FRIDAY, JULY 19, 1872.

FOR PRESIDENT,

Ulysses S. Grant,

OF ILLINOIS.

FOR VICE PRESIDENT,

Henry Wilson,

OF MASSACHUSETTS.

President Grant's Administration.

Republicans not Personal.

Chief among the unwarranted assertions in Senator Sumner's late attack upon the President is the allegation that he has made his Administration "personal, autocratic, non-Republican." Mr. Sumner asserts that such would be a natural result from the character of the man, saying, "to comprehend the personal government that has been installed over us we must know its author." And, as if the people of this country did not full well know Ulysses S. Grant, the Senator, glorying over the President's military career and fame, declares it his duty to draw the picture of Gen. Grant "as a citizen," which, summoning the most imaginative powers of his own artistic ability he proceeds to do.

The picture does not fail to furnish the people with Charles Sumner's idea as to what sort of men should be entitled to pensions of civil honor and responsibility. Sure that he can inform the people on this all-important point he very appropriately commences by belittling the people themselves.

In an address commemorative of President Grant, Senator Wilson illustrated the glory of our institutions by referring to the fact that the President had risen to his high position from the humble occupation of a tanner.

This statement Mr. Sumner quotes, and sneeringly observes, "such was the preparation to govern the great Republic," &c. &c.

Farmers will do to fill the stationary set; mechanics are well enough for their grossy occupation, sailors are indispensable to the sailor's duty and fill stricken graves; but these gentlemen must not aspire to high civil office. "The camp is not the educator of the statesman," says Mr. Sumner.

The burden of his philosophy is that we must have "trained men, statesmen" to fill the civil offices. Men who we have been superfluous scantiness to elevate our farmers, our mechanics, our great soldiers to places of honor for which their merits and services have seemed, to the undisputed judgment of the people to entitle them. Is this your self-made men? Mr. S. says we must have statesmen, as statesmen we will have. "Shoemaker, stick to your last!" attend to your sole and leather upon and the gentlemen statesmen will take care of the country. It sadly is not the words such as precisely the spirit of the opinions Senators observations. Theoretically he would have no one, but statesmen should hold the offices.

While in his overheated bitterness the Senator was intent upon his picture of "civilian" Grant he was unpromptly drawing a far more lovelier portrait of himself. In his partial endeavor to be little the President, in reference to his origin and poverty, he unfortunately but forcibly portrayed his own well known contempt of humble things and his lordly love of pomp, big station and ancient name.

But the Senator avers that the President has established personal government. If it be so, then most strangely has it been accomplished, for the people had not dreamed of it until the Senator proclaimed it. Let us examine the facts: Republican government is established "by the people, and for the people." Personal government is established by the tyrant and over the people. Republican government is limited and responsible; its powers are separate and co-equal. Personal government is irresponsible and its powers arbitrary. In accordance with which of these has the Administration acted?

Gen. Grant was elected to execute the laws. He has declared his purpose unhesitatingly to do so. Has he not redeemed that pledge? In what direction has he exhibited a tendency to usurpation? Has the limits of his Constitutional period? Has he created the terror of his personal will to impede legislation? Has he sought to trample the deliberations of Congress? Has he refused his signature to proper measures or applied his veto to the detriment of the public good? Has he failed to recommend provisions for the public weal, or has he recommended measures designed for public injury? Has he endeavored to undermine popular rights? Has he trifled with the sacred name of American citizenship and its guaranteed? Has he evinced a disposition to destroy sacred privileges and immunities? Has he openly or secretly entered upon a crusade against the legislation of the Congressional and its co-ordinate coercion? Has he encouraged to populate caste? Has he disparaged the social proprieties of life? Has he ever turned an unfeeling ear to the humblest in the land? Has he failed to see the courtesy honestly extended and faithfully appreciated?

If he has not invaded the sphere of the Legislature; if he has not violated the popular rights, has he sought to pollute the purities of the judiciary? Has he appointed judges for corrupt purposes? Has he delayed the Kentucky election of law at worst? If he has done any or all of these things why have we not heard the eloquent voice of Mr. Sumner demanding the High Court of impeachment?

