64TH YEAR

ELDORADO — SCHLEICHER COUNTY — TEXAS

Thursday, July 15, 1965

NUMBER 28

## City Well Tests Out At 500 Gallons

The City of Eldorado is getting ready to lay two blocks of 6-inch asbestos cement water pipe to their newly completed water well at the airport gate.

By Monday of this week, the tile was laid out from Scottie's corner two blocks west, a total distance of 1053 feet. Four-inch connections will be made near the well to provide water for the county which is carrying on a park program in the area which will include a golf course.

The new well has been given three treatments of acid in the past week in order to determine its full potential. It was acidized by Halliburton on Wednesday of last week with 2,000 gallons, and again on Friday with 1,500. Then on Monday evening it was given a third treatment with another 2,000 gallons and pumped until about midnight.

Palmer West explained that at times the pump delivered as high as 800 gallons per minute, but that for hour after hour sustained production it was determined that 500 GPM could safely be produced.

The series of tests were made in order to determine the size of pumping equipment to be installed.

"It would not be economical," said West, "to install a 1000-gallon pump on a 500-gallon well." The job of trenching and laying two blocks of 6-inch to connect with city mains will be farmed out to a contractor.

With 100-degree weather prevailing here day after day, the new well is coming near completion in the nick of time. Yet to be done is buying and installing the pump and engine, although the City Council is also considering installing equipment that they already own.

## Adlai Stevenson Dies

The United States ambassador to the United Nations, Adlai Stevenson, died suddenly yesterday in London.

He was former governor of Illinois, and in 1952 and 1956 was Democratic nominee for President. He was defeated both of those election years by Dwight D. Eisenhower.

## Funeral Held At Llano For Wilson Smith, 56

Wilson Smith, 56, Llano ranchman and long-time resident of Eldorado, died suddenly Wednesday of last week in Llano Memorial Hospital.

Funeral services were held Friday in Llano with burial in a cemetery there.

Mr. Smith was born March 13, 1909, in Llano county. He served as A.S.C. manager here in Eldorado before moving back to Llano county three years ago.

Survivors include his wife; a step-son, Jimmy Morgan of Del Rio; two step-daughters, Mrs. Vernon Hazlewood of Holmes, Pa., and Mrs. Roy Griggs of Mexia.

## Singing School Is On At West Side Church

In preparation for a week-long Gospel Meeting, the West Side Church of Christ has a Singing School under way this week, beginning each night at 8:00. This school will continue through Saturday.

On Sunday, July 18, the Gospel Meeting will start with Ralph D. Gage of Fort Smith, Arkansas, as evangelist. Meetings will be held each night at 8:00 through the following Sunday, July 25th.

Members of the West Side Church of Christ state that dinner will be served both Sundays at the Memorial Building, at 12 noon.

## School News

Cleaning, waxing of floors, and other summer maintenance work is being done at the school by the custodial staff. Two of the rooms in the elementary wing are being renovated where buckled floors are being repaired.

Mrs. Dempsey G. Salter has been hired as a 6th grade teacher this coming year. The trustees also recently re-elected all bus drivers and lunch room personnel.

Coaching school will be held in Dallas the first week in August. Two or three of our local coaches will attend.

## Post Script

If ever there was a street that needed black-topping it is the new wide one on the north side of Little League park. When all the cars pull out from there after the games they churn up the most gosh-awful clouds of caliche dust. We're satisfied that it will be paved in proper time as part of the improvement program that is going on in that area.

Mrs. J. A. Richardson was in the Success office Monday morning and subscribed for a year. Mrs. Richardson is the former Mrs. Ruby Dickens of this place and has lived in California in recent years. She is now in San Antonio where she and her husband are managing the Whistle Stop trailer court on Highway 181 South.

Her address is Route 12—450P, San Antonio.

Improvements continue to be made at the County Park in western Eldorado, near the airport.

When county voters approved the park bond issue for the new swimming pool back in 1956, the Commissioners Court acquired a block of land to be pool location, and it became the nucleus of the present park.

Later the Little League ball park was added, and the central block has been landscaped with grass and trees and picnic tables have been installed. A new sprinkler system is being put in.

Recently, the county acquired the adjoining half-block of land to the north and a cement slab is to be installed for tennis and other uses.

Main improvement, though, is the six-hole pitch and putt golf course being put in with virtually all the work being done by county men and equipment.

This will be this county's first golf course in about 30 years.

A long time ago, there was a golf course located on the Angelo highway a mile or two north of the T. K. Jones place. The course had cottonseed hull "greens" and apparently there was quite a bit of interest in it at the time the railroad was coming in and Glendale was being developed.

Like so many other things, it was undoubtedly killed as the Great Depression set in.

Christy Moore To Play In Game Saturday

CHRISTY MOORE

Christy Moore will participate in the 1965 Girls North-South All-Star Basketball Game this Saturday night, July 17, in the air conditioned Midway High School Gymnasium in Waco.

Game time is 8:00 p.m. and Miss Moore will play on the South team. She is the daughter of Mr. and Mrs. Henry Moore.

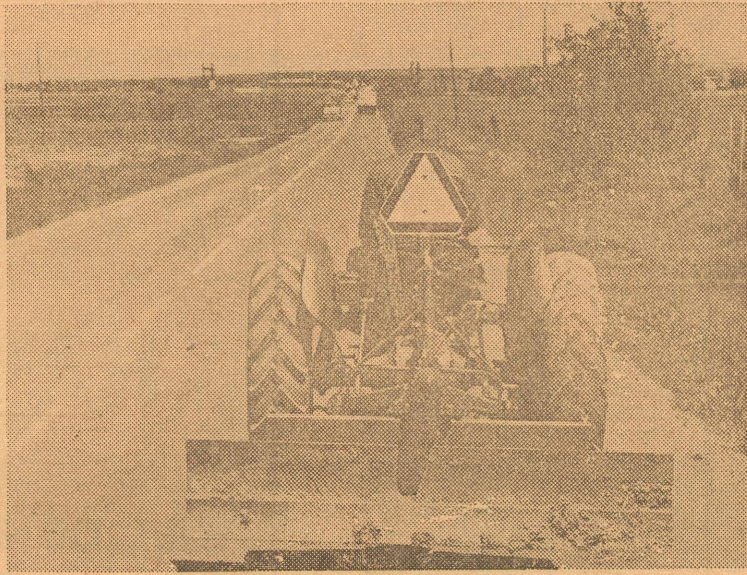

Miss Moore was one of the recent 1965 grads of Eldorado High.

## Traffic Accidents Totaled \$720 In June

The San Angelo Sub-District of the Texas Department of Public Safety released accident statistics for the month of June for Schleicher county, indicating that we had one personal injury mishap, two property damage accidents, and a total of \$720 in property damage.

For the first six months of 1965, we have had just about half the property damage as that reported for the same period a year ago. Total damage declined from \$14,453 to \$7,599.

Also this year over last, total accidents declined from 19 to 15.

**SAFETY DEVICE**—In order to combat the growing number of accidents involving slow-moving vehicles, a safety emblem has been developed to alert motorists approaching from behind. The emblem, shown mounted on the rear of the above tractor, is brilliantly colored for quick recognition either in daytime or at night. A comprehensive program to encourage use of the emblem by farmers and others who operate slow vehicles and to acquaint the public with its meaning is being coordinated in Texas by the Texas Farm Bureau Safety Department and other organizations.

## Junior Rodeo Set July 30-31 At Llano

Llano, Texas—Jack Mund, president of the Llano Jaycees, has announced that the 4th Annual Llano Jaycee Junior Rodeo will be held at the Llano Rodeo Arena at 8:00 p.m. on July 30 and 31.

The July 30th show will be limited to entries from Llano county. The show for July 31st will be open to all comers.

There will be Junior (13 years of age and under) and Senior (14-19) divisions and trophies will be awarded in all events.

Events will include a wild cow race, calf roping, flag race, wild cow riding, barrel racing, pole bending, and a calf scramble.

Entry blanks and further information may be obtained by writing the Llano Junior Rodeo, Box 1148, Llano, Texas. Entries will be accepted by mail or in person from 1 to 5 p.m. on July 30 and 31 at the Llano Rodeo Arena.

Proceeds of the rodeo will finance the Annual Llano Jaycee Junior Livestock Show.

## On Trip To Old Mexico

Mr. and Mrs. Frank Salmon of Commerce came Tuesday to visit the Lawrence Newport family and to join them on a trip through Old Mexico. The Newports and Salmon left Wednesday to go to Presidio where they will board a train Friday. The trip is to be a scenic one, and will take them to Los Mochis, Mexico, and the trip takes five days.

