PAPER DRIVE IN COUNTY TO BE MADE AS PLAN

Clearing Weather to Permit Bringing In of Salvage Material Over Week-End to Rear of CC

Clearing skies Wednesday afternoon indicate that the Snyder and Scurry County final paper salvage drive will be staged Friday and Saturday as scheduled.

Weather permitting, Scurry County's final Paper Salvage Campaign will be staged Friday and Saturday officials announce, with pick-up of papers, cardboard and magazines to begin Friday afternoon at 2:00 o'clock.

Rainfall, however if it continues through Thursday night, will make it impossible to hold the drive as scheduled.

High school boys will assist in helping pick up collections Friday afternoon, and all donations will be brought to the back of the Chamber of Commerce for loading on truck. No contributions, it is stressed, should be brought to the front of the CC office.

Mr. Corley of Stamford will have have here for the two days and will load the paper for movement. Money received from paper and cardboard will be utilized to defray expenses of the Victory Loan Drive.

All rural community residents of the county are invited to have part in the Friday-Saturday drive, and bring bundled paper and cardboard to the back of the Chamber of Commerce.

All salvaged papers should be tied, securely, in bundles, and all contributed cardboard and magazines should be securely tied in separate bundles.

Television Cable Survey Made for Crossing County

American Telephone & Telegraph Company, it was learned this week, has made a survey across Scurry County for a television cable.

As flags and stobs have been set the proposed television cable route touches Snyder from the southeast near the colored section and goes to U. S. Highway 180 near Union.

After meeting U. S. Highway 180 near Union, the television cable goes west along the East-West Route to Lamesa and thence westward.

It is understood that Abilene will be a relay station. This being true, Scurry County would be served by the project. Television is practical within a 120-mile radius of relay stations.

Significance of the survey through here is further enhanced when the fact is realized that this television cable would be one of three to be laid across the United States.

Longbotham Helping Servicemen on Cases

Bernard Longbotham Jr., Scurry County service officer, is located in the basement of the courthouse, in part of the space formerly used by the county agent as a conference room.

Longbotham is helping World War II veterans, their dependents and children in service claims, etc., and has already been of assistance in a number of cases.

Who's New In Scurry County

Lelia Joan Allen is the name assigned the new daughter of Mr. and Mrs. Robert Allen of Route 1, Snyder. The little lady weighed seven pounds 13 ounces when she arrived October 7, 1:15 p. m. at Snyder General Hospital.

Odom Renamed Girl Scout Head Of Scurry County

Meeting Friday of Scurry County's Girl Scout Association was highlighted by renaming of H. H. Odom county chairman for the fourth time. Odom has served as county chairman the past three years.

Mrs. Garon Brock was reelected secretary-treasurer and Mrs. Alfred McGlaun was reelected organization chairman.

The following committees were appointed Friday:

Program committee—Mrs. Lucille Dougherty, chairman, Ray Thurston and Lyle Deffebach.

Public relations committee—Willard Jones, chairman, and John Sands.

Camping committee—Ray Thurston, chairman, Elmer Taylor and Mrs Alfred McGlaun.

The association voted to send Mrs. Ray Thurston as Scurry County's representative to the encampment opening Friday at Camp Louis Parr, San Angelo.

Friday's encampment will begin Friday at 5:00 p. m. and go through Sunday, 2:00 p. m.

Mrs. Thurston, leader of Snyder's Girl Scout Troop No. 4, will be instructed in outdoor cooking, use and care of camping equipment, how to plan troop camps, camp craft and other activities and camp fire programs.

Mrs. Thurston is expected to return Sunday night.

Plans Complete for Club Show on Reset Date of October 20

With Saturday, Octobr 20, reset as the new date for Scurry County's 4-H Club and FFA Breeding Livestock Show, Buford Browning, Snyder High School vocatonal agriculture instructor, Wednesday reported that plans are complete for the all-day exposition.

Prise list for the October 20 exposition, it was announced Wednesday, will be approximately $450.

Area farmers and ranchers are evidencing keen interest in the breeders' show because a record number of both livestock and crop exhibits have been tallied.

Additional details on the October 20 show, which will be staged at Snyder High School gymnasium and school grounds, respectively, will be carried in next week's Times.

Downtown Office for Express Firm Sought

One of Snyder's major needs is a downtown express service.

So Snyder business men and others decided this week to do something about the matter, and ask that the city be given a downtown express depot, where express of all kinds can be readied for shipment and express facilities here would be comparable with that given in other towns.

Snyder's main need is for an express depot in the heart of town. The express company, it is pointed out, is losing considerable business because no depot is maintained near the square, and shipping facilities are inadequate in the country's reconversion period.

Every effort is being made to have a downtown express depot arranged for as the town's No. 1 post-war need.

Two-County Baptists Set Dunn Gathering

The monthly Workers' Conference of the Mitchell-Scurry Baptist Association will meet with Pastor C. J. Smith and the Dunn church on Tuesday, October 16, according to denomination leaders.

A good program has been arranged, Pastor Smith states, and a good attendance is expected from the churches of the two counties. The program will begin at 10:00 a. m.

New Girl Scout Field Executive Due Here

Mrs. Sarah Bowman, new Girl Scout field executive for this area will be in Snyder October 18 and 19, the Scurry County Girl Scout Association announces.

In an article to be furnished The Times next week, a full program of activities will be outlined and other timely data carried.

County Quota in Final Bond Drive Slated at $280,000

Scurry County's over-all quota in the Victory Loan Drive, which begins here October 29, has been set at $280,000, F. G. Sears, county chairman, announced Wednesday.

The Victory Loan campaign will be the last of the war drives—vitally essential to financing costs of the global war.

Broken down the county's over-all quota is divided into $160,000 for Series E war bonds and $120,000 for other bonds.

Announcement, Sears states, on community quotas will be given next week, together with a list of community committeemen.

For the Seventh War Loan drive, it will be recalled, Scurry County raised $500,000 compared with an over-all quota of $405,000. Of this total $275000 was set as goal for Series E war bonds and $300,000 in Series E subscriptions was tallied.

Last of the war campaigns will close December 8, Sears reports.

N. B. Griffith's Ship Returns to Port with Scars of Kamikaze

N. B. Griffith, radioman second class, is here on leave visiting relatives and friends after serving 12 months in the Pacific.

Griffith's ship arrived in San Francisco, California, September 21 —still bearing the scars of a duel kamikaze attack. The craft was attacked off Okinawa Island August 31 after the Japanese had asked for peace.

The Snyder soldier holds the Purple Heart award for wounds sustained during the kamikaze attack. He was one of eight men cited for bravery and heroic achievement.

According to Navy Department information, Griffith's ship was one of the last ships hit by kamikaze pilots in the Pacific area.

Griffith is the husband of the former Evelyn Kincaid of Snyder. Until his enlistment in the U. S. Navy, the couple made their home at Midland.

Allene Curry Takes Editorship at Lamesa

Allene Curry of Snyder, former International News Service writer at Austin and daughter of Mrs. A. M. Curry, has accepted the position of editor of Dawson County Courier and The Lamesa Reporter, weekly newspapers published at Lamesa.

Miss Curry was appointed by C. C. Woodson of Brownwood, who recently bought the two papers. Both publications will be continued indefinitely and eventually merged.

Allene, member of a well known West Texas family, was with The Scurry Connty Times several years. She also has been on the staff of The Abilene Reporter-News and a Liberty newspaper.

Dawson Moreland to Get AAF Separation

After 17 months overseas service with the Army Air Forces, Captain Henry D. Moreland of Snyder is being honorably separated from the army at the San Antonio District Installation of the AAF Personnel Distribution Command.

Prior to entering the service, Moreland was employed by W. R. Bell of Parks & Bell Meat Market.

Captain Moreland, husband of Mrs. Henry S. Moreland of 701 27th Street, was a polit in the Army Air Corps and participated in 25 combat missions.

Snyder Slated to Get $85,000 Post Office Building

Snyder, it was understood Wednesday, will be eligible for an $85,000 post office under the new Public Works Projects in 491 Texas towns and cities submitted to Congress.

The program, carrying $35,000,000 worth of projects, was submitted by the Federal Works Agency and the Post Office Department.

Congressman George Mahon of the 19th Congressional District advises that he will keep Times readers informed on progress of the new program as it goes through the congressional hurdles.

Under plans carried out in past years, one town or city in each congressional district has been eligible for a new post office building each year.

Postal receipts and other factors woven around Snyder indicate this city should be next in line for a brand new modernized post office structure.

48 Scurry County Servicemen Slain In World War II

Scurry County, with only 48 men listed officially as killed in World War II, can be truly thankful this week in view of American Army deaths in battle, as released from Washington.

Scurry County, according to revised figures available this week still has 1,400 men in all branches of the armed forces.

American Army deaths in World War II, a Washington dispatch reveals, are four times those of World War I.

In fact, more Americans died than in five earlier wars combined. These were the Revolution, War of 1812, Mexican War, the Civil War and the Spanish-American conflict.

Loss of life in World War II was given by General George C. Marshall as 205,000 plus. Yet, the toll of American lives is far less than the toll of the enemy. About eight Germans, Italians and Japanese died for every American killed in battle in World War II.

Site Transferred for Tigers Game With Colorado City Team

District 8A football game between the Snyder Tigers and Colorado City Wolves has been shifted from Snyder to Colorado City and will be played at Cantrill filed Friday night at 8 o'clock.

The game originally was set at Snyder but was transferred to Colorado City by consent of Snyder school officials.

Colorado City is expected to give the rest of District 8A a race for the championship and should not be extended too much in taking the Tigers who have failed to win a single game in three starts.

The Tigers on the other hand at times have showed the ability to play better ball and could make it interesting for the Mitchell County boys.

COUNTY CHEST DRIVE LAGS AS LITTLE RAISED

Fluvanna Is Only Rural Community Reporting So Far—Special Gifts Tallied in Snyder Drive

Fluvanna was this week the lone rural community turning in a report, as Scurry County's United War Chest drive entered the second week of the campaign, W. J. Ely, county chairman, reports.

