# Sec. McNamara Reveals More Military Cutbacks

THREE SNYDER FIREMEN received awards at the annual fireman's banquet Tuesday evening. Fire Chief Alfred Kohl, right, made the presentations. From left are Floyd Allman, O. R. Brown, and G. L. Autry. Allman and Brown each received 10-year pins and Autry received a 15-year pin.

FIREMAN-OF-THE-YEAR John Sanders, right, is shown being presented an award by Roy Meador on behalf of Snyder Broadcasting Co. Sanders' choice as the outstanding fireman was announced at the department's banquet.

## John Sanders Is Fireman-Of-Year

John J. Sanders, an employe of the Texas Co., was named Snyder's Fireman - of - The Year at the fire department's annual banquet Tuesday evening.

The results of the secret vote of the fireman was made known when Sanders was named. In recognition of his honor he was presented a US Savings Bond by Snyder Broadcasting Co.

The banquet is held each year to honor the firemen of Snyder, both full - time employes and volunteers. A number of guests, including city, county, and district officials were present.

Dr. A. B. Lightfoot, pastor of the First Baptist Church, acted as master of ceremonies, including in his part of the program a number of magic tricks which were well - received by the large group attending.

N. W. Autry, chief emeritus of the fire department, welcomed the visitors on behalf of the firemen. Autry noted that it was his thirty - ninth annual banquet.

Fire Chief Alfred Kohl presented the officers of the Fire Department who are: Floyd Allman, president; John Sanders, vice president; First Assistant Chief, Leonard Keller; Second-Assistant Chief, Doug McGlaun; secretary - treasurer and Assistant Fire Marshall, G. L. Autry; and the Rev. Allan Lynch, Chaplain.

Chief Kohl also presented the service pins. G. L. Autry qualified for a 15-year pin; O. R. Brown and Allman received 10-year pins.

In his report, Chief Kohl reported that during the past fiscal year the fire department had answered 348 calls. Of these 221 were [illegible] were out of the city; and 10 were false alarms.

The insured loss during the 1963-64 year was $57,968.86.

The fire chief also recognized those of the department who had attended all of the drills for the year. They were Leonard Keller, G. L. Autry, Kenneth Wood, Bill Engler, Wayne Jones, Ross Roschell, Mickey Nunley, T. L. Guynes and T. V. Early.

The Snyder Fire Department has 40 members.

Entertainment at the banquet was provided by James Hamblin and the Jaguars.

## US Fighter Shot Down Over Laos

WASHINGTON (AP) — A U.S. F100 jet fighter plane which was escorting a reconnaissance plane over Laos has been shot down. Rescue operations for the pilot are under way, Secretary of Defense Robert S. McNamara announced today.

The fighter was one of two aircraft escorting a RF101 photo reconnaissance plane in operations similar to those begun last summer at the request of the Laotian government to detect infiltration of North Vietnamese personnel and equipment into Laos.

McNamara told a news conference that the incident occurred about midnight, EST, in the "panhandle" part of Laos in the south central section.

## Ten Aboard Plane Killed

ARGENTIA, Nfld. (AP)—All 10 men aboard a U.S. Navy patrol plane returning to fog-shrouded Argentia Naval Base were killed Tuesday night when it plunged into the sea.

The four-engine P3A Orion was approaching on instruments when it crashed three miles west of the field. Persons on shore reported seeing a fire and hearing an explosion.

Two tugboats, two crash boats, a rescue helicopter and a Coast Guard transport found no trace of the aircraft.

The P3A, a military version of the Lockheed Electra, is equipped for antisubmarine warfare and carries an array of detection gear, torpedoes and depth charges.

## 18 Americans Injured In Saigon Blast

By PETER ARNETT

SAIGON, South Viet Nam (AP) — A terrorist's bomb demolished a restaurant at the Saigon airport today, wounding 18 Americans and at least four Vietnamese.

One American Air Force officer was badly wounded. He was sitting outside the restaurant in a bus when concrete fragments smashed into it.

The other injured Americans were 11 U.S. airmen, three Army men and three civilians.

First reports indicated they were in the area of the restaurant, not in the building, and were only slightly wounded.

The explosion virtually leveled the Air Viet Nam restaurant situated a few buildings from hangars containing U.S. Air Force jets.

American and Vietnamese security men at first thought the airport was under a Communist mortar attack similar to that which killed four Americans and wounded 72 at the Bien Hoa air base two weeks ago.

A few minutes before the explosion an Australian air force plane had arrived from Singapore with flood relief supplies for central Viet Nam.

An armada of 115 U.S. helicopters was landing at the airport as the explosion took place. They had been engaged in the biggest airlift of the Vietnamese war, carrying troops into Communist territory north of Saigon.

Demolition experts said the bomb was of a plastic type and probably weighed about 45 pounds.

It had been placed above a concrete beam inside the restaurant. A similar bombing in the Caravelle Hotel in downtown Saigon last August smashed through 21 rooms.

Four Vietnamese were dragged bleeding from the debris of the restaurant.

Police arrested four boys between the ages of 15 and 20 for questioning.

At least a dozen U.S. jets were parked in the vicinity of the blast, but they were not damaged.

Only the roof frame of the wooden and concrete restaurant was left standing. Tables and chairs were blown through a wall into a high fence separating the restaurant from the entrance to the civilian air terminal.

PISTOL PACKER—Wearing a gun in holster around her waist, Ann Soloman, 39, poses in her plush leather goods salon on fashionable North Avenue in Chicago. "I've been victimized too many times," she said. "Now I'm going to do something about it." She claims she has lost thousands of dollars through theft since opening the shop 20 years ago. Police said it's legal for her to carry a gun for her protection in her shop. (AP Wirephoto)

## 95 Bases Under Axe

WASHINGTON (AP) — Secretary of Defense Robert S. McNamara announced today 95 more military bases will be eliminated. These include some naval shipyards.

McNamara told a news conference the bases affected by the new cutback will be announced Thursday. He declined to identify any of them at this time.

He said the cutbacks will be phased out over a period of years and will save about $500 million a year "without degrading our military capabilities."

In addition to shipyards, McNamara said air bases, army bases and other facilities will be affected, some small and some quite large.

