THE SNYDER DAILY NEWS

VOL. 4, No. 100 — SNYDER, TEXAS, TUESDAY, AUGUST 25, 1953 — EIGHT PAGES — PRICE 5c

FAMILY HEARS NEWS OF SON

Mr. and Mrs. George Peterson, Hermleigh, and three of their 10 living children, are shown around the family radio as they were when news came of the release of their son, Pfc. Carl D. Peterson, 22, who has been a prisoner of the Communists since Dec. 1, 1950. At left is Gerald Peterson, 20, who returned Aug. 2 from 11 months in Korea, where he was a sergeant in the Marines. Seated on the floor are Barbara Sue Peterson, 10, and Joe Porter Peterson, 8. (Lee Watson photograph).

Hermleigh POW Released; Fat Calf Is Ready For Celebration

Mr. and Mrs. George Peterson of Hermleigh heard last night the news that their son had been released by the communists after more than two and a half years as a prisoner of war.

Nightly since the North Koreans began releasing prisoners, the Peterson family has waited anxiously at their radio for news of the release of Pfc. Carl D. Peterson, 22, a prisoner since about Dec. 1, 1950.

FAMILY REUNION

The Petersons were having a family reunion because of the recent return of another son from Korea when they heard the news of Carl's release about 10 o'clock last night.

"We were having a family reunion here a few days ago," a sister said, "and some just decided to stay here until word from Carl came in."

For more than a year after his capture, young Peterson's parents believed that he might have been killed. A buddy of Peterson even said when he returned from service in Korea that he thought he had seen Carl's body on the battlefield.

A few weeks after Carl's capture, the defense department notified the Petersons that he was "missing in action," and this was his official status with the department until April of this year.

A little more than a year after his capture, however, the Petersons learned by radio here that their son had been captured. This report was received Dec. 18, 1951, when the Reds released the names of 3,198 Americans they were holding. The defense department officially recognized his capture in late April, 1953.

TO MEET HIM

The Petersons said when they heard the news of last night that they would go to California or the East Coast to meet Carl as soon as they learned when and where he would arrive.

They have three other children living in California, where they were in December of 1950, when the news that he was missing was released. The Petersons were at their home six miles east of Hermleigh when the news of his having been captured was received and also when the news of his release was heard.

BACK FROM WAR

This month has also brought other good news, for another son, Sgt. Gerald Peterson, 20, Marine Corps, returned Aug. 2 after front-line duty in Korea. He landed in America July 24. After completion of a 30-day leave, of which about 25 days were to be spent with his family, he is to report for duty at Keyport, Wash.

The Marine said the last battle he was in was one of the worst for his outfit. Eighteen of the 36 men in the platoon for which he was sergeant became casualties—eight being killed.

"I don't believe there is much chance for peace in Korea because the South Koreans won't let them have peace there now," the young Marine said.

"They have guerilla troops already organized, which I believe will go into action as soon as the troop exchange is over."

MANY SERVED

The Petersons have 10 children, and service to the country is nothing new for the family. Besides the two who served in the Korean War, three sons served in World War II. They were their oldest son, Thomas Peterson, now attending a gunsmith school in Colorado, Boyce W. Peterson of Wasco, Cal., and Max Peterson of Hermleigh.

Thomas was wounded while serving with the 82nd Airborne Division in Italy. A piece of shrapnel struck him "so near the heart that it could not be removed and is still lodged there," the mother said.

The Petersons have two daughters living in California, Mrs. Arno Stevenson of Richmond and Mrs. Keith Ames of Wasco. Another daughter lives near Hermleigh, Mrs. James Davidson. Two children at home are Barbara Sue Peterson, 10, and Joe Porter Peterson, 8.

ONLY FIVE LETTERS

The family said last night they had received only five letters from Carl since his capture. "The last one was written in May, and we got it about three weeks ago," Mrs. Davidson said. "He said he was doing fine and that he was praying for the day that he could come home."

The only details the family has ever learned about the capture was that Carl was driving some kind of supply truck. He was not allowed to mention his capture in his letters.

Cpl. Peterson volunteered for the Army in January, 1949. He attended public schools at Hermleigh, where he had lived all his life. He is a member of the Headquarters Battery of the 82nd Anti-Aircraft Artillery, Second Battalion.

Peterson is believed to be the only Scurry Countian who was captured by the Reds. Pfc. Sammie Koenig, Hermleigh, is listed as missing in action.

Mrs. Peterson said that her mother, Mrs. Ida Ganaway of Hermleigh, has a fat calf that is to be barbecued to celebrate the return of Carl Peterson. Mrs. Ganaway will be 80 years old in September.

Flanker Staked In Fisher By Cherry Bros.

A. W. and Blair Cherry of Dallas and Lubbock have staked a one-half mile southeast flanker to their No. 1 Betty Bailey, opener of the Ida-Strawn field in Northeast Fisher County.

It will be the No. 2 Betty Bailey, 660 feet from south and 1,980 feet from west lines of section 114-1-H&TC. It is projected to 5,500 feet, with operations to begin at once.

The No. 2 Bailey is 12 miles east-northeast of Rotan and the same distance north-northwest of Hamlin.

NOLAN COUNTY

The newly designated Group 4000 field of South-Central Nolan County has gained its second producer and a three-eighth-mile northeast extension with the completion of General Crude No. 1 G. W. Cochran.

The well was finaled for a pumping potential of 36 barrels of 43.2-gravity oil with production through perforations at 4,045-048 feet. Gas-oil ration was 2,100-1.

The well is bottomed at 5,068 feet in the Cisco. Top of the pay was at 4,023 feet on derrick floor elevation of 2,271 feet.

It is located 660 feet from south and west lines of section 144-1A-H&TC, about five miles southeast of Maryneal.

The field opener was Jones and Stasney No. 1 Cochran completed for a flowing potential of 265.68 barrels of oil.

WELL STAKED

Cosden Petroleum Corp. has staked the No. 1 G. T. Sparks 12 miles south of Peacock in Southwest Stonewall County. The drillsite is 330 feet from north and west lines of the southeast quarter of section 317-2-H&TC, about midway between the Nenny and Double Mountain fields. The well is projected to 5,700 feet, with drilling to begin immediately.

DAWSON COUNTY

Operator is preparing to run casing to the bottom and test at Seaboard Oil No. 1 Herman Pettaway, Dawson wildcat.

The project cored from 8,183-203 feet, recovering 20 feet. The core had good inter-crystalline porosity but no shows and was bleeding salt water.

A drillstem test at 8,183-203 feet recovered 90 feet of drilling mud with 485 feet of salt water. Flowing pressures ranged from [illegible] to 475 pounds. Shut-in pressure after 15 minutes was 3,425 pounds.

DRILLING REPORT

Vickers Petroleum Co. No. 1 J. R. Canning, 14 miles north of Vincent in Central-East Borden County, is drilling in anhydrite below 1,942 feet.

Gulf Oil No. 1 C. C. Cannon, West-Central Borden wildcat, is at total depth of 10,401 feet in lime and chert and preparing to drillstem test. It cored from 10,384-401 feet, recovering 16 feet of lime, chert and shale with fair porosity and good odor.

Ryan & Burke No. 1 Cannon, also in Central-West Borden, has set casing at 285 feet and is drilling in anhydrite and gyp below 1,664 feet.

Zonne and Coronet No. 1 E. C. Browning, Scurry wildcat, is at plugged-back total depth of 2,800 feet. It has acidized with 6,000 gallons and is preparing to drillstem test.

South Texas Getting Rains Again Today

By The Associated Press

More thunderstorms played across South Texas Tuesday after rain soaked Laredo, San Antonio, Brownsville, Palacios and other sections Monday.

The Rio Grande was flowing briskly for the first time since early summer.

The weather bureau forecast moderate to heavy rain for east and Central Texas and moderate rain for West Texas the next five days.

Another shower fell at Laredo, which received more than 5 inches during weekend rains. Light rain dampened Alice.

During 24 hours ending at 6:30 a. m. San Antonio received 1.63 inches, Brownsville 1.25, and Palacios 1.51. Other weather bureau totals for the period included Wichita Falls .99, Laredo .43, Mineral Wells .14, Galveston .20, Victoria .10, Del Rio .05 and Corpus Christi .01.

Downtown San Antonio streets became rushing streams Monday and low spots were lakes as the 2-hour fall, torrential at times, choked overloaded storm sewers. High water trapped several autos in underpasses and stalled cars blocked traffic temporarily elsewhere.

The San Antonio River, swollen to a boiling flow Monday afternoon, was back to normal Tuesday morning. Medina Lake had its second good rain in less than a week with 2.6 inches reported.

Rain at Laredo Monday flooded north Laredo streets, sent water to porch level of many homes and inundated trailer courts. Early this summer Laredo citizens gathered in the plaza to pray for rain. The Rio Grande then was virtually dry.

The border river promised an abundance of irrigation water Tuesday. Water backed up behind Falcon Dam.

Near Weslaco, the old Rio Grande channel was 45 feet deep Monday night. Saturday you could have waded across it. Southwest Texas rains that ranged up to more that 5 inches and heavy downpours in Mexico rejuvenated the border river.

A flow of 13,000 feet per second was recorded at Del Rio. South at Rio Grande City the flow was 2,800 second feet. For the first time the almost-finished Falcon Dam, south of Laredo, was backing up water, a promise of brighter days in the valley.

Over most of the rest of Texas, most skies were clear early Tuesday. Some scattered showers were falling. Temperatures were expected to be hot in the daytime and cool in the evenings.

A tornado sighted near Burkburnett Monday was sighted also in Wichita Falls. Apparently the twister never touched the ground. No violent ground level winds were reported from any point.

South Korean Boycott If India In Conference

McCarran Says Ike Will Not Alter His Law

WASHINGTON (AP)—Sen. McCarran (D-Nev) said today he is convinced President Eisenhower "will not personally spearhead a movement to alter or change the McCarran-Walter Immigration Act."

The President has called for revision of the law.

