62ND YEAR

ELDORADO — SCHLEICHER COUNTY — TEXAS

THURSDAY, JANUARY 31, 1963

NUMBER 5

## Tom Henderson Funeral Today

Services will be held this afternoon at 3:00 in the First Methodist church for Tom R. Henderson, 77, who was a Schleicher county ranchman for over 50 years. Mr. Henderson died Tuesday morning in the Sonora hospital following a long illness.

The Rev. Doyle Morton of Sonora will officiate and the Rev. Jake Billingsley also of Sonora will assist. Vocal music will be rendered by Misses Mickey and Terry Phelps accompanied by Mrs. Ernest Hill at the organ.

Interment will be made in the Eldorado cemetery under direction of Ratliff-Kerbow Funeral Home.

Mr. Henderson was born Jan. 25, 1886 in Concho county, the son of the late Mr. and Mrs. Sam Henderson, who were pioneer settlers in the area; the Henderson family had previously come from Tennessee. Mr. Henderson attended school at Paint Rock a short time and was educated by a governess, before he left for Tennessee to attend a preparatory school.

After leaving school he helped his father until entering the ranching business independently in 1912. In 1911 Mr. Henderson married Miss Fern Ward of Ft. Smith, Ark., and she died in 1927. On Feb. 21, 1928, he married Miss Matabele Jack of Amarillo.

Survivors include his wife; one son, Sam Henderson of Eldorado; two daughters, Mrs. Chester Wheeler of San Angelo and Mrs. Harris Napier of Tyler; six sisters, Mrs. C. C. McBurnett, Mrs. Walter Duff and Mrs. Hattie Nutt, all of San Angelo, Mrs. C. H. Cox of Waco and Mrs. A. A. Sugg and Mrs. Martha Judge, both of Los Angeles, Calif.; one brother, Rector L.

Henderson of San Angelo; and seven grandchildren.

Another son of Mr. Henderson's, Tom R. (Buddy) Henderson, Jr., was killed during World War II while serving as an air instructor at San Angelo.

Mr. Henderson was a Rambouillet and Hereford producer of this area, and at one time raised thoroughbreds, and other horses.

In 1926 he built the large house on the San Angelo highway which is now owned by Mr. and Mrs. Ernest C. Hill.

## Property Stolen From Hartgraves Is Recovered

The office machines stolen from Hartgraves livestock office last week were recovered a few days later. One was located in Del Rio and the other in San Angelo.

Taken into custody by Sheriff Edmiston are two young men who are now in jail here in lieu of \$3,000 bond each, set by the Justice of Peace.

There are five men in jail here at the present time awaiting Grand Jury action.

Mrs. Gilmore, clerk at the Hartgraves office, reported that the adding machine had been hidden in a culvert after it was stolen, and that it needed cleaning after it was returned.

## Boy Scout Edition To Be Published February 7

This coming Thursday, on February 7th, the Eldorado Success will publish its annual Boy Scout Edition. February 7 is the opening day of Boy Scout Week in 1963.

We will carry news, advertising, and pictures relating to Boy Scout work here in Eldorado.

David Lawrence of Odessa visited his parents, Mr. and Mrs. W. A. Van Dusen, and with Johnny Lawrence and Billy Van Dusen last week end.

## Post Script

Tonight, Thursday, is deadline for paying the poll tax and qualifying yourself to vote throughout the year 1963.

While this is an "off year" so far as voting for state and national officials is concerned, there will be City Alderman and School Trustee election coming up, for certain. In addition, the city, county, or school district might call a bond election sometime this year (and is it possible a "wet" election might come up?). For voting in any of these, a voter must have qualified himself by paying his \$1.75 poll tax during the month of January, unless exempt by age.

This week's news from the State Capitol points out that there is a resolution in committee right now to divide Texas into two states. If this comes up in a voter referendum, you can't vote or do a thing about it without your poll tax receipt.

Payment of the poll tax in Texas each year is equivalent to the voter registration of other states.

The poll tax HAS NOT been abolished in this state. It is still a voting pre-requisite for any election that may come up in the months ahead.

The sheriff's office will remain open tonight in order to take poll tax payments.

—ps—

We received a letter this past week from Alexander G. Black of 230 Kellogg Avenue, Palo Alto, California. He said in part:

"If some are available, would like to have 4 to 6 copies of the Dec. 6th Eldorado Success which has an article regarding Medallion approval for Col. Black house.

"I am Col. Black's youngest son. I am now a California resident. I was the only child born on the ranch.

"You have a prominent native of Eldorado here at Stanford Research Institute: Dr. Gibson. He had the pleasure of meeting him. He is a fine gentleman and able scientist. Very truly yours, Alexander G. Black."

—ps—

With our subscribers: Mrs. O. R. Burden's new address in Wichita Falls is 4410 Montego.

Odus Harris renewed his subscription recently and reported that he has moved from Van Court, Texas, to box 63, Eden, Texas.

Mrs. L. M. Hill is a new subscriber at 421 S. Fredonia, Longview, Texas.

Monty and Barbara Hill have moved to Abilene where they are living at 1436 Mimosa.

—ps—

On page 3 of this issue appears a nice ad from Ford Motor Co., and our readers may wonder why it carries the name of "George Humphrey Motors" when we announced last week that George had sold out to Joe Gault.

It's just the ponderous way of doing business that is characteristic of big corporations. Although Joe is already here and on the job, all the different Ford districts, divisions, departments, etc., don't know it yet. Their advertising is planned in an advertising department and they work through an advertising agency. One of these days they will all get it affirmed.

In the meantime if you're interested in one of those good-looking Galaxies, go by and see Joe. Bet he'll sell it to you.

—ps—

Henry Moore reports that his "dog-gone" sheep dogs were returned promptly last week, when he advertised that they had been lost. Just a short time after the paper reached its readers, Henry got a phone call from a neighbor reporting where they were.

—ps—

There is something significant about the way our real estate dealer has worded his ad this week on page 5.

He implies that he can sell your land to a cash buyer even if the price you are asking is unreasonable—but you are cautioned not to price it TOO (damn) unreasonable.

The idea seems to be that if you want to buy land you will have to pay more for it than it is worth—but it's worth it.

—ps—

People moving: Guy Golden from Gannaway house to W. H. Graves house.

Roger Bailey to Gannaway house vacated by Golden.

Lynn Griffin, to Mattocks house from out in the country.

Larry Wright, new here, to Calentine house.

CLIFFORD AND LORETTA SCHOOLEY took top honors in the lamb division with champion and reserve champion respectively in the annual 4-H and FFA stock show held here last Saturday at the Ag. Center.

## Favorable Weather Brings Out Large Crowd For Annual 4-H Stock Show

### Commissioners Lease Land, Set Salaries

At their meeting January 14, the County Commissioners accepted the bid of Union Producing Co. for leasing Schleicher school land in Gaines county for total of \$29,827.16.

In other business, they ordered the County Treasurer to transfer \$20,000 from the General fund to officer's salary fund.

Annual salaries were set as follows:  
County Judge -----\$6,000  
County Clerk -----\$6,000  
Treasurer -----\$6,000  
John Hamm -----\$2,820  
Jud Brannan -----\$3,300  
Fred Gillaspay -----\$3,000  
Cleone Sanders -----\$3,300  
Helen Carlman -----\$3,900  
F. D. Blair -----\$5,100  
R. E. Cheatham -----\$4,500  
N. G. Hodges -----\$4,500  
J. T. Ottaberry -----\$4,500  
O. B. Singleton -----\$4,500  
Leroy Hanusch -----\$4,500  
B. A. Biggs -----\$4,200

The Court also voted each Commissioner \$600 each year car expenses.

In addition to above salaries, the county judge draws additional salary as ex-officio county school superintendent and the county clerk is veterans' service officer.

At the same meeting, the Court officially recognized the Eldorado Volunteer Fire Department as a branch of the sheriff's department, when needed, inasmuch as the fire department now has radio units.

### Mothers' March Tonight To Climax Fund Drive

Tonight at 6:00 o'clock, the fire siren will sound a short blast to remind local residents of the beginning of the Mothers' March, which will be the climax of the month-long fund drive for the National Foundation.