The group plan to go to the Big Bend National Park on their way home. Mr. Salmon is an uncle of Mrs. Newport's.

## Derrick On Committee For Miss Wool Program

A new Miss Wool of Texas committee has been formed to give better planning to the Miss Wool program in the Lone Star State. Gaylord Hankins of Rocksprings, president of the Texas Sheep and Goat Raisers' Association, has announced appointment of three men: Howard Derrick of Eldorado, chairman, Joe York Jr. of Bracketville and Hershell Wilson of Coleman. Mrs. Ralph Jones of Ozona, Mrs. Mark Griffis of Coleman and Mrs. Sayers Farmer of Junction of the Woman's Auxiliary of the TS&GRA were named to the committee by Mrs. Joe Dobson, president.

The committee will act as liaison between Association officers and Womack-Snelson Advertising, Inc., the agency with direct responsibility for the state's Miss Wool program.

## Mrs. Lester Attends Club Reunion

Mr. and Mrs. Bill Lester and children, Bill, Bob, and Bunny, were in Colorado City last week end to visit Mrs. Lester's uncle and aunt, Mr. and Mrs. J. B. Pritchett, and for Mrs. Lester to attend a reunion of the Sub-deb club, a group of schoolmates during Mrs. Lester's high school days.

The Sub-debs met for a luncheon in the Terrace room of the Baker Hotel on Saturday at noon and at the home of one of the members, the wife of Major Westerman, at Avenger Field, Sweetwater, for a night meeting at which the husbands were included.

## Dangers In New Voting Rights Bill Are Pointed Out By Congressman Fisher

Amid high jubilation, liberals last week steamrollered an anti-Southern Voter Registration measure through the House.

Nine Texans were recorded for the Voter bill, while 11 of us dissented.

This bill was, by and large, an exercise in demagoguery. Only last year the Congress enacted the most far-reaching Voter bill in history. It gave the Federal courts full authority to prevent discrimination on account of race in the exercise of the voting privilege.

But Civil Rights advocates feel they must have an issue each year. In the old days when I first came to Congress it was anti-lynching legislation—even though lynching had virtually become a thing of the past. Then the anti-poll tax brigade screamed holy horror, and they kept that old issue alive for years. Then came FEPC, and last year they passed a bill that had everything—including the kitchen sink—in it.

It took the ingenuity of Martin Luther King to come up with a new one this year. Invading Selma, Alabama—where Negroes were then being registered at the rate of at least 100 per day, under Federal court order—the King put on his famous blood-spattered demonstrations. This blood and thunder

paid off handsomely. The King's treasure was enriched by a million dollars and it triggered the hysteria which pushed the Reconstruction Voter measure through Congress.

Martin Luther promised the people at Selma that Federal registrars would be sent down there to take over the elections. And sure enough the Congress supinely responded to his demand by approving the new bill which allows Federal registrars, at the behest of the Attorney General, to move in, push local election officials aside, ignore state laws and virtually dictate who can vote.

A significant side-light during debate on the Voter bill was an amendment which makes it against the law to register falsely or vote illegally, or to encourage others to do so. This "clean elections" amendment was bitterly contested by 165 die-hard liberals who could not care less about "clean elections."

While perhaps the nation can live with this act of major concentration of more power and control in Washington, at the expense of the states, it is quite conceivable that at some future time the wrong people, with evil purposes, can virtually take over and control the outcome of local elections. Therein lies the real danger.

## OIL NEWS

Mallard No. 1 Luedecke well about 2 miles west of Eldorado, is in the process of being completed. It was bottomed at 6,700 feet early this week in shale, after setting 4½ inch casing at 6,698 feet.

Meadco No. 1 T. K. Jones was drilling below 6,262 feet early this week. Formations were running high in relation to the Sinclair 1 Jones located about a mile west.

Canyon sand production in the Velox multipay field of Schleicher county was extended ½-mile northeast with the completion of H. L. Huffman Ltd. No. 1-C R. L. Henderson, 12 miles northwest of Ellorado.

It was finalized for a calculated, absolute open flow of 10 million cubic feet of gas per day. Gravity of the liquid is 61.1 degrees with gas-liquid ratio 33,100-1.

Production was through perforations between 6,350-68 feet which had been acidized with 500 gallons of mud-acid and 30,000 gallons. Casing (4½-inch) was seated at 6,704 feet, total depth.

Location is 467 feet from south and west lines of 1,192-GC&SF Abst. 1933.

A Strawn sand gas discovery virtually was assured last week in Schleicher county with the flowing of 15 barrels of load in 13½ hours plus gas at a daily rate of 1.1 million cubic feet, at Tucker Drilling Co., Inc., San Angelo, No. 1 Grace O'Harrow, in 56-1-GH&SA, 14 miles northeast of Eldorado and 1 3/4 miles west of the Otto (Strawn and Canyon oil and gas) field.

Flow was through a 24-64-inch choke and perforations between 5,076-82 feet, which had been fractured with 10,000 gallons and 10,000 pounds. Tubing pressure was 740 pounds; casing pressure 875 pounds.

Testing continued with 210 barrels of load remaining to recover. Total depth is 5,563 feet.

Delta Drilling Co. and Pauley Petroleum, Inc., of Odessa, completed two extensions to Canyon gas production in the Eldorado multipay field in Schleicher county, one mile west of Eldorado last week.

The No. 1 Keeney, 7/8-mile south, was finalized for a calculated, absolute open flow of 3.25 million cubic feet of gas per day with gas-liquid ratio of 26,600-1. Gravity of the liquid is 68.5 degrees.

Production was through perforations between 6,358-422 feet. Location is 660 feet from north and 239 feet from east lines of 80-A-HE&WT.

The No. 3 West, 3/8 mile south, was finalized for a calculated, absolute open flow of 3.3 million cubic feet of gas, with gas-liquid ratio of 21,700-1. Gravity of the liquid is 64.3 degrees.

Production was through perforations between 6,342-458 feet.

Location is 1,700 feet from south and 460 feet from east lines of 79-A-HE&WT.

Sojourner Drilling Corp., Abilene, completed as a Strawn sand discovery the No. 1 C. T. Womack, ½ mile south of Strawn oil production and 7/8 mile southeast of recent 4,600-foot Canyon oil and 4,820-foot Strawn gas production in the Otto multipay field of Schleicher county, 16 miles northeast of Eldorado.

It was finalized for a daily flowing potential of 17.14 barrels of 36 gravity oil, plus 40% water, with gas-oil ratio 20,000-1.

Flow was through 18/64-inch choke and perforations between 4,517-19, 4,558-60, and 4,595-97 feet, which had been acidized with 1,000 gallons and fractured with 20,000 gallons and 16,000 pounds of sand.

A re-entry operation, it originally was drilled by Jocelyn-Varn Oil Co., Abilene, as the No. 2 C. T. Womack, and abandoned April 2, 1959.

Location is 330 feet from north and 1,652 feet from west lines of 35-1-GH&SA.

## McDONALD REUNION

McDonald family reunion was held at a Fredericksburg park last Saturday and Sunday and was attended by a large crowd of relatives and friends.

Attending from Eldorado were Mr. and Mrs. Lester Henderson, Mr. and Mrs. Vernon Hazelwood, Mr. and Mrs. Laman Hazelwood, Mr. and Mrs. Roy Andrews, and Mrs. Claude Galbreath.

## Two Leading Teams In Contest Tonight

Red Sox and White Sox square away in a critical game tonight (Thursday) to determine if there will be a play-off next week for League championship.

White Sox were winners of the season's first half, and as of today the Red Sox are leading in the second half. If the White Sox win tonight there will be no play-off next week, but if the Reds win, there will be a 3-game series on Monday, Tuesday and Thursday, on a "best two out of three" basis. Here are the standings of the four teams as the season approaches its close:

First Half	Won	Lost
White Sox	6	0
Red Sox	4	2
Christoval	2	4
Tigers	0	6

Second Half	Won	Lost
Red Sox	4	1
White Sox	3	2
Christoval	2	3
Tigers	1	4

The Christoval Cougars and the Tigers are scheduled to play Friday night (tomorrow) but the outcome will not affect the standing of the two leading teams.

## Thursday, July 8

All the Tigers needed last Thursday night was about three good hitters and they would have defeated the White Sox. They had the bases loaded several times, but they were left there as the side was retired.

And the White Sox, themselves, weren't up to their usual powerhouse performance. They had only 3 more runs than the Tigers which is not a big lead in Little League. It was a slow game and the fifth inning ended about two minutes after 9:30.

