GRADUATION BRINGS OBSERVATIONS ON TIMES AND PEOPLES

Graduation time is impressive to most folks, young and old, but to a certain reader of the News Review they inspired the following observations:

We were very much impressed by the graduating exercises at Hico. It was not primarily because we had a daughter who received a diploma, but it was occasioned by the contrast which was emphasized there by the appearance on the scene of the class of fifty years ago. It was almost a double feature—the past and the future.

We couldn't refrain from comparing and contrasting them individually and collectively. The Class of 1948 was composed of youngsters, while the members of the Class of 1898 were comparatively old with marks of wear written all over them which was visible proof that they had met and solved the problems of their time to the best of their ability. We gathered from the spokesmen for the present class that they were aware that new and different problems are staring them squarely in the face and that they (the 1948 class) are preparing to meet, and if possible, solve them in a way that will do them credit a half century from now.

Our opinion is that the Class of 1948 is entering an entirely different kind of world from the one the Class of 1898 did; but we are convinced that it should approach it with the same attitude; namely, try by labor and honesty to build a home but at the same time remember and practice the doctrine that the other fellow, whoever and wherever he or she is, has the same rights as you do and should be privileged to exercise this natural right. We firmly believe this is the only chance that you (of 1948) can deal successfully with our one big menace problem (Communism). Remember these people (Communists) are promising to do this very thing and if you don't do it, the peoples of the world are going to give them their chance and they might not do it just as you should like to see it done.

Moral—beat them to it and do it your way.

ROY DERRICK,
Hico, Texas.

Funeral Services for Tom Salmon Held At Clairette Sunday

He was married to Miss Katie Nix and to this union nine children were born. Two died in infancy. Motion Pictures of Hico Seniors to Be Shown Tonight

Motion pictures of Senior classes at Hico High School for the past four years will be screened Friday night at the high school auditorium beginning at 8:00 o'clock according to announcement Wednesday by Superintendent J. E. Lincoln.

Mr. Lincoln said there would be no charge for the entertainment, and invited the general public to come out and see the show. The films portraying this year's class were not returned in time for showing before the close of school, he said, and he particularly wants the 1948 class members to be on hand tonight.

Along with his school work Mr. Lincoln spends a great deal of time in amateur photography, and has a number of scenes and subjects accumulated over a period of years. He and Mrs. Lincoln have been following this avocation for a long time, and those who have seen their work have classed it as very good in this line.

Hico Girl Scouts Express Thanks for A Recent Party

Monday night we had Mrs. Pierce for our Scout Leader. Miss Blair's mother was sick. We hope she gets well very soon.

We think everyone had a lot of fun at the party for Girl Scouts and Boy Scouts. We played all kinds of games. We had ice cream and cookies for refreshments. We want to thank some of the Scout mothers for furnishing and serving the refreshments.

There were fifty-eight Scouts present at the party. That included both Boy Scouts and Girl Scouts. The party was ended by everyone singing "Taps."

"A Girl Scout Is Cheerful."

VOTERS URGED TO SUPPORT ROARK FOR STATE SENATOR

W. W. "Red" Roark of Temple, Bell County Representative for six years, has announced his candidacy for State Senator for the 21st District composed of Bell, Hamilton, Bosque and Erath Counties and has launched a vigorous and energetic campaign.

Those who are familiar with Roark's record as a law-maker in the Texas House of Representatives pointed out that he has untiringly and consistently worked for increased old age assistance and other social security benefits; for farm to market and lateral roads; for all measures that were for the benefit and betterment of the farmer and rancher and laboring man. It was further pointed out that Roark was the leader in the House of Representatives for soil conservation measures and was an unrelenting worker for better educational facilities and improved conditions in our schools.

Teachers throughout the district felt that Roark's five years of teaching experience, the last two of which were as Superintendent, better qualify him to render a distinct service in the Senate to the cause of better education.

For the past ten years, Mr. Roark has been engaged in business in Temple where he resides with his wife and children. Prior to his entry into business for himself in 1938 he was employed for two years as Program Director for Radio Station KTEM in Temple. After his graduation from high school he worked for one year as a day laborer to save enough money to enter Southwestern University where he worked his way by washing dishes, waiting tables and mowing lawns. He then entered the teaching profession where he remained for five years until his employment at the radio station.

Mr. Roark is known throughout the district as a capable, honest, energetic and diligent worker and has pledged to the voters to continue his untiring efforts and continued support for increased old age assistance and for the removal of the ceiling on pension payments. He has further pledged his best efforts toward the farm to market road program and soil conservation and is wholeheartedly in favor of and will work unceasingly for the payment of a bonus to Texas veterans.

Roark is a member of the Baptist Church and is a member of the Board of Directors of the Optimist Club in Temple, having served as its first President. He is now serving as a member of the Board of Directors of the Retail Credit Executives of Texas for District 4 and is President of the Nash Dealers Accountants Association for South Texas.

