Repairs Hearts

CAPE TOWN, South Africa (AP) — The latest addition to Prof. Christiaan Barnard's heart transplant team was selected for her skill as a seamstress.

Laurette van Neikerk sews together various parts of the heart valves of pigs which are grafted into human hearts.

"I think they just wanted someone who can sew well, someone who can handle a needle with patience and perservance," she said.

Mrs. van Neikerk has made about 20 valves in the few weeks she has been with the University of Cape Town's Medical School.

"Sewing them takes only an hour, but there is a lot of preparatory work to do beforehand.

"First of all the valve is cleaned with all the surplus flesh removed and then it is sterilized. Then it comes to me and it has to be sewn to a special valve made beforehand of tissue that the body will not reject."

The tissue is a dacron material, she said, and the completed wire - framed valve is about three quarters of an inch in diameter. They replace malfunctioning human valves.

POSTAL CUTBACKS TOLD— Postmaster General W. Marvin Watson, above, told the Senate Post Office Committee in Washington, D.C., of cutbacks in postal services which would be required by a forced reduction in personnel. (AP Wirephoto)

HEAVILY ARMED SNIPERS ATTACK

Ten Killed In Cleveland

By LEE LINDER
Associated Press Writer

CLEVELAND, Ohio (AP) — Snipers armed with rifles, shotguns, carbines and bayonets opened fire on a police tow truck at the start of a night of terror that left 10 persons dead, including three policemen.

Four thousand National Guardsmen patrolled the area today, restoring at least surface calm to the East Side Negro neighborhood that saw burning and looting follow the outburst of shooting Tuesday night.

The battle started, according to police, when the snipers opened fire on policemen removing an abandoned auto. Three officers fell dead.

The coroner listed seven Negros among the victims and police said two of them were snipers.

Whether the other dead were bystanders, participants, or were in their homes when struck down by ricochetting bullets couldn't be immediately determined.

The outbreak also produced:

—19 injured, 11 of them policemen, one of whom remained in critical condition with a gun wound.

—50 arrests, about half on looting charges. Others were held for breach of peace, conspiracy, carrying concealed deadly weapons.

—About 200 homeless, from blazes started by fire bombs.

—An unofficial damage estimate of over $100,000, mostly for buildings and their contents, and for several burned-out autos.

—A halt in the sale of alcholic beverages in Cleveland and surrounding suburbs.

—Mobilization of all of Ohio's 15,250 National Guardsmen with 4,000 dispatched immediately to the state's biggest city to help keep order.

The three-hour firefight with police began when the police tow truck rode up to Beulah Avenue and 123rd Street to "pick up a piece of junk."

The calm of the hot summer night—the temperature was 80—was shattered when bullets began pouring from rooftops, windows, from behind bushes—and police rushed in many more men.

It ended, except for the occasional crack of a gun shot, just before a heavy thundershower about midnight cooled off the steaming streets and dampened some blazes started by fire bombs.

Police armed with rifles joined National Guardsmen on patrol today.

The shooting began, witnesses said, when two Negro snipers "carrying rifles and. . sacks of ammunition," ran out of an alley, crouched behind bushes and shot three white policemen, the first victims.

Later two snipers were killed. Bayonets, shotgun shells, gas masks and first aid kits were found on the bodies.

Waves of police, some using Brink's armored trucks, turned the neighborhood into an armed camp.

Tear gas and smoke bombs burst on the sidewalks and [illegible] Office), and some residents became ill from the fumes.

The shooting scene, on Lakeview Road near 125th Street, is about a mile from the Hough area where four Negroes were killed in rioting and looting just two years ago on five other hot July nights.

When the gunfire erupted, police radio calls came thick and fast and had a tone of desperation.

"Things are pretty bad down here," said one. "We're pinned down. The wounded men are lying in the street. We can't get to them. Get some armored cars."

Police reinforcements were rushed in—and some tried to chase small boys, attracted by the gunfire, off the streets.

A woman, declining identification, said she rushed to an upstairs room after seeing the shooting begin. She quoted one of the boys as telling the officers, "'they're not after us, they're after you. They want you, not us'."

Gov. James A. Rhodes, alerted at the National Governors Conference in Cincinnati, promptly mobilized Ohio's 15,250 National Guardsmen.

The office of the adjutant general in Columbus immediately committed 4,000 men to Cleveland, the state's biggest city. Its population of more than 800,000 includes about 350,000 Negroes.

Mayor Carl B. Stokes, a Negro who took office last November, appealed to all citizens to "stay home and cooperate with the police."

Stokes described the situation as "bad" but at dawn said it was "controlled."

The trouble started along Lakeview Avenue and spread to other nearby residential and business districts.

Red Weapons Cache Found

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — Allied forces battled Viet Cong and North Vietnamese troops southwest and east of Saigon today and uncovered sizable weapons caches in other areas near South Vietnam's threatened capital.

In the northern provinces, another vulnerable sector, the Viet Cong kept up the pressure on outposts and provincial capitals with a second day of mortar attacks and light ground probes.

One Viet Cong company broke into a village 15 miles southeast of Da Nang and burned it to the ground, leaving all 1,400 inhabitants homeless, military spokesmen said. Casualties among the villagers and their militia defenders were not immediately known.

In the fighting 18 miles southwest of Saigon, enemy troops using a blindfolded South Vietnamese prisoner as a decoy tried to slip through American lines after losing 34 dead in an all-night fight. Ten Americans of the 9th Infantry Division were reported killed and nine wounded.

American bombers had pounded the company of about 115 North Vietnamese and Viet Cong infiltrators, and some 1,500 rounds of American artil- about 800 yards in diameter during the night.

The enemy troops shoved a South Vietnamese prisoner in front of them in the darkness before dawn, trying to lure the Americans into firing on him while they slipped away in small groups. The plan backfired. A Claymore mine went off, scattering hundreds of shrapnel fragments. It knocked the blindfolded South Vietnamese down but killed three enemy sodiers behind him.

Rescued by the U.S. infantrymen, the South Vietnamese said he had been held captive two months. He said the enemy company was holding eight other South Vietnamese soldiers and using them to carry arms and ammunition. Their fate was not known.

Rites Set For Ex-Snyderite

James Paul West, 48, of Abilene, and a former resident of Snyder, died Tuesday afternoon in the Hendrick Memorial Hospital emergency room. He had sufferred a heart attack at his home.

Funeral services will be held at 10:30 a.m. Thursday in North's Funeral Home Chapel. Graveside services will be held at 3 p.m. Thursday in Snyder, with Tommy Shaver, Church of Christ minister, officiating. Bolger Funeral Home is in charge of local arrangements.

Mr. West was born July 17, 1920, in Cameron County. He married Emma Dennis on Feb. 1, 1941, in San Angelo. He moved to Abilene three years ago, and has been a projectionist at the Crescent Drive - in Theater since then. He was a member of the Church of Christ and a veteran of World War II.

Survivors include his wife; one daughter, Mrs. Roxy McDaniel of Abilene; his parents, Mr. and Mrs. Clifton West of Coleman; and one sister, Mrs. Erma Nell Tomlisin of Tucson, Ariz.

One son preceded him in death.

DEATH VEHICLE — Manuel V. Chavana, 29, 1608 Mesquite, Abilene, died and his brother, Pedro, 26, sustained serious injuries when their car left the roadway and overturned in the median between the lanes of traffic on U.S. 84 near Ezell-Key Grain Co. at 12:35 a.m. today. Highway Patrolmen said they are not sure which brother was at the controls when the vehicle was demolished.

Hayley Rites Set Thursday

Funeral services for Mrs. Bernice Dorothy Hayley, 62, will be held at 10:30 a.m. Thursday at the East Side Church of Christ, where she was a member. Bill Minnick, minister, will officiate. Burial will be in Hillside Memorial Gardens under the drection of Bolger Funeral Home.

Pallbearers will be Jack Dupree, Lon Faver, W. A. McGlaun, Rex Fields and Nile Carrothers.

Mrs. Hayley, who was the manager of the S&H Green Stamp Store here, died Tuesday morning in Cogdell Memorial Hospital.

Today In History

Today is Wednesday, July 24, the 206th day of 1968. There are 160 days left in the year.

Today's highlight in history:

On this date in 1704, the British captured Gibraltar during the War of the Spanish Yuccession.

On this date:

In 1783, the South American revolutionary leader, Simon Bolivar, was born in Caracas, Venezuela.

In 1847, Brigham Young and his Mormon followers arrived at the Great Salt Lake Valley in Utah.

In 1866, Tennessee became the first seceding state to be re-admitted into the Union after the Civil War.

In 1929, President Herbert Hoover declared the Kellogg Briand Treaty in force, in the presence of representatives of 43 nations. The signers renounced war as an instrument of national policy.

In 1959, Vice President Richard M. Nixon and Soviet Premier Nikita Khrushchev argued the pros and cons of capitalism and communism at the opening of an American exhibition in Moscow.

Ten years ago: Prime Minister Kwame Nkrumah of Ghana was conferring in Washington with President Dwight Eisenhower and other officials.

Five years ago: The United States, the Soviet Union and Britain were reported near agreement on a partial ban on nuclear tests.

One year ago: Pope Paul VI flew to Turkey for a history - making meeting with Patriarch Atheagoras of the Orthodox Church.

Setback Handed To Foreign Aid Plan

WASHINGTON (AP) — President Johnson's foreign aid program, a continuing target of an economy-minded Congress, has suffered another setback.

The Senate Foreign Relations Committee Tuesday refused to restore the nearly $1 billion cut by the House last week from the President's original $2.9 billion request. In fact, the committee trimmed another $22.9 million on its own.

Observers said by the time the overseas proposals get through being worked over in today's committee hearings, future debate on the Senate floor, and certain reduction in separate appropriations bills the program might barely total half of what was asked.

The foreign assistance program has been in increasing difficulties since a year ago when Congress first demanded multi-billion-dollar spending cuts in return for passage of the President's 10 per cent income tax surcharge.

Rep. George Mahon, D-Tex., chairman of the House Appropriations Committee, has predicted the money bill may be $400 million under the authorization an ultimate appropriation of less than $1.6 billion.

The authorization measure sets policy and money ceilings. The appropriations bill fixes the amount that may actually be spent.

A combination of factors has sent the aid program to its lowest level in its 21-year history.

It has its longtime critics who have termed it a giveaway that made no friends for this country.

