Artillery Fire And Rain Slow Up UN Forces

(By The Associated Press)

TOKYO, Feb. 21. — Allied forces flattened out the Reds' Wonju bulge in Central Korea today but in the West the Communists blocked two new allied attempts to cross the Han River.

A driving, relentless rain turned the whole Korean battlefront into a mud puddle.

Field dispatches said the rain soaked GIs, bogged down tanks, filled foxholes had deepened the miseries of the front.

A few troops took advantage of the rain for their first showers in a month; those who could took turns ducking into Korean shelters.

But for most, the rain meant a constant soaking.

Red mortar fire — "the heaviest and most accurate I've ever seen," said one commander — drove back **an armored patrol to the south bank of the Han seven miles east of Seoul.**

Five miles downstream from Seoul, heavy resistance checked a South Korean patrol trying to cross the Han.

American and British troops mopped up Red stragglers south of the river.

On the west central front, advance patrols were moving ahead north of Chipyong where a French-American force last week smashed a massive Red counterattack.

Scattered in an arc north of the Wonju salient were 40,000 Communist troops who had pulled back from the attack to lick their wounds.

U. S. Fifth Air Force planes roared out again Wednesday in support of ground troops.

Big naval guns rocked both coasts of Korea.

Fluvanna Well Cementing At 5,850 Feet

Wilshire Oil Co. No. 1 Whatley wildcat in Northwest Scurry County three miles south of Fluvanna, is cementing five and one-half inch casing at plugged back total depth of 5,850 feet. Operator will perforate and test Permian lime above that level as soon as the plug cures.

The No. 1 Whatley was drilled into the Ellenburger, where it made no shows of oil. Earlier reports indicated that the well might produce from higher formations.

The well is located 660 feet from north and east lines of section 406 block 97, H&TC survey.

KENT WILDCAT

Jake L. Hamon No. 1 Girard wildcat in Northwest Kent County is drilling ahead below 7,388 feet in Mississippian lime and chert. This prospector has made no shows in any formation drilled through.

The No. 1 Girard is located 668 feet from west and 661 feet from south lines of section 39, block 1, H&GB survey and seven miles west of Girard.

NO. 1 MILLER

In Borden County, Stanolind Oil & Gas Co.'s No. 1 R. C. Miller is drilling ahead below 4,735 feet north and slightly east of Gail and is about five and one-half miles 660 feet from south and west lines of section 33, block 30, T&P survey.

DAWSON VENTURE

Amerada Petroleum Corp. No. 1 Dawson County, has reached a total depth of 8,864 feet. Operator is now circulating for samples. The formation is shale and lime.

KENT FAILURE

Star Oil Co. of Dallas and Associates No. 1-B Blanche Young south offset to the same operator's No. 1-A Blanche Young, discovery well of the North - Polar Ellenburger field in Southwest Kent County and almost on the east line of Garza County, has been plugged and abandoned on total depth of 7,851 feet in barren Ellenburger dolomite.

Top of the Ellenburger in this project was at 7,800 feet. That is on a datum of minus 5,479 feet.

The Ellenburger section made a little oil and gas and also made salt water. The oil and gas shows were not of commercial quantity.

Location was 2,039 feet from south and 647 feet from west lines of section 54, block 5, H&GN survey. That made it five miles northwest of the town of Polar.

HOWARD WILDCAT

Amerada Petroleum Corp. is to be the operator on a previously reported 8,300-foot wildcat in North Howard County, two and three-quarter miles east of the East Vealmoor field.

The venture was reported as the R. R. Harrell No. 1 T. L. Griffin.

Location is in the center of the northeast quarter of the southeast quarter of section 35, block 25 H&TC survey.

Harrell obained a farmout from Standard Oil Co. of Texas for the drilling of the wildcat acting as an agent for Amerada. He retains no interest in the operation.

FISHER PROSPECTOR

General Crude Oil Co. No. 1 David A. Ulmer is a new prospector in Northeast Fisher County.

It is 660 feet from north and west lines of the west half of section 102, block 1, H&TC survey and six miles northwest of Hamlin in Jones County.

Projected depth is 6,000 feet. Rotary tools will be moved in and drilling will begin at once.

Drillsite is two and one-half miles north of the Round Top pool and one and one-half miles west of the Pardue-multinay field.

NOLAN LOCATION

Sun Oil Co. has spotted a wildcat in Northwest Nolan County three and one-half miles southwest of the Roscoe - Ellenburger pool and on the northeast outskirts of Champion as the No. 1 E. A. Costephens.

Location is 660 feet from north and 467 feet from west lines of section 75, block 24, T&P survey.

Operations will begin immediately.

Widened Bridge Will Be Reopened on 24th

The bridge on Twenty - fourth Street near the Church of Christ will be open to traffic again Friday, Dwight Look, assistant city engineer, said today.

The bridge has been widened to 36 feet with a four-foot walk-way on each side.

Opening of the bridge was originally planned for Feb. 19, but the recent cold spell delayed curing of the newly poured concrete.

Bids Read On New Airport Construction

Representatives from seven construction companies presented sealed bids to the commissioners court this morning for the construction of the county airport proposed to cost about $400,000.

The bids were opened and read aloud in the district courtroom by John Wilson and checked by Wilbur Ash, both partners in the Ash, Wilson & Associates Engineering Co. here, designers of the project.

Each bid was presented with an itemized list of costs on the various phases of construction, but none of the grand totals were given.

The commissioners and bidders were to meet again at 2:30 o'clock to hear the total figurers read, after which the commissioners were to award the contract to one of them.

Firms bidding were: J. W. Moorman & Son, Wylie, Tex.; Holland Page, Austin; Fred Hall & Son, Valley Mills, Tex.; H. B. Zachry Co., San Antonio; Harry Campbell Construction Co., Fort Worth; Collins Construction Co., Austin; and Brown & Root Construction Co., Houston.

The airport is to be built on the site purchased about two miles southwest of the downtown section last year from Winston Bros. Hereford Ranch and named Winston Field. The county voted in a bond election last year to issue up to $200,000 in bonds for the county's part of the construction costs. Federal aid assured the county will amount to about half the total cost.

Prohibition Petitions Signed by 506 Here

A total of 506 signatures of voters in the Snyder area have been placed on copies of a petition sent Monday to the governor and state legislature asking that a state-wide election be called to determine whether prohibition of the sale of liquor shall go into effect throughout the state.

The petition copies were circulated among membership of eight Snyder churches and two churches in the Union community by workers of the Women's Christian Temperance Union, according to Mrs. M. W. Clark, a leader and former president of the Snyder W.C.T.U. chapter.

The petition, which has been circulated generally over the state by chapters of the organization, requested that a stae-wide prohibition election be called.

Basketball Stars Booked

Three Long Island University basketball stars stand with detectives in Elizabeth Street police station in New York as they are booked on a charge of accepting bribes. The trio is Leroy Smith (left), Adolph Bigos (third from right) and Sherman White (right). They are charged with accepting a total of $3,000 to lose a game between their school and Kansas State University last Dec. 2 at Madison Square Garden. LIU won, 60-59, after holding a wide early lead.

Valuations of Property For School Tax Set at $80 Million

Property valuations in the Snyder Independent School district this year have soared to the unprecedented total of $80 million, which will give the school system an income of approximately $800,000 on its tax rate of $1 on the $100 valuation.

Of the $80 million, $76,900,000 is in oil reserves, allied oil properties, utilities, and railroads, while only $3,100,000 is on locally-owned property, homes, and business buildings, C. E. Lunsford, a representative of Pritchard & Abbott, Fort Worth evaluation engineers, said today.

This is an increase of about $55 million over the $25,415,699 valuation for 1950, and a staggering 2,000 per cent increase over the $3,754,000 valuation of 1949.

The $80 million valuation exceeds the $76 to $78 million valuation recommended by school tax and oil company consultants at the recent school board meeting where it was decided that a $3,500,000 school bond would be voted for the construction of a new high school and two elementary schools. The bonds subsequently were approved by the voters.

The annual board of equalization for the school district was held yesterday and today with six men from Pritchard & Abbott making the revaluations.

Members of the school tax equalization board are J. B. Turner, Buster Cauble, and J. W. Ely. Ab Williamson substituted at this meeting for Ely, who was called out of town because of an illness in his family.

The tax rate this year will be $1 for each $100 valuation, Lunsford said. That will mean an income from the taxes of approximately $800,000.

Members of Pritchard & Abbott here for the revaluation are: J. L. Abbott, a partner in the firm of valuation engineers, Lunsford, C. E. Barker, Jim Duncan, Jim Janeway, and I. V. Hicks.

County tax valuation of 1950 was approximately $47,500,000 as estimated by Thomas Y. Pickett & Co., valuation engineers of Dallas. Originally they proposed a county tax valuation figure of $49,030,120, but adjustments brought it down to the lower figure. County Tax valuations for 1951 are expected to climb to $98 million, Edgar Tay county judge said.

New, Used Cars Under Ceiling Prices Today

WASHINGTON, Feb. 21. (AP)—The government today banned the sale of new cars at inflated prices in the used car market and set dollars-and-cents ceiling prices on all used cars.

The action was announced by the Office of Price Stabilization (OPS) The new regulations are effective March 2.

Bruce Morris, chief of the agency's automobile pricing division, said the move was designed to halt a "widespread" flow of new cars into the used car market and to prevent used cars from selling above new car prices.

Both practices occurred during the last war.

The price schedule of used cars, under the ceiling, will be based on prices listed in guide books employed by used car dealers as a yardstick of values.

OPS listed the five standard books used in this connection and said that they will be recognized as the official source of dollars-and-cents prices for used automobiles.

State Paving Project Starts on Avenue R And Clairemont Road

Work is starting today on the state paving project on Avenue R and on the Clairemont Road north of Thirteenth Street, Dwight Look, assistant city engineer, said.

Excavation will start on Avenue R from Sixteenth Street south to Twenty-second Street.

The city is preparing to lower a water main on the Clairemont Road so that excavation work can get underway there this week, Look said.

