TODAY—THE FIFTH ANNIVERSARY OF LINDBERGH'S HOP FOR PARIS—ONE OF AVIATION'S GREAT FEAST DAYS

(By The Associated Press)

NEW YORK, May 20.—This is one of aviation's greatest feast days, the fifth anniversary of Charles Lindbergh's hop for Paris.

Never before nor since May 20-21, 1927, has man flown alone from New York to Paris as Lindbergh flew. But many followed the trail.

On this anniversary today, by odd coincidence, a sizeable roster of air ventures bobbed back into headlines.

Amelia Earhart Putnam, the only woman to participate in a land-to-land, trans-Atlantic flight in a heavier-than-air machine, was preparing in Canada for another over-ocean flight.

Bernt Balchen, who flew Admiral Richard Byrd across the ocean only to miss their Paris goal in thick fog and crash on the French coast, was piloting Mrs. Putnam to her starting point.

Charles Levine, stowaway on the plane Clarence Chamberlain piloted from New York to Germany, was in headlines, defendant in a separation suit.

Members of the crew of the Dornier DO-X, greatest of the airplanes to dare the trans-Atlantic flight, were awaiting propitious weather forecasts today before turning their 12-motored ship toward the Azores on their return flight to Switzerland.

Lou Reichers, New Jersey flier who only last week failed in his attempt to cut in half the New York-to-Paris time made by Lindbergh, was due home late today aboard the President Roosevelt, the ship which rescued him from the sea.

Vital Democrat History Written

NAMES OF ROOSEVELT AND HOOVER PARADE IN POLITICAL RACE

BY BYRON PRICE

WASHINGTON, May 20 (AP)—Hastening its pace to the quick-step of convention-time, national politics is parading the names of Hoover and Roosevelt and the issues of prohibition and federal relief noisily toward June and Chicago.

If Governor Roosevelt receives all the votes claimed for him, he will stand tomorrow night very close to a convention majority.

If President Hoover carries the Oregon primary today, he will have indisputably pledged to him enough delegates to nominate.

Owen Young Out

For the Democrats, especially, the third week of May is writing important history. The careful plans of a wide company of anti-Roosevelt men have been upset by Owen D. Young's positive refusal to run for the presidency. Speeches and statements have evidenced a growing determination to write a federal relief plank into the party platform.

And the Roosevelt boom has rolled on after a period of hesitation and uncertainty. Kansas, New Mexico, Montana, South Carolina, Utah and the District of Columbia, by instruction or pledge, have raised the total of Roosevelt column to 4.28, exclusive of New York and Pennsylvania, where his managers claim another 106. Tennessee and Oregon, acting today, and Nevada, acting tomorrow, promise to add 40 more.

That will make, in all, a claimed total of 573, with only a small percentage of the claims disrupted. A convention majority is 578 and 770 are needed to nominate. Nearly 200 remain to be selected.

It all deepens the conviction that Roosevelt's problem will be in the convention itself, to pick off 100 or so recruits from the ranks of the opposition. This will be much easier to do if he can go to Chicago with an undisputed majority behind him.

Opposition Determined

The opposition appears just as determined as ever. During the present week Alfred E. Smith took the Connecticut delegation of 16 bringing his total up to 62, and an anti-Roosevelt delegation of 32, also claimed for Smith, was chosen in New Jersey.

Best Talent To Provide Fun On Visitors' Day

Lubbock merchants and the Avalanche-Journal want to play hosts in the best way possible in Lubbock Visitors' day here Tuesday, May 24, and for that reason they have secured the best talent available for the day's program.

Paul Christenson's famous radio orchestra and a troupe of RKO theater artists in six special numbers will feature both matinee performances at the Palace theater that afternoon and at the dance at the Uptown Dance palace Tuesday night. The matinees at the theater will be free for persons holding tickets secured through local merchants.

At the night show, admission of $1 per couple, 80 cents for extra ladies and $1.25 for stags will be charged.

Lubbock firms have arranged special bargains for South Plains visitors to whom special privileges will be extended by official proclamation.

TWO PERISH IN BLAZE TODAY

TEXAS WOMAN DIES IN FUTILE ATTEMPT TO RESCUE CHILD

(By The Associated Press)

COMMERCE, May 20.—Mrs. Mollie Carver, 45, wife of Hugh Carver, prominent farmer residing 10 miles south of Commerce, and Bobie D. Fife, infant daughter of J. W. Fife, were burned to death today in a fire caused by an oil stove. Mrs. Carver lost her life in an attempt to rescue the child. The Commerce fire department answered the alarm.

The child was a niece of Mrs. Carver's. The woman rushed into the house just as the roof was about to collapse. W. J. Carver, working in a nearby field when the fire was discovered, made a futile attempt to keep Mrs. Carver from entering the burning home.

Negro Electrocuted In Farmer's Murder

HUNTSVILLE, May 20. (AP)—James Williams, 30, negro, was electrocuted just after midnight for the murder of Joe West, 77, wealthy Hunt county farmer. The negro declined to make a last minute statement.

West was shot to death in October at his home as he sought to resist a burglar. Williams admitted burglarizing the home.

American Marines Reported Killed

MEXICO CITY, May 20 (AP)—A lieutenant Hutchcroft, American marine officer, and five members of his patrol were killed in a battle with troops of General Augustino Sandino, Nicaraguan insurgent leader this week in Rio Grande province, on the eastern side of Nicaragua, Dr. Pedro Jose Zepeda, Sandino's foreign representative announced here today.

STERLING SEEKS TO RETIRE DEBTS

AUSTIN, May 20 (AP)—Governor R. S. Sterling today had abandoned for the time his advocacy of a statewide bond issue for the purpose of retiring debts of counties incurred in constructing highways now a part of the state system.

He said that in line with his attitude expressed a number of weeks ago that counties should desist during the existing stringent financial times from authorizing further indebtedness, he was not in favor of the state or any other governmental agency assuming further obligations.

GIANT GERMAN FLYING BOAT PLANS HOP

MRS. PUTNAM TO SEEK NEW LAURELS WITH SOLO CROSSING

(By The Associated Press)

HARBOR GRACE, N. F., May 20.—The world's biggest airplane, with its 12 motors and capacity for 100 persons, and a small single-engined monoplane, were headed here today with a common purpose, a trans-Atlantic flight.

The German flying boat DO-X, pointing homeward toward Lake Constance, Switzerland, after 18 months gypsying about the Atlantic, was moored overnight at Dildo at the head of Trinity bay.

Fuel Unsuitable

The ship failed today in an attempted takeoff when gasoline taken aboard last night proved unsuitable for her engines. Another supply of gasoline was rushed from Holyrod, Conception bay, 40 miles away, and the giant of the air reached that point early today.

The DO-X was expected to continue here to await favorable weather for the big hop.

Mrs. Amelia Earhart Putnam, who already holds the distinction of being the first woman to fly the Atlantic, arrived today from St. John, New Brunswick, with her red and gold monoplane, bent on adding to her flying laurels by a solo ocean crossing. On the previous trip she was accompanied by two men fliers, Wilmer Stultz and Louis Gordon.

The DO-X, commanded by Frederick Christiansen and carrying a crew of 14, landed at Dildo yesterday after a flight of about 12 hours from Long Island sound.

Destination Unknown

Mrs. Putnam was accompanied here by Bernt Balchen, aviator-explorer, and Eddie Gorski, mechanic, who will check over her plane before the start of the ocean flight. Balchen and Mrs. Putnam said neither of the men would be in the plane when she heads toward Europe. She also is keeping her own counsel about her destination. She said she would announce it just before she takes off.

Mrs. Putnam is the wife of George Palmer Putnam, publisher, who sponsored her flight four years ago when she and her companions landed in Wales.

ARMY ESCAPES HEAVY SLASH

TRAINING CAMPS ARE SAVED FROM FATAL BLOW IN HOUSE

(By The Associated Press)

WASHINGTON, May 20.—Reserve officers and citizens military training camps have been saved from the economy drive in the house but unless the senate steps in the army will lose 2,000 officers this year.

The issue of national defense was used by Republicans with the aid of a substantial Democratic bloc to reject $5,791,000 of cuts made by the Democrat-controlled appropriations committee in the war department's funds but the bill was passed yesterday without funds needed to carry the present officer strength of 12,000.

Pay for the reserve officers two weeks annually and expenses of R. O. T. C., and C. M. T. C. encampments were provided by amendments voted into the bill. The expenditure approved for the 1933 fiscal year totals $392,585,000, which is $18,000,000 under the budget figures.

PERU CABINET QUITS

LIMA, Peru, May 20 (AP)—The cabinet headed by Luis Flores premier and secretary of the interior, resigned today as a result of the lack of confidence vote adopted by the assembly 48 to 31 last night.

WOMAN SAYS SHE IS BEING SNUBBED BY SOCIETY FOR TREK TO NORTHLAND

PHILADELPHIA, May 20—Not that she gives a hang, but Mrs. Edward M. Biddle has been called a "hell-cat" and has been snubbed by many of her friends, she says, since she returned last month from Alaska. Just the same she's going again in a couple of years.

The society woman made a solitary trek up beyond the arctic circle, became snowbound for weeks and found a lot of material for a book.

It was for leaving her lawyer-husband to take the adventure jaunt, she declared, that some of her friends have turned their backs on her.

"I have been terribly criticized for taking this trip," she said lltingly. "My husband was absolutely the only person who stood up for me. I want to go back again, maybe in two years or so.

"My husband won't go with me—he doesn't like that sort of thing—but I know he'll help me again to do it. The rest of my family object terribly and many persons have openly snubbed me on the street since I returned."

TARIFF FIGHT IS BITTER

DIAL VOTES TO BAN OATH TO THE CROWN

ALLEGIANCE QUESTION UP TO SENATE; DE VALERA WINNER

(By The Associated Press)

DUBLIN, Irish Free State, May 20—The question of whether the oath of allegiance to the British crown is to be abolished in the Irish Free State lay at the door of the free state senate today.

Eamon De Valera, tireless battler for a free Ireland, won his fight for abolition of the oath in the dail eireann last night, carrying every vote, including the final passage of the bill, by majority of 77 to 69. The Republican and labor coalition held firm, battering down the stubborn opposition of former President Cosgrave's conservative opposition.

De Valera spoke in a quiet, modulated voice.

Have Same Right

"Other nations in the British commonwealth can remove this oath if they wish," he said. "We have the same right and we are going to remove it. It is in our interest to do so. The people want it removed. We are doing it without any violation of the treaty."

The senate will meet Wednesday. De Valera's plans already have been assailed there and the opposition has organized for the attack.

The senate can not exercise a final veto, however. It may refuse to pass the measure for 18 months but if it does the dail may again pass it and if the senate fails a second time to approve the bill becomes a law after 60 days.

Thieves Caught But Others Take Loot

SAN ANTONIO, May 20 (AP)—While police were taking two negro burglars to police headquarters early this morning other thieves followed them and stole the loot with which the first burglars had been caught.

Detectives caught two negroes removing the plumbing fixtures from a house. They took the negroes to police headquarters, leaving their loot in the back yard of the residence.

When the officers returned there to make a further investigation they found the fixtures had been stolen by other thieves.

SUSPECT DENIES EXTORTION PLOT

BEAUMONT, May 20 (AP)—While officers guarded the home of Mrs. J. W. Garth, prominent Beaumont woman, a man suspected of attempting to extort $5,000 from her maintained his innocence in the face of continued questioning.

However, officers said handwriting of the man in jail was like the handwriting on threatening notes received by Mrs. Garth. The man claimed he was picking blackberries at the spot where a dummy package of money was dropped in response to instructions in a note.

As the "Jafsie" of the Lindbergh cause used the columns of a newspaper to establish contact with the believed kidnapers, so did Mrs. Garth insert a notice in a Beaumont newspaper to the effect that her son would bring the money to the designated place.

Garner Program For Relief Is Endorsed

WASHINGTON, May 20 (AP)—Hundreds of communications poured into Speaker Garner's office today endorsing the three-point relief program he proposed yesterday and which was warmly received by both Republican and Democratic members of the house.

Indications are the $2,100,000,000 program will be incorporated into one bill and referred by Speaker Garner to the house ways and means committee.

HER BEAUTY HAS PERFECT AVERAGE

Miss Cecelia Morrison of San Antonio, Tex., will represent the Lone Star State at the annual Galveston Beauty Pageant in June. Out of seven beauty contests in which Cecelia has participated, she has won all seven. Not a bad average.

OPEN DRIVE ON IDLE MONEY

OWEN D. YOUNG HEAD OF COMMITTEE IN CREDIT PROGRAM

(By The Associated Press)

NEW YORK, May 20—A new move to put hundreds of millions of idle dollars to work was started today by a powerful committee of bankers and industrialists under the chairmanship of Owen D. Young.

The group was called together by George L. Harrison, governor of the New York Federal Reserve bank, to make the federal reserve's policy of credit expansion effective and in answer to a demand in many quarters for more drastic means of stimulating a recovery in prices.

It was pointed out that in spite of the fact the federal reserve system has purchased $725,000,000 of United States government securities, releasing funds capable of supporting $7,250,000,000 of bank credit, the deflation of bank loans and investments has been unchecked. Fear and uncertainty on the part of banks and the investing public alike have prevented the reserve's policy from taking its full effect.

By information of the new committee, financial authorities hope to find the means for bringing together the vast surplus of idle funds in the banks and the many worthy projects in need of credit that exist throughout the country.

Farm Relief Plans Reported Favorably

WASHINGTON, May 20 (AP)—The three-fold farm relief plan of the major farm organizations, calling for the equalization fee, export debentures and a domestic allotment plan of distributing, was reported favorably today by the senate agriculture committee.

The committee made only minor changes in the wording of the measure as presented by the National Grange, the National Farmers union and the American Farm Bureau federation, which agreed on and drafted it.

Farm Loan Act Amendment Is Law

WASHINGTON, May 20 (AP)—President Hoover today signed into law an amendment to the federal farm loan act widening the powers of federal intermediate credit banks and giving greater latitude in financing credit needs of farmers.

The amendment authorizes the federal intermediate credit banks to accept drafts drawn on them by cooperative marketing associations and permits the rediscount by federal reserve banks of notes discounted by the intermediate banking members.

COTTON RATES ARE REDUCED

SOUTHERN RAILROADS AUTHORIZED TO CUT RATES BY I. C. C.

(By The Associated Press)

WASHINGTON, May 20—Railroads throughout most of the south today were authorized by the interstate commerce commission to reduce rates on cotton approximately 20 per cent until August 1.

The authorization covers cotton to and from points in the Mississippi valley, southeastern and Carolina territories including gulf and South Atlantic ports, Ohio river crossings, St. Louis, Mo., district and certain points in southern Virginia.

The rates are expected to go into effect about June 1. They will apply to cotton in bales, either compressed or uncompressed, in any quantity.

Judge Will Rule On Acquittal Motions

AMARILLO, May 20. (AP)—Federal Judge James C. Wilson planned to rule today on eight separate defense motions for instructed acquittals for nine of the 16 persons charged with being members of a Gray county liquor conspiracy ring. Judge Wilson yesterday overruled a blanket motion for acquittal of all the defendants.

The government rested after offering testimony for four days. Defense testimony was expected to start today.

Army Plane Loses Race Against Death

SAN ANTONIO, May 20 (AP)—An army ambulance plane hurrying Miss Benny Kathleen Horton, 11, infantile paralysis victim, to Houston, turned back at Eagle Lake last night when the patient died.

LEADERS WAIT FOR BREAK IN DEADLOCK

EXTENDED SESSION OF CONGRESS SEEN AS BILL DEBATED

(By The Associated Press)

WASHINGTON, May 20—A tremendous tariff fight, full of bitterness, today gripped the senate and the vital tax bill in a paralyzing vise that threatened a badly-extended session of congress.

Leaders on each side—one group unyieldingly determined to keep four specific tariffs on oil, coal, copper and lumber, in the revenue bill, the other vowing to strike them all out or loosen a madhouse of general tariff revision—jockeyed for a break to end the tug of war that already has lasted through two nights and a day of angry debate.

With one or two votes the only margin, tariff advocates claimed victory, while the opposition was stalling for a change in sentiment. Deep down, each side expected public pressure to swing the issue its way and that soon, despite all talk about no adjournment and an all-summer session.

Yet President Hoover, manifestly anxious, had the senators warned that he will sanction no adjournment, regardless of the June conventions, until this budget balancing bill is put through.

Te pro-tariff coalition, closely knit, brought together sorithwestern Republicans demanding the lumber duty; southwestern Democrats after oil and copper protection, with middle-west and eastern members of both parties insisting on the coal tax. Senator Watson, the Republican leader, was standing with them.

MASONS TO STAGE SERVICES TONIGHT

Yellowhouse Masonic lodge here will be guests to approximately 45 South Plains masons tonight in a degree conferring service at the lodge hall, third floor Citizens National bank building, according to an announcement by John H. Moore, secretary. The Royal Arch degree will be conferred on two teams, Mr. Moore said.

The services preceded by a lunch are scheduled to begin at 7 o'clock.

D. O. Fox of Lorenzo will head a delegation of about fifteen from his town. D. M. Estes is to bring about 15 or 20 from O'Donnell while other groups are expected from Floydada, Hale Center, Levelland, Tahoka and other South Plains towns.

An attendance of more than 75 Masons is expected.

Two Brothers Are Killed In Affray

SAN ANTONIO, May 20 (AP)—Two brothers were dead today and another man was held by police as the result of a double slaying here about midnight.

Kennedy Pias and his 16-year-old brother, Frank, were stabbed fatally in an altercation after an argument with a visitor in Kennedy Pias' home.

