# THE SNYDER DAILY NEWS

VOL. 8, NO. 72 — SNYDER, TEXAS, TUESDAY, JULY 23, 1957 — EIGHT PAGES—PRICE 5c

**EIGHT KILLED IN JALOPY**—Eight youngsters were killed at Somerset, Ky., when their rattle-trap car was rammed by a freight engine after a day of joy-riding. Five of the youngsters, aged 12 to 17, were pinned in the car, which burst into flames. The engine dragged the auto a half mile.

# Three Are Brutally Slain

HOBBS, N.M. (AP) — Searchers discovered the bodies of two young women today several hours after a Carlsbad truck driver was found brutally slain on a lonely highway west of here.

Identification was not made immediately but officers believed the bodies were those of Dorothy Fern Gibson, 23, and Barbara Lemmons, 23, both of Hobbs.

There had been signs of a terrific struggle at the edge of U.S. 180 about 36 miles west of Hobbs where truck driver J. B. Cantrell, 27, of Carlsbad was found early today. He had been shot at least four times by a .22 caliber weapon.

There was no immediate word on the manner by which the young women met death. Their bodies were found about 14 miles east of Hobbs at 10 a.m. (MST)

This was considerable distance from the spot, on U.S. 180 about 36 miles west of this southeastern New Mexico oil town, where Cantrell's body was discovered just after 4 a.m.

The truck driver had apparently stopped to help the two women travelers, who had a flat right front tire. Officers said Cantrell had been hit at least four times by bullets.

Floyd Smith, an employe of Blankenship Lumber Co., Midland, Tex., discovered Cantrell's body as he drove on the scene about 4:10 a.m. today.

Cantrell, who had a wife and two children, was formerly employed by Amerada Petroleum Co. at Dalhart, Tex., Ferguson-Steere said.

Police found evidence of a terrific struggle at the scene. Mrs. Lemmons' high school class ring was found on the ground next to the car and the purses of both women had been left in the vehicle.

This led state police to believe the women had been taken away against their wills.

Cantrell had been shot four times, in the head, in the chin and in both hands. Officers said they found .22-caliber cartridges on the ground at the scene.

The truck engine still was running but had not overheated and Cantrell's body was still warm when discovery was made about 4:30 a. m.

## LATE BULLETIN

**KNOXVILLE, Tenn. (AP) — An all-white jury today convicted John Kasper and six Tennessee defendants in the Clinton segregation trial.**

**Completely upsetting defense predictions of blanket acquittal, the jury found Kasper and the six Clinton defendants guilty on all three counts of criminal contemps. It acquitted four of the so-called "Clinton 10."**

### COUNTY ACCIDENTS

| Month | Vehicles | Fatalities | Injuries | Damage |
|---|---|---|---|---|
| Jan. | 15 | 1 | 4 | $ 4,700 |
| Feb. | 15 | 0 | 3 | 15,325 |
| Mar. | 12 | 0 | 0 | 3,110 |
| Apr. | 15 | 0 | 4 | 5,075 |
| May | 10 | 1 | 6 | 5,705 |
| Jun. | 14 | 0 | 6 | 5,080 |
| Jul. (to 23rd) | 24 | 2 | 10 | 16,980 |
| Totals | 105 | 4 | 33 | $55,975 |

These include only accidents investigated by highway patrolmen.

*NO TIME TO LIVE*

## Area Accidents Zoom In July

"People just don't have time to live," Arthur Dyson, highway patrolman here said this morning while discussing the high accident rate here this year.

While the accident rate was high during the first six months of the year, it has zoomed to even greater heights during July.

With only slightly more than half of the month gone, July is already by far the biggest month so far this year in accidents here. There have been two fatalities here this month, compared to two for the entire first six months of the year.

Up to now, the highway patrol and sheriff's department here have investigated accidents involving 124 vehicles. There were four fatalities, 38 injuries, and $64,020 in damages, according to conservative estimates.

In the accidents investigated by the highway patrol, there were 33 injured. Thirty-nine drivers in those accidents had traffic violations. There were 105 vehicles involved.

Accidents in July investigated by the highway patrol here so far have involved 24 vehicles. Ten persons were injured, and there was $16,980 in property damage. The 24 cars were involved in only 13 accidents, meaning there were eight one-car crashes.

These figures do not include the many accidents investigated by the Snyder police department.

Fatalities so far this year included George Elliott in January, Mrs. Nell Darby in May, and Van D. Sumruld and William L. McCumpfey in July.

July is already the highest month in number of vehicles involved, fatalities, injuries, and property damage.

# House Okays Increase In Postal Pay

WASHINGTON (AP)—The House today passed a bill granting an across the board pay raise of $546 a year for 518,000 postal workers.

There were predictions of a presidential veto if the Senate also passes the measure, estimated to raise government costs 318 million dollars annually.

The vote was 379-38. This is far above the two-thirds majority that would be necessary to enact the legislation over a veto.

A Senate committee has approved a 7½ per cent pay increase—about 5 per cent below the House figure—plus some upward cost of living adjustments for the postal workers.

The average salary of postal workers is now about $4,340 a year.

The talk of a possible veto stems from President Eisenhower's expressed opposition to any general pay increase for federal workers at this time on grounds that the government as well as private citizens should avoid anything that could add to inflationary pressures.

Chairman Murray (D-Tenn) of the House Post Office Committee, who opposes the bill, told the House in debate: "I am confident that no pay increase at this time will be approved by the President."

Rep. Halleck (Ind), a Republican leader, said the measure was "not in line with administration policy." Rep. Arends (R-Ill) said he believed it would never become "the law of the land."

## Successor To Pope Talked

NEW YORK (AP)—The Vatican-approved biographer of Pope Pius XII said today Francis Cardinal Spellman of New York is "mentioned very prominently" in Rome as a possible successor to the 81-year-old pontiff.

Seamus Walshe, an Irish educator who is on a sabbatical leave from the Notre Dame International School in Rome, arrived today aboard the Italian liner Cristoforo Colombo to begin a six-month lecture tour of the United States. He will speak on the Vatican and the life of the Pope.

Archbishop Giovanni Montini of Milan also is considered as a possible successor to the Throne of St. Peter, Walshe said.

Auuhor of a "human and personal" biography of Pope Pius XII Walshe is in charge of grammar and high school divisions of the prep school for children of Americans living in Rome.

# Rain Hits County, Many State Areas

Early morning thundershowers brought more moisture to Scurry County today.

Heaviest showers fell in the south part of the county, with half an inch reported in the Ira area, and .7 at Hermleigh.

The rain apparently was heavier to the southwest. A total of 1.3 inches was gauged at the Snyder pump station at Lake J. B. Thomas. The Big Spring pump station had .5 of an inch.

There was no rain this morning at Fluvanna and only .1 of an inch was reported at Camp Springs. However, Midway had .7.

A brief shower which started at about 6:30 a.m. in Snyder produced .07 of an inch.

In the area west and southeast of Hermleigh, showers ranging up to .7 were reported, and good showers fell in other areas in that part of the county.

Lake J. B. Thomas was catching some water this morning, but the flow had not yet raised the elevation appreciably.

By The Associated Press

Light and scattered rains continued over Texas Tuesday after Monday's downpours refreshed croplands and brought pleasant temperatures to widespread areas.

Mineral Wells received .23 of an inch and Van Horn .02 early Tuesday. Rain also fell at Austin and Lufkin.

Overnight low temperatures ranged from Dalhart's 59 degrees to 81 at Galveston and Palacios.

Abilene reported a heavy rain to the north with light rain at its weather station.

A raincloud was spotted to the northeast of Del Rio, on the border.

Light rains also fell at Wichita Falls and Junction during the morning.

College Station got 1.79 inches in the 24 hours ending early Tuesday.

The extremely spotted rains continued for the sixth day in the Big Bend ranch country.

The Texas Highway Patrol estimated up to 5 or 6 inches fell between Marathon and Sanderson Monday. Marathon reported less than a half an inch, but 4-inch rain gauges overflowed on the ranch of Steve Stumburg 20 miles west of Sanderson.

Stumburg said the rain stopped a few miles east of his place. He said he may have lost as many as 300 sheep in a flash flood but hadn't been able to check on his losses.

The deluge also did considerable damage to shoulders along a 20-mile strip of U.S. 90 that is being rebuilt. A track washout 15 miles west of Sanderson interrupted Southern Pacific traffic for several hours.

Monday's rains extended south of Marathon at least 15 miles, with one ranch reporting 1½ inches.

One ranch north of Alpine reported an inch.

The spotty nature of the rains was illustrated by reports to Alpine. One ranch reported over 2 inches while a neighbor 5 miles away received none.

Recent rain reports include: Denison 2.08 inches, El Paso 1.10, Greenville 3.37, Spur in West Texas .33, Seymour .20, Brownwood .17, Palestine .14 and lesser amounts at Austin, Mount Pleasant, Livingston, Snyder and Kerrville.

An airline pilot reported a heavy rainstorm between Abilene and Mineral Wells at midmorning Tuesday.

The rains resulted from masses of warm and cool air from a band of low pressure extending from Mexico northeastward across Texas. It has been hovering over Texas for three days.

## SPOT MUSE

**ABOUT THE ONLY** evidence left of the rodeo is the "Hitching Post" erected by the Jaycees on the west side of the square. Fortunately, they didn't leave anybody "hitched." Elsewhere, the "rodeo atmosphere" had disappeared. The traditional flags and bunting came down Saturday night almost by the time the final event was concluded in the arena.

**TWO AREA men are charter members of the new Texas Tech chapter of Phi Delta Kappa, professional fraternity for men in education. They are Loye Y. Hollis of Gail and Joseph M. Glass of Snyder. Sixty-eight public school teachers, administrators, Tech staff members and full-time graduate students are members of the new chapter. The chapter's officers were installed last Saturday in Lubbock.**

The commissioners court here, sitting this week as a county board of tax equalization, figured it would finish its work today. There have been several tax representatives from various companies visiting the board. There are no changes in values this year.

## Fire Injures Six Marines

LAKEHURST, N. J. (AP)—Six Marines were injured fighting a forest fire which threatened a housing development and two factories before it was brought under control early today.

The blaze consumed 1,000 acres of parched scrub pine and hardwood. It was declared under control and almost out at 11:45 a. m. by the central Jersey fire warden, Bernard C. Bartlett.

