We wonder sometimes if it is ever possible to publish ONE issue of a newspaper that doesn't have an error in it-

Every week when the paper has been taken to the postorrice there comes a brief lull in the week's occupation when you sit down and relax, and brouse through the columns and mull over another week's effort.

And then, just as sure as anything there'll be one word some- 61ST YEAR where that literally jumps out of the page and hits you - one word that changes the meaning of the thought you were trying to Contests Develop In express. And then it's too darn Schleicher Co. Politics late to do anything about it—and you feel like your day is ruined.

Last week it was the word "two" when it should have been "ten." on Wallace Joiner's new minnow tice of the Peace in Precinct 1. hatchery, where we reported ---

counted them. And when we wrote rac the piece we wrote TEN, but when

this will set the record straight.

Now, in order to gain some degree of satisfaction we should be able to fire the crew member who made the error, but how do you for four-year terms. go about firing your ownself? Wish I could, sometimes.

Incidentally, you ought to drive down and visit that hatchery project. It is a much bigger deal than you realize, just from reading about it.

Is 1962 going to be a dry year? Several of my good friends are already afraid that it is.

Clyde Keeney and James Williams are both a little dubious about | ballot it, and they give as their authority an old Indian superstition that claims the first 12 days of January will set the pattern for the twelve months of the year.

Here is the way it goes-

If there is no rain on January 1st, it will be dry all through July. If it is dry on the 2nd day in January, it means a dry Augustand so on through December—the first six days in January sets the pattern for the last six months of

Then if there's no rain an January 7th it means it will be dry all the rest of January. Dry on the 8th means a dry February; dry on the 9th means a dry March. The uated from Eldorado high school 64, a trate of 4c per \$100 valuation. 10th, 11th and 12th will take care of April, May and June.

11th day of January and no rain in the Air Force and was a priat all except a little tiny sprinkle soner of war in Germany for 14. one night last week that we never

up last week-end-but now I got Your support will be appreciated." this to worry about.

Always something!

If you're inclined to have gloomy outlook for the New Year, now would be a good time to go the bank and hit 'em up for more credit. Their new bank statement shows they have added another \$25,000.00 to their undivided profits, which means they have more money available for loans. Deposits in Schleicher county. too, are at an all-time high.

We had more "liquid assets" too, around Christmas time, but they didn't last long.

Austin.-Talk of ending the special session of the Legislature on its opening day turned out to be just talk.

When the lawmakers got to town at Gov. Price Daniel's call, little support could be mustered by Sen. George Parkhouse of Dallas and Rep. Charles Ballman of Borger, for immediate adjournment.

So, the show is on-and already moving at a fast pace. Governor Daniel immediately laid out his proposals for solving some longstanding problems. Included were the following:

Bank Escheat: Here a compromise with bankers was sought, under which banks would advertise locally each year for the owners of accounts which had as much as \$25 in them and which had been inactive for seven years. Balances under \$25 would be sent to the State Treasury which would seek the owners, and if they appear, pay them from a \$100,000 revolving fund which would be kept in the Treasury for that purpose. Rep. Charles E. Hughes of Sherman, who has worked for 10 years to get laws to enforce the escheat laws, felt that ground had finally been found on which the state

and the banks could agree. Rural Roads: Governor Daniel's veto last summer of the \$15 million appropriation for farm-tomarket road construction during the year starting next Sept. 1 was designed to bring another long discussion to a head. It did.

Where \$60,000,000 was available in 1961 (\$50,000,000 in state taxes and \$10,000,000 in federal aid) for construction and improvement of rural roads, Daniel proposed that only about \$42,500,000 be used next year. The other \$7,500,000 would be used to maintain the rural roads.

Daniel got agreement from the Texas County Judges and Comthe Texas Farm Bureau. But some this year. rural legislators think this is too big a cut all at once, and are talking about the Daniel proposal as lican members.

George R. Long W. O. Alexander Home Demonstration Agent's Column By MRS. VIDA KREKLOW

Well-as someone said, nothing is so over as Christmas. I hope it was fun and that everything turned out as well as could be expected. I hope too, that you are all rested from all the activities and that you have a real interesting and challenging project to get started on right away.

It is natural that in Home Demonstration work we are constantly thinking about the home. The Home Demonstration club creed reflects the belief when it says: "We believe in the sanctity of

"We believe the home is the place where love, faith, trust and 019.94 devotion must be lived each day; where obedience and reverence 94.00 grow; and where God is known.

