Van Fleet Says Red Drive Has Been Stopped By UN

O'Dwyer Told To 'Clear Self Or Else Resign'

By MARVIN L. ARROWSMITH

WASHINGTON, May 2. (AP)—Senator Wherry (R-Neb) said today Ambassador William O'Dwyer should either "resign or clear himself" of charges fired at him by the Senate Crime Investigating Committee.

"Solely on the basis of the committee's report, it seems to me those are the alternatives open to him," Wherry said of the U. S. envoy to Mexico and former mayor of New York.

Wherry, the Senate Republican floor leader, is not a member of the committee. Senators who are members declined any direct comment on whether they feel O'Dwyer should quit.

In its report Tuesday, the committee hit hard at O'Dwyer, who served as district attorney of New York's Kings County (Brooklyn) from 1940 to 1942 and as mayor from 1946 until last fall. At that time President Truman named him ambassador.

The committee said neither O'Dwyer nor his appointees to New York jobs "took any effective action against the top echelons of the gambling, narcotics, water-front, murder or bookmaking rackets." It added "In fact, his actions impeded promising investigations of such rackets."

In Mexico City, O'Dwyer said he had no comment "at this time."

The committee, meanwhile, formally named a new chairman—senator O'Conor (D-Md) — and made plans to complete drafting of legislation which will be aimed at carrying out its recommendations for nationwide throttling of big crime and gambling syndicates.

The committee's report said, however, that the main housecleaning job must be handled by state and local authorities.

O'Conor succeeds Senator Kefauver (D-Tenn) as chairman. Kefauver, who had said he wanted more time to devote to other senatorial duties and his family, remains as a member.

As for additional public hearings, O'Conor said they would depend on developments.

During Senate debate on the crime report Kefauver reiterated that if he had it to do over again he would not vote to confirm O'Dwyer as ambassador. But he declined to say whether he feels O'Dwyer should quit. He said that was a matter for O'Dwyer and Mr. Truman to decide. The White House had no comment.

Wherry read in the Senate parts of the report saying O'Dwyer was an intimate or close friends of Frank Costello, underworld kingpin the committee described as having "a sinister influence . . . in the councils of the Democratic party of New York County."

Noting Wherry's remarks about O'Dwyer, Senator Chavez (D-NM) asked:

"Isn't it basic in American life that until someone is convicted he is persumed to be innocent? Isn't there a difference between the report of an investigating committee and a determination in a court of law as to guilt?"

Kefauver said he agreed with Chavez, and added that the committee had not said "He (O'Dwyer) is guilty of a crime."

Acheson Comes To Defense Of Eastern Policy

WASHINGTON, May 2. (AP)—Secretary of State Acheson said today the administration carried out the Wedemeyer recommendations on Korea with one exception.

He told a news conference the exception was the creation of the military mission independent of the Korean forces instead of the organization of a Korean scout force with American officers as Lt. Gen. Albert C. Wedemeyer recommended in a 1947 report.

The Senate Armed Services Committee Tuesday released the report Wedemeyer made on a survey of Korea and China which he undertook at the request of President Truman. The report has been kept secret during the intervening period of almost four years.

The report, delivered in September, 1947, warned that "Soviet-inspired" North Koreans might invade South Korea.

Wedemeyer recommended various policy moves, including arms aid to South Korea and creation of a South Korean scout force, under American officers, to guard against this threat.

Acheson was asked today to state the extent to which the Wedemeyer report was taken into account in the government's development of Korean policy. He was prepared for this question with a statement of which he said the key paragraph was this:

"The actions which were taken and the actions which were recommended in all cases coincide except for the creation of a Korean scout force with American officers."

Conviction Of Rape Upheld

AUSTIN, May 2. (AP) — The Court of Criminal Appeals today affirmed conviction and life sentence of J. T. Jones on a charge of rape of an Abilene woman.

The offense occurred Oct. 3, 1950, on a Taylor County road where the woman had stopped her car with a flat tire, court records showed.

Jones denied the charge, offering an alibi at the trial.

The Appeal Court ruled that the fact question of guilt or innocence was one for the jury to decide. The court said it could find no trial court error to justify disturbing the verdict.

Snyder Accident Case Goes to Federal Court

The case of W. T. Coffee vs. Halliburton Oil Well Cementing Co., growing out of an accident at Avenue M and Twenty-fourth Street here Aug. 18, was begun yesterday in federal court in Lubbock. Due to the unexpected illness of Judge Joe Dooley, the trial was recessed yesterday, to be continued when the jurist recovers.

Among the witnesses yesterday were M. R. Estes, civil engineer, and J. Lawrence Devers, photographer, both of Snyder. Attorneys for Coffee, the plaintiff are Bob Davie, of Snyder and John Vickers, of Lubbock, and those representing Halliburton are George Dupree and Jim Milam, both of Lubbock.

No. 1 Winston Is Failure In Ellenburger

V. A. Brill of Houston is preparing to plug and abandon his No. 1 Harrie Winston and others, wildcat in South-Central Scurry County, about five miles south of the south side of the Kelley-Snyder pool.

Total depth is 7,908 feet in Ellenburger dolomite. Top of the Ellenburger was called at 7,874 feet on a minus datum of 5,560 feet.

Operator drillstem tested the Ellenburger from 7,875-7,908 feet. Tool was open two hours. There was a weak blow of air throughout the test.

Recovery was 30 feet of oil and gas cut mud and 30 feet of gassy, muddy sulphur water.

Location was 467 feet from south and east lines of the northeast quarter of section 7, block 1, J. P. Smith survey and six and one-half miles south of Snyder.

BORDEN WILDCAT

Lario Oil & Gas Co. has filed application to drill an 8,000-foot wildcat in Southeast Borden County as its No. 1 T. L. Griffin.

It is approximately one and three-quarter miles west and three-quarters of a mile south of the nearest production from the Pennsylvanian on the southwest side of the Reinecke field, and is separated from that production by dry holes.

Location is 660 feet from south and west lines of section 46, block 25, H&TC survey and five miles north of Vincent.

Rotary tools will be used to drill beginning immediately.

The project is being drilled primarily to try to develop production from the Pennsylvanian. If this fails, operator may drill deeper.

Warned Of Invasion

Lt. Gen. Albert C. Wedemeyer, above, advised President Truman nearly four years ago that Korea was threatened by a "Soviet-controlled invasion of North Korean forces." This was disclosed in Washington with release by the Senate Armed Services Committee of the top-secret report on Korea that Wedemeyer submitted to the President on September 9, 1947.

Relations Not Hurt By Crime Probe-Acheson

WASHINGTON, May 2. (AP)—Secretary Acheson said today he knew of no evidence that the Senate Crime Committee's criticism of Ambassador William O'Dwyer have hurt relations between the United States and Mexico.

Acheson also told a news conference, in response to questions, that he had no plan to confer with O'Dwyer as a result of the committee's year long investigation and report.

He said that if he thought there was any reason to remove an ambassador of course this would be taken up with the President. Asked whether such a step was planned on O'Dwyer, Acheson said with a smile that he had no comment to make on a loaded question like that.

Then he replied with a crisp no to a question whether there was any evidence that developments have adversely affected U. S. relations with Mexico.

At the White House, meanwhile, Presidential Secretary Joseph Short said he was unaware of any plan to recall O'Dwyer from his diplomatic post.

Break Found In Murder Case

AMARILLO, May 2. (AP) — Potter County officers claimed a break today in the slaying of Mrs. Mabel Rachel Hulen, 40.

The officers described a statement they said they had from Mrs. Hulen's estranged husband as a "full confession to the murder."

Hulen, a former butcher, was arraigned Tuesday night on charges of murdering his wife. Examining trial was set for Thursday morning.

Officers would not elaborate on the reported statement which was not witnessed by newsmen.

Mrs. Hulen's battered body was found April 17 in her home here. Hulen volunteered for lie detector tests after maintaining his innocense through 17 hours of questioning.

Officers declined to say wheather the reported statement came as a result of lie detector tests.

Earlier, Texas Rangers said chemists found traces of human blood on shoes, trousers, and a three-foot length of pipe officers believed the murder weapon.

Three Fights In Austin Set Before Solons

AUSTIN, May 2. (AP) —The Legislature had three of its big fights on the card today — taxes, crime and truck-railroad rivalry.

