Although the "verdict" from the jury is not expected for several more weeks, there was a lot of speculation about the "All America Cities" contest here over the weekend.

Tony Wolff, a senior editor, and Jim Karales, a photographer, from Look Magazine came into town unannounced Friday afternoon and spent the remainder of that day and most of Saturday here.

They had no official word on the All America Cities contest results, but they had been sent here by Look to take some pictures. There was no indication whether similar assignments had been made for all 22 finalists. In fact, Wolff and Karales said they did not know how many Look staff men were on such assignments or how many cities were involved.

Lock and the National League of Municipalties are co-sponsors of the All America Cities contest. The 22 finalists were announced last October and each had an opportunity to make a presentation before the All America Cities Jury last Dec. 2 at New Orleans. No further announcements have been made concerning the contest.

In prior contests, the 22 finalists have been mentioned in coverage by Look, but usually picture coverage has been limited in the past to the 11 winners, with the 11 runnersup receiving lesser mention.

Wolff and Karales, who were escorted around town by City Manager George Patterson and Chamber of Commerce Manager Karl Mawhorter, said they had no information about the ultimate results, except that Look wanted to be ready with appropriate material whenever the announcemnt is made.

Meanwhile, their visit here did nothing to diminish the suspense.

A mid-winter tabulation shows enrollment in Snyder Public Schools totalled 3,652 on Jan. 10. A similar tabulation on Jan. 12 last year showed a total of 3,519. Modest gains have involved most schools in the system. Central Elementary shows 321 compared to 362 a year ago, but a boundary line change sent some pupils to East this year who would have gone to Central under last year's boundaries. Consequently, East had an increase from 298 to 358, a net gain of 60.

Only other decrease was at Lamar Junior High with 486 compared to 495 last year. However, Travis Junior High increased from 436 to 456.

One of the biggest gains occurred in the senior high school which had 772 pupils, compared to 712 this time a year ago. —WACIL McNAIR.

TEXAS INAUGURATION

Pledges Repeated By Smith, Barnes

By JACK KEEVER
Associated Press Writer

AUSTIN (AP)—Preston Smith was sworn in as Texas' 38th governor today, capping a long career in state government and fulfilling the dream of a lifetime. He pledged his administration to "fairness and justice."

Smith's swearing-in, on the south steps of the Capitol, followed that of Lt. Gov. Ben Barnes, who at 30 became the youngest lieutenant governor in Texas history.

Smith, 56, from Lubbock, and Barnes, from De Leon, made the inauguration an all-West Texas affair and insured that the Democratic party will retain its traditional control of state politics for two more years.

"Any realistic and understanding approach to our future must start with a promise of fairness and one of justice," Smith said in his inaugural address.

That applies, he said, to all things where government is concerned, whether it is levying taxes, educating children, providing clean and plentiful water, fostering industrial growth or protecting human rights.

He dwelt the longest on law and order.

"We think first of laws to preserve public order," he said. "The maintenance of domestic tranquility and the protection of persons and property from criminal acts and deeds of violence will carry a high priority in this administration. We will say to the law violator with one voice: 'You may break the law, that's your choice, but you are going to face the consequences. You are going to face the bar of justice.'

"As your governor, I will seek not punishment or leniency but justice for all."

Barnes said Texas has "an even greater obligation to acknowledge and remedy our weaknesses" because of the state's strength and vigor.

"So as we turn this page in our history, let this be an era of dissatisfaction,' he aid. "Dissatisfaction until every Texas child has the best education we can provide; disatisfaction until every Texas worker has a fair chance at a decent job and dissatisfaction until we have unified our state in a common purpose, to assure full opportunity not for most Texans, but for all Texans."

The oaths of office were administered by Chief Justice Robert W. Calvert.

A predicted forecast of possible drizzle faded under bright blue, clear skies for the outdoor inaugural.

Smith and Barnes walked out of the Capitol to their seats to a 19-gun salute from three 105mm howitzers.

The Texas Tech band played the national anthem, and the first live telecast of a Texas governor's inauguration began. The Texas Association of Broadcasters said 75 radio stations and more than a dozen television stations were covering the event.

Both houses of the legislature and state employes quit early for the inauguration, swelling the crowd.

New Terror By Viet Reds

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — Viet Cong and North Vietnamese troops attacked U.S. land, river and air forces with rockets, mortars and grenades Monday and today, coinciding with the inauguration of President Nixon.

At least six American servicemen were killed and 35 Americans were wounded, including a civilian.

A high-ranking South Vietnamese police official said captured Communist orders directed a new wave of terrorism at U.S. troops in an attempt to increase antiwar sentiment among the American public.

Several other attacks apparently were thwarted by American forces who uncovered two enemy munitions caches and broke up a convoy of enemy sampans moving troops south of Saigon.

In the past 24 hours, military spokesmen said, Viet Cong and North Vietnamese troops attacked U.S. Navy patrol boats and landing craft and cargo ships, American officers' quarters, a U.S. military advisers' compound, a small observation plane flying over the demilitarized zone and U.S. troops based within 11 miles of Saigon.

Inside Saigon, terrorists threw hand grenades at two U.S. billets a mile apart and wounded eight Americans. The terrorists escaped. Increased numbers of uniformed and plainclothes South Vietnamese police were roaming the capital because of the directives calling for a new wave of terrorism against Americans.

Enemy rockets, mortars, machine guns, hand grenades and mines sank a 31-foot Navy patrol boat and badly damaged another, ripped through the stern of the 384-foot LST Tom Green County, slightly damaged the American cargo ship Muskingum, tore a tire off a small observation plane, hit a U.S. helicopter and forced it down, and sprayed shrapnel over two helicopters parked on the ground.

Snyder Nat'l Bank Names New Cashier

Derwin Thompson was elected Cashier of Snyder National Bank at the bank's annual director's meeting, Rex Robinson, executive vice president, announced.

Thompson succeeds Sam Pliler as cashier. Pliler who had served as a vice president and cashier, has retired.

Another new officer named at the meeting is Joe Jackson, assistant cashier.

Other officers of Snyder National Bank remain unchanged. They include A. C. Alexander, honorary chairman of the board; Harrie Winston, chairman of the board; Roger B. Mize, president; Rex Robinson, executive vice president; Cecil J. Boren, vice president; Jimmy Melton, vice president; Miss Edna Sells, Mrs. Sara Mazy and Horace Caldwell, assistant cashiers.

At the stockholders meeting, one new director was named. John H. Jarrell was added to the bank's board. Other members of the board, all re-elected, include Alexander, Winston, Mize, Robinson, Hugh Boren Jr., G. B. Clark Jr., W. M. Fuller, Theo Lamb and T. J. Sterling.

TRAGEDY AVERTED — Amazingly, nobody was injured when this 1964 Model Dodge crashed through a brick planter box in front of Lamar Junior High School only eight minutes after classes had dismissed for the day. The back wheels of the car caught on the brick preventing it from smashing into the school auditorium. Damage to the car, operated by Lorin H. Smith of Centralia, Ill., was estimated at $1,000, and damage to the brick retaining wall was set at $200.

Four-Way Peace Talks Scheduled

By STEPHENS BROENING
Associated Press Writer

PARIS (AP) — Ambassador Henry Cabot Lodge, emerging from a working session with South Vietnamese allies, announced today there will be a four-way meeting on substantive matters on Vietnam peace this week.

He said the precise time and date will be announced later.

Lodge met with South Vietnamese Ambassador Phang Dam Lam for less than an hour.

Lodge was accompanied by the outgoing deputy U.S. negotiator Cyrus R. Vance and by Lodge's own chief aides, Lawrance Walsh and Marshall Green.

On the South Vietnamese side Lam was accompanied by his deputy, Nguyen Xuan Phong.

It was Vance and Phong who led the allied delegations at the four-sided procedural meeting Saturday at which the negotiators cut through the obstacles which had held up the opening of the four-way talks for more than two months.

Night Class Session Set

A meeting has been set for Thursday evening at Snyder High School to organize night classes for the spring semester.

The meeting will be held in Room 110 at the high school.

Possible offerings for the spring semester, which will be available to adults, included courses in business machines, bookkeeping, shorthand and beginning or advanced typing.

The offerings will be based on demand. Classes will meet twice weekly in the evenings and a decision also will be reached after classes are organized whether the first meeting each week would be on Monday or Tuesday night. The second class meetings of the week are on Thursday.

Deaths Mount On Waterlogged Coast

BY THE ASSOCIATED PRESS

Heavy rain and strong winds pounded waterlogged California today and in hardest-hit areas deaths mounted, evacuations occurred and damage soared.

Much of the rest of the nation also had bad weather.

Flooding, mudslides, toppled trees, traffic accidents and washed-out roads troubled the Los Angeles area on Monday. At least 20 persons have died in that county because of automobile accidents blamed on the four-day storm.