Three of the Marines, assigned to the Naval Air Station here, were hospitalized with second and third degree burns. They were identified as Maj. E. E. Kaufer, commander of the Marine Barracks, Lt. Thomas F. Kelaher, executive officer, and Pfc. John Frederickson.

## Army Is Cutting Its September Draft Call

WASHINGTON (AP)—The Army announced today it is cutting its September draft call to 8,000 men, compared with a quota of 11,000 in August.

A Defense Department announcement said "the lower level of calls reflects the decision to reduce the number of personnel in the armed forces, announced July 16 by the secretary of defense."

Secretary Wilson said then that strength of the armed services would be cut by 100,000 men over a six-month period.

## Cotton Ginning Report

MERCEDES, Tex. (AP) — Cotton ginnings in the Rio Grande Valley totaled 60,524 bales for the week ended Sunday, the Valley Farm Bureau said today.

*IN RAIN*

## One Hurt In Mishap Near Here

One man was only slightly injured at about 7 0'clock this morning in a two-vehicle accident three miles south of Snyder on State Highway 208.

He was E. W. Cox of Colorado City, who was taken to Cogdell Memorial Hospital by Bell ambulance and was released after emergency treatment.

The accident involved a 1950 International truck driven by Charles S. Stewart, 56, route 2, a toolpusher for Forsan Oil Service, and a 1955 Ford driven by Melvin Thigpen, 20, of Colorado City.

Cox was a passenger in the Ford, having been hitchhiking and picked up in Dunn by Thigpen.

Arthur Dyson, highway patrolman who investigated, said the accident happened during the early morning rain and that the Ford hit the truck from the rear.

Damage to the car was about $400, that to the truck none.

## Another Fatality Is Recorded Here

Scurry County recorded its second fatality of the weekend last night when William L. McCumpfey, 27, died in Cogdell Memorial hospital.

Mr. McCumpfey, who lived on Route Three, Snyder, had suffered severe injuries in a one-car mishap at about noon Sunday. The mishap occurred five miles west of Ira on Farm Road 1606.

He sustained two broken clavicals and fractured ribs when his 1951 Studebaker overturned.

Mr. McCumpfey died at 7:30 p. m. Monday.

The body was taken to the Bell Funeral Home here, where funeral arrangements were pending. Immediate survivors include his wife, and his parents, who live in Little Rock, Arkansas.

## Hot Radio Show

WHEATON, Md. (AP)—Disc jockey Earl Robbin of station WDON told his radio listeners he had the "hottest show in town." He had firemen on hand to prove it. A fire started in the station's transmitter room during the program. Damage was negligible.

## PROPOSAL TO BE STUDIED

A special committee of the Snyder Junior Chamber of Commerce is scheduled to meet Wednesday morning with Scurry County commissioners to discuss a proposal for several county projects.

The session, which is set for 10 a.m. in the courthouse, was scheduled last Friday when Jaycees authorized a study with a view toward pushing for several projects. Four members of the commissioners court attended the Jaycee session and agreed to meet with the special committee at the announced hour Wednesday.

Charlie Blakey, Jaycee president, has instructed the special committee to report back to that organization by Aug. 15, at which time the Jaycees will decide if specific projects will be sought.

Some of the projects under consideration in the study include a junior college, new courthouse, coliseum, auditorium, addition to the Cogdell Memorial Hospital and additional parks and recreation facilities.

## Planes Drop Ultimatum To Rebel Forces

LONDON (AP) — British planes have scattered leaflets bearing a 48-hour ultimatum to rebel forces to evacuate the area of Nizwa in the desert sultanate of Muscat and Oman.

This was announced today at the Persian Gulf oil center of Bahrain by ir Bernard Burrows, British political resident in the area. Nizwa, ancient capital of Oman in the foothills of the kingdom, has been taken over by tribal rebels along with about 5,000 square miles of territory.

Foreign Secretary Selwyn Lloyd told the House of Commons British forces intend to seal off the territory in southeast Arabia to prevent arms reaching the rebels from "outside" areas, presumably Saudi Arabia.

The most effective method of dealing with the situation is to see that means of entry of arms should be closed off and that is what we propose to do," he said.

The British plan was reported to consist of three stages.

## Strong Earth Tremors Recorded Last Night

NEW YORK (AP) — Two fairly strong earth tremors probably somewhere in the Aleutians, were recorded last night on the Fordham University seismograph.

The first was recorded at 7:56:03 and the second at 8:05:08 p. m.

The Boston College observatory "fairly strong" earthquake 4,700 miles northwest of there, "probably in the Komandorskie Islands in the Bering Sea."

The quake was recorded at 756:03 p.m. EST.

## Insulting Articles

BEIRUT, Lebanon (AP) — Two journalists of left-wing newspapers were jailed today on charges of writing articles insulting to President Camille Chamoun.

# Ike Supports Objectives Of Fight For Civil Rights Bill

WASHINGTON (AP)—Sen. Knowland (R-Calif) said after a White House conference today that President Eisenhower is supporting the fourfold objectives of the administration's civil rights bill now under attack in the Senate.

Knowland, the Senate mimority leader, said Eisenhower's position remains as it was stated in a written statement last week.

In the statement, Eisenhower said he hopes the bill will provide for protection of civil rights in general, as well as voting rights. He also called for establishment of a civil rights commission and a new civil rights decision in the Justice Department.

Knowland said Eisenhower's reiteration of this position at a meeting with GOP congressional leaders could be interpreted as indicating the President opposes efforts to narrow the bill's scope to provide only for protection of voting rights.

This issue has been put before the Senate by Sens. Anderson (D-NM) and Aiken (R-Vt) with an amendment to strike out the provision of the House-passed bill aimed at enforcement of racial integration and other civil rights decisions.

Knowland said the leaders did not discuss with Eisenhower an amendment by Sen. Bricker (R-Ohio) offered in an attempt to save part of this section of the bill.

Bricker proposed that enforcement action on general civil rights could be undertaken only when the President issued a directive.

Knowland said he is confident the Senate will reach a vote today on the issue of narrowing the bill's scope.

"I am ready to agree to a time to vote on that question," he said. "I think we can get such an agreement."

Knowland said he expects the Senate will pass an "effective" bill in the next few weeks.

The Anderson-Aiken amendment would knock out most of the section III of the bill. Its backers are claiming enough votes to put it over, but Knowland said he thought there were a number of doubtful votes.

## Pilots Are Killed In Crash Of Skyraiders

CORPUS CHRISTI (AP) — Two Navy A-D Skyraiders in the same formation crashed within a 25-minute period yesterday, killing both pilots.

The Navy identified the victims as Aviation Cadet William Nelson, 23, of Napa, Calif., and Ensign Arthur Bluemke, 23, of West Hempstead, N.Y.

The jets were part of a five-plane formation from Cabiniss Naval Air Station here.

Nelson's plane crashed near Rockport, south of here, and Bluemke's aircraft crashed 25 minutes later near Cabiniss Field.

## WEATHER

SNYDER TEMPERATURES: High Monday, 93 degrees; low, 68 degrees; reading at 7:30 a.m. today, 70 degrees; precipitation, .07.

East Texas: Partly cloudy Tuesday and Wednesday with scattered showers and thundershowers. Not much change in temperatures.

North Central Texas: Partly cloudy Tuesday and Wednesday with widely scattered mostly daytime thundershowers. Not much change in temperatures.

North Central and West Texas: Partly cloudy Tuesday and Wednesday with scattered mostly afternoon and nighttime thunderstorms. Not much change in temperatures.

# Convicted Doctor Still Has Hopes

COLUMBUS, Ohio (AP)—Convicted wife slayer Dr. Sam Sheppard, still seeking freedom after three years, today saw one hope crumble almost in his hand, but another glimmer of hope arise in Iowa.

Only hours after the unofficial "Court of Last Resort" pulled out of the Sheppard case in the face of Gov. C. William O'Neill's reversal of his permission for a lie detector test for Sheppard, a "missing witness" turned up in Waterloo, Iowa.

The witness is Ernest James Kilofolias, 32-year-old merchant seaman who says he hitchhiked a ride with an agitated young driver the night Mrs. Marilyn Sheppard was clubbed to death in her bed in Bay Village, Ohio, a Cleveland suburb. He plans to try to identify, later in the day, pictures of Donald J. Wedler, 23, who has "confessed" the July 1954 slaying of a woman in a Cleveland suburb under conditions which, to a degree, parallel the Sheppard killing. No Ohio officials were available for comment on the Kolofolias development.

But, from Sheppard's viewpoint, the decision on the "Court of Last Resort" to drop his case is bad news indeed.

If the handsome 33-year-old osteopath really is innocent as he insists, the "court's decision" capped the climax of a three-year nightmare.

From the four corners of the nation, experts under the sponsorship of the unofficial "court of last resort" had gathered to prepare for a lie detector test on the man convicted in one of Ohio's most celebrated murder cases.

Just before he left for a long-planned European tour, Sheppard's co-counsel, Ohio's Lt. Gov. Paul M. Herbert, had carried to Gov. O'Neill Sheppard's consent to be subjected to a polygraph (lie detector) test.

Then, in a hetic day of developments, O'Neill reversed his permission for the test and, in a hotel less than a mile from the Ohio Penitentiary where Sheppard is serving a life sentence for second degree murder, the "Court of Last Resort" decided it had come to the end of the line—and withdrew from the case.

The head of the "Court," mystery story writer Erle Stanley Gardner, visibly irked by O'Neill's reversal of position, said he is dropping all further efforts to aid Sheppard and added:

"We are just going to pick up the pieces and go back to making a living. We are just going to get the hell out of here and we are not coming back unless pressure from readers of the "Court of Last Resort" (an Argosy Magazine feature) is so great that we must

# July Rains To Help Area Crops

July's first rainfall, which hit this area this week, will be helpful to crops here in a number of ways, according to Oscar Fowler, county agricultural agent.

While most of the cotton crop here was in good shape and probably did not get any great benefit from the moisture, it did not hurt any cotton, and some will derive benefit.

In many areas, the moisture met with that from the new rainfall soaking deep enough to meet the subsoil moisture from previous rains. Most of that was on cotton land.

**Grant sorghums derived the most benefit from the rain. Some of the early feed is already making and is using about one-third of an inch of moisture daily. That was in need of rain. Some had begun firing in the top.**

Late grain sorghums were needing moisture badly. Weeds had robbed much of the soil of some moisture earlier.

