders will be supported by this policy.

However, while bona fide world peace would necessitate many economic adjustments, for today's labor leaders such world wide tranquility would be disaster.

CARAVAN VISITORS - Units from a trailer home caravan stopped in Abernathy April 8 afternoon for car service and lunch. The two couples pictured here were in two units of the caravan, which was enroute from a holiday in Mexico to their homes in northern states. Shown, from left, are Vernon Davis and Imogene Davis of Middletown, Ohio, and Virginia Sabody and Joseph Sabody of Gary, Indiana. Mr. and Mrs. Davis are employed by Armco Steel. Mr. Sabody owns an automatic car wash business. When they reach their homes, the couples will have traveled over 8,000 miles, 3,500 miles of which was in Mexico. They left their homes Jan. 17. On Feb. 3, they arrived in Tucson, Ariz., rendezvous point for the caravan. The caravan, composed of 245 trailer homes and 520 people, left Tucson Feb. 7, for Mexico.

The caravan drove down the West Coast of Mexico, to Acapulco. On the return trip, the caravan visited Mexico City. At that point, the caravan divided into groups, taking various routes back to the United States. The Sabodys and Davises were with 185 trailer home units that returned via Juarez and El Paso. After their service and lunch stop here Friday afternoon, the two couples planned a leisurely drive to Amarillo for a night stop.

Becton And Heckville News

(By Mrs. M. A. Waters)

Mr. and Mrs. Albert O. Smith, Sr. and son Gary returned Tuesday from Colorado City where they fished at Lake Champion. Mr. and Mrs. D. O. Johnson returned early this week from a Spring fishing trip to Lake Stamford where they maintain a trailer home. Mrs. Delbert Calvert and Mrs. Gordon Chapman both of Estacado and Mrs. Flora Dean visited Mrs. Lou Pitts Wednesday afternoon. Mr. and Mrs. C. C. Jones and Kerry accompanied their son and family, Mr. and Mrs. Winston Jones and Jennifer of Plainview to Dallas where they visited their son Larry of the U. S. Navy, two daughters and families, Mr. and Mrs. Buddy Fisher and children and Mr. and Mrs. John Therrell, Mrs. Jones parents, Mr. and Mrs. A. L. Wooley and John, her sister and family, Mr. and Mrs. Clayton Carmichael, Steve and Debbie in the Dallas area. They returned Monday.

The District Supt. Rev. Crawford of Lubbock delivered the sermon when Becton-Lakeview and Canyon Methodist Churches met at Becton Methodist Church for the last quarterly conference of this church year. Rev. W. O. Rucker of Canyon is pastor of the three churches. Mr. and Mrs. Delton Stone, Sherri and Gary, spent Easter visiting relatives at Abernathy. They were dinner guests of Mr. and Mrs. Reed Lacy. School here resumed Tuesday after a brief Easter vacation. Dean Waters visited Chuck and Susan Jones Monday afternoon. Randall, Ronald and Mrs. Gene Reid have all been sick with a virus flu this week. TRAIN WRECK AGAIN NEAR HECKVILLE Once again, as over the years, the train on the Burlington route to Lubbock was travelling across a crossing that serves a paved road, a truck-train wreck resulted. The scene was near the Terrell Oats farm. The semi-truck was loaded with scrap iron and was going west toward Liberty when the wreck occurred. Driver of the truck was believed to be Mr. Flores and his daughter. At the time this was written, the accident victims were taken by ambulance to Methodist Hospital and were under observation, and Miss Flores was in X-ray at this time. Terrell Oates was the first person to the scene. Since the '40s reliable citizens have sent petitions to the railroad several times asking for warning devices. Two deaths have occurred at the Heckville Crossing near the gin in two separate accidents, several persons have been injured in accidents of this nature on these train crossings. Even local residents have no idea when the train is due as there has been no definite schedule for many years since a passenger train was discontinued. A number of residents here have had very near accidents and the concern has been great through the years. The train approaching from the southwest of the Highway 400 crossing at Heckville is very difficult to see due to normal obstructions. Mr. and Mrs. Charles Tolleson and Edith returned Monday from Quanaah where they spent the weekend visiting his mother, Mrs. Sally Tolleson, and his sister, Miss Cora Tolleson.

Jackson Is Boys State Delegate

Steve Jackson, son of Mr. and Mrs. Jack F. Jackson, is to represent Barton-Hood Legion Post and Abernathy during the week-long Boys State meeting in Austin in June. The announcement was made by Lee Echols, Commander of Barton-Hood Legion Post, sponsor of Jackson's trip to Austin. Steve is a junior student in AHS.

Wins \$75 In Candy Sale

The Christ's Ambassadors, youth organization of the Assemblies of God, recently concluded a District-wide candy sale of Mason chocolates, with the proceeds going toward improving their Youth Camp Grounds, located 10 miles east of Roaring Springs. The local group took part in the program, and Ricky Buchanan of Abernathy was awarded first place for selling the most boxes of candy. He was awarded a check for seventy-five dollars in the services Easter Sunday, which was presented to him by the pastor, Rev. Roy F. George, and the youth leader, R. G. (Buddy) Tilly. The C. A. Group, along with Ricker wishes to express their appreciation to the friends in this area who helped them reach their goal. The entire West Texas District of the Assemblies of God participated in the candy sales. -- Reporter

Diana Moore YH Chapter Little Sister

Miss Diana Moore has been named as the Abernathy Young Homemakers Chapter "Little Sister" for the 1966-67 year. Miss Moore was presented as the Little Sister at the Future Homemakers Awards program held Friday, April 1. Miss Moore is very active in FHA work and has served as historian and treasurer, and has been elected as the 1966-67 president of the local chapter. After her graduation in May of 1967, Diana plans to attend college and major in the field of Home Economics.