Being 36 years of age, his friends have pointed out that he is young enough to be active and yet old enough to be mature and

W. W. "Red" ROARK

that his varied business and legislative experiences will better enable him to serve the varied interests of the district and that his understanding of the people and their problems will enable him to serve acceptably. Mr. Roark was quoted as saying in Hico Wednesday that he believes that his experience in public office has improved his understanding and appreciation of the basic and orderly functions of State Government and that he believes there is no substitute for common honesty and hard work and that official conduct should be governed by principle and that, if elected, he will adhere to these precepts and will try to serve Texas and the district courageously, with free conscience and without favoritism and to offer safe, sane, sober and sensible representation to the entire district. Mr. Roark also stated that, if elected, he will strive to conduct the State's business in an orderly business like manner and would try to the limits of his abilities to be a Senator of which the entire district would be proud.

Mr. Roark sincerely urges each and every voter to investigate his past record thoroughly from every angle and stated that he will be pleased indeed to discuss any issue at any time or answer any question that any voter may desire to ask.

Mr. Roark told the editor of the News Review that, due to the size of the 21st District, it may be impossible for him to personally solicit the vote of each individual voter but that he is making every effort to do so and that if any voter is overlooked it is certainly not intentional.

TROUBLE STARTED AFTER HICO CLASS DEBATE IN 1898

Many of the present-day internal problems of the United States are the result of an unfortunate decision in an argument held a half century ago. At least this is the tongue-in-cheek opinion of D. E. Cavness of Iredell, here last week for the reunion of the first graduating class of 1898 from Hico High School.

Cavness, who has strayed less far away than any of his classmates, explained his semi-jocular remark in the presence of his good friend and early-day classmate, Alsey Alford of Loving, N. Mex., member of a pioneer Hico family. "Alsey and I had a debate on graduation night, the subject being 'Resolved, That Foreign Immigration to the United States Should Be Prohibited.' I had the affirmative side, and Alsey won the decision. You can see the results today from observing the internal troubles we are having on account of this foreign element in our population. Had I been given the decision, perhaps Americans would be living together in peace and harmony today."

These two members of the '98 class, together with six of their classmates, returned last week end to the town where they received their high school education and had a grand time associating with each other and reminiscing with present-day citizens. The event was sparked by Alford, who has been in correspondence with the class members for over a year, and he figures it turned out remarkably well.

Two members of the class of 12 have passed on, Frank Weaver of Abilene and Bula Weaver of Graham. Two other members were unable to attend, Stella Dunnagan Hancock of San Antonio and Charley Wiseman of Galva, Ill. Present for the occasion, besides Cavness and Alford, were: Mary Overall Conley, Brownwood; Mary Grace Reed, Dallas; Estelle Hellums Burrow, Stamford; John H. Vickrey, Porterville, Calif.; Ethel Black Rogers, Alpine, and Lillie Rosamond Fitz, Denison.

As they arrived in Hico, the guests registered in at the Russell Hotel, where headquarters were established. They put the natives on notice that they didn't expect any elaborate entertainment, merely wanting to renew acquaintance with each other and talk over old times. Intermittently they paid pleasant visits to the old friends they left behind, and formed new acquaintances who were delighted with the spirit and attitudes of their honored guests.

Friday night they marched in a body ahead of the 1948 graduates of Hico High School in exercises at the auditorium, and were introduced informally and made a few extemporaneous remarks. Rather than detracting from the occasion, their presence served as an inspiration to the younger class of graduates.

Introduced along with the half-century-ago graduates was Mrs. C. L. Lynch of Hico, who as "Miss Laney" was a primary teacher in the school here when the High School graduated its first class. It was recalled that J. N. Davis was superintendent at the time.

Also in Hico during the week end was another honor guest, Mrs. Fettie Weaver Yager of Abilene, who was awarded a diploma from Hico High School in 1897, she being the first graduate and only one that year.

Mrs. Yager had her diploma framed and presented it to Supt. J. E. Lincoln, to be hung in the school's office. On behalf of the students, patrons and the general public, the superintendent gratefully acknowledged the historical gift, which is on display for the inspection of all who care to look at it.

Fairy

— By —
Mrs. J. O. Richardson

We received another good rain Monday afternon and are in need of fair weather now in order that the grain may be harvested.

We were very sorry to learn of the death of Mr. B. L. Hargrove, a former resident of Fairy. He had many friends here who extend deepest sympathy to his family.

