Faculty Announce Summer Plans

The usual round of attending summer school, visiting, as well as just plain taking it easy are all on the agenda again this summer for local members of the school faculty.

Eddie Pace is to work on his Master's this summer at the University of Texas.

Miss Dana Owens, home ec. instructor, will be here about a month conducting the summer sewing course and then will spend the rest of the summer here.

Raymond Mittel will be here most of the summer and has a job lined up measuring cotton.

Robert Jay will be at A&M.

Miss Jewel Shelton will be here through June working in the school library and then will spend part of the time in California and Houston.

Coach Barnett will be here coaching Little League.

Mrs. Teele, Mrs. Royster, and Mrs. Robinson will attend a 6-weeks summer workshop at Howard Payne at Brownwood.

Mrs. Wright will attend summer school at Lamar Tech.

Mrs. Susan Steele and James Stors will be in Commerce.

Mrs. Tulley will attend San Angelo College. She expects to move this summer to the Bradshaw house.

Mrs. Newport and Mrs. Miller, 1st grade teachers, will be here most of the summer.

Miss Becky Mund will attend Sul Ross college at Alpine.

Leslie Woollard expects to be here most of the summer except for a visit to Houston.

Guy Whitaker will be here and has a summer job lined up at the A.S.C. office. Also in his plans is a trip to East Texas.

Mr. and Mrs. Jack Bell are leaving on a trip to Dallas and Tyler and then will be here for the summer where he will have charge of drivers education and she will conduct the summer recreation.

Mr. Bell also expects to spend some time in summer school.

Mrs. W. R. Palmer of Baytown is visiting her son, Jerroll Sanders and family for a few weeks and attended Jane's graduation Tuesday night. Mr. and Mrs. R. B. Allen who are Mrs. Sanders' parents of San Angelo, visited a few days this week and attended the graduation exercises also.

New Babies

Mr. and Mrs. Gail Mittel are parents of a girl born last Thursday, May 21st, in the Clinic Hospital in San Angelo. The baby weighed 8 lbs. 1 oz. and has been named Gena Lynn.

The Mittels have one other girl, Cynthia Gail, who was 4 on May 20th.

Grandparents are Mr. and Mrs. Perry Mittel of Eldorado and the Rev. and Mrs. Henry Mills of Americus, Georgia.

Great-grandmothers are Mrs. W. H. Joiner of Eldorado and Mrs. R. W. Barrett of Dallas.

Mrs. Mittel and her new daughter came home from the hospital Monday.

Twin sons were born early Wednesday morning, May 27th, in the Sonora hospital to Mr. and Mrs. Daniel (Frank) Mejia of Eldorado.

Daniel Jr. was born at 3:10 a.m. and he weighed 5 lbs. 3 oz. David was born at 3:20 a.m. and he weighed 6 lbs. 5 oz. These are the first babies for the couple.

News of the Sick

Early this week, the following local people were in the Clinic Hospital in San Angelo: Mrs. Bill Rountree, Mrs. Bobbie Henderson, Coy Bishop, Mrs. Gail Mittel and her new baby daughter, and Mrs. Larry Rittenhouse and Mrs. W. A. Blylock.

Rev. C. E. Cogswell, pastor of the First Christian church here in Eldorado, collapsed in the church Sunday morning and was taken to the Sonora hospital, where he has spent a few days recovering from a heart attack. By mid-week, he was reported much improved and is expected home soon.

Mrs. Larry Rittenhouse underwent surgery Tuesday morning in the Clinic-Hospital.

Post Script

In this week's Success issue we are continuing photos and advertising and news past and present pertaining to the graduating Senior class. It is a companion to last week's Success and we urge the Seniors and their friends to save both of these issues as keepsakes to be referred to in the years ahead.

Just referring to them will help you recall memories, and you will be proud you were a member of the '64 graduating class.

Mrs. Edgar Spencer is collecting the accounts due Dr. Dyer and the Eldorado Clinic. She has the local Clinic office open part of the time and states that those owing accounts should arrange payment as soon as possible.

Prompt settlement will be appreciated, Mrs. Spencer stated, during this period Eldorado is awaiting a new doctor.

In reporting on the forthcoming cucumber crop last week we said that the harvesting would provide work for "500 braceros." It should have been: 500 local laborers.

Processing braceros is getting to be more and more of a problem every year and Mr. Keel has made it a point to avoid dependence on that kind of labor. He is confident that plenty of local labor is available in this area—from Eldorado, Sonora, and Ozona, and has already been assured of a sufficient number.

The California Republican primary which we have been hearing so much about is scheduled to come up next Tuesday, June 2nd. The nation will be watching the race between Rockefeller and Goldwater for California's 86 votes in the Republican convention for President.

Election results will be coming over radio and television but you'll have to sit up late for it. 10:00 p.m. in California will be midnight here.

Tuesday, our office received a letter from the Texas Goldwater for President Committee which has headquarters in Dallas, saying in part:

"You can help Senator Goldwater win the California Primary. You can assist us during the next few days by checking your mailing lists for relatives, school chums, business associates, old Army buddies and Christmas card lists for persons you know that are living in California. Sit down and write each of them a personal note requesting that they support and vote for the Senator in the California Primary, June 2. We suggest that you devote an entire evening to this project by calling in your friends and neighbors and having them do likewise."

This writer put in two years in California, but it was 40 years ago, so I'm afraid I wouldn't be of much help.

Buddy Spicer is spreading out. Mr. and Mrs. Spicer came here the latter part of March and bought out Long's variety store. Last week he bought out Sam A. Whitten's Gulf business and is now devoting his time there. Mrs. Spicer is operating the store.

Mr. and Mrs. George Long left yesterday for a trip to the Big Bend in their brand new camper, which they bought in Dallas about a week ago.

This camper, which bears the trade name of "El Dorado" is a sort of "home on wheels" and provides all the comforts of home such as cooking, eating, washing and sleeping. It is built on an 8-cylinder Chevrolet pickup and is the answer to a retired couple's dream—that is if your dream includes long, leisurely traveling.

Their plan for this summer is for a trip to the Pacific Northwest. This week's trip to the Big Bend is in the nature of a "shake down" cruise so that they can learn what they need and what they don't need in traveling.

The "E" Club boys and their coaches and several others are on their annual fishing trip south.

Flash! It almost rained here this week!

Funeral Here Today For Wreck Victim

A car-train accident near Selma, Alabama, last Saturday morning at about 9:00 o'clock took the life of Mrs. Bob Williams, wife of Lt. Col. Bob Williams, Mrs. Ruth Williams' son. Lt. Col. Williams was critically injured and their two daughters riding in the back seat were hospitalized, but thought not critical.

Mrs. Marvin McAngus and her sister, Mrs. Beulah Neill of Midland left San Angelo Sunday morning by plane to go to their brother's bedside. Mrs. Ruth Williams who has been in California for several months was on her way home when she received the word en route.

Lt. Col. Williams was stationed at Fort Rucker, Ala. His wife was a native of San Antonio.

Funeral services for Mrs. Williams are to be held at 3:00 p.m. today (Thursday) at the Presbyterian church here in Eldorado, and interment will be made in Eldorado cemetery.

Gospel Meeting To Start Monday

DENNIS KELLOGG

A Gospel Meeting will start Monday evening at the Church of Christ here in Eldorado with Dennis Kellogg of San Angelo preaching.

A Bible School will be held each evening next week from 6:30 to 7:30 with the preaching service starting at 8:00. The Gospel Meeting will conclude the following Sunday, June 7th.

All are welcome, local members of the church state.

Lions Club Meets

C. J. Hahn presided at the meeting yesterday of the Lions club. Guests were Johnny Stigler and Sgt. Phil Olson.

The members voted in C. N. Shaw and Tom Meador as new members.

Bill Rountree introduced the program, which was a film, "Man Against Hunger" and L. D. Mund was projectionist.

PEOPLE MOVING:

Freddy Graham, from Phillips house to Riley house.

Sam A. Whitten to the Hartley house he bought west of the school.

Roy Cavness, new here with Sinclair, has rented an Enochs house.

 5. Jane Sanders -----90.44

Absentee Voting Is Now Under Way

Absentee voting for the Second Democratic Primary June 6 started May 27 and will run through June 2. Applications are now being received by J. P. Enochs, county clerk.

Last week the Success office printed ballots for both the Democratic run-off and that of the Republicans which will both be held the same day, June 6th, and persons may now vote absentee in either of them.