Fluvanna reports $63.30 collected against community quota of $39.35.

Snyder's total as of Wednesday was $1,888 raised in special gift contributions. Chairman A. B. (Buck) Rose reminds Snyder people that the community quota is $2,600.

Ely, in urging greater effort on the part of all United War Chest workers, asks that each community drive be completed as early as possible.

With needs of the USO and all relief agencies greater since shooting has ceased than ever before, Snyder and Scurry County have a most vital goal to accomplish in seeing that Scurry County raises its United War Chest goal.

The county has been assigned an over-all goal of $85,100 in the 1946 war chest campaign.

Schools Expect to Resume Schedeules As Rains Letting Up

Sunshine Wednesday brought good news to Snyder area school men, and with continuation class work is due to be on "regular schedule" again by next Monday.

All Snyder School buses but one ran Wednesday. All are expected to be able to make runs today (Thursday).

Hobbs School, in Western Fisher County, had no school last week and none through Wednesday because of soggy, ground soaked roads.

Hermleigh School, J. T. Bryant, superintendent, reports, had no classes last week and none this week. Class work is expected to be resumed by next Monday.

Other area schools had irregular or no bus runs throughout most of the rainy spell. In some districts it is thought this form of transportation may be operating today (Thursday) and Friday.

Ira Girl Basketballers Beat Westbrook 17-11

In possibly one of the fast paced games that will be played this season Ira High School girls in a closely matched basketball clash with Westbrook, defeated the Westbrook girls by tally of 17 to 11.

Members of the Ira girls' team include: Frances Ashley, Billie Jo Kennedy and Juanita Bishop, forwards; Billie Jean Childress, Caroline Allbright and Billie Jean Davis, guards.

Ferry Lynn Mahon is girls' coach.

The Ira High School boys in their game Friday evening were defeated by the Westbrook boys.

Snyder Delegation Inspects Winters Lake Built Without Increase in Taxes

A downtown express depot for Snyder, report of a committee on recent visit to Winters and its recently completed lake project, and final plans for the Friday-Saturday paper salvage drive here (weather permitting) highlighted Chamber of Commerce directors' meeting Monday evening at the Chamber of Commerce offices.

Lyle Deffebach was elected Snyder West Texas Chamber of Commerce director to succeed Willard Jones.

Because of the wide interest centering on the WTCC referendum ballot, how directors voted on referenda planks is contained in another article in this week's Times.

Article on the vsit to Winters, as reported by the committee, follows:

It was surprising to learn that Winters, a city of 2,100 population, has been able to build a lake that will, when full of water, provide a three-year supply for a town two and one-half times as big as Winters.

The Winters lake was constructed at a cost of $200,000, which amount was raised by sale of revenue bonds. City taxes were not raised one cent by the deal, and repayment will be made from sale of water.

Idea of retiring the lake bonds by sale of water appeals to Snyder and other West Texas towns. The lake will furnish an excellent picnic and fishing site and ample accommodations for boating.

Winters, it was learned, plans to build a city park below the lake, where picnics, family gatherings and outings of all kinds can be staged.

Members of the committee returned to Snyder with this one question uppermost in their minds: Why can't Snyder have something like the Winters project?

HIGHWAY 180 PROPOSED FOR SUPER ROUTE

Delegation Attends Lamesa Meeting Monday to Boost Highway—Von Roeder Named Official

Election of C. N. von Roeder, executive of U. S. Bureau Reclamation Farms at Lamesa, as one of the Texas vice presidents of the U. S. Highway 180 Association marked a high spot of the organizational gathering at Lamesa Monday.

Representatives from virtually every West Texas town along U. S. Highway 180, beginning at Mineral Wells to the east and ends all the way to New Mexico, were on hand for Monday's meeting.

Initial session of the gathering began M inday morning, 11:00 o'clock at the Lamesa Chamber of Commerce office, where guests from Texas and New Mexico towns were genuinely entertained.

Following introduction of various representative, all gathering attendants retired to the First Presbyterian church where an informal dinner was served. After-dinner music was furnished by a group of Lamesa women.

Present at Monday's conclave were several members of former organizations which had vital parts in building U. S. Highway 180 as a state thoroughfare.

Snyder's delegation was informed that every effort will now be made to make U. S. Highway 180—the East-West Route—designated as one of the three super highways to cross the United States.

Should the East-West Route be designated as a super highway, it would be built into a four-lane affair. It would shorten the route to the West Coast by more than 150 miles.

A. H. Hover of Artesia, New Mexico, was chosen president of the U. S. Highway 180 Association. Formerly of California, Mr. Hover has been connected with Chamber of Commerce work for a number of years. An oil operator and producer, Hover has been also in the contracting and building profession.

Hover urged that all towns and cities along U. S. Highway 180 cooperate wholeheartedly to obtain super highway designation. It is pointed out the East-West Route traverses the most scenic territory of the nation.

In addition to von Roeder as a Texas vice president, another vice president is from Mineral Wells and the third is from Lamesa.

In addition to von Roeder, other Snyder association attendants included A. C. Kincaid, Lyle Deffebach, N. T. Underwood, Chamber of Commerce manager, and H. L. Wren.

Stolen Purse Found With Contents Intact

Snyder Steam Laundry had a mystery cleared up one day last week that had been a source of worry to the entire personnel—and particulary to Mrs. Hattie Belk.

One day last week Mrs. Belk missed her purse with about $40 in money in it and other articles the average woman carries.

Saturday, Nathan Rosenberg, Ben Franklin Store operator, while cleaning out some trash boxes from the alley back of the store, found the purse and all contents intact under an empty carton.

How the purse got there has not yet been explained, but every dollar she originally had was still in the purse. Mrs. Belk is this week about one of the happiest women in town.

Sweetwater Display By Boys Postponed

Scurry County 4-H Club boys were informed Wednesday that the Sears, Roebuck & Company district show, scheduled to be held Saturday at Sweetwater, has been postponed.

At the district gathering, when held, a winner will be picked from the eight Scurry County boys who have Sears gilts and the boy who has a Sears boar. This county winner will receive a registered Jersey heifer.

Buford Browning, Snyder High School vocational agriculture instructor, will take the county group to the Sears show. Additional details will be carried at an early date in The Times.

Farm Repair Shop at Hermleigh Operates

Attention of Hermleigh community people is focusing this week to the Hermleigh School farm shop open to community residents on Monday, Wednesday and Friday of each week, 9:00 a. m. to 4:00 p. m. for repair of farm machinery.

J. B. Patteson, Hermleigh High School vocational agriculture teacher, is in charge of the popular shop and all tools.

Only charges made are small fees for consummable supplies such as coal, welding rods, etc.

Clean Up Paper!

[illegible] on clean up Friday and at the same time help [illegible] Friday and Saturday's paper salvage campaign is disclosed by the incident.

One leader group [illegible] Monday she had sold a [illegible] pounds of magazines and newspapers on hand, but before she got through with the business had hauled up over 700 pounds of paper, magazines and cardboard.

Other like incidents will doubtless unfold as citizens collect old paper and magazines for this week-end's drive. Every dollar derived from the drive will be used to defray expenses of the Victory Loan campaign.

Mahon Suggests Cotton Surplus Be Moved to World

George Mahon, congressman of the 19th District, this week suggested to President Truman that the United States should take advantage of its world position, Times readers learn, to get rid of some 4,000,000 bales of surplus cotton.

Mahon, one of the group of congressman who recently toured American bases around the world, submitted a proposal for disposal of the surplus fiber now held in American warehouses.

"We have the keys to carry the cotton," he said in an interview following a conference with the president yesterday. "We have control of the ports and warehouses in many parts of the world and there is an urgent need in those countries for cotton, so why shouldn't we do it? Waiting about 19 [illegible] from now might be too late."

The president expressed interest in the idea, Mahon said.

Texaco Oil Test on Mitchell Land Drills Below 7,724 in Lime

Nine miles west and four miles north of Snyder the Texas Company No. 1 A. G. Mitchell, northeast one-fourth of Section 301, Block 97, H. & T. C. Railroad Survey, was drilling the week ended 7,724 feet in lime and shale.

The Texas Company oil project is being drilled with rotary tools. George P. Livermore Inc. of Lubbock is drilling contractor.

Wildcat project of the Texas Company is creating interest among operators in several counties, since it is the only Ordovician test drilling in Scurry County at this time.

Four miles south of Hermleigh Denver Producing & Refining Corporation No. 1 Otto Shepel, 330 feet from the east and 990 feet from the south lines of Section 234, Block 3, H. & T. C. Survey, is a 3,200-foot cable tool failure.

The wildcat, located in the southeast part of Scurry County, was located on a block of 4,800 acres assembled by Denver. Glenn Robinson was drilling contractor on the wildcat.

Big Spring Steers "B" Team Next Foe of Hermleigh

The Hermleigh Cardinals, winners over Snyder last Friday evening will be trying to make it three in a row when they tackle the Big Spring Steers "B" team Saturday night in Big Spring. They have won the only two games played thus far this season.

The Cardinals, one of the strongest class B teams in this section have four other games scheduled this year. They will play a return engagement with Trent on the Hermleigh gridiron Friday, October 19 and Fluvanna goes to Hermleigh October 26 for the first of their two-game series. The other will be played in Fluvanna at a later date and a tentative engagement with Hobbs has been arranged except for the date.

50 Poll Taxes Paid Since First of Month

Although poll taxes have been on sale only since October 1, the county tax assessor-collector's office has issued 50 receipts to date, it was learned Wednesday.

Edgar Taylor, county tax assessor-collector, says Scurry County taxpayers will have until January 31, 1946, to purchase their 1945 poll tax receipts.

Robert Hairston Gets Louisiana Transfer

Recently here on a furlough visit with his parents, County Judge and Mrs. P. C. Hairston, Master Sergeant Robert L. Hairston has been transferred from Ardmore, Oklahoma to Alexandria, Louisiana.

While here, Robert and his parents went to see First Sergeant Louis C. Hairston and his wife at Liberal, Kansas.

