Nixon, Congress Leaders Meet

PRESIDENT MEETS WITH LEADERS—President Nixon, who met today with the leadership of both parties in Congress, chats at the White House with House Speaker Carl Albert, D-Okla., left, and House Minority Leader Gerald R. Ford, R-Mich., right. (AP Wirephoto.)

Eddy Sector Morrow Gas Strikes Final

Two Morrow discoveries have been completed in Eddy County, N.M.

Belco Petroleum Corp., Midland, has dually completed from the Morrow No. 1 Union-Mead, recently completed Strawn gas strike, two miles southeast of Carlsbad.

Calculated, absolute open flow was for 9.2 million cubic feet of dry gas daily, producing natural through perforations at 11,167-11,315 feet.

Strawn completion was effected Nov. 6 for 9.75 million cubic feet of gas per day, through perforations at 10,292-10,317 feet.

Drilled to 11,656 feet, 5½-inch liner is hung from 8,507-11,656 feet.

Location is 1,980 feet from north and 660 feet from east lines of section 8-22s-27e, 3⅜ miles northeast of the Carlsbad, South multipay gas field.

Second Strike

Great Western Drilling Co., Midland, completed No. 1-Y Reese Cleveland - Federal as a Morrow gas discovery, two miles northeast of dual Wolfcamp and Morrow production in the Rocky Arroyo field.

It finaled for a calculated, absolute open flow of 5.195 million cubic feet of gas per day, natural, through perforations at 9,126-9,134 feet.

Drilled to 9,472 feet, where 5½-inch casing is seated, it is plugged back to 9,432 feet.

It also tested unsuccessfully through Wolfcamp perforations at 6,424-7,092 feet.

Location is 670 feet from south and 1,982 feet from west lines of section 33-21s-22e, 24 miles southwest of Lakewood.

Pecos Region Gets New Pay

Detrital gas production has been opened in the Crossett, South field of Pecos County with reclassification of El Cinco Production Co. No. 1-A Ruth Mary Price, former detrital oil producer, nine miles southeast of Girvin.

Calculated, absolute open flow was for 2.15 million cubic feet of gas per day, with gas-liquid ratio of 140,750-1, producing natural through perforations at 5,080-5,096 feet. Gravity of the condensate is 52.4 degrees.

The well spots 330 feet from north and west lines of section 9, block 12, H&GN survey.

Other field pays are Devonian gas and detrital and Devonian oil.

East Basin Areas Draw Prospectors

Four wildcat tests were scheduled for McCulloch County, with Runnels County drawing application for one.

The Grant Co., operating from Abilene, will drill the McCulloch probes to 1,400 feet.

No. 1-A Fred R. Wulff is located 1,500 feet from north and 700 feet from east lines of BS&F survey 1, abstract 171, five miles northwest of Mercury and 11 miles east of the Lojohn (Strawn gas) field.

No. 1-B Fred Wulff Jr. spots 1,100 feet from north and 2,000 feet from east lines of N. M. Durrett survey 2, abstract 1745, four miles west of Mercury

Ice, Drizzle, Clouds, Fog Plague Texas

Light rain or drizzle froze as it fell from the Panhandle-Plains sector southward past Jacksboro and Abilene today—and there was even a little snow around Dallas.

It stayed warm enough so the widespread mist over the rest of the state, often mixed with fog, didn't freeze in other areas. Clouds covered the entire state.

Light drizzle started falling in the Midland area late Thursday afternoon and continued through this morning. But the accumulation was light, with the weather service at Midland Air Terminal reporting only .02 inch of moisture in the last 24 hours.

In addition to continued cloudy weather in Midland this afternoon, the temperatures today and tonight will be cold with light intermittent drizzle becoming freezing drizzle by tonight.

The high today and Saturday should be near 40 degrees with a low tonight near 30. Driving conditions in and around Midland can be expected to remain hazardous amid light winds and the gradually freezing mist.

The probability of precipitation this afternoon is 70 per cent, according to the weather service. The chance of light rain tonight is 50 per cent.

Saturday weather will include decreasing cloudiness and continued cold.

Thursday's high temperature was 47 degrees with a low this

Antiwar Bloc Still In Saddle

By CARL LEUBSDORF

WASHINGTON (AP) — Congressional leaders from both parties sat down to a breakfast meeting at the White House today called by President Nixon to discuss economic matters, particularly wage and price controls.

Seated at an E-shaped table in the State Dining Room, the leadership assembled with the President, Treasury Secretary George Shultz, Nixon's top domestic adviser John Ehrlichman and Vice President Spiro T. Agnew.

WASHINGTON (AP)—President Nixon was quoted today as telling Congress' leaders he should know fairly quickly next week whether the North Vietnamese are ready to negotiate three major war issues "or move back into a stalling pattern."

A slide projector and screen, with a small speaker's podium, was set up at one end of the huge dining room for a presentation by Nixon officials on the economic situation.

Senate Democratic leaders Thursday signaled Nixon that an all-out drive to shut off Vietnam war funds will begin unless the Paris peace talks produce a settlement by Jan. 20.

Democratic senators, matching the step taken two days earlier by their House colleagues, voted 36 to 12 in favor of a strongly worded proposal by Sen. Edward M. Kennedy, D-Mass., to cut off war funds immediately.

Sen. J. W. Fulbright, D-Ark., chairman of the Foreign Relations Committee, promptly reiterated his determination to move quickly if Nixon's Jan. 20 inauguration passes without an agreement.

Two Bills In Hopper

"The time for debate—and delay—is past," Fulbright said. "I believe that Congress can and should act decisively immediately after the inauguration."

Two bills seeking to cut off war funds within 60 days, one sponsored by a group of 20 senators headed by Republican Edward W. Brooke and Democrat Alan Cranston and the other pushed by Democrat George McGovern and Republican Mark O. Hatfield, were introduced in the Senate, which twice last year voted to cut off funds in four months provided

Area Cities Plan Pecos Trail Unit

By WAIN MILLER
Reporter-Telegram Staff

ODESSA — Representatives of seven area cities voted today to form a Texas Pecos Trail Association, saying, "This could be the start of something big . . ."

Frank Lokey of Monahans, general manager of KMOM-Tv, was elected chairman of the organization, which will seek the membership of "any person interested" in attracting additional tourists to the area cities through promotion of the Pecos Trail — one of the 10 official travel trails in the Lone Star State.

Dues money will be used in area-wide tourism promotional activities and the more than 20 cities and towns along the trail will be encouraged to supplement this with activities to entice Pecos Trail tourists to stop and see the sights or enjoy the services available in each town along the way.

The trail stretches from the Midland-Odessa area to the Hill Country, the Rio Grande and and Mexican border, and the mountain foothills, bringing travelers within a stone's throw of many points of interest which are missed because few communities along the trail have bothered to make visitors aware of what can be seen there, Lokey said.

Although the Pecos Trail was designated several years ago through the Texas Tourist Development Agency, the Texas Highway Department and local historical groups, "until now we have never capitalized on the opportunities it offers for bringing the equivalent of a new million- or half-a-million-dollar industry to each of the communities on the trail through proper promotion of it," Lokey told the 17 persons on hand for the organizational meeting at the Odessa Chamber of Commerce office.

He was elected to head the association after the group adopted bylaws and discussed a broad-ranged list of ideas for increasing tourism in the region.

The bylaws — which set membership dues at $5 for individuals, $15 for organizations and $25 for businesses — also provide for two vice chairmen for the association, but election of these was postponed until a director from each community on the trail can be named and these

Death Claims 'Liberty Girl'

NEWBURGH, N.Y. (AP) — Irene MacDowell, who posed for a U.S. coin and earned the nickname "The Liberty Girl" during the 1920s, has died in nearby New Windsor at 92.

Mrs. MacDowell, who died Wednesday, posed for sculptor Hermon MacNeil for the design of the Liberty quarter, minted in the millions between 1916 and 1932. Its successor was the Washington quarter.

London Flu Cases Found In 17 States

ATLANTA, Ga. (AP) — Influenza or similar respiratory diseases have now been reported in 17 states, including a number of urban areas, the National Center for Disease Control said today.

Dr. Robert J. Rubin, an epidemologist at the national center here, said outbreaks of influenza have been noted in Boston, New York, the Baltimore-Washington area, San Francisco Bay area and Memphis, Tenn.

He said, however, "It cannot now be determined if the English flu will become widespread throughout the country."

Like Hong Kong Variety

The English, or London, flu is of the same virus family as the Hong Kong flu, which was widespread four years ago.

Georgia and North Carolina were added today to the list of states where influenza has been reported.

States where London flu previously has been reported are New York, Maryland, California, Hawaii, Arizona, Colorado, Kansas, Texas, Pennsylvania, Massachusetts, Connecticut, Tennessee, Illinois, Washington and New Jersey. The disease center did not report deaths attributed to the flu.

LATE NEWS FLASHES

WASHINGTON (AP)—Secretary of Defense Melvin R. Laird today ordered details withheld of U.S. bomb damage in North Vietnam during the second week of the American bombing blitz so as not to upset the forthcoming Paris peace talks.

FORT WORTH (AP)—The Fort Worth Star-Telegram received a telephoned bomb threat today and newspaper officials said they paid the extortionist the $20,000 he demanded. The 12:30 p.m. deadline passed without incident.

ELLSWORTH AIR FORCE BASE, S.D. (AP)—A 747 jumbo jetliner which landed here Thursday to search for a bomb reported aboard was to be flown to Denver today for a further search.

AT TALL CITY SAVINGS FIRMS—

Loans, Deposits, Assets Climb To Record Peaks

Midland's three savings and loan institutions reported today that deposits, loans and assets stood at all-time highs as of the close of 1972 business.

The three savings institutions — Citizens Savings & Loan Association, First Savings & Loan Association and Midland Savings Association — reported combined deposits at $94,060,546.

This is up $15,376,912 — or a spectacular 19.5 per cent — from the $78,683,634 on deposit with the same three institutions at the close of 1971.

Added to the previously announced record $342,809,204 on deposit at the city's four banks at the end of 1972, the savings figures boost the total on deposit at the seven financial institutions in Midland to a record $436,869,750.

This combined bank and savings association figure is up a booming $52,157,878 — or 13.6 per cent — from the city's deposit total of Dec. 30, 1971: $384,711,872.

Loans at the three savings institutions hit a record $95,221,039 as of the close of business on Dec. 29, 1972.

This is up $14,467,932, or 17.9 per cent, from the 1971 year-end figure: $80,753,107.

The savings association loans, added to $199,624,541 in bank loans, boosted the 1972 year-end figure for loans at the seven financial institutions here to $294,845,580.

The loan total is up $30,063,441, or 11.4 per cent, from the 1971 close at $264,782,139.

Savings associations also reported growth in assets totaling $15,328,963, setting a new all-time high at $107,167,630.

Year-End Figures

Deposits, loans and assets were at record highs for each of the savings associations, individually, as well.

The 1972 year-end figures, with end-of-1971 totals in parenthesis, are:

Midland Savings: Deposits, $43,915,889 ($37,249,980); loans, $46,103,533 ($40,465,655), and assets, $51,133,749 ($45,207,419).

First Savings: Deposits, $33,956,303 ($27,863,683); loans, $33,331,884 ($26,738,388), and assets, $37,713,980 ($31,005,509).

Citizens Savings: Deposits, $16,188,354 ($13,569,971); loans, $15,785,622 ($13,549,064), and assets, $18,319,901 ($15,625,738).

Searchers Find No Bomb On Jumbo Jet

ELLSWORTH AIR FORCE BASE, S.D. (AP) — Air Force specialists have found no trace of a bomb aboard a Trans World Airlines jumbo jet forced to land here by a threat of an altitude bomb. A TWA spokesman said the Boeing 747 was being searched again today.

The 233 persons aboard the Madrid-to-New York flight Thursday were reported calm during the flight here.

The airliner was diverted to this western South Dakota air base after an anonymous phone caller in Spain said a bomb would explode if the plane descended to a level of about 3,100 feet. The altitude here is 3,200 feet.

The caller said he would tell where the bomb was located if the airline paid him 15 million pesetas ($232,500).

Crew Capt. Melvin Manning, 58, of Hopatcong, N.J., said he learned of the bomb threat about one hour out of Madrid.

Manning said the plane was routed to mile-high Denver but excessive head winds cut its fuel supply and the plane was diverted to Ellsworth.

Willis Baker, a passenger from Los Alamitos, Calif., said, "Just past Newfoundland the captain told us a man with a Spanish accent had phoned Madrid authorities to say a bomb was aboard which would detonate at a certain altitude. I guess there was some anxiety among those of us in the passenger area, but never any-

(See PLANE Page 8A)

Energy Pinch Threatens Oklahoma Gasoline Sales

OKLAHOMA CITY (AP) — Major gasoline refiners in Oklahoma are caught in the middle of an energy pinch and are curbing deliveries of gasoline at the retail level, company spokesmen said Thursday.

At least two firms are involved in what was described as a growing problem in Oklahoma and other states.

A Phillips Petroleum Co. spokesman at Bartlesville said his firm is "limiting deliveries of gasoline to contracted volumes" in its entire marketing area, principally east of the Rocky Mountains.

A spokesman for Continental Oil Co. in Houston, which has a large part of refinery production coming from Ponca City, Okla., said his company "is not seeking nor will it accept any new business" in Oklahoma and surrounding areas.

Both firms said they will be able to take care of established customers and dealers.

Several other firms said they had not restricted supplies, but various independent and branded dealers said they have been told privately there will be limits on gasoline imposed in the future.

Kerr-McGee Corp. of Oklahoma City said it "has been able to supply Oklahoma jobbers and dealers with sufficient gasoline to meet this demand and has not restricted gasoline deliveries."

Problem Acknowledged

However, a Kerr-McGee spokesman acknowledged there was a gasoline supply problem.

"Gasoline in Oklahoma is in extremely short supply and we do not foresee any significant improvement in the next few years," the spokesman said.

"As a matter of fact," he added, "the supply will become even tighter next year when the new EPA (Environmental Protection Agency) regulations become effective and require most service stations to offer lead-free gasoline for sale."

AS METHOD OF FINANCING PUBLIC EDUCATION IN TEXAS—

Sealy Warns Against State Income Tax

The head of the Texas Association of Taxpayers warned here Thursday that to hurriedly adopt a corporate and personal income tax as a new means of financing public education in Texas "would impose an unnecessary and unwelcome burden on our state and our people."

In a letter to trustees of the Midland Independent School District, Midland attorney Tom Sealy, chairman of the taxpayers group, responded to a story in Wednesday's Reporter - Telegram which said the Midland League of Women Voters advocated both corporate and personal income taxes to satisfy a court order that a new system of statewide financing of public schools must be found.

Sealy told the trustees there already are indications that the state budget for the next biennium can be funded without new taxes or increasing old ones.

If the Supreme Court does affirm the order to come up with a new public school financing system, Sealy said, "It does not necessarily follow that new or increased taxes would be necessary to achieve this." He said more money conceivably could be made available for public schools through certain economies in state government operations and better budget controls.

Sealy said the tax burden on the American citizen "has become extremely onerous" and that business already pays 70 per cent of state ad valorem taxes and a large percentage of other taxes. He added that one main reason Texas has prospered is because the state is one of the few left without a personal or corporate income tax.

After referring to the Midland League of Women Voters' position, Sealy's letter to the trustees said:

"Because I was retained by business interests and other citizens in March 1971 to form the Texas Association of Taxpayers (an organization now comprising some 15,000 members and having as its principal objectives (1) the development of a sound and equitable revenue and expenditure program for the State of Texas, (2) communicating that program to the public and supporting its effective presentation to the legislature, and (3) resolving the state's financial problems without resort to income taxation, either corporate or personal), and still continue to serve in this capacity, I have had occasion to study the financial needs of the state in depth.

"In my opinion it would impose an unnecessary and unwelcome burden on our state and to our people if we hurriedly adopted a corporate and personal income tax as recommended by the Midland League of Women Voters simply because of the Rodriguez decision of a three-judge court panel to the effect that the current system of financing public education in Texas discriminates on the basis of wealth by permitting citizens of affluent districts to provide a higher quality of education.

"In the first place, the Supreme Court of the United States of America has not yet issued its decision with respect to the Rodriguez case, and there is no certainty that it will affirm or approve that decision. But even if the Supreme Court should affirm the opinion, there is no reason for us to panic or to hurriedly enact legislation of any kind on this subject. On the contrary, the subject matter should receive a great deal of study not only by the legislature but by all of our citizens who are interested in assuring an adequate funding of our public

Communist Forces Step Up Campaign

SAIGON (AP) — Communist forces pressed their new winter-spring campaign into a third day today with almost 100 more attacks reported across South Vietnam. Most were small-scale shellings.

The South Vietnamese command reported 97 enemy attacks during the 24-hour period ending at dawn, two-thirds of them by rockets and mortars. During the two previous 24-hour periods there were 116 and 81 attacks. Prior to this upsurge, the command had been reporting 40 to 50 attacks each 24 hours.

Many of the attacks were in the Mekong Delta south of Saigon, against villages and district towns. At least five roads were reported cut.

The stepup in Communist attacks is believed to be a show of North Vietnamese and Viet Cong strength seeking to generate congressional pressure on President Nixon to end his support of President Nguyen Van Thieu.

The U.S. Command reported one American casualty, a helicopter crewman slightly wounded by ground fire south of Da Nang. The OH6 observation helicopter was slightly damaged.

U.S. air raids continued below the 20th parallel in North Vietnam's southern panhandle, and the U.S. Command today reported the heaviest B52 raids in that sector in three weeks.

Informer Says He Saw Bandidos' Executions

EL PASO, Tex. (AP) — Three members of a motorcycle gang were ordered held without bond on murder charges Thursday after a man claiming to be an FBI informer testified he witnessed the Dec. 22 execution of two Conroe, Tex., brothers.

The witness, whose name was withheld, said Preston Tarver, 22, and his brother Mel, 17, were beaten by members of the Bandidos and then taken to a desert area northeast of El Paso.

Preliminary Hearing

The FBI informer testified at a preliminary hearing that the two were made to kneel in open graves and killed with a shotgun by national club president Don Chambers of Albuquerque.

The witness, who said he posed as a prospective club member and helped dig the shallow graves, said the brothers were killed because "they sold baking soda for dope."

Justice of the Peace Danny Snooks bound over to the El Paso County grand jury on murder charges Chambers, Bandidos sergeant-at-arms Jesse Diel and club member Armond Vicente of Sioux Falls, S.D.

The witness said he was made a full member of the Bandidos after the shooting and taken to neighboring Juarez, Mexico, for a tattoo and initiation.

He said he was unable to notify authorities about the slayings until the next day.

Retail Merchants Manager Cited

A Certificate of Merit has been presented to Agnes Park, manager of Retail Merchants Association, The Credit Bureau of Midland, by Associated Credit Bureaus, Inc., for service to the individual consumer, the community and the credit industry.

Announcement of the award was made by John L. Spafford of Houston, president of ACB, which is an international trade association serving more than 3,400 credit and collection service members in the U.S., Canada, and several foreign countries.

"The standards of achievement established for this award exemplify the service provided by the Retail Merchants Association of Midland," Spafford said. "It also reflects an impressive performance in meeting community civic obligations."

Credit reporting and collection service executives who earn the Certificate of Merit Award are eligible to compete for the State Leadership Award.

Turns On Red Win San Antonio Okay

SAN ANTONIO, Tex. (AP) — Although they were warned about possible civil damage liability, the city council here voted Thursday to allow right turns at red lights at 36 San Antonio locations.

The move also allows left turns at red lights at five locations.

A 60-year-old shade tree alone may bury a lawn under 35,000 leaves.

Screening In Effect At Airports

WASHINGTON (AP) — Increased security procedures to guard against airplane hijackings go into effect at some 500 airports today.

The procedures include electronic screening of all passengers and inspection of carry-on packages and luggage, including ladies' handbags.

The Air Transport Association recommends that passengers arrive at airports a little earlier than before in order to allow time for the inspection delays.

Armed guard requirements at airports will not go into effect until Feb. 6.

Officials for Continental Airlines and Texas International, the two commercial air carriers serving Midland Air Terminal, said today that both airlines have been checking all carry-on luggage of their passengers for the last three weeks.

A Dec. 5 regulation from the Department of Transportation said that all airlines must begin the systematic checks of all of their passengers and their carry-on items by no later than today.

Mailman Brings Cheer For Four Families

By PETER ARNETT
AP Special Correspondent

In their bamboo prison cages deep in the jungles of South Vietnam, the four men were given pen and paper. They scratched brief messages of greetings to their loved ones.

On Wednesday these letters were mailed special delivery in New York City.

And for four more American families the postman would bring the news that for many many months they had hardly allowed themselves to believe — their men were still alive.

"God bless you! Oh, God bless you!" exclaimed Mrs. Virgil O'Connor when she picked up her phone at home in Warren, Mich., to learn that a letter from her son Michael was on the way. He was a U.S. army warrant officer shot down in his helicopter on Feb. 4, 1968, during the Tet offensive battle for Hue.

Two months later a released prisoner reported seeing him alive. But in the five years since then, the O'Connors had received not one word about him. He is now 25.

Now a 10-line letter was on the way, brought back to America by an American delegation that visited Hanoi during Christmas.

Mother 'Unbelieving'

Mrs. Orvis Parsells of Sarasota, Fla., was unbelieving when The Associated Press called her Thursday to say that a letter from her 27-year-old son John would be arriving soon. The organization that had arranged the mail exchange with Hanoi, the Committee of Liason with Families of American Prisoners of War in Indochina, had been unable to reach Mrs. Parsells with the news.

"I'm hoping and praying you're telling the truth," she said, as her husband listened at another line. "John was shot down in his helicopter on February 5, 1970," she said. "The Pentagon told us he was a prisoner of war, apparently his name was broadcast once over Radio Hanoi, but this will be the first word from him."

Another letter was from Jose Manuel Astorga of San Diego, Calif. His mother was not at home Thursday but neighbors said he was shot down May 1, 1972, and his mother had been advised by the Pentagon that he was alive.

The fourth letter was from Bruce Raymond Archer. His relatives in Pensacola, Fla., were not reachable on Thursday.