4-H Club Gives Program For YH

The Abernathy 4-H Club brought an interesting and beneficial program to the Young Homemakers at the regular meeting Thursday, April 14, in the Homemaking Department. Some of the demonstrations that will be entered in the County Meet, April 23, were presented. In the Junior Division Karen McClelland gave a speech on "What Has 4-H Done to Enrich the Nation?". Kathie McClelland and Leigh Riley on Devilish Eggs and Dreuann McCane on "Packing a Suitcase." Donna Huffaker in the Senior Division this year, gave a demonstration on "The World of Cheese."

Blood Typed At Clinic

The Abernathy Odd Fellow Lodge, which established the Walking Blood Bank here some 10 years ago, urges everyone who has not had their blood typed to go by Abernathy Medical Clinic and have this done. Record cards for this purpose are at the clinic. Knowing your blood type, and carrying this information on your person at all times, could be a means of saving your life under certain conditions, and you might be able to help someone by donating blood. The Odd Fellow Lodge did a lot of work on this project, establishing the Walking Blood Bank. The Lodge has a permanent blood bank file, and the Lodge prepared file No. 2, which is kept at Reid Chevrolet.

Gertrude Prather Flew to Dallas

Gertrude Prather flew to Dallas to attend the funeral service for her brother, Kenneth Pagan, who passed away April 7, in Dallas. Services were conducted there Saturday, with burial in Cooper. Kenneth formerly lived here and attended school here.

Rural Accident Report Given

The Texas Highway Patrol investigated 15 accidents on rural highways in Hale County during the month of March, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in seven persons injured and an estimated property damage of \$33,395.00.

The rural traffic accident summary for this county during the first three months of 1966 shows a total of 51 accidents resulting in one person killed, 29 persons injured, and an estimated property damage

of \$57,025.00. Career employment in the uniform services of the Texas Department of Public Safety is now being offered young men between the ages of 21 and 35. "More than 100 of these positions of trust and public service are open for qualified men," the sergeant stated. "They include opportunities for advanced education, excellent physical conditioning and a permanent career of serving mankind."

Applications and full information can be obtained by contacting any Department of Public Safety patrolman or station. June 6 is the deadline for accepting applications for the examination to qualify men for the August 9 training school.

News Of Men In The Service

FORT SILL, OKLA. (AHT-NC) - Army Pvt. Roberto Dela Garza, 20, whose wife, Beatrice and parents, Mr. and Mrs. Esteban Dela Garza, live in Idalou, Tex., completed advanced artillery training at the Army Artillery and Missile School here, April 15.

Dela Garza was trained as a cannoneer in field artillery. His training included maintenance and firing of artillery guns, howitzers and heavy machineguns. Instruction was also given in ammunition handling and communications.

Dela Garza entered the Army last December and completed basic training at Fort Polk, La. He attended Idalou High School and was employed as a carpenter's assistant before entering the Army.

BROWN, FROM PAGE 1

I am placing my candidacy before the citizens of precinct 4, Lubbock County, for their consideration for election as commissioner, I have spent 45 of the 51 years of my life in precinct 4 and now reside with my wife and son 4 miles northwest from Shallowater.

I believe I understand at least some of the problems connected with the work of being a commissioner and fully realize the great responsibility of assuming such a public trust. My main interest in seeking this post is to serve all of the people of the precinct in moving toward an orderly and more efficient county government with fairness to all.

If elected to this office, I pledge to execute all the duties of the office with dignity and integrity and with the good of our citizens foremost in mind. I would appreciate your VOTE and SUPPORT in the May 7th primary to give me the privilege of trying to serve you. D.J. (Buz) Brown

The 19th District Convention of the American Legion will be held in the Hilton Hotel, Plainview, April 23-24.

Grandson Will Go To Africa

(Editor's Note: Following is a clipping from a Dallas newspaper, giving information concerning a grandson of Mr. and Mrs. Dewey Price of Abernathy. He is Larry Price, son of Mr. and Mrs. Dewey Price, Jr., Dallas.)

Dallas' Webbs Chapel Church of Christ is sending two of its young members to participate in a Church of Christ "Safari for Souls" in the Union of South Africa this summer.

District Swine Show

Marvin Meek, Plainview 4-H Club member, showed the Champion boar in the Sears District 4-H Pig Show held Saturday morning at the Panhandle South Plains Fairgrounds here, according to Ollie Linder, County Agent.

Jana Spruiell, Abernathy 4-H Club member, who had previously exhibited the first place Sear's Gilt in Hale County Show, placed seventh in the District Show Saturday.

Jana is the daughter of Mr. & Mrs. W. G. Spruiell of Abernathy and Marvin is the son of Mr. and Mrs. Harley Meek of Plainview.

