MILT GOOD IS GRANTED FURLOUGH

AUSTIN, Dec. 7 (AP)—Milt Good, serving fifty-one years in the penitentiary for his part in the slaying of two cattle association inspectors in West Texas several years ago, was granted a ninety day furlough by Governor R. S. Sterling today. Good was convicted in the district court of Lubbock and Taylor counties and had been in prison since January 24, 1925. He and Tom Ross were tried for the slayings, and the case attracted wide attention at the time.

MILLS' CONVICTION UPHELD ON APPEAL

AUSTIN, Dec. 7 (AP)—The court of criminal appeals today affirmed the conviction of Arthur L. Mills, former tax collector of McLennan county, given four years' imprisonment for misapplication of public funds.

NO CHANGE SEEN IN WAR DEBT STAND

WASHINGTON, Dec. 7 (AP)—In the first congressional debate on war debts this session, Representative Treadway (R., Mass.), said today in the house that "there has never been any intention on the part of the congress, other than the moratorium of last year, that there should be any change or modification of these agreements."

SCHUYLER TAKES OATH AS SENATOR

WASHINGTON, Dec. 7 (AP)—Karl C. Schuyler, a Republican, took the oath as senator from Colorado today, succeeding Walter Walker, Democrat, who served by appointment for two days.

Hoover Proposes Slash In Expenditures

HOUSE LEADERS PLAN BEER MEASURE

Road Contracts May Be Awarded

COMMISSION FREE TO ACT AFTER COURT DISSOLVES ORDER

(By The Associated Press)

AUSTIN, Dec. 7. — The Texas highway commission was at liberty today to consummate contracts for construction of approximately $4,000,000 worth of highway projects, after an injunction granted James E. Ferguson and others, restraining it from making further lettings, had been dissolved.

James V. Allred, attorney general had written a letter to Gibb Gilchrist, state highway engineer, advising him that a decision of the third court of civil appeals, lifting a district court injunction, left the commission free to use its "good judgment and discretion" in letting awards on work for which it received bids last week.

Orders Dissolved

The appeals court dissolved a restraining order granted by Judge J. D. Moore of Travis county district court on eve of the advertised letting. The commission tabulated the low bids, but held the awarding of contracts in abeyance until the court had passed on the state's motion to dissolve the lower court's order.

Judge Carl Runge, sitting for Judge Moore, who was ill, sustained a general demurrer filed by Allred to the plaintiff's petition for injunction, but advised Ocie Speer, attorney for Ferguson, Bailey Hardy and John Chamberlain, who obtained it, he could amend his original petition to conform with holdings of the appellate court, and present it in his court next Monday. It was agreed that, at that time, should the petition be held sufficient, the court would set it for trial on its merits.

In his letter to Gilchrist, Allred cited a case previously decided by the third court of civil appeals in which the court held that "an order of the court of civil appeals dissolving a temporary injunction operates instanter."

"This decision has never been overruled, and the attorney general's department is in hearty accord with same," Allred wrote.

DR. KNAPP TALKS ON SCHOOL PLAN TO ROTARY CLUB

"All we are asking is that they leave Tech as it is, as a unit and then say to us just ho wmuch is needed to be reduced and we'll adjust our needs," Dr. Bradford Knapp, president of Texas Technological college, declared in discussing before members of the Lubbock Rotary club at Hotel Lubbock today noon the proposal to make Tech only a liberal arts college.

"We're willing to accept our just and fair share of whatever curtailments are needed to balance the state budget," he continued. "But I don't believe it is right to take away from a people a thing which was created by their own desires."

Declaring that the responsibility of the state to educate its people was inherent and fundamental of American ideals, Dr. Knapp said the very act creating Texas Tech was carrying out this principle.

Must Change Name

"If this proposal goes through, which I don't think it will," he said, "the very name of the school will have to be changed and the act creating it withdrawn. The act was drawn with care and the school created and organized to meet the neds of this great section. The people of this section are a verile, resourceful and pioneer type and they want an education that is useful as well as cultural for their children.

"I don't think it is democracy to concentrate all the thinking, all the research within the confines of one or two institutions. It wouldn't save the state one cent, in fact the cost would be increased under the present management.

"I blieve that the new administration of affairs of state is going to be interested in this democracy of education which calls for education for the people, among and close to the people."

THE WEATHER

WEST TEXAS— Generally fair to partly cloudy tonight and Thursday; probably snow flurries in the Panhandle, colder tonight and in the south portion Thursday.

EAST TEXAS: Generally fair, much colder cold wave south and east central portions tonight; freezing to the coast; Thursday generally fair, colder near the coast; fresh to strong north winds on the coast.

OKLAHOMA: Generally fair tonight and Thursday; colder tonight in south and east portions; continued cold Thursday.

WETS HOPE TO SUBMIT BILL NEXT WEEK

COMMITTEE HEARINGS SEEK TO FIX TAX RATE, CONTENT

(By The Associated Press)

WASHINGTON, Dec. 7. — Girded for the second prime legislative battle of the short session, Democratic house leaders today confidently undertook formulation of a beer bill which they expect to submit for action probably next week.

More than two score of witnesses were summoned to give their varied views at hearings before the ways and means committee on the dozens of proposals to fix the alcholic contents of legalized beer and the tax rate.

Collier Bill Offered

One bill, introduced by the veteran legislator, Representative Collier of Mississippi, and sponsored by the eDmocratic leadership, formed the basis for drafting a measure to amend the Volstead act. It provides for 2.75 per cent beer by weight, and a levy of $5 a barrel of 31 gallons of beer, and a tax of 20 cents a gallon on light wines.

Estimated by Collier and other party chieftains to return $300,000,000 annually in revenue, this proposal was one agreed upon by President-Elect Roosevelt and fellow Democrats at a conference here as necessary if an extra session of the new congress in the spring is to be avoided and as a help balancing the federal budget.

But a rocky course lies ahead. Already it is apparent that all of the 272 members who voted favorably in the spectacular Democratic attempt to rush prohibition repeal through the house Monday will not support modification, while the 144 who opposed it plan to hold their ground. However, it requires only a majority of either house to secure beer legislation, compared with a two-thirds majority necessary for adoption of a constitutional emendment.

CHICAGO MAN TO MAKE TALK HERE

Speaking on "New Developments in West Texas Agriculture," H. T. Mobley of the extension department of the International Harvester company of Chicago will give an illustrated lecture in the auditorium of the Tech engineering building at 7 p. m. tonight, it was announced by officials of the school of agriculture.

The lecture is being conducted by the Agriculture club and invitation is being extended to all farmers and other interested parties to attend.

Ramsey MacDonald, Herriot To Confer

PARIS, Dec. 7. (AP)—Premier Herriot said today that he will make no decision regarding the French policy on the money owed the United States until after he has talked tomorrow with Prime Minister MacDonald of Great Britain.

Mr. MacDonald was in town today, but the two premiers will await the arrival of Neville Chamberlain, British chancellor of the exchequer, who is due tonight, before undertaking discussion of the situation.

Pre-Christmas Raid Conducted By Cops

Three Lubbock policemen Tuesday afternoon conducted the first sizeable pre-Christmas liquor raid of the season. They arrested a 30-year-old man about 5:15 p. m. at Thirty-first street and Avenue V, where they said they found nearly seven gallons of whisky, most of it in half-gallon containers, under the floor. The man was to be charged today. He was transferred to county jail.

COLDEST WEATHER OF THE YEAR IS RECORDED TODAY

The lowest temperature of the season here was recorded at 7:30 o'clock this morning at Lubbock municipal airport, where the mercury sledded to 13 degrees. At 12:45 o'clock this afternoon, the airport thermometer registered 36 degrees, and an east wind was dying, Clint Breedlove, airport manager, said.

The temperature at the airport at 10 o'clock last night was 28 degrees, and the mercury was dropping constantly. The official forecast of weather today in this region was "continued cold," predicted also for Thursday.

WOULD BOOST FARM PRICES

FARM BOARD PROGRAM ASSIGNED CONGRESS IN REPORT TODAY

(By The Associated Press)

WASHINGTON, Dec. 7.—Congressional action to increase the income of the American farmer by elevating the general level of agricultural prices to a par with other commodities was advocated today by the farm board.

This multi-pronged problem was assigned to congress in a special report on legislative recommendations which said the boards stabilization operations were powerless to achieve this end.

No hint as to the board's ideas on the form of such legislation was given except that the process should "pay the costs, if any, on a continuous and self-sustaining basis" and "provide an effective system for regulating acreage or quantities sold, or both."

The board also urged that it be authorized to compromise debts now owed by farm cooperative associations and be provided either with additional money for the use of cooperative or empowered to borrow funds on its own bonds or debentures for that purpose.

Weatherford Lady Injured In Mishap

An occupant of an automobile which upset in a collision, Mrs. Lester Gramm, 38, of Weatherford suffered severe bruises about noon Tuesday in the 400-block of Avenue H. She still was in West Texas hospital at noon today.

The Weatherford woman suffered head bruises and an injury at the base of the spine, it was reported at West Texas hospital, where she was being treated last night. An X-ray examination showed Mrs. Gramm suffered no fractures. A Bynum-Stahler ambulance carried the injured woman to the hospital.

Mrs. Gramm was in a Ford sedan driven by E. L. Thornton of Idalou, which turned over after it was hit broadside in a collision with a Willys-Knight sedan driven by Sam Karetzky of Lubbock, according to police. The Ford was going northward on Avenue H and the Willys-Knight southward on H when the accident occurred, police said.

HUNGER MARCHERS LEAVE FOR HOMES

WASHINGTON, Dec. 7. (AP)—Truck after truck headed into the west and south today, taking the last of the shouting, singing demonstrators for unemployment relief over the long, tedious miles to their homes.

With a final jeer at the police who had confined them to a pavement encampment for three days, the men and women piled into their vehicles, stowed away blankets and said they were satisfied with the showing they had made.

All available policemen marched with the cheering and jerring demonstrators yesterday from their roped-off camp to the capitol grounds and back again. Strong lines held the marchers outside the grounds while select committees presented relief demands to Vice President Curtis and Speaker Garner.

GIVES BUDGET MESSAGE TO CONGRESS

REDUCTION OF ABOUT $500,000,000 ASKED BY PRESIDENT

(By The Associated Press)

WASHINGTON, Dec. 7.—President Hoover proposed to congress in his budget message today that expenditures of the government for 1934 be cut $478,463,000 below those calculated for the current year.

Secretary Mills figured that on this basis the year would end with expenditures, exclusively of debt retirement $307,192,000 in excess of receipts. The president proposed means for overcoming this deficit.

Economy Urged

President Hoover presented to congress a drastically reduced budget, recommending a 2 1-4 manufactures excise tax, retention of the gasoline tax, rigid economies including an additional 11 per cent cut in government salaries, and a big slash in veterans benefits.

He asked for total appropriations of $4,218,808,344, saying net expenditures would total $3,256,354,000 against receipts of $2,949,162,713—leaving a deficit of $307,192,187. It was to offset this that the new taxation was proposed.

Debts Not Mentioned

No mention of war debts was made in the entire presidential message, but the report of the secretary of the treasury, sent to congress simultaneously, disclosed that payments due from foreign nations had been included in striking the government's balance.

Neither did Mr. Hoover make any mention of legalization of beer.

Estimated internal revenue collections included no figure from this source.

The president estimated the present fiscal year would end next June with a deficit of $1,146,478,307, expenditures being $3,770,735,000 and estimated receipts $2,624,256,693. Of this deficit he said:

"Disaster" Threatens

"Such a situation can not be continued without disaster to the federal finances.

"I can not too strongly urge that

(Turn to Page 7, Column 5, Please)

MITCHELL URGES QUICK CHANGE IN PROHIBITION LAW

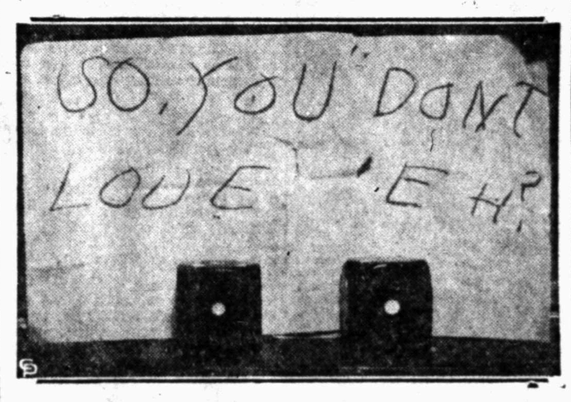
WASHINGTON, Dec. 7. (AP)—Citing that one of the principal arguments "against prohibition has been that it has created disrespect for the law," Attorney General Mitchell today recommended in his annual report to President Hoover that if any changes are to be made in the dry laws they be made as "quickly as possible."