A Senate Subcommitte suggested a new penny a gallon tax on gasoline and a boost of 10 per cent in the levy on natural gas.

The senate State Affairs Committee Tuesday approved those ideas, but told the subcommittee to go back and rewrite the omnibus tax bill incorporating those new taxes before a vote on the whole bill was taken. The omnibus bill covers such items as oil, sulphur and cosmetics.

Sen. Joe Russell of Royse City said he would begin the fight for passage on the Senate floor of the anti-slot machine bill already approved by the House. It would make possession of a slot machine a penitentiary offense.

The truck-railroad fight was scheduled in the House, where a bill to raise the gross weight load limit for trucks from the present 48,000 pounds to 58,240 was on the calendar.

A group in the House backing a separate natural gas tax bill said they had lined up enough votes to knock out any provision for an added gasoline tax the Senate sends over.

Rep. James Sewell of Blooming Grove was one of the foes.

Sewell is author of the bill levying a tax of one cent per thousand cubic feet on natural gas. He said most of that tax would be paid by the big pipeline companies that ship gas out of Texas.

His bill has been passed by the House and will be given a public hearing before the Senate State Affairs Committee later today.

Chairman Jimmy Phillips of the State Affairs Committee said the omnibus bill — with a continuation of the 10 per cent increase passed last year, with the added gasoline tax and with the boost on the natural gas levy — would raise about 162 million dollars during the next two fiscal years. He quoted the comptroller as saying that would be enough to pay for state services as now proposed.

The House Tuesday approved on second reading a bill to let the Railroad Commission set minimum prices on natural gas in the field. The measure still must be passed on third reading before it is sent to the Senate.

Airport Operations Discussed by County

Two Civil Aeronautics Administration officials met with the commissioners court this morning to discuss future management and facilities of the county airport.

Bill Brown, CAA official from Fort Worth, and Jack Roveson, from the Big Spring district office, met with the court to counsel in regard to methods for efficient operation. No court action, however was taken.

Meeting also with the court was Bob Collins, operator of the present flying service at the airport.

Vogelers Arrive Home

Robert A. Vogeler, left, who returned to the U. S. after 17 months in a Hungarian prison, and his wife are embraced by his father, Willy Vogeler, at the Hotel Roosevelt in New York City. Vogeler, a vice president of the International Telephone and Telegraph Co., was freed by the Reds last Saturday. He had been held in solitary confinement as a spy.

Testimony Ends in Law Suit For Damages After Accident

The law suit in which D. E. Snow, Colorado City, is seeking $22,050 damages in 132nd district court, here against the Canyon Trucking Corporation recessed shortly before noon until 3 o'clock this afternoon after attorneys for the defendant rested their testimony.

Only two witnesses for the trucking company took the stand this morning. The first witness, Claude Green, of Fort Worth, who was driving past the scene of the accident near Dunn July 7, told the jury that he was hitch-hiking a ride to Colorado City and was driving for a man who owned the vehicle in which he was riding.

TRUCK PASSENGER

Petty said the truck was en route from Snyder to Westbrook, just west of Colorado City, with Cross driving. Shortly after they left Dunn he noticed a late model Mercury traveling in the same direction ahead of their truck, attempting to make a left turn off the highway onto a country road, Petty stated.

Petty testified that he did not see any signals from the car ahead indicating that it was to make the turn. He told the jury that Cross swerved the truck to the left to avoid crashing into the Mercury. Petty said the trailer truck was new and empty and had good brakes on the truck, but the brake connection with the trailer was not hooked up.

Only Snow, driver of the Mercury was injured when the truck and car collided.

The case is slated to go to the jury late this afternoon. Judge Ben F. Thorpe is presiding.

SNOW's TESTIMONY

Snow testified yesterday that at the time of the accident he was employed as a rural mail carrier with a route covering about 110 miles.

Snow told the jury that he sustained injuries to his head and body that caused him to be in a hospital 11 days. Snow told the court that he had to pay a substitute worker $567 for loss of time and that he was unable to return to work until Sept. 1. His car was demolished by the impact, he said.

"At the time of the accident I was earning $3,600 per year but now my salary is $4,800 per annum," Snow told the jury.

Floyd Wallace, Colorado City garage man, testified that the Mercury was worth about $2,000 before it was demolished, and that following the wreck the value was only about $600.

B. F. Zimmerman, highway patrolman who investigated the accident, said the truck was about 175 feet from the spot of the impact, and the Snow car about 114 feet away.

"Snow appeared eo be in a daze when lifted from the car," he said.

NO BRAKES

There were no brakes on the trailer, Zimmerman testified.

Another witness for the plaintiff was Dr. Oscar Rhode, Colorado City physician, who testified that X-ray examination of Snow showed he suffered seven fractured ribs, a laceration over the left eye and he suffered from shock; Dr. Rhode exhibited several X-ray films of Snow's body. The physician testified that he had treated Snow for injuries sustained in an automobile accident in 1949, which were not serious.

Other witesses included Houston Quitt, Arlie Taylor, and Mrs. Grady Patton of Brownfield, who is Snow's daughter.

A deposition was read into the record by the defense from Jimmy Cross, driver of the truck, who at present is stationed at Camp Polk, La.

Johnston Says Inflation Flood To Be Stopped

By STERLING F. GREEN

WASHINGTON, May 2. (AP)—Economic Stabilizer Eric Johnston assured businessmen today the government will hold the dam against "a new inflation flood" anticipated by Christmas when arms production reaches full tide.

"So far we've had only a flash flood of inflation," he said, "compared to what we could have by early winter without the sternest kind of steps to counteract it."

In a speech to the U. S. Chamber of Commerce at its 39th annual meeting, Johnston promised to write wage-price ceilings off the books "the minute I feel controls are no longer necessary." He predicted this is about two years off.

The ESA administrator urged his audience of industrialists not to let down until the job is done. "We can't talk turkey to communism with a feather duster," he said.

"FEAR SALESMEN" HIT

A former president of the Chamber, Johnston urged its members to ignore the "fear salesmen" who warn that defense expansion will overbuild the industrial plant and leave the country ripe for a depression.

Johnston said the country will emerge with a production potential for civilian goods "that dwarfs all going records," and he went on:

"We will have a stockpile of arms so ample and a defense production capacity so big that an aggressor anywhere will count ten before he speaks — and then bite his tongue before he speaks at all. And then, God willing, we may padlock the loaded gambling den of war."

Senator Robertson (D-Va), a member of the Senate Banking Committee which framed the defense Production Act, said in another speech the committee is reluctant to impose controls except when it becomes obvious that defense spending prevents the working of normal economic laws.

BUDGET CUT URGED

Senator Byrd (D-Va) told the gathering Tuesday all government agency budgets should be trimmed by 15 per cent across the board and the total budget by $7 billion.

Senator Douglas (D-Ill) said a cut of $4 billion is possible, half of it in money earmarked for te armed forces. He spoke of "enormous waste" in the defense establishment.

The three-day Chamber meeting closes late today after delegates vote on more than 50 proposed statements of policy.

4th Escapee Is Captured

Lloyd Merritt, sheriff, is leaving today for Santa Paula, Calif., to return Horace Edward Lyday, 21, of Snyder, one of the five prisoners who escaped from the county jail March 26.

Lyday, charged here with robbery, was arrested over the week end by the Santa Paula authorities, who immediately notified Merritt of the capture.

Lyday was the fourth of the five men to be captured.

The only escapee still at large is Charles Gardner, 18, who was also being held on a robbery by assault charge. His home is at Fillmore, Calif., near Santa Paulo.

Virgil Muse, 29, was captured in Oklahoma City a few days ago, and Duwell Turner, 28, and Fred Paul Moore, 30, were seized by Memphis police three weeks ago. Muse and Turner are being held on robbery charges, while Moore is charged with forgery.

Bombers Open Flood Gates To Water Han

Communists Still Have Power To Hit Again As Hard As Before

By OLEN CLEMENTS
(Associated Press Staff)

TOKYO, May 2. (AP) — The Red spring offensive has been stopped by a great victory by the United Nations," Lt. Gen. James A. Van Fleet said today — but a new Communist assault is in the making.

The Allied ground commander jubilantly announced The enemy has failed."

The Reds lost, too, in their battle to control the rivers which must be crossed in the next phase of their spring offensive.