"POLICE LAWLESSNESS" HELD CAUSE OF PRESENT-DAY CRIME CONDITIONS

(By The Associated Press)

PHILADELPHIA, May 20—A charge that "police lawlessness" is a contributing cause to present-day crime and radicalism was made before the national conference of social work today by one of the men who helped gather data for the Wickersham commission report.

Ernest J. Hopkins, field investigator for the commission and former worker for the California commission on immigration, assailed unlawful street beatings and shootings by police, unlawful arrests and punishments, deprivals of liberty and third-degree methods in an address on "our lawless police" at the meeting of the social work group studying the problems of the immigrant.

He charged that police brutality is responsible for an increasing attitude of resentment and a cynical attitude toward the law on the part of immigrants and the first native-born generation of immigrants.

Criticism of the manner in which the deportation laws were enforced was contained in an address before the same group by Reuben Oppenheimer.

CONDON TELLS GRAND JURY HIS STORY

WAIVER OF IMMUNITY IS SIGNED BY AGED EDUCATOR TODAY

(By The Associated Press)

NEW YORK, May 20—John F. Condon, aged Bronx educator who acted under the name of Jafsie as negotiator for return of the Lindbergh baby, told the Bronx grand jury today how he handed $50,000 through a cemetery hedge to one of the supposed kidnapers of the murdered child.

He was the first witness called when the grand jury resumed its investigation today of the ransom payment. The only other witnesses on hand were Detective Charles Winter-Halpern of Westchester county and Police Sergeant James Finn of New York City. Finn acted as police aide to Col. Lindbergh when the aviator returned from the ocean flight that made him famous and has been working on the kidnap case.

Lindy Not Called

Attendants said that Col. Lindbergh was not expected to appear before the grand jury. He was sitting in an automobile nearby when Dr. Condon made the ransom payment.

Dr. Condon was still in the grand jury room almost two hours after entering. Nothing was learned about his testimony but it was established he had signed a waiver of immunity before beginning his testimony.

A clerk asked him if he knew what such a waiver was and he replied that he did and was entirely prepared to sign it. Then he began his story.

DEAN REFUSES TO GO TO HOPEWELL

NORFOLK, Va., May 20 (AP)—Dean H. Dodson-Peacock, associate of John Hughes Curtis in the Lindbergh negotiations which Curtis confessed he faked, said today the offer of New Jersey police to pay his way to Hopewell for questioning would not influence him in his decision not to make the requested trip.

"Colonel Schwarzhopf has my answer to that already," the dean

(Turn to Page 13, Column 8, Please)

MOTHERS HELD ON CHARGES

TWO WOMEN ARRESTED IN BEER RAIDS BY OFFICERS HERE

Two women, mothers of four children each, appeared before Justice of the Peace H. K. Porter this morning on charges of possession of beer, following their arrests here by the sheriff's department. It was the second time each had been arrested in such a case, a deputy sheriff said.

When the second of the accused, Mrs. M. A. Watley, 1300-block of Avenue D, appeared, Peace Justice Porter commented:

"The country's coming to a great pass when women—married women with children—sell beer."

Reminded by the defendant that "we have our side, too," the justice asked:

"Don't you realize the kind of an example you're setting for your children?"

The woman replied that she was trying to rear her children, the oldest 17 and the youngest 4 years old, in the right manner, and remarked that she would work every day if she could find employment.

Peace Justice Porter set Mrs. Watley's bond at $500 and she was returned to county jail. The sheriff's department reported 72 bottles of beer, five gallons of beer brewing, and about 100 empty bottles were found at her place.

Earlier in the morning, Mrs. M. E. Thomas, 1200 block of Avenue A, appeared on a beer possession charge. Officers said she had about 12 gallons of beer. Her bond was set at $250. Each case will be considered by a grand jury which will convene Monday.

Neither husband lives at the homes raided. It was not learned whether the husbands are living. One of Mrs. Thomas' children is a grown son, the justice said.

New Yorker Talks At Bar Convention

MINERAL WELLS, May 20. (AP)—Martin W. Littleton of New York, guest of honor at the State Bar association convention here, addressed nearly 3,000 persons last night on "What Price Progress?" Littleton formerly lived in Texas, in Parker and Dallas counties.

Club Affairs Predominate Thursday's Calendar; Dinner Party Is In Ater Home

Mrs. O. K. Peters Is Honored At Party Given For First Presbyterian Class

Social events on Thursday's calendar included several attractive club parties, an in-honor party for Mrs. O. K. Peters, who is leaving for the summer, and a dinner party in the home of Dr. and Mrs. G. H. Ater, 2705 22nd street.

Mrs. R. L. McAllister, 2211-B 17th street, was hostess to members and guests of the Congenial club in her home Thursday afternoon. Three tables were arranged for games of bridge.

Mrs. N. L. Peters scored high among members, Mrs. J. B. Jackson was high for guests and high cut was made by Mrs. Howard Pearson.

As a surprise courtesy to Mrs. O. K. Peters, teacher of the Stephens Memorial Bible class in First Presbyterian church, members of that class entertained Thursday afternoon in the home of Mrs. G. D. Robison, 1907 10th street.

Seventeen Attend

Those who attended were Mesdames Peters, A. F. Schofield, I. E. Barr, Prentiss Tate, Minerva Polliard, W. T. Hester, Ed Ainsworth, J. B. Waltrip, B. T. Hambright, R. D. Moxley, J. A. Pressley, Joe W. Wilson, J. M. Gordon, S. E. Melton, John Ewing, Adair Gossett and R. W. Amick.

Several Abernathy people were guests for a dinner served Thursday evening in the home of Dr. and Mrs. G. H. Ater. Mrs. Ater and Mrs. D. D. Cross were hostesses.

Guests were Messrs. and Mesdames F. Clauson of Abernathy, Walter Harp of Abernathy, Ebb Coffman of Abernathy, Altus Sansom, Dr. and Mrs. L. M. Jones of Abernathy, Dr. W. A. Jackson, Dr. Ater, Dr. Cross and Mrs. C. B. Galbreath of Amarillo

Bridge games followed the dinner. Mrs. Clauson and Dr. Jones scored high in the games.

Mesdames T. R. Prideaux and J. C. Granbery entertained the 1911 Needle club Thursday afternoon in the Prideaux home, 2408 13th street. Roses were used as decorations.

After a time of needlework, a salad course was served.

Guests were Mesdames A. B. Conley, W. F. Schenck, W. O. Stevens, R. A. Barclay, Paul W. Horn, A. B. Cunningham, A. L. Carter, W. A. Bacon, Charles Maedgen, W. H. Bledsoe, Reeves Catt, Walter Myrick, H. D. Woods, W. G. Murray, F. R. Friend and Fred Snyder.

Mary Alice Maedgen and Winfred Woods played piano selections during the afternoon.

Ace Hi Club Meets

Mrs. Hugh Norman entertained for the Ace Hi bridge club Thursday afternoon in her home at 2313 17th street. Mrs. Jack Tucker scored high in the games and Mrs. Neil Vanzant was high in a cut. Other guests were Mesdames J. D. Shaw, Bill Watson, V. R. Plummer, Vestel Lott, Charles Piles, Dick Abbott, Olen Stewart, C. W. Ratliff, Irving Hall and Paul Faulkner.

About 25 young people were guests of Misses Helen and Ruth Wagner for a horseback riding party Thursday evening. Guests were largely high school students.

Members of Las Chaparritas club and special guests went to Buffalo Springs late Thursday afternoon for an outing.

Four girls who were graduated from Lubbock High school this week were honorees on the occasion. They are Misses Pauline Yeager, Ann Dohoney, Mary Geniece Hardberger and Ethel Murray.

Dancing followed a picnic supper served for members of the Sans Souci club and their guests at Johnston's ranch Thursday evening. The group met at the home of Miss Mary Lee Bardwell, 2205 Broadway, and went from there to the ranch.

DR. MYERS

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D. Head Division Parental Education Cleveland College, Western Reserve University

ROCKING NOT BAD HABIT

SINCE I am particularly eager to receive adverse criticisms, I am presenting below a letter from a mother who takes issue with what I wrote in an earlier article.

"Dear Dr. Myers: Reading your answer to a young mother about the bad habit of rocking her child I am impelled to voice an opinion. Why is it a bad habit? A young child has a natural wish to be cuddled and loved, and a natural mother should love to take her baby in her arms. It is a habit the child out-grows all too soon. My children are grown and the sweetest memories I have are when I held them and rocked them to sleep. My heart aches for the child who is put away in a room with the door closed and made to go to sleep with no mother to hold it in her arms. Tell all mothers to love and caress their babies while they have them that their hearts may not ache when the time comes when these children do not care for their love. I wish I might make every mother feel that love and caresses are not wasted on the baby. It is not a bad habit.

Answer: I like your frank and positive expression of opinion. You may have done just right. Maybe you hit upon the best way of giving your children just enough attention, and not too much. Perhaps you did so many other good things for your children, particularly by way of training them in independence, that your whole program was, in the long run, properly balanced. You will remember that in the article you refer to I implied that such may have been a possibility with the many lovely, happy adults who were rocked to sleep when they were infants.

But for most children, being rocked to sleep does not appear to me to be good. Since the young child often eats before sleep-time, rocking him tends to churn his "dinner". For most children who are rocked to sleep in their very early years it is not easy to grow out of the habit of expecting such attention to continue. The busy mother, therefore, brings upon herself needless care by training the child in expecting to be rocked. Although some mothers do get a deal of personal satisfaction from rocking the child to sleep, more do not by and by.

Anyway, we parents do not consider our own personal satisfactions first in the rearing of our children. Do we? Those children who, from the early weeks, learn to go to sleep with the least possible attention are acquiring the kind of habits which will contribute most to their happiness and ability to get along alone later.

We wish to cultivate lasting affection such as grows out of sympathetic, tender tones, courteous attention to the child's deepest interest, readiness to answer all his questions, earnest efforts at understanding him always and getting his point of view, cultivating comradeship with him. Our problem is so to live with the child that he will continue to love us.

As for leaving him in a dark room, if he knows no better, he usually is entirely content to be there. If, however, he indicates fear, or expresses a desire to have the door left ajar, with the light on in the hall, his wishes might properly be granted, no matter what his age might be. Of course it is your baby. Do with him as you like. You will anyway. As Mark Twain once said, "It ain't my funeral."

EDITOR'S NOTE: Two pamphlets by Dr. Myers may be obtained by sending 10 cents in coin, for each, and a self-addressed, stamped envelope, to Dr. Garry C. Myers, in care of this paper, or Central Press Association, 1435 East Twelfth street, Cleveland, O. The pamphlets are: "Punishments and Rewards" and "Fear."

FRENCH GLIDER CLUB

PARIS—Gliding in France is reaching a peak of popularity almost equal to the favor that sport holds in Germany. The Avia Society, national gliding organization, has established headquarters in the Auvergne Mountains, at La Banne d'Orcanche. It is there where the country's experiments with gliders are being carried on.

All worn out . . . splitting headaches make life hideous every month. She needs a tonic . . . Lydia E. Pinkham's Vegetable Compound relieves cramps.

LOCALS

Robin Pace is ill at the home of her mother, Mrs. Imogene Pace.

Misses Lulu Elkin and Louise Jennings are leaving this week-end for Miss Elkin's home in Midland.

Mr. and Mrs. K. N. Clapp have returned from a visit of three weeks in Houston, Austin and Marlin.

Mrs. Frank Smith of Sweetwater is visiting Mrs. Aubrey Thornhill.

Mr. and Mrs. Irby Bedford of Plains are guests of Mr. and Mrs. Ralph Bedford, 2212 13th street.

F. C. Wester accompanied by his mother, Mrs. J. K. Wester, has gone to Mountainair and Albuquerque, N. M., on a business trip.

Chapman Davis, former Tech student from Sulphur Springs, is visiting friends here. Mr. Davis is to attend the summer session at the institution.

Miss Bonnie Craighead of Albany is the guest of her sister, Miss Virginia Craighead.

Mesdames Homer L. Pharr and Vernon Brown have had as their house guest this week their brother, John Chapman, of Borger.

Mrs. A. D. Brown of Big Spring is the guest of her daughter, Miss Allene Brown, 2410 14th street.

Dr. Reed Will Talk To Crosbyton Club

CROSBYTON, May 20 (Special)—The Crosbyton Garden club will observe the Texas wild flower week at a special meeting Saturday afternoon at the Half Circle S ranch home of Mrs. Frank Corn and Miss Louise Corn.

Dr. E. L. Reed, botanical instructor at Texas Technological college, will address the club on "Texas Wild Flowers and Their Culture."

Several members of Lubbock, Idalou, Ralls and Spur Garden clubs are to be guests of Crosbyton Garden club at this meeting.

Mrs. G. Dockray Is Hostess At Bridge

In addition to members of the club, there were several special guests at a bridge party given Thursday evening by Mrs. Garvice Dockray for members of Las Chaparritas Alumnae society. The party was in Mrs. Dockray's home, 2012 Main street.

Colors of orange, white and green were featured in appointments. Miss Inez Hensley scored high among the club members playing, Miss Velma McCandless scored high for guests and Miss Glenys Honey made low score.

Club members attending were Mesdames Charles Bacon, Royce Waters, Gaylord Hankins, Jerome Merrell, Marlin Smith, Misses Flossie Burkholder, Hensley, Honey and Faye Hunt. Other guests were Misses Velma McCandless, Betty Jean Wilson, Myra Perkins and Mesdames V. V. Tipton of Okmulgee, Okla., J. B. Edwards and Lattie Rankin.

Piano Class Will Be In Recital Tonight

The piano class of Miss Blanche Garner is to appear in recital this evening at 8 o'clock in the Nazarene church auditorium. Those who are to participate in the program are Sarah Elland, Margaret Studhalter, Joe Terry Jackson, Anne Burkman, Peggy Elland, Esther Haynes, Peggy Hess, Chloe Maerian Swart, Laura Jean Renner, Donald Kleinschmidt, Ernesting Sumner, Willie Merle Sumner, Mrs. Paul Voth, Mrs. Charles Whitacre and Lois Summerlin.

Party Is Scheduled For Church Class

Members of the Awakened Wesleyan class of Asbury Methodist church are to attend a party this evening at 8 o'clock in the home of Mr. and Mrs. B. L. Williamson, 1904 9th street.

Salvation Army To Hold Meet Tonight

The board of directors of the Lubbock Salvation Army will meet tonight in the office of the chairman, W. W. Campbell, it has been announced by Capt. W. T. Wilson, corps commandant.

The local corps is in need of finances at this time as well as clothing and food, Captain Wilson said. Funds raised last December have been exhausted and the army is facing a heavy demand for aid during the summer with a depleted treasury.

"We need more funds if we are to continue our work," Captain Wilson said. "The money we got in the drive is all gone. I do not see any letup in demands of us for aid with the coming of summer. Ice and milk will take the place of fuel to be given those without help."

Sponsors Entertain For Men's Club

Mr. and Mrs. J. G. Allen and Mr. and Mrs. O. C. Corry, sponsors of the Silver Key club, entertained men in that organization with a bridge party Wednesday evening in the Allen home at 1647 13th street.

Favors in the games went to Olen Purcell and Milo Feierabend.

Club Members To Be Entertained

Members of the Sans Souci Alumnae society are entertaining at a nine-table bridge party Saturday afternoon at 3 o'clock in the home of Mrs. Walker Stanton, 1924 7th street. Guests will be active members in the club. Hostesses for the affair are Mesdames W. D. Watkins, jr., Clarence Wiginton, Mancil Hall, D'Aun Hunter, J. H. Stiles and Stanton.

Matador Band Will Present A Concert

The Texas Technological college band will present its last outdoor concert of the 1931-32 academic year in the south cloisters of the administration building at 8 o'clock tonight, Harry LeMaire, bandmaster, has announced. The concert will be free.

Forty members will appear. The numbers will include "New Moon," "Chocolate Soldier," and "Poppy Land."

Church Group Goes To Endeavor Rally

Delegates from First Christian church joined representatives throughout the South Plains Christian Endeavor district for a rally at Plainview First Christian church Thursday night. Members of Plainview endeavors were hosts for the occasion.

Paul Squyres of this city, who is district president, presided for the session and Mrs. Walter P. Jennings led a devotional period. Harold F. Lovett of Dallas, general secretary of Texas Christian Endeavor, was the main speaker.

Those going from here were Rector Roberts, Gerald Wherry, Mr. Squyres, Misses Daisy Puckett and Violet and Christine Agan, Mrs. Jennings and Mrs. R. D. Allen.

Representatives were in attendance from Amarillo, Tulia, Canyon and Floydada, also.

Center Community Hears Candidates

Between 30 and 35 Lubbock county and district candidates spoke at Center community Thursday night.

District candidates, who spoke Wednesday night at Cone, will fill an engagement Saturday afternoon at 2:30 o'clock at Bledsoe. Next speaking date for Lubbock candidates is Tuesday at Shallowater. George S. Berry, Dan Blair and Frank Brown, seeking the district attorney's office, and W. P. Walker of Crosbyton and Robert H. Bean of Lubbock, candidates for 72nd district judge, have been giving the district addresses.

Younger Pupils Will Play In Recital

Pupils below junior high school rank who are in Miss Margaret Huff's music class are to be presented in recital at 4 o'clock Saturday afternoon at the First Presbyterian church. Those who will be in the recital are Olive Huff, Betty Lee Lindsey, Jane Robinson, Madge Malone, Betty Rose Slaton, Ophelia Mae Beall, Juliette Merrill, Ruth Overton, Carol Ann Krueger, Grace Halsell and Louise Burrus.