Balloting for the Democratic Primary will have only two state-level candidates appearing on the ticket. In the run-off for United States Representative-at-Large are Joe Pool of Dallas county and Robert Baker of Harris county.

E. C. Peters and Weatherly Kinser will be on the ticket for the run-off for Commissioner of Precinct 1.

On June 6th, Precinct 1 Democrats will all vote at the Memorial Building and those of all other county boxes will vote at the court house.

There will also be a second Republican primary on the same date with the same absentee voting days observed. That ballot will carry the names of George Bush and Robert Morris for the U. S. Senate.

Ford Oglesby, Jr., Schleicher county Republican chairman, will announce details next week in regard to it.

A final reminder: Tuesday, June 2 is deadline for voting absentee in either the Democratic or Republican run-off.

Memorial Day Is This Saturday

Memorial Day, the day set aside for Americans to honor the dead of all wars, is this Saturday, May 30th.

The post office will be closed all day and mail will be put in boxes as usual. Other federal offices, such as the A.S.C. and Soil Conservation offices, will be closed anyway as on any other Saturday.

While most local stores and other businesses will remain open, many of them will fly the Flag. Members of the American Legion post remind them that when the Flag is flown on Memorial Day, it should be hoisted to full mast early in the morning and then lowered to half mast until noon, then raised to full mast again for the remainder of the day.

Mrs. Edwin Jackson Sr., Mrs. Jack Elder and Bernard Carr enjoyed a fish dinner at Mrs. W. T. Whitten's last Saturday.

Little League Season to Start June 11th

The Little League season which provides popular summer entertainment will get under way here with a double header on Thursday, June 11th, according to a schedule provided by Director Earl Barnett this week.

The league will again be made up of four teams—the White Sox, Tigers and Red Sox of Eldorado, and the Cougars from Christoval.

The June 11 double header will lead off with the White Sox playing the Cougars at 6:00 p.m., followed by the Tigers and Red Sox at 8:00 o'clock.

General Information

Game Time 8:00 p.m.
Double headers begin at 6:00.
Minor league games begin at 6:00 p.m.

First team listed on schedule will be the home team and occupy the North dug out.

A minor league game composed of 2nd and 3rd grade boys will be played on Friday prior to the regular scheduled contests.

Minor league players report June 9 at 9:00 a.m. in the school playground for organization.

Managers will schedule and hold

Swimming Pool Opens Saturday

With Fred Riley as manager, the county swimming pool will open for the summer season this Saturday.

Pool hours will be from 2:00 to 6:00 p.m. each day of the week except Monday, when the pool is closed all day.

General admission will be 25c and 40c. A schedule of season ticket prices will be announced later.

The pool will be used in connection with the summer recreation program of which Mrs. Jack Bell will have charge, and details regarding this were still being worked out at press time this week.

Mr. Riley stated that the pool will be available to private clubs or groups who wish to rent it evenings.

The swimming pool property has been reworked this spring with the pool being repainted, the dressing rooms and concession room also being repainted and broken windows replaced, but it was reported that the county park area is continuing to be plagued by vandalism.

It would facilitate the opening of the pool if there was no trash to clean out of the pool each day or broken windows to replace.

Mr. Riley and the county officials solicit the co-operation of all citizens in helping care for public property.

Whether you swim in the county pool or not, it's your property that is damaged by vandals.

Summer Recreation To Start On June 2nd

The summer recreation program will again be under the direction of Mrs. Jack Bell. The program will begin Tuesday, June 2 and end with a swimming meet on Friday, July 10.

There will be two groups of students.

Group I will consist of students who will be in grades 4, 5, and 6 next year. This group will meet on the following schedule:

Monday, Wed., Friday — High School Gym, 9:00-10:30.

Tuesday, Thursday — Swimming Pool, 10:00-11:00.

Group II will consist of students who will be in grades 7-12 next year. They will meet on the following schedule:

Monday, Wed., Friday — High School Gym, 10:30-12:00.

Tuesday, Thursday — Swimming Pool, 11:00-12:00.

Activities will include ping pong and softball, croquet, horseshoes, basketball, swimming and volleyball.

There is no charge for the program and students are not required to attend every day in order to take part and enjoy the program, Mrs. Bell concluded.

Capt. Thad Thomson's Cousin Dies Tuesday

Horace Alexander Thomson, 85, of San Antonio, cousin of Capt. Thad Thomson of Eldorado, died in San Antonio Tuesday morning.

Funeral services were held at 9:30 a.m. Wednesday in San Antonio and graveside services were held at 3 p.m. in Oakwood Cemetery in Austin.

Mr. Thomson was born in Burleson County in 1879 and came to Schleicher county with his parents in 1898.

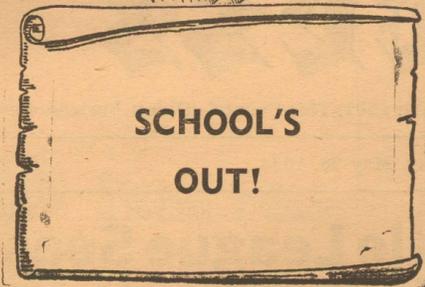

At one time he was one of the largest landowners in Schleicher and Sutton counties.

He was an independent oil producer and invested in securities and dealt in stocks after retirement.

Survivors include his wife, the former Laura Grice Maverick and three step-children: Laura Maverick Russ of San Antonio, Jean Maverick Cusack and Robert Maverick; one sister, Mrs. Dudley K. Woodward Jr. of Dallas and one brother, Rector M. Thomson of Austin.

Captain and Mrs. Thomson attended the rites in Austin.

Mrs. Curtis Smith of San Angelo visited her father, J. L. Ratliff and Mrs. Ratliff last Sunday.

And to the graduates, this has a terrific significance. It means that you have finished a very important part of your schooling. Not all, perhaps but each of you have something now that no one can take from you. You may not realize it, but in the years to come you will look back on these days as the happiest, most carefree of them all. Treasure them, remember them, and your classmates. Congratulations!

In The Beginning —

The period which saw the cessation of World War II, the homeward trek of the veterans of that conflict, the beginning of the end of wartime shortages of goods and services, all these were dominant factors when the 1964 classmen were coming into the world back in the fall of 1945, and in 1946.

Success files of the period reveal that it was a time of transition with the returning veterans dominating the scene.

War-weary Americans had gone through four years of privations and all looked forward to the new days ahead.

Schleicher county, along with the rest of the country, was girding for the changes coming up and there was some promotion under way almost with the close of the war for a suitable memorial to those who had been in service. A hospital was proposed, while a community building was also discussed. Ultimately, our fine Memorial Building which stands today near the court house, was the result.

As the War was ending, the Lone Star Theatre here in Eldorado was showing such wartime movies as Sunday Dinner For A Soldier, Ernie Pyle's Story of G. I. Joe, Since You Went Away, and Hotel Berlin.

Fred Gunstead purchased the Eldorado Success newspaper from Irl Breedlove, and took over the operation of the business.

The West Texas Woolen Mills turned out the last of the olive-drab woolen blankets and was getting ready to resume production of the already well-known "El Dorado" blankets.

H. E. Sharp's home in south Eldorado was destroyed by fire, and Randy Fondren put in an electrical shop in the business district.

Son For McGanguss. Born, Saturday morning at 8:30, a son to Mr. and Mrs. Marvin McGangus in a San Angelo hospital. The baby's weight is 8 pounds and he has been named Marvin, Jr. — Oct. 4, 1945.

New Son For McCormicks. Born to Mr. and Mrs. Rex Hollis McCormick, at Los Angeles, Oct. 25, a son; weight 8 lbs. 2 ounces. The father of the infant is on Guam. The grandparents are Mr. and Mrs. Rex McCormick of Eldorado and Mrs. Emma Angelo of Los Angeles, Cal. — Nov. 1, 1945.

D. C. Royster leased the Eldo Hotel. Jesse Ashmore came here from Fort Worth and opened a barber shop, and F. B. Calcutt took over the Eldorado Motor Co. from Clyde Galbreath.

The end of the War saw gasoline as the first major commodity released from rationing, so that "Fill 'er up" once again became a part of everyday language. Other goods were rapidly taken off the ration list until the final item, sugar, which had been the first commodity put under rationing when the war started, was released for free purchase several months after the close of the War.

Mrs. Jack Elder opened a snack bar, and W. G. Godwin came back from the war with rank of 1st lieutenant, to resume his position as county agricultural agent.

