New A-Weapon Drive In Korea Asked By Gore

(By The Associated Press)

WASHINGTON, April 16 — Rep. Gore, D-Tenn., indicated today that the United States has perfected "cataclysmic" new atomic weapons to spread deadly radioactivity. He urged President Truman to order their use in Korea.

Gore urged President Truman to use some of "these immense weapons" to "dehumanize" a belt across Korea — making it unfit for all life and thus a barrier to all military ground operations.

The Tennessean has access to information about atomic developments as a member of the House Appropriations Subcommittee which handles funds for the Atomic Energy Commission (AEC).

"WE HAVE IT"

He made public a letter in which he told Mr. Truman:

"Something cataclysmic, it seems to me, is called for. We have it.

"Please consider using it."

While the AEC and military authorities are known to have been working on weapons which, without an A-bomb blast, would spread radioactivity, Gore's statement was the first word from an official source that they are ready for use.

TWO SUGGESTIONS

Gore offered two suggestions:

1. Remove all Koreans from a belt across the Korean peninsula and then dehumanize it by surface radiological contamination; and

2. Make available and ready for the Far East command more bombs and other atomic weapons to repulse a submarine attack on our naval forces or any attempt to invade Japan.

"I have heretofore publicly, and in the privacy of committee councils," he wrote, "expressed opposition to the use of atomic weapons conflict.

"But now, I believe the calamitous danger which we and the free world face requires some such forthright policy."

FOES CAN CONTINUE

Telling Mr. Truman he hesitated to make the suggestion because he is "in no way, a military expert," Gore said he had recommended millions of dollars in appropriations for the atomic program "all for the purpose of saving the freedom of our country and the lives of our people."

He continued:

"Korea has become a meat grinder of American manhood.

Military authorities including (Lieut.) General (Matthew) Ridgway, have said that under present policies a conclusive military victory is impossible.

"We must recognize that under present policies our Communist foes have the capacity, what with geographic and human preonderances in their favor, to continue this meat grinder operation indefinitely.

"We are told that a spring offensive is being mounted now. True, our men have learned better how to meet the foe; true, they will fight bravely; true, enemy losses will be staggering.

'Builder' Wrecked

CUT BANK, Mont., April 16 (AP)-The Great Northern Empire Builder passenger train, carrying 147 persons, was derailed today. First reports said no one was killed, but several were injured.

Meyers Gets Year and Day In U. S. Prison

BALTIMORE, April 16. (AP)—Bennett E. Meyers, cashiered Air Force general, today was sentenced to a year and a day in prison and fined $15,000 for evading $61,400 in federal income taxes.

The 55-year-old former major general pleaded guilty to the charges.

Meyer faced a maximum penalty of 30 years in prison and $60,000 in fines—five years and $10,000 on each of six counts in the two indictments against him.

One of the indictments covered his income in 1941, the other covered 1942 to 1946, inclusive.

In that time, the government charged, he had an income of $209,556 and should have paid income taxexs totaling $90,986. Instead, the government charged, he reported only $94,076 and paid only $19,585.

Meyers was top purchasing agent for the Air Force in Washington and at Wright-Patterson Field at Dayton, O., during World War II.

He was freed from a federal reformatory Feb. 1 after serving almost three years of the twenty-months-to-five-year sentence he was given for inducing an associate to lie to a Senate investigating committee.

Meyers was the central figure of a sensational Senate inquiry in Washington in the fall of 1947. It came out then that most of his income came from Aviation Electric Corporation at Vandalia, O., which he operated through a set of dummy officers. The firm got extensive war contracts while Meyers was top procurement officer for the Air Force.

Will Explore Permian Sand; Fuller Ranch

The Texas Co. No. 156-F P. L. Fuller is to be a wildcat to explore a lower Permian sand in theCogdell field of Central-North Scurry County.

Projected to 5,275 feet, the wildcat will be drilled 4,644.55 feet from north and 467 feet from east lines of section 652, block 97, H&TC survey.

At present, the only producing horizon in the Cogdell field is the Pennsylvanian reef.

The sand to be tested by No. 156-F Fuller showed good signs of commercial production in other wells drilled in the Cgdell area.

NO. 2 STERLING

Shell Oil Co. No. 2 Sterling, flowing discovery from the Pennsylvanian lime reef in Southeast Borden County, is to set and cement five and one-half inch casing at the top of the reef.

After the plug cures, it will be drilled out and the new field opener will be drilled deeper.

Top of the reef is at 6,600 feet. That is a datum of minus 4,368 feet.

The project has flowed oil on two drillstem tests between 6,600 and the present total depth of 6,662 feet.

The first test was at 6,605-40 feet. The well flowed 122.5 barrels of oil in one hour from that interval.

It then deepened to 6,662 feet and took a drillstem test with the packer a 6,630 feet. The well flowed 120 barrels of oil in one hour from that zone.

The wildcat is 656 feet from west and 779 feet from south lines of section 70, block 25, H&TC survey. It is two and one-half miles northeast of the Reinecke field and about the same distance south of the Von Roeder field.

PLUG DAWSON WELL

Standard Oil Co. of Texas No. 1 Glen F. Pool and others, Northwest Dawson County wildcat, is to be plugged and abandoned at total depth of 11,952 feet in an unidentified formation.

This prospector did not find any shows of possible production.

Location is 1,980 feet from north and 660 feet from east lnies of sec-

(See OIL NEWS Page 2)

Private Rites Set for Bevin

LONDON, April 16. (AP) — Private funeral services for former Foreign Secretary Ernest Bevin will be held Wednesday afternoon at Golders Green, a London suburb. Cremation will follow.

Only members of the family of the veteran Labor Party leader, friends and close associates will attend the services.

Bevin died Saturday at the age of 70, a month after he resigned from the cabinet post he held since the Labor Government came into power in 1945.

His death stepped up the undercover tug-of-war for power within the Labor Party, a fight that may hasten a general election.

Aligned on one side are Prime Minister Clement Attlee and Herbert Morrison, Bevin's successor as foreign secretary. The two, along with Bevin, controlled party policy and together were able to withstand any serious challenge from a more extreme party faction headed by Labor Minister Aneurin Bevan.

Negro Woman Is Shot Here

Mrs. Mabel Powell, 33-year-old wife of Ennis Powell, Snyder Negro, was seriously wounded late yesterday afternoon when she became the victim of a shooting.

The shooting occurred about 5:15 o'clock in a cafe operated by Anderson Davis, Sr., in the Negro section of Snyder. A Negro woman who said she was a cook at the cafe is being held in the county jail in connection with the incident.

Bob Davie, district attorney, said the grand jury, now in session, would investigate the case. No charge has yet been filed, pending the investigation and the condition of the victim.

The victim was taken by a Bolger-Barnes ambulance to the Snyder Hospital, where her condition was reported improved this morning. She was shot once in the right breast and twice in the back with a .25 caliber automatic pistol, officers said.

Van Fleet Takes Over 8th Army Command

Lieut. Gen. Matthew B. Ridgway, new supreme commander, (left) and Lieut. Gen. James A. Van Fleet, new 8th army commander, salute the colors during a changeover of commands in Korea. Ridgway relinquished field command of the 8th army and flew to Tokyo where he replaced Gen. Douglas MacArthur, displaced April 10 by President Truman. (AP Wirephoto via radio from Tokyo).

East Texas Voters Side With Truman

By TEX EASLEY

WASHINGTON, April 16. (AP) — A poll on current issues taken by Rep. Tom Pickett of Palestine (D) among voters of his East Texas District shows that most of them go along with the Truman foreign policy.

The survey was taken before the firing of General Douglas MacArthur by the President.

Pickett sent out questionnaires to the poll tax paying residents of the 12 counties he represents. Approximately 39,000 forms were mailed out. Those replying had to be interested enough to provide their own return envelopes and stamps. He got back 2,964.

The counties in his district are: Anderson, Cherokee, Grimes, Henderson, Houston, Madison, Montgomery, Nacogdoches, Polk, San Jacinto, Trinity and Walker.

CONTROLS FAVORED

The replies also disclosed that most of those answering favor governments controls of prices, wages, rents, materials and manpower as part of a full mobilization program. They feel the government should try to operate on a "pay-as-we-go" basis even though it means higher taxes and increased postal rates.

On the question of drafting 18-year-olds, the biggest percentage ducked the issue, failing to put an "X" in either the "Yes" or "No" column.

The responses showed that 33.2 per cent would call up 18-year-olds before veterans and family men; 14.1 per cent would call them up only as a second choice after all of the other sources had been tap-

Jaycees Win State Award

The Snyder Junior Chamber of Commerce was named the outstanding first-year club of the state at the close of the annual convention in Houston Saturday night.

As recipient of this honor, the club was presented the Dunigan Memorial trophy at a banquet in the Emerald Room of the Shamrock Hotel. The 18-inch trophy will be displayed at the Junior Chamber meeting here tonight.

Delegates to the convention from Snyder were Renal Rosson, Lindy Clark, Dr. Robert Hargrove and Lloyd Clark, who were accompanied by their wives.

The outstanding first-year club in the state is chosen at the state convention each year on the basis of achievement. Each club entering the competition submits a scrapbook containing clippings and pictures of its activities. Dr. Hargrove was chairman of the scrapbook committee here.

The club was also awarded a certificate of merit from the Junior Chamber of Commerce national headquarters in appreciation of its 100 per cent subscription to the Memorial Building fund.

Officers elected at the convention included Jim Lindsey of Stamford, who was named vice president of region four, which includes Snyder.

Baby Diapers Aid B-47's

WICHITA, Kas., April 16. (AP)—Now they're using baby diapers on the Air Force's B-47 Stratojet planes.

Even Don Penner, senior material buyer for the Boeing airplane plant didn't know. He got a requisition for a dozen diapers for the big bombers, scratched his head a while, then checked with the superintendent who put in the order.

The superintendent, Ray Mitchell, gave this explanation:

The diapers are used to clean the bomb sight lens. The soft, lint-free material is ideal for the job.

Cold Fronts Expiring, But Rather Slowly

(Associated Press Staff)

A week-long procession of minor cold fronts that kept Texans shivering appeared to have ceased today as the one which marched through the state Sunday was dying out in the Lower Rio Grande.

The last front, which dropped temperatures to 24 at Dalhart and 29 at Amarillo Sunday night, was causing winds up to 30 miles per hour near Brownsville and on the Gulf Coast.

The New Orleans Weather Bureau ordered small craft warnings continued today from Lake Charles, La., to Brownsville, Tex.

Skies were relatively clear over most of the state. Temperatures, cool everywhere early were expected to rise throughout the day and drop to about Sunday night's level tonight.

No rain was reported.

Dalhart and Amarillo were the only points reporting sub-freezing temperatures, but most of the state was chilled. The high minimum was Brownsville's 72.

The high temperature Sunday was 95 at Laredo.

The forecast for East Texas called for partly cloudy skies and cooler temperatures in the south portion tonight, with warmer temperatures and partly cloudy skies in the north and central portion Tuesday.

