Nixon Proposes Pension Law For Employe's Protection

WASHINGTON (AP) — President Nixon asked Congress today for a law affecting employe pensions with the aim of cracking down on conflicts of interest and improper financial dealings by pension fund administrators.

In a special message, Nixon said $120 billion now is invested in private pension and welfare funds covering about 50 million workers.

"While most of the plans are carefully managed by responsible people," he said, "we must make certain that the employe's money is fully protected."

One requirement of the proposed employe benefits protection act would be that those who control benefit funds "must deal with those funds exclusively in the interest of the employe beneficiaries."

A federal standard would be established to spell out this obligation and, Nixon said, "would more effectively provide a remedy where conflict of interest or carelessness exists in the management or investment of funds."

While declaring that such situations are infrequent, the President said existing state and federal laws are inadequate to deal with them.

He said his proposal also would broaden and strengthen reporting and disclosure provisions involving the financial operations of pension funds and their actuarial bases.

"This type of accounting," he said, "is similar to requirements presently applicable to mutual investment funds, banks and insurance companies ... The proposed act would make available to employes vital information about the plans that are run for their welfare and retirement."

The secretary of labor, under the proposed bill, also would be given greater investigatory and enforcement powers.

Finally, the bill "would foster a body of uniform federal law in employe benefits protection." Nixon specified that "state laws that otherwise regulate banking, insurance and securities are expressly allowed to remain in effect."

The proposal is similar to one sent to Congress in 1968 by former Secretary of Labor Willard Wirtz in the final months of President Lyndon B. Johnson's administration. The Wirtz measure was pigeon-holed.

Nixon also urged Congress to act "without further delay" on three proposals he submitted last year dealing with manpower training, unemployment insurance and occupational safety and health."

The SDN Column

Unpredictable March weather has put this area in fine condition moisture-wise, but there is some bitter with the sweet.

Fruit trees were lured out early by day after day of warm sunshine in February. If any survived the hard freeze this week it is super hardy.

The recent rains provided excellent soil moisture for this season of the year, but little runoff for lakes and tanks. Now, there is a good season in the ground to spur early growth of weeds and other vegetation which could reduce runoff from future sprug rains.

The cold weather this week may have slowed the stirring of snakes, which usually come out of hibernation in early March in this area.

It is the season for rattlesnake "roundups," and several cities in the Southwest organize such events each year. Sweetwater's big snake hunt gets underway officially today.

★ ★ ★

The rattlesnake is one of four poisonous varieties found in Texas, the others being the copperhead, moccasin and coral snake.

The rattlesnake, of course, is the best known in this area.

Apparently the reptiles are prolific. The Texas Parks and Wildlife Department reports that most species of snakes native to Texas have maintained their population levels despite the highly-publicized snake hunts and "roundups."

The Bureau of the Census, now preparing to begin its 1970 head count, has passed along some interesting state and local figures. The first census in Texas was taken in 1850 and it accounted for 212,592 persons. By 1900 the Texas population had increased to 3,048,710, and by 1960 the figure had reached 9,579,677.

Scurry County's first census was taken in 1880. The count was 102. There was growth in each succeeding census here through 1910 when Scurry County had 10,924. Since then there has been an up and down pattern, with a decrease in 1920, an increase in 1930, a decrease in 1940, an increase in 1950, a decrease in 1960. The peak, so far as the official census is concerned, occurred in 1950, when the census was taken at the height of the oil boom here. The total for the county that year was 22,779. In 1960 this had dropped to 20,369. The conventional "barometers" indicated further decline in the first half of the sixties, with a reversal indicated about two years ago. It will be interesting to see what the 1970 official head count will be.

Today In History

By THE ASSOCIATED PRESS

Today is Friday, March 13, the 72nd day of 1970. There are 293 days left in the year.

Today's highlight in history:

On this date in 1938, Nazi Germany annexed Austria.

On this date:

In 1868, the impeachment hearing against President Andrew Johnson began in the U. S. Senate.

In 1925, a bill designed to forestall the teaching of evolution was signed into law in Tennessee.

In 1933, banks throughout the United States began to open after a bank holiday proclaimed a week earlier by President Franklin D. Roosevelt.

In 1939, Germany issued an ultimatum to Czechoslovakia.

In 1942, in the Pacific war, Japanese troops landed in the Solomon Islands.

In 1961, President John F. Kennedy called for an alliance for progress in the Western Hemisphere.

Ten years ago— A radio communications record was set when a Pioneer Five spacecraft sent back signals to earth from more than 400,000 miles in space.

Five years ago— President Lyndon B. Johnson said his Vietnam policy had been established by President Dwight D. Eisenhower and carried on by President John F. Kennedy.

One year ago— The U.S. Apollo 9 spacecraft made a safe landing after 10 days in earth orbit.

Starting time for Snyder High School's annual coronation ceremony has been changed from 8 o'clock to 7:30 tonight.

Mr. and Miss SHS will be crowned in the ceremonies in the Snyder High School Auditorium.

A dance in the cafeteria will follow the coronation.

Pace Slower In Industrial Drive

The pace had slowed in the Scurry County Industrial Foundation drive this morning. However, four more contributors were announced and the total advanced to $26,275.

Foundation officials hoped that the pace would quicken as the organization seeks to raise $100,000 for industrial development promotion here.

So far, all but a very small percentage of the contributors are business firms. The foundation hopes that individuals will respond as they did for the "I'm In" campaign.

Chill Numbs Texas Areas

By THE ASSOCIATED PRESS

It turned even colder before a warmup started in Texas today.

The chill nipped hardest at the Panhandle, where the mercury tumbled to 14 degrees above zero at Dalhart and Perryton. Temperatures dipped into the 20s and 30s at most other points, except for a few marks in the 40s down south.

Clearing skies after two days of snow or rain helped the cold snap take possibly its last sharp bite before the official arrival of spring a week hence. Clouds disappeared except for a few patches along the coast.

Forecasts promised clear to partly cloudy weather with a slow warming trend the next few days, also mentioning a possibility of a little rain in Central and East Texas by Monday or Tuesday.

ACROSS THE NATION

Bomb Threats Are Spreading

By JOE NICHOLSON JR.
Associated Press Writer

Explosions in Pittsburgh, Pa., and Washington, D.C., and fires of suspicious origin at two schools in Appleton, Wis., occurred today as bomb threats were taking place across the nation and after three bombings in New York.

Firemen in Appleton were called to Lawrence University, where newly named draft director Curtis Tarr was president until taking a Defense Department post as assistant secretary of the Air Force last June. President Nixon announced Thursday he would nominate Tarr as draft director.

A gasoline can was found near the wall of the ROTC building. Fire swept along the wall but did not get inside.

Telephoned threats of bombings disrupted public and private facilities in several cities Thursday after the three bombings in New York earlier in the day but none of the threatened bombs went off or were found.

But early today explosions ripped through a shopping mall in Pittsburgh a night club in Washington and in both cases police said bombs could be involved.

Police in Washington said an explosive of some type could have been used in the blast at the Celebrity Club though they did not rule out a gas leak as a possible cause. A floor of the club buckled, windows were knocked out and the kitchen was damaged. The bomb squad was investigating.

The Pittsburgh explosion destroyed a jewelry store, broke windows and damaged more than 20 other shops.

A fire at Appleton West High School was attributed by fire officials to incendiary devices thrown through the windows of a classroom and faculty room. A car was seen leaving the scene at high speed.

