Rebels Leave Dominican To Ease Crisis

By ROBERT BERRELLEZ

SANTO DOMINGO, Dominican Republic (AP) — The latest Dominican crisis eased today as six leading rebel officers left the country and Communist labor leaders called off a lagging strike.

The six rebels who left Tuesday were the first to obey President Hector Garcia-Godoy's order naming 30 military officers of both factions in the April rebellion to diplomatic and study posts abroad.

Col. Francis Caamano Deno, the former president of the rebel regime, and his armed forces minister, Col. Manuel Ramon Montes Arache, remained behind. They were expected to leave the country soon, possibly this week.

The Dominican army balked at accepting the president's order last week, but Commodore Francisco River Caminero, the military chief, has said the regulars will consider it as soon as the top rebels leave.

Communist unions, faced with the failure of a two-day "patriotic strike" to protest Garcia-Godoy's order told their followers Tuesday night to return to their jobs. The Communist labor chiefs said the strike had demonstrated the "peoples' support" of the cause.

The strike caused minor disruptions in the capital, but no major industries were affected. A few stores closed, fearing damage from agitators.

Two civilian demonstrators were killed during the work stoppage. One was shot by a U.S. paratrooper of the Inter-American Peace Force. Another died Tuesday when an army and police patrol fired into a group of demonstrators throwing rocks in a suburb.

The departing rebel officers were received by Garcia-Godoy at his residence as he was celebrating his 45th birthday. The group was taken to the International Airport by U.S. Army helicopters and put aboard a jetliner for Puerto Rico.

An official source said the officers — five colonels and lieutenant — were going to Rome, Guatemala, El Salvador, France, Mexico and Uruguay.

CHAMBER OF COMMERCE OFFICERS—These four officers were elected Tuesday night to head the Snyder Chamber of Commerce during 1966. From left are Bill Seale, president; Bentley Baize, first vice president; H. F. Clark, second vice president; and George Patterson, treasurer.

Bill Seale Elected President Of C-C

Bill Seale was elected last night to serve a full term as president of the Snyder Chamber of Commerce.

Seale, who had been elected first vice president of the organization last year, took over the reins at mid-year when former president Felix Jones moved from the city. He is operator of the Bell-Seale Funeral Home here.

Bentley Baize, manager of Von Roeder Seed Farm and owner of Snyder Laundry, will continue as first vice president. He was elected second vice president a year ago and stepped up to the first vice president's post when Seale took over as president last summer.

H. F. Clark, Texas Electric Service Co. manager here, was elected second vice president. The second vice president's post had been vacant since last summer.

George Patterson, Snyder City Manager, was elected treasurer.

The new officers will be formally presented at the chamber's annual banquet scheduled for the night of Jan. 29.

Last night's session was the first official meeting of the new board of directors. Elected to two-year terms on a December ballot were Baize, Clark, Roy Burgess, John Boren, Les Francis and Patterson. Members of the 1965 board who still have a year to serve on two - year terms are Charles Blakey, Ed Dickerson, Billy McCormick, Dr. Jack Nesbit, R. E. Weber, Jay Rogers and Seale.

The membership drive launched last week by the chamber was discussed, and the board urged that it be continued. It was reported at the meeting that 27 new members have been signed. The chamber hopes to enlist 85 new members this year and increase its budget by at least $5,000.

It was announced that plans for the annual banquet were proceeding on schedule and that tickets will go on sale soon.

Midwest Gets Relief From Cold

By The Associated Press

Temperatures moderated in the cold regions of the Midwest today but icy air spread eastward to the Atlantic Coast.

Below-zero cold in the Midwest was confined to areas in Northern Lower Michigan, with the mercury dropping to -19 at Pellston. As the cold air spread eastward subzero readings were reported in sections of New England and upstate New York. Cold wave warnings were in effect for New England and northeastern New York.

The Midwest got some measure of relief as fairly warm air from the Southwest sent temperatures above zero in some cities for the first time in several days. At International Falls, Minn., where the mercury dropped to 40 below Tuesday, the early morning reading was 6 above.

Stiff northerly winds fanned the cold air eastward. Some of the chill extended into sections of the Southeast. Snow flurries fell along the southern shores of Lakes Ontario and Erie and in the upper Great Lakes region. Nearly a foot of snow piled up in the Lake Ontario area Tuesday, forcing some schools to close.

Poll Taxes Are Lagging

The Jan. 31 deadline for paying poll taxes at the Scurry County Courthouse is not far off, according to Don Adams, County tax assessor - collector, who reminded area residents the poll tax receipts or exemption forms are required in order to vote in the 1966 elections.

He said over 1,125 poll tax receipts have been sold and 720 exemptions issued. The receipts cost $1.75 each and are sold only to persons qualified to vote under the general election laws of the state. Persons who reached their 60th birthday on or before Jan. 1, 1965, may apply for the exemption certificates.

Adams also reminded residents new car license tags soon will be available at the tax office. He said the law requires persons to show their ownership title or duplicate before new licenses can be sold to them.

School Vote Set; Lincoln To Close

The Snyder School Board last night issued the official call for the annual board election, served notice that the Lincoln School building will not be used next fall as a regular classroom facility, and extended Supt. Robert Clinton's contract through the 1967-68 term.

It was noted that a substantial decrease in enrollment is expected next term in the Central-Lincoln district, and that facilities at the Central Elementary building will be adequate to handle all pupils in the district. During the current term, the Lincoln building houses six grades, and the present enrollment is 76. Dr. Clinton said indications are that no more than 40 would enroll at the Lincoln building next fall.

Appointment of a Professional Personnel Committee composed of classroom teachers, administrators and board members was approved. Appointed to the committee were Jack Gorman, assistant principal at Travis Junior High School; Bob Womack, principal of West Elementary School; Charles Anderson, teacher at Lamar Junior High; Franklin Pruitt, teacher in the high school; Mrs. Elwanda Nall, teacher in Stanfield Elementary School, Bill Schiebel and Kenneth Wilson, members of the board.

The board approved an expenditure of $3,000 to finance a trip by the Snyder High School Band to the Texas Music Educators Convention in Dallas Feb. 10-12. The band was invited to make the Dallas trip after it was selected last spring as the outstanding Class AAA band in the state.

The school board election will be held April 2 to fill two positions on the board. Terms of Bill Browning and Buster Anderson expire. Election judges for three polling places were appointed. They include Mal Andress, East Elementary School; R. C. Lunsford, City Hall, and J. E. Woodson, West Elementary School.

The board approved a proposal to establish a central accounting system for all activity funds at Snyder High School. All funds collected by clubs and other student organizations will be channeled into the new central system, which will be audited by the regular school auditor.

Addition of several to school personnel rolls was approved, most of them for the Operation Head Start Program at Central Elementary and the "Title I" program.

Included are Nancy Bollinger, Dorthy Jean Lee and Maudie Gober, Head Start teachers; Merle Bell, Head Start secretary; Mickey Carrasco, Lydia Gonzales and Maria Ramirez, Head Start aides; Wanda Clinton, Carol Ann Schroeder, Sue Stokes and Carolyn Martin, Title I teachers; Yolando Rosas, June Bellamy, Jeane Duke, Joyce Landon and Sallie Trigg, Title I aides.

Also, Mrs. Mary Kennedy, language arts at Lamar Junior High; Linda Millet, language arts at Travis Junior High, and Mrs. Opal Robinson, high school aide.

Mrs. Wilma Stone, language arts teacher at Travis, was reassigned to the Title I program at Travis, and Virginia Odom, language arts teacher at Lamar, was reassigned to the Title I program at Lamar.

Upon completion of the agenda, the board went into executive session at the request of Buster Anderson. After some 15 minutes it was announced that the session had been ad journed and no official business had been transacted.

Johnson Slates Report On War And Peace

By JACK BELL

WASHINGTON (AP) — President Johnson goes before Congress tonight with a war and peace report expected to provide for continuing his "Great Society" domestic program.

In a State of the Union address to be carried by radio and television networks at 9 p.m. EST, Johnson planned to bring members up to date on his Viet Nam peace offensive aimed at starting negotiations with the Communists to end the Southeast Asia fighting.

There was no advance indication that he would be able to announce any response from a memorandum covering U.S. peace objectives passed directly to North Vietnamese representatives.

But while Radio Hanoi continued to berate the President's call for unconditional discussions, the absence of any formal public rejection of the memorandum stirred some hopes in Congress that there may be grounds for believing they might yet materialize.

A presidential pledge to continue the search for peace was expected to soften the grim possibility that the war may have to be accelerated if the Communists persist in refusing to talk.

Aides indicated Johnson may come up with some over-all total, ranging between $110 billion and $115 billion, for a new budget. Any such total, for the fiscal year beginning next July 1, would not include the $12 billion to $13 billion in additional funds administration officials have been talkng about to finance the war.

Johnson said in a letter from which AFL-CIO President George Meany quoted Tuesday that he is "determined to press ahead in building the Great Society," Meany had expressed fears in a letter to the President that mounting war costs might force a cutback in domestic programs, such as the war on poverty.

The union leader said that through efficient management eliminating outmoded functions, and reductions in some other areas, Johnson said substantial savings had been found to finance the social programs the first session of Congress voted.

Even though he holds expenditures in the latter field to about this year's level, Johnson seems likely to face demands for reductions from a Congress that appears bent on making the Viet Nam war its overriding order of business.