Mrs. A. G. McCormack, chairman of the Mothers' March, reminds residents to turn on their porch lights to welcome the neighborhood mothers when they call. The town has been divided into 30 districts with one woman designated to work in each.

The drive has been going on all month for the National Foundation which has long been known for its efforts with polio and more recently has concerned itself with birth defects and arthritis. C. J. Hahn was chairman of the March of Dimes Drive and Leslie Baker has served as treasurer.

Other officers for the National Foundation are Dan Sebasta, county chairman; and Dr. John D. Blackburn, local medical advisor.

With this part of Texas experiencing one frigid arctic blast after the other, for the past month, it was especially fortunate for the 4-H and FFA clubs that Saturday turned out to be one of the "in-between" days and their annual livestock show was presented in favorable weather.

The show went off without a hitch and it was estimated that over 400 attended the barbecue.

Sue Edmiston showed the Champion Fine Wool Lamb and Danny Burk the Reserve Champion.

Clifford Schooley showed Champion Crossbred Lamb, and Loretta Schooley had Reserve Champion. Results in Southdown, Dorset, and Cheviot and other crosses: 1. Nancy Lux; 2. Connie Speck; 3. Henry Speck, Jr.; 4. William Edmiston; 5. Clifford Schooley; 6. Clifford Schooley; 7. Loretta Schooley; 8. Sue Edmiston.

**Registered Rambouillet Show**  
Ram Lamb: 1. Joe Phillips; 2. Mike Sudduth; 3. Billy Sudduth; 4. Henry Roach; 5. Phil McCormick.  
Two-Tooth Ram Lamb: 1. Ricki Jones; 2. Ricki Jones; 3. Billy Sudduth; 4. Buzz McCormick; 5. Henry Roach.

Ewe Lamb: 1. William Edmiston; 2. Sue Edmiston; 3. William Edmiston; 4. Joe Phillips; 5. Hyman Sauer.  
Two-Tooth Ewe Lamb: 1. William Edmiston; 2. Joe Phillips; 3. Joe & Phil Edmiston; 4. Joe Phillips; 5. Joe & Phil Edmiston.

Champion Ram: Ricki Jones; Reserve Champion Ram: Ricki Jones; Champion Ewe and Reserve Champion Ewe: William Edmiston.

### Boiler Explodes At Sinclair-Skelly Plant

An outdoor boiler at the Sinclair-Skelly Gas Products plant in the Huldale area blew up last Thursday morning at about 6:20. No one was injured, but the boiler jumped a chain-link fence and cut a high line pole.

By this week Sinclair officials were conducting an investigation concerning the explosion and its causes. A new boiler is on the site awaiting installation.

The boiler mishap caused a bright fire visible as a glow for miles. The Eldorado fire department was alerted but was not called out.

Mrs. C. N. Clark was called to Odessa Monday because of the illness of her daughter, Mrs. Charles Haines.

J. H. Emmons, who owns the former Rex McCormick place on the Sonora highway, celebrated his 94th birthday there Tuesday.

**Crossbreds—Average Daily Gain**  
1. Dee Lux ----- 657  
2. John Mayo ----- 498  
3. Jessie Luedecke ----- 453  
4. Danny Burk ----- 451  
5. Betty Kessler ----- 428  
6. Carrol Hodges ----- 426  
7. Connie & Walter Speck ----- 417  
8. Gary Donelson ----- 402  
9. Oville Luedecke ----- 400  
10. Loretta Schooley ----- 387

**Fine Wool—Average Daily Gain**  
1. Joe Hardin ----- 525  
2. Jimmie Belk ----- 427  
3. Jessie Luedecke ----- 415  
4. Steve Blaylock ----- 378  
5. Nancy Lux ----- 373  
6. Phil McCormick ----- 356  
8. Phil & Joe Edmiston ----- 342  
9. Joe & John Lowe ----- 336  
10. Carrol Hodges ----- 328

**Registered Heifers**  
Senior: 1. William Edmiston; 2. Walter Speck; 3. Connie Speck.  
Junior: 1. Connie Speck; 2. Sue Edmiston; 3. Sue Edmiston; 4. William Edmiston; 5. Arlene Hartgraves.

**Steers**

Light-Weight Steers, 750 Lb. and under: 1. J. W. Hawkins, calf bred by Fred Case; 2. Cliff Schooley, calf bred by Walter Pope; 3. Danny Burk, calf bred by Atkins; 4. Joe Lowe, calf bred by Kocking R. Ranch; 5. Danny Burk, calf bred by R. D. Johnson.

Middle Weight Steers: 1. Joe Max Edmiston, calf bred by E. N. Edmiston; 2. Phil Edmiston, calf bred by Edmiston Bros.; 3. Paul Page, calf bred by Paul Page, Sr.; 4. William Edmiston, calf bred by E. N. Edmiston; 5. Sue Edmiston, calf bred by Edmiston Bros.

Heavy Weight Steers: 1. J. W. Hawkins, calf bred by Fred Case; 2. Danny Burk, calf bred by Powell Ranch; 3. J. W. Hawkins, calf bred by O. Teele; 4. J. W. Hawkins, calf bred by O. Teele.

Champion steer, Joe Max Edmiston, bred by E. N. Edmiston; Reserve Champion Steer, J. W. Hawkins, bred by Fred Case.

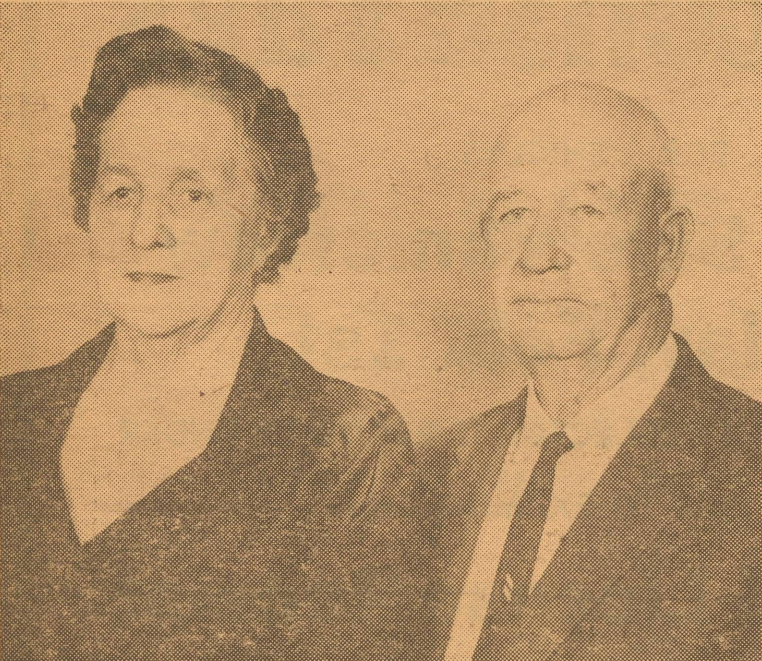

**Special Awards**  
Nathan's Trophy, Cliff Schooley; Showmanship, Joe Max Edmiston, by National Farm Loan Assn.; Production Award, Sue Edmiston, Holland's, San Angelo; Best Steer Trophy, Joe Max Edmiston, by Edmiston Bros.; Best Registered Heifer Trophy, William Edmiston, by Hartgraves; There were 40 lambs and two swine sold at auction.

Champion lamb was purchased for \$190 by the First National Bank of Eldorado.

Reserve Champion Lamb went for \$150 to Hemphill-Wells, Ace Builders, and Nathan's, all of San Angelo.

CARBON PAPER at the Success

## OPEN HOUSE SUNDAY AFTERNOON WILL HONOR OGLESBYS ON GOLDEN WEDDING

MR. AND MRS. SAM OGLESBY

This Sunday afternoon at the home of their son, Bill Oglesby, Mr. and Mrs. Sam Oglesby will be honored on their Golden Wedding Anniversary with an open house. Calling hours will be from 3:00 to 5:30 and the family state that all friends of the Oglesbys are invited to attend.

It was on February 3, 1913, that Bertha Holland became the bride of Sam Oglesby, Jr., in a ceremony held in Altus, Oklahoma. Both the bride and groom came from pioneer families here in southwest Texas.