The bomb scares were tele-

BIG SPRING— Directors of the Colorado River Municipal Water District surveyed the water supply situation here Thursday and decided to continue operating as usual.

While lake levels have declined, the utilization of water in the Lake E. V. Spence system has increased reserves, said S. W. Freese, consulting engineer. Moreover, he said that the catch potential of the district now is three times what it was by reason of Lake Spence.

Freese said that there was enough on hand to carry the district through the year.

The district currently is pumping 17,000,000 gallons a day of Lake Spence water to Big Spring where it is mixed with Lake Thomas water.

If this should prove to be even a normal year for runoff, the district should have no worries about supply, said Freese.

O. H. Ivie, general manager, said that only one pump remains to be set and a few clean up jobs finished before the district can regard as a turnkey job its gigantic $34,500,000 expansion started in 1966.

Directors authorized the construction of a $4,200 base radio station at Spade pump station between Moss Creek and Lake Spence. They also authorized attendance of Ivie at the National Rivers and Harbors conference in Washington, D. C.

Cambodia Protests Viet Cong Troops

By PETER O'LOUGHLIN
Associated Press Writer

BANGKOK, Thailand (AP) — Mobs of Cambodians demonstrated today for the third day against North Vietnamese and Viet Cong troops using their country and raided the Vietnamese quarter of Phnom Penh, the capital informed sources in Bangkok said.

The crowds attacked houses and stores owned by Vietnamese and looted Roman Catholic churches. No deaths were reported, but at least four Vietnamese were reported hospitalized.

Cambodia's ruler, Prince Norodom Sihanouk, said in Paris that the demonstrations were the work of right-wingers trying to force his nation into "the American camp." But the Cambodian cabinet said the demonstrators were "worthy of praise," and the National Assembly made known that it "strongly supports" the demonstrators.

Prince Sihanouk, who has been on his annual health visit to France, said he would leave today for Phnom Penh but would stop on the way in Moscow and Peking, apparently to ask the Soviets and the Chinese to smooth over things between him and Hanoi.

The cabinet statement, broadcast by Radio Phnom Penh, said "several hundred thousand" residents of Phnom Penh had demonstrated to support the people of Svay Riang Province, which the Viet Cong have infiltrated heavily.

The National Assembly issued its statement after a 2½-hour emergency meeting, held Wednesday while demonstrators were protesting on the steps of the building.

"It is not true that the Viet Cong troops have taken refuge in our territory to avoid American pursuit," said Assemblyman Kaom Reth. "They have come to use our territory as their own."

Deputy Premier Sirik Matak told a news conference that he has proposed adding 10,000 more men to Cambodia's armed forces, which now total 49,000 men.

Prince Sirik said the government also had suspended a commercial agreement, providing for the sale of rice to the Viet Cong, until the latter indicates it will withdraw its troops. He said the government at the same time expressed its regrets to the North Vietnamese and Viet Cong for the initial demonstrations Wednesday in which both their embassies were attacked, but he declared that both must respect Cambodia's territorial sovereignty.

Cambodia is determined to remain neutral, he asserted, but at the same time it is resolved to defend itself against current threats.

Sirik concluded with an appeal to the people to keep calm. He said he had received reports that Catholic churches and private homes were looted.

"Maximum sentences will be imposed to stop looting and maintain order," he declared.

LBJ Returns To Ranch

By TED POWERS
Associated Press Writer

SAN ANTONIO, Tex. (AP) — Former President Lyndon B. Johnson returned to his ranch near Stonewall, Tex., today after nearly two weeks of treatment for hardening of the heart arteries, hospital authorities announced.

The hospital bulletin said Doctors have asked the former president to avoid strenuous or stressful activities and to obtain plenty of rest.

The bulletin quoted doctors as saying they believe the former president gradually can increase his activities to a normal level.

The former president returned to the ranch with Mrs. Johnson by automobile. He was flown from the ranch to the Army's Brooke General Hospital in a helicopter March 2 after chest pains began occurring Feb. 20.

Departure was made without prior notice. Doctors said they wanted as little scurrying about as possible when he left.

"The former president's vital signs have remained stable for the past several days and there has been no recurrence of the chest pains."

He went to the hospital and to his presidential suite atop the installation after recurring pains in his chest and in his left arm.

The pains often jolted Johnson awake at night.

Doctors said their main object was to prevent the ailment from leading to another heart attack such as the massive one he suffered in 1955 when he was Senate majority leader.

Houston To Host Miss Texas Pageant

HOUSTON (AP) — The annual Miss Texas-Universe Pageant will unfold here April 16-18 in the Houston Music Hall and will be televised over a 45-station network.

The pageant is under a newly franchised sponsor this year, Miss Texas-Universe Inc., and is guided by an eight member executive committee.

Miss Universe Inc. is the world's largest beauty pageant operation, producing both the Miss U.S.A. and Miss Universe pageants.

Good — Adverse — Neutral

Husband shuns his own advice

By Abigail Van Buren

(c) 1970 by Chicago Tribune-N. Y. News Synd., Inc.)

DEAR ABBY: This is not so much a problem, as a letter to illustrate a point, because if it should become a problem I will have to work out the solution myself.

In a nutshell, I am a married man who has never condoned "fooling around." I've always considered such activities wrong and potentially dangerous. But now I find myself in the midst of an affair with a single woman. It developed gradually [at work] with a few light-hearted exchanges and some laughs. I never realized how far it could go, until it got there.

I don't want to end it, not yet, at least. With a few lies and half-truths at home, the situation manages with ease.

Just a word of warning to other "straight-laced" husbands like myself. There is no such thing as a harmless flirtation.

THE [POST-] GRADUATE

DEAR GRADUATE: Since you are not willing to heed your own warning, you may expect the same kind of trouble you're warning other men to avoid. Doesn't make much sense. Your advice is so good. Why give it away? Use it yourself!

DEAR ABBY: About your hairdresser, Mr. Phyllis. You said what he did at home was HIS business. Well, the state law on beauty culture is not in agreement with you. It is illegal for a hairdresser to do hair outside the shop, unless it is marked as an appointment with a registered beauty shop.

FELLOW HAIRDRESSER IN MO.

DEAR FELLOW: Live and learn! And from the mail I received from other states, I think it's the same all over. [Better give that wet noodle a permanent.]

DEAR ABBY: My boyfriend does not get along well with his folks. Very often when he comes over in the evening he is in a very unpleasant, irritable mood, and he tells me he just had a "blow up" with his father, or an argument with his mother. As far as I know, his folks have been very good to him, sending him to college and doing lots of nice things for him at home which I know my folks don't do for us kids at home, yet we love them. My Mom is concerned and because of the frequency of these fights, I am also beginning to wonder whether he would make a good marriage risk. My Mom says that sooner or later he will vent his temper on me instead of on his folks.

I love him and he has always been kind and gentle to me, but I can't help wondering. What do you think?

WONDERING

DEAR WONDERING: I think you are wise to wonder. Either your boyfriend is very hard to get along with, or he needs to grow up. Don't make any "grown-up" decisions about him until you're sure.

DEAR ABBY: I wish I had the nerve to tell my husband myself, but since I haven't, I hope you will put this in your column. It seems the nearer to 40 he gets, the less he cares about his appearance and manners. He comes to the table [any meal] with no shirt, or even a T shirt, just bare-chested. On top of that, he is getting fatter and fatter. Abby, have you ever sat down to eat at a table with a man who is bare-chested and who has his stomach sticking way out to here? It's sort of repulsive.