RAINS FINALLY GIVE SUNSHINE PEEK IN AREA

Rainfall Since September 28 Totals 6.62 Inches in Snyder—Cotton Damaged, Grain Helped

Sunshine came Wednesday afternoon gave Snyder Christian a hope [illegible] "[illegible]" [illegible] since September 28 rainfall began which [illegible] drying where the rain [illegible].

Snyder and Scurry County, in receiving six of the wettest October [illegible] Texas, turned Wednesday that rainfall has ginned [illegible] cotton since September 28.

Cotton especially, just has been ginned by [illegible] that has [illegible] a [illegible] period of [illegible] the rains has deterred, and Wednesday, county farmers [illegible].

The market, however will be of small benefit as all the will have [illegible] farmers dry [illegible] and bolls on 175 acres of [illegible] from the rainy season and such planting has resulted in excellent stands of grain.

The county according to information gathered this week, will drill and sow around 2,000 acres in small grains for fall, winter and spring [illegible].

Stock tanks in Scurry, Borden and Kent Counties, as well as elsewhere have been greatly replenished in the September-October fall.

Ranger in the Snyder area, while still thoroughly saturated Wednesday are said to be in fine condition, with wild rye and "lighter" weeds already up and growing.

Rainfall by days from September [illegible] through Wednesday as furnished by Mrs. Foy Wade, government weather gauger, follows:

September 28	.31 inches
September 29	2.07 inches
September 30	.20 inches
October 4	1.30 inches
October 7	.40 inches
October 8	.74 inches
October 9	.12 inches
October 10	.95 inches
Total for 10 days	6.62 inches

Wednesday's sunshine brought a sigh of relief to the farmers who have been up against a situation during the past two weeks. Many unable to find loaning accommodations, have been forced to sleep at night in their truck beds and otherwise "hibernate" until the rainy season ended.

Precipitation that set in during September's waning days had also caused considerable delay to drilling crews headquartering here. Several crews had difficulty in making [illegible] "[illegible]" in the Ira and Hermleigh areas and on the Texas Company Ordovician test northwest of Snyder.

Orland Cary Backs From Hospital Duty

Corporal Orland Cary, son of Mr. and Mrs. C. M. Cary of West Snyder, is now at home following two and one-half years service with the 128th General Hospital, army medical corps.

Cary has just returned to the states from London, England, and holds the Good Conduct Medal. A graduate of Baylor University, Waco, Cary attended Southwestern Theological Seminary, Fort Worth, two years.

Cary's wife, the former Mabel Rose, a nurse for 10 years, is in France with the army nurse corps and is expected to be back in the states within the near future.

Driver Licenses May Be Secured Saturday

Mrs. Thaba Groves will be in the county judge's office each Saturday afternoon, 1:30 to 5:00 o'clock, to take renewals for drivers' licenses, it was announced this week.

Regular examiner for the driver's license division, State Department of Public Safety, will continue to be at the county judge's office each Tuesday to give examinations for driver licenses.

Pilfering Court

Typographical errors, of course, can cause some unusual situations to arise, but this little "slip" in a neighboring county to the west seem to take the cake—and icing, too!

"One man was given a five-year suspended sentence for burglarizing the Ford garage by the district court."

Well, they seem to have some very unusual courts in some of the state's frontier counties, according to the above. One hardly knows whether to pity the poor man or the court—if a "hand" of any value was obtained.

The WOMAN'S Page

Mitchell Children at Home for Reunion

Mrs. J. P. Mitchell is spending a few weeks visiting in Abilene with her daughter, Mrs. Ralph Wilson. The family was happy to learn of the return of J. D. Mitchell, who was discharged last week after two years in the service, 19 months of which was spent in the Pacific Theater of Operations.

Other children in the Mitchell home were Mr. and Mrs. W. D. Mitchell and daughter, Joy, of Bronte and Mr. and Mrs. J. H. Deal of Scurry County.

Billie Carol Davidson Makes Alpha Chi

Billie Carol Davidson, daughter of Mr. and Mrs. Bill Davidson, a junior at McMurry College, Abilene, has been elected to membership in Alpha Chi, national scholarship, so her parents are informed.

To be eligible for Alpha Chi, a student must have grades ranking in the upper 10 per cent and must possess good character and high morals.

Billie who attended Dunn High school, is an instructor in biology laboratories, being assistant to the head of the science department and Dr. Ruth Holmgreen.

The Dunn girl is also an officer in both the McMurry Scientific Club and Gamma Sigma Sorority.

Wed Recently

Above is Mrs. J. W. Clickenbeard, nee Lorene Angel, who recently became the bride of J. W. Clickenbeard. Rev. Earl Cranell read the ceremony. Lorene is the daughter of Mr. and Mrs. S. W. Angel, and J. W. is the son of Mr. and Mrs. Joe Clickenbeard.

Baptist Class Installs New Officers

The T. E. L. Sunday School Class of the First Baptist Church met in the home of Mrs. J. S. Nicholson Wednesday afternoon at two o'clock. Assistant hostesses were Mrs. O. B. Clark Jr. and Mrs. J. M. Dodd.

The group conducted the regular business meeting before the installation of new officers. Mrs. Roy Shahan gave the charge to the new officers.

Twenty members and three visitors were present. Visiting were Mrs. Roy Shahan, Mrs. Mary Bob Hale and daughter, Terry Ann.

A short course with the chocolate was served.

Bridal Shower Honors Mrs. Clickenbeard

A bridal shower was given Bonnie Angel, recently of Lorene Angel, at the home of Mrs. Earl Cranell with Mrs. Jackie Brown as hostess.

After the guests arrived, the bride was seated into the dining room where the gifts were displayed on the dining table. Each gift was opened and viewed by all guests.

Refreshments of cake, coffee and cola were served to the following: Mrs. J. A. Angel of Snyder, Lorene M. Angel, Mr. and Mrs. K. M. Brown, Mr. and Mrs. Bryan Pinion and children, Mr. and Mrs. A. B. Turner, Mr. and Mrs. J. M. Clay and daughter, Mr. and Mrs. Harry Schlumbrecht and children, Mr. and Mrs. Earl Davis and children, Mrs. Ed Black, Mr. and Mrs. R. F. Angel, Mr. and Mrs. W. J. Clickenbeard and children, Willie Mae and Earl, Mrs. J. C. Clickenbeard, Vera Nell Hoyt, Mr. and Mrs. H. B. Clements and girls, Nelda Jean York, Marvin Lee Leddy, Rita Faye, Kate Matthews.

A number of gifts were sent by absent guests to attend the shower.

Mattie Belle Smith Weds Walter Hays

Mr. and Mrs. Roy E. Smith are announcing the marriage of their daughter, Mattie Belle Smith, to Walter T. Hays on September 28. Rev. Clifton Rogers, Snyder Church of Christ minister, read the double ring ceremony in his home in the presence of a few relatives of the couple.

Willie Jo Smith, sister of the bride, and Purdy Hays, brother of the bridegroom, stood up with the couple for the ceremony.

Mrs. Hays is the daughter of Mr. and Mrs. Roy E. Smith of Hermleigh and is a 1941 graduate of Hermleigh High School. She has been employed by Consolidated Aircraft Corporation at Fort Worth for the past two and one-half years.

Mr. Hays is the son of Mr. and Mrs. J. M. Hays of Monahans. He has just received an honorable discharge from the Army after being overseas with the 30th Division over two years.

Mr. and Mrs. Hays left soon after the wedding for a visit at Chickasha, Oklahoma. They will make their home at Monahans where he will be employed.

Eastern Star to Meet Friday

Stated meeting of the Snyder Chapter, No. 605, Order of the Eastern Star, will be held Friday evening at 8:00-o'clock in the Masonic Hall. All members are urged to attend.—Ora Grove, Worthy Matron; Onna Wren, Secretary.

Initiation Service for Ferndoma Class Held

For the regular business meeting and initiation service the Ferndoma Sunday School Class of the First Baptist Church met Monday in the home of Mrs. W. D. Harral with Mrs. J. E. LeMond as assistant hostess.

After the business session Mrs. John DeSoto, teacher of the class, installed the following officers: Mrs. Leman Wade, president; Mrs. O. B. Clark Jr., first vice president; Mrs. Ollie Fish, second vice president; Mrs. H. Ha Browning, third vice president; Mrs. Amos Joyce, secretary; Mrs. Clinton Robertson, treasurer. The three group captains are Mrs. Forest Sears, Mrs. Roy Porter and Mrs. Edwin Thompson. Mrs. Melvin Newton is reporter.

Members enjoying the social hour and refreshments were Mmes. Roy Porter, Jack Inman, Forest Sears, Ollie Fish, H. H. Eland, Clinton Robertson, T. M. Rylander, Lemon Wade, Amos Joyce, O. B. Clark Jr., M. E. Stanfield, H. Ha Browning, Clyde Boren, John DeSoto, J. E. LeMond, W. D. Harral and J. M. Newton.

Max Wayne Harral entertained the class with piano music.

Nan Blakey Heads SWSTC Student Body

Nan Blakey, daughter of Mr. and Mrs. J. E. Blakey of Snyder, a junior student at Southwest Texas State Teachers College, San Marcos, is beginning her year's work as president of the student body.

As president of the student body, Na will head the Student Council this year. A social science major, Miss Blakey is a 1942 graduate of Snyder High School. She was employed here in a local store for some time.

Since entering Southwest Texas State College she has been active in extra curricular activities. She is a member of the Charles Coulter Literary Society and has been vice president and yearbook reporter for that organization. She has served on the council for the Women's Recreation Association for three semesters, was vice president of her sophomore class for one semester and councilman for the second semester. She is also a member of Pi Kappa Delta and the Religious Activities Council.

Knitters Needed

Scurry County's Red Cross Production Center has plenty of knitting yarn on hand, and is in urgent need of more knitters, Mrs. E. L. Farr, RC production chairman, stated Tuesday.

Snyder women who will help the Red Cross with knitting are urgently requested to call by the Red Cross Center in the former NYA building, and obtain supplies of knitting yarn.

Although the war's shooting phase has ended, a tremendous amount of work yet remains to be done by RC workers—here and elsewhere over the nation.