If President Grant has not done these offences then what becomes of the Senator's sweeping charge? Personal government always bears its ear-marks. If such a government "has been installed over us," as the Senator says, then where are its ear-marks? Where are the lace and livery, where the courtiers, where the edicts, where the *lettres de cachet*, where the prostituted judges, where the retainers, where the masters livery, where the invariable prejudices of personal government? We do not discover them. They do not exist. The Senator has been deceived by a mirage. As Judge Hoar the other day remarked, "the Senator has described another man."

President Grant has been true to the whole country; true to every pledge he has made; true to the Republican platform, and true to the Republican party. He has succeeded as a statesman; and, as if it had been especially provided that he should lack no title of the merit he deserves Senator Sumner himself declares that with Grant's lack of experience *failure* and not success might have been anticipated. By so much there is his merit increased.

The President has not only proved himself competent to rule their country, but in the words of Holy writ, "to teach his Senators wisdom"—at least some of them. He seems to have early learned a lesson, which his senatorial assailant has entirely omitted, namely, that it is "a proved heart that stirreth contrite," and that "he that ruleth his own spirit is better than he that taketh a city." Gen. Grant has done both; the Senator neither.

THE LATE REPUBLICAN CONVENTION AT GONZALES. Below will be found the first impressions of a leading citizen of this county upon receiving the news of the recent action of the republican convention at Gonzales, from a "Grant Republican." We publish the communication by request, although we are inclined to differ in many respects from the views taken by our correspondent; but for want of time and space, and because of fatigue, we are compelled to postpone our comments until to-morrow. We at the same, bespeak a careful consideration of this communication, as well as of the views which we shall present to-morrow by way of comment:

SAN ANTONIO, July 15th 1872.

Editor San Antonio Express:

From your issue of to day I learn that you and Judge Grothaus, as Delegates of the Grant Republicans of Bexar Co. to the Gonzales convention have so far complied with the instructions you received from your constituents, that you kept all resolutions which have no direct bearing upon the federal elections out of the Gonzales platform; but that you failed, to act according to the spirit of the instructions above alluded to. You know, that the action of the Republicans of this country was prompted by their opposition to that portion of the Houston platform which indorses the policy of our State administration; you will further recollect the conspicuous part Judge Bell played at the Houston convention, and can not fail to discover, that the nomination of this Gentleman for candidate of the 6th congressional District is virtually an indorsement of the State administration.

But this is not all. It is a well known fact, that Judge Bell is the attorney of the Central Railroad, that his private interest is essentially connected with the city of Austin and that both Austin and said Railroad love to look to Galveston as the outlet of their trade

I refrain from calling your attention to the antagonistic interests of Galveston and Austin on one side, and those of the eastern sea ports and San Antonio on the other side, because your own Editorial columns bear witness that you are aware of this fact.

Notwithstanding all these objections to the candidacy of Judge James H. Bell, you and the Hon. F. E. Grothaus have given your assent to declaring the vote unanimous.

By this action you have placed your earnest friends in a false position, because they are compelled either to disavow their delegates, or to act against their own interest.

The Democratic organ of this city realizes the situation and comes out to day in a long Editorial in favor of Judge Hancock, fully indicating, however, that this gentleman, being at Austin man, is merely its choice between two evils.

Now Sir, what can we do under these circumstances? Shall we too take our choice between two evils, or shall we organize an independent party and nominate a Western man, of whom we may expect, that the interest of his section is dearer to him, than the interest of the party to which he may give his preference?

If in the platform of this independent party it be distinctly declared, that the organization has nothing to do with the Presidential question, but nevertheless a Greeley Republican be selected we may cause the Democratic convention to endorse our candidate, or if ever Judge Hancock should be nominated, beat both him and Judge Bell and secure the representation of our Western interests in Gonzales.

Although a Grant Republican I prefer to see a Western Greeley Republican in Congress, than an Austin Grant man, whose interest is even more strongly identified with the middle Counties of Texas, than that of our present Democratic Representation.

GRANT REPUBLICAN.