They have been joined in recent years by former supporters who now oppose the program to register opposition to the Vietnam war and its costs. The bill contains substantial amounts for the civilian economy of Vietnam, but the major war costs are in the Defense Department budget.

NY Police Reinforced

By JOSH MILLS
Associated Press Writer

NEW YORK (AP) — Special police reinforcements moved into the Lower East Side for the fourth consecutive night Tuesday and arrested 13 persons after a bottle-throwing attack on police.

A parade of residents of the Spanish-speaking area broke up the attack. The parade had been organized as a cooling-off for the area, which has protested the presence of the special police forces.

Some 250 members of the Tactical Patrol Force, specially trained in riot and crowd control, spent several hours trying to disperse the disorderly crowds.

By 1 a.m. today the area was reported relatively quiet.

One bottle-throwing spree led plainclothes detectives to sweep along Sixth Street, telling people to get inside the buildings in the predominantly Puerto Rican area.

TPF members swept the streets adjoining Sixth Street and Avenue C.

Harriman Blunt With North Viets

PARIS (AP) — Ambassador W. Averell Harriman bluntly told North Vietnamese negotiators today that to progress toward peace "you must be prepared to recognize the role" of South Vietnam's government in working out a settlement of the Vietnam war.

Abilene Man Dies In Local Mishap

Manuel V. Chavana, 29, died and his brother, Pedro Chavana, 26, both of 1608 Mesquite, Abilene, suffered serious injuries when their car overturned a couple of times on U. S. 84 about 100 yards east of Ezell-Key Grain Co. at 12:35 a.m. today.

Manuel was pronounced dead on arrival at Cogdell Memorial Hospital by Justice of the Peace J. P. Billingsley. The two brothers were taken there by Snyder Ambulance Service. Pedro received emergency treatment for fractures of the leg, pelvis and ribs, then was transferred to Hendrick Memorial Hospital in Abilene. Manuel's body was taken to Bell - Seale Funeral Home, then transferred to Kiker - Warren Funeral Home in Abilene where rites are pending.

Investigating Highway Patrolmen said their car, an "old model" Chrysler, apparently went out of control while the two men were traveling towards Sweetwater. It overturned in the median between the two lanes of traffic and was demolished. Both men were thrown from the vehicle.

Another brother, Tony Chavana, is employed by Snyder Country Club.

River Jordan Scene Of Brief Skirmish

TEL AVIV, Israel (AP) — Israeli and Jordanian troops fought a brief skirmish across the River Jordan today south of the Sea of Galilee, the army said.

The engagement was touched off when an armored car belonging to the border police came under light arms fire near Neve Ur in the Beisan Valley, the Israelis charged. The fire was returned.

Thousands Flee As Toxic Gas Spreads

SOUTH CHARLESTON, W.Va. (AP) — Explosion and fire in a chemical plant Tuesday night spread a toxic cloud of a chlorine compound over a wide area, forcing evacuation of thousands of persons from their homes.

Over 200 persons were treated at hospitals here and in Charleston, the state capital city across the Kanawha River, for effects of inhaling or contact with the substance. Some were admitted to hospitals, but none was reported in critical condition.

The fire broke out about 9 p.m. in a unit of the FMC Corp. inorganic chemicals division plant in the heart of South Charleston, a chemical-manufacturing center of 20,000. The blaze was reported under control at 3:30 a.m. EDT today but was still burning six hours later.

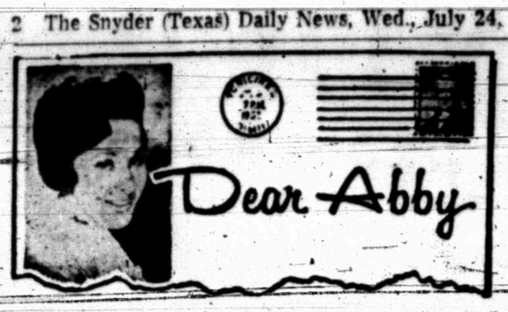
State Civil Defense Director Silas F. Starry said today the toxic cloud was slowly dissipating and the situation was no longer considered dangerous.

Road blocks which sealed off traffic in and out of affected areas through the night were lifted early today.

Although State Police asked evacuees not to return to their homes before noon, many returned earlier. Evacuated homes were mainly in South Charleston, a section of Charleston across the river to the north, and in part of Dunbar, an industrial town on the north bank of the Kanawha a few miles west of Charleston.

At one stage during the night, officials were calling for evacuation of all homes within a three-mile radius of the plant. Buses, taxis and ambulances along with private automobiles created a traffic jam as they hauled families out of the danger area.

Most of those requiring medical treatment complained of nausea or eye and skin irritations. No injuries to FMC plant personnel in the explosions and fire were reported.



By ABIGAIL VAN BUREN

DEAR ABBY: My husband, Mike, and I are both in our early forties. We have four children. Mike is busy with his business and I am busy with my house and the kids.

Lately Mike has been getting up at 5 a.m. He doesn't have to be at work until 8 and he has only a 20-minute drive to get there. Well, he rushes around, getting showered, shaved and dressed and he runs out of the house like he is going to be late for something. When I ask him where he is going so early he says, "Nowhere — I just like to ride around." I am getting suspicious and would like to know where this guy goes. Should I follow him?

BERTIE

DEAR BERTIE: No, but ask him what he would think if you did the same thing for the same reason.

• • •

DEAR ABBY: I work in a large office and have a very responsible position. My husband keeps on calling me at work and if I'm not at my desk when he calls, I go thru the third degree. "Where was I! Who was I talking to! Don't I ever do any work around there!" Then BANG goes the receiver. Abby, that leaves me a nervous wreck all day.

It so happens that I must do a lot of work in the files which are about 50 feet away from my desk, so someone has to call me to the telephone.

When I get home I am faced with more questions and insults. He accuses me of having "boyfriends" at work. Abby, I have received awards for being an outstanding secretary. Besides, I am 47 and settled down.

I can't have any friends or go to the store without him. My only pleasure is work, and now that's no pleasure anymore. I do all my own housework, laundry, and the meals are always on the table when he gets home. No waiting. What else does he expect from a wife! Please tell me what to do.

TIRED OF IT ALL

DEAR TIRED: A man who is accusing and suspicious without just cause is sick. And a wife who puts up with it without attempting to get to the bottom of it is as sick as her husband.

• • •

DEAR ABBY: Every time I see a teen-age girl who can scarcely keep her hands and eyes off the boy she think she "loves," I feel compelled to write to you about my daughter. Hers is an old story of young passion and the price she paid for it.

She became pregnant at 16. After the first shock, we accepted it, as all parents must when they are faced with this nightmare. You hear from the girls who describe what they go thru at such a time, but have you ever heard from mothers who tell what THEY go thru!

The lies when taking their daughter out of school. The long miserable hours she must spend indoors for fear a neighbor will see her condition. Then the final break, when a mother must leave her half-child half-woman in a home for unwed mothers to endure alone what should be a woman's most beautiful experience — giving life. But in giving life, to know only shame.

I know it takes two to tango. But after the dance is finished, the girl is left to find her way back alone. Sign me

CRMWD Names New Maintenance Foreman

Charles Atkins, Robert Lee, has been named foreman of maintenance for the Colorado River Municipal Water District at its new lake above Robert Lee.

Atkins, a native of Waco, has been with Clement Bros., the contractor of the CRMWD dam, for the past four years.

He is the second member of the lake staff to be named by O. H. Ivie, general manager. Previously Douglas Robertson, a former Texas Highway Patrolman, was retained as lake superintendent. His duties deal mainly with policing and supervising recreation at the big lake.

Elizabeth Taylor's Condition Excellent

LONDON (AP) — Elizabeth Taylor had "a very good night . . . and her condition is excellent," her doctors reported today.

The Fitzroy Nuffield Nursing Home, where the 36-year-old movie star had a partial hysterectomy Sunday, said no further medical bulletins will be issued.

Miss Taylor entered the nursing home last Wednesday and is expected to stay at least another 10 days.

Marijuana Destroyed

TOPEKA, Kan. (AP) — Shawnee County weed spraying crews are destroying a field of marijuana estimated to be worth more than $1 million on the illicit market after processing. The weed often grows wild in Kansas.

Archeological Society To Meet Thursday

The Scurry County Chapter of the South Plains Archeological Society will have its regular monthly meeting at 7:30 p.m. Thursday in the Snyder Savings and Loan community room.

Buck Bennett of Lamesa will present the program, which will be on "Indian Burial Below the Caprock." The public is invited to attend.

Latest Heart Recipient Doing Well

HOUSTON (AP) — A Beatrice, Neb., lathe operator, the world's newest heart transplant recipient, was listed in satisfactory condition today at St. Luke's Episcopal Hospital.

Henry W. Jurgens, 57, who received the heart of a 16-year-old truck accident victim Tuesday, is the second heart recipient in three days at the hospital.

Fred C. Everman, 58, a retired Alexandria, Va., barber, underwent heart transplant surgery Saturday and was able to walk in his room 36 hours after surgery.

"The heart transplant procedure now is believed to be standardized requiring no further technical refinements," Dr. Benton A. Cooley said following Jurgens' operation.

Dr. Cooley led the surgical team at St. Luke's that has performed seven human heart transplants in less than three months.

The heart of Michael K. Buxton of Houston was implanted in Jurgens' chest. The youth's parents, Mr. and Mrs. S. A. Buxton gave permission for the transplant as their son lay dying of a brain hemorrhage suffered early Monday.

Jurgens, with advanced heart disease before surgery, became the sixth patient awaiting a heart donor when he entered the hospital Sunday.

The heart was sutured into place in 40 minutes and began to beat after one electrical shock, a spokesman said. Jurgens, taken from a respirator several hours later, was moved to a special heart transplant recovery room.

Everman received the heart of Mrs. Evelyn G. Krikorian, 33, a Houston housewife who died of complications from a kidney disease.

Five of the seven heart transplants performed at St. Luke's since May 3 survive. The first recipient, Everett C. Thomas, 47, of Phoenix, Ariz., has been released.

Buxton was going to work when his panel truck struck a bridge abutment. He was thrown from the overturning truck, which crushed his head.

Six other potential recipients died here because no donors were available, Dr. Cooley said. He was confident the six "could have been saved" by heart transplant operations.

Guilty Pleas Heard In District Court

Roy J. Burns pleaded guilty in District Court this morning to a charge of driving while intoxicated, second offense. He received a 1-year probated jail term.

Last Friday, Tommy McKinley and Leon Franks pleaded guilty to charges of burglary, and each was handed a 2-year probated prison term.

