NUMBER 40

Rain Slows Down Cotton Ginning

By the time this paper reaches our readers there will have been at least 1,000 bales processed at the Mikeska Gin. The figure stood at 987 bales shortly after noon on Tuesday.

Rains during the previous 24 hours had slowed down the harvest and the gin at that time was having a problem with some cotton which was wet.

Dry weather of last week saw an increased movement to the gin and on at least three days the plant turned out over 100 bales a day. At that time the gin was operating with one crew and the bookkeeper reported, "We started at 8:00 o'clock in the morning and worked through until 2:30 the next morning."

This week the manager is organizing a second crew for night work.

While no one has ventured to predict the total bales it seems to be generally agreed that the crop this year will be good—better than expected, in fact.

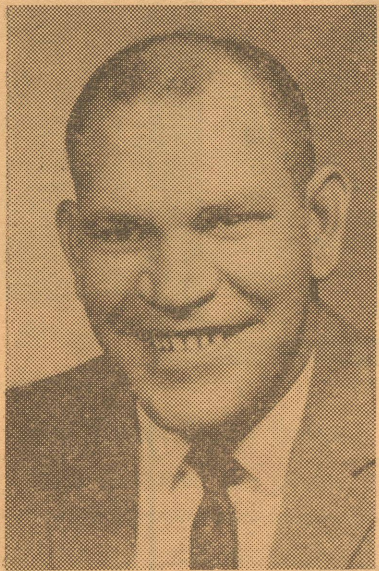

Laundry Is Back In Operation After Move

After being closed for about a week the Friendly Wash laundry was again open for business yesterday in their new location on Main street, directly across from the Success office.

Mack McEwen, proprietor, turned out a world of work during the past week. In addition to moving he had plumbing, pipe fitting and foundation work to do as well as having connections made for gas, water and electric service.

The plant is now back in business but operators still have a large amount of interior finishing which they plan to do.

McGinnes Named To Legislative Committee

FLOYD MCGINNES

Crosby County Clerk Floyd McGinnes was notified recently of his appointment to the state legislative committee of the Texas District and County Clerks Association. McGinnes is the only member of the committee from the West Texas area, with remainder of the committee members from South and Central Texas.

Floyd is the youngest son of Mr. and Mrs. Sam McGinnes of Eldorado. He lives in Crosbyton with his wife and two children.

Results Given On Recent Sonora Sale

The Sonora Livestock Exchange reports 2,000 head run through the ring in their sale on Sept. 30. Following are sale prices reported:

Unshorn lambs went at \$19 to \$20.10 cwt. Aged ewes, \$4.60 to \$6.90 cwt.; aged bucks, \$6.10 to \$6.80 cwt.; goats, mixed kids, \$3.70 to \$5.25 per head; billy kids, \$4.75 to \$5.20 head; nanny kids, \$4.50 to \$5.10 head; aged nannies, \$3.10 to \$5.20 cwt.; aged muttons, \$4.10 to \$5.90 cwt.; yearling nannies, around \$6.00 head;

Spanish goats, nannies, \$4.90 to \$6.70 cwt., and kids \$2.30 to \$3.60 head; cows, from \$10.50 to \$14.20 cwt.; calves, \$19.60 to \$24 cwt.; bulls, \$10.40 to \$16.20 cwt.

Post Script

Revival services are under way at the Assembly of God church, at 7:30 each evening. Johnny Griffith is pastor and Buddy Hicks is evangelist.

The services will continue thru Sunday night, Oct. 10th.

Today—Thursday—when you go out for your morning coffee break, go by one of the automobile agencies showing new 1966 models.

You can see the new Chevrolets at Eagle Chevrolet Co., and the new Rambler at Earl Parker's.

Refreshments are being served all day at both these establishments.

The City, School, and County have mailed out their tax bills, with 3% discount allowed for payments made during the month of October. Tax collectors report that collections are already beginning to come in.

In the office of Orval Edmiston, a number of tax-payers are also paying their poll taxes for the voting year, 1966.

As of mid-morning Tuesday, 52 poll tax receipts had already been issued.

With our subscribers: Mrs. E. H. Sweatt has entered a new subscription for J. C. Wells at 2461 Dena Drive in San Angelo.

Mrs. Andy Nixon has entered new subscriptions for her daughters, Mrs. Dick Runge, Route 1, Menard, and Mrs. Velton Taylor, 1220 S. David, San Angelo.

Russell S. Beach is subscribing again and gives his new address as 1576 Laguna Road, Santa Rosa, California. Mrs. Beach is the former Edda Lou Meador of this place and the family have lived in California for several years.