The city's and state's parts of the Avenue R joint paving project will be done as one operation. The city has agreed to let the state handle the job, and the city will then repay the state for the city's share of the expense.

Driver of Car Without Brakes, Lights Or License Is Fined

While Bill Zimmerman, highway patrolman, was cruising down the Lamesa highway yesterday he noticed an old car coming toward him.

As the car passed, Zimmerman saw that the vehicle had no front license plate, just one headlight, no tail light assembly, and a rear license tag danging, held by a small wire.

The officer gave chase to the dilapidated car and ordered the driver to stop.

"The car kept rolling on and finally stopped after about a quarter of a mile," Zimmerman said. Examination revealed, besides the other defects, that the man's car had no brakes.

The driver was given a ticket on the no brakes charge and told to get the other defects remedied.

Hailed before Judge W. C. Davidson, in justice court, the man paid a fine of $14, which included cost, and assured the judge that he would comply with the officer's request.

Post Office, Banks To Close Tomorrow; Flag Display Urged

Both Snyder banks and the post office will be closed tomorrow in observance of George Washington's birthday.

All windows at the post office will be closed, H. D. Moreland, acting postmaster, said. There will be no city or rural delivery of mail, but mail will be put in boxes at the post office.

Myron Fenton, president of the Junior Chamber of Commerce, has asked Snyder merchants to display their American flags as a reminder of the holiday tomorrow. The club recently sold about 30 flags for display, but only three were seen on display on Lincoln's birthday.

Members of the Junior Chamber of Commerce will check the number of flags on display between 8:30 and 9 o'clock tomorrow morning and will then call merchants to remind them to put out the flags.

Co-Ordinator Joins McDonald's Staff

Bob Lynes, formerly of Tulsa, has accepted a position with the J. M. McDonald Co. here as advertising manager and general co-ordinator.

Lynes was assistant manager of the J. C. Penney Co. store in Stamford before coming to Snyder. He had worked for Penney's for about 12 years. This is his first job with the McDonald company.

Mrs. Lynes and their two children, Gary Lynes and Jan Lynes, plan to join him here as quickly as arrangements can be made.

Sign Language Confession

Allen T. Jones, (seated left), a deaf mute, is questioned by Rev. Theodore Cutshaw, a deaf mute minister at a police station in Atlanta, Ga. Homicide detectives said Jones broke down under the sign language interrogation and admitted that he strangled to death another deaf mute, William Henry Knight, 38. Kitty, the minister's 14-year-old daughter, translates for police officers. Looking on during the strange confession are left to right standing: Lieut. L. T. Bullard, Detective W. S. Acree and R. M. Knight, brother of the slain man.

Bar Association Recommends Three for Judge of New Court

Three Snyder lawyers have been recommended by the Scurry County Bar Association for appointment as judge of the newly created 132-nd district court here.

The bar made the recommendations at a special meeting last night. The three are Pat Beene, John E. Sentell, and C. F. Sentell.

DISTRICT ATTORNEY

The lawyers' association also submitted for the governor's consideration the names of three men for appointment as district attorney. They are Renal Rosson, Keith L. Merrick, and George R. Killam, Jr.

It is customary, and in some states compulsory, for an executive to request the recommendations of the local bar association before filling an appointment to the bench. Because the governor is out of the state at present, the bar association here anticipated his request for a recommendation and submitted theirs last night.

The new district court, which will have jurisdiction over Scurry and Borden Counties, seems assured but is not yet a reality. Passed by ample majorities in both houses of the legislature, the bill now awaits the governor's signature when he returns to the state late this week.

REQUEST TO SHIVERS

Sterling Williams, representative of this district in the house of representatives, said he had requested the governor not to make a quick decision on the appointments of a new district judge and new district attorney, but to hear the applications of all men who sought the post.

The new court is established be renewed at the end of that period here on a six-year basis, but can end if the need for it remains. At present there are about 500 cases backlogged in the district court here.

President Sees Time Approaching When We Can Prevent New War

Youths Admit 9 Thefts, Loot Is Recovered

Nine recent burglaries and thefts in Snyder were solved yesterday when city police apprehended two youths, one 13 years old, the other 14, R. W. DeHaas, police captain, said today.

Property valued at more than $225 was recovered when the boys were taken into custody.

MAKE CONFESSION

The youths first admitted breaking into one house from which they were seen leaving by a neighbor. After questioning they admitted other thefts, some of which had not been reported to police.

The boys were released to the custody of their parents since this is their first offense. One of the conditions of their release is that they re-enroll in school and attend school, DeHaas said.

Neither boy had been attending school recently, and both said that they had stolen because they had nothing better to do.

A small amount of the property they had taken had been sold at far below its value, some of it had been given to a friend, and the rest was recovered by police in the houses of the two boys, and from scattered hiding places.

LOOT RECOVERED

Included in the property recovered by the police was property taken from a pickup owned by Ott Parrish, 1805 Avenue N, valued at more than $100. It included a tool chest with expensive tools, and a brace for a brace and bit.

An electric clock, electric drill set, brass horse statuettes, and various other itmes taken from the home of H. J. Davis, 1800-A, Avenue O, was recovered.

From the home of George Hales, 1402 Nineteenth Street, the boys had taken the title to his car, the cigarete lighter, mirror, red-light viewer, and a watch from Hales car.

From the garage of J. R. Hicks, 1811 Avenue O, the boys took a hand saw and business brief case. They forced entry to the garage, and took the property from his car.

Other thefts admitted to by the boys were from cars the owners of which are unknown. A hammer and bracelet was taken from one car, a knife from another, tobacco pouch and pipe from another, and flash lights were taken from two other cars, DeHaas said.

Owners of the property may recover it by calling at the police station and identifying their property, DeHaas said.

The police department will act as truant officer on the boys to see that they enter school and attend every day, Chester Bairrington, police chief, said.

Robber On Bicycle

TAIPEI, Formosa, Feb. 21. (AP) — A gunman snatched 15,000 Formosan dollars ($1,250 U. S.) from a man leaving a bank yesterday and escaped on a bicycle.

World At A Glance

(By The Associated Press)

KOREAN FIGHTING FRONT — UN forces push new initiative against fleeing Reds on central front, take town of Chunchon. Only light enemy resistance on all fronts. Allied patrols advance as much as 10 miles in several sectors.

VERSAILLES — Gen. Eisenhower moves into Trianon Palace hotel suite to start big job of building international army for West Europe's defense.

WASHINGTON — Western big three propose talks with Russia in Washington on all matters causing international tension. Suggest preliminary talks to map big-four discussions be held in Paris March 5.

Legislature In Austin Passes Anti-Red Bill

AUSTIN, Feb. 21. (AP)—A bill requiring Communists to register with the state police was finally passed and sent to the governor today.

Final legislative action on the measure to put Communists and Communist-fronters in the state police spotlight came in the senate by unanimous vote and almost without discussion.

The Communist-control measure originated in the House, which also passed it overwhelmingly.

HEAVY FINE

Failure to comply with the Communist registration law would subject violators to maximum fines of $10,000 and 10 year imprisonment.

The House and Senate disagreed today on including Korean campaigners in the $75 million veterans land program.

A Senate amendment to the House passed proposal marked overseas veterans of the Korean War in with World War II veterans. The House refused to accept the amendment that sends the matter to a conference committee for adjustment.

Question of State Maintenance Of County Roads to Be Decided

A decision on how much of Scurry County's 157 miles of farm to market roads the state will maintain will be made next Tuesday in a meeting at Austin, Edgar Taylor, county judge, said today.

Scurry County's four commissioners and Taylor will attend the meeting.

The State Highway Department is expected to decide then what it will do in handling of the contracts and engineering on the project.

A 10 to 1 majority ballot was cast by Scurry voters Feb. 10 in favor of issuing $2,500,000 in bonds for the building of the 157 miles of farm to market roads in the county.

Michaelis Of The Wolfhound Regiment Gets New Promotion

U. S. EIGHTH ARMY HEADQUARTERS, Korea, Feb. 21. (AP) — "Fire Chief Mike" has moved up to a general's job.

"He'll either be a general or a dead colonel," admiring GIs once said of John (Mike) Michaelis, a famous fighting leader of the Korean war.

Today it was announced that Col. Michaelis, leader of the 27th (Wolfhound) Regiment has been advanced to assistant commander of the 25th Division, succeeding Brig. Gen. Joseph S. Bradley.

Michaelis has been nominated for brigadier general.

Gen. Bradley is taking over the 25th Division, replacing Maj. Gen. William B. Kean who is to command the U. S. Third Corps at Camp Roberts, Calif.

FIRE BRIGADE

The lean, blond, tough Michaelis and his 27th Regiment have been the fire brigade of the Korean war —rushed in where the fighting was fiercest to plug holes in sagging allied lines.

Men of the 27th gained fame in the early days of the Pusan perimter fighting last summer, when they made a gallant stand in the "bowling alley" north of Taegu. Reds were slaughtered trying to bowl down the road.

New leader of the Wolfhounds is another tough fighting man, Lt. Col. Gilbert Check of Williston, N. D.

Michaelis, 38, a native of San Francisco whose home is at Lancaster, Pa., moulded his men into the toughest regiment in the Korean war. He led them into the war's tightest spots, and he led them out again.

HIGH HONORS

He was a lieutenant colonel when he came to Korea last July. He won a battlefield promotion to colonel Aug. 4. In September he received the Distinguished Service Cross for outstanding heroism in battle.

Michaelis, one-time aide to Gen. Eisenhower, is proud of the Wolfhounds. He said of them:

"They are professional killers — that's what they're supposed to be. They are as good as any regiment ever sent into battle."

When he left them Feb. 15 he said:

"I felt like bawling for the first time in my life."

His swashbuckling men, who chant the "Wolfhound" cry, punctuated with rebel yells and siren blasts when they charge into action felt the same way.

NOTHING NEW

Michaelis said the Army has learned "no real new lesson" in Korea but has learned that the same fundamentals taught in 1940 are still sound today. Training of American soldiers must be tougher, he said.