Sorghums have a fibrous root system, and although the root goes deep for subsoil moisture, other roots gather in moisture from near the surface.

Cotton, on the other hand, depends on a tap root for most of its moisture, and as long as there is plenty of subsoil moisture it does well.

Most farmers in this area had their cotton clean, and the new moisture will not create any great weed problems.

Moisture needs have not caused problems to farmers this year. While moisture is now adequate, the cotton could use another rain late in the summer. Cotton uses large amounts of water during its heavy fruiting season.

**One thing which might cause problems is a long wet or cold season during early fall. Cotton does not develop fast during cold or wet weather, and this year's cotton needs good conditions to get maturity before the first killing frost, the county agent said.**

Also, farmers are hoping the killing frost will not be early this year. The cotton, or most of it here, needs all the time between now and the average first frost date, Nov. 3. Cotton planted in late May and early June would have ample time to mature by then.

An early killing frost, such as that which came on Oct. 12 in 1946, could take a big bite out of the cotton crop, perhaps as much as 50 to 75 per cent. That is also possible if a prolonged wet or cold

See RAINS, Page 7

*OIL ROUNDUP*

# Nolan County Locations Set

NUolan County has drawn two new wildcat locations.

The Diamond Drilling Co. of Tulsa No. 1 T. D. Young will be a deep rotary test two and one half miles northwest of Roscoe. It plans to drill by rotary to 7,500 feet. The drillsite is 660 feet from the north and west lines of Section 42, Block 21, T&P survey.

Champion Oil and Refining Co. and R. J. Caraway No. 1 L. H. Beckham will be a 6,700 foot wildcat about six miles southwest of Trent. The location is 660 from the north and 2,440 feet from the east lines of Section 2, Block X, T&P.

**GARZA COUNTY**

Oil has been recovered on a drillstem test of the Mississippian in the Humble Oil & Refining Co. No. 2 Staughter Estate, Southwest Garza County wildcat. The test from 8,736 feet to 8,804 feet surfaced gas in 25 minutes and recovered 780 feet of 36.3 gravity oil.

Location is 1,040 feet from the north and 662 feet from the east lines of Section 4, Block 30, T&P. T&P survey, or about 13 miles southeast of Post.

**FISHER COUNTY**

Ard Drilling Co. of Abilene has quit the No. 1 R. W. Cooper, seven miles southwest of Hamlin in Section 198, Block 1, BBB&C survey. Depth is 5,214 feet.

Also plugged, at 4,714 feet was the Robert M. Bass Drilling Co., Inc., of Kilgore, No. 1 J. S. Inzer. It is located in Section 192, Block 1, BBB&C survey, four miles northwest of Hamlin.

## *TODAY'S MARKETS*

FORT WORTH (AP)—Hogs 600; 25 lower; choice hogs 22.25-22.50; medium to good 18.00-21.50; sows 19.00 down.

Cattle 4,400; calves 1,200; most classes around 50 or more lower for two days; good and choice steers and yearlings 20.00-23.00; common and medium 12.00-19.00; good and choice slaughter calves mostly 18.50-21.00; a few higher; common and medium 14.00-18.00; culls 10.00-13.00; stocker steer calves 18.00-23.50; steer yearlings 23.50 down.

Sheep 1,500; active and strong; good and choice spring lambs 20.00-21.00; cull to medium 14.00-19.00; shorn spring lambs 20.00 down; slaughter yearlings 17.50 down; slaughter ewes 7.50-8.00.

NEW YORK (AP)—Noon cotton prices were 20 to 65 cents a bale lower than the previous close. October 34.72, December 34.69 and March 34.80.

CHICAGO (AP) — Butter prices unchanged; 93 score AA 59; 92 A 58; 90 B 56½; 89 C 55.

Egg prices unchanged; 65 per cent or better A white 41; mixed 41; mediums 34; standards 29.

AUSTIN (AP) — Poultry: East and South Texas and Waco. Steady. 2½-3½ lbs 22.

| Texas Co. | 74⅝ | 73⅞ | 74⅝ | up ⅛ |

NEW YORK (AP)— Prices were irregular and trading was dull in the stock market early today.

Leading issues moved to the plus or minus side by fractions to around a point.

Wall Street analysts said the market was still underdoing a consolidation phase, possibly to build a base for a further assault on the record highs of 1956.

Declining second quarter earnings for Ford Motor Co. and Republic Steel, the nation's third largest steelmaker, afforded no encouragement to investors. But the rise in national production to a new record rate in the second quarter and the improvement of steel output for the third straight week were more reassuring.

Lukens Steel, Cities Service and Douglas Aircraft were up about a point each. International Paper was down around a point and Du Pont close to 2.

Fractional gains were made by Chrysler, United Aircraft, Anaconda, American Cyanamid, Union Carbide, American Tobacco, Schering, West Indies Sugar, Santa Fe, New York Central, and Southern Railway.

# Man Is Held On Forgery

James Edward Wilson has been returned here by Sheriff Earl Abercrombie from Santa Fe, N.M., to face charges of forgery.

Wilson, just released from the state penitentiary in New Mexico, was wanted on three counts of forgery here. He had been serving time after being sentenced to two to five years on each of four counts of forgery in New Mexico, two of the sentences to run concurrently, two consecutively. He was paroled from prison there.

Wilson and two others were wanted in the same connection. One of the others, Willie May Wilson, was arrested several weeks ago and released on bond.

The other, Earnest G. Roberts, is now in prison in New Mexico. He was sentenced to three to five years on each of four counts of forgery there, the sentences to run consecutively. Late, after an attempted escape, two years were added to his sentence, giving him at least 18 years to serve.

# Rock 'N' Roll Dance Not A Fad

DALLAS (AP)—Rock 'n' roll as a dance is here to stay and Elvis Presley, its foremost singing exponent, will last longer than some of his critics might hope, predicts a prominent dance master.

"Sure, some of that rock 'n' roll stuff is sort of savage," admited Arthur Berg of Los Angeles, president of the National Assn. of Dance and Affiliated Artists, Inc. "But people like it. They want it. And they want Elvis Presley. They'll be wanting rock 'n' roll and Elvis for many years to come."

Berg was in town for his group's annual convention and disclosed his views in an interview.

"Rock 'n' roll is one of the few new and pure dance styles to come along in years," he said.

"I've seen dance crazes come and go, such as the Charleston, Big Apple, shag and jitterbug—but those were all fads. Rock 'n' roll is not a fad."

# Statue Is Blown Up

DUBLIN (AP)—The battered statue of a British field marshal was blown up in Dublin's Phoenix Park early today. The explosion rocked central districts of the Irish capital.

Police said two men were reported loitering around the equestrian statue, a favorite target of anti-British extremists, shortly before the blast. It completely shattered the monument to Irish-born Field Marshal Viscount Gough, a famed army commander of the 19th century.

Previously, the statue's head had been sawed off and the horse's left rear leg had been blown off by an explosion. The head was found in the River Liffey and was replaced.

## Fords Hit Record Peak On Its Sales

DETROIT (AP)—Ford Motor Co.'s sales hit a record peak in the first six months of 1957.

President Henry Ford II said yesterday sales totaled $3,009,500,000, passing the three-billion-dollar mark in a six-month period for the first time.

The figure represented an increase of 27 per cent over sales during the first six months of last year.

## *RAINS*

Continued From Page 1

spell holds up cotton development before frost.

"There are many factors over which we have no control," and the rain and frost are two of them, Fowler said.

Insects have caused no major problems yet, but it is still little early to know just how much a problem they will be. There have been some farmers who sprayed for thrips earlier, and some must now use control measures for fleahoppers. There are light infestations of cotton leaf worms and cabbage loopers here. A prolonged wet spell would favor the leaf worm and cabbage looper.

**Normally, bollworm infestation shows up in the latter part of July or early August. There is not much for bollworms to feed on now. They like to feed on the more tender things, such as new terminal growth, new leaves and squares, in lieu of bolls. A few farmers have reported having some bollworms, and many are fonding eggs in fields, which means ther will probably be plenty of bollworm action later.**

"The chances are unfavorable for getting by without spending a little money for insecticides," Fowler said, judging from what has happened in other counties this year and what has happened here in the past.

"From the standpoint of moisture, conditions are better than they have been here in years. Those guessing the cotton crop are getting more optimistic by the day.

"Barring a tremendous insect problem, hailstorm, early frost, long wet spell, long cold spell, or some other incident over which farmers have no control, there should be a good cotton crop here this year."

## Fines Total $56 In County Court

Only $57 in fines was collected last week in county court here.

The fines and costs came from two please of guilty during the week.

Filed during the week were 11 cases, 10 for swindle by worthless check and one for driving while intoxicated.

*FACES RED*

# Two Gangs Pull Same Store Job

LONDON (AP)—It was a distinctly embarrassing moment when two separate gangs of robbers found they had chosen the same time of the same night to break into the same store and haul away the same safe.

One gang of three tiptoed into the London suburban grocery store and surprised another trio in the act of removing the safe from its moorings.

There was an awkward silence after both gangs established they were in the same line of business. Finally they decided to join forces and together lugged the half-ton safe into a truck to divide the spoils later.

Somebody meantime had tipped off Scotland Yard, and detectives rounded up the coalition before the 100 pounds ($280) in the safe could be shared out.

Police told the story in court yesterday when Ronald Alloway, John Chandler, Leonard Wray, Ronald Harley and Charles Haynes were found guilty of breaking into the store. A sixth man, Robert Routledge, was convicted of being an accessory after the fact. All will be sentenced later.

# Big Heroin Cache Found

FORT LAUDERDALE, Fla. (AP)—A heroin cache described as the largest found in the United States in "many years" was seized last night aboard a French freighter by federal agents.

Merrill D. White, U. S. customs collector for Florida, estimated value of the powdered narcotic at $700,000. It weighed 9½ pounds.

Whitee said a tip sent 15 to 20 searchers aboard the ship after she docked at Port Everglades, Fort Lauderdale's seaport, Saturday.

The ship was bound for Miami. Her last port of call was New York.

Charles E. Wyatt, supervising customs agent in Miami, said to the best of his knowledge the ship's name is Marseillaise. He also identified her as a freighter.

## Justice Court Fines And Costs Total $316

Fines and costs in justice court here last week totaled $316.

During the week, a total of 24 cases were filed in the court.