While the first two storm fronts in the current series dropped most of their rain on northern and central California meterologists earmarked the third for Southern California and said a fourth was expected.

Kenneth Levitt, an independent weather statistician, said that by 6 p.m. Monday 5.09 inches of rain had fallen on the Los Angeles civic center.

Sacramento County sheriff's officers said that possibly as many as 200 perons were evacuated Monday night from Sherman Island which is about 10 miles long and three miles wide and lies between deep water channels in the Sacramento-San Joaquin Delta.

Some residents on the island, however, decided to ride it out.

Gene Norris, deputy chief of the state flood operation center, said a 60-foot break occurred on the south section of the levee which encircles the island.

San Luis Obispo County supervisors asked Gov. Ronald Reagan to declare that midstate coastal county a disaster area because of what they termed

Tuition Increases Asked In Texas

AUSTIN (AP) — A $55 per semester tuition increase for the average student at tax-supported colleges and universities is the recommendation of the Texas College Coordinating Board's finance committee.

The committee also presented Monday financing plans for six new colleges in metropolitan areas, enlargement of existing campuses and new dental and medical facilities, all previously recommended by the board.

The full board will vote on the financing plan, as well as on a request by the South Texas College of Law in Houston to merge with Texas A&M University, at its next meeting, Feb. 10.

H. R. Zachry, San Antonio contractor, heads the finance committee.

The committee report said it would cost $401.4 million for college, university, medical and dental school and public junior college construction between now and 1975.

It will cost $132 million by 1975 to build and equip six colleges proposed by the board for the San Antonio, Midand-Odessa, Houston, Dallas-Fort Worth and Corpus Christi areas, the report said.

Other cost estimates:

Expansion of the present 22 state college and university campuses to meet enrollment increases, $80 million.

Enlargement of existing state medical schools, $19.4 million; new state medical school, $22.5 million, and expansion of Baylor Medical School, $7.5 million.

Second Try At Suicide

PRAGUE (AP) — A second attempt at suicide by fire presented Czechoslovakia's Communist leaders today with their gravest crisis since the Soviet invasion five months ago.

An attempt at self-immolation also occurred Monday in Budapest, the Hungarian capital, but the government there indicated it was not politically motivated. Radio Budapest said the 17-year-old youth, Sandor Bauer, had tried to commit suicide two years ago. A government communique said he was in grave condition today.

President Nixon Turns To Tasks

By GAYLORD SHAW
Associated Press Writer

WASHINGTON (AP) — President Richard Milhous Nixon, the pomp and pageantry of his inauguration day behind him, turned today to the somber tasks of guiding the nation through turmoil at home and war abroad.

The politician whose career once teetered on oblivion began his term as 37th President Monday with a pledge "to consecrate my office, my energies, and all of the wisdom I can summon, to the cause of peace among nations."

Even before he [illegible] night's inaugural balls—where Republicans celebrated their return to power after an eight-year gap—the new President had arranged for a meeting of the National Security Council today.

Nixon also planned to meet with Gen. Earle Wheeler, chairman of the Joint Chiefs of Staff, and aides said he would confer soon with his Cabinet and Urban Affairs Council.

In the heady atmosphere of Inauguration Day, the formal transfer of presidential power from Democrat Lyndon B. Johnson to Republican Nixon was carried out in peace and harmony.

The day was marred, however, [illegible] between police and a small band of antiwar protestors who tried but failed to seriously disrupt the inauguration events.

By ABIGAIL VAN BUREN

DEAR ABBY: Recently our daughter was married in an all-white church wedding which was one of the most beautiful ever held in this town. It was a dream come true. To say she looked like an "angel" is not just a mother's pride. I can't describe the joy that was in her father's heart and mine.

When the newlyweds returned from their honeymoon, they calmly told us to expect a grandchild in FIVE MONTHS! That means our daughter was a good three months pregnant when she donned her wedding gown and veil. Abby, she knew it all along. How could she have done this to us? We loved this child more than life itself.

HEARTSICK MOTHER

DEAR HEARTSICK: The real test of love is to love our children when they need our love the most. It's easy to love them when they do everything right, and make us "proud" of their accomplishments. But when they disappoint us (as children do, occasionally) we can prove the strength of our love by showing compassion, understanding, and forgiveness. Try it. You'll have a fewer regrets.

* * *

DEAR ABBY: I am 21 and my husband is 22. We get along very well but here is the problem: He has very long hair, and I mean it is practically down to his shoulders.

During the daytime he keeps it nicely combed, but at night it is all over the place and it drives me crazy. When I mention a net he gets mad. What should I do?

RUNNING OUT OF PATIENCE

DEAR RUNNING: I agree, that man of yours needs a net — maybe both kinds. You'll probably run out of patience before he runs out of hair, so let him know he's no treat to sleep with, and let him make a choice.

* * *

DEAR ABBY: I'd like to put in my two cents' worth about the woman who didn't want her husband present when she gave birth because she didn't want him to see her "naked" in front of other people. Of all the reasons she could have thought up, that is the dumbest.

In the first place she is NOT naked, and besides, she is there to have a baby, not to make a stag film. And as for your advice in this case, Abby, boo and hiss. Having a baby is a joint effort. She is not doing HER thing, she is doing THEIR thing.

Only once in history did a woman have a child alone, and that was 2,000 years ago in a stable. Sincerely,

P. N. (HOLLYWOOD)

* * *

DEAR ABBY: This is for Ruthie, who objects to getting all dolled up in her best clothes to be entertained in somebody's cellar recreation rooms:

Our cellar happens to be a lot larger than our living room, has more chairs, facilities for elbow-bending, dancing, pool playing, etc. Our friends have better taste than to wear black velvet and rhinestones to a cellar party, neither do they wear moccasins and jeans to a formal affair.

If Ruthie's cup of tea is six people looking bored and elegant in the living room, fine. She isn't being forced to come to the type of party that is our mug of suds, and nobody is going to miss her. Sincerely,

TOOTS, OLEAN, N. Y.

Ceremony Confuses The Younger Set

MILTON, Mass. (AP) — Mrs. Ann Brewer turned on her radio Monday to hear the inauguration ceremonies in Washington and the first voice was of a clergyman.

"What's he saying?" asked her 5-year-old son, Clark.

"He's praying," said Mrs. Brewer. "He's talking to God."

Then came the well-known resonant voice of U.S. Sen. Everett S. Dirksen, who acted as director of the ceremonies.

"Is that God answering?" asked Clark.

the worst storm in a century

In Ventura County, a Navy amphibious vehicle Monday reached six boys and their adult leader who had been trapped on high ground above a flooded creek in Los Padres National Forest.

Outside the Golden Gate Bridge, winds reached 60 knots at Pigeon Point and 50 knots at San Francisco lightship late Monday.

Cold arctic air bearing down on the Pacific Northwest turned the moisture to snow, blanketing portions of Washington and Oregon with 1 to 3 inches during the night. Heavy-snow warnings were posted for eastern Oregon, southern Idaho and western Montana.

Travelers warnings were up in the Midwest and Northern Plains. Driving was termed extremely hazardous in portions of Iowa and Minnesota.

Still another storm system threw rain, drizzle, snow and fog into the East from the Ohio Valley to the Middle Atlantic states. Motorists were warned of a mixture of freezing rain and snow in mountain areas of Maryland, the Virginias and Pennsylvania as well as parts of New Jersey.

Clear skies were limited to the Southwest before dawn.

Temperatures ranged from 15 below zero at Cut Bank, Mont., to 68 at Key West, Fla.

Six Arabs Killed By Desert Clash

By MARCUS ELIASON
Associated Press Writer

TEL AVIV (AP) — Israeli desert patrols killed six Arab saboteurs in two clashes in the Negev Desert near the Jordanian frontier Monday night, the Israeli army announced today.

An army spokesman said one patrol killed three members of a guerrilla squad near Ein Yahav, 37 miles south of the Dead Sea. Twenty minutes later a patrol intercepted another group of infiltrators in the same area, the spokesman continued, and three more Arabs were killed.

The spokesman said there were no Israeli casualties.

The Arabs, the spokesman said, were members of the Al Fatah commando organization, which had not been reported operating in the Negev area in some weeks.

An army spokesman also announced that an Arab woman was killed and nine others were wounded Monday when Israeli troops opened fire on them in the Gaza Strip town of Rafah. The spokesman said the women were demonstrating against a roundup of suspected terrorists and refused to disperse after the soldiers fired warning shots over their heads.

Pakistani Student Killed

BY THE ASSOCIATED PRESS

DACCA, East Pakistan (AP) —Pakistani soldiers opened fire on student demonstrators in Dacca today as the students protested the police killing Monday of a student at Dacca University.

At least 10 persons were wounded, including two girl students. Two of the wounded were reported in serious condition.

The army units were called in to aid police trying to control the students, who have battled the police for the past four days.