By Innings:	1	2	3	4	5
White Sox	3	2	0	6	5—10
Tigers	0	3	2	0	2—7

## Friday, July 9

It was a game full of errors on both sides when the Cougars played the Red Sox here Friday night. Evidently the Cougars made the most since they came out with the short end of the score.

By Innings:	1	2	3	4	5
Red Sox	3	2	0	6	5—15
Cougars	1	5	0	2	1—9

## Saturday

A make-up game was staged Saturday night between the Tigers and Red Sox, in which the Tigers were defeated 20 to 7. Observers said it was a close game for the first three innings with the score tied most of the time. Then as often happens, the Reds were given numerous bases-on-balls and the Tiger defense fell to pieces.

## Monday, July 12

The Red Sox and Tigers put on a lively game Monday night and the score was 4 to 3 in the top of the 5th inning. But in the bottom of the 5th uncontrolled pitching by the Tigers gave the Reds five bases on balls and they walked and ran in 5 more scores, making it 9 to 3.

The Tigers came back in the 6th and managed to push in three scores, and had two runners on base when their last batter fanned out.

By Innings:	1	2	3	4	5	6
Tigers	1	0	0	2	3—6	
Red Sox	0	1	3	0	5—9	

## Tuesday

If it hadn't been for the disastrous third inning, the Cougars would have made a very respectable showing against the White Sox. But what happened in the third is what so often takes place in Little League.

The White Sox went on a batting spree and the Cougars went to pieces on defense. Outfielders dropped fly balls and infielders let all the grounders go through, while the White Sox gleefully romped in 12 runs. Except for that one inning it was a good game.

By Innings:	1	2	3	4	5	6
Cougars	3	0	0	1	4—8	
White Sox	2	0	12	2	1—17	

Mr. and Mrs. Bob Rowe were arranging to move this week to their house in the Finnigan Addition. Theirs is a Cooper Gas house which they brought in and remodeled. It is located just north of the Sam Henderson house.

Remember the Little League game tonight.

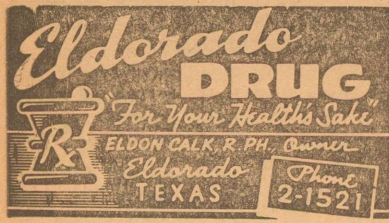

**I HATE TO THINK OF LEAVING!**

**Home Demonstration Agent's Column**  
By MRS. VIDA KREKLOW

You can freeze gelatin salads. Up until now the effort has not been recommended but a simple trick did it. They figured it out at the New Jersey Experiment Station and I'm embarrassed that I didn't think of it myself.

The trick is to use less liquid than the recipe calls for. For instance use 1½ cups water instead of the 2 cups called for on the box of the regular packaged fruit or vegetable flavored gelatins. The salads are not watery after freezing and thawing as when more water is used.

To thaw the frozen salad, leave overnight in the refrigerator.

This will cut down on the last minute preparations for family picnics, big days and parties. I think the news is great, especially for congealed salad and dessert makers.

Here's a recipe for a molded chicken salad which you can put in the freezer, then bring forth when company comes.

**Molded Chicken Salad**  
(adapted for freezing)

- 1 can condensed cream soup (mushroom preferred),
- 1 tablespoon unflavored gelatin (one envelope),
- ¼ cup water,
- 1 cup diced celery,
- 2 pimientos cut in small pieces,
- ½ cup cooked salad dressing (not mayonnaise),
- 2 cups diced meat (may substitute turkey, veal, ham or tuna fish).

Soak gelatin in cold water and add heated condensed soup. Stir to dissolve gelatin, then add other ingredients. Mix. Pour into a

mold and chill in the refrigerator until firm. Then freeze—for no longer than two weeks. Thaw overnight in the refrigerator.

Sometimes it is absolutely necessary to move a tree or a shrub in the summer. Maybe a new yard is being established or other conditions create the need, and it can be done.

Everett E. Janne, Texas A&M University Extension landscape horticulturist, says it isn't necessary to wait until fall or winter to set out shrubs and start a landscape program.

Although most reference authorities do advise you to wait until the dormant season, many reputable nurserymen will be happy to provide you with balled and burlapped plants or container-grown plants which can be transplanted most any time, Janne says.

It's best to avoid planting just before leaving on vacation—unless you have a reliable yard man to look after the plants while you are away.

When transplanting balled and burlapped or container-grown plants, be sure to select those which are healthy and have a good color. Avoid misshapen and off-color plants for they're usually slow to become established.

When transplanting, the hole should be the same depth as the ball or container, and considerably larger in diameter. A good rule of thumb is to make the hole 50% greater in diameter than that of the soil ball. If the soil is poor, remove it and add good topsoil or compost. A poor soil can be improved by adding peat moss—30% to 50% by volume—to the existing soil and using it as backfill. This encourages new root development, provides better moisture holding capacity, and improves aeration of the soil.

Place the plant in the hole at the same depth it originally grew. Fill up around the soil ball with the prepared soil, firming it in place. When the hole is about ¾ full of soil, fill the rest of the way with water. Allow to soak away. Then finish filling the hole with soil, but do not tamp it in place.

If you are planting a burlap-wrapped ball, it's best to remove the upper portion of the burlap to prevent girdling the trunk in case the fabric is slow in rotting near the surface. The lower portion will readily decompose.

Delay fertilizing until after the plant has started to put on new growth, suggests Janne.

Another desirable practice is to prune the plant to remove at least one-third of the top growth. The above-ground portion should be reduced in relation to the root system. Remove some of each branch, rather than taking all from the lower limbs or top.

Additional pruning details can be obtained from your County Extension Office by asking for B-977, "Modern Pruning Methods."

**Editorial Comments From Our Neighbors**

A short time ago, the Chamber of Commerce of the United States announced a new program, to which it is giving an all-out effort. It's called Total Community Development and is designed to stimulate businessmen to assume the leadership in developing their hometown or city.

One result of this, the Chamber points out, is that the federal government could concentrate more on international and national affairs and leave local problems to local leaders. In the words of the Chamber's president, "Communities should get themselves in shape to relieve Washington of much of the domestic burden, instead of adding to it by relying on federal aid and guidance in every difficulty."

That is devoutly to be wished—the federal government certainly has enough on its hands, considering the chaotic state of the world, without entering into the affairs of every last hamlet in the country. Beyond that, local people must assume local responsibilities lest the last vestiges of local rights disappear in the maw of Washington bureaucracies.

Businessmen often protest, and rightfully, against an ever-growing, ever-more-powerful, ever-more-costly central government. The talk needs to be forcefully backed with constructive action. The Total Community Development plan falls into that category. —Van Horn Advocate.

**Quantity and Quality In Austin**

Governor John Connally recently praised the session of the legislature just ended as one of the most effective in the history of the state, but for the record, let's take a look at some of the shortcomings of the legislative session this year.

For one thing, the legislature lacked the courage, compassion, and Christianity to cope with the proposals to end capital punishment—the death sentence—in Texas. Our state again lags behind because some of our elected representatives seem to prefer living in the dark ages than to the twentieth century. Several states abolished the death penalty this year, but our legislators, by their opposition and inaction, decreed that each and every citizen of Texas

be guilty of murder as men and women continue to be put to death in the electric chair at Huntsville.

In redistricting, one of the thorniest problems facing the lawmakers this session, the final result smacks considerably more of political expediency than of intelligent statesmanship.

The question of long overdue raises for teachers met with a sort

of half answer, and the poor teachers, accustomed to getting nothing, took the half-a-loaf compromise they were offered. There was not enough money available to grant the salary increases needed to insure the state adequate future supplies, but as always, there seemed to be enough funds to pay for the favorite pork barrel projects of the Governor and many of

the legislators. And so our children must suffer because the great state of Texas cannot find enough money to pay teachers an adequate salary. Poor broke Texas!

In judging the actions and accomplishments of this session of the legislature, it is well to remember that quantity is not always an adequate substitute for quality. —Santa Anna News.

**AS LOW AS**

**\$ 664**  
per month

On days when the heat is unbearable, people go to the lakes or beaches to be cool and comfortable. The cool breeze of the lake or sea shore is air in motion that has been cooled by the process of water evaporation. This same process is created by a Paramount Evaporative Cooler. The large squirrel cage blower continuously pulls outside air through wet redwood filters thereby lowering the temperature through evaporation of water in the filters. This cool, fresh, filtered air is then directed into the area to be cooled.