The statement was the first of its kind by the justice department head since the prohibition bureau was taken from the treasury and transferred to the justice department two years ago.

There was no indication in the recommendation of the attorney general's personal attitude toward proposed changes in dry laws, as each part of it hinged on the word "if."

DICE AND NOTES CLUES TO MURDER

A pair of dice with the "snake eyes" up, weighting down a scrawled note reading "So you don't love, eh?" are the only clues police had to the murder of 28-year-old Mrs. Leona Buchanan, a pretty blonde of Dallas. She was found without clothing, strangled to death on the floor of her apartment.



SENATE TAKES UP REPEAL

PROTECTION FOR DRY STATES IS FAVORED BY COMMITTEE

WASHINGTON, Dec. 7. — The overwhelming sentiment of the senate judiciary committee, where the fate of prohibition repeal legislation at present rests, is for submission of a repeal amendment with protection for dry states.

A check of the members showed this today, revealing also a close division of opinion over whether to include some clause to prevent return of the saloon. This foreshadowed a conflict which may block the plans of senate leaders for prompt disposal of the repeal problem.

Although some members of the committee were non-committal on the form the resolution should take, and two have not yet returned, the sentiment of the others indicated the manner in which the question is likely to be sumitted to the senate.

To the judiciary committee, the senate has assigned the task of studying and reporting on the various repeal resolutions now pending. Chairman Norris has announced it will take up the problem next Monday.

Not a single member said he would press for outright repeal in the for mwhich the house rejected Monday, though several indicated they would not oppose it.

majority, however, indicated they would vote for outright repeal if forced to choice between this or nothing.

RALLS ROTARIANS TO FETE MATADORS

Honoring Texas Tech Matadors and their coaches, the Ralls Rotary club will be host in a barbecue at the Ralls auditorium Thursday night at 7 o'clock, it was announced here today. Lubbock Rotarians are being invited to attend.

Dr. Bradford Knapp, Tech president, is to attend the affair and is scheduled to make a short talk.

The Rotarians and Matadors will leave Matador hall Thursday afternoon at 5:30 for Ralls. About 60 are expected to make the trip.

FARMERS SEEK FEDERAL AID

DEMOCRATS READY TO LAUNCH ROOSEVELT RELIEF PLANS

(By The Associated Press)

WASHINGTON, Dec. 7. — More than 200 overalled dirt farmers rallied their forces here today to seek aid from a congress in which Democratic leaders were preparing to launch President-Elect Roosevelt's farm relief principles.

Brought mostly in their own automobiles and sleeping in a tourist camp, the representatives of those who participated in the Iowa farmers' "strike" set as the goal of their farmers national relief conference a moratorium on agricultural debts and a cost-of-production price for crops.

Bill About Ready

Similar objectives, if through varying means, occupied legislators at both ends of the capitol, with the domestic allotment views of Governor Roosevelt predominating discussions. Fully advised of his party leader's wishes, Chairman Jones of the house agriculture committee said he had a bill near completion which would attempt to give farmers the tariff benefits on their crops.

"But I will not introduce it until after conferring in detail with leaders of the organized farm groups," Jones said, referring principally to Edward A. O'Neal, president of the Farm Bureau federation and L. J. Taber, master of the National Grange, both of whom have voiced approval of the domestic allotment plan, and to John A. Simpson, head of the Farmers National union.

Co-operation From Russia Is Sought

TOKYO, Dec. 7. (AP)—A Japanese proposal that Russia, Japan and Manchukuo act in "close co-operation" for peace along the Soviet-Manchurian border was disclosed by the foreign office today together with the assertion that the Moscow reaction was noncommital.

This information was made public a few hours after Rengo (Japanese) news agency dispatches reported Japanese troops had entered Manchuli, a far northwestern Manchurian city near the Soviet border.

COAL MINE IN NEW MEXICO WRECKED

ESTIMATES OF DEATH TOLL RANGE FROM EIGHT TO NINETY

(By The Associated Press)

ALBUQUERQUE, N. M., Dec. 7—An explosion in the Morgan Coal mine at Madrid, N. M., 40 miles north of here, caused death today to a number of miners, early estimates ranging from eight to 90.

All available ambulance equipment and physicians were rushed from Albuquerque.

Estimates Differ

The company's office at Albuquerque reported "eight or nine" miners were killed, but unofficial reports placed the number as high as ninety. Passengers on a train at Domingo, who said they were in Madrid this morning told the Associated Press they understood about 70 men were killed.

Company officials said they were not certain how many miners were at work at the time the explosion occurred and declined to make an estimate, but those familiar with mining operations at Madrid said customarily about 100 men are employed.

Victims Trapped

A telephone call from Domingo, about 15 miles from the mine, to the Associated Press from one of the train passengers indicated eight or nine bodies have been recovered and that at least sixty men, many of them believed to be dead, were trapped inside. The fire prevented rescue workers from penetrating the mine immediately.

Warren Bracewell, state mine inspector, left Albuquerque immediately after the report was received here and planned to aid in the rescue work and to make an investigation.

DAMAGES SOUGHT IN FATAL CRASH

A $21,873 damage suit was filed in 99th district court this morning by J. B. Campbell and his wife, Ola Campbell, of Muskogee, Okla., against W. A. Izard of Lubbock, as a result of the death of their son Harry L. Campbell, 26, here last June 13, after he was injured in a motorcycle-taxicab crash.

The petition, filed by a Muskogee law firm, stated Izard was the operator of a motorcab line here and employer of Charley Hicks, driver of the car which figured in the collision with the motorcycle on which young Campbell was riding.

About 11 o'clock the night of June 12, Campbell and Raymond Coleman were riding westward in the 900-block of Tenth street, when Hicks started the cab, which had been parked on the right side of the street in that block. Hicks "without giving any signal, warning, or otherwise indicating (to Campbell and Coleman) what his intentions were ... made ... a U-turn ... in the middle of the block ... in violation of city ordinances" and the car hit the motorcycle broadside "to the left of the center of the street," according to the petition.

Campbell, a traveling salesman who was visiting Coleman, a friend, suffered at least two skull fractures and died the morning of June 13 in a hospital here.

Mr. and Mrs. Campbell ask $11,873 actual and $10,000 exemplary damages.

CHARGE ROBBER SUSPECTS

PANHANDLE, Dec. 7. (AP)—James K. French, 38, and Frank Scrivner, 32, have been charged with robbery with firearms in connection with the robbery of the First State bank here. Officials said they would seek to have the men held without bond.

HEADS CHURCH GROUP

INDIANAPOLIS, Dec. 7. (AP)—Dr. Wilbert W. Beaven, of Rochester, N. Y., a former president of the Northern Baptist convention, today was elected president of the federal council of Churches of Christ in America at its quadrennial meeting here.

SANTA CLAUS WILL HAVE A BIG JOB IF HE SATISFIES ALL TECH CO-EDS

BY EVELYN BABB

If Santa Claus will bring a certain Tech co-ed "a steady date to all the college dances" she will have a merry Christmas and the happiest New Year imaginable! The rambling querie of "What would you like more than anything else for Christmas?" brought a varied assortment of answeres from the girls on the campus.

"Money enough to go home for the holidays," "money enough to go to Wichita Falls" —or wherever else the boy friend's sister lives — "money enough to finish school without having to cut down on the wardrobe so much" were prominent among the replies.

"Clothes, clothes, clothes!" was the sincerest wish expressed. A great number of the co-eds want and expect nothing more. Since mother and dad will take care of this, if possible, the girls were asked what else they wanted—from the boy friend—for example.

There is a hidden wealth some where among the men of the

"Man In Gray" Sought In Slaying Of Soldier Of Fortune; Fight Recalled

(By The Associated Press)

LONG BEACH, Calif., Dec. 7.—Detectives announced today they believed they were near a solution to the slaying of Captain Walter Wanderwell, globe trotter, suspected German spy and soldier of fortune, as they broadcast a nation-wide appeal for the apprehension of "Curley" Guy, identified as the "man in gray."

Guy emerged from a medley of suspects and motives as the central figure in the investigation when Mrs. Wanderwell told officers he recently fought with Wanderwell and threatened the life of the globe trotter. Guy, she said, was a former companion of her husband on a South American trip.

Harry Greenwood, gambling ship employe, identified a photograph of Guy as that of "the man in gray" whom he saw on a pier early yesterday shortly after Wanderwell was slain in the unlighted captain's cabin of his yacht Carma. The vessel was docked alongside the pier on the eve of its departure on a world cruise with a motley crew of adventurers. A man garbed in gray had inquired for the captain of the yacht shortly before Wanderwell was shot in the back.

Guy, Mrs. Wanderwell said, has quarrelled with her husband over finances.

Mrs. Wanderwell's story of her slain husband's differences with Guy was corroborated in Seattle by Eugene A. Babbitt who said the man had attempted to kill Wanderwell during the fight. Seattle police sought two men acquaintances of Guy in an effort to locate him.

While this development took

Calvary, First Baptist Missionary Women Observe Prayer Week Programs

Baptist YWA Will Appear In Service

Weeks of prayer programs on foreign missions are on this week's calendar for women in First and Calvary Baptist Women's Missionary societies. These programs are annual affairs.

First Baptist church women started programs Tuesday afternoon at the church, to continue through Friday afternoon. Calvary Baptist programs will be condensed and presented on Thursday and Friday afternoons at the church, beginning at 2 o'clock each day.

To Wear Costumes

Members of the Young Women's auxiliary in First Baptist church are to have the program tonight for that church. It will begin at 8 o'clock and is designed as an explanation of how the annual Lottie Moon Christmas foreign missionary offering is used. Young women will represent the eight foreign countries in which the offering is shared and will be dressed in costumes of these sections.

The first program was on Tuesday afternoon from 3 until 4 o'clock at the church. Since foreign missions of the church are being studied, talks were made on China and Japan by Mesdames Virginia Fann and Mary McComb. There were 33 women present.

Mrs. Carl Roberds led the devotional. Prayers were led by Mrs. McComb and Mrs. R. C. Campbell. Mrs. J. E. Hamilton read. Circle 2 of the society was in charge of this program.

Afternoon programs on other foreign mission work will be heard on Thursday and Friday from 3 until 4 o'clock at the church.

Two Are Received Into Culture Club

Meeting with Mrs. Wade Hardy, 1711 17th street, members of the Shakespeare club received Mesdames P. H. Bowen and E. J. Lowery as members.

Mrs. A. H. Crawford presided in the absence of the president, Mrs. E. L. Banks, who is ill. Mrs. Charles Whitacre was program chairman.

"Shakespeare's Tragedies" was the theme and roll call was answered with quotations from "Hamlet". Mrs. Whitacre gave a synopsis of the play and Mrs. Wallie E. Schmid read selected passages. A character study of "Hamlet" was given by Mrs. A. C. Jackson.

Plans were made for an annual luncheon that is to be served on December 20 in the Chimayo room of the Hilton hotel.

College Forum Is To Entertain Friday

The Forum at Texas Technological college is having an annual reception for all women students in the college Friday evening in the home of Dr. and Mrs. Bradford Knapp.

Reserved Seats Are Available For Show

Holders of tickets for the "Scandals of 1932," crippled children's benefit to be given Friday night, may exchange their pasteboards for reserved seats at City Drug store.

Reservations will be made between the hours of 9 a. m. and 5:30 p. m. today, tomorrow and Friday, sponsors of the Scandals have announced.

The northern constellation situated just below the celestial pole is called the Draco.

A GYPSY TEA CUP

A dainty gypsy cup for telling fortunes is just the gift that some shut-in would love.

There are all-kinds of signs and symbols in color upon its white surface and it is gay enough to please and intriguing enough to be most acceptable.

A little set of directions to go with it give you full knowledge of just what means what and when. With it one could while away long minutes alone or with a guest spend twice that long a time happily.