The four letters were among a total of 600 brought back from Hanoi by the American delegation. Their significiance was that they came from prisoners held in South Vietnam by the Viet Cong.

Americans captured in battle in the south have been swallowed up in the jungles. They have become as phantom-like as their captors, the Viet Cong, and their fate has been a matter for conjecture.

Hundreds of Americans are missing in South Vietnam, but only a few more than a score of them have written to relatives. Prisoners who have been released in the south, or who escaped, talk of cage-like bamboo prisons, of long treks through the jungles to avoid detection by allied ground troops, of poor food.

Gremillion Starts Perjury Sentence

NEW ORLEANS (AP) — Former Atty. Gen. Jack Gremillion was taken to Eglin Air Force Base at Fort Walton, Fla., Thursday to serve a three-year sentence for perjury.

He was convicted Sept. 25, 1971, on charges of lying to a federal grand jury about his financial connections with the bankrupt Louisiana Loan and Thrift Corp.

Legislators Seek Ways To Cut Texas Insurance Costs

(EDITOR'S NOTE: For more than a decade, legislators have argued over how to slow down rising car insurance costs. The session that meets Jan. 9 might be the one to make a major change. This, the 10th in a series of 41 articles based on an AP survey, looks at the prospects.)

By LEE JONES

AUSTIN, Tex. (AP) — The 1973 legislature will be looking for a way to hold down the prices Texans pay for insurance.

But it's debatable whether lawmakers can agree on any major change in the insurance system. Details may bog them down.

Most lawmakers who took part in an Associated Press survey said they favor a competitive rating system to replace the present uniform rates set for home and car insurance by the State Board of Insurance. In a special legislative session this fall, both houses voted for competitive rates but could not agree on the details before the 30-day session's mandatory adjournment.

Some Reluctance

There was some reluctance to support rate competition, however, because of uncertainty whether it would push rates down, as Gov. Preston Smith contended, or increase them.

Another proposed change, no-fault car insurance, seems to have little chance. Only about 20 per cent of those who responded to the questionnaire said they favor it. A majority of senators and 70 of the 150 representatives are lawyers, whose state association opposes no-fault.

No-fault insurance provides money for lost income and hospital bills of accident victims, regardless of whether they were to blame.

Several members said they would like to see the legislature abolish the rule that prevents accident victims from collecting damages in court if a jury finds they were remotely at fault. This, the lawmakers said, should be replaced by a system under which a victim's benefits would be reduced by however much the jury finds he was at fault.

"I favor competitive insurance rates and voted accordingly during the last special session. The legislature must break the hold that the insurance lobby has upon our State Board of Insurance," said Republican Rep. Bill Blythe of Houston.

Some favored competitive rates, but with certain limitations.

Rep. Jim Clark of Houston said he thought the state insurance board should inspect any company's set of proposed rates "to assure the consumer's proper protection."

Didn't Have Much Faith

But Rep. John Bigham of Temple indicated he didn't have much faith the present board could be trusted to protect the consumer.

"A governor will appoint board members who represent the consumers," was Bigham's only recommended change in insurance matters.

Sen.-elect Don Adams of Jasper said he believed the legislature "should further explore a competitive rate making system with a ceiling on the rates, allowing the insurance companies to compete below the ceiling at will, and requiring permission to compete above the ceiling."

There have been strong indications from Washington, D.C., that Congress might impose a national no-fault car insurance system if the states don't.

Doubted Value

Some lawmakers who answered the AP questionnaire doubted the value of no-fault.

"At this point, I do not feel that no-fault insurance has worked out in the other states which have adopted the system," Adams said.

Sen.-elect Grant Jones of Abilene, who heads a House committee studying no-fault, also opposes such coverage.

"Texas does not have the degree of problems that made no-fault attractive in Massachusetts and holds the potential of increasing automobile rates," said Jones, an insurance agent who has served several terms in the House.

A few lawmakers offered other ideas for change in the insurance system.

Rep. Carl Parker of Port Arthur recommended a requirement that uninsured motorists pay into a special fund before they can obtain their license plates. This "Virginia plan" was studied several years ago by a committee that Parker headed.

"I favor competitive rates, compulsory automobile insurance, group automobile insurance and the other reforms which I have introduced in the past," said Sen. Oscar Mauzy, Dallas.

IRS To Check 195 Texas Tax Services

By THE ASSOCIATED PRESS

The Internal Revenue Service plans to use its agents, posing as taxpayers, to check the operations of about 195 professional tax preparation services in Texas for possible illegal operations this year.

Albert W. Brisbin, commissioner of the IRS' southwest region, which includes Texas and seven other states, said the program is designed to weed out preparers of fraudulent income tax returns.

The IRS agents, sometimes posing as bewildered taxpayers, might well visit a suspected tax preparer wearing a grubby pair of overalls and a weekend's beard growth.

Last year, 124 tax preparation services suspected of illegal operations were visited by IRS agents in disguise. The agents discovered that 89 of the firms prepared erroneous returns. Had the returns been genuine, the IRS would have lost revenues of $27,717 through illegal preparation.

Nine 1972 Convictions

The IRS has won nine convictions or guilty pleas from fraudulent preparers and has 19 cases pending in actions based on actual returns prepared by these services.

Although the 1972 survey was made only on tax preparers already suspected of shady activity by the IRS, the current check will include those suspected by the IRS and a number of others chosen at random.

Brisbin emphasized that most tax preparation services—large or small—are not suspect, and that a number of legitimate services have helped the IRS locate illegal tax preparation services.

Taxpayers Responsible

The commissioner reminded taxpayers that they are responsible for their returns no matter who prepares them and that persons whose returns are prepared by fraudulent tax men are more likely to have their returns audited.

He advised taxpayers who want their returns prepared for them to consult a permanent tax service, and for persons completing their own returns to take advantage of the IRS's free tax information and return preparation services.

IRS offices in the North Texas district, offering tax assistance, will be expanded from 17 to 30, and many will remain open until 6:30 p.m. and be open on Saturday mornings to assist taxpayers. These services will be available through April 16.

Fort Worth School Hearing Postponed

FORT WORTH, Tex. (AP) — Federal Dist. Court Judge Leo Brewster has postponed a hearing scheduled for today on an integration plan for Fort Worth's schools.

Judge Brewster set no new date for the hearing but the 5th Circuit Court of Appeals has set Jan. 30 as the deadline for presenting a revised proposal.

Winners Announced

Andy Lattu was chosen best speaker at the Thursday meeting of the Permian Toastmasters. Earl Brown was most improved, Marvin Gibson best tabletopic speaker and Don Kowert best evaluator.

Dear Abby

It's Cheaper By The Dozen, But It's Crowded

—By Abigail van Buren

DEAR ABBY: I have had it! I am fed up with people condemning my parents for having seven children.

The first thing they ask is, "Are you Catholic?" (We're not — we're Protestant) Then they make some dumb crack about my parents probably being hooked on sex or something.

Well, I happen to know that my mother planned each one of us, and as long as my father can afford that many children, I don't think it's anybody's business.

My mother has never had to work outside the home one day after she was married, and that's more than a lot of mothers can say.

If my parents can afford to have a dozen children, why should they be made to feel that they are taking up more space in the world than they're entitled to?

ONE OF SEVEN

DEAR ONE: If people continue to multiply at the present rate, this world of ours is going to be in serious trouble. For some up-to-date reading material on this subject, inquire at your public library.

DEAR ABBY: Six weeks ago (a week before she married my son) my daughter-in-law said she would like to call me by my first name since I was more like a friend than a mother. I said, "Fine. Whatever makes you comfortable."

The first time she called me "Nellie" it hit me wrong. I realized it really wasn't fine with me. I love her like a daughter, not like a friend, and I didn't feel comfortable being called "Nellie" by my daughter-in-law. I would rather she call me "Mom" or "Mother Smith" or even "Mrs. Smith" as she did before.

I have an idea she and my son cooked up this idea because he feels more comfortable calling her parents by their first names rather than "Mom and Dad."

Have you any suggestions? I want to resolve this before any more time passes.

NAME PROBLEM IN ILLINOIS

DEAR PROBLEM: Tell your daughter-in-law that you don't feel comfortable being called "Nellie," and would she mind calling you "Mother Smith," "Mother Nellie," or something with which you both feel comfortable.

DEAR ABBY: My almost-16-year-old daughter and her 18-year-old boy friend have the habit of lying down side by side on our very narrow couch while watching television. They don't get embarrassed when her daddy or I walk in and find them this way.

In some respects I may be old fashioned, but I think some things can go a little too far, and I don't like to see my daughter and her boy friend in that position. If they are that close in our home, I wonder how close they get when they are out on a date.

I don't like to be a square mother, Abby, but don't you think I should ask them to please sit up when they're watching tv?

WANTS TO DO RIGHT

DEAR WANTS: The position you describe is too close for comfort. Tell your daughter that she should keep both feet on the floor. And that goes for her boy friend, too.

CONFIDENTIAL TO "TORN DAUGHTER IN HIGHLAND PARK": I can understand why your mother is bitter about your father, from whom she is separated, but she had no right to forbid you to invite him to your home. Tell your mother you will let her know ahead of time when your father will be there so she won't run into him.

Problems? Trust Abby. For a personal reply, write to ABBY, in care of this newspaper, and enclose a stamped, addressed envelope.

Former Resident Wed In Lubbock To Miss Parker

LUBBOCK — Stephen Russell Conkling, formerly of Midland, married Avis Olinda Parker at 7:30 p.m. Dec. 30 in a double ring ceremony in the First United Methodist Church.

Dr. Paul M. Bumpers performed the ceremony. Wedding music was presented by Mrs. Marlin Hayhurst, organist, and Alice Toliver of Brownfield, vocalist.

Parents of the couple are Mr. and Mrs. J. M. Welborn of Lubbock and Mr. and Mrs. Charles J. Conkling of Dallas.

The bride is a special education major at Texas Tech University, where she is a member of Pi Beta Phi social sorority. The bridegroom is a 1968 graduate of Lee High School in Midland and attended the U.S. Coast Guard Academy in New London, Conn. He is a junior at the University of Oklahoma in Norman.

Presented in marriage by Mr. Welborn, the bride wore a formal gown of re-embroidered ivory faille, fashioned with a scoop neckline, long sleeves, Empire bodice and softly gathered A-line skirt.

Sherry Landreth of Midland was the maid of honor. The bridesmaids were Denise Parker, Jeannie Westerburg, Lindley Conkling of Dallas and Denette Parker of Colorado Springs, Colo.

Rod Dameron of Midland was the best man, and groomsmen were Neill Conkling of New London, Wayland Parker of Colorado Springs, Jim Welborn of Victoria and Jack Day.

The ushers were Stephen Magee of Chicago, Ill., and the groomsmen.

Following a trip to Taos, N.M., the couple will reside in Apartment 112, La Casa Apartments, in Lubbock.

Record Identification

To help a small child identify his phonograph records, paste appropriate pictures clipped from magazines onto the center of each record.

ANNOUNCES MARRIAGE—Mrs. Pearl Lee Jackson of 1911 E. Mulberry Lane announces the recent marriage of her daughter, Juanita Jackson Mims, to Louie Hill Jr., son of Mr. and Mrs. Louie Hill of 115 E. Nobles St. The bride is a licensed vocational nursing graduate of Midland College. The bridegroom is employed by McAfee Carpeting Co. The ceremony was performed by Bishop W. C. Swain of the Pentecostal Church of Jesus Christ.

Phi Mu Alumnae Luncheon Held

ODESSA — Mrs. R. L. McKim was hostess to a recent luncheon for the Permian Basin Alumnae of Phi Mu and guests in Odessa Country Club.

Those honored were the new provisional members from Midland, Maureen Nixon and Dorothy Robinson, who are attending the University of Houston, and Mrs. O. R. Robinson. Also honored were Pam Matthews, who is attending Georgetown University, and her mother, Mrs. E. W. Matthews of Midland, and collegians from Texas Tech University, Virginia Lee and her mother, Mrs. R. S. Lee of Odessa, and Mary Davis and her mother, Mrs. Thelma Box of Midland.

Miniature flower pots carrying out the colors and flowers of the sorority were used in decorations.

Police Work Runs In Family

HOLLY, Mich. (AP) — Police work is very much in the blood of Elaine Augugliaro, a 29-year-old mother of two.

She is a policewoman on Holly's six-man police force. Her husband is also on the force as a sergeant. They live next door to the police station. Furthermore, her father is a retired police sergeant, and her brother is in charge of security for Stanford University in California.

Coming Events

Saturday

Missionary Volunteer Society of the Seventh-day Adventist Church, 5 p.m., church.

Saturday Duplicate Bridge Club, 1 p.m., Red Fox Restaurant.

Couple Married In Religious Science Church Rites

DALLAS — Mr. and Mrs. Lawrence Stephen Whilden honeymooned in Corpus Christi and on Padre Island following their marriage here Dec. 29 in the First Church of Religious Science. Dr. Andrew Caraker performed the double ring ceremony for the former Janet Lee Dillon and Mr. Whilden.

Mr. and Mrs. Edward L. Dillon, 3203 Apperson Drive, Midland, and Mr. and Mrs. William M. Whilden Jr. of Dallas are the parents of the couple.

The bridal scene had candles in tall holders.

Mrs. Edward H. Dillon, sister-in-law of the bride, and Richard C. Ericson attended as matron of honor and best man. Susan Whilden, sister of the bridegroom, and Ralph Mulkey were the bridesmaid and groomsman.

The bride's attendants wore full-length dresses in light blue. Each carried a circular colonial arrangement of white and yellow daisies.

Given in marriage by her father, the bride wore a full-length gown of white satin and lace, designed with cap sleeves, fitted bodice of lace over satin. The full satin skirt had an overlay of lace and net with a brief train. A pearl tiara held the mid-back veil of illusion. She carried an arrangement of pink rosebuds encircled by white and showered with white streamers.

A reception was held in Fellowship Hall of the church.

The bridegroom has returned to Ft. Ord, Calif., where he is stationed with the U.S. Army, and the bride is at home with her parents. She will join her husband for a tour of duty in Germany when his orders are finalized. He attended North Texas State University. The bride attended Lee High School.

Automatic Device Delivers Paper

CHARLESTON, W.Va. (AP)—George Whiteman didn't like his wife going out to a roadside box to fetch a newspaper in the dark early morning hours, so he built an automatic paper carrier linking the house and the box.

Now Mrs. Whiteman throws a switch, pushes a button, hears a rhurr-rr-rrr-thump, and her paper is right there on her front porch after traveling 50 feet from the roadside box.

Whiteman, a retired engineer, said he built the ski-lift type device with a "bunch of junk" and about $25 worth of incidental parts.

Show Goes On

ROCKY FORD, Colo. (AP)—Although Mrs. Clara Bauer crushed a vertebra in a fall two days before her wedding, the ceremony took place as scheduled at the nursing home which Mrs. Bauer owns. The bride's corsage was pinned to a cotton robe that covered the back brace she was wearing.

POLLY'S POINTERS

Aluminum Shears Aid Handicapped Sewers

By POLLY CRAMER
Newspaper Enterprise Association

DEAR POLLY — Mrs. T. J. wrote about her difficulty with using heavy thick pinking shears so I suggest she inquire about those made of aluminum which should be easier to use with her physical handicap. If these are not available she might do as I do: When cutting a piece of material to make a garment and not knowing if the edges will ravel or not, I simply cut with ordinary scissors and then machine stitch two lines of basting length stitches along each edge to prevent any raveling. — HELENE

Polly's Problem

DEAR POLLY — Help! Help! I bought a metal kitchen cabinet that has a bread drawer with a sliding top. I keep dishrags or cloths in one drawer but it has a spicy odor and I cannot keep bread or anything edible in any of the drawers. I have used soda, disinfectant, hot soap, pieces of bread and have left them outdoors to air. The smell is still there. Does anybody know how I can get rid of this odor? — T. R. N.

DEAR POLLY — I have always said I do not really like reading the Pet Peeves because one of mine is with people who talk about theirs all the time. However, I now have one I must pass on which concerns the many times I have seen people discard disposable diapers along the public highways. We have encountered so much of this during long trips in different parts of the country (Canada, too). No matter where we traveled it seemed a day never went by without our seeing at least one example of this — MRS. J. A. C.

DEAR POLLY — I do quite a bit of beading and sequin work and have found that slide film cans or tins make ideal containers for them. I glued a bead or sequin on the top of the lid of each can to make it easy to locate the color or type wanted. Those girls who have trouble with tangled fringe on throw rugs might try using a small plastic shampoo massage brush or scrubber. The teeth are perfect for combing out fringe. — MRS. J. M.

DEAR POLLY — I found a use for those aluminum foil inner bags that line boxes of sugar-coated cereal. I remove the bags, shake thoroughly and save them to use for heating ready-made rolls, muffins, etc. —KIM

Officers Named By Garden Club

Mrs. J. Howard Hodge was named president of the Midland Garden Club for 1973-74 during a meeting of the club Thursday in her home at 2002 Humble St.

Other officers named were Mrs. C. Bill Coleman, first vice president; Mrs. W. Earl Chapman, second vice president; Mrs. Robert W. Patteson, recording secretary; Mrs. W. C. Howard, corresponding secretary; Mrs. L. H. Humphrey, treasurer; Mrs. C. E. Bissell, reporter; Mrs. Virginia Summers, historian, and Mrs. Marshall Keathley, parliamentarian.

The president, Mrs. Bissell, presided. Letters from the Midland public school system, thanking the club for ecology books the club has presented to the schools, were read.

Plans were made to plant a cedrus deador tree at Lancaster Garden Center-Museum of the Southwest in memory of Mrs. L. C. Link, who was a charter member of the club. The tree will be maintained and lighted at Christmas time as a living memorial to Mrs. Link, who was a national flower show judge, member of the Midland Rose Society and a landscape design critic.

The club also made plans to plant a shade tree at the Alamo YMCA January 19 in observance of Arbor Day.

Mrs. Hodge presented a program on sunflowers, and Mrs. Chapman gave the capsule program on the culture and origin of the apple tree.

Salad Holder

Use a little pill bottle to hold the salad dressing when you pack salad in a small, covered plastic dish in the lunch box. A margarine tub makes an idea holder for this purpose.

SHAPE FOR SPRING — Lots of dots and a streak of stripes scatter over the silky-smooth classic — the shirtdress, left, in Dacron twill in navy or azalea with white dots and stripes. Softness in fashion is reflected, right, in the blouson jacket with elasticized waist and the new dolman sleeve. Both jacket and pants are linen Terrylene.

Fashions For Spring '73 Are Simple, But Not Plain

NEW YORK — (NEA) —This spring every woman wants to look like herself — because she likes herself. She's in fine shape, is active in all areas and she has given up worrying about what to wear.

The clothes she chooses must go many places and must be a travel wardrobe that fits into one suitcase.

This time around accessories are the grand finale — not the whole show.

The shape for spring is simple but not plain. And with simpler designs the accent is, naturally, on the fabric and color. Sugary pastels, sparkling white and floral prints turn up on luxurious fabrics and nubby naturals. Even structured shapes take soft fabrics.

Everything moves. Skirts are pleated, pants move in wider legs and soft materials. Tops move with easy knits and blouson fullness. The drawstring waist gathers everything softly to the body. Although there are a few chemise and tent shapes the waistline is mostly the natural one.

The shirtdress springs up once more in soft crepe de chine, jerseys and silks. And the return of the "pretty" dress is a large part of the spring fashion story.

Sleeveless dresses have their own jackets, either matching in a suit effect or contrasting with bright stripes, geometrics or strong patterns.

For evening the short, bare dress is back after a long absence in halter or bare slip shapes. But the long shirtdress in crepe or silk is on the scene as well.

The jacket is the important element in any separates formula. It can be cardigan, a short blouson baseball jacket, a shirt jacket or a smoking jacket.

Tops get away from the T-shirt look with a more feminine feeling and pants stride into '73 with classic class in linen-look fabrics, chambray, gabardine and cord. They play it soft with baggy shapes and palazzos. And jeans go on forever. And among all the pleated skirts you will also find the new dead-straight skirt.

The real suit look for the season is the three-piece look — a belted jacket, pleated skirt and shirt.

Light colors and light-weight fabrics carry on in coats. The shapes are classics — the flared tent; the wrap coat, the cardigan. And here, again, the newest look is the drawstring waist.

Jewelry sings along with the spring themes. Bracelets have wide cuffs and there are big chains, bangles and slim wires for neck jewelry. The big bead choker and long strands of beads fill V necklines.

Hats go soft-headed or brim-full of news. The jersey turban is the top look. And wide, sweeping brims dip over the eye with class. There's the young sportive brim, too.

This spring fashion has no extremes. But it is extraordinarily pretty. It's a season when you can be sure of yourself in anything you wear.

Woman Pastor Has Advantage

TOMS RIVER, N.J. (AP) — The Rev. Judy Hird, 25, the first woman to serve as a pastor in a Lutheran church in America, says being a woman is a definite advantage.

"If I had the same personality and was a man, perhaps it would be the same, but people are very interested in the fact that I am a woman, and for that reason, they are more apt to listen to me than to someone to whom they're accustomed," said the Rev. Hird. People call her Pastor Judy.

Uninformed

DALLAS (AP) — A would-be extortionist let his ignorance trip him up when he called the switchboard operator at the Village Bank here and demanded $10,000 for the safe return of the wife of a certain vice president of the bank. What he did not know was that the certain vice president was unmarried.

I find it most disturbing that so many children have what parents refer to as "our eating problem."

To be honest, the only food problem we have ever experienced with the children was the problem of trying to get the food to the table before they ate it.

It occurred to me that lack of communication might be the real problem. Perhaps most parents are incapable of understanding exactly what the children are saying.

The following list includes phrases picked at random. At one time it was a longer list but before I got it to my desk and typewriter, part of it mysteriously disappeared. Possibly one of the children ate it.

"This is yukky" means "It's made with cream sauce."

"Gargh," means "You put mushrooms in again!"

"What's this yukky stuff?" (It isn't hamburger.)

"Not again!" (You've offered lamb chops for the second time in five years.)