The latest batch of base closings comes on top of 574 previous actions to close or reduce installations considered surplus.

A study of the 11 Navy-owned shipyards has been under way for many months and there have been recurrent rumors that several will be closed.

McNamara has said in the past that some of the shipyards have not been operating at full efficiency and capacity.

The earlier moves date back to March 1961. When the old and new cuts are completed, total annual savings of more than $1 billion a year are expected.

McNamara said the 95 to be announced Thursday are in 33 states.

A total of 63,000 job positions, both military and civilian, will be eliminated and a total of 377,000 acres — almost 600 square miles — of land will be turned back for private, state and local government use, McNamara said.

The defense secretary acknowledged that the latest actions will be regarded by some as "bad news because a significant military payroll is being taken away from a particular community."

"Yet I suggest that there is also good news in these announcements, not only for the taxpayer and the citizens who are concerned about efficiency and economy in government, but specifically for the citizens of many of the affected communities," McNamara said.

He promised to guarantee a job opportunity for every career employe whose job is eliminated.

The new actions, McNamara said, follow year-long studies.

He indicated that the peak has been passed in the search for surplus bases which can be shut down with economy.

"I don't anticipate in the next 12 or 24 months we will have anything" as extensive as the actions taken so far, he said.

## Heavy Rains Pound Areas Of Texas

By The Associated Press

Continuing rains fell across mid-sections of Texas today, flooding some homes in the Bowie area and swelling creeks and rivers.

Prairie Branch, near Bowie in North Central Texas, measured 6.25 inches this morning. Bowie had 5 inches and the neighboring towns of Newport and Sunset reported 4 inches.

Water entered homes, stalled cars and blocked at least three streets in Bowie. Brushy Creek, near Sunset, spilled from its banks, covering portions of Farm 2749.

Brownwood, in West Central Texas, received 5.35 inches in 24 hours while Baird reported a 7.29 inch fall the past three days.

The rains filled some creeks in West Central Texas for the first time in two years.

Lake Hubbard near Breckenridge was expected to rise two feet from a 5.17-inch rain in its watershed near Baird.

The weather generally in Texas continued to be dominated today by a stalled-out cool front that stretched at dawn from Tyler down through Waco and on out to the Big Bend Country.

## Italy Expels Arab Envoys

By PIERO DE GARZAROLLI

ROME (AP) — The Italian Foreign Ministry today ordered the immediate expulsion of two Egyptian diplomats caught trying to ship a bound, drugged prisoner to Cairo in a trunk labeled "diplomatic mail."

Rome police said they had information the victim, Moroccan-born Josef Dahan, 30, had been a spy for the United Arab Republic some years ago, and more recently for Israel.

The police said Dahan was an Israeli citizen. The Israeli Embassy said it had no record of him.

Police said the "diplomatic trunk" had almost certainly been used before for human cargo.

The Foreign Ministry sent for the U.A.R. ambassador to protest and to order the expulsion of the two embassy first secretaries who tried to load the trunk aboard a U.A.R. airliner bound for Cairo.

The Foreign Ministry called in U.A.R. Ambassador Ahmed Naguib Hasim and ordered embassy first secretaries Abdel Moneim el Neklawy and Selim Osman el Sayed out of Italy. They were arrested Tuesday night after they tried to load the trunk aboard a U.A.R. airliner bound for Cairo but were released because of their diplomatic immunity.

The Foreign Ministry also delivered a "most formal and energetic protest" against "violation of the international rules of diplomatic immunity and privilege."

The ministry said the two diplomats had engaged in evident infractions of the Italian penal code.

The ambassador said the bizarre shipment was "done without his knowledge and was beyond his possibility of direct control," the Foreign Ministry said.

Intelligence sources in Cairo speculated that the affair was part of the continuing espionage war between the U.A.R. and Israel. Israeli agents drawn from Arabic-speaking Jewish communities in North Africa and the Middle East have been planted in branches of the U.A.R. government before.

## Slant-Well Case Verdict Upheld

AUSTIN (AP) — The Third Court of Civil Appeals upheld an Austin jury's verdict against three East Texas oilmen penalized $12,800 for drilling a slanted well.

The decision retains for the state a persuasive tool for use in winning agreed judgments against oilmen named in civil penalty suits.

The court ordered retrial of the state's contention that the three oilmen also should be fined for 10 years' production from the well. The jury found the three and another oilmen should be penalized $292,000 for the 10 years' production.

The court, ruling on what it termed "the most vital question" of the case, said that the state did not have to prove intent to deviate the wells.

In the court's 36-page opinion, written by Associate Justice Robert Hughes, it was pointed out that the state failed to establish the number of days of production by the slanted well. The court reversed this portion of the lower court decision.

Eighteen of more than 100 such suits filed by the attorney general since the 1962 investigation have been disposed of by agreed judgments bringing the state almost $1 million.

All but one of the judgments followed the Oct. 30, 1963, jury verdict against H. M. Harrington Jr., Charles Lutes, Reid Allgood and J. W. Baton, all of Gregg County.

The jury found that the Wood County well operated by the four during 1952-62 was bottomed under a neighbor's lease, in violation of state laws and Railroad Commission rules, at a point 1,600 feet from the surface location of the wellbore.

Harrington, a Longview attorney, argued his appeal Oct. 7, charging 5 points of error in the trial in Dist. Judge Herman Jones' court.

*TO BASES IN PACIFIC*

## Non-Military Groups Tour, Taxpayers Stuck For Tab

WASHINGTON (AP) — Two Republican congressmen have questioned the propriety of a 19-day tour 10 congressional committee staffers are making of Air Force bases in the Pacific — at taxpayers' expense.

Some of the staffers on the Air Force-sponsored tour work for committees with little of any connection with military matters.

"This kind of operation seems to run counter to (Secretary of Defense Robert S.) McNamara's pledge to reduce spending in the Defense Department," said Rep. Frank T. Bow of Ohio.

A high-ranking member of the House Appropriations Committee, Bow said: "It will be interesting when the Defense Department's budget comes in to find the reasons for a trip of this kind."

