NATION IS CALLED TO PRAY FOR EIGHTH TIME

An Appeal for Peace Between Foreign Nations Was Made by the Various Churches Last Sunday

For the eighth time in its history the United States as a nation on last Sunday, Oct. 4, observed a day of prayer. For the first time in its history the prayers of the nation were offered for the reestablishment of peace between foreign nations.

Five of the other seven days were set aside to bring about peace between the United States and fooreign powers. Two were set aside in memory of assassinated presidents—Lincoln and Garfield.

Here are the prayer days of the past:

May 9, 1798—To avoid war with France.

Jan. 12, 1815—To avoid war with Algeria.

Sept. 26, 1861—To end the war between the States.

April 30, 1863—To end the war between the States.

Aug. 4, 1864—To end the war between the States.

June 1, 1865—In commemoration of Lincoln.

Sept. 26, 1881 In commemoration of Garfield.

The various churches of Snyder, offered up their prayers to the Ruler of the universe, asking that peace, if possible, be established among the waring nations.

SCURRY COUNTY BAPTIST ASSOCIATION MET HERE

The Scurry County Baptist Association met in its seventh annual session, October 1st, with the Baptist church at Snyder.

Twelve Churches were represented by letters and Messengers. The Scurry County Association is composed of fifteen churches: twelve of which are in Scurry, two in Borden and one in Garza.

O. J. Hull has been the County Missionary for the past three years; he resigned this work to ehter school at Simmons college, Abilene, Texas. His father, I. D. Hull, was elected by the Board to take his place. More than 100 people have been received into the churches of this association during the past year by experience and baptism and 126 by letter.

This body represents something like 1000 Baptists. They have paid during the year $1,500.00 to Missions. Rev. M. T. Tucker was elected Moderator and C. R. Lockhart, Secretary and Treas.

The next session of this body will be held with the Ira church on Thursday before the second Sunday in September, 1915. M. H. Godfrey will preach the introductory sermon.

The following visitors were present:

R. W. Merrel of Abilene, representing the State Mission work of Texas; A. B. Ingram of Austin, representing the University Church Building work; J. P. Hadisty and F. C. Dick of Abilene, representing Simmons college; J. A. Lindly of Sweetwater, representing the Western Evangel and Baptist Standard; Mrs O. H. Cooper of Abilene, representing the ladies work; H. L. Polk, J. W. House and Eld. F. M. Elliott were correspondents from Fisher County Association; J. J. Pipin of Bryan, Texas, in interest of Buckner Orphans Home.

CAN A TRULY REGENERATED SOUL EVER BE LOST?

The Above Question is Being Discussed At The Presbyterian Church By Rev. U. C. Howard, the Pastor

According to my usual custom (about once a year) to give some lectures upon some Presbyterian article of doctrine or polity, I am now beginning a series on the question, "Can a Truly Regenerated Soul Ever Be Lost."

Heretofore I have discnssed "Presbyterian Polity;" "The Mode of Baptism;" "Infant Baptism;" but not before (since coming to Snyder) have I discussed the present question, except incidentally.

I have given the question some tolarably close study and feel that I have some points of interest.

As in the discussion of the other questions, I have sought to be perfectly fair. So in this I shall endeavor to give the strongest points I know of on both sides of the question.

Next Sunday at 11:00 a. m., will be my next lecture.

These talks are only for those who have not made up their minds; for the instruction of my own congregation, and for close Bible Study on the greatness of God's salvation for men.

Both morning and evening hour will be devoted to this subject.

U. C. HOWARD, Pastor.

FIRST MONTH OF SCHOOL CLOSES.

The first month of the Snyder Public Schools closed Friday, Oct. 2. The work for the month was well up to the records made in the past and the attendance was much better than the same time last year. This is especially true of the High School department where there are a number of pupils who have not been there before. These pupils have come because of the superior advantages offered by our High School and we welcome them. These fine young people who are seriously in earnest about their work, are making fine records and our own Snyder boys and girls are finding them an inspiration.

The classes in the High School are larger than last year. There are twenty five in the Senior Class. Loy Rensour is President Seniors. There are twenty-two in the Junior Class and they are doing fine work. They are also well organized. The Sophomore Class has forty-five members and are doing excellent work. They are really making a record that they will be proud of in years to come. They are not the kind to wait till they are Seniors to get to work and make good records, but are working on the job now and will make it interesting for even the Seniors to keep up with them in grades made monthly. The Freshmen are doing full duty and the class is reasonably large. Several new pupils are found in that class and they are doing themselves honor as students.

The student body seems to have caught the spirit of work and the High School with Motto, "Work or Get Out" is proceeding to get results. The school spirit is stronger this year than ever since we have been here and we find less difficulty in adjusting matters satisfactorily.

