NUMBER 35

School To Open Monday With Assembly at 9:00

Preliminary arrangements are under way this week at school in preparation for the opening day Monday of the fall term; two new faculty members have been hired the past week, and the traditional assembly Monday morning at 9:00 will officially launch the 1964-65 year for the Eldorado Public Schools.

Supt. A. M. Whitis is meeting today, Thursday, at 9:00 with the bus drivers.

Friday and Saturday mornings at 9:00 the workshop will be held for the faculty members.

The last two days, High School Principal Guy Whitaker has been registering the students of the six upper grades.

During the past week, Mrs. W. F. Edmiston was hired as new school nurse and Mrs. Helen Tinnin was hired as new 6th grade teacher.

Mrs. Edmiston is replacing Mrs. W. H. Hale as school nurse. The Hales moved back to Iraan.

Mrs. Tinnin, whose home is in Ozona, is taking the 6th grade

position vacated by Mrs. Hedy Bowen who moved with her husband to San Angelo. Mrs. Tinnin taught last year in Midland.

Supt. Whitis announced the following program for Monday morning at 9:00:

- Presentation of Colors.....Boy Scouts Invocation
- Song: "America"
- Audience.....led by Mrs. Teele
- Song.....High School Girls
- Introduction of New Teachers and Remarks.....Supt. Whitis
- Instructions from High School Principal.....Mr. Whitaker
- Instructions from Elementary Principal.....Mr. Humphries

This program, to which the public is invited, will be followed by a full day of classes, with buses running usual times.

Administrators and Faculty Following is a list of the administrators and faculty for the coming year:

- Superintendent.....A. M. Whitis
- H. S. Principal.....Guy Whitaker
- Ele. Principal.....C. T. Humphries
- Cafeteria Book-keeper.....Mrs. Ruth Mittel
- High School Secretary.....Mrs. Sharon Mittel
- L. A. Pre-1st Grade.....Mrs. Corinne Robinson
- L. A. 1st Grade.....Mrs. Imogene Newport
- 1st Grade.....Mrs. Jewel Miller
- 2nd Grade.....Mrs. Frances Nimitz
- 2nd Grade.....Mrs. Mattie Royster
- 2nd Grade.....Mrs. Billie Jones
- 2nd Grade.....Mrs. Susan E. Steele
- 3rd Grade.....Miss Becky Mund
- 3rd Grade.....Mrs. Helen Whitis
- 3rd Grade.....Mrs. Evelyn Stigler
- 4th Grade.....Mrs. Beverley Tully
- 4th Grade.....Mrs. Evelyn Wright
- 5th Grade.....Mrs. Estelle Humphries
- 5th Grade.....Mrs. Beth Whitaker
- 6th Grade.....Mrs. Helen Tinnin
- 6th Grade.....Mrs. Alta Cain
- Colored School.....Mrs. Bertha Miles
- Mrs. Aurelia Jackson
- Mrs. Irene Teele

- Music.....Miss Marylu Ray
- Girls P. E. & English.....Mrs. Shanon Harber
- Girls & Boys Basketball & Science.....Jack Bell
- Librarian.....Miss Jewel Shelton
- English & Spanish.....Leslie Woullard
- English.....Miss Katherine Hill
- Social Studies.....Raymond Mittel
- Coach & Biology.....Earl Barnett
- Asst. Coach & Social Studies.....Ronnie Giles
- Math.....Mike Nelson
- Commercial & Eng-lish.....Miss Marylu Ray
- Vocational Home-making.....Miss Dana Ray Owens
- Vocational Agriculture.....Mr. Glynn Hill
- Math & Jr. High Coach.....Jack Wilson
- Math & Science.....Robert L. Jay
- Band Director & Geography.....Eddie Pace
- Speech & Social Studies.....Miss Lena R. Nelson
- School Nurse.....Mrs. Frances Edmiston

P-TA Notice

Everyone is reminded to come to school Monday morning prepared to join the Parent-Teacher Association. Members of the membership committee will be present at tables near the auditorium. The fee for one year is \$1.00 per person.

CURTIS HUMPHRIES
Elementary Principal

Scrimmage Here With Rocksprings Saturday

Coach Barnett reports that arrangements have been made for a scrimmage game between the Eldorado Eagles and Rocksprings.

It will be this Saturday, August 29 at the Eagle stadium starting at 7:30.

Revival To Start Sunday At First Baptist Church

With Dr. W. Leray Fowler of Houston as evangelist and Norman T. Burgess of Arlington as song leader, a week-long Revival will get under way Sunday at the First Baptist church here in Eldorado. Services will be held each day at 10:00 a.m. and 8:00 p.m.

The revival team will be assisted by the church pastor, the Rev. Kenneth Vaughan, and Frank O'Banion, and other church workers. "Everyone Welcome to all these services" it was stated.

Further details are in the church's advertisement on page 3 of this Success issue.

This will be the first Revival conducted in the First Baptist church since the \$50,000 remodeling and expansion project was completed on the building a few months ago.

Post Script

With our subscribers:

The Rony Kerr family have moved to Brownwood where their address is 2604 South Side Drive.

Mrs. Joseph K. Rider, the former Donna Beth McCormick, is a new subscriber at 5515 Clarewood, Apt. 124, Houston, Texas.

Jacob (Judge) Whitten's new address is 6300 N.E. 42nd Ave., Portland, Oregon.

—ps— These cool mornings make it feel like autumn and we join with everyone else in hoping we have seen the end of the extreme hot spell.

—ps— Here is a sign that autumn really is here: —it's getting dark earlier and Eagle theatre has moved its starting time up to 7:45. You can go to the show now and get back home before 10:00 — in time to catch the 10 p.m. news.

About Archie Wright

People are prone to say the things which they think they are expected to say. Like last Wednesday morning when the remark was heard several times: "Sure too bad about Mr. Wright, wasn't it?" (He had died in his sleep that morning)

The more I thought about it the more I felt that the statement could have been: "Sure was nice about Mr. Wright!"

Here you had a man who had some 87 years behind him; who had lived a useful and respected life, and when he was just plain worn out, he lay down in his own bed in his own home, and quietly and without suffering was allowed to peacefully pass away.

Who could ask for a better ending than that?

In our 19 years here in Eldorado we got to know Mr. Wright real well. For one thing he was an old newspaper man and another thing was that he was interesting to talk to and visit with. It was easy last week to write his obituary—our files contained a lot of his history which we had gathered previously by visiting with him and especially on the occasion of his golden anniversary.

It wasn't until the last two or three years that his health began to fail and it wasn't until last fall that his family finally persuaded him to close his store business. Before that he was as active and alert as a person twenty-five years his junior.

I remember one instance about 14 years ago. Our Linotype refused to function and a local electrician did some testing and reported that the electric heating elements were burned out. Archie had bought that Linotype for the shop about twenty years before and when he heard about our trouble he was just as interested in getting it back in shape as we were. We had to dig the "guts" out of the metal pot—put in new heating elements and re-pack it in asbestos. It was an all-day Sunday job and Archie was there helping until it was done.

Fourteen years ago? Shucks! Archie was already 73 years old then!

Mr. Wright was self-educated. His formal schooling was very limited, but he improved himself by studying and reading. He held his own in pioneer business days when trade was done on credit and knew how to file a suit and secure a judgement. He was an avid student of the Bible and apparently was of the "fundamentalist" persuasion. Whether you agreed with him or not you had to have respect for his intimate knowledge of the scriptures.

A person may not be a saint just because he does not use tobacco, but all other things being equal, those who do not use the stuff are just that much better off than those who do.

Archie did not use tobacco. He sold plenty of it and didn't have anything against it or against those who used it. He didn't use it because of a boyhood experience with his mother. It was touching little story that he told me one day a number of years ago.

I'd guess that Archie was about 12 years old at the time, and they were living on a farm up in the Christoval country. Archie was out playing with some older boys and they had tobacco which they made into cigarettes and smoked. He was urged to smoke too, and did. His

mother was sick at the time and when he came home she called him over to her. When he came up to the bed she took his hand, and asked, "Archie, have you been smoking?"

"Yes, maam."

The way Archie told it, she just held on tightly to his hand. She didn't say a thing but she began to cry.

And Archie went on to say, "I never felt so awful in all my life — it would have been a lot easier if she had whipped me. I never touched any tobacco since."

I guess little things like that are what mold a young person's character. Archie must have had a great many experiences from his bronco busting days on up through all his other experiences.

Two days before his death he was in our shop. He had been down and opened up his building to see if there were any leaks in the roof after Sunday's rain. Right up to the end his mind was alert; he was never any burden to his family. His death was just a crowning graduation to a long and active life.

Weep not for him—Archie has earned his rest.

—ps— A. J. Long announces in an advertisement on page 2 of this Success issue that he is back in the barbering business here in Eldorado, having bought out Rance McDonald's shop.