Rep. William G. Bray of Indiana, a member of the House Armed Services Committee, said he favors foreign trips by congressmen and staff members when they serve a useful purpose.

But of this trip, Bray said: "I can't see any justification for it and I think it's one of the expenses that could be cut down."

The Air Force furnished The Associated Press Tuesday with some facts about the tour and the names of those on it after Capitol Hill sources had made the trip known.

Acknowledging that it is footing the bill, the Air Force said it has not calculated the cost.

The congressional staffers — no Congress members are making the trip — stay in quarters on bases where available and in hotels where not available, the Air Force said. They are being transported in a military version of the Constellation, a four-engine propeller-driven craft.

"General orientation and familiarization" with military activities and facilities in the Far East is the purpose of the tour, the Air Force said.

Committees represented include the Senate subcommittee on Constitutional Rights, the House Post Office and Civil Service Committee, and the Senate subcommittee on Investigations.

Some of the subcommittees deal directly with military operations and government procurement.

The tour, from Nov. 5 to Nov. 24, includes air bases in Canada, the Aleutians, Japan, Korea, Okinawa, Formosa, Hong Kong, Manila, Guam, Wake Island and Hawaii.

## UF 'Wrap-Up' Continuing

Today is "Kiwanis Day" in the final wrap-up drive of the 1964 United Fund campaign.

Tuesday was "Lions Day" and Thursday will be "Rotary Day."

Members of the three service clubs are taking the remaining names of businesses and individuals who have not yet been contacted in this year's drive and are contacting them immediately following their luncheon meetings. Thursday is the final day for solicitations this year.

## *FIVE ENTRIES SHARE GRID CONTEST PRIZE*

It required a spectacular performance to get in on the prize money in last week's Snyder Daily News Football Contest, but five people did it.

The quintet sharing honors for the week each missed only three selections out of 26 games. And in each case, one of the misses was that tie between Oklahoma and Missouri.

This is far and away the best score of the season in the weekly contest.

Sharing the prize are Bill Harris, Box 105; Nancy Berry, 602 Twenty-ninth Street; Hazel Berry, 601 Twenty-ninth Street; Jack Berry, 601 Twenty-ninth Street, and W. B. Engler, 2334 Sunset.

Another contest begins today and the list of games may be found in sponsors' advertisements on the contest page in this issue.

## Henry Has Yen For Night-Life

CORNING, N.Y., (AP) — "Have you seen Henry tonight?" they ask along East Market Street after sundown.

Henry is a sad-eyed basset with a yen for pub-crawling and beverages served in East Market Street bars.

Henry is owned by Amory Houghton Jr., chairman of the board of Corning Glass Works.

Several nights a week, 4-year-old Henry ambles downtown to make the rounds. Tavern keepers insist Henry never drinks anything stronger than milk or water.

But Houghton says the dog frequently is tired and red-eyed and requires an undue amount of sleep the morning after.

Favorite spots appear to be the Hotel McGlintock, Joe's Grill, the Alibi and the Steuben House Tavern.

Henry's many friends buy him hamburger patties, sandwiches and beverages. Friendly proprietors also offer meat scraps and bones.

At the Steuben House, where Henry generally calls it a night, owner Charles Heverly has a special bed for Henry in the "Beagle Room."

Sometimes Henry is not quite so tired and trots to a taxi stand for a ride home. There is a tacit understanding between Houghton and a cabdriver.

Houghton says neither the family kitchen nor the available area trash cans satisfy Henry's appetite.

## US Appeals For Citizens In Congo

LEOPOLDVILLE, the Congo (AP) — The United States appealed directly to Congolese rebel leaders today to protect medical missionary Paul Carlson and other Americans and to permit their safe evacuation.

U.S. Ambassador G. McMurtrie Godley directed the appeal to rebel President Christophe Gbenye's headquarters in Stanleyville, where about 60 Americans and nearly 800 Belgians are "prisoners of war."

Godley presumably sent the appeal by radio or through an intermediary. The United States does not have direct contact with the rebel capital 775 miles northeast of Leopoldville.

The United States said it holds the rebel authorities "directly and personally responsible for the safety of Dr. Carlson and of all American citizens in areas under your control."

"As you know," the message continued, "this government along with other nations has fully supported the unsuccessful efforts of the International Committee of the Red Cross and the OAU (Organization of African Unity) ad hoc commission to get your agreement to an ICRC humanitarian mission in Stanleyville and to arrangements to protect and evacuate innocent civilians."

## Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: How long is a girl supposed to wait for a man to marry her? I've been going with him for 16 years. I am 46, have been married, no children. He's 58, has never been married, owns his own business, lives in style and likes to travel (alone). At first his excuse was that he had to support his mother. That may have been true 16 years ago, but today she needs his "support" like I need a hole in my head. He's made some shrewd investments for her (she owns two luxury apartment buildings) and her income is over $35,000 a year. (I know. I work for him.)

In private he tells me he "loves" me. In public he refers to our relationship as "pals" or "buddies." I'm sure he doesn't have anybody else (in town, anyway) and I certainly don't have another man and don't want one. How do I get him to marry me?

ON ICE 16 YEARS

**DEAR ON ICE: No preacher would marry a woman to a man with a gun in his ribs. Your friend is surely not waiting for you to propose, so give him the "now or never" ultimatum. But be prepared for a negative reply.**

• • •

DEAR ABBY: The letter from Mrs. S. regarding her disfigured daughter brought back memories of an incident which occurred when I was in the fourth grade. As I look back now, I realize how much wisdom and understanding our teacher showed. She chose the most popular boy in the class — one whom all the other boys looked up to — and she told him privately, 'Tomorrow we are going to have a new boy in class. He stutters badly. The best way to overcome stuttering is to read aloud. If you children laugh at him, or make fun of him when he stutters, it will make his stuttering worse. If you show no signs of noticing it, you will help him tremendously. It is up to you children. I am depending on you. Spread the word to every boy in the class."

I was the girl chosen to get the word to all the girls. As I recall not one person in the class ever violated the trust the teacher placed in us. Needless to say, the new boy improved.

MRS. R. E. R.

• • •

DEAR ABBY: Regarding the woman whose daughter had been badly disfigured in an accident and was fearful of returning to school while in dire need of plastic surgery.

