## Sonora Triumphs In Plateau Relays

A chilling south wind hampered runners in the 8th annual Plateau Relays Saturday as only one new record went into the books. Sonora's mile relay team set a new mark of 3:34.8 which broke the record set in 1961 by a Sonora team.

The point tabulation gave Sonora the team title with 121 3/5 points while the Eldorado crew compiled 110 1/4 for runner-up position. Among the double winners was Pete Montgomery of Ozona who was high point individual with 36 1/2 points. He won 120 HH, 180 LH, pole vault, placed 3rd in broad jump and ran on 880 relay team, Mike Holmes of Big Lake won the 100 in 10.1 and the 220 in 23.3. Jerry McDonald of Rankin won the shot put and discus.

Other team totals were Big Lake 78, Ozona 65 1/4, Junction 45, Menard 33, Miles 32, Rankin 26, Iraan 25, Sanderson 18, and Wall 1.

## Post Script

Rusty Gibson is getting things squared away on the new location on south Divide street. The corner which he bought earlier this spring is where Younger construction was formerly located.

Mr. Gibson has been building fences, erecting material racks, and forms were run last week for foundation for his new store building, which has been contracted for. Rusty said Monday that he expected the contractor to be here some time this week to start erecting the structure.

The board of trustees of the Sonora Independent School District in their March meeting awarded a contract to Southwestern Fence Co., for the erection of a new cyclone chain link fence around the Sonora football stadium. Gibson and his crew went to work in Sonora Monday tearing down the old fence, and are now probably well along with the new one.

In a deal made recently Charlie Warnock bought the former Gulf filling station building on Main street from Frank Rutledge. Warnock will use it as a storage place for equipment as well as a work shop during bad weather.

Building going on:  
Construction workers were laying foundation this week at the rear of Ed Meador's lot on the Angelo highway for a new 1500-square-foot building which will house the Schleicher County A.S.C. offices. The A.S.C. is at present located in the old Wiedenmann building which is also owned by Mr. Meador. The new building will provide quarters modern in every respect. Knight-Susen Lumber Co. of San Angelo is contractor.

The awning and some of the bricks have been removed from the front of the McWhorter building on South Main street which houses the Western Auto Associate Store. A new front is to be put in the building.

Mrs. Myrtle Wade has entered new subscriptions for Mrs. Roy Boyer of Box 732, Uvalde, and

## City Election Coming Up Tuesday

Mrs. Sadie Davidson will be in charge as election judge next Tuesday when the election of city officials comes up. Balloting will take place at the fire station.

Eldon Calk is a candidate for re-election as mayor without opposition, while in the balloting for two aldermen there is a choice of two out of three, Jack Halbert, Jr., and L. D. Mund are up for re-election while Fred Riley is a new candidate.

## C. N. Shaws Purchase Motel From Mrs. Ogden

Mr. and Mrs. C. N. Shaw recently announced purchase of Keno's Motel here in Eldorado, following the sale of their Bailey Ranch farm to T. C. Meador. The Shaws have already taken over operation of the business.

Mrs. Keno Ogden and her late husband built the motel in downtown Eldorado in 1950, and it opened for business in January of 1951.

In selling the motel to the Shaws, Mrs. Ogden has remained in the apartment in it this week getting her effects in order and assisting the Shaws with the taking over. She has arranged for the purchase of the Dora Oliver house on the highway and will move to it after it is vacated by W. J. Humphrey, who has been renting it for the past several months.

The Shaws plan to modernize the motel with addition of carpeting, television, telephones, and possibly enlarging and expanding to provide additional rental units later on.

Both the Shaws and Mrs. Ogden have announcement ads elsewhere in this Success issue.

## TAG SALE

The sheriff's office reported late yesterday that 718 passenger car license tags had been sold up to that time. About 300 remain to be sold by Saturday, the deadline.

Mrs. Clarence Jessup, Sanderson. Tony Kerr reports that his new address is 4957 Ajax Court, El Paso 24, Texas.

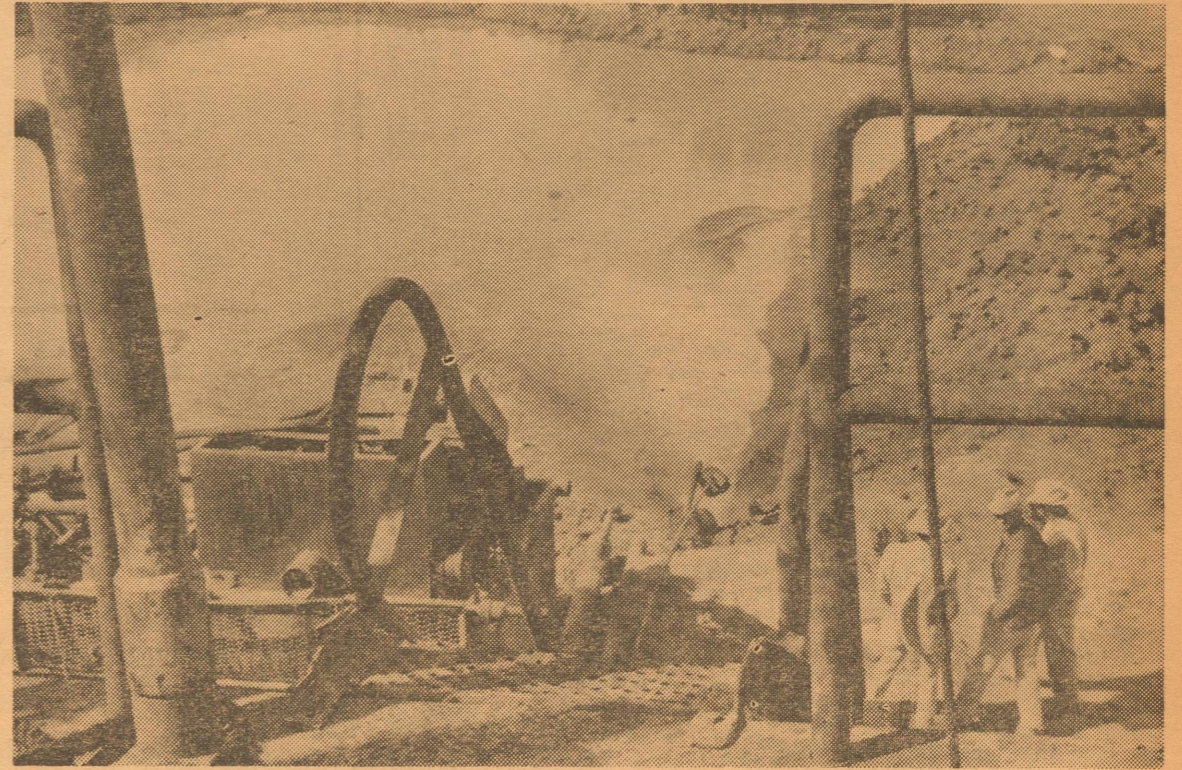

—ps—  
From Junction this week came the following news release:

"The public is invited to a ceremony in the Junction High School auditorium Sunday afternoon at 2:00 o'clock when medallions are presented four historical sites, the old Rock Store on S. 6th street, the old log cabin on Pecan street in Junction, the old Cloud home, and old Fort Terrett. Immediately following the ceremony a motorcade will be made to these historical sites."