DAR Is To Meet With Mrs. Gus Ford

The D. A. R. meeting for Saturday afternoon at 3 o'clock will be Mrs. Gus L. Ford, 2219 17th street, instead of with Mrs. Leroy T. Patton, as was formerly announced.

Farmers In Dawson Are Busy Planting

LAMESA, May 20.—(Special)—Drenched in the optimism which came with recent heavy rains, Dawson county farmers are busy planting. The last precipitation added substantially to the underground season given this section by winter rains and snows.

The recent rains have practically insured growing crops for Dawson County, it is reported. The lakes are full of water all over the section, and ranchmen report good grass and cattle in splendid condition. Old-timers report crop prospects never brighter at this time of year.

Forty-Two Is Played At Club Party

Mr. and Mrs. D. Williford entertained the Maggie and Jiggs club Thursday evening in their home, 1608 Broadway. Games of forty-two were played.

Those who attended were Messrs. and Mesdames J. G. Oslin, W. H. Trice, O. C. Moore, J. D. Henson, Bernie Robertson and Frazier McCrummen.

HILLS BROS MADE COFFEE-ROASTING AN EXACT SCIENCE WHEN THEY INVENTED CONTROLLED ROASTING

As the accuracy of the hour-glass depends upon an even, continuous flow . . .

a little at a time

. . . so the uniform flavor of Hills Bros. Coffee is produced by Controlled Roasting — the patented process that roasts evenly, continuously . . . "a little at a time."

Under-roasting and over-roasting prevented by Hills Bros' patented continuous roasting process

Roasts "a little at a time," instead of in bulk . . . resulting flavor is simply superb

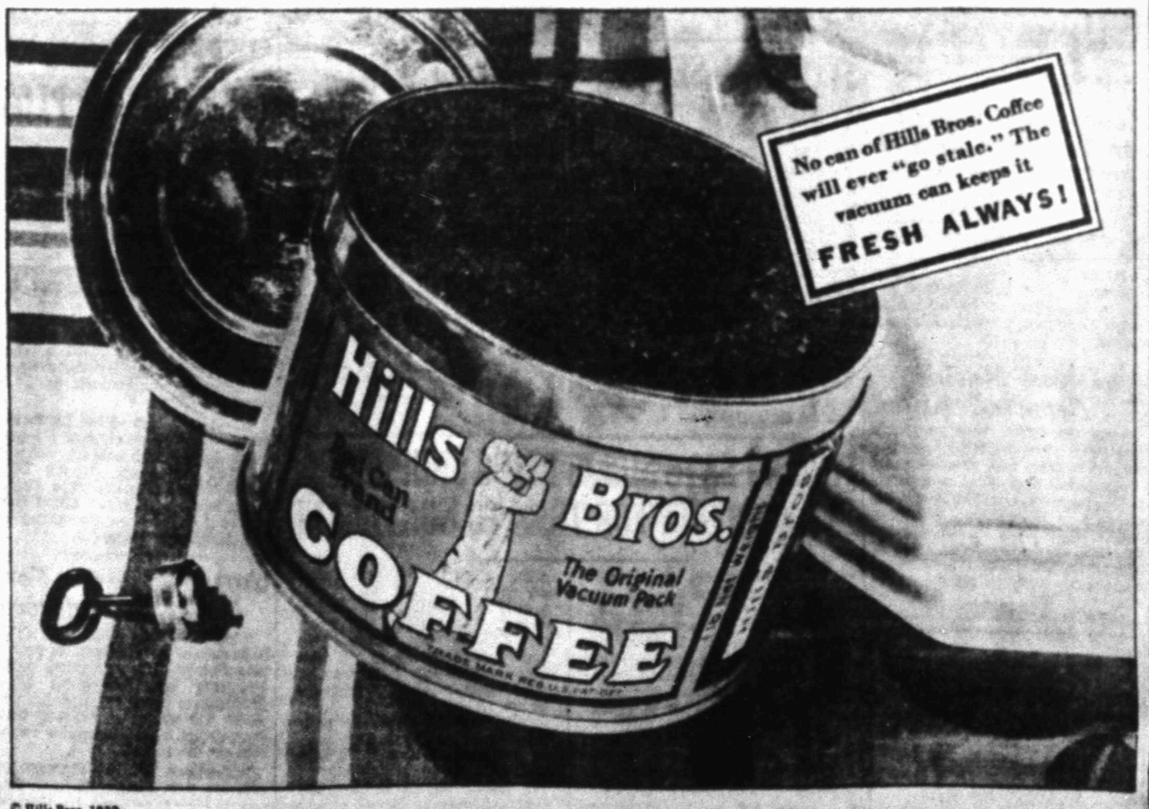
Under-cooking and over-cooking will certainly spoil the flavor of foods. So will under-roasting and over-roasting spoil the flavor of coffee. *Only one exact degree of roast can develop perfect flavor.*

Under-roasting and over-roasting easily occur in the ordinary, bulk method. That's why Hills Bros. invented and patented Controlled Roasting.

Instead of roasting in bulk, Hills Bros. roast *a little at a time* . . . as the coffee flows evenly, continuously through the roasters. A continuous flow of small quantities permits every berry to be perfectly done . . . roasted to the right degree required to bring out the finest, unvarying flavor!

Hills Bros. Coffee is vacuum-packed, and can't go stale. The vacuum process of packing coffee is the only method that fully preserves coffee freshness — the air is removed from the can and kept out. It was originated by Hills Bros. over thirty years ago. There is no magic about a vacuum can — it will not make poor coffee good, but it will keep good coffee fresh.

The aroma from a cup of Hills Bros. Coffee quickens and stirs your appetite . . . promises a lot of pleasure . . . makes you really coffee-hungry! And the coffee lives up to the promise. Order some today. Ask for it by name, and look for the Arab trade-mark on the can.



© Hills Bros. 1932

HILLS BROS COFFEE

One soap you do not have to wear . . .

You wash cottons, woolens and linens to get the dirt out and to keep the color in—if possible. Yet you've noticed those freshly laundered wash dresses that looked faded and smelled soapy. You've seen those white frocks greyed and yellowed after ironing. You've wept over the linens that the hot iron stuck to and streaked.

All those things were *wearing* soap—the very soap that you tried to clean them with.

Some soaps simply will *not* wash things white. Some soaps fade the colors. Some soaps simply will not *rinse* out completely.

These are the soaps with a tallow base—that yellow and grey and ruined colors came from tallow. These are the soaps compounded with a silicate of soda*—that stickiness and streaky whiteness was put there by it.

Quit *wearing* soap—quit wearing yourself *out* trying to get that kind of soap into and out of your clothes—quit wearing out clothes by eternal rubbing—quit cooking up clothes by needless boiling. Boiling would kill anything—let alone delicate fabrics.

Use White King Granulated Soap. It is made of pure, sweet, fresh vegetable and nut oils—the kind you eat. It contains no tallow base—no silicate of soda—no free alkali—no useless water—it is *all* soap—all soap that *cleans*.

It makes a rich suds in luke-warm—even cold water—it goes farther—does the work quicker—omits all the rubbing and boiling and drudgery—it saves clothes half the unnecessary wearing out.

Quit being seen wearing washed-in soap on washed-out clothes. Keep clothes fresh and clean and sweet with White King Granulated. It costs less because it *all* works.

*A Silicate of soda when used as a soaps builder is cheap—it has no cleaning value

WHITE KING SOAP SAVER

Economical—Accurate—Convenient. Measures an exact teaspoonful. Mail 25c (stamps or coin)—For the WHITE KING SOAP SAVER completely filled with White King Granulated Soap

RELIEF PLANS IN PROSPECT

DEFINITE ADVANCE IN FEDERAL PROGRAM IS EXPECTED SOON

WASHINGTON, May 20 (AP)—A definite advance toward enactment of a large scale federal relief program is in immediate prospect.

Buried under dissenting ideas as to how far the government should go, the propostion had been more or less stalled until Speaker Garner yesterday advanced a plan which won wide support in the house. Indications today were that the question would be passed on first in that branch.

A recommendation also was expected from the group of senate Democrats under Wagner of New York who have been busy trying to bridge the gap between the Hoover-Robinson compromise plan and more extensive unemployment aid ideas involving bond issues which have been advocated in the senate.

The president and the Democratic leader got together on a $1,200,000,000 expansion of the reconstruction corporation capital, with the billion for use in public and private construction of a self-supporting character and the remainder available for loans to states.

Garner called for two billion increase in reconstruction funds and $100,000,000, appropriated without strings, for the use of the president in relieving sharp distress wherever it might exist.

Besides this being a gift proposal, opposed by Mr. Hoover in principle, it appeared unlikely he would care to take on the task of apportioning the sum among clamoring states and cities.

TWO WOMEN HELD ON THEFT CHARGE

Trial of two women on theft charges is scheduled in Justice of the Peace H. K. Porter's court for Tuesday. Both were arrested Thursday.

Mrs. M. Campbell was charged with theft of a sweater valued at $5 and owned by Mrs. W. M. Meyer, and Miss Dorothy Brown was charged with theft of a black velvet coat valued at $5 and owned by Mrs. I. J. Ritchie.

The articles of clothing, subsequently recovered, were missed at a party near Posey, the peace justice said he was informed. A deputy sheriff made the arrests.

Peace Justice Porter set bonds of the suspects at $350 each and they were returned to county jail in lieu of bail.

Four-H Girls Buy Four Beef Calves

Three Lubbock county four-H club girls have bought four beef calves from the John M. Gist Hereford farms at Odessa, the county agent's office reported.

Dorothy and Guyrene Horton, daughters of G. K. Horton of Hurlwood, will feed out three calves, and Flora Cates, daughter of Jim Cates also of Hurlwood, will feed the other calf. The animals were brought here Tuesday by Mr. Horton, his daughters, and R. N. McClain, assistant county agent.

Dairy Judging Is Scheduled Saturday

A first annual junior dairy products judging contest will be conducted Saturday afternoon in the agriculture building at Texas Technological college, beginning at 1:30 o'clock. K. M. Renner, head of the department of dairy manufactures, will present a trophy to the winner.

Five samples each of butter, cheese, and market milk will be judged. Juniors who have been or are in a dairy judging class will be eligible to compete. Five senior dairy manufactures students will be clerks.

"ALL-BRAN LIVES UP TO REPUTATION"

Her Constipation Overcome by This Delicious Cereal

If you are troubled with constipation, read Miss Bundy's enthusiastic letter:

"I would like to congratulate the one who discovered ALL-BRAN. It really does live up to its reputation when it is said to 'relieve constipation.'

"I used to feel poor all the time — just down and out — and after reading an advertisement in a magazine about ALL-BRAN I got a box. It has evermore helped me, and it is not hard at all to eat." — Miss Mary Bundy, Bennettsville, S. C.

Laboratory tests show ALL-BRAN brings two things needed to correct common constipation: "Bulk" to exercise the intestines; Vitamin B to help tone the intestinal tract. ALL-BRAN also furnishes iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Within the body, it forms a soft mass. Gently, it clears the intestines of wastes.

How much safer than taking pills and drugs—so often harmful. ALL-BRAN is not habit-forming. Two tablespoonfuls daily will overcome most types of constipation. If your intestinal trouble is not relieved this way, see your doctor.

Use as a cereal, or in cooking. Recipes on the red-and-green package. At all grocers. Made by Kellogg, in Battle Creek.

Theirs Is a League of Nations

It was a wedding of importance to society folk of two nations when Miss Katherine Kelso Stewart of Haverford, Pa., and Vicomte Eric de Spoelbergh of Philadelphia and Belgium were married at Bryn Mawr, Pa., the other day. Here they're pictured after the church ceremony. Paul May, Belgian Ambassador to the United States, was best man.

Tax Valuations At Amherst To Be Cut

AMHERST, May 20.—(Special)—If present plans of the city commission are carried out, tax valuations for Amherst will be reduced about 25 per cent, M. L. Payne, city secretary and assessor, has said.

Last year the valuation was slightly under $800,000. The city commission decided on a budget of $9,000 for the year, prepared by Mr. Payne. It was believed that a cut in valuation would produce sufficient revenue to carry on the business. The rate is to remain the same, $1.50.

Delinquent taxes for 1930 and 1931 are approximately $8,000, Mr. Payne said. "If we can collect half of this amount we can meet our outstanding warrants and get along in good shape."

The city owns its own utility, water. Income from this is sufficent to meet its operating expenses and overhead, but not enough to retire bonds. The city has street bonds, as well as water and fire department bonds, to meet.

McDonough Funeral Slated For Today

Funeral rites were to be read for Mrs. Martha J. McDonough, 81, at 3 o'clock this afternoon at Rix Funeral home by Rev. R. C. Campbell, pastor of the First Baptist church. Burial was tto be in Lubbock cemetery.

Mrs. McDonough died last Saturday at the home of her son, E. A. McDonough, 2218 Twenty-Fifth street, here. Pallbearers were to be: C. C. Triplett, Jim Fulton, R. D. Williams and John T. Barrett.

CANDIDATES MUST FILE APPLICATIONS

Applications must be filed by district candidates for office not later than June 6, and by precinct and county candidates not later than June 18, if they have their names on the ballots for the July 23 primaries.

J. K. Wester, chairman of the Lubbock county Democratic executive committee, issued that reminder late Thursday. Mr. Wester said applications were available in his office in the Benson building, 1000-block of Texas avenue.

Lubbock Exhibit To Go To Fort Worth

Having won third at the annual West Texas Chamber of Commerce convention at Sweetwater, the Lubbock Chamber of Commerce exhibit has been sent to Fort Worth for display in the Texas hotel by the regional chamber.

Displays of Wicita Falls and Big Spring, winners of first and second places, also are to be shown in Fort Worth.

The display, which has been exhibited in the Hemphill-Wells show windows, calls attention to Lubbock as the "Hub" of the South Plains geographically, industrially and as an educational center.

Fruit stains may be removed by sponging with lemon juice and then washing with hot water. If lemon is not available, Borax will be found just as effective.

Will Rebuild Razed Pumpkin Center Gin

LAMESA, May 20.—(Special)—The McDonald gin interests this summer will rebuild a gin destroyed by fire at Pumpkin Center, a rural community in this vicinity, it has been reported unofficially.

Mr. McDonald has secured the site of the gin and what is left of the old building. Work is to start soon. Whether a new gin will be built or one moved in from another community, is not announced.

The gin is to be ready for work when the ginning season starts in late September or October.

BEAUMONT GAINS UNDISPUTED LEADERSHIP OF TEXAS LEAGUE

SPYING ON SPORTS

BY COLLIER PARRIS

Fort Worth should feel somewhat isolated as a Texas League town. With the transfer yesterday of the Wichita Falls franchise to Longview the league becomes more and more an East Texas League. Tyler has Shreveport and Tyler is near Longview, so not very far away. Tyler is not so terribly far from Houston; the home of the Buffs is near that of the Buccaneers and Galveston, is not far from Beaumont. San Antonio is not too far removed from Beaumont, as the crow flies, and it begins to look as if a big, black crow was hovering over the Texas league.

* * *

Longview and Tyler probably will support Texas league teams this year. They say nobody will miss the Spudders at Wichita Falls. But we're hazarding a prediction that Tyler and Longview will not live long as Texas league cities. They're pretty small towns, by comparison, and it would take nearly all the baseball loving natives to fill the parks enough to pay for the mending of broken bats. We believe we have scooped the boys on this suggestion that it be called the East Texas league. They all had something to say about it being truly a Texas league—for the first time since 1914 when Shreveport stepped in—when the Sports' park was razed recently.

* * *

The Hubbers are scheduled to play a game of baseball at Merrill park tomorrow afternoon. The Wolfforth club is the opposing organization. The contests starts at 3:30 o'clock, we understand, and is due to be somewhat packed with determination on the part of the local athletes to defeat Wolfforth, thereby gaining revenge for a spanking handed them last Sunday. Charley Pressley, right hander who tossed a few for Lubbock last summer, is slated for the slab tomorrow. On Sunday afternoon, the Levelland team will be in Lubbock. It is generally supposed that the Hubbers will be here at the same time, and chances are that the teams will give their impressions of amateur baseball as is played on the South Plains. Your patronage, no doubt, will be appreciated by the Hubbers, crew and skipper.

* * *

We'd promised you some dope, from time to time, on the Akron Tyrites of the Central league. Not that we give much of a hang about the Central league or of the Akron Tyrites do we so frequently mention that club and that league, but a lot of us are in the hopes that Akron and the Central league is merely a stepping stone to the higher things of life for some of the local athletes. Lubbock has the Akron club at heart mainly because three or four or half a dozen men of local and sectional nativity are taking their cuts in the Tyrite lineup.

* * *

The latest dope at hand comes from the Akron Beacon-Journal, issue of last Monday. It arrived only yesterday, which shows that even the mail service out of Oh-ten is not so hot. The Sporting News issued at various news stands yesterday, carries the same dope. Early Monday morning the Akron Tyrites graced the fourth position in a ladder of six clubs composing the Central league standings column. They got in fourth position by sweeping a double header with Erie last Friday and Saturday, or maybe it was Saturday and Sunday.

* * *

Our friend Willis Knight did not pitch either game. Neither did he play first base. The Akron club has won six and lost seven games up to Monday, most of the games being played away from home. Monday night they were to have started a home stretch, playing under lights. It is barely possible that the Akron percentage has climbed perceptably, for the boys that "went up" from this horse and buggy league often expressed favorable opinions of how they could maul the potato at night. No doubt.