American Naval planes skip-bombed gaping holes in the floodgates of Hwachon reservoir and sent water rushing back into the Pukhan and Han Riveds. The Reds had closed the gates tight in an effort to lower these great natural water barriers for an easy crossing.

TANKS HUNT REDS

As the rivers returned toward normal levels, U.N. tank patrols rumbled out Wednesday on Red hunts.

One tank force stabbed 11 miles north of Seoul to the Iujongbu area and ran into a Chinese ambush. Tankers buttoned down their hatches and fought their way back through Red attempts to set up a road block.

Other armored patrols searched the immense V" formed by the Pukhan and Han Rivers east of Seoul. They found no Reds.

But planes found targets on the highways. Night and day they blasted Red efforts to build up manpower and supplies.

GENERAL CHECKS FRONT

The present status of the Red drive was summed up by Van Fleet after a flying visit to the 10th Corps front. He said:

We have punished the Communist forces severely. The enemy has failed in the first phase of his offensive. He has paid a heavy price (more than 75,000 casualties in nine days.) The first part of the battle has ended in a great victory for the United Nations."

Van Fleet made it clear he didn't consider this the final end of the Red offenslve.

Communist forces, he said, have the capability of hitting again as hard as before or harder. However, I am confident the results will be the same."

Every Red attempt in the drive so far has ended like the battle of the rivers.

The Communists closed the sluice gates Monday night to lower the level of the two rivers. That would make them easier to cross. The water level dropped sharply.

Skyraiders from the Carrier Princeton opened the gates Tuesday. They swept in across the reservoir and skipped 1,000 pound bombs into two flood gates. First reports said they used aerial torpedoes but later AP Correspondent Tom Bradshaw said they used bombs with special fuses to cause the greatest amount of underwater damage.

One of the floodgates was destroyed. A 10 foot hole was ripped in another.

Now the Reds will have to build bridges to cross the river. And their slow-working engineers will be easy targets for United Nations artillery and planes which blasted the drive out of the nine-day-old Communist offensive.

The front was quiet again Wednesday.

Ineffective Red efforts Tuesday to find a soft spot in Allied lines cost them 1,205 men. That was the lightest toll of the offensive.

Girl No-Billed By Grand Jury In Murder

DALHART, May 2. (AP)—Eighteen-year-old Anna Lou Davenport was free today after a Dallam County Grand Jury no-billed her in the shooting of her father.

Frank Davenport, 53, was killed, District Atty. Floyd H. Richards said, as he kicked on his own front door, cursing and demanding entrance and threatening to kill members of his family.

Dust And Heat Back

Warm weather and more dust returned to Snyder yesterday after showers over the week end. The maximum temperature yesterday was 76 degrees, with the minimum early this morning 40 degrees. The temperature at 7:30 was 51 degrees, Mrs. D. P. Strayhorn, weather observer, said

Weather

WEST TEXAS — Generally fair this afternoon, tonight and Thursday. A little warmer this afternoon and tonight.

EAST TEXAS — Considerable cloudiness with a few showers near the coast this afternoon, otherwise partly cloudy this afternoon, tonight and Thursday. No important temperature changes.

Donald Dawson Before Group To Hear About Influence Ring

By G. MILTON KELLY
(Associated Press Staff)

WASHINGTON, May 2. (AP) — White House Aide Donald S. Dawson has agreed to go before a Senate subcommittee to answer its accusations that he was involved with an influence ring.

The White House announced Tuesday that Dawson's decision had the blessing of President Truman, who once described the charges as asinine.

Senator Fulbright (D-Ark), head of the Banking Subcommittee which criticied the presidential aide, said Dawson telephoned him and announced he "wants to get it over with."

"I'm glad he has agreed," Fulbright told a reporter. "We now can complete the record on this phase of our investigation."

Dawson's testimony is booked for May 10, with some possibility that he may be subject to more than one day of questioning.

The subcommittee in a February report named Dawson as a member of an influence ring which, it contended, gained a hold on the Reconstruction Finance Corporation (RFC). This group, the report said, had power to sway the fate of applications for loans.

A federal grand jury has taken up the inquiry, and the full Senate Banking Committee is now considering bills proposing to abolish the RFC or put safeguards around its lending powers.

Dawson's decision to testify headed off planned new Republican moves to test out the power of Congress to require a person in the confidence of the President to appear before a congressional committee. Dawson is the President's liaison officer for personnel — that is, political patronage.

BOYLE SUBPOENA URGED

But one subcommittee member, Senator Bricker (R-Ohio), declared that Fulbright now should subpoena William M. Boyle, Jr., Democratic national chairman.

Walter L. Dunham, retiring member of the RFC Board of Directors, testified Dawson exacted from him a promise to "work in harmony with the Democratic party." Dunham also testified that numerous applicants for RFC loans were referred to him by Boyle's office.

The Banking Committee Tuesday received a request for a wide investigation of government loans and other aids to the industrial and other aids to the industrial empire built by Henry J. Kaiser.

The demand came from James Lawrence Fly, former Federal Communications Commission chairman who is now a New York lawyer.

Visit Soldier In Hospital

John Amborski, second from left, leans over to kiss his soldier son, Pvt. Stanley Amborski, 21, in Great Lakes Naval Training hospital as the boy's mothtr, Estelle, left, his wife, Shirley, right, and a brother, John Amborski, Jr., look on. The soldier who was smuggled out of an Army camp by his family because he said he was not receiving proper medical attention, was described as in serious condition. The boy's illness was diagnosed as pneumonia in both lungs by doctors at the hospital.

Government Trying To Keep Defense Plant Expansion Even

NEW YORK, May 2. (AP) — The government is tightening the reins of the defense plant expansion program.

"It's like driving a team of a hundred horses," says an executive in the National Production Authority. "It's no good if one horse gets ahead of the others. We've got to keep defense production expanding evenly, and still give a fair share to essential consumer industries, too."

First tightening of the reins takes two forms. The Petroleum Administration for Defense will consider no more applications for tax concessions to expand basic petroleum refining facilities. And all structural steel is to be allocated among the construction industry during the second half of the year, to fit the needs of the nation's economy as NPA sees them.

The NPA official says that generally speaking the military program is on schedule.

The curb on oil refining expansion came as a surprise to many in the petroleum industry, where leaders have been stressing the need to expand greatly the production and refining capacity of the industry to meet both military needs and the rapidly increasing civilian demand. Crude oil production has risen to new peaks this year and the search for more oil is being pressed.

The PAD's limitation on refining expansion specifically exempted any slowdown on basic expansion of the oil production end of the industry, such as pipe lines or storage facilities, or any slowdown in expanding refining facilities needed in the defense program.

But PAD says that as for basic oil refining itself, the government's goal is well in sight—a million barrel a day increase in refining capacity by the end of 1953. PAD says it already has applications on file that will do the trick. For a time, at least, PAD says that's enough, and the plant expansion program stress can turn to other industries.

Dip Shovels at Ground Breaking

Here three directors of the Colorado Municipal Water District man shovels at the ground breaking ceremonies at the dam site Sunday. They are left to right: James Rosser, Snyder; P. C. Harbour, Odessa; and Lyle Deffebach, Snyder.

Honored Guests at Ceremonies

These dignitaries at the dam site ceremonies Sunday were on hand to do their part in the official opening of the dam construction work. They are left to right: R. A. Schooling, Snyder director; J. B. Thomas, Fort Worth; and J. L. Rhoades, Odessa Director.

Woman's Calendar

WEDNESDAY

Church wide covered - dish supper, 7 p.m., First Baptist Church.

THURSDAY

Newcomers' Bridge Club, 1:30 p.m., Village.

Newcomers Canasta Club, 1 p. m., with Mrs. Jack Morgan, 3120 Avenue T.

Friendly Fellows 42 Club, 7:30 p.m., with Mr. and Mrs. W. J. Ely, 3109 Avenue U.

Good Neighbor Club, 2:30 p.m., with Mrs. Kenneth Pitner, 2802 Avenue M, as hostess.

Mrs. Bernard Holly, 2008½ Thirtieth Street, will entertain the Thursday Night Bridge Club, 7:30 p.m.

Duce Bridge Club, 7:30 p.m.

Regular meeting, Womens Christian Temperance Union, 10-11 a.m. First Baptist Church, basement.

Alathean Sunday School Class, First Baptist Church, Mother's Day party, 3 p.m., with Mrs. O. B. Leath, 2612 Avenue R.