Senate Republican Leader Everett M. Dirksen, told about the Meany letter, made it clear that if the war is escalated, he thinks domestic spending will have to be cut.

"All my life," he said, "I have been devoted to the American dream. But I don't think it can be accomplished overnight when there's a war on."

Dirksen and House Republican Leader Gerald R. Ford arranged to hold a news conference 15 minutes after the President concludes his address. Republicans may come up next week with a statement of their position on Viet Nam and its impact on domestic programs.

Dirksen said he expects Johnson to meet with the leaders of both parties to discuss the outlook. But he said he had received no White House invitation.

Summing up the Republicans' general viewpoint on the course in Viet Nam, Dirksen told a news conference Tuesday:

"We ask to be consulted and to have the opportunity to present our views. When the ultimate decision is made, we may not approve of it but when it is the decision of the commander in chief, we will support it."

Johnson has told Democratic leaders he expects to limit his requests for new legislation. But that obviously does not mean that he will not have new proposals beyond the mere financing of the programs authorized last year.

He is expected to call for action on consumer legislation which would not involve any drain on the Treasury. He already has indicated he wants action on truth-in-packaging and truth-in-lending bills.

He may call for an expansion of the Food for Peace program and for an international educational aid project to be financed largely out of counterpart funds in countries which have been receiving U.S. economic aid.

The President is expected to request $30 million for rent subsidies and $36 million for a National Teachers Corps. Both were authorized last year but no funds provided.

High on his priority list is a House-passed bill to repeal the Taft-Hartley law's 14B provision permitting states to ban the union shop.

COMFORTING A CASUALTY — A young infantryman of the U.S. 1st Division holds hand of a GI pal who writhes in pain after losing a leg in Viet Cong booby trap during American attack on enemy's "iron triangle" northwest of Saigon. (AP Wirephoto via radio from Saigon)

Another Burglary Reported In Dallas

DALLAS (AP) — Another burglary in the exclusive Highland Park district was discovered Tuesday. This one netted the intruders about $5,000 in furs, silverware and gold costume jewelry at the home of Cecil H. Green.

A patrolman spotted the breakin shortly before Green, a vice President of Texas Instruments, Inc., and his wife returned from a holiday trip to California.

Slides Take Heavy Toll

RIO DE JANEIRO, Brazil (AP) — Torrential rains threatened new landslides in Rio de Janeiro today as authorities reported the known dead in two days of flood had reached 131. They feared the toll would surpass 150.

An estimated 40 more deaths from floods were reported in nearby Niteroi, and other casualties were reported in the mountain resorts of Petropolis, Teresopolis and Cachoeira de Macacu. Communication breakdowns prevented details reaching Rio.

The Rio morgue was crowded with the bodies of 122 victims, and police believed more than 200 have perished in floods and slides set off by the worst downpour in the history of this 400-year-old city.

Nearly one foot of rain has fallen in the past day and the Weather Bureau foresaw no letup.

Authorities were unable to give an accurate estimate of the number of injured who jammed the city's hospitals or flocked to improvised dispensaries for first aid.

Many persons were feared still buried beneath 30 major land and mudslides which began Monday as driving rains weakened the mountainsides. In an effort to avert epidemics, police and firemen worked feverishly to uncover the victims.

Thousands of homeless and hungry jammed schools and other public buildings. Thousands more huddled in the rain waiting for emergency shelter and transport.

Federal and state authorities made nearly $2 million available in emergency aid.

Hardest hit so far have been the squatters whose flimsy shacks perch on hillsides overlooking the fashionable Copacabana district. Flood waters began surging into sea-level districts.

Several hundred hillside shacks and a dozen more substantial buildings already have collapsed. Others threatened to topple onto dwelling areas below.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 72 degrees; low, 29 degrees; reading at 7 a.m. today, 52 degrees.

North Central Texas: Fair and cooler tonight and Thursday. Low tonight 28 in the northwest to 46 in the southeast. High Thursday 54 to 64.

Northeast Texas: Considerable cloudiness this afternoon, with widely scattered showers in the east and south portions. Clearing and cooler tonight. Fair and cooler Thursday. Low tonight 35 to 45. High Thursday 56 to 66.

Northwest Texas: Fair through Thursday. Cooler tonight. A little warmer in the west and north Thursday. Low tonight 18 in the northwest to 37 in the southeast. High Thursday 52 to 62.

Coast: Southerly winds shifting to northerly late this afternoon and tonight. Wednesday north to northeast winds 10 to 20 knots. A few showers this afternoon and tonight.

South Central Texas: Partly cloudy and cooler tonight and Thursday. Few showers mainly near the coast tonight. Low tonight 40 to 50 in the north and 50 to 56 in the south. High Thursday 62 to 74.

Southeast Texas: Decreasing cloudiness tonight, becoming partly cloudy Thursday. Scattered showers this afternoon and tonight. Cooler in most sections tonight and Thursday. Low tonight 40 to 52. High Thursday 62 to 70.

Southwest Texas: Clear to partly cloudy tonight and Thursday. Cooler tonight. Low tonight 35 in the north to 50 in the south. High Thursday in the 60s.

Soviet Envoy Keeps Mum About Pressure For Peace

TOKYO (AP) — Soviet envoy Alexander N. Shelepin hasn't given the slightest public hint since he arrived in Hanoi last Friday that he is putting any pressure on the North Vietnamese to agree to peace talks with the United States.

This does not necessarily mean that the Russians have been inactive in this direction.

The Communists have an advantage in their secret diplomacy which the governments of Western nations may sometimes envy. They do not feel constrained to keep their public informed of what they are doing, and they are able to force their controlled press and radio to say what they want them to.

If the Russians begin talking peace, the "leak" is more likely to come from Communist China.

The Chinese spent much time prior to Shelepin's visit warning President Ho Chi Minh and his Vietnamese associates against being taken in by Soviet aid. They charged that Shelepin's mission was to get the North Vietnamese so heavily indebted to Moscow that it could later dictate peace terms favorable to the United States.

Peking coupled these accusations with contemptuous references to Soviet assistance as inadequate, ineffective and inadequate.

The North Vietnamese, who find themselves in the position of poor relations who want help from all members of the Communist family, have lent over backward to show that they love both the Russians and the Chinese.

To keep the Russians happy, Premier Pham Van Dong and other leaders have praised Soviet help to the skies, calling it valuable, effective and welcome. They also have noted the important assistance of the Chinese and other Communist countries.

Since Shelepin's arrival in Hanoi, the Chinese have remained silent on his mission. But it can be taken for granted that they are watching every step he makes.

If there is a move toward peace in Hanoi, the Chinese — who view such a possibility with alarm — probably will be the first to disclose it.

Ancient Church Withstands Blaze

SAN FRANCISCO (AP) — The aged bricks of Old St. Mary's Church, which stood through the 1906 earthquake and fire, beat off flames again Tuesday night.

The century-old Roman Catholic landmark was slightly charred and dampened in a $300,000 blaze. But damage was far less than during San Francisco's greatest disaster when then inside of the church and its roof were ruined by fire.

MANY FEARED DEAD

Crew Missing As Ship Sinks

NEW YORK (AP) — Thirty-one crewmen are missing today and at least 11 are feared dead — after a Spanish freighter with a crew of 38 sank in a fierce North Atlantic storm.

Six crewmen from the stricken freighter, Monte Palomares, were plucked to safety Tuesday as the Coast Guard hunted for other survivors. One other is known dead.

Four crewmen rescued by the American freighter Steel Maker said the vessel's master and many others drowned, but they reported they saw 18 others alive and five more on a raft.

The Coast Guard cutter Escanaba picked up two more survivors on the raft and the dead crewman.

The vessel, en route from Norfolk, Va., to Barcelona, Spain, sank Monday in heavy seas 840 miles northeast of Bermuda. She was carrying a cargo of grain that shifted, causing a bad list in 30-foot seas.

The Coast Guard cutter Androscoggin today took aboard the skipper and 29 crewmen of the Greek freighter Lampsis who had abandoned ship about 240 miles from where the Monte Palomares sank.

The Coast Guard here said the men were removed in the cutter's lifeboats, and none was injured. They abandoned ship at 1:17 a.m. Weather at the scene was good.

The Lampsis had several bad cracks in her hull and deck. The cracks extend below the water line.

Water in the engine room rose to a depth of 15 feet within 30 minutes shortly before the ship was abandoned, radio messages said.

A German salvage tug, the Albatross, was due on the scene about 670 miles east of Bermuda — in 24 hours.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I have been married for six years and it seems like 40. We have three beautiful children. Four, three and 12 months old. My husband is a steady worker and makes a good salary, which he turns over to me as I am a thrifty shopper and a good saver. He doesn't drink or run around. Those are his good qualities. BUT—when he comes home he always greets our children with a slap in the mouth. He always finds some excuse to hit one of them. He uses me as a punching bag if he feels like it, too. He tells the kids, "Don't put any dirt on the driveway. MY car has to run over it." And, "Don't touch the car. It's MINE!" (Everything is HIS.) He doesn't talk, he yells. The kids are scared to death of him and so am I. He hasn't taken me anywhere in two years. I begged him to go to the priest with me and he refused. He says if the priest suffers here he'll throw him out. He won't take me to church so I pray at home, but I have to hide when I pray or he'll say I'm cracking up. Maybe I am. Am I?