Here in Schleicher county, the Col. Black ranch house was approved for a medallion a while back and said medallion has already come in and is awaiting installation on the Black house.

Perhaps our county historical society with possible assistance of the Lions club and Chamber of Commerce could arrange a program similar to the one coming up at Junction.

## Eldorado Gas Discovery Draws Many Visitors

All last week a steady stream of visitors were converging on the new Eldorado gas discovery on the Whitten ranch 2 1/2 miles northwest of Eldorado. It is the Delta Drilling Co. and Pauley Petroleum Inc., No. 1-A Whitten, in Sec. 35-LL-TCRR. Looking on here as the well was cleaning itself out are Morris Whitten, James Page and T. K. Jones. These pictures were taken last Thursday. By Friday night the well had settled down to a steady flow of gas and was then shut in.

Here we have James Page preparing to re-light the butane "pilot light," which kept blowing out. Preparations were being made yesterday to make an official test.

## And Now a Shallow Well!

Last Thursday there wasn't anything there except a location.

On Friday Texaco spudded in on a shallow test on Edwin Jackson's, just across the road from their shallow producer on Pfluger. On Monday they encountered a 15-foot pay zone; casing was set at 900 feet and cemented at 1:00 a. m., Tuesday. Yesterday the well was being tested and it was reported to be "looking good."

If this confirms the existence of a shallow field in that area there is no telling what it will develop.

We are told that the Pfluger well has been making 8 barrels a day since it was brought in a year ago last January.

## Salk Oral Polio Vaccine No. 3 Is Being Administered Here Today

The Type 3 Salk Oral Polio Vaccine is being administered today, Thursday, at the high school gymnasium under the direction of Dr. E. L. Dyer, county health officer, and his staff. Hours announced are from 12- Noon to 7:00 p.m. and the same procedures are to be followed as was employed in the previous administration of the other two vaccines.

Type 3 is recommended for everyone from two months of age up. It is especially desirable for young parents and expectant mothers to obtain their immunizations.

Trained medical attendants will be on hand today at the gym to oversee the project and to take care of the details of registration. The school will co-operate as it did on the previous occasions by sending students a class at a time

for their doses.

The cost of the vaccine will be the same as in the past—25 cents for each vaccination. However, everyone is urged to go and take the vaccine regardless of whether you are able to pay the 25 cents or not. Doses will be given free to those who cannot afford the charge.

This is the third of the three oral vaccines for the prevention of polio. It is yours for the little effort it takes to go to the gym today and take it. Although polio is on the decline, the way to keep that way is for everyone to take the vaccine when it is offered.

Mrs. J. B. Montgomery spent several days last week visiting her sister, Mrs. A. W. Hedlund in San Angelo.

## Open House At New Motel

Nearing completion this week as the Success goes to press is the Western Motel in south Eldorado, and Mr. and Mrs. Clarence Fish announce that Saturday afternoon from 2:00 to 6:00 p.m. has been set as time for open house when the public is invited to come and tour the new facility.

All 12 units of the motel will be open for inspection, refreshments will be served, and callers will register for door prizes.

The Alton Fairchild Corporation of Dacatur, Texas, was contractor for the motel. Their men were at work Monday laying caliche base in the central parking area; they were at work later topping it. Some exterior woodwork was to be painted late this week and finishing touches will be done in time for Saturday's open house.

Mr. Fish has arranged for a large neon "Western Motel" sign to be installed on the Sonora highway to direct transient traffic to the new motel, which occupies the site of the old landmark Pelt and Carson West house. The latter structure was razed to make way for the new facility.

Mr. Fish has allowed space on the site for additional units to be added at a later time as well as a swimming pool, if such expansion is warranted.

The motel will be open for business the night following the open house, Mr. Fish stated.

The units are all modern in every respect, with carpeting, tile baths, refrigerated air conditioning and vented heat, and television.

"Be sure to come and see us Saturday afternoon," Clarence and Doretha Fish concluded.

Further details are in their ad elsewhere in this Success issue.

**Attending Schreiner**

**CHARLES WEST**

House guests of Rep. and Mrs. James Nugent of Kerrville this past week end were Mr. and Mrs. Jimmie West. The Wests also visited their son, at Schreiner Institute, Corp. Charles West.

Charles is a member of Co. A of the Cadet Corps. The first regular Sunday afternoon parade of the year was held Sunday afternoon. Taking part in the parade were the Cadet Corps and their sponsors who made their first official appearance.

Federal inspection of the Cadet Corps has been set for April 1. Inspection officers from the 4th Army will be on the campus most of the day to inspect dormitories and other school facilities, military equipment, and military classroom instruction.

A parade will be held with the inspection officers reviewing the Cadet Corps following individual inspection of the men in ranks. At that time the questions that have been issued will be of paramount importance with the officers at liberty to ask a cadet any question contained in the six-page list. Extreme military courtesy has been recommended for all day.

Last Saturday the Military Science students spent the day at Camp Bullis, being indoctrinated in the firing of the M-1 rifle, this being a part of their regular course of instruction. About 85 students made the trip in two buses, leaving the campus immediately after breakfast and returning in time for supper.

Nine rounds of ammunition were allotted for the purpose of zeroing the rifles, this activity scheduled for the morning hours. Lunch was served in the camp mess hall, Army style.

In the afternoon actual firing began with standing, sitting, kneeling positions fired first, and then nine rounds of rapid fire.

The Nugents' son, Cal, also a student in Schreiner Institute, is a captain in Co. C.

Charles was president of the 1961 graduating class of Eldorado High School.

**JIMMY DAN IS THREE**

Mr. and Mrs. Jimmy Doyle gave a birthday party for Jimmy Dan at the home of his grandparents, Mr. and Mrs. Claude Doyle Sunday afternoon. Ice cream, cup cakes and a decorated birthday cake in western design were served.

Toy guns were given for favors. Those present were: Mr. and Mrs. Johnnie Griffith and Jonathan and Cheri; Mrs. Charlie Warnock, Garry, Charlene and Susan; Cindy Rayburn, Joan and Wayne Doyle, Robert Wilson, Bud Davidson, Judy, Charlie and Melody Davidson; Mr. and Mrs. Claude Doyle, Mr. and Mrs. Jimmy Doyle and Mike. Jimmy Dan received several gifts.

**Miss Blair Bride Of Mr. Pennington In Ceremony In Methodist Church**

**MRS. KENNETH PAUL PENNINGTON**

In a ceremony in the First Methodist church Saturday afternoon, Miss Sharon Ann Blair became the bride of Kenneth Paul Pennington. The Rev. C. M. Nyquist, pastor, officiated. The bride is the daughter of Mr. and Mrs. Frank D. Blair and the bridegroom is the son of Mrs. Evelyn Pennington.

The bride wore a gown of imported Alencon lace and white peau de soie. A bateau neckline of hand clipped lace accented the bodice. A modified bustle fell from the re-embroidered lace applique empire waistline, terminating in a chapel train in back.