FRIDAY

El Feliz 42 Club, 3 p.m., with Mrs. J. W. Scott, 130 Twentieth Place, Parkway Addition.

Sub - teen night, 7:30 p.m., for Country Club members.

Ladies Day, the Country Club, golf and games all day, luncheon 1 p.m.

SATURDAY

Bingo, 7:30 p.m., for Country Club members at Country Club.

Mr. and Mrs. C. N. Popnoe hosts for a dinner and bridge, 8 p.m., at Country Club.

Business and Professional women's Sunday School Class, First Baptist Church, has breakfast social, 7 a.m. with Mrs. M. H. Roe, 3107 Avenue U.

Sorghums Support Up

WASHINGTON, May 2. (AP)—Price supports to growers of grain sorghums were 29 cents higher today at $2.17 a hundred pounds. The Agriculture Department said the rate would prevail on the basis of No. 2 grade or better. The price is 29 cents above February supports and 30 cents higher than the 1950 crop rate.

SMU Freshmen Win

FORT WORTH, May 2 (AP) — Southern Methodist freshmen baseball players beat TCU's freshmen nine, 12-0, Tuesday.

Mr. and Mrs. William McComb, Barker's Trailer Court, are the parents of a daughter born Monday night at Snyder Hospital. The baby weighed five pounds, three ounces at birth, and has been named Bonnie Lee.

Agriculture Committee Holds Meeting Yesterday To Discuss Duties

The county Agricultural Mobilization Committee yesterday afternoon held its first regular meeting since its organization about two weeks ago.

The group discussed its purposes in working with the selective service department concerning deferment from military service of men needed in agriculture.

Floyd Smith, secretary of the new committee and administration officer of the Production and Marketing Administration, read a letter from the state mobilization committee outlining the duties of the local committee.

The letter, formed in a meeting of the state committee April 26, stated that the couny commitees were not to make recommendations for deferments but only to co-operate with local draft boards in furnishing information relative tions for deferments but only to co-operate with local draft boards in furnishing information relative to eligibilities.

Hiram Manuel Hedges Funeral Is Held Today

Funeral services for Hiram Manuel Hedges, 73, who died early yesterday morning following a heart attack, were held this afternoon at the Church of Christ.

Survivors include a son, Raymond (Bushy) Hedges of Snyder, and three brothers, Ottoway Hedges of Abilene, Charlie Hedges of DeLeon, and Noble Hedges of Bangs, Tex.

Burial was in Snyder Cemetery under the direction of Bolger-Barnes Funeral Home.

Oil Wells Only Complication In CRMWD Dam Construction

"I can't see anything to keep the Colorado River Municipal Water District project from being completely successful," Col E. V. Spence, general manager of CRMWD, said in an informal address to the Lions Club yesterday.

I compliment the people of Snyder, Big Spring, and Odessa for their unity of purpose, and for not one single time having faltered from that purpose," Spence said.

The CRMWD is a unique organization, but already other towns are copying the idea of multi-municipal water supplies since it has proven practical here," he said.

Spence was city manager of Big Spring for 10 years, and was city manager of San Angelo for four years before that.

His experience with West Texas water problems dates back to those days, and includes his having been chairman of the State Board of Water Engineers.

The multi-city plan will be used all over the State now that it has been tried," he said.

MOVING FAST

We are moving along fast with work on the dam," he said.

Work is almost complete on the core trench for the dam, and it is being lined with clay to prevent any possible loss of water through seepage," Spence told the club members.

The course of Bull Creek will be changed above the salt beds and its drainage waters will be diverted into the new lake, he said.

Purchase of land to be submerged and shore areas is almost completed, and we anticipate no trouble from that angle, he said.

"This lake will be clean, and will furnish you good clear water," he said.

ONE COMPLICATION

But one complication has arisen," he said. "An oil well which produces 120 barrels of oil per hour has been struck at the mouth of the intake of the pipeline which will lead to Snyder."

Four other oil wells are now producing from points that will be submerged when the lake fills," he said.

For those wells, mounds of dirt will have to be thrown up in the lake basin and the oil from the wells will have to be ferried or piped out to the lake shores," he said.

Each of those mounds will cost about $25,000," Spence concluded.

Snyder Complimented By Speaker At Lions

In a brief talk to the Lions Club at their luncheon yesterday H.V. Johnson, who is compiling a new city directory for Snyder which will include complete directory information for all Scurry County, said, I am greatly impressed by the activity here in Snyder."

One of the most noticable things about Snyder is the establishment of permenant business here," he said.

Johnson has been in town about one week and has contacted most merchants. He said that his interviews had show that merchants are highly optimistic about the future of Snyder.

Your town has become a city, with the many advantages that only progressive and growing communities can offer," Johnson said.

Brown And Root To Court Again To Give Injunction Arguments

AUSTIN, May 2 (AP) — The Third Court of Civil Appeals today scheduled oral arguments June 20 in the Texas State Federation of Labor's appeal against a temporary injunction won by Brown and Root, Inc., a construction firm.

Brown and Root won the injunction in 98th District Court, prohibiting a large number of Texas labor unions from picketing or entering into any kind of agreement to force Brown and Root to hire union labor only.

Bill Allen, assistant production foreman for Magnolia Production Co. left this week with his family for Kermit, where he has been transferred by the oil company. Mr. Allen, who has been in the Snyder area a year, has now been promoted to production foreman in Kermit.

Awards Made To Lions In Meeting Yesterday

Re-presentation of plaques and awards were made to members of the Snyder Lions Club at their luncheon yesterday. The awards had been made to the members at the district meeting last week in Midland.

B. C. Drinkard, secretary-treasurer of the club, was presented a star for having had his reports into the district headquarters on time for each of the past 12 months.

Woodrow W. Adcock, zone chairman, was given a plaque for outstanding chairmanship of his committee.

O. C. Stanley and Raymond Kurrs, both of Snyder, have arrived in Guam, where they are to spend a year working on the construction of military installations. Both their families have remained at home here.

College Award Presented Snyder Woman

Dr. O. J. Curry, dean of the business school of North Texas State College, Denton, presents a plaque to Mrs. Helen Shield Haugland, of Snyder, as an award for the outstanding student of business education. The award was made April 23 at the annual School of Business banquet. Mrs. Haugland is the daughter of Mrs. Eupha Shield, 2901 Avenue M.

Art Guild Holds Supper Meeting

A gay supper party and get-together marked the meeting time last night of the Art Guild.

Miss Polly Harpole entertained in her home, 2801 Avenue V, with Mrs. Porter King, Mrs. Silas Devenport, Mrs. Bill Teaff, Miss Valle Eoff, Mrs. Bob White, and Miss Katherine Northcutt serving as co-hostesses.

A steak course was served with all the spring trimmings of tossed green salad and pastry desserts. Miss Harpole and arranged hyacinth pot plant throughout her home with freshly-cut flags from her yard adding a seasonal note.

Only a few business matters were discussed after the meal. The club decided to disband at their next meeting for the summer season. Miss Ethel Mae Sturdivant, 223 Twenty-fifth Street, will entertain the group at that time.

A special guest was Mrs. C.N. Firestone from Clovis, N.M., who accompanied her daughter, Mrs. M. H. Roe.

Two Accident Victims Improve In Hospital

Patsy Riley and Lora Garretson, Snyder teen-agers injured in an automobile accident in Colorado City Friday night, are reported to be in satisfactory condition in a hospital there.

Miss Riley is the daughter of Mrs. C. E. Allen, route No. 2. Mrs. Garretson is the daughter of Mr. and W. A. Duke, 2811 Avenue M.

Reunion And Birthday Is Celebrated

The eight sons and daughters of Mr. and Mrs. J. W. Berry, 2204 Thirtieth Street, were present Sunday for a family reunion celebrating the eighty-first birthday of Mr Berry.

Mrs. Berry had decorated her new home with bouquets of hydrangeas and red carnations.

Lunch was served from the dining table, which was covered with a handmade Madeira Cloth.

Mr. and Mrs. Berry, who have lived in Scurry County most of their 56 years of married life, were reunited for the first time in 25 years with all of their children

Sons and familes present were Ernest Berry of Odessa, George Berry of Elida, N.M., Mr. and Mrs. Jack Berry, Snyder

Daughters and families present were Mr and Mrs. Jodie Bynum, Mr. and Mrs. Noel Banks, and Mr. and Mrs Everett Clarkson, all of Snyder, and Mr and Mrs. S. E Bateman, Sundown, and Mr and Mrs. Johny Beggs of Post.