County Court Hears Pleas Of Innocence

Two pleas of innocence were entered in County Court this morning.

Pete Davis appeared on a charge of transporting beer and Freddie Ray James was charged with possession of beer and vodka. Both offenses allegedly occurred last Friday, and bond was set at $500 in each case.

FLIGHT IN SUNSET — A small airplane comes in for a landing at Vancouver International Airport at Richmond, B.C., as the sun casts a glow over the clouds in the evening sky. (AP Wirephoto)

Algeria Holding Hijacked Jetliner

PARIS (AP) — The Algerian government still held a hijacked Israeli jetliner and 21 or 22 Israeli citizens today after releasing 23 non-Israeli passengers.

The El Al Boeing 707 was diverted to Algiers on a flight from Rome to Israel early Tuesday by three members of the Front for the Liberation of Palestine, an Arab sabotage organization. The front asked the Algerian government to hold the Israelis aboard the plane as hostages for Arab commandos held prisoner in Israel, but there was no public response from Algiers and no demand for a swap.

Twenty of the released passengers were flown to Paris. They included two Americans, Rina Uziel, 23, of Brooklyn, N.Y., and Gabriel Gaiz, 17, a student from Long Beach Calif., who finally arrived in Tel Aviv today with four other passengers.

Three Jewish passengers who were not Israeli citizens were flown to Marseille.

Reports of the number of Israelis held in Algiers differed. El Al, the Israeli national airline, said 10 crew members and 12 passengers were detained. The Algerians said they were holding 11 passengers along with the 10 crew members.

The three hijackers also apparently were in Algiers.

The Israeli government asked U.N. Secretary General U Thant and the Italian government to intercede with the Algerians for release of the $6 million jetliner and the Israeli citizens. Italy sent an emissary to Algiers.

Algeria is still technically at war with Israel following the Arab-Israeli war in June 1967, and Israel has never had diplomatic relations with any of the Arab governments.

Although the several Arab guerrilla organizations have sent commando squads into Israel repeatedly on terrorist and sabotage missions, this was the first Israeli plane ever hijacked.

One of the passengers who was released, Leon Papu, a Colombian, said the plane's copilot staggered into the passenger compartment 20 minutes after the takeoff from Rome.

"He was bleeding profusely from a head wound and his shirt was covered in blood," said Papu. "We heard he had been hit over the head by a revolver. He told us the plane had been hijacked."

Chino Raccah, a 29-year-old Libyan, said one of the hijackers drew his finger through the blood of the injured man.

"He licked it," Raccah reported, "and said in Hebrew: 'Jewish blood is very sweet.' He added 'We shall throw all the Jews into the sea,' and then quickly said 'we want peace'."

Two "baldish men" covered the passengers with revolvers and hand grenades, the passengers said, and another was with the pilot.

The me n told the passengers to keep quiet, hold their hands above their heads and they would not be harmed.

A Danish passenger said one of the hijackers took over the controls and brought the jetliner down in Algiers to a good landing.

Young Gaiz said the passengers were frightened but members of the plane crew tried to comfort the non-Israelis by telling them the hijackers were concerned only with Israeli citizens.

Landing in Algiers before dawn, the passengers were taken to a barren building at the airport and kept there together until midday.

"All we had until then was some coffee and a roll," Gaiz said. "Then they separted us. The Israelis were taken away. We were asked who we were, why we were going to Israel. After we were separated, all of a sudden we were like guests.

"We were given a good meal and taken on a tour of the city before we were put on a plane to Paris."

Eban Claims Nasser Is Seeking War

JERUSALEM (AP) — Israeli Foreign Minister Abba Eban said today that President Gamal Abdel Nasser is looking for a new war to liquidate Israel.

The Egyptian president told the inaugural congress of his Arab Socialist Union in Cairo Tuesday that the Middle East crisis "could explode any minute" into a world conflict.

He said prospects for a settlement with Israel were slim and U.N. efforts to bring about peace in the area had gained nothing.

Eban called Nasser's speech "a brutally clear and conducive picture of . . . a policy of total, unreserved and uncompromising opposition to peace."

"This statement . . . destroys any possible illusion about Egyptian moderation," Eban declared. "Nasser's policy is to have a new war in the Middle East for the purpose of bringing about Israel's complete liquidation."

"He is against peace, against agreement, against negotiation, against the recognition of Israeli's sovereignty," he added.

Nasser declared once again that there can be no peace as long as Arab lands are occupied by Israel. He also praised the Soviet Union for rearming Egypt after its defeat in the six-day war in June, 1967.

Nasser also hinted that he might like to hand over authority to a younger generation.

"We have been in power for 16 years, but as far as I am concerned each year was the equivalent of 10," he said.

"I would like to stand here tonight and pass on the banner to a younger generation more in tune with the times. But the banner is stained and we would have been doing that generation an injustice by handing it to them with a black spot."

Bands Impressive

Two Snyder bands won first and second place at a band tournament in Abilene last night.

The first place went to the "Music Box" group, directed by Lloyd Pinkerton. Larry Shoemaker's "Followers" took second place.

Valuables Missing

BOSTON (AP) — About 11 million in stocks and bonds is missing in several mailbags which disappeared June 4 from a First National Bank truck, the bank disclosed Tuesday.

A bank spokesman said some of the securities were negotiable, but that since all have identification numbers it would be difficult, if not impossible for a thief to cash them.

Some $1,500 worth of coupons from the stolen bonds were presented at a Somerville bank for payment last week. The bank called police, and William Foley of Boston, who has been a candidate for City Council and other offices, was arrested and charged with receiving stolen property. He pleaded innocent in District Court and was freed on bail pending a hearing.

Lightning Sets Village Ablaze

PAVIA, Italy (AP) — A bolt of lightning struck an Italian army gasoline dump today, sending flaming gasoline down into the North Italian village of Ravanazzano. Gas pipes exploded, 25 houses were damaged and one collapsed, but only four of the 3,000 villagers were reported injured.

The gasoline dump was on a hill nearly two miles from the village, which is 22 miles from Pavia. The burning gasoline flowed down the hill, through a river and into a canal that crossed the village.

As gas pipes exploded and fires broke out in the village, the panic-stricken inhabitants escaped to the nearby fields.

Firemen from Pavia, Voghera and Milan rushed to the scene. It took them three hours to put out the fire.

A GIFT TEA was held at Snyder Country Club Saturday morning honoring Miss Anita Holt, bride-elect of Mr. Ben March of Fort Worth. The refreshment table was covered in white organdy and centered with an arrangement of white flowers. Mrs. Ned Underwood served punch and Mrs. Billie Payne poured coffee. Pictured above from left, Mrs. W. A. Holt, grandmother of the bride-elect, Mrs. Wayland Holt, mother of the bride-to-be, Miss Holt, Mrs. Caso March of Fort Worth, mother of the prospective groom, and Mrs. Wally Shamburger III, sister of the honoree. Hostesses were Mmes. Ray Belt, Roy Carter, Lynn Bethel, W. S. Bigham, Sam Chorn, G. N. Cummings, Minnie Falls, G. W. Ferguson, M. L. Galloway, M. P. Herring, E. E. Howarton, R. C. Lunsford, Roy Meador, Nathan Mearse, Lester Moore, Billie Payne, Wayne Potts, Darrell Sims, Bobby Spradling, Mary Starnes, Loren Sullivan, T. S. Thomas, Ned Underwood, Wayland Walton and Bill Zimmerman.

Skirts Take On Flare For Fall

By LUCIE NOEL
AP Fashion Writer

PARIS (AP)—Pierre Balmain showed a tailored flare in skirts today and eliminated the blouse in tailored suits as he unveiled an elegant fall and winter collection.

The flared skirts appeared in afternoon and cocktail numbers to present a new silhouette.

Cut on the bias, the fullness juts out at each side in a sharply pressed pleat. It is as good in his chevron-woven mattress ticking, multicolored tweeds, as in the new faille and silk weaves in every color.

The tailored suit is usually a jacket over a dress of which the built-in top, whether waist length or empire level, is always of a contrasting color.

Balmain's technique is impervious to passing fads. He has mastered every detail, uses only the best in fabrics, in furs, in luxurious gold or silver or jeweled embroidery. This time there's a Spanish feeling about his jeweled dresses and some of his de luxe brocades recall cordoba embossed leather.

Fabrics are rich and handsome. Balmain is never at a loss when faced with opulent elements and plays them down, by classic styling attuned to the royal courts or high society. This season he has new crepes and satins. They are used in color contrast to advantage.

Balmain's daytime look is slender studied and high-style. He likes the full-length coat over a wool jersey dress. Coats are fitted, while dresses sometimes skim the figure. A coat in vanilla yellow velours is worn over a white jersey dress with a barreled collar.

4-H Dress Revue Winners Are Announced Here

Scurry County 4-H Girls had their annual Dress Revue at the Lamar Junior High School Friday afternoon. Winners who will represent the county at the District Contest are Lou Alice Mathis in the Senior Division and Barbra Tate in the Intermediate. Rebecca White is the Senior alternate and Judy Bollinger the Intermediate alternate.

Construction judges for the event were: Mrs. Joyce Fuqua of Hermleigh and Linda Vandiver; a homemaking student at Texas Tech. Judges for the dresses on the girls were Mrs. Catherine Crawford, County H. D. Agent from Big Spring, Misses Brenda Jackson and Martha Couch, Junior leaders from Big Spring, and Linda Vandiver.

The Fluvanna 4-H Club planned the Dress Revue with the theme "Lollipop Parade." Rebecca White, Carla Shoemaker and Gwen Stansell were narrators and Pam Shoemaker was Bozo, the lady clown, who led the parade.

Senior entries and the ribbons won were: Darlene Tate, Blue; Shirley Stirl, Blue; Lou Alice Mathis, Blue; Carla Shoemaker, Blue; Rebecca White, Blue; Rita Melton, Red; Cynthia Melton, Red; Elaine McArthur, Blue; Kathy Rhodes, Red; and Sue Sorrells, Blue.

Intermediate entries and the ribbons won were: Gloria Martinez, Red; Wilma Stirl, Blue; Barbra Tate, Blue; Mary Braziel, Red; Lorene McDonald, Red; Gwen Stansell, Blue; Caroline Melton, Red; and Judy Bollinger, Blue.

