VOL. 4, No. 268 — SNYDER, TEXAS, WEDNESDAY, MARCH 10, 1954 — EIGHT PAGES — PRICE 5c

ANDERSON IS NO. 2 DEFENSE MAN

Defense Secretary Charles E. Wilson, right, congratulates Robert B. Anderson, left, shortly after President Eisenhower Tuesday nominated Anderson, now Navy secretary, to become deputy secretary of defense as successor to Roger Kyes, center, who has resigned effective May 1. Anderson is a Texan, formerly an official of the vast Waggoner Estate.

President To Take His Tax Program To Nation

WASHINGTON (AP) — President Eisenhower announced today he will go on television and radio probably next week to discuss informally the philosophy behind the administration's tax bill.

The President, making his plans known at a news conference, made no reference directly to a pending House bill to cut excise taxes by about 912 million dollars a year.

His announcement also came against the background of a Democratic move to boost personal income tax exemptions by $100 at an additional loss in revenue.

The administration has not endorsed the excise cut and the treasury has indicated strong opposition to the exemption increase.

Eisenhower did say that his address will deal with the general philosophy of his tax program.

In the past he has [illegible]tedly stressed that the government has to get the money to pay its bills, and that the aim is to get it with the least burden to the economy and to the people.

House leaders of both political parties were predicting close to unanimous approval for the excise cut. The bill also would postpone for one year scheduled cuts in other excise rates. The administration wants that part of the measure.

Before action got under way in the House itself today, the Ways and Means Committee voted unanimously to reverse itself and make the extension of present rates on liquor, autos and other items for one year only.

The committee also approved an amendment which would give auto and truck dealers a tax refund on their unsold floor stocks, if the tax drops automatically on April 1, 1955, as now scheduled in the bill.

Hours of political debate were in prospect, however, over different aspects of the first major tax bill to hit the House floor in this congressional election year. The Senate has not acted on it.

The bill would level off at 10 per cent all excise or sales tax rates now above that figure, except for liquor and tobacco, effective April 1.

Sponsors said this would bring a wide range of price as well as tax cuts, save shoppers substantial sums, and give a boost to business to help combat the present economic dip.

In the background, a big fight was shaping up for next Wednesday and Thursday, when a bill to overhaul almost all tax laws is scheduled on the House floor.

Democrats will fight to add a $100 increase in individual income tax exemptions for each taxpayer and each dependent.

The bill up today would slash the present 25 per cent rate on long-distance telephone calls; cut in half the 20 per cent tax on movies, sports and other admission tickets, and on furs, jewelry, luggage, cosmetics, women's pocketbooks, wallets, cameras film and light bulbs; and cut one third from the present 15 per cent rate on sporting goods, pens, mechanical pencils, lighters, local telephone bills and rail, bus or air passenger fares.

On the other side, it would cancel about $1,070,000,000 in excise tax reductions scheduled April 1 under present law.

These cuts, if allowed, would have reduced the tax on liquor from $10.50 to $9.00 a gallon; on cigarettes, from 8 to 7 cents a standard pack; on automobiles from 10 to 7 per cent; on gasoline from 2 cents to 1½ cents a gallon; on trucks and buses from 8 to 5 per cent; on beer from $9 to $8 a barrel, and on wine about one third, the exact figure depending upon alcohol content.

The Eisenhower administration opposed the sweeping cuts in the bill, although it favored cancellation of the scheduled reductions. The administration has decided not to fight the excise-cutting move in the House but to pin its hopes on the Senate.

Two Wildcats Are Spotted In This Section

Two new wildcats, one in Southwest Scurry County and one in Southwest Howard County, have been set for drilling immediately.

Sun Oil will drill the Scurry tester as the No. 2 J. W. Layne. Location is 330 feet from north and east lines of the northwest quarter of section 175-97-H&TC, about eight miles southwest of Snyder.

Projected depth is 8,100 feet for a test of the Ellenburger.

The No. 2 Layne is one-half mile south of Sun Oil No. 1 Schattel, discovery well and lone producer in the Schattel-Canyon lime field. It is about five-eighths of a mile south-southwest of Canyon production in the Diamond M field.

Cosden Petroleum No. 1 H. O. Phillips is to be the Howard project. It will be drilled 330 feet from north and west lines of section 42-34-tls-T&P, 12 miles southwest of Big Spring.

That location is also six and one-half miles southwest of the Moore-San Andres field. The No. 1 Phillips is to drill to 4,450 feet for a test of the Clear Fork in the Permian.

CAMBRIAN FLOW

Chicago Corp. No. 2 TXL, one location southeast of the discovery well of the North Dora-Cambrian field in Northeast Nolan County, has indicated as the second well from that formation in the pool.

The well flowed Cambrian oil on a drillstem test from 5,957 to 6,013 feet. The tool was open three hours and 29 minutes with gas at the surface in four minutes, mud in 11 and oil in 14 minutes. After

Divorcee Kills Self, 4 Watch

ELECTRA (AP) —Four persons watched helplessly here last night as a 28-year-old divorcee shot and killed herself.

Justice of the Peace J. R. Carter returned an inquest verdict of death from a self-inflicted bullet wound in the death of Mrs. Dorothy Beaver.

Carter said the woman had telephoned her ex-husband, Harold Beaver of Vernon, that she wanted to see him.

She was out when Beaver arrived, Carter related, but when Beaver returned to his station wagon she was in the back seat with a rifle Beaver usually carried in the vehicle.

Carter said Beaver, the woman's landlady and another couple tried to dissuade Mrs. Beaver from shooting herself. But she warned them to stand back, Carter said, and then shot herself once.

Rhee Sees No Successes For Geneva Meet

SEOUL (AP)—President Syngman Rhee has indicated South Korea will attend the Geneva conference on Far East problems but insists "we must have ironclad assurances there will be no sellout of Korea."

He likewise makes no secret of his views that the April meeting "will achieve nothing."

And he voiced a "final warning" that South Korea "cannot wait for unification for endless months while idle talk drags on."

The South Korean President said his country needed further information from U. S. Secretary of State Dulles before announcing its decision on the Geneva meeting.

"As soon as information is received I think we shall be in a position to decide what to do," Rhee said.

All the major countries except South Korea have agreed to go to Geneva April 26.

Rhee gave his views in answer to written questions from the Associated Press.

"We must have ironclad assurances there will be no sellout of Korea and that objectives of unification and expulsion of the Communists will be pursued with diligence and without compromise," he said.

"We do not like the idea of a conference and we are positive that it will achieve nothing. But if our interests are fully protected we probably shall make this one last effort in an attempt to persuade our allies that the only way to bring peace to Korea is to finish the job that was begun when the aggressors struck in June of 1950."

Rhee said South Korea wants:

1. Russia "clearly identified" as being on the side of the Communist belligerents and not neutral.

2. The conference to be two-sided, with Communists on one side and the Allies on the other, instead of a round-table discussion.

3. Decisions to be by unanimous agreement instead of majority vote—thus giving South Korea veto power over any decision affecting its future.

4. Korean issues "be decided fully and completely" before going on to discussing Indochina and other Far East problems.

5. No agreement that does not call for withdrawal of the Chinese from Korea and unification of Korea.

6. Red China "identified as a hostile power attending the peace negotiations and not as a recognized state attending the general conference."

Ike Agrees With Sen. Flanders On McCarthy

Luling Youths Claim Uranium Strike Made

LULING (AP)—Earl Fogle and H. T. Pipkin, two Luling youths, say they have found uranium deposits in Gillespie County near the town of Gold, Tex.

They told Hal Bridges, Luling newspaper publisher, yesterday that they were not satisfied that the ore was in large quantities until they dug tests five or six feet deep.

"The ore became hotter than a firecracker," they said. They added that it was of the pitchblend variety.

Mrs. Nolin Althaus on whose land the reported uranium find was made verified the report.

"Yes, we know about the reported find of uranium," she said. "The boys were up here and apparently have a lot of hopes. They have, we know, a contract with a man from Waco to start tests within 30 days."

Fogle and Pipkin said they signed a contract Monday with Joe Thompson of Waco to explore the possibilities of commercial production of uranium on the 2,500-acre Althaus ranch.

Application Of Bible Words 'Quick And Dead'

AUSTIN, Tex. (AP)—Bill Harding, Sunday school teacher here at the University Presbyterian Church, was stumped when a high schooler asked about that Bible phrase, "the quick and the dead."

But the pastor, the Rev. William M. Logan, came to Harding's aid quickly.

"There are just two classes of pedestrians," Logan said, "the quick and the dead."

D. A. Is Indicted On Bawdy House Rap

HOUSTON (AP)—Dist. Atty. W. H. Scott was indicted by the Harris County grand jury today on a charge of "operating a disorderly house."

Also indicted on the same charge were Lorraine Ayres, 28, and her brother, Curly Meyers, 25.

It was the second indictment on a bawdy house charge against Miss Ayres. She was convicted in 1951 for operating a house of ill repute. Her attorney at that time was Scott, then a private attorney.

Separate indictments were returned by the February term grand jury. The three were ordered held under bonds of $1,000 each.

The indictments were turned over to District Judge Langston G. King.

"I don't know a thing about it," Scott told reporters when advised of the indictment.

"I have no intention of resigning. I don't know anything about it unless the indictment is just politics. That's what it looks like to me. The thing is ridiculous. I will make bond immediately."

Scott, serving his first term, announced last month he was "seriously considering" resigning, effective March 1. Houston newspapers then speculated he was being investigated by the November term grand jury which had received a 90-day extension for completion of a secret probe.

Scott later said he had decided not to resign.

The indictment against Scott alleges the district attorney on or about last Feb. 15 ". . . was there and then concerned in keeping and did then and there aid and assist and abet in keeping a bawdy house."

The indictment did not specify where the alleged bawdy house was located.

King said the "keeping a disorderly house" charge is a misdemeanor that carries a maximum penalty of 20 days in jail and a $200 fine.

Moleboard Plow Is Hit By White At Childress

CHILDRESS (AP)—John C. White says the moldboard plow is the 'agricultural villain of the 20th Century" and should be outlawed.

The Texas agriculture commissioner told the third annual Farm Implement Show here yesterday it is "a sorry implement just spawned dust storms by creating a plow sole hard as concrete just beneath the earth's surface."

The moldboard plow is the regular turning plow, which turns over layers of soil of even thickness, thus creating the untouched and hard "sole" underneath.

The disc plow makes irregular cuts and does not leave a smooth subsurface hardpan. It also does not turn the soil completely over. Another device, the "subsoiler," loosens the subsoil but leaves the plant cover virtually intact.

White told some 300 visitors at the Farm Implement Show that water conservation is the state's number one problem.

Says Party Is Not Split Over Prober

WASHINGTON (AP) — President Eisenhower said today Sen. Flanders (R-Vt) did a service by pointing up the dangers of party splitting strife in his Senate speech critical of Sen. McCarthy (R-Wis).