"I can't eat these funny looking lumps." (He'll eat the beef in the stew and that is all.)

"What's for dessert?" (If it's coconut pie he won't eat a fifth hotdog.)

"I'm not hungry." (He's already eaten the coconut pie and also the cookies you hid in the front hall closet.)

"Why can't you fix what I like?" (You only had fried chicken four times this week.)

"More of this garbage?" (There has been lettuce on the table twice this month.)

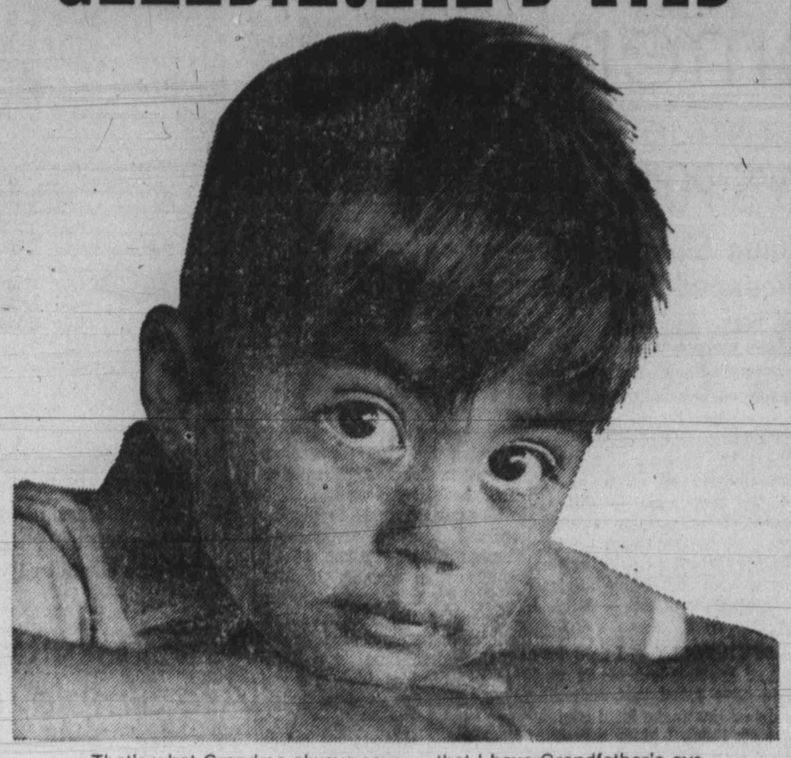
GRANDFATHER'S EYES



That's what Grandma always says — that I have Grandfather's eyes.

It's certainly a mixed-up world, isn't it? People having other people's eyes.

But they never say Grandfather has my eyes. I asked Dad about it.

Although he didn't answer directly, he did say that we all have to have faith and character worth passing on to our children. That's why we go to church.

Later it occurred to me: Someday, somebody will have my eyes . . . my faith.

School Of Christian Living

Will Be Conducted Here Jan. 14-18

The School of Christian Living, an annual event whose purpose is to provide opportunity for Midland area residents to study together in order to strengthen their Christian faith and understanding, will open Jan. 14 and continue through Jan. 18.

The school is presented each year under sponsorship of the Midland Council of Churches, composed of Midland units of the following denominations: The Christian Church (Disciples of Christ), United Methodist Church, the Lutheran Church in America, the Roman Catholic Church, the Church of the Nazarene, the Presbyterian Church in the United States, the African Methodist Episcopal Church and the United Presbyterian Church.

Host for the 1973 School of Christian Living will be St. Luke's United Methodist Church, 3011 W. Kansas St., with its pastor, Dr. R. Burgin Watkins, serving as dean of the school.

The schedule calls for registration for classes between 6:30 and 7 p.m. on Sunday, Jan. 14, followed by an opening service and introduction of guest instructors. The first class sessions will be held between 7:30 and 9:30 p.m.

Morning class sessions are scheduled for 9:30 to 11:30 a.m. on Jan. 15, 16, 17 and 18, and evening sessions will take place from 7:30 to 9:30 Jan. 15 through Jan. 17. Tuition will be $4.50 per person or $6 per family. One fee covers a series of morning and/or evening study sessions. Mrs. W. E. Fowler will be registrar.

The faculty for the upcoming school and the study topic of each is as follows:

—Dr. William A. Holmes, minister of the University Methodist Church at Austin: "The Church At Its Cutting Edge."

—Dr. William K. McElvaney, minister of Northaven United Methodist Church, Dallas: "Worship As Celebration."

—Dr. Jack Suggs, professor of New Testament in Brite Divinity School of Texas Christian University: "How the Bible Came to Be."

—Dr. Ralph Earle, professor of New Testament at Nazarene Theological Seminary in Kansas City: "The Parables."

—Dr. Joe Gross, assistant director of pastoral care at Baptist Memorial Hospital of Houston: "Lay Pastoral Care."

Additional information on the upcoming school is available from the St. Luke's United Methodist Church office or from any of the participating Midland churches.

Dr. R. Burgin Watkins . . . dean of 1973 Christian Living School

Free Methodists To Host Kansas Student Group

Midland Free Methodist Church, 4712 Shadylane, Sunday will be host to students from Central College in McPherson, Kan.

Central, a two-year college, is owned and supported by the Free Methodist denomination.

The visiting students are enrolled in a course, "Man and His Environment," at the college and currently are on an annual field trip connected with the course. The 3,600-mile ecological field trip will take the group to national parks and wildlife refuges in Oklahoma and Texas, and to points in Mexico.

The 25 students from the college will be in charge of the evening service at the Midland church, said the pastor, the Rev. William E. Jenkins. The service will begin at 7 p.m. and will be open to the public.

Tv Show To Launch 'Key '73'

"Faith in Action," a filmed television special, will be shown at 6:30 p.m. Saturday on KOSA-Tv to officially launch "Key '73" in this area. It is having simultaneous showings on tv throughout the U.S. and Canada.

"Key '73" is the highly-publicized evangelistic effort which has been in the planning stages for many months — the year-long volunteer effort of more than 140 denominations and Christian groups in this country and Canada to cooperate in reaching every person on the North American continent with the gospel of Jesus Christ. Theme for the 1973 emphasis is "Calling Our Continent to Christ."

Midland Council of Churches, the coordinating organization for "Key '73" in this area, has urged Midland and area residents to watch the Saturday evening television program.

Bishop Curry To Visit St. Paul C.M.E. Sunday

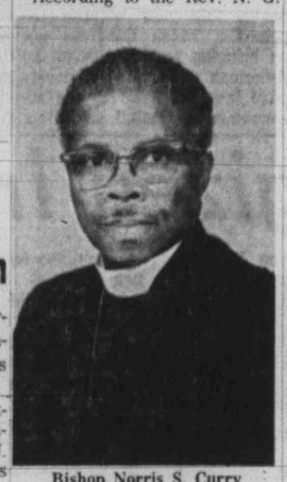
The Rev. Norris S. Curry, presiding bishop of the 8th episcopal district of the Christian Methodist Episcopal Church, will be a guest of the St. Paul C.M.E. Church here Sunday.

Bishop Curry, whose headquarters are at Dallas, also is scheduled to visit C.M.E. churches in Odessa and Pecos while on his area visitation. The churches are part of Abilene District of the denomination.

According to the Rev. N. G. Gilbert, pastor of St. Paul C.M.E. Church here, Bishop Curry will be in the pulpit of the local church during the morning worship service, scheduled to begin at 10:45 a.m. He will preach Sunday afternoon at the Carter Chapel in Odessa, and will visit the Pecos church Sunday night.

Bishop Curry, who was elected the 31st bishop of his denomination in 1962, has presided over the five Texas conferences, or divisions, of the C.M.E. Church since 1966. A native Texan, he is a graduate of Texas College at Tyler and received seminary and graduate training at Drew University in Madison, N.J., and the University of Southern California. He is a member of the newly-established governing board of the National Council of Churches of Christ, U.S.A., is vice chairman of the American section of the World Methodist Council Executive Committee and is a member of the board of the Texas Conference of Churches. He is a life member of the NAACP, chairman of the board of trustees of Texas College, and serves as secretary of the College of Bishops of the Christian Methodist Episcopal Church. Before his elevation to bishop, he served as pastor of a large church in Los Angeles and was editor of Christian Index, a denominational publication.

The Sunday morning service here, at which Bishop Curry will celebrate communion, will be open to the public.



Bishop Norris S. Curry

FRIDAY, JANUARY 5, 1973—7A

R. J. Schlegel

Witness Circuit Overseer Visiting Local Congregation

R. J. Schlegel, circuit overseer of West Texas congregations of Jehovah's Witnesses, is a Midland visitor this week.

While here, Schlegel has spoken before a study group at Witnesses' Kingdom Hall, 1410 N. Pecos St., and has led members of the local congregation in house-to-house visitation.

At 7:30 p.m. Saturday, the church official will address the Midland congregation on "Separating the Wheat From the Weeds — the Modern Way." To conclude his visit, Schlegel will speak at Kingdom Hall at 9:30 a.m. Sunday, with his topic to be "Who Is Your God?", followed by weekly Bible study at 11:30 a.m. The public is invited to attend the Saturday and Sunday events.

Social Worker Unitarian Guest

Steve Thomas, an Odessa social worker, will be guest speaker Sunday at the 11 a.m. service of the Midland Unitarian Church, 3400 N. A St.

Thomas will describe Odessa's 24-hour residential drug treatment center at the Sunday service, which will be open to the public.

Negro Woman Will Join Hobby's Staff

AUSTIN, Tex. (AP) — Dolores Hunter, a black woman who is currently deputy director of the Job Corps Center for Women at McKinney, will join Lt. Gov.-elect Bill Hobby's staff as an administrative assistant.

'Feast Of Lights' Service Scheduled

The Episcopal Church of the Holy Trinity has scheduled its traditional "Feast of Lights" Sunday evening for members of the parish.

The candlelighting service marking Epiphany will begin at 6 p.m. in the parish hall.

Features of the "Festival of Lights" will be the singing of hymns and reading of New Testament passages, followed by the cutting of the "King's Cake" and serving of refreshments.

Indians had tuberculosis, at least in Peru, long before the European explorers arrived.

Agnew Reported Trying To Help Smaller Bakers

WASHINGTON (AP) — Small bakery operators, who claim they will go bankrupt unless the administration approves a sharp increase in bread prices, say Vice President Spiro T. Agnew is quietly working on their behalf.

Baltimore baker Richard E. Koester says Agnew promised the Independent Bakers Association at a meeting last month that he would try to ease the price squeeze on small bakers.

The bakers say they need an increase of at least 2.5 cents per loaf to offset higher flour prices caused by a big drain on U.S. wheat, due mainly to the record sale of one-fourth of the crop last year to the Soviet Union.

Pollution Suit

HOUSTON (AP) — Harris County commissioners have followed the recommendation of their pollution control director, Dr. Walter Quebedeaux, and voted Thursday to sue Premier Petrochemical Co. for alleged violation of the Texas Clean Air and Clean Water Acts.

John Hall

John Hall To Present Concerts

John Hall, widely-known singing evangelist, will present concerts of sacred music at Gardens Assembly of God this weekend.

Hall, joined by his wife Theta, will sing on programs scheduled for 7:45 p.m. Saturday and 7 p.m. Sunday, said the Rev. Paul H. Coxe, pastor of Gardens Assembly. The couple will present solo and duet numbers, singing in concert with the youth and adult choirs of the local church.

Hall has sung with a number of different gospel music quartets in past years and now is in great demand as a solo artist. He has concertized widely in this country and has filled many radio and television engagements.

The public will be welcomed at either musical program, said Pastor Coxe. Gardens Assembly of God is at 2901 W. Kansas St.

Death Penalty Battle Predicted

By TOM SEPPY

WASHINGTON (AP) — The Nixon administration says it will call for a mandatory death penalty for "cold-blooded, premeditated" crimes, but a Democratic Senator is proposing a bill that would leave imposition of the death sentence up to the jury.

The two opposing viewpoints could presage a major congressional battle over use of capital punishment. And opponents of the death penalty already have begun to form battle lines.

Atty. Gen. Richard G. Kleindienst announced Thursday that the administration will seek legislation requiring the death penalty for such crimes as kidnaping, assassination, bombing a public building, killing a prison guard and air hijacking.

Meanwhile, Sen. John L. McClellan D-Ark., introduced a bill that would reinstitute the death penalty, but only if a defendant, in the course of a serious crime, intentionally takes another person's life. The jury would decide guilt and punishment separately.

Kleindienst suggested at a news conference that a mandatory death penalty, where the jury in effect decides guilt and imposes punishment at the same time, would be acceptable to the Supreme Court. The court ruled 5 to 4 last summer that because the death penalty has been applied unevenly in state and federal courts, it violates the constitutional ban against cruel and unusual punishment.

Included on the Senate subcommittee on criminal laws and procedures, which would handle such a bill, are two ardent Democratic opponents of capital punishment, Sens. Edward M. Kennedy of Massachusetts and Philip A. Hart of Michigan.

More opposition apparently would come from Sen. Birch Bayh, D-Ind., a member of the parent Judiciary Committee. Bayh said one of the problems with the death penalty "is that it is possible for our system of justice to make a mistake." A Bayh aide said the senator would like to see "a life sentence mean a life sentence and a tougher policy toward paroles."

However, Sen. James O. Eastland of Mississippi, chairman of the Judiciary Committee, said he would favor the administration's proposal.

The ranking Republican on the House Judiciary Committee, Rep. Edward Hutchinson of Michigan, said also the death penalty should be imposed for some crimes.

"The world has not reached a point yet where other countries would do away with the death penalty for such offenses and I doubt it would be good policy for us to do it," Hutchinson said.

Health Programs To Get Ax

WASHINGTON (AP) — Congressional sources say Nixon administration budget-cutters are slashing deeply into popular federal health projects and will call for halting the hospital-building program.

Lead-poisoning control and programs to care for the chronically ill also are being earmarked for abolishment, the sources report, and plans are under way to phase out the regional medical program.

"It looks like there will be a confrontation between Congress and the President's Office of Management and Budget over health this year because the priorities which Congress put on bringing good health to the American people obviously have been set aside by the accountants at OMB," said Rep. Paul G. Rogers D-Fla., chairman of the House Public Health subcommittee.

"And the man who took the scalpel to health programs at OMB, Caspar W. Weinberger, will switch hats now as secretary of Health, Education and Welfare, and preside over the destruction of this health program," Rogers added.

Congressional sources said the budget for the upcoming year starting in July will go up by $3 billion, with about $2.8 billion of this going to boosts in the medicare and medicaid programs of health care for the elderly and the poor.

The HEW Department budget, the sources added, is being pegged at $21 billion—of which $4.1 billion will be provided for health programs other than medicare and medicaid.

Administration cutting in the health budget would be certain to touch off intense opposition in Congress, where several Democrats claim an improvement is needed in a variety of federal health activities.

Congressional sources said a prime target of the administration budget-cutters is the long-standing Hill-Burton program of hospital construction. The sources said the OMB proposes phasing out the program over the next two years.

About 3,800 hospitals have received billions of Hill-Burton dollars for construction on modernization, but critics maintain there are too many hospitals with unused beds.

Thomas Armour Dies

MIAMI, Fla. (AP) — Thomas Armour, 85, who reputedly diverted the assassin's aim and saved President Franklin D. Roosevelt's life in Miami in 1933, died Tuesday. The bullet killed Chicago's mayor, Anton Cermak.

Three Teen-Agers Die In Collision

MERCEDES, Tex. (AP) — Three teen-agers were killed when their car skidded across a rain slick highway in the Lower Rio Grande Valley and collided with a pickup truck.

Those killed were identified as Florencio Ortiz, 17; Frank Ramos, 16, and Martin Rosales, 16, all of Weslaco.

NIXON—

(Continued From Page 1A)

American prisoners were freed.

The new antiwar steps came despite statements from the White House, and its Senate allies, that the congressional moves might endanger the talks resuming in Paris Monday between presidential aide Henry Kissinger and North Vietnamese negotiator Le Duc Tho.

Either the Brooke-Cranston or the McGovern-Hatfield proposal could be attached as an amendment when the year's first appropriation bill, extending funds for foreign aid to the end of June, is considered in Congress next month.

Effort Collapses

The first effort to focus a congressional hearing on the war collapsed in discord Thursday when the administration failed to provide a witness for a House Foreign Affairs subcommittee session on effects on U.S.-European relations of the recent American bombing of North Vietnamese cities.

Secretary of Defense Melvin R. Laird agreed, however, to testify next Monday before the House Armed Services Committee, which in the past has heavily backed the administration's handling of the war.

The Democratic caucus also approved assignment of members to Senate committees. It largely went along with the recommendations of its steering committee but decided to expand the Foreign Relations Committee to make room for both McGovern and Sen. Hubert H. Humphrey of Minnesota.

Pines Threatened

Smog from Los Angeles, 60 miles away, threatens century-old Ponderosa and Jeffrey pines in the San Bernardino Mountains, National Geographic says. It destroys food-making cells in the pine needles.

Harry Truman Eulogized In Washington Rites

WASHINGTON (AP) — Government and foreign dignitaries, who weren't invited to the simple, private funeral last week for Harry S. Truman, joined at Washington Cathedral today to memorialize the 33rd president of the United States.

Led by Vice President Spiro T. Agnew, hundreds of friends, political associates and representatives of dozens of other nations nearly filled the 2,000-seat gothic cathedral to hear Truman eulogized as a man who was "earthy plain . . . no wrinkles in his honesty."

The 88-year-old Truman died Dec. 26 and was buried in the grassy courtyard of the library in Independence, Mo., that has the documents and mementoes of his long life.

The former president had requested that only family members and close friends attend the funeral service at the library.

President Nixon, who flew to Independence to pay his respects before the funeral, did not attend the service today. Chief Justice Warren E. Burger, Democratic and Republican leaders of the House and Senate, Prime Minister Jack Lynch of Ireland, President Zalman Shazar of Israel and Premier Kim Chung Pil of South Korea were among those who did.

About 200 seats in the tall limestone cathedral were open to the public.

Truman's only child, Margaret Truman Daniel, and her husband, Clifton Daniel, represented the family. Mrs. Truman, the former president's beloved Bess, is 87, in frail health and did not travel to Washington for the ceremony.

Mamie Eisenhower, widow of former President Dwight D. Eisenhower, sat near the Daniels.

After opening sentences by the Rev. John E. Howell, pastor of First Baptist Church in Washington, which Truman attended as president, the eulogy was delivered by the Very Rev. Francis B. Sayre Jr., dean of the Washington Cathedral.

Dean Sayre, a grandson of President Woodrow Wilson, told the worshippers: "Blessed, too, is that man who is ready; of sturdy soul and tempered true; whose life is bowed to the summons that would lay on him the mantle of destiny. In the eyes of his countrymen, Harry Truman was found to be such a man; earthy plain, there were no wrinkles in his honesty; when the time came, he stepped to the anvil humble but not afraid, relying always in his independent way upon the goodness of the Lord in whose hand is the hammer of our faith."

Following prayers for Truman, for the nation he led and for the mourners, the Right Rev. William F. Creighton, Protestant Episcopal bishop of Washington, offered the blessing:

"Unto God's gracious mercy and protection we commit Harry; the Lord bless him and keep him. The Lord make his face to shine upon him, and be gracious unto him."

Plane—

(Continued From Page 1A)

thing approaching panic."

The passengers ate at the base's officers' club and telephoned relatives. After a delay of about six hours they were flown in two planes to New York and Chicago to clear customs.

The threat, and the airline handling of it, was the latest in a series of incidents matching the plot of a movie "Doomsday Flight." In the 1966 film a man demanded $100,000 to reveal where he had planted an altitude pressure-sensitive bomb aboard an airliner. The movie plane landed at Denver, above the altitude where the extortionist had said the bomb would explode.

Wilson Cancels U.S. Lecture Tour

LONDON (AP) — Former British Prime Minister Harold Wilson says he has canceled a U.S. lecture tour in protest against the bombing of North Vietnam.

Wilson, leader of Britain's Labor party, said Thursday night he has "strong feelings" against the bombing.

He was scheduled to give a series of lectures on British-American relations in Houston and Denver later this month.

Dreary Drizzle Drably Drops Down

(Continued From Page 1A)

morning of 31. The noon reading at the airport today was 36 degrees.

The fog, restricting visibility sharply, was rather general over Northwest, Southwest and South Central Texas and cloaked some localities near the coast.

Rain and fog caused a travelers' advisory to be issued this morning for 11 North Texas counties—Hardeman, Wilbarger, Foard, Knox, Baylor, Young, Archer, Wichita, Clay, Jack and Montague.

Freezing rain and drizzle covered the South Plains around Plainview. Police at Plainview counted six traffic accidents in 20 minutes this morning, while Lubbock officers reported 15 accidents in 30 minutes.

Official observers looked for intermittent snow also in the Panhandle and Northwest Texas, with as much as three inches accumulating here and there.

It was the second day of such weather brought in by a batch of arctic air which forecasters blamed for a developing winter storm near the Colorado-New Mexico line in early morning.

As the frontal system moved southward, small craft warnings went up along the Texas Coast for winds shifting to the north.

Early morning temperatures eased down to 21 degrees at Amarillo, 22 at Childress and 27 at Dalhart, Lubbock and Wichita Falls. Readings at other points ranged from the 30s into the 50s at most points, staying as high as 66 at Brownsville at the south end of the Lower Rio Grande Valley, The Associated Press reported.

Woman Attempts To Slug Heath

LONDON (AP) — British Prime Minister Edward Heath was startled to find himself the attempted target of a middle-aged woman brandishing a handbag. Security guards hauled the woman away from the prime minister, who had just opened an art exhibition.

As the woman moved in on Heath on Thursday, she muttered: "I'm going to arrest you." The reason for the attack was not known. Police said there was no serious threat and the woman was not arrested.

Loyce Jones Dies; Rites Set Monday

Loyce E. Jones died Thursday night in a Big Spring hospital after a long illness. He was 63.

Funeral services will be at 10 a.m. Monday in the Newnie W. Ellis Chapel with Dr. L. L. Morriss, pastor of the First Baptist Church, officiating. Interment will be at 3 p.m. Monday in the Clyde Cemetery in Clyde.