Bill Harlin of Christoval is a new subscriber.

Friends who attended the Nyquist funeral report that Mrs. Nyquist plans to spend some time visiting with her children, but will eventually return to Burnet to make her home at the lake cottage. In the meantime mail will reach her at the following address:

Mrs. C. M. Nyquist
c/o Mrs. Lilly Marx
Burnet, Texas.

President Lyndon B. Johnson will enter Bethesda Naval Hospital today (Thursday) for removal of a poorly functioning gall bladder. The operation will be performed on Friday. Announcement was made to the news media on Tuesday afternoon at the White House, and has been carried extensively on radio and television.

Don't forget: Plan to buy your Halloween trick-or-treat candy from the Lions club. Bag of 160 individually-wrapped pieces will cost just \$1.

The Eagle Drive-In Theatre will show "Operation Crossbow" on Saturday and Sunday nights, and then will close for the winter.

Most television news coverage Monday was pre-empted by the visit to New York City and the U.N. by Pope Paul VI. This was the first visit made to this country by a reigning pope.

A concerted effort on the part of everyone from coast to coast to prevent fires has been urged as Fire Prevention Week, October 3-9, is under way. It always falls in the week containing October 9, the anniversary of the Great Chicago Fire in 1871.

Dec. 15 is date announced by General Telephone Co. for putting their new dial equipment here into service. At that time, Eldorado telephone patrons will all be given 7-digit numbers, with the prefix 853.

Further details will be given in next week's Success issue.

Going To Philippines

Airman First Class Kenneth Van Dusen and wife, recently of Richard Gebauer Air Force Base near Kansas City, Mo., are visiting Mr. and Mrs. W. A. Van Dusen while on leave before Kenneth reports to Travis Air Force Base in California on Oct. 28 to be flown to the Philippines for a three-year tour of duty. He will be stationed at Clark AFB near Manila. His wife plans to join him there in about six months. Van Dusen is a communications specialist and will be in a mobile group while overseas.

Eldorado Friends Attend Funeral Of Rev. C. M. Nyquist

Rev. C. M. Nyquist, 61, former pastor of the First Methodist church in Eldorado, died at his lake home near Burnet Thursday morning, September 30th, following a sudden heart attack.

He and Mrs. Nyquist had returned the day before from a trip to the West Coast, and had visited briefly here with the Albert McGinneses as they passed through Eldorado on their way back to their lake home.

Mr. Nyquist was dead on arrival at a Burnet hospital. He apparently suffered the heart attack while he was mowing his lawn at his home in the Buena Vista addition near Burnet. He was stricken again while attempting to drive to Burnet for medical attention. The car veered off the road and struck a tree about a half-mile from the home. Mrs. Nyquist ran to a neighbor's home about 200 yards distant, and called the ambulance.

Funeral services were held at First Methodist church in Lampasas Sunday afternoon conducted by Rev. R. R. Bloomquist, and interment was made in the Burnet cemetery.

Survivors include his wife, and one son, Charles M. of Felton, Del.; four daughters, Mrs. G. O. Hanson, Sweeny, Texas; Mrs. Fred Marshall, Bishop, Texas; Mrs. Joel Rategan, Meriden, Conn., and Miss Sharon Nyquist of Lampasas and Southwest Texas State College, San Marcos; 11 grandchildren; two brothers and three sisters.

Other survivors are two brothers, Oliver Jarl and Pete Nyquist both of Lyford; and three sisters, Mrs. Ivar Fredericks and Mrs. Overton Gordy of Lyford, and Mrs. Lee Singleton of Weslaco.

The deceased was born Dec. 23, 1903, at Round Rock, Texas and grew up in Williamson county. He attended Texas Wesleyan college in Fort Worth, the University of Texas at Austin, Northwestern U. at Evanston, Illinois, and graduated from Baylor University at Waco. He also graduated from Garrett Theological Seminary which is on the campus at Northwestern.

A long-time pastor, Rev. Nyquist was assigned to First Methodist church here in Eldorado in September, 1960, coming here from Donna, Texas. He served this church for five years until June, 1965, when he was assigned to the pastorate of First Methodist church at Lampasas.

In the later years of his ministry, Rev. Nyquist purchased a lake residence near Burnet which was to be their home following his eventual retirement. Located about 30 miles from Lampasas, Rev. and Mrs. Nyquist spent part of their vacation there, and they had returned there Wednesday night after a trip to California. His fatal heart attack occurred about 8:30 Thursday morning when he returned to the house after doing yard work out of doors.