Altrurian Club Hears Pacific Isle Program

Altrurian Club met last Friday in the home of Mrs. S. W. Williams with Mrs. R. L. Gray, the new president, presiding.

Topic for the program was "Pacific Island Possessions," directed by Mrs. W. R. Bell. Mrs. D. M. Cogdell's subject was "The Philippines." Mrs. J. C. Dorward discussed "Hawaii," and Mrs. H. G. Tayle's subject was "Guam, Midway and Samoa."

The hostess served a delicious plate to Mmes. W. R. Bell, Hugh Boren, H. P. Brown, D. M. Cogdell, J. C. Dorward, R. D. English, R. L. Gray, Alec Northcutt, Roy Shahan, Fritz R. Smith, Hugh Taylor, H. G. Tayle, J. B. Williams and S. W. Williams.

Next meeting, in the form of a guest tea, will be at the home of Mrs. R. L. Gray Friday, October 19.

Methodist Women Study Famous Women

The Committee on the Status of Women of the Women's Society of Christian Service of the Methodist Church met Monday afternoon in the church parlors. Mrs. [illegible] presided.

Using as a subject "Famous Women of the East and Present," Mrs. H. P. Brown directed the program. A devotional on "Character" taken from II Peter 1 was given by Mrs. O. B. Boring. "Susanna Wesley, Mother of John Wesley" was Mrs. W. J. Ely's topic. Dorothy Cromwell, Consultant at the World Peace Conference" was discussed by Mrs. P. W. Cloud. Mrs. M. W. Clark talked on "Methodist Discipline."

Piano numbers were rendered by Mmes. A. C. Pruett and R. L. Gray.

Howard Walker Weds At Taft, California

William Howard Walker, former Snyder boy, was married last Friday evening, 9:00 o'clock, at the Walker home in Fresno, California, to Mrs. Ruth Morrow of Taft, California.

The wedding took place at the home of Mr. and Mrs. Ed Walker, and Minister George Armstrong performed the single ring ceremony.

Bride was attired in black for the informal wedding. Best man was Otto Burton, and bride's maids were Mrs. Helen Blair and Mrs. Lillie Gibson, both sisters of the bridegroom.

Following the wedding, gifts were opened and the couple cut their three-tiered wedding cake.

Walker and his parents, Mr. and Mrs. Ed Walker, are remembered by a number of Scurry County people.

After spending their honeymoon at Fresno, California, the couple and the bride's three-year-old daughter will return to Texas to make their home.

Try Hot Water Plus After Meals For Acid Indigestion
If the thousands of unfortunate people who suffer from so-called dyspepsia, acid indigestion, food fermentation, gas or other stomach distress brought on by excess acid would just try drinking slowly after each upsetting meal half a glass of real hot water containing one spoonful of Neutreoid they can usually get amazingly quick relief in a very few minutes.
Neutreoid is not a laxative—it is soothing and comforting to the mucous membranes and very agreeable to take. Neutreoid, a physician's formula, can now be obtained at Simon Drug Company or any first class drug store.

Baptist YWA in Installation Service

Young Woman's Auditory of the First Baptist Church met Monday night in the church basement for a [illegible]

The Devotional was served [illegible] Mrs. [illegible] directed the singing "O, How Hate." Outline of YWA work was given by Dorine Duff. Petey Spikes sang "Soft Were the Hands of Jesus," accompanied by Mrs. Janie K. Polk.

Mrs. M. H. Roe, young people's leader of the church, had charge of the installation service, using the theme of "Keys." Each officer was given a kind representing her duty. The new officers are: Evelyn Dormain, president; Paula Bailey, vice president; M. J. Browning, secretary-treasurer; Dorine Duff and Louella Eades, group captains; Mrs. Ethel Eland, counselor; Mr. Arthur Duff Jr., co-counselor. The group were standing in the form of a horseshoe holding lighted tapers while they sang "Blest Be the Tie."

Those present were: Mrs. N. C. Mickel, Mrs. Estelle Howell, Petey Spikes, Mrs. M. H. Roe, Mrs. A. C. Kincaid, Mrs. James K. Polk, Evelyn Dormain, Dorine Duff, Evelyn Duff, Mrs. Ethel Eland, M. J. Browning, Paula Bailey, Louella Eades and Rev. and Mrs. Roy Shahan.

James T. Rogers and Mrs. Samples Marry

In a single ring ceremony read last Thursday afternoon, 4:30 o'clock, at the O. P. Floyd home in Northside, James T. Rogers was married to Mrs. Ethel Samples.

James is the son of Mrs. R. Rogers of East Snyder. The bride is the former Mrs. John Lynch.

Following a wedding trip to Arizona, the couple will make their home here.

WAVE Discharge—Yeoman Third Class Marydell Germann.

FAMOUS CLOSE SHAVES By Barber Sol

Johnston Boys Barely Miss Reunion; Say Japan Much Damageed by Raids

In a message received this week Mrs. A. Johnston learns of the reunion which two of her boys, Joe and Pat, recently missed, and considerably more that will interest Times readers.

"As you know," the message begins, "Joe and Pat just missed seeing each other, but did talk by telephone. Joe had quite a visit with the Hayhoes, too. They called on the phone in Cebu City on the night of the 27th and were to meet the 30th but a letter on the 31st said Pat didn't make it.

"When they arrived at Yokohama Pat's ship was tied up to two docks from the Rolette and when Joe got liberty to go over Pat's company had been moved 18 miles inland. The army offered to take Joe over but his pass didn't give him time.

"The convoy," the message continues, "left the 11th for the Philippines for more men and supplies. They are to go to Northern Japan this trip.

"Their first trip to Japan was in a convoy of 23 ships and the Rolette was almost rammed twice by a destroyer escort. Joe said everyone was trying to find something solid to grab onto.

"The Rolette was put in service and when the destroyer escort turned it was close enough to screw away on all six ships. The convoy averaged 14,000 tons and was making 14 knots.

"As they neared Japan the boys were to look out for floating mines. The boys who got out on points are still on Leyte waiting transportation home—there is a bottleneck there.

"When the Indianapolis was sunk with 100 per cent loss it was near Ulithi and the Rolette was only half a day behind her. They watched for Survivors. All the islands look alike—jungle and swamp.

"Before they docked at Japan there was an order not to eat or drink anything ashore, not to touch any fiber, leather or cloth material, and if they even dropped with sea water they were to take a shower and report to sick bay. Guess even now all precautions are taken against Jap treachery.

"The navel yards at Yokohoma are as modern as any we have. The big damage to the city was by fire bombs, and all but the brick buildings are burned out. Joe thought he had seen lots of ships at Pearl Harbor, Brazil, Panama, Cebu, etc., but it was nothing compared to our military fleet that was in the Bay of Tokyo—battle wagons, cruisers, destroyers, carriers—they couldn't begin to count or estimate the number.

"Parks and gardens around the waterfront are beautiful and well tended. The Japs are very hard up for food and beg for scraps of any kind. They bow and salute," the message concludes, "to any of the boys, no matter what rank."

Premature.

He—"Something seems to be wrong with this motor... It ..."

She—"Don't be foolish. Wait till we get off the main road!"

Lions Restoring Sight to Girl with Unusual Ailment

[illegible]

Miss Mae M. B. has [illegible] Bible class, the "Young Adult."

Jane Jones, a club member, played "I'm in the Mood for Love" and "The Old Feeling."

Dr. D. K. Ratliff, new dentist located here, was introduced as a transfer from Midland. Dr. Ratliff was a charter member of the Midland club and served two years in the armed forces.

N. T. Underwood reported that the United War Chest drive was getting off to a slow start over the county and urged a considerable step-up in the campaign.

Announcement was made that a new meeting will be held here Tuesday, October 23, in conjunction with a joint night program. Three clubs will be represented at the meeting, Snyder, Lubbock and Post.

Club guests were Allen Bendel of the U. S. Navy, home on leave until, Seaman Gordon Robertson, Seaman First Class June Jones, Mrs. N. T. Underwood and Mrs. M. H. Rae.

First Baptist Church

Last Sunday was another rainy Sunday, but a good day in our church. The attendance was good at all services in spite of the rainy weather. We hope the weather will settle down permanently so that we can have a clear day.

Bro. [illegible] will preach at 11 o'clock at the morning hour. The church here at Fluvanna has been in attendance at the Liberty service. The pastor will speak on the text, "As from unto it by its rest a much also (5:14) in the morning hour. At the evening hour the subject will be "Being a Christian." All men of this church and our visitors are urged to be present.

[illegible]

The plan for the protracted meeting is valid.

In the Old Days
it was mostly gasoline, air and water.
Now motorists expect the very best service in addition to quality products and you can find it all at Hough's friendly place.

Now... TELEPHONE EQUIPMENT for Peace!

Telephone factories are getting into the swing of peacetime production.

Thousands of men and women in these factories have turned from making radar and gun directors to the complex job of making telephone equipment once again.

It's a change that pleases everyone. As more and more telephone equipment comes from the factories, it means that telephone people here can make faster and faster progress in caring for the 240,000 waiting for telephone service.

Such a big job takes time. Equipment is complicated. Making switchboards and dial equipment requires thousands of precision parts, thousands of intricate connections. And thousands more are needed to connect them as working parts of the telephone system.

But the good news is that we're on our way. We are working as hard as we can toward the day when anyone who wants a telephone can get it when he wants it.

Snyder General Hospital

Jamie Dell Beach, daughter of Mr. and Mrs. Gordon Beach of Snyder, was the only major surgery patient at Snyder General Hospital during last week's report in. The other major surgery patients were [illegible] Mrs. E. M. Ashley of Dunn, Angelia Brooksbury of Snyder, and Mrs. L. D. McCrary of 1208 26th Street, Snyder.

Medical patients at the hospital included Mrs. C. L. Gary of Hermleigh, Sam J. Morris Blum of Snyder, Henry Patterson of Fluvanna, H. H. Roberson of Snyder, and J. B. Rogers of Snyder.

Mrs. [illegible] of Fluvanna.