Partly cloudy skies and cooler temperatures in the El Paso area, Big Bend country and the Del Rio-Eagle Pass area were predicted for tonight. It was expected to begin warming up Tuesday in the Panhandle, South Plains and Upper Pecos Valley eastward.

Texas Group Gets Land Bid

DUNDEE, Scotland, April 16. (AP) —The Matador Land and Cattle Company, Ltd., owner of huge Texas ranch holdings, has received an American offer to purchase the company's shares, it was announced today at the annual meeting of shareholders.

The offer is being considered, but no decision has been made yet, W. D. MacDougall, company chairman reported.

Sweeping Quiz Over Foreign Policies Asked

WASHINGTON, April 16. (AP) — Republicans called today for a searching investigation of administration Asiatic policies as their reply to President Truman's charge that the GOPis trying to confuse the country.

They argued that the arrival here Thursday of Gen. Douglas MacArthur, whose dismissal by Mr. Truman was so intimately connected with Far Eastern policy, would provide a logical starting point.

Senator Ferguson (R-Mich) said that after Congress hears from MacArthur it ought to set up a Senate-House Committee for a sweeping investigation of Far Eastern policies.

Ferguson suggested a "Pearl Harbor" type of investigation, referring to the Senate-House Committee Vice President Barkley once headed to inquire into the Hawaiian island disaster which plunged this country into World War II.

ADDRESS THURSDAY

MacArthur is expected to tell a joint meeting of the House and Senate Thursday his ideas —"in general," as he put it—about how to defeat Communism in Asia.

Up until late Sunday, it was anticipated MacArthur would come here Friday after a huge welcome being planned for him in New York.

But Rep. Joe Martin of Massachusetts, the House GOP leader, said there had been a change in plans. Martin said the general will address Congress Thursday (11:30 a.m., CST).

Martin is author of a resolution by which Congress formally will invite MacArthur to address a joint meeting. The resolution probably will be approved Tuesday; no significant opposition was in sight.

There still was doubt whether the five-star general would accept an invitation by the Senate Armed Services Committee to testify behind closed doors on the military situation in the Pacific.

He notified Chairman Russell (D-Ga) of the committee late Saturday it would not be appropriate for him to accept such an invitation while the full Congress was considering asking him to address a joint meeting.

POLICIES SPLIT

Mr. Truman fired MacArthur Wednesday because, he said, the General was "unable to give his wholehearted support" to the policies being followed by this country and the United Nations in the Korean war.

Mr. Truman told a Democratic party dinner here Saturday night the Republicans are putting out a lot of "political hokum" against the bipartisan foreign policy "because they think if the country is confused enough they may be able to win the next election."

He made only indirect references to the MacArthur ouster, but it was evident he was replyng to the foreign policy criticism stirred up by that action. His administration will never appease Communism, he said.

Senator Cain (R-Wash) pointed up the policy split Sunday when he announced he will move in the Senate for a formal declaration of war against all U.N. enemies in Korea, including Manchuria.

"I intend to make such a resolution to find out where we are and where, for God's sake, we are going," Cain said.

Recruits Not Being 'Coddled,' Nor Are They 'Roughed Up'

WASHINGTON, April 16. (AP) —A group of Senate investigators finds that armed services recruits are not being "coddled" and neither are they being given too rough an introduction to military life.

The report was made Sunday by eight special investigators of the Senate's Armed Preparedness Subcommittee, headed by Senator Lyndon Johnson (D-Tex). It was based on a quick check of 16 recruit training centers of the Army, Navy, Air Force and Marines.

Johnson ordered the nationwide investigation after his group made a critical report on the Air Force Basic Training Center of Lackland Air Force Base, San Antonio. The earlier report accused top Air Force officers of making a "greedy grab" for recruits anxious to escape being drafted for the infantry. It said the overcrowding caused a

Fire In Manhattan Hotel Sunday Noon

A small fire in the Manhattan Hotel on the south side of the square yesterday at about 12:30 p.m. was quickly extinguished by the Snyder fire department.

The fire apparently started from wiring between the ceiling of the second story and the floor of th third, firemen said.

They said that damage was only slight.

Allies Smash On 9 Miles Into Red Korea Key Bases

MacArthur Hailed At Honolulu Pause

By The Associated Press

HONOLULU, April 16 — Gen. Douglas MacArthur, stripped of his top military commands ,arrived early today from Tokyo on his way to the mainland for a hero's welcome and a political battle over American policy in Asia.

His big transport plane glided onto Hickam Field's runway at 12:28 a .m., CST .Seven minutes later he stepped on American soil for the first time since his 1950 Wake Island conference with President Truman. He has not been on the U. S. Mainland for 14 years.

TOKYO, April 16 — General Douglas MacArthur left Japan today amid a great tribute from the Japanese people he ruled and Allied forces he commanded.

His constellation plane Bataan roared into the spring sunshine at 7:21 a.m. 4:21 p.m. CST., Sunday) ending an epoch that remained dramatic and ironic until the last moment.

Fourteen minutes later his successor, Lt. Gen. Matthew B. Ridgway, moved into the same plain headquarters office from which MacArthur ruled Japan for five years and seven months.

CONFER IN AIR

Five hours after General MacArthur left Tokyo he had a dramatic plane-to-plane discussion of the proposed Japanese peace treaty with John Foster Dulles, special State Department adviser.

Their planes passed high over the Pacific about noon, Tokyo time (9 p.m. Sunday, CST).

On his arrival in Tokyo, Dulles was met by General Ridgway.

He said MacArthur told him "I could count completely on any help and assistance that he could render."

The Japanese gave their conqueror the greatest acclaim they have ever shown a foreigner.

JAPS JAM STREETS

Between 500,000 and one million people jammed the streets for a final glimpse of "Field Marshall Makas-sar," as they call him. They paid tribute their own way, with reverent silence and polite bows, during the general's 12-mile motor trip to the airport.

Military associates gave MacArthur a 19-gun salute from stubby 105 mm howitzers. They said he was entitled to two more rounds than other American generals, because he had served as Supreme Commander for the Allied Powers in Japan.

It took 30 minutes for the drive to the airport and out of the lives of the Japanese. In 14 minutes the general completed his military ceremonies and greeted

See MacARTHUR, Page 2

Nation Plans Vast Tribute To MacArthur

(By The Associated Press)

Gen. Douglas MacArthur's homecoming will be heralded by big and noisy "welcome" tributes in many communities across the nation.

The programs signalling the general's return after 14 years in the Far East call for parades, receptions, whistle blowing, horn tooting, and ringing of church bells.

Most observances are timed to coincide with MacArthur's arrival in San Francisco, expected late Tuesday.

San Francisco and New York City are planning what will probably be the most spectacular tributes to the five-star general, ousted from his Far Eastern commands last week by President Truman in a policy dispute.

WELCOME WEDNESDAY

But the celebrations are not limited to the cities on MacArthur's itinerary. Typical of the various honors is the proclamation of "MacArthur Day" Tuesday in Rotterdam, N. Y.

The Golden Gate will give MacArthur an official hero's welcome sometime Wednesday. Plans for a Tuesday reception were cancelled Sunday when the General telegraphed that he would not arrive until after dark.

A formal reception at the airport, a parade into San Francisco, and greetings at the City Hall had been scheduled.

In New York City, MacArthur is booked for a returning hero's parade on Broadway Friday. The general wired Mayor Vincent R. Impellitteri Sunday he would arrive in New York late Thursday.

The Waldorf-Astoria Hotel, where the MacArthurs plan to stay, readied a huge five-star banner to hang from its flagstaff.

TO ADDRESS CONGRESS

Columbia Broadcasting Company Correspondent George Herman reported from Tokyo that Mrs. MacArthur said their "current plan is to settle down in New York City."

Rep. Joe Martin (R-Mass) said the general would fly to the nation's capital from San Francisco on Thursday to address Congress that afternoon. Later the general will fly to New York.

MacArthur's tentative itinerary previously scheduled his Washington appearance after the New York welcome.

MacArthur has been invited to Baltimore and other cities. Celebrations also will be held there, in Cincinnati, Chicago and dozens of other communities.

Scurry Youths In Car Wreck

Two Snyder high school boys were injured when their car failed to make a curve south of Snyder yesterday afternoon and overturned into a 20-foot deep ditch.

Doyce (Dusty) Moore, a 17-year-old high school senior, was not believed to be in serious condition, but was shaken up considerably, Snyder Hospital attendants said.

Donald Haney, 14 years old, driver of the car, was seriously injured, hospital attendants said.

The boys were going south on the Sweetwater highway about 5:30 o'clock. The car, a 1950 Oldsmobile "88" sedan, went out of control on a curve, shot across the road and overturned in a deep creek 3.2 miles south of town.

The car barely missed a concrete bridge bannister. Skid marks on the pavement showed that the car had travelled for a long distance after going out of control, Green said.

Doctors said that Haney suffered a broken shoulder and head injuries, and was in a serious condition.

Moore is the son of Mr. and Mrs. Clarence Moore, Route No. 2, Snyder, and Haney is the son of Mr. and Mrs. Ray Haney, who live about five miles west of Snyder on the Lamesa Highway.

Moore has distinguished himself as a vocational agriculture student at high school. He has won many prizes on livestock exhibited at shows throughout the state.

Bolger-Barnes Funeral Home ambulances carried the boys from the wreck scene to Snyder Hospital.

High School Seniors To Abilene Program At ACC Next Friday

Seventy-five seniors from Snyder High School plan to attend the Education for Citizenship program to be held at Abilene Christian College Friday.

The students will travel by bus, and will be accompanied by T. D. Wiman, high school principal. About 1,000 seniors from high schools in this area are expected to attend.

John Ben Shepperd, secretary of state, and Robert Stripling, former chief investigator for the house un-American activities committee, are to be the principal speakers. Abilene business men will supervise vocational guidance discussions during the afternoon.

'Blood Boy' Wins Fight, Home, He Asks 'Second Piece of Pie'

HOUSTON, April 16. (AP) — He's like any other little boy now — maybe a little frailer — and the parents of Wayne Gideon are mighty glad.

The seven-year-old boy Saturday came home from the hospital where for more than two weeks sympathetic thousands had followed his fight to live.

The boy suffers a rare blood disease similar to hemophilia, where the blood won't clot. He fell while playing and a stick he had in his mouth opened a tiny wound in his throat.

It took 41 transfusions of rare O-RH negative blood, numerous injections of an experimental blood dirative, anti-hemophilia globulin, and delicate surgery for him to win the fight.

But Saturday he was just a hungry little boy. He proved it by wanting that "second piece of pie."

Pursue Limited Ground Gain On Vast Front

Capture More Strong Entrenchments, Fan Out in Wide Drive

TOKYO, Apr. 16 (AP)–Allied troops smashed into Yachon nine miles deep in Red Korea today and hammered out limited gains along the rest of the 150-mile North Korean battleline.

Communist resistance ranged from light to bitter.

Yachon is three miles northeast of Yanggu, the Red supply base captured Sunday on the East-Central front.