Jones was born Feb. 27, 1909, in Belton and was reared near Mt. Pleasant. He moved to Midland in 1961 from Lawton, Okla., where he had lived for 20 years. He lived in Abilene before moving to Lawton. In Midland, Jones had worked for Rogers Ford Co. and Vosatkos Jewelry.

Jones served in the U.S. Army during World War II. He married Gracie Lee Jarrel in Lawton on April 24, 1959. He was a member of the First Baptist Church of Lawton and the Lawton Masonic Lodge. He also was a member of the Elks and Eagles lodges.

Survivors include the widow; a son, Edward Eugene Jones of Big Spring; a daughter, Mrs. Doris W. Grosey of Covina, Calif.; two brothers, Lester G. Jones of Ozark, Ala., and Royce E. Jones of Enterprise, Ala., six grandchildren and six great-grandchildren.

Pecos Trail Association To Be Organized In Basin

(Continued From Page 1A)

invited to attend a first annual meeting to be called by Lokey within 90 days.

Gene Cummings, mayor of Fort Stockton, was elected treasurer, and promptly accepted membership dues from those on hand for the meeting.

Others interested in joining the Pecos Trail Association may do so through contacting local chambers of commerce, Lokey said.

At the suggestion of Odessan John Ben Shepperd and Midlander H. A. Tuck, Lokey was directed to appoint a committee to look into possibilities for: (1) Expanding the official trail route to include Kermit, Andrews and Big Spring, and possibly some other area cities; (2) determining what state agency assistance could be expected in helping to promote Pecos Trail travel, and (3), exploring possibility for special appropriations by the Texas Legislature to the Texas Tourist Development Agency specifically for advertising the 10 travel trails in the state.

Lokey also appointed Wain Miller of The Reporter - Telegram as chairman of a committee to encourage area news media activities to promote both Pecos Trail travel and membership in the association.

Dr. Phil Speegle, Odessa College president and chairman of the tourist development committee of the Odessa Chamber of Commerce, moderated the meeting until Lokey was elected chairman.

Christmas Island

Christmas Island is an area of 55 square miles located in the Indian Ocean, about 1,600 miles northwest of Perth, Australia. Its climate is warm and dry and the majority of the population are Chinese.

Cities represented at the session were Midland, Odessa, McCamey, Rankin, Fort Stockton, Monahans and Pecos.

Other cities on the trail, which consists of parts of Interstate 20, State 349, U.S. 67, U.S. 385, U.S. 290, U.S. 377, U.S. 90, U.S. 285 and State 18, include Iraan, Sheffield, Ozona, Sonora, Junction, Bracketville, Del Rio and Sanderson.

Tech Med School Signs Agreements

LUBBOCK, Tex. (AP) — Texas Tech University School of Medicine has signed three affiliation agreements with Lubbock health care facilities.

The affiliation agreements were approved by the regents and Dr. Grover E. Murray, president.

Signing agreements were Lubbock Medical Center Hospital; the Presbyterian Center; and the City-County Maternity Clinic.

UT-A To Give 10,000th Degree

ARLINGTON, Tex. (AP) — The Arlington campus of the University of Texas, which conferred its first four-year degree 11 years ago, will award its 10,000th baccalaureate degree this spring.

Dennis Davison, 30, art major from Houston, will become the school's 10,000th graduate. He is among the top 10 per cent of the estimated 800 undergraduates and graduates to receive degrees in the spring.

Davison enrolled at the Arlington campus in the fall of 1971 after two stints at other universities and two years as a space agency illustrator.

Sealy Vociferous In Opposition To State Income Tax

(Continued From Page 1A)

school system at the least possible cost to the taxpayer.

"It is my understanding from various sources that even if the Supreme Court should uphold the Rodriguez case decision the legislature will probably not deal with that matter in the coming general session but will want to look at it in a special session after various studies now in progress on this subject have been completed.

"Because of extreme pressure placed on the members of the legislature for the last several bienniums for state-supported programs of all kinds, the legislature has for the last three bienniums increased its spending over each of the prior bienniums by a billion dollars, so that the state is currently spending $8.1 billion per biennium to fund its services.

"Tax Foundation Inc., a national research organization, announced sometime last year that the average American taxpaying citizen now spends 2 hours and 34 minutes of his 8-hour working day, or 32 per cent of his total working time each day, in earning the monies necessary to pay all local, state, and federal taxes. To put it another way, the average American wage earner works from Jan. 1 until approximately April 27 on a full 8-hour schedule each day of each calendar year to earn the monies required for taxes, and it has been obvious for some time that this same average American citizen has just about all he can take from the standpoint of the tax burden which has become extremely onerous.

"It is believed from comments made by a number of the Legislature, both in the House and Senate, as well as those made by some of our newly elected state officers, that they are cognizant of this feeling of the people, and the Legislative Budget Board, which has in the past ordinarily prepared a "bare bones budget" which is then increased before the Session ends by millions of dollars, has this year proposed a realistic budget which instead of providing for another increase of 1 billion dollars for the ensuing biennium over the prior biennium will call for substantially less than that figure, or from $600 million to $700 million, and it appears that because of the rebound in our economy, we will have increased funds available from current tax sources, as well as the federal revenue funds which together will total some $730 million and will be entirely adequate to fund the budget for the next biennium commencing Sept. 1, 1973, when added to funds already availalbe from existing sources without adding any new taxes or increasing any existing taxes, and so far as it can now be determined, this situation will hopefully prevail unless the Supreme Court of the United States does, in fact, affirm the Rodriguez case decision.

"Texas has no higher priority than the assurance of quality education for every child. It does not follow, however, that new or increased taxes would be necessary to achieve this even if the Supreme Court should affirm the Rodriguez case decision. That decision did not find a property tax to be unconstitutional but found that our present system of public school financing is unconstitutional.

"Property taxes will still be a primary source of revenue for public schools, and committees of the Legislature are now studying ways and means of restructuring the assessment and collection of property taxes, both state and local levels.

"Furthermore, there are certain economies and budget management proposals which the Legislature will consider that conceivably will make more money available for our public schools through effecting better budget controls, and in our opinion it will not be necessary under any circumstances for the Legislature to resort to any drastic increases in taxes or embark in new tax adventures.

"In case there is any question in anybody's mind in this respect as to whether or not business in Texas bears its share of the tax burden, the Advisory Commission on Intergovernmental Relations' most recent publication reflects that Texas already ranks third in the nation in the percentage of state and local taxes levied on business, the impact on business at the state and local tax level being exceeded only in the States of Louisiana and Wyoming, and according to the most recent publication of the Texas Commission of State and Local Tax Policy business bears approximately 48 per cent of all local and state taxes, so that any way you look at it, Texas levies a lower ratio of taxes on individual consumers than any other state except Louisiana and Wyoming.

"Business today, for example, pays 70 per cent of the state ad valorem tax in Texas, pays the major portion of the severance tax on natural resources which in themselves amount ot 18 per cent of all state revenue, pays 40 per cent of the motor vehilce sales tax, 40 per cent of the motor fuels tax, 44 per cent of the motor vehicle registration fees, at least 35 per cent of the sales tax including $200 million which business pays annually on machinery and equipment alone although this is exempted from taxation in 23 other states with sales taxes, and pays 100 per cent of the corporate franchise tax which is the 4th highest corporate franchise tax in the nation.

"Yet one of the principal reasons why Texas and Texans have prospered under its current state tax structure, notwithstanding its heavy impact on business, is because Texas is one of the few states left in the nation without any personal or corporate income tax, and today Texas is experiencing one of the highest industrial growth rates in the nation since no state income taxes are levied on corporations and no personal income taxes are levied on their employes.

"Even if the state should give consideration to adopting just a corporate income tax, you may be sure that a personal income tax will follow shortly since 40 of the 45 states with a corporate income tax also have a personal income tax, and 27 states adopted both taxes at the same time.

"Instead of suggesting new taxes, it is our belief that it is time for all of us to help the members of the Legislature and other governmental officials to resist the pressures placed upon them for new or expanded programs of questionable merit costing all kinds of money and find ways and means of controlling our budget at the state level and putting a lid on spending. If this procedure is followed, the state can continue to meet the needs of its citizens without the imposition of any state income taxes, either corporate or personal, or resorting to any other drastic tax sources."

YOU MAY BE
THE COUPLE WEST TEXAS BOYS RANCH COULD USE AS DORM PARENTS
West Texas Boys Ranch is seeking a husband and wife between the ages of 25 and 60, who have no children of their own still living with them, to serve as dorm parents. They must be in good physical and emotional health with temperaments for living and working with large groups of youngsters of all ages.
The husband should possess abilities which would qualify him to work as a painter, or a carpenter, or a plumber, or an electrician.

Dorm parents at West Texas Boys Ranch have the privilege of fruitful and helpful fulltime Christian service, plus the challenge of "on the job" training and experience as a husband-wife team working with boys, serving as substitute parents, and assuming all the responsibilities while performing many of the duties normally attributable to natural parents.

The work is challenging and rewarding. The salary is adequate. If you think you are interested in being considered for possible employment as dorm parents, write for an application to Kenneth Howell, Superintendent, P. O. Box 3568, San Angelo, Texas 76901. When you write please share some information about yourself.

HOROSCOPE

by Carroll Righter

(Jan. 6)

GENERAL TENDENCIES: The best way to use this Saturday to advantage is to contact those you already regard as friends, or wish to have for friends, so forget all but essential tasks, and get out with people you like and enjoy the recreations pleasing to them.

ARIES (Mar. 21 to Apr. 19) Contact those you know are loyal to you and gain their support for some plan you have in mind that can be mutually helpful. Understand your truest aims, and take the right steps toward attaining them.

TAURUS (Apr. 20 to May 20) If you consult with a prominent expert, you can find out how to become more successful in your career. Be sure your credit is in good condition. Avoid one who likes to make life difficult for you.

GEMINI (May 21 to June 21) You are inspired now about just how to gain your fondest aspiration, so use all the inventiveness for which you are famous. Go to the right sources for any information you may need. A calmer attitude is important.

MOON CHILDREN (June 22 to July 21) Follow your hunches, since they are most accurate now. This can be helpful in career matters and in personal ones as well. Reach a true understanding with mate in p.m.

LEO (July 22 to Aug. 21) Good day to find out just what is expected of you by all partners, whether personal or business and try to please them. Go over contracts and make improvements thereon. Stop wasting time foolishly.

VIRGO (Aug. 22 to Sept. 22) You have fascinating work to do for which you have little time during week, so get at that enthusiastically today. Spare time should be spent shopping. Get your wardrobe more up to date.

LIBRA (Sept. 23 to Oct. 22) Good day for going to favorite places with people who give you the greatest pleasure, but take mate along. Some slight risk can lead to something fine. Avoid one who likes to argue too much.

SCORPIO (Oct. 23 to Nov. 21) Being cooperative with kin and making the necessary repairs to home is your best avenue of expression during day. Some opportunity arises that can help you advance more quickly in your field of activity. Make good use of it.

SAGITTARIUS (Nov. 22 to Dec. 21) Fine day for driving out to see people who are difficult to contact during busy work week. Get the information you need so you can advance more quickly. Don't fall asleep at the wheel in p.m.

CAPRICORN (Dec. 22 to Jan. 20) Plan how to improve your financial situation so you need not have to worry about essentials. Take time to improve anything you possess. Your appearance needs toning up, also.

AQUARIUS (Jan. 21 to Feb. 19) Make new friends who can fit into your scheme of things for the future. Attend group gatherings where you can meet fine individuals. State your aims to the right persons and get their cooperation.

PISCES (Feb. 20 to Mar. 20) Consult with specialists in your field of work who can give you the advice you need just at this time so you can get ahead faster. Follow your intuition for good results. This is true also where the romantic side of life is concerned.

Former Midlander B. W. Martin Dies

PECOS — B. W. Martin, 51, a former Midland resident, died about 1 a.m. today in a Pecos hospital following an apparent heart seizure.

Martin had lived in the Tall City a number of years before moving to Pecos in the late 1960s. He was a longtime employe of Merchants Fast Motor Lines.

Funeral services will be conducted at 2 p.m. Sunday in Pecos, with interment to follow in a Pecos cemetery.

Surviving are the widow, three daughters and five grandchildren, in addition to brothers and sisters.

Mrs. Effie Odom Dies At Odessa

ODESSA — Mrs. Effie Demetra Edwards Odom, 75, died Wednesday in an Odessa hospital. She was the mother of T. M. Odom of Midland.

Services will be at 3 p.m. Saturday in the Eisenhower Church of Christ, with interment in Resthaven Memorial Park in Midland.

Mrs. Odom, a native of Callahan County, was born April 23, 1897. She was married to Jim F. Odom Nov. 16, 1916, in Fisher County. She moved to Odessa from Amarillo 22 years ago. She was a member of the Church of Christ.

Other survivors include a son, Jim F. Odom Jr. of Odessa; three daughters, Mrs. Sue C. Martin and Mrs. Bobbye N. Harris, both of Odessa, and Mrs. Dorothy Marie Rossi of Long Beach, Calif.; two brothers, Roy Edwards of Rotan and D. F. Edwards of Corpus Christi; six sisters, Mrs. Zena Odom and Mrs. Billy Hill, both of Odessa, Mrs. Veta Thompson of Clyde, Mrs. Lora Hammett of Plainview, Mrs. Mina Denton of Rotan and Mrs. Ilene Nelson of San Angelo; 16 grandchildren, nine great-grandchildren and 21 great-great-grandchildren.

Pre-Talks Meets Continue In Paris

PARIS (AP) — U.S. and North Vietnamese experts working on annexes to a proposed cease-fire agreement met today for the fourth straight day.

William Sullivan, deputy assistant secretary of State for Southeast Asian affairs, and Nguyen Co Tach, a deputy foreign minister, headed the two delegations for the meeting at suburban St. Nom la Breteche.

The experts are working on detailed points that could be part of an agreement. A number of questions of principle still need to be settled in top-level talks between Henry A. Kissinger, President Nixon's peace negotiator, and Le Duc Tho, a member of the Hanoi Politburo, before any peace agreement can be signed, however.

Kissinger and Tho plan to resume their meetings Monday.

Mrs. Ada Webb Dies At Odessa

ODESSA — Mrs. Ada Carolyn Webb, 81, died Wednesday in a hospital here following a short illness.

Services will be held at 4 p.m. Saturday in the Sixth and Jackson Church of Christ with interment in Sunset Memorial Gardens directed by Hubbard-Kelly Funeral Home.

Mrs. Webb was born in Eastland County. She married Pressly Luther Webb in Eastland on Dec. 13, 1913. They came to Odessa in 1932. She was a member of the Northside Church of Christ.

Survivors include five daughters, Mrs. Lou Bell Hand of Fort Worth, Mrs. Tully Beth Russell of Odessa, Mrs. Imogene Durall of Tucson, Ariz., and Miss Alline Webb, and Miss Billie June Webb, both of the home; one sister, Mrs. Thelma Crabb of San Diego, Calif.; one brother, Lewis Fox of Las Vegas, N.M.; six grandchildren and four great grandchildren.

Midland Residents Attend Funeral

Mrs. James L. Daugherty and eight other Midlanders attended funeral services at Lamesa Thursday afternoon for Mrs. Daugherty's nephew, Marvin Russell "Rusty" Calhoun of Lamesa, who died Wednesday in a Lubbock hospital.

Services were held in Lamesa's First Baptist Church, with the Rev. Bill Hardage, pastor, officiating, assisted by the Rev. Walter Horn, minister of the First Presbyterian Church. Interment was in Lamesa Park Cemetery.

The other Midland residents attending the services were Mr. and Mrs. E. B. Richardson, Mr. and Mrs. L. G. "Copper" Daugherty, Diana Daugherty, Sam Daugherty and Mr. and Mrs. Charles Snure.

Calhoun was the owner-operator of a Dawson County cotton gin.

Midlanders' Kin Dies; Rites Set

HOBBS, N.M. — Lee Ray Bigham, 67, of Hobbs, died Wednesday in a Hobbs hospital after an illness. He was a brother of Mrs. Gene Coppedge and Willard Bigham, both of Midland, Tex.

Services will be at 2 p.m. Saturday in the First Christian Church in Hobbs with the Rev. Jackie Miller, minister, officiating. Interment will be in Memory Gardens Cemetery.

Bigham, a native of Honey Grove, Tex. had lived in Hobbs 41 years.

Other survivors include the widow; a son, a daughter, five other sisters, two other brothers, four grandchildren and a great-grandchild.

IN CRASH OF EASTERN AIR LINES JUMBO JET—

Auto Pilot May Have Failed

NEW YORK (AP) — Sources at Eastern Air Lines say the jumbo jet that crashed at Miami last Friday made a steep descent into the Everglades instead of the gradual descent first reported by investigators, the New York Times reported today.

The Times quoted informants at Eastern as saying that for four or more of the final six minutes of the flight the Lockheed L1011 jet flew "steady as a rock" at its assigned altitude of 2,000 feet, indicating it was on the automatic pilot.

Then the auto pilot, which the crew apparently was using while troubleshooting a possible nose gear problem, either was inadvertently turned off or malfunctioned and the plane lost altitude until it was too late to avert the crash, the sources told the Times.

The Eastern account would explain some aspects of the crash that have baffled veteran pilots. They could not understand how the veteran crew could be so preoccupied that they would fail to doublecheck their altitude for six minutes.

By the Eastern account, less than two minutes elapsed between the time the plane strayed from its 2,000-foot altitude and the time that it plunged into the swamp about 18 miles northwest of the Miami International Airport late at night.

The plane had broken off an initial attempt to land because a green light that signals that the nose landing gear is down and locked did not come on. The crew was ordered to circle at 2,000 feet.

The crew then apparently put on the automatic pilot while they checked the nose gear. There is no hard evidence of this, but it is deduced from the fact that the plane flew straight and level for four or more minutes, the Times said.

After a 45-degree left turn the plane struck ground. Of the 176 persons aboard, 99 were killed.

The Times said an official of the National Transportation Safety Board declined to comment on the account, saying technical data from the crash still had to be analyzed.

Midland's Kin Dies At Denver

DENVER, Colo. — Clifford J. Donnelly of Morrison, 68, brother of Alden S. Donnelly of Midland, Tex., died Wednesday afternoon of an apparent heart seizure while dining in Denver.

Memorial services for Donnelly will be held at 11 a.m. Saturday in St. Paul's Episcopal Church in Lakewood.

Donnelly was chairman of the board of the E. B. Millar Coffee Co. at the time of his death. He was born Nov. 16, 1904, at Denver and was reared and educated here. He had been with the coffee company 47 years.

Donnelly married Lenore Bolitho in Denver July 3, 1935. He was a life member of the Denver Athletic Club, past senior warden of St. Paul's Episcopal Church and president of the West Lakewood Water and Sanitation District.

He is survived by his widow, three sons, Clifford Donnelly Jr. of Portland, Ore., Lloyd Alden Donnelly of Wheat Ridge and John W. Donnelly of Santa Barbara, Calif., and a daughter, Mrs. Donna Lou Burt of Lakewood. Also another brother, Lloyd H. Donnelly, 10 grandchildren and one great-grandchild.

The family has requested memorial contributions to be made to the American Heart Fund.

Marvin Pickens Of Odessa Dies

ODESSA — Marvin E. Pickens, 80, died Wednesday in a Big Spring hospital following a 12-year illness.

Funeral services were to be held at 2 p.m. today in the Hubbard-Kelly Funeral Home Chapel with interment in Sunset Memorial Gardens.

Pickens was born at Cleburne and married Marie Kemp on June 23, 1939, in Pecos. They moved to Odessa in 1965 from Denver City.

He was a pumper and a member of the Westwood Baptist Church.

Pickens served with the U.S. Armed Forces in World War I and was a 50-year member of the IOOF.

Survivors include his widow, several nieces and nephews.

Kaye Conducts Tour Of Opera

NEW YORK (AP) — Comedian Danny Kaye has given almost 4,000 children a first-hand look at the backstage workings of the Metropolitan Opera.

Kaye conducted the opera's orchestra during the two-hour tour Thursday. The 3,800 children, aged 10 to 14, were participating in the first "look-in" at the Met.

The program was the idea of the late Goeran Gentele, the Met's general manager who died last July. Gentele had sponsored similar programs for children at the opera house in Stockholm.

Hal Boyle Opens His Mail, Shares Trivia With Readers

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Most of the world's supply of ice is concentrated in the polar regions. Antarctica is the larger ice cube. If the antarctic ice cap were melted at a steady rate, it would yield enough water to keep all the rivers on earth flowing for 750 years.

Mountain pioneers often turned to weeds and other plants for medicines. They thought jewelweed took the itch out of poison ivy, poke berries helped rheumatism, mullein was good for colds. Science now believes many of these home remedies really are helpful. A survey in 1962 found that, of the 328 million new prescription, written in the United States, 25 per cent were for drugs derived from plants.

Sign on the door of a pro basketball coach's office: "I'm busy; but, if you can look over the transom, come in."

Quotable notables: "Only one thing has been lent to youth and age in common — discontent." — Matthew Arnold.

How it began: Louis Braille, the blind musician who developed the raised-dot system that has enabled millions of blind persons to learn to read, got his idea from an army captain. The captain had invented a set of night-writing symbols for use on the battlefield, one dot meaning to advance, two dots to retreat and so on. Hearing of this, Braille developed the idea into his system for rapid reading by the sightless.

Executive signs: From the desk of Jules Podell, owner of the Copacabana night club: "The world changes so fast that a man could't be wrong all the time if he tried."

Folklore: It's unlucky to wear a black dress to a wedding. If you send a girl a blue ribbon, it's a sign you love her; if you send her a green ribbon, that you hate her. Chinese copyists used to make period marks at the end of a sentence in red ink to keep evil spirits away from themselves and their readers.

Longevity: Man is the longest-lived mammal, and the only one known to live 100 or more years. It was once thought that elephants did, but none actually has been known to exceed 70 years, and most wild elephants are probably deaf by the age of 35. The horse has a record span of 62 years; a zoo hippopotamus made it to 49; bears, lions and cattle live into their thirties. Smaller animals tend to have shorter lives. A meadow mouse may live to be a year and a half, but his actual life expectancy in the wild is less than a month.