Eisenhower said he wanted to make it clear he was not issuing any blanket endorsement of Flanders' speech. He also told a news conference:

1. It was "nonsense" for Adlai Stevenson to say the Republican Party is split—"half McCarthy and half Eisenhower."

2. He believes the CBS and NBC networks did the fair and proper thing in giving the Republican Party free network time for a reply to Stevenson while denying it to McCarthy as an individual.

Eisenhower commented that any political speaker might mention critically the names of 20 or more persons and that it would be impossible for the networks to give each of them time for rebuttal.

The White House gave added emphasis to Eisenhower's use of the "nonsense" label for Stevenson's assertion by authorizing its direct quotation.

Eisenhower seemed in good humor—smiling when the subject was raised—in talking about the Flanders speech, but he stamped his foot and was grim in some of his comments on what Stevenson, 1952 Democratic presidential candidate, said about defense policies in an address at Miami Saturday.

Stevenson had questioned in a Miami party speech whether the "new look" military program with emphasis on atomic and other new weapons is really affording the country the best security.

Asked about that, Eisenhower stamped his foot in emphasis as he said that he is doing nothing in the Defense Department that he does not believe is for the best interest of the country.

He is not going to demagogue about it either, the President said, his face flushed.

Firmly, Eisenhower said that he is as concerned about the security of the country as any single individual could possibly be.

The subject of Flanders' speech was brought up when a reporter asked Eisenhower whether he sympathized with what Flanders had to say.

As to Flanders' Senate speech of yesterday, Eisenhower said in response to questions that he agrees generally with what the Vermont senator said.

Flanders' main thesis was that the great Communist danger to the United States was from without and that McCarthy, with his concentration on internal subversion, was diverting attention dangerously from the external threats.

Eisenhower said he had heard and seen part of Flanders' speech attacking "McCarthyism" on television last night.

Prefacing his remarks with the usual observation that he doesn't comment on personalities, the President said the Republican party is now the party of responsibility, so charged by the people.

It would be a grave error to split the party apart and go off in different directions, he said. In that course he said great danger lay ahead for the party and the country.

Odessan Wants Custody Of His Three Children

DETROIT (AP)—A father today sought custody of his three children—two of whom he'd never seen until yesterday.

He is Arthur Laclair, manager of the General Motors parts plant in Odessa, Tex. The children have been living with sisters of their mother since her death last month.

Laclair explained to Circuit Judge Carl M. Weideman he left his family while in the World War II Army after an argument with his wife, Edna.

Eight months later, he said, twins were born, then his wife divorced him in 1946. The twins he hadn't seen until yesterday are Gale and Dale, 8. The other child is Shirley, 11.

Laclair remarried in 1947. He said he hadn't heard of his first wife's death until a short time ago.

"I feel the children belong to me and to no one else," he said.

His claim is disputed by the two aunts with whom the children are living. Dale is living with Mrs. Cora Mae Smith and Shirley and Gale with Mrs. Eva Friga, who have been appointed guardians for them. The Detroit women said they intended to adopt the children.

Judge Weideman has continued the case until March 16.

Oil Worker IstKilled

PLAINS, Tex. (AP)—L. L. Duncan Jr., 37, oil field worker who moved from Odessa to Abilene last September, was killed yesterday when a truck overturned on him. He was standing beside the truck when an oil rig mast was being lowered on it. His widow and three children survive.

85 Degrees Yesterday

Summery weather continued in Snyder yesterday with a high of 85 degrees. Low last night was 42, and the reading at 7:30 o'clock this morning was 56, according to Mrs. D. P. Strayhorn, weather observer.

UNION OPPOSITION FOR STATE ANTI-RED BILL

AUSTIN (AP)—Organized labor's opposition to one of two proposed Communist control bills which Gov. Allan Shivers may submit at the special session was indicated yesterday.

The bills were recommended to the governor by the State Industrial Commission which he appointed last November to investigate charges that three unions were Communist dominated.

Labor's representative on the five-man commission, State Federation of Labor president William J. Harris, entered a dissent against one of the bills which would create a loyalty review board.

"This proposed law not only does not guarantee . . . trial by jury; it leaves the way open for blackening the reputations and destroying the livelihood of loyal, law-abiding, American citizens who would never get the right to full and open jury trial which our constitution and laws accord the lowest criminal," Harris said.

The other four commissioners, after submitting their proposals to Shivers, issued a statement saying they had exercised extreme care in preparing the bills and had "gone to great length to see that it does not tread upon anyone's rights, but rather upholds them."

They said this applied to the right of trial by jury as recently provided.

"The creation of the loyalty board has been done with caution, and its defined function and purpose are such that no one has reason to fear it but communists and subversives," the four commission members said.

"This legislation is directed against Communism wherever it may be found, and is not to the prejudice of any individual, faction, group or type of organization."

Harris said his dissent was based on objections raised by L.N.D. Wells Jr. of Dallas, labor representative on a three-man legal advisory committee which drafted the proposed legislation for the commission.

Wells' objections had been expressed earlier in a letter to the commission in which he attacked the use of administrative hearings to determine guilt or innocence on the question of subversion. He also questioned the bill's provision that in event of appeal to district court, the "substantial evidence rule" would apply.

The proposed bills provide penalties up to $20,000 fine or 20 years imprisonment, or both, on conviction of knowingly belonging to the Communist Party or participating in any of its activities or any other subversive activity.

The loyalty board bill also provides that a board finding of subversion shall be a ground for discharge or removal of any person holding public office with, or employed by, the state or any of its political subdivisions.

The bill also would disqualify and bar any person convicted under its terms from obtaining, renewing, retaining or using any license, permit, franchise or card or certificate of permission issued by any officer or agency of the state or any political subdivision.

NOW EXHALE

Marilyn Monroe made her first public appearance in Hollywood Monday night since her marriage to Joe DiMaggio and her trip to Japan and Korea, and promptly stole the show. She showed up with a new platinum-blonde hairdo and wearing a low-cut white satin sheath gown. Occasion was a magazine's (Photoplay) annual awards dinner at which she and Alan Ladd, with whom she's pictured, were named Hollywood's most popular actress and actor.

Dallas Doctors Turn Thumbs Down On New Polio Vaccine

DALLAS (AP)—The Dallas County Medical Society balked last night at approving tests of a new polio vaccine here this spring.

City health officials and public school spokesmen have said the tests would not be made unless the society approved. Society approval had been looked upon as certain in some quarters.

After a meeting which ran almost two hours later than scheduled, the medical society released a statement saying:

"Lacking sufficient scientific information upon which to base approval or disapproval at the present time, the society voted to take no action on the administration of the polio vaccine until further information is received."

Only last Saturday the president of the American Medical Assn., addressing a Dallas meeting, had praised the Salk vaccine and expressed hope it would bring an "immediate end" to polio.

The county society left the way open for later approval.

"The Public Health Committee was given additional time to further the facts regarding the polio vaccine with the understanding a special session will be called by the society when the committee submits its report," said the formal announcement.

Dallas County was one of 10 Texas counties designated March 3 by State Health Officer George W. Cox for the vaccine tests. About 9,000 public schools and 2,000 parochial and private school second-graders in Dallas would be eligible. The nationwide tests are to be sponsored by the National Foundation for Infantile Paralysis.

AUSTIN (AP)—State Health Officer George W. Cox said today he believes the new polio vaccine to be tested in Texas and other states is safe, but he's willing to try for more information if local medical societies want it.

Dr. Cox's comment was prompted by the Dallas County Medical Society's decision not to approve or disapprove the administration of the vaccine until further information is received.

Dallas health officials and public school spokesmen have said the tests would not be made unless the society approved.

"If that's the way they (the society) feel about it, then I'll do my best to bring them some additional information from the National Polio Foundation," Cox told a reporter.

He said he had sent a technical booklet containing all the information he had on the proposed vaccine test to Dr. J. W. Bass, Dallas health officer. He thought Bass should have received it by this morning.

"I'm leaving it up to local county societies to do what they want to do," said Cox, who indicated he would take a neutral stand on whether the tests should be given.

"The thing I'm most interested in is this: Is it safe?" said Cox. "The information that has come to me is that the methods of establishing the fact that it is triple-tested. I'm sure they are not misrepresenting it in any wise. I don't believe those labs would let it come out if it were not safe.

"What the results of this trial are going to be no one can say. If it's safe, it's not going to do any harm."

More Free Enterprise Advised For Latin Nations By Dulles

CARACAS, Venezuela (AP)—Secretary of State Dulles told Latin Americans today they may be right "in saying the United States should make some changes in its economic policies, but down this way, he said, government "plays a much more important role in economic affairs than we think desirable for ourselves."

No republic should expect another to abandon its economic creed, Dulles said in a prepared address to the 10th Inter-American conference.

The secretary indicated President Eisenhower's administration has no intention of departing from its philosophy that the United States should operate, as Dulles said, within a free enterprise economy, but added there are some matters which "we are prepared to consider open-mindedly."

His address was not on the conference schedule and apparently came after some differences of opinion developed within the U.S. delegation itself as to how Washington's economic views should be presented. The Latin Americans want an increase in U.S. commercial and technical aid.

Majority support appeared assured for U.S. Secretary of State John Foster Dulles' proposal to rally united action against Red attempts to dominate any part of the Western Hemisphere. Eight of the 19 Latin-American nations attending the 10th conference here already have signified their backing of the "Dulles Doctrine." Several others were expected to jump on the bandwagon today.

There still was some question today what final form the anti-Red resolution would take. There have been indications in the Political Committee discussing the issue that some Latin-American nations would propose amendments to the U.S. formula.

Guatemala, accused by the United States of being Communist-dominated, was the only nation voicing outright opposition to such a resolution. And Guatemalan Foreign Minister Guillermo Toriello, while promising a fight against the U.S. proposal, admitted today its adoption seemed certain.

Adoption of the resolution would be a major diplomatic victory for Dulles, who stayed at the conference beyond the time he had planned in order to push through his proposals.

Already backing the United States were Venezuela, Cuba, Panama, Brazil, the Dominican Republic, Nicaragua, Honduras and Paraguay.

Mexico has indicated it favors some action to curb Communist infiltration in the Western Hemisphere, but wants the U.S. resolution to include "any totalitarianism." It also proposes calling for joint action to be taken whenever "agents of foreign international communism" take control of an American state.

The U.S. proposal calls for joint action when "the international Communist movement" dominates or controls a state's political institutions. It is the U.S. viewpoint that domestic Reds are as much a threat to peace as are foreign Communist agents.

The tension of the debate was emphasized yesterday when Toriello stalked out of the conference during a speech by Dominican Foreign Minister Joaquin Balaguer, who assailed countries which "help Soviet Russia" but sit back and allow the United States to be attacked.