Motion pictures and still photos were made during the day of the group, which included 21 grandchildren and 13 great grandchildren.

Grandchildren and their families able to attend were Mr. and Mrs. L. L. Ervin and Doris Ervin of Carlsbad, NM.; Dickey Beggs of Post; and Mr and Mrs. James Crosby and Jeffrey Crosby, and Mr and Mrs. Ray Snyder and Tommy Snyder of Kenna, N.M.; and Mrs. Frank Burk ad Kirk Burk, Mr and Mrs. Talmadge Bynum, Mrs Edwin Stahl, Jr, Wayne Berry, and Miss Romona Clarkson, all of Snyder.

Breakfast Served Twentieth Century Club At Mrs. Ely's

A substantial breakfast of sausage and scrambled eggs was served up on May Day morning yesterday by Mrs W. J. Ely, who entertained the Twentieth Century Club in her home, 3109 Avenue U.

The regular meeting of the study group also served as a farewell party for Mrs Ely's sister, Mrs. G. C. Henderson, who has visited here from California for several weeks and started back for her home later in the day Another of Mrs. Ely's sisters, Miss Bessie Medlen of Roaring Springs, Tex., was a guest in the Ely home. Mrs R N Phillips, Mrs Ely's daughter, also was present to assist her mother in hostess duties.

A bridal wreath decorated the breakfast table.

At a short business meeting, disbanding of the club for the summer season was discussed. Co-hostesses at the Village restaurant for the next and last of the year's meetings will be Mrs.W . H. Cauble, Mrs. Ernest Sneed, Mrs. W. P. Thurmon, and Mrs. L. A. McLebanan

Other members present were Mrs. D. S. Bodie, Mrs. L. . . Doren, Mrs. H. J. Brice, Mrs J. Nelson, Dunn, Mrs. W. D. Harral, Mrs. Ola B. Leath, Mrs. J. E. LeMond, Mrs Waldo Montgomery, and Mrs Joe Strayhorn

Hungary Ban Lifted

WASHINGTON, May 2. (AP) — A 16-month-old ban on travel in Hungary by U. S. citizens was lifted Tuesday.

PERSONALS

Mr. and Mrs. Charles Cooper, 3007 Avenue S, returned home Monday night after spending ten days visiting relatives and friends in Carrizo Springs, Tex. and also seeing parts of Mexico.

Mrs. W. W Headstream, 2900 Avenue W, is visiting relatives in Dallas

Wade Pipkin, 3117 Avenue T, is in Houston attending a meeting.

Mrs. Waldo Montgomery, 2903 Avenue T, has as guests her daughter, Mrs. R. E. Coffey, and granddaughter, Kathie, from Houston

THIS TEXAS LADY LOSES 25 POUNDS

"I am past 71 and never had any medicine do me so much good as Barcentrate. Before taking Barcentrate, I weighed over 200 pounds. I now weigh 175, thanks to Barcentrate. It keeps me feeling good all the time and am never constipated any more. I am able to do all my housework and work my flower garden." Signed: Mrs. J. A. Bearden, 868 S. Davis, Sulphur Springs, Texas.

It's simple. It's amazing how quickly you can lose pounds of bulky fat right in your own home. It's easy—no trouble at all and costs little. Barcentrate contains nothing harmful. No starvation diet. No diet list to buy. No vitamin pills to fortify you while on a starvation diet. Just ask your druggist for 4 ounces of liquid Barcentrate. Add 12 ounces of grapefruit juice and take two tablespoonsful twice a day. If the very first bottle doesn't show you the way to take off bulky fat, return the empty bottle for your money back.

LOST 22 POUNDS

"I am glad to endorse Barcentrate for I have had excellent results from the use of it," writes Mrs. Ethyl S. Smith, 1850 Samuels Ave., Fort Worth, Texas. "I lost 22 pounds. I have lost all the weight I care to, but like to keep on taking Barcentrate, because I feel better and it helps keep me from gaining back any weight."

TALK OF THE TOWN

BY FRANCES BROOKS

With feathers drooping, I just got hold of and unfortunatey read a sizzling article in "Editor and Publisher", a "slick" which covers things of interest to, naturally editors and publishers. Some convention - happy editor (namely Bob Maidenburg, Akron, Beacon Journal) rose to his feet at a recent newspaper convention and generously trounced women, "the WAC's of journalism"....that is, the gals who work on newspapers. Said he, from behind a bullet proof vest, no doubt:

"Generally, girl reporters and editors may be labelled as neurotics, non-combatents, weepers, argumentative types, frustrated, and cause - happy. Economically, it's a gangerous thing to hire one, as give her two or three years of training and off she goes to marry and wipe dishes, a bad investment for the management."

Specifically, this garrulous newshound said, softening it not at all by claiming he represented a number of editors, "The femmes I've observed working on papers have been:

Overly sensitive about orders and bawlings-out.
Prejudiced.
Lacking in tact.
Poor judgment.
Lacking in ingenuity.
Suscentible to "rest room" quarrels" and "nerves."
Unwilling to venture hazards and competition.
Morale droops when going i tough.

Said this paragon of analysis (note growing acidity of my choice of words,) baring a chip in his armor, "Well, fellows, to sum it all up, the sheer vanity of men makes it hard for them too accept women as equals in the newspaper profession, one of the greatest and toughest of all professions!"

Salving my wounded feelings is the redeeming kind words of one Jim Allen, city editor of the Cincinnati Post. He differs several times with the newsmen's criticism of girls who draw paychecks from the profession. Research, however, revealed that he is a bachelor of middle age and never had much to do with women.

* * *

That man has done it again! GROVER SCOTT, who has a penchant for leaving West Texas sandstorms and heading for Gulf waters, just brought his wife and one-month old baby back, the whole bunch triumphant over the man-eating shark he landed.-"It just had three rows of teeth", described Mrs. Scott, relaxing in her mother-in-law's beautiful new patio-ed home in Parkway Addition. She is an adict of the sport of fishing fully as much as is Grover .... her foot still bears angry-looking sunburns suffered while she was engrossed in surf fishing.

* * *

Just call us Bell Aire, a beautiful flowering city....MRS. B. V. GILLEAN in Morningside Addition has so "sold" her neighbors on greenery to help Snyder's appearance that each and every householder on that street has planted trees along their front lawn, making an astonishing improvement. Mrs. Gillean's enthusiasm for green decoration outside knows no bounds....she and her husband, employee of the Gulf Pipeline Co., have on order a white cedar fence, something rather elegant. The cedars will turn a silver-grey color with age, never requiring repainting. These will flank her back yard. She's got an intricate network of trellises going up now.

John Q. Getting Off Easier Than Anyone In Crime Report

By JAMES MARLOW
(Associated Press Staff)

WASHINGTON, May 2 (AP) —The one who gets off easiest in the report of the Kefauver Crime Committee — although no one is more deeply involved — is John Q. Public.

If people didn't gamble, there wouldn't be any gambling. And it's the gambling of a great many people which makes crime syndicates possible. It's as simple as that and as simple as this:

Every bet made in violation of the law — with a lottery peddler, on the green felt of a dice table, or with a street corner bookmaker — helps break down the law and encourages crime.

And the mobsters, in their fierce desire to rake in Citizen John's two bucks, bribe public officials, corrupt government, bump one another off, and make a smell in American life.

The Kefauver Committee must have sighed over the problem — how to get people to quit gambling — for about the harshest thing it had to say about the public was this:

"The $2 horse bettor and the 5-cent numbers player are not only suckers because they are gambling against hopeless odds, but they also provide the moneys which enable underworld characters to undermine our institutions."

CAN'T REFORM ALL

Having said that, the committee must have figured it was hopeless to try to reform millions of people. So it went on for 195 pages to explain how widespread and vicious crime is and how it has reached into high places.

The committee made some recommendations for cutting down on crime, but not for cutting it out. The committee despaired of ever wiping it out entirely, for it said:

"The committee is convinced that there is no single panacea for the economic and political evils that have been uncovered in the many cities in which it has made investigations and held hearings.