—ps— For several years we have run the Civil War column by Dayton Kelley of Belton, Texas.

This week Mr. Kelley's column has a local angle for Eldorado, since he discusses Miss Tom Pearl Smith of this place and a letter she wrote to him.

The column is on page 2.

—ps— Again this week politics are dominating everything. The Democratic National Convention started Monday in Atlantic City and has kept the grown-ups glued to their TV sets or radios. This may disappoint the children whose favorite program times are pre-empted by coverage of the convention.

Johnson's renomination is a foregone conclusion; the Convention will have to nominate his running mate.

After this week, there will be two months of campaigning culminating in the General Election itself on November 3rd.

Lyndon B. Johnson, who began his political career a quarter of a century ago here in Texas, is the first southern President in over a century.

All agree that the upcoming campaign will be a hot one, with nothing to be taken for granted by either major party.

—ps— Following the Republican National Convention in July, which was held in San Francisco and nominated Goldwater and Miller, a rally was held here recently at which the "Conservatives for Goldwater" group were organized with David Powell as chairman.

All sorts of Goldwater campaign literature is available now in the office of Ed Meador. This ranges from small pamphlets which may be picked up free, to bumper stickers and booklets which are for sale.

"A Texan Looks at Lyndon" by J. Evetts Haley, and Goldwater's own book, "Conscience of a Conservative" are on sale in the Meador office, reports Mrs. John Gilmore who works in the office and will show them to anyone who comes in.

—ps— And don't forget: contributions to the party of your choice are still welcome: Tom Raliff for the Democrats, and Ford Oglesby Jr., for the Republicans.

—ps— People moving: Bill Rozean, from house at Northern Natural compressor station in Reynolds, to the Claude Meador estate house here in town;

Mrs. Susan Steele is back in Eldorado in a Crosby apartment; Mrs. Julia Armour, in Gus Love house.

—ps— You are invited to Try Eldorado Merchants First For Your Back To School Needs. And it's not too early to think about laying away those gifts for Christmas.

FUNERAL HERE YESTERDAY

J. Forrest Runge, Prominent Schleicher County Rancher, Heart Attack Victim

J. Forrest Runge, 71, prominent Schleicher county ranchman, civic leader and historian, died at St. Johns hospital in San Angelo at 1:40 p.m., Monday following a heart attack at his ranch a few hours earlier while at work in a shearing pen.

Funeral services were held at 4:00 p.m., Wednesday (yesterday) at St. Mary's Episcopal Church in Eldorado, of which he was a member, conducted by the Rt. Rev. Earl Dicus, Bishop, and assisted by Rev. Lea Roy Aldwell. Burial was made in Eldorado cemetery.

Survivors include his wife, Mrs. Edith Runge of Schleicher county; two daughters, Mrs. Jene Moore of Eldorado and Miss May Runge of San Angelo; two sons, Lt. Richard S. Runge of Mineral Wells and J. Forrest Runge Jr. of the ranch home; two brothers, Louis H. Runge Jr. of Galveston and H. E. Runge of Greenville, S.C.; two sisters, Margaret Runge and Elizabeth Runge, both of Galveston.

A resident of Schleicher county since 1923 when he bought the

J. FORREST RUNGE

home ranch in the northern part of the county, Mr. Runge has been identified with soil conservation work, rural electrification, and many other progressive activities. He was one of the original organizers of the Southwest Texas Electric Co-Operative here in Eldorado and had been its secretary from the beginning.

Mr. Runge was noted as a willing worker on civic causes. He served 20 years as trustee for the old Cliff school, and served in several offices relating to youth work and soil conservation.

He was instrumental in organization of the Eldorado-Divide Soil Conservation District in 1941. He was elected chairman of its first board of supervisors and served as chairman for more than 20 years.

He was an avid student of West Texas history and was vice president of Tom Green County Historical Society 10 years and researched the histories of several early-day ranches in the region.

Mr. Runge was born in Galveston Sept. 25, 1892, a descendant of a German merchant who had come to Texas in 1836. As a boy about 8 years old, Mr. Runge was a survivor of the hurricane and flood which struck Galveston in 1900.

He was graduated from Texas AM College in 1914 and was president of his class. Throughout his life he maintained a strong interest in A&M, attending many class reunions and alumni gatherings.

He spent the first eight years of his life on the Las Moras Ranch in Menard county. Although his family left the ranch and returned to Galveston, the young Runge was determined that he would someday be a ranchman.

After his graduation he worked as a cowboy in West Texas for \$20 per month. He also farmed at Miles.

During World War I he served in the 65th Field Artillery.

Ads Boosting Eagles To Start Sept. 3rd

A week from today—on Thursday, Sept. 3rd—the usual pictorial series of booster advertisements for the Eldorado Eagles will start in the Success and continue throughout the season.

The crew have already done quite a bit of the work on this ad series, having taken the individual pictures of the players and coaches last week.

The Success issue for a week from today will carry the initial ad of the booster series, the day before the Eagles open the season by going to Crane.

The pictorial ad each week will show the upcoming game's probable starting lineup, along with other individual photos of the substitutes. The 10-game season extends through the months of September, October, and part of November.

The Success crew have already done the bulk of their selling for this ad series, and any Eagle booster overlooked should call this office at once at 21771. While there may be few direct sales in getting on the series, it creates good will which is vital to any business enterprise.

Team workouts were continuing this week under direction of Coach Earl Barnett, who is in his fifth year as head coach. His new assistant is Ronald Giles.

DOES MONEY MAKE THE TEAM?

Reflections On The Coming Football Season

Although little has been said about it so far, it's not long 'til football season; so possibly a resume of schools and resources who will be opponents of the Eldorado Eagles is in order.

The Eagles with only two non-conference opponents and eight conference antagonists face as boisterous a 1964 football season in scale as do Southwest Conference contenders in their annual and distinctly rugged quest for football distinction. Eldorado's situation came about as a result of the biennial realignment by Interscholastic League Headquarters in their constant although somewhat futile efforts to match Texas high schools of equal power and resources against each other. This is entirely a laudable undertaking because with the tremendous growth of Texas population in recent years, some schools have been so favored by growth and natural resources that their smaller and less favored neighbors lose all hopes of winning. This is not good for schools, "kids" or towns.

Organizationally, there are four Class "A" regions in West Texas football, each region containing eight districts, and each district having from three to eight high schools as nearly balanced as possible.

But for this and next year, District 8A, Region 1, with its eight

members will be a brawling mad-house when all members get going full speed in search of the district championship. And such a championship very definitely will represent a great degree of football excellence. This "golden football" will shine brightly in anybody's trophy case.

When the 20-30 members of each of these eight teams detruck usually from a school bus at the end of their opponents playing area, more than just boys will be in action. Like the iceberg with several times more volume beneath than above the water, also reflected will be the resources of the various schools, their community attitudes towards athletics, and towards education in general.

In spite of the Interscholastic League efforts to even competition, Menard has the real role as underdog with an all-school enrollment of 476 as opposed to Big Lake's 387, Sonora's 851, and Ozona's 830 children. These figures are taken partly from the same data the League used in making its two-year assignments.

Favored Big Lake is a county-wide school district like Schleicher with a valuation of nearly \$25 million and tax rate of \$1.92.

Second picked Rankin (where they beat the drum) enrolls 537,

I Am Back in Eldorado

as your barber, having moved here recently from San Angelo and bought out Rance McDonald's shop on South Main street.

I will appreciate the patronage of all old and new customers and will give the same fine service you have come to expect from Mr. McDonald.

I also cut flat-top haircuts.

A. J. Long

By Dayton Kelley
Mary Hardin-Baylor College
Belton, Texas

Miss Tom Pearl Smith, a native of Belton who now lives in Eldorado and reads this column in the Eldorado Success, recently told us an intriguing Civil War story about her father, Capt. Andrew Franklin Smith, who was a member of Co. K, 17th Louisiana Regiment. Miss Smith answered our appeal of recent date in this space for copies of our columns following the loss of files in a fire at Mary Hardin-Baylor. She sent 115 different columns she had clipped over the past four years from the Success.

In her cover letter, she mentioned that her father was a former Belton resident and a Confederate soldier so we asked her to tell us the story which is repeated below in her own words.

"My father," she wrote, "was born on March 17, 1837 in Newton County, Georgia. He entered the War soon after it started from Maddox County. He was made captain and was later wounded in the battle of Shiloh. It was a serious wound in his right arm. After he was out of the hospital, they offered him an honorable discharge, but he said he did not want a discharge and that while he was yet carrying his arm in a sling he would not carry a gun, but for them to give him something that he could do.

"They sent him across Texas down into Old Mexico to see and investigate a hat factory—its working and equipment—and to come into Texas and set up a factory to make hats for the soldiers. All this he did and kept the factory operating until the end of the War.