HERITAGE DAYS NO. 9

Houston Goes To Gonzales To Take Over 374-Man Army

Sam Houston impatiently neared Gonzales on March 11, 1836, making haste to assemble the remnants of patriots who had gathered there to form the army of the Republic of Texas.

At Gonzales awaiting arrival of the commander-in-chief were but 374 effective men, barely more than twice the handful of 183 who died to the last man against Santa Anna's hordes at the Alamo.

This Houston was to mold, constituted the army of the Republic, supplied with less than two days' provisions. Many were without arms. Others were with trusted rifles but no ammunition. Frontiersmen, mostly, the poorly-equipped Texans had no knowledge of military discipline.

From another direction, rushing to Gonzales, were messengers to tell of the fall of the Alamo; to advise the makeshift Texan army that the first great battle for independence had ended with the last Texan killed.

In Santa Anna's camp, the Mexican general drafted orders to send, the next day, a force numbering twice that of the Texans. He was maneuvering to by-pass Gonzales and head toward San Felipe, Harrisburg, and Anahuac.

At the convention hall in Washington-on-the-Brazos, Thomas J. Rusk was becoming one of the more dominant influences.

Rusk, a Georgia lawyer whose speculations had proved disastrous financially, had come to Texas to start anew in a new country. It was he the convention selected as chairman of the select committee to correct errors and phraseology in the final draft of the constitution. He, therefore, soon to join Houston in the field in a role of Secretary of War, is more responsible than any other for final wording of the republic's constitution.

Sam Houston, commander-in-chief of the Texas Army, 118 years ago today approached Gonzales where he was to assemble volunteer troops. Ahead were weary, disheartening days; forming of an army lacking in manpower and supplies; and a criticized retreat that was to end only at San Jacinto, one of the great decisive battles of world history.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD HOSPITAL

Admissions: Mrs. Jess B. Fowler, Snyder; R. D. Chenault, Snyder; Barbara Jean Moffett, 2605 Avenue R.

Dismissals: Douglas Frank Burton, Snyder; H. E. Davis, 2610 Avenue G; Barbara Jean Moffett, 2605 Avenue R.

pick up add

CODDELL HOSPITAL

Admissions — Jack Crawley, 1703 Avenue R, medical; George Pendleton, Snyder, medical; Mrs. Ruth Nichols, 104 Browning, medical; Mrs. Dale Walton, 309 Thirty-fourth Street, medical.

Dismissals — Mrs. J. R. Clayton, 118 Browning, medical; Miss Bess Johnston, 2107 Twenty-seventh Street, medical; Edgar von Roeder, route No. 3, Hermleigh, surgical; Mrs. Eva Hutchins, Snyder, medical.

Lost Piano To Be Replaced

The school system here has apparently misplaced an item, for which an extensive local search has proved futile. No one knows what happened to the piano.

But school board trustees have given the superintendent permission to replace it with the purchase of a used piano in the price range of $200 to $250. It will be given to its rightful owner, the Youth Center.

The lost instrument was given to the Youth Center nearly five years ago by a local women's club. Because the Youth Center was delayed nearly four years in opening, the piano was lent the school system for safe keeping and care shortly after it was donated. In all the shuffle of a huge building program by the school system, there became lost, misplaced, or traded-in "one good, used piano."

Bad Check Fine Paid

Mrs. Earl Noseff, about 25, Snyder, paid a fine of $28.50, including court cost, when she pleaded guilty in county court yesterday afternoon to a charge of swindling by worthless check.

The $3.50 check given to the J. M. McDonald Co. was redeemed.

Stolen Auto Is Found Here

A car reported stolen in Fort Worth was found in Snyder this morning by Howard Gibbons, deputy sheriff, who said it was believed abandoned Monday night by three youths arrested yesterday at Lamesa.

The youths, arrested by Lamesa officers and given to the custody of officers at Roby, were found in possession of a Ford pickup stolen at Roby. It was believed they drove the car, a 1947 Pontiac club coupe from Fort Worth to Roby, then drove both it and the pickup here, abondoned the car, and continued to Lamesa in the pickup.

The car was found at the dead end of Twenty-eighth Street near a bridge on Avenue S.

Concert Gets City's Recreation Board Out Debt In Pennsylvania

LOCK HAVEN, Pa. (AP)—A concert dedicated to a newspaper editor who lost both legs in an auto accident raised money last night to help finance a new city swimming beach.

The 68 - member Williamsport City Chair, accompanied by Mayor Clifford L. Harman of nearby Williamsport, put on a Rebecca Gross Sing Night and realized an estimated $12,300 to pay for debts incurred by the Lock Haven City Recreation Board.

Chairman of the board is Miss Gross, editor of the Lock Haven Express. She is now at a clinic in New Jersey for the fitting of artificial limbs after losing her legs in a New Year's Eve accident.

Bar Thrown Out Into Street 'Like A Dog'

DETROIT (AP)—Sam's Bar got the old heave-ho as quickly as a noisy drunk yesterday. A Detroit constable's crew was the bouncer.

Within three hours, the whole shebang was out in the streets—chairs, tables, coolers, beverages and all. The building had been condemned to make way for a civic center.

"Thrown out like a dog," owner Sam Schwartz muttered at the potato chip rack was carted out.

Schwartz said he thought the city had given him another two weeks in which to move. But the city said that he had made a mistake.

He was ordered to vacate. And and when he didn't, the bar got the bounce.

Opened Dam Raises River, Maroons Men And Their Autos

BOISE, Idaho (AP) — Officials at Arrowrock Dam opened a floodgate yesterday to release the excess water from recent heavy rains—but they forgot to warn three startled fishermen a few miles down the Boise River.

Walter Collins, Roy Cook and Jess Everson of Boise found themselves suddenly marooned with their autos on an island in the middle of the stream. They had driven there only a few hours earlier.

It took two Ada County sheriff's officers, a crew of workmen and a tractor operator to rescue the autos and the fishermen.

Grandmother Of Snyder Man Dies In Alpine

Funeral services were pending today for Mrs. Rosa Tankersley Parsons of Christoval, the grandmother of Bill Stirman of Snyder.

Mrs. Parsons, 78, died yesterday at the home of a sister in Alpine. She was the wife of Tom Parsons, a Brewster and Terrell County rancher until his retirement in 1945. He is among the survivors.

About 54 per cent of the total land area of western Europe is suitable for farming or grazing.

WILLIAM N. STARNES
. . . construction foreman

Colorado City Man Here To TELCO Work

William M. Starnes, from Colorado City came to Snyder this week as construction foreman for Southwestern Bell Telephone Co. in Snyder.

Starnes heads a crew of five men moved to Snyder to help carry out an expansion program now under way by the company here.

Starnes is a graduate of Graford, Tex., high school, and began his telephone career in 1945 as a lineman. He has held the positions of unlocated construction foreman and repair foreman at Lubbock, and construction foreman at Colorado City prior to moving here in his present position.

He is a member of the Methodist Church and Masonic Lodge.

OIL NEWS

(Continued from page 1)

it was flowed to pits 15 minutes it was turned to tanks, where it gauged 85 barrels of oil in three hours through a three-eighth-inch choke.

After the tool was closed, the project unloaded 15 more barrels of 48-gravity oil. Recovery reversed out of the drillpipe was all oil.

Deepening is slated in the Cambrian, which was topped at 5,907 feet on a minus datum of 3,599 feet.

The No. 2 TXL is 330 feet from north and 467 feet from west lines of the southwest quarter of section 59-20-T&P, and five miles southwest of Trent.

CAMBRIAN TEST

James H. Snowden and Kilroy Structural Steel Co. of Fort Worth No. 1 R. R. Petty is to be drilled as a 6,100-foot Cambrian test in Southeast Nolan County. Location is one mile northwest of the discovery well of the EA Cambrian field and 330 feet from south and east lines of section 12-Z-T&P.

KENT STEPOUT

Blanco Oil, Newman Brothers Drilling and Goetek Oil Co., all of San Antonio, have spotted location for a stepout to production in the SMS Canyon reef field of Northwest Kent County.

It will be the No. 3 S. M. Swenson, 1,992 feet from north and 2,088 feet from west lines of section 3-2-H&GN, 15 miles northwest of Clairemont. Drilling to 7,000 feet is to begin at once.

BORDEN FIELD TRY

Seaboard Oil of Delaware and associates have filed application to drill the No. 1 R. D. Anderson in the Oceanic-Pennsylvanian field of Southeast Borden County.

Drillsite is 1,978.9 feet from south and 660 feet from east lines of section 24-33-t3n-T&P. That is one-quarter of a mile north of Vealmoor. Projected depth is 8,500 feet.

SCURRY COUNTY

In Northwest Scurry County, Superior No. 1-590 Jordan is drilling red beds below 406 feet. Woodson No. 1 Browning is drilling in lime and anhydrite below 2,409 feet. Woodson No. 2 Marley has cleaned out to 8,200 feet and will now perforate pipe for tests of the Strawn. Gibson No. 1 Patterson is drilling in lime and shale below 2,720 feet.

Lone Star No. 1 I. G. Harrell in Northeast Scurry County is at total depth of 7,517 feet in the Ellenburger and preparing to drillstem test. A drillstem test in that formation from 7,378-425 feet recovered 60 feet of mud and 50 feet of mud slightly oil cut. The tool was open two and one-half hours. Flowing pressure ranged from 35 to 55 pounds, with 30-minute shutin pressure 145 pounds. Top of the Ellenburger was at 7,377 feet.

Texaco No. 7 N. A. Fuller, North two barrels of oil with 17 barrels of water in 24 hours. Testing is continuing.

Man Serves Jail Time In Lieu Of Paying Fine On Check Charge

Orval Sells, about 25, Snyder, has been released from the county jail after paying $28.50 of the court cost and fine assessed him when he pleded guilty Feb. 26 to a county court charge of swindling by worthless check.

Sells was then fined $25 plus court cost of $28.50. He remained in jail in lieu of payment of the fine until he had served nine days, for which he was allowed $27 credit toward the payment. He was released Monday.

The check to Shelton Holmes was redeemed.

Postmastership At Ira Open For Applications

An examination to fill the position of fourth class postmaster at Ira has been announced by the U. S. Civil Service Commission.

The annual salary for this position is $2,611. Applicants must actually reside within the territory supplied by the post office.

The age range, which is waived for persons entitled to veteran preference, is 21 to 65.

Further information and application forms may be obtained at the post office in Ira or from the Civil Service Commission's office in Washington, D. C. Applications must be on file with the Civil Service Commission in Washington 25, D.C., not later than April 8, 1954.

Two Defense Bills Are Passed By Japanese

TOKYO (AP)—Japan's Cabinet today approved two bills to bolster the nation's defense. Both must pass the Diet.