Her elbow-length veil of tulle fell from a queen's crown of pearl and tear drop pendants. She carried a bouquet of carnations and white roses.

Mrs. Robert W. Whitis of Waco was matron of honor. Bridesmaids were Mrs. Roy K. Bradford of Fort Worth and Miss Judy White of Venus.

Joe Rider of Austin was soloist, accompanied by Mrs. Bill Rozean of Eldorado. Mrs. Waymon H. Little of Fort Worth read a poem before the ceremony.

Attending the bridegroom was Robert W. Whitis of Waco, best man. Groomsmen were Jerry L. Pennington, brother of the bridegroom of San Angelo and Larry D. Blair, brother of the bride of Eldorado.

Ushers were David E. Steen of Eldorado and Thomas Patrick of Midland. David Blakeway, cousin of the bridegroom and Mickey Pennington, brother of the bridegroom, both of Eldorado, lighted the candles.

The bride is a graduate of Eldorado High School and Texas Wesleyan College in Fort Worth, where she received a Bachelor of Business Administration degree. She was also in Who's Who In American Colleges and Universities, a member of Deka Social Club, Phi Beta Lambda and Beta Epsilon business fraternities.

Mr. Pennington was graduated from Eldorado High School and the University of Texas at Austin with a B.B.A. in marketing administration. He was a member of

American Marketing Association, Society for the Advancement of Management and Texas Union Dance Committee.

The reception was held in the educational building of the church. In the houseparty were Miss Joan Griffin, Miss Karen Griffin and Mrs. Ronnie Mittel of Eldorado, Mrs. Robert E. Helmers of Abilene, Miss Judy Flynn of St. Louis, Mo., Mrs. Jerry L. Pennington of San Angelo.

Out-of-town guests were Mr. and Mrs. James H. Burdette of Phoenix, Ariz., and Mr. and Mrs. Ray N. Rhodes of Fort Worth.

Among other relatives & friends from out of town were: Mr. and Mrs. Tom Servis, Phoenix, Ariz.; Mrs. C. E. Griffin and Skip, Boerne; Mrs. Jessie Taitte, San Antonio; Mrs. Frank Blair, Mrs. Orie Blair and Mrs. Bob Blair, San Angelo; Miss Zelma Griffin, Boerne; Mrs. A. M. Blakeway, Mr. and Mrs. Orvil Turner and Jack Turner, San Angelo; and Mrs. M. H. Allen of Ozona.

After a wedding trip to Carlsbad Caverns and Clouderoft, N.M., the couple will be at home in Tucson, Arizona.

The rehearsal dinner was given by the bridegroom's mother, Mrs. Evelyn Pennington.

Showers honoring the bride included a miscellaneous shower by Mrs. Palmer West and a personal shower with Mrs. Waymon H. Little of Fort Worth as hostess.

**MARY PARKER NAMED TO PHI BETA KAPPA**

Austin, Texas (Spl.)—The University of Texas chapter of Phi Beta Kappa, leading national scholastic honorary in the arts and sciences, has elected 43 new members.

Among the Junior members in course named was Mary Josephine Parker of Eldorado, daughter of Mr. and Mrs. W. T. Parker.

**'300 Spartans' Provides Parallel To Alamo**

Because of the parallels between Thermopylae and the Alamo, when the few of liberty turned the course of history against the many of tyranny, Texans in particular should swarm to see "The 300 Spartans" which is in color and which is showing tonight and Friday night at the Eagle Drive-In Theatre.

Fortunately for Texans and non-Texans alike this super-spectacle is a comfortable stripe above outright commercial exploiting of overseas locations and extras, with sufficient assets to do right by its unruly theme.

When it is sweepingly treating of the preliminary feints and facts leading up to the Spartans' classic stand and tragically inspiring defeat, the film is epic-sized fascination.

Thanks to Sir Ralph Richardson's flashing-eyed authority as Themistocles of Athens, the opening scenes in the council chamber at Corinth have considerable interest as Richard Egan, Sparta's regal warrior, and leaders of the other independent Greek city-states wrangle over the invasion by Xerxes, the Persian emperor who has assembled the greatest slave army in history to avenge the death of relatives slain in earlier battles with the Greeks.

The Greeks waver among themselves, immobilized save for Sparta's standing army. The majority favors unconditional surrender. Politician Themistocles and war-

rior Leonidas, however, vow a stand against Xerxes as the only hope for future Greek unity as a nation.

Themistocles promises his deadly Athenian fleet of ships and Leonidas his army as a spearhead to challenge Xerxes and gain time for the other Greek entities to organize defenses and reinforcements. Leonidas chooses to make his stand at the narrow pass of Thermopylae, on the curving bay near the Athenian navy, but where the minimum of land troops can hold off many times their number.

The agreement is made, but Leonidas' own council refuses to commit the Spartan army until religious festivals are over—which will be too late. Leonidas has only his personal bodyguard of 300 men free of council authority, and they are with him to a man to honor his word to Themistocles and the forced-march defense of all Greece.

The battle is wonderfully explicit in its camera treatment and handling of its necessary thousands. The final destruction of the magnificent Spartan band in a deadly rain of Persian arrows, after treachery leads the enemy to a forgotten goat-trail at their rear, will lump any throat. We know that their defeat at least united the Greeks for the first time in history, that Themistocles later defeated the Persian fleet at Salamis and the Persian horde itself was subsequently annihilated at the battle of Plataea. But so strong is sympathy for these heroes over the centuries that one keeps hoping they will cheat death. Of course, they did.

Mr. Egan is properly stalwart and muscular as Leonidas, though David Farrar is off his usual suave course as a listlessly vain Xerxes. Anna Synodinou is a strangely vacant wife to Leonidas and both Diane Baker and Barry Coe are photogenic if woefully callow as

the youngsters determined to wed. More dimensional are characterizations by Donald Huston (leader of Xerxes' own "Immortals"), Kieron Moore as the traitor and Anne Wakefield is the oddly enigmatic role of a Peloponnesian queen who works both sides of the street.

In a word: Forget most of the "acting" and script elaborations and get an honest thrill out of a great moment in history tellingly re-lived on the battlefield of destiny.

In addition to the tremendous investment in equipment and regular customer service, West Texas Utilities spends another \$400,000 a year maintaining the vast complex of machinery to keep the power flowing. Here you see the hood being pulled from giant turbine.

**\$400,000**  
a year to keep the power flowing

Workmen replace blading veins which become eroded due to high-pressure steam flow. Highly skilled technicians are on call night and day. The moment trouble starts, their work begins. Much of the equipment is repaired on a regular maintenance schedule, before trouble appears.

The repaired unit is lowered back into its bearings by huge cranes, and the alignment minutely inspected before the bolts are secured—just one of the countless jobs performed regularly by West Texas Utilities' maintenance crew to assure you an uninterrupted flow of electrical power.

Ready to go! In the generating room at Oak Creek plant, the gigantic turbine does its job to generate power for West Texas Utilities customers in the vast West Texas area. Because the flow of electrical power is so dependable, you can enjoy living better electrically.