Attending the District Show in Lubbock were the 4-H exhibitors and their parents along with Ollie Linder, County Agent and Roy L. McClung, Jr., Associate County Agricultural Agent.

TALK FROM PAGE 1

Jimmy McAllister, son of Mr. and Mrs. Bob McAllister, is on his way up in the field of municipal management. He worked at city hall here while attending Texas Tech, then went to Wichita Falls as assistant city manager. Presently, he is with the League of Municipalities at Austin.

An Abernathy native, with the full scope of his talents yet to be developed, some day will be in the big time of the entertainment world. He is Jay Johnson, the younger son of Mr. and Mrs. Noel Johnson, Richardson.

AHS was a world-traveling ex-student who has made quite a name for himself in boxing. He is Dick Knight. He corresponds with Mr. and Mrs. Ray Willis and we keep up with him through them. Dick has made boxing appearances in Europe, Africa and the Far East. The last card the Willises had from him, he was in Tokyo and was going from there to Australia and New Zealand.

In journalism and television, LaDoyce Lambert, son of Mr. and Mrs. Herman Lambert, is with the daily newspaper in Midland. Ershel L'Roy has been with a Houston TV station for many years. Abernathy has some young men with TV and radio stations in Lubbock.

In addition to Bucks, Abernathy has others in commercial airlines work. Don Cunningham, son of Mr. and Mrs. W. V. Cunningham, is a pilot for Eastern Airlines, flying out of Washington, D. C., and Sherrill Rhodes, son of Mrs. C. E. Rhodes, Sr., is a pilot with the same airlines, based in Chicago. It has been several years since we have had a report on Fieldon McGee. At that time, he was employed in Amarillo by TWA.

In the field of religion, a former Abernathian, R. E. Rampey, Jr., was serving as a missionary. Galen Carr and his family were in the mission field in Africa for a number of years.

The community of Lakeview, Hale County, has made an unusually high contribution in this field. Six or seven young men from there have made ministers, including two from the A. W. Mayo family. One is an evangelist, Clifford, and the other, William, is on missionary duty in Africa. His wife, the daughter of Mr. and Mrs. Lawrence Amerson, and their children are with him. The Rev. Charles Lutrick, son of Mr. and Mrs. T. E. Lutrick, is pastor of the First Methodist Church, Floydada. The Rev. Walter Driver, son of Mr. and Mrs. T. W. Driver, is pastor of the Methodist Church at Plains.

The Rev. Russell McAnally is pastor of the First Methodist Church in Friona, and the Rev. W. A. Amerson is pastor of a Methodist Church in Indianapolis. A son of Mr. and Mrs. O. D. Rhodes is in the ministry. He is Winfred (Skeet) Rhodes.

Three former Abernathians are doctors. Dr. Gorman Webb, optometrist, Dr. Eugene Legg and Dr. J. D. Snider, medical doctors. Gorman is a son of Mr. and Mrs. John Webb. Eugene is a nephew of Ray Pinson, and J. D. is a son of the late Mr. and Mrs. John Snider.

A large number of AHS exes are in the teaching profession, scattered from Florida to California.

Men from this area have distinguished themselves in two World Wars, Korea and now in Viet Nam. Many from here have given their lives to maintain freedom. A number of them stayed in service as a career, and have reached high non-com and officer ranks.

On the distaff side, Martha Benn, daughter of Mrs. Eva Benn and the late Chris Benn, is making a career in Girls Scout work, currently stationed in New Jersey.

Abernathy has had the good fortune of having some of its young people return home to stay after finishing college. This is good for the town and community.

If any of you are apprehensive about the leadership passing to the next generation, forget it! The next generation will be trained and equipped to do a better job.

Insurance Rate Cut

The state board of insurance announced a one percent reduction in the fire insurance key rate for Abernathy which will mean a saving of approximately \$184 in net premiums if the same amount of insurance is bought this year as last.

Key rate was lowered from 35 to 34 cents, with the main charge being 10 cents for a volunteer fire department. Offsetting credits were given for having a booster truck, arson reward, firemen's training school and for teaching fire prevention methods and principles of fire insurance in the schools.

Key rate is the basic premium for \$100 of fire insurance.

Mr. and Mrs. Elton Blackmon have sold their 160-acre farm two miles north and two miles west of County Line to Vernon (Pig) Pettit, and are moving to Shallowater. Idalou zip code: 79329.

Vernons Neis and Thomas Johnston were on Hale County Grand Jury service in Plainview this week.

Petersburg zip code: 79250. The annual meeting of Young Homemakers Chapters and Young Farmer Chapters in Area One is scheduled from Sept. 10, at Tulla High School. Delton Stone, member of the Abernathy Young Farmer Chapter, is president of the Area One Young Farmer organization. His wife, LaNell, is a secretary in the Area One YH organization.

Standing in the wings patiently waiting to come on stage is a large number of young married men and women who will provide excellent leadership. We saw a sampling of this group in action at the Young Farmer and Young Homemaker banquet here earlier this year.

I suppose the generation in the age group of the ones seen on "Where The Action Is," and other TV shows with young, long-hair performers, eventually will develop into responsible leadership. I hope.

Boys wearing long hair are going to get us into war. Communist countries will think they can whip the U.S. with a powder puff.