Otherwise he is such a dear. Do not use my name or town as I harp on this in a round about way, but I don't want him to know that I wrote it.

BOTHERED

DEAR BOTHERED: Don't blame him if you are bothered by something which could so easily be remedied, but you lack the nerve to tell him. Speak up! [Suggested sentence: "Look, Tarzan, I love you, but please put on a shirt when you come to the table."] If that doesn't do it—well, at least you tried.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Guilford Topples Lumberjacks

KANSAS CITY (AP) — Guilford, N.C., wore the giant-killer's crown today in the NAIA basketball tournament.

The Guilford Quakers knocked out the nation's top-ranked small college team, Stephen F. Austin, 100-94 in the quarter-finals Thursday night, ending a two-season 33-game winning streak for the Texans.

Guilford will play Kentucky State at 8:45 p.m. CST tonight in the semifinals after Eastern New Mexico tangles with Central Washington at 7 p.m.

Eastern New Mexico pulled the tourney's next biggest surprise by upsetting second-seeded Maryland State 76-74 in overtime.

Greg Hyder, 6-foot-6 Eastern New Mexico senior, suffered two painful back injuries, but came back to battle. He scored 22 points, grabbed 16 rebounds, and in the overtime scored eight of his team's 11 points.

In other quarter-final games, Central Washington edged Jackson, Miss., State 72-70, and Kentucky State whipped Central State of Ohio 66-56.

Guilford did the job on SFA by outrebounding the bigger Lumberjacks 55-30 with terrific hustle. The Quakers limited SFA to a single shot, usually, while making three tip-in baskets and eight on follow shots for themselves.

Guilford's zone defense kept the ball away from SFA's big inside men. David Smith scored 36 points, M.L. Carr 27, and Jerry Crocker 25 for the Quakers.

BOMB

(Continued from page 1)

phoned Thursday to schools, private and government offices, a military training center, an industrial plant, a subway terminal and the United Nations building. No bombs were found.

Severe damage was caused Thursday by the bombings of the midtown Manhattan offices of Mobile Oil Corp., International Business Machines Corp., and General Telephone & Eletronics Corp. No one was hurt.

Soon after the bombings, a letter was received by United Press International from a group calling itself "Revolutionary Force 9" which said the bombings were a protest against corporation profiteering from the Vietnam war and "American imperialism in all of the third world."

New York police said they received 205 bomb threats Thursday after the explosions. An estimated 15,000 persons were affected by evacuations of at least 15 buildings during bomb searches. The United Nations building was searched without an evacuation.

Mayor John V. Lindsay called the bombings "Morally reprehensible, but self-defeating for those who presumably seek change through acts of terrorism." The City Council president, Sanford D. Garelik, a former chief inspector of police, called the city a battleground of "armed urban guerrillas."

In disruptions caused by bomb scares in other cities, all 2,700 workers at National Cash Register Co.'s main plant in Dayton, Ohio, were sent home while police searched for a reported bomb. An anonymous caller said a bomb had been placed at the plant to protest the Vietnam war.

Judge Rules On Parades

HOUSTON (AP) — A federal judge has ruled that the city of Houston must reconsider its denial of a parade permit to the Houston Peace Coalition.

The group had asked for a permit to stage a parade March 19 protesting the military draft.

Judge John B. Singleton ruled Thursday that the constitutionally protected right to assemble and communicate though was an ancient right that was not "chilled" by existing city statute but by bad faith enforcement.

A new city council policy would limit parades to those or civic charity, commemorative or memorial interest either locally or nationally, without political or commercial aspects.

Mayor Louie Welch said the city always has determined when and if the streets should be used for a parade and said he would like for a higher court to rule. He had not seen the seven page opinion when he addressed his news conference Thursday.

Heatly Race Probe Will Continue

By RICHARD BEENE
Associated Press Writer

SAN ANTONIO (AP) — A federal grand jury in Lubbock will be asked to continue a probe into the legislative race between powerful Rep. W. S. Heatly and the first opponents he has faced since 1964.

U.S. Dist. Judge Adrian Spears ordered transcripts of testimony and 11 sealed exhibits presented to the Lubbock jury when it meets in that West Texas city at 10:30 a.m. Tuesday.

Spears' move came after the federal grand jury here, which launched the investigation Feb. 10, recommended that it be continued.

The U.S. attorney here said he felt sure the Lubbock jury "will go forward with the investigation."

The San Antonio jurors heard four days of testimony from 17 witnesses as they investigated alleged pressure involving the race for Heatly's Dist. 80 North Texas House seat.

Heatly, 57, a Paducah Democrat, has been chairman of the House Appropriations Committee a record five times and is seeking his ninth term in the legislature.

He faces opposition in the Democratic party for the first time in six years and has a Republican opponent for the first time in his career as a state representative.

He was the last witness to appear before the grand jury here.

Other witnesses included state officials, bankers, businessmen —and his two opponents, Democrat Leon Williams of Quanah and Republican Zaci Fisher of Memphis.

Williams and Fisher have indicated they were pressured to quit the race shortly after announcing as candidates.

The San Antonio Grand Jury reviewed reams of transcribed testimony earlier this week and reported Thursday: "After a detailed consideration of the evidence presented to date, the grand jury has duly voted that this investigation should not be closed at this point."

Jury foreman William Todd told Judge Spears that if any indictments are to be returned, they should be considered by the grand jury for the Lubbock-Amarillo division of the Northern U.S. District of Texas.

Officials explained a court rule calls for indictments to be issued in the division of the district in which an offense occurred. The Lubbock-Amarillo division takes in at least parts of the area where the alleged incidents took place, they said.

Search Continues For Lone Bandit

SAINT JO, Tex. (AP) — Montague County sheriff's deputies hunted today for the lone bandit who held up the First National Bank in this North Texas town.

The robber, described as about six feet tall and wearing green coveralls, pulled a pistol and ordered teller Marion Brawner to empty her cash drawers Wednesday.

Bank officials and Sheriff Howard Middle estimated the gunman got away with $6,000 in currency.

Authorities said the man walked two blocks to a white car and fled.

Israeli Jets Pound Missile Base

By RONALD THOMSON
Associated Press Writer

TEL AVIV (AP) — Israeli planes flew deep into Egypt again today and pounded a Soviet-built missile base on the banks of the Nile 70 miles north of Cairo, the Israeli military command announced.

All the Israeli jets returned safely from the raid on the SA2 antiaircraft missile site at El Mansura, 45 miles west of the Suez Canal, the spokesman said.

It was the 15th strike by Israeli planes deep inside Egypt since the beginning of the year. The last one took place a week ago.

Israel's Ambassador to the United States, Yitzhak Rabin, arrived in Tel Aviv today for talks with Foreign Minister Abba Eban. Authoritative sources said Rabin was recalled to give his assessment of President Nixon's delay in announcing his promised decision on Israel's request for more Phantom and Skyhawk jets.

Earlier today in the occupied Gaza Strip, Arab guerrillas shot up an Israeli bus, wounding the 54-year-old Arab driver, the Israeli military command said.

Two Arabs jumped aboard the bus and fired about 20 rounds into the vehicle carrying Arab laborers to their jobs. The workers fled when the shooting broke

Telephone Company Has Male Operator

SAN FRANCISCO (AP) — When you dial "O" for operator and a man answers, don't hang up.

You will be speaking to Philip Grimes, only male operator currently employed by the Pacific Telephone Co.

Grimes, 22, and mustached, has been on the job two weeks at the Steiner Street central office, along with 35 girls.