Mrs. Oglesby was the daughter of Mr. and Mrs. S. W. Holland and was born in Ballinger. At the time of her marriage the family lived here in Eldorado, a town that was then very small.

Mr. Oglesby's parents were Mr. and Mrs. S. M. Oglesby Sr. of Merton. Mr. Oglesby Sr. was one of the area's first sheep producers. Sam Jr. was born in 1893 at Sherwood, near Merton.

The Rev. I. E. R. Welch of the M. E. Church in Altus officiated at the wedding, after which the couple returned to Schleicher county to make their home. Except for a brief time they lived in Coke county, the Oglesbys have spent all 50 years of their life together in this county.

He has engaged in ranching all of his life and lists hunting as his hobby. Mrs. Oglesby is accom-

plished at her hobby of hand work, doing most of her own sewing. Mr. and Mrs. Oglesby are members of the Presbyterian church.

The Oglesbys have one daughter and two sons, all of whom will be on hand at the open house Sunday as hosts.

The daughter is Mrs. Lucile Lovelace of Brownwood.

The sons are W. H. (Bill) Oglesby and R. H. (Bob) Oglesby.

Mr. and Mrs. Bill Oglesby have four sons, Bill, John, Tom, and Dick; and Mr. and Mrs. Bob Oglesby have two sons, Sam III and Bryan.

Others who plan to be on hand Sunday include Mr. Oglesby's sister, Mrs. Jewell Mitchell of Chihuahua City, Mexico; and his brother and wife, Mr. and Mrs. Robert Oglesby of Austin.

Also Mrs. O. M. Smith, sister of Mrs. Oglesby, is expected to be here from Brownwood, accompanied by her daughter, Mrs. Otis Matlock and husband.

Other brothers who may be here are E. O. Oglesby of San Angelo, Rev. J. C. Oglesby of Fort Worth, P. H. Oglesby of Dallas and Blanks Oglesby of Del Rio. Another brother, Ford Oglesby, Sr., died in 1961.

A good crowd of local and out-of-town friends expect to call Sunday to wish the Oglesbys congratulations and best wishes as they complete 50 years together.

Episcopal Diocese Sets Meeting At McAllen

San Antonio.—The Episcopal Diocese of West Texas, embracing 60 counties, will hold its 59th annual council Feb. 7-9 at St. John's Church, McAllen, Texas, the Rt. Rev. Everett H. Jones, Bishop of the diocese, has announced.

Established in 1874, the diocese operated as a missionary district for three decades. During this 30-year period, it held annual convocations. Becoming self supporting in 1904, it began its annual diocesan councils the following year. In its 89-year history, the diocese has had but four bishops. Bishop Jones has served since 1943.

Bishop Jones noted that the council will be the first ever held in McAllen and the first ever held in a church that has been organized only for the last 15 years. He said this is an index of McAllen church growth. The council has previously met in two other Valley cities, Brownsville and Harlingen.

Commenting on the forthcoming convocation, Bishop Jones said: "Every branch of the Christian Church today needs to take a realistic look at its mission and purpose. Unless a church realizes the purpose God has for it, it is bound to be ineffective and inadequate. Perhaps the most promising trend in the Christian world today is this movement toward honest self-evaluation; hence the theme of the 1963 council will be 'Finding Our Mission and Our Power'."

Attending the council from Saint Mary's Church, Eldorado, will be the Rev. Lea Roy Aldwell, priest in charge, and John H. Gilmore, delegate. Alternate delegate is Ernest H. Nimitz.

S.A.C. Homecoming Set For February 9

San Angelo.—San Angelo College Ex-Students Association is planning its annual San Angelo College Homecoming celebration for Saturday, February 9, at the college with the SAC Rams versus Frank Phillips College basketball game as a climax to the activities, according to Walter Thomson, San Angelo, president of the association.

Leonard King and his orchestra will play for the Exes dance at the Elks Club following the basketball game.

Homecoming queen and her four duchesses, elected by the students, will be presented at half-time at the game which will begin at 7:30 p.m. in the college gym.

A barbecue dinner in the Student Center cafeteria from 5:00 to 6:30 p.m. will be followed by humorous skits, with a boost-the-Rams theme, given by campus clubs. Sororities will entertain their alumnae members from 3:00 to 5:00 p.m. at teas in the Student Center.

Mrs. T. W. Johnson has had as guests this past week Mr. and Mrs. Edwin T. Johnson and their sons, Tom E. and Dean. Mr. and Mrs. Johnson are leaving this week for their home in Sumatra after an extended vacation in the States. They will return by way of New York where they will visit the daughter Elaine. The journey to Sumatra will take them to South Africa by way of Portugal, and thence to Kenya, Ceylon, and Singapore. The sons, Tom, and Dean, are returning to Austin where they are students at the University.

State Meeting Of American Legion Set

Austin.—National Commander James E. Powers of Macon, Ga., will be the key-note speaker at the opening session of the Mid-Winter Conference of The American Legion, to be held here February 2-3 at the Stephen F. Austin Hotel, Department Commander V. F. Taylor has announced.

Powers, accompanied by his aide, James Watson of Washington, D. C., Clarence Horton of Montgomery, Alabama, chairman of The American Legion's National Legislative Commission, and Lloyd Wignall of Indianapolis, Indiana, assistant director of membership, will arrive Friday, Feb. 1. An Area Membership Conference is scheduled for that evening with officials of The American Legion attending.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

Notes from a household equipment meeting which I attended some time ago—

The average garbage disposer uses about 6 quarts water more, per person daily, than would be used ordinarily. That's average, however; a good manager can beat the average.

"There isn't a sorry vacuum cleaner made today—only machines designed for different uses" — a statement made by a district sales manager of a well known vacuum cleaner company.

A new carpet should not shed fluff after about four months. If longer, it is a sign that grit is cutting the nap.

Until a carpet is rolled for shipping it has no nap; the direction of the roll creates a directional nap.

Question—"Why do carpets wear and pack at doorways?"

Answer—"Grit. Nothing but grit being brought in on shoes. A carpet will hold its own weight in dirt."

Don't ever, ever, put Drano or other such drain chemicals in your garbage disposer. The speed of the disposer is so great that it can cause the whole thing to catch on fire.

Question: Can you tell me what makes pie crust shrink in the pan as it bakes?

Answer: The most common cause is stretching it as it is fitted in the pie pan before baking. Place the pastry in the pan loosely and press bottoms and sides down well with your fingers. Allow plenty of pastry for the edge. Incidentally, an edge or fluting which has been brushed with sweet milk will brown with a beautiful glaze.

To mothers of 4-year-old boys and maybe on up a little—

An Eldorado first grader rushed home from school the other afternoon and insisted that his mother buy him a set of pistols, holster and gun belt.

"Why, what for, dear?" the mother asked. "You are not going to tell me you need them in school, I hope."

"Yes, I do," the boy asserted. "Teacher said tomorrow, she's going to teach us to draw."

At this equipment meeting which I spoke of a few minutes ago we had a good demonstration on the use of the new electric floor washer-dryers.

These newly designed cleaners dispense sudsy water, wash the floor as you direct the machine, then vacuum dry the floor very quickly. Then the floor is rinsed before re-waxing.

Yellowed, stained or streaked floors and floors that won't shine are commonly complained about. Old wax is usually the cause of these conditions.

To remove wax build up use this simple to make at home remover. By the way, the Johnson's wax people recommend this: mix 1/2 cup mild detergent and 6 tablespoons ammonia to one gallon warm water. Or, if you have one handy, just use a dry electric floor polisher. The whirling brushes scrub powerfully.

The experts had this to say about slick, waxed floors: When a waxed floor is slick, there is too much wax.

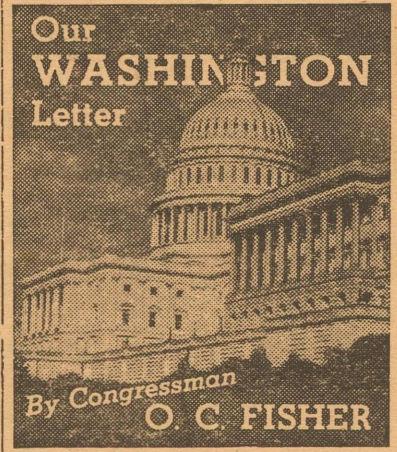

Apply wax to a completely dry floor and give it a thin coat.