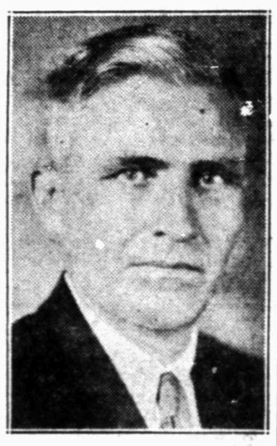
Miss Nell Parmley, (above) Lubbock High school faculty member, will appear in "Scandals of 1932," musical comedy and minstrel, which is offered Friday night at the high school auditorium to Lubbock. Miss Parmley is to sing "Shanty in Old Shantytown."



Texas Technological college students, if they are hunting Dr. W. A. (Bill) Jackson, (above) Friday night, will find him behind a coat of cork black at high school auditorium. Dr. Jackson will be an end man in "Scandals of 1932," benefit minstrel-musical comedy.

Council Fire Planned For Friday

There is to be a council fire for Cheemi Akipsia Camp Fire girls Friday evening in the John E. Conner home, 2102 Avenue Q. Plans for the affair and for a candy sale were made Tuesday afternoon at a meeting of the group at Conners. The guardian, Mrs. Edward Blackwell, and assistant guardian, Miss Voncile Shelby, attended with Ruby and Frances Park, Lois and Dorothy Madeley, Anna Bell Wood, Ruth Leberstein and Charlie Marie Moore.

OES Meeting Is Held Tuesday Evening

There were about thirty in attendance at a regular business meeting of the Order of the Eastern Star Tuesday evening. The meeting was at the Masonic hall.

Bridge Club Party Is At Snyder Home

Four women played bridge with members of the Tuesday Bridge club Tuesday afternoon when Mrs. Fred Snyder entertained in her home 2701 19th street. These were Mesdames A. V. Weaver, W. F. Schenck, Mary Lovell and Robert Bennett. Members who attended were Mesdames Bass Arnett, A. B. Conley, J. T. Hutchinson, J. S. Johnson, W. O. Stevens, Milton Jones, W. H. Meador and J. H. Goodman.

ASKS NAME BE WITHDRAWN

DISTRICT JUDGE WHO SENTENCED CAPONE SEEKS NO REWARD

WASHINGTON, Dec. 7. (AP)—The man who sentenced "Scarface Al" Capone to ten years in the federal penitentiary—Federal District Judge James H. Wilkerson, Chicago —has asked President Hoover not to renominate him for a higher bench, and the chief executive today accepted this decision with "regret."

After the sensational trial of the Chicago gangster, the president sent Wilkerson's name to the senate for a confirmation as a federal circuit judge. The senate judiciary committee failed to act upon it, and the nomination died at the end of the last session.

Sees No Change

Wilkerson, in a letter made public by the president Tuesday, said "in the light of recent statements by those who unquestionably have the power to make them effective, there seems to be no reason to expect it different result at the coming session."

"I wish, therefore," he said, "that my name be not resubmitted."

As he did after making the original nomination, Mr. Hoover praised Wilkerson highly and apparently referred to his conduct of the Capone trial.

The gangster's lawyers had made known that he would plead guilty, apparently in the belief that Capone would receive a light sentence by so doing. Wilkerson declared flatly he would accept no such agreement, and the defense counsel entered a changed plea only to have their client given a long term. He now is in the Atlanta penitentiary.

Delphian Chapter Is In Tuesday Meet

Daleth Delphian chapter met with Mrs. C. E. Maedgen, 1811 Broadway, Tuesday afternoon. Mrs. D. D. Cross led a program on Anglo-Saxon stories. She was assisted by Mesdames C. G. Stinson, C. A. Burrus and R. I. Tubbs.

Lubbock Women Will Talk At Meeting

Two Lubbock women are attending a district meeting of the Plainview Methodist Women's Missionary society in Plainview today and are to make talks. Mrs. C. A. Bickley, who is superintendent of young women's circles in the conference W. M. S., is to tell of her work. Mrs. J. Frank Potts, vice-president of the conference W. M. S., was scheduled to lead a morning devotional.

Class Sews Tuesday At Hendersons

Miss Maurine Henderson, 1505 Avenue R, was hostess to the First Methodist Philathea class in monthly business session Tuesday evening. The evening was spent sewing by Misses Ruby Hill, Anna Casey, Ouida Buzbee, Vada Walden, Lulu Mae Cravens, Edna Houghton, Isla Mae Chitwood, Erna Forson and Blanche Bean.

Book Review Talk Is Given Before Club

Mrs. R. S. Underwood reviewed the book, "Basquerie", by Eleanor Merceri, Monday evening for the Current Literature club in a meeting with Mrs. M. E. Ogdon Monday evening. Mrs. W. L. Stangel, who was scheduled to give a review, will make her talk at the January meeting of the group.

The Dioptric scale was the unit adopted by ophathalmologists in measuring the strength of lenses used in the correct of defective vision.

If You Were the Wife of a Coffee Expert - *Here's Something You'd Never Forget*

It isn't the way coffee is "Roasted" or "Blended" that really determines its richness and flavor—But the Producing *Region* in which it's raised

And the rarest flavored of all coffees are those that are Mountain-Grown

IF you were the wife of a coffee expert, there's a country you'd never forget. And that country is "*Central* America."

Remember this next time you buy. Its meaning is important.

For nature imparts a rare richness to coffee grown here that is achieved nowhere else in the world. Gives it a winey mellowness that makes it notably different from the common coffee flavor that dominates most brands.

Rarest Of Coffees

These coffees are relatively rare—and difficult to find. Until recent years, comparatively few people (with the exception of experts and world travelers) even knew of their existence.

(FOLGER PHOTO)

A Coffee Buyer Inspects Rare Mountain Coffee Berries At The Drying Grounds In Central America

They are produced chiefly in certain tiny mountain districts in remote parts of Central America, along the Western Coast. And are grown in an odd type of volcanic soil where mountain air and tropic rains produce a flavor that experts concede is *not duplicated anywhere else on the globe!*

These are the rare coffees whose flavor you find in Folger's—the coffee so many women are turning to today. Brought to you with all their mountain-freshness faithfully protected in key-opening, vacuum tins.

In order that you may taste them without delay, we invite you to take advantage of the unusual 3-day offer below.

The 3-Day Test

Just go to your grocer and get a pound of Folger's today. Drink it tomorrow morning.

The following morning serve the coffee you previously used. The third morning serve Folger's again. Then choose between them.

If, for any reason, you decide against Folger's, your grocer will refund your money. We'll pay him. That's fair, isn't it?

NOTE: Folger's is particularly economical. Because of greater richness and body, you use 1-5th less! Make the test today! ©F.C.C., 1932

With FLU in the air..

don't take chances with COLDS!...

WITH flu in the community, everyone is warned against the dangers of colds just now. Colds pull down body resistance, and often pave the way for an attack of flu and its serious complications. In the present emergency, the wise course to follow is that outlined in Vicks Plan for better Control of Colds:

To Prevent Many Colds: At that first feeling of stuffiness or nasal irritation, sniffle or sneeze—Nature's usual warning that a cold is coming on—use Vicks Nose & Throat Drops, the new aid in **preventing** colds. Vicks Drops aid Nature in throwing off the infection that threatens. They prevent development of many colds.

To End a Cold Sooner: If a cold has developed, or strikes without warning, vigorous measures are necessary. At bedtime, apply Vicks VapoRub. Its **direct, double action**—continuing through the night—brings quicker relief. During the day, use the convenient Vicks Nose Drops every few hours as needed. They add to comfort—help shorten the cold.

Follow Vicks Colds-Control Plan
(Full details in each Vicks Package)

Two Lubbock Men Get Masonic Posts

Two Lubbock men were among officers elected and appointed by the Grand Royal Arch Masons of Texas yesterday at Waco, the Associated Press reported.

J. H. Moore of Lubbock was elected grand scribe; H. J. McClellan, jr., of Lubbock was appointed grand master of the first veil.

E. M. Wood of Anson was elected to succeed Hardy Petty of Terrell as grand high priest.

EARLY DAYS OF SLATON RECALLED IN ARTICLE PUBLISHED IN SLATONITE

G. L. Sledge, a pioneer Slaton resident, in an article in The Slaton Slatonite recalled the howl of coyotes, the barking of prairie dogs, and the whirring of soaring coveys of quail as having been virtually at his doorstep when he came to Slaton.

Mr. Sledge said he came to Slaton in 1911 with D. C. Hoffman from Texico, N. Mex. They returned to Texico and came back with their families in a wagon, a hack, and a buggy. Following trails which sometimes dimmed between ranches, they traveled through many fenced pastures and wire gates, on their way to Slaton by way of Muleshoe, Olton, Plainview, Hale Center, and Lubbock. Occasionally they saw a windmill in the distance.

W. F. Maxwell was Slaton's first railroad agent, and W. H. Smith, the present agent, the second, Mr. Sledge recalled. W. P. Florence, County commissioner-elect, was Slaton's first school superintendent, and taught in a small frame building at first, Mr. Sledge related.

The pioneer remembered killing rattlesnakes where the city hall now stands.

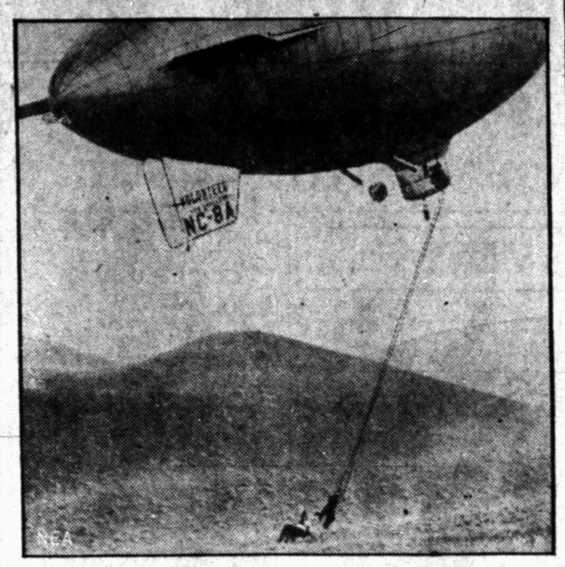
"When I came to Slaton, it was just a wide prairie," he explained. "We could drive from Slaton to the canyon in any direction without crossing a fence. We didn't have many to cross going to Tahoka, Post, or Brownfield."

Had "Small Part"

Mr. Sledge said he had "a small part" in building all Slaton's schools and churches, its city hall, and other improvements by taxation. His sons worked in building of several of Slaton's principal business houses, including the Harvey house and the Santa Fe reading room. He built and operated "the only livery stable Slaton ever had," and there ranchmen, cattle inspectors, and cowboys gathered, and an occasional cowgirl stabled her horse there.

"I must have had satisfactory buggy teams . . . I can cite you several youngsters who used my teams and won their ladies," wrote Mr. Sledge.

Swing Low, Sweet Chariot!



The blimp is swinging low and has picked Bob Steele, movie stunt man, off a galloping horse by a rope ladder. Just to make it harder, Bob carried a man on his back at the time. Because of his weight and the high wind pressure, Steele was unable to climb up to the car—had to hang on for several miles before he could be set down safely.

COACHES OF NOTRE DAME AND SOUTHERN CALIFORNIA GLOOMY

SPYING ON SPORTS

BY COLLIER PARRIS

The District 1 athletic executive committee will hold its annual session next week at Plainview. The meeting is set for Tuesday, Dec. 13, to be exact.

* * *

Maybe you don't know what the District 1 athletic executive committee is. It is a body representing the Class A schools of District 1 in the Texas Interscholastic league Superintendents or principals of the schools usually comprise the executive committee. M. H. Duncan of Lubbock is chairman. The committee names the official the football champion of the district, discusses the year's work, reads minutes of last year's meeting and lays plays for the ensuing year. It is a very important session.

* * *

Coaches of all the Class A schools and sports writers of the towns in which the teams are located are usually invited to the session. The coaches usually arrange schedules for the for the following season. The scribes sit around, get in arguments, partake of the free meal and otherwise enjoy the holiday.

* * *

Professor Duncan tells us that several important matters will come before the committee next week. One of the most important will be in connection with the proposal to let the Class A schools of the district form a basketball conference and play a schedule corresponding to the football schedule. It is felt that this idea will be met with approval.

* * *

Basketball is good enough a sport to pay its own way. If encouraged by school authorities to the extent to which it is due, it would be a paying proposition. Organization of a conference of the Class A schools would, it seems to us create the desired interest between the teams and among the fans. Of course such a conference would be strictly unofficial, and would have no bearing on the state race. The district championship would be mythical, but winning that would entail some good games between good teams. In our opinion, high schools of Texas would profit greatly by encouraging basketball.