Leading the field, as usual, was speeding, with 10 cases. Other included two of no drivers licenses, four of gaming, two of disturbing the peace, and one each of failure to dim lights, defective headlights, failing to pass safely, false statement on application for drivers license, drunk, and assault.

## Houston Police Chief Is Featured Speaker

HOUSTON (AP) — Houston Police Chief Carl Shuptrine is a featured speaker today at the 79th annual convention and crime seminar of the Texas Sheriff's Assn.

About 300 law enforcement officers are attending the meeting, which ends tomorrow after the election of officers.

Former Atty. Gen. John Ben Shepperd addressed the group yesterday.

## Accidentally Shot

SAN BENITO, Tex. (AP)—Wayne McCarthy, 14, accidentally shot by a .22 caliber rifle bullet Sunday, was reported in fair condition yesterday.

**ENGAGEMENT ANNOUNCED**—Miss Edith Blakey, above, 1028 Fifth Avenue, Fort Worth, daughter of John E. Blakey, 2018 Thirty-seventh Street, Snyder, will be married to Sgt. James M. Barker of Fort Sill, Okla. on Aug. 18. Mr. Barker is the son of Mrs. Elizabeth M. Barker of Pueblo, Colo. The doublering ceremony will be performed by the Rev. C. C. Sessions in the Memorial Chapel of Central Methodist Church in Fort Worth.

## WHAT'S GOING ON

MR. AND MRS. E. L. KUBALA, 3008 Avenue Z, returned Saturday from a trip to San Antonio.

• • •

MR. AND MRS. JACK ROOF and children of Houston visited MR. AND MRS. LYNN HENDERSON, 3007 Avenue Y, Saturday. MR. ROOF is a newphew of MRS. HENDERSON. The Roofs were en route home from a six-weeks tour of the Northwest.

• • •

MRS. J. W. (BILL) GRAYUM, returned to her home in Wichita, Kan., Sunday, following a week's visit here with MRS. FRED A. GRAYUM, 2707 Avenue R.

• • •

GEORGE BROWN of Fort Worth is visiting here in the home of his sister, MRS. DORIS UNDERWOOD CHANDLER, 2102 Avenue Z.

## WOMEN'S CALENDAR

**TUESDAY**

Snyder Junior Women's Club meets at Towle Memorial Park exhibition building, with Mrs. Don Kyle and Mrs. Corkey Houston hostesses, 8 p.m.

A covered dish supper will be held by the Business & Professional Women's Club at the home of Mrs. Carrie Line, 3701 Dalton Drive, 7:30 p.m.

Criterion Bridge Club at Mary Lynn's Tea Room, Mrs. L. F. Cox, hostess, 7:30 p.m.

**WEDNESDAY**

The Tri-Community Home Demonstration Club meets with Mrs. Guy Stoker, fourth house north of Snyder Gasoline Plant, 2:30 p.m.

**THURSDAY**

Uniut 1 and 2, provisional League of Women Voters will meet at the Humble Recreation hall, 7:30 p.m.

**FRIDAY**

Duplicate Bridge at Country Club, 9:30 a.m.

## Picnic Supper Is Given For Mrs. Rhoades

Mrs. Travis Rhoades was honored at a picnic supper held last night by the Rebecca Sunday school class of the First Baptist Church, which she teaches.

The supper was held at the home of Mrs. Louise Hewitt, 1911 Avenue S.

Mrs. Rhoades was honored on occasion of her leaving soon for a tour of the Hawaiian Islands. She was presented a cosmetic kit as a gift from the class.

While in Honolulu, Mrs. Rhoades will be a delegate to the Southwest Regional convention of Delta Kappa Gamma society, a soroity of women school teachers. Mrs. Rhoades teaches at the West Elementary School.

Mr. Rhoades will accompany his wife on the trip and will be a guest of the sorority.

## Demonstration Is Presented

A demonstration was presented and a film was shown at a meeting of the Plainview 4-H Club Monday afternoon. The club met in the home of Mrs. Lowell Thornburg.

Sadie Fern Hillis gave a demonstration to how to fix a bound placket in a skirt, and a film on the 4-H electric program was shown by Barbara Thornburg and Linda Station.

Betty Staton presided, Linda Station called the roll and read the club's minutes.

Games were led by Joyce Rogers, and refreshments were served. Three visitors, Jo Ann Rogers and Gayle and Eddie Thornburg, attended the meeting.

Next meeting of the Plainview 4-H Club will be in the home of Mrs. Roy Staton on Aug. 12.

## DATE DATA

By BEVERLY BRANDOW

"Do you want to go out tonight?" This is a steady talking to his girl. Without realizing it, he has fallen into the rut that is so comfortable to him and so unflattering to his girl.

When they were playing the field, he asked for a date as though he really wanted one. He would say something like, "There's an awfully cute picture playing at the Palace. Do you think you can go?"

But with the advent of "going steady" the eagerness somehow slipped out of his date bids and his line became a question that almost sounds obligatory. "Do you want to go out tonight?"

To his girl he seems to be saying, "I'm stuck with you. You can't go out unless I take you so I guess it's my duty to see if you want go and if you do I must take you because we're going steady.

No girl likes to think she is being dated because the boy feels duty bound.

Okay, so you don't mean your date bids that way. You really like the girl. Alright, then put a little bubble in your voice when you ask her out and let her know you really want to be with her.

"Would you like a box of candy for your birthday?" For pity sakes, don't ask a girl. Get it and surprise her. She may be your steady and you may feel as close as two subway riders, but you just don't ask a girl if she wants a present and if so what would she like.

In the first place she has been taught that it is not polite to ask boys for things and in the second place naming a gift she would like would make her feel very self-conscious. Girls like to be surprised and they like you to have the initiative to be exciting and gallant without asking their help and encouragement first.

If you're going steady, better sit down and have a talk with yourself. Does your girl know you enjoy going steady with her, or have you led her to believe you are a loyal, but duty bound boy?

Maybe your tactics need revising, huh?

You may have a free booklet on going steady by writing Miss Brandow in care of this newspaper)

## *New Fabric Designs Made For Hobbyists*

A new fabric comes in a delightful assortment of patterns, especially designed for hobbyists. There is a pattern glorifying French copper cookware, one that emphasizes ronstone, favorite of antique collectors. Sea or lakeside interiors would be flattered by a design that shows lofty sailing schooners.

## *Advice For Queens: Practice Looking Good In Bathing Suit*

By VIVIAN BROWN
AP Newsfeatures Beauty Editor

ANY GIRL who wants to be a beauty contest winner should practice looking good in that bathing suit, says lovely Jackie Loughery, Hollywood star and many-time beauty contest winner.

"There is no better time than summer to survey your figure and decide whether you have what it takes for a glamor career" says pretty Jackie who also has been a model. "It takes hard work to keep in form."

Jackie was Miss Rockaway point in 1949 and went on from there to be Miss Christmas Seal, Miss Queen of Cover Girls, Miss New York State, Miss U.S.A., and has acquired many other titles. She watches her calories although she enjoys eating. Says she:

"You should have an incentive to lose weight — a boy friend or a job will help. I had to lose weight to make 'The D.I.' with Jack Webb, and I was dying for the role. I made myself lose seven pounds by giving up potatoes, sweets and other fattening foods."

Jackie is a redhead, and redheads somehow always seem to have the edge with judges in beauty contests, or so it would seem.

"As a matter of fact I wasn't a real redhead until I got to Hollywood," says Jackie, "then I was influenced by the glamor of the place. I dyed my hair bright red, and all the rest of it. Pretty soon I realized I had the typical Hollywood starlet look — brassy, brazen, too much makeup and tight dresses."

Nowadays, Jackie limits her makeup to eyebrow pencil, rouge, petroleum jelly for lashes, lipstick. She uses two shades for her lips, a dark one for the lip outline and a lighter one to fill in. That light lipstick also is used for rouge. She doesn't use any powder on her face, although she pats it on her mouth before applying lipstick "as it sets better."

Lovely Jackie can't use cold cream, as it makes her skin break out. She uses greaseless cream, also soap and water, making a lather of it on the face cloth.

She loves to sleep and "could use 10 or 12 hours" but seldom gets more than six or seven. She dyes her own hair, combining a shade of chestnut brown and red ginger which she says is just right for her. She cuts her own hair.

Another advantage of a movie actress keeping slim is that she can frequently acquire clothes she wears in pictures, so it doesn't pay to go on an eating binge after a picture is made.

"I love the clothes I just inherited from the 'The D.I.', says Jackie. "They were all designed by Maxwell Shieff, and the clothes were just right for me. But now I can't get into them. Every once in a while I wear one of the dresses, even though I've gained weight. I seem to bulge in all the wrong places."

And that's why Jackie was lunching on roast beef — it's her favorite diet lunch.

Jackie offers tips to sun bathers who'd keep their good looks this summer. She advises applying a sun screen lotion generously before sun bathing, applying pomade to the hair, eye cream to the lashes, lip pomade under the lipstick. Protect your eyes with sunglasses, and don't let up on hand care. It can play as much havoc with hands as cold, blustery, winter winds. Redheads in particular, she says, should avoid the sun's rays in midday. If these cautions are observed you can enjoy a lovely instead of a painful evening, says Jackie.

**QUEEN OF CONTESTANTS**—Jackie Loughery, many-time beauty contest winner, now of Hollywood, says you've got to keep trim to stay in the glamor limelight.

## *Here's Tip To Help In Mending Dresses*

When making dresses for little girls sew a small piece of the material in the side seams in a way that the garment can be ironed neatly. Then when she snags her dress and it needs to be mended you will have a piece of cloth that matches the garment exactly as it has been laundered just as many times as the dress.

## *Add Jest To Salads*

Nothing like scallions (green onion) for giving zest to a green salad. Keep the onions in a closed plastic bag in the refrigerator so their odor will be under wraps!

## *Parsnips For Dinner*

Mash cooked parsnips with butter or margarine and a little onion salt and turn into a small pie plate. Heat and brown under the broiler.

## *Combination*

It saves serving dishes to team steamed rice with cooked green peas.

## Sew It For Early Fall

NOTHING like a good looking casual to start the new season. This half-size special buttons down the side, is accented with bold contrast.

No. 1489 is in sizes 12½, 14½, 16½, 18½, 20½, 22½, 24. Size 14, 33 bust, 4⅝ yards of 35-inch; ⅞ yard contrast.