McCarran, co-author of the statute, told newsmen he has a "complete belief" the President will not "interfere" with the present law, passed in 1952 over the veto of former President Truman.

The act has been under fire by some congressmen and others ever since on grounds that it unfairly discriminates against certain foreign nationals and contains unduly harsh provisions against admissions of subversives and former subversives.

The President himself has been critical of the law. In his State of the Union message, he said, "It does, in fact, discriminate," and he added:

"I am therefore requesting the Congress to review this legislation and to enact a statute that will . . . guard our legitimate national interests and be faithful to our basic ideas of freedom and fairness to all."

The administration, however, presented no detailed suggestions for amending the law.

McCarran offered no details of what has fostered his avowed belief the President will stay neutral during efforts to change the law which are almost certain to be made at the next session of Congress. He said "statements President Eisenhower has made" convince him the President will play a passive role.

McCarran said a "definite campaign" is under way to discredit the act by those who want to open the floodgates to promiscuous immigration.

This campaign, he said, was started by minority groups "but was carried forward" when President Truman appointed a commission to see what was wrong with the act.

"That group," he continued, "is today heading other groups around the country to tear down the act."

The commission was headed by Philip B. Periman, Truman's solicitor general.

PRETTY STENOG SOUGHT AFTER BODY IS FOUND

SOMERVILLE, Mass. (AP)—A 25-year-old "very pretty" stenographer was sought today for questioning in the slaying of 14-year-old Mary Di Rocco, whose bullet-punctured, slashed and partially burned body was found in the cellar of her home yesterday.

Police identified the girl they are seeking as Miss Mildred McDonald, an employe of the State Unemployment Compensation Division.

They said she kept company with Joseph Di Rocco, 25, the victim's brother, for about three years until he married another girl last April.

Medical Examiner Andrew D. Guthrie said five slugs from a .22-calibre target pistol entered the Di Rocco girl's body—in the heart, the head, jaw, abdomen and left wrist.

In addition, he said, there was a slash on the girl's throat as if made by a razor or a sharp knife.

Heavy motor oil had been poured over the girl's body and newspapers and a magazine, placed around it, had been set ablaze.

Police said the motor oil did not catch fire because it burns only under extreme high temperature.

The burning papers caused only a slight scorch on the girl's side before the fire was extinguished by Robert Di Rocco, 17, another of the victim's brothers, who was attracted to the cellar by the smell of smoke when he arrived home.

Robert said he passed Miss McDonald on his front steps and chatted a few minutes before he entered his family's modest two-family house.

He said she was just leaving the house and appeared calm as she strode away.

Angelo Di Rocco, the slain girl's father, said he went home to lunch and found Miss McDonald there with his daughter.

He told police he asked Miss McDonald what she was doing there and said she replied: "I just came over for a while."

The father said he advised her to leave and that she answered: "I'll go after I have another cigaret."

He said he left to return to his job as a truck driver after having a sandwich. He said his wife was out shopping at the time.

The slain girl was a niece of Gabriel Piemonte, a Boston City councilor and former president of that body.

Police said discovery of a sixth .22-calibre slug in the mattress of a bedroom leads them to believe the attack on the girl began in the apartment and that she was slain from point-blank range when she ran to the cellar.

A police check showed Miss McDonald left her job two hours before she was seen in the Di Rocco home. She had told her superior she was not feeling well.

Her father is a teacher at the Northeastern Junior High School.

All Right If Country Sits On Reds' Side

UNITED NATIONS (AP) — New Zealand's Leslie Munro called on the U. N. today to ignore South Korea's threatened boycott and recommend the inclusion of India in the Korean peace conference.

Munro addressed the General Assembly's 60-nation Political Committee as more countries lined up in support of India. South Korean Foreign Minister Y. T. Pyun said yesterday his government would find it impossible to sit in the conference with India unless India was seated with the Communists.

Among those lining up behind Britain and her Commonwealth partners for India were Iraq, Ethiopia, Mexico and Syria. The Communist bloc also favors India.

Pyun and Col. Ben Limb, South Korea's permanent observer at the U. N., declared last night: "The Republic of Korea finds it impossible to collaborate with India on the same side."

"If India wants to sit on the Communist side, all right," added Pyun. "We are not vetoing who will be at the peace conference. But we certainly can say whether we will be there, and we certainly may walk out or boycott the conference if the U. N. goes ahead and votes to sit India on our side."

Pyun earlier yesterday had bitterly attacked India before the U. N. Assembly's Political Committee as an appeaser of the Communists, "not only trafficking with the Communists but intriguing with them to make the free world look contemptible."

His violent blast visibly rocked India's chief delegate, V. K. Krishna Menon.

The Indian may reply late today or tomorrow.

Pyun piled up a running series of denunciations against India in the Political Committee, accusing her of "appeasement to the Communist aggressors . . . treachery of the first magnitude . . . constantly hatcheting at the tree of freedom to please the enemy of freedom."

"India has done nothing but disservice to the cause of human freedom by pandering to the interests of the enemy of freedom," he charged.

He also assailed Prime Minister Nehru's government for its support of the recent installation of a pro-Indian government in Kashmir, declaring:

"From the knowledge of how India has been behaving in Kashmir, my delegation gravely doubts whether India will live up to the high moral standard it seems to expect the Republic of Korea to practice."

Italy Gets Its Government To Rolling Again

ROME (AP)—Italy took a vacation from political crisis today with its new government firmly — but temporarily — backed by both houses of Parliament. The regime is pledged to do nothing about such controversial questions as European unity, the European army and land redistribution.

Premier Giuseppe Pella, a Christian Democrat financial expert and a steady friend of the West, won a confidence vote in the Chamber of Deputies last night by 100 votes.

Previously he had won a decisive victory in the Senate.

With this hurdle safely passed, the 51-year-old Pella went to work to give Italy what he described as a "business" government, and the Chamber of Deputies began a month's vacation.

For the rest of the summer, at any rate, it appeared the nation might enjoy a semblance of political calm.

Pella won the deputies' backing by emphasizing his was only a temporary government, pledged not to bring up any major policy questions. He said he stepped into the breach caused by the downfall of former Premier Alcide de Gasperi's eighth Cabinet only to get a new budget passed and to deal with other urgent administrative affairs.

The Chamber backed the Pella Cabinet last night 315-215 with 44 deputies abstaining. Three center parties, the Christian Democrats, Liberals and Republicans, and the right-wing Monarchists supported it, while the Communists and the pro-Moscow left-wing Socialists opposed.

Ike To Texas For Dedication Of Falcon Dam

DENVER (AP) — President Eisenhower will meet with President Adolpho Ruiz Cortines of Mexico on the Texas Border Oct. 19 to dedicate Falcon Dam on the Rio Grande.

Eisenhower's vacation headquarters also said today he will go to Kansas City Oct. 15, to speak to the Future Farmers of America.

Two days later, Oct. 17, Eisenhower will speak in New Orleans at the Louisiana Sesquicestennial Celebration.

The summer White House said President Jose Antonio Remon Cantera of Panama will visit Eisenhower in Washington Sept. 28.

Eisenhower's meeting with the President of Mexico will take place about 75 miles downstream from Laredo at Falcon Dam. Eisenhower will speak there.

Presidential Secretary James Hagerty said the border speech and the one in Kansas City Oct. 15 probably will be major addresses.

Falcon Dam, which will serve the Lower Rio Grande Valley, was constructed jointly by the U. S. and Mexico under supervision of the International Boundary and Water Commission, under the 1944 water treaty.

The White House described the dam "as an outstanding example of practical cooperation by two neighboring countries in the utilization of a common resource."

The dam will create a reservoir with a maximum surface area of 113,000 acres.

The installation includes power plants on each side of the river capable of generating 31,500 kilowatts each.

It is 26,294 feet long and rises 150 feet above the river bed.

92 Degrees Monday

Summer weather put the temperature up to 92 degrees in Snyder yesterday, but there was a hint of autumn in the low reading of 65 degrees before dawn today. The reading at 7:30 this morning showed 68 degrees, Mrs. D. P. Strayhorn, weather observer, said.

WEATHER

NORTH CENTRAL and WEST TEXAS: Partly cloudy through Wednesday with widely scattered afternoon and evening thunderstorms. No important temperature changes.

SOUTH CENTRAL TEXAS: Considerable cloudiness through Wednesday with scattered showers and thundershowers. Not much change in temperatures. Moderate, mostly easterly winds on the coast.

NATIONALITIES NOT KNOWN

Chinese Say 400 UN POWs Do Not Want To Come Back

PANMUNJOM (AP) — Another 136 Americans and 264 other U. N. prisoners of war streamed back to freedom today but the Reds said 400 of the POWs still in stockades may not come back because they have chosen Communist rule.

Allied sources confirmed that the Red statement was handed over at a meeting of the Prisoner Repatriation Committee in Panmunjom last night. There was no word of a breakdown of nationalities among the 400.

Today's release of 9 American officers and 127 enlisted men boosted to nearly 2,000 the number of Americans liberated in three weeks of the prisoner exchange.

One hundred and thirty-three more will be freed tomorrow.

Many Americans repatriated earlier have told of some fellow captives who have elected to remain behind, either because they had turned informer and feared retaliation or had swallowed Communist propaganda.

In sharp contrast to Communist prisoners moving northward, today's liberated Americans came back quietly. A few shouted jubilantly, but most were silent, simply happy to return from bleak North Korean camps. They appeared in good health.

Communist prisoners delivered by the U. N. Command continued their violent demonstrations. Their return was interrupted three times when North Koreans spat in the faces of two Allied officers.

Beside the 136 Americans, the Reds Tuesday handed over 250 South Koreans, 8 Canadians, 3 Australians, 2 Dutch and 1 Greek.

The return of the Dutch soldiers was a surprise. The Reds had claimed they didn't hold any prisoners of that nationality. Delivery of eight Canadians raised to 24 the number returned, six more than the Communists had said they would give back.