Junior entries and the ribbons won were: Sylvia Martinez, Red; Della Braziel, Blue; Kay Braziel, Red; Diean White, Blue; Denise Sandefur, Blue; Tammy Maxfield, Red; Susan Melton, Red; Amy Bollinger, Blue; Jan Glass, Blue; Donelle Jones, Blue; Debbie Herring, Blue; and Cathy Hess, Red.

Each girl was permitted to enter as many as three exhibits. Those girls entering exhibits and their awards were:

Senior entries and the ribbons won were: Shirley Stirl, 3 blues; Darlene Tate, 3 blues; Rebecca White, 3 blues; Lou Alice Mathis, 3 blues; Carla Shoemaker, 1 blue; Sue Sorrells, 1 blue; Elaine McArthur, 3 blues; Martha Stephens, 1 red; Rita Melton, 1 blue & 1 red; and Cynthia Melton, 2 reds.

Intermediate entries and the ribbons won were: Robert Ann Turner, 1 blue; Judy Bollinger, 3 reds; Wilma Stirl, 3 blues; Barbra Tate, 3 blues; Pam Shoemaker, 1 blue; and Florinda Ramirez, 1 blue.

Junior entries and the ribbons won were: Susan Melton, 2 reds; Sylvia Martinez, 1 red; Diane White, 3 blues & 1 red; Cathy Hess, 1 blue; Peggy Stephens, 2 blues & 1 red; and Susie Jones, 1 blue.

Board Says Students Are Also Voters

AUSTIN (AP) — The "youthfulness" of the modern college student is "really a myth," says the Texas State College Coordinating Board.

"Those politicians who have been stumping the nation's college campuses are seeking more than enthusiastic audiences—they're soliciting votes," the board's monthly newsletter says.

Although 51.5 per cent of the students in Texas' state colleges and universities are freshmen and sophomores, the average age of males in all but one school—Tarleton State College—was above 21 in the fall 1967 semester.

The average of female students was above 21 in all but three schools—Tarleton, Southwest Texas State College and Stephen F. Austin State College.

Named Pastor Of Electra Church

ELECTRA, Tex. (AP) — The Rev. Alfred M. Dorsett has been named pastor of the First Presbyterian Church here. The pulpit has been filled by visiting speakers since the death of the Rev. Jesse Iwig earlier this year.

The Rev. Mr. Dorsett has been in Houston for 26 years. Eleven years ago the Gulf Coast Presbytery called him to be "organiational pastor" of the Good Shepherd Presbyterian Church there and when the church was organized he was called as its first pastor. Prior to that he had served for 15 years as pastor of the Heights Presbyterian Church.

WHAT'S GOING ON

Shelia Frances Brown has returned to her home in Needles, Calif. after visiting here with her grandparents, Mrs. Frances Brown, and Mr. and Mrs. C. W. Beavers.

Mr. and Mrs. Otto Welch of Hamlin were recent guests in the home of Mrs. A. A. Behringer, 2411 Twenty - ninth Street. Mrs. Welch and Mrs. Behringer are cousins.

Model trains usually are made from the blueprints of actual trains. A model of the Pennsylvania Railroad's S-2 steam turbine locomotive beat the real things to the tracks.

TFWC Sets Date For Leadership Seminar

To start the new club year, Mrs. Henry F. Shaper, San Antonio, president of Texas Federation of Women's Clubs, a state wide organization composed of 1046 clubs in 400 towns in Texas, has planned a Leadership Seminar in San Antonio. This meeting will be held at St. Mary's University, 2700 Cincinnati Avenue on August 13, 14 and 15, and will bring to the members attending invaluable information and ideas for the 1968-70 administration, and will cover topics important to effective club work in the future. This will be the first organizational group to use the new Students' Center, and delegates will be housed in dormitories on the campus at a nominal cost. "It is our desire to bring to the clubs information that will assst them in many ways — financially and otherwise," said Mrs. Shaper. The theme of the Seminar will be "OBLIGATIONS FOR TOMORROW."

General Chairman will be Mrs. L. E. Dudley of Abilene, and Coordinator will be Mrs. A. T. Carleton, Houston, past presidents of the organization Local chairman will be Mrs. R. N. White, San Antonio, and David S. Myers, director of the University Center, will have charge of orientation.

This is the first time in ten years that a meeting of this kind has been held for members of Texas Federation, all of whom are invited and urged to attend. Its purpose is to help develop the leadership qualities that will enable the clubs to expand the membership of the organization, improve club programs, stimulate interest and develop citizenship participation and responsibility. It will be a meeting that will help clubs and clubwomen in all phases of their work.

High officials of General Federation of Women's Clubs, St. Mary's University personnel and leaders in various fields will emphasize many areas of interest to clubwomen, the far reaching importance of American Freedom, the growing crime wave, the changing trends in education, legislation, public relations, religious thinking trends, parliamentary procedure, protocol, program planning, public speaking and continuing education.

The keynote address will be given by Mrs. Walter V. Magee, president of the international organization, General Federation of Women's Clubs, Washington, D. C. Mrs. E. Lee Ozbirn of Fort Worth, a past president of GFWC will moderate a panel of Texas Federation officials, including the three vice presidents, Mrs. Philip A. Carpenter, Burkburnett, Mrs. A. C. Hughes, Commerce and Mrs. Frank Dotterweich, Kingsville. Another member of this panel will be Mrs. Howard B. Bratton, Waco, chairman, Board of Trustees.

Other top officials will be heard on Wednesday on the "Information Please" panel. Mrs. L. R. Whatley, Fairfield, secretary, Mrs. Robert N. Tipps, Denver City, treasurer, Mrs. Henry Hale, Perryton, diector of junior clubs, and Mrs. Stathakos Condos, Dallas, parliamentarian, will cover such subjects as sources of information, finances, special programs and a look into the future.

Vickie Nicholas, fashion coordinator for Joske's of Texas will tell how every woman can be charming, and Mrs. Mary K. Measels, director of Continuing Education at St. Mary's University will moderate a panel on public relations and speech. On this panel will be Charles Kenworthy and Charles Myler. The need for continuing education will be stressed by Dr. William Burns, director of Witte Memorial Museum, San Antonio. Students from the University will be panelists at one session when Assistant Professor of History, Ralph E. Thayer, will be moderator. A prominent San Antonio attorney, Mr. Ralph Langly, will emphasize at the Tuesday evening session how clubwomen can use the power they have. His subject will be "Facing Reality." Other program participants will be Rabbi Jonathan Brown, Mr. Deed L. Vest and Brother Marion F. Belke on a "Think on These Things" panel. "Where Does Your Money Go?" will be an interesting subject discussed by Assistant Professor of Sociology, Brother Victor Naegele, and Mr. George A. Benz, assistant professor of Economics at St. Mary's Univ.

The Rev. Buckner Fanning, San Antonio, Trinity Baptist Church will close the discussions at 4:00 P.M. on Wednesday when he speaks on "The Challenge of Tomorrow — Never Underestimate the Power of Clubwomen."

Although this will be a working Seminar the social activities will include a Chinese Dinner on Monday, August 12, the evening preceding the meeting, and on Tuesday there will be a film presentation of the Big Thicket, one of the projects of the 1968 - 70 administration, when visual aids and material will be available.

There will be a reception at Fort Sam Houston on Wednesday evening, when Major General, Chester A. Dahlen, Commanding General, will be guest speaker and host, and there will be selections by the Fourth Army Chorus. "The Role of the U. S. Army in National Defense" will be the subject of General Dahlen's talk.

Thursday will be Texas Federation Day at HemisFair, and after a short session on Thursday morning to hear a summation of the Seminar by the Chairman, Mrs. L. E. Dudley, and the presentation of certificates by Mrs. Shaper and The Very Reverend Louis J. Blume, president of St. Mary's University, the women will attend the Worlds Fair.

Reservations for the three day meeting may be made with Mrs. Henry F. Shaper, 614 N. McCullough, San Antonio, Texas 78212 by August 1. Registration and Room Fee — $30.00, plus $5.00 key deposit which will be refunded at the end of conference. Meals will be available in the University Cafeteria. Checks for reservations should be made payable to The Texas Federation of Women's Clubs, and sent to Mrs. Shaper at the above address before August 1.

When you use brown sugar in a crumb topping (for apple puddings or coffeecake) it should be free of lumps. If the sugar is lumpy, before measuring force it through a fine-mesh strainer.

WOMEN'S CALENDAR

THURSDAY

ABWA meets at 7 p.m. at home of Vondell King, 3000 Thirty-seventh Street for salad supper.

Ladies Auxiliary to Veterans of World War I, Carrol Porter Barracks No. 1738, regular monthly meeting at Towle Park pavilion, 6:30 p.m. Refreshments to be served. All members urged to attend.

FRIDAY

Friday duplicate bridge at Country Club, 9:30 a.m. Open.

SUNDAY

Duplicate bridge at Country Club, 1:30 p.m. Open.

TO BUY MOST GOODS, SERVICES

All You Need Is Credit Card

By JACK LEFLER
AP Business Writer

NEW YORK (AP) —Want to hunt polar bear in Alaska, entertain your mother-in-law at a Paris restaurant, rent a houseboat for a Mississippi cruise, hire a big-name orchestra for your daughter's wedding reception—and charge it?

All you need is a credit card.

These are some of the more bizarre ways you can use a credit card but their purchasing power covers the whole gamut of goods and services.

It's estimated that Americans are carrying 200 million credit cards and using them to spend around $50 billion a year.

As a result of the proliferation of credit cards, there has been widespread speculation about the possibilities of a checkless, cashless society in the future.

Some bankers envision a nationwide system in which a single identification card would be used in place of all checks and almost all cash.

But American Express, a big name in the credit card industry, says, "The single-card system couldn't be further from reality today. The most striking feature of our present system of transferring money is the multiplicity of credit cards."

Credit cards as we know them today were pioneered in 1950 by Diners' Club, which was created with 200 members, an initial investment of $18,000 and a handful of restaurants in the New York City area. Within a year it had grown to 10,000 members who could charge at more than 1,000 establishments.

Credit cards now fall into three categories:

—Travel and entertainment. Operators in this field are American Express, Diners' Club and Carte Blanche. These cards are held primarily by business and professional men.

—Private label. Oil companies, airlines, hotels, car rental companies and department stores offer these cards primary to promote their services or products.

—Revolving credit cards. These cards, largely regional or local in nature, are issued mainly by banks and financial organizations and are meant primarily for use by housewives for shopping.

The credit card companies derive their revenue from discounts from establishments which accept the cards in lieu of cash and from membership fees.