* * *

There is due to be an interesting session between the coaches next week when they begin talking schedules for 1933. Pampa will try to make the committee and the coaches see the wisdom of a Thanksgiving day game between Pampa and Amarillo; not only will Pampa try to impress the committee, but Pampa's representatives will raise a large cry if they do not get this project through. Such a move would wreck the traditional Turkey day game between Lubbock and Amarillo, but Pampa will not be able to see where such a wreck would be disastrous to the future well-being of the league and the Geneva peace conference. Pampa, through its daily newspaper, has already started the action calculated to result in a 1933 Thanksgiving day game between Amarillo's Sandies and the Harvesters. This is just a tip to Lubbock and Amarillo if they want to retain this game. Pampa will want to play Lubbock on Armistice day.

* * *

Coach Odus Mitchell and Superintendent R. B. Fisher of Pampa sought to break the Lubbock-Amarillo treaty last year at the executive committee, but the idea was "laughed down" by Lubbock and Amarillo authorities who refused, in a jovial manner, to budge. It may not be so easy to laugh off this time.

* * *

The basketball game between Lubbock and Slaton, announced in this paper yesterday for Thursday night, has been canceled, or indefinitely postponed. An attack of flu has hit the Slaton athletes hard, and Coach Paul Wright has requested that the game be postponed.

* * *

We were out to watch Coach Swede McMurry's Westerners work out yesterday. One or two prospective regulars were not there due to sickness, but the bunch that was practicing looked like a college squad. A Texas Tech cager on the sidelines yesterday said "They've got more height than us," referring to the lanky youths on the floor. It may be true. Coach Swede has five men who are six-footers or better. It is a good looking outfit. They've got a lot to learn but if they take to the teachings of Coach McMurry, remain in training and apply themselves, they ought to get somewhere in the state race. It has been a long time since Lubbock sent a team to the state meet. Not many future teams have looked half as promising as the present layout.

Leighton Ewell, jr., a 4-H club boy, was awarded the grand prize at the second annual Louisiana-Mississippi market hog show at New Orleans.

ANDERSON HAS SLIGHT HOPE OF VICTORY

SAYS RAMBLERS SHOT THE WORKS AGAINST ARMY ELEVEN

EL PASO, Dec. 7. (AP)—Pessimism over the prospects of his team for victory over Southern California Saturday was expressed early today by Coach Hartley "Hunk" Anderson of Notre Dame when the train bearing the Irish eleven to the Pacific coast passed El Paso.

"We shot the works against Army and probably cannot turn in another peak performance," Anderson said. "It will take a similar performance to beat the Trojans. They ought to take us."

Ambulance Ordered

Anderson said an ambulance had been ordered to meet the train at Tucson, Ariz., to remove Ray Brancheau, halfback, stricken with influenza after the squad left Chicago. Brancheau's condition had improved, however, Anderson said.

Other members of the Irish squad who had been ill were reported rounding into condition. From persons on the train with the Notre Dame players, it was learned Brancheau had been up most of yesterday, although suffering with a severe cold.

TROJANS DISCREDIT "FLU" PESTILENCE

LOS ANGELES, Dec. 7. (AP)—That influenza pestilence which has been riding the westbound train with the Notre Dame football squad, spread within Troy's guarded walls today leaving results which baffled science.

There was much whooping at the University of Southern California but no coughing. A questioning lift of the eyebrows was an accompanying symptom.

Not Convinced

Not that the Trojans lacked sympathy for the ailing Ramblers whom they play here Saturday but there was a certain absence of conviction concerning the infected trainload of athletes who would like to terminate the S.C. string of consecutive victories at 18.

Two years is a long time, but not too far distant for the Trojans to remember how the late Knute Rockne brought a team of cripples west, minus a fullback and all that sort of thing. All Southern California was sympathetic because of what Coach Howard Jones' eleven was going to do to those stricken invaders. The marks of that Notre Dame 27 to 0 victory are the main reason for so many doubters.

Army Game Recalled

Southern California has heard, too, how Coach Hunk Anderson took his traveling infirmary to New York. How three victims of the terrible scourge, namely George Melinkovich, Jim Harris, and Emmet Murphy, scored rather persistently on Army's cadets.

Among the unbelievers was Troy's head man.

"Naturally," spoke Coach Jones. "I feel sorry for the boys who are sick and for Hunk. But you know what I think? Anderson could have all his first string in bed with the flu and still we'd have our hands full."

Only 10,000 of the 101,558 seats available for the game at Memorial coliseum (nee Olympic stadium) remained to be sold, and all of them were back of the goal posts.

PAGE MAY BE NEW CHICAGO MENTOR

CHICAGO, Dec. 7. (AP)—H. O. (Pat) Page, Sr., former University of Chicago star athlete and present assistant to A. A. Stagg, today had become the leading candidate to succeed the "Old Man" as the Maroons' head football coach.

George Veerker, head coach at Iowa State college under Thomas N. Metcalf, who will replace Stagg as athletic director at Chicago next year, is expected to remain at the Iowa institution, having been named to succeed Metcalf, leaving Page as the foremost choice among the guessers.

SAN FRANCISCO TOURNEY STARTS

SAN FRANCISCO, Dec. 7. —(AP)—Both amateur and professional golfing stars teed off here today in the 18-hole qualifying round of the third annual San Francisco national open match play tournament. The 64 low scorers will pair off Thursday in 18-hole match play rounds.

Led by such noted pro performers as Olin Dutra, Santa Monica, P. G. A. champion; Horton Smith, Oak Park, Chicago, and Leo Diegel, Agua Caliente, the field numbers 175 entries.

Those who play for pay will match strokes for a purse of $2,500, plus a percentage split of the gate receipts.

Two 18-hole rounds will be played Friday with 36 hole matches in Saturday's quarter-finals; Sunday's semi-finals and Monday's finals.

Wiffy Cox, Brooklyn, winner last year, will be on hand. Smith, Dutra and Diegel will tee off as the favorites.

BLAYLOCK BURIED

DALLAS, Dec. 7. (AP)—Former Mayor Louis Blaylock, who died Sunday after a period of failing health, was buried here Tuesday.

Babe Didrikson Declares Her Disbarment Is Not Justified

SOUTHERN AAU CHIEF PROMISES PROBE OF GIRL'S CLAIMS

DALLAS, Dec. 7. (AP) — Mildred Babe Didrikson, famous woman athlete, today stood firmly by her declaration that she had committed no act to justify her disbarment from further amateur competition by the amateur athletic union.

The disbarment was announced in New York after an advertisement appeared in newspapers throughout the country quoting the olympic track star as endorsing a certain make of automobile and showing her skimming over a hurdle, her athletic specialty.

Investigation Begun

She took courage for her fight for reinstatement in a statement at New Orleans by Lawrence Di Benedetto, chairman of the Southern Amateur Athletic union, that he had started an investigation into her claim that she had not authorized the advertisement.

Meanwhile, officials of the insurance company by which she is employed, declared an intention of standing back of her struggle to regain amateur standing. They said that if she is reinstated, they would let the matter drop, but, if the suspension is permanent, they might seek legal redress.

Removed From Team

The first immediate result of the disbarment on Miss Didrikson's athletic career, one of the most brilliant of any woman in the country, appeared to be withdrawal of her name from the playing roster of the Golden Cyclones, basketball team of her employers. It was reported she would not play in the team's game tonight against a sextet from Fort Worth.

Miss Didrikson, in an interview, said she felt she had been wrongfully convicted on circumstantial evidence. She said she never had seen the testimonial for the automobile until it appeared in print and she did not know where the accompanying photograph came from. She admitted that several weeks ago she posed standing beside an automobile of the make advertised, but she said she had told the Dallas agent of the company the picture could not be used until she turned professional, if ever.

The name of W. Foster Jacoby of Dallas, director of city parks and secretary of the Texas A.A.U., was brought into the case when Miss Didrickson said he had asked her to sign an endorsement of an automobile, promising her that it would not affect her amateur standing. She stated she refused to sign and told Jacoby the use of her name in that connection would be against her wishes.

NEW YORK—Sam Stein, 202, Newark, threw Luigi Bagigalupi, 225, Italy, 16:09.

KNAPP TO SPEAK

SLATON, Dec. 7.—(Special)—The president of Texas Technological college, Dr. Bradford Knapp, will be the principal speaker on a Christmas program in Slaton High school auditorium Thursday night, December 22.

The first grade rhythm band, a pageant cast and carol choir of second and third grade pupils, and the two high school glee clubs will appear on the program.

SUSPECT ARRESTED

BAY CITY, Mich., Dec. 7. (AP)—Ray Hamilton, alias Floyd Beatty, 19, said by police to be wanted in Dallas, Texas, on a charge of murder in connection with a series of bank robberies, was arrested here last night. J. C. Clark, 22, a companion, also was taken into custody.

The Winter King was the popular title of Frederick V, Elector Palatine, who was King of Bohemia for a little more than a year.

CAGE CONTEST IS POSTPONED HERE

Due to a request by Slaton authorities, the proposed basketball game between Lubbock and Slaton high schools formerly announced for tomorrow night has been indefinitely postponed.

Coach McMurry of Lubbock said yesterday afternoon that Slaton had asked for postponement because several Slaton athletes had the flu.

The Westerners may go to Crosbyton for a game with Crosbyton High school Friday night. Next week they take to the road, meeting Big Spring High school there on Friday night and San Angelo High at San Angelo on Saturday night.

SOLUTION FOR MINOR LOOPS IS SOUGHT

ADOPTION OF PLAYER AND SALARY LIMIT IS RECOMMENDED

COLUMBUS, O., Dec. 7. (AP)—The thirty-first annual convention of the National Association of Professional Baseball leagues settled down today to the business of prescribing for the minor loop ailments.

A committee of five has been working diligently for many months preparing prescriptions, and now the first of these are up for a thorough thrashing out, and the committee believes most and probably all of them will be adopted during the three day conference.

Limits Considered

Chief among these recommendations is the adoption of a player and salary limit. The passage of this became almost a certainty yesterday when the International league joined the American association in giving its approval. While the Pacific Coast league remains a holdout on the proposition, it is indicated the majority of smaller circuits will follow the move of the two leaders.

Recalling that last year several minor clubs were compelled to fold up in mid-season because major league clubs withdrew their financial support, the committee has recommended that major league clubs operating farms be required to guarantee their operation for a full season. This is expected to meet little opposition from either the majors or the minors.

Purchasers Sought

The American association in another meeting this morning planned to iron out its difficulties by finding purchasers for the Toledo and Kansas City clubs.

It was reported late last night that at least three men were in the market for the Mud Hens while Lee Keyser, owner of the Des Moines club in the Western circuit has announced he is willing to buy the Kansas City franchise as soon as the present board of directors makes an offer to sell. This offer was expected to be forthcoming today.

STANFORD ATHLETES DENY THEY PLAN TO FOLLOW WARNER TO TEMPLE POST

PALO ALTO Calif., Dec. 7. (AP)—The Stanford university campus, excited following published reports several freshmen football players intended to follow Coach Glenn S. (Pop) Warner to Temple university, where he has signed a contract, was calm today with formal denial of the report by the athletes.

A statement signed by Bob Hamilton of Sewickley, Pa., and Bob Reynolds of Ommulgee, Okla., freshmen backfield stars, and said to express the views of the entire freshmen squad, explained the report originated when several of the men jokingly remarked they intended to journey east and continue to play football under Warner.

"We came here to go to Stanford and we intend to carry on with the boys we know are with us," the statement said.

Previously Bob Grayson, a halfback, was reported as saying he came from Portland Ore., to play under Warner and intended to go with him. Several other players were reported to be considering a transfer to the Philadelphia institution.

The board of athletic control at a meeting tomorrow will consider selection of a successor to Warner. Among candidates mentioned are C. E. "Tiny" Thornhill and Ernie Nevers, assistant coaches recommended by the freshmen players in their statement. Others mentioned included Andy Kerr, Colgate; Jock Sutherland, Pittsburgh; Clipper Smith, Santa Clara and Dick Hanley, Northwestern.

CONTRACTS TO BE AWARDED

JOBS EXPECTED TO BE LET AFTER HIGHWAY INJUNCTION LIFTED

Letting of contracts by the Texas highway commission on projects in four South Plains counties is anticipated, a temporary restraining order blocking highway construction having been lifted.