WORRIED

DEAR WORRIED: Your doctor can tell you if you're "cracking up." I suggest you see him immediately. Tell him your troubles and ask him to see your husband, too. You don't need see the priest. And if you continue to live with this man, who is cruel (or sick), then you are picker than he is.

* * *

DEAR ABBY: Getting one of those duplicates of a long Christmas letter is like being stuck with someone who does all the talking. No doubt they have a handful of friends and relatives who are interested in what every member of the family did last year, but why bore everybody else? Receiving a Christmas card with a short personal note is sheer delight, but spare me from those form Christmas newsletters.

AGAINST XMAS LETTERS

DEAR AGAINST: Some Christmas newsletters are newsy and interesting. Others are boring. But all are sent in the spirit of generosity and sharing, and it costs something in time and money to compose, print and mail them. When one receives a book as a gift, he should appreciate the thought, but he doesn't have to read it unless he wants to.

* * *

DEAR ABBY: The problem of "adopted parents" in your column recently was one we faced many years ago.

When we brought home a beautiful little baby girl, many of our friends and neighbors were inquisitive and wanted to know the details. On the advice of our pediatrician, we stood our ground and told them nothing.

When they asked, "Where did you get her?" we looked them in the eye and replied, "She's OURS. And we have the papers to prove it."

Or when they asked, "Do you know anything about her parents?" we replied, "WE are her parents, and we know each other very well."

They may have been momentarily offended, but they understood that to question us further was useless.

DAYTONA BEACH, FLA.

* * *

CONFIDENTIAL TO "RIGHT OR WRONG?" IN MEMPHIS: Any animal can have a SEX life. Your wife is talking about a LOVE life. That takes understanding, patience and unselfishness.

Increase Noted In Mexico Birth Rate

MEXICO CITY (AP)—Mexico's population has climbed to 42,808,000, says the National Bank of Mexico.

The annual increase has climbed from 3.25 per cent in 1939-47 to the current 3.1 per cent, the bank said.

At the same time, the death rate has dropped from 26.6 per 1,000 in 1939 to 10.4 in 1963 and less now, the bank continued. Life expectancy in the same period has climbed from 35 years to between 62 and 65 years in 1965.

Mexico City Times Ceases Publication

MEXICO CITY (AP) — The Mexico City Times, the city's newest and second English-language newspaper, ceased publishing Monday after two years and almost two months of publication.

This leaves the older, tabloid-sized Mexico City News as the only English-language daily in the capital.

The full-sized Times first appeared Nov. 28, 1963, and had been in financial difficulty for some time.

Airmail Diplomacy Proves Inffective

By LEWIS GULICK

WASHINGTON (AP) — Diplomatic channels stood idle when the little kingdom of Burundi decided to give the boot to its American ambassador.

It sent a letter — an airmail letter — to Dean Rusk, U.S. secretary of State.

The letter arrived at the State Department in one of the big air mailbags that are delivered daily.

"We get tons of mail," a State Department official said today. "It's hard to tell on the face of it whether an ordinary letter in open mail demands priority attention.

"That's not the way to transmit diplomatic notes."

Donald R. Dumont, ambassador extraordinary and plenipotentiary to the kingdom of Burundi, was ousted Monday from Bujumbura.

He arrived Tuesday at Leopoldville, the Congo, with two aides and a puzzled air.

Why were the three kicked out of the central African nation?

"That's a $64 question," Dumont said.

In Washington, the State Department denied as "wholly without foundation" a Bujumbura charge that the American diplomats had maintained contacts with "conspirators" in Burundi.

The Burundi allegations and expulsion demand were made by Foreign Minister Mary Mantenga in the airmail letter to Rusk.

The foreign minister's letter from Bujumbura was dated Dec. 27. It showed up in the State Department's African Affairs Bureau on Jan. 10, the same day Dumont was being called to the Burundian Foreign Ministry and given 24 hours to get out.

Just when the letter got to Washington was part of the puzzle.

Tuesday the State Department ordered the expulsion of Burundi's ambassador here. That accomplished Washington's first such tit-for-tat in the 1966 diplomatic season.

City Firemen Are Called Out Twice

Firemen answered two calls Tuesday, including a false alarm to the Lincoln School.

Someone, apparently mistaking the smell of gas for a fire, turned in an alarm at the school. Firemen said the odor probably was caused by a trash fire at Permian Enterprises on Avenue J behind the school.

The other call was to a grass fire at 1 p.m. on the west side of Travis Junior High School. Only grass was burned.

Reception Held For Ambassador Clark

SAN ANGELO, Tex. (AP) —Edward Clark, U.S. ambassador to Australia, told a reception in his honor Monday night that Australians are "our best friends" and that they are fully behind the United States' Viet Nam policy.

Clark, a native of this East Texas town, returned to the United States last week for a vacation. He plans to go to Houston Wednesday and will travel to Washington Thursday before returning to Australia.

Some 300 persons attended the reception. Guests included State Sen. and Mrs. Martin Dies Jr. of Lufkin and Ben Ramsey, chairman of the Texas Railroad Commission.

Plainview Soldier Is Reported Killed

WASHINGTON (AP) — Capt. Donald R. Blair of Plainview, Tex., was included Monday on a Defense Department list of men killed in action in Viet Nam.

He was the husband of Mrs. Bonnie A. Blair, 1301 Amarillo Street.

Farm Bureau Says Wheat Plentiful

WASHINGTON (AP) — The American Farm Bureau Federation says a careful analysis indicates that this country currently has an ample supply of wheat.

The big farm organization offered this conclusion to members who, it said, have become somewhat confused by "rumbling during recent weeks, mainly in unofficial circles, about a pending wheat shortage and the need for greater wheat output."

In a newsletter to members, the farm bureau said:

"Judging from the facts of the wheat supply-use situation domestically and current stock positions of the other three major exporting nations, there appears to be no evidence of substance to support the case for a greater wheat output at present. On the contrary, there is evidence that U.S. producers are still faced with surplus problems."

The farm bureau said those who claim to foresee the need for greater output are "apparently overlooking a few important considerations."

These include, it said, such facts as (1) nearly 15 per cent of current exports move under surplus disposal measures, (2) this year's carryover supplies, while below that of recent years, will be above long-time averages, (3) subsidy programs are encouraging increased use of wheat as livestock feed, and (4) the inability of less developed countries to buy more wheat.

Public Assistance Check Is Returned

Olympia, Wash. (AP)—State Treasurer Robert O'Brien received a public assistance check and a note Monday from a Seattle resident on welfare rolls who said he didn't need it.

O'Brien replied with a letter honoring and said the check would be sent to the State Public Assistance Department which will make sure that the money is needed.

Hero

Sure it is. The telephone helps save lives, catch criminals, put out fires, bring help and guard homes. It's had a hand in spreading the alert on tornadoes, floods and hurricanes. It can bring the doctor, the fireman or the policeman—in a hurry. And being a modest hero, it can also do less dramatic things. Like letting you talk with friends and loved ones around town or around the world, quickly and easily. Or letting you shop from your easy chair, call ahead for reservations and do a thousand other things that make life richer, more rewarding, more fun. Isn't it nice to have a hero around the house?

Southwestern Bell

WOMEN

DEEP THOUGHT of "cameras and cubes . . . and synchronizing tubes" might possibly account for Snoopy's dog-tired look. Actually, our columnist's family pet was just a handy subject for testing the new Graphic XL assemble-it-yourself camera. With a rangefinder body, an 80mm f-2.8 lens and a 120 roll film pack, Snoopy was snapped with flash from a three-foot distance on the first roll of film.

Camera Angles

By IRVING DESFOR
AP Newsfeatures

SEVERAL GADGETS in the photo accessory line have just appeared, items that some camera - fans are probably inventing - mentally - to make picture taking or picture viewing a bit easier.

First there's the Flashcube Adapter. This device by Yashica fits on the shoe of any camera, enabling it to use the new rotating flashcubes to get four successive flash pictures.

The adapter, just a bit larger than the cube itself, has a 15-volt battery and is plugged into the camera's flash socket. A kurled wheel rotates the cube to bring each of the four flashbulbs into firing position.

The idea of changing any flash camera into a four-in-one flash-shooter is clever and the simple snap-on device makes it convenient and practical.

* * *

Another item that works on the principle of extending the use of present equipment is the Soligor Tele-Converter. This is a lowpriced attachment which increases the focal length of many popular 35mm single-lens reflex cameras up to three times. For instance, with a 3X Tele-Converter, a 50 mm lens becomes a 50 mm telephoto lens; a 105 mm telephoto lens triples its reaching power to 315 mm.

The tele-converters fit between the camera body and the lens like an extension tube. Actually it's an extension tube with its own 1.5X, 2X or 3X focal length sizes. Since light must pass through additional lens surfaces, exposure compensation is required by opening the lens 1, 2 or 3 stops respectively.

In this case, the advantage of converting any lens inexpensively into a telephoto lens is balanced by the nuisance of screwing in the attachment and the loss of light.

* * *

Slide shows have undergone a great change in recent years as the use of tape recorders has increased and the two mediums have found they have a lot in common.

To make sight and sound go together automatically without distracting audible slide-changing signals, Kodak has come out with a small, inexpensive, unit, the Carousel Sound Synchronizer.