ACTION DOUBTFUL

"The commitee feels, nevertheless, that while organized crime cannot be completely eliminated from our society, this is no reason for defeatism, for vigorous law enforcement can control organized crime to the point where it is no longer a menace to our institutions."

One good way to determine how aroused the public has become is to see what steps the people, nationwide, are taking to stamp out this kind of corruption. There has been to date something less than frenzy for reform.

What will Congress do? Probably not much. This isn't said cynically. Congress is always pretty slow passing new laws or changing old ones, and very slow indeed unless there is wide public demand for action.

Feller Wants Another Chance For Victory In World Series

By JOE REICHLER
(Associated Press Staff)

One last ambition — to get another shot at a World Series victory — is spurring Bob Feller on to what may be one of the greatest seasons of his illustrious career.

Feller, baseball's best righthand pitcher since the days of Walter Johnson and Pete Alexander, is a fixture in the hurlers Hall of Fame with his strikeout records, two no-hitters and 200 plus victories. The Cleveland righthander has realized all his ambitions — except one. Despite two cracks at it, a World Series triumph thus far has eluded him.

This is the year, avers the erstwhile fireballer. Reaching the twilight of his career, the 32-year-old Feller knows he does not have too much time left. After all, Bobby has been pouring them in since 1936. His right arm still has the cunning but undoubtedly has lost some of the smoke that used to blind enemy batters.

WHIPS RED SOX

Feller is showing flashes of his former greatness this season. He has made three starts, has gone the route each time and has won all three.

Feller pitched his best game of the campaign Tuesday night, whipping the power-packed Boston Red Sox, 7-1, with a six-hitter.

The victory kept the Indians in a first-place tie with Washington. The Senators overcame an 8-3 deficit to outlast the Browns in a 13-inning night affair at St. Louis, as Mickey Vernon's homer off Cliff Fannin broke up the game. Mickey Harris was the winner.

CARDS LEAD NATIONAL

The St. Louis Cardinals took undisputed possession of first place in the National League, whipping Johnny Sain and the Braves under the Boston Lights, 5-2. The Bluebirds managed to hold on to second place when Pittsburgh upset the Dodgers in Brooklyn, 6-2. The Phillies tied the Dodgers for third, shading the Cincinnati Reds in a Philadelphia night game, 6-5. New York's awakening Giants made it two in a row with a 5-3 victory over the Chicago Cubs in a Polo Grounds evening encounter.

New York's Yankees stayed close on the heels of the American League leaders, tripping the White Sox in Chicago, 8-3. The collective Phildelphia Athletics rallied for eight runs in the 11th inning to route the Tigers in Detroit, 9-1, and end their 10-game losing streak.

The largest crowd of the season, 53,462 fans, saw Larry Doby and Harry (Suitcase) Simpson lead the Indians. Doby batted in three runs with a single and double. Simpson got two hits and scored twice. Bill Wight lost his third straight game.

Harlingen In Gulf Loop Lead

(By The Associated Press)

Some baseball fans may not favor the so-called "rabbit" ball but the supporters of the Harlingen Cows are not likely to be among them.

They would likely be in favor of the lively horsehide after Tuesday night when Charley Nease socked a two-run homer in the last of the eighth inning to give the Caps a 4-2 victory over Corpus Christi. The victory furnished the Capitols with a full game lead in the close Gulf Coast League race.

Harlingen went into the tilt leading Galveston by a half game and Brownsville by one game with the two clubs playing each other. Brownsville beat Galveston, 12-11 to take second place.

Laredo beat Port Arthur, 8-5 and Lake Charles at Texas City was postponed because of wet grounds.

Nease's home run came after Pitcher Hal Jackson had singled and been forced at second by Herbie Nauert, who scored on the homer.

Elwood Grantham homered for Galveston in a three-run first inning but Brownsville got one in the first and three in the third to grab the lead.

The Port Arthur Seahawks outhit Laredo but the Apaches made their blows count most. Eddie Cole was charged with the loss.

Mrs. Boren Hostess To Sine Cure Club

Mrs. Wayne Boren, 3112 Avenue X, was hostess for the Sine Cura Club Tuesday afternoon.

Mrs. Boren's home was decorated with beautiful Spring flowers.

The group played bridge.

Mrs. A. J. Towle won the high score, Mrs. T. L. Lollar the second high, and Mrs. Ella Cooper won the traveling prize.

Refreshments were served to the group.

Guests present were Mrs. Ivan Dodson and Mrs. J. C. Dorward.

Other members present were Mrs. Hugh Boren, Mrs. R. H. Curnutte, Mrs. A. D. Erwin, Mrs. W. R. Johnson, Mrs. W. B. Lee, Mrs. Joe Stinson, and Mrs. H. G. Towle.

The next meeting will be on Tuesday, May 15, with Mrs. Hugh Boren, Twenty-ninth Street, as the hostess.

USO Office Planned

DALLAS, May 2. (AP) — A new five-state regional headquarters of the United Service Organizations will be established here June 15.

The USO office will handle business for Texas, Oklahoma, Arkansas, Louisiana and New Mexico.

New Method For Dallas 9 Is Paying Off

By HAROLD V. RATLIFF
(Associated Press Staff)

The Dallas Eagles are being operated differently this season in the Texas League.

Dick Burnett, the man with the cash, tried for three years to buy a winning club. He scorned the chains and said he wanted to go it alone. But Dallas never could finish higher than fifth.

So, Burnett capitulated and formed a working agreement with Cleveland of the American League. He said he wanted to have a winner but he couldn't do it by fighting the chains because they kept the top players away from him. He couldn't buy them for love or money.

Now it's begun to pay off.

Tuesday night Dallas climbed into the first division, beating San Antonio, the leaders, for the second straight time.

Dallas beat San Antonio 7-3 and Houston took another licking from Fort Worth, again by a 2-1 count. It dropped Houston out of the first division and allowed Dallas to slip into fourth place.

Walter Lanfranconi won his fifth pitching victory in a row as he tightened in the clinches to down San Antonio. Lanfranconi fanned 10 and left 10 runners stranded.

Houston fumbled a couple and Fort Worth got its runs in beating Wilmer (Vinegar Bend) Mizell, the highly-publicized rookie. Mizell gave up only six hits in eight innings the same as Glenn Mickens, Fort Worth hurler, who went the route.

Tulsa at Shreveport and Oklahoma City at Beaumont were rained out.

Gainesville Boy Best Pitcher

(By The Associated Press)

To young Billy Sweatt, 19-year-old Gainesville right hander, goes the honor of pitching the best game of the year to date in the Big State League. The youngster stopped Wichita Falls with one hit Tuesday night.

The fireballer was touched for a home run by Bobby Jenkins in the second inning with one on base but stopped the Spudders the rest of the way while striking out 14.

Gainesville won, 8-2, and moved into a three-way tie for the league lead with Wichita Falls and Austin. Austin lost to Temple, 11-3, while Texarkana beat Sherman-Denison, 5-2, and Waco at Tyler was rained out.

Bill Goff threw a four-hitter for Temple. Temple got 15 hits, six for extra bases, off two Austin hurlers.

Bill Dozier pitched and Joe Szekely batted Texarkana to its win. Dozier scattered ten hits effectively. Szekely got two home runs and drove in three scores.

Casing Will Be Set In Nolan Prospector

Sun Oil Co. is preparing to cement seven-inch casing at 6,142 feet in the top of a Pennsylvanian lime at the No. 1 Ruth Harp, East Central Nolan County exploratory possibilities of production.

After the casing is set and the plug drilled out production tests will be run on the open hole between 6,142 feet and the current total depth of 6,153 feet.

A second drillstem test was taken at 6,143-53 feet with tool open four hours. Gas surfaced in 26 minutes. No fluid came to the top while the tool was open.

Recovery was 2,310 feet of free oil, and 90 feet of oil cut drilling mud. There were no signs of water.

The same zone had previously been tested for one hour.

Location is 10 miles southeast of Sweetwater and one-half of a mile of Sun's No. 1 Featherstone.

Joe Dave Scott, Warrencrest, is ill and will be confined to his home for several more days. He is absent from his duties as photographer for the Daily News.

Two Thrillers Open Snyder Baseball Season With Bang

Two baseball thrillers greeted fans at the delayed opening games in Snyder's baseball league at Memorial Park last night.

Zelmer Glover, pitching for Sunray, gave the crowd their money's worth and more when he held the Hermleigh nine to one hit during the game.