# Dodgers Rip Red Sox For Pony Title, 9-0

John Weaver pitched and batted the Scurry Butane Dodgers to a 9-0 victory over the Von Roeder Red Sox last night to annex the 1957 Snyder Pony League champion ship.

Weaver blanked the Red Sox on four hits and chipped in with a homerun and sacrifice fly to drive in three Dodger markers.

The playoff was a one-game "sudden death" affair between the first half champion Dodgers and second half wnnner Red Sox.

Larry Patterson shared Dodger hitting honors with Weaver with three RBI's on two hits in four trips.

Franklin Moore was the only Red Socker to solve Weaver's offerings to any degree. Moore rapped out a double in the second inning and then spanked a triple to deep left field in the fourth. Moore, at this point in the game, had the only Red Sox hits.

The Red Sox then picked up their final two hits late in the game, a single by pitcher Charles Gladson in the sixth and another one-baser by Ronnie Wylie in the seventh.

Weaver struck out nine Red Sox and walked four in pitching the Dodgers to the championship.

The Dodgers scored all the runs they needed in the first inning when they came up with three runs. Skip Franklin led off the Dodger hello frame with a bunt single and moved to second on a walk to Jerry Rainwater. Both scored on a double to left by Patterson, the latter taking third on the throw to the plate.

Weaver then sent Patterson in with the third run with a sacrifice fly to center.

The Dodgers iced the game away in the second with a five-run uprising. Weaver's homer, coming with Patterson on base, featured the second inning Dodger rally. Another big blow in the inning was a triple by Mike Moffett.

The Dodgers, thus, succeed the Court House Tigers as the Pony League champs.

In an "exhibition" game following the championship tilt, the "Ragnots" defeated the "Scrubs" 5-1 in the annual "Dad's Game." Louie Minton was the winning pitcher, Rex (Fireball) Miller the loser.

## BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

YOU PERHAPS READ the story in Sunday's edition of the News concerning the Jaycees' survey of the many needs in Scurry County. From a sports angle, we'd like to "harp" on one of the needs—a coliseum or community gym — whatever you choose to call it.

This need was also mentioned by Winston Gregg in this corner last week.

Snyder and Scurry County are being "held back" from sponsoring many sporting events here because of no place to hold them.

Sporting facilities in our schools are already on par with the best in the state but outside of the schools, the facilities here are very poor.

The crowded schedule in the schools athletic program prevents the "outsider" from sharing their facilities. We might add here that the schools have cooperated wonderfully in allowing useage of their facilities. But, the kiddoes come first and during the school months, it's very difficult for the outsider to work in any of their sporting programs.

A coliseum would solve many problems, not only in sports but other activities as well.

### Well Fixed For Summer Months

Our city and county, to be sure, are pretty well fixed for the summer months, sportswise. You won't find many baseball parks professional or otherwise, that is on the equal with the two diamonds in Towle Park.

Then we have one of the finest swimming pools in the state, no one will deny. And the three well-lighted tennis courts in Towle Park are something to be proud of, plus the lighted croquet court adjacent to the tennis courts.

And last but by no means least, we have one of the finest golf courses in this part of the country. Many out-of-town golfers have been heard to commend the fine greens at the Country Club, ranking them on equal with the best there is.

You can see that the summer sporting program here has no problems.

### Coliseum Would Solve Winter Problems

A Coliseum would go a long way in putting Snyder in good shape for sponsoring sporting events during the winter months.

The Coliseum would solve two winter sports problems right off the bat, a City basketball league and a boxing program. We had numerous inquiries on a City basketball league last winter but any plans for organizing such a league had to be dropped because there was no place to play.

Then a boxing program was put into effect here last winter by the Optimist Club. The boxing program suffered, too, because of no facilities to hold the matches or even hold workouts.

There is a lot of boxing interest here as somewhere's between 40-50 boys showed up at one time or another at the boxing workouts here last winter. With better facilities to conduct such a program, the list would assuredly have been much greater.

There's no getting aound it, Snyder is in dire need of a Coliseum.

*IN CITY LEAGUE*

## Sun, Hermleigh Open 2nd Half

Second half of play in the City baseball league opens tonight with the first half champions, Sun Oil, meeting Hermleigh in the lid lifter.

Game time will be 8 p.m.

Sun and Snyder Furniture tied for the first half title during the regular season race but the Oilers emerged as the champs by defeating the Furnituremen in a one-game "sudden death" playoff, 8-3.

Hermleigh was in contention for the first half crown until the final night when she lost to Sun, 2-0, to drop out of the pennant chase. Hermleigh was tied with Sun for second place when they meet on the final night with the winner moving into a two-way deadlock for first place with Snyder Furniture.

Sun Oil and Snyder Furniture each posted 6-3 marks to share first place while Hermleigh wound up third with 5-4. The Blue Sox, fourth team in the league, went winless in nine outings.

Snyder Furniture and the Blue Sox will meet Saturday night to round out the first go-around in the second half race.

**CHECK FOR $8,000 LOOKS PRETTY GOOD, TOO**—Cup emblematic of PGA championship is an armful for Lionel Hebert—and check for $8,000 prize money isn't bad either. The Lafayette, La., younger of two golfing brothers, won the title with 2 and 1 victory over Don Finsterwald at Dayton, O. (AP Wirephoto)

**ENTER HALL OF FAME**—Joseph Vincent McCarthy, left, and Samuel Earl Crawford, right, with plaques honoring them in Baseball's Hall of Fame at Cooperstown, N. Y. (AP Wirephoto)

*MARSE JOE SAYS*

## 'Wish I Could Do It All Over Again'

By JACK HAND

COOPERSTOWN, N.Y. (AP) — Looking back over 43 years of baseball stretching from Wilmington, Del., to a niche in the Hall of Fame, Joe McCarthy summed up his thoughts in a few brief words.

"Gee, I wish I could do it all over again."

Sentiment brought tears to the eyes of Samuel (Wahoo Sam) Crawford as the 77-year-old former outfielder also was formally inducted into Baseball's Hall of Fame yesterday in this historic village.

"I've come a long way to this day," he said. "I want to thank all my friends. I had a speech to make but I don't believe I can go through with it."

The two new members were officially received by Commissioner Ford Frick on a wooden platform under the shade trees in front of the Hall of Fame and baseball museum. The shirt-sleeved crowd jammed main street from curb to curb and overflowed onto the steps of the post office.

"When a player reaches the Hall of Fame," said McCarthy, "he doesn't have too many to thank. For the most part, he did it on his own. But a manager has so many people to thank."

Marse Joe, who won eight pennants with the New York Yankees and one with the Chicago Cubs and never finished worse than fourth in 24 years as a manager, named them all. He thanked the owners, coaches, trainers, writers, umpires and players.

"Most responsible of all for my being here are the great players," said McCarthy. "And God knows, I had my share of the good ones."

Glancing toward Mrs. Lou Gehrig, widow of his former first baseman, McCarthy said, "Seeing you brings back many a sad memory, but also a lot of happy ones."

McCarthy broke into baseball with Wilmington in 1907 and retired because of poor health as Boston manager in 1950.

Crawford, a power hitter in the dead ball days, had a lifetime batting average of .309 in 19 years with 2,964 hits. He still holds the record for most triples with 312 in his career.

The Chicago White Sox defeated the St. Louis Cardinals 13-4 in the annual Hall of Fame trophy game at Doubleday Field, baseball's birthplace.

## COP Eyed By Border Loop

EL PASO (AP)—College of Pacific appears to be the leading candidate for a berth should the Border Conference decide to expand in the near future, the El Paso Times said today.

The Times quoted Mike Brumbelow, Texas Western athletic director, as saying the expansion move still could be a long way off.

Brumbelow had been invited to sit in on discussions of expansion with a special three-man committee, which met here Saturday.

The Times said College of Pacific received favorable mention at the meeting and that officials would like to explore the matter further at a future meeting in either Tucson, Ariz., or Stockton, Calif.

Present members of the conference are Hardin-Simmons, Texas Western, West Texas State, New Mexico A&M, Arizona State at Tempe and the University of Arizona.

## Fem Tourney Opens

WICHITA FALLS (AP)—Medalist Helen Thomason of Wichita Falls led a field of 74 today in the opening round of the 20th annual West Texas Womens Golf Tournament.

Syracuse University recorded 18 straight winning basketball campaigns between 1925 and 1942.

## Girls Tourney Pairings Here Announced

First round games in the double-elimination girls softball tournament set here this weekend were drawn up in a league meeting last night in Towle Park.

The five teams who competed in the Girls League here this summer will compete in the three-day tournament starting Thursday. Pitted in the opening round are the Fire Department Fireballs and American Legion Legionettes in the first game at 7 and the Police Department Black Sox and V.F.W. Cardinals in the second game. The Kiwanis Blue Jays drew a first round bye.

All-star teams of the league were picked last night but will not be announced until after the double-elimination tournament. One all-star team was picked from the Hermleigh teams in the league and one from the Snyder teams.

The all-star teams will compete in the Snyder Invitational Tournament to be held here Aug. 7-8-9-10. Four local teams and four out-of-town teams will make up the tournament field.

The Scurry County Girls League will end tonight with two games on tap. The Fireballs and Cardinals will clash in the first game at 7 with the Black Sox and Legionettes to meet in the nightcap.

In last night's games, the Blue Jays defeated the Legionettes and the Black Sox downed the Cardinals.

## Blue Darts Won Final Farm Game

The Blue Darts — not the Buffaloes — won Saturday night's final Farm League game of the season.

In yesterday's edition of the News, it said the Buffaloes won. Only the names of the teams were reversed as the box score showed the right group of boys winning.

The News sports department apologies for the error.

## Pep, Tague Set For 10-Rounder Tonight

HOUSTON (AP)—Willie Pep, 35-year-old battler who has his eye on winning the world featherweight championship for the third time, takes on Russ Tague of Davenport, Iowa, in a 10-round match here tonight.

Pep and Tague fought to a split decision in Florida last year.

## Bears Get Diamonder

SAN ANTONIO (AP)—Mel Corbo, San Antonio schoolboy baseball star, has signed to go to Baylor next fall.

# Hot National Race Switches To West

By ED WILKS
The Associated Press

Will the Braves be able to hold the lead despite injuries? Can the Cardinals win at home? Will the Dodgers, loaded with walking wounded, be able to hold their own in the West? Can the Redlegs avoid another long slump? Will the Phillies hang on?