The tactics of the Greeley party, so far as they have yet developed, may be expressed in one word—*Brag*. "Never," pointedly remarks the Providence Journal, in this connection, "since the world began, has there been such be organized, persistent, unceasing exhibition of brag as we have in the Greeley campaign. Conditions are claimed as unanimous and States as certain, and prominent men, who have no more idea of voting for Greeley than for Louis Napoleon, are quoted in so eager to his support that they with difficulty restrain themselves till November." The Journal further says, there are times in a political campaign when bragging is effective, but to attempt to carry on a campaign by that alone is the dishes on westerd.

The name of the Democratic candidate for Governor of Illinois is Beaver, not Coraner, as some people have suggested. The inquest on the Democratic corpse will, however be held in November, as previously appointed.

Gideon Welles has come out for Greeley. Behind the bullet, the Flying Dutchman, and Bottomless Creeper, are yet to be heard from.—(Chicago Post.

Notes from Washington.

The Democratic Convention—Preliminary Movements to-day—Greeley sure of a full vote—Appearance of the Theatre—Decorations, &c., &c.

WASHINGTON, D. C., July 8th, 1872.

Having passed the day in Baltimore, a little over an hours ride from Washington, I have gathered for the EXPRESS a few notes, in addition to your telegraph despatches on the preliminary arrangements and prospects for the Democratic Convention to be organized to-morrow.

Already about 500 of the 732 delegates are present, who together with a number of clubs from Pennsylvania, Washington and other near sections of country, with bands and banners, make the streets and hotels lively and animated. The usual enthusiasm is however lamentably deficient, so far, but it may increase to-morrow and on Wednesday.

The Convention will be held in Ford's new theatre, corner of Eutaw and Fayette streets. Already the theatre is fully prepared, as far as the interior is concerned. The delegations have places assigned, by States, and a small banner suspended with the name of the State inscribed, indicates the place for each. On the rear and sides of the stage is a woodland scene, and may be accepted as a representation of a favorite spot at Chappaqua, where the philosopher was accustomed to do his "trimming" previously to practising a similar art in politics. A drop curtain is suspended over the stage, containing a very fine sun-burst, and the American Eagle holding a scroll in his claws with the words inscribed: "Peace and Good Will."

A grand allegorical painting is now receiving its finishing touches, by a Baltimore artist, Mr. Schanter, which will be placed behind the landscape. Immediately on the announcement of the nomination of Mr. Greeley, the landscape will be suddenly removed, and a strong light will at the same time be thrown upon the Greeley painting, in the presence of the audience, who will rise and express their enthusiasm for their nominee by cheers and other lively demonstrations.

The circles have been beautifully festooned with flags and evergreens, while suspended between the gaily pointed columns which fupport the galleries are the coats of arms of each State. On one private box is a fine portrait of General Washington, and over it that of Henry Clay. On the box on the opposite side is a portrait of General Jackson, and above it one of Van Buren. In the lobbies will be a profusion of potted plants and flowers, and small cypress trees, and a profusion of oil paintings, much, on the whole, after the style of decoration observed in the Opera House at Philadelphia, on the occasion of the Convention on the 5th of June.

A grand triumphal arch is erected in front of the main entrance to the theatre. It will be lavishly adorned with flags and evergreens, and have upon its front the words of McMahon: "Every mountain has sent forth its rill, and every valley its stream, and lo! the avalanche is here."

On the sides of the arch are the words, "Democratic National Convention, 1872." Over the main entrance to the theatre is the democratic legend, the words of Gen. Jackson, "The Constitution is still the object of our reverence, the bond of our Union, our defence in danger, the source of our prosperity in peace. Over the other entrance are the words "Liberty and Union, now and forever, one and inseparable." Mr. Greeley. If Mr. Greeley is not a "liar and a horse thief," he will vote for Grant.

Sketches of the People Who Will Vote for Greeley.

All the old rebels who remain "unreconstructed" in spirit, whatever conformity their outward acts may have shown, and who see in the possibility of his election a revival of their long desperate hope of vengeance on the Union, by its utter degradation.

All the Tammany gang, who, under Greeley, would be able to steal the federal government as they have already stolen the local government,

All the dangerous classes in our large cities, who know that between Greeley's maudlin, wrong-headed philanthropy and Tammany's natural affinity with crime, they will have as much license and impunity as the alliance can give them.