My neighbor had a son who had a dental problem and he was worried about going back to school wearing the necessary brace - type appliance on his head. His teacher had him get up before the class and explain what it was all about. There was never one bit of ridicule or rudeness from the children once they understood the problem.

If that mother would go to school and speak to the class and explain what had happened to her daughter, and how they hoped to correct it in the future, I'm sure she would find the children very sympathetic, and extremely kind to the child. Young people are amazingly cooperative when put to the test.

THELMA J.

• • •

DEAR ABBY: I know it's bad psychology to keep after my teen-age daughter to stand up straight, but her lovely figure is spoiled by the way she stands. She either has one hip sticking out, or one toe turned in, or she stands with her shoulders stooped and her stomach sticking out. I hate myself for constantly criticizing her in front of others, but how else can I get her to pay some attention to her posture and improve it?

ON EDGE

**DEAR ON: Don't ever criticize your teenaged daughter in the presence of others. Humiliation never improved anyone. Explain how important good posture is to the impression one creates. Work out a few signals between yourselves as a silent reminder to improve her posture. (Smooth your hair, or touch your left eyebrow.) She'll appreciate your consideration and you'll get your point across painlessly.**

## 2 Mishaps Reported

The Snyder police department reported two auto mishaps Tuesday within a few minutes of each other and within a few blocks of each other.

At 12:11 p.m. a mishap was reported at Avenue F and the East Highway. Involved were a 1953 Chevrolet driven by Allen Russell Sutton of Snyder and a 1964 Chrysler driven by Jessie Willie Palmer of Snyder. Damage to the Sutton car was estimated at $225 and to the Palmer car at $500.

Five minutes later at Avenue N and Twenty - fifth Street a mishap involved a 1954 Chevrolet driven by Fernando Sauceda of Snyder and a 1953 GMC wrecker driven by Robert Lee Anderson. Damage to each car was estimated at $200.

No injuries were reported in either mishap.

More than 625 tons of trout are placed in Colorado lakes and streams each year.

## Country Cousins To Elect New Officers Saturday

The Country Cousins Square Dance Club will have a business meeting, and election of officers for the coming year, Saturday night, at 7 p.m., at the Ira community center.

All members of the club are asked to attend the meeting, and each family is asked to bring either a cake, or pie, for a "coffee fellowship" afterwards.

# P-TA Delegates Return From State Convention In Dallas

Mrs. W. J. Danforth of Fort Worth, state president of the Texas Congress of Parents and Teachers, stressed the theme "We Co-operate" in her opening keynote address to the 55th annual convention of Texas Congress in the morning session Nov. 11.

Mrs. Danforth stated that it is the spirit of the Texas Congress to encourage cooperation between home and school. She issued a challenge to every parent and teacher in the state to do his part in providing for every child in Texas a proper education. Mrs. Danforth pointed out that the world of tomorrow will include men and women in many stations of life and each must be educated to his fullest potential, and emphasized that parents have the opportunity to guide their childrens interest rather than to direct them. An membership and magazine awards were made.

"We The P-TA Cooperate in the School Story," was presented by a panel with Dr. William Helton, director of research, Dallas Public Schools, as moderator. Panelists were Dr. Elden Busby, superintendent, Fort Worth Public Schools; Sam Anderson, superintendent Big Spring Public School; A. O. Bowen, superintendent Bryant Public Schools; Dr. Dana Williams, superintendent Corpus Christi Public Schools; Dr. Chas. Mathews, superintendent Longview Public Schools; and Dr. Clifford S. Knape, State Mental Health chairman.

Delegates from Snyder attending the convention were: Dr. Robert Clinton, superintendent, Mrs. R. A. Sims, city council, Mr. Frank Miller, North Elementary, Mrs. George Watts and Mrs. Ann Martin, East Elementary; Mr. Bob Smith, Mrs. June Gilstrap and Mrs. W. D. Sims, Travis Junior High; Mrs. Darrell Sims, Lamar Junior High; Mrs. J. R. Meadows and D. W. McCommas, West Elementary; Mr. Joel Griffin, Mrs. Bob Mahood, Mrs. Lester Hanback, Mrs. R. E. Cooper, and Mrs. Ruby Anderson, Stanfield Elementary.

Mrs. Snowden called this a crucial time in education, pointing out the increasing number of children being educated, the need for more classroom and college facilities, and the need for more money to provide services and staffs in the expansion. She told delegates "Our task is to see that the community offers the best for our children, that it pays for the best, that the public understands the need for the best, and is willing to lend its support."

She also stated that P - TA members together can challenge youth to highest achievements, can provide examples of adult lives which will inspire young people, can launch into new adventures of leadership and responsibility to make the image of America for its children and youth, and can open the door to knowledge and understanding.

Wednesday night Dr. Wayne Holtzman, dean, College of Education, University of Texas, Austin, made the main address. He spoke on "Education is for Today and Tomorrow."

Mr. Holtzman said that we have had many social changes as well as a population boom. High school enrollment is expected to rise 39 percent in the next 10 years. The most important factor is education of parents, because the changes in higher education will be considerable in the future.

In discussing education, Dr. Holtzman said that P- TA can do many things — keep informed on current education, be responsible and active parents, keep open minds for improvement, be informed about school board and support it.

Eight group conferences and seven clinics dominated the second day of the convention. The group conferences in the morning explored the depth of the convention theme "We The P-TA Cooperate In The School Story." The clinics in the afternoon were in areas of P - TA Comm. Family Living Program Projects, Parliamentary Law, Publication, Pre - school and Records.

Thursday night Dr. Harold Spears of San Francisco, Calif., superintendent of San Francisco Public Schools, was the main speaker at the banquet meeting. He spoke on "Education — A Matter of Time and Place."

Dr. Spears said: "One-fourth to one-third of the people in this country are in schools." He stressed that schools reflect public interest, and that the parent is a public agent whose job is to work with school. He said that the local district should determine where money should be spent as each district is different.

Friday morning, the final meeting of the convention was held. District council and local

## Country Citizens 4-H Club Has Meeting Tuesday

The Country Citizens 4-H Club met at the Northeast community center recently with 22 regular and two new members present.

