First Lady Helps Nugents With Moving

WASHINGTON (AP)—After a weekend helping her daughter and son-in-law move into their new home—"the most work I've done in a long time"—Mrs. Lyndon Johnson was back today to her busy routine at the White House.

"Oh, it was so much fun," she said Monday after flying back from Texas.

She had helped daughter, Luci, and son-in-law, Patrick Nugent, get settled in the home they have bought in Austin.

CONCRETE POURED — First concrete was poured Monday afternoon on the new downtown improvement project. Getting the first treatment was the driveway at Bolger Funeral Home. Pouring of new sidewalks was launched a block east of the square on Twenty-sixth Street. Meanwhile, clearance work was continuing well ahead of the pouring project.

Betting Bill Ready For Test In House

By LEE JONES

AUSTIN (AP) — Legalized horse race betting was out of committee today, ready for a House vote whenever sponsors think they can spur it to the finish line.

Helped along by a fast gavel from chairman Bill Clayton of Springlake, who personnally opposes the bill, the House Counties Committee approved the measure Monday without a record vote.

There was action Monday on two other major bills. The Senate passed its revision of the Code of Criminal Procedure, sending it to the House. House members approved and sent to the Senate Gov. John Connally's driver licensing bill.

Clayton acted as a subcommittee of one in recommending committee approval of an amended version of the horse racing bill. A Senate committee approved its version of the bill Feb. 6, but the measure has not been brought up in the Senate.

Six committee members asked to be shown voting: "No," although no one voiced an objection to the measure before Clayton rapped his gavel to signify the measure was approved.

Recorded as voting against the bill were Clayton and Reps. Rufus Kilpatrick, Beaumont; Otha Birkner, Bay City; Jack Hawkins, Groesbeck; Lee Duggan, Houston and J. E. Miller, Burkeville.

Clayton said that while he is against the bill, a majority of the committee favored it and he wanted to give them a chance to vote for it.

The bill, by Rep. Maurice Pipkin, Brownsville, was amended to distribute revenue from the proposed betting tax among counties without tracks and to make off-track betting a felony.

The state tax would be 4 per cent of bet pools up to $10 million, 5 per cent on those beween $10 million and $20 million and 6 per cent of pools exceeding $20 million. a committee amendment added 2 per cent for counties with tracks.

Half of the state's share would be divided, according to population, among the counties without race tracks. An amount not to exceed $120,000 a year would be earmarked for the state racing commission.

Forceful Testimony Given By Stars At FCA Session

The simple, forceful testimony of Capt. George Herring, USMC, the eloquence of Professional Football Player Frank Clarke, and the inspiration of FCA Director James Jeffrey — these elements headlined the area conference of the Fellowship of Christian Athletes here Monday night.

Over 550 men and boys turned out for a barbecue supper in the Snyder High School Cafeteria and then moved to the SHS auditorum for the program.

"I can tell you that it is ture that there are no atheists in foxholes," declared Capt. Herring, the decorated Marine Captain who was a football star at Snyder High School and at North Texas State University. Capt. Herring was wounded seriously several months ago, losing an eye in action in Vietnam.

"I never thought I would appear on this stage, and I'll bet my teachers felt the same," grinned Capt. Herring as he led off the group of guest speakers. Even then, during his high school days, and later in college, knowledge of the presence of God was a source of strength to him, but never with more force than on the battlefields of Vietnam, Capt. Herring said.

Clarke, the classy tight end for the Dallas Cowboys who is well-known via televised NFL games here, asserted that athletics and Christianity were the greatest forces in his life. He recalled many thrills on the football field, such as catching the 68-yard pass in the NFL playoffs to put the Cowboys back in the game when it appeared that the Green Bay Packers would win it easily. However, such thrills are exceeded "by the opportunities I have to live for Jesus Christ," Clarke declared.

Clarke said he believed most professional athletic teams are marked by teamwork and respect for their fellowman, but with obvious pride he said he believed the Dallas Cowboys are exceptional in this respect. He credited Coach Tom Landry with exerting a profound Christian influence which is felt and highly respected throughout the squad.

The professional football star said he usually is asked three questions wherever he goes: "Is Don Perkins really going to retire? Are the Dallas Cowboys going to move to Irving? Why didn't you score against the Packers from the two-yard-line?"

(One of these was answered, even while Clarke was speaking here, when the Cowboys announced that Perkins had signed a new contract).

Jeffrey delighted the audience with a versatile program of entertainment, featuring a series of magicians' acts. He concluded by spelling out the purpose of the Fellowship of Christian Athletes.

He said the FCA objective is to confront and challenge athletes and coaches to witness for Christ. The organization, formed in 1955, now has thousands of members, ranging from athletes in obscure high schools to internationally - known professional players and coaches.

Murry Bowden, president of the Snyder High School FCA Huddle, presided for the program, and Ted Crenwelge, president of the Snyder Chapter of FCA, welcome guests. Jeffrey presented Crenwelge with the local chapter's certificate, and Les Francis, vice president of the local chapter, presented a plaque to Jeffrey.