He likes it, and the other operators like having him around, but he says some callers giggle or snort when he answers. Some ask, "Is there a strike on or something?"

Grimes said he is no pioneer or crusader. He needed a job, saw an advertisement for operators and applied.

Under the Civil Rights Act, sex discrimination in hiring is forbidden, so he was put to work.

Grimes said it is "interesting," but he does not intend to make it a career.

US Berets Attack V-Cong Hospital

By MICHAEL PUTZEL
Associated Press Writer

SAIGON (AP) — Government mercenaries led by U.S. Green Berets attacked a Viet Cong jungle hospital, killed 20 guards or staff members and captured 10 patients, reliable sources said today.

The attack was made six miles northwest of the Special Forces camp at Tien Phuoc, 40 miles south of Da Nang, apparently after receiving intelligence reports of the hospital's location.

The troops reportedly destroyed 10 buildings and more than 400 pounds of medicine. Ten rifles and a machine gun were captured, the sources said.

Allied spokesmen refused to confirm that the enemy position was a hospital, announcing in a communique that a battle at the site had resulted in 20 enemy killed, 10 captured and 10 houses destroyed.

No government casualties were reported in either account of the attack.

It was the second discovery in three weeks of a North Vietnamese hospital in the jungles of the northern 1st Corps area. Late last month South Vietnamese infantrymen uncovered an abandoned hospital they said was capable of treating up to 800 patients.

American forces searching through enemy base camp areas along the Cambodian border north of Saigon encountered sporadic resistance and withstood a heavy daylight shelling attack Thursday, military spokesmen reported.

But the U.S. Command said only that one of the four new actions resulted in American casualties.

Three Americans were killed and one was wounded when a 1st Air Cavalry Division unit was hit by an enemy force nine miles northwest of Song Be.

U.S. units have been operating in the remote jungled area for more than a week and have run into North Vietnamese units of varying size almost daily.

The U.S. Command reported another two Americans were killed early Thursday and five were wounded during a North Vietnamese attack on a government position at a highway bridge near Cam Lo, five miles south of the demilitarized zone.

Sources had said earlier that 30 enemy and seven South Vietnamese troops were killed in the attack.

The toll of U.S. helicopters lost climbed to 16 in the past week and by official count to 3,470 in the war with the announcement of three more losses: a UH1 Huey in which 10 Americans were killed and two light observation craft in which one man was killed and three were wounded.

Janitor Was Misinformed

PHILADELPHIA (AP) — Police, called to a north Philadelphia high school, arrived to find nine teen-agers carting out desks and chairs.

The boys and girls told police the janitor said "it was okay to help ourselves."

The janitor, William Barron, 42, admitted he told the youngsters, ages 12 to 14, they could take the furniture, police said.

"The city and the school board don't care what's going on in the schools," Barron told police.

Police recovered five desks and 10 chairs in a house-to-house search of the neighborhood Wednesday night. Four desks and four chairs still were missing.

Barron was charged with larceny by an employe.

PANTS TAKE OVER — (1) Go Western in a barrel leg pull-on knit pant in a lightly textured crepe stitch of Encron polyester. With it, Mr. Pants likes a touch of the cowboy in a long sleeved shirt with thick white embroidery down the front and at the cuff of the sleeves. (2) Jump into the newest knit sensation, a smooth, unbroken pant line that covers and clings from head to toe. (3) The dressmaker pant is a brand new way of pants-dressing. The peplum jacket, inspired by the '40s, has fitted, feminine cut, complete with bloused sleeves and soft flare over the hips. People Like Us poses the pelum over full, loose pants, all in Enron BodyCloth. (4) Sailor pant is a decidely trim look with its U-shaping seaming.

Every Figure Can Wear A Knit

By ARLEEN ABRAHAMS
AP Newsfeatures Writer

Everyone want to wear a knit these days. Why not? They're the greatest fashions going.

To make the most of knits, you have to know your figure type and the kinds of knits to wear.

Knits are body-conscious. But if your figure is less than perfect, there's no need to despair. Today's knits come in so many different weights, textures and degrees of clinginess that there's a knit for every figure type.

If you're tall, slim and sleek, or small-boned and firm, take advantage of your figure and show it off. The new slinky knits are for you—especially those lightweights knits that just pour over the body.

If your waist is small and your midriff is nice and flat (lucky girl) play up this feature—in a dress that makes a point of the wide cinched waist, in belted contrast or the newest '40s touch of smocking.

What if your mirror tells you you're not ready? Don't give up. The clingers still can be for you. Some of the best of the new easy little dresses are designed to be tied at the waist and lightly bloused—and that soft blouson effect does wonders to cover extra inches.

For fuller figures, double knits are best—soft and wearable, but with a little extra body—perhaps a lightly textured surface. Try these in some of the new long-line looks: low pull-down tunics, long easy cardigans and gently shaped dresses. Long loose vests are good, too. If your legs are your best asset, the flipp little pleated skirts are for you.

Pants, too, are more varied than ever this season. That means there are many flattering looks from which to choose. Legs are going straighter but there's more detail—new seaming, new cuts, and new kinds of tops to go with them that create a whole new dress-up category in a soft, feminine mood. A case in point is the loose, full-legged pant with its '40s inspired fitted peplum jacket that's ideal for after dark.

Today there's a knit for every occasion and a knit for everyone. It's all in knowing which ones are right so they can make the most of what you have.

KNITTED SHAPES OF SPRING — (5) Clever detailing calls attention to the top in this lively patchwork print. (6) For less than perfect figures, try this easy-supple dress in a super-soft mottle tie-dye print of Enkalure nylon, with simple band neckline, tiny pocket, and loosely bloused waist. (7) Cinch waist — or the smaller the better, of course. What better way to show it off than with a wide midriff-laced belt? (8) Pristine's cut tunic skims lightly over the body, where it meets a contrast pleated skirt for a long lean look. Designed by Alan Nelson for Wimzee in a crepe knit of Encron polyester. The long, fringed scarf breaks the solid line of color for a slimming effect; the side-placed large patch pocket — adds detail.

Here's the Answer

By ANDY LANG
AP NEWSFEATURES

Q.—We have grown tired of the wallpaper design in our bedroom and have decided to paint over it. The paper is securely attached to the wall and I don't think there will be any problem about it coming loose. What I want to know is whether any special type of paint must be used. The paper has a kind of light rose color. Will I have to put on two coats? Will the color in the paper bleed through?

A.—Generally, it is not a good idea to apply latex paint over wallpaper, since the water in the paint might loosen the paper. However, you can solve this problem and at the same time insure against the color coming through by applying a first coat of aluminum paint. One coat of your selected color then may be sufficient, but you'll have to judge for yourself after the paint has been applied and allowed to dry. Either laytex or solvent-thinned paint may be used over the aluminum covering.

Q.—I carefully sanded a varnished table, then put on a coat of lacquer. It produced a bubbly effect and now the whole table top is ruined. Is there anything I can do to restore the top?

A.—There's no solution except to use a commercial remover to get off all the old finish. You can then apply whatever finish you wish. But never apply lacquer over a varnished or painted surface.

Q.—I made a wood cabinet some years ago. Since the wood was walnut, I used a wood filler to close the pores, but found it a very tedious job. I now have a chest of drawers made of birch. Is there any way I can avoid using wood filler?

A.—Although it is sometimes done, it is not necessary to use a regular wood filler on birch. Its tiny pores (as compared with oak and walnut) can be filled with a liquid sealer if desired.