Meeting was called to order, roll call answered and the 4-H pledge and prayer were recited. Minutes were read and approved.

A Christmas party was planned for the December meeting.

Mr. Billy Roach presented color film on raising and training hogs for show.

## AAUW To Meet Thursday

The Snyder Branch of the American Association of University Women will meet Thursday at 7 p.m. in the home of Gladys Johnson, 3009 Crocket. Irene Winters, program chairman, will present Mr. and Mrs. Charles Noble, who will give a travel talk of their recent visit to the Orient.

In keeping with the AAUW tradition, the Christmas theme, "Putting Christ in Christmas" will be carried out. Instead of exchanging gifts members will bring gifts for the Abilene State School. These gifts must be in the Abilene Christmas distribution center by Nov. 25 in order to be wrapped and tagged. For easier distribution the school suggests that gifts be unwrapped. Gifts will be wrapped at the school by volunteer workers. Mrs. Travis Rhodes, president, urges all members to send, or bring gifts.

The organization also contributes to the Goodfellows, the Senior Citizens' Home and the Big Spring State Hospital as their Christmas projects.

## THE FROSTING ON A PRIZE WINNING CAKE

# Basic Political Revolution Is Under Way In America

By RAYMOND J. CROWLEY

WASHINGTON (AP) — Mark Twain used to tell a story about a tramload of state legislators who were going on a picnic.

The train was held up by bandits. Having relieved the bandits of their valuables, the legislators proceeded to their picnic.

This, of course, is not an accurate description of modern state legislators. For one thing, they lack the old-time vigor.

But many of them are putting up quite a fight — a fight they cannot possibly win — a fight to preserve "rotten boroughs."

The term rotten borough derives from British parliamentary history. The big dictionary defines a rotten borough thus: "An election district that has many fewer inhabitants than other election districts with the same voting power."

This exactly describes the situation now prevailing in most states of the Union. There has been a tremendous growth in the population of cities and suburbs, especially the latter, but the outnumbered rural folks still control — or at least exercise a veto power — in most state legislatures.

In some cases the state constitutions called for mandatory reapportionment after each census but legislators blithely ignored this requirement, in some cases for as long as 60 years.

A lawyer from one of those states requested more time from the Supreme Court.

"How long do we have to wait?" asked Chief Justice Earl Warren, with the air of a man who is tired of waiting.

Now the law of the land — as pronounced by the Supreme Court — is "one man, one vote" — that is, legislative districts have to be equal in population, as nearly as practicable.

So there is nationwide ferment, special sessions of legislatures, with federal courts breathing down their necks. The idea of the controlling rural folks is to reapportion in such a way as to give up as little power as possible.

New Jersey has come up with a plan — not quite new because it was tried in New Mexico but promptly slapped down as a violation of the state constitution. One aim of this plan is not to retire any legislator to private life.

It provides for weighted voting in the state Senate, that is the senator from populous Essex County would have 19 votes, as against one for the senator from Cape May County.

The issue is intertwined with partisan politics. Example: In the Goldwater debacle, Democrats won control of the New York Legislature from the Republicans.

Now Republican Gov. Nelson A. Rockefeller is planning to call a special session of the legislature soon to reapportion the state before the Democrats get a crack at it in 1965.

The Democrats are hollering bloody murder. It makes a heap of difference who gets to do the redistricting, because both parties have experts in gerrymandering — the art of drawing boundaries in such a way as to put the opposition behind the eight ball.

Over much of the country, this kind of footwork is going on. A truly fundamental political revolution is under way, with incalculable effects on the American system.

# Columnist Puzzled By Office Thief

By HAL BOYLE

NEW YORK (AP) — Office thievery is a growing problem today.

Big industries steal their big and small secrets from each other. Spies in business may make more money than spies in government. But most office thieves merely are novelty larcenists — junk takers.

My desk has been invaded by them too often, and I feel they are an ordeal and an unnecessary nuisance.

Most people keep immaculately clean desks. They live as if, when they quit their desks on any day, they had no reason to come back to them tomorrow. If they died overnight, the newcomer who took their place the next morning would face a mirror newness.

I live another way. I believe a clean desk is the sign of a frightened mind.

Most people lock their desks. I don't. I leave my desk unlocked and piled daily higher with a clutter of wistfulness, postponed decisions and unanswered letters.

This is why it puzzles me that I am more often a victim of office thievery than those who keep neat, locked desks.

Experience has convinced me that office thieves either use my desk for practice, or that, mistaking availability for value, they take what is there and hope it may be useful later. Certainly I don't cuddle the secret of how to make cheaper steel or a protein-enriched cola drink.

I hate to think that an international ring of office espionage artists is employing my desk for a training ground, but how else can I explain that—

My letters from admiring old ladies have been ruthlessly opened, and peered into.

So have been the follow-up letters from their husbands saying, "No matter what my wife wrote you, if you try to sell her anything, I'll tell you right now that I'll not be financially responsible."

So have been my invitations to cocktail parties to celebrate a new tractor, or to judge the vocal excellence of a troupe of visiting canaries.

Careless as I am, I still resent the fact that any office thief should purloin from my desk such as the following:

My unmailed encouraging note to Gen. Custer, before the Battle of the Little Big Horn in 1876, "just keep on herding those Indians, George, and you'll be back in Washington as Army chief of staff."

A wry postcard from William Jennings Bryan following his defeat for the presidency in 1908, after earlier losing in 1896 and 1900, "Well, you can't win them all, kid!"

The telegram I sent to a man named Ford: "If you ask my advice, Henry, don't put your trust in a four-wheeled vehicle just because it wears out more tires. The big future is in a three-wheeled car."

And the advice I gave to Tom Edison: "What's the use of putting a light inside a closed glass bulb — if it makes it just that much harder to reach with a match?"

There isn't much glory in robbing a city dump, and a guy who holds up a dump instead of a bank shows himself to be a pitiful amateur — and so do most office thieves.