It was Anton Chekhov who observed, "People must never be humiliated — that is the chief thing."

Safeway Sued In California By Interfaith Group

LOS ANGELES (AP) — A coalition of priests, ministers rabbis and lay persons has filed a $7.5 million class action suit against Safeway markets in California, contending the supermarket chain mislabeled ground beef.

The Interfaith Committee to Aid Farmworkers filed the suit in Superior Court here Thursday.

The suit seeks $5 million punitive damages, $2.5 million damages and an injunction to prevent the use of "lean ground beef" labels on Safeway meat, which it contends has as much fat content as regular ground beef.

The organization said it tested meat sold at eight Safeway markets in Los Angeles County last month and found meat labeled "lean ground beef" had a fat content of 23 to 28 per cent.

Mark Spitz To Wed In May

LOS ANGELES (AP) — Olympic swimming champion Mark Spitz will marry UCLA coed Susan Weiner next May, a family spokesman has announced.

The spokesman said "The 22-year-old Spitz became engaged to the 20-year-old Miss Weiner on New Year's Day. They had been introduced last October by their fathers, who are executives in steel businesses and close friends."

Miss Weiner, an English major, will graduate this June. She has appeared in several television commercials.

Controls Lifted On Chicken, Turkey

WASHINGTON (AP) — The Cost of Living Council has lifted price controls from the initial sale of broiler chickens and turkeys.

However, an industry source said he doubted there would be a price hike as a result.

The Cost of Living Council said the exemption was granted to insure continued expansion of poultry production and availability of broiler chickens and turkeys at reasonable prices.

Dr. Vandiver, 90, Retired UT Math Professor, Dies

AUSTIN, Tex. (AP) — Dr. Harry S. Vandiver, famed mathematician and retired University of Texas professor, died Thursday after a long illness. He was 90.

Vandiver gained international recognition in 1931 by winning the Cole Prize of the American Mathematical Society for his paper on "Fermant's Last Theorem."

Vandiver, a member of the National Academy of Sciences, was described as having "profoundly influenced the development of American mathematics for a period of over 60 years."

He joined the UT faculty in 1924 and taught there for 42 years before retiring in 1966.

Survivors include the widow, a son, Dr. Frank E. Vandiver, provost of Rice University in Houston, and three grandchildren.

Phone Companies To Give Refunds

AUSTIN, Tex. (AP) — Customers of Texas Telephone and Telegraph Co. and West Texas Telephone Co. will receive $27,000 in credits or refunds because of a voluntary rollback in rural telephone rate increases, the Internal Revenue Service said today.

Continental Telephone Corp., the firms' parent company, agreed to cancel the increases put into effect during February and March 1972.

The rollback affects about 3,115 customers in 17 exchanges.

The IRS enforces the federally imposed wage and price freeze.

Sirhan Ordered To Pay $17,500 To Wounded Man

LOS ANGELES (AP) — Sirhan B. Sirhan, convicted assassin of Sen. Robert F. Kennedy, has been ordered to pay $17,500 to one of five persons wounded in the gunfire that felled Kennedy.

Irwin Stroll, wounded in the left leg in the shooting June 5, 1968, at the Ambassador Hotel following Kennedy's California presidential primary victory speech here, was awarded the judgment Thursday.

Superior Court Judge Robert C. Nye ordered Sirhan to pay Stroll $15,000 damages and $2,500 punitive damages. Sirhan is serving a life prison sentence.

Stroll, 21, was an art student working as a volunteer for Kennedy's campaign. He had sought $50,000 damages and $1 million in punitive damages in his civil suit.

Truman Stamp Will Be Issued

WASHINGTON (AP) — The U.S. Postal Service plans to issue a special postage stamp in memory of former President Harry S. Truman, who died Dec. 26.

The stamp is scheduled to be issued on May 8, on what would have been Truman's 89th birthday. The first day issuance most likely will be at Independence, Mo., Truman's home.

Amtrak Train Jumps Tracks

RANDOLPH, Vt. (AP) — An eight-car Amtrak passenger train headed from Montreal to Washington jumped the track here early today, state police said. None of the 95 passengers or 10 crew members were reported injured.

The engineer told police he was going south under normal conditions when he noticed a siding switch was left open. He said he could not bring the train, The Washingtonian, to a stop, but he did slow it considerably.

When the train hit the switch, all cars and the two engines derailed, but remained upright.

Banquet Canceled At Big Spring

BIG SPRING — The manager of the Big Spring Chamber of Commerce announced Thursday that the chamber has decided to cancel its 1973 banquet.

Ron Mercer said that the chamber members felt the cost of organizing the annual affair would be prohibitive and that the money normally used for the dinner could be better spent on other projects.

A. A. Exendine Dies

TULSA, Okla. (AP) — A.A. Exendine, 88, a member of the National Football Hall of Fame and a longtime employe of the Indian Service, died Thursday. A Delaware Indian who played with Jim Thorpe at Carlisle Indian School in Pennsylvania in the early 1900s, Exendine later coached at six colleges and universities.

Kleindienst Would Protect Almost All News Sources

WASHINGTON (AP) — News reporters' sources should be protected 99.9 per cent of the time, says Atty. Gen. Richard G. Kleindienst.

"The right of free speech and the press are vital to preservation of our society . . ." Kleindienst said Thursday at a news conference.

"But none of our rights are absolute," he said. "From time to time, one of our rights may be more overriding than another."

He was not specific about what rights might override protecting the confidentiality of news sources that "in 99.9 per cent of the cases news reporters and their sources should be protected."

Asked if the Justice Department would submit legislation to Congress on the subject, Kleindienst suggested "the press itself should be formulating that kind of idea to Congress and let the government make its comments."

Hunt Relatives Buy Vast Western Cattle Co. Ranch

MILES CITY, Mont. (AP) — Two relatives of billionaire Texas oilman H. L. Hunt have purchased the vast Western Cattle Co. Ranch in Montana, a ranch spokesman reports.

The ranch is about one-third the size of Rhode Island and currently has more than 5,000 cattle, which were included in the sale.

Boots Webb, a Western Cattle Co. representative from Miami, Fla., said the sale is effective immediately.

Purchasers are Sherman and Stewart Hunt of Dallas, nephews of H. L. Hunt.

The ranch has 296,000 acres—190,000 of them deeded land. The rest is leased from federal and state governments.

The ranch has 200 stock and irrigation dams, 400 miles of fence and 200 miles of roads.

Webb did not disclose the purchase price, but local reports speculated that it was between $8 million and $12 million.

Fire Races Through Downtown Laredo

LAREDO, Tex. (AP) — Flames roared through eight business places in downtown Laredo about a block from the city hall Thursday night.

Firemen checked the four-alarm blaze barely short of the city's biggest department store. There was no estimate of the loss at once.

A witness said the fire apparently started on the second floor of a building occupied by a women's apparel shop and quickly spread to other wood structures around it.

Officials refused to say whether they thought the blaze was of incendiary origin.

Two Laredo boys were arrested only the night before and charged with setting about 100 grass and trash fires New Year's Day. They remain in jail in lieu of $15,000 bond each.

Mrs. Hynson, 67, Dies At San Angelo

SAN ANGELO — Mrs. Maurine Hynson, 67, of San Angelo, died in a hospital there at 8:52 p.m. Thursday. She was the mother of Mrs. Alton Lisso of Midland.

Services will be at 11 a.m. Saturday in the Johnson's Funeral Home Chapel in San Angelo with the Rev. Earl Killingsworth, pastor of the Oak Street Bible Baptist Church, officiating. Interment will be Lawnhaven Memorial Gardens.

Mrs. Hynson had been a San Angelo resident 45 years. She was married to Ray Hynson in 1953 in Dallas.

Other survivors include her husband, four sons, three daughters, a brother, two sisters and 21 grandchildren.

Midland Woman's Father, 67, Dies

SAN MARCOS — Ed F. Bartling, 67, father of a Midland woman, died Sunday in a nursing home following a long illness.

Funeral services were held Tuesday in the Pennington Funeral Home, with interment in the San Marcos Cemetery.

Survivors include a daughter, Mrs. Polly Clark of Midland; a son; a brother; a sister; three grandchildren and a great-grandchild.

$5½ Million In Counterfeit Seized

CHATTANOOGA, Tenn. (AP) — Federal, state and local authorities raided two cottages near here late Thursday night, seized approximately $5½ million in counterfeit $20 bills and arrested five persons, they said.

The three men and two women were held today at the Hamilton County jail under $50,000 bond each, deputies said.

No formal charges were placed. Deputies said they were expected to go before a U.S. magistrate today.

Paul B. Doster, special agent in charge of the Secret Service in Nashville, identified the suspects as Lee Edward Plevette, 48, of Kannapolis, N.C.; Clare Collins, about 30, of Buford, S. C.; Barbara Bouton of New York State; Paul J. Father of Cocoa, Fla, and his wife Laura.

Doster said another man—Todd Charles Hegg, 27—was arrested earlier Thursday in Minneapolis and is believed to be connected with the operation in the Chattanooga area.

Secret Service agents, Hamilton County officers, Chattanooga police and U.S. deputy marshals "seized a complete counterfeit plant that manufactured money," Doster said.

Federal agents had been investigating for several weeks, he said.

The cottages are in the town of Soddy about 20 miles north of Chattanooga, Doster said.

"We have an idea that possibly they made a trip north around Christmas time between here and Canada and it's possible they may have passed it in some northern states," Doster said.

State Insurance Board Cuts Home Fire Insurance Rates

By LEE JONES

AUSTIN, Tex. (AP) — The State Insurance Board has slashed fire insurance rates for Texas homes an average of 11 per cent, winning praise from its sometime critic, Gov. Preston Smith.

Earlier this week, the board also cut rates for homeowners and extended coverage insurance policies.

All the reductions should save policyholders $25 million this year, board member Durwood Manford estimated.

Fire insurance rates were cut 9 per cent statewide for frame houses and 12 per cent for brick veneer, asbestos and stucco dwellings. The only kind of home on which rates were raised was the solid brick category, which received a 3 per cent boost. The board said only 2 per cent of the homes in Texas are solid brick, however.

Manford said at a news conference a majority of Texas houses are covered by fire insurance, not homeowners policies.

The new fire rates, as well as those for homeowners and extended coverage policies, are effective with policies written or renewed as of Jan. 1—meaning agents will have to send out revised bills to numerous customers.

Board chairman Ray Kirkpatrick and Manford both told newsmen the new rates probably will remain in effect until July 1, 1974.

"We recognize and appreciate that the actions that the board has taken reflect the unified purpose of keeping the insurance rates as low as possible," Smith said in a statement.

"At the time I appointed Ray Kirkpatrick as chairman of the State Board of Insurance on Oct. 19, 1972, I asked Mr. Kirkpatrick to do everything possible to reduce rates on property and casualty insurance in Texas."

Smith criticized the board last summer and called a special legislative session in September to strip the board of its ratemaking authority. Both houses approved bills permitting companies to set their own rates, but the session expired before the House and Senate could agree on details.

Present rates have been in effect since July 1971. The board staff recommended a 3 per cent average fire insurance rate increase at a hearing last February. But the board delayed the scheduled July 1, 1972, rate change while it studied its rating formulas for all kinds of house insurance.

Manford said the fire insurance reductions came almost entirely from a decision that resulted from that study, cutting from 30 to 25 cents the portion of the premium dollar allotted for "acquisition costs."

Acquisition costs include agents' commissions, but Manford said these would not be cut.

AS NEW STORM LOOMS—

Many Kansas City Homes Still Lack Heat

KANSAS CITY (AP) — A new storm moving out of the west threatened Kansas City as weary workmen kept struggling today to repair ice-damaged power lines.

About 12,000 homes and businesses still lacked electricity and heat because of Wednesday's five-inch snow and ice storm.

The temperature was expected to drop to zero or below this morning, thoroughly chilling homes that had been without heat for 48 hours.

A National Weather Service spokesman said the new storm may bring "significant amounts of snow and possibly freezing rain" tonight or Saturday morning, and temperatures will remain well below freezing.

People forced out of their homes by the cold were doubling up with friends and relatives, besieging hotels and motels, and using public shelters.

Radio stations broadcast advice from plumbers on how to keep water pipes from freezing.

The Kansas City Power & Light Co., which serves 305,000 customers in the city and 23 counties in Missouri and Kansas, has had 120 emergency crews working 16-hour shifts to repair broken lines.

Thirty crews started at 3 p.m. Thursday and worked through the night. Ninety crews went to bed at 11 p.m. Thursday and resumed work at 7 a.m. today.

Don Landes, a company spokesman, said it may be Sunday before all breaks are repaired.

Ice-laden trees continued to break under the great weight, many snapping power lines as the limbs fell. Landes said it was the worst such storm in the company's history.

The Missouri Public Service Co., serving more than 20 counties in Western Missouri, said hundreds of its customers were without power.

AS TOTAL EMPLOYMENT RISES—

Jobless Rate Unchanged

WASHINGTON (AP) — The total number of Americans at work rose 230,000 to 82.8 million last month, while the nation's unemployment rate remained unchanged at 5.2 per cent of the work force, the government said today.

The number of jobless Americans actually edged down 150,000 to 4.1 million, but this is expected in December and the Labor Department figured it as no change on a seasonally adjusted basis.

The report, rounding up employment developments over the last year, noted that the unemployment total was down 600,000 in the last 12 months.

The report by the Bureau of Labor Statistics also said that average earnings of some 50 million rank-and-file workers rose $1.12 to $139.50 per week in December and were up $8.20 or 6.2 per cent over the last year.

Workers lost 3.5 per cent of their purchasing power to rising living costs over the year, leaving them with a net gain in pay of 2.7 per cent.

The report said that the nation's total employment rose over the year by 2.4 million.

"The nation's employment situation during 1972 was highlighted by strong labor force and employment gains and a moderate decline in unemployment," the report said.

It said the average employment total of 82.6 million in the final quarter of the year was an all-time high and was 3.6 million above mid-1971.

The December total of 82.8 million also was an all-time high.

In December, the unemployment rate for men edged down from 3.6 per cent to 3.4 per cent with a total of 1.7 million.

The jobless rate for women edged up from 5 per cent to 5.1 per cent with a total of 1.3 million. The rate for teen-agers rose from 15.4 per cent to 16 per cent with a total of 1.1 million.

Chicago 7 Won't Face Riot Charges

CHICAGO (AP) — The Justice Department has decided not to retry five of the Chicago Seven defendants on riot charges, but still plans to retry all seven on contempt charges.

The announcement was made in Washington Thursday by Atty. Gen. Richard G. Kleindienst and by the U.S. attorney for the Northern District of Illinois, James R. Thompson.

YOU AND THE LAW — Mrs. Norman Smith, left, and Mrs. Tom Coffield were in Midland today conducting a workshop on the "You and the Law" teacher resource manual used in eighth grade social studies classes. Both are members of the Dallas Junior Bar Wives' Club. The workshop was presented in connection with the Midland Independent School District's between-semesters inservice session. Mrs. Coffield is a former Midlander.

Congressman Questions Postal Service Quality

WASHINGTON (AP) — "For a while, people accepted and joked about bad mail service," says Rep. Paul G. Rogers, D-Fla., "but it's no longer funny to anyone—it's a serious problem."

But the Postal Service claims in a report on its 1972 operations Thursday it has improved the quality of mail services and reduced costs.

Rogers has asked the House Post Office Committee and the General Accounting Office to investigate the new postal system which changed from a department to the semi-independent Postal Service last July 1. It has the mandate to become self-sustaining by 1984.

"All Americans, if they had to grade postal service," Rogers said Thursday, "would give a big 'F' for failure to improve. The quality has deteriorated rather than improved."

He said the new system has not improved service and cut costs.

However, in submitting the first annual report to the service's board of governors since the reorganization, Postmaster General E. T. Klassen said total income provided 84 per cent of total costs, up from an average 80 per cent for the three-year period 1969-1971.

Revenue of $7.8 billion in fiscal year 1972 was matched against operating expenses of $9.5 billion, with a record 87.2 billion pieces of mail last year, Klassen said.

He said 94 per cent of first-class mail deposited by 5 p.m. and destined for local delivery "is being delivered the next day."

Fewer Crimes Reported, More Solved In Midland Last Year

By D'EVA LUTHRINGER

Fewer crimes were reported to Midland police last year than the year before, and the rate of clearance of major crimes was high in 1972.

There were 1,536 offenses reported last year, 15 fewer than in 1971, and 918 (or 59 per cent) were cleared, police statistics showed.

The police department counts a case cleared when a suspect is turned over to the courts or investigation shows the reason for the complaint to be unfounded.

The percentage of clearance in major crimes — homicide, rape, robbery, burglary, auto theft — was very high.

All six of the homicides occurring last year were cleared, as were the six in 1971.

One of the homicide cases in 1972 was taken to a grand jury without arrest or a complaint being filed and the grand jury no-billed the accused.

This case was considered one of justifiable homicide.

Police had a 100 per cent clearance in rapes and attempted rapes last year.

The 10 committed during the year were cleared as was one which had occurred during 1971.

Last year's reports included seven forcible rapes, no statutory rapes and three attempts, statistics showed.

The rate of clearance of other sex offenses also was high — 92 per cent.

While the number of homicides and rapes was the same in 1972 as in 1971, sex offenses excluding rapes, increased in 1972 from 17 to 25.

The number of robberies last year were 17 less than the preceding year (from 34 in 1971 to 17 last year). Robberies were particularly high in 1971, increasing 100 per cent over 1970.

Police cleared 76 per cent of the 1972 robberies, leaving three unsolved at the end of the year.

Another high rate of clearance was in the auto theft category—92 per cent.

The number of auto thefts was up seven over 1971 with 80 reported that year and 87 in 1972.

One factor which boosted the clearance rate was the solving of 13 thefts at one time with the apprehension of three juveniles who authorities said acted together in the car heists.

The number of burglaries reported last year was 115 fewer than the year before and half those reported were solved.

There were 478 reported in 1971, compared with 363 last year.

The number of theft under $50 cases increased considerably last year but the number of felony thefts (thefts over $50) decreased.

The misdemeanor offenses increased from 114 to 177, a hike of 63 cases, while felony thefts went from 294 in 1971 to 266 last year, a decrease of 28 cases.

The rate of clearance of the misdemeanor thefts was high, slightly under the halfway mark, but felony theft solutions were not as good.

Forty-six per cent of the theft under $50 cases were cleared, compared with 37 per cent of the felony cases.

The number of vandalisms increased by 37 in 1972 over the preceding year and the rate of clearance was low, although not excessively for vandalism cases.

There were 185 vandalisms reported in 1971 and 222 in 1972 with 35 per cent of last year's cases solved.

Austin Baptist Church Says Thanks To New Mexico Folk

CLOVIS, N.M. (AP) — An Austin, Tex., church has conveyed its thanks to the New Mexico residents who housed, fed, treated and comforted the survivors of last week's tragic truck-bus collision near Fort Sumner.

"Thank you, New Mexico, for the overwhelming kindness you have shown us in our recent sorrow," the Woodlawn Baptist Church said in a half-page ad published in Thursday's Clovis News-Journal.

Nineteen persons, most of them teen-agers or young adults, were killed and 15 others injured in the collision on a narrow bridge, which interrupted a skiing trip and religious retreat in northern New Mexico.

"Heaven is richer," the ad said.

Another bus, also filled with Woodlawn young people and sponsors, was not involved in the collision, but its passengers remained in Fort Sumner about 24 hours until a Texas International Airlines mercy flight returned them to Austin.

"I understand from all sources that hundreds of people did everything beyond imagination to show kindness toward our people out there," said a letter to the News-Journal from the Rev. James Abington, pastor of Woodlawn. "We just want to say thank you."

Seminole Chamber To Hold Banquet

SEMINOLE — The Seminole Chamber of Commerce annual banquet will be held in the Seminole schools cafeteria at 7:30 p.m., Jan. 29, Sam Spikes, chamber president, announced today.

Dr. W. C. Newberry of San Marcos will be the principal speaker. Known as the "Sage of the Southwest," Dr. Newberry is an intellectually humorous man, Spikes said.

The outgoing president is Carroll Haralson. Spikes is the 1973 president.

Battle Scene

By Ted Battles

The Lighter Side

Riding back to Dallas on the press bus after the Cotton Bowl game Monday, a CBS tv man who had worked the game mentioned the controversial touchdown run by Texas quarterback Alan Lowry.

This corner didn't see the replay, but the tv exec said, "From our camera angles, it looked like he stepped on the line. I won't definitely say he did, because I wasn't fully satisfied with our camera coverage of the play, sometimes they are misleading. We tried to show it and let the viewers decide for themselves."

Most seem to feel Alan might have punctured the white stripe on his game winning tour against Alabama in the fourth quarter, but it may have just delayed the inevitable. The foot wandered on the 10-yard line and there still was more than four minutes left in the game.

* * *

The same tv exec mentioned that his son attended a freshman indoctrination week at Dickinson College in Carlisle, Pa., last summer during August.

"When we got down there," said the tv man," He was bubbling over about the football team."

* * *

"Dad," the son said, "We should have a great team. You should see the monsters they've got here."

The tv man related, "I knew he had to be wrong. A small, private, non-scholarship school with a team like he described . . . impossible."

Later that day, dad saw the squad in the cafeteria and it turned out the son was right. In fact, they'll be in the Super Bowl Jan. 14. . . .

Farm Boys Liked Abe

Doug Kingsriter, All-American from Minnesota, sat next to us at the Hall of Fame luncheon Saturday and his face was still red.

"Bill Krisher introduced me to this guy from Texas," related Doug, "And just to make conversation, I said, 'Hey, did you hear about that bet the two governors made on the Cotton Bowl game?' And he says, 'Yea, I bet that old buzzard from Alabama a watermelon.' " . . .

On presenting his former TCU Coach Abe Martin his Hall of Fame plaque, one-time All-America halfback Jim Swink, now Dr. Swink, let it slip how Abe recruited him, back when he was a farmer's son in Rusk.