All the conceited cormorants and Philadelphia Colonels who have not been able to dictate Grant's Cabinet to him, or to get a monopoly of the best offices for their friends.

All those who fiddle while Rome is burning, and treat the most serious things of life as a jest.

All those who prefer ignorance and rudeness to intelligence and decency; the elevation of a silly and profane boor to the Presidency would be their triumph.

All who have been traitors to the principles which they once professed, and who do not believe in principle at all. Their cynicism would be canonized by the election to the highest office in the land of the man who has fathomed the lowest depths of political inconsistency and treachery.—New York Times.

HUNGERING HEARTS.

Some hearts go hungering through the world,
And never find the love they seek;
Some lips with pride or scorn are curled
To hide the pain they may not speak.
The eyes may flash, the mouth may smile,
The voice in giddiest mirth may thrill,
And yet beneath them all the while
The hungry heart is pining still.

These know their doom and walk their way,
With level steps and steadfast eyes,
Nor strive with fate, nor weep nor pray—
While others, not so sadly wise,
Are mocked by phantoms evermore,
Add lured by seemings of delight,
Fair to the eye, but at the core
Holding but bitter dust and blight.

I see them gaze from wistful eyes,
I mark their sign on fading cheeks;
I hear them breathe in smothered sighs,
And note the grief that never speaks.
For them no night represses wrong,
No eye with pity is impearled;
Oh, misconstrued and suffering long,
Oh, hearts that hunger through the world!

For you does life's dull desert hold
No fountain's shade, no date grove fair,
Nor gush of waters clear and cold,
But sandy reaches wide and bare.
The foot may fail, the soul may faint,
And weigh to earth the weary frame,
Yet still ye make no weak complaint,
And speak no word of grief or blame.

Oh, eager eyes which gaze afar!
Oh arms which clasp the empty air!
Not all unmarked your sorrows are,
Not all unpitied your despair.
Smile, patient lips so proudly dumb—
When life's frail tent at last is furled,
Your glorious recompense shall come,
Oh, hearts that hunger through the world!

LOCAL AFFAIRS.

THE dust on Flores, Laredo and adjoining streets is simply fearful.

It is very hot, we do not know how high the mercury stands, we are foot high enough to see.

THERE is considerable excitement prevalent in the city consequent upon the news of the Indian depredations, related in another column.

RECORDER'S COURT.—Pascual Garcia, drunk and disorderly, fined $1 and costs.

Pedro Almaras, carrying concealed weapons fined $25 and costs.

Marcario Diaz, drunk and disorderly, $1 and costs.

INASMUCH as we were only able to give a brief synopsis of the proceedings of the Gonzales Republican Convention, in yesterday's issue, we shall give the proceedings in full to-morrow, together with a brief account of the rousing meeting held by the citizens in the evening.

For the delay in transmitting the results of the Gonzales Convention the reader will please give thanks to the remarkable genius who fixed upon the place for holding the convention—where there was neither railroad nor telegraph and not even prompt stage-coach communication with the West.

THE Serra Bros's Pantomime troupe will give an entertainment at the Firemen's Hall, on Saturday evening next, July 20th, producing the inimitable pantomimes "Les Brigands" and "Joco the Brazilian Ape." The reputation of the troupe is the best guarantee we can give that the entertainment will be a capital one—Sunlight.

INDIAN DEPREDATIONS!

EL PASO STAGE ATTACKED—DRIVER SERIOUSLY WOUNDED—MAIL BAGS CAPTURED!!

Cattle Herds Driven Off!!!

THREE MEN MURDERED!!!!

From Fort Concho comes the information that about 7 P. M., on Sunday, July 14, the El Paso stage was attacked by a party of Indians, six miles below Johnson station, and about twenty miles from Fort Concho. The driver was shot and seriously wounded. The red skins then killed two of the mules and drove off the rest, taking away the stage and brass-lock mail bag, and cutting two iron lock bags to shreds.

No mention is made of passengers, it is therefore presumed there were none; of two guards who were on the stage, we are informed that one stopped and helped the driver, while the other ran off and has not been heard of since.