Even Helen Trent never had it as rough as the five clubs in on that soap opera the National League is staging as a pennant race these days. And after the St. Louis Cardinals were rapped 13-4 by the Chicago White Sox in yesterday's Hall of Fame game, the pennant pursuers get back to business today with the Western teams at home to the East.

In the AL—where the only real question is "If the Yankees are so great, why aren't they playing .700 ball?"—first-place New York gets another chance to wrap it up early, returning home with a 4½-game lead for a three-game set with the second-place White Sox.

Milwaukee's Breaves, who left home July 1 with a half-game lead, slipped to third and three games behind only to get hot again and win nine of the last 13, are back home again for a 16-game stay. They open tonight with a one-game lead against Philadelphia, with the Phillies in fifth, 3½ games behind, after leading the league by half a game a week ago.

The Dodgers, hottest club in the race at the moment with a 10-2 record that has hoisted them from fifth, five games behind, to second, open the trip at St. Louis. The Cards, blowing a three-game lead with a 4-7 trip through the East, are third, 1½ games back, as they open a 21-game stand at home—where they're only 202-20 for the season.

Cincinnati, at home for a 13-game stay, is fourth, two games behind, as it opens against seventh-place Pittsburgh tonight. New York's sixth-place Giants, who tore the West apart with a 10-5 record on their last trip, are at Chicago for a day game with the last-place Cubs.

In other AL games, it's Kansas City at Boston, Cleveland at Washington and Detroit at Baltimore. All are night games.

Braves' Manager Fred Haney has made the best of a makeshift lineup to overcome injuries to Joe Adcock, Hank Aaron, Felix Mantilla and Billy Bruton.

Brooklyn's bandage boys are Duke Snider (brace on left knee), Elmer Valo (pulled groin muscle), Carl Furillo (stiff shoulder), Don Newcombe (sore finger) and John Roseboro (broken finger).

## Coahoma Lasoes 4th In State Tournament

The Coahoma girls softball team, sponsored by B&H Well Service of Snyder and Coahoma, placed fourth in a field of 10 teams in the state ASA tournament in Ballinger last week.

The Coahoma lasses won three and lost two games in the double-elimination tournament.

Finishing ahead of Coahoma were Port Arthur, first; Galveston, second; and Midland third.

Coahoma was also awarded the "team sportsmanship" trophy.

Michigan State's girls' tennis team played three matches in 1957 and won each by a shutout.

# Ants Swarm Here

Several Snyder residents got a lesson in entomology yesterday when ants swarmed in several areas throughout Snyder.

Many had never seen it happen before, and for those it was quite a sight.

At least five reports of ant swarms were turned in to the city fire department and the Snyder-Scurry County Health Unit. The fire department mixed chemicals and took a pressure unit out to kill out a few thousand of them.

The ants are of the plain red variety, with wings. There were reports of swarms north of the Northeast Elementary School, at Seventeenth Street and Avenue M, west of Avenue S on Thirty-seventh Street, at one of the ball fields in Towle Memorial Park, and at the Colonial Hill Baptist Church.

At the Seventeenth Street swarm, three youths, Bill Clark and Roy Von Clark of 1609 Fifteenth Street and James Munselle of 1312 Seventeenth Street stopped motorists and warned them to roll their car windows up before driving through the swarm.

Aparantely the ants were not in a stinging mood while swarming.

A check into entomology books shows that the variety which was swarming here yesterday was probably the Texas Harvester ant.

Some Snyder residents were fearful yesterday that the swarming ants would get into their houses, but the "Handbook of Pest Control" by Arnold Mallis (MacNair-Dorland) says the ants have never been observed invading a home.

Texas Harvesters swarm during the period from June to October. The swarms occur most commonly in the afternoon after a rain. Perhaps that is the reason many West Texans had not seen it occur before.

Texas Harvester ants have been known to be responsible for damage to highways, after removing soil-building plants, abetting erosion, and tunneling under the pavement. They have also damaged airport runways.

**SWARMING ANTS** caused much speculation by many Snyder residents yesterday. Some thought they were termites, but closer examination showed they could be nothing but ants in swarming season. Above, Fire Chief Durward Porter uses pressure equipment to spray around a house which was surrounded by swarming ants. It was the Frank Cabiness home on Eighth Street. Below, the ants are shown swarming on the ground in clusters of threes and fours. Many were flying. (Dale Walton photographs)

# Failure To Collect Tax Being Probed

AUSTIN (AP)—Five state auditors have been checking into reports that the state sales tax has not been collected on some automobiles sold in Jefferson County since July 1955.

State Comptroller Robert Calvert said yesterday two auditors still were making their investigation in Beaumont and a report was pending. He said he could not reveal now the extent of the probe there but that it might affect "hundreds and hundreds" of cars.

Members of the attorney general's office conferred with Calvert and his auditors last week in an effort to determine the comptroller's legal position.

An audit involving the sale of 1956 motor vehicle plates was made earlier this year by the Highway Department. Later a former deputy in the county tax office was indicted for an alleged shortage.

W. T. Blackmon, tax assessor-collector, and Curtis Cooper, head of the office's auto division, have been indicted for alleged failure to pay the auto sales tax on cars they had bought themselves and for alleged perjury before the grand jury. They have not been tried.

*SAVE THAT BUFFALO*

# Message Comes From The Past

WASHINGTON (AP) — From beneath a bison's hoof at the Smithsonian Institution has come a message from the past.

Workmen dismantled an old bison (buffalo) exhibit and found in the plaster base on which it stood, a rusty, battered metal box.

Henry Setzer, curator of mammals, found in the box two copies of Cosmopolitan magazine for 1887. They contained an account by William T. Hornaday on "The Passing of the Buffalo."

Hornaday was chief taxidermist for the Smithsonian National Museum in the 1880s. At the top of one article he had written a note addressed to "my illustrious successor."

The note read: "Dear sir, enclosed please find a brief and truthful account of the capture of the specimens which compose this group. The old bull, the young cow and the yearling calf were killed by yours truly.

"When I am dust and ashes I beg you to protect these specimens from deterioration and destruction. Of course they are crude productions in comparison with what you produce, but you remember that at this time (A.D. 1888, March 7) the American School of Taxidermy has only just been recognized. Therefore give the devil his due, and revile not.

W. T. Hornaday."

Hornaday became the first director of the Bronx Zoo in New York in 1896. He died in 1937.

The Smithsonian said it will save Hornaday's bison and set them up in a new exhibit.

## Two Are Killed In Two-Car Collision

MIDLAND (AP)—A two-car collision 23 miles north of here yesterday killed Anita Gresham, 19, of Cheyenne, Wyo., and Norman Stout, 25, of Lamesa, Tex.

Miss Gresham was a student at Baylor University, Waco, and had been working this summer in Fort Worth.

**BOGUS MONEY SEIZED**—Austin Police Investigator Bert Gerding, right, looks over a stack of counterfeit $20 bills seized in a raid at Austin, Tex., on a well-equipped plant. At left is James Luther Morrison, one of three persons arrested. Morrison was charged with conspiracy to manufacture counterfeit money.

## They're Bewildered By Her Measurements

SAN FRANCISCO (AP) — The reception committee here was somewhat bewildered when Miss Venezuela, fresh from the Miss Universe contest, told them her measurements.

"I'm 84-57-84," declared 19-year-old Sonia Dugaret, "and that's all the English I know."

It turned out that Miss Dugarte actually is that size — in centimeters.

In inches, she'd run something like 33.07-22.4409-33.07.

The "Instant Taste" is gone!

Folger's Coffee

# Ike 'Not Entirely Satisfied' With Present School Aid Bill

WASHINGTON (AP) — House Republican leader Joseph Martin said today President Eisenhower is "not entirely satisfied" with the 1½-billion-dollar school aid bill but probably would accept it if Congress passes the measure.

Martin said, however, "the outlook is not too good" for passage by Congress of the compromise measure. House debate begins today.

The Massachusetts Republican spoke with newsmen at the White House after he and other GOP congressional leaders had held their weekly conference with Eisenhower.

The House bill would provide federal funds to the states for school construction over the next five years. It differs in several respects from an administration bill which would provide $1,200,000,000 in grants to the states over a four-year period.

There was no indication after today's meeting that Eisenhower would wage a personal campaign in favor of the school bill. Some members of Congress have been saying he would have to do so to get the bill passed.

Martin said he didn't know whether Eisenhower would play an "active role" in trying to get the bill enacted.

"While he is not entirely satisfied with the legislation as it comes out of the (Education) committee, he regards it as a start," Martin said.

Martin apparently meant the administration could try to revise the program in later years once it is adopted.

He said he couldn't "predict with any certainty" that Republicans would support the present measure.

As for the bill's chances of passing, Martin said:

"The outlook is not too good at the moment."

Asked if he thought the compromise bill would be acceptable to the President, Martin replied:

"I think he wants a bill."

He added that while he couldn't speak for Eisenhower, he thought that "in all probability" the President would accept the present measure.

Senate Republican leader William Knowland, who also talked with reporters after the White House meeting, did not list the school aid bill among the legislative proposals which he said probably will come before the Senate after it concludes its civil rights debate.

Rep. Kelley (D-Pa), chief author of the compromise House bill, said in advance of House debate that "if we don't get a bill this year, we won't get any." He noted that backers had made an unsuccessful try to win House passage last year.

# Average Man Gets Larger

MACKINAC ISLAND, Mich. (AP)—If Americans don't change their eating habits the average man will weigh 370 pounds and his wife will tip the scales at 346 by 2957, a food executive predicted today.

The nation of fatties was predicted by Don R. Grimes, president of the Independent Grocers' Alliance food stores at a meeting of the National Macaroni Manufacturers Assn.

Grimes said men weighed an average of 137 pounds in 1870 and women were 21 pounds lighter than their husbands. By 1920 both had put on an additional 11 pounds and he predicted 50 years from now men will average 160 and women 137.

"Milady's waistline in 1870 was about 24⅞ inches," Grimes said. "Today it's 25¼. But I'm not going to tell what it'll be a thousand years from now."

## Fire Hazard Created By Gasoline Pipeline

CLEBURNE, Tex. (AP)— A high pressure gasoline pipeline created a fire hazard for a time today after it broke and spilled the inflammable fluid over Farm Road 110 and into nearby ditches between Cleburne and Grandview.