"He had two very heavy, large iron pots to use in making the hats and one of these pots stands in the yard of my nephew in Houston today.

"Captain Smith located his hat factory at Aiken in Bell County with a Mr. Abner Kuykendall whom he met at the Leon River just before he reached Belton. The river was up with logs coming down making it impossible to cross for several hours. The boatman, a Mr. Halsey as I remember, would not risk taking any one across until the water had gone down and it was safe, so the crowd gathered there waiting to cross. All got acquainted, and all

had to have dinner together at a large two-story house on up the hillside. The house still stands there as a residence on the Belton-Temple highway.

"Mr. Kuykendall had a furniture factory at Aiken. Capt. Smith came back from Mexico to Aiken and the two men ran the hat factory and the furniture factory together, with water power which was furnished by big springs further up the hill. Both businesses were successful and satisfactory.

"My parents moved from Aiken to The Grove, Coryell County, where I was born. After several years there they moved to Belton, where my father died. He was a gin man at The Grove and in Belton he was a cotton buyer. His last years he was superintendent of the Belton Water Works."

Old timers around Belton will know of Aiken, now a ghost town beneath the Belton Lake. They will also know of Abner Kuykendall and of the hat factory and furniture factory which made Aiken one of the foremost towns in early Bell county.

Abner Kuykendall was an ancestor of District Judge James Kuykendall Evetts of Belton.

Recommended Reading for This Week: This department gets a good bit of mail from youngsters and for them we have chosen five good Civil War books to recommend this week. These include two books by Gordon D. Shirreffs and three by Lee McGiffin.

Mr. Shirreffs' books are published by Chilton Publishing Company of Philadelphia and Mrs. McGiffin's are published by J. B. Lippincott & Company. We tried all of them out on our own youngsters and accept their raves about the books as authentic recommendations.

The five are GRAY SEA RAIDERS and MOSQUITO FLEET by Shirreffs and THE HORSE HUNTERS, RIDE FOR TEXAS, and REBEL RIDER by Mrs. McGiffin, who by the way lives in Arlington between Dallas and Fort Worth.

Workshop Set For Area Masons

Officers and members of three Masonic Lodges in this area have been invited to attend a workshop which will be held at 8:00 p.m. on September 3rd, in the Masonic Hall in Sonora, Ozona, Eldorado and Sonora Lodges are invited.

The workshop is being held to enable Masons to study common problems of Masonic Lodges and their operations. It will be conducted by Harold Friess of Sonora, chairman of the Masonic Workshop Area covering five nearby counties.

The workshop is part of a statewide semi-annual program held for the quarter-million members of nearly 1,000 Texas Masonic Lodges. It has been authorized by John R. Collard, Jr. of Spearman, Grand Master of Masons in Texas. He urged all officers and members of the invited Lodges to attend and said other Masons are also welcome.

Mrs. M. J. Cunningham and children, Danny and Danette of Dallas, spent last week with Mrs. Cunningham's mother, Mrs. Lucille Doyle. Mr. Cunningham visited during the week end and took them home.

S&H Scholarship

LARRY BLAIR

Larry Delwood Blair, an honor student at Schleicher County High School, has been awarded a "Merchant Scholarship" by The S&H Foundation, Inc., sponsored by The Sperry and Hutchinson Company, distributors of S&H Green Stamps.

Larry is the son of Mr. and Mrs. Frank D. Blair.

He was one of 50 such scholarship winners nationally, each of whom competed with more than 900 applicants. The scholarships are available to children of merchants who give S&H Green stamps or children of employees of such merchants.

This is the first year for the S&H Merchant Scholarship program although The S&H Foundation, Inc., administers an extensive aid to education program which includes contributions to The Independent College Funds of America, grants to private and state-supported colleges and universities for lectureship programs, S&H employee scholarships, National and 4-H scholarships, food distribution scholarships plus the matching of employees' gifts to institutions of higher learning.

Larry is a member of the National Honor Society and served as a member of the Student Council. He was named captain of his football team and of the mythical (all West Texas) team. He was also named to the all district basketball second team. In addition he has obtained the rank of Eagle in Boy Scouts. Summertime and after school jobs have included telephone line construction, State Highway Department, ranch work and farming.

He will enter the University of Texas in September where he will study agriculture.

Round-Up Set For W.T. Boys Ranch

The West Texas Boys Ranch roundup officially begins August 24 and runs through August 29. This is the week that friends of the West Texas Boys Ranch are encouraged to make their annual donation of stock, farm products, and cash to the Ranch. "The success of our 1964 drive will determine the type of program the boys at the Ranch will have for the remainder of this year," remarked Charlie Trigg, 1964 Wagon Boss for this area. He went on to point out, "It is very important that West Texans recognize the importance of the Roundup and participate in this very important effort because there are some 90 boys at the West Texas Boys Ranch whose livelihood depends upon the success of this drive."

As to date, 181 sheep, 30 goats, one horse, 11 cattle and some checks have been received as a part of this year's Roundup. "This is very encouraging, however, we are going to have to have a considerable amount of help and all of us will have to dig in a little harder than in the past, especially in view of our weather conditions. We don't want our temporary drought to become a permanent drought in the lives of the boys being served at the Ranch," remarked Trigg. He went on to point out, "When I took over the drive, we had 66 boys in residence and 20 in placement away from the Ranch. This number has been increased to 24 boys in placement away from the Ranch. Since January 1, 1964 the Ranch has had to turn down 119 boys—boys who really need to be at the Ranch."

The auction markets are processing the donated stock free of charge to the Ranch. Most of the rings in West Texas are participating.

Mr. and Mrs. James W. Carroll and their two sons visited here recently in the home of his parents, Mr. and Mrs. Tom Carroll. They had spent the summer in Chicago and were on their way back to Arizona where he is band director in a high school. Other visitors here with the Tom Carrolls were Herman Carroll and Gloria Duncan of San Angelo.

Miss Ginger Newby of Ballinger was a guest in the Roy Phelps home last week end.

On The Screen . . . 'Move Over' Reverses Enoch Arden Theme

Two years and a month or so before her death, Marilyn Monroe was at work on "Something's Got to Give" with Dean Martin, Cyd Charisse and Wally Cox.

In 1964, this project comes Sunday and Monday nights to the Eagle Drive-In Theatre screen, is in color, and is completely done over as "Move Over, Darling" with Doris Day, James Garner, Polly Bergen and the former "Rifleman" of television, Chuck Connors.

Film fans with star-spangled memories may recall it as "My Favorite Wife" with Irene Dunne, Cary Grant and Gail Patrick. It was a very "big" 1939-40 release.

The story idea, by Bella and Sam Spewack, remains prewar vintage but is still something not demoded by 1964 film fashions. Only the treatment may seem archaic.

The Spewack yarn is "Enoch Arden" in reverse. It is the wife who is lost at sea for five (or 7) years and presumed lost. The husband, father of two young children, puts in a proper mourning and then marries again.

Thereupon, the wife promptly shows up in fetching blue denims and Navy cap, rescued by submarine from a desert island. Her children do not recognize her, but her mother-in-law does and sends her down the coast to intercept the newlyweds at the honeymoon cottage, a swishy hotel at Monterey by the Pacific.

Only Garner's unwillingness to break the news to Miss Bergen prolongs the story. She is a distressed bride unable to cope with her groom's sudden indifference. Miss Day is similarly angered when Garner is slow telling Miss Bergen their wedding just isn't.

The acid of the picture is supplied by Thelma Ritter as the bemused, sharp-tongued mother-in-law.

MRS. DOYLE BACK FROM TRIP

Mrs. Claude Doyle returned home over the week end, after spending two weeks visiting relatives in South Texas.

She visited a sister, Mrs. Katie Lindholm in George West, Texas, and a brother, Walter Yarbrough and his family in San Antonio.

Also on the way home she stayed in Kerrville and visited two sisters, Mrs. M. G. Coker and Mrs. Rex Welty.

Football Team Captains Named

Three Eagle football team players who have already proved themselves worthy of the honor, were elected this week by their teammates to serve as captains for the upcoming 1964 season.

They are: Bob Halbert, son of Mr. and Mrs. Jack Halbert; Richard Preston, son of Mr. and Mrs. R. E. Preston; and Mike McCravey, son of Mr. and Mrs. Billy McCravey.

The team is to scrimmage Rocksprings tomorrow, Friday.

Work Continuing On Streets Near School

The caliche base has been put in place and work is continuing on the new cement curbs and gutters on the streets which border the school block on the north and west.

Some steel pipe "bumpers" are also being installed along the curbs north of the school and were being spray-painted this week with aluminum paint.

School will get under way with these streets unsurfaced, as yet. Completion of this project should be later this fall.