It assumes that the camera fan has a standard stereo tape recorder and a Carousel projector (except models 550 and 600, which will not work with the unit). The nine-ounce synchronizer unit is plugged into both projector and tape recorder when the voice and musical background are to be recorded and synchronized.

In the recording session, when the slide is changed by pressing the 'forward' button, a slide-change signal is recorded on a second track of the tape. On the playback, as the commentary and music is heard, the second-track slide-change signal is not heard but it activates the slide advance at the pre-determined time.

China Grove News

By MRS. N. F. HALL

The Dunn Canasta Club met Thursday afternoon at the Dunn community center. A number of members attended and several guests. Mrs. Pete White was hostess and served refreshments of cookies, Cokes and coffee.

Recent guests in the home of Mr. and Mrs. Houston Quiett were Mr. and Mrs. W. J. Sellers of O'Brien, and Mr. and Mrs. Truett Fulcher of Slaton.

Mr. and Mrs. Truett Fulcher and Mr. and Mrs. Houston Quiett visited the J. C. Stahls of Hermleigh Friday night.

Mrs. D. L. Cotton visited Mr. and Mrs. Joe Drinkard of Snyder Wednesday.

Mrs. A. R. Thompson visited Mrs. Jim Wood of Colorado City Wednesday.

Recent guests of Mr. and Mrs. T. J. Webb were Mrs. Cecil Webb of Lubbock and Mr. and Mrs. Ivan Beezley of Snyder.

Mr. and Mrs. T. J. Webb and Mrs. Cecil Webb were dinner guests of Mrs. Andrew Jones of Snyder Thursday.

Mr. and Mrs. Hollis Mize Jr. and Naomi of San Angelo visited Mr. and Mrs. N. F. Hall over the weekend.

Mr. and Mrs. Stanley Merket of Colorado City visited her parents, Mr. and Mrs. Jess Brown Thursday afternoon.

Recent guests of Mr. and Mrs. Pete White and Rayburn were Mrs. Vernon Duncan of Coahoma and Mr. and Mrs. Tommy Jones of Lubbock.

Mrs. Hollis Mize Sr. and her mother, Mrs. Clark of Colorado City were in Abilene Monday.

Mr. and Mrs. Rockey Allen and family of Big Spring recently visited Mr. and Mrs. Leonard Allen.

In this little community of China Grove, known as the Cotton Center of West Texas, is a little country store and a gin. The store is owned by Floyd W. Merket and operated by John Bills.

The China Grove Coop Gin is a very busy place. It has ginned more cotton than any gin in surrounding counties. The manager is Everett Hagerton. The ginners are R. L. Hall and Darrell Mize. The gin has ginned over 6,000 bales of cotton and has over 700 bales on the yard to be ginned. Crops are much above average this year.

Ever add sauteed fresh or drained canned mushrooms to creamed cauliflower? Good and different combination!

Boys 4-H Group Meet

Members of the Boys Food & Nutrition group of the Union 4-H Club met in the County Extension Office with Miss Ruby Butts, County Home Demonstration Agent, on Thursday, January 6. There was one new member, Angel Reyes.

The group visited a grocery store and learned something about shopping for vegetables.

Two members made banana milk drink learning to use the egg beater and electric mixer. Two members made egg salad sandwiches.

Comparing hard cooked eggs that were boiled and those cooked at below the boiling point the boys decided that high temperatures made the eggs tougher.

Miss Butts told the boys that this is also true of other protein foods. The principles of good cooking and science and many things you learn in science classes at school you can apply to food preparation.

Nutrition is science too, she said, and if you want your body to build good muscles that help you to be quick, strong, and active you will need to give it the right things to build with.

Protein is the building block that provides your body wth the material to build strong active muscle tissue.

Members present were: Mark Mathis, Richard Huddleston, Foilan Reyes and Angel Reyes.

WOMEN'S CALENDAR

THURSDAY

Snyder Duplicate Club, 1:30 p.m. at Martha Ann Woman's Club. Open. Masterpoint day.

Twilight Garden Club meets with Mrs. Wright Huddleston, hostess.

Dunn Eastern Stars meet at 7:30 p.m. Hosts, Lydia Shipp, J. E. Shipp, Frances Billingsley, Luline Billingsley and J. P. Billingsley.

Order of Eastern Star Study Club meets at 7 p.m. at Masonic hall. All members urged to be present.

Musical Coterie meets at 8 p.m. at Martha Ann Woman's Club. Hostesses: Mrs. Bob Bell, Mrs. Herbert Feather and Mrs. Virgil Mott.

Snyder Palette Club will meet at Towle Park Barn, 8:30 a.m. to 4:30 p.m. Members to bring sack lunch.

FRIDAY

Friday duplicate bridge at Country Club, 9:30 a.m. Open.

SATURDAY

Country Cousins Square Dance Club will meet at armory, Darrell Boen calling.

Square Dancers To Meet Saturday Night

The Country Cousins Square Dance Club will again dance Saturday night with Darrell Boen calling.

The club will dance only once a month for awhile. Plans are to visit an out-of-town club on the first Saturday night of each month.

The group cordially invites anyone whether dancers or spectators to their dancing at 8 p.m. at the armory on Jan. 15.

Annual Parade Of American Music Planned For February

In 1955 the National Federation of Music Clubs inaugurated a Parade of American Music Project to be held annually during February, designated by NFMC as American Music Month.

Under the sponsorship of NFMC, and supported by the American Society of Composers, Authors and Publiher (ASCAP), the project has experienced ever-growing success, according to Mrs. Clifton J. Muir, Coral Gables, Florida, President of NFMC, and Mrs. C. Arthur Bullock, Chairman of NFMC's American Music Department.

The purpose of the Parade is to give recognition, encouragement, and support to worthy U.S. composers; the program extenive hearing of their work; and to widen the scope of musical programming through knowledge of worthwhile American performance repertoires, said Mrs. Muir.

Awards of Merit are offered in various classifications based upon program building and the caliber of the music programmed. During the 11 years of the Parade's exitence, thousands of organizations have participated and submitted reports, on the basis of which 5714 Awards of Merit have been given by NFMC. Over 2500 radio and television programs have been presented, and thousands of newspapers and other publications have featured the Parade and American Music Month.

A stellar innovation in the 1965 Parade was a tremendous increase in cooperation by the United States Army; entries came from many Divisions and Units in various parts of the United States and the world. The U.S. Army received an NFMC Recognition Award in the field of American Music at a recent NFMC Convention in Miami Beach, Florida; Mrs. Muir and Mrs. Bullock made the presentation. The Award was accepted by Major General J. C. Lambert, Adjutant General of the U.S. Army, and Miss Margaret Lynn, Director of Music, Recreation, Education Division of the U.S. Army. The U.S. Army is expected to participate with even wider observance in 1966.

Information on applying for an Award of Merit is available free at NFMC Headquarters, Suite 1215, 600 South Michigan Avenue, Chicago, Illinois 60605. Entry programs and publicity, both in duplicate, should be postmarked not later than March 10, 1966, and mailed to Mrs. C. Arthur Bullock, P.O. Box 256, Canton, Pennsylvania 17724, said Mrs. Muir.

Vary that upsidedown cake! Although pineapple is usually used for it, the dessert also lastes good with peaches or apricots.

FRIEND IN NEED

Should The President End The Viet Bombing Recess?

By JOHN M. HIGHTOWER
AP Special Correspondent

WASHINGTON (AP) — The longer President Johnson's peace offensive runs on without decisive results the closer the President comes to the day when he must decide whether to resume the bombing of North Viet Nam targets.

It will be a hard decision to make.

Much of the good will which the United States has harvested around the world since the bombing pause began at Christmas time is likely to be quickly lost if air strikes start up again, reviving the spectacle of a great power battering a small one.

Yet if he does not resume them, the military and political advantages gained by bombing the North will in turn be lost.

Washington officials presently assume that at some point in the future, if there is no peace, the air raids will be started again. But that point may not be reached soon. The President is said to be well aware of the need for time to let the leaders of North Viet Nam consider their predicament.

The predicament is essentially this: if the Red leaders do not find some way to bring the war to an end, they face the possibility of massive damage in an expanding conflict. But if they do move to end it by accepting the U.S. offer of negotiation, they face the possibility of losing their struggle to seize control, through Communist guerrilla forces fighting in the South, of South Viet Nam.

If they felt reasonably sure of winning South Viet Nam at the conference table, then presumably they would elect to negotiate.

Their problem is also complicated by the rivalry between the Soviet Union and Red China. The impression in Washington is that the Soviet Union would like to see the conflict in Southeast Asia settled before it can explode into general Asian war but that Red China is determined to have it continued. North Viet Nam gets arms from both Communist powers. Red China, being the closer, has long had the upper hand in Hanoi.

The bombing pause, as an element of the American peace offensive, has been a popular move in many parts of the world. U.S. officials believe it has undercut the efforts of North Viet Nam to rally world opinion against the United States.

But sooner or later, if North Viet Nam does not act for negotiations, the President will have to judge whether the bombing lull has gone on long enough to serve his peace-seeking purposes and his parallel diplomatic and propaganda aims. He will then have to decide whether and under what conditions the bombing should be resumed.

While the bombing was under way, U.S. officials claimed that it impaired North Viet Nam's ability to infiltrate men and arms into the South. Yet its military impact was admittedly limited.