"They must be lean and mean. They get that way through rugged training — not watching USO shows. We need more marching in the Army, more time spent taking machineguns apart and less on lectures on dialetical materialism."

Michaelis inspires legends, five feet, 11 inches, straight as a rifle barrel, he has kind eyes and a mild manner. But when he is in action he is all fighting man.

He landed in Korea July 7. Three days later he met his regiment at the dock.

"I took eight carloads of mandolins and easy chairs away from them," he said. "I stripped them for action and it didn't take long for them to get it."

On July 20 the Wolfhounds met the North Koreans at Yongdong and stopped them cold. It was the first time an American unit had halted the enemy. It was not the last for the Wolfhounds.

All Will Need To Sacrifice To Win Peace

Tells Masons We Have Support From Every Segment Of Society

WASHINGTON, Feb. 21. (AP) — President Truman said today "we are gradually approaching a position" in which a third world war can be prevented.

All the current attempts to build up men and material is merely an effort to prevent such a war, he told a group of Masonic leaders. He added:

"We are gradually approaching a position in the world where that can be prevented, if we have the support and co-operation of all segments of the population.

"And that means industry, labor, and farmer and you gentlemen — and all the white collar people who do the inside work to make these other things operate."

MASONIC FEED

Mr. Truman spoke at a breakfast for Masonic leaders from all over the country. The breakfast was given at the Statler Hotel by an old Kansas City friend, Frank Land, who heads the DeMolays, an organization for young men.

Mr. Truman said the moral forces in this country must be mobilized "to prevent selfishness of certain groups from an endeavor to take advantage of this situation."

"Everybody, I don't care who he is, or what his condition or position is — from the President of the United States to the laborer who digs in the trench — must make some sacrifice in order that the whole country may be mobilized to meet the serious situation with which we are faced," he said.

SERIOUS SPOT

Mr. Truman said he realized that it's difficult for most people to understand what a serious situation the government is in. He sized it up this way: "The most tremendous emergency that any government has ever been faced with in the history of the country."

"We have to understand," Mr. Truman said, "that we are faced with an unmoral force which does not keep its agreements, which does not believe in the things in which this government stands and for which the other free governments of the world do stand."

Three-fourth of Car Owners Still Have Not Bought License Plates

With the period for buying license plates almost half gone, less than one-fourth the county's shipment of 8,510 sets of plates have been sold.

Jim Ikard, county tax assessor-collector, said today that only about 2,000 sets of plates had been sold since the registration period for 1951 began Feb. 1.

Ikard said he hoped the issuance of the tags would be increased rapidly between now and the latter part of March to avoid the usual final rush.

"It will be more convenient to the car and truck owners to get them now and not have to stand in line later, and early registration would also help the office here," he said.

The final date for registering vehicles without penalty is March 31.

Three More Candidates For City Council Posts

Three candidates threw their hats in the April 3 city election ring today—one more contestant for each of the three wards, Mrs. Clara Jones, city secretary, said.

They are Marion A. Cochran, 28 years old, 120 Milburn Street, candidate for place No. 1; Jack Contella, 40 years old, 1007 Twenty-sixth Street, candidate for place No. 2; and R. B. Sears, 49 years old, 3301 Avenue U, who will be a contestant for place No. 3.

The new entrants brings to nine the total number of candidates for the three council vacancies.

Candidates for place No. 1 are: Cochran, A. L. Martin, the incumbent; B. J. (Billie) Jernigan, and Johnie Hoyle. Candidates for place No. 2 are C. L. Williamson, the incumbent; Contella, and Albert Buchanan; and for ward No. 3, Sears and R. L. Terry, the incumbent.

Weather

WEST TEXAS: Increasing cloudiness, warmer this afternoon and tonight. Thursday mostly cloudy, colder PPanhandle and South Plains.

EAST TEXAS: Partly cloudy, warmer northwest portion this afternoon and tonight. Thursday increasing cloudiness, warmer in east and south portions, gentle to moderate northerly winds on the coast becoming variable tonight and moderate to fresh east to southeast Thursday.

Inside Information On Mines

A Chinese Communist prisoner (back to camera) points out the location of a Red land mine to a GI prober as an Allied patrol heads for Inchon a week ago. South Korean Lieut. Kim Byok Nyon watches the dangerous operation as Sgt. Carl Fenninger (home town unavailable) uses a bayonet to expose the hidden explosive.

Billy Graham, Mickey Cohen Reported Being Very Chummy

LOS ANGELES, Feb. 21. (AP) — Gambler Mickey Cohen says he and Evangelist Billy Graham have a tentative date to spend a vacation at a Tucson, Ariz., dude ranch.

Cohen said yesterday that Graham would telephone him after the revivalist's forthcoming Fort Worth, Tex., appearance and they and their wives would meet at the ranch.

Cohen did not name the ranch.

GRAHAM DEPARTS

Graham left here yesterday by plane. His headquarters said they were not sure of his immediate destination. Lloyd Doctor, his public relations man, said Graham was "much disturbed" over the publicity given Graham's meetings here with the man often described as the local gamgling kingpin.

They dined together Sunday at a night club. Monday night Cohen attended a private meeting at which Graham spoke. Several film folk including Actress Jane Russell were there.

HOW CAN HE?

Cohen denies Graham is trying to convert him. "How can he convert me?" asks Cohen. "I'm Jewish, and I'm a good Jew. I'm as religious as the next guy."

Cohen added, "I don't want Billy to get in any jam over me."

Before leaving for Texas, the 31-year-old evangelist used a Biblical parallel to illustrate his position. "After all, Jesus visited Zaccheaus of Jericho, who was a tax gatherer of shady reputation."

Woman Frozen Still Will Have Bandages Removed From Body

CHICAGO, Feb. 21. (AP) — Mrs. Dorothy Mae Stevens, who has made what physicians term a miraculous recovery after she was found frozen stiff, will have her bandages removed within a few days.

Doctors at Michael Reese Hospital said after removal of the bandages from her hands and legs they would then determine how much, if any, skin grafting her body will require. They had said earlier Mrs. Stevens will not suffer any major amputations.

When the 23-year-old Negro woman was brought to the hospital on Feb. 8 her body temperature was 64, the lowest recorded in medical history in which a person survived. She had been found in a South Side gangway.

Special Act Passed To Keep Gen Vaughan's Secretary Here

(By The Associated Press)

WASHINGTON, Feb. 21. — The White House has confirmed that an alien — a pretty, 41-year-old Australian — is secretary to Maj. Gen. Harry H. Vaughan, Army aide to President Truman.

Presidential Secretary Joseph Short told newsmen yesterday Mrs. Frances Veronica Jolly joined the White House secretarial staff last Dec. 1. Short called reporters to the White House to discuss brunette Mrs. Jolly's status after references to her in the "Cholly Knickerbocker" column of the New York Journal-American. The column said Monday that "a former Australian who got her United States citizenship in no time at all" had set the capital "buzzing."

LONG TERM

Short said Mrs. Jolly had been secretary to a long series of United States generals in the Pacific during World War II and that she became a permanent resident of the United States under special legislation passed by Congress last year despite Justice Department disapproval. She is now a $4,600-a-year civilian employee of the Army.

The New York column said there was whispering at the White House about "Harry Vaughan's beautiful private secretary who was rushed into American citizenship and is now firmly established in the White House."

SHORT COMMENT

Short's only comment on the Knickerbocker column was:

"Is that his real name?" Cholly Knickerbocker is the pen name of Igor Cassini.

Short said the act of Congress giving Mrs. Jolly permanent resident status made her eligible for federal employment. The bill was passed despite a report from the Justice Department by acting Asst. Atty. Gen. Peter C. Brown. The report said "the department is unable to recommend enactment of the measure." It said the Australian immigration visa was filled and "the record fails to present any facts which would justify" a special bill enabling Mrs. Jolly to come to the United States. Mrs. Jolly is separated from her husband, the report said.

Short said Mrs. Jolly has taken out her first naturalization papers and will be eligible for her second papers in October, 1953. She entered the United States Oct. 1, 1948, with a temporary visa good until Jan. 1, 1949.

Labor Resists Another Ouster

LONDON, Feb. 21. (AP) — Another Conservative attempt to unseat the British Labor government — the fifth this month — was defeated in the house of commons last night by a vote of 302 to 295. The dispute was over the government's much ridiculed peanut -growing venture in Africa.

Conservative Leader Winston Churchill asked the house to throw out a government bill writing off a loss of 36,500,000 pounds ($102,200,000) incurred by the government in trying to raise peanuts in Tanganyika to relieve Britain's shortage of fats.

The government is continuing experiments in Tanganyika in the growing of cotton and tobacco and the bill asked for an additional appropriation of 6,000,000 pounds ($16,800,000).

Conservative Capt. Harry Crookshank ridiculed the scheme. He said it was "appropriate" that the government had set April 1 — April Fool's Day —, as the date for putting its new arrangements in force.

Snyder Youth a Member Of Annual Staff And Choir at West Point

Cadet Robert C. Preuitt, son of Mrs. A. C. Preuitt, 3104 Avenue U, is among the 13 men from this area now representing West Texas at the United States Military Academy in West Point, N. Y.

Cadet Preuitt has recently been appointed a member of the Howitzer Staff, the annual for the academy. He has also been selected a member of the Chapel Choir.

Preuitt entered the academy in July, 1950, and is to graduate in 1954. He started his career of service with two months of basic military training and began training at West Point immediately afterward. Prior to entering service, Preuitt was a student at Arlington State College. He is a graduate of Snyder high school.

Preuitt received his appointment to the academy through Rep. George Mahon of the 19th Congressional District.

Luxemburg is a Grand Duchy bounded by France, Belgium and Germany and is 55 miles long and 34 miles wide.

Screen Guild Awards Given

HOLLYWOOD, Feb. 21. (AP)—"The Men," a film about paralyzed war veterans, has been selected by the Screen Writers Guild as best depicting the American scene in 1950. The script was written by Carl Foreman, one of several writers honored last night at the guild's annual banquet.