James Williams and Marvin McGangus took over operation of the hardware store on South Main street, Robert Page announced plans to open a new drug store, and Hamburger Bill Word advertised "Juicy Hamburgers. Still Only 10c."

Pete and Glenn Parker came back from service to resume operation of their Red and White store which they were getting ready to remodel and enlarge, and Tiny King went to work in it.

Earl Parker, also a returned veteran, announced plans to erect a new tile building near the Methodist church to be agency for the Kaiser Frazer automobiles.

San Angelo Telephone Co. began erecting a tile building to eventually house dial equipment for the local telephone exchange.

Jack Shugart went to work as

RONNIE WILLIAMS

Ronnie, son of Mr. and Mrs. Aubrey (Sims) Williams, plans to continue his education at San Angelo College.

Ronnie has been active in football, basketball, and track all four high school years. He was in choral his Freshman & Sophomore years. He has been in the "E" club his Junior and Senior years.

Rev. J. A. Carriker resigned as pastor of the Presbyterian church. Ray Boyer put in an electrical shop in the El Cacti building, and B. L. Blakeway also put in an electrical business here.

Those were a few of the local news highlights when the '64 grads were born.

On The Screen . . .

'Stolen Hours' Stars S. Hayward

The year was 1939. The world was going off to war again, "Little Sir Echo" was big on the Hit Parade, Dick Tracy was trapped in a well, and Hollywood decided you had been laughing enough at Andy Hardy and his friends.

So they took an Oscar-winning actress and put her into a somber movie. The hankies still come out when Bette Davis' "Dark Victory" shows up on the late, late show 25 years later.

Now, possibly on the premise that we need a change of pace from those Universal-International sophisticated comedies, we have another Oscar-winning actress of a slightly later era doing the remake of this one. This time it is Susan Hayward portraying the gay socialite who is suffering from a fatal brain disease but refusing to face the fact.

They call it "Stolen Hours" and it is updated to include Technicolor and the jet set, and it will be shown Wednesday and Thursday of next week, on June 3rd and 4th, at the Eagle Drive-In Theatre.

It is England's Michael Craig, subbing for George Brent, as the doctor who diagnoses the trouble and marries Miss Hayward despite their mutual knowledge of her fate.

Miss Hayward, like Miss Davis, is just the actress to pull off the difficult assignment with strength and flair. Susan Hayward is the latest to try the agony and the sweet resignation of the Bankhead-Davis role. And at 45, this Brooklyn beauty doesn't look it by 10 years and doesn't have to look younger. She is the rich Texas playgirl who owns a fabulous English home, gives lively and discreetly wild parties for Princess Margaret's set, inclusive of beatniks, automobile racing drivers, and bearded musicians.

Susan holds her liquor well but still get splitting headaches. Some friends smuggle a doctor to one of the soirees and she receives "for free" a medical examination. Such a diagnosis is bound to be critical too.

Susan has a brain tumor and needs an operation. The operation is a success but the patient is dying. Here's where "Stolen Hours" turns warming.

Discovering her fate, by prying through her doctor's files, Susan tries one more fling at the auto races, this time morose. Then she and her medico steal the remaining months for legitimate fun by getting married.

They retreat to the idyllic family home on the Cornish coast. Things are heavenly for a few months as the movie approaches its climax.

Starting To School

The current grads of E. H. S. were starting to school back in the fall of 1952. T. E. Holcomb was superintendent and Wyndell Hall was grade school principal. First grade teachers were Mrs. Jewel West Miller, Mrs. Oliver Teele, and Mrs. J. B. Germany.

In the high school, W. J. Fraker was principal; Charles Ludwig was band instructor, Coaches John "Puny" Waldrum and Miers Johnson were getting the Eagle football team ready for the upcoming grid season, and the team captains were announced as Pinkney Craig, Billy Kenneth Cheek and Frank Edmiston.

A \$75,000 bond election for the new road to Merton was being called, and Dr. Robert Maginot, local physician, was called to military duty.

J. L. Ratliff completed a new four-unit apartment house a block south of the school, and former Eldorado school superintendent, J. B. Smith, died in San Angelo at the age of 82.

"Hamburger Bill" Word announced that he was closing his place of business to retire, and as Oil Progress Week came on in October, it was pointed out that the Rancho station south of Eldorado was the major acquisition for the county the preceding year.

To High School

The current grads of E. H. S. were looking forward to entering high school in the fall of 1960. Lynn Meador and David Meador were among the eight Boy Scouts of this county who had attended the National Jamboree the preceding summer in Colorado.

Supt. A. M. Whitis announced plans for school opening, and then as now Frank Kemble was high school principal.

A farewell party honored the Dr. Jack Mowrey family who were preparing to move to Arizona.

Jim Cheek and Jerry Don Johnson were captains of the Eagles football team.

Pamela Calk was drum major and Barbara Johnson, Jane Sanders and Teresa Phelps were twirlers.

Cheer leaders were Joan Griffin, Sue Scott, Mary Ann Nixon, Judy Hext, and Kay Mason.

Congratulations, Graduates

High school days are over. Before you lies a golden path in our land of opportunity.

Today, in this modern age of space and rockets you'll find some of the old-fashioned, earth-bound virtues like thrift will serve you well. We hope to know you better in the days that lie ahead and serve your needs as we have many of our graduates throughout the years.

Editorial Comments From Our Neighbors

It is not often that we are inspired to say anything to a graduating class, because usually we figure that most everything that can be said or that will be listened to, has already happened.

But this year since there was no visiting commencement orator, and since we happened to have the following and we think it very good, we offer it to the seniors as advice or help, or for information.

It is credited to Dean Alfange, whoever he is, and was sent to another paper by A. L. Borden of Tularosa (N.M., we suppose).

MY CREED

I do not choose to be a common man. It is my right to be uncommon—if I can. I seek opportunity—not security. I do not wish to be a kept citizen humbled by having The State look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of Utopia.

I will not trade freedom for beneficence nor my dignity for a handout. I will never cover before any master nor bend to any

threat. It is my heritage to stand erect, proud and unafraid; to think and act for myself, enjoy the benefit of my creations and to face the world boldly and say: "This I have done."

And this is what it means to be an American.

All of the story of a commencement cannot be told to the graduates of high school and little of it would be believed.

Our wish for the graduates is that they would use the creed printed above to govern their lives in a Christian attitude of endeavor, and that they would have humility in success, pride in their efforts, and strength and knowledge in their failures. —reprinted from the Sanderson Times.

FORUM SCHEDULED IN ANGELO

All graduating Senior girls from surrounding West Texas towns, who are planning to attend college, are invited to attend a Panhellenic Forum at 4:00 p.m., Thursday, May 28, at the First National Bank Hospitality Room, San Angelo, Texas.

Casual dress will be worn. Mothers are urged to accompany their daughters. The purpose of the Forum is to give these prospective college girls information on sororities and rush practices.

—CARBON PAPER at the Success.

HELEN TUCKNESS

Helen is a transfer from Christoval, Texas. She has been in the F.H.A. her Junior and Senior years and was vice-president of that organization this year. She was in basketball this year.

Helen is the daughter of Mr. and Mrs. Frank Tuckness. She will enter T. W. U. this fall.

HENSON GARVIN

Henson is the son of Mr. Homer Garvin and plans to continue his education at San Angelo College after graduation.

Henson has been an active member of the Choral ever since his Freshman year. He has been photographer for the Talon, both his Junior and Senior years.

MACK McANGUS

Mack McAngus, son of Mr. and Mrs. Marvin McAngus, plans to attend Southwest Texas State College. Mack has been in football his Freshman, Sophomore and Junior years, being captain and all-district his Senior year. Mack participated in track and basketball four years. He was in the "E" club his Sophomore year and was vice-president his Senior year. Mack was class favorite his Junior year, class president his Freshman year, vice-president his Sophomore year, and secretary this year. Mack won first in the Physical division of the Science Fair his Junior year. This year Mack was Most Popular Boy.

It's YOUR World . . .

As you graduates finish your education you inherit a world that needs your contribution . . . your help . . . your vision and dreams. It's not a perfect world, it's true, but a world that has room for improvement. It's your heritage! This world that you are inheriting—may its challenge bring out the fullest of your capability . . . your greatest ideas. From these efforts may it be said it's a better world because of you.

Graduates

We Congratulate You . . .

The completion of this phase of your education is an achievement of which you may well be proud. It was not made without effort nor without sacrifice and we are confident that your experiences and studies will prove invaluable to you in the future.