Students roamed the streets again today, demonstrating against the government of President Mohammed Ayub Khan. A general strike added to the disruption.

Montgomery Service Set

Funeral service was set today for Miss Vickie Pearl Montgomery, former Snyder resident, who died Monday at Hobbs, N. M.

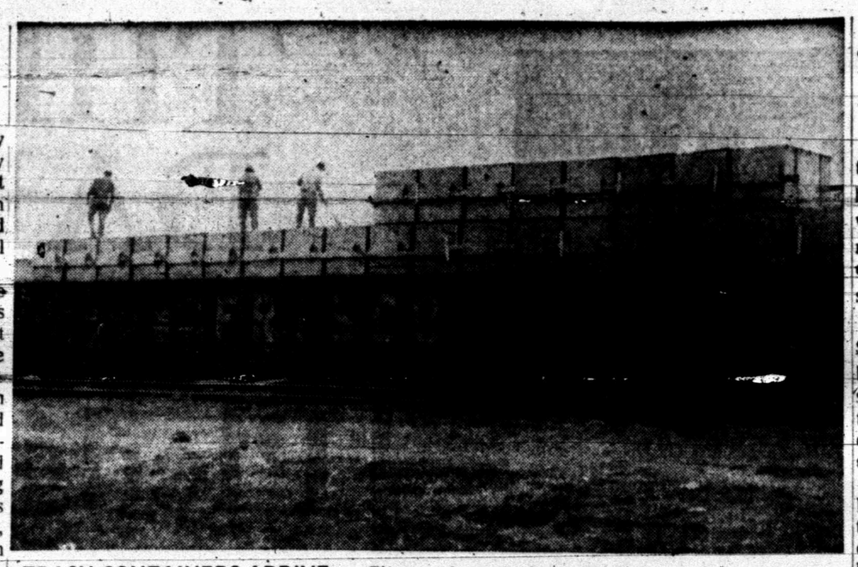
Rites were to be held at 10 a.m. at St. John's Episcopal Church in Hobbs, after which the body was to be brought to Snyder for graveside rites and burial at 3 p.m. at the Snyder Cemetery. Bolger Funeral Home was in charge of arrangements here.

Miss Montgomery had lived in Hobbs since 1933. She is survived by her mother, Mrs. Effie Montgomery of Hobbs, and a sister, Mrs. Carrie Blackwood, also of Hobbs.

Two Fires Put Out

City Firemen extinguished a grass fire at Thirteenth Street and Avenue P at 10:45 a.m. today.

Yesterday, firemen extinguished a fire in a vacant apartment house at Nineteenth Street and Avenue E at 6 p.m. A couch and a chair in the house, owned by Henry Whitehurst, were damaged.



TRASH CONTAINERS ARRIVE — City workers unload a shipment of 44 Dumpmaster garbage containers which will be put into use in the city's sanitation service. The Dumpmaster service now is offered in residential areas on a demand basis and at a slightly higher cost per month than for the conventional garbage pickup service. Another shipment of 44 containers is due soon on an earlier order and the city has asked for bids for furnishing 220 more such containers for future use.

Pueblo Equipment Said Inadequate

By RICHARD E. MEYER
Associated Press Writer

CORONADO, Calif. (AP) — The skipper of the USS Pueblo says the Navy didn't provide retaliatory help or adequate guns, communications or explosives to destroy secret equipment when North Kordans captured his intelligence ship.

Cmdr. Lloyd M. Bucher testified Monday at the opening of a court of inquiry into the loss of the ship last Jan. 23, the death of one crewman and imprisonment of the 82 others for 11 months.

Bucher, apparently still tense from his prison experience, was expected to testify for two or three days. The court of five admirals could recommend anything from medals to courts-martial.

But Navy lawyers told Bucher that so far he was not suspected of violating any military laws.

The Navy said Bucher will be followed on the stand by his superior, Rear Adm. Frank L. Johnson, former commander of naval forces at Japan, and Cmdr. Charles R. Clark, skipper of a sister intelligence ship.

When he sailed the Pueblo on its mission to scout North Korean radar and North Korean and Soviet ships in the Sea of Japan, Bucher testified, he wanted twin 20 or 40 millimeter guns.

But instead, Bucher said, he got two .50-caliber machine guns, 3,000 to 5,000 rounds of ammunition, a spare barrel and a mount for a third .50-caliber machine-gun he never received.

The weapons were much smaller and lighter than those he said he had requested.

They were installed in Japan, Bucher said, a few weeks before the Pueblo was to begin her intelligence mission off North Korea.

Bucher said he was under orders from Adm. Johnson to "employ (the guns) as a last resort only in cases where threat to survival is obvious. . .and not to practice the use of those guns or uncover them in the presence of foreign ships."

Bucher said this was to keep the intelligence ship from appearing aggressive.

He said the guns were "temperamental, difficult to keep adjusted and hard to prepare for firing.

Bucher said he picked what he thought were the best places to mount the weapons—one fore and one aft—but they still left portions of the side of the vessel uncovered.

Clasping and unclasping his hands at the witness table Bucher said he also asked for explosives to destroy secret equipment and codes in the event of capture.

The request was "deferred," Bucher said, because his commander told him "in order for the destruct system to be effective. . .it must be integral to (secret) equipment.

"Since the equipment had already been installed they said it was not possible to put in the explosives without a great deal of expense and time.

"I had as destruct equipment fire axes and sledge hammers capable of being swung by a standard size sailor to bash in the equipment." He said it would have taken 2½ hours to scuttle the ship."

Communications aboard ship were inadequate, he said, because the Pueblo was not equipped with a Navy telephone system—only an old Army system insufficient during emergencies.

Before he left on his mission, Bucher said, an operations officer at the headquarters of Pacific Fleet told him it was doubtful that help would be available in time to save the Puebo in the event of a seizure.

"The operations officer said that although they probably could not get help to us in time that retaliatory action would be taken as soon as possible," Bucher said. "He said that these plans had been made."

The United States made no apparent attempt to retaliate, however, when the Pueblo and her men were taken prisoner.

Ballet Set Here Tonight

The classical ballet will come to the stage of the Snyder High School Auditorium at 8 o'clock tonight when Oukromsky Ballet Classique appears in the Scurry Concert Association series.

The reputation of the young company has spread rapidly and each consecutive year the demand has been heavier and wider. The seven profoundly dedicated soloists of international standard have inspired enthusiastic reviews. The dancers, the music, the costumes and the program have been highly praised.

This season's tour of the company extends from British Columbia, Canada, to Texas and from Southern California to New York.

Car Is Recovered

City Police recovered a 1962 Model Chevrolet pickup in the 2400 block of Twenty-sixth Street at 4:50 p.m. yesterday. The vehicle, owned by T. M. Brown and Sons of Tye, was reported stolen at Gail Thursday.

Jaycees Are In Session

A program on Texas education proposals which were made by the governor's committee was presented at Monday night's meeting of Snyder Jaycees in the Scurry County Coliseum.

Bill J. Hood, Supt. of Snyder Schools, and E. D. Flynn, school business manager, explained the state committee recommendations concerning consolidation of districts and financing of school districts.

Jaycee President Mickey Nunley announced that a committee would study the possibility of establishing a Jaycee Scholarship Fund here.

Travis Hunter was inducted as a new member, and Bob Harlin reported on the Harlem Stars basketball game, which he termed very successful. Guests at the meeting included Bob Cole, Bill Bundy and Stanley Martin. The Rev. John Bollinger gave the invocation. Herb Reed led the pledge to the flag and Bob Harlin the Jaycee Creed.

It was the first in a series of Monday night meetings Jaycees have set up on a trial basis to determine if more potential members can attend at that time than at noon meetings.

3 Mishaps Are Logged

City Police investigated three motor vehicle mishaps Monday, including one involving a police patrol car.

Officers said the 1968 Model Ford operated by Patrolman Bob Lieb and the 1963 Model Oldsmobile of Hurston Boyce Lemons, Route 1, Fluvanna, were in collision in the 2500 block of Avenue U. Damage to the patrol car was set at $35, and damage to the other vehicle was placed at $100.

At 3:40 p.m. Monday on a parking lot in the 3300 block of El Paso, cars of Sandra Caomer Graves, 3002 Fortieth Street, and Mrs. Larry Hall, 4501 Crockett, were in collision. Damage to the Ford was placed at $10, and damage to the other car was negligible.

The 1960 Model Oldsmobile of David Lee Wells, 1201 Twenty-third Street, and the 1966 Model Oldsmobile of Betty Bailey Highfield, 1408 Fifth Street, were in collision at Avenue R and Eighteenth Street at 4:15 p.m. Damage to the 1966 Model car was estimated at $1,500, and damage to the other car was placed at $400.