About 50 North Koreans fled from Hachon before the attack. Then they stopped and threw mortar fire.

Farther east, South Korean troops occupied a high ridge north of Inje.

In the air war, F-86 Sabre jets twice tangled with Russian-type MIG-15s Monday afternoon. In the first air battle 16 F-86s mixed with 30 MIGs. American pilots reported two MIGs damaged and one probably destroyed. Later in the afternoon 18 Sabre jets clashed with more than 15 MIGs and chased them back across the Yalu River. The Communist planes escaped damage.

Monday's score brought to 150 the number of Communist jets destroyed or damaged in air battles since Nov. 1 when MIGs first appeared in Korean skies.

Since the Korean war started June 25 Allied planes have destroyed or damaged 317 Communist planes of all types. American losses for the same period are listed as 184.

The Sabre jets were also out on a strategic mission Monday. They dive-bombed an important supply bridge across the Yalu River at Uiju, upstream from Sinuiju. Two direct hits with 500 pound bombs were reported.

In all Fifth Air Force tactical planes flew 684 sorties by 6 p.m. Monday.

American and Turkish soldiers made the day's best gains on the ground as the United Nations maintained the initiative across the Korean peninsula.

Allied infantry and tanks were firmly entrenched in Yanggu.

Another U.N. force held the high ground northeast of Yanggu, seven miles inside Red Korea on the eastern tip of the huge Hwachon reservoir.

The Reds massed troops and supplies at Yanggu early last week, apparently in preparation for an expected counterthrust against the Allies.

On the West-Central front U.N. troops advanced against only light resistance. They now have full control of the south bank of the Hwachon reservoir.

AP Correspondent Robert Eunson at U. S. Eighth Army Headquarters said the Reds were using smudge pots and building brush fires to smoke up the countryside and hide their ground movements from the prying eyes of Allied airmen.

The Eighth Army is nearing Chorwon, a key base in the three-sided Communist buildup area.

AP Correspondent Tom Bradshaw reported there was limited patrol activity on the Hwachon front. All patrols ran into enemy opposition.

On the West Coast, Allied destroyers shelled Changsan Point southwest of Chinnampo. Chinnampo is the port city for Pyongyang, Red Korean capital.

House Passes Tax Measure

AUSTIN, April 16 (AP)—The House passed today the omnibus tax bill which would raise approximately $45 million in new state taxes in the next two years. The final vote was 76-63. It now goes to the Senate.

Baxter 'Doing Nicely'

SANTA MONICA, Calif., April 16. (AP) — Actor Warner Baxter, 58, was reported "doing nicely" today after cranial surgery Saturday night in St. John's Hospital. The one time film star has been ill several months.

Weather

WEST TEXAS — Partly cloudy, cooler El Paso area. Big Bend country and Del Rio-Eagle Pass area this afternoon and tonight Tuesday partly cloudy, warmer in Panhandle and south Plains and Upper Pecos Valley eastward.

EAST TEXAS — Partly cloudy this afternoon and tonight. Cooler in south portions tonight. Tuesday partly cloudy and a little warmer in north and central portions.

East Texas

Continued from Page 1

ped; 16.3 per cent would call them up only as third choice. Those with no indicated choice accounted for 36.4 per cent.

PROGRAM OPPOSED

No surprise was the revelation that 81 per cent of those replying are against the President's Fair Deal Program as a collective matter. The question said this program includes civil rights, compulsory health insurance, Brannan farm program and federal aid to education.

Pickett analyzed the replies by counties, but with few and relatively minor exceptions, sentiment in each rpn true to the opinion for the Congressional District as a whole.

Here are other questions and responses, for the 12-county area:

Do you believe economic aid to Western Europe is necessary? Those answering "Yes" accounted for 73 per cent; those "No" 21.8 per cent; and the remaining 5.2 per cent left this unanswered.

As a second part of this same question, asking whether the constituent felt this economic aid should be increased or reduced, 33.3 per cent were for increasing it, 40.8 were for curtailment and 25.9 were undecided.

ARMS FAVORED

Do you believe we should aid non-European nations by loans and grants, also furnishing trained techical and professional personnel to aid their economic development (Point IV program)? Answering "Yes" were 49.8 per cent, "No" 41.2 per cent; no response, 9 per cent.

Do you believe military assistance (arms) to Western Europe is necessary to our own defense? Answering "Yes," 78.3 per cent; "No," 15.8 per cent; undecided, 5.9 per cent. As another part of this question, 59.9 per cent felt this aid should be increased 16.7 per cent favored a reduction; 23.4 per cent had no views in this regard.

Do you believe it is necessary to our own defense to send additional United States armed forces to Western Europe; those replying "Yes" accounted for 60.5 per cent, "No" 32.5 per cent, and undecided 7 per cent.

STAY-IN KOREA

Do you believe United States forces in Korea should be reinforced and kept there or withdrawn? Those feeling troops should stay in Korea were 58.1 per cent of the total; 30.7 per cent felt the forces should be brought home, while 11.2 per cent had no views on this matter.

Regarding the degree of the present emergency, 67.5 per cent said they felt full wartime mobilization was in order now; 26.6 per cent didn't think so; 5.9 per cent had no ideas on this point.

Slightly more than 80 per cent said they favored controls, of prices, wages, rents, materials as part of a full mobilization program. Favoring manpower controls were 72 per cent, while 67 per cent favored controls of production of non-defense goods.

TAX ISSUES

In order to help meet the governmen's expenses, 40.9 per cent said they would favor higher personal income taxes, while 39.9 per cent rejected such a proposal; 19 per cent left; this question unanswered. As to higher corporation taxes, 68.2 per cent replied "Yes," 13.1 per cent "No" and 18.7 per cent were undecided.

Cold Wave In Area

A maximum of 66 degrees was recorded in Snyder yesterday after a predicted cold-wave apparently made its appearance. The minimum registered before dawn today was 36 degrees, with 39 degrees recorded at 7:30 this morning.

Want to Spend Your Vacation Hunting for Buried Treasure?

EL PASO, Tex., April 16. (AP) — The El Paso Chamber of Commerce invites you to spend your vacation hunting for buried treasure.

The chamber, well aware of the pulling power of stories of hidden treasure, has revived a legend in much credence in the Southwest.

The legend is that an agent of Pancho Villa, the Mexican bandit and revolutionary, buried a kings ransom in gold and jewels in the Franklin mountains near here.

"How much of this story is true?" the chamber asks in a widely-distributed news release. "No one knows. But it would be a lot of fun on your vacation to take a crack at Villa's treasure. Who knows? You might strike it rich."

ROAMED AT WILL

The chamber's story continues along this line:

Villa roamed at will from the poppy fields of Sinaloa to the barren deserts of Chihauahua and Sonora. Wherever he went he robbed and killed. As time passed he became immensely rich. His valuable jewels and coins became bulky and difficult to care for. He finally realized that it would be necessary to do something about all that valuable loot.

With Villa were about 600 troops of the finest light cavalry Mexico has ever known. They were known as Los Dorados and were specialists of the devastating cavalry charge.

One cold morning in the high city of Durango, Villa summoned one of his lieutenants to his tent. "Teniente, I have a grave duty for you to perform," and he proceeded to give certain instructions.

LEAVE FOR NORTH

That same day, seven men with heavily laden pack mules left Durango for the country far to the north. Each mule was piled high with leather bags containing the treasure. Six men rode ahead and to the sides of the booty. The lieutenant traveled behind.

Weeks later, the odd little group of hard bitten men crossed the Rio Grande near the little Mexican village [illegible]. The lieutenant, by now more tense and nervous than ever, began to show signs of fatigue. The others in the party watched him curiously. They wondered what he meant to do, for he had told them nothing.

They soon turned up the mouth of a canyon that leads into the Franklin mountains. As they progressed up the steep slope, the lieutenant knew the time was at hand.

The group unloaded the burrows, stacking the treasure neatly upon the ground, and began to dig a hole in the rocky soil of Mount Franklin upon the orders of their superior.

GROWS EVER DEEPER

The hole grew ever deeper; then came the shots. Six of them. Followed by screams of mortal anguish. In the stillness that followed could be heard the swish, swish, of dirt being thrown into a hole, covering the treasure, and any signs of the murder committed.

Before leaving, the lieutenant made a map of sorts to use in returning for the treasure. Upon a nearby rock he inscribed one word in Spanish, "ORO", Gold!

The lieutenant returned to Villa's headquarters. That evening, after Villa was handed the map, the lieutenant died quietly in bed. He was buried, at Villa's orders, by torchlight.

Before the end of therevolution Villa met his Waterlo at the hands of Alvaro Obregon and retired on a ranch near Parral. He was ambushed one day as he drove into Parral and never reaped much value from his ill gotten gains.

That's the story. At the chamber of commerce, no one knows where truth ends and legend begins. And, as the chamber also says, someone could find Villa's treasure.

This Here Now Stationmaster Sure's Worried

COLMAR, Luxemburg, April 16. (AP) — P. Eischen, mustached station-master of Colmar, 18 miles from Luxemburg City is a worried man. A year ago he looked forward to ending his career quietly in an easy spot with few trains and no worries. Colmar was a sleepy little village where trains had almost no reason to stop.

Then some Americans decided to turn his quiet little village into Luxemburg's Little Akron. Quietness site of the new Goodyear tire plant, Eischen's station has become a "must" stop for more passengrs and fright trains than ever befre.

Jean Dupong, a Luxemburg staff man of the local company, said with a grin "his proud mustache drooped as our plant grew."

The station master has a colleague in adversity. A nearby Alsatian farmer quit the farm he had rented from the Grand Duchess' property administration. He said, "I don't want to be atom-bombed."

MOST HAPPY

The property administration plans to turn the farmhouse into a cafe for the Goodyear workers.

If two men are unhappy about Luxemburg's Little Akron, they are far outnumbered by those who find the new plant a good thing.

When Goodyear called for local manpower to start the new European plant — the sixteenth outside the U.S. — there were more demands for jobs than jobs.

Pownall is aware of the economic union plans between Belgium, Holland and Luxemburg, known as Benelux.

"This is really a Benelux plant," he said. "Our production is for the time being aimed at Benelux customers."

The Goodyear plant, built in a wooded valley, is composed of a main hall 300 yards long and 40 yards wide. It has a direct railroad. Extra power buildings. Plenty of space is available for future expansion, Pownall said "We plan one day to be able to supply all our Western European market."

Recruits

Continued from Page 1)

complete collapse of the Air Force training program.

SOME EXCEPTIONS

The nationwide report said that most of the recruits were getting good basic training and fair treatment — but there were exceptions.

For example:

"A deplorable situation at the Army Processing Center, Fort Knox, Ky." where recruits were said to be subject to "inefficient and disorganized handling." Fort Knox was the only center cited as having "low morale."

The sudden shift of trainees from crowded Lackland to new centers at Sheppard Air Force Base Wichita Falls, Tex., and Sampson Air Base, N. Y. caused some confusion. This resulted in some recruits taking basic training twice and a second round of immunization shots.