Even if the bombing of the North is not essential for military reasons, it is essential, in the judgment of some of the President's top advisers, for political reasons.

The bombings put North Viet Nam under direct threat of massive damage, forcing it to weigh its own survival against the survival of South Viet Nam — and it gives the United States an issue to bargain with in some future search for peace if the present one fails.

Junction Child Crushed By Piano

JUNCTION, Tex. (AP)—A piano moved into the yard while a neighbor redecorated his home toppled over and crushed Connie Aguero, 7, to death Tuesday.

Officers said the ground apparently softened and the piano overturned while she and other children were playing on it. She was the daughter of Mr. and Mrs. Johnny Aguero.

Would We Really Trade Places?

By HAL BOYLE

NEW YORK (AP)—Who has it better in life—man or woman?

I had always thought that most people were pretty well satisfied to be a member of the sex they were born into.

However, it appears my viewpoint may be wrong. According to an article in "The Farmers' Almanac," my authority in such matters, 65 per cent of women would prefer to be men because they feel men have more freedom.

The article pointed out some of the disadvantages of being a man. Such as that men work at more dangerous occupations and are four times as likely to be killed in accidents and three times as likely to become homicide victims.

So what price freedom?

Furthermore, the article said: Women collect 80 per cent of all life insurance, 63 per cent of inheritances, and own 60 per cent of savings accounts. They also go less often to jail or mental hospitals, and live longer than men.

Looking at it philosophically, it does appear that anyone given a choice would prefer being a woman, doesn't it? But man does not live by philosophy alone.

Even though he may live five to seven years less than a woman, he'd rather spend those years as a man.

Here are a few reasons why a masculine role appeals to him and a feminine role doesn't:

Any bar in town will serve him whether or not he has an escort.

If his back itches in public, he can scratch it in public.

The mere thought of bearing children appalls him. He sometimes finds it hard to bear children after they are born, and couldn't think of being host to them before birth.

A man knows that he could never master the art of dressing like a woman. As it is now, he puffs after bending over to tie his shoelaces. He realizes he could never summon the strength to squirm his way into and out of a tight-fitting girdle—and no women ever seem to wear a loose one.

A man can get along with the face he has; a woman is always putting on a new one.

Women are a nuisance to themselves in other ways. They are always plucking their eyebrows, varnishing their fingernails, taking bubble baths, or squinting at themselves in mirrors.

A man can get a haircut and shampoo in 20 minutes; a woman in a beauty shop wastes half a day under a hair dryer, that looks like a metal moon helmet.

All in all, however, each sex has advantages to be grateful for and disadvantages to put up with. Since there isn't a great deal that can be done about it, perhaps the most sensible motto is:

"To each his own."

The U. S. Geological Survey is preparing geologic maps of the moon's surface covering 9 million square miles — an area approximately equivalent in size to the North American continent. The scale of the maps is 1 inch equals 16 miles.

New Panel To Guide Complete Study Of Farm Plan

WASHINGTON (AP)—A comprehensive study that could result in an overhaul of the federal farm program will begin soon under guidance of a new advisory commission food and fiber.

President Johnson created the 30-member commission last fall, naming as chairman Dean Sherwood Berg of the Institute of Agriculture at the University of Minnesota. Other members include leaders in business, agriculture, labor, education, news media and science.

Berg, opening the commission's organizational meeting, said Tuesday:

"Though the provisions of the 1965 farm legislation are to be effective for four years — in contrast to the past one or two-year span of previous bills—this does not militate against a comprehensive study of farm policy which could lead to an overhaul of the whole farm program."

The 1965 farm legislation provided stablization measures for wheat, feed grains, cotton, rice, wool and dairy products. It authorized a broadened use of government payments to supplement farmers returns from the sale of commodities grown under controls.

Berg said the study, which may take many months to complete, is "particularly timely as a great shift is taking place in public thinking with the increasing realization of the momentous food problem facing the world."

He was referring to the many recommendations coming from public leaders urging the government to buy more food for movement to hungry areas abroad, instead of paying farmers not to produce. This would permit, advocates say, an easing of restrictions on U.S. farm production.

The commission chairman also said "any solution must recognize fully the continuing U.S. role in the worldwide effort to overcome the widening gap between population and food supply."

WASHINGTON (AP) — The Agriculture Department reported today that range feed conditions in the West are above average and ahead of last year's pace.

The agency said above average temperatures and adequate precipitation during December contributed to this favorable situation. The result has been a smaller demand for dry food.

The department also reported that the condition of cattle on ranges Jan. 1 averaged 84 per cent of normal, compared with 80 per cent a year earlier.

Telephone interruptions annoyed even Alexander Graham Bell, inventor of the instrument. Dr. Bell often stuffed a towel around the phone in his laboratory so he could work in peace.

Junior Editors Quiz on MINOTAURS

QUESTION: Why did the ancients dream up such monsters as minotaurs?

• • •

ANSWER: The storytellers of the ancient days of Greece and Rome seemed to enjoy stretching their imaginations and creating mythical gods, goddesses and animals. They would frequently take the qualities of two creatures and join them, making such colorful new creations as Pegasus, the beautiful horse with enormous white wings. Such imaginary animals were part of ancient mythology, which was probably created as an attempt to explain the wonders of life without a knowledge of scientific fact such as we posses today.

The minotaur was such a mythical monster, having the head of a bull and the body of a man. He was supposed to have been kept by King Minos of Crete inside a maze or labyrinth, from which it was thought impossible to escape. Then Theseus, son of the king of Athens, penetrated the labyrinth and slew the minotaur, finding his way out again by the use of a string he had laid down as he worked his way in. The ball of string had been given to him by Ariadne, a Cretan princess. Together with Ariadne, Theseus escaped from Crete.

• • •

FOR YOU TO DO: This is only part of the strange story of Theseus, who became the king of Greece. Go to your library and try to find out the whole story. 1-12

(Carol Schubbeis of Garfield, N. J., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

IN NEW OFFICE—Keith Miles, right, new athletic director and head football coach at Snyder High School, visited his new office in the SHS fieldhouse Tuesday afternoon. At left is Horrace Bostick, new vice principal at SHS whom Miles succeeds as athletic chief.

AT SNYDER HIGH

MILES IS READY TO GO TO WORK

Keith Miles, Snyder High School's new athletic director and head football coach, spent a few busy hours in town Tuesday, giving the impression everywhere he went that he is anxious to get started in his new job.

Miles spent most of the afternoon at the high school, where he conferred at length with Horrace Bostick, his predecessor, and met other members of the coaching staff and several other faculty members as opportunity presented itself during a day of final examinations in the classrooms.

The coach actually came up a winner almost as soon as he got to town. He visited the Lions Club at its noon luncheon meeting and promptly won a watch the Lions were giving away that day.

"I hope it's an omen," Miles exclaimed as he displayed the watch.

During the afternoon he conferred with Bostick, now vice principal at the high school, on details of the athletic organization within the local school system.

Miles said he hoped to move his family here within two weeks.

A 215 - pounder who stands 6 feet, 2 inches, Miles was a star at an end position when he played college football at Harding - Simmons, and he looks as if he could still give a good account of himself in active competition.

In conversation with faculty and staff members, Miles reiterated his interest in a balanced over all athletic program.

"I believe in good football, but I also believe that you can be good in other sports at the same time," he declared.

"Go on up there and win a couple," he told Coaches Ned Underwood and Bill Hartsfield as they prepared to depart for Littlefield with the Tiger Basketball A and B teams.

Miles returned to Quanah last night, but said he would return in a few days and arrange to move his family here. He begins his duties officially on Jan. 15.

East Bests West All Stars, 137-94

By DON BANDY
Associated Press Writer

CINCINNATI (AP) — Red Auerbach of the Boston Celtics is used to winning, but he likes a little challenge in it.

"There wasn't much of a challenge, was there?" said Auerbach after he coached the East to a lopsided 137-94 victory over the West in the National Basketball Association's 16th All-Star Game Tuesday night.

The only surprise was a second stringer — Adrian Smith of the Cincinnati Royals — winning the Most Valuable Player award. Smith, who at 6-foot-2 is one of the smallest players in the NBA, grabbed scoring honors with 24 points and took home a shiny, red convertible for being voted the MVP by sports writers.

"I told them to go out there and win the ball game, not worry about that car that was up for the most valuable player," said Auerbach, who gained his fourth straight victory as coach of the East squad, which now holds an 11-5 edge over the West in the annual classic.

The East, led by Wilt Chamberlain of Philadelphia and Oscar Robertson and Jerry Lucas of Cincinnati, turned the game into a rout in the first quarter when they built an 18-point margin over the outclassed West team. The East led 63-36 at the half and was ahead by 33 points at the end of the third period, 101-64.

A disappointed Fred Schaus of Los Angeles, coach of the West team, said, "I haven't seen too many All-Star teams with the depth of the East team. They simply had too much personnel."

The East sank 53 of 118 field goal attempts for 45 per cent. The West made only 35 of 120 shots.

The West's hopes faded in the second quarter when high-scoring Jerry West of Los Angeles suffered an eye injury in a collision with three other players and was forced to leave the game. His injury was not believed serious but he was taken to a hospital for an examination. He was released after treatment.