Under the proposed laws, Japanese defense personnel would be increased to 164,538 in the next fiscal year from 120,000. The present embryo land, naval and air forces would assume a more military character.

The bills would revise Japanese law to fit with the mutual defense agreement signed yesterday with the United States although there is nothing in the measures themselves which tie them directly to the defense agreement.

Charge Filed Against Ballinger Man Here

A charge of swindling by worthless check was filed in county court today against Robert Lee of Ballinger. The charge alleges Lee, not yet apprehended, passed a worthless check for $5.88 to J. T. Walton, formerly of Snyder, on April 17, 1953.

Walton now resides in Lubbock. He was operator of a service station here at the time the check is alleged to have been given.

Turk Knows Politics

DALLAS, Tex. (AP)—The mayor of Dallas, banker R. L. Thornton, and President Celal Bayer of Turkey engaged in some lively conversation through an interpreter here on the President's recent visit.

After answering dozens of questions from the Dallas mayor, Bayar finally said he had one to ask.

"If Mayor Thornton asked banker Thornton for a loan, would he get it?"

"No," said Thornton.

"Hah," said Bayar, "that's a sign you are going to run again."

Critic Lauds Overall Program Presented Here By Musicians

(EDITOR'S NOTE: Robert Clinton, Snyder public schools choral director and formerly head of the music department at Cisco Junior College, serves as guest reviewer of the Civic Music Association's presentation of "Immortal Musicals.")

An unusual program was presented last evening for the membership of the Snyder Civic Music Association. The "Immortal Musicals," including some of the nations' well known radio and broadway stars, presented an evening with Romberg.

The third concert of a four concert series, the company included four soloists, a duo-piano team and a choral ensemble. The program was divided into two parts, both featuring the music of Sigmund Romberg. The first portion was made up of a selected group which included some of Romberg's best known melodies. Musical excerpts from "Desert Song" and "New Moon" completed the program.

Music lovers who may have wished for a full evening of light entertainment were not disappointed. Taking nothing away from Sigmund Romberg's wonderful music, but considering that variety is the spice of life, we hope it is not heresy to say that two hours of any composer's music is bound to become dull at certain stages.

Although each song is beautiful and moving when placed in its proper setting in the story, the audience had a hard time keeping up with the fast changing moods brought on by four or five operattas at once. Nevertheless, to one who has heard many sloppy performances in light opera, where more emphasis was given to the action and staging than to the music, there was a precision and musical adaptness in the performance seldom heard in music of this media.

Lanny Ross, the most well known of the group, won the approval of the audience with his charm and personality. It is always a little surprising to hear a favorite radio star from the concert stage because of the difference in the sound and quality of the voice.

Hugh Thompson, well known baritone, was one of the highlights of the program. A voice with great range and power, Mr. Thompson again demonstrated his vocal ability to a Snyder audience. Thompson appeared in Snyder last spring as solist on a civic music program.

Lillian Shelby lived up to her billing as one of America's fine young sopranos. Her poise and vivaciousness plus her confidence in the role she was singing indicated many years of experience on the stage.

Irra Petina was the member of the cast that Snyder will probably remember the longest. From the first number of the concert to the last, Miss Petina dominated most of the action. To say that her first appearance in the "Students' Marching Song" was shocking is an understatement. After her numbers from "Blue Paradise" which included the song "I'm from Chicago" it was hard to place her back in character for such songs as "Lover Come Back to Me." Many of her songs were overplayed, especially for a West Texas audience having difficulty visualizing the plot and story for each number. However, Miss Petina's energy and showmanship overcame any disappointment by any in the audience who were dismayed at the continual change of vocal placement.

As a background for the four soloists, the ensemble of eight men and four women received the acclaim of the audience. Their soft background for Miss Shelby's number "When I Grow Too Old to Dream" to the stirring "Stouthearted Men" was all in keeping with the music of Romberg.

By leaving the duo-piano team to the last we are not minimizing their contribution to the performance. It was evident from the first that this sort of an accompaniment is unique. Sherman Frank and George Lee Berger showed a fine technique, leaving the audience wishing that a special piano number had been included in the program.

The officers of the Civic Music Association should be commended for their fine selection of programs this year. By presenting different types of programs and artists, the association is appealing to the widest range of musical tastes in its members. There is little doubt that with this year's program, next year's membership will be a sell out for the new auditorium.

Car Damaged In Fire

Fire damaged the interior of a car at Avenue Q and Twenty-fifth Street about 3:15 o'clock yesterday afternoon, Ivan Gatlin, fire marshal, said.

Gatlin said the front seat of the car was damaged and that heat and smoke damaged the rest of the inside of the car.

It is a 1948 Chrysler sedan owned by Doyle Lee Wren, Gatlin said.

Mr. and Mrs. T. G. Turnage, Clairemont Road, are entertaining her sister and brother-in-law, Mr. and Mrs. O. L. Liles of Ardmore, Okla.

School Census Shows 3,138 Students Attend Schools Here

After 24 weeks of school in the present term, combined enrollment of students in all Snyder schools has reached 3,138, an increase of 194 students over the enrollment at the end of the first week.

Of the total current enrollment, 70 are Negroes attending the Abraham Lincoln School here, which has grades from the first through the ninth. One student not listed in the current enrollment figures attends a high school in another city and is counted in its enrollment, although her education is sponsored by the Snyder school district because of Snyder not having local high school facilities for Negroes.

She is Ester Gift, attending St. Peter's Clayer Academy in San Antonio. "She is doing very well in school work there," commented Dr. Cecil L. Yarbrough, superintendent of the Snyder system.

Dr. Yarbrough said that all Negro students proving sincere desire to attend high school would be schooled in a similar manner at expense of the local school system. The San Antonio school is a boarding institution.

The enrollment total at present for white students is 3,068, an increase of 190 over the 2,878 figure at the end of the first week this term.

The Negro school had 66 enrolled at the end of the first week and has gained four.

Enrollment figures of white students by grades at the end of the first week and last week are: 403 and 453 in the first, 281 and 316 in the second, 283 and 307 in in the third, 274 and 296 in the fourth, 295 and 302 in the fifth, 250 and 264 in the sixth, 308 and 318 in the seventh, 235 and 253 in the eighth, 202 and 206 in the ninth, 165 and 169 in the tenth, 163 and 160 in the eleventh, and 133 and 122 in the twelfth.

Only the junior and senior grades decreased in enrollment.

These figures for the Negro school are: 16 and 17 in the first, four and six in the second, 11 and 11 in the third, 12 and 12 in the fourth, one and three in the fifth, nine and nine in the sixth, nine and eight in the seventh, two and three in the eighth, and two and one in the ninth.

The enrollment figures were shown to school district trustees and discussed in their school board meeting Monday night along with figures just released on the recent annual school census.

The current school census, taken in January and completed for release of results last week, shows a total of 3,084 persons of school age residing in the school district at present.

Of this number, 334 are children who will have become six years old between last Sept. 1 and next Sept. 1. The total census increase this year is 132 over the 3,502 figure of a year ago, of which 390 were those becoming six years old between Sept. 1, 1952, and Sept. 1, 1953.

The school estimates its next year's enrollment on the basis of the number of students enrolled, plus the number of six-year-olds expected to start, minus the number of seniors expected to graduate.

The state pays the school system a per-capita apportionment, which this year was $62. This, on the basis of last year's figure, would be about $233,088 because the state discounted 61 students from the census figure of 3,502.

The per-capita apportionment figure for the next school term has not yet been decided by the state. There is usually a discount by the state of the number shown in the census, and the number to be marked off this year is expected to be about the same as that of last year.

If 334 more students start to school in the first grade here next term, and if the expected 334 graduate this year, and if other current enrollment is maintained, the school will have a total of 3,337 enrolled next term.

The per-capita apportionment is figured, however, according to the number on the census, not by the number enrolled.

THIS new '54 GMC light-duty wasn't born just to win beauty contests.

Sure, its sleek lines, full-width grille and panoramic windshield are handsomely un-trucklike.

There's the same dashing air about the inside, too. Two-tone color scheme. Harmonizing, supple-as-leather upholstery. Smart instrument panel, with dials clustered for instant reading.

But mister—take another look!

A burly, brawny brute of an engine—a real *truck* engine—makes you think of a Miss America who also can bend horseshoes. *125 horsepower* says that this beauty can heft a top load with ease and dash.

That's more power than some makers pack into their two-ton models. That's more usable power than in any other 6-cylinder engine in its class!

And its wide, deep box holds at least 8 cubic feet more than the roomy '53 model. That tail gate is grain-tight—*and sand-tight.*

Finally, it offers Truck Hydra-Matic Drive* that saves *you*, saves your *cash*, saves your *time.*

(Note to the luxury-minded: there's a DE LUXE model at extra cost, with chrome grille and trim, two-tone paint, curved rear corner windows—the works!)

Come in and drive this great GMC. It will do all its own selling!

**Truck Hydra-Matic Drive standard on some models, optional at extra cost on others.*

Get a modern truck!
Be careful—drive safely

Lanny Ross, and Lillian Shelby, at left, are shown writing a few notes of music for Snyder in the music room of Snyder High School where they limbered up their vocal cords prior to last night's Civic Music Association program in the auditorium. The Rev. Ronald Hubbard, president of the association, is at right. Miss Shelby is the wife of Sherman Frank, director and member of the duo-piano team which accompanied the singers. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

An opera star who prefers to star in operettas is Miss Lillian Shelby, the soprano featured in last night's concert at the high school auditorium.

In private life, Miss Shelby has been Mrs. Sherman Frank for two and a half years. Mr. Frank directed the program presented here. They were interviewed together in their room at the Canyon Courts.

"Opera roles are static," said Miss Shelby. "The singer must conform to the personality of the character portrayed. In an operetta, there is a chance to project one's own personality."

Musicals such as "South Pacific," "Oklahoma," and "The Great Waltz" Miss Shelby believes to be the future operettas of America.

If the translation is good and the story is not lost, Miss Shelby would advocate the singing of opera in English. Too, she said, the roles are easier to learn in English. If operas continue to be sung in foreign languages, Miss Shelby believes they will diminish in popularity and gradually fade away.

Folk music she likes when there is a story in it.

Practicing between concerts on the present tour is out for Miss Shelby who explained that it is too hard on the diaphram. Riding buses from town to town does not permit much exercise, nor enough sleep, she said.

The couple did not know of the reception to be held after the concert until told by the reporter, and they were pleased to hear the news.

They were both curious about Snyder, having heard that it was a boom town. Mr. Frank wanted to know if there was a town here before oil was discovered. He expressed surprise that a town the size of Snyder could support the expense of a concert. They both commented on the warmth of the weather. On their way from Lafayette, La. to Tyler recently, they went through a snowstorm.

Miss Shelby likes to explore the shops in the various towns she visits, and buys many of her clothes that way. She and her husband looked around downtown Snyder yesterday afternoon before the concert.