The Reds gave no explanation for the additional returnees.

The nine American officers—all infantry or field artillery—returned today were of low rank and there was no indication when the Communists would hand over top Allied officers held captive.

Laughlin Accused Of Using 'Hired Gunmen'

AUSTIN (AP)—Jim Wells County Commissioner W. R. Perkins of Alice accused Dist. Judge Woodrow Laughlin today of "conspiring" with Duval County political forces in the use of hired gunmen in the 1950 elections.

Perkins denied on a [illegible] nation, however, that he had tied Laughlin "personally" with gunmen at a Jim Wells County polling place in that election.

The hearing is on charges seeking Laughlin's removal.

"Were you trying to leave the impression with this court yesterday that Judge Laughlin had anything to do with those gunmen?" Defense Counsel C. C. Small, Sr., asked.

"Indirectly, yes," Perkins replied.

Small asked him to tell the court "just how."

"Judge Laughlin conspired with members of the party from Duval County to see that those men were there on that date," Perkins said.

Small also questioned Perkins in detail about armed "bodyguards" Perkins had said Laughlin used at a 1950 political rally.

"Judge Laughlin told you somebody had threatened to shoot him and somebody else down there, didn't he?" Small asked.

"Somebody is always being threatened down there," Perkins replied.

Small insisted on an answer.

"He expressed fome fear," Perkins said.

Small inquired if it were not usual for officers to stand around polls.

"That type of officer is very unusual. They were very sinister looking—foreign looking," Perkins testified.

"Like they might have been imported from Mexico?" Small inquired.

"Yes, sir."

Early action was expected from the Supreme Court on whether four more alleged causes for removal will be taken up at the hearing, now in its seventh day.

Former Sen. C. C. Small, Sr., defense counsel, filed objections yesterday to the additions requested by the 11 South Texas attorneys seeking Laughlin's removal.

The motion contended a trial on the new causes without time for Laughlin to prepare a defense "is tantamount to a summary proceeding" and a denial of due process.

The court was asked to reject the added causes, or to permit the judge a hearing to argue his objections.

The hearing is before Dist. Judge D. B. Wood of Georgetown, appointed by the Supreme Court to hear evidence and report his recommendation by Oct. 1.

Perkins testified Laughlin had found comfort in pistol-toting "body guards" who appeared at rallies and the polls in 1950. Perkins said the gunmen attempted to intimidate voters to support candidates backed by Duval County political boss George Parr.

Laughlin then was a candidate for county judge.

"I told him that was a low way to play politics," Perkins testified.

"He replied, 'That may be so but it sure was a comforting feeling to have them as body guards out at that rally.' "

The rally was in Alice the night before the runoff primary.

Perkins identified one of the gunmen as Mario Sapet, who has been sentenced to 99 years in the ambush slaying last year of Jacob Floyd, Jr.

Iran Showing Signs Of Normalcy Again

TEHRAN, Iran (AP)—Iran's capital continued its slow progress toward post - Mossadegh normality today.

Shops in the big native bazaar again were open, the new government was reported cracking down on Communist and nationalist backers of the ex-Premier and there was talk of new parliamentary elections.

The new Prime Minister, Gen. Fazollah Zahedi, announced his government would continue negotiations ex - Premier Mohammed Mossadegh started with the Soviet Union 12 days ago.

Zahedi told newsmen Iran would go slow, however, in resuming diplomatic relations with Britain. The break by Mossadegh last October followed collapse of negotiations over the nationalized properties in Iran of the British-owned Anglo-Iranian Oil Co.

"This matter needs more study; until these studies are carried out, no decisions will be taken," Zahedi said.

But Zahedi said he would not renew a law Mossadegh pushed through six months ago offering Iran's oil at half the world market price. The law is about to expire.

The government cracked down yesterday on bazaar leaders who had ignored Zahedi's call for a return to normal business and had kept the shops closed. Seven of the quarter's 12 top men were arrested. The other five brought flowers to Police Chief Mohammed Daftari, promised him their support and were received by the Shah.

Soon after, the shops reopened. Despite the protection of hundreds of armed soldiers, however, little business was transacted.

The government also was reported to have raided centers of the outlawed Communist Tudeh party, seizing stamps labeled "Iranian Republic" and vast quantities of Red propaganda.

OH, YOU KID!

Pfc. Robert Maxey of Santa Rosa, Calif, gets his mustache tweaked by his wife, Janice, upon his arrival at San Francisco aboard the Gen. Nelson M. Walker, that brought 328 ex-POWs from Korea. Mrs. Maxey informed him he was the father of a four-month-old boy, Tommy, and presented him with pictures of the boy. Maxey, who knew before he left there was to be a baby, wondered during seven months as a Red prisoner about the outcome.

GIs Played Crazy and Nearly Drove Their Red Captors Mad

By The Associated Press

Tales of Communist [illegible] increased Tuesday from nine more Texas soldiers among men freed by the Reds.

Cpl. Leonard Wilmeth of Fort Worth told how a lagging prisoner was struck with a rifle so hard that the rifle broke.

Wilmeth, Cpl. James Burdelas of Baltimore, and Cpl. John Beaudry of Willimantic, Conn., said prisoners who fell along a 300-man death march were bayonetted by the guards.

The young Texan and his buddies endured a march of almost ten weeks to a Communist camp at Pyoktong.

Cpl. James H. Sweeney, 22, of 2028 Ethel St., Waco, and two other prisoners from Camp 3 told how they tormented their Chinese captors by riding imaginary motorcycles, playing non-existant pin ball games and pretending to catch fish without hook or bait.

"With the guys all acting crazy," said a Michigan sergeant, "the Chinese would get so mad they couldn't talk."

"Some of the fellows would fish in the drainage ditches—just stand there with a pole in hand but no hook," said Sweeney.

The Chinese would take some of the jesters to a cave and keep them there until they "confessed."

"The guys signed the confessions and went back to raising hell," Sweeney added. The Texan came through Freedom Village in Korea with a pet magpie, Oscar. He brought him out for a friend who is to be freed later.

"One fellow had a crow," a pal of Sweeney's said, "but the other guys ate him."

Sweeney and his companions were captured in late 1950 and spent four months in a mining camp called "Death Valley." There 1,600 Americans died in one winter, he said.

Besides Sweeney and Wilmeth, the seven other Texans freed were Pvt. Rueben Ortega, Alpine; Cpl. Carl Peterson, Hermleigh; Cpl. Lindsey Slaten, Texarkana; Cpl. Theodore Boudoin Jr., North Texas City; Sgt. Henry Valencia, Dallas; Cpl. Evelyn Perkins, Longview; and Cpl. Johnnie Jayroe, Purdon.

Mrs. Carmen Valencia, mother of Henry, said Monday night, "We have been getting a few letters from Henry, but they wouldn't let him write much. He always did say he was getting along fine. But still we worried. We never did feel he was safe as long as he was in the hands of those Communists."

Valencia was captured late in 1950, wounded three times.

Mrs. Isidra Pacheco awaited her returning son Tuesday in Laredo after American Legion post officials escorted her across the Rio Grande Monday.

Mrs. Pacheco, a native of Mexico, was deported for illegal entry even while her son was in a Communist prison camp. She had lived most of her life in San Antonio but has never been naturalized.

Her son, Cpl. Felipe Pacheco, arrived in San Antonio Monday and was due for a reunion in Laredo Tuesday with his mohter.

The Texans freed Tuesday brought to 122 the number released in 21 days of prisoner exchanges.

Oil Well Fire Extinguished South Of Here

An oil well fire 25 miles southwest of Snyder about noon yesterday at well No. 5 Standard of Texas Griffin lease in the Hobo field did damages to equipment estimated at $60,000.

A double-drum well servicing unit and a pickup truck owned by Cactus Well Servicing Co. of Snyder was destroyed, J. C. Coleman, general manager of the firm, said.

Coleman said that a transport truck and trailer unit owned by H. C. Denson Oil and Water Hauling Co. of Snyder was also destroyed by the fire which started with an explosion heard six miles.

Nine men were working at the well when the explosion occurred and the fire started, but there were no injuries.

Coleman said the well was being killed for servicing when a flexible hose gave way and the fire started. Cause of the hose break and explosion is unknown, he said.

The fire burned for about an hour and thirty minutes before it was put out by the Snyder fire department and Halliburton Oil Well Cementing Co. fire fighting equipment.

Cactus Well Servicing Co. here is a part of the Yucca Construction Co., with offices located in North Snyder on the Lubbock highway.

Coleman said that the equipment destroyed by yesterday's fire was partially covered by insurance.

Damages to Standard of Texas equipment at the well was a portion of their well tubing, he said.

Borden County Agent Named To Division In South Plains Fair

George Sealy, Borden County agent, has been named superintendent of the junior livestock division for the 36th annual South Plains Fair opening in Lubbock Sept. 28.

W. B. Griffin, Lynn County agent, is general superintendent of the livestock department, with Walter Y. Wells of Lubbock superintendent of the agriculture department.

Small Fire Put Out Early This Morning

Five gallons of water was used to put out a general alarm fire which did only minor damages to the B&B Steak House on the East Highway about 1:45 o'clock this morning, firemen said.

Ivan Gatlin, fire marshal, said 12 volunteer firemen, reported to the scene of the fire.

A short in wiring of a neon sign caused the fire which burned a small hole in the side of the building near the roof.

BUSINESS MIRROR

Everyone Is Watching For Signs Of Post Korea Slump

By SAM DAWSON

NEW YORK (AP)—A business slump may be no more now than a gleam in a statistician's eye.

But rarely, if ever, have such elaborate plans been made to pounce upon one if and when it tries to sneak in.

Businessmen have been salting down their plans with caution.

The government is setting up a system of economic detectors. Spotters are to report the first signs of a slump. They will act much like a network of radar stations.

One thing these economic spotters will report to Walter Williams, undersecretary of commerce, will be any drop in the length of the work week in their areas. This is one of the first indicators of a slump.