Suggestions For Canned Gifts for Overseas Offered

With mid-October as the deadline for sending Christmas packages overseas, Snyder's Post Office this week urges all Snyder area people to get parcels addressed for overseas points in the mail at their earliest convenience.

Some ideas on delicacies which can be prepared without a great deal of time or trouble are given as follows by Estelle Hazel, county home demonstration agent.

You might try pecans from the new crop now coming in. The plump meat-out nuts should be heated in a slow oven until they are hot through and through. Pack the hot nuts into hot tin cans and seal them. If you wish, you can add butter and salt to the nuts while they're roasting . . . however, you're taking a chance unless the nuts are specially from. For flavor and use will spoil up readily.

Miss Rabel says some people have reported success in packing freshly made popcorn balls hot, dry, cans which are sealed immediately. Others prefer to send the corn unpopped, allowing service men to provide a make-shift popper. But whatever you do, don't use popped corn as packing around cakes or cookies. It's sure to get soggy and tough.

If you want to send olives, put them in R-enamel cans. Then cover them with a liquid made of one-half the brine the olives came in and one-half vinegar. You won't need to reprocess the olives . . . just seal them up. Now about these R-enamel cans. They should be used for all acid foods such as catsup, pepper sauce, pickles, or relishes. Plain tin cans should be chosen for mayonnaise and peanut butter. These foods quickly become rancid if they're exposed to air, so be sure to pack these tightly; and use strictly fresh products. Leave no air space above the peanut butter and mayonnaise . . . then seal them quickly. Incidentally, don't try to send home-made potato salad. Miss Rabel warns. But use commercially canned ham.

A Real Disadvantage.

"Do you like short skirts, Mike?"

"Naw, they get lipstick on me shoit when I dance with them."

W. A. Tarwater, Guerillla in War, Finally Shows Up

Returned from 30 months [illegible] W. A. Tarwater, son of Mrs. Bud Rogers, Mrs. W. P. Brown, Otis Stinson and Charley Brannon of Snyder, played a role in one of the most dangerous episodes of the war against the Japanese.

Tarwater, born in Snyder, has been member of a naval group of [illegible] intelligence agents, and [illegible] Japan.

The group known now as SACO—the American Cooperative Organization—began shortly after Pearl Harbor as strictly a weather reporting unit.

The project grew until it was providing the U. S. Navy, the Army's Air Force and the Chinese and American Army Headquarters with reports and with intelligence on movements of Jap ships and supplies.

Finally, it became a dangerous ticklish affair. Men, dressed like the Japanese, slipped through the enemy lines to get information from SACO.

Weather information helped the U. S. Navy decide when to raid installations on Jap islands and bases in the Japanese homeland.

Usually it was possible to enter or depart from Jap territory by air but SACO Americans became adept at Chinese disguises and, guided by SACO Chinese, slipped through enemy lines when they chose. Thirty-six months and years not one SACO member was detected.

Since W. A. Tarwater and his parents lived here for several years, he is remembered by a number of Scurry Countians.

Geral Dean Moffett Gets Inactive Leave

Given an inactive duty leave from the navy, 19-year-old Geral Dean Moffett, vaistick cadet, is now at home with his parents, Mr. and Mrs. D. L. Moffett of Camp Springs.

A 1943 graduate of Hobbs High School, Geral Dean took boot training at San Diego, California, after which he was assigned to radar and mechanic school at Norman, Oklahoma.

A member of the navy's V-5 cadet program, young Moffett then attended gunnery school at Miami, Florida. In civilian life he worked at Ballinger.

Joe B. Farr Goes to Dallas for Position

Sergeant Joe B. Farr, son of Mr. and Mrs. E. L. Farr of Snyder, has received an honorable discharge from the armed forces, and following visit here left Monday with his wife and small son for Dallas, where they will make their home.

Sergeant Farr entered the armed forces January 29, 1941, and served 18 months on Ascension Island.

Hoporable discharge to Farr was given September 26 at Fort Bliss.

Brightness Before Him.

Mary (returning from school)—"Jimmy Wilson's examination papers were so good that teacher keeps them on her desk to show visitors."

Mother—"But why aren't your papers as good as Jimmy's, dear? You have the same opportunities."

Mary (gravely)—"I know, mother, but Jimmy Wilson comes from a very bright family."

ABOUT FOLKS YOU KNOW

Mattie Shock spent the week-end at Abilene with friends and relatives.

Mrs. Leslie Holman visited Mrs. Lily Young at Lubbock over the week-end.

Mr. and Mrs. Otis Buffalo of Dallas are here visiting Mr. and Mrs. Frank Arrett.

Mrs. Will Sellers visited with her daughter-in-law, Mrs. D. Ile Sellers, at Hermleigh over the week-end.

Mr. and Mrs. Homer Snyder visited Mr. Snyder's parents, Mr. and Mrs. L. L. Snyder, at Roscoe Sunday.

Mrs. Henry Kelly left Saturday evening for San Antonio, where she visited her daughter, Freddie, for a few days.

Visiting Mr. and Mrs. H. P. Boyd and Mrs. William Faulk are Mr. and Mrs. H. A. Randles and son, Derrel, of Albany.

J. B. Roberson and family of Baird were here over the week-end with Mrs. Roberson's mother, Mrs. Blanche Teague.

Mr. and Mrs. Wesley Red of Lubbock visited Sunday afternoon in the home of Mr. Red's aunt, Mrs. J. K. Mitchell, and family.

Evelyn Dorman spent the week-end at San Angelo with Mr. and Mrs. Sam Barrett. Mrs. Dorman returned first of the week.

Mr. and Mrs. A. C. Kincaid and Mrs. Dell Smith and son spent Sunday at Lubbock with Mrs. Kincaid's mother, Mrs. T. M. Springer.

Arthur Rogers and family of Sunray visited Mr. Rogers' parents, Mr. and Mrs. D. R. Rogers, and other relatives and friends over the week-end.

Warrant Officer Vernon A. Johnson and wife of Oregon arrived here Sunday to visit for a few weeks with his parents, Mr. and Mrs. W. H. Johnson, and son, Pat.

Mrs. Ralph Johnston left Sunday to meet her husband at Lubbock, and they are spending the week at Amarillo, where Corporal Johnston is getting his discharge.

Mr. and Mrs. W. M. Wall had seven guests in their home for dinner Sunday. Relatives of various communities and Mr. and Mrs. Marvin Rogers of California were guests.

Guests in the home of Mr. and Mrs. Walter Holmes were Mr. and Mrs. Shelton Holmes and children of Abilene and Mr. and Mrs. Elvis Grimmett of Eunice, New Mexico.

Mrs. Ruthie Gilbert of Fort Worth returned to her home over the week-end after spending several weeks here with Mr. and Mrs. Henry Rosenburg and other relatives and friends.

Guests of Mr. and Mrs. Simon Best Sunday were Mrs. Lula Gale, Corporal and Mrs. Lewis Gale, Private David Gale and Cassie Rhaney, all of Colorado City, and Henry Gale of Phoenix, Arizona.

Staff Sergeant Kenneth Wilson arrived here Monday from Buffalo, New York, en route to San Diego, California, where he will receive his honorable discharge. He is the son of Mr. and Mrs. Edgar Wilson.

Mr. and Mrs. Howard P. Wiman, formerly of Memphis, Tennessee, have been here for the past two weeks visiting Mrs. Wiman's parents, Mr. and Mrs. E. W. Babb. The Wimans are in San Antonio this week.

Mrs. Roy Shahan left Tuesday morning for England, Arkansas, where she will visit a few days with her mother, Mrs. Addie Gurnon, who fell last week and has been confined to her bed since. Mrs. Gurnon is 85 years old.

Guests in the Frank Jones home are the wife and son of Mr. and Mrs. Tyson Terrell of Merkel.

Mr. and Mrs. Elmer Sadler spent Sunday at Big Spring. They visited Mr. and Mrs. Will Shepherd.

Mr. and Mrs. Emmett Butts, former Snyder residents now at San Angelo, were here Monday visiting friends.

Mr. and Mrs. O. A. Bidwell and children of Big Spring spent the week-end here with Mr. Bidwell's father, H. A. Bidwell.

Visitors in the H. O. Shoemaker home Sunday were Mr. and Mrs. O. A. Davis of Midland and Mr. and Mrs. H. H. Martin of Post.

Mrs. Harold Lee Holliday was a week-end visitor of her parents, Mr. and Mrs. R. E. Tamplin, and Mr. and Mrs. Lee Holliday at Ira.

Mr. and Mrs. Earl Fish and daughter, Mrs. John Lynch, Jr., visited Mr. and Mrs. Creston Fish at Lubbock. Mr. Fish stayed for an extended visit.

Mrs. Al C. Flack and son, Al C. Flack Jr., and his friend, Tom Norris, all of Wichita Falls, and Mr. and Mrs. Elmer O. Williams and their two children, Martha Ann and Charles, of Abilene, were Sunday guests of Mrs. H. V. Williams.

Mr. and Mrs. Elgar Eckhardt of Lakin, Kansas, visited here last week with Mrs. J. M. Dosk and other relatives. Mrs. M. A. White and children of Abilene and Chief Yeoman Royce Teague of the United States Navy also were guests in the Dosk home last week. Yeoman Teague has been in the Navy five years. Mrs. Dosk is Yeoman Teague's aunt.

Lowell Light Serves As Radio Patrolman

J. Lowell Light, 17, son of Mr. and Mrs. Floyd Light of Pyron, is stationed at San Pedro, California, in harbor and patrol defense as a radio man.

Light, seaman second class, enlisted last April and trained at San Diego. Seaman Light is a graduate of Arlington Heights High School in Fort Worth.

The Pyron boy attended Texas A. & M. College for one term.

Saving the Horse Flesh.

The farmer's wife rushed into the store. "Is this the druggist?"

"Yes, ma'am."

"Well, be sure and write plain on them labels just which is for the horse and which is for my husband. I don't want nothin' to happen to that horse before spring plowin'."