Mrs. Burdette is an aunt of Ann's. Mr. and Mrs. Servis returned to Phoenix Sunday but Mrs. Burdette stayed over for an indefinite visit.

Other out-of-town guests included Mrs. C. E. Griffin and son Carrol, Jr., Mrs. Jesse Tait and Zelma Griffin from San Antonio; Mrs. Darrell Griffin and girls, Cindy and Jan from Del Rio, Mrs. Frank Blair, Ann's grandmother; Mrs. Bobby Blair and Mrs. Orrie Blair, aunts of the bride of San Angelo; and Johnny Griffin from Sul Ross, Alpine. The San Antonio women stayed over for a few days.

**WOMAN'S CLUB TO MEET**

The Eldorado Woman's club will meet tonight at 6:30 in the Lions club room of the Memorial Bldg., for a covered dish supper with the husbands of the members as guests. Games of "42" will follow the supper.

Mr. and Mrs. Tart Mund and two children of New Braunfels visited his mother, Mrs. Frances Mund and other relatives in Eldorado last week end.

**LOCAL CHOIRS PARTICIPATE IN ANGELO MUSIC FESTIVAL**

The Interscholastic League of the University of Texas held their Region II music festival Friday, March 22, at Central High School in San Angelo.

The ratings are as follows: I Superior, II Excellent, III Good, IV Fair, and V Poor.

The Eldorado High school rated I in sight reading and received a beautiful trophy; II in concert.

Jr. High won III in concert and III in sight reading.

The choirs were directed by Mrs. Oliver Teele. Thirty-three choirs from 15 towns participated.

Lynda McGinnes was home from North Texas University, at Denton, last week end.

Mr. and Mrs. Jack Mund and boys and Becky Mund of San Angelo went to Fort Stockton Sunday to visit relatives and to bring their mother, Mrs. E. W. (Waxie) Mund home after a visit with her sisters, Mrs. H. R. Ashmore and Mrs. O. M. Nicks, since returning there from a 12-day visit with her brother, Billy Stewardson on a ranch near Roswell, New Mexico.

Mrs. L. D. Mund and daughters, Marcia and Kay and Mrs. N. G. Hodges visited Mr. and Mrs. Curtis Stockton, Jr., and baby Curtis III in Longview recently.

**Clubwomen Attend District Convention**

Seven Eldorado clubwomen attended the opening day of the Heart O' Texas District Convention of the Texas Federation of Women's Clubs that was held in Ozona Monday and Tuesday. This was the first time a clubwomen's convention had been held in Ozona since 1937.

Mrs. Edwin Jackson gave the response for all the delegates in Ozona after Mrs. P. L. Childress, president of the Ozona Woman's club, extended the official welcoming address.

Besides Mrs. Jackson, Miss Militia Hill, Mrs. V. G. Tisdale, Mrs. Josh Ewing, Mrs. Bascom Hartgraves, Mrs. Arch Mittel and Mrs. Mabel Parker attended the meeting and stayed over for the Texas dinner which was held at the Ozona Country Club Monday night.

Each guest received "favor bags" which included gift greetings, souvenirs and gadgets from Ozona businessmen.

Mrs. A. T. Carleton of Houston and state president of the Texas Federation of Women's Clubs, was main speaker for the day.

Mr. and Mrs. Floyd McGinnes and son Kyle of Crosbyton visited his parents, Mr. and Mrs. Sam McGinnes last week end.

**Home Demonstration Agent's Column**

By MRS. VIDA KREKLOW

The Faultless Starch Company is one of many which sends all kinds of booklets, leaflets and other varied materials to Home Demonstration agents all over the country. In today's mail I got this very appropriate and seasonal suggestion as to what might be done to last year's hat.

"Old Hat Trick"—use a little spray-on starch to freshen the trimmings of last year's spring bonnet. Stretch the veiling over crumpled tissue paper (or paper towels) and spray lightly with spray-on starch. When thoroughly dry, the veiling will be crisp and new-like. To restore crushed and wilted cotton cloth flowers, first smooth out the petals, then spray with starch. A word of caution: note that the directions are for COTTON flowers and is not rec-

ommended for velvet or satin trimmings.

When the small, center leaves of the pineapple loosen easily, the fruit is ripe and at its peak.

A new bulletin entitled "What you should know about plant diseases" is just off the Extension Service press and is yours for the asking.

Even if you grow no plants whatsoever, the pamphlet will make interesting reading. Pictures and photographs help in the identification of a multitude of plant diseases.

One whole page is given over to the dictionary of terms applying to these diseases. Such terms as canker, blight, chlorosis, gall, host, lesion, mosaic, rosette and on to wilt are defined in an easy to understand way.

You think there is nothing new under the sun? Well there is to me. Just listen to this:

"The improvement in kitchen cutlery that may revolutionize the industry is the electric slicing knife. Perfect for carving roasts or poultry into slices, this knife has many other uses as well. Vegetables, such as tomatoes—and fruits, such as lemons, oranges and pineapple—can be cut into beautiful slices. Breads are sliced with no crumbling; angel food cakes are pictures of perfection as the knife glides through without damaging texture or appearance. The electric knife also cuts cheeses and cold cuts to perfection.

The electric slicing knife is powered by a motor in a plastic handle. The user has only to hold it lightly in her hand, press the control switch, and then gently guide the knife as it operates. Twin blades move back and forth in a reciprocating action. Blades snap into the handle and lock, are easily removed for cleaning.

There are two safety features. A handle guard protects the user's hand from the blade; the blade will not operate unless pressure is applied on the control switch."

So goes a report on a Home Economics forecast which is usually the first with the news.

**YOUR FAIR SHARE**

Most Texans, we believe, are fair-minded folks.

They believe in fair play, square dealing, and mutual respect for personal and property rights. Those who want to take advantage of their neighbors are the exception.

Sometimes it may be hard to define "a fair share." This can occur in dividing oil or gas production, when two or more landowners are involved.

As we all know, oil and gas don't pay any attention to fence lines.

Here in Texas many wells have been allowed to produce more oil or gas than they should have because they were drilled on very small tracts. That extra oil or gas came from under the neighbors' land.

Some oilmen made a regular practice of this type of operation. Obviously, one owner got more than his fair share—others, less.

People in 26 out of 29 oil-producing states have found a way to divide their oil and gas so that each owner gets what is rightfully his. They simply put their small acreage together and share the costs and income. This system is known as POOLING.

Such a system is needed in Texas. It is proposed in a bill now before the Legislature, HOUSE BILL 510. When the neighbors cannot agree, the Railroad Commission would set up a drilling block and see to it that the rights of all owners are protected . . . all costs and proceeds equitably divided.

Oilmen who have made fortunes at the expense of others could not be expected to support House Bill 510. They are bitterly opposing it. But the responsible oilmen of Texas are overwhelmingly for it. So are the informed citizens who want to see justice done.

Ask your Senator and Representative at Austin to support House Bill 510—so Texas, too, will have a reasonable and legal way to assure to each landowner his FAIR SHARE.

(This ad paid for by Committee for Equitable Development of Texas Oil & Gas Resources, 341 Mellie Esperson Building, Houston 2.)