Attend Funeral From Here

Those from Eldorado who attended the funeral of Rev. C. M. Nyquist in Lampasas on Sunday included: Mr. and Mrs. Lawrence Steen, W. F. Meador, Mrs. Bill Rozean and Rita, Mrs. Clay Porter and Jan, Mr. and Mrs. B. F. Harkey and Kaye, Mr. and Mrs. Elton McGinnes and Wayne, Mrs. Hollis McCormick and Phil, Mrs. S. D. Harper, Mrs. W. E. DeLong, Mr. and Mrs. Don McCormick, Mr. and Mrs. Charles Wimer, Mr. and Mrs. Palmer West, Mrs. R. L. Ballew, Tommy Dempsey, Mickey Phelps, Frankie Blaylock, Roy Lynn Love, Mr. and Mrs. W. G. Godwin, Mrs. Luke Thompson, Mr. and Mrs. E. C. Peters, Mr. and Mrs. Albert McGinnes, Mary Lynn and Larry.

Among the pall bearers were Lawrence Steen, W. F. Meador, and Albert McGinnes, all of Eldorado.

Construction Worker Drops Dead Tuesday

Guadalupe Garza Tanguma, 29, dropped dead while at work Tuesday afternoon on a road construction job east of Eldorado.

Tanguma, who drove a roller, had paused for a drink of water when he collapsed on an apparent heart attack at about 3:15 p.m.

Contractor Ruby has men and equipment at work on this job rebuilding and widening a stretch of Highway 29, the Menard highway.

Comment:

At the season's midpoint, it appears that the Eagle kicking team for extra points bids fare to post as fine a record as any of the several fine ones in the past several years. With Jay Halbert to hold, Captain Scott McGregor has exhibited a kicking record to label his toe as "gifted" or "talented." Only miss to date was last Friday night when a 15-yard penalty negated a perfect kick and moved the ball 38 yards instead of 23 yards from the uprights.

Some Rains And Cooler Weather

There was some rain in Eldorado—about half an inch—Monday accompanied by brilliant lightening and a chilly wind, and thunder that cracked like cannon shots. Travelers coming in from the south reported hard driving downpours around the county line including sleet and hail. Some said the hail was drifted up in ditches alongside the road.

While this week's moisture will slow down cotton picking, it is welcomed by farmers for the boost it gives to fall grain crops.

Some of the totals gathered by Tuesday afternoon included:

Dick Bearce	3.00
Truett Stanford	2.50
W. C. Parks	1.80
Weldon Davis	1.00
Parker Bros.	1.50
Iliver Teele	2.25
W. V. Lux	1.40
H. A. Belk	2.70
Ed DeLong	3.50
Mrs. Otto Sauer	.50
Ben Hext	2.00
Henry Speck, Jr.	.50
City of Eldorado	.50

Local Real Estate Changes Hands Recently

Recent transactions arranged by James Williams Real Estate have included:

Mr. and Mrs. Ross McAngus have purchased the Wiedenmann lots between the Sammy Dannheim and Guy Whitaker residences. The McAnguses have announced plans to erect a house on the location in the future.

Billy Bruce has purchased the Mittel Bruce in the east part of town. The house was formerly the parsonage for the Fundamental Baptist church. The Bruces have been renting one of Mrs. E. S. Mattocks' houses.

Local Members To Attend State Meeting

Soil and Water Conservation Districts of Texas will be celebrating their 25th Anniversary during their Annual Meeting in Corpus Christi, Texas, October 12, 13, and 14, 1965. The meeting will be in the Robert Driscoll Hotel.

Going to Corpus Christi from the Eldorado-Divide Soil and Water Conservation District will be: Mr. M. G. Shurley; Mr. and Mrs. Ben Hext, Mickey Rathbone; and Bill Rountree, Work Unit Conservationist, Soil Conservation Service, assisting the District.

Critical Test For the Eagles

Game At Big Lake Tomorrow To Separate 'Men From the Boys'

For the past several years, some "old, unhappy, faroff" memories have been and still plague the Eldorado Eagles in their annual hassle with the Big Lake Owls. These unpleasant thoughts almost invariably are about a huge and almost faceless fullback who, tank-like, crushes through desperately struggling Eldorado teams for enough grinding yardage to destroy Eagle hopes of victory and/or football glory.

The story of this 1965 season is more of the same script. This time, the Big Lake Fullback is Don Childs who coyly admits to 200 pounds. Child's fellow backs claim weights of 180, 170, and 155. One Owl lineman claims to weigh 155; but all the rest are listed at 160 or more. Picked as district winners, the Owls have already had their hopes dashed once in district play. Should they defeat Eldorado tomorrow night, it will be a tremendous boost to their currently unsteady morale.