News reports are filled with accounts of prosperity. Almost all the figures being released tell of good times, of record highs being set in employment, in sales, in personal income, in total production of goods and services.

But these governmental reports tell us where we've been. They show how things were in the first half of the year in most cases. In some cases they show the state of business in July. But it will be some weeks yet before the data shows how things are now—and, of course, they give only the faintest indication of how business will be later on.

The stock market has been trying to guess. The traditional summer bull market never got off its knees this time.

Instead of cheering that steel production hit new highs the first half of the year, bearish stock traders have been looking at reports that before long steel supplies will top demand.

Instead of concentrating on the huge flow of cars out of Detroit, they've noted forecasts that output is about to slow down.

Traders took at the also record high business inventories.

These inventories, well supported so far by sales volume, would look even bigger, however, if new orders don't keep flowing into the factories.

It is to spot the first signs of such things that the Eisenhower administration is setting up its network of businessmen, bankers, politicians and organized labor leaders in the leading cities to report on every day changes.

If a slump should start, several things could lessen its impact.

Tax cuts such as those already scheduled for next year would offer a quick relief. The supply of money and credit could be eased. Government spending could be channeled to areas and to industries most affected.

Hear This Broadcast

"Is the Church Jesus built on earth today?" over KSNY, Wednesday, August 26, at 12:15 p.m. This is the first broadcast to be heard each Wednesday at this hour, by Warder K. Novak, minister for the 37th Street Church of Christ in Snyder.

The public is cordially invited to attend a gospel meeting in progress all this week at the

37th Street Church of Christ,

with evangelist Raymond C. Kelcy of Oklahoma City. Services at 10:00 a.m. and 7:30 p.m. daily. The meeting closes Sunday night, August 30.

No Injuries In Accident Near Here Yesterday

No one was injured in a two-car collision about 3 o'clock yesterday afternoon at the underpass on U. S. Highway 84, five miles north of here.

E. W. Green, highway patrolman who investigated the accident, said the cars involved were a 1946 Chevrolet coach driven by Mrs. Mirtie Tatom, 56, of Clovis, N.M., a native of Snyder, and a 1949 Mercury sedan driven by George Peyton Mecham, Jr., 16, of Lubbock.

The patrolman said the vehicles were traveling toward Snyder and that Mrs. Tatom's car swerved when she applied brakes because a truck in front of her slowed suddenly because of workmen on the highway. The two passenger cars then collided.

With Mrs. Tatom were her daughter, Mrs. Mattie Pearl Garton of Clovis and the latter's three-week-old daughter. The infant was first believed hurt but was examined at a hospital and found uninjured.

With Mecham were two other boys.

Midland Baby Is Rushed To Dallas Hospital

DALLAS (AP)—A Midland baby was reported in satisfactory condition at the heart center of the Texas Childrens Hospital today after its parents had brought it 330 miles at better than a mile a minute clip with police escort.

Mr. and Mrs. Raymond Lowry started for Dallas with Peggy, aged 30 months, after the child had suffered a severe heart condition after an attack of pneumonia. Midland doctors had told them the Dallas hospital probably could save its life.

A makeshift oxygen tent was set up in the Lowry's small sedan. State Highway Patrolmen provided escort service from Midland to Fort Worth. Fort Worth, Arlington, Grand Prairie and Dallas police in relays cleared the path to the hospital.

The trip, the last part of it through heavy traffic, was made in slightly more than five hours.

BIRTHS

Mr. and Mrs. J. W. McDaniel, 1904 Avenue N, are the parents of a daughter born at 8:50 p.m. Monday in Battenfield Hospital. The baby weighed seven pounds, 12 ounces.

No Details About Son Of Snyderites Who Was Wounded In July

Cpl. Clint E. Floyd, son of Mr. and Mrs. E. L. Floyd, 2711 Thirty-second Street, has been listed among the wounded [illegible] Department of Defense casualty list No. 42.

Mr. and Mrs. Floyd had previously been notified that their son was injured. They received the notice on [illegible] July 27, about three days after he was injured. No details were given them. Floyd has written to reassure them that he was not seriously wounded, Mrs. Floyd said, but he has given them few details.

Floyd is not hospitalized now, although a foot infection keeps him confined to his quarters most of the time.

Felony DWI Charge Filed

A felony complaint was filed yesterday afternoon against George William Jones, 38, charged with driving while intoxicated as a repeated offense. Appearance bond was set for him at $500 when he waived preliminary hearing before W. C. Davidson, justice of peace.

Jones, previously convicted as a drunken driver in a fatal accident near here Feb. 20, 1952, was being held in the county jail at noon today in lieu of release on bond.

Jones was arrested Saturday night on Avenue S by E. W. Green, highway patrolman, and Homer Whisnand, sheriff.

The complaint against Jones alleges he drove a motor vehicle while intoxicated and subsequent to a conviction on a similar offense. The allegation was that he was convicted in county court here in cause No. 5426 on June 2, 1952.

Jones was convicted here by a county court jury of six men. The charge on which he was convicted was filed against him Feb. 21, 1952, the day after the accident which injured two passengers in the car he was driving.

One of the passengers, T. C. Fagan, 29, of Snyder, died in a hospital here three days after the accident which occurred six miles south of here.

Jones was assessed a fine of $200 plus court cost of $28.50 when convicted in 1952.

Minor Accident Monday

A minor automobile accident did slight damages to two cars early yesterday morning, police reported.

The accident occurred on private property just off the Lubbock Highway in North Snyder.

A 1952 Ford driven by Carl Reginald Henley, 41, of Abilene was in collision with a 1953 Ford pickup driven by Ransco Jackson Robison, 32, of 1801 Avenue S, Snyder. No one was injured.

Air Force Is Letting Out Many Officers

WASHINGTON (AP) — The Air Force will have to drop about 6,600 reserve officers, it says, regardless of whether some of them may be inconvenienced by early return to civilian life.

About 12,500 reserve officers will be let out in the next 60 days, with an estimated 6,000 ending their service voluntarily, to make way for young men coming out of the Reserve Officers Training Corps program. The Air Force announced several weeks ago that the action would be necessary.

Air Force spokesmen said last night they have received reports that an undetermined number of the reserve officers being dropped will be put to some personal inconvenience. But they said no way out of the difficulty has been found under current strength ceilings and the obligation to make room for ROTC graduates.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Admissions: Theda Kay DeShan, 3798 Sunset; Mrs. Charles B. Clar, Snyder; Jimmy DeWayne Way, 307 Thirty-second Street.

Sports Stadium Torn Down For Airplanes

WASHINGTON (AP)—One of Benito Mussolini's thumbprints on history—a magnificent stadium at Tripoli, in North Africa—has been blotted out to make way for modern U. S. air power.

The Air Force said today demolition of the handsome, modernistic, 1½ million dollar sports palace is near completion.

Recent extension of the main runway of Tripoli Airfield, to accommodate the strategic bombers which eventually will be based there, left the 60-foot-high stadium less than 1,000 feet from the end of the runway and only 240 feet off the line of flight—a "very definite hazard to aircraft," the Air Force said.

Since most people identify letters from their tops, it is usually easier to read a line of type when the botom half is covered up than to read the same line with the top half covered.

RS&P Official's Wife Dies Monday In Roscoe

ROSCOE — Funeral services for Mrs. Ester Dodgon Beaver, 55, a resident of Roscoe for more than 50 years, will be held at 4 o'clock Wednesday in the Roscoe Baptist Church.

Mrs. Beaver died Monday afternoon in her home following a heart attack. She was the wife of W. J. (Bill) Beaver, an official and stockholder in the Roscoe, Snyder and Pacific Railroad.

Survivors in addition to the husband include Mrs. Beaver's mother, Mrs. R. R. Dodgon and a brother, both of Roscoe; a son, Bobby Dennis, of San Angelo, and a granddaughter.

Mrs. E. E. Wallace stands beside her Jaguar sedan. An advantage to owning a British car is that the models change so seldom, she said. For driving in the United States the steering wheel was shifted from the right to left side, but the manufacturers overlooked changing the hood release button, Mrs. Wallace said.

SOCIETY SCRIBBLINGS

Snyderite Drives Jaguar But Prefers U.S. Cars

By DOLORES KETCHERSID

Probably the only car in Snyder with red kangaroo seat covers is one belonging to Mrs. E. E. WALLACE of 2611 Avenue V. Hers is a Jaguar sedan imported from England.

But the seat covers, soft as they are, don't wear like the American nylon ones. Although there are advantages to the British car, Mrs. Wallace says her next automobile is going to be bought on this side of the Atlantic. She doesn't like shifting the four gears on the Jaguar.

Before the Wallaces bought their sedan, they had a flashy white sports model Jaguar. The smaller car attracted attention wherever it went. While the family lived at Wichita Falls, a group of service men from Shepherd Field were always looking at the car, she said. So far no one has stopped them to look at their conservatively gray colored sedan.

The car compares to a Cadillac in cost, and the interior shows where a large amount of the money was spent. Besides the ceiling, all the interior walls and floor of the car are covered with red plus. The dashboard is solid mahogany which has resisted splendidly due to the lack of moisture in the air, Mrs. Wallace said. The bucket seats, comparable to any easy chair we have ever sat in, are constructed of material similar to foam rubber. The inside lights are set flush into the car's sides.

Outside the fact that the speedometer will register 135 miles per hour, the other most impressive factor is the slide at the top of the car which when pulled back makes it a partial convertible. Although it lets the cool air in, there isn't enough wind to blow your hair like in an American convertible, Mrs. Wallace said. The automobile also has a device for measuring revolutions per minute.

Mrs. Wallace likes to drive the British car on country roads although it rides closer to the ground than American made automobiles. It absorbs bumps and holds the road better, she said. The car, a Jaguar Mark 7, averages about 17 to 18 miles per gallon of gasoline, she said. Curves can be maneuvered at about 70 miles per hour. In short, Mrs. Wallace believes the British cars are "built much better than American cars."