Some of the advantages of a Paramount Cooler are:

- Low cost of equipment, operation and maintenance
- Quick and easy installation
- Maximum comfort at all times
- 100% fresh, cooled, filtered air
- Fresh air ventilation, without cooling, for spring and fall—just turn off the water

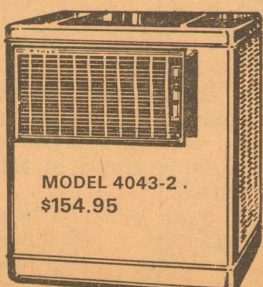

See the Paramount DeVille evaporative cooler at your WTU Showroom.

Normal installation FREE for WTU residential customers.

**COMMUNICATIONS — Your Tool for Progress**

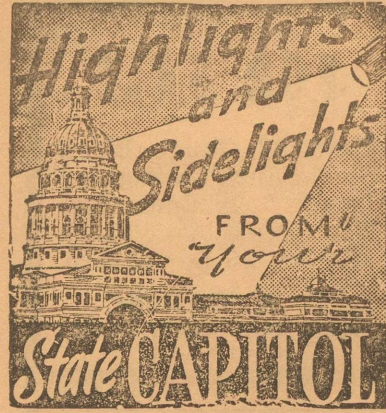

**In case of fire, this telephone rings the alarm**

In many of our towns, fire protection comes from a volunteer fire department. An effective communications system summons these volunteers by ringing all members' telephones at the same time. What's more, it is a distinctive ring which means "FIRE!" and brings firemen on the run. Here is another example of how Communications becomes a Tool for Progress—a communications service of great value to every town with a volunteer fire department. For full information about our many communications services, please call our Business Office.

**GENERAL TELEPHONE**

Austin.—Texas Research League warns another fiscal "crisis" looms for state government in 1967, when new taxes of \$40 million a year may be necessary.

Simple arithmetic points to a "sizeable" money problem, says the League. It notes that while Texas' new fiscal period will begin September 2 with a general revenue surplus of some \$97.3 million, it will end August 31, 1967, with little more than \$1 million in the fund. Gov. John Connally's budget staff has estimated a balance of about \$4.2 million.

Comparing the shrinking surplus with some non-recurring revenue measures agreed on by the 59th Legislature TRL researchers conclude lawmakers in 1967 may have to pass a \$107.2 million new tax bill.

League admits the figure may be higher or lower. Its staff acknowledges that sales tax revenues are running well ahead of official estimates this year and if it keeps up, the new tax requirement may be reduced to \$80 million.

Actually, general sales tax collections this year are "much higher" than in 1964, Comptroller Robert S. Calvert reports. Collections since the current fiscal year began last September 1 total \$164.2 million, compared with \$150.6 million for the corresponding period a year ago.

TRL observes: "An \$80 million tax bill is no small matter, but neither is it a really serious crisis for a state with the untapped tax resources and growth potential of Texas. This is, of course, an optimistic—as well as an unofficial—estimate and the tax required might well be higher if revenues do not come up to these expectations, or if expenditures substantially exceed them."

League suggests that the Committee on State and Local Tax Policy "look at many available revenue raising possibilities in the course of its studies."

**Special Session Rejected**

Governor Connally has rejected requests for a special legislative session to deal with rising car insurance rates in Texas.

State Representatives Carl A. Parker and J. D. Weldon, both of Port Arthur, requested such a session to investigate the rate increases averaging 13.4% which were authorized by the State Board of Insurance to take effect August 1st.

Connally said he doubts any practical benefits would be gained from a special session at this time, although he shares concern over the increases. The governor made three principal points:

—Texas' liability rates after the August increases will be lower than those of 34 states and the District of Columbia.

—Two recent legislative inquiries already have been conducted on rate-making methods and have determined no fault with the Insurance Board's formulae which are available for public scrutiny.

—The Legislature is willing to give "little support" to stronger laws to curb rising auto accidents which bear directly on insurance rates.

**Appointments Announced**

David L. Greenberg was named by Governor Connally as judge of the new county court No. 1 of Galveston county. He is a law partner of Galveston Sen. A. R. Schwartz. Connally appointed Sen. Walter Richter of Gonzales to the board of control of the Southern Regional Education Board and Rep. Don Cavness of Austin to SREB's Legislative Advisory Council.

Truett Latimer, former member of the State Legislature from Abilene, is new executive director of the Texas State Historical Survey Committee. He succeeds George Hill of Austin.

**Courts Speak**

State Supreme Court has agreed to review the case involving the state's right to tax coin-operated vending machines on military reservations. Third Court of Civil Appeals, overturning Austin District Court, earlier held that the state had the power to collect the tax on Fort Hood machines.

High court backed Amarillo Court of Civil Appeals in ruling that Moore county district court must hear the suit challenging boundaries of county commissioner's precincts.

**Desegregation Plans Approved**

U.S. Department of Health, Education and Welfare reports that 625 of Texas' 1,370 school districts have submitted statements of compliance with the 1964 civil rights act which received federal approval.

Another 67 Texas districts have

submitted acceptable voluntary desegregation plans and 13 more have court-ordered plans.

Deadline for integration of schools receiving federal aid is Sept. 1, 1967.

**Texas Economy Probed**

University of Texas Bureau of Business Research turns up these interesting facts and figures in a new study of the Texas economy over the past decade:

Personal income per capita rose from \$1,585 to \$2,175; real purchasing power increased some 18.8% compared with 24.7 for the nation; Texas per capita income dropped from just under 90% of the national figure in 1954 to just

over 85% of 1964.

More than 65% of all Texas personal income remains in the form of wages and salaries. Manufacturing supplies 13.13% of personal income; petroleum and natural gas producers pay 3.20%; wholesale and retail trade provide 13.01%; and government wage and salary payments, 14.05%.

**Short Shorts . . .**

Cigarette tax collections jumped \$1.8 million above May level as smokers stocked up before the new three-cents-a-pack tax increase went into effect July 1.

Rio Grande Valley citrus groves are free of burrowing nematode, a microscopic animal which causes

the gradual decline of citrus trees, reports Agriculture Commissioner John C. White.

State Department of Health assured Houston area residents that there is no contamination of their water supply in Taylor Lake or Houston due to use by an industrial specialist of radioactive isotopes to locate a water leak in a private home.

Roger Brown of Big Spring has been sworn in to fill the unexpired term of 73rd District Representative Ed Carpenter of Coahoma who died during the past session.

Four Beeville men have formed a corporation to find and destroy lost seismograph charges for oil and seismograph companies along

Texas beaches.

Southwest State Bank of Coleman and Merchants Park Bank of Houston have filed application for charters with State Banking Department.

**New Dentist Opening Office At Big Lake**

Dr. Royce Whitefield has moved to Big Lake and is preparing offices at 312 Second Street for the practice of dentistry. Since first locating his home in Big Lake he has received the state license to practice and it is hoped that by next week the new equipment may be installed in time to announce office hours.

Dr. Whitefield and Mrs. Whitefield made plans many months ago to establish his dental practice in Big Lake. —Big Lake Wildcat.