**Car AirConditioning**

Your air conditioning system is an expensive accessory and must be serviced periodically to prevent failure. Working parts of the system are oiled by the circulation of freon and oil in the system. If a leak has occurred during the off season, and they often do, the system can be badly damaged in just a few minutes of operation.

Let us check your air conditioning NOW at the beginning of the season.

**36 days that proved Ford's total performance!**

**RIVERSIDE, CAL.**  
January 20

In a total performance test of brakes, suspension and steering on the twisting Riverside sports car course, Dan Gurney drove a Ford hardtop to victory over 43 other stock cars. The 500-mile grind demonstrated Ford's superior stamina and road-handling.

**MONTE CARLO**  
January 23

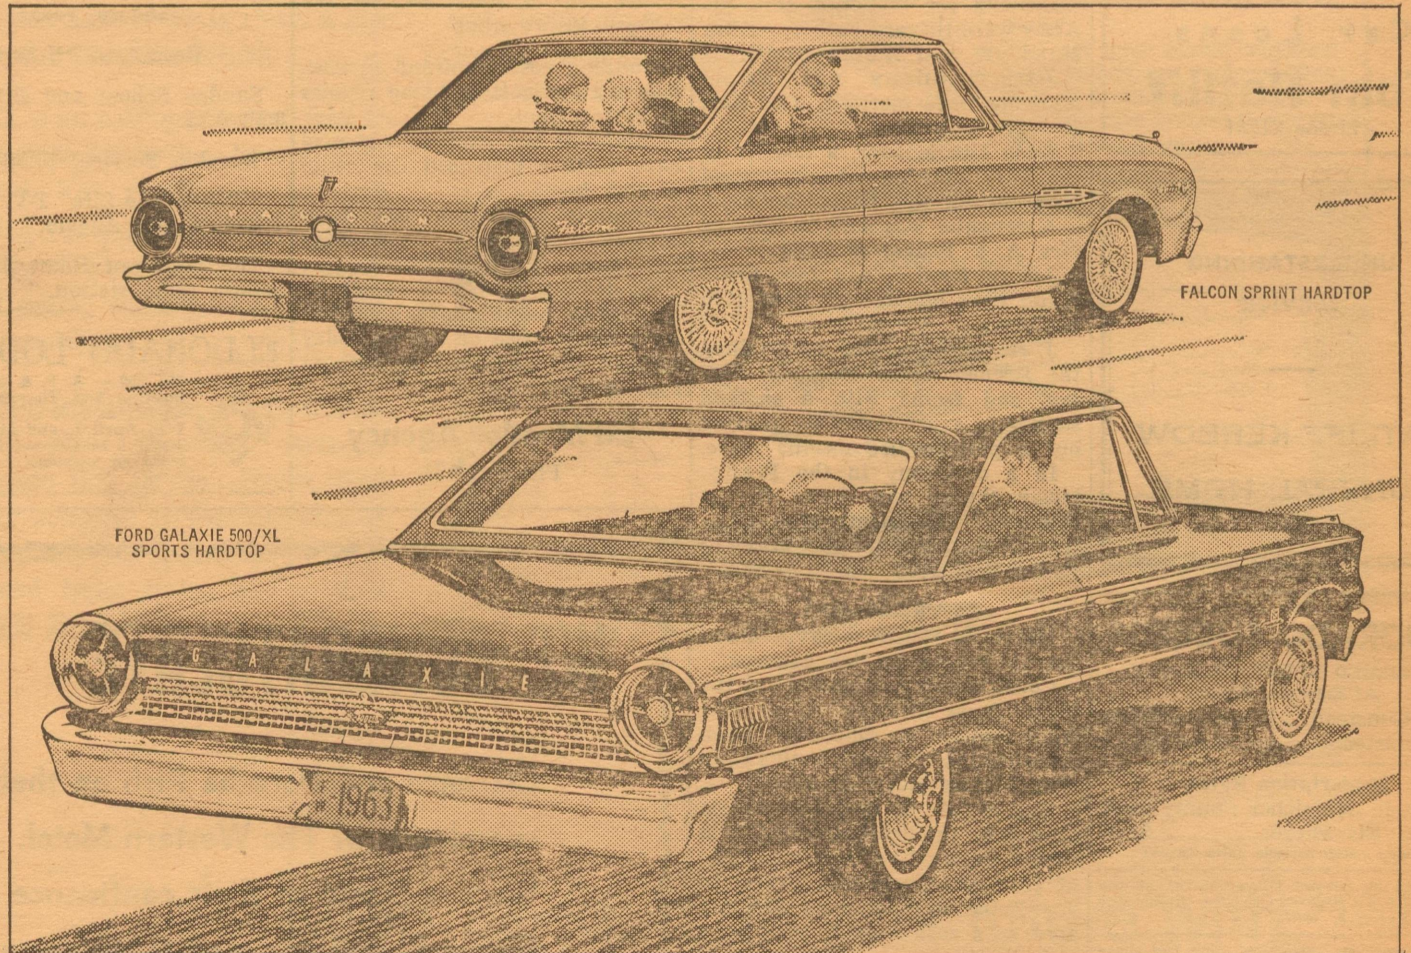

The '63½ Falcon V-8 Sprints made their debut with a fantastic showing in the 2,500-mile Monte Carlo Rallye. Through Europe's worst winter weather they placed 1st and 2nd in class. Besides this . . . one Sprint defeated every entrant in the Rallye's six special stages.

**PURE OIL TRIALS**  
January 27

In a competition designed to test all-around performance, Fords were over-all winners in Class I and Class II in the Pure Oil Performance Trials at Daytona. Their total performance design added up to most total points in gas economy, acceleration and braking events.

**DAYTONA, FLA.**  
February 24

Daytona "500" history was made when '63½ Fords blazed into the first five places! Since Daytona is the toughest track in the world, this was eyewitness proof that Ford's total performance design can endure the maximum in automotive punishment.

... and here are the 63½'s that gave total proof of Ford's durability and handling!

You may never see a competitive auto event. But at 30 mph on rain-slick blacktop, in the close-packed rush of 5 o'clock traffic, on a twisting mountain road, the results are important to you. On every slippery surface you need the kind of roadability that placed five Fords out front in

the Daytona "500." On every busy cross street—you want the brakes that won on Riverside's sports car circuit. Your engine will hold up better through years of turnpike use because it's as beautifully balanced as Falcon's Monte Carlo V-8's. The winning competition car is bound to be a great road car—and Ford is the big winner!

If it's Ford-built, it's built for performance . . . total performance!