The highway patrol closed the road while repairmen from the Gulf Refining Co. plant, five miles west of Grandview, repaired the line.

# Water Lines Are Being Run Here

Several water lines are now in the process of being run by the city of Snyder, some of them to serve new areas, some for better water service, according to Roy Dunlap, city manager.

One is a 10-inch line being run from the area in the neighborhood of the West Elementary School to the new 100,000 gallon water storage tank being constructed at the southwest side of Snyder. That line runs east from the West Elementary of Thirty-seventh to Houston Avenue, south down Houston, and then went to the new tower.

Fred Cullum, developer, has put up money with the city for water lines in an area he is developing just west of Towle Memorial Park, and lines are being installed there. Most are six-inch mains.

In north Snyder, the lines are being installed in the Belmont Park Heights addition. The lines had dead ends, and they are being looped.

Water lines are also being run on west U.S. Highway 180 to the city limits. Some of that area had been without city water service and used private wells.

## Land Is Acquired

PITTSBURGH (AP)—Negotiations to acquire approximately 2,700 acres of land in Chambers County, Tex., have been completed by Jones and Laughlin Steel Corp., the firm said yesterday.

## Robbery Is Too Costly

OLEAN, N.Y. (AP)—A thief who robbed a jewel store Suhday has since spent more to make his getaway than he took in the robbery.

Police totaled up the expenses of the fleeing robbery and found he'd spent more than $215 to escape with less than $150.

They said the man fled when the manager found him in the store.

An Olean taxicab driver later told police a man who fitted the robber's description gave her $100 to drive him about three miles to the town of Allegany.

Yesterday, a motorist reported that he gave a man of the same description a ride from Allegany to Jamestown, about 45 miles away, for $40.

Jamestown police said the man bought an automobile from a local dealer for $75 yesterday.

## No Atomic Testing

ATOMIC TEST SITE, Nev. (AP)—There will be no atomic test today, the Atomic Energy Commission said, because a static wind condition would have caused radioactive fallout at Lincoln Mine 55 miles northeast of the test site. The low-powered blast of a device suspended from a balloon was postponed 24 hours.

## Gohlke Is Improved After Area Mishap

Billy Gohlke, 18, of route 2, Snyder, who was injured in an oilfield accident July 3, has improved after being in critical condition at the Lubbock Methodist Hospital.

His mother said he has regained consciousness and may be able to return home by this weekend. He is the son of Mr. and Mrs. G. G. Gohlke, route 2, Snyder.

Gohlke was injured while working for the Robertson Drilling Co. when a two by twelve board broke 40 feet up the derrick and hit him on the head, his mother reported. He was working for the company as a roughneck.

## HEAVY SENTENCE FOR HEAVY MAN

HOUSTON (AP)—Federal Judge Joe Ingraham dropped a heavy sentence today on a 380-pound former Philadelphia hotel clerk.

James Shaw, 34, was given a 13-month federal prison sentence for forging and cashing a $135 government check while working in 1955 in a Philadelphia hotel.

Arrested at his home here in June, Shaw was too fat to be handcuffed.

## Diplomatic Relations

DAMASCUS, Syria (AP) — Prime Minister Sabri Assali declared today Syria will recognize Communist East Germany if West Germany and Israel establish diplomatic relations.

## To Promote Industry

PARIS — The French government is considering an ambitious 10-year scheme to promote industry in Algeria and to provide jobs for Algeria's growing population.

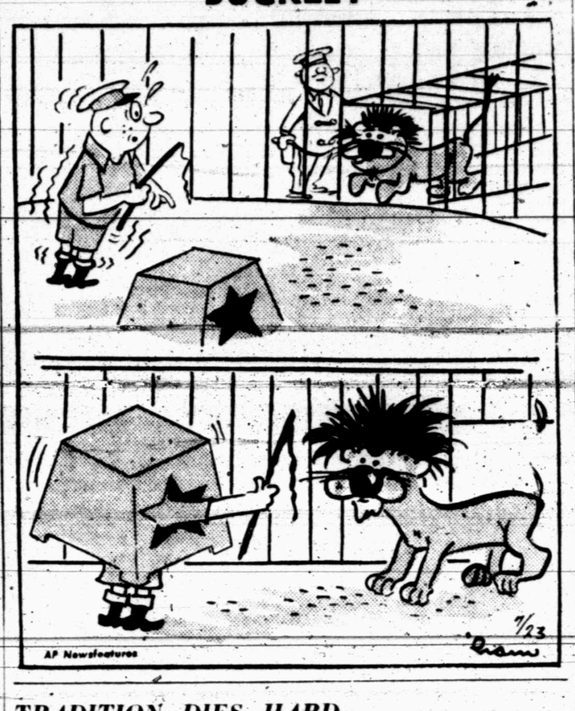
## BUCKLEY



*TRADITION DIES HARD*

# West Not So Wild Anymore

By INEZ ROBB

The reputation of the New York Times is so august that the very thought of kidding it is less majeste.

But methinks some base scoundrel has been kidding the Times, for it has just published a "special" out of Washington, D.C., saying that the old West is "up in arms" over a proposed revision of the Federal regulations on firearms.

The revisions, according to the Times, would tend to deprive Westerners of their shootin' arms, without which they would be as naked as if the new rules also banned blue-jeans, chaps, cowboy boots and five-gallon hats.

Now the late Horace Greeley of the New York Tribune, a neighbor of the Times, once advised young men to go West and grow up with the country, and it's a pity someone from the Times didn't take that advice to heart. He or his descendants could have kept the Times hep to the fact that the West is very couth today and that the well-dressed Western gent tends to wear charcoal gray flannels rather than six-guns.

I am a loyal daughter of the West, born on a California cattle ranch, reared in Idaho and given my first good job on a newspaper in Oklahoma. And I'm danged if I ever saw a gentlemen in any of these great commonwealths wearing a brace of pistols for either formal or informal occasions.

Out in the great open spaces guns don't necessarily come in pairs, and even the sheriff and the minions of the law in those days seemed to feel that one each was sufficient unto the day and the duty thereof. I still venture west of the Hudson at least once a year to visit the kinfolk thataway, but the only gunmen visible are kids under 10 who got the idea from teevee.

Of course, it could be a sign of the decay and the decline of the West that we descendants of men who supposedly shot up a town or a saloon every Saturday night now congregate meekly at the country club in Boise or Tulsa on that same eve to fight for nothing more muscular than a little space on the dance floor.

But, truth to tell, even though Grandpa Callaway's notched gun is on display at the Idaho State Hisotrical Society, I never heard tell of my grandfathers, my uncles or my father shootin' up anything but varmints, particularly coyotes, bothering the cattle.

It is possible that the Times article was inspired by a Texan, a native of the only state where hand guns are a manly badge and perquisite. Only a few years ago mine host at a formal dinner party in a magnificant home extracted from the trousers of his London-tailored dinner jacket a pistol, the better to punctuate an anecdote he was telling.

While I cowered, he pounded the butt of the six-gun on the glowing mahogany surface of a priceless 18th Centruy English table. In fairness to my host, I hasten to add that his shootin' arn was appropriate for a dress affair, with eleborate mother-of-pearl handle inlaid with gold. Tradition dies hard West of the Pecos.

But the rest of the West just ain't as wild and woolly as it was in the good, old days (and I ha' me doots that it ever was). In fact, out there you can't hardly tell a cowpoke from a customer's man no more.

(Copyright, 1957, by United Feature Syndicate, Inc.)

Among others, Harvard teaches the Icelandic and Slovene languages.

**SEEKING PAROLE—Nathan Leopold, 52, serving an 85-year sentence for the 1924 thrill slaying of Bobby Franks, leaves the warden's office at Stateville Prison, Joliet, Ill., where he heard of the Chicago Sun-Times report that he will soon be freed. Leopold's case is before the Pardon and Parole Board.**

## Workers In Waco Making Strike Plans

By The Associated Press

A strike notice by 130 workers in Waco threatened Tuesday to further curtail cement available for construction in Texas.

Officials of the Universal Atlas Co. plant were notified the workers intend to strike July 31.

The plant has been supplying cement to the Dallas-Fort Worth area where a strike has been underway for two weeks at the Portland Cement Co.

President Toney Lee of Waco Local 69 of the United Cement, Lime and Gypsum Workers, said Monday the only possibility of avoiding the strike would be a national settlement or one with all Universal Atlas plants. The firm has plants in five other states.

Contractors said they had only enough cement to work another week at the current pace on the five million dollar runway paving job at Dallas' Love Field. Work proceeded on a day-to-day basis on most other jobs in the Dallas-Fort Worth area.

The strike at the Trinity Portland Cement Co. plant in Dallas cut production virtually in half during a peak construction period.

### Rayburn Asking For Tribute To Doctor

WASHINGTON (AP) — Speaker Sam Rayburn (D-Tex) yesterday introduced a resolution proposing that Congress pay tribute to Dr. Tom D. Spies, 55, named "Doctor of the Year" by the American Medical Assn.

Dr. Spies is a native of Bonham, Tex., Rayburn's hometown. He now is associated with Northwestern University Hospital in Chicago and Hillman Hospital in Birmingham, Ala. He is noted for his work in tropical diseases and nutrition.

# Burrus Mills Expected To Pay 8 Million For Damaged Wheat

WASHINGTON (AP)—An Agriculture Department spokesman said yesterday Burrus Mills of Dallas was expected to repay some eight million dollars it still owes on surplus wheat which spoiled in storage.

The firm has paid more than four million dollars to the government for damage to wheat stored in plastic tents.

"At no time has Burrus Mills questioned its liability for the losses in the wheat," said Walter Berger of the Agriculture Department. He testified before the House Government Operations subcommittee handling intergovernmental relations.

Berger said the obligations "are accepted by the company today even though heavy losses to its stockholders appear unavoidable."

Berger, administrator of the Agriculture Department's Commodity Stabilization Service, was called to explain the agency's contract with Burrus under which 37 million bushels of wheat was stored in plastic tents at Fort Worth and St. Joseph, Mo.

"Both Burrus Mills and the banks (which had loaned the company money) have been informed that the government expects payment in full of the amount due in October 1957 in accordance with the agreements of the parties made last year," Berger said.

He said earnings withheld from the company by the government in connection with storage charges amounted to $4,706,265 as of June 30. He said company assets were "more than adequate" to assure repayment of the outstanding debt.