Any wax described as "self-polishing" is a water based wax. Polishing waxes are solvent based. Check your floor covering. Asphalt tile is harmed by the use of a solvent based wax. The solvent is naphtha and naphtha won't work on asphalt tile. The same is true for a mixture of vinyl and asphalt tile. The pure vinyls can take any kind of wax.

Just don't put paste wax on asphalt tile. And don't put self-polishing wax on worn wood floors.

"If there is anything we wish to change in the child, we should first examine it and see whether it is not something that could better be changed in ourselves." —Carl Jung.

Misses Judy Hext and Lynda McGinnes spent a few days during the week end with home folks, and were accompanied by two college friends, Diane Walker and Joan Laird, both of Denison. The girls are all students at North Texas State University at Denton and had a few days vacation between semesters. While here they made sight-seeing trips to the Alamo replica near Brackettville and the Caverns of Sonora. They left Monday to return to Denton.

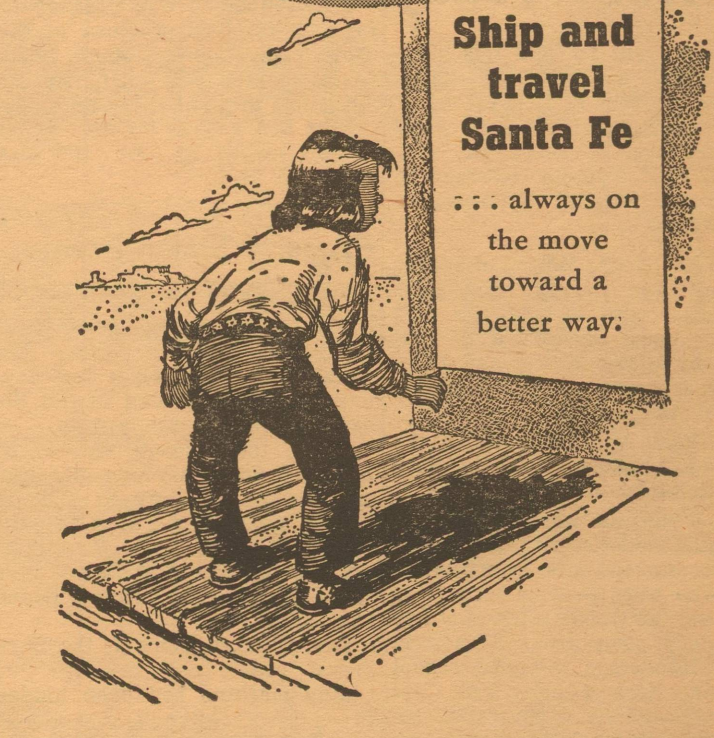

Recent disastrous strikes which closed all eastern and southern ports for a month, and the strike that has shut down all newspapers in New York for longer than that, plus scores of others, point up the pressing need for more effective protection for the public against this sort of thing.

It is said that if Jimmy Hoffa desired, with his transportation union, he could very nearly shut down the nation's economic life with a general strike. That is more power than bad men should have, and it is more power than good men should want.

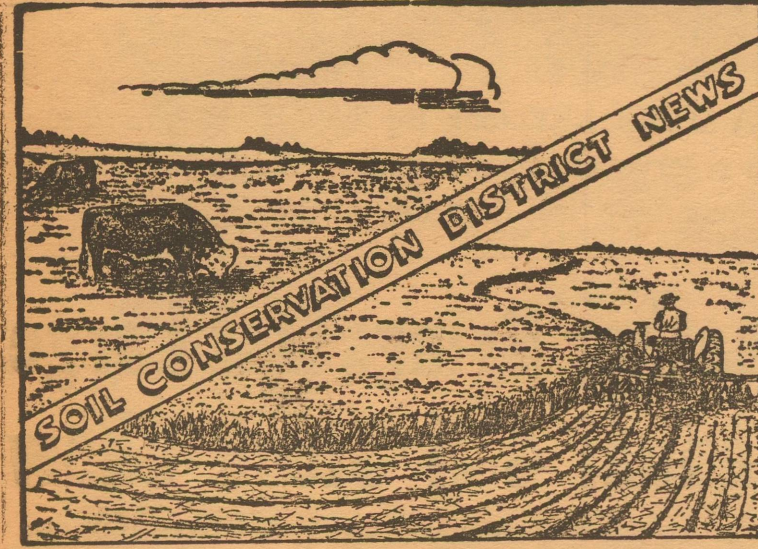

It was a bit disappointing when the President did not come to grips with this problem in his State of the Union message. But regardless of that, it is the duty of the Congress to re-examine our laws and tighten and revise them in a way that disaster can be avoided.

There is no reason, for example, why unions should not be subject to the anti-trust laws—just as business is. By doing that the Congress would fill a gaping hole in our management-labor laws. If that should be done the public could breathe much easier.

I have repeatedly introduced bills to accomplish this purpose, and have done so again this year. But it is difficult to buck the power of the politically-conscious unless there is a public demand

that is really meaningful. A few union leaders are becoming aware of the need for a new look at their obligations to the public. They are recognizing the fact that unions are now of age; that they themselves are Big Business; that many of them are rich and more powerful than their counterparts in industry; and that there is no longer any justification for unions to be coddled and wined by the government. That attitude is labor-statesmanship—of which there has been a tragic shortage in this country in recent years. Another bill I have introduced on this subject would require secret ballots, under government supervision, among all union members before a union can call a strike. This is hotly opposed by union leaders, but their opposition is obviously ill-founded. The outlook for passage of constructive and progressive legislation in this field this year is, to say the least, not bright. But the issue must be kept alive.

Doyle Johnson.....Member

There was never a truer saying than "It's the water you keep that counts." Farmers and ranchers of the Eldorado-Divide S.C.D. should know the full meaning of this statement from actual experience. Since the yearly average rainfall is only 18 inches to 20 inches, the loss of any part of the amount received reduces the amount available for plant use.

What per cent of the water that is received from rainfall or pumped from an irrigation well can one afford to lose? The answer of all the farmers and ranchers in this area would undoubtedly be None! The fact that the amount of rainfall received varies from year to year makes it more urgent that all the water that is received should be kept.

Several years ago farmers began to install irrigation systems on their farms for the purpose of irrigating the main cash crop, cotton. The purpose of the irrigation water was to supplement the rainfall received each year whereby maximum crop yields could be attained. This added to the problem of soil, water and plant conservation that existed under dry-land farming. Even though new problems are added under irrigation, there is usually a solution to all of them. To get the most efficient use of rainfall and water from irrigation wells, all the needed soil, water and plant conservation practices must be applied and maintained.

The biggest loss of water from irrigation wells occurs in earthen irrigation ditches before the water reaches the field. This water is lost before crops make any use of it. However, the water that is lost cost the same as the water that reaches the field for crop use.

Irrigation farmers have found that it takes approximately 30c per hour for fuel and oil to pump 450 gallons per minute. For each hour of pumping time, enough water is pumped to put water one inch deep on one acre of land. For each four hours of pumping time one acre could be covered to a 4-inch depth, considered to be a normal application for each irrigation. The cost of the fuel and oil for five applications of water in one year, would be \$6.00 per acre. However, where earthen ditches are used, irrigation farmers have found that at least 1/3 of the water pumped is lost before it reaches the field. To deliver 20 inches per acre each year, approximately 28 inches will be pumped from the well. It would take eight hours to pump the additional 3 acre inches of water at a total cost for fuel and oil of \$2.40. Considering that 80 acres was being irrigated the loss would be \$192 per year.

The \$192 loss per year might appear to be insignificant on 80 acres if the yield is 1 1/2 to 2 bales per acre. For 20 years the loss would be \$3,840. This would go a long way toward installing lined ditches or pipeline to deliver water to the field without any loss. Yes, it's the water you keep that counts. The use that could be made of the water that is lost is far more important than the \$192 per year on 80 acres. Without any water loss from the well to the field, 8 inches of the 28 inches pumped could be used on other land. The 8 inches would amount to 640 acre inches of water, or 20 inches per acre in 32 acres.