"We believe those within its walls should be taught to work, to play, and to have compassion for 250,000.00 those less fortunate.

We believe that sharing respon-7,500.00 sibilities is necessary, and that 878,404.15 from the fireside will come the 15,000.00 citizens who will uphold the best way of life."

We also believe that it will be 1,208.38 good for you to ponder 'these truths as they apply to the childhomes of our own and in the homes of friends. Check your own practices—what kind of a per-

to be? If a child lives with criticism he 112,841.80 learns to condemn.

If a child lives with hostility he 426,772.55 learns to fight.

If a child lives with fear he learns to be apprehensive. If a child lives with pity he learns to be sorry for himself. If a child lives with jealousy, he learns to feel resentment and

If a child lives with encouragement he learns to be confident. If a child lives with tolerance 75,000.00 he learns to be patient.

If a child lives with praise he learns to be appreciative. If a child lives with acceptance

he learns to love. If a child lives with approval he learns to like himself.

If a child lives with recognition he learns to have a goal. If a child lives with fairness he

98,750.00 learns what justice is. If a child lives with honesty he learns what truth is. If a child lives with security he

learns to have faith in himself. If a child lives with friendliness he learns that the world is a nice

place in which to live.

Look at these 15 statements again, seflectively. How do you rate?

"There are two great injustices that can befall a child: One is to punish him for something he didn't do. The other is to let him get away with doing something he Gardner, Superior Court, Calif.

Notice to Parents of School Age Children

The school census for Schleicher County is now being taken. All children who are six years old on or before September 1, 1962, but will not be 18 or older on or before that date should be counted in this census. It is important that all children six to 18 be counted in this census. The child should be counted even though he may not be in school and even though he may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31, you are being overlooked and should contact one of the following school principals:

So much car for so little money deserves a medal ... (and that's just what it got!)

The men who know cars best put Chevy II to the test. And, after they had compared it with the rest of the '62 crop, the editors of Car Life magazine picked Chevy II for their coveted Engineering Excellence Award. Why? Here are some of the reasons in the editors' own words: "The Chevy II, in either 4- or 6-cylinder form, represents an important de-

velopment in the American automotive field. The car is maximum transportation at

minimum cost . . . " And throughout the editors' reports on the engineering and road testing you'll find accolades like "easy maintenance" . . . "long wearing ruggedness"... "simple elegance"... "reasonable size"... "delightful car to drive." Get the full story in the February issue of Car Life. Better yet, see your

Chevrolet dealer. See for yourself why luxury and low price have never been more beautifully blended!

See the new Chevy II at your local authorized Chevrolet dealer's

Years later the old cannon were unit saw service along the Gulf dug up, the brass pieces cut into where it became a part of the from the sale were given to Capt.

president Zachary Taylor. While under Taylor's command, the Val ellyn Notley is one of those who believes that the two cannon mentioned earlier-one on the courthouse square at Fairfield and the other on the Jack's Creek Reunion Grounds near Mexia-are those that belonged to the Val Verde

And Gen. C. T. Harris Jr., of Mexia, also believes this to be partly true. Gen. Harris attended the Confederate reunions on the Jack's Creek Reunion Grounds about the turn of the century and recalls that the cannon used during the reunions was called the Val Verde cannon.

All of which seems like pretty od detective work on the part of Notley and Gen. Harris, but we can't help being puzzled by a report which reads like this:

"Capt. W. B. Waldrom's company was the immediate command that took a battery of four pieces, two of brass and two of steel. The steel pieces were turned over to Capt. Nettles, whose little body of men determined not to surrender, but to come back and visit Freestone county and then go to Old Mexico. These (pieces) were lying in the ground, it is said, until Cleveland's first election, at which time they were taken to Oakwood, Leon county, where Capt. Waldrom lives."

And as a final item in the story of the Val Verde Battery, Notley says the cannon now on the courthouse square at Fairfield was original inally located on the Fairfield Reunion Grounds. He also says that there is a chance the cannon now on the Jack's Creek Reunion Ground might be moved into Mexia and placed on the grounds of the Gibbs Memorial Library. Recommended Reading:

A few weeks ago, we wrote in this space about a famous Civil War outfit known as Terry's Texas Rangers. C. C. Jeffries has written for Vantage Press the complete story of this unit under the title "Terry's Rangers" — a small book that is as stirring and colorful as a Ranger Charge must have been.