The event, attended by 1,000 stars and industry figures, also celebrated a contract settlement with producers that averted a strike.

"All About Eve," written by Joseph Mankiewicz and Mary Orr, was voted the best written comedy of 1950. The guild selected "Sunset Boulevard," scripted by Charles Brackett, Billy Wilder and D. M. Marshman, Jr., as the best drama; "Broken Arrow" by Michael Blankfort and Elliott Arnold, as the best western; and there was a tie for the best-written musical comedy between "Three Little Words" by George Wells, and "Annie Get Your Gun," by Sidney Sheldon and Herbert and Dorothy Fields.

Irene Dunne presented Christopher Awards of $5,000 for writers of films which, the Catholic organization decided, provided the best family entertainment. These went to Lamar Trotti, screen writer of "Cheaper by the Dozen," and Frances Goodrich and Albert Hackett "Father of the Bride."

Ministerial Student Elected an Officer

Cecil Moore son of Mr. and Mrs. Henry G. Moore of Union was elected vice - president of the International Relations Club at Trinity University recently.

Moore, a senior student at the univeristy, is to be graduated next January. He is a ministerial student and is majoring in sociology.

The Smithsonian Institution issues 13 series of scientific publications which are distributed free of charge.

Bradley And St. Louis Trying To Keep Each Other On Bottom

NEW YORK, Feb. 21. (AP)—Still fighting hard to win a bid to the NCAA basketball tournament, Bradley has just about decided that if it doesn't win the Missouri Valley title neither will St. Louis.

The two teams can't whip Oklahoma A&M, the comfortable leader, but they can knock one another out of contention.

Bradley walloped St. Louis, 97-65, last night to avenge an earlier defeat and pull a little closer to the Billikens in second place. But not to the Aggies, for A&M also won last night, 61-52, over Houston.

A&M, No. 2 nationally in this week's Associated Press poll, has five league games standing in the way of an automatic bid to the NCAA tourney, including one each with St. Louis and Bradley.

St. Louis, No. 6, and Bradley No. 7, each have three games left in an uphill struggle to overtake A&M.

North Carolina State stretched its Southern Conference lead in drubbing Wake Forest, 78-56. The Wolfpack now is far ahead at 13-1 but must win the post-season conference tournament to get an NCAA bid.

St. John's of Brooklyn (20-3), an NIT certainty, defeated New York University, 61-52, in Madison Square Garden.

Texas A&M helped itself to undisputed first place in the hot Southwest Conference race. The Aggies defeated Southern Methodist, 49-43, Rice lost to Baylor, 61-53, and dropped out of a first place tie.

Assault Charges Due To Be Filed Following Fight and Gun Blast

A charge of assault to murder were to be filed this afternoon against a 20-year-old woman, and an aggravated assault charge against a 25-year-old man, Lloyd Merritt, sheriff, said today. The man and woman were arrested in connection with a fight about 5:30 o'clock yesterday afternoon in the southeast part of the city.

In the affray, the man was wounded in the right knee from a blast from a .410 gauge shotgun, according to Charles Youngblood and Vernie Head, deputies, who investigated the fight.

The woman was badly bruised and suffered lacerations about the face and neck, according to the officers.

Both were taken to the Snyder Hospital for emergency treatment, and later removed to the county jail, Youngblood said.

They're HERE! MORE POWERFUL than ever!

NEW DODGE "Job-Rated" TRUCKS

The trucks that do the most for you!

Here's what's NEW about power
You get more horsepower than ever in the new Dodge "Job-Rated" Trucks! Eight efficient engines—94 to 154 horsepower—with power increases up to 20%! You get the *right* power for *your* job with top economy. Yet, these new trucks are *priced with the lowest!*

Here's what's NEW about ease of ha...
You can turn these new trucks sharper—in a smaller circle. Handling is easier because of new worm-and-roller steering gears, more convenient steering wheel angle, cross-steering, wide front tread, and short wheelbase.

Here's what's NEW about styling
Distinctive new lines, massive new grille, new two-tone cab trim, and new appointments make these the best-dressed trucks on the road! Lower hood lines make it easier to see more of the road ahead. More comfortable, redesigned seats, too!

Here's what's NEW about safety
Never before such safe, smooth, *quiet* truck brake action—thanks to new molded, tapered Cyclebond brake linings. (On trucks 1½-ton and up, except air brake models.) Improved hand brake operates independently of service brakes.

More than 50 brand-new features...I...uding:

NEW! More economical performance with higher compression ratio—on models through 1 ton.
NEW! Twin carburetion and exhaust system for more power with economy—available on all high-tonnage models.
NEW! Easier bad-weather starting with new moistureproof ignition and high-torque starting motor.
NEW! Smoother ride with new, "Oriflow" shock absorbers—standard on ½-, ¾-, and 1-ton models.
NEW! Easier-to-read instruments—now grouped in a cluster in front of the driver.
NEW! Easier loading with lower ground-to-floor height—on all models through two tons.
NEW! Smoother engine idling with "hotter" spark plugs—on all models through 1 ton.
PLUS THIS EXCLUSIVE! gyrol Fluid Drive available on ½-, ¾-, and 1-ton models.

Come in today for a good deal on A TRUCK THAT FITS YOUR JOB...A DODGE "Job-Rated" TRUCK
EZZELL MOTOR CO.

Girl Team Will Compete Here Friday

[illegible] battle of the sexes will blossom into a new surprise here Friday night when Hazel Walker and her Arkansas Travelers meet an all male team in the high school gymnasium at 8 o'clock. Odds are with the girls in the cage battle ,but men's basketball rules will be used. Admission will be $1 for adults, 50 cents for students in the DeMolay sponsored affair.

Movement To Save Minors To Start Soon

ABILENE, Feb. 21. (AP) — Baseball players will compete with bathing beauties and essay writers for attention in two Texas baseball leagues this year.

More cash customers to fill empty ball park seats is the aim.

"The honeymoon is over," Howard L. Green of Abilene, president of both the Big State and Gulf Coast Leagues, wrote in a letter outlining plans for the coming season.

"The time is past when the slipshod operator could break even with a minor league club," Green said. "Rough days are ahead unless we go to work. Those who do not will falter. Those who do can help carry professional baseball to greater heights than ever before attained."

He scheduled a meeting Feb. 24 at Corpus Christi for Gulf Coast League operators and March 3 at Tyler for the Big State League .The subject of discussion will be "a number of joint promotions which will add business at the box office and entertainment for the patrons."

Green listed these as some of the things both leagues would be asked to do:

League-wide bathing beauty revues to select the golden girl of respective leagues in "this Golden Anniversary year." A league-wide essay contest sponsored in various high schools by baseball clubs. The title would be "The American Way —Baseball Today."

Also, a special effort to pack each park opening day. A Lou Gehrig night June 2, observing the 10th anniversary of Gehrig's death. Community nights, sponsored by each club. "High school nights" when all members of high school teams are guests of the clubs. Clinics for schoolboys in all parks. Intensive pre-season ticket sales in cities where local conditions are favorable.

Cab Driver On Shooting Spree

WATERLOO, Ia., Feb. 21. (AP) — A taxicab driver whose wife had sued him for divorce shot and killed his father-in-law, wounded three other persons including his wife and then killed himself yesterday.

Dead were Harold Riechel, about 25, and his father-in-law, Harold Smith, about 50.

Mrs. Harold Smith, 50, Riechel's mother-in-law, was shot three times in the chest and abdomen. Her condition was reported as critical.

Also hospitalized with less severe injuries were Mrs. Margery Riechel, 20, the taxicab driver's wife and Keith Sassman, 39.

Chief of Detectives Emil Steffen said Sassman was taking Mrs. Riechel and another girl, Jolene Lonie, home from work in his car.

As Sassman turned into a residential street, Steffen said, Riechel in another car, forced the Sassman auto to the curb. Riechel then got out and shot Sassman in the stomach and Mrs. Riechel in the shoulder with a small-calibre revolver.

Riechel then drove to the Smith home, Steffen said, where he shot Mr. and Mrs. Smith and fired a fatal bullet into his head.

Borger Sure For Tourney

(By The Associated Press)

Borger smashed Childress, 62-42, last night to win a best two of three game bi-district series and become the first high school basketball team to win a spot in the state tournament next week.

The Borger vicory left just seven vacant spots in the Class AA tournament.

The 32 Class A district champions are deciding their bi-district winners in various series.

The 96 Class B district champions will compete in eight regional tournaments this week end.

The Class AA, A and B state tournaments will be held concurrently in Austin March 1, 2 and 3.

Five other Class AA bi-district series opened last night. One started Monday night, when Freeport edged Port Arthur, 41-40. Another — matching Lubbock and Thomas Jefferson (El Paso) starts Thursday at El Paso.

Waco opened with a 44-40 victory over Austin; San Angelo beat Stephenville, 44-26; Palestine nudged Texarkana, 56-54, and Harlingen clipped Laredo, 50-44.

Freeport and Port Arthur play again with other series continuing tomorrow night.

Crowell smacked Anson, 37-29, for a Class A bi-district victory and Saturday night at Wichita Falls meets the winner of the Pleasant Grove-Bowie game tonight at Denton.

Liechtenstein is a Principality on the Upper Rhine between Austria and Switzerland with a police force of about 50 men and with no military forces.

Services Today For S. Lee Hall of Roby

ROBY, Feb. 21 —Funeral services for S. Lee Hall, 51, Roby postmaster since 1940, were to be held at 2 o'clock this afternoon at the Church of Christ in Roby.

Mr. Hall died at his home yesterday morning of cancer. He had been seriously ill for the past eight months, during which time his wife had been appointed acting postmaster.

Mr. Hall is survived by his widow, two daughters, Miss Frances Hall of Roby and Mrs. James Sargent of Abilene, and a son, David Hall of Abilene. Other survivors include a grandson and two sisters.

Grid Star Tompkinns Inducted Into Army

SAN ANTONIO, Feb. 21. (AP)—Ben Tompkins, former football and baseball star at the University of Texas, was inducted in the Army here yesterday.