Long hair, like other fads, eventually will go by the boards. And, the quicker the better!

I asked our grandson, Mark Havens, an avid TV fan, what he thought about the long-haired boys. His wordless response was a long, deep, pre-regurgitating sound. Which pretty well describes the feeling of a lot of people on that subject.

While bragging on grandchildren: Mark's second grade teacher at Ralls gave the class a number of words to put together into a poem. His poem: "When airplanes become as thick as cars, and people travel from Earth to Mars, will traffic lights be stars?"

Mark got some unjustified kidding when he answered "forty-one cents" to the question: "how much is a half-dollar?" He may have been giving the half-dollar's devaluated worth. A couple of years ago, he handed a nickel back to me, saying "it won't buy anything."

WICHITA FALLS TIMES Photographers Jim Cochran and George Smiley filled a page of the newspaper with pictures made during the Lubbock Monterey and Wichita Falls football play-off game in that city last November. This unposed shot features Toni Turpen, Monterey Majorette. Toni formerly attended school in Abernathy. She was at home here with her grandparents, Mr. and Mrs. C. C. Turpen, before going to Lubbock, where her father, Paul, resides.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

The story has often been related of the lemmings of the Arctic who every once in a while, following erratic leaders, all plunge into icy waters to commit mass suicide.

While some wonder has been expressed by naturalists as to what causes this phenomenon, many economists also wonder what causes labor leaders to lead the American economic suicide.

There is a C. W. Harder lesson to be learned from the recent announcement of Jones and Laughlin Steel Corp. of its closing of the nail mill at Allegheny, Pennsylvania. Because this company, which has been making nails since its founding 113 years ago can no longer compete with foreign production, it is forced to close down, releasing 100 workers.

Prior to the complete closing of the plant, reduced sales had caused loss of jobs for 200.

Even the mighty U.S. Steel is no longer interested in selling nails and rods, while Jones & Laughlin stopped making fencing for the same reason.

In making the announcement of the closing, J & L reported that in 1964 some 50 per cent of all nails used in the U.S. came from overseas with this percentage steadily increasing since that time.

Of course, government policies of the past twenty years or so in cutting down the U.S. protective tariff system has played a part in this loss of

jobs, influenced by "one world thinkers" in State Dept.

But alert labor leaders would have long ago recognized the situation as it exists, and either have thrown support behind higher tariff protection, or else have modified demands on wages, hours, and fringe benefits so that American industry could compete and continue to supply jobs.

The facts do not lend themselves to short sighted vision. It must be recognized that the domestic supply of high grade iron ores have been largely depleted and a great deal of the U.S. steel making capacity is now dependent on taconite, or a low grade ore, running about 26 per cent iron content as compared to around a 52 per cent iron ore still being mined in the Rbur valley.

But due to the excessive demands of the labor leaders, it is even possible today for nations such as Japan which has neither sufficient coal nor iron, to haul these items across oceans, make the ore into steel and then ship the finished product into the U.S. at prices the U.S. industry cannot meet.

Of course, for high quality steels, the U.S. is still the leading producer. But these steels are largely used for armor plate, and other military needs.

Thus, as long as it is necessary for the U.S. to maintain a strong military posture, the labor leaders will be supported by this policy.

However, while bona fide world peace would necessitate many economic adjustments, for today's labor leaders such world wide tranquility would be disaster.

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF LUBBOCK AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The Abernathy Weekly Review as he saw conditions. These people are all leaders in their various lines of endeavor and the cooperation of those citizens in Lubbock who helped make this department possible is sincerely appreciated.

Bobby W. Taylor

In compiling this review of conscientious Lubbock business men, we have endeavored to select those citizens who, by the manner in which they have conducted themselves and the management of their businesses, have earned for them positions of leadership in their various fields of activities. Such a man is Bobby W. Taylor of Plains Parts Warehouse Incorporated, warehouse distributor for automobile parts, supplies and equipment. Mr. Taylor's main interests have not been solely confined to his own business and private affairs, but have also included his contributions in one form or another, to those pro-

jects of a civic nature which come within the scope of his activities.

Bobby Taylor is a man of wide experience, whose exploits in the business and commercial life of Lubbock and vicinity, merits more than a passing attention, and the writer is privileged to pay this brief tribute to a man who well deserves more credit than is accorded him here.

Lois Reese

Lubbock owes much to those progressive citizens who have taken an active part in the growth and progress of the city, and who have helped to make it the business center for this section of the South

Plains. In mentioning some of those, it is only fair to include Lois Reese of the Luzier Cosmetic Studio, located at 2302 Elgin, whose outstanding knowledge of the business, backed up by thirty years as representative for Luzier Cosmetics, has brought her to the forefront in her particular field of endeavor. Inquiries regarding her excellent services may be obtained by calling SW 5-7378.

She is wholly deserving of our sincere praise, and these few words of commendation are but a just recognition for the many activities she has conducted on behalf of her character, but has also been a strong factor in maintaining her in a position of leadership in her vocation.

We trust that Lois Reese will continue to serve the women of Lubbock and the surrounding area for many years to come.

Charles E. "Chuck" Key

Charles E. "Chuck" Key, manager of the Texas Bag & Bagging Company, has won the universal respect and good will of the people of Lubbock and the surrounding country for the progressive manner in which he has kept this popular and reliable company in the forefront of the business life of this entire district. Also for the efficient and friendly willingness he has displayed in accepting his share of responsibility in aiding civic projects.