Q.—Our large wooden salad bowl, which we have had for many years, is losing whatever finish it had. How can it be refinished so that no taste of the finishing material will get into the salad?

A.—Rub the bowl with a very fine grade of sandpaper. Brush away all grit. Apply linseed oil to the inside and outside surfaces, wiping off any excess. Using a dry, clean cloth, rub the oil well into the wood. Place the bowl where fresh air can get at it and leave it there for a couple of days. It then is ready for use. The finish will last a long time if the bowl is dried immediately each time it is washed with cold water. Never let it soak in water and never, never put it in a dishwasher.

Frederick II Recalled In Adventurous Novel

ANTICHRIST. By Cecelia Holland, Atheneum. $6.95.

Here is a lusty, adventurous historical novel about a now forgotten figure of the Middle Ages, Emperor Frederick II.

Frederick is from Sicily (meaning, in those days, a large part of Italy as well). He has been crowned Emperor in Germany and has returned to conduct a feud with Pope Gregory, who for the third time has excommunicated him.

Frederick's goal in this story is to go on a crusade, not so much military as political, to gain Jerusalem for the Christians. Amid much conniving, he reaches Cyprus and then Jaffa, and finally in Jerusalem crowns himself king of that city.

There is a romantic element in the story when Frederick finds a Greek dancing girl, Theophano, and makes her his mistress.

Miss Holland has written her fifth novel of ancient days. She began with a tale of the Norman conquest, and followed it with blood-thumphing stories of the Turkish-Magyar wars, the invasions of the Siberian raiders and other medieval narratives.

She has made Frederick II a charismatic, wondrous, outrageous, mercurial and wholly intriguing character. She has a gift for making history come alive. Once again this is a novel that will excite everyone with a taste for the wonders of life in centuries past.

Ex-Convict In Bogus Bills Case

DALLAS (AP) — Ex-convict Vernon Morales, 30, Wednesday became the 11th person convicted in a case involving $100,000 in counterfeit bills printed in Dallas a year ago.

Morales was charged with possessing 401 of the bogus bills.

Asst. U.S. Atty. Cecil Emerson said a substantial amount of the bogus bills had been recovered but some apparently remain in circulation.

Sentencing of Morales was set for March 19.

NY Stock Exchange May Establish A Mutual Fund

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — The New York Stock Exchange is considering a suggestion to establish a mutual fund that would be tied to the Big Board's daily stock index. The fund would include shares in every stock on the exchange.

Such a fund would simply rise and fall with the market, doing no better nor worse than the widely followed index.

Unlike all other funds, which represent only a percentage of the market, it would be so broadly based as to represent, in effect, an investment in the economy itself.

How shares would be sold has not been determined, although presumably they would be distributed by member firms of the exchange.

Exchange sources say the idea was proposed from without as a vehicle for small investor participation in the market. They said its staff is looking at it, but they declined to name the source of the suggestion.

Although a feasibility study would be needed before a firm decision could be made, industry sources say the suggestion isn't being treated lightly. It could be one means of encouraging the small investor to remain active.

In recent months some brokerage houses have discouraged trading in small accounts, convinced that they are too costly to handle.

Some houses, in fact, now penalize registered representatives for accepting small orders. Some ground floor brokerage offices have quietly removed the benches and big boards customarily used by kibitzing small investors.

Sympathetic with the cost problems of its members, the NYSE already has proposed that small investor rates be raised, and the matter is now being worked out with the Securities and Exchange Commission.

Despite this, the industry seemingly needs the small investor badly in order to maintain fluidity. Buy and sell orders for large blocks of stock, such as traded by institutions, often are difficult to match and tend to force sharp price changes.

The orders of small investors give a steady flow of activity and a random assortment of prices, permitting easier matching of orders. A multitude of small orders is, in fact, the best assurance that trades can be made smoothly.

The NYSE has been concerned about losing rank and file business but some critics maintain that its advocacy of higher commission rates on small orders will aggravate the already disturbing situation.

The exchange maintains, however, that higher charges on small orders will encourage brokers to again go after the business of the ordinary investor and that in the long run better service will be the result.

Junior Editors Quiz on FIGUREHEADS

QUESTION: *Why do old-time sailing ships have half a lady on the front of their ships?*

* * *

ANSWER: To the old time sailing men, their ships were so important that they seemed almost alive. The beginning of ship decorating and figureheads seems to have been in Egypt or India. At first an eye was painted on the bow. The simple seafarers of that day felt the ship would be better able to spy out a safe course. The Greeks and Romans also followed this custom (1) and elaborated on it by placing statues in parts of the ship. It is thought that the habit of displaying a female figure may have come from the Greek Athenians, using a statue of the goddess Athena on the bows of their ships. The famous "Winged Victory" set up on land to celebrate a naval victory (2) shows how a figure can symbolize the forward movement of the ship. In Renaissance days, ships were covered with carving to bear witness to the wealth and power of the nations to which they belonged. A beautiful figure was thought to bring good luck to the ship, and so, individual ship owners came to include a figure or half figure, even if they couldn't afford other carvings. To many old seamen, to ship on a vessel without a figurehead would have been unthinkable.

Refrigerator Intrigues Family Cat

By HAL BOYLE

NEW YORK (AP) — Every creature probably has its own idea of heaven.

Paradise to our family cat Lady Dottie, I am convinced, lies in our refrigerator. That is what she is forever trying to poke her nose into.

To her, the refrigerator is a Land of Plenty, a cool Eden stocked with endless goodies. But no matter what I take out of it to feed her, she gives me a melancholy look that says: "If you's just let me get in there myself, I'm sure I could find something better."

Sometimes when I come home from work I find Lady Dottie bunched comfortably on her paws on the kitchen floor staring worshipfully up at the refrigerator as if it were her idol. Who can say that it is not?

Lady Dottie is now 13. If you multiply that by seven, the common method of finding the human equivalent of an animal's age, she is 91.

I must say she doesn't look it. She is growing old quite gracefully. She still has all her claws and teeth, has plenty of bounce in her pounce and retains her interest in the world around her.

As a matter of fact, her curiosity, far from drying up, is growing steadily. Her whiskers and black-dotted nose research everything that comes into or goes out of our apartment. We can't even open a package, even if it is addressed to us, not her, without Lady Dottie trying to climb into it first. She simply assumes it must be for her.

It is a mark of wisdom in a human being to achieve a stoic serenity in the darkening twilight of age. In that respect Lady Dottie is a wise cat indeed.

Sometimes as I watch her stare calmly from her window perch at the world outside, I feel that she has been greatly cheated in life by having missed many of the wild pleasures known to roaming cats.

But if she has been robbed of much of her feline birthright, Lady Dottie shows no resentment. She has not been made neurotic by these denials of her freedom.

Born into a world she never made, she has made a world of her own turned an 8th floor apartment into her personal empire.

As she heads deeper into old age, still able of body and serene of spirit, Lady Dottie seems to have only one frustrated ambition. Sometime, somehow, she'd like to get that refrigerator door open by herself, jump in, and spend a night alone in gourmet revelry.

Marijuana Seized At Big Spring

BIG SPRING, Tex. (AP) — Postal authorities and federal narcotics agents at Big Spring seized two pounds of marijuana Wednesday. It had been shipped in a record player.

The officers said about half of the marijuana was in the speaker while the rest was wrapped around the turntable.

The package had been mailed from Vietnam.