The county's earth-moving equipment was used, and the City of Eldorado is in charge of the cement curbs and the hot-topping of the street.

W.T. Utilities Announces Reduced Power Rates

A company-wide \$1,100,000 annual reduction in electric rates was announced today by West Texas Utilities Company. One hundred and sixty-three towns and communities served by the Utilities Company will benefit from the rate reduction.

The revised schedule of electric rates was filed with the City by Charlie Hahn, WTU local manager. The new rates will be effective with meter readings made after August 31, 1964.

These new rate schedules result from a reduction in the Company's income taxes due to recent changes in the federal income tax rates and the increased usage of electricity by present customers together with greater company operating efficiencies and economies.

"These rate reductions," Si Phillips, WTU President said, "are evidence of our policy of reducing the cost of service to customers whenever we can. The \$490,000 direct reduction in our federal income taxes, plus the improved operating efficiencies of new generating equipment we have recently put into service, as well as the new facilities now under construction, make it possible for us to pass on again real savings to our customers. Based on 1963 scales, the new rate schedules will represent a reduction of about 3 1/2% company-wide."

Approximately \$390,000 of the annual savings from the reduced rates will go to residential customers. Phillips said that with the new rates the average residential customer will get about one-third more electric service for his money than he did at the end of World War II.

In addition, the new rates will mean a saving of \$274,000 for commercial lighting customers. The cost of service to combination general power and commercial service customers will be reduced another \$221,000. Phillips said that churches, schools and smaller commercial customers will particularly benefit from this rate change.

Large light and power customers will have a saving of \$140,000. "All customers," Phillips pointed out, "will share in the \$75,000 saving resulting from lowering the fuel clause adjustment factor made possible by improved power plant efficiencies."

In addition to the general reduction which affects virtually all customers, the new rate schedules provide an extension of the residential and commercial electric space heating rate from four to six months. Presently WTU electric space heating customers buy electric heat at a base rate of 1c per KWH.

Attend Family Reunion

Mr. and Mrs. Fred Watson attended the annual Watson family reunion at Belmont, near Luling, recently. This reunion has been held on the third Sunday in August for about ten years. There were 69 persons attending; 54 of them relatives out of 58 living relatives.

Mr. Watson's brother and sister-in-law, Mr. and Mrs. W. E. Watson of Luling, came home with them on Tuesday and visited until Saturday.

Mr. and Mrs. Elton McGinnis went to Crosbyton last week end to visit and to bring their daughter, Lynda, home after spending the week visiting relatives there. The boys, Wayne and Jimmy, spent the week end with their grandparents, Mr. and Mrs. Sam McGinnis, while the rest of the family were gone.

Fowler To Be Evangelist At First Baptist Revival

A Revival will start at the First Baptist church here in Eldorado on August 30 and continue through September 6th, announces the pastor, the Rev. Kenneth Vaughan.

Dr. W. Leray Fowler, pastor of West University Baptist church in Houston will be evangelist. Dr. Fowler has been pastor that church since January of 1962 and has held pastorates previously in Sweetwater, Brady, and Ballinger.

Dr. Fowler is a graduate of Baylor, Southwestern Baptist Theological Seminary, and attended the University of Texas Journalism School. His wife is the former Rosemary Turner of Henderson and they have two sons, Mark 14 and Steve, 11.

Dr. Fowler conducted two preaching missions for the U. S. Air Force to Cape Cod, Mass., and in 1955 was in Cuba and Jamaica on a preaching mission sponsored by the Texas Evangelism Dept.

He was in England in 1959 and toured 13 European countries and the Middle East, on a preaching mission.

In 1961, he covered almost 25,000 miles in Scotland, England, France, Italy, Greece, Yugoslavia, Austria, Holland, Egypt, Germany, Turkey, and Moscow. This trip was under auspices of U. S. Air Force and individual churches of Europe and the Middle East.

Dr. Fowler also traveled 30,000 miles in Japan, Thailand, Hong Kong, Philippines, and Hawaii last May, and was a part of New Life Movement.

He has served six years on Executive Board of Texas Baptists, has served on Convention Program Committee, also on Committee to name Executive Board Members on two occasions. He has served as trustee of Howard Payne and Hendrick Memorial Hospitals.

Since his return from Berlin and Moscow in June he has made over 50 addresses on "Communism vs. Christianity" to civic, church, and convention groups.

An avid photographer, Dr. Fowler has made over 5,000 color slides in 37 countries. These slides are used in Sunday night Visual Sermons which attract good crowds.

Further details concerning the Revival will be given in the Success later.

Stanfords Have Guests

Week end guests of Mr. and Mrs. Truett Stanford and Mr. and Mrs. Curtis Humphries were the Stanfords' son and Humphries' daughter, Mr. and Mrs. Jack Stanford of Wichita Falls. Spending the week with the Stanfords and Mr. and Mrs. J. H. Mace are Sonny Stanford and family of Prite, near Henderson, Texas, who are on the last week of their vacation.

Mr. and Mrs. Truett Kent Stanford and children of Andrews came by Tuesday night and stayed until today (Thursday) on their way to San Antonio, and Mr. and Mrs. Tom Kent of Midland visited with them and Mrs. A. E. Kent a few days this week en route home from attending the University of Texas this summer.

Visit In Wichita Falls

Mr. and Mrs. J. L. Ratliff and grandson, Joe Faulk of Dallas, a guest, were in Wichita Falls from Thursday until Sunday of last week to visit Mrs. Ratliff's father, G. N. Gilbreath, who is improving in a hospital there after suffering serious injuries in a car wreck that took his wife's life about three weeks ago. The grandson returned to his home in Dallas Sunday after spending the week with Mr. and Mrs. Ratliff when they returned home.

Song Leader For Baptist Revival

The revival starting at the First Baptist church here on August 30 will feature Norman T. Burgess as song leader and music director.

Mr. Burgess, presently serving the Fielder Road Baptist church in Arlington, is a graduate of Hardin-Simmons University and will be graduated from Southwestern Baptist Seminary in the Fall. He has served in numerous revival efforts in Texas, New Mexico, Arizona, Oklahoma and Colorado.

Reflections

(Continued From First Page)

has a district evaluation for tax purposes of \$28 million or more, with a tax rate of \$1.50.

Third ranked Sonora, moved back from a "AA" district the past two years, has a valuation of nearly \$14 million, with a tax rate of \$1.50.

Eldorado, Schleicher County Independent School District, enrolls 629 more or less, has a valuation of about \$18 million with a tax rate of \$1.50.

Ozona, or Crockett County Independent School District, will probably emerge considerably further up the conference ladder than the fifth place allocated to them by the forecasters; but as previously related their school enrollment is some 830, their valuation over \$31 millions, and their tax rate \$1.69.

Sanderson, or Terrell County Independent School District has an enrollment of 615, an evaluation of nearly \$7 million with a \$1.90 tax rate.

Menard, smallest school, has a valuation of slightly more than \$7 million, and a tax rate of \$1.30.

Iraan lists 600 scholastics with a valuation of nearly \$33 million, and a tax rate of \$1.30.

Junction High School of Kimble County has a rival for finances and students in common school district London, this school's valu-

ation being nearly \$900,000 for 63 children; but Junction with 633 scholastics has the least of the district valuations with \$6.7 million, and among the lowest tax rates with \$1.35.

There is great disparity between the Eagles' two non-conference opponents: Crane, September 4; and Eden, September 11.

Crane, a class "AA" school for a number of years is usually their district winner or a stubborn contender, lists 1122 scholastics, has a valuation of more than \$45 million, with \$1.83 tax rate. Crane is remembered among school people as boasting the first high school building alone to cost \$1,000,000, of comparable schools in Texas.

Their football team members call themselves Crane's Golden Cranes.

Eden, a Concho County school, has been a spirited opponent for the Eagles for many years. That school lists 480 scholastics, has an

evaluation of \$3.8 million, and a rate of \$1.00.

So when some schools don't have as sharp band uniforms, as many horns, old football equipment, not as many coaches, and weather worn busses, a glance back over this resume will explain why.

Fortunately, the one constant factor in the whole complex set-up is the "kids." Boys 18-years old and younger in general have somewhat the same physical potentials. This is why the lads from a smaller school take such pleasure in rising up and "knocking the ears off" a more favored opponent. And often enough they can.

So there is some more than fancied reason to dream that the favored Reagan County Owls will provide feathers for somebody's sofa cushion when the football maelstrom officially called District 8-A gets going full blast.

In Those Days

Compiled From Success Files

ONE YEAR AGO
Aug. 29, 1963—Mr. and Mrs. Joe Gault were leaving on an expense-paid trip to Hawaii, conducted for Ford dealers.

C. O. Dewey completed 30 years with Marathon.

The Milton Rucker family were moving to Crane.

The tank atop the water tower was undergoing repairs.