**NOW YOU CAN TAKE YOUR INCOME TAX REFUND IN U.S. SAVINGS BONDS**

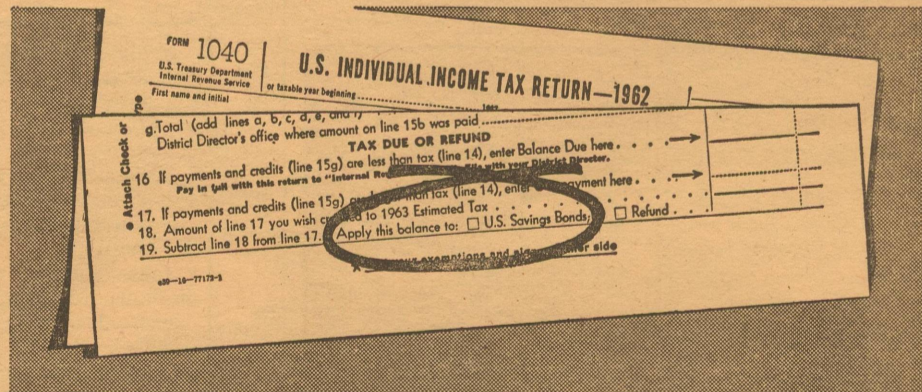

For the first time, you can take your income tax refund in Series E United States Savings Bonds. All you have to do is check a box on your 1962 tax return.

This is an easy convenient way to hold onto money *you have already saved*. You won't get any cash which you'd be tempted to spend. Your refund comes as Bonds which will return you 4 dollars for every 3 at maturity.

Tens of millions of Americans build their financial strength through U.S. Savings Bonds. And their strength is the strength of the nation—so important in these crucial times to us and to free people everywhere.

If you have a refund coming on your '62 tax, think it over before deciding how to take it. And when you decide to take it in Savings Bonds, see if you don't feel pretty good about it.

- Quick facts about U.S. Savings Bonds*
- You get 3% interest to maturity
  - You get your money anytime
  - Your Bonds are replaced free if lost, destroyed, or stolen
  - You can save automatically on Payroll Savings

The 1962 Tax Return gives you a choice of taking your refund in cash or U. S. Savings Bonds. Full details are in the instruction form.

Lions Have Program On Social Security

Neil Tarvin of the San Angelo office of the Social Security Administration was on hand at the meeting yesterday of the Lions club. Mr. Tarvin discussed the Social Security program, its aims and purposes and answered questions put to him by Lions club members. He also showed a film.

W. R. Bearce presided at the meeting. Bob McCulloch of Sonora was a guest and Arch Mittel was voted in as a new member. The slate of officers was presented for the 1963-64 club year which starts late in the spring. C. J. Hahn heads the slate as president. Other officers submitted by the nominating committee were: Fred Watson, 1st vice-president; Ray Boyer, 2nd v-pres.; Charles Wimer, 3rd v-pres.; Bill Rountree, sec.-treas.; C. M. Nyquist, Lion Tamer; Kenneth Vaughan, tail twister; Roy Phelps and Elton McGinness, holdover directors; and Curtis Humphries and Bill Gunstead, new directors.

ATTENDS WORKSHOP FOR PIANO TEACHERS

Mrs. R. Q. Harris reports that about 18 piano teachers from San Angelo, Menard, Brady and other towns in the area attended the all-day teachers' workshop in San Angelo last Saturday conducted by Rodney Hoare, and that his lectures and demonstrations on teaching techniques were very interesting and informative. Mr. Hoare, who was one of the judges for the last Sorantin Award contest, was born in London, England. He is a cousin of the late Sergei Rachmaninoff, famed Russian composer and pianist, his mother being of Russian-German lineage. He studied under Cortot of Paris, at the Guildhall School of Music in London and with the great teacher, Tobias Matthay. He has directed choral societies, conducted the Derby Philharmonic orchestra and conducted many Workshops and given many Lecture-Recitals. He presently resides in San Antonio but is much in demand for workshops and judging various musical events and travels widely in this connection. His appearance Saturday was sponsored by the San Angelo Music Teachers' Association.

LINDA SAUER

The solo and ensemble contest was held Saturday on the campus of McMurry college at Abilene for Region II instrumental musicians. Twenty-three members of the Eldorado High School Band participated in the event. The band is directed by Glen Matthews. Linda Sauer played a class I solo and is eligible to participate in the state solo contest to be held June 9 and 10 in Austin on the University of Texas campus.

Twenty-one played solos and two of these plus two others played in a saxophone quartet. The Saxophone quartet consisted of Betty Humphries, Karon Kemble, Christy Moore, and Jan Porter. They received a rating of excellent. The ones receiving a superior rating on solo were: Linda Sauer, flute; Alice Dyer, flute; Martha Sue Page, flute; Mary Ann Page, bass clarinet; Linda Boynton, bass clarinet; and Frank San Miguel, trumpet.

Excellent ratings were given to the following: Eldra Gibson, baritone; Sharon Nyquist, cornet; Terry Phelps, trombone; Jerry Stigler, cornet; Marilyn Wilson, tenor sax; Betty Humphries, alto sax; Johnny Stigler, clarinet; Jan Porter, alto sax; Kaye Harkey, clarinet; Frankie Blaylock, flute; Betsy Bruton, flute; and Mickey Phelps, flute. A rating of III was given to Kay Peters on alto clarinet, and to Rita Rozean on flute; and Kenny Phelps received a rating of IV on snare drum. The next contest to be held for band will be April 25, 26 and 27 on the campus of Central High school in San Angelo. This will be the regular concert and sight reading contest for Interscholastic League.

INJURED AT TEXAS TECH

Jerry Don Johnson, son of Mr. and Mrs. Lloyd Johnson, of Eldorado, injured his knee Saturday while participating in a scrimmage game with the Texas Tech team. He was confined for a few days in the hospital. The Johnsons visited with him over the week end and with his wife, the former Genelle Edmiston.

Lloyd returned home late Sunday and reported that Jerry Don is making satisfactory recovery. Mrs. Johnson remained in Lubbock for a few more days.

The Kimble-Menard County singing convention will meet Sunday, March 31 at 2:00 p.m. at the Hext Baptist church, it was announced this week by Mrs. Frank Schuessler, secretary.

P-TA CONFERENCE HELD IN SAN ANGELO

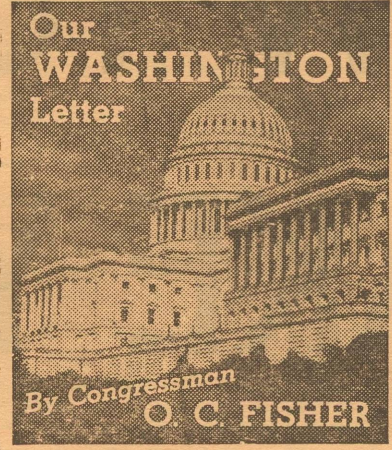

Several from Eldorado attended the Sixth District of the Texas Congress of Parents and Teachers which was held in San Angelo Tuesday and Wednesday of last week.

Frank Kemble, who will head the local P-TA next year, attended Tuesday's session. Others attending that day were Mrs. Edwin Jackson, Mr. and Mrs. Ed Meador, and Mr. and Mrs. Bobby Sykes.

Mrs. Jackson and Mrs. Meador attended the pre-conference board meeting which was held Tuesday. Mrs. Meador is recording secretary for the district and Mrs. Jackson is chairman of Character and Spiritual Education.

Mrs. Jackson and Mrs. Meador remained for the dinner Tuesday night which the San Angelo and Lake View school boards gave for the conference visitors. Delegates from all over West Texas were present for these meetings.