Tompkins recently signed a professional football contract with the Philadelphia Phillies.

Accompanying Tompkins here was All-America Guard Bud McFadin of Texas. McFadin is due to be inducted soon.

Long Island University Cuts Off All Remaining Cage Tilts

(By The Associated Press)

NEW YORK, Feb. 21. — Long Island University, a casualty of basketball's biggest gambling scandal, has quit all intercollegiate sports.

The Brooklyn school, which for many years had one of the nation's leading basketball teams, said last night that its action also includes the cancellation of this season's four remaining games, including two scheduled for Madison Square Garden.

LIU President T. W. Metcalfe acted a few hours after three LIU star players and a former team captain were charged with taking $18,500 to throw seven big games, including a national invitation tournament contest last year.

LARGE TOTAL

These four, plus three top performers of the national champion CCNY team and a player from New York University, admitted obtaining a total of $25,000 in bribes, authorities said.

The arrested athletes are:

Sherman White, 6-foot 7-inch LIU forward who was leading the country in scoring and rated by many the best collegiate player today.

Leroy Smith, LIU playmaker and set shot artist.

Adolph Bigos, LIU's ace rebounder.

Ed Warner, star of CCNY's national champions.

Ed Roman, leading CCNY point scorer.

Al Roth, CCNY playmaker.

Harvey (Connie) Shaff, a leading New York University scorer.

Ed Gard, LIU team captain last season.

The district attorney's office said all eight received their bribes from Salvatore T. Sollazzo, a Manhattan jewelry manufacturer and ex-convict.

Sollazzo remained in jail today after State Supreme Court Justice Samuel H. Hofstadter refused yesterday his latest plea for freedom on a habeas corpus writ. He has been refused bail.

During the hearing, Sollazzo's pretty wife, Jeanne, pulled a mink coat around her shoulders and wept as the judge told her husband:

"I can hardly see a more despicable crime — the corruption of youth at the very fountainhead."

INCREASE PENALTY

Rumors still persisted that District Attorney Frank S. Hogan isn't finished with the sensational college basketball expose that has kept the sports world tense since he first started questioning players last Saturday night.

Asked if he has two more players in custody, Hogan said:

"There is no basis for that rumor at this time."

Another development yesterday was Gov. Thomas E. Dewey's demand that the maximum prison sentence in New York State for any one bribing or trying to bribe an athlete be increased from five to 10 years.

A bill to this effect was introduced immediately in the Republican-controlled legislature at Albany, and Democrats pledged their support.

Jaycees-Exes Get Top Billing in League

The Junior Chamber of Commerce meets the Tiger Exes tonight in the featured cage tilt in the independent leagues games in the high school gym.

Another game will be played earlier by two other teams in the league. It will start at 6:30. The Jaycee-Exes game will come off at 8, Jack Kennedy, president of the league, said.

The games offer considerable excitement, and not a little comedy. Gate reciepts go to help pay the debts of the Snyder Youth Center Admission is 25 cents for adults, 10 cents for students.

The Atomic Energy Comission was ordered to start production of the H-Bomb on January 31, 1950.

The cornerstone of the Washington Monument was laid on July 4, 1848. The capstone was laid in place Dec. 6, 1884.

Aggies Riding High In Loop

(By The Associated Press)

Texas A&M was on top in the Southwest Conference today thanks to an assist from the Baylor Bears.

Baylor broke a three-way tie for first place in the basketball loop last night by knocking down Texas Christian 61-53. The Aggies completed the climb by downing Southern Methodist 49-43, making seven conference wins against three losses.

The shuffle leaves TCU, Texas and Arkansas tied up with six wins and four losses each. SMU is next with a 5-5 season. The Baylor win brought the Bears out of the cellar ahead of Rice.

The Bears took command of the Frogs after the first two minutes and held it.

Forward Norman Mullins paced Baylor with 16 points.

In the College Station game, the Aggies rallied after trailing 29-22 at intermission. Big Walt Davis scored 11 points in a late Aggie drive to bring his game total to 19.

Texas meets Baylor at Waco Friday night and TCU plays SMU in Fort Worth A&M's next test is against Rice in Houston Saturday.

THE PUBLIC IS CORDIALLY INVITED

PERSONALS

Mr. and Mrs. Bill Underwood, 2102 Avenue Z, had as visitors in their home Monday Mr. Underwood's sister, and family, Mr. and Mrs. Garland Wolfe of Polar.

George Irvin, district clerk at Humble Oil Co., was transferred last week to McKinney where he will do the same type of work for the firm.

Dr. William Smith, and Mrs. Smith, 402 Twenty - ninth Street, have returned from Abilene where they spent the week end visiting with Mrs. Smith's brother and family, Mr. and Mrs. Art Faustgen at their ranch home.

Mr. and Mrs. Jack Taylor arrived in Snyder over the week end to visit their parents, Mr. and Mrs. Elmer Taylor, 3104 Avenue T, and Mr. and Mrs. Charles Miller, 2807 Avenue T. Mrs. Taylor will remain here with her parents for a week's visit while Mr. Taylor attends to business in Lubbock in connection with his position in the research department of the University of Texas.

Mr. and Mrs. A. C. Alexander, 2906 Avenue U, had as week-end visitors their son, A. C. Alexander, Jr., and family of Tulia, Tex.

Mr. and Mrs. E. J. Richardson, 1800 Twenty-eighth Street, entertained their son and family, Mr. and Mrs. E. M. Richardson, over the week end. The younger Mr. Richardson, a February graduate of the University of Texas, now lives in San Angelo, where he is an architectural engineer.

Mrs. John R. Williams, 2904 Avenue W, is recovering from a relapse of flu, which has confined her to her home several days. Mrs. Williams became ill while returning a few days ago from San Antonio, where she had gone for a winter vacation.

Mrs. Fritz R. Smith, Sr., 2308 Thirty-second Street, has received word from her son, Lt. Commander Coleman H. Smith that he is back in London at his post in the American Embassy. Commander Smith, who spent a few days here recently, expects to be transferred to Paris very soon.

THE ADVENTURES OF PATSY

Westbrook-Miller Rites In Arizona

Mr. and Mrs. George Westbrook Jr., 3007 Avenue S, announced the marriage of their daughter, Miss Betty Jean Westbrook, to James Alexander Miller, Jr. The informal double ring ceremony was performed at 12:30 o'clock last Sunday in the Communal Methodist Chapel, Holbrook, Ariz.

Marries in Arizona — the former Miss Jean Westbrook.

The bridegroom is the son of James Alexander Miller of Gallup, N.M.

Attending the bride was Mrs. Thomas A. Roberts of Gallup, and the best man, George E. White was also from Gallup.

Mrs. Miller chose a light blue classic suit with accessories of dark brown, and an orchid corsage. Mrs. Roberts wore a beige suit with brown accessories, and her corsage was of pink camellias.

Following the ceremony, the bridal party breakfasted at picturesque Motor Lodge, before entering the Grand Canyons for a wedding tour.

Mrs. Miller was graduated in May from Brenau College, Gainesville, Ga., where she was a member of Alpha Gamma Delta and a national honorary physical education fraternity, Delta Psi Kappa. She is now employed in the physical education department of the junior high school in Gallup, where the couple will live.

Mr. Miller is a graduate of New Mexico A&M College, where he received his bachelor of science, later getting his master's degree from Highlands University, Las Vegas, N.M. He is the basketball and football coach at the junior high school in Gallup.

Mr. and Mrs. Miller are at home at 412 South Second Street, Gallup.

Beta Sigma Phi Has Meeting to Plan Rush

Mrs. J. G. Byer, 1208 Twenty-seventh Street, Monday night entertained the Beta Sigma Phi sorority in her home.

Plans were discussed for a rush period, to begin with a rush party at 7:30 o'clock the night of Wednesday, Feb. 28.

Attending Monday night were Miss Ruth Davis, Mrs. Jim O'Neill, Miss Jane Gilmore, Miss Mary Belle Weathersbee, Miss Patty Kindla, Miss Elsie Ramsdale, and Mrs. Hank Henry.

William Lockett, who was superintendent here for the Fluor Corp. construction on Snyder Gasoline plant, is reported to have sailed Feb. 8 for Saudi Arabia.

Creole Cauliflower* Crusty Rolls
Pineapple and Date Salad Beverage
(Recipe for Starred Dish Follows)

Ingredients: 1 small head cauliflower, 1/2 cup diced bacon, 1/2 cup chopped onion, 2/3 cup ripe olives, 1 1/2 cups tomato sauce, salt to taste, 1/2 teaspoon Worcestershire sauce, 1 tablespoon paprika, 2 teaspoons flour, 2 tablespoons water, 1/2 cup grated American cheese

Method: Boil cauliflower in salted water until tender while making sauce. Fry bacon lightly, add onion and fry until onion is wilted. Add olives cut from pits, tomato sauce, salt, Worcestershire sauce, and paprika. Bring to boil and cook slowly about 10 minutes. Blend flour and water; add to hot mixture and cook and stir until it thickens. Drain cooked cauliflower and divide into flowerets. Place in shallow greased baking dish. Pour sauce over cauliflower and sprinkle top with cheese. Bake in moderate (350F.) oven about 15 minutes or until cheese is melted. Makes 4 to 6 servings.

NEWS FROM FLUVANNA

By MRS. TENNIE J. CREEK

Mr. and Mrs. Rayford Barker are spending a few days in Erick, Okla., visiting relatives.

Mr. and Mrs. Lennerlohnes have moved here and are living on the Eckert farm.

Mrs. Virgil Rex went to Lubbock Monday for a check up at the clinic.

Mr. and Mrs. Bill Willard are visiting for a few days with Mrs. Willard's parents, Mr. and Mrs. Mert Jones.

Mrs. Clyde Smith and Mrs Dickie Mull of Big Lake are visiting this week with their parents, Mr. and Mrs. Bill Mull.

Mrs. Fowler Matthews and Mrs. Boren spent the week end with Mr. and Mrs. Bud Boren in Paducah.