To you, then, and to your parents and your instructors, we express congratulations on a job well done.

In Those Days

Compiled From Success Files

ONE YEAR AGO

May 30, 1963—T. M. Jr. and Don Brown of Clyde were awarded the contract for building the initial 8 1/2 miles of new highway to San Angelo, including several blocks in Eldorado.

Students receiving degrees included Farris Glenn Nixon, A&M; Nancy Jo Jackson, Austin College; Judy Beth Nyquist, Southwestern U.; Margo Mittel, Baylor; Mrs. Sherwood Barker, A&I; and Joe Ray Stanford, Baylor. Glynn Hill, new Vocational Agriculture instructor, scheduled a meeting with local ag. boys.

FIVE YEARS AGO

May 28, 1959—Dwain Sauer was to attend the American Legion Boys State in Austin. Myrl Sudduth was graduating from Texas Tech.

July 11 was date set for the wedding of Mildred Ann Cate and Howard Parker. Landscaping was under way at the new Co-Op building. A son was born in Waco to Mr. and Mrs. Jack Neill. Mrs. Dan Mittel was honored with a gift tea. Mrs. J. E. Hill, Mrs. W. F. Meador and the Rev. R. R. Heaner of the Methodist church were attending the Southwest Texas Conference meetings in San Antonio.

12 YEARS AGO

May 29, 1952—Aubrey Stokes announced for district attorney. Frank Prochaska was named the chairman of the county Oil Industry Information Committee. Mrs. C. J. Triple died. A daughter was born to Mr. and Mrs. Jerry Shott. An Arts, Crafts, and Hobby Show was put on by the Woman's club. "Hamburger Bill" Word was staying with his sister in Del Rio following an attack of phlebitis and the closing of his business here. Ollie Lee Jeffrey and Solon Boothe married. Mrs. Bertha Smith died in Colorado City. She was the mother of Mrs. Allan Kuykendall.

35 YEARS AGO

May 30, 1929—C. Kornegay of Winters was here last week and closed a deal for five acres of land near May's filling station to be location for a new gin here. The engineering crew for the right of way for the Orient railroad will move their camp to the Thompson Brothers ranch the latter part of the week. General construction will start about July 1st. The Ben Hext family will leave the last of this week for their new home near Marble Falls. The W. H. McClatchy family are moving to Alpine. Baby Night at the Palace Theatre. The manager, J. P. Flynn, had a traveling photographer take pictures of local babies and these were shown on the screen. Peggy, the 10 1/2-month-old daughter of Mr. and Mrs. Joe Williams, was killed when the family car collided with a tree; both parents were injured. The accident occurred about 20 miles out of Junction on the Kerrville road. Mr. Williams is in the dry cleaning business here. R. T. Trail is taking charge of the Ford garage, with a complete line of Model T and Model A parts.

Highlights and Sidelights FROM YOUR State CAPITOL

Austin.—State officials have begun the long parade before Gov. John Connally's budget staff and the Legislative Budget Board. From now until summer's end, more than 150 state agencies will give estimates on how much they will need to operate in the 1966-1967 biennium.

These hearings will produce budget recommendations to the next Legislature by Governor Connally and by the Legislative Budget Board.

All estimates must be set out in dollars and cents. But the summer budget-hearing period actually is the guessing season, since agency heads have to guess now how many file clerks, how much stationery and how many pencils they will need in August, 1966.

A few items seem certain: The Board for State Hospitals and Special Schools expects a 37% increase in the population of its schools for mentally retarded and will need an estimated \$28 million more than its current \$100 million budget. Department of Corrections will request \$5 million for pay raises for prison guards. Budget raises not determined this summer are expected to be requested when the Legislature gets proposals for improving the state's higher education system; giving public school teachers a pay raise; building new schools for the mentally retarded; and building a state osteopathic college.

Building Boom Continues

April was the second biggest construction month in Texas history, reports the U. T. Bureau of Business Research.

Total value of authorized building was estimated at \$153.6 million —up 6% from March.

Only once before has the Bureau's index been higher—August, 1961, when it reached 152.3%.

Residential construction decreased somewhat in April. But nonresidential permits rebounded strongly. The Bureau concluded the federal income tax cut encouraged growth of investment in hotels and motels, commercial garages and amusement buildings.

Small Towns Getting Industry

Texas Industrial Commission reports that smaller Texas cities are beginning to get a larger share of the new industrial dollar.

In 1962, the big three—Dallas, Fort Worth and Houston—attracted 50% of the new industry locations. But in the first quarter of 1964, they showed only 38% as more industrial leaders picked smaller communities.

One of the small-town leaders—Paris—will provide a big new market for South Texas vegetable producers this winter when Campbell Soup Company opens its Paris plant.

RATTLESNAKE RATTLES wanted to take to Boy Scout Jamboree this summer. Buddy Calk. Phone 23961 or 21521.

Screwworm Case Is Diagnosed Here

The 34th screwworm case in the state of Texas for 1964, and the first in Schleicher county was diagnosed at Mission, Texas, at 11:30 a.m. Monday, 25th. At 11:40 a.m. the county agent, W. G. Godwin, was notified from Mission and College Station. At 11:50 a.m., Mr. Hensel Matthews was contacted, who lives ten miles south of Eldorado, of the screwworm case.

At 3:00 p.m. the spot where the case of worm was collected was marked and co-ordinates phoned into Mission by the Animal Health Department.

100,000 sterile flies will be dropped within 2 to 3 days at intervals within a radius of 5 miles of the designated co-ordinates.

All livestock producers are asked to inspect livestock at least twice a week, collect screwworms and notify your county agent.

Treat wounds and kill all larvae and spray co-ral or korlan every 2 or 3 weeks.

A unified effort by all will eradicate the screwworm and only a good system of reporting is the key to success.

Vials may be obtained at the County Agent's office.

For the last several weeks Schleicher county has received special sterile fly drops with emphasis being centered around windmills and other watering places.

Luncheon Meeting Closes Year For D.A.R.

Mrs. Ernest Hill was installing Officers for the El Dorado Chapter, Daughters of the American Revolution, at a luncheon at a local cafe on May 21st. That meeting closed the current year for the group.

Those installed for a new year starting in September were: Regent, Mrs. Ernest S. Goens; 1st Vice Regent, Mrs. J. B. Montgomery; 2nd Vice Regent, Mrs. Elizabeth Powell; Chaplain, Miss John Alexander; Secretary, Mrs. J. E. Hill; Treasurer, Mrs. W. F. Meador Sr.; Registrar, Mrs. Luke Thompson; Historian, Mrs. L. M. Hoover; Librarian, Mrs. V. G. Tisdale; Permanent Board Member, Mrs. W. O. Alexander.

The meeting was opened with the chaplain, Mrs. E. L. Dyer, reading the 13th chapter of Corinthians followed by prayer and the Flag salute.

Mrs. S. S. Shanklin, Rocksprings, and Mrs. W. N. Ramsay, Eldorado, were recognized as new members of the National Society.

A letter from Mrs. Walter G. Dick, state regent, was read in which Mrs. Goens was appointed vice chairman of the District VII, Texas D.A.R., for 1964-67. Letters of regret were read from two Good Citizens sponsored by the El Dorado Chapter, Miss Janet Fields of Junction and Miss Clair Brim, Mertzon, on being unable to attend the meeting. A donation was made to the Kate Duncan Smith School, a state project.

Mrs. Goens reported on the state conference that she attended in Fort Worth recently.

Mrs. W. O. Alexander outlined the history of the gavel used by the club. She obtained a limb from the Charter Oak tree in Columbus, Texas, when it was trimmed in 1937, treated it, and had the late W. W. Jackson carve the gavel which she then presented to the chapter.

Mrs. E. L. Dyer expressed regret that she is leaving for their new home in Wyoming.

Miss John Alexander was Leader For the Day.

Mrs. P. K. McIntosh donated the centerpiece of spring flowers she had arranged.

Out of town guests were Mrs. Stephen Perner and Mrs. Eldred Roach of Ozona.

Personal News Items

Mr. and Mrs. Rony Kerr and young daughter of San Angelo visited here recently with Mrs. Happy Kerr and the Logans, and other relatives. The family are moving to Denison.

Guests in the home of Capt. and Mrs. Thad Thomson last week and this are Mrs. Thomson's aunt, Mrs. Uppereue Paul of New York City and her daughter, Mrs. W. T. Emmett of Tarrytown, N.Y. They will leave Saturday for their homes in New York.