Mrs. S. L. Canterbury, Jr., of Kilgore, state vice-president of the P-TA, was main speaker for Tuesday's session. She spoke of the P-TA heritage.

The crime rate continues to mount in the District of Columbia. All tourists who visit their Nation's Capital are warned to exercise care and caution while here.

Serious crimes in Washington have increased 17.4% in January over a year ago. The number of rapes doubled, robberies almost doubled, and there was a 42.2% jump in housebreakings. This rate of increase is the biggest in the nation. There were 2399 robberies here during the past year, compared with 1433 ten years ago.

The Congress has provided 4,000 policemen for the District—about all that can be used efficiently, according to the Police Department. A year ago a canine division was added, with trained German police dogs. But despite all this, crime marches on.

Observers attribute this sorry record to the influx of Negroes to the District, the exodus of whites, and the presence here of several very active civil rights agitating organizations. The total Negro population in D. C. is 54.8%. Of all persons arrested for serious crimes in the District last year, 84.8% were colored.

The big crime increase became noticeable after school integration

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

Friday, March 29, at 2:00 p.m. in the Memorial Building, the following authorities in their fields will be present to confer with cotton producers in the county:

Fred C. Elliott will discuss grass and weed control, defoliation and recommend varieties of cotton for the county.

John Thomas, entomologist, on methods of insect control and insecticides.

B. G. Reeves, cotton ginning and mechanization specialist on machine harvesting.

John Box, agronomist, recommended fertilizers.

The latest in applied research in the mentioned fields of agriculture will be presented with a question and answer period.

Result demonstrations in the county show 27% more take home pay with a thorough understanding of the above applied principals.

Any man who has lived through spring cleaning knows why hurricanes are given feminine names.

Producers are advised not to report screwworm cases by telephone to Mission, Texas, unless a sample of the worms have been collected. Reason: only 49 cases of worms were reported during the past week and only 4 were screwworm cases in the state of Texas. At this time of year 75% of all cases are non-screwworm cases of samples being submitted.

The time of year has arrived when routine animal husbandry activities produce wounds when being performed. Calving, lambing, shearing, dehorning and castrating are everyday activities and wounds, cuts, and scratches abound and treatment of wounds is a must to prevent screwworms from spreading.

was ordered in 1954, and has been increasing gradually since that time. Today 83.4% of all public-school pupils are Negroes.

Of the 4,251 illegitimate births listed by the District in 1961, there were 358 white and 3,893 colored. A large proportion of these were teen-agers. The unwed mothers start drawing monthly welfare checks. That fact is said to account for much of this.

Two weeks ago, at 5 p.m., a young pregnant woman alighted from a city bus. As she walked toward her nearby home a Negro ex-convict snatched her purse and ran. She pursued joined by a patrolling police car. After a few blocks, the thief was stopped, but a police club failed to halt him. Finally, as a last resort, a policeman fired his pistol, which killed the robber.

A Court hearing exonerated the policeman, found he was acting in line of duty. But immediately CORE (Committee on Racial Equality) and NAACP, filed intemperate protests, claimed it was murder, with racial overtones.

Both white and right-thinking colored people support law enforcement. But the agitators encourage more crime by protesting police actions such as this.

GLENDALE H. D. MEETS

The Glendale Home Demonstration club met Thursday with Mrs. Edon Calk. There were 12 members and two guests, Mrs. Pat Finley and Mrs. Laverne Moore, present. Mrs. Finley joined.

Mrs. Kreklow gave a program on arts and handicrafts. Coffee and doughnuts and coffee cake were served to 14.

Mr. and Mrs. Bill Gunstead and daughter Gwendolyn visited Saturday and Sunday in Van Horn with his sister, Mrs. Wm. Sauer, and her husband and family. On their way home Sunday, they visited the Ray Hardin family, former residents of Eldorado, at Fort Stockton where Ray went to work in the post office a while back, and where Mrs. Hardin is still secretary and choir director in the Methodist church. The Gunsteads also came through McCamey where they visited briefly with Rev. Russell Heaner, before returning home.

Mrs. W. T. Whitten entertained several of her friends with a luncheon at her home on Wednesday of last week. Those enjoying the delicious meal were Mrs. Carroll Ratliff, Mrs. Arch Mittel, Mrs. Edwin Jackson, Mrs. P. S. Dudley, Mrs. Fred Watson, Mrs. Buster Gunn, Mrs. Bascom Hartgraves, Mrs. J. H. Mace, Mrs. Henry Moore, Mrs. Truett Stanford, Mrs. Joe Kreklow, Mrs. Granvil Hext, Mrs. J. D. Huckaby and Mrs. Ella Nixon.

Mr. and Mrs. Otto Singleton of Mullins and Mr. and Mrs. Ruby Cornelius of Zephyr have been visiting their son and daughter, the Billy Singletons, since the birth of the new baby.

Two of the most important events of 1863 took place at almost the same time—and both spelled defeat for the Confederacy. The two were the Battle of Gettysburg and the fall of Vicksburg, each of which occurred within the first four days of July of 1863.

The two events, along with two other important happenings of 1863, are due for attention by the Texas Civil War Centennial Commission this year. The other two events are the commemoration of the 100th anniversary of the sealing of the breach in Confederate lines at Vicksburg by men of General Thomas N. Waul's Texas Legion on May 19, 1863, and the Battle of Sabine Pass on September 8.

The sealing of the breach in Confederate lines is to be commemorated when a marker is dedicated at the home of General Waul in Greenville in May, an event we wrote about a few weeks ago in this space. And current plans call for ground to be broken for a monument to be erected later on the field of Gettysburg where so many Texas troops were engaged.

Most of the other states, both North and South, years ago dedicated elaborate monuments to their troops who fought there, but Texas has never gotten around to doing anything about calling attention to such units as Hood's Texas Brigade who fought there. If present plans are carried out, however, the state will at last pay a debt of long standing by putting up a monument of some size and significance at Gettysburg.

And at Vicksburg, a monument is already under construction and should be ready for dedication by the centenary of the fall of the city. Hundreds of Texas troops were engaged in the defense of Vicksburg and many of them were captured when the city fell in early July 1863. After the War, General Waul personally surveyed the battle sites and pointed out and marked the spot where the Texans were engaged. The monument sets on the exact spot where the sealing of the breach took place.

And at Sabine Pass, where Dick Dowling and his handful of Irish Confederates held off a Federal invasion armada, a full-scale observance is scheduled for early September.

Recommended Reading For This Week: One of the books chosen by the American Library Association to be numbered among the 50 "best books of 1962" is Edmund Wilson's "Patriotic Gore," a study of the literature of the Civil War published by Oxford University Press.

This is one of the most brilliant studies to appear in book circles in a long while and one which is long overdue. Mr. Wilson has taken what might otherwise have been only an obscure idea and by distinguished criticism has given us a book that stands alone in both the field of literary criticism and Civil War literature. A must for every buff.

The battle of Gettysburg, mentioned above, has been studied and written about from almost every angle. But now comes the inimitable James Warner Bellah to

reconstruct the crucial days leading up to the conflict in "Soldier's Battle," published by David McKay Company.