Roy Carter, SHS Huddle sponsor, and Rick Hall, program chairman, told how the local Huddle of FCA was organized at Snyder High School. Carter also showed slides taken at the summer conference at Estes Park, Colo., last summer. Tommy Bullard, vice president of the SHS Huddle, gave the invocation, and Jim Casey led the audience in singing several hymns and then sang a solo. Instrumental accompanists were Barbara Carter, pianist, and Gene Merrifield, organist.

ON FCA PROGRAM HERE — Some of the principals on the program at Monday night's conference of the Fellowship of Christian Athletes were, from left, Les Francis, vice president of the Snyder FCA Chapter; Ted Crenwelge, Chapter President; Frank Clarke of the Dallas Cowboys Professional Football team; Murry Bowden, president of the Snyder High FCA Huddle; and Capt. George Herring, USMC.

Youth Corps Due Expansion Here

City Councilmen Monday approved a resolution to sponsor the Neighborhood Youth Corps program under a new alignment in which 18 counties would be administered by the Snyder office.

Larry Smith, youth corps coordinator said the realignment of territory is "more in line with Congressional districts." Under the new federal plan, this area would relinquish control of seven counties, but add 15 more.

Presently, there are 175 students enrolled in the program with a predicted enrollment of 192 for this summer. Under the new program, there would be 220 enrollees. By 1968, there would be 300 students participating in the program with an additional $100,000 in federal funds available for administration and operational costs.

The main purpose of the program, according to City Manager George Patterson, is to provide incentive for students to remain in school.

Councilman delayed action on proposed changes in the street lighting program until the annual budget report comes up for review.

The city manager received authority to condemn and demolish seven houses that are considered to be in violation of the hazardous housing ordinance.

Applications for a new city police chief to replace Chief Chester Simons are being received at City Hall at the rate of three a day, according to Patterson. Action on the applications will be taken within the next two or three weeks, it was stated. Simons has resigned, effective June 1, to become police chief at Coffeyville, Kan.

R. C. Patton was elected Mayor Pro Tem, and Lyle Deffebach and Rex Fields were reappointed as members of the Colorado River Municipal Water District Board. Their terms will expire two years hence.

In other action, councilmen appointed Mrs. Beverly Ainsworth as registrar for the recording of births and deaths. Heretofore, this work had been done by personnel in the County Health Unit.

US Plans To Reduce German-Based Forces

WASHINGTON (AP) — The United States, in agreement with Britain and West Germany, announced today plans to withdraw up to 35,000 of its armed forces and four squadrons of combat planes from West Germany.

Johnson administration officials estimated the transfer of soldiers and Air Force personnel—together with thousands of dependents, to bases in the United States—would mean saving of around $100 million in the next year.

The troops and planes are part of the U.S. commitment to the North Atlantic Treaty Organization. The agreement now must go to the NATO Defense Planning Committee.

To try to balance out other costs West Germany has agreed to invest $500 million in medium-term government securities between July 7, 1967, and June 1968.

In addition West Germany will spend an estimated $300 million in U.S. military equipment.

Under the same three-way plan, Britain would withdraw one brigade of 5,000 men and one squadron of aircraft to reduce its costs. West Germany would agree to purchase about $150 million worth of military and civilian goods in Britain. The United States will purchase an additional $19.6 million of military equipment in Britain from April 1, 1967, to March 31, 1968.

The announcement made here by the State Department, simultaneously made in London and Bonn, said the U.S. troops and Air Force cuts would be achieved by redeploying two brigades of the 24th Infantry Division now in Bavaria and four out of nine squadrons of aircraft now based in various parts of Germany.

The redeployment, technically subject to approval by the 14-nation Defense Planning Committee, tentatively is scheduled to start next Jan. 1.

The forces involved would remain fully committed to NATO and ready for combat in Europe even though stationed in the United States, according to the announcement.

In its statement, the State Department said:

"The U.S. Army division involved wil be the 24th Infantry Division.

At least one brigade of that division will be in Germany at all times. A brigade has about 5,000 combat troops.

"The other two brigades and an appropriate share of divisional and nondivisional support units — about 16,000 to 18,000 more troops— totaling approximately two-thirds of a U.S. division force—will be redeployed from Germany to the United States.

"Once a year, all three brigades will be in Germany for exercises involving the entire division. The rotation plan provides that the three brigades would succeed each other on temporary duty in the Federal Republic of Germany—FRG.

"Forces redeployed to the United States will be maintained in a high degree of readiness, and equipment will be maintained in FRG in sufficient quantity and readiness to insure that the forces can be promptly redeployed to Germany.

"The three tactical fighter wings, now based in Germany, are involved in the plan. Five squadrons will be in Germany at all times. Four squadrons of the aircraft will be redeployed to the United States."

The number of Air Force men to be withdrawn to the United States was estimated at about 6,000. State Department officials said the nine squadrons now in Germany operate more than 200 combat planes— Phantoms and Star Fighters—of which something less than 100 would be pulled back to the United States.

Reds Lose Eleven Planes

By GEORGE ESPER

SAIGON (AP) — U.S. fighter-bombers inflicted the heaviest aircraft destruction of the war on North Vietnam Monday, destroying 11 Communist MIG17 interceptors in the air and on the ground, the American command reported today.

As the North took another pounding in the intensified air war, heavy fighting flared across South Vietnam from the central highlands to the Mekong Delta. American infantrymen suffered their heaviest losses in the delta fighting, where 16 were killed and 40 wounded.