* * *

Manager Honest John McClockey keeps switching his lineup. He had Dick Ratliff, catcher from Littlefield, singled out as clean-up man last week, but the lad is being moved up and down the scale. Jim (Howdy) Ballard of Hale Center was lead off man for a while, but the box scores show that nearly everybody is getting a chance to bat first. He had Ed Hambright open the fireworks in one game, Gaither is one or two and Ballard in a few. Evolution Marshall evidently was jerked the other day for his name does not appear in one or two box scores. Otherwise, there are no errors and several hits chalked up against his name. Red Gaither seems to be hitting the apple with more consistency than any of the local boys.

* * *

Honest John, who tried unsuccessfully to get a league started in this neighborhood last year, is trying to find his best combination before May 24, for on that day, or immediately thereafter, his club may carry 14 men, including a manager. We don't know just how many lads are trying out with the Tyrites, but those of local origin have been placing more consistently than others in the box scores. Five rookies must be retained, and if you were around Akron you probably wouldn't hear the boys bragging of previous professional experience. Here's to 'em, anyhow.

WALBERG DISAPPOINTS CONNIE MACK

BOTH HOUSTON AND DALLAS DEFEATED

EXPORTERS WIN OVER LONGVIEW TO HEAD PENNANT RACE

BY BILL PARKER
Associated Press Sports Writer

At last the Texas league has an undisputed leader in Beaumont. The first place ties that have featured the race for several days disappeared yesterday when Dallas and Houston lost while Beaumont won to step out as master of the pennant parade.

Beaumont defeated Longview, formerly Wichita Falls, 6 to 5. Ervin Fox was the hero. He socked one to left field for a triple, scoring Easterling, who had walked.

Tyler Downs Buffs

Rabbit Benton's single in the ninth with the bases loaded was the blow that dropped Houston for a 4 to 3 defeat last night against Tyler. All the scoring was reserved for the ninth. George Sisler, Tyler manager, led his boys to victory by hitting a double and three singles. Carey's triple and Gene Rye's home run featured Houston's attempt to win the game in the last of the ninth.

Behind the determined pitching of Fabian Kowalik, San Antonio beat Fort Worth, 4 to 3. Kowalik retired the Cats in the ninth with the bases full to gain victory.

Dallas bumped into a 4 to 1 defeat last night at Galveston. Thormahlen, portly Galveston southpaw, held the Steers to four hits. He struck out nine and hit three times out of four trips to the plate, scored two runs and drove in another.

PLAN QUALIFYING ROUNDS IN GOLF

NEW YORK, May 20 (AP)—The United States Golf association has completed arrangements for sectional qualifying rounds of both the national open and amateur championships.

For the open, to be played at the Fresh Meadow Country club, Flushing, Long Island, June 23, 24 and 25, sectional qualifying rounds will be conducted in 20 cities on June 6.

When the lists closed, a total of 1,010 golfers, 131 fewer than a year ago, had entered the open. Of these 32 are exempt from the qualifying test. These include the 30 low scorers of the 1931 open and two foreign stars, Jose Jurado of Argentina and Tomekichi Miyamoto of Japan.

For the amateur at Baltimore Sept. 12-17, sectional qualifying rounds will be played in 18 districts August 16.

Qualifying round for the amateur will be played at Boston, New York, Philadelphia, Atlanta, Dallas, Pittsburgh, Cleveland, Chicago, St. Paul, St. Louis, Kansas City, Denver, Los Angeles, San Francisco, Portland Ore., Omaha and Cincinnati.

BASEBALL STARS OF YESTERDAY

(By The Associated Press)

Sam West, Senators—Drove in five runs with home run and two singles in second game against Yankees.

Leon Chagnon, Pirates—Pitched two hitless innings as relief hurler and enabled Pirates to beat Dodgers, 3-2.

Riggs Stephenson, Cubs — His single in 12th drove in winning run against Reds.

Jimmy Foxx, Athletics—Clouted 11th homer with three on in first to beat Red Sox, 4-2.

Player Conversing Rule Is Rescinded

NEW YORK, May 20 (AP)—The National league rule against baseball players conversing with spectators, which caused Rabbit Maranville to inquire "what is baseball coming to?" was rescinded Thursday.

The American league, however, has decided to retain a similar regulation for the time being.

The rule, which provided for a $5 fine and authorized umpires to report infractions, was adopted to avoid a repetition of a photographed scene showing a well-known player signing a baseball for Al Capone.

Invincible Venzke Finds A Conqueror

NEW YORK, May 20 (AP)—Gene Venzke, invincible during the winter season, already has found a conqueror outdoors.

The Pottstown, Pa., schoolboy, who ran the mile in 4:10 this winter, finished third in a special 1,000 yards run at the New York Curb exchange track and field meet last night.

Both Otto Rosner, former Princeton star, and George Bullwinkle of the New York A. C. led Venzke to the tape. Rosner ran the distance in 2:12 2-5.

Tyler Team To Be Known As "Sports"

TYLER, May 20 (AP)—Players in the new Texas league baseball club here will be called the "Sports," the same name by which they were known when they represented Shreveport.

The name was chosen by a contest committee last night from hundreds of suggestions on the argument that Tyler benefitted in getting a good ball team through the burning of the park at Shreveport and it would be good sportsmanship to continue the identification.

The new home of the Sports was completed yesterday in preparation for the opening game between Tyler and Longview and a mammoth celebration Saturday.

FORMER MOUND STAR BEATEN FIVE TIMES

WASHINGTON DEFEATS YANKEES IN TWIN BILL THURSDAY

BY GAYLE TALBOT
Associated Press Sports Writer

Connie Mack, able leader of the Athletics, appears to have lost hope that Rube Walberg, the big left-hander who won 20 games for him last year, will recover his winning form and be of any material assistance in the current flag race.

Walberg, one of the big factors in the A's drive to a third straight American league pennant last season, has been a great disappointment. He has started five games, been knocked out of the box the same number of times and is charged with four losses and no wins.

Mack Still Smiles

Mack as a result, has about quit starting his former star and has fallen back on Grove, Earnshaw and Mahaffey to carry the burden. But, with all his pitching problems, Connie Mack still can smile when he observes the way Jimmy Foxx is belting the ball. He came up in the first inning yesterday with the bases loaded and cracked the pellet over the left field stands for his 11th homer and enough runs to beat Boston, 4-2.

Forty-nine thousand fans suffered at Yankee stadium as Washington captured both ends of a doubleheader, 8-6 and 12-7, and went into a virtual tie with the Yanks for the American league lead. In both games the slugging Senators came from behind with a murderous attack in the late innings. The Chicago Cubs went 12 innings to win from Cincinnati, 4-3, and increase their lead in the National. Riggs Stephenson was the winner's batting hero, his double driving in the tying run and averting defeat in the tenth and his single putting across the winning score in the 12th.

Pittsburgh got to Joe Shaute and Jack Quinn for two runs in the last of the eighth to edge out Brooklyn in their final, 3-1.

BRITISH WOMEN FAVORED TO WIN

VIRGINIA WATER, Surrey, Eng., May 20 (AP)—Picked feminine aces of the two great golf-playing nations meet at Wentworth tomorrow in the first official Anglo-American women's team match in history.

The competition will consist of three foursomes in the morning and six singles in the afternoon. All matches will be at 18 holes.

Miss Marion Hollins' squad is a formidable array including the American champion Helen Hicks; Mrs. Glenna Collett Vare, Maureen Orcutt, Mrs. O. S. Hill, Virginia Van Wie, Mrs. Leona Cheney and Mrs. Harley Higbie.

Joyce Wethered, regarded as the greatest player of all time in feminine golf, has emerged from partial retirement to lead the British team which includes Enid Wilson, the British champion; Wanda Morgan, native English title-holder; Doris Park, Mrs. J. B. Watson, Molly Gourlay, Elsie Corlett and Diana Fishwick.

Great Britain, considering the fact its representatives will be playing on familiar terrain, rules a favorite.

Twin Bills Split To Keep Standing

(By The Associated Press)

Leaders in the Cotton States league split double headers yesterday and their standings remained unchanged. Pine Bluff still at the top with Vicksburg second and Baton Rouge third.

Baton Rouge captured the first game with Pine Bluff, 11 to 3, but the Judges came back to take the second game 2 to 1 in eight innings.

Like Pine Bluff, the Vicksburg Billis came from behind, Port Arthur winning the opener 4 to 2 and the Billis taking the nightcap in a 1-0 shutout. Although outhit in the first game, Port Arthur knocked Tinsley out of the box in the second inning scoring their four runs. The seven-inning nightcap was a duel between Leopold of Vicksburg and Isbell of Port Arthur. Isbell allowed only two hits while Leopold held the Texans to one.

Erwin pitched air-tight ball as Monroe won from El Dorado 7-1. Goodell was touched for 11 safeties which were bunched in the third and seventh innings.

REFEREE AND DISGRUNTLED SECOND ALMOST COME TO BLOWS OVER TECH FUN NIGHT DECISION; 500 ATTEND

While the crowd booed and hissed with great gusto his latest decision in which Ross Ayers won the welterweight boxing championship of the school in victory over D. M. McElroy, Dallas freshman, Referee George Langford squared off to defend himself against the impulsive onslaught of McElroy's apparently disgruntled second, "Kid" McKeever, last night to climax one of the most brilliant fight programs staged by the Texas Tech athletic department.

The Ayers-McElroy fight was one of a series between Tech boxers and wrestlers last night to settle school championships and feature the final Fun Nite program of the school year. About five hundred fans were present, and the proceeds were turned oved to the American Finance committee of the Xth Olympiad.

As those in close proximity to the ring side saw it, Referee Langford was justified in awarding the decision to Ayers, who had lost the first round to the fast charging freshman but whose weight and reach advantage began to tell on the younger man in the final two rounds. McKeever jumped into the ring and prepared to swing at Big Gawge." Both men were strong-armed by ringsiders before a fight could ensue.

Award Cage Letters

Varsity basketball and freshman basketball letter and numeral sweaters were awarded by W. L. Stangel, chairman of the athletic council, who also awarded badges and medals to intramural football stars, the swimming, boxing and wrestling teams. Boxing and wrestling played the principal part on last night's program and medals were given the winners, who were declared champions in various weight divisions of the school.

Varsity basketball awards went to Captain Hershell Tadlock, Leon Fisher, Clarence Hodges, Harvey Dunn, Aud Darr, Alvin Crews and Haden Moody. Freshman cage sweaters went to J. C. Thomas, Lawrence Priddy, Wayne Larsen, Wilson Gilmore, Demp Cannon, Snow Flake, L. White and G. Bledsoe.

In the wrestling finals last night, Pete Davidson threw Hargis for the 125-pound class title; Beene won over Harper in the 135-pound class; Lokey threw Cy LeMasters, 145 pounds; Bigham threw Johnny Beauchamp, 155 pounds. Lester Tribble retained his light heavyweight championship in one of the features by throwing Seale. Juicy Owens won the heavyweight championship with a decision over Woodrow Wilson.

"Program" Is Ended

Following entertainment in the form of tumbling and comedy wrestling, Manager Dutchey Smith announced the program officially over, but that a series of boxing bouts would be held to determine championships.

Casterlin won a four-round decision over Davidson in the 125-pound class; Davis defeated Bogan, 135 pounds; Riggins won over Cook, 145 pounds; Demp Cannon mastered Wilks in a three-round feature for the 155-pound title, D. M. McElroy and Ross Ayres mixed in a 175-pound feature, Ayres getting the referee's decision amid a housefull of boos. Guthrie defeated Flake in the heavyweight division.

FIGHTS LAST NIGHT

(By The Associated Press)

GREEN BAY, Wis.—King Tut, Minneapolis, outpointed Mickey O'Neil, Milwaukee, (10).

MASON CITY, Ia.—Harold (Kid) White, Mason City, outpointed Leonard Cotter, Albert Lea, Minn., (6). Elmer Brown, Fort Dodge, Ia., outpointed Bobby McLaughlin, Des Moines, (6).

Nichols Defends Wrestling Title

FORT WORTH, May 20 (AP)—Hugh Nichols successfully defended his light heavyweight wrestling championship against Dude Chick, Toledo, Ohio, here last night, winning the last two falls after having dropped the first.

Stanley Buersh, Australia, defeated Billy Burns, Minneapolis, Minn., in the semi-final with Chief War Eagle winning over Fred Kupter in the special event on a foul. Pat O'Brien and Abe Morris went to a draw in the curtain raiser.

Battalino To Meet Petrolle Tonight

CHICAGO, May 20. (AP)—Episode two of Billy Petrolle's and Bat Battalino's blood and thunder fistic show will be presented in the Chicago stadium tonight.

This pair of rough Italian boys staged episode one in Madison Square Garden last winter, Petrolle winning by a technical knockout in the twelfth and last round.

Wesley College Not To Play Football

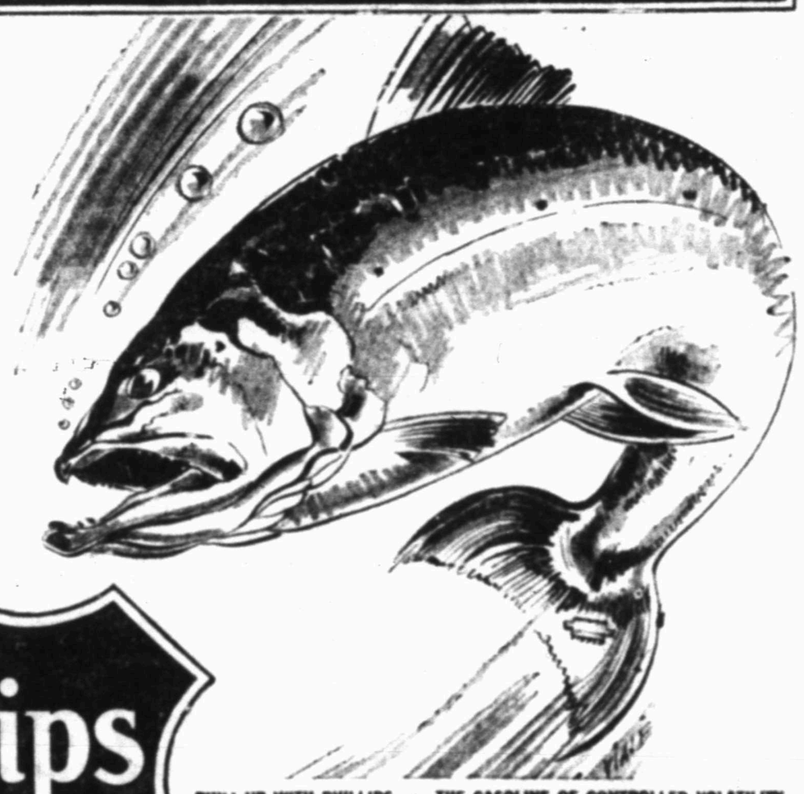
GREENVILLE, May 20 (AP)—Wesley Junior college will not be represented in intercollegiate football next fall. The school's board voted to confine future gridiron activities to intramural.

Lack of interest of fans was given as the reason for the decision. The high school team last year advanced to the semi-finals in the state championship play.

Famous MILEAGE MAKERS

THIS POOR FISH SWAM 1400 MILES

JULY 4, 1923, THIS SALMON WAS MARKED AND RELEASED IN THE SHUMAGIN ISLANDS, ALASKA. 42 DAYS LATER IT WAS CAUGHT IN KAMCHATKA, MORE THAN 1400 MILES AWAY. THE U. S. BUREAU OF FISHERIES SAYS THIS IS THE MILEAGE RECORD FOR A TAGGED SALMON. U. S. MOTORISTS IN 14 STATES SAY THAT PHILLIPS 66 IS THE GASOLINE THAT BREAKS ALL RECORDS FOR MORE MILES PER GALLON. IT'S HIGH TEST—THAT'S WHY! JUST TRY IT. ITS GRAVITY NOW RANGES FROM 62.1° TO 66.5°.



PHILL-UP WITH PHILLIPS · THE GASOLINE OF CONTROLLED VOLATILITY

Phillips 66

"HIGHEST TEST"

at the price of ordinary gasoline

A carload of words won't tell you half as much, or prove it one-fourth as convincingly, as just one tankful of Phillips 66 . . . the *greater gasoline.*

Then your motor telegraphs you the good news quickly. You feel the quicker pick-up, zippier get-away, and sweeter running. You get action for your money, action which proves the benefits and economy always given by high test gas. And there are more miles in every gallon!

Don't pass up this wonderful bargain. Remember, Phillips is the world's largest producer of natural high gravity gasoline. So this extra high test, longer mileage gasoline costs you not a single penny extra. Try a tankful tomorrow, at any Orange and Black 66 shield.

ALSO PHILLIPS 66 ETHYL AT THE REGULAR PRICE OF ETHYL GASOLINE

THE WORLD'S FINEST OIL FOR YOUR MOTOR 30¢ A QUART

MORE MILES from TIRES Too

Lee of Conshohocken says that no tires sold anywhere near Lee prices are made with equal specification, construction, or design. Phillips says that it backs up Lee quality with an amazingly broad guarantee—*in writing.* Ask to see it. And find out also how to save money on quality tires for cars and trucks.

LEE Conshohocken Tires

SEEK TO ENJOIN A. & M. PROJECT

SAN ANTONIO, May 20 (AP)—Suit to enjoin the officials of Texas Agricultural and Mechanical college and state officials from carrying out a contract for construction of an engineering building at the college awarded to Walsh, Burney and Key of San Antonio, will be heard by Judge W. W. CcCrory of the 94th district court June 2.

The suit filed today alleged that both plaintiffs, George E. Weiland and Robert E. McKey, San Antonio contractors, were lower bidders than the successful contractor. The contract was awarded by the college board April 2.