"I was shy in those days," recalls Jim, "So as we talked down by the pasture fence, I kicked idlely at some cow chips. Then I noticed Abe was kicking at the cow chips, too. What impressed me was that he knew which ones to kick and which ones to let be."

* * *

Swink related that in one game at Waco, Coach Martin sent in instructions to punt with TCU facing third and 35 from the one. Quarterback Chuck Curtis asked, "Did he say what down?" The messenger replied that Abe didn't say.

In three plays, TCU had a touchdown . . . Jim didn't mention, however, that Curtis had called his number three times. . . .

* * *

Midland Cubs General Manager John Cox moonlights as a basketball and football official and he recalls his first "big" assignment was a football game in Iowa.

"There was an obvious pass interference. No question. The defensive man flat shoved the receiver. I called it immediately. I ran toward the referee and yelled, "Interference'.

"He didn't seem to hear me, so as I got closer, I yelled, 'Stan, interference.' He still didn't do anything and by this time I was standing in front of him, shoving my hands at him in the signal for interference and shouting in his face, 'Stan, it was interference. I called interference.' "

Cox goes on, "Finally, he said, 'John, get hold of yourself and calm down . . . and then throw your flag.' "

For Tall City basketball fans, it's quiz night!

Can Midland Lee keep it up? Can Midland High bounce back?

Midland Lee has reeled off 16 straight victories in compiling the longest success string in Rebel annals and will take an 18-1 record into tonight's game against San Angelo's Bobcats.

Midland High, 15-2, lost its district 5-4A opener to Odessa Permian and will be trying to shake a slump that has seen the league favorite lose two of its last four when it invades Big Spring.

San Angelo has a 7-10 record going into tonight's game at the Lee High gym, but most league coaches have a genuine fear of the Concho Cats for a couple of big reasons . . . named Sandy Lawrence and John Elder. Lawrence is 6-6 and Elder 6-5. Together they teamed up to cool off Abilene Cooper 66-58 Tuesday night after the Cougars had swept to the Hardin-Simmons Invitational only a few nights earlier. Among the victims en route was San Angelo, 56-52.

If there has been anything consistent about the Bobcats this year, it has been their inconsistency and that's what has Coach Paul Stueckler worried.

For example, they routed Killeen 72-48 and lost to them in a return game, 72-66. They've beaten such teams as Andrews and Snyder and Borger, but barely got by the San Angelo JV, 57-54, in the San Angelo Tournament.

Still, first year coach James Sharp has experienced encouraging success with a 7-10 record to date. Last year the Bobcats were 1-15 going into district.

Odessa Permian's slowdown gave Midland trouble Tuesday, but that's something Coach James Cagle won't have to worry about tonight.

Big Spring runs quite well itself, especially on its home court, and that's where tonight's game is scheduled.

Coach Ron Plumlee's Steers posted an 11-9 pre-district record and then lost their 5-4A opener to Abilene, 88-87, Tuesday when time ran out on a Bovine rally.

The Steers have had their moments. After losing to Plainview 85-71 in the season's opener, they knocked off the Bulldogs 67-50 in the Plainview tournament. They also own a couple of wins over Odessa Ector and one over Amarillo Palo Duro, which reached regional play last year and has much of the same cast back.

Big Spring had four players in double figures, led by Kevin Miller's 22 and Randy Marshall's 20.

Lee beat Odessa, 56-48, in its opener. The Rebels survived their poorest scoring night since the 56-43 loss to Lubbock Monterey back in the season's third game . . . with the exception of a 46-44 win over Amarillo Caprock.

Six-six Steve Cromwell and Don Bradley are the point threats while 6-3 junior Melvin Jackson can score and is a big help on the boards. Larry Thane and Tommy Loughery start outside.

Midland started off the season with 13 straight victories before the "slump" and with the Steers a rangy club, Cagle will go with 6-10 Ron Taylor, 6-4 Eddie Herring, 5-7 Jeff Thomas and 6-2 Mike Tillman. Six-two Kenneth Ray started Tuesday at Odessa, although Randell Hunt has been the fifth starter in most games.

In other district action, Odessa Permian faces Abilene in a battle of unbeatens and Cooper and Odessa try to snap back against one another after opening game losses.

Midland schools will be facing the league's individual scoring leaders tonight. Lawrence and Miller are tied after one game at 22 each.

Alworth Bemoans Lack Of Crack-Back

☆ ☆ ☆

'We Got Away From Our Game Plan . . . To Blow 'em Out' . . . Says Lance

☆ ☆ ☆

DALLAS (AP) — One of the questions remaining from Washington's thorough 26-3 trouncing of Dallas in the National Conference title game was "Did the Cowboys chicken-out on the crackback?"

Flanker Lance Alwroth of the Cowboys told The Associated Press Thursday night that "not one crackback block" was called in Dallas' loss.

The crackback block, in which the flanker peels back to blast a linebacker from the blind side, had created a controversy in an earlier game between Washington and Dallas in which the Cowboys won.

Redskin linebacker Jack Pardee called it "vicious and illegal."

He was injured in the earlier game on a block by Alworth and Coach George Allen of the 'Skins said "We'll be ready for it this time."

Dallas never used it.

Alworth said "We didn't run anything against the Redskins that we ran here when we beat them. No outside plays were called. I felt we didn't utilize our offense to its fullest capability.

"I feel like we haven't played yet. We got away from our game plan. Our game plan was to blow 'em out of there."

He said "we never got around to what we do well. I'm mystified."

Alworth said "physically we were ready but mentally we weren't. Truthfully, we never played to our full potential all year. You can't put a finger on anything. Maybe it was lack of unity."

He said "The management and the coaches did a great job of getting us ready but mentally we just didn't want it bad enough or we would have gotten it."

Alworth said he planned to play another year for the Cowboys "if they want me. They've been using me primarily as a blocker and I know my receiving has suffered.

"You get to worrying about other things—like being in position to make a block . . . you've got to be mentally ready when you catch a football."

The former premier receiver with San Diego in the old American Football League said "I still relish the experience of being with the Cowboys. I know we can win again . . . if we get together and make up our minds."

Boros Can't Read Without Glasses, But Golf's Okay

LOS ANGELES (AP) — Julius Boros held his score card—the one showing him sharing the lead in the first round of the $135,000 Glen Campbell Los Angeles Open—at arms length as he tried to focus on it.

☆ ☆ ☆

Julius Boros
. . . first round leader

"I don't have my glasses, you know," the paunchy, 52-year-old Boros apologized.

"That's pretty great for me," Boros said Thursday of his four-under-par 67 on the 7,028-yard Riviera Country Club course. "You know, considering I've been having trouble with a bad back, and I've got a touch of bursitis and I haven't played much lately and the weather was pretty cold . . ."

Jack Nicklaus wasn't at all impressed by Boros' talk of his ailments.

"Jeez, Julie, what course did YOU play?" Jack asked.

Boros, called "Old Man River" or just "Old Folks" by his younger companions on the pro tour, was tied for the top spot with Johnny Miller, 25, and former PGA title-holder Dave Stockton.

Just one stroke off the pace in this event, which kicks off a 12-month schedule on the pro tour, was 46-year-old Bob Rosburg, another balding veteran, while 49-year-old Art Wall was tied with Nicklaus and three others at 69, just two strokes back.

Also at that figure were Bert Yancey, Don Bies and Australian David Graham.

Sam Snead, a 60-year-old relic of another era of golf, was one of a large group at 70.

Lee Trevino, Arnold Palmer and defending title-holder George Archer had their problems in the cool, cloudy weather, however.

Trevino, the current British Open champion, could do no better than a 76. Palmer, 43 and struggling to regain the form that made him the athlete of the decade in the '60s, took a 75. The ganglong Archer was at 73.

BLUEBONNET CLASSIC—

UH Seeks 10th In Row

HOUSTON (AP) — The University of Houston is ranked 10th in the nation and has won nine straight Bluebonnet Classic basketball tournaments but that doesn't make it a shoo-in for the 13th annual renewal in Hofheinz Pavalian tonight.

The Cougars, with an 8-2 record, will be favorites again, but Southwest Conference representative Texas A&M, 6-3, and West Texas State, 6-2, from the rugged Missouri Valley Conference, figure to make it close.

Wichita State makes up the foursome for the two day tournament but with its 1-6 record and lack of height, isn't figured in championship contention.

Houston opens against West Texas State and the Aggies play Wichita State in the second game tonight. The winners meet Saturday night for the championship and the losers play for third place.

Houston, led by Olympian Dwight Jones with an 18.4 average has lost only to Seattle and Indiana. Six-foot-9 sophomore guard Louis Dunbar is averaging 18.3 points for the Cougs.

Guard Tommy Jordan, a junior college transfer from Philadelphia, is the leading scorer for West Texas State with 20.0 points per game. The Buffs' only two losses were in their last two road outings.

Aggie Coach Shelby Metcalf feels he may have an outstanding crop this season with 6-8 sophomore Cedric Joseph and senior Jeff Overhouse at the posts and guard Mario Brown.

Wichita State has an uphill battle in the tournment. Coach Harry Miller has brought up three freshmen to help out the height problem. The Wheat Shockers have been starting 6-4 Ben Garner at center.

Concern Greets Olympic Pitch

SALT LAKE CITY (AP) — Gov. Calvin L. Rampton says he's underwhelmed. Banker Gene Donovan says it's an honor, but he's concerned about funding and the environment. The ski areas are enthusiastic. And the Sierra Club says it'll never happen.

Thus ran local reaction to the decision by the U.S. Olympic Committee Thursday that Salt Lake City will host the 1976 Olympic Games, if the International Olympic Committee approves.

Even the staunchest local supporters of hosting the games insist it shouldn't cost local public funds, and the ecology of their well-loved ski canyons cannot be jeopardized. Similar issues led to the rejection by Denver voters of hosting the games; and the resulting bid by Mayor Jake Garn that Salt Lake City do so.

But all officials seemed in line with Garn's conditions: that no local or state government funds go into the project, and that no new facilities that could harm the ecology be built in the ski canyons southeast of the city.

"I think it would be a national problem for obtaining the funds and keeping the Olympic Games in the United States for the Bicentennial celebration in 1976," Garn said. "I think it's a matter of national pride . . . ."

Lake Placid, N.Y., also sought the Games, the site of the 1932 Winter olympics. Two Lake Tahoe resort areas also lost out on their bids for the events.

Garn estimated the Olympics would cost $30 million—$15 million to construct facilities and an equal amount in operating expenses.

Tech, Baylor Post Non-Loop Triumphs

2,000 MILE YEAR — Midland attorney Clovis Chappell checks calendar and then goes out and runs the final laps that gave him 2,000 jogging miles for 1972.

Red Raiders Now Boast 7-3 Record

By THE ASSOCIATED PRESS

Texas Tech served notice Thursday night that the Red Raiders will be a force to be reckoned with in the Southwest Conference basketball race beginning Jan. 13.

The Red Raiders shaved highly rated Creighton 59-57 on Richard Little's 20-foot jump shot with two seconds left for their seventh victory in 10 games.

Tech has now captured its last four intersectional contests.

In other games involving SWC teams, Centenary downed Arkansas 80-72, Baylor outlasted Lamar University 98-94, and Oklahoma shaved Texas 81-78.

Tech Coach Gerald Myers was enthusiastic over the Red Raider victory. Creighton had only been beaten by Drake and held a victory over tough Ohio State.

"It's about as well as we've played all year," Myers said. "I feel that anytime you win a game that way, you've got to have good effort and be fortunate."

Little paced all scorers with 18 points and hit a another 20-foot jump shot to tie the score with 1:59 left. Creighton lost the ball on a turnover and Tech stalled the last 89 seconds until Little launched his winning shot.

Baylor upped its overall record to 5-4 as Charley McKinney poured in 32 points. Lee Griffin got 25, and Jerry Ahart hit 22.

The Bears jumped to a 16-2 lead and had to beat back a late Cardinal charge. Trennis Jones led the visitors from the Southland Conference with 23 points.

Texas the defending SWC co-champion along with SMU, dropped to 4-5 with the loss while Arkansas is now 6-4 in non-conference play.

In games tonight, Houston and Texas A&M play in the Bluebonnet Tournament while Rice is in the Presidential Classic in Washington, D.C.

AP'S COACH OF YEAR — Miami Dolphin Coach Don Shula, named AP's coach-of-the-year in the NFL, wrestles with son Michael while relaxing before Super Bowl game against Washington Jan. 14. (AP Wirephoto.)

Paultz Has Flu, Whole Team Sick

By THE ASSOCIATED PRESS

Billy Paultz had the flu and couldn't make the trip to Virginia with the New York Nets.

As a result, his team never looked sicker.

With their top rebounder out of the game, the Nets were badly beaten on the boards—and just beaten badly, 128-97, by the Virginia Squires in their American Basketball Association game Thursday night.

Led by Julius Erving, the Squires outrebounded the Nets by a 54-41 margin. Erving scored 26 points and hauled down 10 rebounds to make it a Virginia runaway.

In the night's other ABA games, the Indiana Pacers ripped the San Diego Conquistadors 125-115 and the Denver Rockets walloped the Dallas Chaparrals 125-111.

In the National Basketball Association, the Chicago Bulls trimmed the Houston Rockets 111-97 and the Golden State Warriors stopped the Portland Trailblazers 108-103.

The Virginia-New York contest was no-contest from the second period on. The Squires outscored the Nets by 10 points in the second stanza and 13 in the third to take a 30-point lead going into the final period.

The Nets, who obviously missed Paultz' average of 12 rebounds a game, were led by George Carter's 22 points.

Donnie Freeman and Mel Daniels fired a fourth-quarter rally that sent Indiana over San Diego. The game was tied for the 19th and last time, at 105, when Daniels fired in a short jumper.

Daniels then hit two more quick baskets, Darnell Hillman added a free throw and Freeman scored the next seven points to break the game wide open.

Ralph Simpson's 33 points powered Denver over Dallas. The victory was a runaway, as the Chaps never came closer than eight points.

Chet Walker, Bob Love and Garfield Heard combined for 72 points to lead Chicago over Houston. After building a 55-42 halftime lead behind their big three, the Bulls outscored the Rockets 14-5 in the first six minutes of the third period to put the game away.

FOR COACH OF THE YEAR—

Shula Nudges Devine

By HUBERT MIZELL
Associated Press Sports Writer

Don Shula, who piloted the Miami Dolphins to professional football's first perfect regular season record in 30 years, was named National Football League Coach of the Year by The Associated Press today.

Shula edged Green Bay Coach Dan Devine by three votes in balloting by a nationwide panel of sportswriters and broadcasters. The Dolphins' boss received 28 votes to 25 for Devine. Chuck Noll of Pittsburgh was third with 12 votes, finishing ahead of Cleveland's Nick Skorich, who had six and George Allen of Washington, last year's winner, who had five.

Informed of the selection of his 43rd birthday, Shula, who is readying his Miami club for their second straight Super Bowl, was pleased. "It's a great honor," he said. "But what it really means is a lot of hard work by a lot of people. It's been a successful season but it won't mean a whole lot until we bring the world championship to Miami."

Shula, a pro coach for 10 seasons, has compiled a 38-9-1 record in three years at Miami.

The Dolphins swept all 14 regular season games this year and beat Cleveland and Pittsburgh in the playoffs to move into the Super Bowl showdown against Washington.

This will be Shula's third trip to the Super Bowl and he is still looking for his first victory. His Baltimore Colts lost to the New York Jets in 1969 and then the Cinderella Dolphins were ripped by Dallas last year.

Four of Shula's Miami players were named to The Associated Press All-Pro team Thursday. They were offensive guard Larry Little, one of only two All-Pro repeaters from last year, quarterback Earl Morrall, defensive end Bill Stanfill and safety Dick Anderson.

Morrall's running mates in the All-Pro backfield were Buffalo's O.J. Simpson, the NFL's rushing champ with 1,251 yards, and Larry Brown of Washington, voted the league's offensive player of the year.

Chosen for the wide receiver slots were Fred Biletnikoff of Oakland and San Francisco's Gene Washington. Joining Little on the offensive line were tackles Rayfield Wright of Dallas and Ron Yary of Minnesota, John Niland of Dallas at the other guard, San Francisco's Forest Blue at center and Ted Kwalick of the 49ers at tight end.

Other than the Dolphin representatives, the All-Pro defense includes end Claude Humphrey of Atlanta, tackles Joe Greene of Pittsburgh and Mike Reid of Cincinnati, outside linebackers Dave Wilcox of San Francisco and Chris Hanburger of Washington, middle linebacker Dick Butkus of Chicago, safety Bill Bradley of Philadelphia and cornerbacks Jimmy Johnson of San Francisco and Ken Ellis of Green Bay.

Goolagong Wins

SYDNEY (AP) — Titleholder Evonne Goolagong of Australia beat Britain's Virginia Wade 7-5, 4-6, 6-4 to reach the women's singles final of the $19,000 New South Wales Open Tennis Championships Friday.

The Australian, who beat Miss Wade in the final of this tournament last year will play the winner of the other semi-final between Australians Margaret Court and Karen Krantzcke.

The Court-Krantzcke clash was delayed until Saturday to give Mrs. Court time to recover from a stomach muscle injury.

Smith Hires 2 Cowboy Aides

DALLAS (AP) — Two former Oklahoma State University football players and coaches have followed head football Coach Dave Smith to Southern Methodist University.

Gary Darnell will become head freshman football coach and Bob Cutburth will be freshman coach and recruiting administrator, Smith announced Thursday.

Both men served Smith in similar capacities at Oklahoma State. They are the ninth and 10th additions to Smith's staff.

Darnell was one of Oklahoma State's top linebackers during his playing career from 1967 to 1969. Cutburth played quarterback during the same period and set three school passing records, including 16 touchdown passes one season.

AP's All-Pro Grid Squad

NEW YORK (AP) — The All-Pro football selections announced Thursday by The Associated Press with vote getters listed in order:

DEFENSE

First Team

ENDS — Claude Humphrey, Atlanta; Bill Stanfill, Miami.
TACKLES — Joe Greene, Pittsburgh; Mike Reid, Cincinnati.
OUTSIDE LINEBACKERS — Chris Hanburger, Washington; Dave Wilcox, San Francisco.
MIDDLE LINEBACKER — Dick Butkus, Chicago.
CORNERBACKS — Jimmy Johnson, San Francisco; Ken Ellis, Green Bay.
SAFETY — Dick Anderson, Miami.
SAFETY — Bill Bradley, Philadelphia.

Second Team

ENDS — Jack Gregory, New York Giants; Carl Eller, Minnesota.
TACKLES — Alan Page, Minnesota; Bob Lilly, Dallas.
OUTSIDE LINEBACKERS — Ted Hendricks, Baltimore; Andy Russell, Pittsburgh.
MIDDLE LINEBACKER — Nick Buoniconti, Miami.
CORNERBACKS — Mel Renfro, Dallas; Willie Brown, Oakland.
SAFETY — Paul Krause, Minnesota.
SAFETY — Jack Scott, Miami.

OFFENSE

First Team

WIDE RECEIVERS — Fred Biletnikoff, Oakland; Gene Washington, San Francisco.
TIGHT END — Ted Kawlick, San Francisco.
TACKLES — Rayfield Wright, Dallas; Ron Yary Minnesota.
GUARDS — Larry Little, Miami; John Niland, Dallas.
CENTER — Forest Blue, San Francisco.
QUARTERBACK — Earl Morrall, Miami.
RUNNING BACKS — Larry Brown, Washington; O. J. Simpson, Buffalo.
PLACEKICKER — Chester Marcol, Green Bay.

Second Team

WIDE RECEIVERS — Harold Jackson, Philadelphia; Paul Warfield, Miami.
TIGHT END — Bob Tucker, New York Giants.
TACKLES — Bob Brown, Oakland; Rockne Fraitas, Detroit.
GUARDS — Gene Upshaw, Oakland; Tom Mack, Los Angeles.
CENTER — Jim Otto, Oakland.
QUARTERBACK — Joe Namath, New York Jets.
RUNNING BACKS — Larry Csonka, Miami; Franco Harris, Pittsburgh.
PLACEKICKER — Roy Gerela, Pittsburgh.

Started As Swimmer, But Then Moved To West Texas

By TERRY WILLIAMSON

Clovis Chappell, a spry 61-year-old Midland attorney and former Southern Methodist University swimming star, has made the switch from swimming to running, and he did it in fine fashion, recording more than 2,000 miles in 1972.

Chappell started running in 1965 with no particular goal in mind, but now he is hoping to duplicate the 2,000 mile feat again this year.

"I met a man at Memorial Stadium in 1966 while running, and he said that his goal was 1,000 miles that year," Chappell stated. "I thought that sounded pretty good, and I went ahead and ran 1,000 miles that year. I don't know whether he made it or not."

The switch from swimming to running began in 1965. Chappell moved from Houston in 1950, and there were no indoor pools to get in his swimming laps, so, the switch was made.

"I used to swim in Houston every day, but it was impossible to continue that in Midland when I moved," said Chappell. "I never used to run at all."

Swimming was the real love of Chappell, and he began dipping into the pool while attending SMU. Chappell was given the first swimming scholarship offered at SMU when the school began taking an interest in swimming as a competitive sport.

Chappell won the Southwest Conference title in the 400 freestyle in 1933.

"I don't remember the time I recorded back then, and I'm glad I don't," related Chappell. "Any high school kid could probably beat that now."

Chappell can usually be found at Memorial Stadium at 5:30 a.m. daily where he tries to get in five or more miles a day. He has a calendar on which he marks his mileage.

Chappell spends about 40 minutes a day at his new hobby, and says that he has practically given up swimming altogether.

"By running, I've been able to keep in pretty good shape, and I eat and sleep a lot better," Chappell said. "I feel that I'm in a lot better shape than most people my age."

Chappell says he likes to do what he does, but 2,000 miles a year? Try it — you probably won't like it.

EX-TEAMMATES ATTEND—

Services Held For Clemente

CAROLINA, P.R. (AP) — Friends remember Roberto Clemente as a man of quiet strength in both public and private life.

That's the way he was remembered Thursday by a priest at memorial services for the baseball superstar.