The projects and respective low bids received are:

Highway office building in Lubbock, James T. Taylor, $11,055.

Garza: South Sand Creek bridge on highway 7. Dozier Construction company, Austin, $25,647.81, and 8.4 miles grading and drainage structures from Scurry county line northwest of highway 7, Hannah and Hall, $37,009.74.

Terry: 15.2 miles grading and drainage structures from Brownfield to the Hockley county line on highway 137, Huddleston Construction company, Crosbyton, $18,987.35.

Hockley 8.4 miles grading and drainage structures from the Terry county line to the Lubbock county line on highway 137, Hannah and Hall, Waco, $3,306.51.

LAMESA RELIEF PROGRAM AIDED

LAMESA, Dec. 7.—(Special)—The Lamesa Chamber of Commerce program to alleviate unemployment will regain its full proportions, now that a temporary injunction obtained by James E. Ferguson against the Texas highway commission has been dissolved, if last week's statements of the chamber committee remain correct.

The committee, of which J. R. Lowrie is chairman and V. Z. Rogers, Louis B. Reed, and William A. Wilson are other members, indicated that if the injunction were made permanent, Lamesa would loose $5,300 allotted it by the Reconstruction Finance corporation for November and December. Further employment work was curtailed after the committee was informed officially of the restraining order.

REKAB PRESENTS PROGRAMS HERE

For an hour and a quarter an audience of about 500 persons watched Rekab the Magician and his company present a program of sleight of hand and illusion last night in Lubbock High school auditorium. The scene was enlivened by a dozen or more small boys and a small girl or two who raced from the front row to the stage steps each time the mystifier asked for volunteer aides. Rekab also gave a matinee performance.

Humor was abundant in Rekab's presentation, which was without the weird settings and bizarre artifices of some magicians. His line of chatter was as amusing as it was diverting, and Rekab and an assistant made perhaps half a dozen trips into the audience. His attractive young woman assistant had auburn hair and spoke very much as would a Lubbock young woman. She was the principal in mental telepathy and hypnotic suspension acts. In short, there was no attempt to create effects, but simply to amuse and to confound.

Rekab's wizardry ranged from the usual pulling of bunnies from hats and innocent bystanders' coats to a Chinese ring trick, which drew comment, and an illusion, substitution of a woman for a man, which climaxed the performance

The City Parent-Teacher council sponsored the appearance of Rekab here. Net receipts will be used in paying for corrective treatment of indigent children having physical defects.

LAMESA HOLIDAYS

LAMESA, Dec. 7. (Special)—The public schools here will dismiss classes Friday afternoon, December 23, for the Christmas holidays, and will reopen Wednesday, January 4.

The Japanese alphabet possesses two sets of characters—katanaka for the use of men, and hiranaga for women.

Modeled after Guy's hospital in London, the original building of the New Orleans Charity hospital became 100 years old this year.

Donati's comet was discovered by Giovanni Donati, at Florence, on June 2, 1858.

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at Mark Halsey Drug, City Drug Store or any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.—Adv.

FROM PIT-BOY IN COAL MINE TO THE PLAUDITS OF WORLD IS LAUDER STORY

From pit-boy in a Scottish coal mine to knighthood and the plaudits of the world is the success story of Sir Harry Lauder, who will appear at Lubbock High school auditorium Wednesday night, Dec. 28. The Avalanche-Journal newspapers are sponsoring the appearance here of the famous singing comedian and his troupe of 30 members.

While he was a pit-boy in the mine at Lanarkshire, Scotland, Harry Lauder was trying out his voice. Fourteen years he spent in the mines, and during all that time he was striving to use his talent for "something better than the pits."

Engagements Accepted

Engagements to sing in neighboring towns, for two shillings a night, were eagerly accepted. Once, when he had been engaged to sing for a week, at a nightly wage of four shillings, the manager came to him after the first performance.

"Don't come back, Harry," he said "theer's no thinkin' here in Greenock that yer much o' a singer."

The next year Lauder returned to Greenock and won first prize in a singing contest. Frequently when Lauder left the mines to accept engagements with companies of wandering minstrels, he went back to Lanarkshire with little more than the shirt on his back. Then his friends would laugh and say:

"Mayhap ye'll stay at honest work now, Harry—an' not go traipsin' around th' country like a ne'er do well."

"Traipsing" Continued

But the "traipsing" continued with each opportunity, and eventually there was an appearance in London. He was on the road to success at last.

The songs which Sir Harry Lauder offered on his first world tour will be intermingled with newer ones which have been approved by his more recent audiences in the program here. Some of these older songs are "The Weddin' o' Sandy McNab," "Stop Yer Ticklin', Jock," "I'm Goin' T' Marry 'Arry," and "I Love My Jean."

SIR HARRY LAUDER

TWELVE-YEAR-OLD BOY REALIZES HIS OBJECTIVE; TALKS WITH ROOSEVELT

(By The Associated Press)

WARM SPRINGS, Ga., Dec. 7.—David Lee Smalley, 12, attained an objective he has sought for twelve days just before Franklin D. Roosevelt left here yesterday.

David came to Warm Springs from Mount Vernon, Ill., several weeks ago for an examination by the specialists at the health resort.

Since the president-elect had been here the boy had been seeking an opportunity to speak to him and shake hands. On each occasion which seemed to promise the chance, David would just miss getting close enough to Mr. Roosevelt.

Yesterday afternoon, he came to the railway station to see the president-elect off for New York but when the crowd pushed forward to shake hands he was unable to reach Mr. Roosevelt.

As the secret service men brought the handshaking to an end just before the train started, David gave up hope and was turning away, lip quivering. A newspaperman called the attention of Miss Margaret Lehand, personal secretary of Mr. Roosevelt, to David and a few minutes later he was ushered into the car for a talk with the president-elect.

A rose bush planted by Emperor Charlemagne 1000 years ago is still flourishing at Hildesheim, Germany.

TREASURY DEPARTMENT, Office of the Supervising Architect, Washington, D. C., November 30, 1932—Sealed bids in duplicate subject to the conditions contained herein, will be publicly opened in this office, room 439, at 2 p. m., December 14, 1932, for furnishing all labor and materials and performing all work for linoleum floor covering in the U. S. post office and court house at Lubbock, Texas. Specifications may be obtained from the custodian at the building, or at this office in the discretion of the supervising architect. Jas. A. Wetmore, Acting Supervising Architect.

LIFE FOR SALE

Good food to eat . . . good clothes to wear . . . good homes . . . books . . . flowers . . . amusements . . . automobiles . . . these and a thousand other things that make life richer and more enjoyable are offered to you in the advertising columns of this newspaper.

Suppose some one has perfected a labor-saving device to do away with hours of household drudgery: you would never have heard of it but for the advertisements. Suppose there is a new golf ball . . . a new breakfast food . . . a new kind of towel for the bathroom: you learn about these from the advertisements. All the good things that money can buy come to you today through this useful and universal medium.

Watch the advertisements. They contain news just as interesting and important to you as the editorial columns themselves—news of conveniences, necessities, opportunities for wise and economical buying.

Advertisements are the true record of our times. They will help you make a pleasant and exciting adventure of living.

Thought For Today

And there shall arise after them seven years of famine; and all the plenty shall be forgotten in the land of Egypt and the famine shall consume the land.—Genesis 41:30.

* * *

Hunger is sharper than the sword. —Beaumont and Fletcher.

Repeal, Racketeers

Both friends and foes of national prohibition ought to get their heads together this fall to consider the disturbing reports that are coming out of New York and Chicago—reports that the underworld gangs of those cities are making elaborate preparations to control the distribution of beer, if and when the sale of that beverage becomes legal.

Here is a challenge to the nation which cannot possibly be ignored.

It is fair to say that a great part of the shift in sentiment about prohibition is due to the activities of the gangs. Many people who believe in prohibition in principle as strongly as ever have turne dtoward repeal in the hope that gangsterism can thereby be curbed.

Whatever the solution to the prohibition problem, it must be one that will leave the gangs entirely out in the cold. If it doesn't it won't be worth the paper it is written on.

* * *

If reports from Washington are correct, John Nance Garner was a pretty smart poker player even under the weight of the speakership. His cronies had better watch out when he becomes vice president and has more time to concentrate.

FLASHES OF LIFE

* * *

As Brought Over Associated Press Wires Today

(By The Associated Press)

Beating The Gun

UNIONTOWN, Pa.—Stern officers of the law gasped as they saw Frank Bonati and Joseph Angone driving through this city in a car piled high with liquor. Pre-prohibition trade marks flashed from cases stacked on the running board.

Bonati and Angone, who made no pretense at secrecy, expressed surprise as the officers seized the car containing about 200 gallons of liquor, and marched the owners off to jail.

"Why," the prisoners clamored, "we thought they just repealed that Volstead business."

Pork Purloined

DALLAS — Roused from his slumbers by the squealing of a hog, a Dallas county farmer investigated. He found a prime porker with its throat cut. The killer was gone. The farmer awakened his son and they dressed and sealed the carcass, then went to the house for coffee. Returning later they discovered the dressed pork was gone.

"Buzz Right Along"

MANCELONA, Mich.— Thomas K. Hill, 103, whose family told him 32 years ago he was too old to drive an automobile, has passed his examination and received his new driver's license.

"I never go more than 12 miles an hour," he said, "and the fellows who don't like to trail me can buzz right on past." He always drives in second gear.

A Helpful Soul

JANESVILLE, Wis.—The woman pay? Not much, thinks District Attorney Harry S. Fox.

He told the story of a woman who waited in his office all afternoon to show him a sheaf of papers, which disclosed that her ex-husband had made all of his alimony payments promptly.

"Well," said the attorney, "what do you want?"

"I just want to know how I can irritate him some more."

FISH HALT TRIAL

BIRMINGHAM, Ala.—The trial of Gus Walker, who was charged with burglary, can be held any day but Friday and Saturday. When Walker's case came up for trial it was found that Walker was serving time on the county roads on another charge and the case was to be reset. Saturday is an off day to start a trial, and Jim McK. Long, assistant solicitor, asked that Friday be excluded, because all the witnesses work in the fishhouse, and Friday is their busy day.

Vice President-Elect John N. Garner and Mrs. Garner announce they'll attend no capital social functions unless "Jack's" official presence is required. It must be as hard to knot a bow tie in Washington as anywhere else.

The Christmas season always makes a boy wish he were big like his dad—so he could get up closer to the counter where they show the mechanical toys.

George Bernard Shaw declares the substitution of "Mr. Roosevelt for Mr. Hoover won't make any difference to anybody." Evidently the eminent playwright hasn't met Dolly Gann.

The National Grange wants Congress to inflate the currency to raise commodity values. Remembering 1929's stock market explosion, maybe one blownup deserves another.

Portland, Ore., city officials are going to quit paying insurance on the city's fire stations. Vigilance, like charity, begins at home, they figure.

It begins to look as if Notre Dame's defeat by Pitt a few weeks ago was just a publicity stunt.

Say It With Music—Ta-Ta-Ty-A!

Republican Progressives Who Supported Roosevelt Can't Expect To Retain Chairmanships After The Short Session

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Dec. 7—The Republican progressives in the Senate are not going to give up their committee chairmanships to Democrats during the short session.

The Democrats are not going to permit Republican progressives to retain those chairmanships after they gain Senate control.

Dutcher

President-elect Roosevelt is not going to appoint any Republican progressive to his cabinet.

All that is rather thoroughly agreed now, although there have been various rumors and speculations to the effect that Democrats and the liberal Republican who supported Roosevelt in the campaign were going to be rewarded just as if they were Democrats and that the progressives were going to toss control of the short session Senate to the party which won the election but will be in a slight numerical minority in the upper house until March 4.

There may be extensive co-operation between the two groups, but it appears that no one is going to give away anything very tangible.

* * *

Not even a hint has reached the progressives that they can retain their chairmanships in cases where they campaigned for the president-elect. To do so they would have to become Democrats — which is unthinkable since they were elected as Republicans and none has ever indicated any thought of changing his label—or the Democrats would have to deprive their own brethern of honors and powers to which they are entitled by ancient political tradition.

Progressive Republican senators who supported Roosevelt and the committees which they head include Norris of Nebraska, judiciary; Johnson of California, commerce, and LaFollette of Wisconsin, manufactures. Each is an important committee and each chairmanship has been used importantly as an instrument for promotion of progressive legislation.