In working with irrigation farmers on conservation cost return information, it has been found that 1 1/2 bales of cotton per acre will net about \$53.65. All the cost that is included in the irrigation operation is used to arrive at this figure. At this rate 32 acres being irrigated from water that is lost from earthen ditches would net \$1,716.80 each year. Then the total loss would be \$1,980.80 each year. This does not include the 1/3 of the irrigation pump and motor that would be lost.

"Water pumped, but not used, means dollars lost."

### Animal Care Know-How Pays Off With Honors for Bryan 4-H'ers

When Gary Vance of Bryan times bird dog field trials he uses a wrist watch that has a special meaning. He received it as an award for placing first in Texas in the 4-H dog care and training program.

Vance Britten

Vance, 16, is one of two Bryan 4-H'ers winning top awards in 1962. The other is Dick Britten, 18, who took an all-expense trip to Chicago awarded by E. I. du Pont de Nemours & Co. Britten attended the National 4-H Club Congress in Chicago, held the week after Thanksgiving and considered the top 4-H event of the year. He was

following in the footsteps of his father, Col. Walter Britten, who attended the congress many years ago.

The youth, treasurer of the Texas Junior Hereford Association, was awarded the trip after being named best in the Texas 4-H beef program. He plans to become a rancher.

Britten began his beef project nine years ago with two calves and has built a herd of 35 prize-winning animals. One of his Shorthorn steers was named breed champion at the San Antonio Show and sold for \$1,000.

Vance was enrolled in the dog care project three of his five years as a 4-H'er, training two pointers, Mike and Tony.

He is a member of the Brazos County 4-H rifle team, an activity that fits in well with the training of bird dogs.

The wrist watch was a gift of Ralston Purina Company, sponsor of the relatively new dog care program for 4-H'ers.

### Five Texas Teen-Agers Live 4-H Motto—'Learn By Doing'

Miss Nesuda Miss Wolf

Tate Miss Klein

"Learn by doing" is more than just a motto to five outstanding teen-agers from northeastern Texas. To them, as 4-H Club members, it's a way of life. And that 4-H Club way paid off a big dividend for four of them in 1962—a trip to the National 4-H Club Congress in Chicago. The congress is considered the top 4-H event of the year.

The trip winners are Paul Tate, 19, of Waxahachie; Richard Blair, 19, of Nocona; Carol Jean Klein, 18, of Denton, and Carol Nesuda, 17, of Ennis.

The other top Texas 4-H'er from the area is Charlotte Wolf, 17, of Muenster. She was awarded a wrist watch by the Carnation Company after placing first in the state's individual dairy foods demonstration contest.

Blair, winner of the Texas 4-H

safety program, was a guest in Chicago of General Motors. He won recognition with safety demonstrations on poisonous snakes, nuclear fallout and fire extinguishers.

In his eight years as a 4-H'er, Tate built a herd of 28 dairy animals. He was awarded a trip by the Oliver Corporation after winning the state's 4-H dairy competition. He is a son of Mr. and Mrs. J. C. Tate Jr.

Miss Klein, winner of the canning program award, canned more than 1,000 quarts of fruits and vegetables during six years of 4-H. The young woman, daughter of Mr. and Mrs. Edward Klein, won a trip given by the Kerr Glass Manufacturing Corporation.

Montgomery Ward presented the trip won by Miss Nesuda, a 4-H'er for six years and former vice president of the Ellis County 4-H Council. The talented young homemaker won the state's 4-H home economics award. Her parents are Mr. and Mrs. Alvin Nesuda of Ennis.

A demonstration entitled, "School Days the Dairy Foods Way," won the dairy foods award in Texas for Miss Wolf. In the demonstration she showed how to prepare a box lunch of stuffed cheese rolls, raw carrot and cabbage salad, fresh fruit, milk and cheese-nut balls.

Blair

### Junior Class Play Given

The Junior Class of Eldorado High School presented their play, "Three Sisters," a Hungarian romantic comedy, last Thursday night in the school auditorium. A large and appreciative crowd braved a cold winter night to attend.

Bill Bowen directed the play. The cast included: Barbara Johnson, Eileen Kent, Jane Sanders, Alice Dyer, Joan Griffin, Deanne Hext, Karon Kemble, Linda Boynton, David Childers, Jack Mackey, Lynn Meador, Tip Finley, Rex McCormick. George Draper was stage manager and other classmen helped backstage and with ticket sales, etc. Class sponsors are Oliver Burk, Leslie Woullard, and Raymond Mittel.

### ON T-V PROGRAM

Donald Wayne Hooker, son of Mr. and Mrs. Bill Hooker of San Angelo, is appearing on the Romper Room program over KCTV for two weeks, beginning this week.

He is the grandson of Mr. and Mrs. Ross McAngus of Eldorado. The program is from 10:30 to 11:00 a.m. each day.

Mrs. J. D. Huckaby underwent eye surgery recently in Dallas and is expected home this week end. Her daughter, Mrs. Paul Page, is with her.

### High Speed Living Costs All Of Us Sleep

The supersonic speed of modern life is costing us one of the most vital ingredients of good health—sleep.

Twenty years ago people got plenty of sleep and were better off for it, because sufficient sleep is unreplaceable if denied. People knew about fission in those days, but it was the hook and line variety, rather than nuclear. Things have changed . . .

Say you stay up for 20 hours a day. If you follow this routine for a week or so at a time, first thing you'll notice is your hands jumping from nervousness. A dull ache will begin gnawing at the base of your skull. You'll be picky and indifferent toward food.

You'll be quarrelsome—projecting casual remarks all out of proportion. It will sound like an insult when someone says hello. You might think a good night's sleep will fix you up. Maybe it will—on

the surface. The nervousness might leave you and the headache might disappear. It could be that a single night of sleep will give you the sweet disposition that was formerly sour grapes.

But it's all on the surface. During the stretch of sleeplessness your heart may have been strained, your blood pressure increased, your digestion upset.

Sleep gives the human body a chance to recover from the fatigue of one trying day before the assault of the next. And it has to be

natural to be beneficial. That's why sleeping potions are undesirable as a steady diet.

A few hints may help you get a better night's sleep. Do your heavy thinking before supper. Make it a rule that after the evening meal your brain gets a rest. Subdue the lights around the house. Lights keep you alert, besides being tough on the power bill.

Get lots of fresh air. Sitting quietly on the porch might encourage the relaxation so necessary for

dropping off into sound sleep. So might a short drive—if you avoid main traveled roads. Reading light fiction is also relaxing, but stay away from the gory private eye stuff.

Develop a bedtime ritual, the more sedate the better, to condition your mind for bed. And when you do retire, deliberately try to blank out those random thoughts that steal into your mind.

A feature from Public Health Education, Texas State Department of Health.)

## Notice To Parents of School Age Children

The school census for Schleicher County is now being taken. All children who are six years old on or before September 1, 1963, but will not be 18 or older on or before that date should be counted in this census. It is important that all children six to 18 be counted in this census. The child should be counted even though he may not be in school and even though he may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31, you are being overlooked and should contact one of the following school principals:

Frank Kemble.....Phone 24161

Curtis Humphries.....Phone 24131

## THE FORD IDEA: build the fun in... build the worry out!

Spend fifteen minutes at your Ford Dealer's—see how much difference the right idea makes! These cars are more fun than cars have ever been before. The Super Torque Ford (foreground) has V-8's up to 405 horsepower, a \$10 million ride, rich interiors and luxury features like an optional Swing-Away steering wheel. The sleek new Fairlane middleweight (center) is quick, nimble, solid as a bank—and offers America's newest V-8! Don't miss Falcon (top)—now with a new dash of fun, including the first Falcon convertible. The '63 cars from Ford are designed to be less trouble than cars have ever been before. They're tight, quiet, solid as they come—and all\* have Ford's Twice-a-Year (or 6,000-mile) Maintenance!

America's liveliest, most care-free cars!