The ground forces were supported by fighter-bombers that attacked Communist positions in the South with a record 625 sorties Monday.

In a delayed report, the American command announced the loss of three U.S. Air Force F105 Thunderchiefs during raids over North Vietnam Sunday, including two shot down by MIG21s and one from unknown causes. The four crewmen were listed as missing. This brought to 528 the number of American planes reported lost over North Vietnam, including 15 shot down by MIGs.

Hanoi radio claimed the North Vietnamese air force shot down three U.S. planes Monday while ground forces downed a fourth during the record day of MIG kills. But the U.S. command did not announce any losses for the day, and a spokesman refused to comment on a Peking claim that the Red Chinese air force shot down two Navy A4B Skyhawks over the Chinese mainland Monday.

Peking made a similar claim of downing two American planes over South China April 24, a claim which the U.S. command in Saigon denied at the time. The Chinese also claimed April 29 that they brought down a pilotless American reconnaissance plane.

The record American MIG kills were made during raids on the MIG air bases at Kep and Hoa Lac, near Hanoi, targets which were hit last week for the first time in the war.

Hilton Plans Hotel For Space Travel

DALLAS (AP) — Hotel magnate Barron Hilton said today if space experts can arrange to get travelers into space, he'll put up hotels for them to visit.

"I firmly believe that we are going to have Hiltons in outer space, perhaps even soon enough for me to officiate at the formal opening of the first," said Hilton in his 40s.

He talked to a session on the commercial use of space sponsored by the American Astronautical Society.

He suggested that present concepts for an orbiting space laboratory might be applied first to the construction of an earth-orbiting hotel.

"These might be like Hilton Inns for short trips in space," he said. "They could accommodate brief stop-overs on a continuing journey to the moon or other planets."

He said a 200-room Lunar hotel later would be situated beneath the moon's surface by 30 feet or so to allow positive temperature control. Various sections would have plastic air locks to pressurize rooms for comfort—and survival.

Cornell University scientists who have dreamed up many projections say "leaks in the system will be a nuisance rather than a disaster," Hilton said.

Hotel rooms would be large with wall-to-wall television. Foods would be reconstituted and prepared in automatic kitchens on nuclear reactor stoves.

"If you think we're not going to have a cocktail lounge you don't know Hilton or travelers," the hotel magnate said.

He said the menu would include instant martinis served from a table with a breathtaking view of earth.

MERCURY HITS CHILLY 33 HERE

Thirty - three degrees on May 2?

It's a fact and undoubtedly a record. The official thermometer at the city water plant logged the low reading shortly before sunrise today. At first, nobody believed it, but a quick check of another thermometer at the sewage disposal plant revealed a 34-degree reading there. So, for the official record, it was a chilly 33 degrees in Snyder this morning.

By 7:30 a.m. the reading had moved up to 38 degrees and indications were that a warmup could be expected today.

ACC Drive Kickoff Set

Local kickoff for the $2.8 million Community Gifts Campaign of Abilene Christian College Design for Development will be held Friday evening, May 5, at the Snyder Steak House.

The campaign in Snyder will begin with the 8 p.m. showing of the film "Educating for Christian Living." City chairman for the Community Gifts Campaign in Snyder is Guy Sullivan, of Sullivan-Stanfield Insurance Agency.

The Community Gifts Campaign will be conducted among the alumni, parents and friends of ACC in more than 250 Texas cities. The effort will reach about 30,000 persons in 1967, seeking three - year gift pledges up to $3,000.

The Design for Development, initiated in 1965, is a 10-year program to raise $25.7 million for academic, physical and endowment expansion.

The Phase I three - year target of the campaign is $10.4 million, and currently more than $9.8 million has been raised. The Community Gifts Campaign is designed to help complete Phase I by its February, 1968, deadline.

Oil-Soaked *Duck Gets Cleaned Up*

By JAMES R. NORMAN

TRENTON, N.J. (AP) — Oscar the oil-soaked duck got cleaned up Monday and a lot of his gooey-feathered friends got new hope for the future.

The occasion was a demonstration sponsored by conservation officials in hopes of heading off disasters such as struck the duck population on the south Jersey Coast several weeks ago. Thousands of American Black Scooters were covered from bill to tail with a gummy residue when they landed in a large oil slick.

Over 2,000 died, unable to navigate properly. One lucky flock splashed to shore where humans painstakingly removed the oil and nursed them back to health.

A Trenton firm, using ultra-high-frequency sound equipment, demonstrated for the state what it contends is an easier and quicker way to clean all the oil from a stricken duck's feathers.

The only hitch, according to a spokesman for the Alcar Instruments Corp., is that the technique also gets rid of the duck's natural body oils. The oils, which the birds need to survive, take up to two years to be replaced naturally.

In the de-oiling process, the duck is placed in a tank filled with a non-toxic detergent solution. A device at the bottom of the tank generates high-frequency sound waves which produce microscopic bubbles in the solution. The bubbles then collapse, forming high-intensity shock waves which scrub the oil off the duck.

After the cleansing treatment, which takes five minutes at the duck's 106-degre body temparature, the duck is rinsed, dried and then treated with lanolin, alcohol and water to recondition its feathers.