Under Democratic control the chairmanships, respectively, would go to Ashurst of Arizona, Fletcher of Florida and Smith of South Carolina. None of those gentlemen has indicated any desire to forego the job to which he is entitled.

So much of the national legislation is done in committees that the prestige and power of the principal chairmanships is very great.

Progressive such as Chairman Borah of foreign relations, Nye of public lands, Frazier of Indian affairs, Norbeck of banking and currency and Couzens of interstate commerce, would be bound to lose their posts in any event. They didn't bolt Hoover.

* * *

The yarn that progressives would turn Senate control over to the Democrats was based on the idea that they would thus sacrifice themselves in honor of the lame duck amendment, which they all supported vigorously and which, when in effect, will set the newly elected congress in January, in stead of March.

But the Democrats are not anxious to rush their return to power by a mere three months when they can wait and have a big Senate majority and the progressives themselves seem to see no reason why they should upset the apple cart for such a purely ethical point.

The only possibility of an exception would be George Norris. He fathered the lame duck amendment and is usually considered the most honest and unselfish member of Congress. Also, he is the most independent, having campaigned for a Democratic senatorial candidate in 1926 and the Democratic presidential candidates in 1928 and 1932.

He and Roosevelt are friends and it is possible that things could be arranged so he might retain his committee chairmanship if he so desired—though they probably won't.

But Norris is not expected to be offered a cabinet job any more than any other Republican. Rumor of a Republican in the cabinet has confined itself to Johnson, but nearly everyone anticipates a full slate of Democrats.

FINANCE PROFESSOR SAYS ROOSEVELT ALLOTMENT PLAN IS BEST SOLUTION

PHILADELPHIA, Dec. 7. (AP)—Dr. Edward S. Mead, professor of corporation finance of the University of Pennsylvania, told the engineers club here that "the voluntary allotment plan, which represents President-elect Roosevelt's ideas of effective farm relief, offers the best method immediately available to bring the country out of the business depression."

"The voluntary allotment plan," said Dr. Mead, "aims to restore farm prices at least to the levels of 1926.

"The plan is, in substance, first, they levy of an excise tax upon the consumers of food and other farm products, a tax which will be paid in the first instance, by flour millers, meat packers, and cotton and tobacco manufacturers. This tax the manufacturers will shift to the consumer by advancing his prices, so that the tax will appear as an increased cost of living.

"Second, the proceeds of this tax will be paid to the farmer, on condition that he reduces his planted acreage of wheat, corn, tobacco cotton, and other products, and the number of his breeding stock. Those farmers who do not reduce their production will not share in the tax.

"The application of this method of price raising will be effective if generally introduced, and if substantially all farmers cooperate in the plan—to put agriculture back on its 1929 levels, to add several billion dollar to farm income.

Druggist Gives New Formula To Stop Headaches

Realizing that no one drug can relieve all headaches, as they come from so many causes, a North Carolina pharmacist has developed a combination of several ingredients, so blended and proportioned as to relieve almost any headache in a few minutes. You can get this formula wherever drugs are sold under the name "B.C." 10c and 25c packages, and when you have one of those violent, nerve-racking headaches, from inorganic causes, "B.C." will give you soothing relief in three minutes. "B.C." should also be used for the relief of muscular aches and pains, common colds and neuralgia, reducing fever, and for quieting a distressed nervous system without opiates, narcotics or such habit forming drugs. —(adv.)

1601—13TH STREET

Around the RADIO Clock

BY C. E. BUTTERFIELD

(Time Is Central Stuandard)

NEW YORK, Dec. 7. (AP) —Football Saturdays fade after this weekend when Notre Dame vs. Southern California goes on the air from Los Angeles.

The broadcast will start at 3:45 p. m., over WJZ-NBC.

Listeners in the southwest, particularly Texas, have been devoting part of their radio correspondence to requests for inclusion of all of that section in the chain broadcasts of the New York philharmonic orchestra and the metropolitan opera. While the concerts go into that territory they are not broadcast by all network stations, and the operas are not handled in the southwest at all—Rep. Wright Patman, of Texas discusses the soldiers' bonus in a WEAF-NBC talk a week from tonight.

Try these tonight: WEAF-NBC—6:30 — Roy Smeck's instrumental quartet; 8—Macdowell festival concert; 10—Nellie Revell's program, 11:30—Mark Fisher orchestra. WABC—CBS—5:30—Connie Boswell; 8 — Burns and Allen; 8:30—Columbia revue; 10:30—Isham Jones orchestra. WJZ-NBC — 6:30 — Fannie Hurst story, "God Made Little Apples;", 7:45—Jackie Heller, tenor; 8:30—Friendship Town; 9:30—Special Highlanders' band concert.

CRUSTY INTRUDER

FORT WORTH, Tex. — What would you do if you walked out into your backyard and met an armadillo. Buford Creed calmly picked the heavily shelled creature up and put him in a rabbit pen. Creed inquired at the zoo but no armadillo had escaped from there. Bookkeeper J. B. McHugh said the zoo would be glad to have the animal. If Creed doesn't give the armadillo to the zoo his wife will probably receive a sewing basket for Christmas.

If the House of Representatives limits debate on prohibition repeal to 40 minutes, it will be one of the shortest arguments on record on the question, in or out of Congress.

"We need the spirit of adventure in cookery in order to add zest to cuisine," says Prof. Mary Van Arsdale. Just a matter of taste.

If that coal bill worries you, reflect on your Uncle Sam. He's running into debt $5000 a minute!

Marie Dressler's Double—Just For Fun

She's Marie Dressler's double—just for fun. And the fun of it is in having movie fans, theater men, even Hollywood acquaintances of the comedienne address her as Miss Dressler. Then Mrs. Elsie Southwick of Cleveland does her "Dressler-face-making"—and the Dressler fan goes away laughing, too. Here you see the resemblance. Marie Dressler and some of her "faces" are at the left. Mrs. Southwick, at the right, matches each expression.

HE GOT AN EARFUL

FORT WORTH, Tex. — G. B. Cowan, city garbage inspector, got an earful of something that wasn't scandal, and as a result he's walking around with his head swathed in bandages. Cowan was in a gun and ammunition shop the other day when Floyd Bufford, clerk, was unloading a rifle. The gun went off. The bullet glanced off the ceiling and struck Cowan on the side of the head, piercing the lobe of his ear and lodging in his jawbone.

The philosophic soul who started this "better late than never" business must have done his Christmas shopping early.

Doldrums is the name given by sailors to that part of the ocean near the equator in which calms and light baffling winds prevail with hot, sultry air, local squalls, thunder, and rain.

Beware the Cough or Cold that Hangs On

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

TESTIMONY IN TRIAL ENDS

SEDUCTION CASE MAY GO TO JURY TODAY; CLAIMS DENIED

NEW CITY, N. Y., Dec. 7 (AP)—Presentation of testimony in the seduction trial of Sidney Homewood, riding academy master, concluded last night after Miss Charlotte Gibson, expectant mother and chief accuser, denied again from the stand many of the defense claims.

The case is expected to go to the jury late today. Homewood is under an indictment charging seduction under promise of marriage.

Denies Defense Claim

Miss Gibson denied Homewood's claim he had discovered her last January in a compromising position in a horse stall at the riding academy with his cousin, Alec Homewood.

She denied she had ever indulged in "rough house" activities at the academy.

She denied telling Homewood's father she had believed love could exist without sex until she fell in love with a man three years ago.

She denied mailing letters at the academy to a West Point cadet.

The defendant pictured Miss Gibson as having pursued him and urged him to go places with her.

Offered $200

Alex Homewood, testifying for the prosecution, said his cousin had offered him $200 to marry Miss Gibson, but that he had refused with the statement:

"I wouldn't marry her for $10,000."

He explained he had meant no reflection on the girl.

PYTHIANS ATTEND ROLL CALL EVENT

Ninety-three per cent of the membership of Lubbock lodge No. 486 of Pythias was present at an annual roll call last night in Pythian Castle hall, 1318 1-2 Texas avenue.

Wives of Lubbock Pythians and members and several Plainview members and their wives attended an old time Spanish barbecue beginning at 7:30 o'clock. After roll call, initiation for the rank of esquire was conducted. Following the barbecue, the women were guests in the home of Mrs. Wallie E. Schmid, 2506 Twentieth street. G. Burns is keeper of records and seal.

The Rev. Roy Clayton of Plainview addressed the Pythians, and the welcome address was given by the Rev. Boyd P. Milburn, Lubbock member.

MEXICAN SLAYER GIVEN TWO YEARS

Found guilty of murder without malice Ignacio Cervantez, a Lubbock Mexican, was sentenced to two years in the state penitentiary by a 99th district court jury about 5:15 o'clock Tuesday afternoon. The jury began its deliberations about 3 p. m.

Cervantez' defense was that he was drunk the night Merced Ortega, also of Lubbock, was fatally stabbed in a scuffle here. The accused man, on the stand, testified he did not remember anything that happened.

District Judge Clark M. Mullican presided at the trial, and Burton S. Burks, assistant district attorney, was prosecutor. Hill Stewart defended Cervantez, a black-moustached Mexican.

"MAN IN GRAY"

(Continued from Page One)

place, the group of adventurers which had signed on as members of the crew—pretty women, some of them authors, some of them waitresses, and a collection of men ranging in class from a scion of British nobility to roustabout seamen—huddled in the dank and untidy cabins of the Carma.

The party, including eight women and seven men, had been held by Long Beach police for nearly 21 hours as "material witnesses" that each might be questioned and cleared of the killing.

Captain Wanderwell — the erstwhile Valerian Johannes Pieczynski German-Pole, world wanderer, adventurer and accused of war time spying—had purchased the former rum runner at a government auction.

The fifteen adventurers had signed on as members of the crew in order to avoid conflict with maritime laws since federal authorities had declared the Carma unseaworthy and had threatened to stop the voyage.

No Laughs—Laurels Part

Stan Laurel, the screen comic, wasn't so funy at home, so another Hollywood marriage is snagged on the rocks of incompatibility. "We couldn't laugh at the same things any more," was Laurel's explanation of their separation. Mrs. Laurel, former movie player, will sue for divorce and custody of their daughter, 5, with whom the couple is shown here.

DAILY MARKETS

Livestock Market

FORT WORTH REPORT

FORT WORTH, Dec. 7. (AP) (U. S. Dept. Agr.)—Hogs: 500, including 155 through; market steady to 10 higher; top 3.50 paid by packers for one load good 238 lb rail butchers; truck top 3.45; better grades 180-250 lb truck hogs 3.35-45; few 160 lb truck hogs 3.10; packing sows 2.50-2.75, or steady.

Cattle: 1,700, including 1,100 calves; narrow outlet for most killing classes cattle; trade on packer account generally dull, steady to slightly lower; slaughter steers of plain grades around 2.75-3.25; slaughter yearlings around 4.25 down; butcher cows around 1.75; low cutters .50-1.10; several cars desirable fat cows on feeder orders 2.25, fully steady; better grades stock calves about steady, others slow to lower, few good stock steer calves 4.60; one load 4.25; stock heifer calves mostly under 3.50; salughter calves unchanged; few loads good heavies 2.75 and 2.85; small lots up to 3.25.

Sheep: 1,200; fat lambs steady; yearlings strong; fat lambs mostly 3.75-4.25; 2 decks good fat yearlings 3.50; 3 decks yearlings and wethers unsold.

Stock Market

WALL STREET REPORT

NEW YORK Dec. 7, (AP)—Bulls, encouraged by the successful short squeeze late in the previous session were more enterprising in today's stock market than they had been in some time.

The market modestly extended its gains of yesterday, while some of the more popular trading favorites were churned about in fair-sized blocks. On the whole, however, it was up-hill work. Oils, mail order shares, some of the rails, and miscellaneous industrials were firm spots.

Issues up 1 to nearly 2 points included Standard of N. J., Texas Corp., U. S. Steel, Allied Chemical, Case, Air Reduction, and United Aircraft, while advances of major fractions to a point appeared in Montgomery Ward, Pennsylvania, New York Central, Southern Pacific, and others. American Telephone and Union Pacific, strong spots yesterday, made little further progress. Gold mining issues eased, and American Water Works dropped 1 1-2 on reduction of the dividend.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. E. Cone Grain and seed company, following prices being bid by Lubbock grain dealers; Cotton—Hocker Cotton company. All prices subject to change during day.

Apples stored at a temperature of 70 degrees ripen twice as fast as apples stored at 50 degrees, tests at the Ohio experiment station have shown.