Tuesday, Feb. 5: Fried chicken, creamed potatoes, marinated green beans, whole kernel corn, buttered rolls, milk, banana pudding.

Wed., Feb. 6: Enchiladas, pinto beans, tossed green salad, buttered rolls, milk, fresh fruit cup, peanut butter cookies.

Thursday, Feb. 7: Roast beef and gravy, creamed potatoes, brussels sprouts, sliced beets, buttered rolls, milk, white cake, chocolate icing.

Friday, Feb. 8: Barbecued beef on bun, tuna sandwiches, potato chips, English pea salad, milk, fresh fruit.

Mrs. Ruth Williams has returned from a month's vacation in Florida where she enjoyed the warm weather. Leaving here, she took a bus to Houston where she joined a number of friends and they made the rest of the trip in a station wagon.

James Williams was in Houston last week end where he attended Federal Land Bank Association meetings. He accompanied Emil Prugel of Sonora to the meeting. They arrived back home Saturday night.

Firemen were called out Friday afternoon to northeast Eldorado to the home of Jesus Adame. An overheated flue ignited the ceiling through which it passed. The fire was quickly brought under control and damage was slight.

Mrs. Walter Helm and son Jay of Tucson, Arizona, were week end guests of Misses Miltia and Katherine Hill.

David Steen and Mike Moore were here over the week end from Texas Christian University at Fort Worth.

WHY give it house room if you no longer use it? Come by the Success office and place an economical FOR SALE want ad—and sell it, quickly and efficiently.

Public Notice. All interested persons are advised that the reconstruction and widening of U. S. Highway 277 between Murchison Avenue and the northern city limits in Eldorado are being planned by the Texas Highway Commission. The location follows along Divide Street and the present U. S. Highway 277. A street section 68 feet wide with curbs and gutters will be built. Plans showing the proposed location and construction are at the Texas Highway Department Resident Engineer's Office, Sonora, Texas, and may be examined there if desired. Any interested citizen may request that a public hearing be held concerning the proposed location and the economic effect of the location and proposed reconstruction by delivering a written request to J. A. Snell, District Engineer, P. O. Box 1841, San Angelo, Texas, on or before Friday, February 22, 1963. In the event such a request is received a public hearing will be scheduled and adequate notice given as to its time and place. (Jan 24-31)

**Complete Courses At Texas Wesleyan College**

Two Eldorado girls completed their courses at Texas Wesleyan College at Fort Worth last week. They are Ann Blair, daughter of Mr. and Mrs. Delwood Blair, and Mrs. Bob Whitis, daughter of Mr. and Mrs. Gus Love. Mrs. Whitis is the former Linda Love.

Mrs. Whitis is with her husband at Waco where he is in the Baylor Law School. She will be an attendant in a wedding this Friday night in Mineral Wells.

Miss Blair has been visiting this week in the Fort Worth area and will start work Monday as a teacher's aide in the Eldorado grade school.

Both graduates were named to Who's Who In American Colleges and Universities, were active in sororities and clubs, and completed their courses for their degrees in 2½ years. They were members of the 1960 graduating class of Eldorado High school.

**Lions Club Meets**

With W. R. Bearce presiding, the Eldorado Lions club met yesterday for a business meeting.

Bearce appointed Tom Ratliff and Peyton Cain to look into the matter of the Lions club entertaining the firemen with a get-together during the summer.

W. H. Hale, John Stigler, and Dick Preston were named to the nominating committee to nominate the slate of officers for the 1963-64 club year.

Bearce reported that he and Fred Watson, Charlie Hahn, and Bill Rountree had attended the mid-winter conference in Brady where Eldorado was one of 10 clubs given an award for having met their quota during the membership drive in October.

Joe Gault, Kenneth Vaughan and Henry Moore were voted in as new members.

The club recognized Joe Edens who is to move soon to Granite Shoals after having been a member of the local Lions club for over 20 years.

**Girls Even In District**

The Eldorado girls scoring the fewest points of the season were defeated 28-26 by Rankin in a rough and tumble contest that appeared more like football than basketball. Rankin has two forwards who are 5' 9" and 5' 10" but Tissie Enochs, Linda Nixon, and Joan Griffin held them to only 13 points each. Christy Moore had 14 and Jan Davis 10.

The Eagles outscored them from the floor but the free throw line was the difference. Rankin hit 10 or 25 while Eldorado was making only 6 of 21.

The girls stand 1-1 in district play and 15-4 for the season. Another district game looms Friday night in Iraan against Sandersen. Rocksprings will come here Tuesday night for a non-district contest. The girls will play at 5:30.

**VISITING HERE**

Thomas D. Bradley and little son Tommy of San Diego, Calif., are arriving this week for a visit with his mother, Mrs. F. M. Bradley, and other relatives.

Thomas volunteered in the Navy during World War II, and elected to make a career of it. He is now a high-ranking non-commissioned officer with about 20 years service to his credit.

His leave will be for 30 days after which he will report to Portland, Oregon, for duty at a recruiting station.

**Steward Infant Dies**

Graveside funeral services were held yesterday in Grape Creek cemetery for Sharon Darlene Steward, infant daughter of Mr. and Mrs. Bob Steward of Aspermont, and granddaughter of Mr. and Mrs. Aaron Steward of Eldorado.

Survivors of the baby, in addition to the parents, include one sister, Lisa Steward of Aspermont, and the maternal grandparents, Mr. and Mrs. R. L. Baker of Grape Creek.

Local 4-H boys and girls took a tour of the Armour Packing Plant in San Angelo Tuesday accompanied by their leaders, Sammie Hodges and Clifford Schooley.

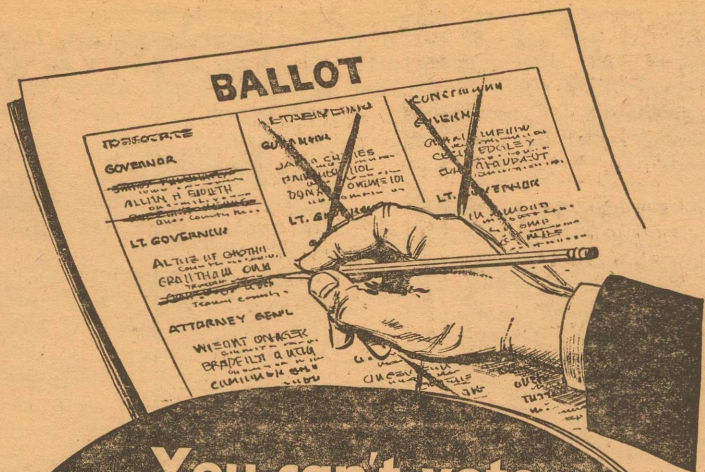

Billy Van Dusen left Monday for Alpine where he enrolled for the spring semester at Sul Ross.

**School News**

Mrs. Ronnie Mittel and Miss Ann Blair have been hired as teachers' aides in the 4th and 5th grades. Miss Blair completed her course last week at Texas Wesleyan at Fort Worth and will start her duties here Monday. Mrs. Jack Mund is serving in her place this week.

Oliver Burk, Vocational Agriculture instructor in the high school, reports that Feb. 13, a Monday, has been set as date for the annual F.F.A. parent and son barbecue, which will be a highlight of F.F.A. Week.

Bill Bowen stated this week that rehearsals for the Senior play will start soon. Tentative date set for the play is March 7th.

**You can't vote AGAINST ANYBODY if you don't pay your poll tax!**

**First Christian Church**

C. W. F. met in the home of Mrs. Raymond Schrank, with Mrs. Young in charge. Our president, Mrs. Roy Rountree has moved to San Angelo. She has been president of our CWF now for almost two years. We have accomplished much under her supervision. Our best wishes go with her to her new home. We know she will be a co-worker in Christ in this new community.

Meeting opened with prayer. Mrs. Bud Haynes read the minutes of the last meeting in absence of our secretary, Mrs. Andy Nixon. Mrs. Raymond Schrank gave the treasurer's report.

Much thought was given to the box of clothing that the C.W.F. plans to have ready to send to the Juliette Fowler Home by March 1st. Quilts are in the making for this box. Anyone wishing to help in the way of used clothing for this box, bring to Mrs. Raymond Schrank or Mrs. Charles Young.