Jaycee-ettes Progressing For March

At the Jaycee-ette meeting in the home of Gail Myers more work was done Monday toward getting ready for the March of Dimes Drive.

The Jaycee-ettes are in charge of the project. Two members, Nancy LaRoux and Lydia Blagg attended a March of Dimes training meeting in Dallas recently. They have some film to show the schools and also to the clubs that will be helping with the door to door canvas on Jan. 30.

During the short business meeting a report was given on the Jaycee shopping spree. Jaycee-ettes wrapped the gifts for the 60 children after the Jaycees took them shopping.

Carolyn Lemmer was co-hostess.

Inaugural Balls Are Jampacked

By FRANCES LEWINE
Associated Press Writer

WASHINGTON (AP) — Richard M. Nixon ended his first day as President on a jubilant social note with a four-hour tour of six inaugural balls so jampacked with bejewelled ladies and tuxedo-clad men that dancing was a near impossibiity.

At least 30,000 ballgoers gave the new President and his lady cheering ovations as he made the rounds Monday night in white tie and tails, making brief speeches laced with humor and expressing faith in the American people.

The President and his family spent about 30 minutes at each ball and he wound up at 1:30 a.m. on a serious note:

"America is a good country," he said, "and Americans are good people. I hope we can be worthy of the great goodness that is in America—these next four years."

Mainly, though, Nixon was in a joking mood.

He reported that "President Johnson left the lights on at the White House for us."

When he finally headed home, he told a delighted crowd: "They gave me the key to the front door of the White House and I'm going home to see if it fits."

Nixon's enjoyment of his new role was obvious. Many of his joking remarks were directed at how long he had sought the presidency.

"Where I sit," he said, "Any inauguration would be good. I thought this one was especially good, didn't you?"

The balls were the big windup social event of three days of inaugural activities and they were a sellout at $35 a head and $1000 for a box. Some 25 bands, including Lionel Hampton, Sammy Kaye, Lester Lanin, Meyer Davis, Guy Lombardo and Duke Ellington performed.

It was a crushing mob scene everywhere. Nixon surveying the crowds, joked: "Now I know what they mean by 'Bring us together'," alluding to the slogan of his administration.

"The only advantage," he noted, "is that I was afraid I was going to have to dance tonight." He confided "I'm not a very good dancer."

Nixon introduced his family: wife Pat, daughter Tricia, 22, and her escort, Doug Rogers, son of the secretary of state; daughter Julie, 20, and her husband, David Eisenhower.

He said Pat "has been first lady in my House 28½ years, now she's First Lady in the White House."

Mrs. Nixon wore a mimosa yellow silk satin ballgown its jacket and cummerbund a-glitter with jewels that took 260 hours to embroider.

He made just about the same speech, with a few ad libs, at each ball at the Smithsonian Institution and the five hotels, expressing thanks to those who supported him in 20 years in politics and came to Washington to celebrate his inauguration.

In the years to come, Nixon said, they would forget that it was a cold day and rained at night. "You'll simply remember the glow of friendship."

And, he promised, to their cheers "We're going to let us down."

Vice President and Mrs. Spiro T. Agnew were on the circuit, too, and finally wound up on the same platform with the Nixons around midnight.

"A very great evening for us," Nixon declared.

Bride-elect Honored On Saturday

At the gift tea honoring Miss McCloskey, a floral centerpiece of spiral yellow larkspurs and orange decorator poppies adorned the serving table which was laid with a cloth of white Irish linen. Appointments were in silver and crystal.

Hostesses for the occasion were Mmes. Charley Yoast, Billy Joe Middleton, Joe Greenway, Loren Sullivan, Wraymond Sims, Cliff Hale, Lesley Shelburne, Wayne Bethel, Elizabeth Potts, Roy Meador, Dick Rutledge, Bentley Baize, D. V. Merritt Jr., Ray Summers, Mary Starnes, Phyllis McGinnis, R. E. Cooper, Ed Raborn, Virgil Mott, Willie Bigham, L. L. Thomas and Arthur Duff.

The couple will exchange vows on January 24 in the First Baptist Church.

58TH BIRTHDAY NEARING, BUT —

No Wheel Chair For Boyle

By HAL BOYLE

NEW YORK (AP) — My 58th birthday is on the horizon, and already solicitous friends are inquiring if I plan to make a down payment on a wheel chair.

No, sir, not yet. No wheel chair—but I might consider investing in a sporty cane. A stout cane gives an appropriate air of dignity to a man who has reached the age where he acquires an authoritative touch of gray at his temples.

At 58 a fellow can use all the prestige symbols that will gain him respect, for at this time of life the best he can hope for is respectability. He no longer has the strength to win widespread admiration for the spectacular energy with which he pursues his vices and bad habits.

"What's so wonderful about being 58?" a fellow in the office asked when the subject of my coming antiquity was discussed.

Well, now, that's a reasonable question and deserves a reasonable answer.

Perhaps there isn't anything truly remarkable in being 58. To a man of 80 that is mere child's play.

Offhand, I can't recall a president who was inaugurated on his 58th birthday, or anyone who wrote an immortal sonnet, knocked a home run, scored a touchdown, or built a better mousetrap on this occasion in his career.

Yet, in a way, it is hardly fair to derogate one's 58th birthday. If it is not a major feat, it can still be accounted a minor achievement. There were a lot of people who were 57 last year who won't make it around the next lap of the track this year.

Frankly, I think that anyone who, at any age, by any means, manages to survive another 365 days in this perilous, accident-prone universe has done something meritorious, deserving of at least passing notice if not permanent accolade.

After 50, for some reason or other, the perils of life's obstacle course seem to grow more numerous. Therefore, the accomplishing of another year of existence, which a young person takes for granted, is to an older man truly wonderful and well worth praising. To him each new birthday is a marvelous milestone.

So it is that, with no meck humility, I feel entitled to reach around, pat my own back, and say to myself with a feeling of warm congratulation and a touch of sentimentality, "Well, you've done it again, old-timer. Want to try for one more?"

Junior Editors Quiz on SUN AND MOON

QUESTION: *Why do sun and moon look so large and orange or red when close to the horizon?*

* * *

ANSWER: Sun and moon are not actually larger when close to the horizon. They look that way because of an effect often called the *moon illusion*. Of the two moons shown in lower right the inside-the-box effect makes one look close and the other farther away. Both moons are actually the same size. But we say to ourselves, the moon farther away must be much bigger than the close up one, in order to look as big as it does. As we think of how big it must be, it actually does look big. Outdoors, the landscape makes the moon look far away close to the horizon, because of perspective lines. When the sun's or moon's rays come from high up, the colors in them travel a short route through the atmosphere and give a whitish or bluish effect. But at sunset, the slanted rays must travel farther through the atmosphere. Colors with short wave lengths, like the blues, are absorbed before they reach our eyes. But the longer red and orange rays (shown in black) reach through and give rich sunset colors. For this reason, both sun and moon look orange when close to the horizon.

Report Is An Identity Package

By LISA CRONIN
AP Business Writer

NEW YORK (AP) — In the rosy world of corporate annual reports, some companies never really have a bad year.

When the numbers tell a sad tale of declining earnings, the text explains that the company is "in a transition period" or has "suffered an interruption in its growth pattern."

The verbiage is simply a company putting its best foot forward, for while most concerns are more straihtforward, almost all American companies today see the annual report as their most basic selling tool.

"The annual report used to be a document to satisfy the Securities and Exchange Commission, but now it is a marketing tool to reflect the image of the company—it's an identity package," said Herbert Haft, vice president of Kinney National Services, Inc.

The typical annual report today is inadequate for SEC purposes. The commission requires much more detailed information from those concerns obliged to file periodic statements.

The basic rule of annual reports appears to be the more prosperous the company, the flossier the report.

Esquire, Inc., had a very good year in 1967 and told about it in a lavish four-color portfolio filled with artist's drawings of staff and products.

But in 1968, the company encountered "adverse market conditions in some areas" and wrote about its revenues and earnings decline in a simple report illustrated with black and white photography and bearing a black cover.

Using a more simple and obviously less expensive report "wasn't so much a question of money as of psychological effect on the stockholders," said Stephen Borgardo, a vice president. "An expensive report in a bad year might incur criticism— I try to put myself in has 100 or 200 shares."

The ultimate in annual reports may be in the offing. Some companies are considering putting the financial facts in a booklet that can be easily separated from the main body of the report. Then the report can be used without any figures at all.

Salesmen Shot Down

EAST ST. LOUIS, Ill. (AP)— A group of men fired on seven magazine salesmen, killing two of them, Monday night while the salesmen were sitting in a parked van counting their day's receipts, police reported.

The other five salesman were seriously wounded.

Names of the victims were not released pending notification of next of kin.

All of the victims were Negroes who worked for Interstate Publishers Service, Inc., a Kansas City firm.

Officers said the attack apparently was not a robbery attempt, as money from subscriptions was found in the van.