After you have served steak, ham or other greasy foods, use a little ammonia in the dishwater.

Grain Market

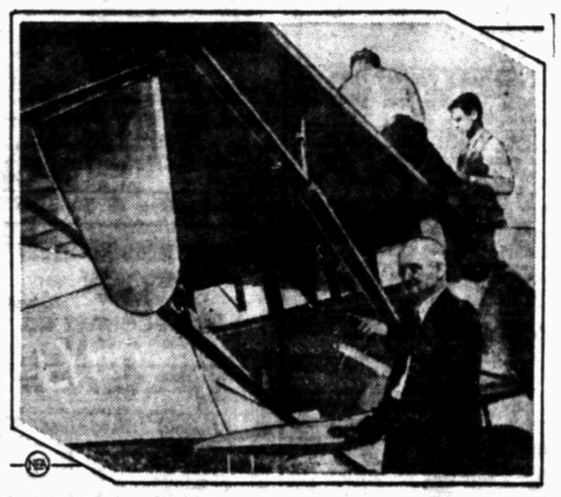
CHICAGO REPORT

CHICAGO, Dec. 7. (AP)—Sharp advances in grain values took place early today, influenced by reports that low temperatures southwest had caught winter wheat with but little snow protection. A lively advance in British exchange was also construed as bullish.

Opening 1-2 to 1 cent higher, wheat afterward rose further. Corn started 1-4 to 1-2 up and subsequently gained more.

MKT COTTON

Another "Foolproof" Plane



The latest "foolproof" airplane to be demonstrated is that of Dr. C. H. Vance of Pomona, Calif. Vance is shown above pointing to an odd vane, erected on each side of the plane, which is said to hold the plane on a level course. Experiments showed that the plane could not be forced into a tail spin, side slip or power dive without being immediately righted by the vanes. They are said to be of great value in blind flying in foggy weather.

MEN AND MACHINES GUARD MILLIONS IN STREET THAT'S LINED WITH GOLD

BY OLIVER GRAMLING

NEW YORK, Dec. 7. (AP)—This is a story of how men and machines—day and night—protect millions down under a street that literally is lined with gold. And yet even that protection is not always sufficient.

Five $100,000 liberty bonds recently disappeared from the cage of the Continental Bank and Trust company, and today two men are under arrest in Boston as suspects.

Outcome Awaited

Many Wall Street institutions are interested in the outcome of this case because it may offer suggestions for improved protection of money and securities.

During the day a great portion of the protection is obvious even to the passerby. But during the night—when millions rest in vaults set in the earth—the deserted streets give little indication of the activity below.

Beneath the sidewalks men and machines labor, carrying fortunes to their hiding places.

Waste Paper Sorted

In a huge room in another section of almost any metropolitan bank other men and other machines are sorting waste paper—one of the most important jobs of the night. If money or securities have been lost or misplaced during the day, it is here that the search starts. Anything as valuable as a three-cent stamp is sifted clear of the refuse and is checked back into the assets of the institution.

After sifting, the matter is labeled and preserved for at least three weeks. One bank saves its waste for a whole year.

Special guards, armed with tear gas and riot guns, patrol the corridors about the vaults.

In one vault 74 feet below the street level, microphones take up the vigil inside the huge money chamber as soon as the 60 ton door is locked.

A man sits at an electric board in a control room feet away. Should a mouse—were there one in the vault—make the slightest noise, this man would hear it. Another device stops and starts elevators hundreds of feet away and a system of lights advises the man just where his men are patrolling in the 45-story building at any time.

BUDGET MESSAGE

(Continued from Page One)

every effort be made to limit expenditures and avoid additional obligations not only in the interest of the already heavily burdened taxpayer but in the interest of the very integrity of the finances of the federal government."

In his veterans economy proposal the president defied those clamoring for bonus payment and maintenance of present benefits, by recommending to congress legislation which would strip $127,000,000 worth of pensions, compensation and allowances off the rolls. This would be done by limiting all benefits, except to ex-soldiers with claims based on active service at over 65, to persons with a net income, if single, or less than $1,500 and if married, of less than $3,500. Wholesale reexamination of those now on the rolls would be followed by removal at the end of six months or ninety days depending on category, of all not qualifying under the new terms.

Reductions Favored

Many specific forms of benefit would be reduced, including compensation to veterans receiving hospitalization, and stringent administrative regulation would limit further additions to the rolls.

To cover his proposals for new tax and economy legislation the president in his message departed from custom, gave a list of appropriations as recommended in the budget itself, and flanked it with his own further reduced figures. Without his veterans and pay cut savings, estimated reductions in expenditures totaled $397,553,000. With these included, $541,923,000 was trimmed below the actual appropriations for one current fiscal year.

The new tax proposed by the president—essentially the same manufacturers sales tax advocated in congress last year but extended to include everything except food at a flat 2 1-4 rate—was estimated to yield $355,000,000. Continuance of the one cent tax on gasoline—which unless reenacted would end next June—was estimated to produce $137,000,000. The total of $492,000,000 would cover the estimated deficit for the year.

Favors Pay Slash

The government pay cut proposed, would affect all income above the first $1,000 of annual wage or salary, saving an estimated $55,000,000. It would be imposed in addition to the present 30-day payless furlough which constitutes an 8 1-3 per cent salary reduction.

A sulphur refining plant capable of producing 250,000 tons annually has been built in New Iberia parish, La.

Loyola university of New Orleans next year will offer a course for underwriters and insurance agents leading to a degree.

TECH CO-EDS

(Continued from Page One)

campus of the women are to get all the things for which they expressed a desire. One co-ed would have 'him' give her a sport model, radio equipped, roadster, another wants a bright red car and another will be content with a two-seated airplane, late model.

"A ring, a marriage license and a love nest" is the expressed hope of one co-ed and the intimated wish of many others who said "a marriage proposal," "new sweet heart," and "a husband."

Some of the following more conservative wishes will more likely be granted. Several girls will be satisfied with a box of candy from their sweethearts, one would like a watch band, one would have a Tech jacket and another girl doesn't care if he gives her nothing more than a chocalate cream soldier just so he thinks about her. A costume ring, a Tech necklace and plenty of magazines are among some of the things which will make the co-eds happy.

"Pete" Hawkins who is ill with influenza couldn't think of anything he would like better than a 'hot water bottle.' Another girl thinks a jar of freckle cream would be a blessing, while another would like a canary bird. Other desires included everything from a new toothbrush and a 'nigger doll that will say 'mama' on up to new window shades, a nice warm blanket and a baby grand piano.

TEN WORKERS ARE KILLED IN BLAST

RATHENOW, Germany, Dec. 7.—(AP)—Ten workers were known to be dead and a number of others were buried under debris in an explosion at the I. G. Farbin artificial silk works at Premnitz today.

A 400-pound hydrogen container blew up while workmen were putting finishing touches on an addition to the plant.

The fate of those inside the crumbled walls was not known, although ten are known to have been injured.

The annex was wrecked, so terrific was the blast.

Masons and locksmiths were putting the building in shape, mechanics having just completed installing the machinery.

FORMER OFFICER FREED

HENDERSON, Dec. 7. (AP)—Charged with murder after the death of Arthur Riley in October, 1931, Ralph Watson, former deputy sheriff, was acquitted by a jury here.

CHAMBERS OF COMMERCE SHOULD AID RURAL SECTIONS, FERGUSON STATES

DALLAS, Dec. 7. (AP)—James E. Ferguson declared here last night that chambers of commerce would do well in the future to give more attention to building the rural areas and working for a larger rural population.

Ferguson was the principal speaker at the annual membership meeting of the Dallas Chamber of Commerce. Mrs. Miriam A. Ferguson, governor-elect, made a short talk.

New Duties Cited

"Chambers of commerce," Ferguson said, "must assume new duties as we begin life anew under worse conditions than those following the Civil war. We begin life now not in the clear, but heavily in debt."

"In 1850 about 90 per cent of our population was rural. Today about 50 per cent of it is rural and about 50 per cent urban. This condition cannot go on. The country people cannot be expected to make a living for themselves and for the town people.

Urges Reversal

"Heretofore chambers of commerce have built for population, attracting country people to town. Chambers of commerce would do well now to reverse themselves and work for a larger rural population.

"How long can Dallas stand with people in all the surrounding countryside broke? How long will the Dallas skyline remain with producers of wealth all around Dallas broke?

"It cannot be said that this is against progress. It is against what has caused us our present troubles.

"Chambers of commerce must stop talking about building homes in the cities and start talking about building homes in the country. The tragedy of our countryside is enough to make heartsick the strongest and most patriotic."

Arthur L. Kramer, president of the chamber of commerce, presided.

YOUTH HELD FOR CRIMES IN TEXAS

DALLAS, Dec. 7. —Four deputy sheriffs left here today for Bay City, Mich., in an attempt to identify a youth arrested in that city as one they have long attempted to arrest in connection with robberies and killings in the southwest.

Ed Caster and Denver Seale of Dallas wanted to question him concerning robberies of the First State bank at Cedar Hill, 20 miles south of here, on two recent occasions and Kelly Rush and P. F. Wilkerson of Hillsboro sought information of the killing of J. N. Bucher at his Hillsboro filling station.

ATTEND HOBBS LUNCHEON

W. O. Daniels, Durwood H. Bradley, and Garnet O. Reeves, representing the Lubbock Chamber of Commerce, went to Hobbs, N. M., this morning to be guests of the Hobbs Chamber of Commerce at luncheon today. Jack Maddox, president of the Texas Technological college Chamber of Commerce last year and now acting secretary of the Hobbs chamber, invited the Lubbock representation.

LEGAL NOTICES

39.—Legal Notices

SHERIFF'S SALE

By virtue of a certain order of sale issued by the Clerk of the District Court of Travis County, Texas, for the 126th Judicial District of Texas, on the 3rd day of December, A. D., 1932, in a certain cause No. 51,462, wherein E. W. Hoffman is Plaintiff, and F. M. Crump, and wife, Ida Crump, Pink L. Parrish, and G. E. Lockhart, trustee, are defendants, in favor of said plaintiff for the sum of Twenty-four Hundred Fifty-five and 67-100 ($2,455.67) Dollars, with interest on $223.24 thereof at the rate of six per cent per annum from the date of said judgment, and ten per cent on the remainder from the date of said judgment, with all costs of suit, that being the amount of a judgment recovered by said plaintiff against the defendants, F. M. Crump and Pink L. Parrish, with foreclosure of liens against them and all of said other defendants, in the 126 Judicial District Court for Travis County, Texas, in said cause, on the 12th day of November, A. D., 1932.

I have levied upon, and will, on the 1st Tuesday in January, A. D., 1933, it being the 3rd day of said month, at the Court House door of Lubbock County, Texas, in the City of Lubbock, between the hours of ten o'clock a. m. and four o'clock p. m. proceed to sell for cash, to the highest bidder, all of the right, title, and interest of the said F. M. Crump, Ida Crump, Pink L. Parrish, and G. E. Lockhart, trustee, in and to the following described property, levied upon as the property of said defendants, to-wit:

Lots Block 6 of the Carroll's Resubdivision of Blocks 76, 77, 78, 79, 98 and 99 Wheelock's Second Addition to the City of Lubbock, in Lubbock County, Texas, except the one-tenth acre more or less heretofore sold to Ft. Worth and Denver South Plains Railway Co., and being the same property described in the deed of trust dated November 7th, 1929, executed by the said F. M. Crump and wife, Ida Crump, to G. E. Lockhart, as Trustee, and of record in Volume 59, page 503 of the deed of trust records of Lubbock County Texas; and the liens granted and continued on said property in said deed of trust are the ones foreclosed thereon in said judgment.

The above sale to be made by me to satisfy the above described judgment for Twenty-four Hundred Fifty-five and 67-100 ($2,455.67) Dollars, with interest as aforesaid, in favor of the said E. W. Hoffmann, together with all costs of suit, and the proceeds applied to the satisfaction thereof.

WADE HARDY,
Sheriff of Lubbock County, Texas.

Choose One of These Smart Coats for a Christmas Present to Yourself

Why not make yourself a Christmas Gift? So many occasions during the holidays require an attractive new coat for complete enjoyment that in choosing one at this time you are adding to your Christmas as you could in no other way—

Christmas Evening Dresses

New evening dresses are just as much a part of Christmas as gift choosing — smart holiday occasions demand them—and you love to have them.