Our lesson was a missionary lesson on South America and how God can help in all lands.

The meeting closed with the C. W. F. Prayer led by Mrs. Raymond Schrank.

Refreshments were served by our hostess, Mrs. Schrank. —Rep.

Mrs. L. T. Wilson is improving since her recent illness. She returned to her home Tuesday afternoon from Mrs. J. B. Montgomery's where she had been staying since her release from the hospital.

Peggy Spencer has returned to Sul Ross college after visiting recently with her parents, Mr. and Mrs. Edgar Spencer. Other Sul Ross students here recently included Myrta and Martha Topliffe and Herman Walker.

Dr. and Mrs. Odie Faulk and baby son, Richard, and Mrs. Faulk's mother, Mrs. Whalen of Bryan, spent Saturday night and Monday night with Mr. and Mrs. J. L. Ratliff. Dr. Faulk, who earned his Ph. D. in history last year at Texas Tech, is Mrs. Ratliff's son and is now teaching history and government at A&M. They were en route to and from El Paso on business.

**First Baptist News**

The W.M.U. of the First Baptist church met Monday afternoon at the church for the general business meeting and Royal Service program.

During the meeting which was presided over by Ruth Davis, WMU president, Lorenzo Selvis, interim pastor of the Mexican Mission, entered a plea for aid to Lydia Romero who has entered the Valley Baptist Seminary at Harlingen to prepare for missionary work.

The program, "Expansion for an Enlarged Ministry" from Royal Service magazine, was led by Mrs. Wm. Rountree, Mrs. Fred Watson, Mrs. W. N. Ramsay, Mrs. Vernon Rogers, Mrs. J. L. Ratliff, Mrs. Jack Griffin, Mrs. S. D. Maxfield, Sadie Davidson and Mrs. W. A. Van Dusen was on the program. The Kuykendall circle served refreshments to the 23 members present.

**G.A. Girls Attend Banquet**

Thirty-two G. A. girls, including 15 from the St. Luke's Baptist church attended the 50th anniversary G. A. Girls' banquet at the Cactus Hotel in San Angelo last Friday night. There were 300 girls present for the banquet from all over the Concho Valley Association.

Miss Joy Phillips, State G. A. Director, was main speaker and during the program adults dressed in period costume presented the progress of G.A.'s through the years. Miss Jacque Davis, daughter of Mr. and Mrs. Weldon Davis, was one of the four runners-up chosen from 13 girls for queen of the G.A.'s, who wrote themes on What G. A.'s Mean To Me.

Mrs. Carroll Ratliff is G. A. director of the First Baptist church and she is assisted by Mrs. Arch Mittel, Louise Kuykendall, and Mrs. Fuller. Mrs. Ratliff, Mrs. Mittel and Miss Kuykendall attended the meeting also.

Night circle of the WMU met Tuesday in the home of Mrs. D. C. Royster, with 11 members and two guests present. The Royal Service Missionary program was given by Mrs. Jewel Hodges.

**Medallion Received For Col. Black Ranch House**

The Col. Black ranch house near Fort McKavett was designated a while back for a historical medallion by the Texas State Historical Survey Committee, and the marker was received in the county judge's office last week.

About the size of an oversized dinner plate, the medallion is made of metal and has the designation of number 556 from the state committee.

The Schleicher County Historical Committee is to meet at 3:00 the afternoon of Feb. 8 in the judge's office to discuss plans for placing the medallion on the Col. Black house, which was built back in the 1880's and is one of the oldest residences in the county.

**Jr. High Girls Play**

The Eldorado Junior High girls played their first game of the season Monday and were defeated 16-12. The girls played the Mertzon Hornets in a very close game. Mertzon will return the game next Monday afternoon here.

Suson Mobley scored 4, Sherry Yates and Stella Hubble each had 3 and Libby Preston had 2. Other forwards were Susan Hill, Martha Sue Page, Nancy Jarrett, and Maureen McCravey.

At guard and doing a very good job were Shirley Hubble, Chris Edmiston, Norma Kay Mund, Jan Wagley, Kay Sanders, Jacque Davis, and Billie Gayl Blaylock.

**Episcopal Church To Hear Bishop Jones**

EVERETT H. JONES

The Rt. Rev. Everett Holland Jones, D. D., bishop of the Diocese of West Texas, will visit St. Mary's Episcopal Church in Eldorado on Sunday evening, February 3rd, for the 7:30 o'clock service which will include Holy Communion.

The public is cordially invited to attend.

Mrs. Glenn Ratliff of Monahans was honored Sunday with a tea as "Woman of the Year" for 1962. She was recognized for her 22 years of community service at Monahans. She is a daughter-in-law of J. L. Ratliff of Eldorado.

CHARGE PADS, stock forms, available at Success office.

TODAY IS YOUR LAST CHANCE TO RENEW OR EXTEND YOUR SUBSCRIPTION TO THE SUCCESS AT THE OLD RATES

Austin.—Rep. James Cotten of Weatherford—one of the most militant members of the 58th Legislature—is examining the flight records of state-owned planes.

Cotten is concerned about what he considers frivolous use of state property—namely, three airplanes which the Department of Public Safety is supposed to use for transporting officers to distant scenes of crimes, or to attend law enforcement meetings without missing too many duty hours.

Cotten says he has discovered these planes have been used: For rushing a representative home for the weekend; for ferrying a state senator home to make a speech; for transporting the state librarian to a monument on the coast "to get ideas on how to set up displays."

Cotten wants to know "How much did these junkets cost?" State politis haven't answered, but Austin airport authorities guess the cost at \$26 to \$75 an hour—depending on which plane is used—plus pilot's time.

Now the representative from Weatherford is talking about grounding all passengers except those who are entitled to use state planes for necessary, official business.

He plans to introduce a bill that would forbid legislators from hitchhiking rides aboard the planes unless they were on official business.

**Parental Support Bill**

A bill which would make relatives responsible for the welfare of the needy old people has been introduced by Rep. J. Collier Adams of Lubbock.

Patterned after the "Montana Method," the bill calls for contributions to the support of citizens on Old Age Assistance rolls and disabled persons receiving state aid.

The "responsible" relatives could be the assistance recipient's parent, aunt, uncle, niece, nephew, spouse, brother, sister, son, daughter or grandparent.

Proposed law would make a person earning \$201 a month and supporting only himself pay \$5 a month toward a relative's care. If he made \$376 a month and was supporting two people, he'd have to pay \$20.

"I just believe," Representative Adams said, "that the commandment 'Honor thy mother and father' should be upheld." He said he also figures that the most needy people could get larger benefit checks if others received semi-support from their families.

**Brucellosis Tests**

Dr. John L. Wilbur Jr., U. S. Department of Agriculture's animal disease eradication division, reported that public stockyards inspection last month revealed brucellosis infection ratios of 1 to 11 per cent.

High ratio was revealed at the Port City Stockyards in Houston.

An infection ratio of only one per cent was found at San Antonio's Union Stockyards. Fort Worth Stockyards' ratio was 3.7 per cent.

**No Emergency**

The man who holds the state purse strings for the House of Representatives said he sees no urgency requiring fast legislative action to bolster the screwworm eradication program by \$1.4 million.

Chairman Bill Heatly of the House Appropriations Committee said his conclusion of a recent screwworm eradication project hearing is that livestock producers have raised enough money to keep the program going until March 1.

Meanwhile, an interim study committee headed by Sen. Culp Krueger of El Campo strongly recommended that the \$1.4 million be appropriated now, and another \$1.6 million be appropriated for the year beginning September 1.

This would make up the \$3 million, members of the Southwest Animal Health Research Foundation have been seeking from the state.

**First Appointment**

Gov. John Connally's first appointment act was to name Judge Louis T. Holland Jr. of Montague as Presiding Judge of the 8th Administrative Judicial District.

Judge Holland will succeed Judge Jack M. Langdon of Fort Worth.

**Trading Stamp Tax**

As an alternate to sending "the cream of business profits to out-of-state trading stamp companies," Rep. Jim Segrest of San Antonio proposed a 10 per cent gross receipts tax on trading stamps.