Sgt. Edward Baker said a group of six or seven Negro men, approached the van while it was parked at a curb.

Witnesses told police the salesmen were ordered out of the van and the shooting started.

"It was quick and heavy fire —something like a machine-gun," one witness said.

The van had a New Jersey license plate but it was not known whether it belonged to the publisher's firm or one of the salesmen, police said.

Inaugural Gown Chosen

AUSTIN (AP)— Mrs. Preston Smith has chosen a sleeveless blue grey chiffon gown for the inaugural ball tonight, an inauguration spokesman said.

The gown for the wife of the incoming governor was designed by Helen Rose, formerly of Metro Goldwyn Mayer, but now working in New York for Frost Brothers of San Antonio.

The bodice of the dress is heavily beaded with rhinestones, crystals, bugle and silver beads.

The spokesman said Mrs. Smith would wear a silver mink jacket and silver shoes with long white gloves as accessories.

Bruins Receive All First Place Ballots

By BEN OLAN
Associated Press Sports Writer

LaSalle of Philadelphia and Duquesne of Pittsburgh replaced Villanova and Kansas on the list of Top Ten teams in The Associated Press' major-college basketball poll today while UCLA maintained its stranglehold on first place.

The unbeaten Bruins, whose 100-64 victory over Houston last Saturday night was their 12th this season, collected all 39 votes for the top spot in the balloting by a national panel of sports writers and broadcasters.

There were no changes either in the next seven positions as North Carolina held second place, followed in order by Santa Clara, Davidson, Kentucky, St. John's of New York, New Mexico State and Illinois.

LaSalle, 12-1 after last week's 88-81 triumph over Western Kentucky, advanced from 11th place to ninth and Duquesne, 11-1, including last week's 79-55 conquest of St. Francis, Pa., climbed from 12th to 10th.

Villanova, victimized by Penn's stalling tactics in losing to the Quakers, 32-30, slipped from ninth to 11th and Kansas, which lost to Iowa State in double overtime, fell from 10th to 13th.

North Carolina drew 22 votes for second place and accumulated 512 points in the voting. The Tar Heels, 13-1, downed Georgia Tech and Wake Forest in last week's action. Santa Clara is 16-0 after whipping the University of California at Santa Barbara and San Jose.

Davidson turned back Wake Forest and Virginia Military in lifting its record to 12-1 and Kentucky downed Georgia and Tennessee for an 11-2 mark. St. John's is also 11-2. The Redmen beat Virginia and West Virginia last week. New Mexico State, unbeaten in 15 games, defeated Texas at El Paso while Illinois, 11-1, was not scheduled.

Purdue, Columbia and Dayton are the new teams in the Second Ten, holding down 18th through 20th place in that order. Northwestern, No. 17 a week ago, Baylor, No. 18, and Cincinnati, No. 19, dropped out of the rankings.

Northwestern was beaten both by Indiana and Michigan State, Cincinnati was beaten by Drake and Baylor was idle.

The Top 20, with first-place votes, season records through Saturday, Jan. 18 and total points on a basis for the first 15 picks of 20-18-16-14-12-10-9-8-etc.:

1.	UCLA (30)	12-0	600
2.	North Carolina	13-1	552
3.	Santa Clara	16-0	439
4.	Davidson	12-1	372
5.	Kentucky	11-2	330
6.	St. John's, N.Y.	11-2	295
7.	New Mex. State	15-0	287
8.	Illinois	11-1	215
9.	LaSalle	12-1	198
10.	Duquesne	11-1	133
11.	Villanoa	11-2	130
12.	Ohio State	9-2	160

Bengals Host Strong Cubs In Coliseum

Brownfield's Cubs will provide Snyder's Tigers with another formidable challenge in the District 3-AAA basketball race tonight in Scurry County Coliseum. Tipoff is on tap for 8 p.m. following the "B" clash between both schools.

It could be a close tilt all the way. Both teams have three lads in the Top 20 in scoring in the district. Scott Doss, the Cubs' talented senior guard, has scored 45 points during Brownfield's league triumphs over Sweetwater and Lake View. John Brown, a junior, has 31 points, and Gary Baccus, the 6-5 senior rebounding ace, has 30 points.

The three Bengals in the individual scoring race are senior forwards Benny Ward and Jerry January and junior guard Lee McNair. Benny has 37 points, while Jerry and Lee each has 22.

Other starters for Coach Ned Underwood's Tigers tonight include junior Jim Patrick in the front court and senior Jodi Williamson in the back court. The Cubs can choose their other two starters from among a group of seniors that include Bobby Craig, Carl Reed, Mickey Joplin, Raymond Pickett, Harold Willis, Barry Morris, Roger Roberson and John Hare.

Brownfield not only can match the Bengals in experience, but the Cubs also have an edge in height and in won-loss records. The 81-64 verdict over Sweetwater and the 74-44 win over Lake View leave Brownfield with a 2-0 district mark. For the season, the Cubs are 15-4. Snyder, on the other hand, lost its opener, 57-71, to Lamesa, before beating Sweetwater 73-65 for a 1-1 loop mark. For the campaign, the Bengals are 14-6.

Snyder has scored more points than Brownfield, posting 1,403 for 20 games while the Cubs have tallied 1,146 in 19 outings. Defensively, the Cubs hold an edge, having yielded only 957 points, compared with 1,276 given up to Snyder foes.

Possible starters for Coach Jerry McLeod's "B" team tonight are Bruce Almond, Glenn Rambin, Bid Cooper, Tony Breedlove and Jeff Stewart.

Elsewhere in the South Zone tonight, Lamesa visits Lake View while Colorado City hosts Sweetwater. North Zone clashes pit Estacado against Dunbar and Littlefield against Levelland.

Tickets can be secured at the door tonight at the rate of $1 for adults and 50 cents for students.

Lamar 7th Grade Teams Win By 1

Boy howdy, those 7th grade basketball tussles here Monday were about as close as they come. Lamar Gray shaded Tranipped Travis Blue 30-29.

The White team, trailing 6-10 and 7-18 after each of the first two periods, put on a tremendous rally that fell only one point short of sending the game into overtime. The White outscored the Gray 14-4 in the third period to pull within one point, but the fourth quarter was a standoff with each team getting six points.

Widgeon Emerson led the White with 11 points. Richard Gorman put in nine for the Gray while his teammates, Boren and Byrom, scored eight apiece.

Trailing 9-16 at halftime, the Blue put on a furious rally and overtook the Red in the third period to go out front 23-20, but the Red re-grouped its forces in the last stanza and re-gained the lead. Lamar tallied 10 points in the last period while Travis made only six.

Steve Talbott was high point man with eight points while Michael Archie and Aaron Hartsfield shared scoring honors for the Blue with six points each.

LAMAR GRAY (28) — Gorman 2-5-9; Boren 4-0-8; Byrom 3-2-8; Hargrove 0-1-1; McCarver 1-0-2; totals 10-8-28.

Musial In Famed Hall?

NEW YORK (AP) — The doors of Baseball's Hall of Fame swung open today for Stan Musial, who stood ready to enter amidst a welcome afforded only a handfull of other baseball greats who preceded him.

Stan the Man left litte doubt of his selection on this first year of his eligibility for the Hall after rewriting the record books during 22 brilliant years in the major leagues with the St. Louis Cardinals.

The results of the balloting by veteran members of the Baseball Writers' Association of America were to be announced about 11 a.m. EST. A player must be named on 75 per cent of the ballots to be elected.

Since the first election in 1936, when former greats Ty Cobb, Babe Ruth, Honus Wagner, Christy Mathewson and Walter Johnson made it, only Ted Williams in 1966 and Bob Feller and Jackie Robinson in 1962 were chosen on their first try.

However, despite his amazing hitting feats, it was doubtful that Musial would become a unanimous selection among the more than 450 writers voting. No player has ever been given that honor.

Joining Musial among those eligible for the first time—a player must be retired for five years to be eligible—were Red Schoendienst, Musial's close friend and former teammate who now manages the Cardinals, and Early Wynn, Gil Hodges and Vic Wertz.

Rain Cuts Napa Cash In Half

NAPA, Calif. (AP) — "It's a doggone shame," commented Miller Barber. "You hate to win this way."

The 38-year-old from Sherman, Tex., had just collected $13,500 for his victory in the rain-abbreviated Kaiser International Open Golf Tournament as storms continued to flood the fairways and greens.

Good weather prevailed Thursday and Friday as Barber posted scores of 68 and 67 at the Silverado Country Club. Then came the rains and by Monday morning all hope of continuing the tournament was gone.

"You can't even get to the tees," commented Jack Tuthill, tournament director for the Professional Golfers' Association. "This course won't be playable Tuesday either."

So the touring pros headed for Pebble Beach and Bing Crosby's national pro-amateur. They hoped to leave the bad weather behind, but that may not be. Fresh storms were reported heading for the Northern California area.