Telephone Service Restored At Laredo

LAREDO, Tex. (AP) — Telephone service between San Antonio and Laredo was restored Wednesday afternoon following a two-hour and 40-minute interruption when a construction crew severed a cable.

A spokesman for Southwestern Bell Telephone Co. said the cut also affected service in the Laredo area.

Communities nearby were able to call Laredo, the spokesman said, but Laredo operators were unable to complete outgoing calls.

Thinlies Ready For Lubbock Invitational

Snyder High School's talented track team will come up against some stiff opposition again this weekend at the Lubbock Invitational Track meet Saturday where they will be vying against the strongest Class AAA teams in West Texas as well as several teams in District 3-AAA.

The Bengals appearance in Lubbock, however, hinges on the weather. There was snow on the ground there yesterday. Unless it melts by Saturday, the Meet probably will be canceled or postponed.

Last week, the Tigers met some tough foes and they fared right well, copping second place at the big Canyon Reef Meet here. Dumas' Demons, a team that is strong in the relay events, finished first. Snyder dominated the field events, but couldn't offset the Demons' advantage in the relays.

Coach Bill Hartsfield of the Tigers said he was generally well-pleased with the performance of the SHS lads.

Mark Gilstrap, Herbert Hodges, Johnny Spears and Jeff Stewart all won blue ribbons in field events. Spears' performance perhaps was the biggest surprise. He has made steady progress all year, but few persons thought he would win the broad jump. Gilstrap's victory in the pole vault also must be classified as a pleasant surprise. He has only been working out with the pole for about a week. Herbert Hodges, a senior letterman, was expected to be strong in the shot and discus events this year, and he came through in fine style, winning the discus and placing fourth in the shot. Stewart, a junior, is a good example of what hard work and determination can do. He won the high jump.

With continued improvement in the sprints and the relays, the Bengals could give Estacado, Dunbar and Sweetwater a run for the district marbles this year.

Possible entries in the various events:

100 yard dash — Willis Harrison, Gary Shields and Randy Beard.

220 yard dash — Harrison and Leon McKnight.

440 yard dash — Davie Wittie and Johnny Spears.

880 yard run — Freddy Murphy and Joe Martinez.

mile run — Craig Allred.

mile relay — Spears, Wittie, Murphy, McKnight.

440 relay — Larry Allen, Harrison, McKnight and Steve Pierce.

high hurdles — Gary Patterson, Norman Davis.

intermediate hurdles — Allen.

high jump — Jeff Stewart.

long jump — McKnight and Spears.

shot put — Herbert Hodges, Jerry McKinney and Mike Line.

discus — Hodges, McKinney and Line.

pole vault — Mark Gilstrap and Billy Sullenger.

Junior High Teams Have Tough Time

BIG SPRING — Snyder Junior High volleyball teams had a tough time here yesterday, dropping four of five matches.

Lamar 8th was the only winner, besting Runnels 5-15, 15-9, 15-3. Lamar 9th lost to the Big Spring Gold team 12-15, 2-15.

Travis 8th B was beaten by Goliad 7-15, 2-15. Debra Collins scored three points for Travis, and so did Joan Tippens.

Travis 8th A lost 3-15, 13-15 to Goliad, although Sue Jane Sullivan scored five points for the local girls.

Goliad beat Travis 9th 15-8, 15-2, Marci McCormick and Belia Rodriguez tallied three points each for Travis.

Travis meets Lamar on the Texan court at 4 p.m. Thursday.

Lamar 9th meets Big Spring Gold again at 5:30 p.m. Monday here while Lamar 8th hosts Runnels again at 4:30 p.m. Tuesday.

GOLF TEAM — The Snyder High School golf team placed second in the big Canyon Reef Tournament here last weekend and will be gunning for a first place trophy at Sweetwater this weekend. Team members are, from left to right, Front Row, Steve Boydstun, Bo Lovell, Terry Rannefeld, Mitch Butler, Tod Lambert and Sammy Baker; and, Second Row, Art Kidd, Mark Zeck, Ronald Ward, Phil Ator, Steve Weyel, Mike Kerley and Coach J. P. Ward. Not pictured is Glen Rambin.

Lobos Host Tigers In Doubleheader

Snyder's Tigers, rained out last week at San Angelo, get a chance to add to their victory string at Monahans this week. The Bengals meet Monahans' Lobos in a doubleheader at 1 p.m. Saturday in Monahans.

"They beat us twice last year," recalled Tiger Coach Speedy Moffett, "and I feel they'll be tough again."

Two strong-armed senior right-handers will handle the mound chores for Snyder. Merce Hernandez will pitch the first game and Jim Patrick will work the second one.

Moffett listed probable starters for the first game, according to batting order, as follows:

Randy Levens 3b, Wesley Bishop 2b, Larry Wall c, Merce Hernandez p, Stewart Sims ss, David Thompson cf, Albert Hernandez rf, Jackie Murray 1b, and James Hood 1f.

Snyder opened the campaign here last week with a 3-0 decision over Odessa Permian. The tournament at San Angelo was cancelled due to weather conditions, and the tilt with Abilene Cooper, scheduled here earlier this week, also was called off on account of the weather. Thus the Bengals are 1-0 for the season.

Rich Yunkus In NIT Spotlight

NEW YORK (AP) — With Pete Maravich resting for his Sunday television appearance, Rich Yunkus takes first crack at the spotlight tonight when he leads Georgia Tech against Duquesne in the opening game of the 33rd National Invitation Basketball Tournament.

The Engineers, 16-9, will be making their first NIT showing in Madison Square Garden against the veteran Dukes, 17-6, who have been in 12 previous tourneys.

Yunkus, a 6-foot-9½ junior with a 30.5 point a game average, is one of the highly-touted players in the tournament, but he could have his hands full against Dukes y-10 twins, Barry and Garry Nelson.

On the same doubleheader, St. John's, 18-7, which has won this tournament four times and is making its 19th appearance here, will be favored against Miami of Ohio, 16-7, in a battle of defensive clubs. Miami ranks fifth in the country on defense, St. John's eighth.

Maravich, major college basketball's all-time high scorer and with a 46.5 average this season, doesn't tarn on Louisiana State's high-powered offense — fourth in the country at 94.8 a game — until the first game of Sunday afternoon's doubleheader. The Tigers 20-8, face darkhorse, Georgetown, D.C., 18-7, in a nationally televised contest at 1 p.m., EST.

In the nightcap, the final game of the first round, Louisville, 18-8, with center Mike Grosso, faces Oklahoma, 18-8.

On Saturday, Manhattan, 17-7, meets North Carolina, 18-8, and Army, 19-5, takes on Cincinnati, 21-5, in an afternoon twinbill, and Duke, 17-8, squares off against Utah, 17-9, and Marquette, 22-3, opposes Massachusetts, 18-6, in the night doubleheader.

The winners Friday night meet in one quarter-final Monday night and the Saturday afternoon victors meet in the other in one bracket.

Saturday night's winners meet in one of Tuesday night's quarter-finals and the Sunday winners in the other in the lower bracket.

Wheatley Seeks 3rd State Cage Crown

AUSTIN (AP) — Even without the awesome presence of Houston Wheatley, the Class AAAA division at the state schoolboy basketball tournament today and Saturday could be the best ever.

But with Wheatley, winners of 60 straight games over the past two seasons, there seems little doubt fans may get a glimpse of the best basketball ever played in the Texas high school state meet.

Wheatley, featuring seven players who have been together for six years through junior and senior high school, has won two consecutive state championships and a third would be a record.