The petition alleged that the board of managers is also planning to issue bonds totaling $2,000,000 and that the contract prices will be paid from the proceeds of the bond sale and the court is asked to enjoin issuance of the bonds.

The petition alleged that the contract was awarded to Walsh, Burney and Key at $187,000, while Weiland's bid was $181,190 and McKey's $182,150.

The court is asked to enjoin execution of the contract and to enjoin State Treasurer Charlie Lockhart and Comptroller George H Sheppard from paying out any money to the contractors.

HEAVY DOCKET IS FACED BY COURT

Hearing of cases on an unusually heavy docket will begin immediately after Judge William H. Atwell of Dallas has opened a summer term of the Lubbock division of United States northern district court in the new federal building here Monday, May 30, the judge has written Mrs. Olive Fluke, United States deputy clerk here.

He said that hearing in the case of Harvest Queen Mill of Plainview, named in an involuntary bankruptcy petition, is set for Tuesday, May 31. The Empire State Bag company of New York, the Henderson Grain company of Texas, and J. A. Cox of Plainview, identifying themselves as alleged creditors of the Plainview firm, filed the complaint. They alleged total indebtedness in excess of $8,000. Application for a receivership was denied by Judge Atwell May 2, the defendant opposing this move.

"Purple Gang" Is Sought In Mexico

DALLAS, May 20 (AP)—The possibility that members of the "Purple gang" of Detroit were drifting toward Mexico was considered today after an attorney said he had obtained release from the Dallas jail Saturday of a man who said he was a member of the gang.

Authorities in Mexico have been searching for Harry Fleischer, leader of the gang wanted for questioning in connection with the kidnaping of Charles Augustus Lindbergh, jr.

W. J. (Bill) Bowen, attorney, said his client, before leaving for El Paso, admitted he escaped from the Mansfield, Ohio, reformatory Dec. 26, 1931, where he had served five and one-half years on a seven year sentence for grand larceny. The man showed Bowen a card bearing a serial number and a secret word which he said indicated membership in the "Purple gang."

The man said he planned to meet an acquaintance in El Paso and go into Mexico.

Shrine Ceremonial Will Be On May 27

J. U. Kirkman, assistant recorder, has announced that Khiva temple at Amarillo will conduct its annual spring Shrine ceremonial next Friday, May 27.

The Amarillo temple will award a cup to the city having the best stunt in a parade to be conducted as a part of the ceremonial. Amarillo, as host, is not eligible to compete.

The program follows:

9 a. m.—registration of novices at the Shrine office.

5:30 p. m.—parade, forming at the temple.

6 p. m.—opening of the temple.

9:15 p. m.—insurance men's party, with Jeff Neely, ace, for all nobles and their wives.

10 p. m.—potentate's ball.

Yes, Silence Is Golden

If there's a fairer campus beauty than demure, golden-haired Silence Wilson, judges in a recent beauty contest at Wellesley College failed to find her. Silence, whose home is in Washington, was awarded first prize for pulchritude.

FOURTH ANNUAL PIONEERS ROUNDUP IS SCHEDULED AT PLAINVIEW SATURDAY

PLAINVIEW, May 20.—(Special)—The fourth annual pioneers roundup, sponsored by the Plainview Business and Professional Women's club, is expected to attract about 1,000 old timers here Saturday. A museum and style show are new numbers on the program.

A parade approximately one mile long in which all the old timers are invited to ride, dressed in pioneer costumes, will start at 4 o'clock. There will be Indians, cowboys and girls, side saddles, pack horses, chuck wagons, old time machinery, floats depicting early days on the Plains, bands, fiddlers, etc.

Miss Jewell Eiland is parade arrangements chairman.

Unique Feature

A unique feature will be a float in which fifteen couples who have celebrated their golden wedding anniversary will ride. J. E. Randolph and wife of Lockney, who have been married over sixty years, will ride as they did going on their honeymoon—double.

Following the parade the visitors will meet at the city auditorium for an informal gathering and to view old photos and relics which are being gathered for the occasion. At 6:30 chuck will be served from the wagon.

Program Given

The program for the evening is as follows: J. Frank Triplett, master of ceremonies; Jewell Eiland, welcome address; introductions, Col. R. P. Smith; old time style show, direction of Mrs. Joe Wayland; fiddling, F. M. Beck; old time singing, direction Matt Cram, cowgirl dance, Nations School of Dance.

At 9:00 p. m. an old time square dance will begin. The grand march will be led by Blue Stephens of Hale Center.

Farm Bureau Meets At Union Tonight

The May meeting of the Lubbock County Farm Bureau federation will be conducted tonight at Union, beginning at 8 o'clock. Dairying will be the chief topic of discussion.

A local program, directed by Mrs. Victor L. Cade of Union, will be presented, requiring about 50 minutes. N. H. Payne of the Farm Bureau said last night he did not know details of the community program.

Principal speakers will be K. M. Renner, dairy manufactures department head of Texas Technological college, and Roy B. Davis, general manager of the Plains Cooperative, Inc., of Plainview. A number of Lubbock persons are expected to attend.

22 Will Graduate At Matador School

MATADOR, May 20.—(Special)—Twenty-two students will be graduated from Matador High school tonight at exercises in the new auditorium.

Rev. J. W. Chisholm, pastor of the Methodist Episcopal church, is to deliver the address. B. F. Tunnell, superintendent of schools, reports a most successful year just closing. Friday is the last day of school.

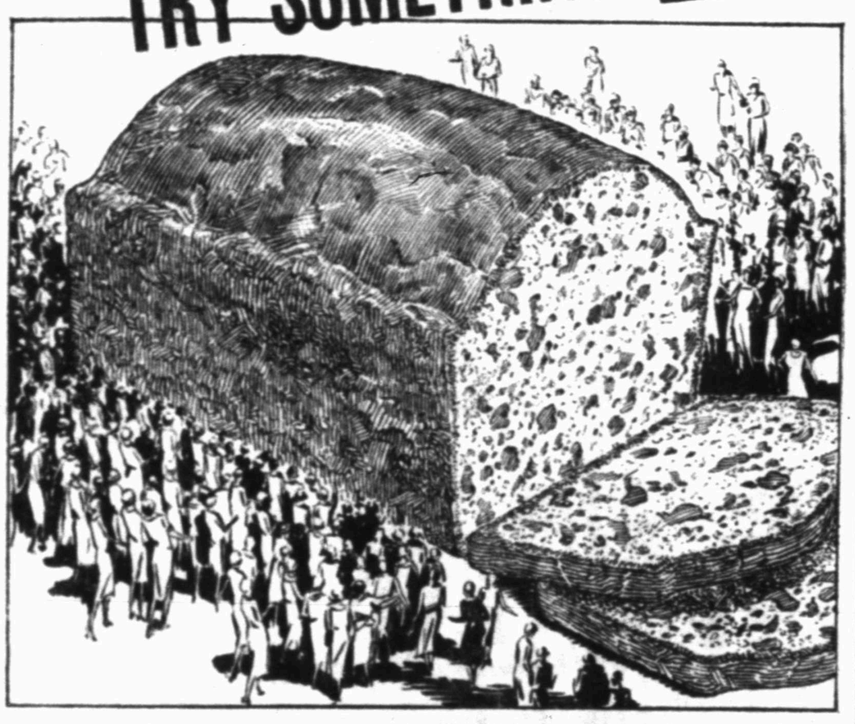
TRY SOMETHING SWELL! TRY SOMETHING EASY!



CALUMET NUT BREAD

IT'S SURE TO BE PERFECT WITH CALUMET'S DOUBLE-ACTION!

You can *make* this grand nut bread? . . . you bet you can! It's easy! Easy as mixing up muffins! Just use the recipe given here—and use Calumet Baking Powder.

Then slice your loaf! Serve it! And when the crowd starts flattering you, remember this—to get such marvelous nut bread—to get that fragrant brownness—that lovely, even-grained texture—you must use Calumet.

For Calumet acts *twice*—and there's the secret! In the mixing bowl, Calumet's first action begins. It starts the leavening. Then, in the oven, Calumet's second action gets on the job. Slowly, steadily, this new fresh rising lifts the batter, holding it high and light until your loaf is tenderly baked. And thanks to this same Double-Action, all your Calumet cakes and quick breads are bound to be perfectly leavened—beautifully baked!

EXTRA THRIFTY, TOO! — The simple tested recipe given here is a Calumet recipe—specially designed for the Calumet proportion—only one level teaspoon to a cup of sifted flour. A splendid economy for you—thanks to the perfect efficiency of Calumet's Double-Action!

Yes, Calumet is a *real* baking powder bargain. Try it! Calumet is a product of General Foods Corporation.

CALUMET NUT BREAD

3 cups sifted flour	3 tablespoons butter or other shortening
3 teaspoons Calumet Baking Powder	1 cup sugar
1 teaspoon salt	1 egg, well beaten
1 cup nut meats, chopped	1¼ cups milk

Sift flour once, measure, add baking powder and salt, and sift together three times. Add nuts. Cream shortening, add sugar; then add egg, milk, and flour. Stir only until smooth. Bake in greased loaf pan, 9 x 4 x 3 inches, in moderate oven (350° F.) 1 hour and 10 minutes. One cup raisins may be used instead of nuts. (*All measurements are level.*)

GET PROOF! See Calumet act TWICE! These pictures illustrate the famous Calumet Double-Action Test. Try it! Full, easy directions inside every can.

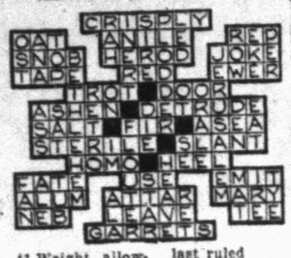
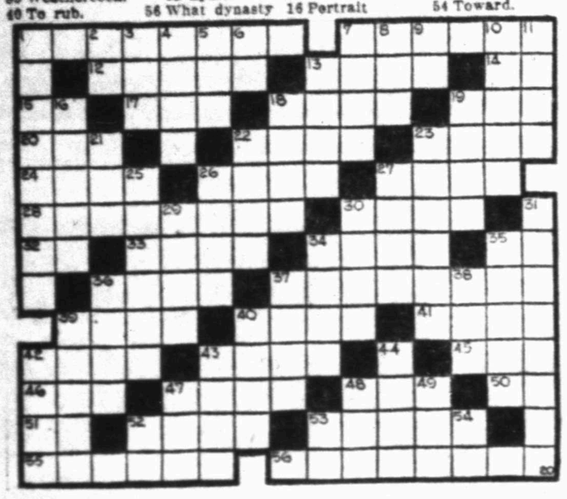
Answer to Previous Puzzle





The TINYMITES

STORY by HAL COCHRAN PICTURES by JOE KING

(READ THE STORY, THEN COLOR THE PICTURE)

When old man play had told the bunch 'bout work and play, he had a hunch that he could give them more advice on other things galore.

"If you don't mind my talk," said he, "and listen attentively, I'll tell you how you ought to eat." He then heard Duncy roar.

"Speaking of eating," said the lad. "I know that I'd be mighty glad if I could have a bite of lunch. Most anything will do.

"If you'll make sandwiches for us and promise not to fret and fuss, we'll thoroughly enjoy them and be much obliged to you."

* * *

"All right," replied the play man. "Come! I'll very gladly make you some. And while you are enjoying them I'll tell you 'bout your meals."

And so they went inside his door and ate till they could eat no more. "Oh, gee," said Scouty, "when a fellow eats, how good he feels."

The play man said, "If you're discreet and always careful how you eat, the food is bound to do you good and keep you feeling fit.

"But you will never grow up strong, if you keep piecing all day long. The harm it does will overcome the wondrous good in it."

* * *

All of a sudden Windy said, "Why, look at that old sleepy head! The play man's closed his eyes. Let's make him climb into his bunk."

So Duncy yelled with all his might, "Wake up, so you can lie down right." And then they led him to his bed, where he flopped down, kerplunk!

"I'm very sorry, lads," said he, "that Mister Sandman's captured me. My eyes are heavy, I must sleep. I've talked too much 'bout play."

And shortly he was snoring loud. The happy little Tiny crowd were just as quiet as could be as they all sneaked away.

(The Tinies meet the stilt man in the next story.)

PEEVE GETS HIM OUT

DENVER, Colo.—Somebody stole Melvin P. Herrick's 20 chickens just before he was called for jury duty. When Herrick appeared in the jury box he told Judge Frank McDonough, Sr., that he couldn't be a juror in the trial. When asked why not, Herrick replied: "After I was accepted on this jury last night someone stole all my chickens. I don't think I could give anyone a fair trial. I'm pretty peeved about those chickens." The defense excused him.

DOVER, Del.—If this city has any more elections like the recent one for mayor and council members, the ranks of the unemployed vote counters will be swelled considerably. Only 19 votes were cast in the election. The city has a population of more than 4800.

Learning To Fly

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

"THIS IS NO SUNDAY SCHOOL PICNIC," STATES INSTRUCTOR; LANGUAGE PROVES HE'S RIGHT

BY VESTEL H. LOTT

(EDITOR'S NOTE: This is one of a series of stories on learning to fly, as taught by Lubbock Airways, Inc., conductor of the New Way School of Flying. Training was done in a Nicholas-Beazley parasel-type plane, with David C. Ruse and Don Bigbee as instructors.)

* * *

"This is no Sunday school picnic," the flying instructor said.

And you would have believed him, because the subsequent language he used never would do in Sunday school. If you have a superiority complex and want to be cured, you should take up flying. It doesn't take long for an instructor to make you feel small and insignificant enough to crawl through a keyhole with ease.

One of the principal faults of the beginner is jerking or shoving the control stick about instead of moving it gradually. Every movement, except in an emergency, should be slow and smooth. A slight pressure often is all that is necessary, whereas the novice thinks it takes a definite, quick movement to change the course of the ship.

We were speeding over the ground preparatory to a take-off when I suddenly remembered that the stick should be pushed forward to force the tail up, so I shoved it forward. The plane started nosing over toward the ground and probably would have hit it if the instructor hadn't grabbed the stick and pulled it back. It happened that the tail already was off the ground and the ship was just ready for the take-off when I got the sudden idea.

For that I received a piece of the instructor's mind. And that wouldn't have done for a Sunday school picnic, either.

EVEN AS ADAM

LONDON, Eng.—Once each year, on the edge of the moors in Calder Vally, the oldest club in the world meets. It is of necessity a secret society, attendance requiring all of its members to tiptoe out of their homes, and scuttle fearfully through side alleys until they reach the moorland hamlet. The name of this queer organization is the Henpeck club, and its members claim Adam, the first henpecked husband, as the founder.

Curious Crowds Overrun Spot Where Lindbergh Case Had Tragic End

Two days after the Lindbergh baby's body had been found, the scene of the tragic discovery took on the atmosphere of a street fair as this picture reveals. While hundreds of tourist cars jammed the ordinarily little-traveled road between Mt. Rose and Hopewell, N. J., refreshment stands sprung up on the spot and hawkers mingled with the crowds. The arrows at the left point to peanut and popcorn "concessions"; that at the right, to a hastily erected refreshment tent. These, however, are to be removed. Dr. John Greer Hibben, retired president of Princeton university, telephoned Thursday to Gov. A. Harry Moore and asked that the stands be taken away. Governor Moore promised swift action. It was Dr. Hibben who protested soon after the baby was kidnaped against barnstormers who started an aerial hack business over the Lindbergh home. That was stopped too.

PERSHING FAVORS DRY LAW REPEAL

NEW YORK, May 20 (AP)—General John J. Pershing, in an article published in the American Magazine today on prohibition and lawlessness, favors the repeal of all prohibition laws.

General Pershing says he does not question the sincerity of prohibitionists, but the time has come for some solution which takes more account of the traits of human nature.

Linking liquor traffic with the underworld, the general advocates the organization of local vigilance committees to war on gangsters and the adoption of the European system of identification police cards for every resident of the United States.

"From my own study as an individual," he says, "I am convinced that prohibition has largely financed this new post-war underworld of ours."

Single Person Who Was Reclaimed By Prohibition Sought

NEW YORK, May 20 (AP)—The prohibition research committee, a group formed from the crusaders and the women's organization for prohibition reform, last night announced a "nation-wide quest for a single person who has been reclaimed by prohibition."

The Diogenes-like effort, the committee said, would be made in cities from coast to coast.

Officers of the committee said: "Miss Evangeline Booth, of the Salvation Army, declared she could produce 3,000 persons who had been reformed by prohibition. We called upon her to produce one and not even one was forthcoming."

Use of trucks has cut railroad freight traffic 50 per cent in the Dominican Republic.

How to Relieve Headaches In Three Minutes

When you have one of those violent, nerve-racking headaches, from inorganic causes, you can get soothing relief in three minutes with "B. C.," a reliable, pleasant-to-take remedy. "B. C." is prepared by a registered pharmacist, compounded on a different principle from most relief-giving agencies in that it contains several ingredients, so blended and proportioned as to accomplish in a few minutes what we believe no one drug formula can do in so short a time. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia; for reducing fever and quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. Get "B. C." in 10c and 25c packages, wherever drugs are sold. (adv.)

FLASHES OF LIFE FROM EVERYWHERE

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

You Guessed It

CRANBERRY LAKE, N. Y.—Six years ago when Fred Coles was living at Cohoes, N. Y., he scratched his initials on a 25-cent piece. Then he spent it for groceries. You've guessed it, dear reader. Bet you didn't know it was at Wanakena, N. Y., store, though.