Mr. Key is not the kind of man who makes himself conspicuous by the manner in which he conducts himself, either in business or other matters. Yet, his quiet reserve and air of confidence mark him as a man of sound judgment, whose opinions and advice are sought after and listened to with respect.

We compliment "Chuck" Key for the successful management of the Texas Bag & Bagging Company, and also for his constructive advice and help on those civic affairs in which he has found time to interest himself. He is a man whom many are proud to call friend.

Leonard And Homer Wilson

Because this is a period of growth and expansion for Lubbock, those conscientious business men who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Leonard and Homer Wilson of Wilson & Wilson Incorporated, for they have become well-known figures in the business and commercial life of this section of the South Plains.

Their persistent optimism and steadfast belief in the continued future prosperity of the people of Lubbock and vicinity, are characteristics which are deserving of our highest praise.

Homer and Leonard Wilson have always shown a willingness to do their part in civic advancement, and have contributed their bit, in one form or another, to projects promoted for the welfare of the city. We believe that business men of this kind are entitled to our sincere praise, both because they have achieved success in their business and private affairs, and because they are willing to contribute to the public good.

Joe Young

To serve the public honestly, efficiently, and cheerfully, is the basic foundation many progressive business men of Lubbock have found to be the shortest route to success. In making this statement, the man we have in mind is Joe Young, manager of the Beneficial Finance Company of Lubbock, Texas. The popularity and patronage enjoyed by his many services accentuates the ideals of courtesy and efficiency which he has consistently applied in the management of the company, and in the servicing of its patrons.

The conduct of such businesses, and the men who manage them have done much to make the Hub City the business center for many miles around, and it is fitting that we give credit where credit is due to such men as Mr. Young for his part in the onward progress of the city. In so doing, we are merely putting into words the opinions of those who know him.

Joe Young has earned his success by the method in which he has served the public, and accepted both civic and business responsibilities, and we wish him every success in the future.

Ernest Johnson

One of the more dependable real estate men of Lubbock and one whose success can partly be attributed to a deep insight as to the direction in which the city will develop is Ernest Johnson, whose agency is located at 2806 34th Street. He has a sound basic knowledge of real estate values, and has turned that knowledge to the advantage of the people with whom he does business. And his aggressive methods, coupled with his sound and practical ideas have made the services he has rendered to the people more valuable, and materially contributed to his well-earned success.

Mr. Johnson is also civic-minded, and has always shown a cheerful willingness to contribute his share of time and energy to the promotion of community projects.

It is because of the activities of such progressive business men that year after year, Lubbock continues to show such a healthy growth and expansion, both as a residential and industrial city. We are glad to pay tribute to Ernest Johnson for the part he is playing in the onward progress of this entire region.

Frank Bass

In singling out some of the more progressive business men of Lubbock, we would be remiss should we fail to include Frank Bass, manager of the Ryan Mortgage Company, now located at 2215 50th Street. He is a man who has never spared himself in his participation in both the business and civic activities of the city.

Mr. Bass has always been conscious of his civic responsibilities, and is ever ready and willing to meet in every detail, those opportunities which come to his attention to further civic enterprise. He may well be proud of his achievements along these lines.

Frank Bass deserves a great deal of credit for the honest and successful manner in which he has managed the operations of the Ryan Mortgage Company. He is a friendly and likeable personality, whose sincere desire to be of service has gained for him a host of friends and business acquaintances in and around Lubbock, who would, if given the opportunity, join us in wishing him many more years of continued success.

Clint Adams

Clint Adams, who just a short time ago assumed the operation and management of the Hub Furniture & Appliance Company at 1009 Avenue H, quite readily demonstrated his unusual ability by his quickness to appreciate the obligations and responsibilities of his new endeavor, and to conduct his affairs accordingly.

Although he has been operating the business for a comparatively short time, he has already made many new friends and satisfied customers for the Hub Furniture & Appliance Company.

Mr. Adams is an active, energetic individual, whose friendly and sincere personality, and desire to be of service is rapidly earning a place for him in this district. He has always taken an interest in community activities, and in due course of time will assume his full share of civic responsibilities.

Clint Adams deserves a word of praise for having so adequately established himself in his new venture, and we are glad to give him this brief mention.

Mary L. Livermore

A city grows and prospers by reason of the public-spirited men and women who take an active interest in its development. Lubbock has its share of these progressive and civic-minded people, and one who is deserving of recognition is friendly, likeable, Mary L. Livermore of the Livermore Drilling Company.

Her business ability, coupled with a thorough knowledge of the business have been major factors in maintaining the Livermore Drilling Company in a position of leadership throughout the West Texas area. She not only in her business activities, but also in her attention to civic duty, assumed an active part in community affairs.

Mrs. Livermore has always been ready and willing to contribute her time and energy to the promotion of any project promising to benefit the community as a whole. She has often sacrificed personal interests to be of assistance to the city, and her efforts are deserving of commendation and support. We congratulate Mary Livermore on her past achievements which, in our opinion, indicate a similar successful career in the years ahead.