Oscar is now in a zoo where he will be watched to assess whether the lanolun treatment will prove sufficient to waterproof his feathers until his natural body oils can be regenerated.

Bodies Found In Auto

PINE RIDGE, S.D. (AP) — A snowplow operator opening a road clogged by a blizzard discovered late Monday a stalled car with the four occupants dead.

The apparent victims of carbon monoxide were identified as David Running Shield, 24, the driver, and his sister, Freda Running Shield, 19, both of Batesland, S.D.; Norman Fireplace, about 27, also of Batesland, and Sharon Gibbons, 20, Porcupine, S.D.

The car was found about five miles south of Porcupine, located on the Pine Ridge Indian Reservation in extreme southwestern South Dakota.

Lewis White, a reservation investigator here, said the car apparently slid off a reservation road Sunday afternoon, when a blizzard lashed the area. About a foot of snow fell in the region.

The vehicle had about a half-tank of gas. White said the ignition was on but the engine apparently had become wet and stopped. The occupants had blankets and the car windows were closed.

Mom Will Check Baby

NEW YORK (AP) — Mothers who want to go shopping soon will be able to check their youngsters in much the same way they would park their cars or check their coats.

A new facility, called the "Check-a-Child Playground," will be opened by the Parks Department in June to enable mothers to shop in the area knowing their children are in good hands.

Parks Commissioner August Heckscher said Monday the facility would operate much like any other checkroom, with Parks Department employes taking care of the children.

The cost will be 25 cents for the first three hours and $1 an hour for each additional hour or part. The playground will be in Union Sgaure Park, near 14th Street.

Any youngsters not claimed by the end of the day will be taken to a police station.

Hermleigh's Banquet Held

HERMLEIGH — The Junior Class of Hermleigh High School honored the Senior Class with a banquet Saturday night at the 66 Cafe. Theme of the banquet was "Gay Paree."

Dr. A. B. Lightfoot was the master of ceremonies. Ray Etheredge, president of the Junior Class, gave the welcome to the seniors and faculty members, to which David Creswell, Senior president, responded.

Diane Hess read the class will, leaving the Seniors' "fine qualities" to the members of the Junior Class. The prophecy, telling the future of each senior, was read by Kathy Odstrcil.

Entertainment was presented by the Sights and Sounds.

Rona Bruser's Meringue Squares

1 cup chopped dates
Juice of 1 lemon
½ cup water or brewed coffee
½ cup each butter and granulated sugar
1 teaspoon vanilla
2 eggs, separated
1-½ cups sifted cake flour
1 teaspoon baking powder
¼ teaspoon salt
1 cup firmly packed light brown sugar
¼ to ½ cup thinly sliced blanched almonds

Cook dates with lemon juice and water to a thick paste; cool. Cream butter, granulated sugar and vanilla; add well - beaten egg yolks. Sift together the flour, baking powder and salt; add to creamed mixture and work well together; press into well - greased 9-inch square cake pan. Spread with date paste. Make a stiff meringue of the egg whites and brown sugar; spread over date paste; sprinkle with almonds. Bake in a moderate (350 degrees) oven about 50 minutes. Cool somewhat before cutting into squares.

Vietnam Certain To Become Issue In Presidential Race

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — There isn't any doubt now, despite the Republican support for President Johnson on Vietnam, that the war will be a bleeding issue in the 1968 presidential race. Worse than that. It will be a sack of confusion.

The voters will be drenched in an argument over details and, since very few people are equipped with a chronology of events to help them analyze the arguments themselves, they will be looking at the speakers left, right, left, right, like watching a tennis game.

It comes down to this: while the Republicans back Johnson on fighting and trying to win the war, they are preparing to try to tear him to pieces for the way the war has been fought. But the Republicans will probably be arguing among themselves on what to find fault with or whether they should.

Last September, a few weeks before the 1966 congressional elections, the Republican leaders in the House issued a White Paper, an updated study of a similar White Paper of the year before, criticizing Johnson on Vietnam.

Now the Senate Republican Policy Committee has released a lengthy staff study pretty much paralleling the one put-out by the House GOP leaders.

Former Vice President Richard M. Nixon, no longer a member of House or Senate but a very active prospect for the Republican nomination next year, recently gave a taste of things to come.

In March, while in Paris on a fact-finding world tour, he said the bulk of the American home front stands behind the Democratic administration's policies and actions in Vietnam.

In April in Saigon he said he did not think the war would be an issue in 1968 but that U.S. tactics in prosecuting the war — such as the bombing of North Vietnam and manpower — This gives Nixon — and it appears to be Republican policy as it shapes up — freedom to talk in two directions at once. He said he thought the Democrats would be more divided over the war than the Republicans.

Whether another likely Republican presidential prospect, Michigan's Gov. George Romney, will follow the Nixon technique isn' clear yet although, in his recent but carefully prepared statement supporting the war effort, Romney gave himself plenty of room if he thinks he needs it to criticize.

Monday in the South Romney spoke out against actions that might weaken the effort to end the war or help the Gommunists.

"I don't think," he said, "we should pursue a way that will weaken the President as long as he is President. And I don't think we should pursue a course that would help the enemy."

But he regretted American involvement in Vietnam, saying, "If we had followed the invisible hand of God in Vietnam we would not now be involved." He didn't explain that.