Latest advices state that Lieutenant Hemphill re-captured the stage coach six miles off the road and sent it into the Post.

On the morning of the day on which these terrible doings were going on, a body of Indians (supposed to be the same party who captured the stage) captured Sanford's cattle herd, within ten miles of Fort Concho, and drove them off.

A few days previous, Tucker's herd was captured on the Pecos, forty miles east of Fort Stockton, but not without a show of resistance on the part of the drivers, and in the fight three men were killed by the savages.

Preston S. Brooks, who beat Sumner with a cane in the Senate Chamber had thousands of canes sent him as testimonials from all the Southern States. Greeley in his Tribune denounced Brooks and all his friends as murderers, assassins, and bloody and barbarous slave-drivers. Will all the Southern men who applauded Brooks and whom Greeley denounced as outlaws from Christian civilization, now support Greeley alongside of Sumner?—Houston Union.

The straight out Democratic Convention called by Brick Pomeroy at Baltimore, simultaneously with the Greeley Convention, calls for a movement "to maintain the principles and organize the Jeffersonian Democracy." This movement once fairly on foot will gather strength from day to day, and long before next November will leave Greeley denuded of more than half his pseudo Democratic strength.—Austin Journal.

The Albany Evening Journal says: "The Greeley camp is a sort of hospital for political invalids who have been given up by all decent doctors as chronic knaves, hopelessly incurable, and who now resort to the Cincinnati quacks to procure plasters for their damaged reputations. Falstaff's battalions were moral princes in comparison."

AFTER listening to the wholesale charges of fraud, incompetence, and extravagance, a gentleman asked the blatant speaker to name some special cases against President Grant. His success in quieting the gentleman was so complete that he recommends the recipe to his friends.

GREELEY's declarations of principle and future action are much after the manner of this of Hans Breitman:

"Und dat ve may meed in gommon,
I declare here in dis hull—
Und I shvears mineself to hold to it,
Votefor may befal—
Dat any man who gives me his vote,
Votefor his boledicts pe—
Shall alfays be regarded
Ash bolidigal friend py me."

"If in a full and final review my life and practice shall be found unworthy my principles, let due infamy be heaped on my memory; but let none be thereby led to distrust the principles to which I proved recreant."—[N. G., 1854.

Time and enlightened experience have shown that certain substances formerly used and relied on in medical practice, are unnecessary and dangerous; yet some of these substances have found their way into medical compounds. DR. WALKER'S CALIFORNIA VINEGAR BITTERS, however, contain nothing injurious, being composed exclusively of vegetable substances from California. For all disorders of liver, kidneys, bladder, skin, and digestive organs, and for purifying the blood, they are the most wonderful remedy known. 4w

A GREAT BUSINESS STUCCOS.—Messrs. Geo. P. Rowell & Co., have taken possession of their new business offices, immediately above the counting-house of the New York Times. Messrs. Rowell & Co. do one of the largest advertising trades in the world. Their extensive premises embrace nearly all the entire second floor of Nos. 40 and 41 Park Row, where thousands of Newspapers are received daily, examined and put away, and hundreds of letters read and replied to. The place is a business beehive in fact, and admirably illustrates one of the most remarkable institutitions of our time—the Advertising Agency. The new offices are well arranged in counting house fashion, and are among the most pleasantly and advantageously situated in the city. We congratulate our enterprising neighbors upon the success which persistent industry, a keen eye to business, and honest dealing command.—Sunlight of 19 June, New York City.

The Babcock Self-Acting Fire Engine.

At the fire at Nos. 121 and 123 Meager St., the Babcock Engine reached the fire first, though it was farther from the fire than the Steam Engine. The Fire Marshal and Fireman are enthusiastic at the rapidity with which the Babcock Engine extinguishes the fire, though the whole side of the building was in flames.—*Chicago Evening Post.*

Sixteen Years of Success.—In 1856 the new famous MUSTANG LINIMENT was first made known to the public by an extensive system of advertising. From that time to the present, the demand for it has been steadily increasing until it has taken the lead of all embrocations, lotions, ointments, and other external remedies, imported or domestic, ever introduced into the American market. In the most celebrated racing and trotting stables, in the establishments of stage and city car companies, and in the stables of private gentlemen, it is the only recognized cure for such diseases of the horse as require outward treatment. Nor is it less valuable as a local application for some of the most distressing complaints to which man is subject. Rheumatism, stiffness of the joints, neuralgia, sore throat, tumors, wens, earache, toothache, yield to its pain-subduing, counter-irritant properties, and burns, scalds and cuts are healed with incredible rapidity under its operation.