## Junior Editors Quiz on Chameleons

*QUESTION: What makes chameleons change color?*

• • •

ANSWER: The true chameleon is the funny little fellow shown at upper right, living in Madagascar and Africa, as well as parts of Asia and Europe. He has a very long sticky tongue with which to catch insects (1), can roll his eyes (2), has peculiar grasping toes (3) and a tail he can wrap around twigs for support (4). The American chameleon is an American lizard of another kind, usually called "chameleon" because he can change colors so often, like the Old World one. It is a popular idea that chameleons change color to match their surroundings, but there is little truth in this. Scientists say that changes in temperature and in the intensity of the light as well as the lizards' emotional feelings such as fright, anger and so on, make the differences in color. Under ordinary conditions a chameleon may be gray green with small spots; in the dark this may fade to cream color. Under bright sunlight the lizard may turn black. Hot conditions without sunlight may make the chameleon green; when startled, he may turn to a lighter tone with brown areas and yellow spots.

• • •

FOR YOU TO DO: The American chameleon, often sold at pet shops and circuses, is lots of fun to keep in a vivarium such as we show. Feed them meal worms and flies and be sure to sprinkle the cage with water so they can lap up the drops. If you can't keep one, try to find someone who has a pet chameleon and check up on the colors.

# Nobody Has A Chance To Catch Hurricane's Rhome

NEW YORK (AP) — Gary Snook of Iowa and John Huarte of Notre Dame are due to meet in a pitchers' battle Saturday but the best either can hope for is to wind up as No. 2 behind Tulsa's Jerry Rhome.

Rhome, with a half dozen or so passing records safely stowed away, is far in front in both passing and total offense, according to figures released today by the NCAA Service Bureau. With two games to go, it appears impossible to overhaul him.

The big statistical contests left are between Snook and Huarte for the runner-up spot in total offense and in the rushing department, where Brian Piccolo of Wake Forest has a lead that isn't safe yet.

Snook, who has given Iowa the strongest air threat of any Big Ten team in history, is 287 yards ahead of Huarte in the over-all figures. But he ends his season with the Notre Dame game while Huarte will have one more to play. The eight-game figures are 2,541 yards for Rhome, 1,991 for Snook and 1,704 for Huarte.

In passing, it's Rhome 185 completions on 262 attempts for 2,330 yards and 27 touchdowns. California's Craig Morton is second with 165 completions and needs only 10 against Stanford to pass the 174 that gave Baylor's Don Trull a major college record last year. Snook, who has thrown 290 passes, is third with 143 completions.

Rhome gained 289 yards against North Texas last Saturday, which gave him these one-season records: 2,541 total yards, surpassing Johnny Bright's 2,400 for Drake in 1950; 185 completions; 27 touchdown passes, 2,330 passing yards and 134 consecutive passes without an interception. He also has a major college career record of 4,932 yards by passing.

Piccolo leads the runners with 929 yards total. Donnie Anderson of Texas Tech is second with 877 and Ray Handley of Stanford third with 864. Right behind them are Jim Grabowski of Illinois, who jumped from 19th place to fourth by gaining 239 yards against Wisconsin last Saturday and Princeton's Cosmo Iacavazzi, whose 185 yards against Yale lifted him from 13th to fifth.

Frank Lambert of Mississippi leads the punters for the fifth straight week with an average of 44.1 yards in 44 kicks.

Among proposals up for a vote next April by the University Interscholastic League is one which would permit Class AAAA and Class AAA basketball workouts to begin on Oct. 15 rather than Nov. 1. There has been considerable demand for such legislation because most of the schools in the two larger brackets of UIL play have several boys who play basketball but do not play football. They usually are just waiting around during the first two months of school for the go-ahead signal for formal workouts. And of course the coaches are usually ready long before the Nov. 1 barrier.

There are reports that dissension and bickering within the coaching staff may be responsible for the mediocre football record this season of one West Texas college which had been counting on one of its best gridiron seasons in history.

The effect of organized athletics on physical fitness may be seen in the PE tests given in Snyder Public Schools. The school board was informed the other night that athletes in the local system score much higher on the physical fitness tests than do other students. Most other students here are above the national average. But, as members of the school board pointed out, "Who wants to be just average?" That is one reason local schools are putting more emphasis on physical education. As Board Member Buster Anderson put it, "If we can't help them (pupils) develop strong bodies along with strong minds we are not doing a complete job."

Although the Snyder Tigers have lost three football games this season, the teams that won over the locals have made our team look ultra - respectable. All three teams who defeated the Tigers will be in the state playoffs. At the same time, Big Spring, the only Class 4A team on the Tiger schedule and a 13-0 loser to the Bengals, led its district until last Friday night and still has an outside chance to win its league crown. Andrews and Stamford, winners of two-point decisions over the Tigers, won their respective district titles. And of course Sweetwater clinched its spot as this district's playoff representative by winning over Lamesa last Friday.

There's more difference between the 1964 Dallas Cowboys and previous NFL teams in the Texas metropolis than the won - lost record would indicate. This year, for the first time, you have a feeling that the Cowboys just might win every time they take the field. Previously you knew that it was going to require a tedious combination of circumstances for them to stay on the field with such foes as Giants, Bears, etc.

Jack Spikes, the former Snyder High and TCU star, may have literally jumped from the frying pan into the pie. He was released a couple of weeks ago by the frustrated Kansas City Chiefs, but now is en route to San Diego, Calif., to join the Chargers who are leading the western division of the American Football League and who, incidentally, mauled Kansas City as late as last Sunday. Reports indicate that Spikes will play defense for the Chargers. Noted almost as much for his defensive work as his offensive ability in high school and college, Spikes has made it known for some time that he would like to have a chance at a defensive position in pro ball, but Kansas City Coach Hank Stram turned a deaf ear on such suggestions.

## Brief Talk Is Valuable

AUSTIN (AP)—A brief conversation with Coach Darrell Royal kept Texas center Olen Underwood on the Longhorn football team this year, and may have meant the difference in winning and losing a couple of games.

"I'd hate to think where we'd be today if Olen had gone ahead and finished," said Royal. "He's been an important part of our team this fall but we came within an inch of losing him."

Royal considers Underwood one of the key links in the Longhorn defense, which has helped Texas compile an 8-1 record this year.