That One Thing

TORONTO, Ont.—Dr. A Moore of Ann Arbor, Mich., says he has discovered one thing about most women with receding jaws. That's a husband. He says it is exceptional to find a woman with a retrusive jaw who has remained single.

More Statistics

CHICAGO—The social status of Paul Ellis is largely a matter of statistics. He is 65, estranged from his tenth wife, is wooing an eleventh prospect, owes his ninth $166, is father of 16 children, grandfather of five, been in jail four times for defaulting alimony, faces six months more while 14 charitable organizations help his ten families.

All The Same

DECATUR, Ga.—Mules and automobiles are equal in the eyes of the law hereabouts when used to transport liquor. Officers came upon one hitched to a buggy in which there was four gallons of liquor. The mule was condemned and will be sold at auction at the end of 30 days just as automobiles are.

Out A Nickel

DETROIT—Some 95 bargain-hunting movie fans are out a nickle a piece and a lot of patience. A long-closed theater was all lighted up, freshly painted signs said "seats five cents" and a smiling young cashier was at the ticket window. Another youth took tickets and a third ushered them to seats. After they sat there an hour a policeman explained how three boys had broken into the theatre, switched on the lights, collected the nickels and decamped.

Can Recite It

WASHINGTON—Those who can not sing it will be let off with a recitation of the words, but representative Fulmer wants all government employes to know the Star Spangled Banner. He has introduced a resolution to that effect.

Pirate's Fate

SAN DIEGO, Calif.—A seagoing fox has met the fate of all pirates. Captain George Stevens saw a stowaway reynard trying to steal a chicken out of the cargo of motorship Molokai. He called all hands. The fox hunt ranged fore and aft until the thief was brought to book in the galley.

"Know-Your-Mate"

CHICAGO—Dean W. W. Whitehouse of Albion college believes couples should become acquainted before they marry. To that end he has proposed a "known-your-own-mate" week during which data on health, family background, education, earning ability, sense of humor, taste and temperament should be looked up.

America is connected with 92 per cent of the world's telephones.

CASH PRICES FOR
LUMBER
AND ALL BUILDING MATERIALS

Due to our policy of selling for cash, we of course can sell for less. It has been our privilege and pleasure to have had experience in all lines of the lumber business. We spent years in saw milling. We have sold lumber wholesale, retail and have built houses for sale and for use. We speak the language of the Saw Mill man. We know what he makes, how he makes it and what it is worth. We therefore are in position to buy right. But the thing that interests you is that due to our cash sales policy our low overhead expense and our willingness to take a margin of profit which is in line with the income of the farmer, we can save you money. If we can make a living, we should and will be satisfied. We therefore, Sell for Cash and We Sell for Less. Some few of our prices we list below which are in line with all our prices throughout the stock. We do not give baits. We do not handle small mill stock. Our lumber is in a quality with the best and better than the rest. You can haul it fifty miles and still save plenty of money.

JUNIOR GRADS ADDRESSED

MRS. DINGUS SPEAKS AT COMMENCEMENT PROGRAM HERE

One hundred 48 junior high school graduates were addressed at commencement exercises Thursday night by Mrs. William Dingus, professor of Latin at Texas Technological college, whose subject was "Quo Vadis," or "Whither Goest Thou?"

B. C. Wilson, vice president of the board of trustees of the Lubbock independent school district, presented certificates of graduation at the close of the program, in the high school auditorium.

Scores of parents, relatives and friends of the graduates heard the latin instructor speak of the school years as a game—the first score of which was being made with this first graduation exercise.

First Touchdown

"This is your first touchdown," Mrs. Dingus said, "and one of the things you should guard against now is overconfidence.

"Then, all good players must watch their diet, they must keep fit and in training. One of the most important things of the game is to play fairly and honestly in everything, for cheaters always will be losers."

Mrs. Dingus also warned the graduates that not every player remained in the game to the finish. She urged them to complete their education and leave a worthwhile example behind them in their high school years. Parents and friends of the students were urged to set an example which would lead the youngsters to respect laws and fair play.

Program Is Given

The Junior high school orchestra opened the program at 8 o'clock and the invocation was given by the Rev. O. W. Carter, Asbury Methodist church pastor. Ruby Lee Burrus and John Gerald Thompson played a violin duet. The commencement exercises ended with the singing of the class song. Carroll Thompson is school principal.

Graduates were

Morris Aymond, Joe Alexander, Eugene Anderson, T. P. Arnold, Rachel Alexander, Dimple Abbott, Woodrow Aycock, Edna Mae Allen, Frank Atcheson, Lawrence Baugh, Ruth Verlea Burns, Mary Elizabeth Brown, Mary Barker, Gemeah Branom, James Baker, Manuel Brooks, Sammy Bass, Douglas Blanton, Virginia Belkham.

Katherine Cristopher, Georgia Clifton, Christia Cowan, Charles Calhoun, Onnie Comstock, Louis Carter, Wilma Jean Cone, Mildred Collier, Lucile Copeland, Bernard Dulaney, Gerald Davenport, Joe Donaldson, Donald Doherty, Kathleen Dickey, Dorothy Nell Dunn, Robert Dowell, Charley Davis.

Myra Drumheller, Harry Elliott, Kathryne Edwards, Olga Ann Elliott, Louise Fortenberry, Nerine Ford, Ora Lee Fisher, Eugene Fields, Bessie Lee Ford, Kathleen Green, Lattera Geddie, J. B. Graham, Thelma Gilliam, Jack Goodwin, Mary Ruth Gibson, Virgie Mae Griggs, Madelle Hill.

Nola Margaret Hedley, Clifton Hughie, W. D. Haney, Dona Huff, Catherine Howard, Edwin Hall, Juanita Hice, Billy Hunt, Margaret Hendricks, Juanita Holbrook, Milth Holcomb, Dorothy Howard, Shelby Harper, May Dell Hampton, Arthur Dale Jackson, Nada Jarrott, Weema Jones, Elizabeth Knight.

Mary Frances Keeter, Ruth Love, Owen Lattimore, Betty Lindsey, Ruth Leberstein, James Logan, Jessie Lewis, Dale Lehr, Napoleon Lindsey, Brantley Malone, W. B. Mitten, Bennie Medley, Aaron Mann, Margaret Marshall, Jack McDonald, Beryl Mills Mason, Evelyn McCasland, Estill McDaw, Joyce McCrummen.

Paul Rhodes, Dorothy Robinson, Lou Helen Roberts, Cecil Robinson, Hal Stanfield, Pauline Stafford, Willie Merle Sumner, George Simmons, Clarence Symes, Richard Sechi, Mason Skinner, Evelyn Stewart, Anna Lee Snider, Gwendolyn Tash, Lindsey Telford, Marie Thompson, Margaret Taylor, Billy Tolbert, Addie Lee Terrell.

Doris Tubbs, Elton Terrell, John Gerald Thompson, Rowena Tucker, Betty Van Zandt, Neil Wright, James White, Blarney Whitebern, Fay Wray, Curtis Woodel, Lola Wester, Pauline Williams, Edward Williams, Dorothy Jean Ware, Clinton Walker, Virginia Walkup, Don Williamson, Marcella Marie Ware, Jewell Wallace and Howell Young.

AGED TEXAN DIES

DALLAS, May 20 (AP)—R. N. Page, 71, resident of Paris 25 years before coming to Dallas three years ago, died Thursday at his home.

The bodkin was an instrument used by women of antiquity to fasten up the hair at the back of the head.

NEW SHREDDED BISCUIT MAKING BIG HIT

Grocers Say Housewives Welcome Many Improvements in Kellogg's WHOLE WHEAT Biscuit

Local grocers have pronounced the new Kellogg's WHOLE WHEAT Biscuit one of the most up-to-date food products on the market. It offers many outstanding and popular features. For one thing, the biscuits are toasted a golden brown on both top and bottom—not just one side.

The new Kellogg biscuit is also baked in a more convenient, economical size. Two biscuits just fit the cereal bowl—and you get 15 to the package instead of a dozen.

Mothers will especially be interested in the fact that every package is certified for food value by the Medical Arts Laboratory of Philadelphia. These new biscuits are considered a splendid food for both adults and children. With either hot or cold milk, you achieve a well-balanced amount of vitamins, minerals, proteins and carbohydrates.

The Kellogg Company uses a special process of "pressure-cooking" which retains all the food value of the whole wheat and makes it very easy to digest. At the same time it develops delicious flavor.

These improved biscuits can be identified by the name, Kellogg's, and the red-and-green package. Made by Kellogg in Battle Creek.

The Sky Was Their Church

"Happy is the bride the sun shines on," say the prophets and this couple ought to be very happy if there is any truth in the old saw. They are Paul du Pont, Chicago couturier, and his bride, the former Rachel Williams Strawbridge, Philadelphia heiress, pictured at Du Pont's home at Pensacola, Fla., after their recent outdoor marriage. A fashionable crowd attended the ceremony under the brilliant Florida sun. The Rev. Hendree Harrison, rector of Christ Episcopal Church officiated.

BIRTH CONTROL FAVORED, OPPOSED BEFORE TWO BRANCHES OF CONGRESS

WASHINGTON, May 20 (AP)—Bills to permit dissemination of birth control information by physicians were urged and opposed before committees of both houses of congress Thursday.

Mrs. Margaret Sanger, internationally known birth control advocate, was among those who advocated passage of a bill, introduced by Representative Hancock, (D., N. C.), at a house hearing.

The house hearing, the first of its kind there since 1873, brought a woman member of congress, Representative Mary Norton of New Jersey, as a leader in opposition to the Sanger cause.

Expounding her points zealously, Mrs. Sanger listed as reasons for the spread of birth control knowledge that it would aid economic emergency relief programs, would permit couples not to have more children than they could decently provide for and would be a means of marital adjustment.

Dr. W. P. Shallenberger, Atlanta, a gynecologist, told the committee 700,000 abortions were performed annually in this country, causing the death of 15,000 women.

He urged legalizing contraceptive information and protecting women from this "menace."

The University of Bonn is the second leading Prussian university.

DEATH RATE FOR TEXAS NINE FOR EVERY THOUSAND

AUSTIN, May 20 (AP)—The 1931 death rate for Texas was given as approximately nine persons for each 1,000 population in a report of the bureau of vital statistics released by the state department of health today.

Sweetwater with a rate of 7.3 per 1,000 was lowest among cities of from 10,000 to 50,000 population; the only ones included in the report. Amarillo and Big Spring were second with 8.3. Abilene's rate was 8.8, Pampa 9.2, and Wichita Falls 9.4.

Other rates listed included: Corpus Christi 14.7; Corsicana 14.7; Lubbock 11.8; Paris 15.3; San Angelo 10.9, and Temple 16.3.

CROSSING DEATH TOLL INCREASED

BEAUMONT, May 20 (AP)—The death toll was increased to six persons when Miss Mattie Lee Freeman, 16, of Woodville succumbed Thursday in a Port Arthur hospital to injuries suffered when a Kansas City Southern passenger train, "The Flying Crow," struck an automobile occupied by nine persons on a grade crossing near Nederland, late Tuesday.

Mr. and Mrs. Clyde Woodward of Port Neches and their two children, Clyde, jr., 7, and Juanita, 3, and Mrs. Woodward's sister, Mrs. Leon Brown of Kountze were instantly killed.

Miss Freeman and three children of Mrs. Brown, Eva Jewel, 9, Elizabeth, 7, and Addie Mae, 5, were carried in an ambulance to a Port Arthur hospital immediately following the disaster. It was doubted Eva Jewel would recover.

Take It Easy

Here's a handy affair that works while you sleep. It's a neat holder for a fishing pole displayed at National Inventors' Congress in San Francisco. Miss Barbara Pomeroy is shown with two of the adjustable devices, which clamp on a tree, boat or your wooden leg.

ABERNATHY PLANS FOR TRADES DAY

ABERNATHY, May 20.—(Special)—Plans for a Saturday Trades day sponsored by the Abernathy Chamber of Commerce include arrangements to entertain women attending, Ray Pinson, a member of the committee in charge, has announced.

The plans include the following stunts:-

Ladies sawing contest, with two prizes; Quilt show, four classes; Rolling pin throwing contest.

The quilt show will be held in the city tabernacle on the west side of the state highway, opposite the business corner.

A livestock exchange will also be held at the same place. Farmers wanting to trade livestock are invited to bring their animals in the morning.

Candidates who want to speak are invited. They will be given an opportunity.

Members of the committee besides Mr. Pinson are: J. J. Riley and Pritz Struve. The Abernathy Review, through Vic Lamb, editor, is cooperating.

Rice Tennis Star Tourney Favorite

HOUSTON, May 20 (AP)—Four players from University of Texas, three from Rice and one from Texas Christian university were in the singles of the Southwest conference tennis tournament.

Jake Hess of Rice, the favorite, was paired against Allan Key of Texas. Karl Kamrath of Texas was matched against Quinn Conneller of Rice. Winthrop Carter of Rice was paired against Martin Buxby of Texas, and Sterling Williams of Texas against Walsh of T. C. U.

STOP HUNTING

WASHINGTON—Stunt flyers led all others in violating air commerce regulations during 1931, the U. S. Department of Commerce reports. There were 58 violations of the acrobatic clause and 52 of that on low flying.

Thought For Today

Behold, the eyes of the Lord God are upon the sinful kingdom, and I will destroy it from off the face of the earth; saying that I will not utterly destroy the house of Jacob, saith the Lord.—Amos 9:8.

* * *

Bad men live that they may eat and drink, whereas good men eat and drink that they may live.—Socrates.

Ever New

One of the most striking things in modern life is the intense, wistful interest with which the average citizen follows the news of the flights of the great dirigibles.

When the Akron fought her way through Texas storms recently, it was front page news; not that anyone really feared for the ship's safety, for the country is pretty well sold, nowadays, on the stability of those giant aircraft, but simply because there was an element of drama in the affair that no one could overlook.

Flying, in itself, is an old story by now. Children at play no longer look up when an airplane soars overhead. Ocean flights are taken for granted, and men who perform them get only a thin and unendurling fame. The man who travels via a commercial air line hardly thinks it worth while to tell his friends about it afterward.

But the dirigible, somehow, is something else again.

Perhaps it is the sheer size of the thing that gives it its appeal. The airplane, after all, is essentially bird-like. But to see a great dirigible rise and float effortlessly off partakes of the miraculous. It is like watching a hill detach itself from the earth and sail off into space. That men should be able to build something so vast and yet so light—that, somehow, is a marvel to which we cannot get used.

And this, in turn, brings us a kind of release. We are earthbound, and we know it, most of us, all too well; but a ship like the Akron or the Los Angeles, floating among the clouds, seems to revive all of the old illusions, to persuade us that our prison house is not quite as escape-proof as it seems.

The experts can argue as they please about the relative virtues of dirigible and airplane. To most of us that makes little difference. We only know that there is a thrill to be got out of watching a big dirigible in the air that can be got in no other way.

Great Difference

A 22-year-old New Yorker who was born to great wealth and who holds directorships in no fewer than 50 corporations has started out to learn the public utilities business from the ground up. He has taken a job at 50 cents an hour with one of the concerns in which he is a director, and the newspapers have have expatiated at considerable length on his praiseworthy determination to get the workingman's slant on things.

His energy and willingness to get his hands dirty are, of course, commendable. But it is an open question, just how much any rich man can really learn by a procedure of this kind.

Try as he will to bridge it, there will always be a gulf between such a man and his fellow-workers. To them, the 50-cent job is all there is; if it vanishes, starvation becomes a real threat. To him, there is always comfort and security in the background. And that makes all the difference. It isn't the job that matters; it's the feeling back of it.

* * *

That Illinois town which was visited by a tornado and federal prohibition agents the same day probably wishes they had arrived simultaneously.

* * *

German is being restored to the curricula of many high schools, but from the looks of things in the Far East, it might be better to teach Chinese and Japanese.

* * *

That Paris item saying that bathing suits will be smaller this year settled one question. Bathing suits will be worn for at least another season.

That Girl on Broadway says if a little knowledge really is a dangerous thing, the average girl isn't in any immediate peril.

* * *

A job-seeker went into a Lubbock business house and asked for a position—said he was in desperate need of work.

"Well," said the manager, "I'd like to help you but the only job I have open pays ten dollars a week."

"Ten dollars a week," the job-seeker scorned. "What do you think I am—a college graduate!"

* * *

IT will do you good some balmy evening to drive down to the county-owned Shannon park, just east of the fairgrounds, and see what's going on down there. Prettiest spot in the near vicinity of Lubbock, the park is now the evening mecca for scores of pleasure-seekers.

The Plainsman happened to be down there last night and can vouch that for last night at least, the park proved to be a good investment for the county. There were lots of people there—and they were having a good time.

* * *

Kids were swinging, swimming and sliding down chutes; their elders were fishing and picnicking or just lolling around at the close of a busy day. The park is filling a public want and—probably thanks to the depression which prohibits many more expensive forms of amusement—bids fair to become even more popular as warm weather approaches.

* * *

J. J. MUNDY, the philosopher who writes daily articles for the Hearst papers is out with another gem of modern wisdom which, in The Plainsman's opinion, is worthy of reproduction here because so many people need the advice there-in contained. He says:

"Are you much inclined to be suspicious?

"If you are tendered a favor, do you immediately wonder what they want in return?

"It takes much of the joy in receiving, to begin to question a motive that led to the gift or the kindness accepted.

"You are whole-souled in doing little things for others.

"You are generous and free in spirit and enjoy giving pleasure to your friends without thought of reward or return.

"Can't you give others credit for being as whole-hearted in distributing thoughtful service or favors?

"Don't be the sort that takes and never gives.

"On the other hand, don't be in such a hurry to return a kindness that you make the one who bestows a courtesy sorry that the idea was carried out.