Recent visitors in the home of Mr. and Mrs. Leslie Baker were Mr. and Mrs. Buddy Baker of El Paso and Mr. and Mrs. J. T. Ratliff of San Angelo.

Peggy Spencer and Linda Jones have gone to Grand Canyon to work this summer on a college student employment program. Both are sophomores at Sul Ross.

Mr. and Mrs. Billy Jack Etheredge and children of Irving were here last week and part of this week on their vacation. They and the Claude Doyles went to Lubbock for the week end to visit Mr. and Mrs. Jerry Doyle.

Mrs. Allan Kuykendall and daughter, Louise, were in San Angelo Sunday night to attend commencement services at San Angelo College and to see David, their son and brother, receive his diploma.

Last Will, Testament, Of '64 Senior Class

We the magnanimous or in plain language, high, elevated, lofty, exalted, sublime and noble-minded Seniors of Eldorado High School of 1964 do hereby bequeath the following to the Seniors of 1965:

Alice Dyer leaves her ability to say the wrong thing to the wrong person at the wrong place at the wrong time to Rita Rozean.

Bill Jarrett leaves his ability to dunk a basketball to Richard Preston.

Jerry Edmiston leaves his chemistry knowledge to Paula Mace. Paula, you can pick up Jerry's chemistry notes after the assembly.

Gary Turner leaves his balcony hopping ability to Beep Cain. Hope you have better luck, Beep.

Barbara Johnson leaves her silly rabbits to anybody that will take them—preferably Billy (alias Rabbit) Sudduth.

Gary Whitten leaves his ability to have 'em and leave 'em to Jack Montgomery, Jr.

Mack McAngus leaves his loyalty and school spirit to Mickey Phelps. John owe leaves Linda Craig to Roy Swain—since he has her anyway.

Susie Scott leaves her peroxide bottle to Sharon Nyquist. Larry Blair leaves his ever-present blush to J. W. Hawkins, because he sure doesn't want it.

Admiral J. P. Morris leaves his love of the Navy to Betsy Bruton. Molly Phillips leaves her little giggle to Enedina Garza.

"Wash" Garvin leaves his Bermuda shorts and cute sunburned legs to David Whitten. Amy Fuller leaves her nocturnal interest in Oilfield buses to Kay Peters—her daddy drives a bus.

Helen Tuckness leaves all her athletic ability to Christy Moore. Johnny Stigler, Buzz McCormick and Ronnie O'Harrow leave their ability to do the "nigger twist" to Roy Lynn Love.

Gary Donaldson leaves his three volumes of the "line book" to Bobby Halbert.

Jack Mackey leaves his loud mouth and superior intellect to Marilyn Wilson.

Eileen Kent leaves her home making ability to Jan Porter. Do we hear wedding bells?

Lynn Meador leaves champion bull rider buckle and his football shoes to Phil Edmiston and Phil McCormick.

Joan Griffin leaves her dignity and quiet reserved manner to Frankie Blaylock.

Larry Donaldson leaves his familiar place at the Wilson residence to Ricky Jones. Careful Ricky!

Helen Smith leaves her typing speed and ability to Ray Vasquez. David Childers leaves his testimony "I was a 90-lb weakling" to Dwight McDonald and Roy Lynn Love.

Judy Deaton leaves all her little freckles to Tommy Dempsey. George Draper leaves his talented voice and curly hair to Mike McCravy.

Tip Finley leaves his very correct enunciation to Eldra Gibson. Karon Kemble leaves Mary Ann her place in the sextet since Mary Anne always had to play the piano.

Ronnie Williams leaves his place in the state meet to Mary Lynn McGinness because we know deep down that's always been her greatest desire.

David Meador leaves his "green thumb" to Mike Sudduth — and everything else that's buried out in that garden.

Jane Sanders and Deanne Hext leave their ability to always have a good time to ALL the Seniors of '65.

And in closing the Seniors leave all their great personalities, brains and good looks to the Juniors—Good luck, Juniors, good luck!

Birthday Party

Mrs. Jimmy Harris honored her little daughter, Gena Harris, May 21 on her first birthday, at the Methodist Church Annex.

The pink birthday cake was decorated with colored animal cookies and one candle. Cup cake decorated with the animal cookies, ice cream, candy and cherry Kool Aid was served to Jimmy Dan and Mike Doyle, Clyde Bailey, Debra, Monty, Sandra, and Ricky Reyenga and Paula and Charmon Hight, and Wayne Harris, and several mothers.

Favors were toy propellers on candy filled sticks.

Mrs. Cramer Sofge has returned from a two-weeks visit to see her daughter, Mrs. George Worden and family, in Michigan. She traveled with her son-in-law and daughter, the L. W. Laceyfields of Odessa. They visited Mr. Laceyfield's parents in Central City, Kentucky, and went on to Canada on a sight-seeing tour also.

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

When they said "Cucumbers," I thought "pickles" and if you share my culinary fondness for good home made pickles, just let me know. I've ordered 200 bulletins on the whole pickle picture, and if we can buy cucumbers here we can make our own good pickles.

And thinking of pickles reminds me that Mrs. Bethel Jeffrey made some very good carrot pickles last year. The Good Neighbor Home Demonstration club met with Eleanor the other afternoon and we had a pickle tasting. Some said that they liked the carrot pickles better than peach pickles. Carrots are cheaper by the pound, too.

Note to dill growers. Don't hoe your dill up—water it. If the cucumbers make everybody in the county (nearly everybody) will be looking for fresh dill because dill pickles are the very easiest to make.

I have a friend who has recently spent quite some time in Pakistan. In her effort to help us realize the customs of other peoples have reasons for existing she gave this example:

"On occasion a Pakistan man, approaching the same door I was approaching might, with never a look nor a smile my way, bolt through the door ahead of me and be gone. In Texas such behavior could be interpreted as sheer rudeness. But one must know that many Pakistani women, and particularly of the upper social classes, observe purdah (seclusion from men) and a virtuous man must, by muslim teachings, avert his eyes and not look at a woman. A woman seen in full face is shamed (among those who observe the purdah) . . . so the good and courteous man makes it appear that he has not seen the lady; out of respect he runs through the door and protects her from shame."

We can hear or read about this amazing practice and do one or two things. We can call the whole performance ridiculous or we can make ourselves understand that all the peoples of the world have had their customs shaped for them very much as we have had. We can try to accept the fact that our understanding of all peoples of the world may well be our finest contribution to the solution of world problems.

When we can allow an honest difference in culture without implied criticism we will have contributed something else.

June, vacations, trips, maps, plans, anticipation—and packing. That's June all over.

I won't go into a lot of directions and advice about traveling; half the fun is getting there anyway.

But I will remind you that the thin plastic cleaners bag is the greatest boon to the traveler since money was invented. For the good dress which must be folded slip a bag inside the dress, one on the outside and fold all you want to. You will be pleased that the dress or suit can be worn without pressing. And that's after days and days in the suitcase.

The Glendale Home Demonstration Club had a delightful meeting in the home of Mrs. L. D. Ochsen on the 21st of May and Jewel served tiny banana muffins with coffee which were simply delicious. Several people asked for the recipe and she said that it was given to her by Sweet Keeney and everybody knows what a good cook Sweet is.

Sweet's Banana Nut Muffins
1½ cup sugar
¾ cup Crisco or other shortening
2 eggs
¼ cup buttermilk with 1 teaspoon soda dissolved in it
2 cups flour
¾ teaspoon salt
1 teaspoon vanilla
1 cup mashed bananas
1 cup chopped pecans.
Cream fat, add sugar gradually. Beat in one egg at a time. Mix soda and buttermilk and add one half milk to creamed mixture. Add 1 cup flour. Add remainder of milk and bananas. Add remainder of flour, salt, and vanilla and nuts.
Bake in muffin tins at 300 F. for 18 to 20 minutes or until done to the touch.
Makes two dozen muffins and they freeze well.

This particular meeting was the last one for Louise Dyer to be with as a member. As a token of appreciation for what Lou has meant to us as individuals and as a club member, Gladys Mittel, president, presented her with a Club gift, a gold and white costume jewelry pin.

Lou's generosity with her facilities, her time, her effort and most of all herself, is deeply appreciated and we are sorry to see all the Dyer family go. They have contributed to our community tremendously.

Re-Appointed As Methodist Pastor

C. M. NYQUIST

When the pastoral appointments were read last Friday at the closing session of the Southwest Texas Conference of the Methodist church, the Rev. C. M. Nyquist was re-appointed to the local church for the 1964-65 year.