Favorite operatic roles of Miss Shelby include "Butterfly," in "Madam Butterfly," and "Nedda" in "Pagliacci." Her favorite composers are Gershwin, Kern, Romberg, and Puccini, who composed "La Boheme" and "Tosca," among others.

Miss Shelby's experience from touring coast to coast as the soprano soloist with Sigmund Romberg was used last night as she sang some of the same selections she once sang under the composer's own direction.

She was graduated from the Curtis Institute of Music in Philadelphia, Pa., and made her debut at the New York City Center Opera Co. Portraying "Rosalinda" and "Prince Orlovsky" in "Die Fledermaus," she toured with the 1951 Metropolitan Opera. She has appeared on television with Arthur Godfrey, and was named Star of the Year by Robert Q. Lewis. In addition, she has starred with many of the leading American opera companies.

Mr. Frank is also a graduate of the Curtis Institute of Music. He is a concert pianist and has been a featured soloist with the Philadelphia and other major orchestras.

• • •

A reception in the high school cafeteria for the cast of "Immortal Musicals" followed the presentation.

Presiding at the four refreshment tables were Mrs. J. E. SENTELL, Mrs. J. T. HUGHES, Mrs. RALPH GEISENHONER, Mrs. RONALD HUBBARD, Mrs. HERMAN DOAK, Mrs. H. F. CLARK, JR., Mrs. MARCEL JOSEPHSON, and Mrs. E. L. KUBALA.

• • •

Mr. and Mrs. SAM JOYCE, 2610 Thirty-Second Street, and children HELEN and JOHNNY, have returned from two weeks spent in Dallas where the children underwent a series of allergy tests. While there, the family visited Mr. and Mrs. Murray Johnson, other friends and relatives. People in Dallas only thought they were having a sandstorm, when the skies above and around the horizon looked a little dusty, said Mrs. Joyce, as she recalled the sand blizzard through which her family drove as they left Snyder.

Joan Benny Wedding Leaves Dad Behind Cool $25,000

BEVERLY HILLS, Calif. (AP) — Joan Benny and Seth Baker embarked on a Hawaiian honeymoon today and her father, Jack Benny, was faced with an estimated $25,000 bill for one of the most fabulous weddings in Hollywood history.

Benny, wearing white tie, tails and glasses, last night led his 19-year-old adopted daughter through the flower-festooned Crystal Room of the Beverly Hills Hotel. "I'd rather not look so good and wear glasses than fall on my face," the comedian explained.

Benny gave Joan in marriage to Baker, 26-year-old New York stock broker and son of industrialist Harry Baker, before a crowd of stars of stage, TV and movies. Rabbi Edgar F. Magnin performed the double-ring ceremony and advised the couple to "forget about the tinsel of life and live for the good things."

Billed as a tightwad on his radio and TV programs, Benny spared no expense in the wedding. White lilacs were flown from Holland to add to the white and green motif that converted the Crystal Room into a spring garden. Designer Don Loper, who staged the affair, flew to France to arrange for an exclusive weave of brocaded white satin for the bride's gown. Thirty-five yards with lily of the valley figurings were used.

The wedding went off without a hitch. The principals faced news cameras before the ceremony and after. The bride's mother, Mary Livingston, who had arranged all the details, became impatient with the photographers and ordered the reception line to begin.

Benny played it straight throughout. He smiled weakly and made some attempts at humor, but he seemed obviously nervous with his role as the doting father. He even resisted the temptation to join the orchestra of 10 violins who serenaded the reception with "Love in Bloom."

The wedding brought the biggest star turnout within memory. Two hundred attended the wedding, including George Burns and Gracie Allen, George Montgomery and Dinah Shore, Ann Southern, Jane Wyman, Bob Hope, Eddie Cantor and the Benny troupe of Dennis Day, Don Wilson, Mel Blanc and Bob Crosby. Only Rochester was absent, being in New York for the Milton Berle Show.

The reception swelled the guest list to 600. Among the celebrants: Tyrone Power and Linda Christian, Esther Williams, Dean Martin, Ann Blyth, Ed Wynn, Joan Bennett and Ethel Merman. The guests were treated to French champagne, vintage 1945, and a buffet dinner which included boned capon, wild rice, beef Stroganoff and caviar. The cake was a five-tiered affair weighing 200 pounds.

Monthly Barbecue

The monthly barbecue supper of the Humble Cogdell Camp was held last night in the recreation hall at the camp.

After the supper, games of canasta and "42" were played. About fifty people took part in the get-together.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 5-5168.

Add a distinctive touch to your brown and serve rolls with a sweet topping. Use one of the following or devise one of your own, whichever beats suits the taste of your family.

ORANGE-HONEY ROLLS

¼ cup soft butter or margarine
2 tablespoons honey
2 teaspoons grated orange rind
8 brown and serve dinner rolls

Combine butter, honey and orange rind. Spread over bottom of quart shallow loaf pan. Place rolls with tops down, over honey mixture. Bake in a moderate oven (400 degrees F.) for fifteen minutes. Let rolls stand in pan one minute after removing from oven. Invert pan to remove rolls so that honey mixture is up. Serve immediately.

WALNUT-HONEY ROLLS

2 tablespoons honey
1 tablespoon melted butter or margarine
¼ teaspoon nutmeg
2 tablespoons chopped walnuts
6 brown and serve dinner rolls

Into each greased muffin cup, put one teaspoon honey, one-half teaspoon butter, a dash of nutmeg and one teaspoon walnuts. Place rolls, topside down, in muffin cups. Bake in moderate oven (400 degrees F.) for fifteen minutes. Let rolls stand in pan one minute after removing from oven. Invert pan to remove rolls so that walnut mixture is up. Serve immediately.

STREUSEL ROLLS

6 brown and serve dinner rolls
3 tablespoons sugar
2 tablespoons dry bread crumbs
2 tablespoons chopped nuts
¼ teaspoon cinnamon
¼ teaspoon nutmeg
1 tablespoon water
2 tablespoons melted butter or margarine

Place rolls in a greased shallow loaf pan. Combine sugar, dry bread crumbs, nuts, cinnamon, nutmeg, water and butter. Sprinkle streusel topping over rolls. Bake in a moderate oven (400 degrees F.) for twelve minutes. Serve immediately.

PINEAPPLE-COCONUT ROLLS

¼ cup drained crushed pineapple
¼ cup shredded coconut
1-3 cup brown sugar
2 tablespoons pineapple sirup
3 tablespoons melted butter or margarine
8 brown and serve dinner rolls

Combine pineapple, coconut, brown sugar, pineapple sirup and butter. Spread over bottom of a quart shallow loaf pan. Place rolls with tops down, over fruit mixture. Bake in a moderate oven (400 degrees F.) for fifteen minutes. Let rolls stand in pan one minute after removing from oven. Invert pan to remove rolls so that fruit mixture is up. Serve immediately.

SIMPLE TO SEW!

A "little money" dress with a wealth of good taste! So easy in the making . . . so beautiful to see! Make it now in your favorite cottons; later, sew the three-quarter sleeved version in winter-warm fabrics.

New Corinne Calvet Drops Old Life, Picks Up Another

By BOB THOMAS

HOLLYWOOD (AP) — Note to the blondes of America: Although Lana Turner has left your ranks, Corinne Calvet has joined up.

The talkative French pastry is a ravishing blonde these days, and that's not the only thing new in her life.

"I have also got myself a new agent, a new car, a new wardrobe and I am eating meat for the first time in my life," she says. "And I have a new attitude toward men. When I see one who looks attractive, I can look now."

Corinne is also entering a new phase of her career. She is making her first television film, a Screen Gems production for the Ford Theater. When I found her on the Columbia studio set, her reddish locks were gone. She was combing her long blond hair.

She explained that all the changes in her life have come about since the end of her alliance to actor John Bromfield.

"I would have gone blond sooner,' she said, "but he wouldn't let me. You know how men are—they like to keep their women down. They don't want their wives to be too appealing to other men.

"I like the new look. Before now, I have always been very natural. I had my own shade of hair, I never used false eyelashes and my makeup was very simple. Nothing was artificial. Now I do things differently. I like artifice; I think it is exciting."

About the meat business—she has not been a strict vegetarian. Following her mother's custom, she ate no red meat, only fish and fowl. Now she's a beef-eater, and she likes that too.

She regrets the end of her union to Bromfield.

"We had five wonderful years," she explained. "Then we got to the point where we could no longer get along together. . . .

"There is no bitterness between us. John is a fine fellow."

She indicated she will be wary of a future alliance. Right now she's enjoying her fling. And she doesn't think a movie career and home routine can mix.

"Believe me, I know," she sighed. "I tried it for five years. Perhaps a dramatic actress can do it, although they are temperamental and must be pretty hard to live with.

"I think it's hard for a glamorous actress to combine her work with being a housewife. To be glamorous, you have to have a certain aura about you. You can't just throw it off once you are home; it becomes phony that way. You have to have a bit of glamor all the time, and it doesn't look convincing in the kitchen."

Girl Scouts In Ceremony Here

Girl Scouts in Snyder will observe the forty-second anniversary of the founding of scouting with a ceremonial campfire and sing-song tomorrow night.

The program is to begin at 7:30 at the Girl Scout Little House on West Thirty-fifth Street, and is open to the public. Work done by the Girl Scouts and Brownie scouts will be on display in the Little House.

The anniversary observance is a part of National Girl Scout Week which began Sunday. Various phases of scouting activities have been featured on days throughout the week. Girl Scout Week, which was previously observed in October, was moved to March in order to coincide with the anniversary date.

Friendship Day Is Club Program

The Atheneum Study Club met Tuesday with Mrs. Pickse Bell and Mrs. I. B. Roberson as co-hostesses at the home of Mrs. W. R. Bell, Sr., for "Friendship Day."

The club president, Mrs. R. L. Duggar, opened the meeting with a prayer of friendship. She introduced the speakers on the program.

A poem, "Be a Friend," was recited by Mrs. Leonard Hall. Mrs. Herman Trigg gave a talk on "Friendship Between the United States and Latin America," and Mrs. S. H. Ator spoke on "Friendship and Religion." A social hour followed the program.

Present at the meeting were all the club members and six guests, Mrs. W. R. Vestal, Mrs. M. Z. Gilbert, Mrs. Oran Henderson, Mrs. Howard Van Hook, Mrs. Willard Paine, and Mrs. Ned White.

PERSONALS

Mrs. J. B. Smith, Clairemont Road, left this morning for Wichita Falls to visit her sister, Mrs. W. H. Fillmore.

Mrs. Leroy Nichols, Chapman and McFarlin Camp, is in Gainesville at the home of her mother, Mrs. W. M. Virdell, who is recovering from a recent illness.