Grover fanned 13 on the farmer boys team, and started what looks like a hot baseball season.

About 400 people were present to see the West Texas State Bank conquer the Snyder DeMolays by a wild 24-11 score in the first game last night. Sunray, with Glover at the helm, chalked up a 16-1 win over Hermleigh.

Eddie Hight, president of the league, and gatekeeper for last night's game, said there were between 300 and 400 spectators out for the delayed opening of the season.

PLAY SATURDAY

Games scheduled to have been played Monday night to open the season will be played next Saturday afternoon and night, Hight said. Those games will be between Texas Electric Co. and Sun Oil Co., and Parker Drilling Co. and the American Legion.

Charles Doran, batting for the West Texas State Bank, hit the only homer in last night's games, but it was a good one. Two men were on base when he laid the hickory to the ball for a good clean trot around the bags.

Other outstanding hits were made by: L. Tolenson for Sunray with a triple; Cargile for the bank with a double; and Max Coffee with a double for the DeMolays.

COOL WEATHER

"There probably would have been more spectators out for last night's games if the weather had been warmer," Hight said.

Seating capacity of the stadium is about 300, and about 75 cars can be parked around the side lines so that a crowd of from 600 to 700 persons can be accomodated, Hight said.

Statistics on the games last night show that the West Texas State Bank team had 24 runs, 16 hits, four errors, and nine men left on base. Their opponents, the DeMolays had 11 runs, 11 hits, eight errors, and five left on base.

Sunray had 16 runs, 10 hits, no errors, and five men left on base. Their opponents, the Hermleigh nine had one run, one hit, five errors, and one man left on base.

Tonight's games are: Pan American vs. Pasotex at 7:30 and Town & Country vs. V.F.W. at 9 o'clock.

Amarillo Can't Start Rolling

(By The Associated Press)

When will the Amarillo Gold Sox win another game?

That has become the big question in the West Texas-New Mexico League. So far this season the club has won only one game out of ten.

Tuesday night the Gold Sox lost, 16-4, to Borger. In other games Pampa beat Lubbock, 6-5; Abilene outlasted Lamesa, 16-11, and Albuquerque ran over Clovis, 18-9.

Rene Vega pitched six-hit ball to beat Amarillo. Borger got 17 hits off three Gold Sox pitchers.

The Pampa Oilers snapped a four-game losing streak with a three-run ninth-inning rally. Lubbock had scored two runs in its half of the ninth to break a 3-3 tie.

Albuquerque and Clovis played in 40-degree weather but the bats of the Dukes were hot enough. Albuquerque collected 21 hits.

Abilene scored nine times in the first inning to take a long lead. But Lamesa overcame that to lead 11-9 at the end of six innings and force the winners to rally again.

San Angelo On Top By Margin

(By The Associated Press)

The San Angelo Colts have breathing room at the top of the Longhorn League today.

The Colts built their lead to a game and a half with a twin victory over Odessa Tuesday night but four clubs are within two games of the top and a fifth is only three games off the pace.

San Angelo, in a virtual tie with Vernon going into the night's action, swept the double-header, 6-0 and 7-6, while Vernon was losing to Sweetwater, 3-1.

Big Spring trampled Midland, 18-6, and Roswell edged Artesia, 5-4. Midland, Roswell and Sweetwater are now only a half-game behind Vernon.

Ralph Sanchez scattered 10 hits effectively for Big Spring while Midland pitchers were being raked for 25 safeties.

Bob Garza pitched six-hit ball in the first game for San Angelo. In the second Lou Lozano scattered nine hits then came through with the blow that drove in the winning run.

Bill Clearley's bat was the winning factor for Roswell. He drove in four of the five runs.

A triple-play featured the Sweetwater-Vernon game. A pop bunt with men on first and second was caught by Pitcher Hal Epperson who started the triple killing.

SMU'S Golf Chances Are Looking Bright

(By The Associated Press)

Southern Methodist is in a strong position to win the team championship of Southwest Conference golf.

Texas, the last team with a chance to beat out SMU, closed the campaign Tuesday by beating Baylor 5-1 to make its record for the season 21 wins against nine losses.

Southern Methodist is 14½ wins to 3½ losses and has to play Baylor Friday and Texas A&M, May 9. If SMU wins seven out of the 12 matches it will take the championship by a half point.

Man Loses Cash On Bride That Didn't Pay Off Investment

LOS ANGELES, May 2. (AP)— Flower grower Costas J. Maheras isn't going to get back the $1,700 he spent to bring a prospective bride here from Greece.

He sued for recovery on the ground Panagiota Deli, 31, was pictured to him as a "good, healthy Greek country girl," but arrived not in the best of health. To top it off, the 52-year-old Maheras complained, she married another man, Jim Demos, 46, a carpenter.

Mrs. Demos denied there was any deception. The court agreed with her Tuesday.

British Bacon Ration Is Increased Slightly

LONDON, May 2. (AP) — Meat-hungry Britons will get a little more bacon beginning May 20, the food ministry announced Tuesday night. Each ration will be upped one ounce — from four to five — per week.

Bakers Hold Election

DALLAS, May 2. (AP) — The new president of the Texas Bakers Association is James N. Martin of San Antonio.

Other officers named Tuesday at the group's annual convention included William D. Baird, Abilene, secretary-treasurer.

Tax Cut In El Paso

EL PASO, May 2. (AP) — El Paso tax-payers had a pleasant bit of news today.

The School Board voted Tuesday night to chop spending for the coming year and reduce the school taxes by three cents for each $100 valuation.

It was the first tax cut in more than 20 years.

City Manager Stays

DALLAS, May 2. (AP) — City Manager Charles C. Ford continued in office today after a fight over his position in the City Council.

Newly installed Mayor J. B. Adoue, Jr., was overridden, 8-1, by the council Tuesday to retain Ford.

New Wildcat Staked In Tom Green County

Velma Petroleum Corp. and Beach & Talbot are moving in rotary tools to begin drilling on their No. 1 Lela March Neill, slated 6,800-foot wildcat in Central-North Tom Green County on a 267.9-acre lease.

John K. Dorrance, trustee, No. 1 Atkins Brothers, wildcat five miles west northwest of Christoval in Tom Green County, was plugged and abandoned on a total depth of 7,015 feet in barren Elleburger.

The Elleburger top was picked tentatively at 6,835 feet, 4,591 feet below sea level.

It was on an American Republic Corporation farmout, three-quarters of a mile west of American No. 1 Atkins, a 7,329-foot Ellenburgher failure which was drilled in 1948.

Midland Wildcat Tests In Unknown Formation

Ralph Lowe No. 1 Fasken, Northwest Midland County wildcat, one mile west of Midland, is drilling below 8,538 feet after drillstem testing in an unidentified formation from 8,444 - 8,525 feet.

Tool was open one hour. Recovery was 65 feet of slightly oil cut drilling water with one gallon of free oil on top.

Location is in section 6, block 39, T-2-S, T&P survey. The prospector started out under a permit to dig to a possible bottom of 13,500 feet to test the Ellenburger.

One of Three Surviving Confederate Veterans In Texas 108 Years Old and Pretty Lonesome

FRANKLIN, Tex., May 2. (AP) — He sits on his front porch most of the time and waves to passing friends. Not many people come by.

The old man is Walter W. Williams, one of three surviving confederate veterans in Texas.

Williams — most people call him "Colonel Will" — lives with his wife on an isolated farm about 14 miles east of this south central Texas town.

He is 108 years old.

The Williamses don't have a telephone. Few people pass their home. One of those who passes regularly is Horace Hamilton, the mail carrier. He often takes them messages.

One day Hamilton asked Mrs. Hamilton what she would do if they needed help. Their nearest neighbor lives a quarter of a mile away. These neighbors include some of their children.

"Why, I'd just blow the cow horn," replied Mrs. Williams. That was what she did last winter when the colonel caught the flu, and was feeling poorly. She blew on the cow horn, and her son came at once.

OLDEST REBEL

Williams is the oldest of Texas' three Confederate veterans. Next oldest is Thomas Evans Riddle, who observed his 106th birthday at the Texas Confederate home for men in Austin April 16. The youngster of the trio — but in poorest health — is Joseph Haden (Uncle Hadge) Whitsett of Bonham, who will be 104 on Sept. 18.