How to Have the Good of Our Eating.

A healthy condition of body, and a well-nourished condition of body, may be considered as the same. The vast importance of sufficient nourishment becomes this apparent. Now, for sufficient nourishment, there are two things essential; food: and those various conditions which go to render the digestion and the assimilation of food possible; such as pure air, sufficient exercise, sufficient sleep, tranquility of mind and so forth. It is infinitely easier to secure an abundance of wholesome food, than it is to secure the conditions under which the due amount of nourishment is to be obtained out of it. But there is a compensatory provision which balances this. While for food, on the one hand, there is no substitute; on the other hand, for the complex conditions, without which food is of little or no value, there is a substitute—that universalized tonic-stimulant, the fruit of long years of arduous research and study—Dr. Gottlieb Fisch's Bitters.

THE GREAT SOUTH AMERICAN

JURUBEBA

BLOOD PURIFIER

Is a powerful Tonic, specially adapted for use in the Spring, when the LANGUID and DEBILITATED system needs strength and vitality; it will give vigor to the feeble, strength to the weak, animation to the dejected, activity to the sluggish, rest to the weary, quiet to the nervous, and health to the infirm.

It is a South American plant, which, according to the medical and scientific periodicals of London and Paris, possesses the most powerful tonic properties known to Materia Medica, and is well known in its native country as having wonderful curative qualities, and has been long used as a SPECIFIC in all cases of *Impurities of the Blood, Derangement of the Liver and Spleen, Tumors, Dropsy, Poverty of the Blood, Debility, Weakness of the Intestines, Uterine or Urinary Organs.*

Dr. Wells' Extract of Jurubeba

Is strengthening and nourishing; like nutricious food, taken into the stomach, it assimilates and diffuses itself through the circulation, giving vigor and health.

It regulates the Bowels, quiets the nerves, tones up the whole system.

Policy of the Administration.

In conclusion, I would sum up the policy of the Administration to be a thorough enforcement of every law, a faithful collection of every tax provided for, economy in the disbursement of the same, a prompt payment of every debt of the nation, a reduction of the taxes as rapidly as the requirements of the country will admit, the reduction of taxation and tariff to be so arranged as to afford the greatest relief to the greatest number, honest and fair dealing with all other people, to the end that war, with all its blighting consequences, may be avoided, but without surrendering any right or obligation due to us, a reform in the treatment of Indians and in the whole civil service of the country, and finally in securing a pure, unfettered ballot, where EVERY man entitled to cast a vote may do so just once at each election, without FEAR of molestation or proscription on account of his political faith nativity or color.

U. S. GRANT.

Washington Dec. 5, 1870.

Newspaper Laws.

We would call the special attention of Postmasters and subscribers to the following synopsis of the newspaper laws:

1. A Postmaster is required to give notice by letter (returning a paper does not answer the law) when a subscriber does not take his paper out of the office, and state the reasons for its not being taken; and a neglect to do do so makes the Postmaster responsible to the publishers for the pay ment.

2. Any person who takes a paper from the Postoffice, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay.

3. If a person orders his paper discontinued, he must pay all arrearages or the publisher may continue to send it until the payment is made.

4. If the subscriber orders his paper to be stopped at a certain time, and the publisher continues to send it, the subscriber is bound to pay for it if he takes it from the Postoffice. The law proceeds upon the ground that a man must pay for what he uses.

5. The courts have decided that refusing to take newspapers and periodicals from the Postoffice, or removing and leaving them uncalled for, is prima facia evidence of intentional fraud.

General and Special Laws of the 9th Legislature of the State of Texas, First Session 1871, at the "Express" Office

THE

New York Tribune,

For 1872.