With the reduction to 36 holes, the purse was also halved as the stocky, balding Barber collected for his 135 score.

Travis Tips Lamesa Twice

The Travis Junior High 9th grade team knocked off a respected foe on the local court here yesterday, downing Lamesa 46-43.

The Blue Devils put on a great fourth period rally. Travis led 7-4 after one period, but fell behind, 18-20, at halftime. Lamesa held a 3-point bulge, at 32-29, after three periods, but the Travis boys outscored the visitors 17-11 to keep their unbeaten record intact.

Gary Durst led Travis scorers with 18 points. Marshall and Sisson each scored 13 points for Lamesa. The Blue Devils hit only 18 of 64 from the field, but Don Durst, who grabbed 23 rebounds, kept them in the game. Travis won the battle of the boards, taking 55 rebounds compared with 38 for Lamesa.

LAMESA (43) — Vaughn 1-1-3; Harold 1-1-3; Meador 2-0-4; Sisson 5-3-13; Marshall 5-3-13; Pierce 2-3-7; totals 16-11-43.

TRAVIS 9TH (46) — Murray 3-1-7; D. Durst 2-1-5; Buchanan 1-2-4; Patterson 2-1-5; Horsley 1-0-2; G. Durst 8-2-18; Glasscock 1-3-5; totals 18-10-46.

Cousy Resigns Collegiate Job

NEWTON, Mass. (AP) — Bob Cousy, who earned the title Mr. Basketball as an All-American at Holy Cross and during 13 fabulous years as a pro with the Boston Celtics, is abandoning the sport after six successful seasons as coach at Boston College.

Cousy, who shocked opponents with his clutch play as a 6-foot-2 sharp-shooter in college and the National Basketball Association, stunned observers Monday by announcing his resignation as Boston College coach, effective at the end of the season.

Only 40 and still capable of shooting baskets from all angles, Cousy said he is leaving BC to devote more time to his boys' camp in New Hampshire and to his various business enterprises, most in public relations work.

"I have truly enjoyed my tenure at Boston College during the past six years," Cooz said. "My only regret is that I must discontinue my close contact with the fine group of young men on our team."

Cousy, a master of the behind-the-back dribble and other thrilling phases of ball-handling, was named BC coach in 1962. However, at the request of the late Walter Brown, owner of the Celtics, he put off taking over the Eagles to play one more season for the National Basketball Association champions.

Ironically, the same Celtics passed up Cousy, electing to draft badly needed size, after his graduation from Holy Cross in 1950. Chosen by the St. Louis Hawks and traded to Chicago, Brown drew his name from a hat when the Stags folded in the Windy City.

In six years at BC, Cousy's teams have compiled a record of 101 victories and 37 defeats, including an 8-3 mark this season. His teams have gone to four postseason tournaments the last five years.

"His record speaks for itself," BC Athletic Director Bill Flynn said in "reluctantly" accepting Cousy's resignation.

He has done an outstanding job in building our basketball program to one of the finest in the nation in a few short years . . . We're certainly going to miss Bob—I guess it is the end of the finest basketball era ever at The Heights."

Texans Rip 'Dogs Twice

STAMFORD — Lamar 8th grade smashed the Bulldogs 62-45 here yesterday with all of the Texans getting in the game and all of them getting in the scoring act.

Lamar tallied 22 points in the first period, flooded the court with reserves, and breezed to vicotry.

Three Lamar lads shared scoring honors with eight points each — Fred Liner, Bobby Burleson and Jim Waters. Also scoring for Lamar: Holder — 6, Dyess, Hargrove, Pate, Hinton, and Tyrone 4 each; Hartsfield, Ramos, Byrum, Key, Bell, Baize and Moell 2 each.

The Lamar 9th grade ran into a little stiffer competition in its 52-37 verdict over Stamford. The older Texans led by only 8-6 after one period, but leaped into a 27-19 lead at halftime to take command.

Mike Line led the Texans with 20 points while David Thompson was runnerup with 15 points. Also scoring for Lamar were John Spears, 7 points; Travis Bunch, 5 points; Randy Wright, 4 points; and, W. T. Brice, 1 point.

Young and Washington paced Stamford scorers with 17 and 11 points respectively.

Bullets Bombard Boston 122-109

BY THE ASSOCIATED PRESS

For many years, the Boston Celtics taught the importance of a big man rebounding in the middle, the fast break, the sudden spree that burst open a game. Now those teachings are coming back to haunt them.

The Baltimore Bullets, a National Basketball Association doormat during the reign of the Celtics, proved again Monday night they learned those lessons well by beating Boston 122-109.

The victory was Baltimore's third straight over the Celtics this season and boosted its Eastern Division lead to 3½ games over Philadelphia and Boston.

In the only other NBA game, Milwaukee tripped Detroit 102-101 at Madison, Wis.

In the only American Basketball Association contest, Indiana outlasted Kentucky 141-129 and pulled into a tie with the Colonels for second place in the Eastern Division.

Baltimore held only an 88-85 lead toward the end of the third quarter when Jack Marin scored six points and Gus Johnson four in a 12-2 fast break spurt that buried the visiting Celtics.

Kevin Loughery led the Bullets with 38 points, but their man in the middle, Wes Unseld, a major reason for their success this year, played an equally important role in the victory. He outscored Bill Russell 18-13 and outrebounded him 23-18.

Sam Jones had 35 points for Boston, which fell percentage points behind Philadelphia.

Jon McGlocklin climaxed a 38-point performance for Milwaukee with a basket in the last six seconds for a 102-99 lead. The Bucks had never trailed after taking a 58-51 halftime lead.

Indiana took advantage of 38 Kentucky fouls and hit 50 three throws for its victory. Roger Brown led the Pacers with 36 points while Louis Dampier had 33 for Kentucky.

Huskies Lead Pacific Loop

By HERSCHEL NISSENSON
Associated Press Sports Writer

This may come as a surprise to those who have conceded UCLA it third straight National Collegiate basketball championship, but the Bruins, No. 1 in the nation, are only No. 2 in the Pacific Eight Conference.

Right now, it's simply a matter of who's played more games and no one seriously expects the standings to look the same come March. But the University of Washington, 9-4 over-all to UCLA's 12-0, held onto the league lead Monday night by defeating Oregon 60-54.

That gave the Huskies a 1-0 record in conference play to UCLA's 2-0, but they play each other Feb. 7 and 17 and Washington's still being on top is about as improbable as Lew Alcindor being cast as one of the Seven Dwarfs.

All five starters were in double figures for the Huskies, led by Pat Woolcock's 13 points. George Irvine had 12, Jay Bond and Rafael Stone 11 apiece and Dave Willenborg 10. Oregon's Stan Love took game honors with 17.

The Ducks led 17-15 midway through the first half, but Washington ran off eight straight points to take the lead for good. The Huskies led at halftime 32-25.

None of The Associated Press' Top Ten teams played Monday. The highest ranking teams to see action were 12th-rated Ohio State and No. 20 Dayton, and the results didn't say much for the home court advantage.

Ohio State traveled to Atlanta and beat Georgia Tech 73-66, while Dayton stayed at home and succumbed to Western Kentucky 70-65.

Denny Meadors sank two late free throws and then nailed down Ohio State's victory with a key steal that boosted the Buckeyes' record to 10-2.

Georgia Tech bolted to an eight-point lead in the opening minutes but Meadors and Dave Sorenson sparked an 11-point run that put the Buckeyes back on top.

The teams traded baskets until the final minutes when Meadors' free throws gave the Buckeyes a 69-66 lead. Meadors then swiped the ball and Jim Cleamons' basket booted the margin to five points. Sorenson led the winners with 16 points and Meadors had 13.

Dayton led Western Kentucky 37-32 with 7:45 to play. But 6-foot-10 Dan Obrovac fouled out and the roof fell in as the Hilltoppers scored 18 straight points, 10 by sophomore Jim Rose.

Seven-foot Jim McDaniels paced Western Kentucky with 25 points while Dan Sadlier had 20 for the Flyers. The loss was Dayton's third in 15 games and the first in nine home games this season.

Elsewhere, Oklahoma City used deadly shooting and strong rebounding to hammer Southern Methodist 96-74. Rich Travis led the scoring with 29 points while Willie Watson pulled down 24 rebounds.

Army, the nation's leading defensive team with a 56.5 average, rolled over Fairleigh Dickinson 78-43. Bobby Washington's 25 points helped Eastern Kentucky turn back Ohio Valley Conference rival Tennessee Tech, 87-71.