More than 70 friends of Clemente, including members of the Pittsburgh Pirate organization for which he played, attended the 45-minute service at the San Fernando Roman Catholic Church.

Speaking in the small, stone church not far from Clemente's Carolina home, the priest described the star outfielder as a man who showed the same strength in private life as he did on the field.

This strength eventually led to his untimely death, the priest added. Clemente was aboard a cargo plane carrying food to earthquake victims in Nicaragua when the craft went down in the Atlantic Ocean New Year's Eve not far from the Puerto Rican coast.

Four others were killed in the mercy mission, but only the body of the pilot has been found so far by searchers.

The mourners, including Baseball Commissioner Bowie Kuhn, had arrived at the nearby San Juan airport by chartered jet from Pittsburgh. They boarded buses and rode five miles to the church.

There, they were met by Clemente's widow, Vera, who had stopped a long watch at the beach area to hear the priest's eulogy.

After the mass ended, Clemente's friends left the church and poured into a plaza bulging with hundreds of people. The Pirate team then visited the Clemente home to pay their respects.

Along with Kuhn, the mourners included Pirate President Dan Galbreath, Manager Bill Virdon, former Manager Danny Murtaugh and many current and former players and some wives.

While the mass was held on this island, similar services were conducted in Pittsburgh. Some 1,000 people showed up at Trinity Cathedral Church there to hear Clemente eulogized as a man "who gave himself, even his life, for others."

Meanwhile, a movement continued to have the name of Three Rivers Stadium changed to Roberto Clemente Stadium. A spokesman for the Pittsburgh Stadium Authority said a meeting would be held to consider the possibility, but he stressed that no decision had been made.

Midland, Lee JVs Reach Hobbs Semis

HOBBS, N.M. — Midland Lee and Midland High junior varsities advanced to the semi-finals of the Hobbs Junior Varsity basketball tournament with opening-round wins Thursday.

Lee raised its season's record to 9-6 by beating Clovis 75-71 and will play Hobbs JV at 7:45 p.m. today in the Tasker Field House.

Score by periods:

Midland Lee JV	7	28	32	8—75
Clovis JV	14	22	18	17—71

Midland High rolled to its 11th win in 14 starts by beating Lovington, N.M., 82-51, and the Bullpups play Odessa JV, 85-68 winner over Hobbs B, in the 6 p.m. game tonight.

Coach Jack Stephenson's Stonewall Brigade fell behind 14-7 in the first period, but then blistered the Clovis quint with a 28-point second period and a 32-point third period to lead 67-54 going into the final eight minutes.

"When we got ahead 20 points in the final quarter, we kinda sat on the ball," Stephenson said in explaining Lee's eight-point last period tally.

Milton Jones scored 23 points and Ron Farrish 21 to lead Lee.

Midland and Lovington started out in a wild-run and shoot game with the Pups widening a 22-17 second-period lead to 38-25 at half. Coach Bill Sears' club then reeled off 18 straight points without a retaliation at start of the second half to take the game out of reach, 56-25. Lovington simply seemed to run out of gas all at once.

Michael Cobb scored 25 points and Willie McCoy 19 to pace the Midland attack. While Mike Norton was high for Lovington with 11.

The title game will be played Saturday as a preliminary to the Hobbs varsity game at 6 p.m.

Lee, MHS JVs Count On Sophs

Midland Lee and Midland High Junior Varsities will depend on their sophomore brethren to keep their league records unsullied tonight. Both will be participating in the Hobbs, N.M., JV tournament so the soph teams will play the league tilts.

Going into tonight's play, Cooper and Abilene share first with the Midland teams. Dana Green pumped in 22 points to lead Abilene over Big Spring, led by Jeff Kuykendall's 24, Tuesday, 88-69 while Jimmy Martin's 18 paced Cooper over San Angelo, 79-43. David Enderby's 13 paced San Angelo.

Cooper is 13-2 for the season and won the Key City JV meet, in which both Midland and Lee were involved. Abilene is 13-1 and handed Midland a 68-65 loss in the Key City. That's the lone JV game Midland, 11-3, lost in pre-district.

Midland beat Permian, 97-50, Tuesday and Lee edged by Odessa, 69-65. The MHS sophs beat the Permian sophs 78-55 and Lee's sophs lost to Odessa, 59-51.

Midland High 97, Permian 50
Abilene Cooper 79, San Angelo 43
Abilene 88, Big Spring 69

Tuesday's Results: Midland Lee 56, Odessa 68; Odessa Permian 53, Midland 51; San Angelo 66, Abilene Cooper 58; Abilene 88, Big Spring 67.

Tonight's Games: San Angelo at Midland Lee; Midland at Big Spring; Odessa Permian at Abilene; Abilene Cooper at Odessa.

Bronco Star Faces Rap

TORRANCE, Calif. (AP) — Linebacker Don Parish of the Denver Broncos pleaded innocent Thursday to a charge of possessing cocaine and his trial was set for Feb. 21 by Superior Court Judge Bernard Lawler.

The 24-year-old Parish, a former Stanford star, was arrested last Nov. 13 at Los Angeles International Airport. Authorities said Parish had a small, concealed vial containing what authorities said was cocaine in his belongings.

District 5-4A Standings

Team	Season	District
Midland Lee	18-1	1-0
Midland	15-2	0-1
Abilene Cooper	12-5	0-1
Odessa Permian	12-6	1-0
Abilene	11-6	1-0
Big Spring	11-9	0-1
Odessa	10-6	0-1
San Angelo	7-10	1-0

Ward's Five Goals Spark Ottawa Win

By THE ASSOCIATED PRESS

Ron Ward had a pretty good season Thursday night.

Ward scored five goals and assisted on another as the New York Raiders romped over Ottawa 9-4 Thursday night in the only World Hockey Association game played.

Those six scoring points matched Ward's total for 71 National Hockey League games with Vancouver last season. They also lifted his league-leading scoring total to 69, a fat nine points ahead of New England's Terry Caffery.

In the only NHL games played Thursday, St. Louis trimmed Boston 4-2 and Detroit took Buffalo 4-2.

St. Louis used third-period goals by Gary Sabourin and Phil Roberto to beat Boston and snap the Bruins' eight-game winning streak. It was only the second loss in the last 22 games for the defending Stanley Cup champions.

Wins Ski Race

BROMLEY, Vt. (AP) — Cecelia Teague, 18, of Moretown, Vt., edged Debbie Tarinelli, 16, of Fairfield, Conn., Thursday in the 26th annual Louise Orvis Trophy giant slalom ski race, covering the 58-gate course in 1:20.24.

Rankin, Buff, McCamey Post Reagan County Wins

BIG LAKE — Steve McSpadden pumped in 27 points here Thursday as Rankin's Red Devils upended defending champion Crane 60-47 in first round action of the 42nd annual Reagan County Basketball Tournament.

Randy Braden added 14 points to the Red Devil cause as Rankin advanced to the quarterfinals slated for Saturday.

Stanton put on an impressive performance against New Home with a convincing 104-43 victory. Rick Wilson scored 23 points for the Buffs while teammates Mark Eiland and Tommy Deavenport scored 15 each.

Robert Gunnels and Steve Bird each hit 13 markers as Reagan County posted a 73-48 win over Sanderson while Troy Kerby and Roland Beal scored 18 and 17 points respectively in Coahoma's 74-57 win over Van Horn.

McCamey's Badgers advanced to the winners bracket with a strong 63-54 victory over Sonora. Buzzy Stevenson scored 22 points and Isreal Gomez managed 10 for the Badgers.

Ricky Webster's 16 points led Ozona to a 72-59 win over Buena Vista and Ray Skiles led all tournament individuals with 37 points as Comstock escaped with a 67-63 victory over Brady.

In today's second round action, Van Horn meets New Home, Sonora tries Buena Vista and Brady tangles with Sanderson in consolation action while Coahoma meets Stanton, McCamey tests Ozona and Reagan County tries Comstock in the winners bracket.

Consolation games will begin at noon today and will run through the 8 p.m. finale between Reagan County and Comstock. Saturday's action begins at 9:30 a.m. and the championship finale is set for 8:30 p.m.

NFL Famer Dies At 88

TULSA—A. A. Exendine, a member of the National Football League Hall of Fame and long-time employe of the Indian Service, died Thursday after a long illness.

Exendine, 88, won recognition as a football player at Carlisle Indian School in Pennsylvania in the early 1900s. Later he was a coach at six different colleges or universities.

Exendine, a Delaware Indian who played with Jim Thorpe at Carlisle, later was as assistant coach to Glen S. "Pop" Warner and then coached at Georgetown University, Otterbein College, Washington State University, Occidental of Los Angeles, Northeastern State at Tahlequah, Okla., and Oklahoma State University.

He was named to the All-America football team of Walter Camp in the early 1900s.

Memphis State Bumps Vandy From Unbeatens

By TED MEIER
Associated Press Sports Writer

Memphis State keeps chalking up "super" and "great" victories in college basketball—and on the road, too.

"This was a super win" said Coach Gene Bartow in Nashville Saturday night after the Tigers had knocked Vanderbilt out of the unbeaten ranks.

"It was a great one to win" Bartow said in Des Moines Thursday night after the Tigers had beaten Drake 97-92 in two overtimes for their sixth straight triumph.

Saved from defeat by Bill Laurie's basket with one second left in the first overtime that tied the score at 84-84, Memphis State won on eight straight points by sub Billy Buford in the second OT.

"We were very fortunate, we just seem to keep hanging in there," said Bartow in the wake of the Tigers' successful opening in the tough Missouri Valley Conference after surviving a late Drake rally that wiped out a 14-point deficit and tied the regulation game at 71-71.

Louisville defeated North Texas 76-69 sparked by 20 points from soph Junior Bridgeman and Tulsa tripped Bradley 82-73 behind Willy Biles' 25 points in two other MVC openers.

North Carolina, No. 9 in the Associated Press rankings, crushed Furman 100-67 behind an all-around attack that made Joe Williams, Furman coach, term the Tar Heels "one of the best teams in the country."

Southwestern Louisiana, the only other team in the AP Top Ten to see action, whipped Pan American 86-75.

Dwight Lamar led the No. 8 Ragin' Cajuns to their seventh straight victory with 23 points.

San Francisco, No. 12, downed Seattle 66-60 and No. 13 Providence whacked Rhode Island 79-59 behind 30 points by Kevin Stacom.

A 20-foot jumper with two seconds left gave Texas Tech an upset 59-57 victory over Creighton, a blocked shot by Jimmy Moore with 38 seconds left saved Utah State's 91-87 overtime victory over Southern Mississippi and Ozie Edwards' two free throws in the last 12 seconds gave Oklahoma City a 76-75 squeaker over Puget Sound.

The nation's leading scorer, James "The Fly" Williams, scored 34 points to lead Austin Peay over Tusculum 128-52. Another freshman, 7-foot-1 Robert Parish, scored 33 points and pulled down 21 rebounds to pace Centenary over Arkansas 80-72.

FROM LPGA BAN— Blalock Seeks Relief

ATLANTA (AP) — Lawyers have been given 10 days to file supplemental briefs in the $2-million lawsuit filed by golfer Jane Blalock against the Ladies Professional Golf Association, which suspended her.

Miss Blalock's lawyers asked U. S. Dist. Court Judge Charles A. Moye Jr. at a pretrial hearing Thursday to grant summarily her request for the $2 million in damages from the LPGA. Moye, who stayed her supension pending settlement of the suit, heard arguments from both sides, then gave the lawyers 10 days to file their briefs.

The 27-year-old golfer's lawyers said that her suspension violated federal antitrust laws because the action was taken by fellow competitors who stood to gain financially by her exclusion from tournaments.

Miss Blalock, of Portsmouth, N. H., was the LPGA's leading money winner in 1971 and was among the leaders last year. Although she was suspended last May 30 for allegedly cheating in tournaments, she continued to play after the suspension was stayed by Moye.

RHCC Schedules Mixed Couples Play

The Ranchland Hills Country Club will hold a mixed foursome Low Net Best-Ball Tourney Sunday.

Couples playing are to make their own pairings and starting times.

To enter, sign up at the Pro Shop by noon Saturday.

Pentagon Lists 299 GIs Killed In 1972

WASHINGTON (AP) — The Pentagon lists 299 Americans killed in action in the Vietnam war last year, fewer than fell in a single week back in 1968 when U.S. troops were in the thick of the ground war.

The 1972 toll was the lowest in eight years, since before the United States began bombing North Vietnam in 1965 and then sent its own infantry and other forces into the fighting on a major scale.

A Pentagon report shows 45,928 Americans killed in Southeast Asia action between Jan. 1, 1961, and Dec. 30, 1972.

The U.S. casualties started out on a very small scale in 1961 and 1962 and, as might be expected, vaulted as U.S. involvement in South Vietnam progressed from advising Saigon's forces to assuming the main burden of the ground fighting.

14,592 In 1968

U.S. killed-in-action totaled 42 in 1961 and 1962 together, rising to 78 in 1963, 147 in 1964, to 1,369 in 1965, 5,008 in 1966, to 9,378 in 1967 and a peak of 14,592 in 1968, the year of the great Tet offensive.

In many weeks during 1968 U.S. battle deaths totaled in the 300, 400 and even 500-plus range. The worst week saw 562 American battle deaths during the seven days ended May 11, 1968.

The killed-in-action totals started downward in 1969, the year President Nixon began the gradual withdrawal of U.S. troops from South Vietnam. The U.S. combat death count in 1969 was 9,414. It was more than halved in 1970, to 4,221, and dropped sharply again in 1971 to 1,380.

While the U.S. battle toll came to 299 in 1972, the South Vietnamese recorded 37,566 combat deaths, and allied forces, principally South Koreans, suffered 442.

The Pentagon summary showed that 131,675 North Vietnamese and Viet Cong soldiers were slain in South Vietnam in 1972. However, statistics on enemy casualties are gathered principally from South Vietnamese sources and are regarded with some reservation by many U.S. officers.

According to the Pentagon summary, South Vietnamese regular forces lost 180,676 men over the last 12 years. Allied countries other than the United States which sent troops to help South Vietnam lost 5,221 men.

North Vietnam and the Viet Cong were said to have suffered 921,350 combat deaths in South Vietnam over the last 12 years.

Senior Citizens Center To Open

Midland's Senior Citizen Center will open officially next Wednesday, according to executive director Mrs. Marion Fisher and Mrs. August Wenck, chairman of the center's advisory committee.

The center will be located temporarily in the First Christian Church. Beginning Wednesday, the center will be open from 10 a.m. to 3 p.m. Monday through Friday.

Harold Shaner heads a committee to make arrangements for the opening. Others on the panel are Armand Sabatier, refreshments; Mrs. Corinne Hemphill, library services; Mrs. Roy Neely, transportation; Tomas Madrid, neighborhood center communication, and Mrs. H. F. Doyle, Mrs. Carol Bell and C. A. Paxton, general arrangements.

A number of general activites will be available at the center for senior citizens along with special programs to be announced as they are planned.

The first special program is scheduled at the center at 2 p.m. Friday, Jan. 12. H. A. White, field representative for the Social Security Administration, will discuss Social Security as it relates to senior citizens.

Deadline Near For Kennel Show

An article in Thursday's Reporter - Telegram said entries for the West Texas Kennel Club's annual unbenched all-breed dog show must be mailed by noon Wednesday.

According to Mrs. J. Paul Davis, publicity chairman for the event, the entries must be in Oklahoma City by noon Wednesday, regardless of the postmark.

The show is scheduled for Jan. 27 in the Midland County Exhibit Building on East U.S. 80. Entry blanks are available at the Hi Sky Pet Shop or Westward Ho Kennels.

PHYSICAL FITNESS PROGRAM — Mrs. Odessa Hay of Midland demonstrates three phases of the Midland Parks and Recreation Department's physical fitness program — swimming, running and controlled exercise.

Women's Aerobics Program Set Here

An aerobics program for Midland women will be offered by the Midland Parks and Reereation Department beginning Monday.

The five-month long physical fitness program will include walking, running and exercises on Monday, Wednesday and Friday, with swimming workouts on Tuesday, Thursday and Friday.

The classes for walking, running and exercises will be held at 2 p.m. on Monday and Wednesday and at 9 a.m. on Friday in the recreation department's gym, 300 Baldwin St.

The swimming section of the program will meet at 1:45 p.m. Tuesday, Thursday and Friday at the YMCA pool.

Swimming classes will continue through March 1 with another session scheduled for March 2-May 31. The running and exercises will be offered through April 30.

Registrations are being accepted at the park offices, 300 Baldwin St. The running and exercise section costs $3 to join. The swimming fee is $5 per person.

UT Chancellor Clarifies 'Cornerstone' Reference

AUSTIN, Tex. (AP) — Charles LeMaistre, chancellor of The University of Texas System, said Thursday night it is his belief that the university campus at Austin will always be the flagship of the UT system.

LeMaistre made the comment in a statement issued to clarify remarks he had made in San Antonio Wednesday on the occasion of groundbreaking ceremonies for new units of the UT system there. At that time he said the varied programs at the UT facilities in San Antonio "will form the educational cornerstone of our system."

In response to questions concerning the interpretation of his talk in San Antonio, he said he wanted to stress the following points:

"First, in calling The University of Texas units in San Antonio the 'educational cornerstone' of the UT system, I meant just that. As I understand the term, a cornerstone is a basic building block, a foundation upon which the remainder of the building or in this case, academic programs, is based. My reference was to indicate that these units in San Antonio will be the cornerstone for the most comprehensive array of academic and professional programs available in any community which has components of the UT system. Only in San Antonio will there be a general academic campus with baccalaurate, master and doctoral degrees as well as a medical school, a dental school, a nursing school, a school of allied health sciences and a graduate school of biomedical sciences.

"In essence, then, my reference to the UT units in San Antonio becoming a cornerstone was designed to focus attention on the most comprehensive, broadbased, all inclusive combination of educational units in a single city within the UT system.

Unfortunate Interpretation

"It is unfortunate that some have interpretated my comments regarding the UT units in San Antonio to indicate a deemphasis of the continuing quality and prestige of The University of Texas at Austin. I have repeated on many occasions that it is my complete belief that the nationally ranked, graduate and undergraduate programs at The University of Texas at Austin, its outstanding library resources, and its national reputation as a research university will always maintain that campus as the flagship of the UT system."

Motel To Pay Texan $1 Million

PHOENIX, Ariz. (AP) — An attorney for a Texas man said Thursday that his client will receive a $1 million out-of-court settlement involving the man's diving into a Phoenix motel swimming pool.

Atty. James Carroll said John Stewart Kishbaugh, 43, of Lewisville, Tex., will receive the settlement.

Kishbaugh filed a $4.75 - million lawsuit after he was injured while diving into the shallow end of a pool at a Rodeway Inns of America motel in September 1971.

Texas Bank Deposits Hit All-Time Highs

By THE ASSOCIATED PRESS

In an appraisal prompted by an all-time high mark for deposits in Texas banks, a banking executive said business in the state "looks the best I've ever seen it."

The figures were reported Thursday in response to a call from the U.S. comptroller for bank conditions on the final day of 1972.

Aside from generally healthy business condtions, observers credited such factors as increased production of crude oil, higher cattle prices, brisk sales and new jobs.

There appeared reason to believe the situation is growing even rosier by the day, judging from what a Childress banker had to say. He reported there have been deposits this week amounting to half a million dollars a day, partly because farmers apparently held their cotton checks until after Jan. 1 for income tax reasons.

The vice chairman of the board of the Fort Worth National Bank, O. Roy Stevenson, whose institution had the city's heftiest deposits, said, "The figure just reflects the normal growth in this area ... The outlook for banking and other business in Fort Worth looks good ... the best I've ever seen it."

Pull Back Ahead

Banks in Dallas pulled back ahead after yielding the lead to those in Houston for several years with the biggest county total—$8,277,416,603, compared to $8,065,840,282 for Houston.

The 14 banks in Travis County (Austin) pushed their total above a billion, reaching $1,118,901,000 for a 15.4 per cent gain.

These were among highlights in other areas:

Midland reported one of the largest increases in several years, up $36 million to $342 million.

Amarillo and neighboring Canyon together went over half a billion for the first time.

Del Rio reported an exceptionally good year in agriculture and ranching with good weather helping range conditions. Tourism mounted around Lake Amistad, and it was a good year for heavy construction.

Reports with the Dec. 31, 1972 figures first and year-ago totals second:

Dallas county $8,277,416,603 and $6,844,649,491.
Harris County (Houston) $8,065,840,282 and $6,883,527,824.
Tarrant County (Fort Worth) $2,242,749,319 and $1,931,593,162.
San Antonio $1,969,249,460 and $1,735,170,404.
Travis County (Austin) $1,118,901,000 and $969,000,000.
El Paso $818,977,346 and $685,562,715.
Amarillo-Canyon $515,165,976 and $440,831,554.
Gregg County (Longview) $198,863,051 and $173,392,557.
Pecos $34,420,073 and $29,978,780.
Midland $342,809,204 and $306,028,237.
Snyder $44,920,374 and $40,997,244.
Vernon $62,522,968 and $53,679,868.
Abilene $271,219,330 and $226,136,572.
Taylor County (Abilene) $281,886,036 and $236,054,911.
Del Rio $44,992,588 and $37,973,923.
Paris $77,058,491 and $69,223,990.
Anderson County (Palestine) $47,080,684 and $42,965,178.
Cooke County (Gainesville) $50,260,469 and $43,162,664.
Sherman $97,422,140 and $84,978,264.
Grayson County (Sherman and Denison) $213,642,429 and $184,905,663.
Marshall $77,268,799 and $70,793,859.
Harlingen $119,339,041 and $93,675,323.
Odessa $160,653,465 and $139,064,150.
Big Spring $68,582,162 and $62,915,648.
Kerrville $62,833,193 and $48,817,300.
Rockwall County $16,756,214 and $11,657,238.
Rains County $9,025,652 and $7,148,569.
Tyler $260,492,448 and $210,603,447.
Navarro County (Corsicana) $84,934,404 and $72,649,111.

Shreveport Jails Four In Slayings

SHREVEPORT, La. (AP) — City and parish authorities have arrested four persons in the fatal shootings of two men.