Eddie Miles of Detroit led the West scoring with 17 points.

The 7-foot-1 Chamberlain thrilled the crowd of 13,653 by stuffing several shots and ended with 21 points. John Havlicek of Boston chipped in with 18 points. Robertson contributed 17 and Willie Reed of New York had 16.

Smith, 29, in his fifth season in the NBA, said being voted the top player "was the biggest thrill of my life. I never thought I would achieve anything like this. I was just happy to be a member of the team."

It was Smith's first All-Star Game. He was one of two players chosen for each team by the coaches. The others were selected by sports writers.

Sid Gives Lance Okay

HOUSTON (AP) — The American Football League All-Stars brought their two-a-day drills to an end Tuesday amid Coach Sid Gillman's enthusiasm and word that San Diego receiver Lance Alworth will make the game.

"I've just been delighted," Gillman said of the workouts. "The quarterbacks are throwing well, we're catching the ball and we have a lot of snap."

Gillman said Alworth had received the go-ahead from the team physician to play against the Buffalo Bills in the post-season game Saturday at Rice Stadium.

Alworth brings the All-Stars strength to 40 men.

The All - Stars, who began the week with two-a-day workouts, now will practice once each morning through Friday. The Bills have been going through one-a-days since their first session Monday.

First announcements said Alworth wouldn't play for the All-Stars because of a hairline rib fracture the flashy flankerback sustained in the championship game with Buffalo.

"We'll tape him up real good and protect with extra padding," Gillman said Tuesday.

This year's game boasts a new format. Previously, it matched All-Star teams representing the league's Eastern and Western divisions.

Both Gillman and the new Buffalo head coach, Joel Collier, think the new format and a special rule requiring both teams to use a standard 4-3 defense will add interest to the game.

Under the rule, neither team will be allowed to use a "red dog" defense.

Gillman said the rule helps the offense. "There is no doubt about that. And it should make for a better game for the fans."

Gillman said the 4-3 defense may cause defensive problems at times. But he said the mere one week's practice makes it impossible for the All-Stars to prepare for the blitz.

Chicago White Sox has relieved in 718 major league games a record.

'B' Team Wins, 64-57, In Overtime

LITTLEFIELD—The Snyder High School "B" team stopped Littlefield, 64-57, in an overtime basketball game here Tuesday night after the score was knotted at 56-56 at the end of regulation play.

Coach Bill Hartsfield's boys tallied 8 points in overtime while holding the young 'Cats to one lone point. Four of the Snyder boys hit in double figures: O. L. Cooper (16), Craig Bell (15), Drake Snyder (12), and Frankie Grimmett (11).

Daingerfield almost scored half of his team's points, hitting 11 floor shots and four gratis throws for 26 points. He and Manning scored all but 10 of Littlefield's points as Manning canned 21.

The Kittens' penetrated Littlefield's man-to-man defense with a full court press.

SNYDER "B" Tovar 1-2-4; Bell 5-5-15; Grimmett 5-1-11; Snyder 3-6-12; Cooper 7-2-16; Garrett 3-0-6. Totals: 24-16-64.

LITTLEFIELD — Daingerfield 11-4-26; Manning 9-3-21; Tapley 1-1-3; Thompson 2-1-5; Moore 1-0-2. Totals: 24-9-57.

SNYDER	14	21	17	4	8—64
LITTLEFIELD	14	14	14	14	1—57

The New York Yankees will play two night exhibition games in Florida next spring. They face the Washington Senators at Fort Lauderdale on Tuesday, April 5 and the next night travel to Miami to play the Baltimore Orioles.

Bengals Blast Wildcats, 74-65

LITTLEFIELD—The fighting Snyder Tigers used a half court zone trap to good advantage here Tuesday night to score a 74-65 victory over the host Littlefield Wildcats in a District 3-AAA basketball game.

The win was Snyder's first in four league outings. The 'Cats now have dropped three straight district games. The Tigers are 6-9 for the year and Littlefield is 7-10. In other district clashes, Levelland surprised Lamesa 61-41 while Brownfield upset Sweetwater 68-61.

Snyder capitalized on four offensive mistakes by the 'Cats early in the contest to take a 23-10 lead. The hosts rallied and trailed by only 30-35 at halftime. Ronnie Laster, the Tigers' 6-3 senior center, had perhaps his best game of the season as he led Snyder into a 57-45 third period advantage. He finished the night with 22 points and led the Bengals in rebounds with 16.

Littlefield fought back gamely in the last quarter and pulled to within four points before the Tiger spurted ahead to put the game on ice. Bill Blum, 5-10 senior, returned to his old form, hitting in double figures again with 12 points. He stole the ball from the 'Cats several times and drove in with some fine lay up shots.

Coach Ned Underwood's crew also employed the three-quarter court zone press with effectiveness. The Tigers were particularly adept at ball handling and passing. Tom Bullard turned in his usual competent game and hit for 13 points.

M. C. Powell and Bobby Clardy both hustled well, and each netted nine points. Clardy fouled out in the fourth quarter. Langston Powell came through with key plays late in the game when they were needed most.

Three 'Cats finished in the double column: Kevin Hutson with 14, Wilmer William with 13, and Steve Lewis with 11 points. The 'Cats also lost the battle of the boards, claiming only 13 in the first half and 12 in the second half. Snyder took down 25 in the first half and 15 in the last half.

The shooting of the Bengals also proved to be a factor in the win. The Black and Gold connected on 12 of 28 in the first half for 43 per cent and 12 of 24 in the second half for 50 per cent.

Snyder hosts Brownfield here Friday night in the next district outing.

Buffs Bite Cards, 65-62

FLUVANNA — The Buffs won two of three basketball games here Tuesday night including a thrilling 65-62 decision over upstart Hermleigh in the boys varsity clash. The host "B" team won 43-33, but the girls lost 50-32.

Hall led the varsity attack with 22 points, and D. Peterson netted 18 for Hermleigh. Fluvanna trailed 13-17 after one, but turned on the steam in the second quarter to take a 34-32 lead. Thereafter, it was a seesaw scramble with Fluvanna emerging on top.

Rinda Bruner tossed in 25 points for the Buffalo gals, and Virginia Finch popped the nets for 22 for Hermleigh.

FLUVANNA (65) — Hall 12-2-22; H. Contreras 6-3-15; Stansell 4-4-12; V. Contreras 5-0-10; Belew 3-0-6. Totals 28-9-65.

HERMLEIGH (62) — Peterson 9-0-18; Chorn 3-2-8; Creswell, 4-0-8; M. Peterson 5-2-12, Hudgins 6-2-14; Schwarz 1-0-2. Totals 28-6-62.

Koufax Is Greater Than Cassius Clay

SAN DIEGO, Calif. (AP) — Pitching great Sandy Koufax struck out the opposition in sweeping another national award. He was voted the Male Athlete of the Year for 1965 in the annual poll conducted by The Associated Press.

The Los Angeles Dodgers' star collected 224 first-place votes on 303 ballots cast by sports writers and sportscasters in the year-end poll.

Sandy heard the news in San Diego, where he is following his favorite off-season hobby, golf. He was entered in the pro-amateur event today which precedes the San Diego Open Tournament.

By coincidence, the handsome southpaw was also here to receive another award, that of California Athlete of the Year for 1965 in a state poll conducted each year by The Associated Press.

"I thank everyone for this national honor, but I still must say baseball is a team game and I owe a great deal to my teammates with the Dodgers," Koufax said.

"I was pleased in winning the California award and now it's even greater to be rewarded in The Associated Press' national poll.

"There are so many deserving athletes," Sandy continued. "I am flattered and honored. It's quite a feeling to even be considered, much less win it. Next year I hope one of my teammates wins.

"I want to thank all the writers and sportscasters for their support. They have always been kind and gracious to me throughout my career."

This was a second time around for Koufax. He won the national award in 1963.

Second in the poll for 1965 was Princeton basketball star Bill Bradley. On the basis of three points for first place, two for second and one for third, Sandy received 778 points and Bradley 153.

Koufax had a 26-8 won-lost record, plus two vital victories in the World Series against Minnesota, set a major league strikeout record of 383 and also hurled his fourth no-hitter, a perfect game.

CHEVY PICKUPS RIDE SMOOTHLY

...A BIG REASON WHY THEY'RE LIKED BEST!

Smooth ride is one big reason why Chevy is America's most popular pickup. You get true independent front suspension; front wheels that step lightly over bumps. And most models provide big coil springs at all four wheels to soak up the jolts. You get a ride that's ideal for camper duty as well as work . . . a tough suspension proved over the past 5 years on rugged jobs. Try a smooth-riding 1966 pickup at your Chevrolet dealer's.

VFW AIDS BOYS CLUB — Maxine Norris, president of the Veterans of Foreign Wars Auxiliary, presents a check for over $223 to the Scurry County Boys Club during a radio marathon here Saturday night. From left are Bill Butler, president of the Boys Club; Bob McKinney; Mrs. Norris and C. D. Gray Jr., commander of the VFW Post here. The funds were contributed to the drive to provide equipment for the Boys Club to continue its program following a fire which damaged the Boys Club building and destroyed a large quantity of equipment.

Negro's Memorial Service Prompts Retaliation Drive

By The Associated Press

The fire bomb that ended the life of a Negro civil rights leader in Hattiesburg, Miss., touched off a blazing argument at his memorial service over a possible retaliatory boycott of white merchants.