He left the door open for himself for almost any kind of criticism later by saying "I do not just agree with everything that is being done."

In their September statement, tracing the history of American involvement in Vietnam, the Republican House leaders complained that "the policy of the current administration has been uncertain and subject to abrupt change. The objective of the United States in Vietnam has become clouded."

The Senate Republican Policy Committee report spoke of confusion and frustration in the conflict, said the Americanization of the war was strictly a Democratic decision, and accused Johnson of assuming enormous discretionary powers in the war and asking congressional approval only after he acts.

After all this, the Republicans ought to be able to go every which way.

Junior Editors Quiz on CANDY

QUESTION: *What is the difference between fondant and other kinds of candy?*

• • •

ANSWER: Most of the candies we eat are made out of melted sugar and water. But the way they are made and the ingredients in them give us different kinds. Candy makers speak of three main types. A simple syrup of sugar and water with flavoring produces hard candies. The second type, fondant, is made with smaller sugar crystals dissolved in water, with milk often added. The cooked mixture is beaten when cool, which gives fondant a creamy consistency. In the third candy group are those with more extra ingredients, like chocolates, fudge and caramels. Fondant is often used to make chocolate centers. The cooked liquid is poured into molds to cool, and these centers are then covered with liquid chocolate (1). The word fondant comes from the French fondre, to melt. Fondant can be used in other ways, too. Gwen has made some uncooked fondant (2). She took two egg whites and 3½ cups of confectioners sugar, adding the sugar to the egg whites, beating until stiff and kneading until smooth, when half a teaspoonful of flavoring was added. She is putting a nut into each fondant.

Mermaid Ready For 5-Day Dive

By MICHAEL R. CODEL

LONDON (AP) — Mary Mary Margaret Revell is a 29-year-old California mermaid who plans to take a dive in the water this June — and stay under five days.

It's an experiment she's conducting to test how a person can withstand being submerged for extended periods without any shelter. The attempt will be made from June 5 to 10 in a little cove on the Mediterranean coast line of Sardinia.

She is training in London with a 66-pound self-contained backpack made by a French firm. It is an advanced aqualung, fully equipped with a radio, breathing apparatus and a feeding system.

The radio will keep her in contact with a boat. Her air will come from the tank's four cylinders and will be replenished every 30 minutes with an air gun device lowered from the boat. Two divers, who will be in attendance at all times, will operate the air gun.

Food for the tall, athletic blonde from Shafter, Cal. will come from a detachable tank with a pump-fed hose leading to her mouthpiece. She will get only liquid foods, changed from time to time for variety.

Miss Revell will start at about 100 feet down, and work up the cove shelf until her last day is spent at 10 feet. While below she will map the bottom of the cove, photograph sea life, and take rock samples.

At night she will sleep under — yes, under — a bed being designed to prevent her from floating away.

"The original design is being modified because I have a habit of sleeping while standing on my head," she said.

Underwater, due to buoyancy, she meant.

All the time she will be monitored by closed circuit television and two divers from the team of 14, working in shifts.

Miss Revell has been diving for sport for 10 years. The last three months have been spent in training for this project.

The equipment is being contributed by the French and Italian manufacturers. Sardinians have donated housing for her crew. A French marine biology laboratory is receiving the scientific findings. She hopes to sell a book on her experiences.

Wins Fellowship For Hospital Design Study

COLLEGE STATION, Tex. (AP)—Terry Gent of College Station a fifth year architecture student in Texas A&M University's architecture school, is one of two national winners of $3,000 fellowships to study hospital construction and design.

Gent will use the American Hospital Association and American Institute fellowship to study in A&M's Research and Graduate Center, a division of the school of architecture.

Tiger Batting Averages Told

Those hustling Snyder Tigers have found the going rougher at the plate in district play than in non-district games.

Only six Tigers are hitting the ball at a .200 plus clip in district action, whereas 12 of them were averaging better than .200 in non-district play. Moreover, two boys hit at a .300 rate or better in non-district tilts.

On the season, nine players have a .200 or better average.

Terry Holt has shown the most improvement. He raised his average from a .231 in non-district tilts to a .313 clip in league games for a season average of .262.

David McGinnis and Steve Moffett are leaders in both non-district and season categories. McGinnis is .333 in non-district and .280 for the season. However, he's batted fewer times than Moffett. Steve hit at a .300 clip in non-district and .277 for the season.

Mickey Almond also has come on strong in the late stages. He raised his average from .208 in non-district to .239 for the season by hitting at a .273 clip in district.

Current .200 or better hitters in the district race include Terry Holt (.313), Mickey Almond (.273), Steve Moffett (.250), Buddy Powell (.222), Roy Hunter (.222), and David McGinnis (.200).

Complete averages for games to date for non-district, district and season follow:

FAST ACTION — Snyder High School's "Keystone combination" of Steve Moffett (left, with ball in his glove) and Terry Holt (right) turned in a doubleplay against Levelland here Saturday in a District 3-AAA baseball clash won by the Tigers, 4-0. The same two will be in action today in the showdown battle with Lamesa. Game time was set for 4 p.m. on the Towle Park diamond.