FIVE YEARS AGO
Aug. 27, 1959—A. G. Clark, 49, was killed 10 miles southwest of town while helping unload a large tractor.

Mr. and Mrs. Byrl Clayton were getting ready to close the county swimming pool.

Paul Page and Howard Derrick announced purchase of 12 acres from Orval Conner located across the Mertzson road from Sunset Acres, to allow for future expansion of that development.

George Sofge and David Kuykendall were signed as extras as "The Alamo" was about to be filmed near Brackettville.

12 YEARS AGO
Aug. 28, 1952—School was opening with 13 new teachers coming on the job. T. E. Holcomb was superintendent and W. J. Fraker was high school principal. The new faculty members included Mrs. Oliver Teele, Mrs. Jewel West Miller, Mrs. Marie Hall, Mrs. Mary Virginia Holcomb, Mrs. Hazel Marx, Charles E. Love, Mrs. Love, Frank Benham, H. L. Brod, Edgar A. Burrow, Miss Geneva Knox, Milton T. Campbell, and Miss Mary Algood.

Enrolling in San Angelo college were Charlene Atkinson, Grace Crosby, Margaret Ellen Edmiston, Ruthie Dee Harris, and Marianne Craig.

A daughter was born in Arkansas to the Rev. and Mrs. George Cartwright.

Mrs. Nancy Frances Sutton died at the age of 78 in Menard and her funeral was held there. She was the mother of Mrs. Earl Cathey.

35 YEARS AGO
Aug. 30, 1929—L. E. Clement was replacing Mr. Martin as engineer at Humble's Station A. Mr. Clement was moving from Crane City.

Fred O. Green, local telephone manager, announced that the San Angelo Telephone Co. would soon install "all-metallic lines."

Evans Motor Co. advertised another record for Chevrolets. "A Million Six Cylinder Chevrolets on the road in less than eight months." Prices ranged from the roadster at \$525 to the Imperial Sedan at \$695.

Ira McDonald, merchant of Bailey Ranch, and C. A. Spencer, ranchman and farmer, were in Tuesday looking after business.

Mrs. E. V. Foster and Mrs. L. T. Barber visited in Brady.

G. B. Shoemaker & Sons, Inc., advertised, "We Deliver Ice. The Best Ice Is Always The Most Economical."

W. N. Ramsay, secretary of the Eldorado School Board, reported that the local public schools would open for the 1929-30 term Sept. 2.

Work Starts On New Building Here For The 'El Dorado Woolens, Inc.'

Contract was let this week to Knight-Susen Lumber Co. of San Angelo for construction of the new headquarters building for the "El Dorado Woolens, Inc.," which until it was re-organized last January was the West Texas Woolen Mill.

Expansion plans were announced for the mill at that time and the new headquarters building on which work is now under way is one phase of these plans.

Howard Derrick was named new president, and other officials who were named in the re-organization of last winter included James L. Powell, vice-president; Tom Wallace, sales and secretary; and Joe M. Christian, original founder of the mill, superintendent and treasurer.

Purchase of additional equipment was arranged to provide for doubling, and as new lines are added, eventual tripling, of production.

By Tuesday, men and equipment of the Carl Cahill firm of Sonora were at work scraping soil off the site of the new headquarters building on the Sonora highway (South Divide St.) directly behind the mill's present building on South Main.

Caliche was being moved in, and Harold Susen stated that completion of the new building might be done by Christmas, which would be some earlier than originally thought.

Plans call for a building of about 5,000 square feet constructed of haydite tile which will house offices, showrooms, remnant shop and other facilities.

The Eldorado Woolens rented the old Humphrey Hardware building on South Main street recently to house sewing operations of the mill temporarily, pending completion of the new building next winter.

The "El Dorado" blankets have gone to all 50 states, and during World War II, 24,000 olive drab blankets were turned out on government contract.

Mr. and Mrs. Joe Kreklow have returned from a week's vacation in Colorado, where they attended a series of musical events at Aspen.

Miss Kay Smith of San Angelo visited her uncle and aunt, Mr. and Mrs. Tom Ratliff last week end.

Letter to Many Friends:

Bob Jr., Jo Anne, and Margo join me in expressing our sincere thanks and appreciation for the many friends in and around Eldorado for their kindness and sympathy in the recent loss of our loved one. My deep appreciation also for the cards, letters, telephone calls, and telegrams sent during my extended stay in the hospital at Fort Benning, Ga. Am now in Fort Rucker, Ala., with my mother and children and will only require about two more weeks hospitalization at Fort Benning during the latter part of September. Hoping to be able to travel and see you during the Christmas holidays, I remain,

Gratefully yours,
Robert (Bob) Williams.

Records Required Of New-First Graders

Curtis Humphries, elementary principal of the Eldorado schools, reported that all six of the lower grades will register Monday morning for the coming year. Extra records are required of the first grade pupils who will be enrolling in the schools for the first time. As outlined, the requirements of first grade pupils are: 1. The child must have a birth certificate showing that he will be six years of age on or before September 1, 1964. 2. There must be evidence of a successful smallpox vaccination within four years prior to enrollment. 3. A certificate from a doctor is necessary showing evidence of DPT immunization or booster within a year prior to enrolling. Mr. Humphries urged parents to bring these required records Monday to avoid unnecessary delay in registering the beginning first grade pupils.

Memorial Books Given To Local Public Library

Recent memorials in the library are: The Home Ranch, for Jim Newport, from Dorcas circle of Methodist church; Jane Adams of Hull House, for Mrs. Emma Parker, from Ruth Baker; The Other Side of Rome, for Mrs. Emma Parker, from Mrs. Minnie Reynolds; Where Did You Go? Out. What Did You Do? Nothing, for Mr. J. B. Smith, from Dr. and Mrs. C. T. Womack; The Romance of Davis Mountains and Big Bend Country, for Ed Hill, from Mias Amigas. New books for teen-agers are: Indian Saddle-Up, by Balch; Big Bright Land, by Johnson; Young Mr. Meeker, by Mason; Golden Hamsters, Snakes and Earthworms might be of interest to young scientists. Ranger Moseby, by Jones; Dolls of Three Centuries, by St. George; Ozona Country, by Bosworth; The Thread That Runs So True, by Stuart; Christ's Witchdoctor, by Dowdy, will interest the grown-ups. 73 children from grammar school and 12 from Junior High and High School registered for the reading club this summer. Libby Preston was the first one from high school to complete her 12 books and Belinda Bailey was the first one from grammar school to complete 12 books. Our Reading Club closes on August 31 and the reading certificates will be issued in September. Watch the paper for the date. Old timers will enjoy McGuffey's Sixth Reader. Revised. It was given by Mrs. L. L. Watson and Mrs. R. D. Johnson. —Ruth Baker, librarian.

More Showers

Rain which fell here Saturday afternoon measured 8-tenths of an inch in a gauge out near the airport, but as usual it varied sharply from one side of town to the other. This in addition to an inch and a half that fell a week earlier, is giving pasture land a new green color. Skies continue to be cloudy and more moisture will be gratefully appreciated. Lawns and shrubbery in town have had a good watering causing a drop in the use of city water and alleviating to a great extent the water shortage which the city has been experiencing.

Back To New Mexico

Buddy Spicer left Tuesday for Farmington, New Mexico, and from there will go out 85 miles to the Navaho Indian reservation where he will be in charge of a trading post, a position he had before moving here several months ago. Mrs. Spicer says she will join him there in several weeks. Their variety store here will be left in charge of Mrs. Nell Singleton.

For Prompt Service On Printing Come To The Success Office

Miss Nancy Martin Bride Of Mr. Hagood

MRS. JAMES HAGOOD

Mrs. James Hagood was Miss Nancy Martin before her marriage Sunday in the Prayer Chapel of Fleming Hall, Howard Payne College in Brownwood. Rev. Finlay Graham officiated. Parents of the couple are Mr. and Mrs. Roy H. Martin of McCamey and the Rev. and Mrs. Finlay Graham of Fort Worth. The couple are at home in Brownwood. They will both be Junior students at Howard Payne this fall. The bride is the granddaughter of Mr. and Mrs. C. L. Martin Sr of Eldorado. Attending the wedding from Eldorado were Mr. and Mrs. L. L. Kinser and Kathy. Kathy served as her cousin's maid of honor.

Lions Club Meets

Fred Watson presided at the meeting yesterday of the Eldorado Lions club. Milton Faught was the only guest. For the program, Ronnie Mittel discussed the ASCS program and showed a slide presentation "The Real Form of Subsidy." Plans are continuing for the club to serve a pancake supper the evening of October 9, when Big Lake will be here to play the Eagles. Several local Lions plan to visit the Big Lake Lions club early in October.