Negroes in a crowd of 250 to 300 hooted and shouted their resentment Tuesday after a local official of the National Association for the Advancement of Colored People, J.C. Fairley, told them his group "does not anticipate a boycott at this moment."

As the rally boiled up, Charles Evers of Jackson, state NAACP field director, restored order by calling on the crowd to show respect for the 58-year-old victim, Vernon Dahmer.

"If you don't have any more respect for his death than this," he said, "then this man has died in vain already."

City and county leaders launched a fund drive to aid the family of Dahmer, who was fatally burned Monday when his home and store were set ablaze. Mississippi officials pledged an all-out effort to apprehend those responsible.

Dahmer's wife and daughter were burned by flames created by fire bombs. Mrs. Dahmer was not hospitalized, but Betty Dahmer, 10, was hospitalized in fair condition.

In Birmingham, Ala., the Jefferson County courthouse remained the target of civil rights protests today after demonstrations Tuesday aimed at longer hours for open voter registration offices.

About 300 sign-carrying, singing Negroes created traffic snarls Tuesday night as they marched to the courthouse through downtown Birmingham.

Earlier, about 300 Negro high school pupils went on a 90-minute rock-throwing binge when school officials barred them from joining one of the marches.

In Washington, the House Committee on Un-American Activities continued its probe of the Ku Klux Klan.

John H. Gipson, a disillusioned Klansman, became the first KKK member to testify on acts of violence attributed to the secret organization.

Gipson told the committee he turned informer and now felt "my life is not worth two cents."

Gipson, 29, a Slidell, La., logger and lumber mill worker, described the whipping of a white youth and a Klan plot to burn two Negro churches.

In Atlanta, Dr. Martin Luther King Jr. waited legal action on the Georgia legislative seating problem of Rep.-elect Julian Bond, who was not sworn in office because of his endorsement of an anti-Viet Nam statement.

The statement came from the Student Nonviolent Coordinating Committee, which attacked the war in Viet Nam and called civil rights work a valid alternative to the draft.

King said demonstrations could erupt.

Bond, a Negro, was expected to file suit in federal court forcing his being seated in the General Assembly, which opened its session Monday.

Firms To Play Role In Medicare

WASHINGTON (AP) — The government today designated three firms to help administer the hospital insurance part of the medicare program.

The firms, which will receive and pay bills under the program, are the Blue Cross Association of Chicago, and Aetna Life and Casualty Co., and Travelers Insurance Co., both of Hartford, Conn. They will serve as agents for the government on a nonprofit basis.

The announcement, issued by John W. Gardner, secretary of health, education and welfare, did not say which hospitals would be represented by each of the intermediary firms.

Gardner said, however, that hospitals not desiring to be represented by one of the three firms may make other nominations or deal directly with the Social Security Administration.

The selection of intermediaries is required by the medicare legislation.

Young Britishers Leave USA With Praise For Hamburgers

By JEAN HELLER

NEW YORK (AP) — The United States made two new friends today, and much of the credit has to go to a hamburger.

Last Dec. 17, Anthony and Elizabeth Howard of St. Margaret's Bay, Kent, England, were just a young British couple with a love for travel and three weeks to spend vacationing in the United States.

By Dec. 18, the Howards were celebrities.

Computers at the U.S. Travel Service of the Department of Commerce designated Mrs. Howard the one-millionth tourist to enter the United States in 1965.

That distinction brought two expense-paid days in New York and two more in Washington.

They leave for home today with some classic opinions about life in the United States and with gourmet tastes for American hamburgers.

The Howards visited New York, Washington, Los Angeles and Tucson, Ariz., going west for a friend's wedding.

It included the usual sightseeing ("We did the National Gallery in 15 minutes"), horseback riding ("Riding westernsaddle is like sitting in an arm chair"), attendance at the Rose Bowl game ("We sat in the Michigan State section and shouted for UCLA") and a look at a basement nightclub ("Sort of a subpavement folk singing cellar").

The Howards had these observations on life in "The Colonies":

Mr. Howard, who plays rugby, on football:

"It makes me laugh. I think it's funny that it is called exercise. I enjoy watching it, but in rugby, one keeps playing all the time — one just keeps going. You don't stand around resting in a circle deciding what to do next or sit at the side for 10 minutes. And if a player breaks a leg, the team just plays short one man."

Mr. Howard on modern living:

"In England when one pushes a button, one expects it not to work. In America when a button doesn't work, it disrupts the entire way of life."

Mrs. Howard on dishwashers:

"Where we stayed in Tucson, there were two. We wouldn't think of having one at home. Dishwashing is a social event — everyone helps."

Mrs. Howard on American meals:

"When one goes out they put on your plate more than one could possibly eat. In England one feels very ill-mannered when leaving something on one's plate. In America one is obliged to feel ill mannered."

Both of them on American hamburgers:

"They're wonderful. In England, they're dry, tasteless and artificial. Hamburgers here are a delicious way of life. In England, they are an unpleasant necessity. Weiners are the same in both countries — not very good."

The Howards were the first millionth visitors to the United States since the federal government and the travel industry launched its joint Visit USA program in 1961.

With Mrs. Howard the millionth visitor of 1965, Mr. Howard said:

"I guess that would make me the million and first. I was a gentleman and let her get off the plane ahead of me."

HOSPITAL NOTES

DISMISSALS: Loys Lattion, Mary Eatmon, Johnnie Smith, Margaret Sheid, Sandra Robinson, Shelby Jones, James Butts, Lillian Lee, Dora Benitez, Mrs. Thomas Gutierrez and baby girl, Sonny Dodson, Mary Leslie, Mrs. Grady Childress and baby boy, Delbert Hirst.

Cotton Harvesting Slower This Year

AUSTIN (AP)—The U.S. Department of Agriculture reports the Texas cotton harvest is 94 per cent complete, charged with 99 per cent a year ago.

In its weekly crop-weather report, the department said the harvest made steady progress last week, keeping gin yards full of loaded trailers.

Farmers in the eastern half of the state got in their first concentrated field work last week after several weeks of wet weather.

Morning lows and light showers hindered Rio Grande Valley vegetable harvest. Citrus movement continued active.

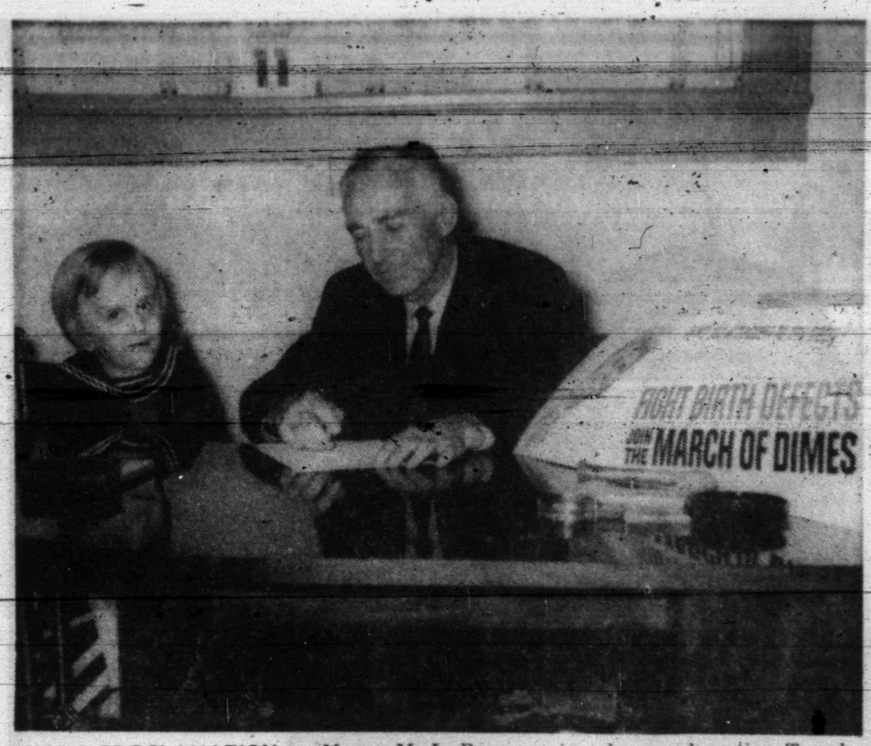
The Snyder Daily News



SIGNS PROCLAMATION — Mayor M. L. Broman signed a proclamation Tuesday declaring January "March of Dimes" month in Snyder. The pretty little spectator is Suzanne Turner, 8-year-old daughter of Mr. and Mrs. Guy Turner of Fluvanna. Purpose of the annual "March of Dimes," which will be held locally Saturday night, Jan. 29, is to raise money to aid children born with birth defects. The Gay 20's, Epsilon Sigma Alpha and other local organizations are planning benefit dances and other projects to raise money for the children. The Scurry-Borden chapter of the March of Dimes held a planning meeting Tuesday afternoon in the office of Forrest Beavers, local chairman for the past 13 years. (Staff Photo).

India's Congress Looks To Future

By CONRAD FINK

NEW DELHI, India, (AP) — Leaders of India's ruling Congress party began discussing the political future today as the body of Prime Minister Lal Bahadur Shastri was consigned to funeral flames by the holy Jumna River.