NATIONAL WINNERS — Abilene Christian College's livestock judging team captured a first place and ranked ninth overall in the recent National Western Livestock Judging Show at Denver, Colo. The team placed first in judging of breeding beef cattle. From left are Dr. Edwin DuBose, associate professor of agriculture and team coach; Billy Kniffen of Clyde; Ed Brokaw of Pleasant Hill, Ill.; Sandra Hancock of Great Falls, Mont.; Jack Stricklin of Abilene; Johnny Back of Borger; and Linden Terry of Snyder. Terry is the son of Mr. and Mrs. Clifford C. Terry, 2806 Thirty-second Street.

TTA'S DALLAS-HOUSTON FLIGHT

Pistol-Packing Pair Held

HOUSTON (AP) — A young man who said he didn't want to go to Cuba and his girl friend were arrested Monday night after a stewardess said he showed a pistol while aboard a Dallas-to-Houston airliner.

Randall D. Chapman, 19, and Melinda E. Cubbison, 21, both of Houston, were taken into custody at William P. Hobby Airport.

FBI agent K. V. Hetherington said the pair would be charged today with carrying a concealed, deadly and dangerous weapon aboard the plane.

Chapman, a tall, lanky youth with chin whiskers, and his companion were aboard Trans-Texas Airways flight 906, which originated in Amarillo and was bound for New Orleans. It carried 53 passengers and a crew of four.

Sgt. B. H. Tabor of the airport security force said Chapman was carrying a .22-caliber starter's pistol like those as used in track meets.

"I didn't have a pistol or gun," Chapman told newsmen at the airport. "I simply had a revolver that would shoot blanks. . . . It was very innocent. No violation of the law, no concealed weapon."

Stewardess Sherry Calloway, 20, of Texas City said Chapman displayed the gun about 20 minutes after he and Miss Cubbison boarded the flight in Dallas.

A passenger approached her, she said, and reported that a man across the aisle from him had a pistol. She told the pilot, Capt. Norman Skyes of Houston, and he told her to ask the man to hand over the weapon.

When she asked for the pistol the man said it was only a toy, Miss Calloway said.

As she asked again, he replied, "Well, I don't want to go to Havana."

Miss Calloway said he then put the pistol in his pocket.

Skyes radioed the Houston airport. The plane landed as scheduled while police and FBI agents waited.

Security guards broke up a scuffle between Chapman and two photographers as he was being interviewed in the airport.

Chapman told authorities that he and his girl friend were involved in a traffic accident last Saturday night and were released Monday from a Sweetwater hospital. They hitchhiked to Dallas before boarding the plane, he said.

The flight, with stops in Wichita Falls, Dallas, Houston and Baton Rouge, La., continued after a 15-minute delay at the airport.

TAX ANSWERS

This column of questions and answers on federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently aked by taxpayer.

Q — Where can I get copies of the new tax forms?

A — Most taxpayers should receive their income tax forms in the mail early in January. Forms will also be available at local IRS offices as well as in many post offices and banks.

If you received a form in the mail, please use it when you file your tax return. It contains identifying information to help avoid mistakes that delay processing and refunds.

The Form 1040 tax package that you received in the mail has a two-part pre-addressed label that shows the taxpayer's name, address and Social Security number. If you do not use the form sent you, peel off the top label and put it on the form your file. The card Form 1040A is pre-printed with the taxpayer's name, address and Social Security number.

Q — Were there any changes in the tax law last year I should know about when I file my 1968 return?

A — Adoption of a surtax in 1968 was the major change. This surtax will increase the amount of income tax most individuals will pay for 1968 by 7½ percent. A line has been added to the tax form to help taxpayers make this calculation and it is explained in the instructions that come with the tax form.

Q — Do I have to include Social Security benefits when I add up my income for the year?

A — Social Security benefits are not taxable. However, they do have to be included when determining if the support test has been met for a dependent.

For example, if a widow had no other income but Social Security benefits of $1,200 during 1968 and she spent it for her own support, it will be necessary for anyone claiming her as a dependent to provide more than $1,200 towards her support for the year.

Q — Where can I get a copy of the new Farmer's Tax Guide, Publication 225?

A — Contact your local IRS office or county extension agent for a free copy.

Q — I want to get my return in as soon as possible so I can get my refund. Do I have to wait until my boss give me my W-2? I have my own record of wage and tax withheld.

A — A copy of your W-2 form must be attached to your tax return. Many taxpayers had their refunds delayed last year because they forgot to do this.

The law requires employers to issue W-2 statements to their employee by January 31. Many issue them sooner so you should have your W-2 Form shortly.

Q — I don't think my medical expenses were more than 3 percent of my income in 1968. Does that mean I can't deduct my Blue Cross payments?

A — One-half of your medical maximum of $150 may be deducted even though your total medical expenses do not exceed 3 percent of your income. Therefore, you may deduct part of your Blue Cross premium if you itemize.

Information to help you figure out your medical expense deduction is given on page 7 of the 1040 instructions. Mistakes in handling medical insurance premiums occurred frequently on tax returns last year. To avoid mistakes, read the instructions carefully.

Q — Last year I bought a bull at an auction. If I keep it for breeding purposes do I use its cost to figure depreciation?

A — Yes, generally the basis for depreciation of purchased livestock are included in inventory.

Evidence To Be Presented

AUSTIN (AP) — Evidence against the accused slayer of two University of Texas students will be presented to grand juries in two counties this month, it was disclosed Monday.

Burnet county Dist. Atty. Louis Crump said the Burnet County Grand Jury will convene Wednesday to consider evidence that Clyde Durbin Jr., 21, of Dallas killed Miss Keitha Morris, 19, of White Deer.

Dist. Atty. Bob Smith of Austin said the Travis County Grand Jury has scheduled a Jan. 28 session to hear his presentation of evidence that Durbin slayed John Albert White, 21, of Corpus Christi.

White's body was found in the shallow waters of Bull creek, just outside the Austin city limits, on Jan. 8. He had been shot. The next day, the body of Miss Morris, White's picnic date, was discovered in Inks Lake in Burnet county.

Durbin, a former university student and employe, was charged Jan. 17 with their murders and is being held without bond in the Travis county jail.

Over the past four years, the volume of Canada's economic assistance to developing countries has tripled.

Demos To Add To Staff

AUSTIN (AP)— Members of the state Democratic Executive Committee authorized hiring three additional staff members Monday.

The move is a part of a counter attack against inroads that Republicans and George Wallace supporters made in Democratic ranks last November.

Dr. Elmer C. Baum, state chairman, said the committee should be happy about carrying the state for Hubert Humphrey in November but must not relax.

Baum suggested that a permanent youth activities director be hired to direct party youth activities in Texas. He also asked, and got, authority to hire a women activities director and a communications director to work with a special communications committee and whose principal task would be publication of a monthly state party magazine.

Baum said names of the newly authorized staff members would be announced soon.

Permit Is Issued

DENTON, Tex. (AP)—A construction permit has been issued for a North Texas State University FM radio station.

Beaver trappers have more than tripled production in Ontario, Canada, since game management districts were established in 1947. They take about 150,000 pelts a year.

Bid Accepted For Pickup

County Commissioners yesterday accepted a bid of $2,717.95 from Snyder Truck and Tractor Company for a 1-ton truck for use by the park department.

Wilson Motor Co. submitted the apparent low bid of $2,692.07, but estimated delivery in about eight weeks, compared with a 5-day delivery in the bid of Snyder Truck and Tractor Co.

Two other firms submitted bids. Les Francis Chevrolet Co. made an offer of $3,210.34 while Thomas Chrysler - Plymouth made a bid of $2,747.07.

In other business, commissioners approved a request of George Chamblee for use of the barn in Towle Park by the Boy Scouts of America for their annual exposition March 29.

CRMWD Revenues Peak, So Do Expenses In 1968

The Colorado River Minicipal Water District experienced a peak in revenues during 1968, but it also spent more money than in its 16-year history.

There was good reason for this — the district was in the midst of a project which will increase its water supply for this area of West Texas by two and a half times.

Revenues for the year amounted to $2,762,550, only $28,000 more than the previous year. Principal sources were $1,502,098 from the cities and $1,203,728 from oil companies. The small remainder came from rural installations, pipeline fees and recreational fees.

Expenses for the year amounted to $860,243, which was $8,000 less than the previous year. This left $1,902,307 to be transferred to the new revenue fund which is used principally for funneling payments into the interest and sinking fund.

The main item of expenses was for electric power in the amount of $392,045, down $21,000 from 1967 because the district pumped 688,000,000 gallons less than the previous year due to rains during the summer months and which lessened municipal demands.

Most of the water, 11,245,411,000 gallons, came from Lake J. B. Thomas, or 391,000,000 less than the year before. The Martin County well field produced 395,518,000 gallons, or 8 million less, and city wells produced 364,067,000 gallons, or 290,000,000 less.

One item of concern was that of water reserves, for despite a year of above-normal rainfall, Lake J. B. Thomas received less runoff (somewhat more than 9,000 acre feet) than anytime in its history. At the end of the year the lake contained 61,600 acre feet or about 30 per cent of capacity. Elevation was 2232.18, a decline of nine feet for the year.