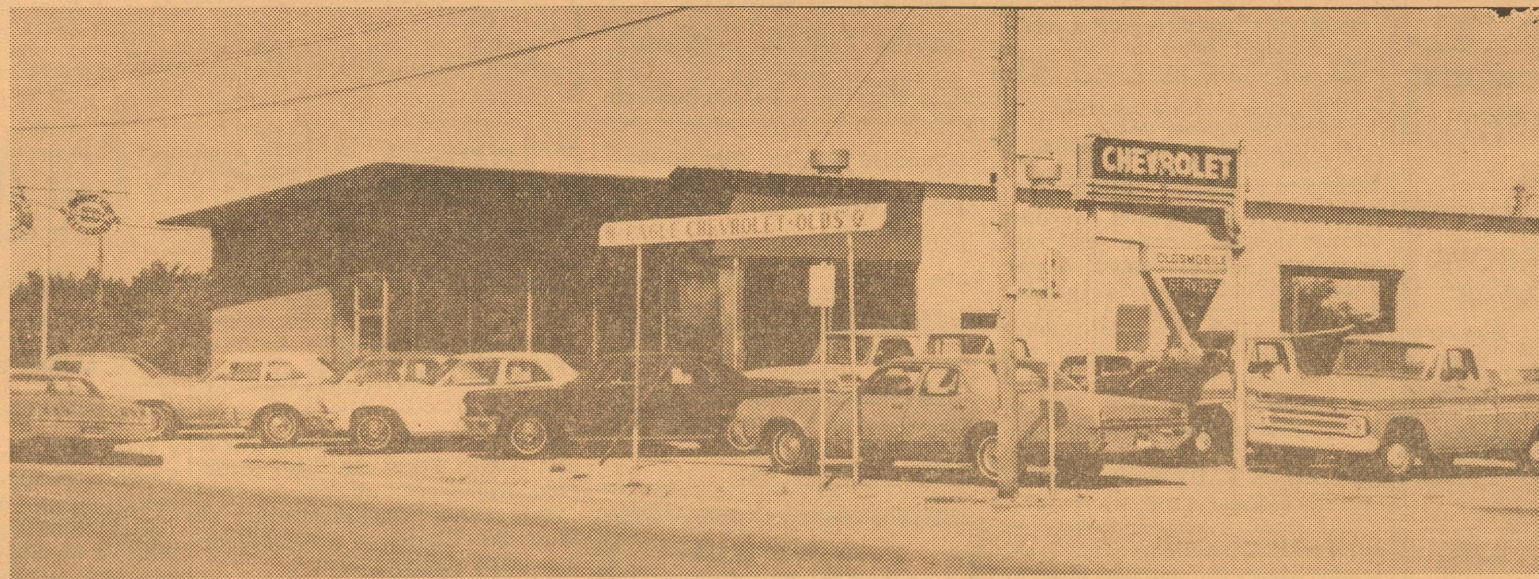

**High Family Holds Reunion Over Fourth**

Mr. and Mrs. H. O. Hight and all the family held a reunion July 4 week end at the pecan grove in Hight's pasture near London. Barbecue was served to 65 persons during the three-day gathering.

Mr. Hight, 81, and Mrs. Hight, 80, were the oldest of the family attending. Mr. and Mrs. Wiley Hight and Mr. and Mrs. Coy Hight and families of Eldorado were on hand. —Menard News.

In Those Days

Compiled From Success Files

ONE YEAR AGO July 16, 1964—Frank Kemble resigned his position as principal of the high school here, to accept a position at Cameron, Texas, as high school principal. Guy Whitaker was elected his successor in the local school.

An accident in Colorado claimed the life of Clarence Fish, 54. Mrs. Dena White died just one day before her 92nd birthday.

One of Paul Phillips' large brooder houses was razed by fire.

FIVE YEARS AGO July 14, 1960—The congregation of the First Christian church set July 24 to dedicate their new building.

The landmark Roberts-Fry house in western Eldorado was being dismantled.

Local firemen were joined by others from Big Lake, Mertzon, Ozona and Sonora in battling a prairie fire on the Preston ranch.

Leaving for the National Jamboree of Boy Scouts at Colorado Springs from here were Roy Lynn Love, Charles West, Herman Walker, Richard Preston, David Meador, Lynn Meador, Jim Runge, and Tom Meador. Fred Watson was on the staff.

Funeral services were held in San Angelo for Miss Fay Finley, 60.

The Lewis Rutherford family were moving to Sonora where he had a job lined up as deputy sheriff.

The Sonora Caverns were being readied for opening to the public.

12 YEARS AGO July 16, 1953—J. M. Bradford was to be evangelist and Darwin Welsh music director, at a revival getting under way at the First Baptist church.

The J. C. Hancocks were moving here to serve as pastor; the church was getting ready to build a new parsonage.

Ernest K. Nimitz and David Steen left with a group of other Boy Scouts from the Concho Valley Council on a trip to the West Coast for the National Jamboree.

Traveling by special train, the contingent of Scouts and leaders planned to see the Grand Canyon and other points of interest in addition to attending the Jamboree.

The Eagle Drive-In Theatre was showing Santa Fe, Pleasure Island, Annie Oakley, and The Lawless Breed.

Misses Anita and May Runge were on a trip to Europe.

35 YEARS AGO July 18, 1930—Retiring Congressman C. B. Hudspeth was supporting E. E. (Pat) Murphy to be his successor as representative of the 16th district. R. E. Thomason of Del Rio announced.

Work started on paving Main Street south from the court house to the Shoemaker feed store. Mr. Simpson was contractor.

It was reported that the 1930 population of Texas was 5.8 million, a 25% increase during the preceding decade.

Ross Sterling was running for Governor and was associated with the "Sterling Plan" to provide the state with adequate funds to build a connected system of hard-surface roads.

Sam Roberts, Clyde Meador, J. C. Crosby, and Sam Mather participated in the roping at Rock-springs.

Mrs. Tom R. Henderson entertained a group of friends Tuesday with a bridge breakfast at her ranch home east of town. Mrs. Sam Roberts won the high prize.

## Signs Talked For New Roads To Park

At the meeting yesterday at noon of the Eldorado Lions club, some discussion took place about putting signs on the newly completed roads to the county park. The roadways have been caliche from the park block south to the Big Lake highway.

Joe Wagley reported that the Commissioners have thought about installing signs on the Big Lake highway to direct people to the park. The Lions club is also looking into the matter.

Commissioner Wagley also stated that more people should be using the park facilities along, and that the new roads to it make it much easier to direct people to it. Mayor Eldon Calk gave a report on the newly completed city water well which was drilled near the airport gate.

Ray Boyer presided, and Buddy and Mark Calk were guests.

For the program, Mr. Couch of the Texas Water Commission reported how his team were gathering facts and data on the water situation in this county. The group have been at work here for several weeks and Mr. Couch discussed their job as that of "watchdog of the public water supply."

Next week, an F.B.I. man from the Dallas office will bring the program at the Lions club meeting.

## Grass Fires Again

Recent weeks of dryness, which followed the unusually wet Spring, have left city lots and rangelands with high weeds which now pose a fire hazard.

As the Success went to press this week, the firemen had already made three grassfire runs in the past few days.

Late Saturday afternoon, they were called to the large lot just south of the Chevrolet house on the Sonora highway.

On Monday, they made a run to the large lot north of the Mattocks houses west of the school.

On Tuesday, they answered a call to a grassfire near the Johnny Griffith residence.

## Six-Hole Golf Course Being Installed At Park

A six-hole pitch and putt golf course and a driving range are the latest improvements being installed at the county park, located in Eldorado's West Addition near the airport.

The airport fence has been removed, and the six "greens" have already been scooped out and graded. They will have to be sodded and watered so it will probably be a year before the course will really be useable.

Also, the Commissioners are making arrangements for piping of water to each of the greens. This week they were considering different types of pipe which might be used.

Harold Susen is to pour the new concrete slab at the park. Forms are in place and the concrete will probably be poured this week or next.

Although it will be many months and possibly a year or more before the new golf course will really be ready for use, local golfers can look forward to using the new facilities in the future.

## VISITS IN WYOMING

Mrs. Mabel Parker has returned home after visiting her son, Howard Parker and family, in Casper, Wyoming. She was accompanied on the trip by Mrs. John Burleson of Abilene, Mrs. W. M. Davis of Littlefield, Mrs. A. D. Dorris of Iraan, all aunts of Howard's, and his cousin, John Dean Dorris, also from Iraan.

While there the group accompanied by the Howard Parkers, made a trip to South Dakota where they toured the Black Hills, attended the Passion Play at Spearfield, visited in Rapid City, and went out to Mt. Rushmore.

Mr. and Mrs. John Michalski and children, Mike and Sandra Kay, of San Antonio, are visiting her mother, Mrs. B. E. Moore this week while on vacation. Another guest of Mrs. Moore's is a sister-in-law, Mrs. George Brumley from Snyder.

## "42" CLUB PARTY

The Merry Makers "42" Club met last Thursday in the dining room of the West Texas Cafe for their regular session of games.

Mrs. Myrtle Galbreath, Mrs. Ruth Williams and Mrs. Roy Andrews were guests.

The hostess, Mrs. Mary Joiner, served pie and coffee after the games to the three tables of players.

James, David, and LaWanda Griffin of Hooks, Texas, are visiting their father, D. D. Griffin and grandmother, Mrs. Skeet Griffin.

Mr. and Mrs. Bob Ledingham and children returned home last week after visiting in Van Horn and spending several days camping in the Holland Canyon in the Davis Mountains, near the Rim on the old Chihuahua Trail.

## COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

Cotton fleas are about the same this week as last, a 7-12% infestation but not enough to poison.

Bollworm infestation is very light with an average for all fields in the county being about 4 eggs per 100 terminal buds.

Producers should examine the terminal buds (upper 3-4 inches of plants) and squares for bollworm eggs and young bollworms. Spraying should begin when bollworm eggs and 4-5 young worms are found per 100 terminals or 5% of the squares and bolls have been injured by small bollworms.

Boll weevil damage averaged 3 punctured squares per 100 squares with the egg count running about 4 per 100 terminals.

Grasshoppers are doing some damage around the margin of fields.

For control recommendations & infestations refer to your copy of L-213, Cotton Insect Guide. If you have misplaced this guide call at the agent's office for one.