All of the wheat, from the 1954 crop, has been removed from the tents, Berger added.

He said Jack Burrus, president of Burrus Mills, conceived the idea of using the tents at a time when other storage space was unavailable.

Agriculture Department Solicitor Robert Farrington said the department decided to let the company continue to operate and in time pay off the losses. An attempt to collect the entire amount immediately might have bankrupted the company, he declared.

The committee investigators were told that spoilage was incurred to a great extent by heat and through water leaking in through holes which starlings pecked through the top of the huge plastic storage tents.

## Burglars May Have Escaped Across Border

HARLINGEN, Tex. (AP) — Two burglars harried across the Rio Grande Valley by scores of officers apparently escaped into Mexico yesterday.

The chase started shortly after midnight when the sheriff's office at Raymondville received reports of a burglary and stolen car in San Perlita. The car was spotted and chased toward Harlingen.

Police here said two men jumped from the car and ran behind a cotton compress. Several shots were fired at the fleeing men, but apparently neither was hit.

Police said all articles stolen in burglaries near Raymondville over the weekend, including several rifles, shotguns and pistols, were left in the car.

Bloodhounds led the officers to the home of Lynn SoRell, where a pickup truck was reported stolen shortly before they arrived.

Later the truck was found on the banks of the Rio Grande near the community of Los Indios.

The suspects were described as Latin-Americans in their late 30's.

## Pair Fights Over Phone

NEW YORK (AP)—A model who says the telephone is her "only vice" and an actress who calls it her "lifeline" went to court yesterday in a row over the phone in the apartment they share.

Red-haired model Sheryl Parks, 25, and blonde actress Didi Roberts, also 25, filed cross-complaints of assault. Each of the shapely roommates accused the other of assault with a high-heel shoe.

"The phone is my lifeline," said Didi. "That girl was constantly on the phone."

"Some girls like to drink and go out on dates," explained Sheryl. "I don't. My only vice is using the phone."

The girls' phone bill for May and June totaled $328.

Magistrate Walter Bayer postponed a hearing until Friday.

### Houston Couple Gets Award For Heroism

DALLAS (AP)—Mr. and Mrs. Dave Scott of Houston have been honored with the U.S. Coast Guard's A Award for heroism.

The couple were cited for saving the lives of two elderly persons whose boat was going down in a severe storm in Galveston Bay last year.

## Two Injured When Pilot Dips Plane

AMARILLO, Tex. (AP)—A woman passenger and a hostess were injured last night when a Trans-World airliner dipped suddenly in what its pilot said was an attempt to dodge an unidentified object.

Mrs. Mary Clark, 68, North Adams, Mass., suffered head lacerations and a bruised back when thrown to the floor of the airliner.

The hostess, Dorothy Rekow, suffered a bruised hip and possible back injuries. She said a suitcase fell on her. She went on to Tucson, Ariz., with the flight after the plane landed here.

Ivan Borsum, TWA sales manager at Amarillo, said the ship was a four-engined Constellation, bound from Chicago to Tucson nonstop. He said it was flying an assigned course at 18,000 feet.

Borsum quoted the pilot as saying he dropped the airliner about 500 feet when he sighted the running lights on an approaching object flying a collision course.

He did not identify the object further.

*NEED BIRTH CERTIFICATE?*

# Rush Is Expected Here Soon

SEVERAL HUNDRED NEW students will be going to school here for the first time in September, and they must have birth certificates when they register.

While many parents here already have birth ceritficates for their children, a large number do not and must get them within the next few days.

* * *

**The state Bureau of Vital Statistics is getting ready for the annual last-minute rush of thousands of requests for brith certificate photostats.**

* * *

The bureau has asked that parents make their requests now, since the last minute rush, if it is too severe, will mean that many of the certificate photostats could be late getting back to parents.

In prior years, most parents waited until the last minute, and the rush caused many to be delayed for two weeks or more.

There are various ways parents can get birth certificates. If the child was born in Scurry County, a certificate can be secured either from Dan Cotton, county clerk, at the courthouse, or Mrs. Brad Holt, birth registrar, at the Snyder-Scurry County Health Unit. The cost is 50 cents.

* * *

**IF THE CHILD** was born in another county, the certificate can either be secured from the county clerk of that county or from the Bureau of Vital Statistics, State Health Department, in Austin. A photostat from the state bureau costs $1, and the money should be enclosed with requests. Also, information needed by the state bureau or the clerk in another county, if the parent writes for the certificate, is the child's name, name of both parents, and the date and place of birth.

Any persons needing aid on securing birth certificates could contact Mrs. Holt.

**THE STATE BUREAU,** in efforts to speed up the process on its issuance of photostats, has hired extra help each year and worked overtime, as well as using speed-up techniques to aid in location of the original certificates kept on permanent file.

Mosts of the requests are for 6-year-old children. The bureau personnel arrange the record books containing the 217,470 certificates of birth for the year 1951 and part of those for 1950 so access will be easier and quicker.

## Two Enlist From Snyder

Two Snyder youths have enlisted in the U.S. Army under the Army's "Reserved For You" program.

Kenneth J. Knollenberg Jr., 2305 Avenue M, has enlisted to attend the Aircraft Components Repair School at Fort Eustis, Va. He will take his basic training at Fort Carson, Colo., then return on a two weeks leave before reporting to school of his choice.

LeRoy Selman, 512 Twenty-eighth Street, has enlisted for the Cook and Baking School. He also will take his basic training at Fort Carson, and then return home on two weeks lieave before reporting to the school.

Full information on the various plans of enlistment is available here through the U.S. Army Recruiter, who is in the office on the third floor of the courthouse on Monday and Thursday of each week.

### Armed Violence Plot

JAKARTA, Indonesia (AP) — The West Java military command today announced the arrest of 12 army officers and civilians in Jakarta and Bandung on charges of plotting armed violence.

## He Concocts Own Story

BUFFALO, N. Y. (AP)—An elevator operator, charged with littering a street, appeared in City Court yesterday with 10 lawyers.

The operator, Joseph Bellanti, works in a building where many lawyers have offices. A sanitation inspector accused him of tearing up an envelope and throwing the pieces on Main Street.

Bellanti told the court wind had blown the papers from his hand.

"Which lawyer told you to say that?" asked Judge Thomas J. O'Donnell.

"No one," answered Bellanti. "I thought of it by myself."

Attorney Benjamin Galperin, who acted as chief counsel, entered a guilty plea for the man. The judge suspended a $5 fine.

## It's Nothing But Muscles

ELKIN, N.C. (AP)—Young Wally Holcomb is a basketball, football and tennis star at Elkin High School here.

He felt fine until someone noticed the backs of his legs, near the knees, seemed extra large. Were they swollen? Did they hurt?

No, said Wally, but then he began to worry. His knees began to hurt.

Two doctors diagnosed cysts and operated.

They cut into the first leg—and found big leg muscles—no cysts. So they sewed him up again and sent him home.

How do his legs feel now?

"Okay," says Wally with a grin. "I wonder if they ever did really hurt."

### Price For Cotton Picking Announced

WESLACO (AP) — Mexican farm workers will get $2.05 per hundredweight again this year for picking cotton in the Rio Grande Valley, it was disclosed yesterday.

The Valley Chamber of Commerce said the U.S. Department of Labor notified the Texas Employment Commission offices of the war finding yesterday. It was based on a survey of the prevailing wage for domestic labor.

### Gives Up His Post

KARACHI, Pakistan (AP) — Air Vice Marshall A. W. B. MacDonald, last British commander to head one of Pakistan's armed services, gave up his post today as air force chief. Air Commodore Mohammed Asghar Khan took over the post, thus placing all three services under the command of Pakistani nationals.

# Tommy May Shed Wife Number 11

SAN ANTONIO (AP)—The San Antonio News today said asbestos heir Tommy Manville had admitted he and his 10th wife, Pat Gaston, formerly of San Antonio, had indulged in some hot quarrels and that they had separated.

"She seems dissatisfied because she can't ask for anything more," Manville said. "She wanted a swimming pool and she got it. She wanted a new bedroom, and she got that" the News quoted Manville.

Manville and the six-foot-tall former Follies showgirl were married two and a half months ago.

Mrs. Manville, 27, returned to New York Sunday after visiting relatives in San Antonio. She went to the home of a girl friend to stay.

From his home in Chappaqua, N.Y., Manville termed his wife's reported allegation she had been locked out of his home as "ridiculous," the News story said.

Manville, 63, told the newspaper divorce had been discussed by neither party and that there will be no financial settlement in any case. Shedding previous wives has cost him an estimated 2 million dollars.

Mrs. Manville has no intention of going to court to get rid of him, Manville said he was told.

He said Mrs. Manville did not like criticism and that he sensed yesterday morning she is not inclined to make up.

"I may have to hire a lawyer," he was quoted as saying.

### After 72 Years, He Asks For Citizenship

TULSA, Okla. (AP)—Retired grocer Max Simon, 75, has filed for citizenship papers here with the Naturalization and Immigration Service after living in the United States for 73 years.

He said he came to the United States from Lithuania when he was 2.

### Elephant Kills Woman

COLOMBO, Ceylon (AP) — A wild elephant trampled a woman to death last night and tore another to pieces a few miles from the central Ceylon town of Kandy.

Cadillac

**Where Value is Measured In Decades!**

If, at this instant, the happy man you see here were able to foresee the whole future life of the wonderful car he has just purchased . . . he would very likely be amazed!

For the odds are that his Cadillac will travel literally hundreds of thousands of thrilling and eventful miles before it comes to journey's end.

And consider, if you will, what a wonderful promise this extraordinary longevity holds for whatever length of time this gentleman elects to keep the car in his possession.

It testifies, for instance, to his Cadillac's great quality . . . to its enduring and timeless styling . . . and to its extraordinary dependability.

And even more importantly, it speaks grandiloquently of the marvelous investment he has made!

In fact, over almost any normal span of ownership, a Cadillac will return a greater share of its cost than any other car in the land.

Certainly, these unique Cadillac advantages deserve your personal investigation and appraisal.

Your dealer will be happy to place a new 1957 Cadillac—with its marvelous Fleetwood coach-crafting—at your disposal at any time.

He will be delighted to give you full details on the fabulous Eldorado Brougham—and to explain the advantages in value and delivery that will be yours in selecting Cadillac today.

*VISIT YOUR AUTHORIZED CADILLAC DEALER*