Some credit card practices have come in for criticism recently, mainly because of the mailing of unsolicited cards by banks and some others in the revolving credit field.

A Junior Editors Quiz About SHIP MODELS

QUESTION: *How did seamen put ship models into small necked bottles?*

* * *

ANSWER: It looks impossible to put a ship model, with all its masts upright, into a bottle through the narrow neck. Many people conclude that a hole was cut in the bottle, the ship slid in and the glass plug put back. This was sometimes done, but the genuine old salt had another trick up his sleeve. First, the little ship was made outside the bottle. Each mast was hinged at the bottom to the hull. A single thread, if pulled on, would raise them all upright (1). Next, the old seaman would put a putty sea inside the bottle, using specially made tools. This was quite difficult. Then the ship's masts were folded down on the hull (2) so it could be slipped inside the bottle (3). The ship was pushed in until it was in its right place. Then the putty was allowed to dry, holding the ship's hull firmly. The long thread had been left leading out of the bottle. When this was pulled, the masts would all spring up. Holding the thread taut, a bit of glue was touched to where it joined the ship. Hot wire burned off the excess thread.

7-24

(Lockey Shufflebarger of Alexandria, Va., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Respite For 'Skyscraper'

WICHITA FALLS (AP) — "The world's smallest skyscraper"—a 100-16-16-foot four-story building erected here in 1919—has gained a respite from destruction.

The owner has agreed with the city's building inspector to board up the windows and doors "until something could be done."

The city has ruled the structure unfit for human habitation and has ordered in repaired or demolished.

Mrs. Iva Dean Pink of Wichita Falls, the last of several owners, has expressed doubts about demolishing the building that has some of the city's history amid its bricks and dust. It was erected during the oil boom days following World War I and was subscribed to the tune of $200,000 in shares. The structure was used for a while. Then in 1931, a fire rendered the building useless and for most of the time sinc e it has mainly been a pigeon roost.

Among the first vessels on Long Island Sound were Indian canoes hewn from the trunks of tulip trees.

Want To Disguise Middle Age?

By HAL BOYLE

NEW YORK (AP) — What's the use of being middle-aged if you can't brag about it?

Oddly enough, some people can't. They take their entrance into the middle years of life as a defeat rather than a victory, as a kind of dead end rather than as just another interesting corridor.

Others retreat into pretense and try to hide the fact they are middle-aged. Trying to hide middle age is like trying to smuggle an elephant through a subway turnstile. It isn't an easy thing to do, and it can be very wearing on the spirit.

If you are middle-aged and are trying to disguise it, you must limit your conduct in many careful ways. For example you can't—

Mention any film by name in which you saw Shirley Temple act.

Dance the Charleston.

Described the taste of bathtub gin.

Claim that Man O'War could beat Damascus by three lengths in a mile and a quarter race with one hoof tied behind his back.

Argue that golf has gone steadily downhill since Bobby Jones hung up his putter.

Get goose pimples at the very mention of Greta Garbo's name.

Do an imitation of Al Jolson singing "Mammy."

Point out how much more useful congressmen were to the people in the days when you could write them a letter and get back a packet of free seeds instead of merely a polite acknowledgment.

Smile wistfully when someone says something quaintly old-fashioned—like "That's the cat's pajamas"

Pick up a mandolin or a ukelele and absent-mindedly strum a melody from it no one else has hear in ages.

Muse aloud on the merits of the $2 hotel room and the nickel glass of beer.

Boast that you once shook the hand of a man who had once shook the hand of mighty John L. Sullivan.

Give from personal experience the reasons why you think the Stutz Bearcat was the greatest automobile ever built in America.

Admit that you ever read a novel by Elinor Glyn, Gene Stratton Porter, or John Fox Jr.

Quote a poem by Edgar Guest.

Hold an audience spellbound while you recount the thrill of building your first crystal radio set.

Show off the splendid cigar band collection you assembled between 1925 and 1932.

Yep, if you're trying to hide the truth of your years, there are a lot of things you can't do. But is the effort worthwhile?

What's the use of being middle-aged if you aren't free to brag about the vanished glories of your wayfaring, the souvenirs of your passing that make up your living being?

Building New Plant

DALLAS (AP) — Hobbs Trailers is building a $1 million factory sales and service facility in Dallas which among other things will include 30 service bays.

Panic Button Keeps Detroit Out Front

By HRSCHEL NISSENSON
Associated Press Sports Writer

Add Detroit's Mayo Smith to the list of push-button managers. First he pushed the panic button by starting Denny McLain with only two days' rest. But just when the Tigers were in danger of losing again he hit the right one and out popped two pinch hitters who turned the game around.

When the whole had stopped turning Detroit had a 6-4 victory over Washington Tuesday night and a six-game lead in the American League as Baltimore stopped Cleveland 8-6 and jumped back over the Indians into second place.

Elsewhere, the New York Yankees downed Boston 4-1 and California and Minnesota split a doubleheader by 3-1 scores, the Angels taking the opener and the Twins the nightcap. The Chicago White Sox led Oakland 3-0 after 2½ innings before they were rained out.

In the National League, St. Louis walloped Philadelphia 11-5, the New York Mets edged Atlanta, 2-1, Cincinnati nipped the Pittsburgh Pirates 7-6, Los Angeles stopped Houston 3-1 and San Francisco shaded the Chicago Cubs 4-3 in 10 innings.

Detroit trailed Washington 4-3 on the strength of Frank Howard's 28th homer in the second inning and a three-run outburst in the sixth. But Phil Ortega walked Al Kaline to open the eighth, Willie Horton sacrificed him to second and Bill Freehan also walked.

Pinch hitter Jim Price singled home the tying run against Barry Moore and after Dave Baldwin got Norm Cash to foul out, Gates Brown, another pinch hitter, singled in the go-ahead run. The Tigers scored an insurance run in the ninth on Jim Northrup's double and a single by Kaline.

The late-inning fireworks provided Denny McLain with his 19th victory, although he left in the eighth for a pinch hitter. It was the third time this mnth a Detroit starer had worked with two days' rest—a month in which the Tigers' lead had dropped from 9½ to five games before Tuesday night's action—and the third time this season for McLain.

"We were very fortunate," Smith said. "Maybe we needed a game like this to turn us around."

The Tigers had lost eight of 12 games since the All-Star break.

Boog Powell's three-run homer and Dave Johnson's two-run triple powered Baltimore past Cleveland. Powell doubled home a run in the first inning and then scored on Brooks Robinson's homer. Jose Cardenal put the Indians ahead 4-3 with a fifth-inning homer.

But Powell unloaded his 16th homer in the bottom of the inning and Johnson's triple in the eighth offset a Cleveland run in the eighth and Joe Azcue's homer in the ninth.

The Yankees utilized a bases-loaded walk to beat Boston. Juan Pizarro walked Frank Fernandez with two out in the seventh inning to force home the tie-breaking run.

Tom Tresh homered in the fifth for their first run and they added two in the eighth. Stan Bahnsen went the route for the Yanks.

George Brune scattered six hits and won his fifth straight game as California won the opener from Minnesota. The only damage was Ted Uhlaender's seventh homer, which ended Brunet's string of scoreless innings at 24.

But the Twins scratched out three unearned runs and won the nightcap behind Jim Merritt's clutch pitching.

Clippers Rip Reds, 4-3

The Snyder Clippers closed out the regular season campaign last night with a narrow 4-3 verdict over the Reds at Colorado City. It was their 13th victory in 14 starts. Champions of the Senior Teenage League, they will represent the loop in the playoffs at Brownwood next week, meeting Ranger in the first game at 4:30 Thursday, Aug. 1.

That last one was a tough one, although Steve Holder and Mickey Almond combined forces for a 3-hitter with Mickey coming on in relief in the 4th.

Both teams tallied twice in the 2nd. Almond led off for the Clippers with a line single and scored on another 1-bagger by Holder. Holder scored on Ronnie Potts' slashing single.

The Reds loaded the sacks on an error and two walks. Then Safford delivered a single that brought in two runs.

Colorado City went ahead 3-2 in the 3rd with Key getting the run on an error after he walked.

Snyder caught up and went ahead with two runs in the 6th. Wesley Bishop doubled in Randy Levens, who had walked ahead of him. A walk and a error enabled Bishop to score. The miscue came when two were away.

Levens and Ronnie both socked doubles, but the Clippers couldn't capitalize on these hits. Hill and Molina stroked the other two singles for the Reds.

Massengale Wins Pro-Am

ODESSA, Tex. (AP) — The 20th annual Odessa Pro-Amateur golf tournament doesn't begin until Thursday but defending pro Don Massengale is already $700 richer.

Massengale, from Fort Worth, teamed with three amateurs, including his brother Rick, to win a special 18-hole pro-am warm-up Tuesday.

SPORTS

Mildren To Quarterback "Loaded" North All-Stars

FORT WORTH (AP) — The North All-Stars will be loaded for bear again next week when they go after their seventh straight victory in the Texas High School Coaches Association's all-star football game.

The contest, in TCU's Amon Carter Stadium, concludes the association's annual coaching school, a five-day affair opening here Sunday.

The South is headed this year by Chief Wilson of Bridge City.

To win, the Rebels have got to stop Abilene Cooper's Jack Mildren, the ace quarterback rated the best schoolboy football player in Texas last year.

Merrill Green, Mildren's coach at Cooper, will be drecting the North squad.

Behind Mildren at quarterback will be McKinney's Phil Wood and Odessa Ector's Arturo Spencer, both defensive aces as well.

For backfield playmates, the quarterbacks will have a pair of speedsters in Jacksboro's Glenn King and Dumas' Steve Burks.

One of the North's mystery guests will be Doug McCutchen, a 195-pound back who comes from Class B Bronte. West Texas sports writers are calling him "another Donnie Anderson."

Like All-American Anderson, McCutchen plans to attend Texas Tech.

Other top North backs include Plano's John Griggs, Seagraves' Mike Bagley, Garland's Andy Hoyle, and Palestine's Reagan Young.

Highly-regarded center Harcy Chapman of Odessa Permian, a 245-pounder, will anchor the line. With him will be Lewis Williams of San Angelo, John Dampeer of Kermit, Fred Parr of Irving MacArthur and Mike ohnson of Dallas South Oak Cliff.

Fort Worth is contributing a nucleus for the North defense in North Side end Gary Martinec and Eastern Hills linebacker Steve Luebbehusen.

Also defensively, the North has Keller linebacker Walter Ethridge, Granbury end-linebacker Jerrell Bolton, Ozona tackle Gary Suttion and Edorado lineman John Mayo.