Garden Club To Meet

The Garden Club will hold its first meeting for the new Club year on September 9 at 9:30 a.m. in the club room of the Memorial Building. A series of interesting programs has been planned for the year. For the first program, a film on "The Birth of Earth" will be presented by Mrs. Bill Works. The hostess will be Mrs. C. J. Niblett. Mrs. Leo Prater is president of the club.

BIGGSES VISIT, HAVE GUESTS

Mr. and Mrs. Ben Biggs went to Menard last Thursday to meet Mrs. Biggs' sister, Mrs. Lillie Burger of Denton, at a brother, Joe Stucke's home. Over the week end their son and daughter-in-law, Mr. and Mrs. Truman Biggs of Midland, visited them. Then on Monday Mr. and Mrs. Biggs went to Brownwood where Mrs. Biggs visited a brother, Walter Stucke, while Mr. Biggs attended the Baptist Brotherhood Jubilee at Lake Brownwood.

Eddie Etheredge came in this week from San Marcos where he has been in summer school, to visit his mother, Mrs. Ethel Etheredge and other relatives for three weeks before he returns for the fall term at Southwest Texas State College.

Lions Elect International President

Claude M. DeVors of Wichita, Kansas, was elected President of Lions International at the Association's 47th annual convention in Toronto, Canada, July 8-11. Lions International, with 720,000 members in 124 countries, is the world's largest service club organization. Lions International is best known for its many youth programs, community service projects, sight conservation activities and aid to the blind. Last year Lions Clubs around the globe completed more than 400,000 individual community projects.

Work Continuing On Addition To Bank

The new addition being built onto the north side of the First National Bank building here in Eldorado has been "weathered in" and work is continuing on the interior. The front has been glassed in, air conditioning ducts have been installed in the ceilings of both the old and new buildings, and interior work is well under way. A drive-in window with paved strip for cars will be a major feature of the new building for the convenience of the bank's customers. Knight-Susen Lumber Co., is the general contractor and they have sub-let several phases of construction to other contractors.

Pool To Be Open Through Labor Day

Fred Riley, manager this summer of the county swimming pool, announced this week that the pool will be open through Labor Day. This coming week, with school on, the pool will open later in the day, at 4:00 p. m. Season tickets will not be honored after this Sunday. Monday, September 7th is set as a school holiday and that will be the final day of operation of the swimming pool this year.

First Baptist News

Youth Retreat Scheduled

A youth retreat will be held at the L. L. Watson ranch Friday and Saturday for all the young people 13 years old and over and the young at heart. Stephen Leddy of San Angelo will be the main speaker. Each person going is asked to take a bed roll and a sack lunch for the Friday night supper.

Women View Slides On Mexico

Miss Jacqueline Davis presented slides of missions, etc., in Old Mexico to the women and guests of the Woman's Missionary Union at the general meeting held Tuesday night at the church, and gave a running commentary on them. Her mother, Mrs. Weldon Davis, presided over the business meeting. It was announced that the Day of Prayer for Home Missions would be held Wednesday, September 16, from 9:00 a.m. to 2:00 p.m., with a covered dish luncheon at noon. Misses Mickey Phelps, Paula Mae and Carolyn Wilson rendered special music with Mrs. Roy Phelps at the piano. Mrs. Frank O'Banion read the prayer calendar and led the special prayer. Mrs. Allan Kuykendall led the closing prayer.

The basement room was decorated in the Mexican theme and Mrs. Wm. Rountree was in charge of the program.

The Benny Oliver Circle served pink lemonade and cookies to the 16 members and 11 visitors present. Other visitors than the above mentioned were Mr. and Mrs. C. O. Bruton, Robert Bruton, Mrs. W. N. Ramsay, Mrs. Kenneth Richardson, and Misses Jeanne and Karen Rountree.

How to save money like clockwork

[even if you're short on willpower] Hanging on to some of your earnings can be as easy as winding your watch. Just tell your employer you want to join the Payroll Savings Plan. Then sit back and forget about it. Every payday, he'll set aside a few dollars from your paycheck (you say how many), and put them towards the purchase of a U. S. Savings Bond. Pretty soon you'll have some big dough stashed away. No strain. It's all automatic—and dependable as Big Ben. Millions of your fellow Americans save billions of dollars this way, so you know it works. What's more, you help your country as you get richer, which should give you a nice red, white, and blue feeling. Take a minute and talk to your employer this payday. See if it isn't time well spent.

Keep freedom in your future with U.S. SAVINGS BONDS The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this publication for their patriotic support.

Jimmy Garvin Marries San Angelo Girl

MRS. JIMMY GARVIN

Western Hills Church of Christ was the setting last Saturday night of the wedding of Miss Lucy Leatrice Guthrie of San Angelo, and Jimmy Garvin of Eldorado. The bride is the daughter of Mr. and Mrs. Jack T. Guthrie of San Angelo. The groom is the son of Homer Garvin and the late Mrs. Garvin of Eldorado. The minister of the church, Albert Hill, officiated at the ceremony. Soloist was Jim Wynne.

The bride was attired in a gown of imported white Chantilly lace over magnolia-toned nylon tulle, featuring a scalloped neckline, shirred sleeves and a bouffant ballerina-length skirt edged with pleated tulle.

Mrs. George Millikin Jr. of Midland, sister of the bride, was matron of honor. Miss Karen Stanford of San Angelo was bridesmaid.

Best man was Jerry Lackey of Junction. Bill Roach was groomsman. Ushers were Gerald Lee Harper, James Glenn Ratliff and Jack Guthrie Jr., the bride's brother.

Following the ceremony, a reception was held at the home of the bride's parents. Those in the house party included Miss Barbara Crews, Miss Margaret Beth Stites and Mrs. James Glenn Ratliff. The bride is a graduate of San Angelo Central High School and attended San Angelo College. She was named district teacher in 1963-64 of the Future Teachers of America. At SACHS she was a member of the National Honor Society, Junior Classical League, and was graduated seventh in the 1964 class.

The bridegroom graduated from Eldorado High School and received an applied arts diploma from San Angelo College. He was the 1960 Schleicher County representative to Boys State in Austin and received an American Legion school award. He was a member of the Future Farmers of America and the speech club.

The young couple will attend Southwestern State College in Canyon where they both have part time employment.

Those from Eldorado attending the ceremony were the Garvin family, Mrs. Ernest Finnigan, Mr. and Mrs. Granvil Hext and Deanne, Jack Hext, Mr. and Mrs. Victor Kent and Leonard, Mr. and Mrs. Oran Enochs and Rex, Richard Kent and Mr. and Mrs. Clyde Keeney.

ARDIS CANSLER MOVES HERE WITH SOUTHWESTERN FENCE

Ardis Cansler of San Angelo has accepted employment here with Southwestern Fence Co., and started work yesterday morning. He and his wife, the former Johnnie Griffin, have rented Mrs. Sadie Davidson's rent house, next door to her home and will move soon, probably next week. They have been visiting in Canadian, Texas, prior to making the move. Mr. Cansler is a brother-in-law of Rusty Gibson, owner of the Southwestern Fence Co.

Guests in the Raymond Hall home the first few days of the week were Mr. Hall's mother, Mrs. Fred Hall of Terryton and a brother, Jimmy Hall and daughter, Debbie, also from Terryton and a brother-in-law and sister, Mr. and Mrs. Dan Holloway and daughter, Denise, from Los Angeles, California.

Mr. and Mrs. Sam McGinnes, Mrs. Elton McGinnes, Mrs. Albert McGinnes, Misses Lynda and Mary Lynn McGinnes visited Perry Conner of Menard at the St. Johns hospital in San Angelo Tuesday. Mr. Conner, Sam McGinnes's brother-in-law, is convalescing after undergoing surgery in the San Angelo hospital last Monday.

Mrs. Ruby Nell Hubbard and children, Charles Bruce, Linda and Mary of Rising Star visited Mr. and Mrs. Jerroll Sanders and family and other friends in Eldorado Tuesday and Wednesday. The Hubbards left Eldorado in November, 1959, moving to New Mexico when the late Charles Hubbard was transferred there by Service Pipe Line Co.

217 So. Chadbourne San Angelo, Texas

The Glenn Parker family vacationed at Granite Shoals from Wednesday until the end of last week.
Mrs. and Mrs. John Kempsey and children of Lometa were here Saturday visiting with Mrs. Bertha Wilson and attending to business matters.
Mrs. J. W. Walker of Plainview spent the week end in Eldorado visiting her brother and sister-in-law, Mr. and Mrs. Ernest Hill, looking up old friends, and attending services Sunday morning at the First Baptist church with an old friend, Mrs. W. N. Ramsay.