Beware Coughs from common colds That Hang On

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Hermleigh Pass Attack Smothers Tiger Squad 12-7

Unleashing a furious passing attack in the closing quarter, Hermleigh Coyotes defeated Vivian Tigers on Tiger Field Friday night by a score of 12 to 7. The third Hermleigh touchdown of the game came on the Tigers' own goal line.

Passing of Bill Don Kinney carried the ball from the Tigers' 48-yard line where the Coyotes had intercepted a pass. The Coyotes [illegible] the Tigers' goal line [illegible] Bill Don Kinney [illegible] Bill Don Kinney's pass to the Tigers' goal line.

The second quarter saw Hermleigh's Bobby Everett going over on a quarterback sneak after a series of running plays had carried almost the length of the field. It looked like the Tigers were on the march, but the Coyotes came back to stop the Tigers' drive when Bill Don Kinney intercepted a pass from John Frank Hensley and taking the Tigers' pass to the Tiger goal line gave it over to the Coyotes.

The second quarter saw Hermleigh and the ball ending with the score 7 to 6 in favor of the Tigers.

After the Hermleigh game winning score at the end of the third quarter, the Tigers came back after the kickoff to march down to the Hermleigh goal line before losing the ball on downs. The game ended before Snyder could get her hands on the ball again.

The Tigers led in first downs seven to six. Total yards gained was about even, with Snyder probably having a slight edge. The short forward wall held the Hermleigh boys to practically no yards on the ground. Byron C. Bynum, Snyder captain, played his usual steel defensive game, with Billy Joe Yost and E. J. Moore getting lots of tackles. Jack Gorman, in his linebacker position, played good defensive ball.

Outstanding for Hermleigh was the entire backfield, composed of Hoffler, Kinney, Kenneth Brookeen and Henry Gilford. The ends should get a share of praise for their pass snatching.

County Receives Big Tax Remits Monday

Monday was red letter day at Scurry County's tax assessor-collector office, for $2,900 in taxes rolled into the till.

Biggest item in Monday's collection of taxes was payment of $2,700 in taxes by the Roscoe, Snyder & Pacific Railway Company.

Total collection of county, state, and school district taxes, to date, totals $4,500.

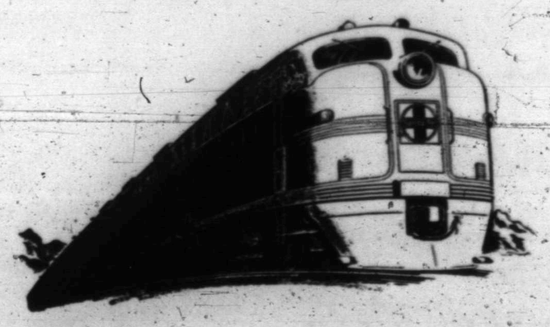
Doin' it with Diesels on the Santa Fe



Hauling heavy freights over the steep mountain grades calls for plenty of head-end power.

Santa Fe is providing a lot of that power with the greatest fleet of 5400 horse-power Diesel locomotives in American railroading.

80 of these blue and yellow giant "head-ends"—the most powerful freight Diesels in the world—are now in operation on the Santa Fe.

This dieselization program is one of many important steps by Santa Fe in providing the most modern freight equipment for the peacetime transportation needs of America's West and Southwest.

Six of the big fleet of Santa Fe freight Diesels at a service base.

Lyle Deffebach Elected Snyder's WTCC Director

[illegible] directors, in monthly meeting Monday evening appointed the director-at-large vacancy left on the West Texas Chamber of Commerce, and since all votes were for the eight planks are given as follows with vote by eight:

We hereby nominate for director to represent this city in the affairs of the organization Lyle Deffebach. Seconded Willard Jones.

Resolved, that the recommendation [illegible] meeting of the West Texas Chamber of Commerce.

In event the WTCC intended advertising campaign not being conducted to a letting some brings sufficiently encouraging results the executive board is hereby authorized to: (1) Continue and expand such campaign solely as a West Texas enterprise privately financed; (2) In its discretion, promote a broader all-Texas campaign of national advertising to be financed through a state legislative appropriation.

With the view of hastening reconversion and the return to peace-time economy, and as a means of hastening the curtailment of federal expenditures, the abolition of wartime bureaus, and reduction in federal taxation, we urge [illegible] speed in demobilization of the armed forces and a congressional declaration ending the war at the earliest time consistent with a national security.

Resolved, that Veterans' Business Opportunities be organized in West Texas communities, through their Chambers of Commerce, charged with the responsibility of seeking good business investments and opportunities for veterans in their own communities.

Resolved, that the Railroad Commission of Texas be urged to study and analyze the commodity and special rate structure of Texas compared with other territories of the United States, and that the commission institute suitable proceedings to secure parity for Texas with other territories on like commodities produced in volume.

For presentation and action at the directors and referendum assembly of any items on old business activities you want stressed, if any new regional activities not heretofore included in the WTCC work programs.

By cultivating the beautiful we scatter the seeds of heavenly flowers as by doing good we cultivate those that belong to humanity.—Howard.

Statement of Ownership, Management, etc. of The Scurry County Times

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACTS OF CONGRESS OF AUGUST 24, 1912, AND MARCH 3, 1933.

Of The Scurry County Times, published weekly at Snyder, Texas, for October 1, 1945.

State of Texas, County of Scurry ss:

Before me, a notary public, in and for the state and county aforesaid, personally appeared Willard Jones, who, having been duly sworn according to law, deposes and says that he is the publisher of The Scurry County Times, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in Section 537, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1.—That the names and addresses of the publisher, editor, managing editor and business managers are: Publisher Times Publishing Company of Snyder, Texas; editor, managing editor, business manager, Willard Jones, Snyder, Texas.

2.—That the owner is: [illegible] by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company or other unincorporated concern, its name and address, as well as those of each individual member, must be given. Times Publishing Company, Willard Jones, Snyder, Texas.

3.—That the known bondholders, mortgagees and other security holders owning or holding one per cent or more of total amount of bonds, mortgages or other securities are: None. Stephenville, Texas.

4.—That the two paragraphs next above, giving the names of the owners, stockholders and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5.—That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above is 2,643.—Willard Jones, Publisher.

Sworn to and subscribed before me this 5th day of October, 1945.—Hugh Boren, Notary Public. (My commission expires June 1, 1947).

Same as Before.

Hunter—"Henry, do you still act toward your wife the same as you did before you were married?"

Henry—"Just the same. I remember when I first fell in love with her, I would jump over the fence in front of her house and gaze at her shadow on the curtain, afraid to go in. And, I act exactly the same way now."

Modesty with Wings.

Old Maid—"Has the canary had its bath yet?"

Servant—"He has, ma'am. You can come in now."

Beasel Marchbanks Back with Discharge From 36th Division

A veteran of the campaigns in Italy and France, Corporal Beasel Marchbanks son of Mr. and Mrs. J. M. Marchbanks here, has been given his discharge from the U. S. Army.

Now 20 years old, Beasel has been assigned to the M-Day Police of the 36th Division. He was stationed here in November, 1944, on the Scurry County Coloraro C. Office Detachment, 4th Infantry.

Beasel attended Hobbs and Hobbs Business College in Abilene before entering the service.

Discharged with a rating of sergeant, Beasel wears the Bronze Service Medal, the European Theater Ribbon with Arrowhead for Normandy Invasion, the Purple Heart and the Bronze Star Medal and the Bronze Star medal.

Marchbanks was with the 36th Division for 20 months, and was in action in Italy and France. While attached to the Army he was decorated for his bravery in the Italian campaign.

Civil Service Plans Open.

Applications are solicited this week by J. O. Lillepop, Snyder U. S. Civil Service Commission secretary, that positions are now open for doctors and student dietitians in the Veterans Administration. Interested persons may be obtained from Lillepop at the Snyder post office.

[illegible]

Tuberculosis Spread Due to Carelessness In Early Treatment

"Carelessness and ignorance represent two of the most powerful factors in spreading communicable diseases from man to man, Snyder says people are informed.

No more emphatic example of this fact exists than the continued ravages of tuberculosis. In spite of the knowledge of its cause and spread, and of curative methods, tuberculosis is still a very serious problem not only in Texas, but throughout the United States," says Dr. George W. Cox, state health officer.

"It is true that tuberculosis no longer is first on the list of killing diseases, as it was formerly," Dr. Cox said, "but despite having been reduced to fifth place in Texas, it still is responsible for more deaths between the ages of 15 and 45 than any other disease. And this fact exists even though the majority of tuberculosis patients could have their condition arrested if it were recognized early and proper treatment applied.

"Treatment of the early recognized case is essential. It is of equal importance, from a public health viewpoint, that the spread of this devastating infection be prevented. A more intelligent application of this fact would result in the saving of thousands of lives.

"When a diagnosis of active tuberculosis has been made, an examination of all of the other members of the immediate family should follow as a matter of course. Tuberculosis runs in families, not because of any special susceptibility to the disease, but because it is communicable, being usually transmitted through close and prolonged contact with the active case."

To reduce the number of deaths caused by tuberculosis, Dr. Cox suggests periodic examination of all adults, a check-up by physicians of the known active cases and contacts, regular examinations of high school children, isolation or hospitalization of the active tuberculosis case, and a more intelligent application of hygenic living principles.

S. D. Hays Jr. Among Dischargees by Navy

S. D. Hays Jr., yeoman second class, U. S. Navy, was among 30 navy men formally discharged from the navy, the Eighth Naval District, Dallas, announced last week.

Hays is the husband of the former Jane Ann Montgomery of Snyder, who has been comfortable aboard with the navy in various theatres of operation.

Apples FOR YOUR "APPLE-A-DAY"

PIGGLY WIGGLY

One-Third of All Meats Now Are on Ration-Free List

[illegible]

Pork, which is not in the rationing list, will continue at the present point values for all cuts except pork hearts, livers and tongues—which are ration free.

Short ribs, plate, flanks shanks and boxes of lamb are now point-free regardless of grade.

Butter, margarine, lard and other fats and oils remain more present point values.

In addition to canned fish, other red point changes earned last week drop two to three points on all varieties.