Mrs. Dessie L. Walker of Muskogee, Okla., is visiting her daughter and son-in-law, Mr. and Mrs. Bill Brude, Clairemont Road.

Better Cough Relief

Moffett's Relays At Nearly 700 Now

If the few more teams expected to have their official entries in by today in the Canyon Reef Relays get them here, there will be more than 700 boys in the meet.

That would be 43 teams. So far, 37 teams have submitted official entries in the event, which will be held Saturday here.

Speedy Moffett, director of the meet, is finishing the job of recruiting more than 100 workers for the annual meet.

Around the country, track teams which will come here are turning in fair statistics, indicating that competition will be rough here. Sweetwater's Harold Hobbs has run the 100-yard dash in 10.4 seconds, while Brownfield's Foshee has finished in 10.7. The record in the Canyon meet is 10.2. Reagan White of Snyder has made the 440-yard dash in 53 seconds, compared to a record of 51.8.

The record for the 120-yard high hurdles here is 15.3. Colorado City's Charles Small appears able to break that record, which was set by Don Maynard of the same school. Small has made it in 15.2 so far this season. Gene Ellis of Andrews has been timed at 15.3. Ellis has also been timed at 19.9 in the 180-yard low hurdles. The record here is 20.6.

The record here for the mile relay is 3:39.5. The Lamesa team has been timed at 3:55.4.

John Kniveton of Iraan is a top contender for the mile run. He has been clocked at 4:54.5, compared to a record here of 4:53. Snyder's best time so far is a 5:29 turned in by Larry Bills.

The record on the broad jump is 19 feet, 6 inches. Joe Sullivan of Fort Stockton has jumped 19 feet, 3¾ inches. In the pole vault, the Snyder record is 11 feet, six inches. Closest to that known so far is 10 feet by J. D. Chandler and Frank Mackay of Colorado City. Clarence Miller of Crane has made the high jump at 6 feet, 1⅛ inches, compared to a Snyder record of 6 feet, 1 inch.

Mule Kayser will be referee in the meet here, while starter will be Glen Redfield. Other officials include Blue Lowry, head finish judge; Hal Battle, head timer; Gene Gibson, clerk of course; Clois Henry, recorder; Horrace Bostick, hurdle chief; T. D. Wiman, clerk of field; Guy Sullivan, pole vault judge; Forrest Beavers, shot put judge; John Conley, Bill Kelley, and Francis Tubbs, discus judges; Dan Cotton, finish judge; Kenneth Goforth, Skipper Joyce, W. R. Jones, and Charles Duran, judges of curves; Bill Morgan, Bill Line, Arel Faver, Billy Bob McMullan, and Bill Ballard, judges of relay points.

Teams officially entered are Bronte, Iraan, Winters, Tulia, Tahoka, Fort Worth Tech, Sweetwater, Snyder, Slaton, Seminole, Roby, Plainview, Odessa, O'Donnell, New Deal, Monahans, Midland, Lubbock, Levelland, Lamesa, Hobbs, Hamlin, Fort Stockton, Floydada, Dumas, Denver City, Crane, Colorado City, Brownfield, Big Spring, Bangs, Aspermont, Amarillo, Abernathy, and Peacock. Entries were expected today from Olton, Ralls, Phillips, Reagan County, Wink, Stamford, and Andrews.

Hannibal-LaGrange (Mo) 83, Bismarck (ND) 81
Lon Morris (Tex) 82, Fairbury (Neb) 58

South's J. C. Teams Leading

HUTCHINSON, Kan. (AP)—Two Southern teams have emerged as the ones most likely to fight it out for the National Junior College Basketball championship.

They are Northeast Mississippi of Booneville, Miss., and Lon Morris of Jacksonville, Tex.

Northeast Mississippi battered Ft. Lewis A&M of Hesperus, Colo., 84-61 in one of the six first-round games played yesterday.

Lon Morris easily disposed of Fairbury, Neb., 82-58, showing two high scorers. James Emerson made 29 points and Bob Burrows 25 for the Texans.

The day's top scorer was Charles Floyd of Northeast Mississippi with 35.

The tourney is a double elimination affair, so the losers have one more chance.

Today's schedule (all times Central Standard):

(First round)

2 p.m.—Moberly, Mo., vs Centralia, Ill.

3:45 p.m.—Trenton, N.J., vs Campbell, Buie's Creek, N.C.

(Second round)

6 p.m.—Brewton-Parker vs Bismarck (loser eliminated).

7:45 p.m.—Arkansas City vs Hannibal-Lagrange.

9:3; p.m.—Snow College vs Northeast Mississippi.

Nearly 1,000 Entered In Border Olympics

LAREDO (AP)—A growing entry list has boosted to almost 1,000 the number of athletes who will take part in the Border Olympics here Friday and Saturday.

Schreiner Institute and Falfurias High School signed up yesterday, bringing the entry list to 73 schools and about 925 athletes.

Jess Neely, football coach and athletic director at Houston's Rice Institute, will be referee of the track meet.

Miss Evelyn Bruni, 17, will be Queen of the Olympics and present the team trophies.

Consolidation Makes Baytown Even Tougher

BAYTOWN (AP)—A consolation approved at the polls last Saturday will make Baytown an even greater power in Class AAAA schoolboy football this year.

Voters approved consolidation of the Baytown and Cedar Bayou Independent School districts. Cedar Bayou, a strong Class A team the past two seasons, had been scheduled to move up to Class AA.

Dan Stallworth, Baytown athletic director and head football coach, said yesterday he has told the Cedar Bayou players they will have full opportunity to make the Baytown team. Cedar Bayou Coach Bob Barfield will be added to the Baytown coaching staff if he chooses.

Stallworth said he will recommend that a Baytown "B" team play the schedule that had been drawn up for Cedar Bayou for next season.

A&M Over Sam Houston

COLLEGE STATION (AP)—Relief Hurler Lou Little got major credit as the Texas Aggies defeated the Sam Houston Bearkats 14-8 yesterday in a non-conference baseball game.

With the Aggies behind 4-7, Little came on in the fifth, set the Bearkats down with one hit and one run while his teammates scored 10 runs.

DEMARCO MAKES LEFT COUNT

Paddy Demarco, of Brooklyn, jars defending lightweight champion Jimmy Carter with a left in the last round of their 15-round title match at Madison Square Garden in New York. Demarco took over the lightweight championship by decisively outpointing Carter.

Two Cagers On All-State Team For 3rd Year

AUSTIN (AP)—Temple Tucker of Bowie and Milton Williams of Big Sandy won All-State Tournament basketball recognition today for the third straight year.

Tucker, the tallest boy in the tournament which ended last Saturday, was named to the Conference AA All-State team; Williams earned his honors in Conference B. Both boys played in four consecutive state meets.

There were three other repeaters from last year and one from 1952 in the selections announced today by the Texas Sportswriters Assn. The All-State choices were determined by vote of writers who covered the tournament.

BOONE UNANIMOUS CHOICE

The 1952 All-Stater who missed last year's meet was Russell Boone of Sweeny, the Class A championship team. Boone, who set an all-time tournament record of 50 points for one game, was a unanimous choice.

Tucker, 6-1, was joined on the AA All-State quintet by teammate John Carver, who also won the honor last year, and by Derrill Nippert of Childress, Johnny Cooper of Spring Branch (Houston) and Jackie Airington, also of Bowie.

A pair of Boone's teammates, Glynn Bland and Gary Wells, split too many votes for either of them to make the Conference A All-State team. Joining Boone were Dave Hogue and Don Waygood of Sundown and J. C. Smith and Kimbrough Mosley of Buna.

THREE B UNANIMOUS

Conference B produced three unanimous choices, all repeaters from last year.

Besides Williams, they were Aubrey (Ned) Duncan and Arthur (Buddy) Ball, both of Cayuga, the Class B champion. Bryan Sutherlin, also of Cayuga, joined his two teammates. Max Williams of Avoca is the fifth member.

Tucker enjoyed the unprecedented distinction of playing on four consecutive state championship teams, Bowie being the only school ever to accomplish such a feat. Tucker scored 173 points in Conference AA tournament competition in nine games, giving him a 19.2 average per game. He played in Conference A one season.

DEADLY LONG SHOT

Williams, one of the most deadly long shots ever to play here, boasted a tournament career record of 195 points in 12 games, an average of 16.2 per game.

The other Williams, from Avoca, was the only sophomore to make All-State. He is 15, a 5-9 guard.

Nippert and Cooper are juniors. All others are seniors.

Sweetwater's Teams Winners At Hermleigh

Sweetwater Negro teams took two wins last night over teams from Stamford before a crowd of more than 200 persons in Hermleigh.

The Sweetwater boys' team took its win 55-36. Stamford gave the squad a hard game, especially during the first half. Sweetwater was ahead 14-13 at the end of the first quarter. By halftime, it had pulled out to a 24-17 lead.

Stamford's Raymond McGee gave the crowd a good exhibition in ball control, game officials said.

The Sweetwater girls' team won its game 62-40. It had no trouble taking its win over Stamford.

One Sweetwater girl scored 30 points in the game.

Each of the Sweetwater teams this year won three invitational tournaments.

The Hermleigh game was sponsored by that town's Lions Club.

Snyder Cinderman In Border Olympic Games

John Gary, former Snyder High School track star, is a member of the Hardin-Simmons University track team, which will leave tomorrow for the Border Olympics in Laredo.

Gary, a half-miler, went to the state track meet twice while in high school here. He was also a member of various relay teams here.

The cinderman graduated from high school here in 1952.

Larry Isbell Undecided On Sports Career

WACO (AP)—Larry Isbell says he hasn't decided whether to stay in professional baseball or switch to football. He might even lay off a year because of an arm injury.

The former Baylor football and baseball star denied yesterday published reports that he will quit the Boston Red Sox of pro baseball to play professional football in Canada.

"I haven't made up my mind on anything," Isbell asserted. "But I should know something in a few days."

He admitted he has talked to some Canadian pro football people.

President George Preston Marshall of the pro football Washington Redskins had said Isbell told him he had decided to accept a Canadian offer. Marshall said he told Isbell that was okay with the Redskins, who have National Football League draft rights on Isbell. Isbell took a sizeable bonus to play baseball in the Boston Red Sox system in 1952.

"I hurt my arm last summer at Louisville (Red Sox farm club)," Isbell said. "I might lay out a year and then try baseball again."

Air Force Tournament To Open In Wichita

WICHITA FALLS (AP)—The Air Force Southwest Conference Basketball Tournament was to open here today with eight teams entered.

The tourney continues through Saturday with the winner advancing to the World-Wide Air Force Meet set for Coca, Fla., April 5-10.

First round pairings in the double-elimination meet here found the following matched:

Lackland Air Force Base vs Biggs AFB.

Sheppard AFB vs Bergstrom AFB.

Walker AFB (Roswell, N. M.) vs Carswell AFB.