The most beneficial insects working for the cotton producer this week: lady beetles, assassin bugs, hooded beetle and spiders.

The blue of heaven is larger than the cloud.

Shoe polish, oven cleaner, hair-waving lotion, wax. They don't sound harmful.

But these items plus kerosene, bleach, toilet cleaner, medicine, turpentine, lighter fluid, deodorant, dry-cleaning fluid, deodor-spray may be potential dangers in your home.

Why? Because each product contains some hazardous substance that could cause illness or death if taken internally.

Of course, it would be inconvenient, if not impossible, to stop using these items in the home. But you can do the next best thing—protect the family, particularly the young children, from accidental contact with these products.

Know what you are buying. Examine the labels—read the small print. Look for these words: "Caution" or "warning"—indi-

cates that the material is a hazardous substance.

"Danger"—refers to substances that are highly toxic, extremely flammable or corrosive.

"Poison"—refers to products defined as highly toxic.

Some of the labels will carry the skull and crossbones of a legally recognized poison. Or there may be the statement "Keep out of reach of children."

Labels give an indication of the principal hazard in such words as "flammable", "vapor harmful", "absorbed through the skin."

Poise is that quality which enables you to buy a new pair of shoes while ignoring the hole in your sock.

This office has received several inquiries concerning DSMA and other arsenates. Here are some of the facts:

1. DSMA is registered for use on cotton with maximum dosage of three pounds per acre actual. To kill johnsongrass.

2. DSMA is not cleared for use on pastures or hay crops. Do not graze or harvest forage from treated areas.

3. DSMA is a toxic chemical, therefore:

- a. Avoid washing spray equipment near ponds or water troughs.

- b. Avoid disposing of empty containers near streams, ponds, refuse dumps or pasture. Crush empty containers to prevent their re-use.

- c. Avoid possible contamination of food and feeds.

- d. Follow directions on label carefully.

DSMA should not be used after cotton has reached boll stage, as it retards growth.

Next week the most basic and fundamental facts and tools will be given in herbicides for weed and grass control in cutting cost production in crops in the county.

What did women like about men before money was invented?

## Mrs. Moore Honored With Gift Tea Friday

Mrs. Michael Henry Moore, formerly Miss Rebecca Mund, was honored with a Gift Tea at the home of Mrs. Ed Meador last Friday afternoon from 3:00 to 5:00.

The receiving line consisted of the bride, her mother, Mrs. Irvin Mund, the groom's mother, Mrs. Henry Moore; his grandmother, Mrs. Lawrence Moore, and Mrs. James Williams.

The bride's chosen colors of aqua and white were carried out in the decorations.

The serving table was covered with a white cut-work cloth over aqua. The centerpiece was designed and made by Mrs. Lewis B. Wade of Georgetown and consisted of white daisies and doves over a heart shaped styrofoam holder.

Miss Christy Moore registered the guests. Members of the house party were Mrs. Joe Kreklow, Mrs. Lawrence Steen, Mrs. Mike Tulley and Mrs. Jane Browning.

Refreshments of punch and Petits-Fours were served.

Hostesses assisting Mrs. Meador were Mrs. John Stigler, Mrs. S. D. Harper, Mrs. Arch Mittel, Mrs. Jack Bell, Mrs. L. L. Watson, Mrs. E. H. Topliffe, Miss Dana Owens, Mrs. Sadie Davidson, Mrs. Gus Love, Mrs. Lewis B. Wade, Mrs. C. N. Shaw, Mrs. Oliver Teele, and Mrs. W. G. Godwin.

## First Baptist Church

### Workers Conference Held

The First Baptist church of Eldorado was host to the Concho Valley Baptist Associational Workers Conference on Tuesday night, July 13. Theme of the Conference was The Sunday School.

Supper was served by the church at 6:30 p.m. to about 60 persons representing 14 Baptist churches in the association. The menu consisted of ham, buttered English peas, sweet potatoes, orange jello squares, hot rolls, coffee, tea and cake.

The conference was led by John Andrew Ortha, the music and educational director of Harris Avenue Baptist church who discussed the nominating committee. Rev. Kenneth Sellers, pastor of the Immanuel Baptist church in San Angelo, led the clinic on Sunday School Preparation Week and Rev. Billy Hendrix, pastor of Hillcrest Baptist church, San Angelo, led the Class Officers clinic.

Rev. Earl Sherman, pastor of Immanuel Baptist church, San Angelo, brought the inspirational message using as his topic, The Bible: The Textbook of the Sunday School.

The singing was led by David Norvelle, music director of Immanuel Baptist church in San Angelo with Mrs. Roy Phelps at the organ and Frank O'Banion at the piano. The special was a duet by David Norvelle and Frank O'Banion with Mrs. John Stigler accompanying.

### Prayer Retreat

A prayer retreat for the entire Woman's Missionary Union will be held at the home of Mrs. Arch Mittel on August 16 from 9:30 a. m. until 2:30 p.m. A salad luncheon will be served at noon.

### Bible Study

Mrs. T. P. Robinson Jr. taught the Book of Leviticus at the meeting of the Woman's Missionary Society at the church last Monday afternoon.

Mrs. Weldon Davis led the prayer calendar. Fourteen attended.

### Book To Be Reviewed

The book on Stewardship, "My Money and God," by Robert J. Hastings, will be presented by the women of the Woman's Missionary Society of the First Baptist church next Monday afternoon, July 19.

Mrs. Kenneth Vaughan will introduce the book and present the first two chapters, "I Am Accountable" and "How Do I Earn My Money?" Mrs. W. A. Van Dusen will lead the next three on "What is My Attitude Toward My Money?" "Why Do I Give My Money?" and "How Do I Spend My Money?" Mrs. Frank O'Banion will conclude with, "How Will I Leave My Money?" and "The Six Steps in Church Finance." The Stewardship committee will serve refreshments.

erosion does not occur.

Good irrigation water management can only be achieved by knowing what needs to be done and by doing it. Also, an adopted conservation irrigation system must be established on the land to be irrigated.

Information about how much water soils will hold per foot of depth, how to estimate the percent of moisture in the soil and the rate of infiltration of water in different soil types, can be obtained from the Soil Conservation technicians assisting the district. Assistance in planning and applying all the needed soil, water, and plant conservation practices is also available from the Soil Conservation Service. Cost share assistance is available in applying enduring type conservation practices, through the Great Plains Conservation Program and the Schleicher County A.S.C. office.

## RATLIFF FAMILY REUNION

Mr. and Mrs. Tom Ratliff had all their family together for the week end at their home here. They included Mr. and Mrs. Jack Ratliff and two sons from El Paso; Mr. and Mrs. Bill Ratliff, a son and daughter of Ft. Worth; and Mr. and Mrs. Shannon Ratliff, now of Austin, but recently of Washington, D.C. where they lived for more than a year.

They plan to make Austin their home since Shannon is now associated with a law firm there.

## Car Count Planned On Highway At Ft. Stockton

A survey of traffic on Dickinson Boulevard, route of most major highways through the city, has been promised by Archie J. Sherrod of Odessa, District Engineer of the Texas Highway Department.

The traffic counts will be used to determine if traffic lights are warranted on the highway, as requested by several local groups.

Traffic lights originally in operation on Dickinson were removed several years ago when the highway was widened.—Fort Stockton Pioneer.

## Two From Mason Will Attend Seminar

Miss Patsy McDonald, daughter of the Rev. and Mrs. J. M. McDonald, and Ronnie Chew, son of Mr. and Mrs. A. R. Chew, will represent the Mason County Farm Bureau at the Third Annual Seminar to be held August 10-14 at Sam Houston State Teachers College in Huntsville.

More than 90 County Farm Bureau have made reservations for approximately 300 students.—Mason County News.

## New Teacher Hired By Santa Anna Schools

Another teacher resigned and one was hired in action taken by the Board of Trustees of the Santa Anna Independent School District, Tuesday, July 6th.

Resigning was Fred Gilbert, who has served one year as Junior High School science teacher and coach. Gilbert stated that he is resigning to take a position with another school system.

Hired as history teacher and assistant coach for Santa Anna High School is Cam Shields, originally from Novice.—Santa Anna News.

Mr. and Mrs. James Bracken and daughters, Diane, Rhonda, Ellen and Beverley of Norwalk, Calif., are visiting Mrs. Bracken's mother, Mrs. Skeet Griffin, and other relatives and friends for about ten days. The Brackens are former Eldoradoans.