The Wheatley players quit counting after winning more than 90 games without a loss in junior high, and since they entered high school they have lost only twice in 100 games.

"I think we have a good chance at another state title, because I believe we're the best," says Dwight "Big D" Jones, a 6-foot-10 senior who is starting for the third year.

The test should come early, when Wheatley meets Dallas Thomas Jefferson Friday night in the semi-finals.

That will follow Friday afternoon's opener between Carrollton Turner and Austin Johnston.

Jefferson survived the toughest regional competition in squeezing past Fort Worth Terrell, 101-99, in three overtimes, and strong Spring Branch Memorial, 59-54.

The Rebels, 30-6, appear to have another bunch of slick ballhandlers who can pop the cords from any spot on the floor and are not afraid to mix it up under the basket.

"If Wheatley thinks we are going to lay down just because they come out on the court, they're crazy," says Jefferson's Bobby McKey, the key player to breaking the sticky Wheatley full-court press which accounted for 44 points in two regional victories.

Carrollton, known chiefly for football and as the hometown of Arkansas' star quarterback Bill Montgomery, brings a speedy squad to the tournament which has won 36 and lost only 2 games this season.

Johnston, only the third Austin school ever to reach the state tournament, is the surprise team.

The Rams were not given much of a chance against Strong San Antonio Brackenridge in the regional playoffs, but they overcame a 10-point deficit in the fourth quarter to whip Brackenridge, 65-62, and run their season record to 29-2.

In that game Johnston's quick-handed defense forced Brackenridge to lose the ball 24 times without getting a shot.

The Class B championship will be settled among Henrietta Midway, with a season record of 44-1; Chester, 25-9; Larue-Lapoyner, 39-7; and Ackerly Sands, 25-7.

In the first weekend of the tournament, March 6-7, defending champion Kerrville beat Cypress-Fairbanks, 81-68, in Class AAA; Kountze edged Taft, 75-73, for the AA title; and Kennard whipped Clarendon, 72-66, for the Class A championship.

Hartford has been the capital of Connecticut since 1639.

"Cats, Bruins Move One Step Closer

Kentucky and UCLA, the country's top two ranking teams, are a step closer to a showdown battle next week for the national collegiate basketball championship.

Kentucky, ranked No. 1 in the final Associated Press poll of the season, came from behind to beat Notre Dame 109-99 in the Mideast regionals of the NCAA tourney at Columbus, Ohio, Thursday night.

UCLA, striving for its fourth straight national title and its sixth in seven years, shattered the 19-game winning streak of Long Beach State 88-65 in the West regionals at Seattle.

Jacksonville ended Iowa's 16-game winning streak 104-103, Villanova thumped Niagara 98-73, St. Bonaventure overpowered N.C. State 80-68, Drake beat Houston 92-87, New Mexico State overcame Kansas State 70-66 and Utah State shaded Santa Clara 69-68 in the other NCAA regional games.

The results set up these pairings for the national quarter-finals in the four regional finals Saturday afternoon:

East at Columbia, S.C., 2:10 p.m., EST, St. Bonaventure, 24-1, vs. Villanova, 22-6.

Mideast at Columbus, Ohio, 4:05 p.m., EST, Kentucky, 26-1, vs. Jacksonville, 25-1.

Midwest at Lawrence, Kan., 4:10 p.m., EST, Drake, 22-6, vs. New Mexico State, 25-2.

West at Seattle, 6:05 p.m., EST, UCLA, 25-2, vs. Utah State, 22-6.

The winners of these four games move on to College Park, Md., for the semifinals and championship game Thursday and Saturday of next week, March 19-21. Thus Kentucky and UCLA each are only two victories away from meeting for the national title March 21.

The veteran Baron of the Bluegrass, 68-year-old coach Adolph Rupp, who would dearly love to win a fifth national title to match Johnny Wooden, the UCLA mentor, saw his Kentucky Wildcats rally from a 53-48 halftime ddeficit to beat Notre Dame.

Dan Issel led the Wildcats' rally. He tallied 44 points, 24 of them in the second half, to help offset the 52 tossed in by Austin Carr of Notre Dame.

"One of our problems was that we were not getting the ball to Issel," Rupp said. "So I told the boys 'I don't know whether you noticed it or not, but he's got on a Kentucky jersey.' Once we got the ball to Issel we got some points."

"I thought we might do it, but we simply ran out of gas," said Johnny Dee, NotreDame coach. "Kentucky is No. 1 until someone proves differently."

Jacksonville will try to prove differently Saturday. The Dolphins, virtually unknown at the start of the season, knocked off Iowa's Big Ten champions on Pembrook Burrows' tap-in of a rebound with two seconds left. The basket erased the 103-102 lead the Hawkeyes had taken on Fred Brown's goal with 18 seconds on the clock.

Burrows, a 7-footer, filled the gap with 7-2 Artis Gilmore of Jacksonville fouled out with eight minutes to play after scoring 30 points.

"The turning point came when Gilmore fouled out," said Ralph Miller, Iowa coach. "We became careless on defense."

Henry Bibby's outside shooting that accounted for 20 points overcame Long Beach's zone defense as UCLA crushed the 49ers after Utah State nipped Santa Clara on Ed Epps' jumper with 10 seconds left followed by a game-saving steal by Nate Williams.

"I was very well pleased, particularly with our defense," said Coach Wooden of UCLA. "We kept them from the inside and attacked their zone very well. I would not have guessed that it would be this easy."

New Mexico State blew a 17-point lead, but rallied behind Jimmy Collins and Sam Lacey, to beat Kansas State. Drake staved off a Houston rally in the closing minutes to beat the Cougars in the Midwest regionals at Lawrence, Kan. Collins' 23 points paced the Aggies. Al Williams led Drake with 24.

St. Bonaventure and Villanova had little trouble in beating N.C. State and Niagara in the East regionals at Columbia, S.C. Big 6-11 Bob Lanier led the Bonnies with 24 points, 19 rebounds and numerous blocked shots. Howard Porter's 29 points led Villanova. Niagara's Calvin Murphy was held to 18 points.

The NIT, the other major postseason tourney, opens tonight in New York with Georgia Tech meeting Duquesne and St. John's, N.Y., pitted against Miami of Ohio.

In the small college tourneys, the NCAA college division title is at stake tonight at Evansville, Ind. where Philadelphia Textile and Tennessee State play for the championship.

Textile beat California, Riverside, 79-63, and Tennessee State whipped Buffalo State 101-80 in Thursday's semifinals.

The 29-game winning streak of Stephen F. Austin, the No. 1 team in the final AP small college poll, was snapped by Guilford 100-94 in the NAIA quarter-finals at Kansas City.

Eastern New Mexico beat Maryland State 76-74 in overtime, Central Washington shaded Jackson State 72-70 and Kentucky State downed Central State of Ohio 66-56 in the other NAIA quarter-finals.

resounding reasons why you should buy a new Chevrolet instead of a new something else:

1 Higher resale value. Year after year. No other car in Chevrolet's field gives you as much back on your initial investment.

2 Deep down value. Exclusives like flush-and-dry rocker panels and an extra set of fenders keep Chevrolet looking good longer.

3 Smooth, smooth ride. Because of Chevrolet's computer selected springs, Full Coil suspension and advanced-body mounting system.

4 Impressive styling. The impression is that it's an expensive car, if you want to make an impression.

5 Massive interiors. Result? Room to stretch out or to sit tall. Chevrolet has more front leg room than any other car in its field.