The district continued storing water from Lake Thomas in the dewatered zones of the Martin County well field as a source of supply against summer peaking demands. A total of 282,329,000, or approximately 900 acre feet, was injected and 293,241,000 recovered, leaving a net of 383,101,000 gallons of lake water in storage at the end of 1968.

Similarly, the district pumped 339,928,000 gallons, or 1,043 acre feet of water from Lake Thomas to Moss Creek Lake to maintain levels in meeting oil pressuring requirements.

The consuming job was that of constructing the new lake and necessary pipelines. At the end of 1968 the district had under contract or otherwise encumbered $23,528,868 on this project, of which $19,586,932 has been paid. The break down showed $15,271,886 contracted for the lake itself ($14,418,103 paid); $961,425 contracted for the diversion dam and side storage above Colorado City ($583,403 paid); $6,080,000 contracted (and $3,500,790 paid) for pipelines from Big Spring to Martin County station from Martin County station to Midland, from Big Spring to Moss Creek, thence to the Sun Oil line in Mitchell County, and on to the side terminal storage at Colorado City; $130,000 contracted, none yet paid on terminal storage for Midland and revamping pipe connections for the Big Spring terminal; $1,039,036 paid for engineering and right of way purchases.

The dam across the Colorado River above Robert Lee is nearing completion and the project will be impounding water from spring rains. During 1968, the City of Stanton became a customer, and on Jan. 1, 1970 Midland will start receiving lake water. A contract with the City of San Angelo is basically agreed upon.

Plan To Purchase Midland Firm Stock

SAN ANTONIO (AP) — Plans to purchase all outstanding stock of Alaskan Oil and Refining Co. of Midland were announced Monday by Tesoro Petroleum Corp. of San Antonio.

The agreement is subject to approval by the board of Tesoro and Alaskan's stockholders.

Tesoro produced crude oil and natural gas and operated refineries at Newcastle, Wyo.; Carrizo Springs, Tex., and Wolf Point, Mich. Alaskan is constructing and operating a crude oil refinery near Anchorage, Alaska.

During the 18th and 19th centuries, only the wealthy took overseas holidays.

Tentative Pact In Dock Strike

NEW YORK (AP) — Tentative agreements have been reached in South Atlantic ports in the longshoremen's strike which has idled shipping from Maine to Texas.

A spokesman for the 75,000-member International Longshoremen's Association said Monday that local issues have been "cleared up" in ports from Morehead City, N.C., to Key West, Fla.

The oral agreement covering the Port of New York will not be put to a ratification vote until all union locals were ready to ballot, the ILA spokesman said.

Disputes over containerized cargo and guaranteed annual wages reportedly were delaying settlements in Boston, Philadelphia, Baltimore and Hampton Roads, Va. The union has contended that increased use of containerized cargo means loss of longshore jobs. The shipping firms deny this.

The Maritime Administration said there were 284 strikebound ships on the Atlantic coast and 96 on the Gulf coast. The strike is in its 33rd day.

The New York Shipping Association has promised the port's 22,000 workers an annual guarantee of 2,080 hours and a money and benefits package providing $4.60 an hour in the last year of a three-year contract.

Rabbi's Word To Power Seekers

By DAN CUFF
Associated Press Writer

NEW YORK (AP) — Jewish Power! Irish Power! Italian Power! That's what a rabbi calls for in a tongue-in-cheek letter to the president of Adelphi University, where black students have been seeking more power.

Dr. Karl Applbaum, rabbi at a Jewish center in Brooklyn, foresees classes in Irish jigs, lunch hours with serenades in Yiddish and special days of honor of such Italian heroes as Garibaldi.

"I really felt I wanted to speak out on this subject," Rabbi Applbaum said Monday. In the letter he asked for:

Textbooks that read from right to left and kosher cafeterias; observance of Murphy Day, O'Brien Day and several other holidays for the Irish; Italian dancing classes and Italian music.

Rabbi Applbaum, 59, president of the Long Island chapter of the Association of the United States Army, said his letter to Dr. Robert Olmsted of the Long Island university was sent to demonstrate the deterioration of American universities.

He said there ought to be a "white curriculum" with "courses in political science, history, sociology, education, Hebrew language, Yiddish, Italian including all the variations, Irish brogue, English, Philosophy, art, Israeli dances, Irish jigs and Italian dances."

Jewish, Irish and Italian instructors ought to be hired to teach the curriculum, Rabbi Applbaum wrote, with hiring "not on the basis of qualifications but purely on the basis of religion and national origin."

The rabbi said that unless his requests were honored within 10 days, Jewish students would join with "blacks, Italians, Irish, French, Russians, German, Austrian and Polish" to "march seven times around the buildings of the university" blowing the Ram's Horn.

"The walls of Adelphi will colapse as did the walls of Jericho," he said. The students "advise me that they have a commitment from Israei Gen. Moshe Dayan that he will lead the marchers."

Canada Has Brain Invasion

OTTAWA (AP) — One of Canada's current problems is a brain drain in reverse: a brain invasion.

Many Canadians were shaken a bit by recent disclosure that half of the country's university professors come from outside Canada, mostly from the United States.

It also became known that U.S. textbooks were being used to teach Canadian students political science, history, literature and social sciences.

One result has been a small furor in academic circles, including suggestions that Canadian students are being indoctrinated to look at problems from the U.S. point of view and that something must be done about it.

At Carleton University in Ottawa, two faculty members presented a resolution calling for maintenance of a "two-thirds majority of Canadian citizens" on the teaching staff. Their proposal was overwhelmingly rejected.

Most educators acknowledge that the problem is serious, but most agree with an editorial in the Toronto Globe and Mail holding that the situation "is not the fault of the invaders."

The Globe and Mail touched off the controversy by disclosing that approximately 35 per cent of the university teaching force is from the United States. The figure is much higher in some of the new universities. For example, at Simon Fraser University, near Vancouver, 68 per cent of the faculty are Americans. At Waterloo University six of the seven departments in the humanities and social sciences are headed by Americans. The same university offers four courses in American literature and none in Canadian literature.

The explanation is the rapid expansion of Canada's higher education facilities. In 1961 three-fourths of the country's 9,000 professors were Canadian, but between then and 1967 the undergraduate enrollment more than doubled, the graduate enrollment almost quadrupled and faculties were expanded by 7,700 new professorships. Two-thirds of the new posts were filled by imported scholars.

Prof. H. G. Thornburn, head of political studies at Queen's University, said it was "fantastic" for a country to import foreigners to teach politics. A similar view was expressed by Prof. R. A. Crichton, head of the applied arts division at Durham College. He said persons who "have come under U.S. influence by birth or training are going to bend their subject material accordingly."

Two Canadian students at Cornell University disagreed. They wrote: "We, as Canadian students studying in the United States, are extremely disturbed by the recent furor over the national origins of university professors and find the attitudes of some of our fellow countrymen totally repugnant . . . Such misguided nationalism could doom Canada's universities to a second class status for years to come."

Frank Milligan of the Canada Council says the threat of U.S. domination of Canadian universities is "a disappearing problem," largely confined to the new institutions.

"Maybe in three years," he says, "certainly in five, the supply will equal the demand."

He believes the new universities that have sprung up in the past decades never could have developed if they had not recruited faculties abroad.

Colgate University To Be Coeducational

HAMILTON, N.Y. (AP) — Colgate University will become coeducational in the fall of 1970, university president Vincent M. Barnett Jr. said Monday.

The change will add 600 women to the present student body of 1,951 men.

One Killed In Dallas Robbery Try

DALLAS (AP) — What police said was a robbery attempt ended Monday with one intruder fatally shot and another captured in a South Dallas food store.

Officers reported the store's owner, Antony Barbaria, 32, shot and killed a would-be bandit whom they tentatively identified as Donnie Anderson, about 25.

While the storekeeper was ducking bullets from the man he dropped, his mother—Mrs. Tony Barbaria—seized a carbine and began firing. The slain man's companion surrendered in a hurry.

Police gave this accout:

The two men entered the store together and pretended to shop. As one stopped before Barbaria at the drug counter and asked him to sack a doughnut, the other went to a checkout stand and pointed a starter's pistol (which fires only blanks) at a woman clerk.

Barbaria, bending to reach a sack, was clubbed with the handle of a pistol. As he fell behind the counter, the grocer grabbed his .357 magnum.

The man at Barbaria's counter fired and missed the storekeeper. Barbaria shot back, hitting his target. The intruder missed again and Barbaria emptied his pistol.

Police held the captured man without immediate charge.

Two men held up the same store last Nov. 5 and touched off a shootout in which a bullet hit Mrs. Barbaria in the right foot. It was believed one of the robbers was wounded as they fled with about $700.