Be On the Right Foot

Mary walked up to the bank teller's window and said: "I would like to buy some traveler's checks."

The clerk asked: "With denomination, please?"

Mary replied: "Methodist."

Call whenever necessary. Tires are almost unknown. Always a large stock to select from.

Congressman Mahon Visits President In Interest of Soldier, Surplus Cotton

Reminiscences from Washington, as prepared for the Times readers by George Mahon, 19th District congressman, follows:

Last week I joined with five other members of the Military Appropriations Committee in calling at the White House to discuss a number of matters with President Truman. The president was in good spirits and was looking well.

We pointed out that we had handled the appropriations of funds for and maintained the secrecy of the atomic bomb project, and we recommended that the subject of the atomic bomb secrets.

We told the president that members of our armed forces, particularly those abroad, were impatient with delays in the discharge program—that the War Department was losing prestige among the servicemen. We urged a speedy discharge program.

In the course of our conversation, I brought up the question of our six million bales of surplus cotton and asked the president to place the government behind a program for the most profitable disposition of this cotton. He said that he was greatly interested and was already giving the matter consideration. The friendly nations of the world need our cotton.

In Berlin recently I was told by the military staff that Germany was being permitted to resume certain non-war industries, and that the manufacture of the chemical rayon and synthetic fiber industry was being neglected. I insisted that America ought to see to it that the cotton textile industry is favored, affording a sales opportunity now and later for American cotton.

I think our government has a good opportunity to work out a program for the profitable disposal of cotton surpluses. Members of Congress from cotton producing areas have been requested to join in this effort, and the Departments of State and Agriculture have been requested to give immediate consideration to the question.

A large part of the surplus cotton is West Texas cotton, and we have much to gain if the program succeeds. Industrial policies are crystallizing all over the world, and America must try to prevent the world from slamming the door on American cotton.

Huge Delegation To Attend Singing At Rotan Sunday

Fisher County singing classes gathered to send four sled delegations Sunday to the Fisher County Singing Convention, which will convene at Rotan Sunday morning, 10:30 o'clock.

Hilda Williams, chairman, reports that the Stamps Baxter Mixed Quartet of Dallas and quartets from Lubbock, San Angelo, Abilene, Haskell and Sweetwater will appear on the program.

Rotan business men have undertaken the convention, first singing of its kind to be staged for Fisher County in several years.

An estimated 4,000 people from Fisher, Scurry, Mitchell, Nolan, Kent and other West Texas counties will be on hand for Sunday's convention.

Preceding the annual convention Sunday the Stamps Baxter Mixed Quartet will give a concert Saturday evening in the Rotan auditorium.

Sunday visiting singers will be taken care of at noontime in the Rotan School lunch room.

Leaving It As Was.

A man called up a bird store the other day and said:

"Send me 30,000 cockroaches at once."

"What in heaven's name do you want with 30,000 cockroaches?"

"Well," replied the householder, "I am moving today and my lease says I must leave the premises here in exactly the same condition in which I found them."

First Presbyterian Church

Services at the First Presbyterian Church Sunday follow: Sunday School, 9:45 a. m.; preaching services at 11:00 a. m. and 7:00 p. m.; Westminster Fellowship of Young People, 6:30 p. m.

Weather permitting, the session and families and any other who do not use stoves to bring the wherewithal and eat dinner at the noon hour, to be followed by a regular session meeting at 2:30 in the afternoon. It is hoped all elders will plan their day for this, as several important matters will be considered.

The public is welcome to all our services.—C. C. Dorley, Pastor.

Original Sayings.

Dieting is the triumph of mind over platter.

More Used Fats Will Assist Reconversion

Take it from the War Food Administration, each Snyder area housewife will need to save and turn in more used kitchen fats if reconversion—and a change-over to peace—is to be speeded.

By-products from used fats are needed for making synthetic rubber, soap, pharmaceuticals, lubricating oils and many other everyday necessities. Every drop of used fats which can be salvaged, scrapped and skimmed into the fat salvage can will hasten the return of many civilian articles and services which have been short during the war.

Pretty Hard to Do

One advantage of the electric razor is that it takes a pretty smart child to sharpen a pencil with it.

Former County Agent May Be Home Soon

Overseas since July of 1943, Lieutenant Colonel X. B. Cox Jr. former Scurry County agricultural agent, is now in France with the 101st Airborne Squadron.

Cox has been headquartering at Berchtesgaden, where several other area men have been. Present indications are that Cox and others in the 101st Airborne Squadron may be home by Thanksgiving.

DEAD CALM IN A HURRICANE? YES ☐ NO ☐

In the very midst of a hurricane you'd be safe! Its center is sort of "hollow" . . . calm. All weather packs surprises, you bet—especially Winter weather. Yet you can bet on having your aging car face it safely, with the engine's insides under guard of OIL-PLATING!

Changing to Conoco Nth motor oil is all it takes for an OIL-PLATED engine—fortified throughout with lubricant bonded to metal direct, by the magnet-like action of Conoco Nth oil's added ingredient! OIL-PLATED metal defies corrosion and other wear. Surfaces kept OIL-PLATED during long cold waits have protective lubricant ready *in advance* to minimize starting wear. And always—the less wear, the less reason for carbon, sludge, and breakdown. You bet you want Conoco Nth oil for Winter. Change today.

CONOCO

For Station Identification!
The big red Conoco triangle identifies Your Mileage Merchant's Conoco station. There's where to get good gasoline today. But look for new hushed power—new high-octane—in his NEW-DAY GASOLINE! It's coming quick! —*WHERE YOU SEE THAT RED CONOCO TRIANGLE!*

NOTICE TO BIDDERS

The Commissioners Court of Scurry County will receive bids until 10:00 a. m. Monday, October 22, 1945, for the purchase of two tandem drive six-cylinder diesel motor graders of not less than 75 drawbar horsepower and weight not less than 21,500 pounds, equipped with 13.00x24 rear tires and 7.50x24 front tires. The purchase of this equipment will be paid by issuance of legal warrants in the maximum amount of $12,000, with a maximum maturity date of the year 1949 and an interest rate of 5 per cent. Right reserved to reject any and all bids.—F. C. Hairston, County Judge. 19-2c

NOTICE TO BIDDERS AND OF INTENTION TO ISSUE WARRANTS

Notice is hereby given that sealed bids will be received by the Commissioners Court of Scurry County, Texas, up to 10:00 o'clock a. m., on November 12, 1945, in the office of the County Judge at Snyder, Texas, for the purchase by said county of road machinery to be used in the construction and maintenance of public roads of said county, such machinery being generally described as follows:

Two diesel powered four-wheel drive and steer motor graders equipped with closed cab, 13-foot blade and two two-foot blade extensions, with drawbar, and equipped with 14.00x20 tires.

The successful bidder shall be required to give bond in the full amount of the contract price for the faithful performance of such contract, executed by some surety company authorized to do business in this state. The court reserves the right to reject any and all bids.

Notice is hereby further given that it is the intention of the Commissioners Court of Scurry County, Texas, to make payment of all or a part of the purchase price of such machinery by the issuance of interest bearing time warrants of said county and that on November 12, 1945, a Commissioners Court of Scurry County, Texas, will enter its order authorizing the issuance of the interest bearing time warrants of said county in the maximum amount of $10,000.00 maturing serially over a maximum maturity of not exceeding four years and of not later than April 10, 1949, and bearing a maximum interest of not exceeding six per cent per annum from date; such warrants will be issued in payment of a part of such machinery cost and will be payable from the constitutional road and bridge fund of such county.

This notice is given in strict accordance with the provisions of Chapter 163, Acts of the regular session of the 43nd Legislature of Texas, and pursuant to an order of the Commissioners Court.—F. C. Hairston, County Judge, Scurry County, Texas. 19-2c

Let's Finish the Job!

With the fine start Scurry County has on the United War Chest drive, there is no reason why the campaign cannot be concluded over the top this week.

We have been advised of United War Chest needs here and abroad, and at this stage of reconversion we cannot afford to break faith with our boys overseas by failing to reach our quota.

Let's finish the job! Let's get war chest money going to the agencies which must survive from free-will gifts, and show the world that each will contribute a Scurry Countian's part!

The GI's Come Home

Snyder area people are mighty happy to see some of the GI Joes getting back home with honorable discharges from military service, and are still gladder that the boys and girls are fitting right into the area and regional reconversion picture.

Our returning men in service are plenty glad to be back home, among friends and loved ones, and declare without reserve that this is truly the greatest spot on earth.

Through the months ahead we will have urgent need of our discharged service men in helping Snyder and Scurry County become a richer community in which to live and a more enticing land in which to rebuild farm and ranch into some of the state's most productive sectors.

Clear Heads Choose--

In a package store I saw a sign which said: "Clear heads choose Calvert's." This advertisement is being used in magazines and in package stores to advertise this brand of whiskey. It is a false statement, as many advertisements used by liquor dealers are.

"Clear heads let liquor of all kinds alone." If you have a clear head when you begin to drink, your brain will soon become befuddled. The fact is, the liquor dealers have a hard time with reference to their advertisements. If they would be honest and straightforward in telling and showing the effects of their wares, they would soon be out of business.

A popular Texas brewery had as their slogan a few years ago: "Think before you drink." It is a good slogan for the dry cause. If one will just think of the waste, degradation and pain occasioned by drink he will let it alone. For: "At the last it bieth like a serpent and stingeth like an adder."

Lower Taxes–At Last

It was rather shocking to many to fully realize that for the first time in 16 years a secretary of the U. S. treasury has really recommended that Congress take off some taxes—instead of making the tax burden just a little heavier.

Vinson virtually is only suggesting some very moderate proposals and he will likely disappoint some who had forgotten that the war hasn't yet been paid for. He also will disappoint those who failed to remember that the war's aftermath will keep the government's spending level far above any peace-time budget known previously.

It is doubtful if the taxpayers can stand very much of this talk about lowering taxes, for the battle cry for over a decade has been more and more taxes. But considerable reassurance for taxpayers lest they have heart attacks, is contained in the statement that the really big job of overhauling the federal tax structure will have to wait until next year.