Rev. Nyquist will complete four years in the local pulpit this coming fall.

There was not much turnover this year in the San Angelo district. Doyle Morton remained at Sonora, and Roy Shilling Sr. is remaining in Del Rio.

Russell Heaner, former pastor here, was transferred from McCamey where he has served nearly four years, to Ganado on the Texas Coast.

Ganada is also near Victoria. Moving day was early this week.

Good Neighbor H. D. Club Meets

The Good Neighbor Home Demonstration club held its regular meeting Tuesday, May 19th, in the home of Mrs. Bethel Jeffrey.

The meeting was called together by the president, Mrs. W. C. Parks. As she called the roll each one present answered with a good time saving device for home makers. Those present were the following women: Gladys Graf, Elnore Jeffrey, Opal Parks, Frankie Schrier, Marguerite Gillaspay, Lolita Branham, Zadie Steward, Mrs. L. Kent and Vida Kreklow, H. D. agent.

In the absence of the council delegate, Mrs. Stanford, Mrs. Vida Kreklow gave a report on the TH DA meeting. She was very much impressed by a speaker at the meeting who talked about conditions in Russia. The Russians do not want to co-operate with us spiritually thus causing some things hard to tolerate.

In Mrs. Kreklow's speech she left the impression with club members to always remember that time, energy, and money are the most important factors in the management of our households.

After business meeting was finished refreshments were served and it was decided that through June, July and August there would be no club meeting as many are on their vacations. —Reporter.

Kathy Orr, daughter of Mr. and Mrs. Charles Orr of Brownwood is spending a few weeks in Eldorado with her grandparents, Mr. and Mrs. George Williams.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

4-H Club boys David Whitten, Ricky Jones, Mike McCravey, Scott McGregor of the District 7 grass identification team and Chris McCravey, Mike Sudduth, Steve Blaylock of the range team have not only the privilege of competing as Extension District 7 representatives and individuals at the 4-H Club Round-Up June 2-4 at College Station, Texas. Additional activities will include a career fair, industry and departments of A&M University are spending much money and effort on career opportunities. There will be the department of arts and sciences, engineering, agriculture, veterinary medicine and nuclear research. There will be 45 separate displays and a counselor at every display to explain the fields open to youth.

The career fair is a first, whereby youth may get counseling and answers to his specific career exploration questions.

Besides the career fair, entertainment and entertainers that appear on national hook-ups are in readiness to 4-H club youth at Round-up June 2-4.

Management practices determines the economic returns from coastal bermuda grazing. Greatest gains are made in the spring growth and lowest gains are made during summer, fall and winter. No one grass is known to produce continuous cattle gains and bermuda is no exception. Here are some of facts of cattle on bermuda grass.

1. Five to eight month old calves weaned, weighing 250-300 pounds should not be expected to make high gains anytime during the year.

2. Yearling may be expected to make 2 pounds gain per head during spring growth. However, a decline may be expected during the balance of the year. This trend is expected in spite of repeated fertilization. Tonnage of grass will increase. The price per pound is generally down as the buyer is looking for light stockers of 500 pounds and under. Grain or a complete concentrate could be used at this time.

3. Calves nursing cows make uniform good gains, however, cows will lose weight after July 1st because of calf's taking more milk.

4. A rotation grazing plan should be considered. Such a plan involves harvesting some of the grass for hay especially under irrigation while fertilizer is being applied during summer. A rotation system increases gains and helps control stomach worms.

5. There is no known summer grazing crop planted in with costal to give high 2 pound summer gains. This practice when planted together defeats the purpose of each.

6. It is not definitely known why cattle do not continue to gain as well on costal bermuda and other grasses after the spring growing season. Until this is answered, cattlemen will need to consider the foregoing suggestions to improve costal bermuda utilization by cattle.

Effective control of flies in the beef herd is to use a spray rig that will "blast" the chemical under the cattle's hair.

A light misty spray will not do the job. Much of the spray will evaporate after it lands on the cattle, more important, there is slight penetration down to the skin.

To get best results use spray equipment that will give 200 lbs. of pressure. A high-volume piston pump is the best. The higher pressure pumps will force the spray to the skin of the cattle, killing insects that feed on blood.

A booklet, "Texas Guide For Controlling External Parasites of Livestock" is available at the county agent's office.

Garden tips for May.

Since vegetables, lawn grasses, vines and roses reach their peak of perfection in late May and early June it is of prime importance that proper watering takes place. Delaying watering until trouth symptoms are in evidence is much too late.

Pests to watch for include rose thrips, aphids, cucumber beetles, spider mites, and chaffers.

The third gardening enemy is harder to control than the biological forms. The presence of such predators can usually be detected by the use of such terms as "a new scientific discovery", "amazing sensational new plant", "makes plants grow to giant size", "garden mir-

acle that creates super plants", etc.

Be sure to check upon miracle fertilizers, growth promoters and insecticides as well as other "new amazing" rapid plants, etc.

Many persons don't have their own opinions; they just wear whatever happens to be in style.

34 Receive Diplomas

A near-capacity crowd filled the school auditorium Tuesday night for the Commencement exercises for the 1964 graduating class of Eldorado High School.

The 34 grads comprise a far larger class to graduate than in some years.

A party was held at the Dr. Dyer place just east of town and a breakfast was served at about 1:30 a.m. at the Bennie Harkey home.

Honored At Graduation

Mrs. Sidney Pennington, the former Genelle McCalla, was presented the highest award a graduating senior can receive when the Dean of Abilene Christian College presented her the award of Best All Around Student of 1964 at the commencement exercises of the college last Monday night.

Mrs. Pennington received her Bachelor of Science degree having majored in Home Economics.

She was hooded by her parents Mr. and Mrs. Eugene McCalla of Eldorado, who with the rest of the family were present for the graduation exercises.

Mr. and Mrs. Pennington will live in Waco this summer where he is employed by the ASC office but will go to Denver, Colo., this fall where they will teach in the Denver schools.

OFF TO HOUSTON

Mr. and Mrs. James Williams and Keith have left for Houston to be at the home of their daughter, Mr. and Mrs. (June) Morris Davis. They will attend graduating exercises Friday and Saturday at Rice U. where Morris Davis, a pre-law student, will receive his BA degree.

Larry Donaldson has obtained a bad case of Little Leaguers Elbow because he has spent so much time at the baseball field—practicing, I'm sure.

Extra! Extra! The first girl ever to play basketball with the Harlem Globe Trotters. The lucky girl's name? Why it's Joan Griffin.

Henson Garvin, our former annual photographer, has just been appointed head photographer of Playboy magazine.

Bill Jarrett has a very unusual profession. He was picked up last week for smuggling tennis balls across the border in a Halliburton truck.

Eileen Kent is now employed as student counselor at Ozona High School. She is striving to decrease the number of teenage marriages.

A news flash has just come over KCKG. Jack Mackey, former E. H.S. football star, has just received the gold medal award for olympic figure skating.

Deanne Hext is now foreman of the Walker T Half circle ranch. Wonder how she got the job?

Texas has a new highway patrolman known as John "Mouse" Lowe. In the past 3 months he has issued 2,793,561 tickets for loud mufflers and speeding.

After years of experience as a "silly rabbit" at E.H.S., Barbara Johnson has now fulfilled her lifelong dream and is head bunny at the Playboy Club.

News flash! The Rockefeller Research Science Building has just exploded. As the smoke clears away we see a familiar face. Why it's Professor Buzz McCormick. Wait a minute, he seems to be mumbling something. As we get nearer we distinguish his famous last words, "Oh Mr. Jay, if I'd only had my slide rule!"

Karon Kemble has recently given up golf and is now manager of the local pool hall. She gave up golfing because she couldn't beat her dad.

Attention! Folks! The "Barely There" Fashion Company is rap-

idly becoming famous for its new line of bikinis. The brain behind this great compay is none other than David Meador.

Molly Phillips is now manager of the Harlem Globe Trotters. During the off season, she is a popular life guard at Padre Island.

A new Indianapolis 500 record has just been set. And who is the daring speedster? None other than Helen Smith. They say that Helen can really take those curves.

Johnny Stigler is now head football coach of the New York Giants. During the half time he broadcasts the band show.

"Elmer" Gary Whitten has received a Nobel prize for being outstanding milkman of the year. Gary's secret? He used ice blue secret and stayed cool and calm.