Riddle spends a lot of time playing dominoes. Whitsett is blind and almost deaf; he is bedfast.

Williams get around the house in pretty lively fashion but seldom gets off the front porch. Typhoid fever has left him with trouble with both knees.

But last July 5, Williams went to the courthouse in Franklin to receive a documented seal from Governor Allan Shivers proclaiming him an honorary colonel on the governor's staff. This commission hangs near his fireplace now. The colonel can read the commission—without glasses.

"FORAGE MASTER"

Williams was born Nov. 14, 1843, in Adawoma County, Mississippi. When he was 22 years old he joined the Confederate army. He was in the cavalry, under General Hood—Company C, 5th Division, Hood's Brigade. They were stationed in Corinth, Miss.

Williams was "forage master." This means he was responsible for scrounging food for his outfit.

His old musket — his only weapon — he recently gave to a youngster to hunt rabbits. Williams figured a firearm that you had to powder load after every shot wouldn't be much good to him these days.

After 11 months in the service Williams was free to go home. In 1870 he came to Texas. For a time he owned and operated a fine market in Calvert, Tex. It was there his first wife sickened and died, leaving him with seven children of whom three survive. In 1895 he married Ella Mae Holliday of Franklin. They had 12 children, and nine still live. It is Ella Mae who makes her home with him on the lonely farm now.

DO OWN WORK

Col. and Mrs. Williams, married 56 years now, live alone on their 20-acre farm and do all their own work. The colonel is a happy, jolly person. He likes to hunt deer and fox, but hasn't been on a deer hunt for two years. And then he had to do his shooting from a car.

Mrs. Williams, 77, milks their two cows, tends the chickens and horses, does her own planting and gardening, has an orchard, and still has time to raise flowers.

Not long ago a man wrote Williams asking how he had managed to live so long, what he ate for breakfast, dinner and supper, when he went to bed, when he got up, and other foolish questions.

COLONEL'S ADVICE

The colonel told him: "I get up for breakfast, turn around for dinner and go to bed after supper and fox hunt for exercise." (the colonel eats his dinner at mid-day, his supper in the evening, and hasn't fox-hunted for two years.)

The colonel then told his questioner that he never took care of himself, always lived a rough life, and doesn't like vegetables except for a mess of new potatoes. He never is hungry; always feels like he just got up from the table. When he gets up in the morning he has a crumb of a biscuit, the yellow of an egg and a little milk.

The colonel and Mrs. Williams think many of the world's problems can be solved only by God. They said if we all still piled the kids into a wagon and went to prayer meetings regularly, we would all be better off.

New Gaines County Wildcat Location

W. A. Moncrief No. 1 J. E. Scott and others is a new wildcat in East - Central Gaines County 15 miles southeast of Seagraves.

Location is 660 feet from south and west lines of section 51, block H, D&W survey.

Rotary tools will be used in drilling to projected depth of 5,500 feet. Operations will begin at once.

New Mark Set By Domestic Crude in State

TULSA, Okla., May 2. (AP) — The week ended April 28 was another record-breaker for domestic crude oil production, showing a daily average increase of 6,400 barrels, the Oil and Gas Journal reported today.

The total daily average was 6,084,150 barrels, a new all-time high.

Production was unchanged in Texas, 2,725,375 barrels.

The daily averages April 28 Crude B. of M. — April Demand April 21 Crude Oil

Arkansas — 77,950, 86,000, 78,000
Louisiana — 609,875, 632,000, 609,475
New Mexico — 143850, 142,000, 143,850.
Oklahoma — 505,400, 506,000, 503,700

Fake Disaster Prompts Calls

LOS ANGELES, May 2. (AP) — It was only a demonstration "disaster," but thousands called newspapers and radio and television stations in alarm.

A wall of a downtown building being razed was pulled down Tuesday. Red Cross and civil defense authorities took advantage of the event to practice for the real thing. Victims were "buried," dragged from the debris and loaded into ambulances.

It looked so authentic that passersby even notified police. They apparently had forgotten the "disaster" had been publicized for days in advance.

Democrats To Meet To Pick Convention Place

WASHINGTON, May 2. (AP)—The Democratic National Commitee will meet in Denver May 25 to pick the time and place for the 1952 presidential nominating convention.

Chicago and Philadelphia are regarded as having made the strongest offers.

Republicans will meet in Tulsa, Okla., May 11-12 to pick their site.

19 Casualties Listed

WASHINGTON, May 2. (AP) — The Defense Department today identified 19 more casualties in Korea. A new list (No. 292) reported three killed, 10 wounded, four missing in action and two deaths from injuries.

Cohens Hard Put For Suite Of Furniture

LOS ANGELES, May 2. (AP)— The Mickey Cohens are living on borrowed furniture.

The little gambler put his $55,000 worth of interior decor up for auction Tuesday. He's facing a federal income tax evasion trial. "I had to raise dough to get an attorney," he said.

Cohen said he obtained an advance on the auction sale to finance his defense in the trial, set for Jue 4. Meantime he is using furniture loaned to him by the auctioneer.

Ousting Of British In Iran Puts West In Dangerous Spot

By DeWITT MacKENZIE
(Associated Press Staff)

Iran's seizure of the vast British-controlled petroleum industry in that country creates a serious position not only for Britain but for the Western Powers as a whole in their defense against communism.

Iran, with its wealth of petroleum, is a key position in the strategic Middle East. To complete the picture, add the fact that military operations, and the industries upon which they depend, must be floated on oil.

The development is doubly serious in that it has been inspired by Moscow, working through fifth columnists in Iran.

Ironically enough the seizure was achieved by parliamentary legislation nationalizing the oil industry. In short the Socialist government of Britain, which is in process of nationalizing home industries, has been handed a dish of its own porridge.

BRITAIN SEEKS DEAL

However, British Secretary of state Herbert Morrison told the House of Commons Tuesday that Britain couldn't accept such unilateral action by Iran, although he didn't dispute the latter's right to acquire property. He felt a solution could be found. He said Britain had countered with a proposal giving Iran representation on the oil company board of directors and a 50-50 share in the company's Persian profits.

By strange coincidence this Iranian explosion was a companion piece to Peiping's confiscation of the British Asiatic Petroleum Company of China. The Chinese move theoretically is in retaliation for British action in taking over a tanker, ownership of which was in dispute. No Chinese oil fields are involved as the concern has been a distribution agency for handling oil imports into China.

Peiping's drastic move naturally widens the breach between Red China and Britain. Naturally, too, it is sweet music for Moscow, although there is no indication that Russia was responsible for the move. Obviously it would make her warm blessings, but the Peiping government's dislike of Britain is strong enough to account for the development without any orders from Moscow.

The Iranian oil zone at the head of the Persian Gulf is regarded as the richest single field known anywhere. The huge Anglo-Iranian Oil Co., Ltd., holds a concession over the Persian petroleum, and the British government owns 52 per cent of the $500 million company's common stock. This is the only oil enterprise developed in the country.

The nationalization has been brought about under the leadership of F. Mohammed Mossadegh, aged Nationalist front leader, who is a paradoxical figure in this historic battle. He is said to be one of Persia's richest land owners and he is husband of a princess.

However, throughout his long life, Mossadegh has supported liberal reforms. He has fought dictatorships and wealthy landowners who have grown rich off their tenant farmers. He is an emotional orator who has the power to move his audiences deeply. He himself often sobs as he speaks.

REAL ESTATE M

FARM AND RANCHES M6

FOR SALE

15 acres on Clairemont Road, 3½ miles from square. Suitable for oil field supply or residential site. Excellent deep water well. Propane system. Also some hard-to-get building materials. Call 1349-J.

"It's a pleasure to have satisfied customers, thanks to Conoco Super," says Walt Winters, Chrysler-Plymouth Dealer, Westside, Iowa. "My customers depend on my judgment about the oil to use in their cars, and Conoco Super is the one I recommend."

"When I purchased my new Pontiac, I put in Conoco Super," says Melvin L. Bever, Traveling Salesman, Pampa, Texas. "I average about 4,000 miles a month and Conoco Super has given me the best of service—even helped to increase the miles per gallon of gasoline."

"50,000 Miles-No Wear!" Proved Here:

After a 50,000-mile road test, *with proper crankcase drains and regular care*, engines lubricated with new Conoco Super Motor Oil showed *no wear of any consequence*: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that Conoco Super can keep your new car *new*.