Joe Bush

It is appropriate that we include in this review of conscientious Lubbock business men, Joe Bush of Joe Bush

Wholesale Meat, who in the very near future will open a new and completely modern steak house at the same location on the Plainview Highway. Furthermore, he is a man who not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs.

Aside from his business activities, Mr. Bush has always shown an interest in the civic betterment and progress of his community, and has backed up his interest by his contributions to many projects which have benefited Lubbock and the surrounding trade area. He is a good and loyal citizen, and the full measure of his loyalty is most apparent because of his willingness to aid in the promotion of worth-while community activities.

His help along these lines has made of Joe Bush an excellent example of the type of individual we all appreciate. We congratulate, and extend to him on behalf of all those interested in better business and civic progress, sincere appreciation for his contributions to the general welfare of Lubbock and vicinity.

Mr. And Mrs. A. G. Ramirez

Mr. and Mrs. A. G. Ramirez of the Taco Village are two of those progressive type of citizens upon whom the community depends a great deal for leadership in business or other matters. They are also civic-minded, and have, in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who make friends, and friendships once formed by them are never broken by an unfriendly act on their part; and they spare no efforts in order that their services to the restaurants and drive-ins shall be more dependable.

They have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with quiet dignity. We do not hesitate to recommend Mr. and Mrs. Ramirez to our readers as good examples of the more progressive type of business people who have aided in the growth and development of Lubbock and the surrounding country.

Bill H. Williams

In all business and professional pursuits, there are men who have met with success because they have honestly deserved it, and such a man in his field is Bill H. Williams, manager of the Texas Life Insurance Company, who well deserves the reputation he has earned for being one of Lubbock's more dependable insurance counselors. His thorough knowledge of everything pertaining to the insurance business is exemplified by the manner in which he fulfills each and every demand made upon him in line with his business.

Moreover, such experience as Mr. Williams has gained in the successful management of the Texas Life Insurance Company has been turned to the advantage of his fellow citizens by applying the same principles to the promotion of those civic projects to which he has been called upon to lend his able assistance. Thus his success in business has further enhanced his value to the Hub City.

We appreciate the opportunity of including Bill Williams in this group of progressive and civic-minded men who are actively taking part in the evolution of the business life of Lubbock.

Mike Lillis

Every progressive and successful business man in Lubbock contributes in some manner to the growth and progress of the city. And one who is always willing to do his part in both civic and business activities is Mike Lillis of the Lillis Sales Company, who is well known, and has a great many friends and business associates throughout West Texas and New Mexico.

The prominent part that the Lillis Sales Company is playing in the business and commercial life of Lubbock and vicinity, mirrors the dependability and honesty of such men as he. Moreover, Mr. Lillis has also at all times been steadfast in his devotion to the city and the surrounding country, and on many occasions has lent his support to the successful promotion of meritorious civic projects.

Lubbock and this district are fortunate to have such a man as Mike Lillis in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more progressive business men.

Joe R. Siler

It isn't the size of volume of a man's business which deter-

mines its value to the community in which he lives. But rather by the manner in which it is conducted. Which, to a greater or lesser degree, reflects the personality and character of the individual. The value of Joe R. Siler's business to the Hub City is a reflection of his progressiveness, and a determination to render the utmost in service, a policy which has caused Siler's Rug & Carpet Cleaning to be so well thought of, and so widely patronized by the people of Lubbock and the surrounding area.

That same progressiveness and ability which has made him so successful in his own business has also fitted Mr. Siler to be of assistance on community projects and public drives. Moreover, he does so cheerfully, and with a friendly spirit of cooperation that is always more than welcome. It is a pleasure to include Joe Siler in this Lubbock review, and to wish him further success in the rug and carpet cleaning business.

Elizabeth W. Mattison

Our issue today proposes to call the attention of our readers to some of those progressive and civic minded people who have contributed their share of time and energy to the building up of Lubbock and the surrounding territory to the position of prominence which it now enjoys.

One of these individuals to whom we wish to call the attention of our friends is Elizabeth W. Mattison of the Twenty First Street Pharmacy, a firm where pharmacy is a profession, and not merely a side-line.

She is a woman who has never spared herself in her aggressive march forward, and one whose competitors respect as much as do all others with whom she comes in contact.

Mrs. Mattison is at all times conscious of her civic responsibilities, and may be depended upon to meet in every detail, the many opportunities which present themselves to be of service to the city.

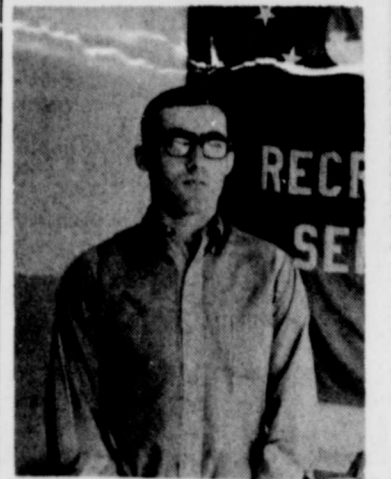

Elizabeth Mattison's record of achievement is one of which she may well be proud. Her value to the city and this district is an established fact, and we hasten to give her the credit which is her just due.

C. L. Sutton

It is a well-known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him certain qualities over and above the average, he is deserving of a few words of praise. Such a personality is C. L. "Chet" Sutton, drilling supervisor for the C. C. Smith Drilling Company, a leader in the business and oil activities of the Southwest.