Offensive passing targets include Mike Loerey of Wichita Falls, Richardson's Bob Brown and Iowa Park's Harry Price.

Cowboys Acquire Kicker, Rams Beef Up Front Line

By ED SCHUYLER JR.
Associated Press Sports Writer

Roosevelt Grier, a 287-pound veteran, is finished with pro football. Definitely. Sam McDowell, a 350-pound—maybe more—rookie, is ready to start his career. Maybe.

A Los Angeles Rams' spokesman sad Tuesday the 36-year-old Grier, a defensive tackle for 11 National Football League seasons, has retired to devote his time to show business and working for "harmony and peace among races."

Grier sat out last year with a ruptured Achilles tendon.

When McDowell, an offensive tackle who was the Miami Dolphins' ninth-round draft choice, signed his contract, it was stipulated that he report to camp.

McDowell reported Tuesday, stepped on the scales and the needle bounced to the maximum 350 pounds. His total weight could be only estimated.

He was held out of the American Football League's first full-scale workout, and Joe Thomas, director of player personnel, said a decision on McDowell's status would be made shortly.

In a National Football League trade Tuesday, the Dallas Cowboys acquired kicker Mike Clark from the Pttsburgh Steelers for an undisclosed draft choice. Clark is expected to fill a vacancy created when Danny Villanueva retired last week.

Defensive safety Jerry Richardson quit the Atlanta Falcons and defensive tackle Dennis Randall lfet the New York Jets' camp.

Officials of the NFL Falcons said Richardson quit when his demand for a three-game guarantee for the 1968 season was refused. Richardson needed to be activated for at least three more games to be eligible for a five-year NFL pension.

A spokesman for the AFL Jets said he didn't expect Randall to return. Club officials said he was unhappy and had several business opportunities.

Tackle John Johnson, a five-year NFL veteran, and rookie halfback Gary Lyle still had not reported to the Chicago Bears' camp, and Coach Jim Dooley said each would be fined $250 for every day they are absent.

Dooley also announced that defensive back Roosevelt Taylor had signed.

And George Halas Jr. announced the Bears are willing to trade defensive back Richie Pettibon to New Orleans for the Saints' No. 1 draft pick. Pettibon recently announced he would retire if not traded to the Saints because he cannot leave New Orleans for business reasons.

Veterans John Wooten and Ross Fichtner, put on waivers by Cleveland recently after stories broke concerning an alleged racial slight, became free agents after no other NFL club claimed them. Wooten, a guard, is a Negro. Defensive back Fichtner is white.

Lopez Has Surgery

CHICAGO (AP) — Manager Al Lopez of the Chicago White Sox was resting comfortably today following an emergency appendectomy Tuesday night.

Lopez, who will be 60 next month, complained of stomach pains Tuesday and was taken to Mercy Hospital as a precautionary measure shortly before the Oakland-Chicago game was rained out.

A couple of hours later it was announced he was undergoing surgery.

NEW HALL OF FAMERS — Gen. William D. Eckert, left, commissioner of baseball, poses with the new members of baseball's hall of fame in Cooperstown, N.Y. The new members are, left to right, Joe Medwick, Lean (Goose) Goslin, and Mrs. Hazen (Kiki) Cuyler, who accepted the honor in behalf of her husband who died in 1950. (AP Wirephoto)

Homer Lifts Braves, 3-1

By THE ASSOCIATED PRESS

It was the night of the big hit in the Texas League and the masters of the home run fraternity. Tuesday, were Shreveport's Hal Breeden and El Paso's Jarvis Tatum.

Breeden came up as a pinch hitter in the seventh inning and poled a two-run homer that lifted the Braves to a 3-1 victory over Memphis.

Tatum smashed a three-run home run and a two-run double to pace the western division leaders to a 10-2 victory over Arkansas.

[illegible] Dallas Fort Worth clubbed eastern division leader Arkansas 4-2.

Jets, Buffs Close Slate On Happy Note

The Senior Teenage League Jets and the Junior Teenage League Buffs both ended their seasons last night in Towle Park on a successful note, handing the Colorado City Blacks and the Sports 10-0 and 4-3 setbacks respectively.

Ronnie Lewis twirled a 2-hitter for the muchly improved Jets, giving up singles to Garcia and to Rocha. The Blacks put men on base in every inning and reached third in three of them, but they simply couldn't muster a scoring punch as the game was halted under the 10 - run rule.

Jet hitters had a field day, slamming six safeties off Rocha. Steve Moffett led the hit parade with three singles while Richie Thompson, Roxy Small and Alton Patterson each cracked one hit. All of the Jet hits were singles.

They scored two runs in the 1st, five in the 3rd and three in the fourth.

The 7th inning was decisive in the Buff - Sport clash. A Sport tally in the last frame tied the game up 3-3, but the Buffs scored the winning run in the bottom half of the inning.

David Thompson twirled a 5-hitter for the Buffs, giving up singles to Robert Guzman, Larry Wall, Terry Bell and Delbert Klein and a double to Cobb.

Jim Waters and Robert Phariss were touched for six hits by Buff batters, and half of them were for extra bases with Bobby Thompson and Stewart Sims blasting triples and David Thompson cracking a double. Bobby Vasquez stroked two singles, and Jerry Hardin delivered one.

The Buffs scored the winning run on an error, although their big hits figured prominently in the earlier scores. Miscues aided the Sports in their first two tallies, but Guzman singled in Cobb, who had doubled ahead of him, for their last run.

Teenage Champions

The Senior and Junior Teenage Leagues closed out their regular season summer campaigns last night with the Clippers crowned champions in the older-age loop while the Buffs claimed the title in the younger loop.

The Clippers will represent the Senior League in the playoffs at Brownwood Aug. 1-2-3 while the Buffs host The District 1 Junior Tournament July 31 through Aug. 3. Both teams breezed to the title in their respective leagues.

Big Stars To Miss Minnesota Classic

ST. PAUL, Minn. (AP) — The $100,000 Minnesota Classic—the closest thing to an institution on the pro golfing tour—opens a four-day run Thursday without most of the big name golfers.

The oldest tournament on the PGA circuit, the meet originated in 1930 as the St. Paul Open.

SOUTH VIETS RELY ON

Women In The War Zone

By EDWIN Q. WHITE
Associated Press Writer

SAIGON (AP) — The petite Vietnamese girl doesn't look quite so graceful wearing green fatigues and a baseball type cap in place of the traditional long, flowing ao-dai.

And it's a bit difficult to still be feminine when taking apart a carbine or doing close-order drill.

The way the war is going, however, she may be more a sign of the times than the others in their ao-dai or miniskirt.

The girl in green is a member of the South Vietnamese Women's Army Corps—WAC—one of about 4,000 female soldiers in this country. Because they are serving in useful, needed roles, it is hoped the total can be boosted to 9,000.

Women in military roles is nothing new for Vietnam. Tales of women warriors are scattered through Vietnamese history. The first organized women's army group here was started in 1952 during the Indochina war and was called "personnel feminin auxiliaire des troupes," or PFAT. Many of those who served in the PFAT now are officers in the WAC. The Viet Cong and North Vietnamese also have their share of women soldiers.

Girls who join the WAC—the age limits are 17 to 30—first must undergo three weeks of basic training at the Nguyen Van Thoa center in Cholon, the Chinese sector of Saigon. Life there is not easy.

Reveille is at 5 a.m., and the barracks and other areas must be scrubbed down, beds made in correct military fashion and breakfast finished before the 7 a.m. flag raising ceremony. Except for a two-hour noon break, the rest of the day is spent at military training.

The girls go through weapons instruction, drill, lectures on military tactics and conduct. The day's sessions end at 5 p.m., when the trainees return to their barracks to prepare for the next day.

After completing their three weeks' basic, the girls go into specialized training courses for two months before being assigned to their jobs as secretaries, clerks, accounants, typists or medical personnel. They are forbidden to marry during their first two years in the corps and are not supposed to have children as long as they are in service. They can retire after 25 years.

While fighting is not their primary job, they do learn to handle weapons and this knowledge is expecte to be put to more use as the war intensifies in populated centers. Since the lunar new year offensive, no discharges are being given.

Beetle Is Threat To Agriculture

WASHINGTON (AP) — Scientists in Eastern Europe are being financed through U.S. farm exports to look for a parasite to control a beetle now described as a major threat to American agriculture.

The parasite hunt is part of a research program conducted abroad by the Department of Agriculture with funds accumulated overseas through sales of U.S. farm commodities under Public Law 480—the Food for Peace Program extended last week for another two years.

Dr. H. A. Fowells, who helps direct the research, cited the cereal leaf beetle as an example of what the overseas program offers to the American farmers.

The beetle attacks all grain crops, particularly wheat, Fowells said. It has been found in Michigan and Indiana and is potentially "the most dangerous agricultural pest in America today," he said.

The beetles can be controlled by chemical poisons, but the hazards, involved have been well-documented, Fowells said.

Instead, natural enemies—parasites—are being sought in Poland and Yugoslavia.

"There is a very good chance of finding these parasites," Fowells said. "In fact, some have been found already, but the question is whether they can live in the United States."

American agriculture evolved from Old World crops and livestock transplanted here by emigrants. Major exceptions are corn and tobacco.

"Most of our crops came from abroad," Fowells said, "and most of our pests. But when we brought in the crops and pests we didn't bring in the natural enemies of those pests—the natural control agents that exist abroad."

But the search abroad isn't limited to finding natural enemies of pests confronting U.S. agriculture. Fowells said important discoveries continue to be made to help American farmers grow better crops.

Oats is an important crop both for human and livestock food. It developed, scientists say, in the Tigris-Euphrates Valley—the fabled Fertile Crescent area of the Holy Land.

Researchers, checking into the genetic histories of oats in this region, have found disease-resistant qualities which now are being bred into oats plants for U.S. farms, Fowells said.

Another discovery involved an oats variety in Israel which has a protein content of about 30 per cent, compared to about 20 per cent for the best in the United States, he said.

The overseas research projects are financed with foreign currencies accumulated through sales of U.S. farm commodities under PL480. The products are sold for pounds, rupees, zlotys or whatever currencies are involved, with the funds then earmarked for use by the United States for trade and economic development work.

Spending of these currencies is closely regulated by Congress and involves annual appropriations.

The international programs budget for fiscal 1969 called for spending $12.7 million in foreign money, but Congress cut the projects back to $4.7 million equivalent, Fowells said.