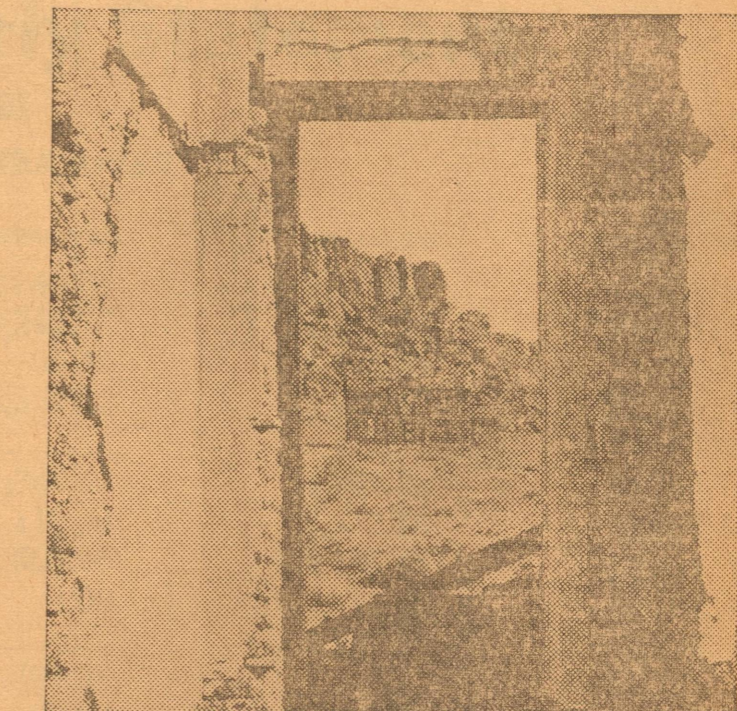

Mr. and Mrs. Richard Ray Richard and children left yesterday to return to their home at Houston after visiting here with her parents, Mr. and Mrs. E. T. Davis. While here, the Richards also visited other relatives at Hobbs, Cedar Hill, Plains, and other points.

Michael Skornicki, the son of Mr. and Mrs. George Skornicki of Bronx, New York, is visiting his grandmother, Mrs. Ella Parrent, and other relatives. His mother is the former Luella Parrent.

Mrs. Velma Donelson, and granddaughter, Joyce Ann Baxter of Snyder, visited Mr. and Mrs. Shorty Taylor several days this week.

The Kimble-Menard County singing convention will meet this Sunday, July 18, at the Hext Baptist church at 2:00 p.m., announces Mrs. Allen Davis, secretary.

FRONTIER DEFENSE—Texas history is revived at old Fort Davis, key post in the defense system of West Texas from 1854 to 1891. Today the remains of Fort Davis are more extensive and impressive than those of any Southwestern fort. Visitors can inspect many officers' residences, troop barracks, warehouses, and the hospital. (Photo Texas Highway Department)

## IKE WHITTENS TO ARIZONA

Buren (Ike) and Kathy Whitten spent the 4th of July with his parents, the Mormons, Davises and Bill Meador. Buren and Kathy left Monday for Phoenix, Arizona, where they will work and continue their education.

Mr. and Mrs. Leslie Davis and daughter, Nancy, will leave Saturday morning for a two-weeks' vacation. They will attend the Brown family reunion (Mrs. Davis's family) at Hillton, Okla., on July 18, then visit in Haskell for a week before returning home.

Glynn Ratliff and son, Dan, of Monahans, spent last Friday night with their father, and grandfather, J. L. Ratliff, and Mrs. Ratliff. Mrs. Curtis Smith and daughter, Sue, of San Angelo, visited with them on Sunday.

Mr. and Mrs. George Faulk and children of Midland and Mr. and Mrs. R. H. Cannon and children of Burleson visited Mr. Faulk's and Mrs. Cannon's stepfather and mother, Mr. and Mrs. J. L. Ratliff recently.

Mr. and Mrs. Ben Biggs joined their son and daughter-in-law, Mr. and Mrs. Glenn Biggs of Abilene at Odessa recently and went to the McKittrick Canyon in the Guadalupe mountains near El Paso, where they spent several days relaxing and enjoying nature in the raw. While there they made a trip to Carlsbad, New Mexico, and toured the Caverns.

Mr. and Mrs. Sonny Stanford and children of Troup, Texas, have been visiting their parents, Mr. and Mrs. Truett Stanford and Mr. and Mrs. J. H. Mace, and other relatives.

Kenneth Hicks has moved from the Alexander house to the T. C. Henderson house.

Donald McQuary is new in Eldorado and is living in a Gus Love house.

Exterior painting on the front and north side of the Eldo Hotel building is continuing this week.

Mrs. Charles Wimer is to be brought home today, Thursday, from the Shannon hospital where she spent a week undergoing tests.

A brigade is usually composed of three regiments.

Only a male cicada is capable of making a noise.

Cantaloupes were first grown in Cantaloupe, Italy.

Champagne was invented after the discovery of America.

Mediterranean civilization was based on wheat, wine, and the olive.

Breeches were formerly called hose in England.

Raw onions and wine were a favorite food of the early Greeks.

The scallop swims through the water by opening and closing its shell.

The cotton plant occurs in five distinct species, some of them perennial.

Bucharest means "city of joy."

Delaware is sometimes called the Diamond State.

Greek wines may be made of dried grapes or raisins.

The breastbone of the bat has a keel on which is attached strong muscles used in flying.

A dry wine is one in which all the grape sugar has been fermented out.

**Cheek Is In School At Mexico City For Summer**

Surrounded by the remains of ancient civilizations and the ultra-modern structures of Mexico City, James Cheek, son of Mr. and Mrs. B. K. Cheek of Eldorado, is studying this summer at the University of the Americas.

A member of the Southern Association of Colleges and Schools, UA, often called the "cultural bridge between the Americas," is the only liberal arts institution of higher learning in Latin America accredited in the United States.

The school draws the largest number of American students of any school located abroad and maintains a student body representing over 20 countries.

Students rapidly acquire a good knowledge of Spanish not only through their classes in the subject but also through their association with their Spanish-speaking classmates on the campus and through their daily living in University-approved Mexican homes where they are housed.

Cheek, who is majoring in accounting, graduated from Schleicher Independent High School. He previously attended Baylor University.

Living in the Mexican capital, the second largest city in the hemisphere, Cheek is able to observe ruins of pagan civilizations over 2,000 years old, 16th century cathedrals built by the Spaniards, and the startling up-to-datedness of the cosmopolitan metropolis.

Not far from Mexico City he may see the famous pyramids of the sun and the moon at Teotihuacan, the floating gardens of Xochimilco, and Chapultepec Castle, once the home of the ill-fated Emperor Maximilian and his empress, Carlota.

A visit to the recently constructed Mexican Museum of Anthropology, the largest in the world, gives him a panoramic view of the pre-

Columbian era of the country. At the marble Palace of Fine Arts, he may attend symphonic concerts, opera and art exhibits, as well as see the famous ballet Folklórico.

The Eldorado resident is furthering his formal education and at the same time acquainting himself with the many interesting landmarks of Mexico. On University sponsored trips he has the opportunity to go to Taxco, the silver capital of Mexico; the tropical coast of Acapulco; Oaxaca, center of the Zapotec culture; and Monte Alban, world-famous archaeological site.

**Robert Lee Men To Make Mid-West Tour**

Two Coke County Farm Bureau members will leave Sunday on a seven-day tour of the middle West. The tour, known as the Institute on Wheels, will take them as far north as Iowa. Dolan Mackey will definitely make the trip and either LeDrew Arrott or Ben Boykin will be the other traveler. Ed Cumble of Bronte, district Farm Bureau representative, will also make the trip in his official capacity. —Robert Lee Observer.

**Architects At Work On New School For Bronte**

The architectural firm of Wilson, Patterson, Snowden, Dunlap and Epperly of Fort Worth is at work on plans for Bronte's new high school building. Supt. C. B. Barbee said this week that nothing further can be done toward the construction job until the architects develop the complete plans and specifications.

Barbee said school officials are not looking for the architect to come up with anything for them before July 22. —Bronte Enterprise.

**Miss Calk Bride Of Mr. Plunkett In Ceremony In Presbyterian Church**

MRS. ALLEN LEWIN PLUNKETT

Before an altar of lemon leaf greenery decorated with silver bells, doves and seven candles flanked by two baskets of greenery accented with white doves, Miss Pamela Vanette Calk and Allen Lewin Plunkett exchanged wedding vows in a double-ring ceremony last Saturday evening at 8:00 in the First Presbyterian church here in Eldorado. The pastor, the Rev. Dan Sebesta, officiated.