Here is raw, unvarnished battle as the Civil War soldier knew it. Here is the common soldier and the story of the great battle of Gettysburg as he saw it. Highly recommended.

And a small, easy to read book from Pageant Book Company that readers will find both entertaining and informative is "Jesse James and the Civil Cause," by Jesse L. James, the grandson of the original Jesse James.

Austin—"Hi pardner"—have you suggested a slogan for "The Longhorn State?"

Better get your pencil and paper out and start thinking. Everybody's doing it!

Reason is, there's a bill before the Texas House of Representatives calling for a slogan to be imprinted on our auto license plates. Three choices are given in the bill. They are "Lone Star State"—"Vacation State"—and "Texas Has Everything."

Latter slogan was sent in by a newspaperman, Bob Bray, publisher of the Marble Falls Highlander.

Come to think of it what's wrong with "Hi Pardner"—the two words we used in starting this column? Sounds like the friendly welcome of a Texan—in state or out of state.

Cost of adding a slogan to the Texas tags would run only about \$150. Or just the cost of the new dies.

Speaking of license plates—a bill by Rep. Ray McNutt of El Paso would eliminate the front tag. Saving to the state: \$400,000 annually.

**Up In The Air**

Activities of state agencies in aeronautics filled the air in two recent meetings of the House Committee on State Affairs.

Rep. Ben Barnes of De Leon got a hearing on his bill to abolish the Texas Aeronautics Commission. It is asking \$436,000 for the next two years. Commission has been credited by some opponents of the bill with helping create landing strips in smaller communities. Rep. Gene Hendryx of Alpine favored abolishment of the commission.

He said citizens of his town built their own airstrip with \$4,000 of local money, without any governmental aid except for the use of some county bulldozers.

Land Commissioner Jerry Sadler protested a bill by Rep. Roy Arledge of Stamford which would force all agencies except the Texas National Guard, Texas State Guard and the Department of Public Safety to sell all "executive-type aircraft" with more than 250 horsepower.

Sadler said the Arledge bill was aimed mainly at the Land Office.

He insisted the State Land Office needs an airplane for aerial surveys of state land.

**Annexation Compromise**

Municipal annexation bill, as passed by the House, is considered a compromise by the Texas Municipal League. Ditto for interested industries—including the Texas Association of Homebuilders—that have been on the other side of the fence.

Straddling the fence during the four days it took the House to pass on the bill written by Rep. Henry Grover of Houston, and rewritten by Rep. Jerry Butler of Kenedy, were enough representatives to decide the matter for one side or the other.

Several votes indicated the cities might win the right to annex additional territory in a manner they consider reasonable. Other votes indicated the industrial pressures would be the winning factor.

Finally, 130 House members decided Grover's bill was good enough to send to the Senate as a "workable vehicle" for a joint conference committee. But 14 felt that it still wasn't fair either to cities or to rural people living on fringes of the cities.

Main point in contest still seems to be: How much authority should cities have over surrounding areas subject to annexation?

As it stands, cities would be limited to setting "minimum standards."

**Auto Inspection Deadline**

Col. Homer Garrison Jr., director of the State Department of Public Safety, has sent out a reminder to Texas drivers who do not have their 1963 auto inspection stickers that April 15 is the deadline.

If Rep. Terry Townsend of Brady has his say the \$1 auto inspection fee will be raised to \$2. But Rep. George Richardson of Fort Worth said he will oppose any increase.

**Crop Insurance**

Farmers will get more liberal crop insurance coverage under revised policies and rates issued by the State Board of Insurance. New plan eliminates the controversial mechanical-harvesting clause pertaining to cotton.

Revisions were requested by both wheat and cotton growers.

Coverage will be available under economically-priced "escalator" & "step-ladder" forms, as well as "broad form" policies.

**Governor's Appointees**

Frank C. Erwin Jr., Austin attorney, was named by Governor Connally to the UT board of regents, to replace Judge W. St. John Garwood, also of Austin, whom the Senate earlier refused to confirm.

Jack Kultgen of Waco was his choice as State Highway Commissioner. He replaces Charles Hawn of Athens, whose term has expired.

Rev. C. A. Holliday, Negro minister of Fort Worth, has been named by Connally to a six year term on the Texas Board of Corrections. He succeeds John S. Justin Jr. of Fort Worth. Connally pointed out that this is the first time a Negro had been appointed to the board.

Connally re-appointed to the Board of Corrections J. M. Windham of Livingston and Jack Vaughn of Dallas.

Dr. J. A. Chatman of Lubbock and Joseph A. Scott Jr. of San Antonio and Rev. Martin Griffin of Waco were assigned to the Texas Southern University's Bd. of Directors. All are Negroes. They replaced J. M. Odom of Austin, Mack H. Hannah Jr. of Houston and the late Dr. Everett H. Givens of Austin.

Mrs. Jack T. Bowman of San Antonio was appointed to the Board of Regents of Texas Woman's University. Mrs. John Hazelwood of Amarillo was re-

appointed. To the Texas Tech Board of Regents the governor named Herbert Allen of Houston and Roy Furr of Lubbock. He re-appointed Harold Hinn of Dallas.

**Legislative Wind-Up**

Governor Connally and House Speaker Byron Tunnell seem to agree that the 58th Legislature should wind up its business before the May 27 deadline. This should please the Legislators. They stop setting the usual \$12 per day living allowance 20 days before that deadline.

But many are afraid the loan shark bill may hold them here.

# The NEW Santa Fe Trail

A report on some of Santa Fe's newest milestones

BY THE PRESIDENT OF THE SANTA FE

In 1963, Santa Fe is investing some 90 million dollars on new equipment and improvements.

All this money is being used to keep the Santa Fe up-to-date in every way.

As a matter of fact, so many new and exciting things are happening on the Santa Fe today that some people are calling it "The New Santa Fe Trail."

Here are just a few highlights of the many improvements.

- 2548 new boxcars.
- 500 Mechanical Temperature Control cars.
- 550 covered hopper cars.
- 194 double and triple deck autoveyors.
- 181 flat cars.
- 58 new diesel locomotives.
- 24 hi-level passenger cars.
- 31 semi-lightweight mail and baggage cars.
- Increasing our microwave communication system to 2064 route miles.
- Experimenting with new and more efficient freight cars such as compartmentalized cars for automobile parts.
- Advancing our piggy-back operations to include joint rail-truck rates.

And we haven't been standing still up until now. We've invested over a billion dollars in progress since World War II. For example:

- The new cut-off line into Dallas.
- Major line relocations in Arizona.

- Equipped 3560 new freight cars with "Shock Control" devices for damage-free shipment of fragile freight. (More of these cars are on order.)
- Equipped 7745 freight cars with roller bearings.
- Designed and built the first multi-level automobile transport cars—the autoveyors—which are now used by all the major railroads.

To keep pace with changing times and with the rapid growth of the areas we serve, we keep constantly on the move toward a better way to serve you and to strengthen a vital part of our national defense.

It is our aim to keep the Santa Fe Trail always new.