Bodies of Richard Burkhart, 21, of Tipton, Okla., and Perry Brown, 17, of Caddo Parish were found Tuesday night in a rented trailer at a trailer park five miles north of here.

Billy Norman Sanders, 25, of Shreveport was arrested Thursday night and charged with two counts of murder. Earlier in the day deputies arrested Berttie Nell Hobbs, 25, who was charged with homicide.

Donald K. Burnett, 26, and Mickey Barnes were arrested on charges of being accessories after the fact.

Art Registration Now Under Way

Registrations are being accepted at the city's parks and recreation office, 300 Baldwin St., for the second session of beginning art classes for adults.

The session will begin Jan. 15 and end March 19, with classes meeting each Monday from 6-7 p.m. at the recreation gym.

The classes will be taught by Mrs. Audrey Larson. The fee is $4 per person for the course.

ALL NEW Dayton DAYTONA STEEL BELT RADIAL XS

Sandwiched between two folds (4 layers) of supple fiber cord belts lies the real tough stuff—steel. So you get something like armor protection ... cushioned for comfort. And there's the ride, roadability and fantastic mileage potential of a flexible radial body laying down a broad, flat, thick road-hugging tread. Yes when you can go and go and go—in comfort—on rough and tough steel belted radials that's some going! And that's the way you go on these new Daytona Steel Belt Radials ... backed by Dayton's strongest guarantee ... ever! Stop in and get all of the facts about this superb Radial tire.

Buy truth, and do not sell it; buy wisdom, instruction, and understanding.—Proverbs 23:23.

Peace Talk Obstacles

Democratic majorities in the U.S. House and Senate again appear determined to pull the rug out from under President Nixon in his Vietnam peace efforts.

The statements and actions of some of the party leaders and others are ill-advised and ill-timed.

Sen. Mike Mansfield of Montana launched the attack by calling on Senate members to take whatever steps are necessary to end the war in Vietnam.

House and Senate Democrats have voted to support legislation to cut off war funds at once, subject only to provisions for the return of U.S. prisoners and safe conduct for withdrawal of American forces.

Mansfield, backed by Edward Kennedy, said Congress has "no choice" but to seek total U.S. disinvolvement because of the executive branch's failure to do so.

And all this occurred just as final preparations were under way for resumption of Vietnam peace talks in Paris.

Don't think that Hanoi war lords weren't advised promptly of the Democrat doings in Washington . . . and don't think this didn't toughen their position at the peace table.

Dr. Henry Kissinger might as well not go to Paris Monday to negotiate a settlement.

* * *

The Communists again had opened the door for settlement as they were beginning to hurt as a result of the recent heavy bombing. They have done this time after time when things have gone against them. This time it appeared they might be suffering sufficiently to come to terms.

But the situation may be different now that Mansfield and others have sounded off and 154 House and 36 Senate members have indicated their intentions of giving-in to the enemy. The war perhaps would have been over long ago had it not been for such encouragement given the enemy.

It is hoped Congress yet may see the light and let the Nixon administration conclude the conflict on prompt, just and reasonable terms.

'I Hereby Resolve . . .'

'Tis the season to make resolutions . . . and Paul Crume comes up with a most unusual one in his "Big D" column in The Dallas Morning News.

"I hereby resolve," Crume wrote, "never to buy anything from a coin-operated merchandising machine that I don't want."

Now there is one for you to think about. Crume admits this will not be easy nowadays, but he intends to give it a try. But this was three or four days ago now.

The fact that some coin-operated machines have gone to substituting merchandise seems to be one of Crume's major complaints.

Incidentally, what is your resolution-holding count?

'There's One More Point We'll Have To Discuss'

The Washington Merry-Go-Round

Jack Anderson Says: Secretary Morton replies on Broken Treaties Papers.

WASHINGTON—Interior Secretary Rogers Morton, usually an affable sort, pulled a long face the other day and attacked us for our "great injustice to the Indian people."

He didn't like our reports on the Broken Treaties Papers, which the Indians filched from his files and turned over to us. The papers prove, of course, that Morton and his predecessors have been the real culprits. More than anyone else, they have been guilty of "great injustice to the Indian people."

Morton's own home on the fashionable eastern shore of old Maryland sits grandly on choice land once owned by the Delawares. Not until 1964, some 350 years after they were driven toward a bleak corner of Oklahoma, did the United States finally get around to awarding the Delawares the money for their land.

Much of the money, however, is still tied up in the bureaucracy. Among the Broken Treaties Papers, we found reference to a pitiful letter to President Nixon from the daughter of a Delaware, begging the President to send her needy mother some money from the 1964 settlement.

Delayed Action

Nixon forwarded the letter over to Morton, who bucked it down to a factotum. Although eight years have passed since the 1964 settlement, a Morton aide replied:

"We are sorry if the time your mother has waited to receive these funds has caused her any inconvenience . . . We have no alternative but to wait the determination of appeals before paying out this money."

Morton also gave the brushoff to California's Pit River Indians, who made headlines last week by sending back federal checks given them in payment for a U.S. land theft in 1853. The tribal chairman, Ross Montgomery, said his people didn't want money; they wanted their land back.

"We all want the land," he said. "Without the land, we are nothing." Under 18 treaties, various California Indian tribes were supposed to get 8.5 million acres but wound up with only 624,000 acres of scabby land. The Pit River band's share was only a fraction of this.

Appeal To Morton

What the newspaper stories didn't report was that Montgomery had made a personal appeal to Morton only a few weeks earlier. The Interior secretary bucked it down the line again to Carl Cornelius, the acting deputy Indian commissioner, who told the Indians to accept the settlement of a few pennies an acre.

"We know of no authority under which the case may now be reopened, reheard or the award changed," he wrote the tribe.

We found other injustices in the stolen papers as we dug through the thick file on the Great Sioux Reservation case. This dates back to the 1851 Treaty of Fort Laramie, which gave the Sioux nation the title forever to an enormous tract around the famous Black Hills.

The ink hardly was dry before the United States, according to the documents, "permitted miners, settlers and other non-Indians to pass through the Sioux country, particularly after the discovery of gold . . ."

The Indians fought for their rights but were smashed by the cavalry. Again the United States promised that "no person not members of said tribes shall ever be permitted" on the Sioux lands, except U.S. employes, without permission from the Sioux.

More Gold Found

But more gold was discovered and the documents declare: "Shortly thereafter, non-Indians in great numbers invaded the Great Sioux Reservation" again. Again the Indians tried to hold their ground, but the Army restricted them "to small areas" and began slowly starving them into submission, the papers say.

In the end, the United States simply took seven million more acres of Sioux land, treaty or no treaty, and gave the Sioux 900,000 acres as a dry bone. For decades, the Indians have been battling in the courts for justice. But the papers show that as recently as September, they still were getting the runaround.

Rogers Morton is a decent enough man, but he's been too busy to study Indian problems or even bother to answer Indian letters himself. We invite him to study the Broken Treaties Papers, as we have done, and see for himself who is responsible for doing a "great injustice to the Indian people."

Italy Seeks Jobs For Handicapped

ANKARA (AP) — Labor Minister Ali Riza Uzuner has disclosed that there are 400,000 unemployed handicapped persons and ex-convicts in Turkey. He said this is one of the gravest ills of the society.

The ministry has issued a new set of regulations to employers asking them to give a job to one handicapped or ex-convict for every 50 people they employ.

The ministry also asked that handicapped persons should be given suitable jobs that will not be too heavy or dangerous.

WORLD ALMANAC FACTS

Americans have accumulated an extensive variety of pets ranging from the ordinary to some exotic breeds of animals. Tropical fishes are the most prolific pets in the United States numbering about 500,000,000, The World Almanac says. An estimated 32,600,000 dogs, 26,000,000 caged birds, and 2,000,000 cats are also owned by American pet lovers.

JACOBY ON BRIDGE

By OSWALD and JAMES JACOBY
(Newspaper Enterprise Association)

South wasn't happy with his bidding. He had bid and rebid a four-card suit headed by the jack. He was less happy when he saw that the dummy held just three trumps for him.

A lot of players would have given up in disgust but South proceeded to make his contract with an overtrick. Actually it wasn't too hard. The cards just had to help him.

He won the second diamond in dummy and played out the three top clubs. Everyone followed and business was looking up.

Now he led a diamond from dummy. East could do nothing better than to discard a heart and South made a small trump.

Now he led a low heart; finessed dummy's queen; cashed the ace and led a fourth diamond. Again the best East could do was to discard a heart and South made his eighth trick with a small trump.

Now he was sure of his contract since dummy still held all its trumps, but South did even better.

He led his jack of hearts. West had to ruff; otherwise the jack would have held the trick and now West was end-played and had to give South the last three tricks.

There is an interesting sidelight. The game was team-of-four. At the other table North played and made three notrump. Can you work out his line of play?

RAY CROMLEY— Study Shows Nine Out Of Ten Welfare Cheaters!

By RAY CROMLEY

WASHINGTON (NEA) — If there is anyone who doubts the need to reform the nation's welfare system, he has only to read some recent spot studies to realize the incredible amount of graft which cheats the poor, the disabled and the taxpayer alike.

These spot findings are back of President Nixon's decision to clamp down hard on welfare management.

In one recent case, a spot check was made in one county on roughly 400 welfare recipients whose employers had reported earnings of $1,600 or more in the three months checked. This check was limited to recipients who had given their correct names and Social Security numbers. About one out of nine, it was found, had given an honest report of their earnings.

In this sampling, the 400 had reported a combined income of less than $400,000 for the three months. Their employers listed earnings of roughly $800,000.

That is, these recipients had been earning during this three-month period at an average rate of roughly $8,000 a year — but had been reporting earnings at the rate of $3,900 a year.

More than a fourth of those in this sample reported no income at all during the three months. But investigation showed they had earnings, at an annual rate, in excess of $8,400.

The cheating actually was greater than indicated above. The earnings reports did not include self-employed income, or jobs for which the worker had been paid in cash by an employer not under unemployment insurance. In many cases where several members of a family had earnings, there was no way to draw these numbers together and thus learn the total earnings per family.

In spot checks through one state, it was estimated that of those on welfare who earned $1,600 or more in the quarter studied, there was "apparent fraud" in 41 per cent of the cases.

The investigators found in this case that "a large percentage of recipients" reported none of their earned income. Many received two checks for wages each month, but reported only one. Overtime was conveniently forgotten in many instances.

These spot checks presumably did not include the worst of the cheaters. The investigators said they would assume that on average, those who listed their right name and Social Security number probably were less likely to be serious cheaters than those who worked under one name and Social Security number and collected welfare payments under another name and number.

Incidentally, these studies did not report on special assistance to the aged, blind or disabled, nor aid to children under 16.

If the men and women who deservedly need aid are to receive what they require, and if the taxpayer is to be allowed to keep enough to provide a decent life for himself and family with all the demands of government, education and growing living costs which he now faces, there is no national problem deserving of more urgency than the elimination of grossly illegal payments to welfare cheaters.

The BIBLE Can You Quote It?

By LAVINA ROSS FOWLER

1. "It says in the Bible, 'Man proposes, but God disposes.'" Now, is this really in the Bible? You find it, I can't. Many phrases are credited to the Bible by people who never read it. This one originated with Thomas A. Kempis in his writing, "The Imitation of Christ." (1380-1471.) Proverbs 16:9 says, "A man's heart deviseth his way; but ———."

2. People say, "God loves a cheerful liar." The Bible says, "God loves a cheerful ———." 2 Corinthians 9:7

3. Where was Paul converted? Acts 9

4. Give the shortest verse in the Bible. John 11:35

5. What is noticeable about Psalm 117?

Four correct . . . excellent. Three correct . . . good. See Bible.

QUICK QUIZ

Q—What is the official name of Communist China?

A—People's Republic of China.

* * *

Q—In what country is there an actual church located in a salt mine?

A—The Salt Cathedral of Zipaquira, Colombia, is an actual church underground in a salt mine. It can accommodate 10,000 worshipers.

* * *

Q—What baseball pitcher holds the record of pitching in the most World Series games?

A—Whitey Ford, American League, with 22 games.

* * *

Q—The elver is the young of what animal?

A—The eel.

CROSSROADS REPORT by D. E. SCOTT

Dear Editor:

I see where Warren Burger, our relatively new supreme lawyer, became supremely wroth when four cigar smokers lit up in a railroad car containing 25 non-smokers, including Chief Wheel Burger.

* * *

He complained that under the doctrine of majority rule, as allegedly promoted by the U.S. Constitution, the minority of smokers should have been thrown out of the car.

* * *

Obviously, he hasn't noticed the 30 per cent minority of our population which favors vast school busing arrogantly is running it over the majority, with the courts abetting.

PERSONAL FINANCE— Shopping Around For Life Insurance Can Pay Off

By CARLTON SMITH

NEW YORK (NEA) — The cost of nearly identical life insurance policies, as sold by various companies, varies by more than 140 per cent. The difference can mean savings of more than $3,600, for some policyholders, over a 20-year period.

At certain ages, you'll pay more than double the cost of the lowest-priced policy, if you buy from the company with the highest price.

That's some of the information contained in "A Shopper's Guide to Term Life Insurance," just issued by the Pennsylvania Insurance Department. It "explodes the myth that term life premiums don't vary as much as those for other forms of insurance," says Insurance Commissioner Herbert S. Denenberg, and proves that "significant savings" can be realized by shopping around.

The fifth in a series of "shopper's guides" Denenberg has published, this one compares costs of five-year renewable and convertible policies — the type "best suited to most needs" for buyers of term insurance, says the commissioner — with data drawn from the 380 companies licensed in Pennsylvania.

How tough it is for the average citizen to do comparison shopping is illustrated by the method used in the study.

Simply looking at initial premiums won't do, since premiums for term insurance always increase on each renewal (each five years, in this case). A company that begins with a relatively low premium may increase it disproportionately in later years. To take this into account, the study uses a "cost index" showing average cost for 10- and 20-year periods.

The figure is also adjusted for the interest a policy-holder forfeits over the year when he pays premiums in advance. Thus the cost index may be somewhat higher than actual premiums.

Here are the extremes in policy costs, as shown by the 20-year cost index, reflecting average cost per year for $1,000 of coverage:

—At age 25 — lowest policy, $3.21; highest, $7.46.

—At age 35 — lowest policy, $5.63; highest, $11.04.

—At age 45 — lowest policy, $11.46; highest, $20.54.

To complicate the shopper's task, one company will have the lowest cost index for a 25-year-old, another for a 35-year-old. And for any given age, one company may be lower on a 10-year basis, another over a 20-year average.

The guide emphasizes that insurance should not be bought on the basis of low cost alone. The kind of service provided by both the company and the agent, and the company's financial strength, are important considerations. Fortunately, to minimize that shopper's complication, the department's studies indicate that, with some exceptions, "the lowest cost companies tend to have higher financial ratings than the highest cost companies."

Unfortunately, there's one complication. You can't get a copy of the guide unless you live in Pennsylvania.

In other states, patience may be rewarded. Denenberg says 10 other insurance commissions are now at work on shopper's guides modeled on the Pennsylvania publications.

Texas Dedicates Garrison Complex

AUSTIN, Tex. (AP) — A law enforcement training facility named for the man who ran the Department of Public Safety for 30 years was dedicated Thursday.

The Col. Homer Garrison Jr. dormitory and classroom complex, built with $1.6 million in state and federal runds, can house 434 students and is "among the best equipped for police training in the United States," a DPS official said.

'Firing Line' Might Leave TV

By JAY SHARBUTT

NEW YORK (AP) — William F. Buckley's "Firing Line" on public television will stand down next May unless the Corporation for Public Broadcasting has a last-minute change of heart.

The one-hour show, first aired on public television in May 1971, was put on "deferred" status by CPB when the agency approved 30 other shows for the 1973 fall season.

An option to renew the show expired New Year's Day without CPB action. And the contract that now keeps new "Firing Line" segments on the air ends May 1.

Several other hard-hitting public-affairs programs — most notably "Bill Moyers' Journal" and "Washington Week in Review" — also are missing from CPB's approved list for next fall.

But the absence of "Firing Line" from the list surprised many who have enjoyed the probing questions and sophisticated, sardonic repartee of an eloquent conservative.

It startled Buckley, too.

"I was told this was going to happen about three weeks ago, but I was very much surprised at that particular point because the program has rated very high among stations," he said.

Did CPB explain why "Firing Line" was deferred?

"They said they were going to do away with all public-affairs programs that are centered on an individual," Buckley said. "In other words, they will finance documentaries and that kind of thing, but they will decline henceforth to back any public-affairs programs in which an individual is in the center."

Henry Loomis, the new CPB president, gave a different explanation last month in a separate interview in which he was asked why the Buckley and Moyers shows were being deferred.

He said "there is a general feeling (on the CPB board) that we ought to be spending our money on the kind of programs that are going to stand up timewise for six months or a year."

Loomis, when asked if the Buckley and Moyers shows wouldn't meet this criteria, replied: "That's correct."

And, he added, "all of this is relative. It isn't that those aren't good programs. But you've only got a little money, and the question is how to best spend that money."

Buckley says he thinks the CPB is trying to eliminate public-affairs programming but he doesn't view the move as an attack on him personally.

"I know it's not an attack on me because, after all, I'm simply part of a category," he said. "And it's the whole of the category that is being let go, so I don't take it personally at all."

"Firing Line" began in 1966 as a syndicated show for commercial television. Buckley did 240 of those shows before switching to public television.

What now?

"I hope to stay in public television, but I'm not making any commitment," he said. "I may go back to commercial."

2,500 Farmers File Wheat Sale Suit

AMARILLO, Tex. (AP) — A $10 million class action suit was filed in federal district court here Thursday as a result of the controversial sale of large amounts of wheat to Russia last year.

The suit was filed by John Spearman, a New Mexico wheat farmer. It represents 2,500 wheat farmers from New Mexico. Spearman is seeking about $1,300 in damages for himself.

The suit charges that Continental Grain Co. and Clarence Palmby, former assistant secretary of agriculture, violated the Sherman Anti-trust Act in connection with the wheat sale.

Racquel Welch Worst Dressed

LOS ANGELES (AP) — Fashion designer Mr. Blackwell unveiled on Thursday his annual list of the 10 worst-dressed women of the year. Sex-siren Racquel Welch came in first.

"But, how do you dress a Sherman tank?" Blackwell said about Miss Welch.

Nine of the 10 women on the list are in the entertainment field. The other one, Princess Margaret, came in fourth because she wears "the kind of style that makes London grateful for their fog," Blackwell said.

He named Julie Andrews the second worst dressed woman, saying, "She dresses like the kind of woman . . . every man . . . wants . . . for his maiden uncle."

"Around the world in 80 mistakes" was the phrase Blackwell used to describe Mia Farrow, his third choice.

Fifth is the star of "Love Story," Ali McGraw, whom Blackwell said "packs all the glamor of an old wornout sneaker."

Blackwell called actress Lauren Bacall, No. 6, "the epitome of drab . . . if you want her, just yawn."

The wife of former Beatles star John Lennon, Yoko Ono, placed seventh on Blackwell's list. The designer called her "a disaster area in stereo . . . oh no Yoko."

"Whether in sportwear or in dresses she always seems to lack one simple accessory . . . a thrift mart shopping bag," Blackwell said of Oscar-winning Cloris Leachman, No. 8.

Blackwell, who was wearing a brown tweed suit and a wide grin, said No. 9 Alexis Smith's clothes "have all the sex appeal of Henry Kissinger in an unemployment line."

Comedienne Totie Fields came in 10th. Blackwell described her as "the Badyear Blimp covered in sequins, looks like a Fourth of July technicolor explosion."

Blackwell gave a special splash award for 1972 to Jackie Onassis — for the swimwear that did the most for the Italian magazine industry in the last year.

Gina Lollobrigida Now Takes Pictures

ROME (AP) — Gina Lollobrigida has switched from posing for photographs to taking them.

Neglecting her acting career almost entirely for three years, the Italian film star used thousands of rolls of film to photograph her country. Her findings will be published in a book entitled "Italia Mia," a picture book of 200 black and white photographs.

Miss Lollobrigida says she traveled incognito all over Italy to take her pictures. She disguised herself by using two prune pits to fill out her cheeks and wearing a wig.

"After a while I changed the pits for two buttons. My mouth was getting sore," she said.

The actress confessed that she had spent "a fortune" pursuing her favorite hobby. She also said she had worn out a car and two cameras in the process.

Gina is not abandoning her film career but she says "in films I am not my own boss; with photograhs I can say what I want."

Gina's book emphasizes the human and humorous — a family of four riding to the beach on one motorscooter, the director of the Bank of Italy staring into an empty safe, a Neapolitan kneeling down and making a superstitious gesture to protect himself as a hearse drives by.

She also has landscapes and city views.

Photography has long been a hobby for Gina who also studied painting and drawing before becoming an actress. Her favorite models both on film and in drawings were her former husband, Milko Skofic and their son, Milchetto.

Briscoe Inaugural Parade To Feature Marching Bands

AUSTIN, Tex. (AP) — The new Texas governor's hometown will have a big part in the inauguration parade down Austin's main street Jan. 16.

Inauguration officials said Thursday that the 175-member Uvalde High School Band and a float entered by the Uvalde Chamber of Commerce will have a prominent position in the parade honoring Gov. Dolph Briscoe and Lt. Gov. Bill Hobby.

The parade, scheduled for the afternoon after the inauguration, also will feature the University of Texas Longhorn Band and the Aggie Band from Texas A&M.

Hobby's official band will be the 200-member University of Houston Cougar marching band, along with the Cougar Dolls, a precision dance team.

Another big college band will be the 120-member Prairie View A&M band along with the 236th Army Band of the Texas National Guard.

X-Rated Movie House To Close

EDINBURG, Tex. (AP) — The manager of an Edinburg theater specializing in X-rated movies has voluntarily agreed to close his theater, Hidalgo County Dist. Atty. Oscar McInnis says.

Randy Richter of Corpus Christi, manager of the Capri Theater, agreed to close the theater after McInnis gave him a copy of Texas laws on obscenity, the prosecutor said Thursday.