6 Side-guard beams. Chevrolet puts more between you and the outside. Steel beams built into every door.

7 A finish that lasts. It's unfortunate other cars in Chevy's field don't have a Magic-Mirror finish because it sure keeps its shine.

8 Exceptional engines. Chevrolet's standard 350-cubic-inch V8 runs on regular fuel. Plus there are five more engines available.

9 Tremendous selection. Of colors. Of accessories. Of engines. Of transmissions. Of fabrics. And of models. There are nine big Chevrolets alone.

10 America's favorite. Something a new "something else" can't claim. If actions speak louder than words, doesn't this say something to you?

LA Has Lowest Heart Disease Rate

LOS ANGELES (AP) — Bel-Air, one of the most affluent residential sections of Los Angeles, has the lowest heart disease rate among 76 Los Angeles County areas studied by a university research team.

Results of a University of California at Los Angeles survey, made public Thursday, showed residents of the district-technically part of West Los Angeles-showed the death rate for males was 249 per 100,000 and 104 per 100,000 for females.

The California death rate from heart disease is 332 per 100,000 population.

Others attending the courses are Rev. Quinton Montgomery, Travis Shelton, and Mr. and Mrs. Fred Boatman. These will receive instruction in preparation for the Associational School that has been set for May 12. The conferences will be held at the Bethel Baptist Church.

Be still

"And when they had platted a crown of thorns, they put it upon his head." St. Matthew 27:29.

Rulers through the ages have donned the golden crown,
But their many loyal houses in time have tumbled down.
The crowns of laurel or roses only last a day,
And hardly have they withered when they are cast away.
But He who had a crown of thorns and made a cross a throne
Changed that wreath into a light and made manhins His own!

WILL CURTIS

Dunn United Meth

Worship will be celebrated at 9,30 a.m. The pastor, Bobby J. McMillan will base his sermon on Isaiah 53 which speaks of the Suffering Servant. This is passion Sunday, a day in which emphasis centers upon the role of the suffering of the Lord and the church's present-day participation in that suffering ministry. A trio from Trinity will present a special, "Lonely Voices," at this service. Church School will begin at 10,30 a.m.

Nazarene

Sunday School will begin at 9:45 a.m. at the Church of the Nazarere. There are classes for all ages. Oliver Butler is the Sunday School Superintendent.

Morning worship service will begin at 11 a.m. The Rev. Oscar Cogdill will be in charge of the services.

Youth services are held each Sunday at 6:30 p.m. W. M. Stephend is president of NYPS. Evening worship follows the youth service, with Rev. Cogdill bringing the message.

Prayer services are held at 7:30 p.m. Wednesday.

Driver Training Set For Inmates

LAGRANGE, Ky. (AP) — Driver training instruction has been set up for inmates about to be released from the Kentucky State Reformatory.

Warden James Howard said those eligible for the training lost their driver permits while in prison.

Alcoholism Study Set

Dr. Lee Butler, chaplain of the Big Spring State Hospital, has invited all ministers of the Scurry and Borden County areas to participate in the West Texas Conference on Alcoholism to be held Monday through Wednesday.

The conference begins at 1 p.m. Monday and the first session concludes at 5 p.m. On Tuesday, it will begin at 8 a.m. and continue to 5 p.m. The Wednesday schedule will be from 8 a.m. to noon. Dr. Butler said the Tuesday afternoon session probably will be of particular interest to ministers, although they are encouraged to attend the entire conference.

Church Unity Move Is Pushed

By GEORGE W. CORNELL
AP Religion Writer

ST. LOUIS (AP) — A move was pressed today to augment Negro leadership in a projected new united church embracing several wings of Protestantism, both black and white.

The Rev. Charles S. Spivey, a New York black churchman, proposed a requirement for interracial rotation of bishops in a move Thursday night at the week-long Consultation on Church Union. Action on the matter was deferred.

Only hours before, church representatives unanimously approved a stipulation limiting the national presiding bishop to eight years in office, and requiring that the post be filled alternately by bishops of different racial backgrounds.

Dr. Spivey's motion was to apply the same provisions at community, district and regional levels.

Previously, several black churchmen, including those on the commission that drafted the union plan, had strongly backed a provision that the first presiding bishop be black.

But they turned against that approach, and it was eliminated, after the Rev. Othal H. Lakey, a black pastor of Dallas, said "it smacks of mere tokenism."

Nine denominations, with a total of 25 million members, are involved in the project.

Three are black denominations, all branches of Methodism, with a total of about 3 million members.

Gale Rites At C-City

Funeral service has been set for 2 p.m. Saturday in the Kiker and Son Funeral Home Cahpel in Colorado City for Mrs. R. L. Gale, 80. Mrs. Gale, a native of Ira, died at 3:50 a.m. Thursday in Root Memorial Hospital in Colorado City.

The Rev. Larry Lakey, pastor of the First Assembly of God Church in Colorado City, will officiate at the funeral service. Burial will be in the Ira Cemetery, under direction of Kiker and Som.

Mrs. Gale was married on Jan. 2, 1910, at Ira to Robert Louis Gale. He preceded her in death in 1933.

Surviving are three sons, Henry Gale of Prescott, Ariz., Thomas Gale of Colorado City and David Gale of Odessa; four sisters, Mrs. Simon Best and Mrs. Beulah Lewis, both of Snyder, Mrs. Jack McMurren of Cottonwood, Ariz., and Mrs. Lucy Maxwell of Miami, Ariz.; seven grandchildren and nine great-grandchildren.

Rites Are Set For Former Resident

Word has been received here of the death of Trannie E. Myers, 84, who lived in Hawley. Mrs. Myers was a former resident of Snyder. She died Thursday morning in Hendrick Memorial Hospital in Abilene. Funeral services have been set for 10 a.m. Saturday at Elliott Funeral Home Chapel in Abilene.

Mrs. Myers is survived by two daughters, Mrs. Ted Jones, of Snyder and Mrs. Melton Martin of Hawley; two sons, Allen of Abilene and Hubert of Ft. Worth.

Child Perishes In Car Fire

DALLAS (AP) — Flames killed 16-month-old Patricia Ann Butler on the back seat of a parked car Thursday.

The fire broke out while the mother, Mrs. Clifford Butler, 23, was a few feet away delivering a check to her husband in the auto painting firm where he works.

Two other children—David, 4, and Devon, 5—escaped.

The hot blaze drove back rescuers trying to reach the baby.

Fire Lt. Carl Smith said the 5-year-old boy told questioners he struck wooden matches left in the car, igniting newspapers and clothing on the floor.

False Alarm

CALCUTTA, India (AP) — Police rushed to a Calcutta bank after receiving reports that a box containing dynamite had been found there. The box was located and carefully placed in a tub of water. An explosives expert opened the box and found it was filled with soap.

Man Has Unusual Sport

EISENSTADT, Austria (AP) — A man trying to steal eggs from a neighbor's hen coop fell off the ladder and died later in the hospital of internal injuries.

Police said the man had no need to steal, but probably considered the egg-snatching a sport.

...and you, too, will need it when you pass through the valley of the shadow. We grope blindly through this world as we trample law and order, and the blessings of an Almighty God. We black-out God and every opportunity to do good. The family, the church, the state will suffer for our sins of omission...our failure to possess the earth. Our goal is not the mark of the high calling which is in Christ Jesus. We know He is the light of the world but we don't care to possess it. It is dark about us and apparently we are glad of it. *It is dark about us because we choose darkness rather than light.* Regular attendance at church could make the dark situation light again.