"You can be too punctilious in returning in kind but that is far better than to be the 'gold digger' sort, always eager to accept and never ready to reciprocate.

"It takes much of the beauty out of friendship to be always measuring what someone desires from you by what they do for you in particular cases.

"Cultivate the generous spirit of good fellowship, without suspicion."

* * *

A Tahoka groom recently fainted three times at his own wedding but it didn't do him any good. They merely waited for him to come to the third time and then went on with the ceremony.

* * *

That Man on Avenue Q says he knows now why his wife weeps so often. Her ancestors were town criers.

* * *

When a man tells you he feels like Mussolini he means he feels like the duce.

* * *

SOMEWHERE around 5,000 Lubbock school kids attended last meetings of their classes today, secured report cards for the term and, with joyous whoops, left the various buildings — cocked and primed to enjoy the summer.

Tired teachers packed their things with mingled thoughts of joy, sorrow and a 14 percent salary slash for next year, while many a mother prepared to endure the long, hot months during which her offspring will be all her own responsibility, instead of half the teacher's.

* * *

Business men, beginning tomorrow, should be prepared to interview various and sundry older school kids who seek summer work; should be prepared to say 'no', simply because any kind of a small and unimportant job available should, in these times, go to a breadwinner.

Mothers and fathers able to care for their youngsters during the summer should care for them—should furnish them odd jobs around the home place, if necessary, and should remember that there are fathers and mothers out of work in Lubbock who should not be expected to compete with vacationing school kids for the little work there is to be had.

* * *

ALWAYS an ardent believer that a schoolboy past 12 or 14 should be permitted to work during summer vacation, The Plainsman still holds to the opinion but believes it an impracticable theory when unemployment stalks the land and forces into idleness many heads of families, who need work worse than the youngsters do.

Probably there is no great amount of work to be done by school kids here this summer but if there are any odd jobs at all they should go to the oldsters who seriously seek them.

Comfortably fixed fathers and mothers must realize this and act accordingly for the good of all concerned.

* * *

The newlyweds were experiencing their first bitter quarrel.

"You proposed to me seven times," said the bride, "before I accepted, didn't you?"

"Yes, I did," the groom admitted, "and then my luck ran out!"

The Clock-Watcher!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Congress Is Seeking To Find Out Why Fliers Need Polo Ponies; Army Men's Luxuries May Go In Economy Program

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, May 20.—They have horses in the aviation branch of the Army now, but they probably won't after the economy wave has swept over them.

Dutcher

There are less than a hundred of them, used to exercise army aviators, it was brought out in hearings on the War Department appropriation bill. Army officers should play polo, most generals agree, in order to keep in the best possible trim. But General Benny Foulois, head of the Army Air Corps, admits that the value of the Air Corps horses is hardly commensurate with the number of men required to take care of them—about one man per horse.

The Air Corps has bands, too, which furnish entertainment for the garrisons. Foulois says the bands can be dispensed with. Cavalry bandsmen toot on horseback, but sending bands up in planes isn't practical.

"I have never been able to figure how we could use bands to drill with airplanes," Foulois admits.

* * *

$25,906 for Hostesses

HOSTESSES, which cost the Army about $25,000 a year, may also be eliminated. There are 13 of them. Major General C. H. Bridges says they will rank high on the priority list if it is necessary to cut expenses for the welfare of enlisted men.

They are more valuable when citizen soldiers are being trained than for the regular troops, according to Bridges. But they add "a general air of refinement to the posts," and see that only people of "proper character" come to social gatherings.

* * *

Desertions Drop

THE number of Army deserters has been cut more than half since the number of civilian jobs began to be sharply curtailed. But hard times have also caused many deserters to try to re-enlist, whereupon they are usually arrested and court-martialed for previous desertion.

The War Department last year spent $125,000 on the apprehension of deserters. There were 2227 deserters apprehended and 2011 who voluntarily returned. Total desertions dropped from 10,471 in 1928 to 5080 in 1931. It seems likely that improvement in Army rations also had something to do with the decrease.

The Army still pays $50 to anyone who brings in a deserter and rewarded 2237 persons for such jobs last year.

* * *

Horseshoes, $106,000

AN ARMY horse has to be shod about eight times a year and last year the total cost of shoeing military horses and mules was $106,000.

The Army breeds about 40 per cent of its own horses and will spend about $120,000 next year on that activity. The law requires it to breed riding horses and it obtains horses of the highest type for the purpose.

* * *

The Army's Sex Appeal

CONGRESSMAN Ross Collins of Mississippi, chairman of the subcommittee which brought in the War Department bill, has an ill-disguised contempt for polo playing by Army officers. He suspects horses are retained and used largely for the edification of the "womenfolks" at the posts.

Sniffing at the continued use of hostesses, he says the military training schools "have a way of putting uniforms on the best-looking girls and making honorary colonels out of them."

"I know it is a part of the plan to play up sex appeal in order to get the boys there and encourage them to do the work you want them to do," he told Army officers. "You are putting women into the Army every time you get a chance. I notice that that is the rule and not the exception."

* * *

MAJOR GENERAL G. U. Henry of the calvary school challenged him as to polo. "Any good, hardy outdoor game is a fine thing for young officers when they get to the age where they can't play football," he declared. "Polo is an excellent thing for that purpose. Also, riding to hounds, steeplechasing or anything in that class is fine training for these men," General Henry said he thought the horses loved the game, too.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1438 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Gaining" "Feminine Hygiene" "Normal Diet," "List of Books on" "The Care of the Hair and Skin" "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are: "Nervousness" "Indigestion and Constipation for Mothers," "Bed Wetting" "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

ILLS OF THE SKIN

THE WORLD awaits a scientific study of itchy ears.

In the first place, they are embarrassing. When you are waiting to meet a grand duke temporarily visiting this country on account of the current depression in grand dukes, nothing makes you feel your inferiority to a person who was brought up in a place like having your ears begin to itch. (Of course I did find with one grand duke that the only thing during the evening he really was interested in, despite the presence of a lady who had gone to Moscow last summer with a tour, was my itchy ear, because his Uncle Petronova had the same trouble and he was beginning to have it himself.)

Ear specialists are very unsatisfactory about it. Most of them say it won't kill you, and let it go at that. Sometimes they say be sure not to try to scratch it with "a foreign object" (by which I suppose they mean a match) and that paper matches are no good to scratch it with—you have to use something stiffer.

The ear specialists are also very vague about the cause. Here my studies put me miles ahead of them. Its prevalence is due to the disappearance of the old gold ear spoon. I inherited one from my grandfather and since it was turned over to me by the executors I have been practically cured. Of course, I did rupture my ear drum, but that was before I got the hang of it. On the other end of the gold ear spoon was a do-funny which when you rotated it, the most beautiful, delicate gold toothpick you ever saw, emerged.

As to the treatment of itchy ears, one might just as well throw ethics to the winds and be honest and, in spite of the code which forbids the mention of proprietary remedies admit that the only things that are any good are various patent remedies.

Another disease which will be fashionable before long is "lichen trophus" or "atrophulus" prickly heat to you. According to the dermatologies the disease occurs mostly in the tropics such as Jersey City and West Philadelphia.

Prickly heat does not occur from heat and sweating alone, but seems to be of bacterial origin for fungi and staphylococci have been recovered from the blisters.

So far as the treatment is concerned, the authorities are just as unsatisfactory as they are about itchy ears. Thus a modern dematologist says: Treatment is simple, consisting mainly in the avoidance of external and internal agents which produce perspiration." He calls that simple—in the United States from June to October. He add that immersion for 10 minutes in a cool bath containing one pound of limit is beneficial. Calamine lotion dabbed on the affected areas should be used afterwards.

One writer says the way to end the depression is to increase the number of consumers, while another says the remedy is to decrease the number of producers. Why not go all the way and have lots of consumers and no producers.

Incomes must be brought back if we are to end the depression, a New York financier says. And, asks the working man, how about wages?

Wet Neckwear

Pretty Eve Fallon, New York actress, is shown wearing one of the new beer ties that are threatening to create something of a sensation as they make their appearance among milady's smart Spring accessories. The tie is of green silk, embroidered with a foaming seidel of beer with the legend: "We Want Beer. Bring Back Prosperity."

A Really Exclusive Place

NEW YORK, May 30 — New York's "diamond grotto," until recently a picturesque sidewalk mart reminiscent of the old Curb market, now hides in a barricaded room, highly melodramatic in its appointments.

When $25,000 worth of baubles flash casually about in the course of a morning, the hint of menace might be expected to penetrate the very walls. . . And does!

At regular intervals, about a foot apart, buttons protrude. Were a careless member of the diamond exchange to lean against the wall, a blast of sirens would be set off sufficient to awaken even a policeman.

And the doorman, who peeps through the heavy metal barrier, is more particular than even the "look-see" men of the $1-per-drink speakeasies.

* * *

"The Trade" Talks

Once the metal clamps have clanged behind the room becomes a clubby sort of place. Tables scatter about, and lunch is served. A cafeteria counter is available.

The 300 men who set the diamond prices for "the trade" seem far from dazzled by their profession. There is little of the high-toning to be found, for instance, in a Fifth Avenue gem shop clerk.

Listening in at a ringside table, I ascertained that diamonds might just as well be back in Kimberly so far as prices and demand are concerned; that $250 to $350 now buys a sparkler that once cost $500; that gem smuggling is practically out of style, thanks to duty reductions; that just about all the royal diamonds likely to reach the United States are already here; that the Soviet government is hanging on to all remaining Czarist gems; that the De Beers mines, greatest diamond source, are shutting down because production costs are greater than diamond values; finally, that no matter what happens to anything else diamonds cannot drop much lower.

* * *

Despite the new headquarters, officially designated as the Diamond Club, much diamond trading is still done in John Street at Nassau, for years the outdoor jewel sector. One of Manhattan's off-the-beaten-track spectacles, this market stages many an amusing scene in bargaining, since many of the traders are foreigners—and excitable.

* * *

Let's Be Chatty

And by way of a little intimate chat, George Burns, of Burns and Allen, the radio act, was born Birnbaum and took his name from the Burns and Burns coal wagons on which he once hopped rides over on the East Side.

* * *

Whereas Paul Muni, best of the younger character actors, was Muni Weisenfreund and just added Paul to his first name. Sam Harris noticed him in an East Side theater and brought him up town several years ago.

* * *

Julia Peterkin, who turns out those fine Negro stories, advises me that she might never have written had her music teacher not told Julia one day that she told stories better than she played the piano. Up to that moment Mrs. Peterkin had intended to be a musician.

Congress is certainly looking out for the little fellow. Persons buying stocks must pay four cents tax for each $100 worth, while the little fellow has to pay only 50 per cent more to mail a letter.

DAILY ALMANAC

WEST TEXAS—Partly cloudy to unsettled tonight and Saturday.

EAST TEXAS—Fair tonight; Saturday partly cloudy, light to moderate northerly winds on the coast, becoming variable.

OKLAHOMA—Partly cloudy tonight and Saturday.

Flapper Fanny

You have to know a person to the core before he can be the apple of your eye.

Had All Her Teeth at 16 Months

Rita McDonald, 18-month-old Kansas City, Mo., baby, feels certain she is the youngest tot on record to possess a full set of teeth at 16 months. Her parents, Mr. and Mrs. William McDonald, are convinced their daughter achieved a new record. And what's more, the teeth are perfect, dentists have declared.

THE PLAINSMAN GETS SOME MAIL

READER COMMENTS ON USE OF WORD 'BUM'

CONCERNING 'BUMS'

Dear Plainsman: I noticed in your article in yesterday's paper that you were using the word 'bums' rather freely. I am sorry that I happened to be one of the 'bums' you were talking about for I came through Sweetwater that morning.

I think it would sound better to use some other word than 'bums' for there are people on the road who cannot help themselves.

If you were to lose your job and were out of work and were broke, what would you do? Would you just stay right in Lubbock the rest of your life or would you go out and try to find work?

Hoping you don't get offended,
A Reader.
Post, Texas.

(Dear Reader: **Thanks for your letter. Answering your question, I agree that I, too, would get out and try to find work. I know you are right in saying that there are a lot of people on the road who are looking for work and who should not be criticized for so doing. I meant no criticism and appreciate your ideas on this subject. Yours truly, The Plainsman.**)

Rates, Rules and Requirements of Classified Advertising Of The
Lubbock Daily Journal (Afternoon)
Lubbock Morning Avalanche (Morning)
Sunday Avalanche-Journal (Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating in the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL Combined Rates:
Minimum words per insertion, 10.
One insertion, per word 4c
Two insertions, per word 6c
Three insertions, per word 7c
Seven insertions, per word 12c
Thirty insertions, per word 40c
These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, of 1½c per word each.

All out-of-town ads, received by mail must be Cash with order. No exceptions.

PHONE 13 or 14
Our experienced ad taker will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only.

No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisement under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rate.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur, further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 5:30 p. m. on week days, and 9:30 p. m. on Saturdays, and all advertising received after 5:30 p. m. will be placed under "Too Late To Classify."

For classified display advertising information—
PHONE 13 or 14
TO DISCONTINUE AN AD
Notice to Discontinue an Ad must be given after 8 a. m. and before 5 p. m., to some member of the Classified Advertising Department. We cannot be responsible for notices given before or after these hours, and to a member of some other Department.

Directions

Read the Classified Ads very carefully. Then pick out some phrase (one to six words), in one of the ads on the classified pages, that you think describes your interpretation of the cartoon, the best. Write your title in the space directly under the cartoon, and attach copy of ad. from which you extracted the title, along with your name and address. The titles will be judged every day, and the best one, each day, will receive two tickets to the Lindsey Theater, to see "HUDDLE", the second-best will receive two tickets to the Palace Theater to see "CAVALIER OF THE WEST."
BRING OR MAIL YOUR TITLE N-O-W TO THE CLASSIFIED AD DEPARTMENT, AVALANCHE-JOURNAL. Titles accepted until 6 p. m., Friday, May 20th.

Loss Of A Single Tooth Held Serious

DALLAS, May 20 (AP)—Dr. Deforest Davis of Cleveland told the Texas State Dental society in convention here Thursday the loss of a single tooth was serious because "it jeopardizes the remaining teeth and makes a conspicuous blemish on personal appearance."

"The dentist has developed his knowledge of the science of ceramics so he can reproduce the color of the natural teeth so closely as to defy detections," he added.

Dr. R. L. Rogers of Amarillo, president-elect," will assume office today, succeeding Dr. Joseph P. Arnold of Houston.

CHILD IMPROVES

Slow and continued improvement was reported at noon in the condition of Dina Faye Fuller, 20-month-old daughter of Mr. and Mrs. J. H. Fuller of near Abernathy, from whose lung a particle of corn was removed Tuesday. The child is at Lubbock sanitarium.

TUMBLE-N SWIMMING POOL IS OPENED TODAY; ORDINANCE IS NOT IN EFFECT

Tumble-N swimming pool in City park was opened this morning, and there was no city ordinance tabooing one-piece and trunk-and-brassiere suits in the natatorium. K. N. Clapp, to whom the city leased the pool, is manager.

A proposed ordinance limiting the choice of styles in swim-apparel has not become a law. The bill must pass two readings, be published twice, and then would be effective 10 days after the last publication.

City commission, Thursday, May 12, deferred a second reading, following an impromptu debate over the proposed ordinance, Clapp was reported Thursday as saying he would enforce the "ordinance," which would make the pool manager responsible.

The manager announced his staff as follows: Eugene Adair, assistant; Boots Adkisson, John Mast, Mike Crenshaw, R. C. Douglas, Maynard Knight, and Tom Everhart. All are Red Cross life savers.

The pool buildings and equipment all have been repainted and repaired, flood lights have been raised and the capacity doubled to insure adequate capacity for night swimming. The city park, in northeast Lubbock, has been sodded and hundreds of trees and shrubs have been planted. Free swimming classes will be opened in June. Life saving classes are planned.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, May 20 (AP)—Cotton opened steady today at an advance of 2 to 4 points on trade buying and covering. July sold at 5.79.

Houses with Liverpool, continental and Japanese connections were said to be among early buyers. There was a little liquidation in May at the start but it was readily absorbed, with the general market selling about 3 to 9 points net higher during the early trading where the advance was checked by realizing and some southern selling.

Trading was moderately active with prices showing reactions of 2 to 3 points from the best at the end of the first half hour. It was a holiday in Liverpool.

The demand tapered off on the early advance to 5.81 for July and 6.05 for October, with trading quiet later in the morning. Realizing and a little scattered selling were absorbed on reactions of 4 or 5 points, however, and the market at midday was steady with the active months ruling about 3 to 4 points net higher.

NEW ORLEANS REPORT

NEW ORLEANS, May 20. (AP)—The cotton market opened steady and more active today. Although Liverpool was closed, first trades here showed gains of 1 to 3 points and the market continued to improve after the start, owing to prospects for unsettled weather in the western belt over the week-end, firmer stocks and shorts covering. July traded up to 5.80 and October to 6.01, or 7 points above yesterday's close. Near the end of the first hour the market was steady and tending upward.

After ruling steady most of the morning the market eased off on disappointing weekly statistics, particularly light mill takings. There was also a slight decline in stocks which induced some selling. July dropped to 5.72 and Oct. to 5.92, or 8 to 9 points down from the early highs, and 1 to 2 points under yesterday's close. Near mid-session the market rallied 2 to 4 points from the lows on shorts covering from over the week end.

The government this morning issued a further revision of the statistics of last year's crop, somewhat increasing the acreage total, but making little change in the final production, which was placed at 17,096,000 bales.