In addition to being one of the city's more progressive business men, Mr. Sutton was never a man to dodge his civic duties. More than that, he enters cheerfully, and with enthu-

Enlists In US Air Force

DENNIS HALL
A/B Dennis L. Hall, son of Mr. and Mrs. Rhea L. Hall, Box 566, Abernathy, Texas, entered the Air Force today from within the Air Force delayed enlistment reserve program and as a result of aptitude tests that were administered at the Air Force Recruiting Office, 1006 13th Street, Lubbock, Texas, will be trained in the Electronics Aptitude Area.

Airman Hall stated that he chose the Air Force because it has more to offer and will qualify him for a better job when he leaves the service.

Dennis graduated from Abernathy High School in 1964, and then entered Bethany Nazarene College at Bethany, Oklahoma. Dennis was employed by Litton Industries in Lubbock prior to enlistment.

Sgt. Harr, the local Air Force recruiter, added that he has openings for persons that are interested in the Air Force and would be available to discuss any of the programs he has available.

Mr. and Mrs. Jack Myatt returned home Monday from Possum Kingdom Lake where they had been visiting and fishing for several weeks.

Mr. and Mrs. Hoyt Curry of Plainview spent Sunday afternoon in the home of her sister, Mrs. O. F. Rea of Abernathy.

ADD UNUSUAL Occupations—posing as a wax figure. B. B. (Bob) Murry, above, has had this occupation the past 18 years. He and his wife, Carolyn, appeared at Smith's Thriftway Super Market April 9, starting the customers as the "wax figure" suddenly "came to life." They have toured most of the United States making such appearances. Murry, whose headquarters are at Lariat, Texas, has posed

Klafka Joins US Air Force

James A. Klafka, 22, son of Mr. and Mrs. Alfred H. Klafka, Abernathy, enlisted in the United States Air Force on 11 April announced Staff Sergeant Clifton W. Harr, whose office is located at 1006 13th Street in Lubbock.

Based on the results of aptitude tests administered prior to his enlistment, James selected and was enlisted in the Mechanical field. He has been assigned to Amarillo Air Force Base where he will undergo his basic training. James is a 1962 graduate of Abernathy High School.

"comes to life," giving the customers a startling surprise. The Review editor, who had been by Smith's earlier, assigned Mike Skipper to take a picture of the "wax figure" without telling him the full story. He didn't say so, but I imagine Mike thought it was a little late in the month for my April Fool jokes. Mike said he visited a wax museum in California where a man dressed as a Keystone Cop "came to life."

Mike said Murry was more realistic, or would it be more unrealistic, than the Keystone Cop. If you haven't seen it, you should visit the wax museum on the State Fair grounds, near the Cotton Bowl Stadium. Most interesting are the figures of the late President Kennedy, his wife, Governor John Connally and his wife as they were going from U. S. Air Force One to Love Field terminal to begin the parade through downtown Dallas which ended in tragedy that November day in 1963.

In the museum, across the aisle from the scene described, are figures of Judge Sarah T. Hughes, administering the oath of office of President of the United States to Lyndon B. Johnson, with Mrs. Johnson at his side. This took place aboard Air Force One parked on the apron at Love Field shortly after President Kennedy died. Elsewhere in the museum, is a figure of Lee Harvey Oswald,

Texas, until 10:00 A.M., May 4, 1966, for furnishing all necessary materials, machinery, equipment, superintendence and labor for applying a double asphalt surface treatment on approximately 16,600 square yards on the south end of the north and south runway at the Abernathy Municipal Airport. Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of the City of Abernathy, Texas, in an amount not less than five percent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The Successful Bidder must furnish Performance and Payment Bonds on the forms provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Sureties acceptable to the Owner. All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids, to waive formalities, and to accept the bid which seems most advantageous to the City's interest. Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications. Information for bidders, proposal forms, plans and specifications are on file at the office of Robert W. Sokoll, City Manager, Abernathy, Texas, and are on file and may be secured from Parkhill, Smith & Cooper, Inc., Consulting Engineers, 201 Avenue R, Lubbock, Texas.

Washington Report By George Mahon

The number one concern in Washington today continues to be the war in Viet Nam. There had been a tone of cautious optimism over the war as a result of the strengthening of our forces and the partial blunting of the Communist effort. However, recent evidences of continued instability in the government of South Viet Nam are very disturbing. It is difficult to help a country which will not unite in an effort to help itself. As I see it we have no alternative in the war but to fight through to a successful conclusion. I believe it will be necessary to provide large numbers of additional American troops