Editorial of the Week

FOR JOBS WELL DONE

"Democracy at Work" would have made an appropriate sign over the establishments of America's War Price and Rationing Boards these last three years. That the establishment often was the corner of a stable, or a local citizen's parlor gave added democratic flavor. Farmers, attorneys, teachers, bankers, auditors, salesmen, barbers, housewives—busy people all—gave freely of their time and unselfish efforts to insure that neighbors and townsmen received their fair share of war-scarce goods.

It took wisdom and tact to know when and how to say "yes" to the mother's request for an extra coupon for the lad whose energies had no mercy on his shoes, and "no" to the big business man who pleaded for more than his allotment of tires and gas. Yet, except for isolated incidents, and despite friendly, and not so friendly pressures, the board volunteers kept remarkably free from political interference and favoritism, thus helping to maintain civilian confidence and morale.

Everyone will rejoice that circumstances now permit closing the majority of the boards, but they should not be disbanded without a hearty "Well done!" from all Americans.—The Christian Science Monitor.

Words Not in Your Dictionary

ATLAS—The fellow who would have to be a lot stronger today to lift this world with all its taxes.

WOMAN CATCHER—He used to catch her in his arms before they were married. Now he catches her in his pockets.

WOMAN—The person who married you for life—and now expects you to show some.

Current Comment

Editor's Note—Expressions or opinions contained in this column are those of the writer and do not necessarily reflect the opinions or policies of The Times. Current Comment is merely carried as a feature column.

BY LEON GUINN

Doubtless we will send to go a police force in Japan for many years, but only with proper rotation and with fast return of service men after a reasonable amount of policing service. We probably can never fathom the Oriental mind in its mystic wanderings, and while we all admit the Japs ought to be skinned alive and boiled in oil, we seem committed to return something of the Christian spirit in retribution for all the atrocities committed against our boys. . . . Therefore, we will not have a standing army of several million boys in Japan, if the American citizen has his say about things. . . . After all, the average citizen is the one who pays the bill, and that is the most important ingredient of "policy"—here or elsewhere.

☆

Since half of the world's 2,000,000,000 people have never had really enough food to eat, this nation's predictions, through certain government officials, that we will have at least 8,000,000 unemployed persons by next spring sounds rather useless—if we can prevail upon labor to accept sensible wage levels and help agriculture with the gigantic job ahead. . . . We will have, frankly, one of the biggest jobs in history in trying to provide food for the earth's many races, and surely, if we do that job well, we can take up considerable slack on the unemployment front.

☆

"Our rations" writes Foy Wade, baker second class with the armed forces on Okinawa Island, "are back like they were when we first got off K rations. . . . Has been that way for three or four weeks. . . . I noticed a piece in the paper where Leon Guinn wrote about dehydrated articles being so good after the war that people would be bleyed with them. . . . They would not have to carry a big volume of groceries home, etc. . . . I plan on writing him, but in case I don't call him and tell him that is very misleading to people who never ate them or who never saw any. . . . We have had them most of the time now for over eight months, and it doesn't take but one meal to let you know his article is wrong—no comparison in their taste and food that is not dehydrated. . . . Tell him I said to try them for a few days and he would write another article—but it would be very different. . . . Anyway, for me, I never want to even look at any more of them and hope we can soon get some fresh rations."

☆

Foy, bless his heart, had reference to part of Current Comment of June 14, 1945, in which statement was made that the army had been so successful with new canned products that major packers were studying post-war possibilities with dehydrated foods in general. . . . In answer to Foy's letter, this person first of all has partaken of army rations—including the much discussed K ration, and finds this particular food rather "lousy." . . . Reference in the article, of course, was made to post-war foods, and if recollection is correct this statement was made:

☆

"There is no reason, after the war, why consumers should lug home big parcels of foods like sweet potatoes, apples and pork, when proper dehydration will not only save space and storage, but will make daily living more of a "pleasure." . . . This statement still stands, and after the war we will see "proper dehydration" utilized in moving numerous foods to retail channels. . . . According to GI Joes over the world, there is no indication that present army foods dehydrated have reached a perfection stage at all, and their K rations are still "lousy." . . . Proper dehydration means, primarily, that all such food must be edible—above all—even a year after processing, and after the war there will still be much progress to make before science successfully can dehydrate foods and retain flavor and keenness of the original "fresh" taste.

☆

We yet must, as General Robert E. Lee said as the close of the Civil War, "march with the men," and will assuredly see the age of widespread dehydrated canned goods unfold before us in a much more perfected stage than GI Joes saw under war-time stress in canned emergency rations—dehydrated—which were really intended to keep the body together until more edible "groceries" could be obtained. . . . There is no doubt but that "proper dehydration" of foods in peace will mean use of different metals than tin to seal them in; wider utilization of paper products to keep the stuff fresh and entirely different processing formulas to make dehydrated foods retain a "garden fresh" or "fresh from the hoof" flavor.

☆

Despite good intentions of the Allied nations, a bitter commercial dispute is going on behind the scenes over what will be done with the Japanese textile industry. . . . The British, for example, want the industry curtailed severely—or even abolished—so British mills can regain their former business in India and the Far East. . . . The Dutch want something of a moderate attitude toward the Japs, and the United States, having no great direct stake in textiles, is attempting to play the part of an honest broker. . . . Recent examples at Mineral Wells of successfully producing silk for hosiery and lingerie give a hint of what could be done here in the United States to add to the Jap textile problem. . . . Really, if the Japanese were all respectfully clothed, there would be no Jap textile problem, from an economic standpoint, for several years, but since politics must needs enter the picture, there is not much telling just what eventual solution will be worked out.

Used Fats Salvage Will Speed Return Of Essential Items

Each Scurry County housewife is this week urged by the U. S. Department of Agriculture to increase collection of used fats and turn the oils in to the local grocers and butcher in order that the reconversion program may be speeded up.

E. C. Munro of the Production and Marketing Administration points out the housewives will receive four red ration points for every pound turned in at collecting centers.

Increase in red points for kitchen fats indicates clearly the county's 2387 housewives are informed the serious shortage of industrial fats in the United States.

By turning in fats regularly the housewife can speed the return of many hard-to-get items essential to every day living. Salvaged fats are used in manufacture of soaps and soap flakes, nylon stockings, cotton and woolen goods, tires, electrial appliances and telephones.

Mistaken Identity.

"Why did the foreman fire you?"

"Well, you know the foreman is the man who stands around and watches the others work."

"Yes, anyone knows that. But why did he fire you?"

"Everybody thought I was the foreman."

Luzon Soldier

For exemplary conduct, Private First Class Arvil Martin of Dunn, 32nd Infantry Division in Northern Luzon, has been awarded the Combat Infantryman's Badge. His wife, Jly Nell Martin, and son, Tommy, reside at Ira with her mother.

Albert Kuss Takes Treatment for War Wounds at Santone

Private First Class Albert K. Kuss, husband of Mrs. Mary C. Kuss of Hermleigh, was among recent arrivals at Brooke Convalescent Hospital, Brooke Hospital Center, Fort Sam Houston, where he is a patient.

Private Kuss served overseas nine months with Company L, 301st Infantry Regiment, 94th Division, in the European Theater of Operations.

The Hermleigh soldier saw combat in France and Germany, where he was wounded. He returned to the United States April 4, 1945, and wears the European Theatre of Operations ribbon with two battle stars, Good Conduct Medal, Purple Heart and the Combat Infantryman's Badge.

Kuss entered the army September 27, 1942, and took his basic training in Kansas.

After processing in the Receiving Company at Brooke Convalescent Hospital, patients are assigned to various companies, depending upon the nature of their wounds or injuries. A company medical officer personally supervises their return to full health.

Arvil Martin Earns Badge in Luzon Fight

With the 32nd Infantry Division in Northern Luzon for the past eight months, Private First Class Arvil Martin has been awarded the Combat Infantryman's Badge for exemplary conduct in conduct.

Martin, Dunn community youth, has been in service since July, 1944. He trained at Camp Roberts, California, before beginning overseas duties in March of this year.

A veteran of the Luzon campaign, Martin holds the Purple Heart, Asiatic-Pacific and the Philippines Liberation Medal.

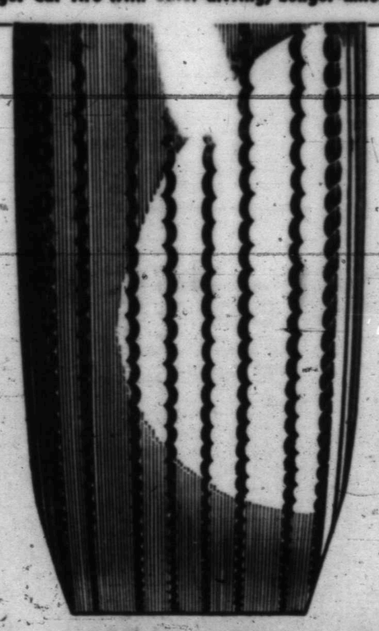
NEW B. F. Goodrich PASSENGER TIRE
OUTWEARS PREWAR TIRES!

New Passenger Car Tire with Safer-driving, Longer-mileage features



New, better Synthetic Rubber
Developed by B.F.Goodrich—it's far better than ordinary synthetic rubber. Helps the new tire run cooler, wear better. It resists cracking, bruising and damage from accidents better too.

New, "Road Level" Tread
35% stronger tire body makes possible tread with a flatter contour—its whole width touches the road. More rubber on the road to share the wear—*evenly*. The tread design has hundreds of skid-resisting curves to grip—and stop quickly!

16,800,000 Test Miles
Has more test background than *any previous* B. F. Goodrich tire. Extensive laboratory tests *plus* 16,800,000 miles of actual road tests—on taxi fleets, police cars, and the B.F.Goodrich test fleet—*proved* it outwears prewar, natural rubber tires!

3 years' EXTRA synthetic tire experience
Three full years before *any other manufacturer*, B.F. Goodrich sold tires made with synthetic rubber to American motorists. This extra store of experience shows up in extra mileage . . . extra safety . . . extra value.