SHEPPARD STUDIED

It was noted that many Sheppard instructors "had not completed their basic training." Instruction and training at both Sampson and Sheppard "may be described as minimum satisfactory," the report said. It added that "Sheppard will, under present plans, cease training recruits as soon as Sampson is in full operation."

The investigators said there was a failure to give recruits adequate medical and physical examinations before they are drafted or enlisted. The report said that at Camp Chaffee, Ark., the Army had 30 men awaiting discharge for obvious physical defects, including one man with only one eye and two with "feet so deformed as to make the investigators cringe."

The group found Marine Corps training facilities "maintained in excellent condition" and "no shortages reported."

The Navy won general commendation, although there was a shortage of classroom space noted at its San Diego center.

Oil News

(Continued from Page 1)

tion 123, block M, EL&RR survey. It was 15 miles northwest of Lamesa and a short distance southeast of the Cedar Lake-San Andres shallow field in Northeast Gaines County.

HOWARD COUNTY

Amerada Petroleum Corp. No. 1 T. L. Griffin, Central [illegible] wildcat two and one-half miles east of the East Vealmoor field, has been plugged and abandoned as a failure at total depth of 7,879 feet in barren Pennsylvanian lime.

Location is 660 feet from north and east lines of the southeast quarter of section 35, block 25, H&TC survey. It is five miles northwest of Vincent.

It did not find any possibilities of commercial production in any sectin it penetrated.

HOWARD WILDCAT

J. C. Barnes No. 1 Albaugh-Hamlin, Northwest Howard County wildcat, is drilling below 5,081 feet in lime. It is located 14 miles northwest of Big Spring and 660 feet from south and 1,980 feet from west lines of section 16, block 33, T-2-N, T&P survey.

IN SHALE

S. F. Hurlbut No. 1-A Elwood estate, wildcat 20 miles south of Colorado City, is drilling at 4,690 feet in shale and lime. It topped feet on an elevation of 2,027 feet. the Pennsylvanian sand at 4,622 wells in this area on this marker. This has no correlation with other and is not considered important.

Sun Oil Co. No. 1-C Bilby Wallace, one and one-half miles south of Clairemont, is drilling below 3,256 feet in shale and lime.

In Borden County, the Texas Co. No. 1 Rogers is drilling below 7,793 feet in lime and shale.

Rowan Drilling Co. No. 1 Garner is still swabbing.

Snowden No. 1-43 Carrie S. Dean is drilling below 7,525 feet in sand with streaks of shale and preparing to drillstem test.

Snowden No. 1-35 Dean has completed a drillstem test at 7,560-7,600 feet. With tool open one hour, there was a slight blow of air. Recovery was 180 feet of mud with no shows.

Snowden No. 1-30 Dean is still shut in.

Snowden No. 1-32 Dean is preparing to run a test. It has pumped 51.20 barrels of oil in 24 hours.

Standard Oil Co. No. 1 Adams, Howard County prospector which was spudded in Saturday, is drilling in red beds below 618 feet.

Texas History Written in Brands

RE

By JOHN M. HENDRIX

The RE brand probably had its beginning in Illinois more than a hundred years ago. It was brought to Parker County in the early '50s and from there to Coleman County in 1876. It was used by Robert Elkins, later by his son, John M. Elkins, and was still in use in 1936.

The brand has never been owned outside of the Elkins family and was of considerable importance from 1876 to 1900 when thousands upon thousands of cattle and horses wore the brand on Coleman County ranges and on the trails that led to and from the county.

Stock Market Gains Slightly

NEW YORK, April 16. (AP) —Prices advanced fractions to around $1 in the stock market today with steels and rails leading the upswing.

Trading tapered off a little after an active opening but the demand was well spread through the list.

Case Settled Out Of Court Before Being Called This Morning

A district court damage suit slated for jury hearing this morning was settled out of court by agreement shortly before the case was to be called.

Ben F. Thorpe, district judge, when the case was settled excused the jury panel until 9 o'clock Wednesday morning when three other civil district court cases will be called for hearing.

The case settled today was that of C. E. Lancaster and John Kale, doing business as Kale & Lancaster vs. Lewis Wheat, doing business as Lewis Wheat & Son.

The plaintiffs were represented by the Dallas law firm of Caldwell, Baker, Jordan & Patterson, and the defendant was represented by Lucian Touchstone, also of Dallas.

PERSONALS

Mr. and Mrs. H. D. Solsbery, of the Humble Camp, are on their vacation in Houston and Baytown, Tex. They attended the Junior Chamber of Commerce Convention in the Shamrock Hotel at Houston last week.

Renal Rosson, Dr. Robert H Hargrove, Lloyd Clark, and Lindy Clark represented the Junior Chamber of Commerce at the convention in Houston which closed Saturday night.

Jerry McDermott, of the Imperial Production Corp, spent the week end visiting Dr. C. R. Cockrell at his ranch in Van Horn, Tex.

Mrs. A. P. Hegenheiser and her son Armon, 3002 Avenue X, spent the week end in Seminole, Tex., visiting Mr. Hegenheiser who is working there at the presnt tim.

Mr. and Mrs. E. L. McAfee, 1208 Twenty - first Street, spent the week end in Atesia, N.M., visiting relatives.

Mrs. J. A. Farmer, 2401 Avenue N, is in San Angelo with her daughter, Mrs. Flossie Whitaker, formerly a resident of Snyder, who has undergone surgery at the Shannon Hospital.

Mrs. H. G. Towle had as guests Mr. and Mrs. Philip Overton and son, Phil, from Austin Friday and Saturday.

Mrs. B. N. Stinel 2008 Avenue R, had as guests last week Mr. and Mrs. Frank Prather from Muleshoe, Tex.

The Rev. and Mrs. E. K. Shepherd, 2302 Sunset Avenue, had as guests Saturday the Rev. and Mrs. Robert Lee Smith and children from Sundown, Tex.

Bob Bickerstaff, 3117 Avenue T, has been ill at home.

Mrs. Tom A. Boren, spent the week end in Waxahachie, Tex., visiting relatives.

Nicest Thing About Departing From Home Is the Coming Back

NEW YORK, (AP) — The nicest thing about going from home is the coming back to it.

It wears an air of newness, and everything about it looks fresher and younger—including the lady of the house.

The old saying that travel is broadening has a double truth. It not only enlarges your knowledge it redoubles your appreciation of what you return to.

This is more true, however, when husbands go away for a trip and return. It isn't so true, I find when wives make a journey. They don't have so much to appreciate when they come back.

WIVES DIFFERENT

"What happened to the living room—did some of your paratrop buddies make a combat landing there?" Frances asked after her "And what is that green stuff on the dishes in the sink — penicillin or just ordinary mold? You left the windows in the bedrom open and the rain has ruined the curtains. How can you turn a nice home into a battlefield in only three weeks?"

It took her a week to straighten up the place and cancel the tentative orders I had placed with door-to-door salesmen for items ranging from an encyclopedia to a revolutionary new electric blanket designed for dogs.

"You know we don't even have a dog, rover boy," she said. "Cant you ever say no to people who knock on the dor and try to sell your something?"

MAN HELPLESS

"You are so helpless," she says now, "that sometimes I get to thinking it ought [illegible]."

That's the way it always is for her. Every time she leaves and comes back she finds the same old hopeless mess-in-need-of-a-haircut —me. Never any better — always worse.

But when I come back I always find something nicer and finer in every way—her.

County Court Charges

Anderson Davis, Jr., 28-year-old Snyder Negro, was charged in county court this morning, with possession of whisky for purpose of unlawful sale.

Four other persons were charged with driving while intoxicated, but none had been arraigned by noon.

Cotton Market

NEW YORK, April 16. (AP — Noon cotton prices were $1.25 a bale lower to $1 higher than the previous close. May 45.39, Jly 44.88 and Oct. 39.81.

Roscoe Hospital Closes

ROSCOE, April 16. —Young Hospital, a center of medical activity here for 15 years, has been closed. Patients there have been movd to the new Young Medical center in Sweetwater.

Mr. and Mrs. S. A. Spence will serve as caretakers of the hospital building here.

Mrs. Mabel Brock and her daughter, 2000 Avenue S, spent the day Saturday in Lubbock.

Mrs. Marshall Boyd, 1903 Seventeenth Street, had as a guest over the week end her son, James Boyd, from Wayland College in Plainview, Tex.

Mr. and Mrs. Howard Brown, 3774 Avenue V, had as guests over the week end Mr. and Mrs. James Evans from Brownfield, Tex.

It's Cold, But That Doesn't Halt Debut Of Major Baseball

WASHINGTON, April 16. (AP) — H. Truman, a veteran lefthanded pitcher with a fair fast ball, arranged to make the first pitch today and start the 1951 baseball season on its way.

Shortly after the presidential pitch (at 2 p.m., CST), the World Champion New York Yankees meet the Washington Senators.

Manager Casey Stengel picked a surprise mound starter, Rookie Tom Morgan. He officially became a member of the Yankees only Sunday with the formal transfer of his contract from Kansas City. Morgan won 17 and lost eight for Binghamton in the Eastern League last year. He is a righthander.

Manager Bucky Harris chose Bob Kuzava, lefthander who won eight games and lost seven for the fifth place Senators after coming here from the Chicago White Sox.

WEATHER BAD

The weather outlook: Cloudy and cold, with a high of about 55 degrees, and possible rain.

But the weather prospects, fair or foul, would make no difference in the ticket sales. All reserve and box seats were sold weeks ago.

Opening day always is a colorful affair in Washington, with bands, bunting, birdbots.

In addition to Mr. Truman, the distinguished guest list included Mrs. Truman, Vice-President and Mrs. Barkley, Chief Justice Vinson and numerous Senators and Representatives.

The Senate took the day off; the House scheduled only a routine session.

TEAMS SAME

As for the two teams, they look pretty much as they did last year. In other words, the Yanks look good, and the Senators are simply looking.

The Yanks are adding Mickey Mantle, a 19-year-old wonder boy who played with Joplin, Mo., last year. He was expected to be in right field.

The Senators are pleased with the work of Gene Verble, second baseman up from Atlanta. But the joy here is largely synthetic. Verble has made good mainly because Cass Michaels, regularly employed at second by the Senators, has been slow getting started.

Stengel Says: We'll Win If Pitching Holds

NEW YORK, April 16. (AP)—"We'll win if the pitching holds up."

Ever hear that before? Sure, it's the same old managerial moan as a new Major League baseball season begins today with a game in each circuit. A complete eight-game slate is on tap for Tuesday.

"My only worry is pitching," says Manager Casey Stengel of the Defending Champion New York Yankees who help the Senators inaugurate the American League's 51st season in Washington today.

"It all depends on Allie Reynolds. If his arm comes around in the next 10 days, we'll be in fine shape and should win again."

Bucky Harris, Washington pilot, believes his club is better than last year except for pitching.

"It's up to my pitchers," he said. "If Sid Hudson, Gene Bearden, Bob Kuzava and my two Cuban righthanders come through, we may push into the first division."