The Bob Rowes returned home late Sunday afternoon from a 3½-weeks' vacation. They visited relatives in Murphy, North Carolina; Ft. Cobb and Chickasha, Okla., and on to Fort Worth, Texas. Jenice Rowe celebrated her 9th birthday Saturday by visiting Six Flags.
Mr. and Mrs. Bill Gunstead and Gwendolyn and Billy Charles spent Saturday and Sunday at Van Horn visiting the Wm. Sauer family.
The Kimble-Menard County Singing Convention will meet this Sunday, August 30, at Hext Baptist church at 2:00 p.m., according to Mrs. Allen Davis, secretary.

Promotion Keeps Trade At Home

In every state, in nearly every county, of the United States are small towns in which former business areas have become ghost streets.

The scene is a common one: store windows boarded over; former banks used for storage; dust gathering on empty benches on the sidewalks. Yet, in many of these towns there are more people than ever.

The movement of trade came about as a result of better highways, faster automobiles, and poor promotion by the local merchants. The movement has been largely from villages to county seats and other small cities, which had the benefit of newspaper publicity.

But what about the future? Will super-highways, airplanes, and still faster automobiles begin to sap the commercial activity of the county seats and other flourishing small centers of trade? Not necessarily so.

The local merchant holds many advantages over distant competitors. The local consumer will remain loyal if he thinks he will get a fair price at home. He will remain loyal if he knows he can find the variety he seeks at home. He will remain loyal if he realizes how much he will save in transportation and service cost by trading at home. He will remain loyal if the local merchant demonstrates that the local store is progressive and up-to-date.

In short, every IF concerning the future of the small city merchant depends upon his use of advertising to keep the local consumer interested and informed on the ever-changing goods and services constantly being offered to the consumer by distant competitors. —by S. S. Talbert, Ph.D., chairman, Dept. of Journalism, University of Mississippi.

Mr. and Mrs. George Long drove in home in their camper last Saturday afternoon after a 45-day vacation trip to the Pacific Northwest. Their route took them thru the mountain states on to Seattle and the Puget Sound area as well as to British Columbia in Canada. On their way home they stopped for several days at Borger to visit with relatives.

Mr. and Mrs. J. D. Redwine and children Sheila, Michael, and baby Jean are on vacation visiting Six Flags in Dallas, and various other points of interest.

Sale of wheat to Russia, which some of us oposed, has enjoyed the same export subsidy treatment that is accorded sale to other foreign countries. As applied to the wheat going to the USSR the subsidy now approximates \$50 million.

Recently the skipper of an American tanker delivering grain to a Black Sea port claimed he was told by Russian sailors the product was "going to Cuba." The skipper saw the re-loading operation, that prompted the inquiry. The Russians had promised they would not re-sell the American wheat to Castro. The re-sale was officially denied by the Soviets when queried about it by the State Department.

But wheat is a commodity that cannot be traced. So whether it is U. S. grown or Russian-grown wheat, that the Russians ship to Cuba, the net effect is the same. It is now costing Khrushchev an estimated \$1 million a day to keep Castro in business, and this undoubtedly includes some wheat.

Reapportionment legislation is threatening to force Congress back into session after the Democratic Convention which opens in Atlantic City on August 24. Many of us are making a determined effort to get some relief from the Supreme Court's decision last June forcing both houses of state legislatures to be reapportioned on the sole basis of population. The liberals, as expected, who always support the Supreme Court in all decisions, are fighting any effort to correct the Supreme Court blooper on reapportionment.

These radical-liberals argue that by forcing state senatorial districts to be reapportioned on the sole basis of population, an advantage will be achieved by the big cities, the liberal blocs, at the expense of the rural areas, the farmers and the small businessmen.

Our big job at the moment is in getting to vote on corrective legis-

lation. The Speaker of the House, who has much to do with programming legislation, is against us. Over in the Senate the radical-liberals are putting on a filibuster in an effort to prevent a Senate vote on the issue.

The issue should be resolved before this Congress adjourns.

Reapportionment and Beef Imports claimed top attention in Congress this past week, preceding a temporary recess for the Democratic Convention.

By a vote of 218 to 175 the House approved a bill to curb the power of the Supreme Court which has usurped its authority and ruled that both houses of state legislatures must henceforth be apportioned on the sole basis of population.

I joined with 17 other Texans in voting to curb the court. Four Texas members voted to sustain the authority of the court to exercise control over state apportionments.

The bill takes away from the Supreme Court jurisdiction over the subject of State apportionment thereby leaving this to the State legislatures where it has always been and where the Constitution placed it. Article III of the Constitution gives the Congress authority to limit the jurisdiction of the Court.

The fate of this bill faces an uncertain future in the Senate. Indications are it will be sidetracked for an attempt to temporarily suspend the requirement for reapportionment. In any event, the Congress will resume work on August 31, with Court curbing legislation the first order of business.

The Meat Import Bill was finally approved. Although it is a stand-by arrangement, to become effective only if beef and mutton exceed certain limitations, the measure should be very helpful in curbing the dumping of this meat which has plagued the beef industry in this country for several years. It would hold such imports to a maximum of a little more than one billion pounds annually, compared with the 1.7 billion pounds brought in last year. Lamb was omitted. Although several of us fought for its inclusion the Conference Committee contended that the present rate of imports of lamb meat is less than 2% of our domestic consumption, whereas in the base of beef it amounted to about 11% last year. Lamb growers and feeders have suffered in the past because of spurts of lamb imports which have depressed and disrupted the market at times, and it is feared this may happen again if there is no protection other than the very low (2½¢ per pound) tariff that is now levied on lamb.

PATTERNS FOR PROGRESS

Community Development planning requires ANALYSIS of the Community Survey

Making a Community Survey of factors which influence community and economic development is the starting point for a soundly planned program.

What is done with and about such a survey is the next crucial step. We must assess and evaluate all the facts in microscopic detail, for results can come only from a thorough and realistic analysis.

We should ask ourselves . . . what are our advantages for economic and civic growth? How can we utilize them for community and economic development? Are there civic factors which need improvement to compete with our neighboring towns? How can we best make such improvements? And, is the entire citizenship cooperating with community organizations whose initiative and aggressive leadership can accomplish our objectives?

Analysis of a Community Survey is another PATTERN FOR PROGRESS.

WTU's area development representatives will assist growth-conscious communities in planning a thorough analysis of its Community Survey for economic development. This service is available on request through your local WTU manager.

Lea Roy Aldwell Married Aug. 19

Mrs. Marie K. Ellis and the Rev. Lea Roy Aldwell were married Wednesday evening, August 19, at 7:30 p.m. in St. John's Episcopal church in Sonora. The Rev. Alanson Brown, pastor of Bood Shepherd Episcopal Church in Wichita Falls, officiated.

The Rev. Mr. Aldwell is vicar of St. Mary's Episcopal church in Eldorado and is in the ranching business.

The bride is the daughter of Mrs. Florence Knight of Oklahoma City and A. H. Knight of Dallas. Aldwell is the son of Mrs. Roy Aldwell and the late Mr. Roy Aldwell.

The Rev. Jake Billingsley of Austin served as best man, and groomsmen were Edward Aldwell of New York, son of the bridegroom.

A reception after the ceremony was held in the Parish Hall of St. John's Church.

Following a wedding trip to Santa Fe, the Aldwells are at home in Sonora.

On The Screen . . .

Texas Slant In 'The Wheeler Dealers'

"The Wheeler Dealers" which is showing in color tonight and tomorrow night at the Eagle Drive-In Theatre, recognizes that Texans may come from elsewhere since Stephen F. Austin's time.

James Garner, wheeler dealer of the new picture, is "in oil" and dresses nattily. Only when he goes to New York on business and catches a ride from Idlewild by lend-leaseing a taxicab does he don the stage properties, a broad-brimmed hat, string tie, fancy vest and what ever else they manufacture in Brooklyn.

He also turns on a Texas accent which conflicts with his Boston birth and Yale diploma.

Garner, who has wildcatted a couple of Permian basin dusters, goes to the big city in search of a mere \$1,200,000. (You're too rich a guy to go broke," advises his accountant.)

Garner gets, we suppose, his \$1,200,000 but his activities lead him far and wide including digging for oil in Massachusetts, all for the sake of Lee Remick.

Miss Remick is something new in Wall Street, the prettiest "securities analyst" in other words "stock peddler" in the employ of Bullard Baer & Co. Say this real fast and it sounds like "bull and bear" and is supposed to.

The derrick in Massachusetts comes from Garner's taking a flyer in Universal Widgets, whose stock hasn't moved since 1833. He doesn't strike a gusher but punctures a pipe line which is almost as good.

"Wheeler-Dealers" grows raucous in its lampoonery. Garner is mixed up with three comedian Texans called Ray Jay, Jay Ray, and J. B. Otherwise they are Chill Willis, Phil Harris and Charlie Watts who muscle in on Garner's deals and can't lose money for making it.