Helen Tuckness, better known as Friar Tuck, has taken up Robin Hood's habit of stealing from the rich—but, we haven't heard of her giving any to the poor, yet!

"Ho Ho Ho! And a Merry Christmas." What a kindly face. As we peer into those deep brown eyes—why, it couldn't be—but it is! Yes, it's none other than George Draper playing Santa Claus in Sears Department Store. George was able to qualify for the job because of three reasons. One, he has gained 150 pounds due to his wife's good cooking; two, his love for children as a result of his own little family—ages 2, 3, 4, 5, 6, and 7; and three, because of his soft lap.

Because of his fondness for the sand dunes, Gary Turner has joined the foreign legion and is known as 'Ahab the Arab.' His partner in this, we heard, is Petina, played by Amy Fuller. Instead of a camel they use a bus for transportation.

Ding! Dong! Avon calling. And who is the enticing salesman? Why it's none other than David Childers.

The place to go for the very ultimate in hair fashions, is not Ricci's but Ronnie's. Ronnie Williams, that is.

Alice Dyer is now head forest ranger at Jellystone National Park. She was given this position because of her familiarity with parks.

Susie Scott has turned out to be an ordinary housewife, with an ordinary family, and a lazy, I mean an ordinary husband, who lives in an ordinary house, on an

ordinary block, in an ordinary town, in an ordinary state—but, she has 21% fewer cavities.

Because of his strong attraction for tennis in his youth, Jim Pat Morris has been employed as chief maintenance man of tennis courts in a small West Texas town.

Gary Donaldson has just received his appointment as pastor of the First Methodist Church in Eldorado. He is replacing Rev. Ray Ballew.

Judy Deaton wanted to be an airline stewardess, but on her very first flight she fell for the pilot and now she is permanently grounded.

Larry Blair is now director of the New York Philharmonic orchestra. In his spare time Larry has been doing quite a bit of composing. He is now working on Blair's unfinished fifth.

Ronnie O'Harroy is now a famous boxer. The tile he is known by in the boxing world is "The Shiek"

A new comic strip has just been released for TV viewing. The name of it is "The Adventures of Lulu and Tuby." The hero of the comic strip is none other than Toby, alias Jerry Edmiston.

Mack McAngus has just invented a new type of sunshade with built in X-ray vision.

After receiving a scholarship to the University of Hawaii for the graceful way he does the hula, we have learned that Tip Finley flunked out after one semester. It seems that he was constantly being distracted by the natives along the beach.

Lynn Meador is the head of the Department of the Interior at General Motors. He has received fame for his new invention — bucket seats built for two!

Neither snow nor sleet nor rain nor sand dunes can keep Mr. Bronaugh from his very important job of tracking things. Because of his previous tracking we find he was recently hired by the University of Chicago to track dinosaurs thru the sand dunes of the Sahara Desert.

Because of his vast knowledge of chemistry, the school has just hired Mr. Mittel to replace Mr. Jay in the chemistry lab. In his spare time he coaches interscholastic league spelling. We understand that the accident rate in the chemistry lab has risen drastically.

In all seriousness, though, Seniors, we wish you all, luck and success; and we leave with you one word — integrity. May this word some day apply to each and every one of you.

Good luck, Seniors, Good Luck!

Jacque Davis To Tour Mexico This Summer

Miss Jacquelyn Davis, 15-year-old daughter of Mr. and Mrs. Weldon Davis, will leave June 1st on a tour of Baptist Missions in Mexico. She is being sponsored by the First Baptist Church of Eldorado and represents the Young Women's Auxiliary of the church.

About 45 persons in the Concho Valley Association will make up the tour and will go by automobile. They will be met at Eagle Pass by Bill Gray, a missionary in Mexico, who will accompany them on the tour. They will visit missions in 10 towns in Mexico going as far as Lorrison and returning by Monterey.

The group plan to be away about three weeks.

NAMED TO COMMITTEE

T. C. Meador of Eldorado has been named to serve on the Membership committee of the Texas and Southwestern Cattle Raisers Association for the coming year.

The announcement was made by Fred Wulff of Brady, TSCRA president. The TSCRA has 24 committees working for the benefit of the southwest cattle industry.

Our
WASHINGTON
Letter

By Congressman
O. C. FISHER

A Booby Trap in the anti-poverty program was disclosed last week when Sargent Shriver, the Administration's Commander-in-Chief, addressed the National Advisory Committee on Farm Labor, Shriver, decrying "a farm labor system that is based on poverty and destitution," took the cover off his plan to have all farm labor paid a minimum of \$1.25 per hour, plus time and a half for all hours over 40 during any one week.

Using the old scare-crow expression "corporate farms," the anti-poverty czar said they pay "substandard wages," and he said this sets a bad standard. He did not bother to identify the farms he was talking about, nor did he announce what those "substandard" wages amount to. Nor did he explain where the family farmer, who he said should be forced to pay higher wages, is to get the money to pay for this increase in cost of production. Most of them are losing money now.

The Civil Rights bill got a jolt last week when two Negroes broke a window and entered the Capitol Hill apartment of Miss Mari Ellen Christerson, who works for Senator Carl Curtis of Nebraska. At 2:30 a.m. she was awakened by a man who choked and beat her fiercely. In the struggle she suffered a compound arm fracture, a broken nose and eyesocket, and other injuries. The two Negroes escaped after taking \$30.

This is but one of a long series of similar attacks by Negroes on Congressional Secretaries. A year ago a Secretary was slashed by a Negro who followed her into a Capitol Hill Catholic Church at noon. Alone and kneeling in prayer, she was stabbed 10 times by the knife wielder. About the same time three other secretaries, while each walked alone to their rooms, within two blocks of the Capitol, were attacked by Negroes. Many other similar incidents have been reported.

While the Negro race is not to blame for these individual acts, there are those who fear that so many similar crimes having been committed by Negroes, to grant special rights and privileges to that race, as is proposed in the Civil Rights bill, would tend to encourage more criminal acts by Negro criminals by making them feel they are a preferred class.

Another jolt to the Civil Rights legislation was dealt by the results of the Maryland Presidential preference primary. Although the outright anti-civil rights vote (for Wallace) was only 43% of the total, an analysis revealed that a clear majority of the white people of Maryland were opposed to the bill, and voted for Wallace.

Freedom To Know Clears The Air!

Missing Vehicles, Are A Mystery

Austin.—The "Mystery of the Missing Vehicles" has been baffling Texas Highway Department and police officials for a long time.

Each year approximately 17,000 automobiles are stolen in Texas. Most are recovered eventually, but a relatively large number—about 9%—never are found. They seem to vanish, like the vapor trail of a high-flying jet.

"We don't have even a single clue," says R. W. Townsley, director of Motor Vehicle Division, Texas Highway Department.

Townsley is a member of the Texas Police Association's Major Crimes Committee. The committee is holding seminars around the state to enlist the aid of small-town officials in watching for these and other stolen vehicles.

Police statistics show that an automobile is involved in over 90% of major crimes committed in Texas, and it is through license plate identification that many a car has been traced and criminal apprehended. Hence Townsley's place on the committee.

None of the missing vehicles—in toto or in recognizable part—ever have turned up in Texas or in any surrounding states. It's as if they never had existed.

Usually, stolen vehicles turn up somewhere, Mexico, for instance. But our neighbors South of the

Border haven't uncovered even one of the missing cars. Searching of junk yards has proved fruitless, too.

The wrecking yards are checked anyway by Department personnel. It's just policy. Current plates on wrecked automobiles are picked up by THD field men and destroyed on the spot, says Townsley, to prevent reuse of stolen automobiles.

Until 1961, scrapped cars—complete with plates and negotiable ownership papers—could be purchased for \$50. To prevent both plates and papers from falling into the hands of auto theft rings, the Texas Legislature passed a law in 1961 requiring each salvage yard operator in Texas to remove immediately the current plates from any vehicle purchased as salvage. The plates and papers then are kept under lock and key until claimed by the Highway Department.

"We pick up an average of 10,000 titles and 3,000 current license plates per month," reveals Townsley.

Meanwhile, officials of the Texas Highway Department and the police seek a clue to the missing vehicles.

Mrs. Charles Titus of Minnesota flew in Saturday to visit her son-in-law and daughter, Mr. and Mrs. Larry Rittenhouse and Tom and Ravae, while Mrs. Rittenhouse is in the Clinic-Hospital.

She was nominee from the local Lions club to the queen's contest of the district convention, last year and this year.