Luke Sewell of Cincinnati is one of the new skippers who has no visual pitching problems. He had Ewell Blackwell (17-15), one of the best in the business, all primed for today's opener between the Reds and Pittsburgh Pirates in Cincinnati. A bumper crowd of some 32,000 was slated to watch the lanky righthander take on Cliff Chambers (12-15); Pirate southpaw.

All other managers will have to wait another day to get their first official indication as to how their pitching will hold up. They are all leading with their aces.

Baseball Rally Enthusiasm To Score Tuesday

THE TIME: Eight o'clock sharp! Tuesday night, April 16.

THE PLACE: The office of SNYDER DAILY NEWS at 2107 Twenty-Fifth Street.

THE THING: BASEBALL!

As Willie Shakespeare chanted, "To Be or Not to Be. . . ." and the answer is upcoming, but for sure, and but tomorrow (Tuesday) [illegible]

A check Monday revealed that unbounded enthusiasm has been spreading throughout Snyder and environs of the all-out rally Tuesday night of baseball supporters and about every leader in civic, business and sports affairs in these parts.

Come early. . . and bring your what-it-takes to sound the gong for "PLAY BALL!" here May 1.

Looks Like No One Can Knock Off Longhorns

(By The Associated Press)

The season is just one-third over and Texas can start looking toward the National Collegiate Baseball play-offs again.

The Longhorns are undefeated in the Southwest Conference race and there doesn't seem to be any team likely to knock them off.

Texas A&M, the nearest challenger, plays Texas at Austin Saturday. Southern Methodist, the third place team, meets the Longhorns today at Dallas. The result of those two games should make things pretty clear.

Last week Texas won three games, beating Baylor 5-1 and Texas Christian twice — 12-4 and 5-1. Southern Methodist and Baylor split while SMU whipped Rice and A&M did the same.

Baylor and Texas Christian get together at Waco today. Tuesday, A&M plays Sam Houston State of the Lone Star Conference at Huntsville. Friday and Saturday Rice and Baylor tangle at Houston while SMU and Texas Christian play at Dallas Saturday.

Hope Hampton's Mansion Robbed

NEW YORK, April 16. (AP) — Robbers entered former Film Actress Hope Hampton's Park Avenue mansion from the roof early Sunday, found no one at home, and left by the front door with loot valued at $335,000.

The blonde silent-film actress said the haul included $300,000 worth of gems, a silver-blue mink coat worth $15,000, and $15,000 in cash. Police said an additional $5,000 in cash belonging to a house guest also was stolen.

Sports Mirror

(Associated Press Staff)

Today a year ago — Jimmy Demaret won the $10,000 North Fulton Open Golf Tournament in Atlanta with a score of 270.

Five years ago — Ace Adams, New York Giants relief pitcher, took part in his 300th Major League game as the Giants defeated the Philadelphia Phils, 8-4.

Ten years ago — Cleveland Pitcher Al Milnar hurled a two-hit shutout as the Indians blanked the Chicago White Sox, 2-0.

Twenty years ago — John Van Ryn beat Frank Shields in the finals of the North and South Tennis Championships at Pinehurst, N. C.

Rookie Feats Top Highlights In Grapefruit

(By The Associated Press)

The success of Rookies Tom Morgan and Mickey Mantle for the New York Yankees highlighted the Grapefruit League that ended Sunday.

A year ago Mantle was playing Class C ball with Joplin (Mo) in the Western Association and Morgan was with Binghamton (NY) in the Class A Eastern League. Today, both will be in the starting lineup for the Yankees.

Mantle demonstrated the form that has made him the rookie sensation of the year at Ebbets Field Sunday. Although the Yanks lost to Brooklyn, 7 to 6, Mickey connected for four straight hits, batting right and left against three pitchers, climaxing his day with an eight inning homer. He played right field.

Picked by many to take the American League pennant the Boston Red Sox finished the Grapefruit League season by taking the Braves 6 to 3, for their 11th straight victory. The New York Giants again walloped the Cleveland Indians, 9 to 1, and the National League Champion Phillies dumped the Athletics, 8 to 3.

The Cubs downed the Chicago White Sox, 4 to 2, in the battle between the two Grapefruit League leaders and the St. Louis Brownies downed the Cardinals, 9 to 6.

In other games Washington took Pittsburgh, 5-2; Cincinnati humbled Indianapolis 5-2; and Detroit walloped Louisville, 12-5.

Texas League Officials See Record Season

By WILBUR MARTIN
(Associated Press Staff)

Optimistic Texas League officials may yet see a record season.

Not at the gate, but on the books.

Just 18,296 fans were willing Sunday to pay to watch four doubleheaders. The 6,073 who turned out at Dallas to watch Fort Worth beat the Eagles twice, 5-0, 2-1, sat in on [illegible]

Jerry Bragan, Fort Worth shortstop, figured in six double plays. That tied the mark set back in 1932 by Longview's Aloysius Bejma. Bejma did it May 24 against Tyler.

Other fans at Beaumont, Oklahoma City and Houston watched: Oklahoma City beat Tulsa twice, 8-3, 4-2; Shreveport shade Beaumont, 8-7, 2-1, and San Antonio split with Houston, losing the first game, 6-3, winning the second, 3-2.

Bragan's feat came in the first game and aided Cuban Vicente Lopez no end in whitewashing the Eagles on seven hits. Bill Abernathe gave up just three hits to Fort Worth in the second game, but the Cats needed just one in the second and another in the fourth to win.

Shreveport staggered from behind to win the three hour first game, but in the second Hugh Soter's two hit pitching effectively protected a slender margin.

Tulsa, figured to win the championship, couldn't figure the offerings of Al Gerhauser in the first game or Duke Markell in the second. Gerhauser gave up but six hits and hit a home run. Markell yielded just four hits.

Austin Knickergocker's two-run homer in the seventh gave San Antonio a split with Houston, which had won the first game behind the eight hit pitching of Veteran Knuckleballer Al Papi.

The same teams meet again tonight at the same sites.

Maxwell Golf Winner

WAXAHACHIE, April 16. (AP) — Billy Maxwell came from behind to dethrone Joe Conrad, his fellow North Texas State College teammate, as champion of the Waxahachie Golf Tournament Sunday. The score was 2 and 1.

Women's Golf Tour Rolls On To California

DALLAS, April 16, (AP) — The women's golf tour rolled on to California today with the incomparable Babe Didrikson Zaharias holding a four-stroke lead in the $17,000 72-hole Cross-Country Weathervane Tournament.

The mighty Babe came from far back Sunday to equal the greatest round of women's golf of all time and win the first 36 holes of the Weathervane. She shot a 66-nine under par—over Lakewood Country Club's 6,100-yard course to make her 36-hole total 149. She won $750 and brought her earnings for the year to $3,825—$925 more than second place Patty Berg, the Minneapolis redhead.

The second 36 holes of the Weathervane, in which Mrs. Zaharias is defending champion, will be played May 5-6 at Pebble Beach, Calif. The Weathervane's third 36 will be at Indianapolis May 18-19 and the final at New York May 26-27.

The Babe's 66 was five under men's par at Lakewood, five under the women's competitive course record and one stroke over the men's course record. She had to do it; she had taken a lackluster 83 in the first 18 holes.

Finishing third with 155 and winning $300 was Betty Jameson of San Antonio. Alice and Marlene Bauer of Midland tied for fourth with 156 each and won $225 apiece.

Marlene Bauer is third in money winnings for the year with $1,750. Louise Suggs of Carrollton, Ga., who placed sixth here with 158 and won $175, is fourth with $1,350. Alice Bauer is fifth with $1,162.50. Then comes Miss Jameson with $1,050.

Man Injured In Fall From Rig Near Here

Henry Lipscomb, an employee of the Roy Guffey Drilling Co., sustained a back injury yesterday when he fell through the derrick floor of a rig on which he was working.

Lipscomb, who gave his residence as Sweetwater, was taken to a hospital there by a Bolger-Barnes ambulance.

The "Voice of Defense" Reports to Texas

In times like these, when our way of life is threatened, Texans turn to their fastest, most dependable means of communication—and ask—

Is our telephone system prepared to handle its vital role as the 'Voice of Defense'...

Here's part of the answer. There are twice as many telephones serving Texas as there were before World War II. Thousands of miles of long distance circuits have been added. Over 17,000 more telephone men and women are on the job to see this new emergency through—skilled, experienced people, tested and proved in many emergencies.

But preparedness means continued growth. We're looking ahead and working ahead to keep telephone service one of Texas' greatest assets in its defense efforts.

SOUTHWESTERN BELL TELEPHONE COMPANY

Have You Got a Zoonosis? Don't Let It Catch You!

ST. LOUIS, April 16. (AP) — Will new zoonoses rise up to make humans sick?

You may have had a zoonosis already. A zoonosis (the plural is zoonoses) is an animal disease transmissible to humans.

Dr. James H. Steele, chief of veterinary public health, Communicable Disease Center, Atlanta, Ga., told the American College of Physicians today.

Maybe there will be new zoonoses, still unforeseen, in the future, he said. There is a theory that disease germs of lower animals struggle to get ahead, and may change so they can affect higher animals, including man.

Some animal diseases are only occasionally found in humans, such as Newcastle disease of fowl, and swine influenza. Maybe, he said, these are examples of germ life trying to adapt to higher forms of life.

The 80-odd diseases that humans can get from animals include rabies, brucellosis or undulent fever, anthrax, tuberculosis of cows, parrot fever, Q fever, and Rocky Mountain spotted fever.

495 Drilling Bids Received by Board

AUSTIN, April 16 (AP) — The Railroad Commission last week received 495 drilling applications, running the 1951 total still further ahead of 1950 period.

The total at this time last year was 458 applications, the Commission reported. This year, it's 5,924.

Oil wells reported complete last week added up to 171, or 2,895 for the year. Nine gas wells were brought in, running the total to 270 for 1951. Dry holes totaled 107 for the week and 1,528 for the year.

Wildcatters reported a luckless week. Out of 67 wells drilled, only nine produced oil in commercial quantities. Only two gas wildcats were brought in.

Total calendar day allowable as of today stood at 2,925,582 barrels, a gain of 12,804 for the week.

'Why I Think Texans Liars!'

MADISONVILLE, Tex., April 16. (AP) — "Why I think Texans are Liars."

That was announced today as the subject of the annual letter-writing contest sponsored by the Madisonville Sidewalk Cattlemen's Association.

The winner of the annual contest is traditionally given an all-expense paid tour of Texas, a big barbecue, etc.

The Sidewalk Cattlemen, long noted for their hi-jinks, said:

"Of course, Texans know they aren't liars—that they aren't even bragging when they start talking about Texas. But, since the rest of the world seem to think Texans stretch the truth, this group wants to find out why."

Letters should be sent to William Forrest of Madisonville, the association's six-foot two-inch president.

Early Greek farmers are believed to have been the first users of the four-wheeled wagon.