Don't ask us how the picture gets into modern art but it does. The Texas trio take Stanislas' collection off Garner's hands. Stanislas paints by the spatter-and-bicycle track method. They save 10c on the dollar with Internal Revenue.

There is a lethal bit about the Securities Exchange Commission, and all in all, the picture is light hearted and is legal, if not wholly ethical.

Receives Baylor Degree

Waco.—Baylor University conferred degrees on 262 graduates Friday morning in the university's summer commencement exercises in Waco's Seventh and James Baptist Church.

The graduates represented 29 states and several countries. Degrees included Bachelors, Masters, and Doctorates.

University president Abner V. McCall delivered a charge to the graduating class, telling graduates that they must be willing to contribute more to society than the large percentage of the world's population that has not obtained a university degree.

Mrs. Joe Ray Stanford, the former Nancy Jo Jackson, received her Master of Science degree.

ALEXANDERS HAVE GUESTS

Ronnie Wells, husband of Dorothy Nell Alexander, granddaughter of the W. O. Alexanders, recently received his Master's Degree and has been selected as Band Master at Memphis, Texas.

Bob Lemon, husband of Lucia Alexander, has received his Master's Degree in Math from Texas Tech and has been employed as Math teacher in the Monterey High School at Lubbock. Lucia will continue her work on her BS degree at Tech. Bob and Lucia visited the W. O. Alexanders a while back and he sang a special in the First Baptist church.

Austin. — Texas Democrats and Republicans are gearing for their big clash in the November general election. Democratic leaders are in Atlantic City, N. J., at their party's national convention.

Gov. John Connally indicated both national and state campaign organizations will be put together in Texas soon after the convention. Meanwhile, Republicans report they already have built an organization far stronger than any they have fielded to date. They plan to do vigorous battle in local races, as well as national and state campaigns.

The GOP assembled its candidates and campaign leaders here last week end for a special training school in practical political organization, vote - getting tactics and fund-raising activities.

Oil Rise

Texas Railroad Commission has ordered a substantial increase in oil production for September.

Wells which are under proration will be allowed to produce 28 per cent of their capacity during September, compared with 26.5 per cent this month. New production quota amounts to 2,831,583 barrels daily, compared to 2,794,312 for August.

The Commission also took under advisement conflicting testimony on effect of its proposed \$5,000 bond requirement for drilling or reworking wells in the interest of pollution control. Fifteen days were allowed interested parties for filing for additional briefs.

Appointments Announced

Governor Connally announced 9 appointments to Trinity River Authority board of directors, three to San Jacinto Battlefield Commission and two to the State Board of Barber Examiners.

Reappointed to the Trinity River board were Paul H. Cauthan Jr., Trinity; Bernice Finger, Shepherd; J. D. Kirven, Waxahachie; and O. P. Leonard, Fort Worth. New appointees are Walter Hailey, Dallas; Rex Cuable of Leon County; Dr. J. B. Heath, Madisonville; Fred F. Meridith, Terrell; and A. C. Spencer, Huntsville.

Houstonians appointed to the Battlefield Commission were W. N. Blanton Sr., chairman; Mrs. Joseph H. Sperry; and Fred Leggett, Ed Tabola of Houston and H. D. Stewart Jr., of Big Spring were selected for the State Board of Barber Examiners.

Water Conservation Drops

Water conservation storage in major Texas reservoirs dropped at the end of last month to the lowest point since March, 1957. The 6,400,000-acre feet stored was a decrease of 700,000 acre feet from the previous month.

The Texas water commission said dryland crops and pastures are suffering heavily, and municipal water supply of many small towns has reached the critical stage.

Dove Season To Open

Parks and Wildlife Department announces that white wing doves can be hunted on two week ends—September 5 and 6 and September 12 and 13.

Regular mourning dove season opens in the north zone of Texas on September 1 and will run thru October 30. The south zone season is September 26 through November 20.

A new guide to hunting regulations, "Hunting in Texas 1964-65" now is being distributed through Parks and Wildlife field offices and licensed deputies.

Prison Land

Land Commission Jerry Sandler's staff has completed surveys and subdivisions of 6,500 acres of prison farm land in Harris, Fort Bend and Walker counties. The State Board of Corrections will offer the 43 tracts of land for sale on Dec. 9-11. Land is surplus to needs of the prison system, so effort is being made to get it in private hands and on the tax rolls.

Details may be obtained from the State Department of Corrections at Sugar Land or Huntsville.

Enough Banks

State Banking Commissioner J. M. Falkner thinks it is time for caution in chartering new banks. Falkner serves as chairman of the State Banking Board which grants or turns down applications for charters for state banks. State Treasurer Jesse James and Robert Strauss, Dallas attorney, are the other two members of the board. About 100 new state and national banks have been chartered in Texas

in the last three years.

Sign of the slowdown is the fact that so far this year, Board has turned down nine and granted eight applications. In 1962 it granted 18 and turned down four.

Back To School

Part-time jobs are being sought and found by the Texas Employment Commission for high school students who need work to be able to stay in school.

In a drive to try to keep 60,000 high school students from dropping out of school this fall, the Employment Commission called on employers and parents to find jobs, when the need for family income threatens to cause a drop-out.

Interest

Allstate Insurance Company has challenged the action of the State Board of Insurance in setting six per cent as the minimum interest rate which may be charged on notes by which payment of insurance premiums are deferred.

The Board of Insurance has scheduled a public hearing for September 1 on All-State's contention that such a minimum on interest should be not be ordered by the Board. The board originally applied the interest regulations to fire insurance only, but it now has extended it to all other lines of insurance.

Historical Markers

Within the next 90 days, 531 official historical markers will be put up on Texas highways to show Texans and visitors the landmarks honoring Texas statesmen, trails, battles, industrial sites, shipping points, towns and counties.

Markers are being put up in cooperative effort by the State Historical Survey Committee, State Building Commission and the State Highway Department. Made of cast aluminum with steel effect, the markers will bear the official Texas Historical medallion at the top.

Blood Tests

Atty. General Waggoner Carr has ruled that it is legal for the Texas Animal Health Commission to use state funds to give its employees blood tests to see if they are susceptible to poisons being used in sprays in the screwworm program. Ruling was based on the finding that discovery of the condition in advance would prevent sickness and absenteeism by the agency's employees.

Liquor Tax

Texas Liquor Control Board, which enforces liquor laws and

collects taxes on liquor, wine and beer, has taken in \$332,483,997 more in the last 11 years than it has spent.

Its expenses during the 11 years were \$18,202,589. Tax revenue is allocated by legislative act to old-age assistance, public retirement, aid to needy blind and dependent children, farm to market roads, teacher retirement, state hospitals and state employees retirement.

Many Cars

If you find it harder to find a parking place, here's why. State Highway Department reports that it has licensed 5,632,373 motor vehicles this year, ranging from the 747,734 in Harris county to 184 in Loving county. This is a gain of five per cent above last year.

Highways

Virgil Patterson, Amarillo banker and president of the Texas Good Roads association, will head the annual observance of Highway Week, October 4-10.

"Mobility: Your Fifth Freedom" is the theme of this year's observance, held annually to call attention to the state highway system and its needs for improvement and continued attention.

Observance will include award of \$100 savings bonds to Texas newspaper editors who write the best editorials on any phase of the highway program.

Short Snorts

During the year ended June 30, 4,588 disabled Texans were trained by the Texas Education Agency for jobs they can hold despite their disabilities. . . . Governor's Committee on Aging, headed by Sen. Walter Richter of Gonzales, a former newspaperman, is putting out its own newspaper, designed to feed information to those working to improve the living conditions of older people. . . . A county's duty to furnish medical care for needy residents includes the obligation to employ necessary medical specialists, Attorney General Carr advised Young county attorney Ronald D. Stephens in an opinion. . . . Western Union is closing its branch office at the state Capitol, except during legislative sessions, so Miss Cornelia Nunn retired last week, after 43 years as Western Union operator there. . . . Attorney General Carr announced recovery of an additional \$118,825 in a slant well suit, involving wells in Rusk, Gregg, Karnes and Jackson counties, which brings total of recoveries to \$953,595.

And the Truth, coupled with modern education, will determine our survival in the modern world. From the one-room schoolhouse of 1854 to the modern educational plants of today; from the little blue primer to the vast libraries of reference material; from "readin', ritin' and rithmetic" to the liberal arts courses of 1964 our Public School System in Texas has kept abreast of the progress in education. Today, as never before, education offers opportunities undreamed of 100 years ago, and it is through our great school systems that our youth are so copably prepared for the responsibilities they face in an ever-changing world. No longer must future Lincolns read by firelight, nor is any child, regardless of race or color, denied the rights of education. Today, youth stands on the threshold of an era of progress yet to be experienced by man. Only through proper guidance in education can this progress be beneficial to a troubled world.