The Jaguar appeals to 10-year-old JUDY, but the Wallaces' son, 16-year-old ARNOLD, prefers to drive his "souped-up" 1946 Ford, Mrs. Wallace said. Probably the reason is that the Jaguar is too conservative for him, she said.

Although the Wallaces haven't been objects of practical jokers, other foreign car owners aren't always lucky. We were told of a Virginia college student who came upon his car parked in the corridor outside his dormitory room. His room was on the third floor. The jokers refused, of course, to carry it downstairs again and for several days drove gaily around the corridors. After much merriment they finally helped the owner get the car back to ground level.

EARLY SEASON

Four Snyderites didn't wait for the local football season to get underway but journeyed to Lubbock Saturday night for the kick-off. Watching the professional Baltimore Colts beat the Chicago Cards were Mr. and Mrs. J. B. DUNCAN and Mr. and Mrs. G. W. PARKS, JR.

REUNION TIME

At a reunion Sunday Mrs. S. A. TIBBETS renewed memories of days at Estacado when the Quakers organized the town. After attending the reunion at Lubbock, Mr. and Mrs. Tibbets visited her cousin, Lloyd Mayhews at a ranch north of Plainview.

Another Snyderite still attending a reunion is Mrs. BESSIE MOORE who is a guest at her son's, DARRYL MOORE, home in Lubbock.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5406.

I am planning a birthday party for my daughter and would like to have refreshments other than the run-of-the-mill variety. Have you any ideas? E. C.

Since children like bright colors, why not tint coconut in various colors and decorate top of cake in wedge designs, alternating colors. A peppermint flagpole with a gay colored scrap of paper attached completes the circus touch.

Ice cream clowns with tall silver caps and candy faces are another special treat that please children. Fill a small wheelbarrow or some other child's toy with candy for the centerpiece and surround it with blue and silver snappers, each marked with a child's name. Stick chocolate chips in the dips of ice cream to make eyes and nose and add a small cookie for the mouth.

Perhaps the simplest of all is a jelly roll train. Prepare the "stand" for the train first. Select any cardboard long enough and wide enough to form base for the train. Cover with paper place mats. Place two jelly rolls in position on the base before decorating.

Connect engine and coach with one-half stick peppermint stick candy. Use the other half for the smoke stack. For wheels, attach slices of small jelly rolls to the sides of the large jelly rolls with toothpicks for "headlight" eyes. Cut lengthwise pieces from one of the small jelly rolls and trim for "cowcatcher". Pipe cream cheese at room temperature on sides of jelly rolls to form windows, decoration on cowcatcher and other lines to give the train a realistic look.

* * *

We have cockroaches. How do you get rid of them? H. F.

An entomologist recommends using a small amount of two per cent chlordane on the baseboard, behind and under the sink or refrigerator and other places where these insects run. He cautions against using this insecticide where food or cooking utensils will be in contact with it.

Elizabeth Capps Honored At Tea

Miss Elizabeth Capps, bride-elect of Billie Boss, was honored with a tea Saturday afternoon at the home of Mrs. W. C. Hart, 3116 Avenue T.

Other hostesses were Mrs. W. H. Scarborough, Mrs. H. F. Boss, Mrs. L. A. Crenshaw, Jr., and Mrs. Roland Sullenger. In the house party were Beth Story, Chiva Sue Boss, Janice Springer and Dana Scarborough.

Garden flowers in a large crystal bowl decorated the honoree's table. Her colors of gray and white were carried out in colors in her napkins.

Trustee Escapes To See Movie On Houdini

SALT LAKE CITY (AP) — Billy Chrismon, 32, a trusty at the Davis County Jail in nearby Farmington, made like an escape artist yesterday.

Tipped by two Farmington women, police found him in a theater here.

The movie? "Houdini," story of the great escape artist.

Advised of the pinch, Chrismon begged, "Can't you sit here with me until the picture is over."

Mamie Rests On Vacation

DENVER (AP)—Mamie Eisenhower is having "a wonderful rest" here in her home town, an old friend reports, but Denver is seeing very little of the First Lady.

So far as is known, the President's wife has been away from the 750 Lafayette St. home of her mother, Mrs. John S. Doud, only once since she arrived there with the Chief Executive Aug. 8.

The next morning she attended services at the nearby Corona Presbyterian Church, where she went to Sunday school as a girl.

A girlhood chum who asks not to be named says the First Lady has been turning down all sorts of invitations to social affairs and to informal get-togethers with old friends.

But she has been doing a lot of talking on the telephone to friends she has known for years, and some of them have been dropping by in the afternoons to talk over old times.

It's no secret that Denver's altitude — they call it the mile high city — bothers Mrs. Eisenhower, as it does some others. It tires her, so she has been sleeping late in the mornings and generally getting to bed quite early at night.

During the day when she isn't visiting with her mother or friends, there is the usual big stack of mail to sort through and answer.

Last week Mrs. Eisenhower was joined here by her White House secretary, Mrs. Mary Jane McCaffree, and together they have started planning for the Washington social season this winter.

PERSONALS

Charles W. Bowen of Snyder is to receive a master of education degree in secondary school administration from North Texas State College Friday. Twenty-eight master's degrees are to be awarded.

Mr. and Mrs. Jim Sullenger, Jr., Mr. and Mrs. Jim Sullenger, Sr., and Mr. and Mrs. R. T. Haney visited Sunday with Mr. and Mrs. Bill Sullenger in Ira.

Shelia Goswick, daughter of Mr. and Mrs. Howard Goswick of DeBerry, has been a guest in the G. W. Parks, Jr., home, 2100 Avenue M.

Joan Smart of Chandler, Okla., who has visited in the Bayne Floyd home in the Sunray camp this summer, has returned home to enter school. Mrs. Floyd's mother was a recent visitor in the home.

Week end guests in the home of Mr. and Mrs. Wayne Davis, 207 Thirty-fourth Street, were her mother, Mrs. A. D. Cock, and her sister, Mrs. Cleo Swaim, both of Fort Worth.

Mrs. J. C. Rhoderick and Mrs. B. F. Rhoderick of Quitaque visited last week in the home of Mr. and Mrs. B. L. Rhoderick of 1911 Avenue S. Mr. J. C. Rhoderick and Mr. B. F. Rhoderick visited here Sunday.

Visitors over the week end in the E. E. Newham home on west Thirty-seventh Street included his mother, Mrs. T. J. Newham and Mr. and Mrs. Horlis Gardenhire, all of Ranger.

Visitors in the M. H. Roe home at 3107 Avenue U are her mother, Mrs. C. N. Firestone of Clovis, N.M., and his brother, Orville Roe, and family of Oklahoma City, Okla.

Mrs. W. A. Prescott of Big Springs visited here Sunday with Mrs. John Greene, Mrs. Harvey Schuler and L. R. Putman.

C. W. Barkers Are Honored At Dinner

Mr. and Mrs. L. J. Kirby, Sunray camp, were hosts for a dinner Saturday night to honor Mr. and Mrs. C. W. Barker. The Barkers left Monday for San Angelo where they are to live.

Guests for the dinner were Mr and Mrs. C. L. Cleveland and Mr and Mrs. W. W. Carey.

3.2 Beer Is Held As Not Intoxicating

DENVER (AP)—The Colorado Supreme Court upheld yesterday a lower court ruling that 3.2 beer is not intoxicating. It was the first time the state's highest court has ruled on the question.

Jane Russell Is Dropping Howard Hughes' Contract

By BOB THOMAS

HOLLYWOOD (AP)—The long and fabulous association of Jane Russell and Howard Hughes is due to end in December and the chances are it won't be renewed.

"We've been talking," said the brunette beauty. "So far they made an offer, which we thought was fantastic. Then we made an offer, which we thought was fantastic. Now we're both simmering and nothing's happening."

Jane has spent 13 years under exclusive contract to the Texas millionaire. She's now of a mind not to sign all her services away to him.

"I'd like a one-picture-a-year deal," she said. "That would be enough to give me security. But I could also do some of the exciting things that have been offered me."

Security appears to be important to her. Even though she can draw $200,000 per picture on loanouts now, she is concerned about how she will fare on her own. She listens eagerly to reports of how such long-time contract stars as June Allyson, Tyrone Power and Betty Grable have been doing since they became free lancers.

If Jane does decide to go her own way, she couldn't have picked a better time for it. She has her biggest hit in the current film purporting to show that gents prefer blondes. There's another girl in it, but her name slips my mind.

"Yes, I liked the picture," said Jane, who is inclined to be intensely critical of her own work. "It was the first time I played Jane Russell. Until now I've always had to play someone else in pictures. In 'Paleface,' I played Bob Waterfield.

"The proof of the picture is in the reaction of my family. My brothers and sisters and cousins would go to my pictures and come out saying, 'When are you going to make a real movie?' This last one was the first they ever liked."

Even though she thinks she played the role as her athlete husband, "Paleface" was the first picture to get Jane's career off the ground. Until then, her fame rested mostly on the cheesecake photos [illegible] her first film, "The Outlaw." I asked her if she wished her career had moved more swiftly.

"Certainly," she replied. "I should have done in my first seven years what I have done in my last six. Then the last six years should have been what I hope to do in the next six. But that's the way Hughes operates—slowly and by degrees.

"No, I have no regrets about having been under contract to him this long. You can't beat the old man when it comes to publicity. He can take somebody and keep them alive for five years, even though they never make a picture. I know, because it happened to me."

Jane is finishing up "The French Line," which she likes as much as any picture she has made for Hughes. Her next picture is supposed to be "The Silver Horde" with John Wayne, but she isn't saying yes or no until she sees the script.

That's the new, independent Jane Russell.

Army High Command Makes Some Shifts

WASHINGTON (AP)—Lt. Gen. John E. Dahlquist was named yesterday to be chief of Army field forces, with headquarters at Ft. Monroe, Va. He has held the post on an acting basis since June 30.

In other shifts announced by the Army:

Maj. Gen. Floyd L. Parks, Army chief of information since 1946 with one brief interruption, will take command of the 2nd Army at Ft. Meade, Md.