Interesting new garments are now on display, priced—

$18.45 & $29.85

Attractive Fur Trimmed Styles Are Inexpensive

More real value is the rule this season in ladies coats than ever before. Style lines are decidedly interesting yet not extreme, making a coat chosen now a worthwhile investment for several seasons—

Blacks and browns in real fur trimmings—attractive sport models in either fur trimmed or in all cloth styles—our assortment is most complete.

Choose a new coat this week from these decidedly attractive price ranges—

Fine fur-trimmed styles	$49.85
Fur-trimmed styles	$29.85
Sport type cloth coats	$18.45

Hemphill-Wells Co.

Scientists Perform Big Job--Measure Elephant's Energy

Here is the scene as Jap was tested for her oxygen requirements. Dr. Brody, in charge of the experiment, is shown (facing the camera) among his assistants.

If you want to do something big, go measure the energy of an elephant.

That's exactly what scientists did at the Missouri College of Agriculture, Columbia, when they tested four-ton Jap (a lady elephant, nevertheless) to find out how many miles she could go on a bale of hay, as part of their study of the energy requirements of various animals. The results will help in determining the proper feeding of farm stock.

As the above picture shows, Jap was tested with a special apparatus, fitted to her trunk, to determine her oxygen requirements. The thing made Jap look something like a vacuum cleaner, but Jap was so interested in contributing her bit to the advancement of science that she didn't care a bit.

At the conclusion of the experiment, Dr Samuel Brody announced his findings. Dr Brody stated that although the elephant weighed 8000 pounds, its energy needs were only twice those of a Percheron horse weighing 1600 pounds. It can be taken as a rule, Dr. Brody added, that "the larger the animal, the smaller the energy needs in proportion to its size." But, he hastened to add, energy needs in this connection must be interpreted only as maintenance needs and not when energy is being expanded, as in case of a horse at work.

Dr. Brody and his assistants have been measuring the energy requirements of various farm animals for several years. The experiment on the elephant was performed in a menagerie tent when a circus visited the city.

Jap, however, was not tested for her peanut-eating capacity.

LOCAL IMPLEMENT DEALER TO HOLD ALL-DAY CELEBRATION NEXT MONDAY

Celebrating a 300 per cent increase this year over 1931 sales, E. K. Hufstedler & Sons will be hosts at an "Oliver Day" program at the Lubbock store, 2202 Avenue H, next Monday. Mr. Hufstedler said today his firm had sold $115,507.75 in implements to the farmers of the South Plains already this year.

E. K. Hufstedler, jr., 21, is general manager of the Plainview store, and J. D. Hufstedler, 19, is assistant manager there. The elder Hufstedler is president and general manager of the Lubbock unit.

To Butcher Beeves

Two beeves will be butchered for the all day program, and "son-of-a-gun," coffee, and other foods will be served to visitors. A program of old time fiddlers is slated for the affair. The company is featuring a price of 7 1-2 cents a pound for cotton used to purchase farm implements. There also will be other entertainment features for the hundreds of South Plains farmers and other well-wishers who visit the store next Monday.

Mr. Hufstedler is a veteran of the implement business, having engaged in it 20 years in Tolar, Hood county. In 1923 he came to Lubbock, and Dec. 16, 1930, he opened business here.

Must Go After Business

"There is plenty of business when you go after it, and with the right sort of merchandise," Hufstedler said. "One of the ways to go after the business is to use a good medium of advertising. I also base the increase of sales also on the fact that I am offering an old and tried line of implements."

Chas. A. Siekman, Oliver branch manager, of Dallas, and other officials of the company are expected to be here for the all-day program, it was said.

ASLEEP IN THE DEEP

DENVER, Colo.—Glen was not in the habit of playing hookey, so his parents, Mr. and Mrs. Lowe, couldn't understand it when the school principal notified them that Glen had not reported to his classes. The police were called and told to be on the lookout for Glen, but they had no luck. That evening Glen's father called the police station and said, "It's all right; we've found him. He's been asleep in the basement all day."

Dew is said to be formed when atmospheric moisture is condensed by cold into drops of water upon grass, trees, rocks, roofs of buildings.

POSTMASTER PREDICTS XMAS MAILING RUSH WILL START ABOUT DECEMBER 19

Christmas mailing will begin in earnest here about December 19, Postmaster John L. Vaughan predicted Tuesday. That doesn't mean, however, that the postmaster and his aides do not prefer immediate mailing.

Plans for the last minute mailing rush, though less extensive than usual, have been completed. Ten assistants have been employed as mailing clerks, drivers and carriers. Only three additional trucks will be used for delivering parcels in the residence section. As many as 15 extra employees have been used during the holidays in former years. Last season 12 assistants were added.

Station To Be Expanded

The station at Hemphill-Wells will be expanded, the postmaster said. Mailing clerks from the main office will be transferred to that station as they are needed during the week before Christmas. The store usually employs one or two persons to assist at the station in wrapping and addressing packages.

In past years it has been necessary to lease a building to take care of incoming parcels but the extra space will not be needed this Christmas, the postmaster believes.

Asks Early Mailing

Mr. Vaughan expressed the desire that local residents, in order to insure safety in the handling of articles, start mailing the holiday packages immediately. It is almost impossible during the last minute rush to "handle with care." The postal rules for wrapping and addressing are as follows:

"Address plainly with ink. Parcels must contain a return address. Pack and wrap securely. If fragile articles must be shipped, pack them in excelsior in double corregated pasteboard cartons. Sender must inform mailing clerk what the package contains. It is necessary to address packages on only one side although it is permissable to address both sides."

Must Wrap Carefully

The postmaster said that it is almost impossible to send fragile articles during the rush without having them broken, even when they are properly packed and wrapped. The postoffice will not insure them without inspection.

Often senders are reluctant about telling what is in the packages. Mr. Vaughan explained that the practice is necessary because of the danger of handling broken articles in poorly wrapped parcels. Employees often suffer severe cuts while handling them. This danger can be avoided, he explained, if senders will designate the nature of the contents.

December 24 will be the busiest day of the season for postal employees. Every effort will be made, Mr. Vaughan said, to deliver all mail received on that day.

MAN IDENTIFIED AS BANK ROBBER

SHREVEPORT, La., Dec. 7. (AP)—Walter J. Henderson, 46, alias "Heinie" Jackson, charged with robbery of the Gilliam bank on Nov. 18, has been identifitd in Caddo Parish as one of the participants in the robbery of two Oklahoma banks early in November.

Sheriff Tom Hughes said that Henderson is alleged to have been one of four or five robbers who took $4,287 from a Marlow, Okla., bank on Nov. 7, and $900 from the assistant cashier of a bank at Maude, Okla., a few days previously. Warrants charging Henderson with these crimes are expected here in a few days.

The banks sent officials who were victims of the robbers and other persons who had witnessed the robberies and the identification was made.

Henderson was captured seven miles from Gilliam a few hours after he and his unidentified partner, believed to be W. P. Deckert, had taken $2,229 from the assistant cashier. He admitted his guilt to officers after the robbery and $300 of the bank funds were found on his person. However, when he was arraigned in district court a few days later he entered a not guilty plea.

FIRST CHAMPAGNE FACTORY IS FOUND

SAN ANTONIO, Dec. 7. (AP)—The first champagne factory prohibition officers recalled as having been found here figured in charges filed against John F. Maley before United States Commissioner Paul A. Lockhart Tuesday. Maley was placed under temporary bond of $1,500 after pleading not guilty to charges of manufacture and possession of liquor and hearing was set for Saturday.

The case resulted from a visit to a San Antonio residence by police Tuesday morning after a telephone call was received that a disturbance was in progress. The officers reported finding the disturbance and also a quantity of champagne and manufacturing equipment.

Eight gallons of the wine was found. There were also 30 quart bottles of the wine bearing labels of a famous French brand. A large number of the labels were also found in the house and there was an appliance said to have been used in charging the wine with gas to give it the proper pop and sparkle.

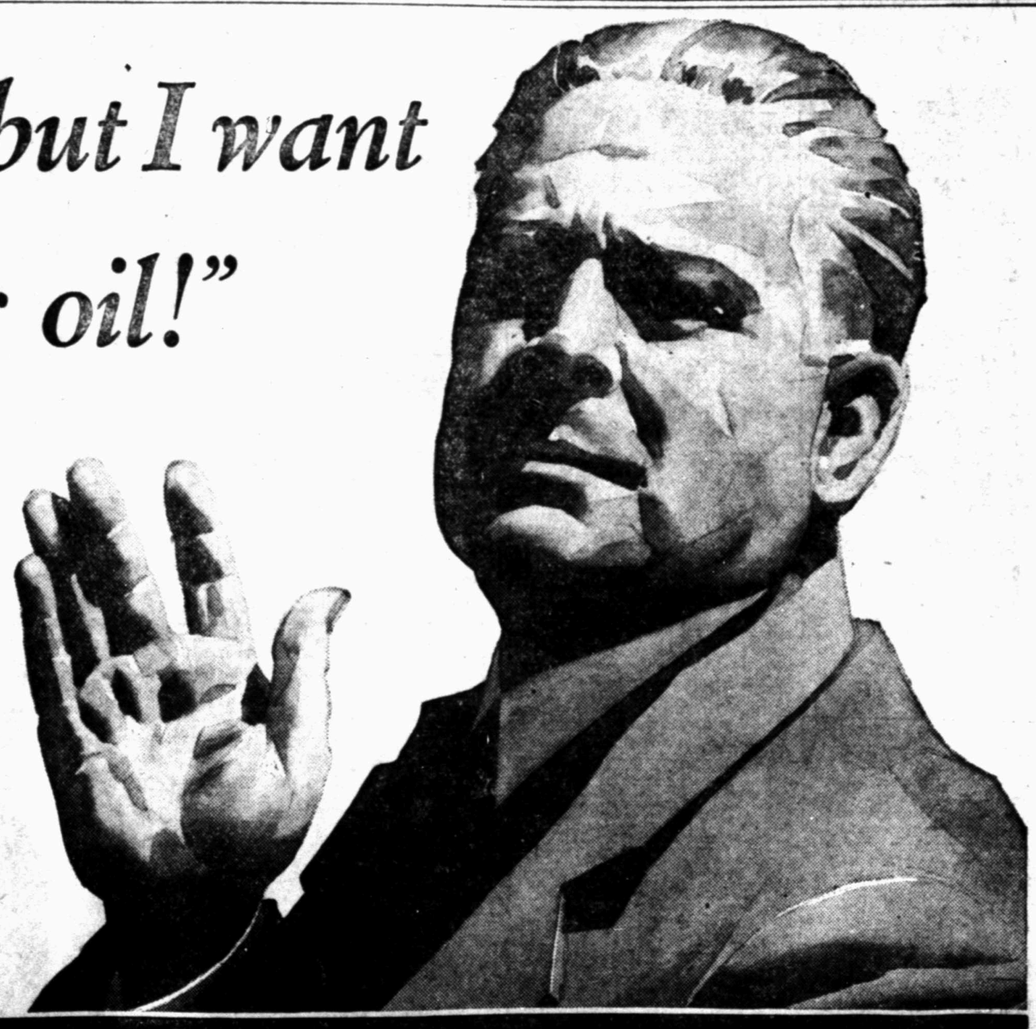
"I don't like speed—*but I want the 100-mile-an-hour oil!*"



"ME—I like to drive around 30-miles-an-hour. *But I want my oil to be that 100-mile-an-hour oil—Gulf Supreme!*

"Why? It's as simple as ABC. The oil that can take the punishment of 100-miles-an-hour *is a better oil!* It's a better oil at ANY speed—from 10 to 80!

"It gives you *more* of what every oil should have. *Extra* richness . . . *extra* protection against wear . . . *extra* stamina!"

Gulf Supreme has proved its amazing "fighting qualities" in two of the stiffest tests an oil could get . . .

It successfully lubricated a special test motor developing nearly *twice* the heat of the average speeding engine—*for 14 consecutive hours!*

And it amazed racing drivers by outperforming special "racing oils" at the Indianapolis Speedway! In a torpedo-like Duesenberg racer, it circled the track at speeds almost as great as *two miles a minute!* Under Official AAA supervision, it made an average speed for this one-hour non-stop run *greater* than 100-miles-an-hour!

Start *now* to use Gulf Supreme. Because it can take super-punishment, it will save you money, minimize repairs, and lengthen the life of your motor!

WARNING!

. . . OIL that isn't good at high speeds, *isn't good enough at ANY speed!*