Says City Crumbles

KUALA LUMPUR — (AP) — This capital city of the Federation of Malaya is "crumbling". So says C. O. Jennings, municipal architect. He said Kuala Lumpur in a few years would be a "rotten, filthy, overcrowed town, scourged by tuberculosis" unless something radical is done. Jennings asserted foundations of buildings were crumbling and would eventually collapse.

Dusty or Not, Snyder Will Be Home For Lady Lawyer

Lawyer who has moved here to work with C. T. McLaughlin—Miss Florance Dunigan. (Joe Dave Scott photograph.

By FRANCES BIOW

There is a bit of the Irish kissing-stone blarney about Miss Florance Dunigan, trim, nimble-witted newcomer to Snyder, who is, to our knowledge, the only woman lawyer here. Which makes for a warm sense of humor and yet a capable business way.

Small, trim, and seemingly a natural for well-tailored business suits she wears often, she tends to call Breckenridge home, as it is in that tree - shaded West Texas town that many of her clan reside, her brother, James Dunigan holding headquarters for this tool business there.

Miss Dunigan, who recently arrived to work with C. T. McLaughlin in the offices of the Canyon Co., is as Texas as a bluebonnet by now, though she was born in Pennsylvania and followed the oil industry with her family from Pittsburg to West Virginia on to Oklahoma. In 1928, they hit the Lone Star State, and, since the name of Dunigan has been widely known.

"I am a Texas by adoption like the Scotsman who said he was a Scotchman by absorption!" she quipped. She was educated in the West entirely, high school in Muskogee, Okla., then college and the law degree in Dallas.

Miss Dunigan has tried all types of different climates in Texas, recalling her stint as an official court reporter in district court in Clay County, which included Montague and Archer Counties, too. She lived in Stephens County, and saw some years in Dallas County. But Snyder will become the permanent home, she firmly states, for and she emphasized this— . . . "I like the people and I like the climate, despite these dust storms I wandered into. Every time I plan to leave town, up one blows, and it will always blow me back, too".

Efficient plans are brewing in her head for the decor of her bachelor apartment which will be in swank new McLaughlin Foundation building, opening soon. She has a keen eye on real estate, too, planning to build or buy in the future. Her household furnishings usually tend to lean toward the modern, and she can do beautiful things with contemporary furnishings.

Miss Dunigan spells Florance with an "a" where you usually find an "e" and she laughed and explained a numerologist suggested that. It would have something to do with her romantic life, numerologist said. Miss Dunigan is still unmarried, happily so, it would seem, and her life seems chuck full of business and fun in equally - proportioned slices.

Miss Dunigan should make a "find" for a bridge three-some out searching for a fourth. She is very fond of both that and canasta, and, we suspect, very able at both. and that love of fun, she would be an asset in any game!

Friends Fete Mr. Hamilton At Birthday

Marion Hamilton, long-time Scurry County resident, was honored Sunday on his 67th birthday when relatives and friends of a three-county area gathered at the Hamilton home, nine miles east of Snyder.

Mr. Hamilton has resided in the Strayhorn community east of Snyder since 1901.

The all-day festivities were climaxed with an old fashioned buffet style birthday dinner at which Mrs. Hamilton was assisted by her daughter, Mrs. Schooner Etheredge of Hobbs, New Mexico in serving.

Many happy hours of county history were relived Sunday afternoon.

Observing 67th birthdate festivities Sunday with Mr. and Mrs. Marion Hamilton were Mr. and Mrs. W. S. Etheredge, Mr and Mrs Jim Cave and son Gerald Adams, Mr. and Mrs. Schooner Etheredge and sons, all of Hobbs; Mr. and Mrs. C. C. Etheredge and sons, of Roscoe; Mr and Mrs. Martin Reep, Mr. and Mrs. James Simpson and children, Mr and Mrs. Ellsworth Simpson and sons, Mr. and Mrs. Carl Guinn and daughter, Mr. and Mrs. J. O. Guinn, all of Camp Springs; Bob Harless of Lloyd Mountain, Mr and Mrs. Guy Murphy and son of Cottonwood Flat; Mr. and Mrs. W. M. Nichols, Ruth Guinn and Leon Guinn of Snyder, Miss Ethel Schualbe and George T. Schualbe of Sweetwater.

Altrurians Meet At Mrs. Caton's

Mrs. Joe Caton, 2711 Avenue R, was the hostess for the Alrurian Club Friday afternoon.

The program was on "The States of the Midwest".

A talk was given by Mrs. H. P. Brown, who discussed the corn country. Mrs. John R. Williams read "The History of Arkansas." The subject of "Indiana" was given by Mrs. A. C. Preuitt.

Mrs. D. M. Cogdell, the incoming president, gave a report on the District Federation which she attended last week in Amarillo.

Mrs. Caton served a salad plate and decorations of Spring flowers were used in the home.

Guests present were Mrs. W. W. Gross, Mrs. Lois Wilsford, and Mrs. A. P. Morris.

Members present were Mrs. W. R. Bell, Mrs. Ross Blanchard, Mrs. Hugh Boren, Mrs. H. P. Brown, Mrs. R. D. English, Mrs. R L Gray, Mrs. W. P. King, Mrs. J. W. Leftwich, Mrs. C C Miller, Mrs Fritz R. Smith, Mrs. J. C. Stinson, Mrs. Hugh Taylor, Mrs. H. G. Towle, and Mrs. S. R. Williams.

The next meeting wil be April 27 at the ranch home of Mrs. C. T. McLaughlin and an interior decorator from Abilene will give demonstrations.

SATURDAY

County Home Demonstration Council, 2:30 p.m., Mrs. Mildred Sparks office, County courthouse.

Hollywood

By BOB THOMAS

HOLLYWOOD, April 16. (AP)—Having tackled all other kinds of problems, Hollywood is now taking on the issues of the medical profession.

Twentieth Century-Fox has already dealt with anti-Semitism, anti-Negro feeling and snobbery in college sororities. Its latest 'problem" feature is "The Dr. Praetorius Story," a comedy with overtones of medical controversy. It is being written and directed by Joseph Mankiewicz, the man who snagged four Oscars in the last two years.

Dr. Ben Sacks, a retired New York heart specialist who is technical advisor on the film, explained the issues in the film

"It's the story of the conflict of two schools of medical thought. Dr. Praetorius, played by Cary Grant, believes in modernizing hospitals and medical treatment. He is opposed by an anatomy professor, who believes Praetorius is destroying the dignity of the profession.

"Praetorius believes that a doctor has the duty to treat the patient, not just the disease. In other words, he feels that it is not enough to cure the ailment alone; the doctors also must get the patient in a healthy mental and emotional state.

"The modern principles of psychiatry and psychosomatic medicine are followed by Praetorius. He knows that many diseases, organic as well as functional, are caused by mental conditions. Also, he has a disregard for hospital procedure. 'I will not have my patients awakened from health-giving sleep so they can take a bath on schedule,' he says."

Conference Will Air Shortage Problems

WASHINGTON, April 16. (AP) — Shortage problems facing small manufacturers of farm equipment will be aired May 11 and 12 in Chicago before a Small Business Subcommittee.

"During recent months a serious shortage of materials for the manufacturer of farm equipment has developed," Rep. Wright Patman of Texarkana, said Sunday. Patman is chairman of the full House Small Business Committee.

Here's Lowdown on New, Free Insurance for Servicemen

By JAMES MARLOW

WASHINGTON, April 16. (AP) — This is an explanation of the new—and free—$10,000 government insurance for servicemen. Congressmen approved it Friday. President Truman will shortly sign it into law.

It covers all men in service on or after June 27, 1950 and for 120 days after getting out. What of those who died as a result of service on or after June 27 and before this new insurance becomes law?

The next of kin will receive $10,000 insurance. It will not be in a lump sum but in monthly installments of about $92.90 for 120 months or 10 years.

MANY DIDN'T BUY

Until now men in service had no insurance unless they bought what is called National Service Life Insurance (NSLI). For this they had to pay. They could buy up to $10,000 worth, or any part of it. Many didn't buy it.

When those who did buy it got out, they could keep the insurance. But they had to pay for it, of course. But they could get NSLI "term" or permanent insurance. The most they could have was $10,000.

Most World War II veterans dropped the NSLI when they got out. Only about 4,000,000 veterans of that war still have it although its cheaper than the regular commercial insurance.

Some, but not all, of the men who entered the service since World War II have bought, and have been paying for, this NSLI. The many veterans who kept NSLI after the war and were called back since June 27 have kept on paying.

ALL GET $10,000

Now comes a question What about the man who had — or didn't have — NSLI and was killed on or after June 27, 1950. How much of the new free $10,000 insurance will his next of kin get?

If he had $10,000 NSLI, his survivors will get the full $10,000 but none of the free $10,000. If he had some NSLI, but not $10,000 worth, the government will pay the survivors the difference between his NSLI and the $10,000 free insurance. If he had no NSLI at all, the survivors will get $10,000 free.

In short, the purpose of this soon-to-be law is to see that the survivors of a serviceman get $10,000 insurance, but no more, from the government, provided he dies as a result of service or within 120 days after getting out.

None of this free $10,000 will be taxable in any way. And none of it can be claimed by creditors of the dead serviceman or his family.

Korean War In Air First Of All Time

By HAL BOYLE

NEW YORK (AP) — The air war in Korea is the first one in history ever fought under Marquis of Queensbury rules. But only one combatant is observing them—the Allies.

It is extremely annoying to the American airmen, although the Chinese airmen must like it just fine. For they can come and hit our planes where our planes live but out planes can't go and hit the enemy planes where they live

This is perhaps the oddest situation in one of the oddest wars in history. It was created by the United Nations policy of "localizing" the Korean war in Korea itself — the land, the sky above it, the seas that border it.

FLIERS CRAMPED

That decision — one that General MacArthur disagrees with—forces Allied fliers to operate in a pretty tight aerial boxing ring. It is like a fight in which one opponent has a corner in which he is safe from being punched — and the other opponent has none.

Here is the way it operates:

In Northwest Korea the Yalu River divides Manchuria and Korea. The bridge spanning it separate the Manchurian town of Antung from the North Korean town of Sinuiju. Across that bridge to Sinuiju the Chinese have marched scores of thousands of Red Soldiers to fight against American troops ni Korea. And from the Antung Airbase scores of Chinese jet planes have risen to fly across the river and harry our aircraft and make occasional night hit-and-run bombing attacks on our bases in Korea.

CAN'T HIT BACK

We can bomb and strafe one end of the bridge and the town of Sinuiju. But the Chinese on the other end of the bridge can fire up flak at our planes. They can send up their own jets from the Antung field to attack our bombers. And our airmen are forbidden to go over and hit back.

I rode in a jet the day our B-29s first bombed Sinuiju last winter. It was a meticulous raid. Not a bomb fell on Manchurian soil. But great puffs of black flak, fired by Chinese anti - aircraft gunners from Manchurian soil, erupted in the skies. One burst hit an American bomber and crippled it, but it made its way home safely. No attempt was made by the escorting American fighter plane to dive and strafe the enemy ground guns — but the pilots yearned to.

Describing the situation, one jet flier told me before I left Korea: "It's like playing a baseball game where you can't throw out the other fellow at home plate."