THE consolidation of Italy, so long fragmentary and important, into one powerful State, with Rome as its capital; the humiliation of France through a series of crushing defeats, ending with the siege and capitulation of her proud and gay metropolis; the expulsion of the Bourbons from the Spanish throne, and the substitution for them of a scion of the most liberal among royal houses; the virtual absorption of the kingdoms of Saxony, Wurttemberg, Bavaria, with Baden, Hesse, the Hanse Towns, &c., under the headship of Prussia, into the triumphant and powerful empire of Germany; and the arming of Russia to resassert her preponderance in the councils of Europe, or to prosecute her often postponed but never relinquished designs on the great city founded by Constantine and the vast but decaying and anarchical dominion of the Sultan, all combine to invest with profound interest the ever-changing phases of our tidings from the Old World. THE TRIBUNE, through trusted correspondents stationed at all points in Europe where great movements are in progress or imminent, aims to present a complete and instructive panorama of events on that continent, and to mirror the prolonged struggle between middle-age Feudalism and Ecclesiasticism on the one hand and Nineteenth-Century skepticism and secularism on the other. Recognizing a Divine Providence in all that proceeeds and is, it looks hopefully on the great conflict as destined (like our own recent convulsion) to evolve from strife, disaster, and seeming chaos, a fairer and happier future for the toiling masses of mankind.

In our own country, a war upon corruption and rascality in office has been inaugurated in our City, whereby the government of our State has been revolutionized through an initial triumph of Reform which surpasses the most sanguine anticipations. It is morally certain that the movement thus inaugurated cannot, in its gross, be circumscribed to any locality or any party, but that its purifying influence is destined to be felt in every part of the Union, rebuking venality, exposing robbery in public power from whatever depositary, and confiding it in those worthiest and fittest to wield it. To this beneficent and vitally needed Reform, THE TRIBUNE will devote its best energies, regardless of personal interests or party predilections, esteeming the choice of honest and faithful men to office as of all New Departures the most essential and auspicious.

The virtual surrender by the Democratic party of its hostility to Equal Rights regardless of Color has divested our current politics of half their bygone intensity. However parties may henceforth rise or fall, it is clear that the fundamental principles which have hitherto honorably distinguished the Republicans are henceforth to be regarded as practically accepted by the whole country. The right of every man to his own limbs and sinews—the equality of all citizens before the law—the inability of a State to enslave any portion of its people—the duty of the Union to guarantee to every citizen the full enjoyment of his liberty until he forfeits it by crime—such are the broad and firm foundations of our National edifice; and paised be the hand which shall seek to displace them! Though not yet twenty years old, the Republican party has completed the noble fabric of Emancipation, and may fairly invoke thereon the sternest judgment of Man and the benignant smile of God.

Henceforth, the mission of our Republic is one of Peaceful Progress. To protect the weak and the humble from violence and oppression—to extend the boundaries and diffuse the blessings of Civilization—to stimulate Ingenuity to the production of new inventions for economizing Labor and thus enlarging Production—to draw nearer to each other the producers of Food and of Fabrics, of Grains and of Metals, and thus enhance the gain of Industry by reducing the cost of transportation and exchanges between farmers and artisans—such is the inspiring task to which this Nation now addresses itself, and by which it would fain contribute to the progress, enlightenment, and happiness of our race. To this great and good work, THE TRIBUNE contributes its zealous, persistent, though inadequate efforts, to which some of the ablest and most successful tillers of the soil will steadily contribute. No farmer who sells $300 worth of produce per annum can afford to do without our Market Reports, or others equally lucid and comprehensive. If he should read nothing else but what relates to his own calling and its rewards, we believe that no farmer who can read at all can afford to do without such a journal as THE TRIBUNE. And we aspire to make it equally valuable to those engaged in other departments of Productive Labor. We spend more and more money on our columns each year, as our countrymen's generous patronage enables us to do; and we are resolved that our issues of former years shall be exceeded in varied excellence and interest by those of 1872. Friends in every State! help us to make our journal better and better and better, by sending in your subscriptions and increasing your Clubs for the year just before us!