Mr. and Mrs. Junior Smith of Trinchery, Colo, are visiting the Clyde Millers and Joe Landrums and other relatives this week.

Mr. and Mrs. Harry Kingston spent the week end in Sweetwater.

Mr. and Mrs. Lee Cox and son, Odelle Cox, Mrs. Jerry Gosset and Mr. and Mrs. Jewell Cox have returned from a trip to Arkansas.

Mr. and Mrs. Ezra Fulford, Inez Fulford and Rex Fulford left Thursday for Missouri, where they will visit relatives.

Mr. and Mrs. J. R. Jones were guests of Mr. and Mrs. Leslie Boatman Sunday.

Those attending the North Colorado Association meeting in Hamlin last Friday were Mr. and Mrs. Frank Farquhar, Mr. and Mrs. J. Browning and Mrs. Tennie J. Creek.

Clarence Daniels, oil operator and president of the Newcastle bank, visited in the W. E. Owens home Sunday. Other guests of Mr. and Mrs. Owens were Dr. and Mrs. Copeland of Abilene.

Guy Turner is recuperating from a fall, in which he suffered broken ribs and bruises.

Good Sense To Want To Feel Your Very Best

It's just plain common sense to want to feel your best at all times. Nobody wants to feel weak and run-down, suffer stomach distress or be plagued with annoying aches and pains. Thousands of folks have found that HADACOL has relieved the real cause of their troubles when they are due to lack of Vitamins B1, B2, Niacin and Iron, elements contained in HADACOL. Thomas G. Schmidt, Chairman of the Waller County Parole Board, Waller, Texas, is just one of the many folks who simply can't praise HADACOL enough for helping them overcome these deficiencies and feel good again.

Mr. Schmidt

Here is what Mr. Schmidt says: "I want to tell you of the wonderful help I have received from taking only three small bottles of HADACOL. To make the story short . . . I think your HADACOL is the most wonderful and helpful relief from run-down nervous disorders. My work is now a pleasure and I feel fine and sleep better than I have in a long time. I can't praise HADACOL enough; I can surely recommend it to everyone young or old."

HADACOL can help you, too, if you suffer such deficiencies. Ask your druggist for HADACOL today. Only HADACOL gives you that "Wonderful HADACOL feeling."

Mrs. Montgomery Is Hostess to Club Meet

New officers presided at the meeting yesterday afternoon of the Twentieth Century Study Club, held in the home of Mrs. Waldo Montgomery, 2903 Avenue T.

Mrs. Montgomery had decorated her dining room with red carnations in bowls, and her salad and dessert course were in shades of Washington's birthday red to give a holiday air.

The program, on homes, was led by Mrs. W. D. Harral, with Mrs. R. W. West giving a paper on "Shall Courtesy Die With Marriage". Mrs. H. J. Brice and Mrs. J. E. LeMond also spoke along the theme of home interests.

The new officers in charge of a brief business meeting were Mrs. R. E. Gray, president; Mrs. D. S. Bodie, first vice - president; Mrs. Montgomery, second vice-president; Mrs. Harral, treasurer; Mrs. Ernest Sneed, recording secretary; and Mrs. LeMond, corresponding secretary.

The group will meet in two weeks with Mrs. Nelson Dunn, 2907 Avenue J.

Miss Harless Hostess At a Wiener Roast

A wiener roast was given Sunday night at the home of Miss Ramona Harless, east of Snyder.

The group later attended a show.

Attending the party were Miss Jo Ann Gee, Cob McCormick, Miss Sandra Blackard, David Harland, Miss Shirley Teague, Grant Teaff, and Miss Ramona Harless, Jay Fish.

Talk of the Town

OVER THE PHONE:

MRS. GEORGE KILLAM, who is secretary of the Girl Scout Council, was in a state of pleasant shock after pulling out a $200 check in the morning mail. W. T. DABBS superintendent of Humble Oil Co., whose bounty permitted the surprise contribution, was casual enough about it. "Oh, Humble is known to up-and-give to any national organization needing it," he said.

* * *

We also talked about the Dabb's week-end experience—a reunion of over 40 fellow "oil families" in Denver City, Tex., where a boom hit in 1938. "We were there then", explained Mr. Dabbs, "and our life was so pleasant and we carried away such memories when we left that many of a little dance club (like Humble now has here still are in contact. They went to Denver City from Graham, Lubbock, Hobbs, McKinney, all over the Southwest"....He went on to remark, "There was something about life in Denver City, not even a townsite when oil hit, just as there is something intangible and nice about Snyder, that draws people together. In fact, we can easily see a reunion in the future with the people we have met here!"

* * *

MRS. V. A. KNIGHT 'way out at Sunray Oil Camp, north of town, wanted to talk about her experiences Monday night in collecting the polio contributions. It seems, she, MRS. E. L. McAFEE, and MRS. GEORGE ROHLAND climbed in a car and attacked one of the ruttiest streets in the city limits, their section. Their take was not bad, "despite the fact I got out once to see if the oil pan hadn't broken wide open after one bump!"

* * *

MRS. W. R. BELL, SR., says it's a new twist in club meetings even if the Altrurian Study Club is the oldest club in town. The women are invited by Tech to drive up for a day, lunching and touring the college. This will happen soon.

PERSONALS

Mr. and Mrs. J. J. Thompson of Ira are the parents of a seven-pound, four-ounce son born Tuesday night at Snyder Hospital.

J. T. Cremer, 2211 Twenty-eighth Street, attended a performance of the Dallas Symphony Orchestra in Fort Worth Monday night.

Attack On Isle Of Formosa Is Still Intended

(By The Associated Press)

TAIPEI, Formosa, Feb. 21. — Vice Adm. Arthur D. Struble, whose U. S. Seventh Fleet guards Formosa, said today the Chinese Reds all along have indicated intention to invade the island — and there's no sign they have given up the plan.

Flying into Taipei for a four-day divit, Struble told newsmen that large scale Communist operations against Formosa would depend to some extent on the weather.

THREAT DECLINES

"During the present weather the threat has declined," he said.

Struble pointed out that the White House directive of June 27 called for the Seventh Fleet to protect Formosa from Communist invasion and prevent Formosa-based Chinese Nationalist operations against the mainland.

He refused to commit himself on whether any Chinese Communist air attacks on Formosa would spur the Seventh Fleet into action.

"This would be a military decision depending on circumstances existing at the time," he said.

LARGER POTENTIAL

Struble said the Nationalists have a larger naval potential than the Chinese Reds have and, from the naval viewpoint, are capable of conducting invasion operations against the mainland.

Rear Adm. Harry B. Jarrett said the Seventh Fleet commander would see what help the Nationalist navy needed.

Struble refused to elaborate on that. He stressed that his visit had no political significance.

Texas Teacher Happier Man

ATLANTIC CITY, N. J., Feb. 21. (AP) — Gov. Allan Shivers of Texas told the American Assn. of School Administrators here that Texas school teachers are happier under his state's new educational program.

Shivers talked to the sixth general session of the AASA convention here yesterday, describing the Gilmer-Aikin program in Texas.

Shivers said that under this program teachers salaries were raised from $1,850 to $2,975, the teacher-pupil ration was reduced from 38 to 26 pupils per teacher, school districts were reduced from 5,000 to 2,000, and state level control was co-ordinated.

Under the program, Shivers said, the state's share has grown from $75 million in 1940 to $149 million in 1951. However, the cost at the local level has been reduced to $45 million.

"Texas teachers are happier," Shivers said. "Morale is higher, enrollment in Texas colleges of education has doubled, the emphasis is now on better schools rather than better salaries — and the cost to the state probably is no more than it would have been under the old system."

Eisenhower In Paris To Take Over Pact Army

PARIS, Feb. 21. (AP) — Gen. Dwight D. Eisenhower arrived in Paris today to assume command of his Atlantic Pact army.

He and his party flew here from Chateauroux where they had landed earlier from the liner Queen Elizabeth.

The general walked down the Orly Airfield platform his arm linked with his wife's. They were met by members of his staff and left immediately by car for Eisenhower's hotel residence at Versailles.

No Oil Shortage Seen Before Late In Summer Or Early Fall

(By The Associated Press)

NEW YORK, Feb. 21—There'll be enough gasoline for all the Sunday drivers and all the military forces this summer, without rationing and with about the same octane rating they now buy—barring an all - out war.

Oil economists say today they feel sure of this, but they add: The defense program—still in its warming-up stage—may put pressure on oil at the industrial-power and home-heating levels. The industry has the facilities to meet demands as now foreseen, but there might be a tight pinch.

And it could cost $3 billion or more, some oil economists estimate, to put the nation's oil facilities into a comfortable position to meet all military, industrial mobilization, and civilian demands in this highly seasonal industry—and be ready for emergencies.

NO LIMITATION

The nation is expected to want 16 per cent more gasoline this summer than last. The oil industry has the facilities to provide it, and the Petroleum Administration for Defense says it has abandoned its plan to put ceilings on civilian gasoline octanes.

Military demand for gasoline will be only about five per cent of the total consumed. Last year the armed services took an average of 240,000 barrels a day, and this year's daily average may rise to 375,000. It need not affect civilian supplies.

The real rub—if there is one—would come next winter, the rapidly increasing demand for oil products needed to power and heat the nation's expanding industrial plant, run its trains and ships, heat a sizable portion of its homes—all will reach the usual seasonal peak next winter, with defense production needs added.

To meet the expected new record demands the industry must make and store more surplus fuel oil this summer than it did last. oil economists are warning the industry.

DEMANDS

The American Petroleum Institute puts refinery capacity at 6,732,200 barrels a day, against only 4,956,599 in 1941. Last year demand for oil products went up 670,000 barrels a day, and this year demand is expected to increase another 550,000 barrels a day.

The industry has the facilities to meet this demand, but to do so it will be operating to within 200,000 barrels a day of effective capacity. Some oil economists argue that to have "a comfortable surplus" and insure flexibility to meet emergencies, the industry should plan for a 500,000 barrel a day increase in facilities annually.