"Trading stamps are the most hated of all competitive weapons by even those who use them so why not tax such an unhealthy item?" Segrest asked.

He said his bill would bring millions to the state treasury as a balance to "some fifty million dollars" taken out of Texas annually by trading stamp companies.

**\$18 Million Plant Secured**

Governor Connally, who's been determined to make this state a leader in securing new industry, was greatly pleased with the announcement that the Holly Sugar Corporation of Colorado Springs, Colorado, will establish an \$18 million sugar beet processing plant in Hereford.

Construction will begin soon, and the 1,700-acre plant is expected to be in operation by September 1, 1964.

"Establishment of this refinery is a big step toward providing new job opportunities for the citizens of Texas," Governor Connally wired the sugar firm.

**College Hearings Set**

House State Affairs Committee—which has been the referral point of about one-third of 200 bills already introduced by the 58th Legislature—put college upgrading requests first on its agenda.

Bills being heard first are those designed to lend senior status and full state support to San Angelo Junior College and Odessa Junior College, and give full state support to Pan American College at Edinburg.

**Fund-Raising Restrictions**

Sen. Criss Cole of Houston believes the state should keep tabs on all people who raise money for charity.

Many charitable organizations

use professional money-raisers to conduct fund campaigns, and Cole proposes that the charities tell Secretary of State Crawford Martin:

1. What sort of deals they've made with their professional money raisers;
2. What commissions the fund-raisers would get;
3. When solicitations will be held, and what will be done with the money solicited.

Annual reports of licensed organizations would be checked by a certified public accountant. Attorney general would halt the activities of organizations which try to raise cash without registering, unless they are exempt from the act.

**Free Fishing**

An easing of fishing license requirements—aimed at helping unemployed persons on the Gulf Coast—has been introduced by Rep. Ed J. Harris of Galveston.

Harris proposed that citizens be allowed to fish with rod and reel in their home counties without paying \$2.15 for a license. He described fishing in one's own county or from one's own property as a "basic, human right."

**Purchase Raise Proposed**

A bill to raise from \$150 to \$500 the amount of "emergency purchases" a county can make without advertising for competitive bids has been drafted by Rep. Vernon Beckham of Denison.

Beckham said a county official can't buy a truckload of gasoline or a typewriter without exceeding the \$150 limitation enacted in 1921.

Beckham introduced another bill which would raise the maximum to be spent by county commissioners on office buildings or jails in cities other than the county seat from \$150,000 to \$200,000.

**Oil Allowable Upped**

Texas Railroad Commission has given oilmen their biggest production raise in many months.

Commission has set the February allowable at 20 per cent of potential.

**Medical Practice**

Senator Jim Bates of Edinburg has introduced legislation (SB 64) aimed at licensing and regulating non-physician owned and operated clinical laboratories.

"This bill would strengthen the Texas Medical Practice Act," says Bates, "by establishing educational and experience standards as a requirement for licensing by the State Department of Health."

Bill also requires that all tests be performed only upon the request of a doctor.

**Too Big**

Rep. V. E. "Red" Berry of San Antonio wants to divide Texas into two states.

A constitutional amendment proposed by the colorful retired gambler would create the "State of South Texas." Berry envisions it as a tax-free paradise in which horse racing, liquor by the drink, and tourist trade would flourish.

"Nearly all counties in 'South Texas' voted for racing last year," he said enthusiastically.

**Bar Obscene Films**

A bill to prevent showing of obscene movie films in Texas has won the approval of the Senate State Affairs Committee.

Measure, sponsored by Sen. George Parkhouse of Dallas, would place censorship restrictions on foreign films and films traveling across state lines, two film types now unrestricted.

**Governor Hires 55**

Governor Connally has so far employed 55 persons.

They range from key staff personnel to domestic help at the mansion.

A staff aide said the present total of full- and part-time workers is less than the previous administration's. He also noted that the office is "not yet fully staffed."

There are now faces at nearly all desks but most have worked in and around the capitol in the past.

**Sentence Thrown Out**

Court of Criminal Appeals in Austin has reversed a 25-year sentence for murder.

A Harris County district court had found Hoover Small, a legless Houston resident, guilty of murder with malice in the shooting death of his wife.

The murder weapon could not be found.

Appeals court's opinion said Small could not get down the steps of his apartment to dispose of a weapon without aid.

**Voter Registration**

Annual voter registration has been proposed in the Texas Senate by Sen. Tom Creighton of Mineral Wells.

Bill was filed in anticipation of poll tax repeal this year or next.

Senator Creighton is chairman of the interim Committee on Texas Election Law Study. His bill is said to reflect the committee's recommendations.

**Texas Crude Use**

Texas refineries may have to buy three-fourths of their crude oil within the state.

Rep. Charles N. Wilson of Trin-

ity has introduced a bill declaring about "75 per cent of the total stock of crude petroleum and natural gas refined, reclaimed, treated or processed by any person or company shall be from wells in Texas."

**Parking Garage Urged**

A House legislative committee has recommended that the state go into the parking-garage business and urged endorsement of such a measure by March 1.

If passed, the Texas Employment Commission can use \$300,000 from an unemployment fund to construct the garage.

**No Closed Meetings**

Rep. John Alaniz of San Antonio would prohibit closed meetings of state, city or county agencies.

Alaniz has introduced a bill in the House providing a \$100 to \$1,000 fine for public officials who participate in closed meetings.

Two other representatives, Chester Brooks of Houston and Bill Rapp of Raymondville have introduced similar legislation. Alaniz is an attorney. Brooks and Rapp are newspapermen. The latter two also have introduced legislation calling for public records to be open to inspection by any citizen of Texas.

**End Ad Valorem Tax**

Legislation to abolish the state ad valorem tax in 1938 has been introduced in the House of Representatives. Two constitutional amendments and a bill to do the job are being sponsored by Reps. Ben Atwell of Dallas and Charles N. Wilson of Trinity.

**Execution Stayed**

Carolyn Lima, convicted murderer, still is scheduled to become the first woman in Texas to be executed. Currently she is living on borrowed time, since Governor Connally has granted her the customary 30-day constitutional stay of execution. Her partner in murder, Leslie Douglas Ashley, also has been granted a stay which has set the next execution date for Marche 30.

Miss Lima and Ashley were convicted of murder in the slaying of Fred Toms, Houston real estate dealer. Texas Court of Criminal Appeals twice has upheld the conviction and death sentence.

**Rapid Pace**

Highway construction moved along at a rapid, but not record, pace in Texas during 1962. State Highway Engineer D. C. Greer says Texas is "on schedule" in

the interstate program. He particularly notes, however, that Texas is building its mileage at about 60 per cent of what the cost per mile in other states has been.

Sprawling interstate systems and unique bridge projects highlighted the year for the Texas Highway Department.

Eighty-one new interstate miles were built in the state, bringing the total now open to traffic to 1,895 miles.

Texas' target is 3,000 miles by 1972, Greer says.

**AG Renamed**

Maj. Gen. Thomas S. Bishop has been re-appointed Adjutant General of Texas by Governor Connally. Brig. Gen. James D. Scott also was renamed assistant.

**Redistricting Proposed**

Dallas county will get Texas' 23rd Congressman if the 9-man Dallas House delegation has its way.

All three Democrat and six Republican House members have joined in introducing a bill to re-

district the state. Their proposal would split the county into two congressional districts along the north-south line which now divides county commissioner precincts.

**Constitution Revision**

Rep. Carl Parker of Port Arthur says he will handle in the House a measure creating a 40-man commission to study revision of the Texas Constitution.

A similar measure, SB 31, has been introduced in the Senate by Sen. A. R. Schwartz of Galveston.

Mr. and Mrs. Ralph Waldron spent a week in Tulsa recently visiting Mr. Waldron's sister who is in critical condition in a hospital there following the birth of a son about a month ago. The Waldrons brought the baby home with them and will keep it here until the mother recovers. The little boy is named Timothy Daniel Lord and is doing fine here at the Waldron home. Since their own son is of college age, the Waldrons are having to learn all over again the business of taking care of a baby, but they say they are enjoying it.

**WINTER TIME**