Lt. Gen. I. D. White, former commander of the 10th Corps in Korea, will take command of the 4th Army at Ft. Sam Houston, Tex.

Parks will be succeeded as chief of Army information by Maj. Gen. Gilman G. Mudgett, now deputy chief of staff of the Far East Command.

Montreal Girl 'Chute' Jumper

MONTREAL (AP) — Monique Lapierre operates a beauty parlor to make a living and jumps out of airplanes in her spare time.

The attractive 20-year-old girl has made a dozen parachute jumps in the last two years.

Monique admits that jumping scares her. The sight of the ground so far below and the sensation of dropping give her stomach convulsions. Says she:

"I never open my eyes until the parachute opens and sometimes not even then."

Although she packs her own chute, she is nervous until it blooms above her.

Monique picked up her strange hobby two years ago to impress a boy friend who was an aspiring pilot but could not get his license until he had made a parachute jump. When he showed timidity about the idea of jumping, Monique offered to show him how easy the whole thing was by doing it herself.

She did—becoming Quebec's first woman parachutist.

Cogdell Field Well Completed In Kent

Humble Oil & Refining Co. has reported completion of the No. 24 LeRoy Spires, Jr., in the Cogdell field of Kent County.

The well flowed 24 hours through a 16-64th-inch choke to make 78.51 barrels of 39.8 gravity oil with .1 of one per cent water. Gas-oil ratio was 929-1. The production is from perforations at 6,900-916 feet which were acidized with 1,000 gallons.

The No. 24 Spires is 2,310 feet from north and 467 feet from east lines of 32-4-H&GN, with a derrick floor elevation of 2,367 feet. It is about 14 miles south of Clairemont.

Rains Coming To Add Misery To Greek Quake-Hit Islands

ARGOSTOLION, Greece (AP)—Impending autumn rains threaten new disaster to 130,000 earthquake victims on Greece's three devastated Ionian islands, American and British rescue officers said today.

They warned that only speedy completion of the Greek government's temporary housing program on the islands of Kefallinia, Zakinthos and Ithaca could stave off further widespread suffering when the rains begin in mid-September.

The Athens government announced last week it was prepared to spend "about 25 to 30 million dollars in the islands," laid waste by a series of destructive quakes that began two weeks ago.

The warnings of the possible new crisis came as Gen. Dimitrios Iatrides, chief of Greek rescue operations, announced that an estimated 130,000 persons were homeless after the quake disaster.

The death toll has not been officially determined but the most reliable estimates place it around 1,000. Hundreds of other persons were injured.

Minor earth tremors have continued daily since the initial shocks. Although not strong, the tremors add to the islanders' fears that big quakes will come again.

Iatrides reported that 60 per cent of the survivors, or 78,000 persons, now were housed in 4,175 tents. He declared that "another 5,000 tents will take care of all needs."

The Greek rescue chief's figure of those now housed in tents would mean an average of 19 persons to a tent made to shelter only eight.

Lt. Cmdr. Peter Stewart, chief of British relief work, expressed doubt, however, that "even 20 per cent of the population today is under shelter."

Workers reported that inhabitants of isolated mountain villages are sleeping out of doors and some of the women have displayed arms and legs swollen from the unusually severe cold of the last week.

U. S. Marine Corps officers working to repair Kefallinia's roads said they had been "virtually completely destroyed" by the tremors. Any emergency repairs, they added, "won't withstand the first rains."

Lt. Joseph A. Sherman of Portland, Ore., predicted that scores of mountain villages will be completely isolated again as soon as the first rains fall.

The group of Marine construction specialists will remain on the islands for another two weeks in an attempt to at least partially restore the road network.

Greek demolition teams moved through the wreckage - strewn streets of towns and villages on the islands yesterday, removing bodies from the debris and demolishing weakened structures.

Atom Man Says Don't Tell The Public More

WASHINGTON (AP)—Eugene M. Zuckert, a member of the Atomic Energy Commission, says "We are giving the American people all the elements of information they really need" about the atomic energy program.

Zuckert, appearing last night on an MBS radio program, said he does not share the view often expressed that more atomic information should be made available. To disclose more than at present, he said, would be of more help to a potential enemy than to the American people.

Specifically, he said he disagrees with former AEC Chairman Gordon Dean, who has said Americans should know more about the U. S. atomic program and about Soviet atomic capabilities.

"The essential thing for the man in the street to know," Zuckert said, "is that there are weapons available to an enemy which could create mass destruction to our cities. We have said this time and again."

Plan To Wait Awhile If You Want To Sue

NEW YORK (AP)—Count on waiting 11½ months before going to trial if you're thinking of starting a civil court case with a jury. The wait is only 5.7 months for non-jury cases.

A survey by the Institute of Judicial Administration, Inc., at New York University yesterday reported these average delays for principal state trial courts in 97 cities.

The survey showed the most crowded calendar is in Brooklyn's State Supreme Court, where the wait is 53 months. The quickest legal action is in Oklahoma City's District Court, with a one-month delay.

TOURISTS ARE EVERYWHERE

Seems As If More Than 35 Million See D. C. Everyday

By ED CREAGH

WASHINGTON (AP)—What's this? Only 35 million grownup Americans have been to Washington?

That's what the latest Gallup Poll says. The number seems incredibly small to anybody who lives here all year round. Most of us would guess there must be 35 million a day.

Don't get us wrong—we love tourists. We take it as a personal compliment when they admire the Jefferson Memorial or the White House aglow with yellow lights in the summer twilight.

Our hotelkeepers and restaurant proprietors love tourists too. And there's a feeling the constant presence of peering strangers has a good influence on people in government—reminds them the United States is made up of flesh-and-blood Americans, not just zigzags on somebody's statistical charts.

But these days—in these last two weeks in August, when everybody and his brother-in-law is on vacation—is it possible there is a living American who doesn't come to Washington?

Tourists, in the opinion of old settlers here, fall generally into four main classes:

1. Honeymooners. You see them everywhere, strolling hand in hand. It is doubtful if they see you, however. From the sightseeing standpoint, they'd be as well off at a cabin in the woods.

2. High school kids. They come in the spring, mostly, but they're here in force right now too. Crammed into buses, convoyed by harassed teachers, they mostly (A) buy funny hats for souvenirs and (B) pair off in pre-honeymoon couples. Some learn a thing or two about the government.

3. Families. The late Robert Benchley said there are two ways to travel—first class and with children. There is one thing to be said in favor of seeing Washington with a couple of toddlers in tow—you get to know every restroom in every public building.

4. The real, eyes-open sightseer. Sometimes these are schoolteachers on their own, released somehow from their clamoring packs of pupils. More often they're middle-aged couples, contentedly wandering, clicking away judiciously with a camera they couldn't afford until daughter got married and junior finished college. Actually, they're on a second honeymoon though they'd blush if you mentioned it.

Only 35 million of them? It seems incredible There must have been that many today alone—when I tried to get into the cafeteria around the corner on Pennsylvania avenue for lunch.

Jet Crashes In Virginia

FRANKLIN, Va. (AP) — An F84 Thunderjet fighter, lunging inexplicably out of control while rocketing along at better than 500 m.p.h., plunged into a woods near here yesterday and was smashed to smithereens.

Early today Air Force investigators still were sifting through the wreckage in an effort to identify the craft beyond any doubt as an F84 listed as missing from nearby Langley Air Force Base.

The missing Thunderjet took off from Langley, piloted by Lt. Walter P. Biagioni, 29, of Bridgeport, Conn., only 46 minutes before the crash.

No one saw the pilot bail out when the screaming jet rammed the earth five miles southeast of here. So complete was the wreckage that early today no large piece of the plane had been found, nor had the body of its pilot.

When the jet crashed it dug a 15-foot-deep crater in the woods—a crater that was 20 to 30 feet wide.

Store Prize Stolen

ALBUQUERQUE (AP) — A $4,650 mink coat was to have been given away next month by an Albuquerque supermarket in a stamp contest.

But someone wanted a sure thing.

The coat was stolen.

Reds Turning Plants Back To East Germans

By TOM REEDY

BERLIN (AP) — The Communists announced today the names and locations of the 33 Russian-managed mills and plants that Moscow says will be turned over to the East German government when reparations end Jan. 1.

They represent the last direct Soviet foothold in German industry.

The West German Ministry for All-German Affairs, in an analysis of East zone industry, said the Soviet plants have been geared for production of war materials.

Western observers anticipate that the plants will continue to turn out weapons and military supplies for the Red armies.

The Russians confiscated the largest producing plants in the East zone in 1945 and set up a chain of 99 "Soviet corporations" for a giant reparations grab. Sixty-six of the smaller mills were turned over to the East German Communist regime early in 1952 and now are "peoples owned"—nationalized.

Berlin quarters expect the other 33 plants to be nationalized as soon as they are turned back to the Germans.

The biggest are the Krupp-Gruson steel works in Magdeburg, once a mighty arm of the Krupp gunmaking center in the Ruhr. They have been making tank tracks and wheels, grenades, small arms and cranes for the Soviet army. Another soviet-held plant in Magdeburg has been producing the machinery for the uranium mines in Thuringia and Saxony.

Economic experts believe the Red German regime will get a big boost toward a healthier economy by relief from outright reparations. These sources expect the industrial output to go to Russia in straight barter for what the East zone needs—food, grain, raw materials, coal and oil.

Truck Driver Hurt In Collision With Scooter

OKLAHOMA CITY (AP)—A truck loaded with eight tons of stone collided with a small motor scooter yesterday.

The truck driver suffered a mashed foot.

The motor skooter driver was not hurt.

The car that made a number famous

for a number of very good reasons

88

Ever since Oldsmobile's first "88" changed the whole trend of motor car development, this number has had a meaning all its own. *It means power* . . . the high-compression horsepower of Oldsmobile's famous "Rocket". *It means action* . . . the eager, effortless action of Hydra-Matic Super Drive*. *It means styling* . . . the flowing lines and smart designs that have come to be an Oldsmobile tradition. *It means thrills* . . . the sheer fun of handling a car with Power Steering*, Power Brakes* and the new Autronic-Eye.* Come in for your date with a "Rocket 88" . . . a Super "88" Oldsmobile!