The National Petroleum Council has a 23-man committee studying the cost of providing the western hemisphere with new capacity, in terms of finished products, of one million barrels a day.

ONE PLAN

One figure the industry uses in computing the cost of new refining capacity, at present day prices, is $5,000 for each additional barrel-a-day capacity provided. A 600,000-barrel increase would thus cost $3 billion and the million-barrel increase would cost $5 billion. Another figure includes replacements of plant and equipment, which normally account for around 50 per cent of annual construction.

Oil companies have spent about $10 billion in the five postwar years in expansion, ideas as to where they're going to find $3 to $5 billion more a year vary. Some suggest seeking new capital in the investments markets. Some hope Congress might give tax-relief incentives.

The oil economists, meantime are trying to arouse the industry to the need of building storage tanks now to meet next winter's supply problems.

Young Veteran Willing To Have His Big Toe Amputated In Hospital

BATTLE CREEK, Mich., Feb. 21. (AP) — A 14-year-old veteran of the Korean fighting says the frost-bitten toe on his left foot is taking too long to heal.

Pfc. James D. Byrd told doctors at Percy Jones Army Hospital yesterday he would just as soon have the toe amputated.

"What's one out of ten?" he asked.

The doctors, however, are going to give the toe more time.

Pvt. Byrd quit the sixth grade to enlist in the Army last year. The Army didn't find out he was only 14 until he was brought to the hospital here as a casualty.

After his frostbite heals, Pvt. Byrd says he is going back in the Army just as soon as he is old enough.

Anti-United States Leader In Puerto Rico Facing Long Sentence

SAN JUAN, Puerto Rico, Feb. 21. (AP) — Nationalist Leader Pedro Albizu Campos today faced 10 years and nine months in prison for illegal possession of firearms and explosives, with additional penalties in the offing.

The leader of last October's unsuccessful revolt was convicted last week of attempted murder during the uprising. He is to be sentenced on this count Friday.

Striking Newspaper Employees Released By Argentine Police

BUENOS AIRES, Feb. 21. (AP) — Two employees of the strike-bound independent newspaper La Prensa, were released by police last night after being held nearly 24 hours for distributing pamphlets.

Representatives of the newspaper and the government-sponsored news vendors union boycotting it are scheduled to meet today for another try at an agreement.

The two employees, reporter Manuel Peyree and Asst. Librarian Juan Carlos Cao, were arrested for handing out leaflets asking the government to protect workers who want to return to their jobs. The news vendors' boycott and a composing room strike have kept the paper shut down for 27 days.

La Prensa is a political opponent of president Juan D. Peron. The news vendors are demanding a percentage of the paper's advertising revenue and the end of direct sales by the paper to subscribers.

Kerensky Not For Tito Help

CHARLOTTESVILLE, Va., Feb. 21. (AP)—Alexander Kerensky, president of the provisional Russian government in 1917, declared last night that communism is the enemy of the free world, whether it bears the Tito or Stalin label.

"Tito is without any future," declared Kerensky, who was exiled from Russia almost 35 years ago by the Bolshevik revolution. "The internal regime of Tito is the same as that of the Soviet Union."

ECHOES

Kerensky's sentiments were echoed by two other exiled European statesmen — Grigore Gafencu, foreign minister of Romania until the Nazis seized control of that country before World War II, and Stanislaw Mikolajczyk, former prime minister of Poland.

The three men voiced their views during a discussion of foreign affairs at the University of Virginia.

All three agreed that is is possible to build a just and lasting peace.

But it will come "only after our physical strength has been built up to match the spiritual forces in an aggressive peace offensive," declared Gafencu.

BLESSING

The outbreak of fighting in Korea "was a blessing in disguise for the United States," in the opinion of Mikolajczyk.

Korea, he said, "showed America's willingness to fight and die for a principle. It denied the propaganda of the Communists that America's only interest in war came from the capitalists who sought to profit."

All three men agreed the western nations would be wise to exercise caution in building up the Yugoslavian dictator.

Liner America Will Start Home Saturday After Repairs Made

SOUTHHAMPTON, Eng., Feb. 21. (AP)—The 33,500-ton Liner America, undergoing repairs to an engine shaft, probably will sail for New York Saturday or Sunday with only 230 passengers from here aboard. A United States lines spokesman said last night scheduled stops at Le Havre and Cobh have been cancelled.

The U. S. Liner Washington will pick up 200 passengers waiting for the America at Le Havre and 130 at Cobh. The America was towed back to port here Monday after the shaft snapped.

PERSONALS

Mr. and Mrs. Lynn Henderson, who live in West Snyder, were called to Cleburne, Tex., Sunday night to attend the funeral services of Mrs. Henderson's brother.

Mr. and Mrs. John Abercrombie, Mr. and Mrs. J. T. McCravey, and Mr. and Mrs. Loyce D. McCravey all went to Roscoe Sunday to visit with Mrs. J. T. McCravey's mother.

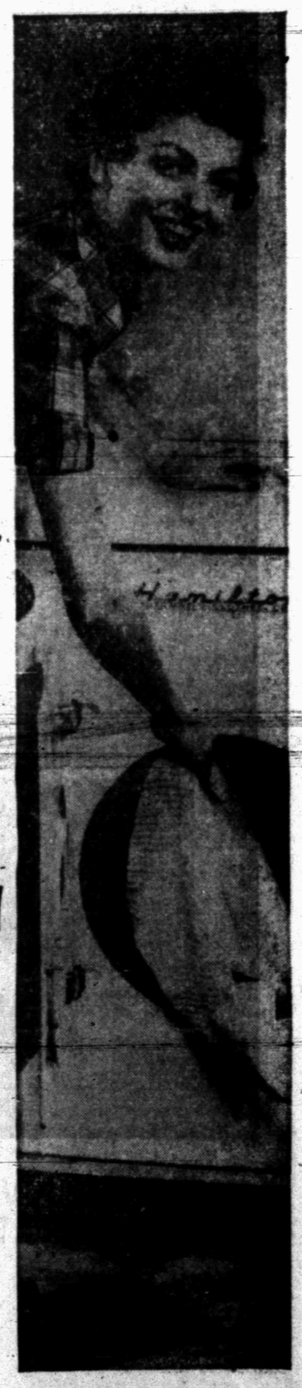
AMERICAN LAUNDRY and CLEANERS
1910 21h Formerly Butler Laundry & Cleaners

now! clothes dried faster than you can wash 'em!



by Gas of course, because Gas is fast!

FASTER than any other clothes dryer. Lightweight fabrics are ready to iron in 15 minutes...dry in 20. Compared with old haul-hang-and-pin way... a Gas dryer is 15 times faster.

LESS & EASIER IRONING. Gas clothes dryer damp-dries; no sprinkling. Also, towels, sheets and knits come out so unwrinkled you do not have to iron them at all!

SAFER, MORE SANITARY. Gas dryer does not over-dry and weaken fibres. It sweetens, purifies better than sunshine... without danger of sun fading and clothes pin rips.

NO WEATHER WORRIES. Icy fingers, mud-splattered sheets, laundry mildewing...you'll never have these. With a Gas dryer you can wash any day... even at night if you want to!

COSTS LESS per load than any other dryer. What's more, you don't have to keep such a big supply of children's clothes. A Gas dryer makes it easy to wash more often.

FASTER FOR WATER-HEATING, TOO. Gas is only fuel fast enough to keep up with hot water demands of any washer...yet flexible enough to give right temperature water for any job.

Why wait? See new automatic Gas clothes dryers at Gas Appliance Dealers or Lone Star Gas Company, today!

LLLL

BY JOHN M. HENDRIX

The 6666 Ranch, lying almost wholly in King County, Texas, has in the past three - quarters of a century had several owners. Founded originally in the late '70s by the Lewisville Land and Cattle Company, it was known as the 8's and eventually passed into the hands of Sam Lazarus, one of the few Jewish cattlemen to be known in the range cattle industry.

When the Burnetts and the Waggoners began to see that it was only a matter of time until the herds they had grazed on the Kiowa and Comanche Reservations of Oklahoma would have to be disposed of or more permanent homes found for them because of the fact that the Indian lands were to be allotted to the Indians and the balance thrown open for settlement to farmers, Waggoner found grass in Wilbarger County and established the present 3D outfit there. S. B. Burnett elected to purchase the 8 ranch in King County to care for his herd. He made the purchase in the middle or late '90s and it was known and is still known as the 6666 ranch.

The 6666 is one of the few remaining ranches that has retained its identity as such throughout the changing years. It consists of approximately 350,000 acres in King County, and 101,000 acres in Carson County on the plains as a steer ranch to which cattle are taken from the King County ranch.

Since Burnett's death approximately 20 years ago, it has been administered as an estate by three men selected for their ability, one of them acting as manager of the ranch. The present manager is John W. Schwarz, a shrewd businessman who has had much experience in the cattle business. Other managers before him have been of the same type and caliber, and the conduct of the ranch under its system of trustees has been highly profitable.

One former manager, prior to and after Mr. Burnett's death, was notably outstanding; the late Bud Arnett managed the ranch under three ownerships and was so successful in his management that he came to be looked upon as a ranchman rather than an employee, and was present and had a part in the councils of Burnett and neighboring ranchmen. A few years before his death Arnett retired to move to a home in Amarillo, where he lived until his death.

In recent years oil has come to both the plains ranch and the King County ranch is liberal quantities, but it has made little difference in the operation of the ranch for they have steadily improved the breeding of the cattle, and the development of a string of quarter horses and Palomino horses has made them famous throughout the United States. The improvement of its cattle and horses is still the prime motive of the 6666. The management of the ranch for years has been noted for the excellent care it has bestowed upon cowboys and employees who were long in their employ.

S. B. Burnett's career as a ranchman dates from 1869 when he made his first trip as a trail driver into Kansas. The Burnett family on the whole has been one of the outstanding cattle families of Texas. While management of the ranch, according to Mr. Burnett's will, is vested in three trustees, his entire property belongs to a granddaughter, Mrs. Robert F. Windfohr, daughter of Tom B. Burnett, and her mother, Mrs. Ollie Burnett, who are familiarly known to most old time ranchmen as "Miss Ann" and "Miss Ollie".