The bride wore an Empire gown of peau de soie satin. Re-embroidered alencon lace accented the A-line skirt. A watteau train completed the ensemble. She carried a bouquet of white butterfly roses and stephanotis on a white Bible that was given to her by her parents when she was 12 years old. For something borrowed she carried a lace handkerchief that her mother carried on her wedding day. For something blue she wore a garter also worn by her mother the day she married.

Her maid of honor was Sammye Mayo of Eldorado. Bridesmaids were Miss Sue Morrow of Quanah, Miss Lynn Turcotte of Houston and Miss Jo Doty of Corpus Christi. They wore identical dresses of two-tone blue silk with Empire waistlines. They carried nosegays of white glamelias.

The groom's best man was Jerry Gibson of Austin. Groomsmen were Steve Spence, Dallas; Neil Calnan, Houston and Eddie Steppe, Quanah. Ushers were Harry Walsh of Austin, Buddy Calk, brother of the bride, and Johnny Griffin, of Eldorado.

The flower girl was Ann McKinney of Houston and the ring bearer was Michael Sebesta of Eldorado.

Miss Terry Phelps of Eldorado accompanied by her mother, Mrs. Roy Phelps, sang Ave Maria preceding the ceremony, and The Wedding Prayer as the couple knelt before the altar.

A reception followed the ceremony in the garden of the home of Mr. and Mrs. Tom Ratliff at 210 Bluebonnet Drive. The pathway was lighted with hurricane lamps and guests entered the garden through a flowered archway. They were served from a white bridal table centered with an arrangement of white butterfly roses and stock in a crystal compote, flanked with a double-ring interlocking cake; one side a dark groom's cake, the other a white bride's cake. Beside it was a smaller white cake to be kept and eaten on their first anniversary. The houseparty consisted of women from the Presbyterian church.

Guests were registered by Paula Mace, Marilyn Phelps, and Mary Ann Page. Rice girls were Carolyn, Kathy, Debra and Patty Page, and Sherwyn Jackson.

The bride's going-away suit was of lime and white linen. She wore the corsage from her Bible. After a wedding trip to Central Texas and the Gulf Coast the couple will be at home at 8051 Broadway, #216, in San Antonio. Mr. Plunkett is associated with the law firm of Dayton C. Wiley in San Antonio.

The bride is the daughter of Mayor and Mrs. Eldon T. Calk of Eldorado. She graduated from Eldorado High School and is a Senior at the University of Texas where she is active in the Young Republicans, advisory chairman for University Arms and member of All-Campus Advisory Board. She is majoring in special education.

The bridegroom is the son of Mrs. Harry McLean and the late Lewin Plunkett of Quanah. He is a graduate of Quanah High School and holds a Bachelor of Arts degree from the University of Texas and graduated from the University School of Law in June. He is also a member of the Young Republicans and a Phi Delta Phi.

**From Out Of Town**

Those from out of town attending the wedding and reception included: Mr. and Mrs. Shannon Ratliff and Mr. and Mrs. Bill Ratliff of Austin; Mr. and Mrs. W. A. Carroll and Mrs. Grace Palmer, Sonora; Mr. and Mrs. Bill Bowen, San Angelo; Dr. and Mrs. E. L. Dyer, Ozona; Miss Carole S. Fisch of Smithville, Texas; Mr. and Mrs. Leroy Koopp, Mr. and Mrs. Jack Londess and Cathy, Mr. and Mrs. Harold Gerhardt and Kay and Mary Gerhardt, Mr. and Mrs. Glenn Youngblood, and Miss Beth Leifer, all of San Angelo;

Mrs. J. L. Doty and Miss Jo Doty, Corpus Christi; Miss Judith Newson, Austin; Mr. and Mrs. R. F. Turcotte and Miss Lynn Turcotte, Houston; Miss Noel Boardman of New Jersey; Miss Jo Ann Walker, Okla.; John Edwards, Ballinger; Mr. and Mrs. Lester Phillips, Midland; Mr. and Mrs. George Shelton and Steven, and Stewart and Kathy, San Angelo; Mr. and Mrs. Jack Williamson, and Dr. and Mrs. Tom Hunter, San Angelo; Mr. and Mrs. Jack Yancy and children, Austin; Mr. and Mrs. W. C. Seale, Monahans; Mr. and Mrs. Alfred A. Kohler, Boerne; Mr. and Mrs. Charles Norris and Mr. and Mrs. H. C. Dewberry, Brownwood; Mrs. T. D. Jackson, Dallas;

Dr. and Mrs. Dale Hayter and Robert, and Mr. and Mrs. Harold Eakman, San Angelo; Miss Dell Hardee, Austin; Dr. Jack I. Mowrey and Miss Jeanette of Pinetop, Arizona; Steve Spence, Gary Toothaker, and Noel Coleman, all of Austin; Eddie Stepp, Quanah; Mr. and Mrs. Harry H. Walsh III, Austin;

Mr. and Mrs. James Fogan and John Allen of Granger, Texas; Mr. and Mrs. Spencer Morrow and Miss Sue Morrow, Quanah; Miss Billie Smith, Little Rock, Ark.; Mrs. Allen Wright, Dallas; Mr. and Mrs. Harvey McLean of Quanah; Mr. and Mrs. George McKinney III and Ann and Gay, Houston; Tommy Lee Calk, California; Mrs. Jimmie Bryan, Palm Springs, Calif.; Mr. and Mrs. Truman Calk, Laredo, Texas; Oliver Calk and Mike, Coleman; and Mrs. T. W. Calk of Coleman.

**Pre-Nuptial Events**

The rehearsal dinner was given by Mr. and Mrs. Harvey McLean, parents of the bridegroom, at the Joe Christian Ranch last Friday evening. It was a Western barbecue. Brian Edmiston and Johnny Lawrence assisted with arrangements.

The bridesmaids' luncheon was given by Mrs. Roy Phelps, Terry and Mickey Phelps, Sammye Mayo, Mrs. Dick Bearce, and Mrs. Glenn Parker in the home of Mrs. Phelps.

The bride was honored with several parties during the weeks before the wedding.

An announcement and Gift Tea was given at the home of Mr. and Mrs. Jack Hext on Saturday, June 5. The women of the First Presbyterian church served as hostesses. About 100 attended.

A bridal shower was given in her honor in Quanah at the home of Mrs. Belvin Cadle on June 10.

On Tuesday, June 22, Miss Calk was honored with a surprise lingerie shower at the home of Mrs. J. H. Mace, assisted by Mrs. Granvil Hext and Mrs. James Williams. As the gifts were brought in, the honoree visited with her girl friends and former school mates.

A rice bag luncheon was given by Mrs. Wilson Page, Mrs. Ed Meador and Mrs. Bob Sykes on Friday, June 25, at the home of Mrs. Page.

Mrs. Dick Preston and Mrs. Hollis McCormick honored the bride with a recipe shower at the Preston home on Monday, June 27.

Mr. and Mrs. Jerry Harding of Ardmore, Okla., are visiting the Bill Lesters for a few days.

**Charlie Davidson Is 9**

Charlie Davidson was honored on his 9th birthday with a slumber party by his parents, Mr. and Mrs. W. R. Davidson.

After a supper of sandwiches, potato chips, punch, cake and ice cream the boys went to the ball game, then came home and put on a fireworks display.

Favors were model airplanes. Guests were Gene Nixon, Timmy Farris, Tim Edmiston, Randy Rozean, and Bobby Parker.

**MARRIED JULY 3RD**

J. T. Jackson, Jr., and Lucille Doyle were married at the Jackson home at 3:30 p.m. on Saturday, July 3, with Church of Christ minister McCowan of Abilene officiating at the ceremony.

The couple left immediately on a trip to points in South Texas and returned Wednesday afternoon of last week to Eldorado where they are at home at the Jackson ranch two miles northwest of town.

**Methodist Notes**

A baptismal service was held Sunday morning for little Mary Lisa O'Harrow, daughter of Mr. and Mrs. Jimmy O'Harrow, who are home for the summer on the O'Harrow ranch after spending last year at Lubbock where Mr. O'Harrow attended Tech.

The Rev. Dempsey G. Salter served as a counselor last week at the 9th and 10th grade assembly at Mount Wesley, Kerrville. Also attending from here were Stella and Shirley Hubble, Libby Preston and Sherry Yates. This camp was for young people of the San Angelo, Corpus Christi and McAllen districts.

David Blakeway has applied for the 7th and 8th grade assembly at Mt. Wesley which begins late in July.

Mrs. B. L. Hopkins and two children of Park City, Kentucky, were visiting here last week over the holidays in the home of her parents, Mr. and Mrs. Ross McAngus.