More than a million mourning Indians looked on as Shastri's eldest son, Hari Kishan, touched a blazing torch to the funeral pyre of sandalwood in accordance with Hindu rites.

A few moments before this final act, Shastri's successor, Prime Minister Gulzarilal Nanda, climbed the steps to the top of the pyre and stood silently, his face agonized with grief.

Standing nearby were Soviet Premier Alexei N. Kosygin, U.S. Vice President Hubert H. Humphrey and many other foreign representatives.

Despite their grief, Nanda and Uumaraswami Kamaraj, president of the Congress party, met early today to discuss election of a new parliamentary leader who traditionally is asked to form a new government.

There was no indication whether this meant that a challenge to Nanda was developing in the party. As home minister he was No. 2 man in Shastri's Cabinet, and his elevation after Shastri's death was automatic. At present he is believed likely to hold the top job until general elections next year.

At least three strong political figures are known to want the post of prime Minister. They are Defense Minister Y.B. Chavan; Mrs. Indira Gandhi, information minister and daughter of the late Jawaharlal Nehru, and right-wing leader Morarji Desai.

Nanda served for five days as interim prime minister after Nehru's death 19 months ago but was pushed aside in favor of Shastri.

Shastri died early Tuesday in the Soviet city of Tashkent, apparently of a heart attack, after an exhausting week of peace negotiations with President Mohammed Ayub Khan of Pakistan. The cremation climaxed a mass outpouring of grief for the unassuming little leader who in 19 stormy months had won the admiration and affection of India's troubled millions.

"Long live Lal Bahadur Shastri" welled up from the vast throng as the funeral procession passed along the crowded route to the cremation site. The crowd stretched as far as the eye could see and appeared as large as that at the funeral of Nehru in May 1964.

10 Lodges To Install Slates Here

Arthur A. Porter of San Antonio, a grand trustee of the Order of Hermann Sons, will serve as installing officer at the induction of officers of 10 Hermann Sons lodges at 2:30 p.m. Sunday in St. Elizabeth's Hall.

Porter will be assisted in the ceremony by Marchel Nauert, Aspermont, member of the Grand Lodge Laws Committee; Marvin O. Gold, San Antonio, Grand Lodge district supervisor; and Edwin F. Stahl, Odessa, Grand Lodge Special representative.

Lodges to have their officers installed are Odessa Hermann Sons Lodge No. 38, Odessa; Lubbock Hermann Sons Lodge No. 16, Lubbock; Abilene Hermann Sons Lodge No. 50, Abilene; San Angelo Hermann Sons Lodge No. 177, San Angelo; Old Glory Hermann Sons Lodge No. 228, Old Glory; Haskell Hermann Sons Lodge No. 241, Haskell; Hermleigh Hermann Sons Lodge No. 256, Hermleigh; Roscoe Hermann Sons Lodge No. 257, Roscoe; Rowena Hermann Sons Lodge No. 216, Rowena; and Big Spring Hermann Sons Lodge No. 130, Big Spring. All of the lodges are mixed, having both men and women members. Also to be installed are officers of the Hermanettes, youth chapter at Lubbock.

The Hermann Sons fraternal benefit society now has some 63,000 members in Texas and maintains a home for its aged members and conducts an extensive youth program, featured by a youth summer camp and youth chapters and free dancing classes for junior members in many communities.

Haskell Lodge will host the Jan. 16 installation ceremony.

The bulk of the world's supply of cloves and clove oil comes from Zanzibar and the nearby island of Pemba.

March 31, 1966, is the deadline to enroll for the voluntary medical insurance benefits provided by the new Medicare program under social security, if you will be 65 before 1966. Don't miss out on this valuable protection. See your social security office.

State Of Nation Brightened By Business' Urge To Grow

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—One light on the state of the Union is being cast by the nation's steel furnaces. And a sidelight is offered by the rush of corporate announcements of plans to expand business activities and plants.

Steel output is picking up sharply as new orders roll in after the rising price trend in a number of steel products. The nation's attention was focused on this trend by the confrontation of some steel companies with the administration over the price of structural steel, and the eventual compromise that let prices rise on some items while being held on others.

And the strong urge to grow still bigger is revealed in the expansion plans being announced almost daily by one or more manufacturers. Often there are complaints by others that their worst worries just now are about delays in deliveries of some badly needed materials and equipment. Cutbacks in expansion plans have been few indeed.

There are problems, but business confidence in continuing economic growth in spite of the Viet Nam war uncertainties and inflation threats still is apparently untouched.

The spurt in steel production this month apparently caught many in and out of the industry by surprise. Last fall the mills were looking for a fairly slow period through the early weeks of 1966 while customers lived off inventories built up early last year as a hedge against a strike which didn't happen.

Steelmen say their customers are coming back into the market faster than was expected. Booming business in a number of industries using steel is given as one reason. Expectation of still better business ahead is another. And some customers may fear that the pattern of selective price rises involved in the government-business compromise will spread to other lines than structural steel. Price increases in a number of steel products have, in fact, occurred over recent weeks.

Orders of steel for defense are just beginning to rise, steelmen say. Disclosure later this month of what the new federal budget will call for may swell the orders for metal for military hardware.

Just now the big push seems to be coming from the decision of businessmen to keep their stocks at a high level because of the bright prospects for most businesses. The move to live off strike-hedge inventories appears to have been much shorter than feared earlier—and the steel industry is happy at the change.

Con Man Is Arrested

DALLAS, Tex. (AP) — FBI agents arrested John Henry Doyle, 66, of Washington Tuesday to close out a three-year search. Doyle was apprehended after the arrest at Greenville of two confidence men.

One of those arrested in Greenville called Doyle in Dallas when arrested. FBI agents and Dallas police arrested the man in a duplex where he sat drinking coffee with a girl friend.

When arrested he had a huge bundle of "play money" with two $1,000 bills wrapped around the faked bankroll. Also were notes indicating that the con game involved horse racing.

FBI agents told U.S. Commissioner W. Madden Hill that two indictments charging grand theft had been returned against Doyle in April, 1963. The FBI had been searching for him ever since.

Commissioner Hill set bond for Doyle at $2,500 and continued his hearing until Jan. 21.

FPC Studies Drilling Costs

WASHINGTON (AP) — The Federal Power Commission received testimony Tuesday on well drilling costs as the FPC began a study of natural gas rates in the Hugoton-Anadarko areas of Kansas, Oklahoma and Texas and along the Texas coast.

A long decline in income to drilling contractors has ended and an upward swing is in prospect, said Jack Abernathy of Oklahoma City, head of a private drilling company and president of the Mid Continent Oil & Gas Association.

Abernathy added that many rigs have been abandoned or canabalized in the past two years for repairs to other rigs, and this had eased competition.

The average cost of well drilling, Abernathy said, dropped from $4.51 a foot in 1957 to $3.68 in 1964. The commission is studying factors in gas rate fixing.

Voluntary Censorship Successful

WASHINGTON (AP) — The Pentagon believes most of the nation's newspapers, radio and television stations are going along with its recent request to withhold news about troop unit deployments until official announcements are made.

This form of voluntary censorship was proposed in a memorandum issued Oct. 30 by Arthur Sylvester, public information chief.

His memorandum said press corps members covering Viet Nam had agreed voluntarily to delay news stories or publication of photographs on movements of troops, ships or aircraft until officially announced by U.S. headquarters in Saigon. He requested media in the United States to do the same.

Advance disclosure that particular units or ships have been ordered to Southeast Asia or were en route, Sylvester said, "can assist the Viet Cong."

When the Pentagon was asked today about reaction to the request, a spokesman said: "The Defense Department has conducted no survey on this matter, nor does it intend to.

"However, since there have been moves under way in recent weeks that normally would be obvious to the press and since we have noted no accounts of these moves, we must assume that the large majority of U.S. news media are cooperating with our request.

"This, of course, is a continuation of previous cooperation."

Driller Is Killed

BIG SPRING, Tex. (AP) — Guy J. Brown, 70, a Big Spring oil driller, was struck and killed by a truck Tuesday, state police reported, while changing a tire on his car. The accident happened 8.5 miles north of here on U.S. 87.

Farm Labor Meet Held

SAN ANTONIO (AP)—Farm labor leaders were urged Tuesday to convey respect and understanding in regard to wages and working conditions for farm labor.

Speaking as a member of a panel to delegates of the National Farm Labor Conference, Joseph W. Axelson of the American Crystal Sugar Co. said employers need to provide understanding as to farm workers pay, instruction in how to do the job and satisfactory housing.

Axelson urged that the workers be given consideration in the type of housing provided.

Secretary of Labor Willard Wirtz, scheduled to appear today, notified officials he would be unable to attend. Under Secretary of Labor John F. Henning was to speak instead.

Mrs. Hackworthe Back On Ballot

AUSTIN, Tex. (AP)—A 61-year-old Brenham grandmother is the first candidate to throw her hat into the 1966 gubernatorial ring.

Miss Johnnie Mae Hackworthe, thrice-married but using her maiden name, Tuesday, handed a certified check for $1,000 to J. Pat O'Keefe, executive director of the State Democratic Committee.

O'Keefe accepted the check as her filing fee and said her application was in order.

Miss Hackworthe got 10,955 votes out of a total of 1,630,351 in the 1964 Democratic primary for governor.

United States government cabinet heads receive salaries of $25,000 each.