O'Dell, Pirates Sock Cards; Tribe Falls

By MURRAY CHASS
Associated Press Sports Writer

The Pittsburgh Pirates looked everywhere for a pitcher this past winter — except in the hospital.

That's where Billy O'Dell was, and the Pirates weren't expecting him to be of much help in stabilizing the shaky pitching corps that threatened to pdevent them from winning the National League pennant.

The Pirates, however, are beginning to realize how good O'Dell looks now that he's forsaken the hospital circuit for the pitching rotation.

The veteran left-hander made a strong bid for a permanent spot in that rotation Monday night as he won his second game of the young season in Pittsburgh's fifth straight victory — an 8-5 decision over the St. Louis Cardinals.

O'Dell, now 34 and in his 13th major league season, almost was certain that the 12th season would be his last. But that was before doctors discovered he had Addison's disease.

"I had been sick since the first part of last season," O'Dell related after holding the Cardinals to four hits before needing relief help in the eighth inning. "I was losing weight, I was nauseous, I couldn't eat or sleep and I was dizzy and weak.

"I started going to doctors, but no one knew what was wrong with me. I went to a lot of houpitals for tests, but they didn't help either. Finally this pas February the doctors found out what it was."

Addison's disease, far from being a common illness, affects the adrenal glands and causes a loss of salt in the body.

"Now I'm on medication," said O'Dell, who reported to spring training nearly a month late, then stayed behind for an extra two weeks when the Pirates headed north. "I can't do without it. As long as I'm on it, I'm fine.

"I feel good and strong now. I don't feel any affects of it anymore. I was anxious to go as long as I could tonight. I wanted to see if I would get tired."

The southpaw said he didn't get tired, but he did get a little wild, and Manager Harry Walker removed him in the eighth after he issued his sixth and seventh walks.

In the only other games played, Baltimore edged Cleveland 8-7 and Boston blanked California 4-0. Rain washed out New York at Minnesota.

O'Dell's first victory this season came in repief when he set down Philadelphia one hit for 5 1-3 innings. That performance earned him Monday night's start.

He was amply supported by Manny Mota, who had two hits and drove in three runs, and Roberto Clemente, who collected three hits and knocked in two runs. O'Dell let in just one run, but the two men he walked in the eighth also scored.

Cleveland jumped off to a 5-0 lead against Baltimore in the first inning, but the Orioles fought back and were down 7-5 going into the eighth.

After Dave Johnson and Paul Blair singled, Russ Snyder came in to bat for Andy Etchebarren, and Bob Allen came in to pitch for the Indians. Woody Held then went up for Snyder and hit Allen's first pitch for a three-run homer.

Dennis Bennett hit a three-run homer against California, and that was all he needed to make his six-hit shutout pitching stand up. Bennett's complete game was the sixth in 15 games for Boston this year.

Sooners Resume Spring Drills

NORMAN, Okla. (AP) — Oklahoma resumes spring football training today, and indications are the Sooners will do so under a new head coach—probably offense coach Chuck Fairbanks.

Fairbanks, 33, emerged as the leading candidate over the weekend to take the job left vacant by the death Friday of Jim Mackenzie.

Also under consideration is defense coach Pat James, 39.

But as a university spokesman said an announcement might be coming later today, most speculation centered around Fairbanks.

It was believed the new head coach would be given a short-term contract of at least one-year, rather than being named simply through next season.

Fairbanks coached four years each at Arizona State and Houston before joining Mackenzie in the move to Oklahoma. He had become chief assistant at both places.

He played college ball for Michigan State, and coached in Michigan high schools for a short time before taking the assistant's job at Arizona State.

Fairbanks directed Oklahoma's defensive backfield last year, and moved to offense when Homer Rice resigned to take the head coach's job at Cincinnati.

He is married and has five children.

James played college ball at Kentucky, and was an assistant to Paul (Bear) Bryant at Kentucky, Texas A&M and Arkansas. He also was an assistant to Charles McClendon at Louisiana State before joining Mackenzie's staff.

The Sooners' varsity-alumni football game is slated Saturday. Oklahoma has 10 days of spring drills remaining.

Tatum Sparks Sun Kings

BY THE ASSOCIATED PRESS

Speaking of batting rampages, this Jarvis Tatum is one-man riot.

The El Paso outfielder hit a single, two doubles, a triple and home run Monday night to lead the Sun Kings to an 11-5 victory over Austin and put El Paso back on top in the Texas League.

There just couldn't be a more perfect night at the plate, whether on the diamond or at the dinner table.

It made the Texas League race resemble a game of button who' got the button because the lead has changed hands three times in just four nights.

The Sun Kings now lead Amarillo by a full game—something new, since it had been so close for six days they were only a few percentage points apart.

Even so, El Paso required help from Albuquerque. The Dodgers blasted Amarillo 12-1 to let El Paso saunter into first place.

Albuquerque battered 12 hits but it was the wildness of pitcher Ed Harrar of the Sonics that contributed to the victory as much as anything. Harrar uncorked four wild pitches and three of them were responsible for Dodger runs.

Dallas-Fort Worth at Arkansas was postponed because of wet grounds.

The league takes tonight off and won't return to action until Wednesday.