Ellington AFB vs Kelly AFB.

TCU Beats Baylor

FORT WORTH (AP)—Texas Christian evened its 2-game practice baseball series with Baylor yesterday by drubbing the Bears 7-6. Baylor whipped TCU 3-0 Monday.

Baylor was ahead 6-2 in the fifth but the Bears' pitching and defense crumbled in the last half of the ninth and TCU scored four runs.

SMU To Play California

DALLAS (AP)—Southern Methodist University and the University of California will meet on the football field for the first time at Berkeley, Calif., Sept. 21, 1957, SMU announced yesterday.

Missouri Upset Sends Big 7 Into Tie For Tourney Spot

NEW YORK (AP)—Only one spot remained to be filled in the round of 16 in the NCAA basketball tourneys today—and that vacancy is the result of one of the most stunning upsets in Big Seven history.

Missouri, with a mediocre 5-6 record in conference play, surged from behind in the third quarter to defeat Dr. Phog Allen's Kansas Jayhawks 76-67 last night and send the loop into a deadlock for first place.

Now both Kansas and Colorado boast 10-2 records and the NCAA representative will be decided by a draw from a hat late today in the Kansas City office of Reeves Peters, executive secretary of the Big Seven.

A question that had been puzzling the experts for the past two weeks also was answered when Kentucky, winner of the Southeastern Conference, withdrew from the NCAA Tournament because its three big stars were ineligible. Without Cliff Hagan, Frank Ramsey and Lou Tsioropoulos, who are not permitted to perform in NCAA postseason competition because they are graduate students, the Wildcats couldn't hope to win the tournament.

They captured the league crown last night in a playoff with Louisiana State 63-56 and immediately announced they would bypass the NCAA. Louisiana State, which finished the loop season with a 14-0 slate, the same as Kentucky, was given the berth.

Kentucky, No. 1 team in the country, went unbeaten in 25 games, a record achieved by few schools over the years.

One other conference champion was decided when Cornell whipped Princeton 46-44 in a playoff for the Ivy League title Santa Clara, Penn State, Notre Dame, Bradley and Idaho State gained their round of 16 berths in the tournament.

Cornell had not won an Ivy League championship since 1934. Henry Buncom, a substitute, made just one field goal and that was the winning one, with exactly one second to go.

Santa Clara won a 73-64 victory over Texas Tech, and Idaho State scored a 77-75 triumph over Seattle at Corvallis, Ore., in overtime. This was another major reversal in view of the fact that Seattle had run up a 20-game winning streak since losing its opener.

At Fort Wayne, Ind., Penn State turned back Toledo 62-50 with a late scoring burst and Notre Dame whipped Loyola of the South 80-70 for its 17th straight.

In the single game at Peoria, Bradley rolled over Oklahoma City 61-55 on the strength of Bob Carney's 27 points.

Now here is how the round of 16 shapes up Friday and Saturday:

Navy vs. Cornell and North Carolina State vs. La Salle at Philadelphia.

Penn State vs. LSU and Notre Dame vs. Indiana at Iowa City.

Bradley vs. Kansas or Colorado and Rice vs. Oklahoma A&M at Stillwater, Okla.

Santa Clara vs. Colorado A&M and Idaho State vs. Southern California at Corvallis, Ore.

The National Invitation Tournament in Madison Square Garden went according to form last night as top-seeded Duquesne and Holy Cross gained the semifinal round. The Dukes won a struggle from St. Francis of Loretto, Pa., 68-63, while Holy Cross crushed St. Francis of Brooklyn 93-69.

Eight schools moved along in the NAIA (small college) Tournament at Kansas City. Last night's results included Geneva (Pa.) 88, Indiana State 82; Lawrence Tech (Mich.) 75, Carroll (Wis.) 70; Southeastern Oklahoma 68, Montana 62; Pasadena (Calif.) 79, Bridgeport (Conn.) 60; Southeast Louisiana 77, Georgetown (Ky.) 70; St. Benedict's (Kan.) 68, East Carolina 61; Gustavus Adolphus 104, Mississippi Southern 64; St. Ambrose (Iowa) 77, North Dakota 70.

Bevo Can Pull Packed House

KANSAS CITY (AP)—All seeded teams, with one exception, showed up for second round play in the 16th annual National Intercollegiate (NAIA) Basketball tournament today.

The second round also will feature the second appearance of Rio Grande (O) College's Bevo Francis, who helped pull a packed house of 10,500 into Municipal Auditorium Monday.

Rio Grande, with Francis limited to 28 points, beat Arizona State of Flagstaff, 90-74, in the first round. Bevo and his helpmates meet Southeastern Louisiana in tonight's feature.

Of the eight seeded clubs, only East Carolina of Greenville, N.C., was bumped in the first round. The St. Benedict's Ravens of Atchison, Kan., took care of East Carolina, 68-61, last night.

The other seeded teams are Springfield (Mo) State, East Texas State, Geneva (Pa) College, Rio Grande, St. Peter's of New Jersey, Lawrence Tech and Pasadena (Calif) College.

Today's schedule (times central standard):

11 a.m.: Arkansas Tech vs. Lawrence Tech.

12:30: St. Peter's vs. Regis of Denver.

2:00: Southeastern Oklahoma State vs. Western Illinois State.

3:30: East Texas State vs. Geneva.

6:00: Nebraska Wesleyan vs. Pasadena.

7:30: Springfield State vs. Gustavus Adolphus.

9:00: Rio Grande vs. Southeastern Louisiana State.

10:30: St. Benedict's vs. St. Ambrose.

HERE'S A PACKAGE DEAL

Triplets born last April 29 get front-row seats when daddy, Seymour L. Meisel, an industrial engineer of Cleveland, fills out his 1953 federal income tax return. They are worth $1,600 in exemptions. Jonathan, center, watches intently as befits a future breadwinner. Susette, left, apparently would like to grab the pencil. Babette, right, could be wondering: "Does this all still leave room in the budget for my new Easter outfit?"

AIR OF RESPECTABILITY

Pat O'Brien Going Into The Casino Business In Las Vegas

By BOB THOMAS

HOLLYWOOD (AP) — Move over, Jack Dempsey and Joe DiMaggio. Pat O'Brien is getting into the bistro business.

The smiling Irishman is the figurehead of a group of moneymen who plan to erect a restaurant, hotel and casino on Las Vegas' famed Strip.

"They've been after me for some time to use my name for some kind of establishment," said O'Brien in the comfortable, trophy-laden den of his Brentwood home. "After all, my name has been before the public for a good many years and has acquired some degree of respectability. Other fellows—Toots Shors, Dinty Moore, Luchow, etc.—spent years building a reputation for their names; mine is already made.

"At first they wanted me to open a joint in New York. I wouldn't do it, because of my friendship for Toots. Then they wanted a place here at the beach. That didn't sound right either.

"When they came up with this Las Vegas idea, it sounded good. At first they were going to call it Pat O'Brien's Desert Spa, but that sounded a little high-toned. Now it's going to be just Pat O'Brien's.

"I have a little dough in it, but nothing compared to what the guys with the money are putting up. Mostly I just lend them the name. The only stipulation is that I be on the premises at least 24 hours of every week. I may be there more. But if a picture job comes up, I'm excused. I get paid less, but I still get paid. It's a dandy deal.

"What I'll do is a number or two on the stage behind the bar. But mostly I'll just mingle among the guests and maybe tell a few stories. That's what I like to do anyway, and I might as well get paid for it."

O'Brien's backer is his friend William O'Connor, Los Angeles businessman. He dropped in at the O'Brien home and explained that he expected the O'Brien name to add some dignity to the Las Vegas Strip.

"After all, the other places are operated by syndicates that just pick some name for the hotel," he reasoned. "None of them is based on a personality. We think the public will be attracted to Pat's place because of the integrity behind his name."

The financier said that backing was coming from New York, Texas and California businessmen, adding that their names cannot be revealed until they meet the approval of the state of Nevada.

Ground was broken for the construction of the first unit 10 days time Pat was available for the ceremonies. Actual building will begin in a week or so, O'Connor said. The casino and bar will go up first, he said, followed by a 200-unit hotel.

Automatic Warning Signal For Crossing

Installation of a warning signal light at the Santa Fe Railroad crossing at Avenue E and Twenty-fourth Street has been started, B. J. Shelley, city manager, said.

Shelley said that he was informed yesterday that equipment for the warning light is here, and that an installation crew has been moved to Snyder.

The warning signal was requested by the city council after five members of one family were killed early in January at the crossing in a car-train wreck there. That made a total of 10 persons killed at the crossing in recent years.

Recent tests indicate that children with impaired hearing are more apt to become juvenile delinquents than normal children.

Alexander Graham Bell, inventor of the telephone, was president of the National Geographic Society from 1896 through 1903.

There were about 1,553,000 marriages in the United States in 1953.

Some Crooks Are In Jail

SEATTLE (AP)—"Some of those guys in there are crooks," Sheriff Harlan Callahan said today of the prisoners in his jail with a rueful wag of his head.

He reached the conclusion in an experiment by which jail prisoners were allowed to have television. They paid for it by inserting slugs in a meter. The slugs were okay; they are purchased for 25 cents each by the prisoners from their own funds kept for them by the sheriff.

What hurt Callahan was that some of the inmates were using the slugs over and over again. He said they would lower a coin into the meter and then, using wire pulled from jail brooms, bring them up again for re-use.

The meters have been moved outside the cells and now are fed by turnkeys. The television stays keeps the prisoners quiet and docile, Callahan reported.

Has Some Explaining To Do To Draft Board; May Ask Questions

MALDEN, Mass. (AP) — James Francis Coffey Jr., was to appear before a draft board today to explain why he didn't register for the draft after he was "discharged from the service" last month.

The board's letter reminded him that the law requires a discharged serviceman to register with the draft board within 30 days of his discharge.

Jimmy is a little confused about the whole thing. He's only 8.

His father, a postman, had a little advice. "Ask about your state bonus check," he suggested. "After all, you're a veteran now."

NATION'S BIGGEST VOLUME

Record Sales Year For GM, But Profits Third Highest

NEW YORK (AP)—Ten billion dollars in sales, more than 1 billions in taxes, 508 millions in profits—that's the record of General Motors Corp. for 1953.

The sales of $10,027,985,482 were the highest in history for any private corporation and eclipsed by a wide margin the $7,549,154,419 in 1953, previous record for GM or any other firm.

Net income of $508,119,478 was only the third highest for the giant auto manufacturer but GM kept its position as the biggest moneymaker in American industry, topping 1953 earnings of 553 million by Standard Oil Co. (N.J.) and 491 million for the Bell Telephone System.

Direct taxes of $1,237,000,000 plus $661,000,000 collected by GM in sales and excise taxes came to $1,898,000,000 equivalent to $21.77 a share of common stock, compared with net income of $6.71 a share.