*Optional at extra cost.

Being Good Neighbors Pays Off Farmer

CLARINDA, Ia. (AP) — Being "good neighbors" paid off for Mr. and Mrs. Fred Shields, farmers near here. Mr. and Mrs. Shields both were suffering from tuberculosis. They had to go to a sanitarium for two years so they put their household goods and farm equipment up for sale at auction.

Auctioneers donated their services and friends and neighbors got together to push bids to levels that were amazingly high. In addition the neighbors bought $1,100 in U. S. bonds for the Shield's two daughters, Nancy, 8, and Jo Ann, 6, who will live with their maternal grandparents.

Neighbors said the Shields long have been active in organizing "good neighbor" activity for other farm families.

LEGAL NOTICE

INVITATION FOR BIDS

Sealed bids for three four door Sedan Automobiles will be recieved at the office of the County Judge, at the County Courthouse, Snyder, Texas until 10:00 A.M. August 31, 1953.

Three Ford Sedans to trade in as part pay.

The owner reserves the right to waive any informality in, or to reject any or all bids.

Baseball's Moneymakers Are Being Challenged By Players

By GAYLE TALBOT

NEW YORK (AP)—There will be no attempt here to picture the big league ballplayer as a downtrodden slave to a band of greedy masters but it might be possible to explain from personal observation some of the irritations which have driven our diamond heroes to hire themselves a lawyer.

In the main, the grievances of the athletes are minor ones when taken individually. When they are lumped, though; they add up to quite a pile of discontent.

The average big leaguer of today is not the carefree individual he was when we first knew him, before night baseball complicated his life and almost certainly shortened his playing career. Where there used to be maybe one "clubhouse lawyer" on each team, a so-called troublemaker whom the magnates gleefully palmed off on one another, there now are any number who complain often and out loud at the deal they are getting.

They burn about the rigors of the twi-night double-header and about the late night game from which they rush to catch the last train to their next stop, where they must show up at the park again by noon, still only half awake. They complain that their insides are chronically upset while they are on the road.

Players who, through no fault of their own, are attached to the less wealthy clubs, are jealous of the more considerate treatment given their opponents with the rich and successful outfits. One of their goals will be to obtain uniform handling when away from home.

To illustrate the present disparity, reporters with the New York Yankees were astonished upon boarding a post-midnight train out of Philadelphia the other morning to see members of the Philadelphia Athletics, including Manager Jimmy Dykes, munching sandwiches and downing bottled beer on the platform. The Yankee party entered its own private dining car and ordered steaks.

Another common gripe of the run-of-the-mine player is that his salary has not kept pace with the cost of living.

"All you fellows write about are the stars who make the real big money," we were informed recently by an ex-player who got out while still young: "I was in the big leagues for four years and I was making exactly $9,000 a year when I quit. I didn't think that was anything to look forward to."

At that, he was doing better than many of them. The minimum pay at present is $5,000 and occasionally we hear an amazing story of the puny salary being paid some fairly well known player.

It all comes down to the plain fact that for the first time in the history of baseball the men who run the game and reap the biggest profits are being seriously challenged by their employees. It is no rebellion, and there is no intention on the players' part to form a union. They simply want a real voice in baseball councils, and no amount of argument will convince them that Commissioner Ford Frick is as interested in their welfare as he is in that of the owners.

If the owners are smart, they will vote down the more bullheaded of their members and yield as gracefully as possible.

Players Use Lawyer, Want Wage Increase

NEW YORK (AP)—Major league baseball entered a new era today with an official hired spokesman assigned to deal with club owners on behalf of the players.

But just how much good the players' representative would do was fogged in a maze of statements and counter statements.

Commissioner Ford Frick seemed unimpressed with the action of the players, who hired J. Norman Lewis, a New York lawyer, to handle their dealings with their bosses.

Asked what the players had gained by hiring a counsel, Frick shrugged:

"As far as I can see, nothing."

Ralph Kiner, the Chicago Cubs' slugger, and Allie Reynolds, New York Yankees' pitcher, as the respective player representatives of spective players, are probably the most instrumental big leaguers in bringing about the move.

Said Kiner:

"We hired him mainly as a counsel, not as a representative."

Reynolds was more explicit.

"We were not getting the job done ourselves," he said, "so we decided on a lawyer to help us. We want him to sit in on meetings with the club owners and present our side of the case."

The players' side consists mainly of forcing an increase in the minimum wage, now $5,000 per year, eliminating night games on getaway days and dropping night games from the spring training schedules.

Just how far the baseball brass will be willing to go with Lewis remained a moot question. This is the first time the owners have been faced with the problem of having to talk to their hirelings through a legal mind.

Baseball's executive council held a meeting yesterday at Frick's office and if battle lines were drawn, it would have to go down as a victory for the bigwigs because Lewis was barred.

Lewis did have a two-hour conference with Frick, William Harridge, president of the American League, and Warren Giles, president of the National League, after the meeting broke up. There wasn't much question but that Lewis had hoped to attend the meeting, but Frick was quick to close the gates.

"Under no circumstances can any attorney attend a council meeting except by special invitation," said Frick.

"And I have no intention of inviting anyone who is not a member of baseball," he added pointedly.

Grant Teaff, son of Mr. and Mrs. Bill Teaff, 2013 Avenue Z, will soon begin football season with the McMurry Indians as a tackle. Teaff transferred there from San Angelo Junior College, where he served as a defensive linebacker and was a team captain last year, as well as president of the sophomore class. He has been employed this summer as a lifeguard at the Towle Park swimming pool. A 1951 graduate of Snyder High School, he was a team captain here his senior year and was chosen all-district center.

Adcock Not Slumping

MILWAUKEE (AP)—Joe Adcock, Milwaukee's husky first baseman, is spurting instead of slumping, as some observers said he would late in the season. Adcock banged out five hits in eight times at bat in yesterday's doubleheader against the Cubs and lifted his average five points to .278.

Robinson Has Chance To Win Batting Crown

NEW YORK (AP) — Brooklyn's Jackie Robinson, a perennial threat for National League batting honors is making a belated bid for the 1953 title.

The versatile Dodger has moved into third place with a .332 average and is challenging the leaders, Monte Irvin of the Giants and Red Schoendienst of the Cards. Irvin leads the league with .338 and Schoendienst is runner-up at .337.

Robinson, in advancing from sixth, went 14-for-30 and gained 11 points. The 34-year-old infielder-outfielder captured the batting crown with a .342 average in 1949 and finished second the following year. In 1951 he wound up third in hitting and last season he was fourth.

Irvin, sidelined with an injured ankle since Aug. 9, returned to action as a pinch hitter and failed to get a hit in one official at bat. Schoendienst, meanwhile, roared back into contention by going 11-for-23 to increase his average 7 points.

In the American League hitting derby, Cleveland's Al Rosen has wrested the lead away from Mickey Vernon of the Senators. Rosen picked up 6 points to forge ahead of Vernon, .326 to .325. The Indians' third baseman went 13-for-33 and climbed up from third place.

Vernon collected 8 hits in 32 trips and lost 6 points. Oreste (Minnie) Minoso of the White Sox suffered an 11-point decline and fell from second to third at .318.

Eddie Mathews of Milwaukee tops the National League in home runs with 39 and Roy Campanella of the Dodgers is the pace setter in runs batted in with 115.

In the American League Rosen has become a triple-crown aspirant. Besides his batting supremacy, he also leads in home runs with 33 and has the most RBIs, 116.

Native Dancer Ranks Among Alltime Horses

CHICAGO (AP)—Maybe, as Eddie Arcaro says, Native Dancer hasn't proved himself an alltime running great but he's certainly one of the alltime great attractions.

People, thousands of them, turn out just to see him run, with little thought of betting on him or against him. Rarely has a thoroughbred possessed this tremendous crowd appeal.

Arcaro subbed for the Dancer's regular jockey, Eric Guerin, in Saturday's $112,600 American Derby at Washington Park. He brought home Alfred G. Vanderbilt's galloping gray ghost in 1:48 2-5—just a fifth of a second shy of the track record.

Arcaro's attitude after the race—his first aboard Native Dancer—was that Citation had proved himself against all types of competition, earning greatness on a take-on-all-comers basis. Native Dancer, he said, has been confined to racing 3-year-olds and thus—though "a great horse"—is not yet confirmed as an alltime great.

Football Rule Changes Will Be Few When Season Here Starts

Changes in official football rules of the National Collegiate Athletic Association, which are used in Texas high schools, will be hardly noticeable to fans here this year.

The killing of the platoon system by colleges will not affect Texas high schools. The Interscholastic League voted several months ago to continue liberal substitution.

The 1953 rules of NCAA have only 11 major changes listed, none of which change things much.

Some of the changes only redefine or strengthen rules to avoid loopholes, such as the false start or "sucker shift," which was used by Notre Dame last year.

The rule now states that "No player of the offensive team shall make a false start. A false start includes a shift or movement which simulates the beginning of a play, feigning a charge, or the use of unusual variations in starting signals. An infraction of this rule may be penalized whether or not the ball is snapped and the penalty for any resultant encroachment or contact foul by an opponent shall be canceled."

Perhaps the most significant change is in the rule on the touching of a scrimmage kick. Last year, if a member of the offensive team touched the kicked ball before a member of the defensive team touched it, that infraction would offset any violation by the defensive team, as well as giving the ball to the defensive team on the spot. This year, the rule is the same except for offsetting the penalty for any defensive team violation.

The rule states "No player of the kicking team shall touch a scrimmage kick which is beyond the neutral zone before it touches an opponent who is also beyond that zone nor shall any player of the kicking team touch a return kick before it touches an opponent. A violation of this provision is not a foul but permits the offended team to take the ball at the spot of the violation or to elect a touchback if such spot is on or inside the receiving team's 10-yard line." The change makes the rule as it was two years ago.