BUENOS AIRES (AP) — Argentina has completed a 5-0 sweep of Venezuela in South American Davis Cup tennis play on the strength of straight set victories by Julian Ganzabal and Eduardo Soriano. Gonzabal beat Jorge Andrews 6-1, 6-4, 6-0 while Soriano downed Humphrey Hose 6-, 8-6, 6-1 Monday.

Taylor Signs $100,000 Pact?

NEW ORLEANS (AP) — A New Orleans sportscaster says Jimmy Taylor has signed a contract for $100,000 to play with the New Orleans Saints of the National Football League.

Neither Taylor nor officials of the Saints could be reached for comment on the report by Hap Glaudi of WWL-TV Monday night.

Taylor, 31, a star at Louisiana State University in 1957, has played his entire professional career with the Green Bay Packers.

Taylor became a free agent Monday when the Packers refused to meet his salary demands. However, according to a source here, he cannot officially talk to any other NFL club until official notification is received of his free-agent status.

Glaudi said Taylor's signing would be announced in three or four days after approval is given by NFL Commissioner Pete Rozelle.

There remains one formality —the Packers have to release Taylor and the talk here has it that Green Bay's Vince Lombardi plans to ask for a big chunk of dough for the release.

New Orleans got Paul Hornung in the veterans draft from the Packers and obtained Gary Cuozzo as quarterback in a trade with the Baltimore Colts.

Coach Tom Fears has also been doing some sharp trading to get some topnotch linemen and drafted a number of good prospects.

With Taylor, Hornung and Cuozzo, the Saints could have sellouts for their home games this season. They will play in Tulane University's 81,000-seat stadium.

More than 30,000 season tickets have been sold and the first game is five months away.

Rain Dampens Golf Hopes

HOUSTON (AP) — The sponsors of the Champions International Golf Tournament counted on fair weather today, despite a gully washer that dampened practice rounds Monday.

Late Monday, the girls at the registration desk said they had supplied credentials to some 50 golfers, or about half of the field. There was a withdrawal, Mike Souchak, who telephoned to say he had run into unexpected problems at his home club, Birmingham Hills, Oakland, Mich.

Jack Nicklaus was supposed to be on hand for practice today, and Arnold Palmer and Julius Boros were to jet in today from the Bahamas.

Many of the international entrants were ranging over the Champions course Monday. They included Ramon Sota of Spain, Cobie LaGrange of South Africa, Jean Carialde of France and Robert De Vicenzo of Argentina.

The rains hit at late afternoon inundating the course, but Bob Rule of the sponsoring Houston Golf Association said the Weather Bureau's forecast dry skies for today's practice rounds.

Among those practicing Monoff at 1 p.m. with Dave Ragan, Jack Burke and Gardner Dickinson. Practicing with Billy Casper and Jimmy Burke, Don Collett, pro at Bra-Burn Country Club in Houston, scored ahole in one of the Champions' No. 8 before the rains hit.

LOYALTY DAY CEREMONY — A flag ceremony by the Veterans of Foreign Wars highlighted observance here Monday of Loyalty Day. Participating in the ceremony at the VFW Post home were, from left, C. C. Allen, public relations officer; Harold Spivey, District 8 Commander; Fr. Herman Valladares; T. V. Early, incoming Post Commander; and Weldon Biddle, club manager.

Elvis Presley Takes A Wife

PALM SPRINGS, Calif. (AP) — Elvis Presley, who waited to marry until he was 32 and a millionaire, was honeymooning today with his 21-year-old bride.

The actor-singer and Priscilla Beaulieu, his longtime girl friend, slipped off to Las Vegas, Nev., to marry Monday.

"Well, I guess it was about time," Presley joked later.

"With the life I had, I decided it would be best to wait. You know, all of the shows and record engagements."

After parlaying a guitar and a hip-swinging rock 'n' roll style into a fabulous motion picture and record career, Presley met Miss Beaulieu in Germany when he was a drafted soldier in 1959.

She is the daughter of Army Lt. Col. and Mrs. Joseph Beaulieu, formerly of Memphis, Tenn., Presley's home town.

Supreme Court Justice David Zenoff of Nevada performed the wedding ceremony before 14 guests in a Las Vegas hotel suite. Later, the newlyweds held a champagne breakfast for 100 guests.

By chartered plane, the Presleys returned to Palm Springs where they have a $500,000 hillside home.

Neither would say if they planned to go elsewhere.

An irate employer posted a 1-cent reward in 1826 for a runaway saddler's apprentice —Kit Carson.

DEAR ABBY: I am 23 and will graduate from college soon with a degree in business education. My problem, believe it or not, is that I have never registered for the draft. I kept putting it off until I am 5 years delinquent. I would like to register now and serve my country, but I am scared stiff. What do I do now? I don't want to go to prison for "draft dodging." Sign this

NOT REGISTERD

DEAR NOT: Report immediately to your local draft board, but prepare yourself for a reception befitting one who arrives 5 years late for an appointment.

Failure to register within 5 days of your 18th birthday without a valid reason (in hospital, etc.) constitutes a federal offense which could mean imprisonment, a fine, or both. However, delinquents who have turned themselves in andn volunteered for service have been accepted with their "delinquent" status erased.

* * *

DEAR ABBY: I recently married a man who had been married before. His ex-wife sent us a bouquet of wheat on our wedding day. It was all done up like flowers. I didn't know what she was trying to get across until my husband told me that wheat was a sign of fertility. (My husband was married to this woman for 6 years and they never had any children.) What would you do if you were I?