"Earnings continued to be adversely affected by excess profits taxes and in 1953 earnings also were affected by higher material costs, particularly higher premium steel costs, higher labor costs including large amounts for overtime premiums, and increased costs for special tools," said the annual report.

The report to GM's 495,000 stockholders, by Harlow H. Curtice, president, and Alfred P. Sloan Jr., chairman of the board, reported the company sold 3,760,000 passenger cars and trucks in 1953 against 2,629,000 in 1952. Of the 1953 total, 3,276,000 were produced in the company's United States plants and 484,000 in Canadian and overseas plants. Of 1953 U.S. and factory sales for passenger cars, GM had 45.7 per cent.

The net income of $6.71 a share, after the annual requirement of $12,928,512 in preferred dividends, amounted to 8 per cent on net sales. This compared with 7.4 per cent on sales in 1952 when net income was $556,721,179 or $6.35 a share. The only years when net income exceeded that for 1953 were 1949 when it was $656,454,332 and 1950 when it was $834,044,030, which still stands as an all-time record for any private enterprise.

Assets at the end of the year were $4,605,475,042 compared with $4,001,294,708 at the end of 1952.

Sixty per cent of the company's billion-dollar expansion program will be completed in 1954 and the remainder by the fall of 1955, said the report.

FIREMAN MAKES A FRIEND

Fireman Walter McVicker turned out to be a dog's best friend Tuesday when he rescued Louie, the mongrel, and its mistress from a smoke-filled apartment. Owner of the pet, Mrs. Julia Gilpin, 44, was unconscious when McVicker broke in, and Louie was lying on the floor near the door in a weakened condition. The fire, started by a cigarette, caused only minor damage.

Mother Drowns Her Children; 'God Told Me'

WATERVILLE, Maine (AP)—A distraught young housewife who wrote a message that "God told me" today faced a murder charge in the bathtub drownings of her three children.

County Atty. Joseph B. Campbell said Mrs. Constance Fisher, 34, would be arraigned in Municipal Court.

Richard Fisher, 6, his brother Daniel, 4, and their sister Deborah, 1, were found dead in their home yesterday by their father Carl, 35, who smashed a door to gain entrance.

Richard's body lay face down in the tub. The others were on beds.

Campbell said Mrs. Fisher was huddled in a blanket under a bed. He said she had swallowed some liquid shampoo in a suicide attempt, but it had no serious effect.

Fisher, a Maine Central Railroad employe, was temporarily prostrated when he discovered the bodies and a note scrawled on wrapping paper.

Campbell said Mrs. Fisher wrote her husband:

"It was so hard to do, but God told me it was the only way I could save them. They are in heaven safe forever from evil."

The Fisher family physician said Mrs. Fisher had been subject to periods of depression and had consulted a psychiatrist about them.

New Armored Division At Fort Hood Planned

WASHINGTON (AP)—Formation of a new armored division, to be based at Fort Hood, in the Temple-Waco, Tex., area, has been announced by the Army.

Organization of the new division, the Army said yesterday, is set to begin on June 15.

The division will be the third such unit in the tactical organization of the Army. The announcement said it would be maintained "slightly below" the normal 14,756-man strength of an armored division.

The announcement was taken to mean that, at least for the immediate future, the organizational strength of the Army will be one less division.

Earlier in the year the Army said it would return two divisions, the 40th and the 45th, from the Far East and disband them.

Hollywood Has Spirit

STILLWATER, Okla. (AP)—A pastor who preached there for 12 years scoffed at reports of Hollywood's sinfulness.

"Hollywood," said the Rev. Louis H. Evans, a Presbyterian minister, "has more spiritual zip than any place I know."

Evans was a speaker at Oklahoma A&M's three-day observance of Religious Emphasis Week.

Construction Of Water Line Nears Completion

Construction of the water line from the water plant at Thirty-third Street and Avenue M is nearing completion, and the final estimate of cost of the project will probably be received by the city this week, B. J. Shelley, city manager, said.

The contractor has replaced pavement on Thirty-seventh Street west of the Big Spring Highway, Shelley said.

The final estimate of cost on such contracts is usually submitted after the work has been completed and tested, he said.

The water line will be ready to use in providing a greater supply of water and more water pressure to residential areas in Southwest Snyder, he added.

Sen. Ralph Flanders (R-Vt) tries unsuccessfully to reach Sen. Joseph McCarthy (R-Wis) by phone Tuesday after delivering an attack on the Wisconsin senator on the floor of the Senate. Flanders said he wanted McCarthy, who was in New York, to know what he had to say about him. In his speech, Flanders said McCarthy belongs to a "one-man" party and is doing his best to shatter the Republican party by "intention or through ignorance."

Evidence indicates that Stonehenge, strange prehistoric monument in England, was built about 1,800 B.C.

The human reaction which causes gooseflesh is the same as that in animals when the hair stands up because of fear or anger.

Speed Zone Signs Are Here; Experiment With New Color Is Tried

Speed zone signs for installation on streets near some schools in Snyder have arrived and are to be installed in a few days, B. J. Shelley, city manager, said.

Shelley said that six signs bearing the wording "speed zone, 15 mph" will be installed.

He said that they will be placed on Thirty-seventh Street in the vicinity of the West Elementary School and Snyder High School, and on streets near the junior high school in East Snyder.

Two reflective red stop signs have been placed at the intersection of Twenty-seventh Street.

He said that the red stop signs are being used as an experiment to determine driver reaction to the new signs.

Pat Simmons of Miami Beach, Fla., has a happy smile as she sits on the warm sands and reads a newspaper about blizzards in northern cities.

THE DOOR WON'T OPEN

Dazed and still gripping the steering wheel with one hand, Charles Hancock is trapped in his automobile after it was caught and squeezed between two street cars in Washington. Firemen pulled Hancock from the wrecked auto through a large hole in the rear window. He suffered scalp and back injuries.

21-Year-Old Dog Is Killed By Automobile

GROSSETO, Italy (AP) — Italy's oldest dog, 21-year-old Birillo (it's Italian for Skittles) died yesterday but it took an automobile to kill him.

The old veteran, whose picture appeared in many newspapers last year when he passed 20, wandered into the street and into the path of a car.

Cameramen who photographed him last year asked what kind of a dog he was and what was his secret of longevity.

To the first question, his owner replied: "Well, mostly just mixed dog."

To the second: "I feed him vitamins."

Although she's wearing an armored dress made of old license plates, she's not a member of the 1st Armored Division stationed at Ft. Hood, Tex. She's just helping the "Old Ironsides" Division and Ft. Hood collect last year's license plates for the benefit of the Baptist Orphanage at Round Rock, Tex. The plates will be sold for scrap metal and the money given the orphanage. The girl is Miss Glenna Jean Ingram, a clerk-typist at the Central Post Fund Office at Ft. Hood.

Navy Man Can Have $100,000 If He Will Resign From Service

LOS ANGELES (AP) — Bo'sun's Mate 1.C. William Cabeca, 26, stands to inherit $100,000—if he quits the United States Navy.

He's been in the service for 10 years and likes it. So it's not easy for him to make up his mind.

A great uncle, Antone Cabeca, died and left him one eighth interest in an $800,000 Miami, Fla., hotel provided he quits the Navy.

"Maybe I'll take the dough," said Cabeca yesterday. "Then maybe again I won't."

Censorship Bill For TV Advertising Is Past Michigan House

LANSING, Mich. (AP)—The House of Michigan Legislature has passed a 56-32 a bill to ban the showing of people drinking beer and wine in television advertising. It now goes to the Senate.

Rep. John J. McCune of East Lansnig, a Republican who sponsored the bill, said the purpose was to keep children and young people from getting the idea that drinking was socially acceptable. He said it was not intended to end beer and wine advertising on television.

Texas Water Situation Is Called Serious

COLLEGE STATION (AP)—Texas faces a critical water problem but the next move toward solving it is up to the "state leadership," U.S. Reclamation Commissioner W. A. Dexheimer declared here Monday.

He called for a state-wide, long-range "partnership" program by federal, state and local authorities.

In a speech for the Texas Water and Sewage Works Assn., Dexheimer recalled that the Reclamation Bureau recently made an exhaustive study of this state's water headaches—and offered possible solutions.

"But further initiative must come from your state leadership," he said, citing President Eisenhower's budget message which called for local, state and federal cooperation in water projects.

Dexheimer added that the "fundamental unit to provide leadership" is "the legally constituted Texas River Authorities."

The commissioner gave a 7-page speech picturing sharply the water issues confronting Texas. He told of sinking water tables—of rising irrigation, city and industrial needs.

Lack of water supply can stunt the state's growth, he warned.

Dexheimer said it's mainly a problem of getting water where it's needed.

"The state as a whole is well endowed with water resources. However, at present, the surplus water in one area is not available when and where it is needed," he said.

Texas faces "a period of critical decision with respect to its future course of water resource development," the commissioner continued.

He said one proposal in the survey is a vast interbasin project which would store and collect surplus waters of eastern Gulf Coast tributaries and channel them to dry areas in the west and south.

"Above all, we must recognize that the legally constituted Texas River Authorities are the fundamental unit to provide leadership. They can provide guidance and advice, not only in the development of their own basins, but in the concept and perfection of plans for interbasin transportation of water

Hit And Run By Ship At Sea

ISTANBUL, Turkey (AP) — The American freighter Volunteer State, held three days by Turkish authorities investigating a hit-run collision at sea, has been allowed to continue her voyage to Genoa.

Maritime officials said the 7,210-ton vessel was in the area where the small Turkish ship Yayla was struck last Tuesday by a large ship which did not stop. The Yayla sank and four Turkish seamen drowned.

The crew of the Volunteer State denied knowledge of any crackup.

Her mate, William Gilmore Clary, 33, of Baltimore, Md., remained in Instanbul. He was the ship's watch officer at the approximate time the Yayla was sunk and the Turks said his help was needed to complete the inquiry. The U. S. consulate emphasized that he was neither under arrest nor charged with any violation and said he would rejoin his ship in about two weeks.

Property Taken Away From Wife Of Former Premier Of Egypt

CAIRO, Egypt (AP)—Egypt's Revolutionary Court has ordered confiscation of the millions Mrs. Zeinab el Wakil Nahas made in graft but spared the wife of Wafdist ex-Premier Mustapha el Nahas from prison because she's ailing.

The three-man military tribunal found Mrs. Nahas guilty of corruption yesterday after hearing prosecution charges that she salted away nearly three million dollars in graft during her husband's two terms as head of King Farouk's government.

The court ordered her stripped of all her property except 10,000 pounds ($28,700). But during the trial the prosecutor told the court Mrs Nahas, after Farouk's ouster, smuggled 863,000 pounds ($1,808,100) to Switzerland before she and her husband were arrested. Presumably the government won't be able to get that.