The monthly report cards have been sent out and parents have been notified of the work done by their children. We have tried to make these reports fair and honest. We are sorry to report any low grades, but we must give the parent a true report. Most of the grades made have been good and in some instances excellent. If any parent is not satisfied with the grades we will take it as a favor if you will see us about it. We want to work with the parents and want them to work with us for the best interests of the children. The work of the Grammar and Primary grades has been good. Below are a few facts that will be interesting to the people:

Enrollment in Grammar Grades at Central Building.

7th grade.....19 boys 15 girls
6th grade.....18 boys 25 girls
Miss Vera Heath, Teacher

5th grade.....15 boys 23 girls
Miss Veda Maxwell, Teacher

4th grade.....22 boys 20 girls
Miss Maggie Lee Hull, Teacher.

Enrollment Primary Department Central Building.

1, 2 and 3 grades 32 boys 55 girls
Misses Grace Moore and Nannie Ball, Teachers.

Enrellmeut, North Ward

4th and 5th grades,.. 13 boys, 14 girls
Miss Lela Porter, Teacher

1st and 2nd. grades,.. 3 boys, 12 girls
Miss Mary Heath, Teacher

Enrollment, Colonial Hill.

3rd 4th and 5th grades 15 boys, 18 girls
Miss Zada Maxwell, Teacher

1st and 2nd grades.... 12 boys, 17 girls

Below will be found the names of all pupils below the High School who have not been absent or tardy during the month and whose average grade is 90 or better, and whose deportment is not below 90. This Honor Roll will be published at the close of each month. We hope to have several new names on it next month.

Miss Vera Heath's Room.
Raymond Cole, Lyle Deffenbach, Morris Watson, Vera Turner and Loree Stokes.

Miss Hulls Room
Beulah Ballard, Nirda Nelson and Lillian Greere.

Miss Grace Moore's Room
Flora Popnoe, Vivian Byrd, Mattie Ross Cunningham, Henry Cotten, Clara Maye Couch, Byrdie Louise Dantzler, Johnnie Lee Parsons, Mary Strayhorn, Edna Yonge, Earnest Beck, Louis McConnell, and Edwina Barnes.

Miss Ball's Room

Miss Kelly's Room.
Nelson Ezell, Aubrey Stokes, Ruth Belle Boren, Clara Belle Clark, Ruth Rosser, Earnestine Rosser, Ella Pearl Baker, Willie Fern Curry, Leola Blackard, Lary Waskom.

Miss Mary Heath's Room.
Janie Davis, Pauline Jenkins.

There have been fewer cases of tardiness this month than any other for the past two years. The tardies in the High School has shown a marked falling off, there being only 25 for the whole month as will be observed above, the enrollment has reached 150. Eight pupils have been dropped, which leaves a net attendance o 142. Considering the big crops and the depressed financial conditions we consider this attendance phenominal. We are proud of it and are doing all in our power to make it worth while to all those who are making the necessary sacrifice for their children.

Thanking the good people of this community for their support in the past and asking for perfect loyalty in the present and the future, I am,

Yours to serve,
E. A. Watson, Supt.

Judge Fritz R. Smith was confined to his home last week with fever, but we are glad to report him up and on our streets again.

Gin Burned

The large cotton gin at Dermott, owned by W. A. Fuller of this city, was destroyed by fire early last Sunday morning. It is supposed that the fire originated from sparks flying from a passing railroad engine. This is a great misfortune to the farmers of that community as well as to Mr. Fuller. We understand the gin was partially insured.

Buys Fifty Bales

L. B. Hood a prominent land owner west of Fluvanna, has bought fifty bales of cotton at 10c per pound. He bought this cotton from his neighbors so as to enable them to meet some of their pressing obligations.

Jacob L. Price, a representative of the Merchants Exchange National Bank of New York City, was here last week, on business.

Sell a little cotton and keep a lit-le more.

A man that can succeed in working, is to me always a man. —Carlyle.

No my son, a college education won't hurt you, if you show a willingness to learn something after you acquire it.

When you are away on a visit keep "the old town" on your mind and speak a boosting word in her behalf. Nothing helps more than this class of advertising. It's the kind that pays.

The man who raises what he eats at home is not worried much over the present state of affairs. He can get through it with colors flying. It's the all cotton man who is going to suffer most.

The News feels proud—and justly so—of its growing subscription list. We are continually adding new readers to our list and every subscriber speaks well of our paper. We invite you to keep your eye on our list and watch it grow.