Highlights Of Junior And Senior Years

Jr-Sr. Banquet In 1963 Had 'Oriental' Theme

A large wall mural in the main room of the Memorial Building, painted by Gary Donaldson, with the caption, "Sayonara Seniors of '63" and crepe paper decorations along the ceiling and side walls, paper lanterns, and a small fountain, all carried out the Far East or Oriental theme when the Junior class entertained the Seniors with a banquet and prom Saturday.

The banquet was served in the basement banquet room with Lynn Meador, president of the Junior class, acting as master of ceremonies. George Draper gave the invocation.

John McGregor gave the response as Senior class president.

A number of faculty members were present including Raymond Mittel, Oliver Burk, and Leslie Woullard, all three Junior class sponsors. —Eld. Success, April 4, 1963.

Senior Class Play Presented

"She Stoops To Conquer," Oliver Goldsmith's Classic 18th Century English Comedy, was presented to a large and appreciative audience last Thursday night in the school auditorium by the '64 Senior class.

Bill Bowen directed the play.

In the cast were David Childers, Barbara Johnson, Buzz McCormick, Deanne Hext, Karon Kemble, Joan Griffin, Lynn Meador, Tip Finley, Larry Blair, and George Draper. Other classmen helped with the backstage chores.

Raymond Mittel and Mitchell Bronaugh are class sponsors.

Although final figures were not in at press time this week, it was stated that the play's ticket sales and advertising took in over \$600. —May 7, 1964.

This Year's Jr-Sr. Banquet Had 'Polynesian' Theme

The Junior Class of 1964 were hosts to this year's Senior Class Saturday night for the Annual Junior-Senior Banquet and Prom.

The decorations carried out a Polynesian theme, complete with palm trees, fish nets, orchids, tropical vines and flowers. Among the main attractions were a mural drawn by Jan Mobley and a vine covered bridge in the entrance of the Memorial Building.

Food for the banquet was prepared by the mothers. Main dishes were sweet and sour ham over rice, shrimp, fruit and vegetable salads, and sherbet. The food was served by 16 Freshman girls clad in "mumus", and they were bare-footed. This was their appropriate costume matching the Polynesian theme.

Richard Preston, president of the Junior class, was master of ceremonies. The response was by Lynn

Meador, president of the Senior class.

Following the banquet Dan Reed and his orchestra played for dancing. Junior class members and several mothers worked much of the preceding week to convert the main room of the Memorial Building into a South Seas Island Paradise in connection with the Polynesian theme. —May 7, 1964.

The Senior Class Trip

Following the successful presentation of their play last week, the Seniors have plans about complete for their upcoming trip to the Texas Coast. They are to leave by chartered Kerrville bus at 12:01 a.m. Thursday, May 14th.

The trip is to be taken to Padre Island across from Brownsville.

Sponsors accompanying the Seniors are to Messrs. and Mmes. Granvil Hext, Frank Kemble, Jerry Sanders, Mitchell Bronaugh, and Raymond Mittel. —May 7, '64.

On The Screen . . . Hope To Africa In 'Bwana' Film

Comedian Bob Hope, who has joked and clowned his way along many a cinematic road, makes his first motion picture trip to darkest Africa in his new comedy, "Call Me Bwana," which will be shown this Friday and Saturday nights at the Eagle Drive-In Theatre. It is in color.

Instead of his old road-running partners, Bing Crosby and Dorothy Lamour, Hope's companions on this up-to-date adventure of the rocket age are two movie stars of undoubted charms—Anita Ekberg and Edie Adams.

There is also another newcomer, new to films, that is—Arnold Palmer the champion-shooting golfer who plays a golf pro of a jungle country club. Palmer and Hope engage in about as wild a golf game as has ever been filmed overcoming such hazards as wandering elephants, giraffes, zebras and monkeys and cobras.

"Call Me Bwana" is right out of today's headlines. In a nonsensical way, it proposes to show what might happen when a United States moon rocket goes astray and the nosecone falls in the heart of darkest Africa, setting off a race between U.S. and Russian agents to recover the cone and its valuable data.

Hope portrays an expert on Africa, a fraudulent one, it turns out, who leads the U. S. expedition solely because of his supposed knowledge of the natives and their customs. As a kind of insurance, the government also sends along Edie Adams as an American agent to keep an eye on things.

Miss Ekberg plays the seductive Russian agent who tries to forestall Hope on his mission and ends up with a genuine case of

heart throb for the wise-cracking African expert. She is accompanied by Lionel Jeffries who poses as her medical missionary father to mask his espionage activities.

Hope took to "Call Me Bwana" as soon as the idea was suggested to him by executive producer Harry Saltzman, in fact, even before the screenplay had been completed. He thought that the basic theme and the situations outlined would lend themselves to his type of humor and at the same time provide a different comedy twist to a scientific development of high current general interest.

As originally planned, the film was to have been made on location in Kenya, Africa, with interior scenes in the Pinewood Studios, outside London. However, political unrest in that part of Africa prompted the producer to cancel the charter flight that was to have taken the stars and 62 members of the promotion staff to Nairobi. All principal photography was hurriedly rescheduled for Pinewood Studios and the surrounding countryside.

Still, to provide authentic background an linking sequences, a 9-man camera unit devoted six weeks in Kenya and Tanganyika to shooting big game and Safari activities.

Back at Pinewood, director Gordon Douglas put out a call for African animals to the circuses and animal farms in England and finally contracted with Chipperfield Circus to provide all the animals needed. As the film progressed, the Pinewood back lot took on the appearance of a full-scale menagerie.

As in most Bob Hope films, the comedian is never able to resist the ad libs that throw the camera and technical crews into convulsions of laughter. And "Call Me Bwana" was no exception.

The ski-nosed comedian is no youngster and his role in this film is described as his most energetic in many years. Hope had his own way of expressing his experiences:

"This film was even more hazardous than working with Bing Crosby. We tried to make this a truly visual comedy, with lots of sight gags. I frankly didn't know what to expect next."

RECEIVING LAW DEGREE

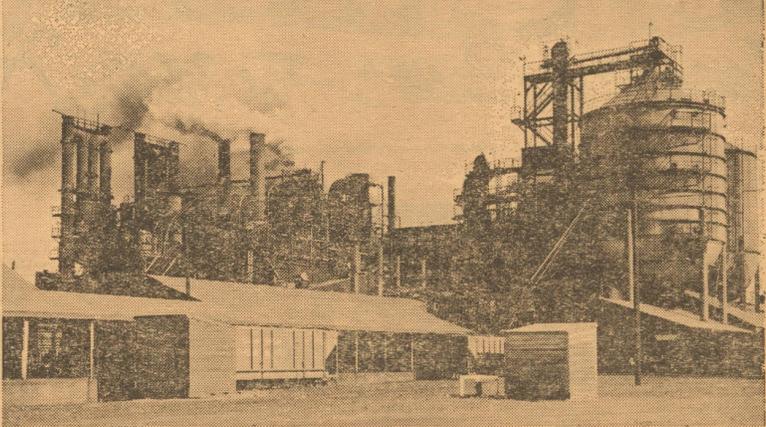

Austin.—One hundred sixty-four students at The University of Texas are candidates for the Bachelor of Laws degree at May 30 commencement exercises.

The list, made public by Dean W. Page Keeton of the Law School, includes Shannon Harrison Ratliff, son of Mr. and Mrs. Tom Ratliff of Eldorado.

Mr. and Mrs. Grover Lee Johnson visited here with relatives and friends last week end on their way back home to Goldsmith after spending a week's vacation in South Texas.

PATTERNS FOR PROGRESS

RAW MATERIALS

. . . direct step in industrial development

Many industries locate near the raw materials used by them and are seen throughout the WTU service area. One example, pictured above, is the carbon black plant of United Carbon Company at Shamrock.

This flourishing petrochemical plant has become an important addition to the economy of this Texas Panhandle town. Such development anywhere creates new jobs, brings more payrolls, and adds many other advantages such as helping to provide new schools like the one pictured left.

Again, here is a PATTERN FOR PROGRESS.

In Texas the annual value of raw materials produced is \$700 per capita, while the value added by manufacture is only \$600. Contrast this with the highly industrialized state of Ohio. There the annual value of raw materials produced is \$125 per capita, while the value added by manufacture is \$1330.

Thus, as these figures show, additional processing of raw materials is the most direct way to sound industrial development. Communities seeking new industry will find that an assessment of local raw materials is the vital first step.