The great field trials at Sedalia, Mo., and at Xenia, Ohio, in the Summer of 1869—where "The Clipper" met some 40 competitors including all the leading machines built, and was awarded the First Premiums and Gold Medals,—proves that the proprietors have been able to sustain in the field their claims of superiority for The Clipper Machine over all others. Its extraordinary lightness of draft takes one-third of the labor off the team. The adjustability of the finger-bar, to cut high or low without stopping the team is worth $25 on any machine. It is the only mower that has the true center draft in accordance with correct mechanical principles. In short, it is the lightest, the most durable, the least complicated, the most perfectly constructed, the most symmetrical in design, of any implement of its class. Farmers THE CLIPPER is the Horses' Friend, and you cannot afford to ignore their welfare. Send for pamphlet—investigate. See or write to some one who has used THE CLIPPER. A popular weekly paper for the times, embracing the leading features of those journals destroyed by the terrible conflagration, and combining just such a corps of writers as will give the public all the news of the week, in a condensed compilation of the leading journals of the nation, and the world.

A TRUTHFUL RECORD.

The PHŒNIX will be the most truthful and reliable recorder of incidents and facts concerning the great fire, ever published.

ACCOUNTS OF THE FIRE.

It will contain only such accounts as are vouched for by reliable witnesses, and will correct the erroneous and fabricated statements of sensational writers.

CHICAGO AND THE NEWS.

It will, for a time, be devoted especially to the past, present and future of Chicago; besides being the most complete weekly newspaper in the world.

FIRESIDE COMPANION AND NEWSPAPER

Its columns are devoted to News, Commerce, Science, Literature, Art, Drama, Music, Humor, Pastime, Poetry, Fashion, Society news, and enough of Romance to make it a most desirable fireside companion, as well as the most reliable and complete newspaper for the business man in the counting room.

BEAUTIFUL ILLUSTRATIONS.

It will be illustrated with engravings taken from Photographs of the Chicago Ruins, instead of sketches "By Our Special Artist" who was not "on the spot;" and thus give a series of PERFECT views, not obtainable elsewhere, and the first number will contain the only correct map of the burned city.

HAPPY HOURS.

That beautiful literary journal, "HAPPY HOURS," whose publisher was the first to issue a paper to meet the public demand, after the awful fire, has been merged into the literary department of the PHŒNIX, which will embrace the contributions of more than sixty of the most popular writer of the day.

The PHŒNIX will contain, as an especial feature, a more complete record of incidents and results of the late terrible fire, than can be found in any book, paper or other publication in the country. So numerous and inaccurate have been the accounts sent forth, that something reliable and readable is a [illegible] sought at this time and The PHŒNIX will fill the bill.

A PAPER FOR THE PEOPLE.

THE PHŒNIX is the cheapest paper in America, being an eight page, forty-column weekly, at only two dollars a year; in fact it shall be the paper for the people and the times.

THE FIRST NUMBER.

The first number will be issued on Saturday, Nov. 11th, and will be the paper wanted by everybody, as a record worth preserving or to send away, and for its accurate illustrations.

ITS BASIS.

It is a consolidation of other journals, and therefore on a solid foundation, containing their former circulation.

NEW SUBSCRIBERS.

To any person who gets us three new subscribers, we will send The Phœnix for one year free, or one of our beautiful prize, steel plate engravings worth $2 50.

PREMIUMS.

For the purpose of rapidly increasing our subscription list before the close of the present year, we will give to every person who subscribes for the Phœnix during the month of November, a beautiful steel plate engraving, worth $2 50, both dollar more than the price of subscription. No such opportunity was ever before given, and probably never will be again. Avail yourself of it. MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine made from the native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the system, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Internal Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the Regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. See a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is free from the presence of worms. It is not one, nor two, but scores, the healthy elements of the body that worms exist, but upon the destruction of these and other parasites depends the health or disease. No System of Medicine, no Vermifuge, no anthelmintic will free the system from worms like these Bitters.

J. WALKER, Proprietor. R. H. McDONALD & CO. Druggists and Gen. Agents, San Francisco, California, and 32 and 34 Commerce Street, New York.