Give peddlers the cold shoulder. They have no business reputation to sustain, and are more likely to skin you than not. There is absolutely not one single advantage in buying from a peddler: therefore give itinerants the shake and patronize home folks.

Earl Kitchener, secretary of state for war of England, has taken the country into his confidence, and states that in his opinion, the war will be long drawn out. It is to be hoped the old boy is wrong in this opinion, for this part of the world does not need a long drawn out war.

Saturday was a "hummer." The old town was full of people and our merchants had an extra good day. But it's the "Snyder Way"—a business town, backed by and composed of livewire business men and a hustling set of farmers. Come to Scurry county and make your home at Snyder.

It doesn't pay to gossip about one's neighbors. Let us have kind thoughts and good words for everyone, and be sure to lend a helping hand whenever occasion calls for it. In trying to lighten another's burden, we forget our own, and the kind thoughts we send out come back to us like echoes.

You will want an Alarm Clock if you want an early start this fall. Grayum Drug Co., has the best one dollar clock yet.

Good schools are of the greatest benefit in building up a community. You can't keep a good thing down. Good schools attract the attention of surrounding communities. They bring in new pupils to the school and there is nothing that awakens the interest of the citizens more than to notice that outsiders are noticing them. Let us encourage our splendid schools at every possible opportunity and results will be certain to follow.

Now Ready To Gin

We wish to announce to the farmers of Scurry County that we are now ready to gin all cotton brought to us. Our gin has been put in first class condition and we have all the latest machinery for cleaning and ginning your cotton.

We will appreciate all patronage accorded us.

Yours for ginning,

Obituary

Died Oct. 2d. at her home at Dermott, Sister Ola Browning, wife of Thell Browning and daughter of A. T. and Mrs. Boyd of Jones county. Sister Browning was loved by all who knew her, was sick only a few days, and all that loving hands could do was done for her. Sister Browning was an earnest, faithful Christian worker, had been a member of the Baptist church for 14 years. Was born Jan. 15, 1884. Departed this life Oct. 2d, 1914.

Her son Caleb, who had been in the Post Sanitarium arrived at the cemetery just as his mother was being lowered in the grave. The lid was removed and he was permitted to look on the face of his motoer for the last time. Verily she is not dead but sleepeth, awaiting the Resurrection morn.

Sister Browning leaves behind Five boys. ages 14, 12, 11, 8 and 5. Three brothers and three sisters did not arrive until after she was dead. We commend the bereaved ones to Him, who doeth all things well.

Her pastor,
C. E. Leslie.

We recognize your right to spend your money where y please, and it is not our intention to question that right. I we do want to impress upon you the undisputable fact that is to your best interest to supply your wants from the sto in this community.

Our local stores carry as good a line of merchandise be secured, local prices compare favorably with those ot elsewhere, and our home merchants are a vital force in building of this town and surrounding trade territory.

We realize that you are not bottled up in this commun like a fleet of warships in a blockaded harbor. We know w an easy matter it is for you to take a shopping trip to ou town stores, or to send a check or money order to foreign order houses. The only question is: Does it pay you to do

A community without adequate shopping facilities is an engine without fuel, and a community in which there is an active buying market for raw products produced locall as bad or worse.

Local mercantile establishments make possible both bu and selling facilities, and upon these two factors depends prosperity of our community.

Further argument should not be necessary to convince most skeptical mail order buyers and out-of-town shopp that the welfare of this locality and the extent of their indi ual prosperity depends upon the amount of patronage exte ed our local business institutions.

MEN ARE SO QUEER

By R. S. JONES.

"Tom was terribly annoyed," sa the young woman with the fluffy ha and the hint of a baby stare. "It perfectly funny the way a man a just because he is your husband— you ever notice it?"

"It is, indeed!" said the others chorus.

"How was I to know that sensib business men would take me so se ously?" pursued the fluffy you woman. "I thought they were su posed to have discernment and sen At least, Tom is always preachi about their superiority in that respe Tom explained to me very carefu before we went to the automob show last month that we couldn't b a car. He said we couldn't afford considering my hat bills and his ciga and the notes coming due on t house we bought last year. I sure I had it all perfectly clear my mind, so I am positive I was n to blame.

"But did you ever notice what p fectly fascinating young men they p in charge of the exhibition cars at automobile show?"

"I should say I have noticed them said the brunette girl.

"And, anyhow, Tom had no bu ness to run across two college frien the minute we got inside the sh and pay so much attention to th that he couldn't pay any attention me! Those three would cluster gether over a chassis with a lot crazy machinery stuck on it and t like mad. So I simply had to something to kill time."

"Of course you did!" agreed others.