A fifth-year senior, Underwood decided after the national championship season of 1963 he would take his degree and go on to law school although he had a year of football eligibility left.

Then he had that chat with Royal.

And the Longhorns had a starting center.

Underwood's been a familiar and welcome sight to Royal as the former Channelview High School player chases ball carriers from sideline to sideline with the towel flapping from his back —a trademark now with centers in order that the quarterback can dry his hands and the ball before calling signals.

## Irish Star Top Lineman

By The Associated Press

Husky Jim Carroll, captain of Notre Dame's No. 1 college football team, was named Lineman of The Week by The Associated Press today for his "magnificent" play against Michigan State.

The 225-pound guard and linebacker from Atlanta made 15 tackles and intercepted a pass as the unbeaten and untied Fighting Irish crushed the Spartans 34-7 for their eighth straight victory.

He helped stop Ed Cotton in the first quarter when Michigan State, at the time trailing by only a touchdown, gambled on a fourth and one situation on its own 49 and lost the ball on downs. Notre Dame took over and drove to its second TD.

"Carroll was magnificent," said his coach Ara Parseghian. "He played his best game even though he wasn't 100 per cent coming off a leg injury."

Carroll's 15 tackles gave him 120 total for the season which compares to his 59 in both the 1963 and 1962 campaigns. The 21-year-old senior was born in Jonesboro, Ark., and won a Hering Award from Parseghian in spring training as the "most consistent guard."

Tom Nowatzke, Indian's field goal kicker, set a Big Ten record when he booted a three - pointer 50 yards against Ohio State on Oct. 3.

## Cajun Meet Is Setting For Reunion

LAFAYETTE, La. (AP) — While Arnold Palmer and Jack Nicklaus were studying the rolling contours of Oakbourne Country Club for their down-to-the-wire duel for the 1964 golfing money championship, a class reunion of sorts was going on in another foursome.

It was 1946 when Gardner Dickinson Jr. and Luca Barbato, host pro for the $25,000 Cajun Classic Golf tournament, began playing golf for Louisiana State University.

They got together again Tuesday in a practice round for the Cajun Classic and briefly relived the days when their LSU golf team—which also included Jay Hebert, who, like Gardner, is now one of the fixtures of the play-for-pay circuit—won two NCAA championships.

"That's been so long ago we'd like to forget what year it was," said Barbato, whose older brother, Mike, was coach of the LSU squad in those days.

Mike Barbato, now pro at a New Orleans country club, will also play in the Cajun Classic, which will have another brother act—Jay and Lionel Hebert, two regular members of the tour.

Only $319 separate Palmer and Nicklaus in official earnings on the PGA circuit this year and the 24-year-old Nicklaus hopes to overhaul Palmer in the money derby. Both have picked up more than $100,000 on the circuit this season—more than anybody has ever won in the past.

## Fierce Hogs Given Edge Over Tech

By HAROLD CLAASSEN
Associated Press Sports Writer

NEW YORK (AP) — Unlimited substitution is being sought by many college football coaches for next season. There may be unlimited substitution among football forecasters, too, if last week's record isn't improved upon.

It brought the season's average to .695.

Hopefully, here are this week's picks:

Notre Dame over Iowa: Notre Dame has Huarte and Iowa has Snook, two of the season's best aerial artists, but Notre Dame also has a lot of others and Iowa doesn't.

Yale over Harvard: Chuck Mercein, the Yale fullback, is one of the best in the country.

Ohio State over Michigan: The Big Ten title and the Rose Bowl invitation hinge on this result with the Buckeyes favored despite Bob Timberlake.

Oregon State over Oregon: two of the season's surprise teams tangle with the Oregon Staters finding a way to stop Bob Berry.

Florida State over Florida: The Seminoles have the better line.

Kansas over Missouri: Annually one of the most rugged struggles of the year.

Arkansas over Texas Tech: Tech has the great Don Anderson but he won't be enough against the fierce Razorbacks from Arkansas.

Nebraska over Oklahoma: Providing the Huskers concentrate on the game and aren't dreaming about the Cotton Bowl game on New Year's day.

Southern California over UCLA: A cross-town rivalry with a slight Rose Bowl tinge.

## Trojans Win A Thriller From Crane

The Lincoln High Trojans rebounded from a 20-point deficit to take a spine - tingling 87-86 double overtime victory over Crane in the climaxing event of a three - game card last night in the Lincoln gym.

Lincoln also won the girls game, 45-40, and the B game, 61-30.

Crane's A team zoomed out to a 20-point lead in the second period. The Trojans then employed a full - court press and managed to tie the score at 73-73 at the end of regulation play. It was still tied at 79-79 at the end of the first overtime. Meanwhile, the Trojans had lost four starters via fouls, but subs came in from the bench to grab the victory, including Brady Cobbs who was in his first action. He had been out with a football injury, but came in to score 13 points. Vernon Clay was high man with 32 points, Paul Barnes 16, Vernon James 9, Curtis Clay 8, M. C. Powell 5, L. J. Brooks 4. Eddie Jones paced Crane with 28 points.

In the girls game, Mary Goosby had 25 points, Pearlie Scott 7 Johnnie Goosby 7, Yvonne Sanders 4 and Roann Cobbs 2. Pearlie Scott had 8 rebounds. Johnnie Lane was high scorer for Crane with 8 points.

Billy McClain scored 22 points for Lincoln B team. Langston Powell had 14, Sylvester McKnight 11, Leon Riggsins 5, Hayward Clay 3, and Herman Malone, C. B. Sanders and Don Williams 2 each. Riggins picked off 19 rebounds. Jackie Jeffery paced Crane B with 12 points.

Lincoln will go to Crane for return matches Friday night.

Ohio State's Arnie Chronko set a Big Ten record by intercepting three Indiana passes.

# Gilchrist Appears Headed For Oakland Or New York

By LEE COPPOLA
Associated Press Writer

BUFFALO, N.Y. (AP) — Controversial Cookie Gilchrist, the American Football League's leading rusher and 1962 Player of the Year, appeared headed for either the Oakland Raiders or the New York Jets today after being discarded by the Buffalo Bills.