The ranch headquarters are typical of S. B. Burnett, a two-story, pebble built ranch-type house with wide halls that contain many of the mementoes and trophies of its builder. The county in which the ranch is located has a scant population with no railroads nearer than 40 miles. For years maintenance of schools, teachers, and the upkeep of roads in a certain form were the problem of the 6666 whose influence was largely felt in the county and the 600-population town of Guthrie where the headquarters are located.

General offices of the S. B. Burnett estate are maintained in Fort Worth whre S. B. Burnett lived and had banking and other interests for a number of years prior to his death. Mrs. Windfohr and Mrs. Ollie Burnett also make Fort Worth their home

Johnston Seeks To Lure Labor Back Into Fold

WASHINGTON, Feb. 21.—Economy Stabilizer Eric Johnston today renewed his efforts to repair the wage control program by luring labor leaders back into it.

At the same time, Price Director Michael V. DiSalle was busy defending the price control program against the criticism of labor leaders and others who are disappointed because prices haven't stopped rising.

Johnston scheduled new talks with union leaders and members of the Wage Stabilization Board. The future form of the board was at stake. So was the future of a porposed wage formula, now on Johnston's desk awaiting his action.

The formula would allow employers to grant raises up to 10 per cent above the level of Jan. 15, 1950. It got the votes of the public and industry members of the board last week but the three labor members voted "no" and resigned. Yesterday they issued their dissenting opinion. They said the formula has the effect of continuing the Jan. 25 wage freeze. The board majority says the formula would unfreeze the wages of the vast majority of workers, enabling them to "catch up" with the leaders.

Gifts of $1,000 Are Reported in Scout Drive; Meeting Today

Captains and their majors in the Boy Scouts finance drive here will meet to report their progress at 5 o'clock this afternoon at the Manhattan Hotel, according to Edward Bolger, drive chairman.

Only 20 of the 150 workers have reported collections so far, Bolger said, but donations received by these amount to about $1,000.

Although no quota was set for the district in the drive, it was hoped by the leaders who chose an optimistic view that $10,000 would be obtained in the district's two counties, Scurry and Kent.

The Buffalo Trail Council, composed of 17 counties in 10 districts, has a budget for 1951 of $69,000 set by the council's executive board.

Jack Yeaman Reported Better After Illness

Mrs. R. H. Curnutte, 2306 Thirty-second Street, has received word that her son-in-law, Jack Yeaman, who has been ill recently, is improving. Yeaman who is on a leave of absence from Texas Parade magazine is still under medical observation. He and Mrs. Yeaman expect to take a month's rest in Laredo.

Urges Collective Work For Community Good

The work we put into our community is merely the rent we pay for living in that community, Harold Bennett, Chamber of Commerce manager told the Lions Club at their Tuesday luncheon.

Bennett, said that individual service was good, but that collective service is required to have a growing community.

He said that we owe our services to: God, our families and ourselves, our business or livelihood and to our community. The individual usually takes care of the first three, but much of the time leaves the last to his neighbors.

Halliburton To Hold Safety Meeting, Party

Wives of Halliburton personnel will direct the program at the monthly safety meeting to be held at the office on the Post highway tonight.

A buffet supper will be served at 6 o'clock preceding the meeting. The program will feature a skit entitled, "A Day Around the Office," and will also include a "safety bee" patterned after a spelling bee.

All personnel of the Snyder office are expected to attend, as well as employees from other offices and invited guests.

Man Injured When His Car Struck by Truck

Philip Barrera, 30, of 13 Avenue Q, was injured when his 1933 Chevrolet coach was struck at noon yesterday by a truck driven by Noble W. Reneau, 45, employee of the Spartan Tool & Service Co., about seven miles north of the city on the Post highway.

Reneau was not injured.

The mishap occurred, according to Reneau, when his truck swerved to the right of the highway in order to avoid a headon collision with an oncoming truck. Reneau told Homer Whisnand, deputy sheriff, and Bill Zimmerman, highway patrolman, who investigated the crash, that the Barrera car was halted on the roadside when hit. The Chevrolet was dragged about 40 feet and ended in a ditch.

A Bolger - Barnes ambulance took Varrera to the Snyder Hospital, where attendants said his injuries were not severe. He was hospitalized.

Soil Conservation Report For 1950 Shows Progress in Scurry

Farmers of this area are showing an increasing interest in the preservation of their soil and the restoration of its fertility, statistics gathered for the soil conservaion services annual report show.

The 1950 report of the Upper Colorado Soil Conservation District, covering Scurry and Borden Counties, shows a total of 319,549 acres under 658 plans of agreement with the government being farmed or grazed according to good conservation practices.

The results of activities of the district for 1950 were announced last week by the board of supervisors, of which Nolan Von Roeder, is the secretary.

The report stated:

"Not only farmers are interested in soil conservation, but several civic organizations had programs in connection with the soil program during the past year.

"Only $2,934.60 of the funds appropriated by the legislature for use of the 150 soil conservation districts has been used. This money was spent on terrace maintenance equipment, grass and legume planting implements and educational equipment. The educational equipment consists of visual aids such as 16 mm., sound moving projectors and camera for use in illustrating the various phases of the district work.

"A total of 13,072 additional acres were taken under agreement with the district in 1950.

"Range improvement was applied on 11,287 acres to survey made by Wyatt Linscomb, range conservationist of the district soil conservation service. Only 43 acres of seeding of range and pasture were reported as having a survival of stand at the end of the growing season.

"Contour farming was newly applied on 3,800 acres and there were 2,181 acres of stubble mulching used on co-operator's land.

"Cover crops consisting of alfalfa, sweetclover and winter legumes totaled 336 acres. The 147 miles of terraces built to district specifications last year brings the total to 3,280 miles built to date.

"The state had appropriated $27,168 but only $2,934 was expended. The local operating fund of the district had a balance of $263.35 at the close of the year after the expenses of $70 were deducted."

Other members of the board of suprvisors are Matt Bavousett of Camp Springs; Charles Hunnicutt of Fluvanna, and John Zalman of Hermleigh.

Former Resident Of Scurry Dies in Jaytor

JAYTON, Feb. 21 —Funeral services for John W. Barfoot, hotel man and retired farmer, were to be held in the First Methodist Church today. Mr. Barfoot, 78, died in Jayton yesterday.

Mr. Barfoot came to Texas at the age of nine, living first in Coryell County. He and his wife moved to Scurry County shortly after their marriage in 1896 and farmed here until moving to Kent County in 1912.

Survivors in addition to the widow include two sons, Royce Barfoot of Wenden, Ariz., and Floy Barfoot of Lamesa; a daughter, Mrs. Erma Black of Jayton; four brothers, Oscar Barfoot of Hermleigh, H. F. Barfoot of Aransas Pass, Tex., Sam Barfoot of Phoenix, Ariz., and Walter Barfoot of Lamesa; two sisters, Mrs. Ida Pyron and Mrs. H. W. Harlin, both of Kerrville.

Father of Snyder Residents Is Dead

ROBY, Feb. 21 —Funeral services for Henry Calvert Smith, 74, a former Roby resident, were to be held at 3:30 at the First Baptist Church here today. Mr. Smith died Monday in Corpus Christi at the home of a daughter, Mrs. L. P. King.

Mr. and Mrs. Smith had moved to Fisher County in 1906 when they began farming near Roby. He served as county clerk from 1908 to 1914 when he returned to farming. Mrs. Smith died in Roby in 1935 and Mr. Smith moved to Corpus Christi in 1944.

Survivors include three sons, Ottie A. Smith, Merrill Avenue, Snyder, the Rev. R. C. Smith of Presidio and Dan K. Smith of Houston, and six daughters, Mrs. King, Mrs. Oscar Reed of Holbrook, Ariz., Mrs. Calvin White of Plainview, Mrs. Preston Cherry of Kermit, Mrs. R. L. Nash, Lamesa highway, Snyder, and Mrs. R. P. Merrill of Dallas.

Says Charged Man Not Resident of Hotel

H. J. Line, manager of the Snyder Hotel, said today that Eunice Tom Mills, 36, who pleaded guilty Monday in county court to a charge of swindling with worthless check of $10 was never a resident of the Snyder Hotel. Mills had given that address to arresting officers, and it was so carried in the Daily News.

Laymen Speak At Week Of Dedication Meets

The public has been invited to attend services of the annual Week of Dedication now being observed at the First Methodist Church, the Rev. W. W. Adcock, pastor, said.

Services are held at 7:30 each morning and night. The morning service lasts 30 minutes so that those desiring to attend may still be on time for work. Coffee and doughnuts are served at the close of the service.

Laymen who are to speak at the morning services are W. W. Park, Haskell Beard, Ross Hemphill, Harold Bennett, Mrs. O. B. Jordan and Garland Armstrong. Mr. Adcock is presenting other messages.

Bruce Greer Leaves Post As Kiwanis Head

Bruce L. Greer, former administrator of the Snyder Hospital, with his family, left this afternoon for Austin, where they will make their home temporarily.

Greer has been residing at 603 Twenty - ninth Street.

He has been active in civic work, and was president of the Kiwanis Club. His resignation from the Kiwanis post was effective today. He will be succeeded by H. W. Cargile.

Girl Scout Leaders To Have Training Course

Miss Virginia Burgess of Abilene will be in Snyder Friday afternoon to hold a training course for all Girl Scout leaders and co-leaders.

Miss Burgess will instruct in arts and crafts from 9:30 through 11:30 in the morning and will instruct in folk dancinng from 1:30 through 3:30 o'clock.

Another approaching Girl Scout program is the Thinking Day Program, scheduled for next Tuesday night at 7:30 in the fellowship hall at the Methodist Church. Mrs. John Hamblen is in charge of the program, and all leaders and co-leaders are urged to contact her at once for their part in the presentation. The public is cordially invited to this show, according to Mrs. Floyd Boston, publicity chairman for the Girl Scouts.