ON VIETNAM POLICY

LBJ Pledges To Stand Firm

By WALTER R. MEARS
Associated Press Writer

CINCINNATI, Ohio (AP) — President Johnson has declared he will not waver from a Vietnam policy he called just and reasonable, despite "the pressures and strains that come normally in any political year."

The nation's governors who heard that pledge had no plans to attempt to match it with one of their own. The 60th National Governors Conference held its final session today, and the agenda did not touch on Vietnam.

One Democrat who praised the Johnson stand said any attempt to put the conference on record in support of U.S. policy on the war and negotiations would stir dissension which could do more harm than good.

Johnson spent an hour Tuesday night at the conference which has been marked by the political maneuvering by and for candidates to succeed him when he retires from the White House next Jan. 20.

Before a black-tie crowd of more than 2,000 persons at the governors' ball, Johnson declared:

"Our nation wants peace, our government wants peace, our men in Vietnam want peace and your President wants peace. Yet some among us seem to feel that I or we alone can bring peace to Vietnam. They seem to ignore the presence and irreconcilability of the enemy."

Johnson said he had promised battleground restraint in announcing he would not run again for the White House, and has kept that promise.

"We are willing to go as far as honor and safety permit us to go," he said. "But we are not going to impose a coalition government—or any kind of government—on the people of South Vietnam.

"Nor are we going to let the totalitarians impose a Communist government of their direction either," the President said. That drew one of only two rounds of applause which came during his address.

"The days we're going through and the days ahead are going to be difficult ones," Johnson said. "But we are determined to press the search for peace even as we resist aggression on the battlefield. We are going to continue to resist the efforts to split our country wide open and divide our citizens."

Outside the Cincinnati convention center, scores of pickets marched the sidewalk, many waving placards critical of Johnson and the war. "Peace now," they chanted intermittently.

"With all the power at my command I am going to do my duty as I see it, regardless of the pressures and strains that come normally in any political year," Johnson said.

He said he and President Nguyen Van Thieu of South Vietnam agreed that a cease fire, with effective controls and guarantees, could be part of a war settlement. They agreed also, Johnson said, "that an honorable and secure peace will assure the right of the South Vietnamese people to decide their own affairs without external interference. . .

"That is the position of the U.S. government," Johnson said. "It is fair, it is just, it is reasonable and it is firm. We hope and pray for the best and are prepared for whatever comes."

Gov. Richard J. Hughes of New Jersey, who had talked of a possible conference resolution supporting the current Vietnam peace talks in Paris, called Johnson's speech magnificent.

But Hughes said he was not going to seek any conference action on the war issue. He said to do any good it would have to be supported unanimously or overwhelmingly, and that is not possible.

"It seems to be the concensus of everyone that I've talked to that a resolution wouldn't do any good and indeed one might be harmful," Hughes said.

Gov. Spiro T. Agnew of Maryland, a Republican, said no Vietnam policy measure had come before his executive committee, which screens conference resolutions.

Johnson got a silver plaque from the governors, inscribed with words of "appreciation for his long and devoted public service" and his leadership in establishing ties between Washington and the states.

He urged the governors to work at the state level to deal with problems of jobs, slums, education, health and the like—saying that the federal government has in the past taken responsibility by default, because no one else would act.

In that context, he mentioned the problem of crime. "The federal government does not seek the responsibility of policing our streets—and I hope and pray it will never accept it," he said. "But if the American people look to Washington in a matter so clearly defined as this, it may betray a weakness in our partnership."

Johnson asked for the governors' help in getting congressional action on legislation to "protect our people from guns in criminal hands."

A resolution now before it would recommend state action to stiffen gun control laws, but would not advocate specific laws, leaving that to the individual state.

Texas Wages Under Study

AUSTIN (AP) — Five laymen and five legislators have been appointed by House Speaker Ben Barnes to study Texas employment, wages and related economic problems.

Barnes announced the appointments Tuesday. Chairman of the committee will be Callan Graham, executive director of the Texas Catholic Conference, Austin.

Other laymen named are: Gustave Falk, southwest regional director of the American Jewish Committee, Dallas; Harold Kilpatrick, executive secretary of the Texas Council of Churches, Austin; Dean George Kozmetsky, College of Business Administration, University of Texas at Austin; and Dean H. O. Kunkel, College of Agriculture, Texas A&M University.

Legislators named were: Reps. Raul Longoria, Edinburg; Honore Ligarde, Laredo; Raul Muniz, El Paso; Ralph Wayne, Plainview; and Zan Holmes, Dallas.

The committee was authorized by the House last year after several hearings on the complexities of employer-employe relations and wages revealed a lack of accurate information for Texas.

Sheepmen Warned About Depletion

DALLAS AP) — A West Texas stockman and geologist says that unless farmers are prevented from depleting the underground water resources by irrigating, the sheep and goat business may be ruined.

"Texas should pass water laws for underground water control," Frank Fulk of Fort Stockton told the Texas Sheep and Goat Raisers' Association meeting Tuesday.

Fulk said the water table is falling alarmingly in some West Texas counties. He named Reeves County and Pecos County, where he said 50 per cent of the land now lays idle because of lack of water, in spite of good spring and summer rains.

Irrigation, Fulk said, has "updipped" the underground water from the ranchers. "The whole truth is that West Texas is semi-arid and the recharge is so little the water districts are losing this entrapped water that it took 1,000 years to accumulate."

A sheep and cattle raiser, Fulk also is a consulting geologist. He has been a Soil Conservation Service supervisor since 1948.

The discharge due to irrigation and other means has been so great that recharge from rains has not by any means kept water tables from dropping, Fulk said.

"There's too much farmland for the (underground) reservoirs, is the main thing," Fulk said.

"It looks to me like they're going to have to pro-rate production on allocated acreage where withdrawals will be somewhat commensurate with recharge."

Fulk said an advisory committee to the State Legislature on water matters has been formed, composed of members of the Texas Farm Bureau, the Texas Farmers Union, the Texas Grange, the Texas soil and water conservation districts, and the sheep and goat raisers.

"In East Texas they have a water problem in a dry year or two, because they have an impervious clay in some areas where the water can't get through to the sands; in West Texas we depend on underground lakes," Fulk said.

"Nature has taken care of us in a lot of ways, but, they keep trying to put in more crops; we may have to sell out."

Fulk said that a plant being built in Culberson County will take an estimated 25,000 gallons of water a minute from the ground, with no laws to restrict the process.

"That's just one incidence of water demand," he said. "In the oil business they need a large amount of water for secondary recovery, you know.

"Of course the ranchers and farmers are constantly advocating the use of salt water instead of fresh water for drilling, but it's found deeper and has a corrosive effect.

"But by the same token if they take the fresh waters the country becomes worthless, even for grazing."

Three Killed In Corsicana Accident

CORSICANA, Tex. AP)—Two men and a boy died Tuesday when their car plunged off an Interstate 45 overpass bridge and slammed onto Texas 31 below.

Authorities listed the dead as Alfred O. Biediger Jr., 43, of Hearne, his son, Dennis Biediger, about 13; and Gus George Weber, 70, of Victoria, the elder Biediger's father-in-law.

The Department of Public Safety said the Hearne man apparently was driving when the accident happened at about 2 p.m.

Both men were dead on arrival at the Corsicana Memorial Hospital and the boy died later.

Officers said the vehicle was traveling south on Interstate 45.

Train-Bus Collision Kills Nine

NEWTONVILLE, N. J. (AP) — A two-car passenger train plowed into a farm labor bus Tuesday night, killing nine of the migrants and injuring 20 others in this South Jersey community.

State police said the two self-propelled diesel cars of the Pennsylvania-Reading Seashore Lines, carrying some 100 passengers, tore the old school bus in two and threw the rear half 300 feet down the track. No one on the train was injured.

State police accounted for 39 bus passengers, but did not know exactly how many were aboard.

State police said the train was southbound from Philadelphia to Jersey shore points where it passed the crossing, which is marked with painted railroad warning signs but no lights. It was not known how fast the train was traveling.

The speed limit for trains in that section is 70 miles an hour, according to state police.

The farm bus was returning migrant workers from a dairy farm to Chester, Pa., according to Mayor John Krokos of Buena Vista Township.

State Trooper John Caruso said the bus driver, Love Clark, 33, of Wilmington, Del., had with him a Delaware driver's license which had expired in March 1968.

Clark was in Kessler Memorial Hospital, Hammonton, with injuries and no statement had been taken from him.

Texas Boy's Body Found

CAREFREE, ARIZ. (AP)—A 17-year-old Kerrville, Tex., youth managed to walk about a mile before he collapsed and died, after his light plane crashed near here Monday.

The body of James A. Burkett was found by a mountain search party Tuesday.

A Civil Air Patrol spokesman said Burkett apparently had been severely burned when the rented single-engine Alon Aircoupe crashed in mountains about 20 miles north of Phoenix.

The youth had logged some 20 hours flying time. He crashed on his solo flight.

He had been spending the summer with his uncle, Mick Burkett of Phoenix, a flight instructor who was teaching his nephew how to fly.

A sheriff's posse brought the body out of the mountains Tuesday.

Texans Are Casualties

WASHINGTON AP) — Twenty-five servicenen killed in action in the Vietnam war were named Tuesday in a Defense Department casualty list.

They included:

Army

Sgt. George Soliz, son of Mrs. Beatrice L. Soliz, 212 Runge St., Kenedy; Pfc. Donald J. Krussow, son of Mr. and Mrs. Donald E. Krussow, 234 Osage St., Corpus Christi.

Marine Corps

Texas&Capt. John C. Hurst, son of Mr. and Mrs. Roy C. Hurst, 915 Evans Drive, Lufkin.

Died of Wounds:

Marine Corps

Lance Cpl. Robert D. Ryan, son of Mr. and Mrs. Carl S. Ryan, 11323 Sage Park Lane, Houston.

Change from Missing to Dead —non hostile:

Army

Texas—Pfc. Perdo C. Gonzales, son of Mrs. Minnie C. Gonzales, 1114 Zoe St., Houston.

Hard Still To Raid

PITTSBURGH (AP) — "It was like a jungle up there," said Police Capt. Kenneth Ujevich after raiding a hillside moonshine operation. "I don't know how the moonshiner got the stuff up there."

The captain said the hill in nearby Clairton rose from street level at nearly a 90 degree angle. The raiders got to the still Tuesday by grabbing clumps of vegetation and pulling themselves up.