The Bills, pace-setters in the Eastern Division and hoping to win their first AFL title, fired the $30,000 a year, 250-pound fullback by placing him on the waiver block for $100. They said they wouldn't withdraw the waivers either.

Thus Gilchrist was available for the $100 to the AFL club with the poorest record. The Boston Patriots and the Jets put in a claim. Houston, Denver and Kansas City, which had prior rights because of worse records this season, said they weren't interested in the 29-year-old fullback.

The Oakland Raiders, who discussed the situation Tuesday night, said they would wait until Wednesday to see what the other clubs did. The Raiders, with a 2-7-1 record, could grab him unless Houston (2-8-0) and Denver (2-8-0) changed signals. If the Raiders also pass, Cookie will go to the Jets.

Gilchrist, when he got the word of his axing, said he would like to play with either the Jets or Raiders.

"His only concern is himself and how much yardage he can gain," said Buffalo Coach Lou Saban.

"Certain incidents have taken place over the last six weeks which were uncalled for, in my opinion," added Saban. "I felt we had to go without him. The club is more important than the individual's gain."

Gilchrist said the move was "inevitable."

"This is my third year and about the fifth time they've tried to trade me. It's apparent they didn't want me around," said Gilchrist.

Gilchrist, top rusher in the league with 751 yards in 162 carries, gained only 31 yards Sunday when the Bills (9-1) lost their first game of the season, 36-28, to the second place Patriots (7-2-1).

The Bostonians are only 1½ games behind the Bills. Each has four games to go, including a climactic clash between the two at Boston Dec. 20.

Wray Carlton, a 220-pound, eight-year veteran, was taken off the injured reserve list to replace Gilchrist.

Gilchrist was signed by the Bills after being suspended by Toronto of the Canadian Football League.

He was chosen the AFL's Player of the Year by The Associated Press in 1962—his first season with Buffalo—after gaining 1,096 yards rushing.

## Antitrust Plea Made

MILWAUKEE (AP) — Milwaukee attorney Francis J. Demet initiated an antitrust action in Federal Court Tuesday seeking to prohibit the Braves from moving to Atlanta until another major league franchise is obtained for Milwaukee.

Demet, who owns a single share of stock in the Braves but claims he represents 4,000 minority stockholders, called baseball a monopoly.

He asked U.S. District Judge Robert E. Tehan for permission to substitute a sweeping antitrust complaint for an earlier motion he filed to force the Braves to remain in Milwaukee through 1965.

No hearing date was set for Demet's petition.

The Braves, ordered by the National League to fulfill a contract and play in Milwaukee County Stadium next season until moving to Atlanta in 1966, said earlier Tuesday they would accept a circuit court injunction barring a transfer in 1965.

Demet asked a permanent injunction restraining the Braves "from transferring the assets and baseball franchise from Milwaukee until such time as a comparable major league franchise, with comparable major league assets, can be located in Milwaukee County Stadium."

## Barrios Has Easy Bout

JUAREZ, Mexico (AP) Manny Barrios of Juarez, the seventh ranked bantamweight, had an amazingly easy time Tuesday night in winning a unanimous 10-round decision over Rey Assis of Manila, the fourth ranking bantam, as a crowd of 5,000 looked on in the Jarez bullring.

Barrios was down in the first round for an automatic eight-count but was not hurt. Assis caught him with an overhead right and Barrios simply sat down.

But Manny took charge in the second round and had Assis hanging on during the last half of the fight.

In the fifth round Barrios received a cut on the left eyebrow but it gave him no trouble.

Following the fight, Barrios' fans carried him from the ring and paraded him on their shoulders through the streets of Juarez.

## HERE ARE THE RULES OF THE CONTEST

In each advertisement on this page you will find the contestants in a prominent football game being played in the country this week-end. Get an entry blank from one of the merchants who are helping sponsor this contest and whose message is on this page. Fill in your selection of the WINNING TEAM only . . . opposite the name of the firm on the entry blank. Then send your complete blank to FOOTBALL CONTEST EDITOR, THE SNYDER DAILY NEWS. Entries must be in the hands of the editor by 12 o'clock noon, Friday. Games ending in a tie score must be specified as a tie or else it will be considered a miss.

If there is a tie for first place the winners will divide the cash money of $12.50 and no second prize will be given. If there is a first place winner and a tie for second place, the second prize winners will divide the money for the place. If more than two persons tie for second place, no second prize money will be awarded and the cash will be added to next week's prize. Tie for perfect score will split $25.00. There will be fun for the entire family. Only one entry blank will be permitted from any one person. More than one will disqualify all of the person's entries. Scores listed on the entry blank will have no bearing on the choice of the winner. Sign your entry blank and list your address and phone number — and watch for the story on next Wednesday's front page for the winners. Hurry now, and get your entry blank from one of the merchants on this page. The contest blank must be in your own handwriting. Employes of The Snyder Daily News and their families are not eligible to enter.

## Whoopers Increasing

WASHINGTON (AP) — The Interior Department is optimistic that the wild whooping crane population may grow to 41 this year, after first arrivals of the cranes at the Aransas National Wildlife Refuge in Texas.

Thirteen more whoopers, including four young, arrived Tuesday to bring the total at the refuge to 30.

It has also been established that at least nine whooper chicks survived this year.

The known wild flock now stands at 31. The Interior Department said that 32 cranes flew north to the Canadian nesting grounds last spring. If all return and all this year's known chicks survive, the wild crane population would grow to 41.

Seven other whoopers are in captivity at the Audubon Park Zoo in New Orleans.

## Robert Goulets Have New Baby Boy

NEW YORK (AP) — Actress Carol Lawrence gave birth to a 7-pound, 9-ounce boy in Doctors Hospital shortly before Tuesday midnight.

Miss Lawrence's husband, singer Robert Goulet, was preparing for his late show at a hotel cocktail lounge when he got the news. He completed his performance, then rushed to the hospital for his first look at his son, Christopher.

The child is the couple's first.

## Ike Ends Holiday

AUGUSTA, Ga. (AP) — Former President Dwight D. Eisenhower wound up a vacation of several weeks at the Augusta National Golf Club and returned to his farm near Gettysburg, Pa., Tuesday.