NEWLYWED

DEAR NEWLYWED: I'd send her a bunch of sour grapes all done up like — sour grapes.

* * *

DEAR ABBY: A friend of mine handed me an 8-page note during class. She said it was very personal and I was the only one she could tell this to. I started to read it when the teacher saw me and took it away from me and put it in her purse. I tried to explain how important that note was to me, but she wouldn't give it back. If the teacher reads that note, my friend's reputation will be ruined. Did the teacher have the right to take it away from me? Do you think she'll read it?

WORRIED

DEAR WORRIED: A teacher has the right to confiscate "distracting" reading matter which is being read during class. (Your friend's "very personal" 8-page note qualifies.) If kids knew how little interest teachers have in their "Personal" lives, they would be hurt.

* * *

DEAR ABBY: What do you think about sending out birth accouncements for the fifth baby? I mean those little fill - in announcements you buy in the variety stores. I feel rather silly sending them because some people might get the idea that we are asking for presents. Yet we have a lot of friends and relatives out of town who might be put out if we didn't notify them about our new baby.

INFANTICIPATING

DEAR ENFANTICIPATING: If you have any doubts about how your announcements will be received, write the out-of-towners a personal note.

Troubled? Write to Abby, Box 69700, Los Angeles, Cal. 9006. For a personal reply, enclose a stamped, self-addressed envelope.

Three Actresses Win Nominations

HOLLYWOOD (AP) — In television's vast reservoir of dramatic series, three actresses were judged worthy of an Emmy award in the Television Academy's 1966-67 Emmy Award nominations.

The academy, in announcing its selections Monday, cited three for best actress in a dramatic series: Barbara Stanwyck of "Big Valley," Diana Rigg of "The Avengers" and Barbara Bain of "Mission: Impossible."

Winners in 33 categories will be announced June 4 in television ceremonies.

Five dramatic actors were nominated: Bill Cosby and Robert Culp of "I Spy," Ben Gazzara of "Run for Your Life," David Janssen of "The Fugitive" and Martin Landau of "Mission: Impossible."

For outstanding comedy series, the rock 'n' rolling "Monkees" won one nomination, joined by "The Andy Griffith Show," "Bewitched," "Get Smart" and "Hogan's Heroes."

Competing for outstanding dramatic series are "The Avengers," "I Spy," "Mission: Impossible," "Run for Your Life" and "Star Trek."

Lucille Ball, a veteran Emmy winner, is again in the running as comedy series star, along with Elizabeth Montgomery and Agnes Moorehead of "Bewitched' and Marlo Thomas of "That Girl."

Relative newcomers dominated honors for best actor in a comedy series: Don Adams, "Get Smart;" Bob Crane, "Hogan's Heroes;" Brian Keith, "Family Affair;" Larry Storch, "F Troop."

Other nominations included:

Variety Show—Andy Williams, Dean Martin, Hollywood Palace, Jackie Gleason, Smothers Brothers, Tonight Show.

Variety special — "A Time for Laughter: A Look at Negro Humor in America," Bob Hope Christmas specials, Dick Van Dyke special, Sid Caesar-Imogene Coca-Carl Reiner-Howard Morris special.

Dramatic Program—"Love Song of Benny Kempinski," "A Christmas Memory," "The Glass Menagerie," "The Final War of Ollie Winter," "Death of a Salesman," "Mark Twain Tonight."

Musical Program—"Toscanini: The Maestro Revisited," "Brigadoon," "Frank Sinatra: A Man and His Music."

Children's Program—"Charlie Brown's All-Stars," "Discovery," "It's the Great Pumpkin, Charlie Brown," "Jack and the Beanstalk."

Single performance by Actor —Alan Arkin, 'Love Song of Benny Kempinski;" Lee J. Cobb, "Death of a Salesman;" Ivan Dixon, "The Final War of Ollie Winter;" Hal Holbrook, "Mark Twain Tonight;" Peter Ustinov, "Barefoot in Athens."

Single Performance by Actress—Shirley Booth, "The Glass Menagerie;" Mildred Dunnock, "Death of a Salesman;" Lynn Fontanne, Julie Harris, "Anastasia;" Geraldine Page, "A Christmas Memory."

Research, Education and Electric Power

Participation in long-range atomic fusion research is one of the ways Texas Electric Service Company is preparing for the future. We are looking to the time when new fuels will be necessary to generate a vastly greater supply of electric power than is required today.

For the past ten years, Texas Electric Service and nine other investor-owned electric utilities operating in Texas have cooperated in sponsoring this research now being conducted in laboratories at the University of Texas.

Although difficult basic problems in the fusion process and its application to the production of electric power are far from solved, the research is progressing and at the same time contributing to the education and inspiration of young science students — tomorrow's scientists.

This research program has provided the opportunity for more than 3,000 high school science students in the area served by Texas Electric Service to attend nuclear science symposiums in the past seven years, and to meet and talk with some of the world's leading scientists.

More of the science meetings will be held, and additional students exposed to the knowledge being acquired from this research. We feel this is important not only to Texas Electric Service Company but to the future of the electric power industry and of the nation as well.