Word was received here on Wednesday of last week of the death of our sister-in-law, Mrs. Lucy Jane Burden, who passed away on Tuesday night, May 25, in an Abilene hospital. Mrs. Burden had been seriously ill for the past eight months and several months ago it became necessary to amputate a limb. She recovered sufficiently to be able to sit in a wheel chair and spent several weeks in the homes of her two daughters. She suffered a second stroke of paralysis recently and was returned to the hospital. She was born near Fairy on September 14, 1886 to the late Mr. and Mrs. Joe Richardson and was married to A. M. Burden in 1906. Five children were born to them, namely: A. L. Burden of San Antonio, O. H. Burden of Dallas, Alton Burden of South America, Mrs. Myrtle Wilson of Dallas, and Mrs. Elwin Bedicheck of Abilene. All the children were present for the funeral services except Alton Burden. Funeral services were held at South Side Church of Christ in Abilene, with Rev. Harper officiating. The bountiful floral offering was very beautiful. She united with the Church of Christ in early life and had been a faithful and devoted member until her health failed. Burial was at Abilene. Mrs. Burden leaves to mourn her loss the above named children, 11 grandchildren, two sisters, Mrs. T. L. Betts and Mrs. O. L. Jacobs, and one half-brother, I. A. Richardson of Meridian, and a host of other relatives. She was preceded in death by her parents and two brothers, J. O. and Hugh Richardson. Her condition was such that she was never informed of the death of her brother, J. O. Richardson, which occurred last October. She resided in and near Fairy for a number of years and had many friends here who will be sorry to learn of her passing.

Those from here attending the funeral services for Mrs. Burden were T. L. Betts and Mrs. J. O. Richardson, who accompanied the latter's son-in-law and daughter, Mr. and Mrs. D. E. Allison of Dublin.

Mr. and Mrs. Clifford Tinkle attended commencement exercises at John Tarleton College on Monday night. Their two nephews, Robert Jr. and Glenn Hutton, were members of the graduating class, Glenn being an honor student for the term.

Mrs. T. L. Betts of Fort Worth spent from Thursday until Sunday here.

There was a goodly number on hand for the school closing last Friday. The program was enjoyed by all. Many visitors were present, among whom was a former resident of Fairy, Mrs. Fred Ross of Dallas.

Mr. and Mrs. Harvey Little and son of Oklahoma City have been spending several days here visiting in the home of his mother Mrs. Brittie Little.

Mr. and Mrs. Cone Patterson have moved to the Richardson dwelling recently vacated by the H. C. Beck family.

Mr. and Mrs. Carl Ray Sellers and Carolyn were in Hamilton on Thursday of last week to attend funeral services for his cousin, Rev. Rex Sellers of Comanche, who died of a heart attack while attending classes at Daniel Baker College in Brownwood. He leaves his wife and 5-year-old daughter and a host of relatives to mourn his loss.

Mrs. J. O. Richardson, accompanied by her little grandson and granddaughter, Darrell and Ruby Allison, motored to Dublin Monday afternoon and accompanied the parents, Mr. and Mrs. D. E. Allison, to Stephenville Monday night where they attended a "Study In Rhythm" program presented by music pupils from Dublin, Meridian and Stephenville. Ruby Jean was a participant in the program, which was fine and was well rendered.

Mr. Will Jones arrived home the first of the week and has been greeted by a number of his good friends and neighbors. He has a couple to stay with him, but we do not have their names at this time.

NOTE OF THANKS

I wish to express my deepest appreciation to Dr. Hafer, Dr. Hedges, all nurses and Hospital Staff for their faithful and kind services; and to all my friends for flowers, cards and visits and kindnesses shown me during my stay of 13 months, 3 weeks and 2 days in the Hico Hospital.

Am leaving on my birthday, May 28, for Eunice, N. Mex., and my prayers shall always be that yours may be God's richest blessings and His loving care to you always.

Three Mighty Important Ideas

Maybe you read, where a great encyclopedia has sorted all basic ideas into a few select groups. Under the letter "T" they have:

Temperance - Truth - Tyranny.

Sounds like a funny combination. And to philosophize a little, notice that Truth is in the center—*between* Tyranny and Temperance.

Now and then you hear folks criticize temperate people who enjoy a moderate glass of beer ... who talk about "two beers" getting some one into trouble, and claim: "There ought to be a law!"

Then Truth steps in between, and points out that two beers never got anybody into trouble—and that somebody's trying to distort the facts. No, there shouldn't be a law —*there should be Truth.*

From where I sit, those ideas are arranged just right. Temperance on one side, Tyranny on the other—and Truth in the middle—seeing that Tyranny never encroaches upon Temperance.

Joe Marsh

By the NUMBERS, PLEASE

A lot of folks like to make telephone calls simply by asking the operator to "give me the Jones house". While we're glad that you regard the telephone with such informal friendliness, we're afraid this friendly spirit sometimes prevents good service. So please, won't you call by number instead of by name. If you can't find your number in the directory, "Information" will help you. Your cooperation will help improve service.