and increase the intensity of the attack on North Viet Nam. Not only are our prestige and the credibility of our commitments on the line in Viet Nam, but our long-range security, as well. Speedy action by Congress at this session in providing huge additional sums for the war demonstrates the support of Congress for a firm policy in the war effort. Officials here share the concern and frustration of the American people over the war, and they are seeking earnestly to find the right road to follow. Decisions as to future actions in the war depend on a number of factors, and it is not possible to predict at this time what the future developments will be. There is common agreement that our efforts must be made to succeed. Spending incident to the war is adding inflationary pressures and generating a lot of talk about a tax increase. The general atmosphere in Congress is definitely against a tax increase at this time, but a threat of run-away inflation would have to be met. A reduction in government spending would help - and I am working toward that end - but it is difficult to get agreement on where to cut and how much. Many people in and out of government are interested in spending for programs which they approve such as farm supports, assistance to urban populations, or public works, than they are in cut-backs. This is one reason why economy is easier to talk about than to achieve. Inflationary trends during the next few months will determine what action Congress may take later in the session toward a tax increase. Hopefully such an increase will not be needed. The 50-member Committee on Appropriations, which I head, has spent the last three months weighing and studying the President's request that we appropriate at this session of Congress the sum of about 138 billion dollars. Of this sum, \$122 billion would be for the fiscal year beginning July 1, and the remainder for the current fiscal year. The first major money bill of the session provided the additional sum of \$13 billion for the war in Viet Nam. I estimate that total appropriations for the Department of Defense at this session will approach \$72 billion. The House has passed three appropriation bills so far in this session. Action on the remaining twelve is planned by June 30th. As the new bills are considered I am urging more restraint in fiscal matters and a slow down in government spending wherever this is reasonably possible. The various committees of Congress have been in the process of studying the hundreds of bills which have been introduced since Congress convened in January. It is too early to predict accurately just what this session of Congress may actually accomplish. Perhaps there has been more widespread interest in the so-called G.I. Bill of Rights, which was enacted early in this session, than in any other measure that has been approved thus far. Reports coming to my office from farmers and businessmen indicate considerable uncertainty as to the long-range future of agriculture. The stepup in requirements for feed and food grains will help the situation somewhat. No major farm legislation is in prospect for this session.

Mr. and Mrs. J. E. Jackson spent Sunday in the home of their son, Moody, and family. It was Mrs. Jackson's birthday.

VISIT LIBRARY IN BONHAM

Mr. and Mrs. Billie Harrison, Mr. and Mrs. C. F. Phillips and Mr. and Mrs. Carl Phillips, all of Abernathy, visited The Sam Rayburn Library in Bonham recently. They saw the books, papers and historical mementoes collected by the late Speaker Sam Rayburn during his more than fifty years of service to his country. The Library also contains a replica of the office Mr. Rayburn occupied in the Capitol during the time he served more than twice as long as any other man as Speaker of the United States House of Representatives. There is no admission charge to the Library. It is open to the public Monday through Friday from 10:00 a.m. until 4:00 p.m.; on Saturday from 1:00 p.m. to 5 p.m., and on Sunday from 2:00 p.m. until 5:00 p.m.

Washington Report By George Mahon

The number one concern in Washington today continues to be the war in Viet Nam. There had been a tone of cautious optimism over the war as a result of the strengthening of our forces and the partial blunting of the Communist effort. However, recent evidences of continued instability in the government of South Viet Nam are very disturbing. It is difficult to help a country which will not unite in an effort to help itself. As I see it we have no alternative in the war but to fight through to a successful conclusion. I believe it will be necessary to provide large numbers of additional American troops

and increase the intensity of the attack on North Viet Nam. Not only are our prestige and the credibility of our commitments on the line in Viet Nam, but our long-range security, as well. Speedy action by Congress at this session in providing huge additional sums for the war demonstrates the support of Congress for a firm policy in the war effort.

Officials here share the concern and frustration of the American people over the war, and they are seeking earnestly to find the right road to follow. Decisions as to future actions in the war depend on a number of factors, and it is not possible to predict at this time what the future developments will be. There is common agreement that our efforts must be made to succeed.

Spending incident to the war is adding inflationary pressures and generating a lot of talk about a tax increase. The general atmosphere in Congress is definitely against a tax increase at this time, but a threat of run-away inflation would have to be met. A reduction in government spending would help — and I am working toward that end — but it is difficult to get agreement on where to cut and how much. Many people in and out of government are interested in spending for programs which they approve such as farm supports, assistance to urban populations, or public works, than they are in cut-backs. This is one reason why economy is easier to talk about than to achieve.

Inflationary trends during the next few months will determine what action Congress may take later in the session toward a tax increase. Hopefully such an increase will not be needed. The 50-member Committee on Appropriations, which I head, has spent the last three months weighing and studying the President's request that we appropriate at this session of Congress the sum of about 138 billion dollars. Of this sum, \$122 billion would be for the fiscal year beginning July 1, and the remainder for the current fiscal year.

The first major money bill of the session provided the additional sum of \$13 billion for the war in Viet Nam. I estimate that total appropriations for the Department of Defense at this session will approach \$72 billion. The House has passed three appropriation bills so far in this session. Action on the remaining twelve is planned by June 30th. As the new bills are considered I am urging more restraint in fiscal matters and a slow down in government spending wherever this is reasonably possible.

The various committees of Congress have been in the process of studying the hundreds of bills which have been introduced since Congress convened in January. It is too early to predict accurately just what this session of Congress may actually accomplish. Perhaps there has been more widespread interest in the so-called G.I. Bill of Rights, which was enacted early in this session, than in any other measure that has been approved thus far.

Reports coming to my office from farmers and businessmen indicate considerable uncertainty as to the long-range future of agriculture. The stepup in requirements for feed and food grains will help the situation somewhat. No major farm legislation is in prospect for this session.