Truman 'Fears God More Than Kremlin'

AUSTIN, April 16. (AP) — U. S. Attorney General J. Howard McGrath said President Truman "fears God more than the Kremlin".

He spoke Sunday night at the Golden Jubilee Celebration of the Sisters of Charity at Seton Hospital here.

McGrath called on Catholics, Protestants and Jews to band together in a common purpose. He warned the atheistic philosophy of Communism has brought nations face to face with a third World War.

Corporation Approval Granted Snyder Firm

AUSTIN. — Secretary of State John Ben Shepperd announced his approval today of a new domestic corporation in Snyder.

The firm is Clark & Smith Co. Capital stock is $3,000. Incorporators are James A. Clark, Jack L. Smith and William D. Clark.

Mrs. Jack C. Morgan, and daughter, Susie, 3109 Avenue V, spent the week end in Wichita Falls, where they visited Mrs. Morgan's sister, Mrs. Henry Howard.

Jack C. Morgan, George Nolan Drilling Company, is in Odessa on business. Mr. Morgan is expected back in Snyder Wednesday.

Mrs. Edith McKanna was in Albuquerque this week end, visiting friends.

Small Business Eyes 'Gray, Black' Marts

WASHINGTON, April 16. (AP) — Rep. Wright Patman says his small business committee has found "widespread evidence of gray or black markets in basic materials."

His statement, made Sunday, indicated the government may be planning some move against black markets.

The Texas Democrat said the committee had found over-ceiling price practice extensive in critical items needed by manufacturers.

The Better the TOOLS the Better the GARDEN
Never was a truer statement made. Your garden can be a bouquet of flowers and shrubs or a rich bounty of vegetables.
No more back-breaking woes. There are clever ways and means—and implements—for giving you results at minimum expense of time, wear-and-tear, physically — and MONEY.
This is Headquarters for Garden Supplies. Fun just to come in and look around.

Texas Confederate Veteran Celebrates 105th Birthday

BY ATHMA COLE

AUSTIN, Tex., April 16. (AP) — One hundred and five candles on a big white birthday cake.

They are for Thomas Evans Riddle, a spry little man with a thatch of wavy white hair, bushy eyebrows and blue eyes.

He is 105 years old today.

And he's one of three Confederate veterans still living in Texas.

Riddle is the only veteran who makes his home at the Texas Confederate Home for Men at Austin. He spends his days playing dominoes with his attendant, listening to war news on the radio and taking a slow stroll, aided by a cane, around the yard.

He isn't the oldest veteran. Walter W. Williams, who served in Hood's brigade, is 106 and lives on Route 5, Franklin. The other veteran J. H. Whitsett, 101, who served in the 2nd Missouri Cavalry, lives at Bonham.

PRIVATE IN INFANTRY

Riddle was a private in the 12th Tennessee Infantry and fought under Gen. Robert E. Lee at Gettysburg.

You can call him colonel now.

He grinned and pointed to the framed commission making him an honorary colonel on the staff of the governor of Texas. Gov. Allen Shivers issued the honorary rank to the three confederate veterans last year.

His honorary rank hangs beside his bed in a big sunny ward of the hospital at the confederate home. In a nearby closet hangs his coat with the two medals he's proud of pinned to it. One is for the 75th anniversary of Confederate soldiers who fought in the Battle of Gettysburg and the other for the 59th reunion of United Confederate Veterans.

His birthday party will be held in the ward so Riddle can rest on the bed if he prefers.

His birthday isn't until Monday, but the party is Sunday so more of his friends can visit him.

BIG BIRTHDAY CAKE

There'll be a big birthday cake with 105 candles, punch, music and gifts. Mrs. J. A. McCutcheon, wife of the superintendent of the home, arranged the party with the Austin chapter of the Daughters of the Confederacy.

Riddle is so deaf that he hears only when a person gets close to his right ear and shouts, and sometimes he doesn't hear then.

But once he catches a question, he likes to talk about it.

"I remember the war," he said. "You know, there isn't a grown person living who doesn't remember a war.

"I remember General Lee; fought with him at Gettysburg. People still argue about that battle. Some say as many as 2,000 were killed. But I know how many were killed—thirteen; that's all. I was there and we buried every one of them right there on the field."

LONG IN GRAYSON COUNTY

When Riddle first came to Texas he lived in Grayson County for 23 years.

"I was a stone mason and I also rented a farm," he said. "Then for three years not one drop of rain fell. The next year we had rain but the boll weevil and the worms ate up the crops. Next year it was the grasshoppers. By that time I had a batch of kids to look after so I moved over to Clay County."

Riddle farmed in North Texas until he moved into town to Wichita Falls 11 years ago, he said. He came to the confederate home in January of 1950.

He has three children — Mrs. Cora Thomas of Glendale, Ariz., Mrs. A. L. Williams of Wichita Falls, and Hy Riddle of Santa Paula, Calif.

"I enjoy it here, enjoy everybody I've met here," he said.

He lives in the home and draws a $50 a month pension. Whitsett draws $100 a month. Williams draws $150 because he is married.

History Slated To Repeat Self In RFC Action

WASHINGTON, April 16. (AP) — If recent activities of the Reconstruction Finance Corporation are used as ammunition in the 1952 presidential election, history will be repeating itself — but with a twist.

Republicans hoping to capitalize on charges that an "influence ring" with White House connections has recently swayed loan policy at the 19-year-old lending agency can point to a precedent set by the Democrats in the 1932 election.

With the then Governor of New York, Franklin D. Roosevelt, working to wrest the presidency from Republican Herbert Hoover, the Democrats made such use of the "Dawes Loan" case that Mr. Hoover felt obliged to devote a campaign speech to it.

The case took its name from Charles G. Dawes, a former (1925-29) Republican Vice President of the United States who was named President of the RFC under Hoover Jan. 22 1921.

Dawes, now 85 and Board Chairman of the City National Bank and Trust Company in Chicago, has declined comment on either the disclosures in the recent RFC investigation here or the "Dawes Loan" that made controversy in the past.

The uproar recently over the RFC was no greater than that which followed in 1932 when Dawes resigned the RFC presidency after about six months, became head of a Chicago bank, and that bank got three weeks later—a $90,000,000 RFC loan.

Democrats then, as Republicans now, raised an outcry about RFC "influence and favoritism." Republicans denied that and insisted the loan was not only proper but commendable — a boon to the banks, depositors and the country as a whole. However, the recent hue and cry over "favoritism" at the RFC was sparked by a Senate Banking subcommittee headed by a Democrat — Fulbright of Arkansas.

One big part of the 1932 argument — whether the Government would ever get back that $90,000,000 loaned the "Dawes Bank" — has been settled by the passing of time.

The RFC records today show that $105,625,000 has been collected, enough to cover the $90,000,000 principal and some $3,500,000 in handling and collection costs, then leave over $12,000,00 — equivalent to interest of above 2½ per cent

No Fear Basis, U. S. Jews Told

CHICAGO, April 16. (AP) — A Rabbi said today that American Jews have no basis for fears of oppression as a minority and they should not demand "Jewish Rights" in the United States.

Dr. Elmer Berger, executive director of the American Council for Judaism, Inc., spoke at the Council's seventh annual conference.

He said that Zionists have campaigned to inspire loyalty to a Jewish State — Israel — among Americans of the Jewish faith by fomenting fear of insecurity.

"We want freedom from fear," Rabbi Berger said. . . . Fear inspired by those disciples of Jewish nationalism who graft onto the history of America. . . a composite history of Poland, Germany and Israel because they fail to find sufficient grounds for insecurity of Jews in the American scene."

Dr. Berger said "The nub of our problem is a misconception that Jewish rights can or should exist in the United States.

"We have a right to be Jews here because we are Americans. We have no rights in America just because we are Jews."

Just What To Do On Laredo Apaches

(By The Associated Press)

Just what to do about the Laredo Apaches is the question before the house in the Gulf Coast League.

Here the league is finishing up its first week and the Apaches are undefeated and hold a two-game lead over the field.

The Apaches beat Brownsville 6-3 Sunday night for their fifth straight triumph, rallying in the seventh for five hits and five runs.

The other news of major interest was that Texas City finally broke into the win column. The Texans blasted Harlingen 18-6.

In other games Port Arthur whipped Galveston 10-4 and Lake Charles beat Corpus Christi 5-3.

Increase in Demand For Texas Crude Seen

AUSTIN, April 16. (AP) — An increase in demand for Texas crude oil next month is indicated by a 49,780 barrel jump in purchasers nominations to the Railroad Commission.

The May nominations were announced by the Commission Friday at 2,903,212 barrels daily. April nominations amounted to 2,853,432.

The purchasers' nominations are submitted to the commission each month in advance of the monthly oil proration hearing where the Commission takes further evidence on which to base production.

Schoolmen's Chief Topic To Be Draft

HOUSTON, April 16. (AP) — The American Association of Collegiate Registrars and Admission Officers opens its annual convention here today and the chief topic will be the draft.

The schoolmen are expected to discuss how to get draft-age students to go ahead with college plans and what the draft will mean to future enrollments.

Heads State Singers

STEPHENVILLE, April 16. (AP) — I. E. Rippetoe, Stephenville, is again president of the Texas State Singers.

Other officers re-elected Sunday included E. P. Robinson, Ranger, third vice president; and S. E. Clark, Abilene, secretary-treasurer.

Ingrid Bergman's Daughter Will Visit Her This Summer

LOS ANGELES, April 16. (AP) — Jenny Lindstrom, 12-year-old daughter of Ingrid Bergman, is going to visit the actress this summer in Europe, but their meeting place has not been determined.

Jenny's father, Dr. Peter A. Lindstrom, Beverly Hills Neurologist, obtained court permission Friday to withdraw $2,000 from her $22,000 trust fund to help defray the expenses of the trip after school is out in June.

Jenny, whose name was Pia before she became a U. S. citizen five months ago, hasn't seen her mother since Miss Bergman went to Italy to make a picture for Director Roberto Rossellini. That was in 1949. Since then, Miss Bergman has obtained a Mexican divorce from Dr. Lindstrom and he was granted a decree in California last November.

Dr. Lindstrom's counsel told the court that "special precautions" would be taken to see that the California courts do not lose jurisdiction over the child.

Dr. Lindstrom said he will accompany Jenny on the trip.

Wildcat in Stonewall Will Test to 6,600

General Crude Oil Co. staked location for a 6,600-foot Ellenburger wildcat in Southwest Stonewall County for immediate drilling.

The prospector will be dug as that concern's No. 1 J. W. Kennedy, 660 feet from south and 1,980 feet from east lines of section 348, block 2, H&TC survey.

That location is one mile northeast of the canyon reef lime discovery in the Double Mountain pool, which is producing from around 5,200 feet.

Weak Blow Encountered In No. 1 R. L. Gray

Hunt Oil Co. No. 1 R. L. Gray and others, Ellenburger wildcat in Central - East Borden County, is drilling ahead after a drillstem test in an unidentified formation from 8,167-8,186 feet.