"So when at the first booth a go looking man who saw me studying touring car asked me if I was int ested I said I was. Then he was j as nice as could be. He told everything about the car and ma me get in it and explained just hov could run it myself and wanted n address to send me a catalogue. said he'd be pleased to come out so day with the car and show me how ran and give me a lesson. He was set on coming that I hated to hu his feelings, so I did not refuse.

"It was just the same way at t next place and ever after. Tom a his friends were so busy over horr old machinery that I was considerab left out. However, I made lots friends among the agents.

"All of them wanted to bring ou their cars to demonstrate to me ho superior they were and, as I had tol one man he could come, it didn't seem a bit fair to the others to refuse an of them, so I said I'd be delighted. had occurred to me that I owed a ter rible lot of calls and that it would such a nice way to get around and pay them.

"I didn't think it necessary to mention the matter to Tom. He did remark that a huge lot of catalogues was coming to our house and it was a wonder where those fellows g people's names and, anyhow, than goodness, he didn't have a machin eating its head off and making hi poor! Men are so selfish.

"The Zero automobile man came o the very day after the show clos and we had a beautiful ride. I ma six calls. However, I quite change my opinion of him, because when came out of the last place he seem actually cross and said things abo waiting in cold weather. I don't s how he expects to sell cars witho showing a little consideration for cu tomers. I told him I didn't think liked his car at all.

"Then there was the Largo car ma and the Allegro man and the Forti simo man and the Solendiferous ma and about six different electric com panies and a lot more whose name I forget. When they came one at time it was lovely.

"I did two teas one afternoon in th Largo car, but the man lost his tem per, and when I came from the sec ond tea the wretched creature ha driven off and I had to go home o the street car!

"The queer thing was that every one seemed so indignant when I re fused to give an order for a car and said things about my leading them on. The worst of it was that Tom came home ill with the grip one afternoon just as seven different cars arrived all at once to take me out! He said h thought I was giving a funeral or a tea.

"When he understood—my dears, have you ever seen a man suffering from bad temper and grip simultaneously?

"I explained to him most carefuly that it wasn't my fault at all, but he roared that he was ashamed to look a man in the face from that time on for fear he was one of the automobile agents I had shamefully deceived— yes, that's what he called it—and that he'd like to know what women had in place of consciences anyhow. What do you think of that? Aren't men utterly queer?"

"They surely are!" the other young married women agreed. "When you hadn't done one single thing, either!"

See H. H. Cotten for abstracts and loans on city property.

1o9 Here is a party who has a practically new 3 room house and two lots, close in on good corner, in Oklahoma City, valued at $15oo.oo also 5 acres on the El Reno car line and lays nicely. Has small house, peach, pear, apple and cedar trees doing nicely. It is on a corner and close to a good town, Bethany, a suburban addition to Oklahoma City: Is on the valley of the North Canadian, which is very rich soil. Bethany has as fine schools and colleges as are to be found in the State. This is a five-acre tract that party cut off and held from his old farm which he sold to the electric car company for $200.00 per acre, and is now laid off in small tracts along the car line. This five acres is offered for $200 00 per acre, or $1000 00 for the entire tract, including the improvements, both properties amounting to $2500.00. An encumbrance of $500.00 can be assumed by purchaser or owner will pay off if necessary. This party wants some good smooth land in Texas, about 3 to 5 sections of cheap land. prefers land with running creek and timber on it. He will put in this property and pay balance in cash, or cash and notes. Submit a proposition for this man and make the very best possible price, not one that you would expect to fall from, for this party is ready to do business and will make inspection just as soon as he finds something that interests him. Let us hear what you have to put up to him and we will get busy at once and see what can be done.

1o8 This party wants good land in shallow water country, sufficent to irrigate, as he intends to colonize the land. He has 48 valuable lots in Oklahoma City, prominently located, high and level. twenty blocks north and west from the State Capitol which is now under construction and property is constantly increasing in value, it being predicted by people of good judgment that property in this section will double in value in the near future, which is reasonable. These lots are platted and lay together; have a fine view of the City and the capitol. They contain improvements consisting of one 2 room house, one 4 room house, one 6 room house and brick store building, also has two wells of good water, barns etc. A large amount of capital is interested in this part of the city and a great deal of improvement has been done. There is no doubt but that this property has a great future. There is an incumbrance of $3000.oo on this property that purchaser would assume. The buildings and all go with the lots for 55oo.oo per lot. This would amount to $24,ooo.oo, and owner will trade for twice this amount in good land at the right price and give notes for balance on reasonable time and rate of interest. He will settle up and improve the land that he buys, making the security gilt edge. He has very desireable property and very reasonable in price, as an investigation will prove; will have to be seen and compared with other values to be fully understood and appreciated. What have you to offer?