Last year, pass interference gave the offended team the ball at the spot of the foul. A rule change this year gives the offended team the ball plus a first down, no matter what the gain on the pass.

The change in the substitution rule not applying to Texas high schools, says that "A player withdrawn from the game may not re-enter the same period except during the final four minutes of the second and fourth periods. Coaches responsible for legality of substitutions. More liberal regulations for preparatory and high school games are permissible by mutual agreement."

Other rule changes included a redefining of kicks, a rule that the fair catch signal must be obvious, prohibiting the referee from taking time out to award a first down, prescribing of a five-yard penalty for kicking the ball illegally, loss of down and five yards for handing the ball forward illegally, prohibition of hideout plays on the down immediately following any substitution, and one change in the official's signals, giving the same signal for illegal motion and illegal procedure.

What *really* happens when the kids go back?

What about transportation?

How about health measures?

Fall brings a thousand questions that *must* be answered.

Will the kids be all right? What about new teachers? Traffic conditions around the school? Lunches? Transportation? School Board rulings? Health precautions?

To find the answers you turn to your newspaper – naturally! Because the newspaper has the kind of information you're looking for.

Facts about everything! Facts about schools . . . the state . . . the town . . . the world. Facts about features, fun, and back-to-school bargains in the stores downtown.

Facts you can carry in your pocket – to read *whenever* you choose . . . *wherever* you choose. *All* the facts–so that you can read *as much* as you choose.

That's why nearly everybody reads the newspaper nearly every day.

That's why so many people who sell advertised products insist that they be advertised in newspapers.

Because in newspapers an advertising message has a chance to reach *all* people who can buy. Not just sports fans or quiz fans or music fans or comedy fans . . . but *everybody*.

That's why all advertisers – both "national" and retail – invest more money in newspapers than in any other form of advertising.

The newspaper is first with the most *news* . . . first with the most *people* . . . first with most *advertisers*.

The newspaper is always "first with the most"

THE SNYDER DAILY NEWS

CRASH INTO HOUSE KILLS TWO

A man and his wife were killed while asleep in a first floor bedroom of their home at Havana, Ill., when a big trailer-truck crashed into the structure, virtually demolishing it. Dead were Charles LeRoy Milner, 45, and his wife, Virginia, 33. Four children in an upstairs bedroom were not hurt.

Political Activities Cost 5 Their Federal Job In Miss.

WASHINGTON (AP) — The U. S. Civil Service Commission has penalized a former lieutenant governor of Mississippi, Sam Lumpkin, because it found he was a leader in the "Democrats for Eisenhower" movement while holding a federal-state job.

Lumpkin resigned by request last Nov. 10 as director of the Mississippi Employment Security Commission, a job paying $9,350 a year. The Civil Service Commission announced yesterday that he has been declared ineligible for re-employment by the state of Mississippi for 18 months from Aug.21.

The commission found that Lumpkin had violated the Hatch Act, which bars certain political activities by federal employes and state employes whose principal duties are in connection with activity financed in whole or in part with federal funds.

The Employment Security Commission, a job placement agency, is financed in part with federal money.

The Civil Service Commission also said four employes of the Internal Revenue Service at Aberdeen, S. D., have been dismissed for activities found to be in violation of the Hatch Act. All were accused of soliciting Democratic party contributions from fellow employes.

The announcements were made in line with a new commission policy of announcing action in all Hatch Act cases deemed to be of general interest. Heretofore, the commission has released such information only upon inquiry about specific cases.

Lumpkin, now city attorney of Tupelo, Miss., was the first Mississippi Democrat of any prominence to support Eisenhower for the presidency.

The Civil Service Commission charged that, while a state employe, he was a candidate for presidential elector, made speeches for Eisenhower and served as a delegate and chairman of the Resolutions Committee at the Democratic State Convention in Jackson, Miss.

It said also that he led a state delegation to Denver, Colo., in August 1952 and conferred with Eisenhower, then the GOP presidential nominee, "for political purposes."

Lumpkin has been mentioned recently for the post of U. S. Attorney for northern Mississippi. There was no official word as to whether the Hatch Act case would bar such an appointment. A commission spokesman said the Hatch Act case is a civil charge, punishable only by dismissal and ineligibility for re-employment by the state for a specified period of time.

The four employes discharged in Aberdeen are Verna D. Anderson, bookkeeping machine supervisor; Laufence F. Kirkgasler, returns co-ordinator; Al Kraft, chief field deputy, and Verne E. Kelley, head of the Wage and Excise Division.

The commission also announced that the separation of Thedore W. Mueller as an internal revenue cashier at Aberdeen will be recorded as having been for violation of the Hatch Act. Mueller had resigned voluntarily in 1951.

An investigation by the commission and the Internal Revenue Service found that Mueller and the four other employes solicited contributions for the Democratic party from co-workers.

The commission said all five are barred from re-employment in the same positions or in any position paid under the same congressional appropriation.

Flying Radar Stations Set

BURBANK, Calif. (AP)—Flying radar stations are the latest wrinkle in Uncle Sam's defense plans.

This was disclosed with the announcement yesterday by Lockheed Aircraft Corp. that it is building high - altitude reconnaissance craft with "the most powerful search radar" yet designed. Both the Air Force and the Navy will utilize the special planes, patterned on the Lockheed Super Constellation transport.

Each plane will carry six tons of electronic equipment, including radar antenna housed in an eight-foot structure atop the fuselage. The ship has facilities for a crew of 31.

Both Air Force and Navy versions are in production, Lockheed said. The Navy model also is equipped to serve as a fighter plane director, guiding carrier planes to enemy craft far beyond the reach of radar on surface ships.

The flying radar stations will greatly increase the scope of the American continental defense warning system, it was pointed out. Ground radar beams travel only as far as the horizon and cannot reach beyond. But from a radar plane 25,000 feet up, the horizon is approximately 200 miles away.

Father Learns Son Is Alive, Coming Home

WASHINGTON (AP)—The Defense Department told a Montana father today that his son, Cpl. Henry H. Kern, whom he had mourned for a month as dead, is alive, free and soon to come home.

Jake Kern, a farmer living near Hardin, Mont., felt more bewildered than hopeful when he was told his son's name appeared on the 21st list of returned American prisoners of war in Korea, made public last night.

He said he had been officially notified July 19 that the 25-year-old corporal had been killed in one of the last actions of the war.

"We had received his Purple Heart," he said.

Defense officials doublechecked and a spokesman said there could be no doubt that it was Cpl. Kern who was released yesterday—serial number and unit assignment identified him.

There was no doubt, either, that the elder Kern was notified his son had been killed. The spokesman said that came about in this way:

Eyewitnesses from Kern's own squad told of seeing him killed by the burst of an enemy artillery shell in the Chinese Communist offensive at Sangjin-Ni. They said they were unable to recover his body.

The evidence went through the regular channels, 8th Army to the Adjutant General and was considered conclusive. The grim telegram of notification to next of kin went out.

Today the Adjutant General's office hurried to dispatch another, officially notifying Kern that his son is alive and will soon be on his way home to his family, which includes five brothers and a sister.

"I hope this is right and the other wrong," the father told the Associated Press.

Sun Sets 5 Locations In Coronet 2900

Sun Oil Co. has set five new projects for drilling soon in the Coronet 2900 field of North Howard County. All the projects will be on C. L. Jones leases about 22 miles northeast of Big Spring.

The No. 2-B Jones is 990 feet from south and west lines of the southeast quarter of section 10-26-H&TC. The No. 3-C Jones is 330 feet from west and 990 feet from north lines of the southeast quarter of section 10-26-H&TC. The No. 4-C Jones is 330 feet from north and 990 feet from west lines of the southeast quarter of section 110-26-H&TC.

The No. 4-A Jones is 330 feet from north and east lines of the southwest quarter of the same acreage, and the No. 1-B Jones is 330 feet from south and west lines of the southeast quarter of the section.

All will drill to 3,000 feet with rotary tools.

Squirrels Beaten Out

HUNTINGTON, W. Va. (AP)—Chief Deputy County Clerk Leo Fox isn't certain who's nuts these days.

He said he put some hickory nuts for the squirrels on the courthouse lawn, only to find grown men gathering them up and putting them in their pockets.

Jackson Warns We're Trading Away Liberties

BOSTON (AP) — Supreme Court Justice Robert H. Jackson says the nation's traditional freedoms are in danger of being lost through "being gradually bartered or traded" for security.

He told the American Bar Association last night that individual freedom is threatened by the philosophy "that all else must give way to the interests of the state."

"In this anxiety-ridden time," Justice Jackson said, "many are ready to exchange some of their liberties for a real or fancied increase in security against external foes, internal betrayers or criminals.

"Others are eager to bargain away local controls for a federal subsidy. Many will give up individual rights for promise of collective advantages.

"The real question posed by the Fascist and Communist movements . . . is whether, today, liberty is regarded by the masses of men as their most precious possession. Certainly in the minds of many foreign peoples our type of individual liberty has been outvalued by promises of social welfare and economic security, which they want too passionately to be critical of the price.

"If this indifference to traditional values should spread to us, it would be the greatest threat to our liberties."

The justice spoke to the Bar Association's annual dinner for the judiciary, concluding the first day's activities of the organization's 75th anniversary convention.

Earlier the House of Delegates elected William J. Jameson of Billings, Mont., to succeed Robert G. Storey of Dallas, Tex., as president of the association. Joseph D. Stecher of Toledo, Ohio, was re-elected secretary and Harold H. Bredell of Indianapolis was re-elected treasurer.

Circus Tent Bought For School System

OKLAHOMA CITY (AP)—The Oklahoma City school board has found another way to make going to school almost painless for protesting youngsters.

The board voted to use a giant circus-type tent as an assembly hall for the 500 students at the new U. S. Grant School.

The new building is still under constructon.