NEW ORLEANS OPEN

NEW ORLEANS, May 20. (AP)—Cotton futures opened steady:

May 5.69-bid; July 5.76; Oct. 5.96; Dec. 6.09; Jan. 6.16-bid; Mch 6.31-bid.

NEW YORK OPEN

NEW YORK, May 20 (AP)—Cotton futures opened steady: May 5.66; July 5.76; Oct. 6.01; Dec. 6.14; Jan. 6.31; Mch. 6.36.

Grain Market

CHICAGO REPORT

CHICAGO, May 20 (AP)—Grain values scored an early advance today, influenced by announcement of a determined new effort by bankers and industrialists to bring about business revival. Continued dearth of rain over the domestic winter wheat belt also was a bullish factor. Opening unchanged to 7-8 higher, wheat afterward held near the initial limits. Corn started unchanged to 1-4 to 3-8 up and subsequently rose all around.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. B. Cone Grain and Seed company, following prices being asked by Lubbock grain dealers; Cotton—Blocker Cotton company. All prices subject to change during day.

Stock Market

WALL STREET REPORT

NEW YORK, May 20 (AP)—Securities markets derived considerable encouragement today from the announcement of formation of a board of leading industrialists and bankers to assist the reserve system in credit expansion but early buying enthusiasm soon lagged, although prices maintained a good undertone.

Leading shares pushed up 1 to 2 points in active trading during the first half hour, eased back to lose about half their gains in the next two hours, but stiffened again after midday. An upswing in the bond market, particularly the rails, was helpful to shares.

Extreme gains of 2 points or so were made in American Telephone, American Can, American Tobacco "B", allied Chemical, Corn Products, Case, Eastman, Santa Fe, Union Pacific and Westinghouse, and most of these issues retained a fair portion of their gains, although American Telephone lost all but a small fraction at one time. U. S. Steel advanced a full point, lost more of its rise, then stiffened again.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, May 20 (AP)—(U. S. D. A.)—Hogs 4,000; steady; top 3.15 on choice 170-220 lbs; packing sows 275-500 lbs. 2.25-65; stock pigs 701130 lbs. 2.40-75.

Cattle 300; calves 100; hardly enough offered to test prices; good light weight steers 5.75; steers 600-900 lbs. 5.25-6.75; heifers 550-850 lbs. 4.50-5.75; cows 3.50-4.50 vealers (milk-fed) 3.00-6.00; stocker and feeder steers 4.50-6.00.

Sheep 5,000; native spring lambs 25 lower; clipped lambs weak to 25 lower; sheep about steady; top native spring lambs 5.40; spring lambs 5.00-60; lambs 90 lbs. down 3.75-4.25; ewes 150 lbs. down 1.00-50.

FORT WORTH REPORT

FORT WORTH, May 20 (AP)—(U. S. D. A.)—Hogs: 600; market steady to 5 higher; top 3.10 for good truck hogs; good 212 lb. rail butchers 3.05; bulk good to choice 180-240 lb. truck hogs 3.05; packing sows 2.00-25 or steady.

Cattle: 650; 150, calves; not enough to make a market; no carlot offerings good fed steers or yearlings; some drive-in steers 5.15; fairly good fed yearlings 4.75; others 4.50; good fat cows 3.10; heavy fat calves 4.50 and less.

NEW STOCK POOLS ARE INVESTIGATED

WASHINGTON, May 20 (AP)—Fishing in new stock market pools, senatorial inquisitors sought new material today to pile up the dazzling disclosures netted by yesterday's first session of the resumed investigation.

Transactions involving Goldman Sachs Trading corporation and the Indian Motorcycle company were brought up by William A. Gray, the committee counsel who has spent three weeks investigating brokerage house and New York stock exchange records for the banking committee.

Harry Content, noted broker and large-scale operator; Norman T. Bolles, president of the motorcycle concern, and Walter Sachs, president of Goldman Sachs, were among the witnesses called. Gray promised also to show that one trader, whom he did not identify beforehand, spent a lot of money for "false publicity."

A few pools, not rivalling in size the radio stock operation described yesterday in which a nearly $5,000,000 profit was made in seven days, also were due for inspection.

LINDBERGH CASE

(Continued from Page One)

said, speaking of his telegram sent yesterday to the head of the New Jersey state police force, saying he was willing to be questioned if a representative were sent here.

"I have my legal advisors," the minister said. "I have been advised not to go to Hopewell, and I have already given my answer to Colonel Schwarzhopf."

Previously the minister had said he did not have time to make the trip and in addition, had been advised not to go.

NEW JERSEY OFFERS TO PAY FOR TRIP

HOPEWELL, N. J., May 20 (AP)—Still anxious to confront John H. Curtis, jailed hoaxer of the Lindbergh kidnap case, with the Rev. H. Dodson-Peacock, his associate in a fantastic hunt for the murdered baby, state police offered today to pay the Norfolk minister's expenses if he would come to New Jersey for questioning.

Ever since Curtis confessed three days ago that all his negotiations, which he made in association with Dodson-Peacock and Rear Admiral Guy Burrage, were faked, Superintendent of State Police H. Norman Schwarzhopf has been extremely anxious to have Dodson-Peacock come here.

Minister Refuses

The Virginia minister, however, has refused, partly on the ground of expense.

Col. Schwarzhopf also said in his morning bulletin that Dr. John F. Condon, Bronx negotiator, had completed his inspection of the rogues galleries in New York City and Westchester county, N. Y. He will be taken next to the rogues galleries of New Jersey.

Schwarzhopf said no lawyer had been to see Curtis in the jail at Flemington, N. J., where he was placed in default of $10,000 bail after waiving examination on a charge of giving false information.

When Dr. Condon is taken to the New Jersey rogues galleries he will be accompanied by a taxi driver who brought him a note from the supposed kidnapers giving him instructions as to payment of the ransom.

"A known gangster while passing through Maryland," the bulletin continued, "stated that he had information on the Lindbergh kidnaping and just prior to the finding of the body stated that the child was dead. Investigators from this point are now endeavoring to locate this gangster."

HIBBEN THINKS BABY STOLEN FOR RANSOM

(Copyright, 1932, by The Associated Press)

PRINCETON, N. J., May 20 (AP)—The close of a week of startling developments which began with the finding of the body of Charles A. Lindbergh, jr., finds John Grier Hibben, president of Princeton university and intimate friend of the Lindberghs, still clinging to his belief the child was stolen for ransom.

Theory Disclosed

For the first time since the baby was abducted, the head of Princeton today disclosed his theory on the crime of the century.

"To me it is very obvious that this crime was conceived and carried out by gangsters whose motive was the obtaining as much of a ransom as they could from Colonel Lindbergh," Mr. Hibben said.

"To carry out their plans they evidently were perfectly willing to murder an innocent child as well as kidnap it."

Mr. Hibben said he doubted the possibility that panic inspired the slaying of the child.

"Gangsters as a rule are pretty cold brutes," Mr. Hibben said. "The gangsters in this crime may have become frightened after the kidnaping but I doubt it.

It is quite possible that they believed possession of the child highly dangerous to them and figured their chances of collecting a large ransom were just as good, if not better, with the baby out of the way.

"The greatest fear of the gangsters no doubt was the difficulty returning the child without being caught. And to overcome it they killed it, striking it over the head with a blunt instrument, probably a hammer."

NEW CLUE PROMISED IN KIDNAPING HUNT

NEW YORK, May 20 (AP)—The New York Evening Post today states it has learned from a high authority that Mayor James J. Walker has received a letter promising information on the Lindbergh baby murder if guarantee of safety for the writer can be obtained.

The story also quotes the following public notice appearing in the New York Times this morning:

"Citizen—guarantee absolute confidence. Jimmy."

The precise nature of the letter was not revealed, nor would the mayor confirm the report he had received it.

Lubbock Hospitals Send Delegates To Abilene Convention

Both the Lubbock Sanitarium and Clinic and the West Texas hospital were represented at the annual meeting of the Northwest Texas Clinic and Hospital Managers' association which began today in Abilene.

C. E. Hunt, superintendent of the sanitarium, represented his institution. He left early this morning. J. H. Felton was unable to attend. He was scheduled to speak on "Financial Arrangements With the Patient." Mr. Hunt is immediate past president, having been elected at the meeting held in Lubbock, in May, 1930, and serving until last year. Mr. Felton was named secretary-treasurer a year ago.

Mrs. Ruby Gilbert, superintendent of nurses at the West Texas hospital and Miss Edna Engle, instructor of nurses, represented that institution. They left early today.

Closing sessions will be Saturday afternoon, the program calling for a two-day session.

TEXAS DESTINED TO BE CENTER OF TEXTILE INDUSTRY, TECH MAN SAYS

"It's just as inevitable as day following night that the textile industry is coming to Texas," M. E. Heard, professor in the textile department of the Texas Tech school of engineering, told members of the American Business club in a talk on cotton at the club luncheon today noon in the Hilton. Mr. Heard's talk was in connection with the club's observance of National Cotton week.

"Texas produces more cotton than any state in the union, nearly one-third of the entire nation's production, but textile mills in the state consume only about 3 per cent of that cotton," Mr. Heard continued. The textile industry is the second largest in the world. It is true that it is probably at its lowest ebb today but it is coming back and when it does you can rest assured Texas will be the center of development."

Farmers Improve Grade

Mr. Heard said farmers of the South Plains are constantly improving the grade and staple of their cotton and it now ranks with that of other sections of Texas and the south.

"They tell me there were 500,000 bales of cotton handled through Lubbock last season," he said. "That is 250,000,000 pounds. You let there be a differential of one cent a pound on staple or grade and you have taken $250,000 worth of purchasing power from this section. You men in business know what that means. So the farmers, realizing that they are losing in this way, are improving their grades."

Mr. Heard told of a bill in congress now calling for a cotton research laboratory for Texas and he predicted that "in all probability it would be established right here in Lubbock if it is passed. We men of the college and others interested in the industry feel that it should anyway as we have right here one of the few textile engineering schools in the nation. And our graduates are rating right along with those of the older and more established schools."

Market Need Cited

He told of the need for a market for cotton at the present time and suggested to the club members that about the best way they could aid in relieving the situation was to write a letter to their congressmen and senators, asking that they do all in their power to bring about a lower tariff schedule for the nation, so that foreign nations may exchange goods for cotton.

Preceding Mr. Heard's talk, a trio composed of George Money, R. C. Burleson and Howard L. Wright with R. A. Sliker at the piano gave vocal trio, solo and piano solo selections.

Floyd Williams was awarded a handkerchief manufactured in the Tech plant for guessing closest to the number of miles of thread in a bale of cotton.

The club voted to aid in the Boy Scout funds campaign and eight men volunteered to W. G. McMillan to work in the soliciting next Wednesday.

Harry Leach Makes Solo Hop Thursday

Harry Leach of Lubbock made a solo flight at Lubbock municipal airport Thursday, and before the day was ended had made two more flights. David C. Ruse of Lubbock Airways, Inc., was Leach's instructor. Leach, who had five hours 55 minutes of instruction in the air, piloted a Nicholas-Beazley training ship.

An Aeronca ship, one of two recently purchased by Ben Branson and Dayton Orr for a private airport north of Lubbock, was damaged this week. None was reported hurt.

Twenty-Three More Killed In Rioting

BOMBAY, India, May 20 (AP)—Twenty-three more persons were killed and 95 injured Thursday in continued communal rioting between Hindus and Moslems. The week's casualties total 122 dead and 1,043 wounded.

The trouble started when Hindu mill-workers attacked Moslem pedestrians. The police fired upon the rioters. Forty mills were closed and more than 50 workers arrested.

Meanwhile, Miss Madeline Slade, disciple of Mahatama Gandhi, was free from jail after serving a term for participating in nationalist activities against the British government.

Lynn Farmers Are Busy With Planting

Lynn county has had plenty of moisture the past week and farmers are now busy with their spring planting, John N. Thomas, pioneer resident of Tahoka, said while here on business Friday.

"We had lots of rain down our way, but it is now dry enough to work and the farmers are busy," he said. "We have enough moisture for a while, at least."

Mr. Thomas said the residents of Lynn county were favorable to the proposal of the state highway department looking towards grading and drainage and later paving of No. 9 through the county. He said he had heard a number of favorable comments on the program. Mr. Thomas is a candidate for the nomination for state representative.

Four Men Confess To Bank Robbery

ST. PAUL, May 20. (AP)—Four men who robbed the bank of Ipswich, S. D. Wednesday, shot and wounded the president, kidnaped the cashier and fled with $21,000 loot, were arrested and confessed to the police today.

Chief of Police Thomas A. Brown said the men described themselves as Reinhold Engel; Sidney Raycraft, accused also of having shot M. Plin Beebe, president of the bank during the robbery; Phil Ray and Eugene Van Tress.

Photographer Near Death In Accident

AMARILLO, May 20 (AP)—John L. Story, 45, Amarillo photographer, was near death at noon today as the result of a fall beneath a Port Worth and Denver train as it pulled out from the local station last night.

Both of Story's legs were cut off, one just below the hip and the other at the knee.

BOY HELD FOR THEFT HERE

EIGHTH CHARGED AS MEMBER OF RING AND PAROLED

A theft charge was filed this morning against a 15-year-old boy, the eighth Lubbock youth arrested in connection with a milk bottle theft ring here, and he was placed temporarily in custody of his parents because of the absence of County Judge E. L. Pitts. The boy will appear before Judge Pitts in juvenile court Tuesday.

Three other juveniles have been paroled to their parents by the juvenile court, in which they appeared as a result of arrests in connection with milk bottle thefts, and four older youths have been charged with burglary in justice court. County Attorney Vaughn E. Wilson indicated this morning that an additional development was expected in the breaking of the juvenile operations.

Admit Stealing

Two boys, one 14 and the other 15 years old, were arrested late Thursday by police, who said the suspects subsequently admitted stealing $8.85 in cash and a $1.50 check belonging to Lloyd Bresler. The youths returned all except 65 cents of the cash and had destroyed the check, police reported. The two were transferred to county custody. One, already on parole, was held. The other was placed in his parents' custody. Their cases will be disposed of in juvenile court on Judge Pitts' return.

Police this morning were trying to learn the identity of the owner of four cartons of cigarets, two cans of peaches, and three cakes of yeast, found in the possession of two Mexicans when they were arrested early today. The cigarets two cartons of Camels and two of Lucky Strikes, bore tax-stamp cancellations by the A. W. McKee Co., local distributor.

J. P. Rhodes, 1808 Avenue J, reported to police last night that a white Spitz pup had disappeared from the Rhodes home while Rhodes was at junior high school commencement exercises.

Ultra-violet rays have cured 200 animals of rickets in the Highland Park Zoo, Pittsburgh, Pa.

LARGEST MURAL

What is said to be the largest mural painting in the world has just been completed by two artists for a Massachusetts theater. The painting covers an area of more than 5000 square feet.

FELT SICK AFTER EATING

"None of my food agreed with me — I would frequently taste what I ate, long after my meals, and I did not see a well day for weeks," says Mr. Peter Seeger, 329 S. Elmwood St., Kansas City, Mo. "I began taking a pinch of Black-Draught after each meal, and kept this up for weeks. Gradually the pain left me and I began to feel better. I ceased to be troubled with gas, and could eat what I liked."

Thousands of people have reported that Black-Draught, taken a pinch after meals, helped to relieve a feeling of distress, upset stomach or indigestion. Try it.

Thedford's BLACK-DRAUGHT
For CONSTIPATION, INDIGESTION, BILIOUSNESS

FOR CHILDREN and grown-ups who prefer a liquid—Get the new, pleasant-tasting SYRUP of Thedford's Blackdraught; 25c and 50c.

Immortalizing "Our Mary"

Starring in a new picture, this time a portrait study by Mrs. Natalie Johnson van Vleck, New York society matron who is rapidly making a name for herself in the realm of art, Mary Pickford is shown as she posed for the finishing touches to the canvas. Though Mary's ringlets which figured largely in her winning the title of "America's Sweetheart," are no more she still retains the warmest corner in the heart of her public.

Browne May Refuel In Air On Flight

SEATTLE, May 20. (AP)—A plan to refuel in the air after taking off from Boeing field was considered today by Nathan C. "Nat" Browne, New York flier, if test flights show he will be unable to get his heavily-laden ship off from the ground on a projected Seattle-Tokyo flight.

The first of a series of test flights, with a half-load, will be made during the day, he said, to determine how his huge red monoplane, the "Lone Star," will perform. When fully loaded, the tanks will carry more than 1,000 gallons of gasoline.

Monument To Young Lindbergh Planned

HOPEWELL, N. J., May 20 (AP)—The erection of a simple monument to Charles A. Lindbergh, jr., by citizens of Hopewell may be proposed to the township committee when it meets next Tuesday night.

The project would depend on the wishes of the Lindbergh family.

About 160 great gambling casinos are licensed to operate in France despite the ruling that gambling is illegal in that country.

The Shoe Fits

Selected as the modern Cinderella Marjorie Levoe is shown at the Allied Shoe Industries' convention in New York as she exhibited the perfect foot that won her the title. Miss Levoe was declared the winner by Judges Leo Lentelli, well known sculptor, by virtue of her ideal size foot, 5½, and its exquisite shape.

One smoker tells another..

—they don't keep it to themselves!

WHEN something pleases you a lot you want all your friends to know about it. Smokers everywhere are talking about Chesterfields. That means Chesterfields suit them right down to the ground—they're milder—they taste better—the things smokers want *most* in a cigarette!

Chesterfield

Wherever you buy Chesterfields, you get them just as fresh as if you came by our factory door