"The area is so inaccessible it would have been cheaper to buy a bottle every day," Ujevich said.

How to keep from getting lost in Miami Beach.

One of the biggest stories of the year is about to break and we don't intend to let a single detail of our own state's role get lost in that crowd of delegates. Around the clock, from the caucus rooms to the convention floor, we'll follow every historic move for you. Whether it's national, regional or local coverage, we've got what it takes to do the job. That's because our own seasoned staff is backed by more than 150 Associated Press political news editors, photographers and on-the-spot reporters. And we'll cover every angle of our state delegation's convention story. Who they are. What they say. How they vote. That's why, no matter how confusing things get in Miami Beach, you'll never get lost reading this newspaper.

Brezhnev Heading For Czech Soil?

By PETER REHAK
Associated Press Writer

PRAGUE (AP) — Unconfirmed reports today said Leonid I. Brezhnev and the rest of the Soviet Communist party Politburo was on its way to Czechoslovakia for its crucial meeting with Prague's new Communist leaders to discuss the latter's controversial democratic reforms.

Departure of the Soviet delegation for the previously announced meeting was reported by the Yugoslav news agency, Tanjug, from Moscow. There was no official confirmation, but rumors of the departure circulated in Moscow.

The trip to Czechoslovakia is the first by the Politburo—steering committee of the Soviet party—ouside Russia as a group.

The meeting is expected to be held today or Thursday in Slovakia, adjacent to the Soviet Union, but the time and location have not been announced.

Despite new Soviet army maneuvers along its eastern frontier, Czechoslovak officials expressed confidence the Russians would never resort to armed intervetion if the country stands united behind Alexander Dubcek's reformist regime.

"The Soviets would lose more than they would gain by a military intervention," one Communist party official said.

"Moscow will have to get used to what is going on here. There can be no turning back the clock. We are not going to compromise and are determined to continue on the present course."

Party officials said they viewed the Soviet note this week demanding a strengthening of Czechoslovakia's border with West Germany, presumably by Red army troops, as "just another step in the war of nerves."

In apparent rebuttal to the Soviet note, Maj. Gen. Jan Peprny, commander of the frontier guard forces, said in a statement to the official news agency CTK:

"Fears regarding the safety of Czechoslovakia's borders are quite unfounded. The Czechoslovak Socialist Republic has enough strength to safely protect its state border with its capitalist neighbors."

The Soviet note is expected to be a chief topic of discussion at the meeting of the 11-member Soviet Politburo and the 11-man presidium of the Czechoslovak party.

In Moscow, the Soviet Defense Ministry announced Tuesday that "military logistic exercises" are under way in the western Ukraine, which borders on Czechoslovakia, as well as in White Russia, Latvia and the Russian Federation. They are to continue until Aug. 10.

The announcement gave no hint that the maneuvers were connected with Soviet pressure against Czechoslovakia's more liberal course. Nevertheless, there was some thinking in Moscow that the army exercises could provide a cover for any Soviet forces that might be preparing for an invasion of Czechoslovakia if the party talks failed to settle the crisis.

Agriculture Forecasters Hedging

WASHINGTON (AP) — The Agriculture Department has dusted off its crystal ball for a look at 1980, but the seers hedge a bit on what they think they see.

"Projections, subject as they are to the vagaries of man and nature, are imperfect images of the future. Still, they do indicate a likely course of agricultural development in this country," the department says.

Some of the "imperfect images" seen for a dozen years hence included:

—Consumer buying power should be about 50 per cent higher.

—There will be about 235 million people in the United States, with the most rapid increases in the age groups of 20 to 24 and 25 to 34 years.

—Appetites for beef will continue to increase and may exceed 120 pounds a persons, compared with 110 last year.

—Exports of crop production should continue to take about one-fourth of the acreage output, with exports of wheat climbing to one billion bushels a year.

—Output of farm man-hours will continue to increase and may match that of industry in the next 15 to 20 years.

—Farmers will integrate more with industry; with mergers and consolidations, farmers will sell to fewer markets and processors.

—Synthetic products will be used more in textiles, shoes and building materials, but more feed and feed supplements also will be introduced from the laboratories.

Not Only The Girls

NORTH LAS VEGAS, Nev. (AP) — A city ordinance which declares "girls with long hair are required to wear bathing caps," was changed this week to "persons with long hair are required to wear bathing caps."

New Contracts Let By CRMWD

Contracts exceeding three million dollars were awarded by the Colorado River Municipal Water District at a meeting of the directors in Big Spring Tuesday afternoon.

The aggregate of six bids connected with the Robert Lee lake project and the district's supply system was $3,152,310, but two alternates could add $55,357 to this if the district exercises them.

Largest of the projects was 37 miles of pipeline ranging from 21 to 42 inches in diameter. Wittman Contracting Company of Phoenix, Ariz. was low with a proposal of $2,713,461 including [illegible] 24-inch 27-inch line were used for this section. Wittman bid $2,763,467, which also was the low bid.

Robishaw Engineering Company of Houston was awarded a contract for $38,977 for construction of a steel barge capable of hauling 116,000 pounds of equipment or materials to oil well mounds in the new lake.

Five of the contracts were for bids opened a week ago but formally awarded by the board. Included were M&H Valve company of Aniston, Ala. - $36,394 for gate valves on the new pipeline; Allis Chalmers of Dallas, $17,000 for electric motor controls; Gray-Bar Electric of Odessa and Dallas $22,188 for buried control cable; Brown and McKee of Lubbock $233,125 for substructure for the main pump station at the new lake; and Terry Construction Company of Greenville, S.C. $91,165 for a drip station and water intake for Union of Texas and Humble Oil and Refining. The latter item may be negotiated regarding concrete rather than rock rip slope protection.

The M&H proposal was second lowest of those submitted by $348, but the delivery dates were such that they fit considerably better into the pipeline construction schedule.

The district still has some 70 miles of pipeline to let, and this will be done either in November or December, said O. H. Ivie, general manager. Contracted Tuesday were 10 miles of 42-inch line from Big Spring to Moss Creek Lake southeast of Big Spring; 11 miles of either 24 or 27-in. line from Moss Creek Lake to a juncture with the district's Sun Oil water pipeline in Mitchell County; and 16 miles of 21-in. line from that juncture northeastward to the district's side terminal storage opposite its diversion works above Colorado City.

Approved was a water sale for repressuring in the East Howard oil field. The operators have sme 500 oil wells and will use flw of the Colorado River. Contract quantity ranges from 840,000 down to 630,000 gallons per day over 15 years at two cents per barrel.

Ivie said that American Magnesium has executed its contract for water for its new plant in southwest Scurry County for 432,000 gallons per day. Originally the company had requested only 142,000 gpd.

The board voted to lighten payments from concessionaires at lake J. B. Thomas so long as the lake level remains below elevation 2245.00. Although the lake still has 85,000 acre feet in storage, the present elevation is 2237.00. Construction of four boat ramps in the lake above Robert Lee was authorized. This will be done in advance of the closure of the dam, which will begin in the last quarter of this year.

S. W. Freese, consulting engineer, reported that the City of San Angelo may talk with the CRMWD about its water needs.

One Japanese shipyard has building docks that can handle 250,000 - ton ships.

CAREER CORNER

By F. J. LAIN

New Professional Identity For Industrial Engineers

The Cleveland Plain Dealer and Miss Lain award a new Mercury portable, courtesy of the Royal Typewriter Company, to Dan Mtterbach, Berea, Ohio, for his question:

"Am wondering if INDUSTRIAL ENGINEERING is a good career to follow?"

A. — United Air Lines president G. E. Keck thinks so. He's one of scads of upper - level executives who started out in industrial engineering. His evaluation: "It has served me well . . . Few (professions) offer exposure to as BROAD A SPECTRUM OF FUNCTIONS OF THE TOTAL BUSINESS ENTERPRISE as does industrial engineering."

MYSTERY AND MYTH. Exactly what is an industrial engineer? A surprising number of people don't know and I used to be one of them. During college, campus friends enrolled in the I. E. school tried explaining but it didn't soak in. Now I know why: the role of the industrial engineer is EXPANDING SO FAST IN EVERY LEVEL OF ALL TYPES OF MANAGEMENTS that the old clichés don't square with today's facts. Industrial engineers are rapidly gaining a new professional identity; fading is the wrong idea that the I. E. is the old efficiency expert glamorized with a new title and impressive jargon. Well, technically, the I. E. IS an efficiency expert — BUT ONLY WHEN THE TERM IS TAKEN IN ITS BROADEST CONTEXT.

PROBLEM SOLVERS. This businessman - engineer is an "improver" . . . an analyzer . . . a planner . . . a "now-to-do-it-better" expert. He is concerned with the coordination of the vital resources of a successful enterprise, determining the most effective methods of using MANPOWER, MACHINES and MATERIALS. I. E. is the only branch of engineering concerned with people as well as things.

SAMPLE ACTIVITIES. A bottleneck on an assembly line? Maybe inadequate machinery is to blame. Or perhaps it's a delay in having parts when and where needed. Possibly an incorrect distribution of workers is the main problem. Call "Mr. Fix - it" — the industrial engineer! Another example is the appliance manufacturer who needs to forecast future demand: when to produce, the proper number of parts, how to [illegible] and staff personnel for [illegible]uction . . . again, the I. E.'s speciality. Or, in today's space program, who coordinates men, space vehicles, control and guidance systems and technology? Yes, often it's an industrial engineer.

EMPLOYERS. Most I. E.'s work for large manufacturing companies. Others are employed by construction, mining companies, utilties, government agencies, universities, banks, hospitals, etc. Some become independent consultants. About 90 percent have job offers by graduation!

JOB OPPORTUNITIES. All the way from trainee to company president, plus opportunities in teaching and research.

GOOD FINANCIAL REWARDS AND FRINGE BENEFITS. Starting salaries are in the $9,000 bracket, and earnings of $17-20,000 are common for highly qualified and experienced I. E.'s. Also, top management salaries are much higher.

OUTLOOK. Rapid growth due to increasing complexity of industiral operations, expansion of automated processes and continued growth of Nation's industries.

EDUCATION. At least a four-year bachelor of science degree in industrial engineering (some schools offer five-year work-study programs). Graduate work is helpful for those with top management aspirations, and necessary for teaching. Another way to go is to obtain a bachelor's in another engineering branch, then get a master's degree in business administration. INTERESTED? Write to the American Institute of Industrial Engineers, 345 E. 47th St., New York, N. Y. 10017.