There was a weak blow of air throughout the 45-minute test. Recovery was 20 feet of slightly oil and gas cut mud.

The drillsite is 330 feet from south and east lines of section 224 block 97, H&TC survey.

That puts it 11½ miles east and slightly south of Gail.

REAL ESTATE DISPLAY

FOR SALE

480 acre blackland farm with 300 acres in cultivation, good grass and water, two sets of old improvements, most of the fences are net wire. One-half minerals intact.

We have some good buys in strictly wildcat royalty also that is too high but you might like it.

Rites Held for Dad Of Football Coaches

HOUSTON, April 16. (AP) — Last rites were to be held here today for Bert O. Kivell, 75, father of three Houston football coaches.

He fell from the front steps of his home Saturday and died before aid could reach him. He suffered from a heart ailment.

Survivors include the sons, Bert Kivell, head coach at Milby High School; Charles Kivell, assistant football coach and head basketball coach at John Reagan High School, and Bruce Kivell, head football coach at Aldine High School.

Dr. Williams, Pastor For 35 Years, Dies

BONHAM, April 16. (AP) & Dr. Edgar W. Williams, 73, retired Presbyterian minister who was a pastor for 35 years here and at Murphreesboro, Tenn., is dead.

A native of Tyler, he served at Bonham from 1907 to 1920, and at Murphreesboro from 1920 to 1943. Then he retired, returning here.

Italy Wants Terms Of Peace Pact Eased

PARIS, April 16. (AP) — Count Carlo Sforza, Italian Foreign Minister, confirmed in Paris today that he has told the Big Three Western powers Italy wants the terms of her peace treaty eased.

Hat Factory Blaze Damage One Millian

CORSICANA, April 16. (AP) —Fire at the Texas Miller Products, Inc., a hat factory, may have caused damage of one million dollars.

Finished hats, machinery and stock were destroyed and the five-year-old building damaged. Cause of the early Sunday morning blaze was not determined.

Benn Parrill, manager of the plant, said it would be closed indefinitely.

In 1950 the electric utility industry in the United States used more than 90 million tons of coal.

Useful Telephones Boon to Housewives

VIENNA — (AP) —The Viennese housewife can get a suggested dinner menu by telephone, with a complete recipe for each dish and a hint how much it will cost at today's prices. Vienna possibly has more dial services than any other city in the world. You can dial different numbers and get:

"Miss Ski"—who gives you recorded snow information. "Miss Bus Girl" — who recites the departure times of all buses.

"Miss Tot"—who gives you the time in the wrecked soccer pools. "Miss Vienna"—the capital of marvelous entertainments to a perfect A-pitch by dialing A-0-0.

The telephone company also has an informative service which will tell you the name of the last King of Siam, or where you can hire a baby-sitter.

Texas CAP Cadets To Go To Europe

DALLAS, April 16. (AP) — Four Texas Civil Air Patrol cadets will go to Europe on an exchange basis.

They are William Bradford, 16, Taylor; Frank A. Urbanic, Jr., 16, Galveston; Ronald K. Bond, 16, Mineral Wells, and Marion L. Williams, 17, Abilene.

Four European cadets will visit the U. S.

Kent County Wildcat

Sun Oil Co. No. 1-C Bilby Wallace, southeast stepout from the Lower Pennsylvanian field in Kent County, is drilling below 2,777 feet in shale and lime. It is located one and one-half miles south of Clairemont and 1,980 feet from south and east lines of section 9, block 98, H&TC survey.

Chest Parley Opens

FORT WORTH, April 16. (AP) — The Southwest Regional Conference of Community Chests and Councils opens here today.

Eisenhower Gets Top Rating In Survey of Both Parties

BY GEORGE GALLUP
Director, American nstitute of Public Opionion

PRINCETON, N. J., April 14—American voters are today witnessing one of the strangest political facts of American history.

Republicans and Democrats have fought wars of bitter rivalry in every election for ten decades. Yet today the rank and file of both political parties pick the same man as their choice for President—and by a substantial vote in each case.

The man who enjoys this unprecendented status of being equally popular in both parties is Gen. Dwight D. Eisenhower, who is not seeking political office and might not even accept nomination.

The big question is: which party will get him if he does consent to run?

Although G. O. P. leaders have talked about him as their man for a longer period of time, the General today is actually more popular with Democrats than with Republicans.

This is revealed in personal interviews just completed with a balanced cross - section of Democratic voters throughout the nation. Each person who classified himself as a Democrat was asked this question:

"Here is a list of men who have been mentioned as possible Presidential candidates in 1952 for the Democratic party. Which ONE would you like to see nominated (named) as the Democratic candidate for President (in 1952)?"

Democratic Voters

Eisenhower	43
Truman	18
Barkley	9
F. D. Rosevelt, Jr.	9
Sen. Kefauver	3
Farley	3
Sen. Douglas	2
Vinson	2
Justice Douglas	2
Sen. Byrd	2
None in list	2
Don't know	5

• • •

When Republican voters were given a list of men, including General Eisenhower, who have been named as possible Republican nominees for 1952, this is how they voted, as reported on Friday:

Presidential Candidate Choices of GOP Voters

Eisenhower	38
Taft	22
Dewey	14
Warren	10
Stassen	9
Others	3
None in list	2
Don't know	2

• • •

Independent Voters

The General's appeal to both Republicans and Democrats is not the whole story.

He is by far the most potent candidate with Independent voters as well.

Indeed, this is what makes his position today so phenomenal. Rarely if ever in American political history has the same man been the No. 1 choice of the "regulars" in BOTH parties and of the Independent as well.

Here is how person who classify themselves as Independents in politics vote on Democratic candidates for the nomination:

HOW INDEPENDENT VOTERS REGARD DEMOCRATIC CANDIDATE FOR PRESIDENT

Eisenhower	44
Truman	7
Barley	7
F. D. Roosevelt, Jr.	6
Sen. Douglas	6
Justice Douglas	6
Kefauver	5
Vinson	4
Byrd	4
Farley	4
None in list	2
Don't know	5

When the Independent voters were shown a list of Republican candidates including General Eisenhower, they picked him overwhelmingly as their choice.

Only last January, Eisenhower was voted "man of the year" by the American public in an Institute survey, being named by voters as the man they most admire of all persons living anywhere in the world today.

Construction Awards Reach State Record

AUSTIN, April 16. (AP) — Texas construction awards last week were a record $116,084,238.

It pyramided on another record $297,916,078 for the first quarter of 1951.

The tabulations were announced by the Texas Contractor, weekly trade publication.

Award for the approximately $80,000,000 Reynolds aluminum plant near Corpus Christi was the big boost for the current week. Added to it was another $17,242,525 in nonresidential awards, $9,689,446 in residential work and $9,152,267 in engineering awards.

Award of the $70,000,000 Daingerfield steel plant during the first quarter of the year was the biggest boost toward the toppling of the former quarterly record of $254,246,039 set in the first quarter of 1949.

For the quarter, non residential awards led the field at $155,026,863 despite federal restrictions on commercial construction. Residential awards amounted to $86,581,776, down about six million dollars from the comparable quarter last year. Biggest gain for the period came in engineering awards at $56,507,439, up nearly 20 million dollars from the 1950 quarter.

Last month's construction fell short of a record, but remained in the high brackets at $68,841,892.

Non-residential work led the March activity. Contracts in that category totalled $25,633,385. Residential awards amounted to $21,366,746.

Through this week's record-breaking activity, contract awards for the year totalled $426,245,774, the publication reported.

No Show of Oil Made In Test of Nolan Well

Sun Oil Co. No. 1 Ruth Harp, Central Nolan County wildcat, is coring below 5,641 feet in shale and lime-after completing a drill-stem test at 5,430-357 feet.

Recovery on that test was 155 feet of gas cut drilling mud with no oil or water. A one-half by one-quarter inch choke was used, with tool open one hour. Gas surfaced in 13 minutes.

The No. 1 Harp is 10 miles southeast of Sweetwater. It is to drill to 6,200 feet to test the Ellenburger.

'Texas Toms' Really Stymie Seaway Plan

By TEX EASLEY
(Associated Press Staff)

WASHINGTON, April 16. — (AP) — Backers of the St. Lawrence seaway project, an $800,000,000 plan to bring ocean-going shipping to Great Lakes ports and harness the international river for power probably wish they never had run up against a couple of Texas Toms—Messrs. Connally and Pickett.

The first, as chairman of the Senate Foreign Relations Committee, has been a powerful force for years past in blocking the development. On the House side, Palestine's Congressman Pickett has emerged this session as an extremely able opponent of the project.

For fifty years there has been talk of damming the St. Lawrence river to provide a 27-foot deep channel over rapids that are now skirted by a 14-foot canal and lock system. Hydroelectric units in the proposed dam are rated capable of generating 12 billion kilowatts of power annually, to be shared between the United States and Canada.

Opponents of the plan include the Associated of American Railroads, and officials of ports who feel they would lose traffic if the St. Lawrence were deep enough to handle ocean-going vessls.

Port authorities in Texas have voiced fears that such a seaway would take away wheat cargoes from the midwest grain fields, which would have to go shorter distances by rail if moved through Great Lakes ports.

Connally has been an outspoken opponent of the proposal in the past and he says he is still against it. He hasn't appointed a subcommittee yet to study the project again, though President Truman has renewed his recommendation for its authorization.

Hearings on the authrotizing legislation have been going on for weeks before the House Public Works Committee. The searching and pointed questioning of witnesses by Pickett has won even the reluctant admiration of some proponents.

Economy is the basis of Pickett's opposition. Pointing to the huge national debt and mounting expenditures for the military, he says:

"We have to eliminate the unessential in federal expenditures, reduce the desirable as much as possible, and scrutinize the necessary very carefully before authorizing or appropriating funds."

He participated in hearings on the project last year.

"At the conclusion of testimony in behalf of the bill," he adds, "I decided against approving the project. I approached the hearings this year with that feeling in mind. There has been no actual evidence submitted to me to date that would cause me to change my mind."

Ryan Stakes Wildcat In Southeast Martin

Ryan Consolidated Petroleum Corp. of Dallas has staked location for No. 1 Willie Peters as an 8,500-foot wildcat in Southeast Martin County.

Location is 660 feet from north and east lines of section 11, block 36, T-1-S, T&P survey. That makes it one mile north of Stanton.

Projected depth is calculated to take the wildcat through the Dean sand section. Rotary tools will be moved in and drilling will begin immediately.

Mexico City Girds For Atom Attacks

MEXICO CITY, April 16. (AP) — Mexico City is preparing for defense against atomic attack.

City and Army officials have planned a Civilian Defense Corps, and a United States booklet on defense against atomic weapons is being translated into Spanish for free distribution.

Tech Choir Program At High School Today

The Texas Technological College choir presented a special program at a high school assembly this morning, T. D. Wiman, principal, said.

The choir, under the direction of Dr. Gene Hemmle, is now on a three-day tour, and will also present programs in Colorado City, Abilene, Coleman, Ballinger, San Angelo, and Big Spring.