Their probable starting lineup goes like this:

11 Stanley Anderson	LE	160
71 Eliseo Levario	LT	180
64 Tommy Bussbee	LG	155
51 Harville Settle	C	160
61 Tom Evridge	RG	165
70 Phillip Click	RT	190
81 Bum McReavy	RE	175
42 Tommy Love	LHB	180
23 Eddie Burkett	RHB	155
32 Don Childs	FB	200
12 John Dolan	QB	170

Their offensive deployment is ordinarily classed as "Winged T." They rely principally on Don Childs to bulldoze the imperative yards; but their QB John Dolan, often passes to their fine halfback

Caravan To Go To Big Lake Game

Eldorado Eagle boosters who wish to form a caravan of cars to go to Big Lake for the football game have been asked to meet at the Roadside Park on Highway 67 East near Barnhart, at 6:45 Friday evening.

Cars will group into a caravan then, be decorated with crape paper, and then Deputy Sheriff Jack Jones will lead the procession on to Big Lake.

Mayor's Proclamation

HEAR YE! HEAR YE!
BY VIRTUE of authority vested in me, I, Eldon T. Calk, mayor of the City of Eldorado, do hereby declare Friday, October 8th, as "Beat Big Lake Day" and urge all Eldorado fans to support the Eagles at this, their most critical game.

Eldon T. Calk
Mayor, City of Eldorado

Tommy Love and Right end Bum McReavy, or alternating their big rugged backs on ground sorties but always with Don Childs as the mainstay.

Defensively, they present a five-man front with a four-man secondary. Don Childs and Center Harville Settle are the inside men in the secondary with Halfback Love and No. 40, Dick Miller on the outside secondary. Twin safeties are QB Dolan and RHB Eddie Burkett.

The Owls for '65 are a heavy and rugged 8A team and are by no means to be regarded as "also rans." There was a reason for their early season selection as probable district champions and this reason still exists. The Eldorado Eagles have their work cut out for them tomorrow night; but in view of their recent commendable development and the sparkle of a bit of "hard nosed" play, there is reason to think that an Eagle win is quite probable although in all probability area sportswriters will favor Big Lake.

The Eldorado coaches said this week that they were modifying the Eagle defensive posture probably as follows: Captain Joe Phillips at left tackle on the usual four-man front; Senior Wayne McGinnes at left guard; Junior Bobby DeLong at right guard; and Sophomore John Mayo at right tackle.

With the five-man secondary, Captain Sam Henderson will man the left corner; Captain Scott McGregor the left line backer; Captain Jim Belk the middle line-backer; Junior Chris McCravy the right line-backer; and Senior Steve Blaylock the right corner.

Meanwhile, Sophomore Roy Davidson will man the left safety post and Jay Halbert the right.

Offensively, the Eagles will probably be as follows:

81 Donald Rogers	LE	170
76 John Mayo	LT	205
75 Capt. Jim Belk	LG	170
55 Chris McCravy	C	155
66 Steve Blaylock	RG	160
77 Capt. Joe Phillips	RT	200
80 Danny Richardson	RE	160
44 Cap. Sam Henderson	LHB	150
21 Jay Halbert	RHB	145
13 Capt. Scott McGregor	FB	165
11 Danny Halbert	QB	150

Game time is 7:30 and the weather will probably be a bit nippy. This game begins the last half of the season. Used to be, they were important; now they are on survival basis.

Now is the time for the Eagles to rise up and confound the area soothsayers who almost certainly will delight in the prospects of the Big Lake Owls. It is good for these computer-like people to eat a little crow, particularly when presented by the Eldorado Eagles.

Eagle Chevrolet To Show '66 Models

Paul Page and John Hodges of the Eagle Chevrolet Co. here in Eldorado invite the public to drop in today, Thursday, and have refreshments and see the new '66 Chevrolets displayed on their floor.

Detroit.—Variety, safety, and new peaks of luxury highlight the 1966 Chevrolets—plus the greatest assortment of models in the division's 55-year history.

E. M. Estes, general manager, said the new Chevrolets, totaling 50 models in six passenger car lines, will go on display in dealer showrooms on Thursday, Oct. 7.

"Model, option, color and interior combinations in the new Chevrolets number in the billions, giving the buyer an unparalleled opportunity to individually customize his car," Estes said.

Principal features include: New Models—A Caprice top-of-the-line series with four prestige models is added to the top selling regular Chevrolets. A four-door hardtop joins the Chevelle line, plus a distinctive Super Sport 396 series.

Styling—The Chevy II receives its first complete redesign since introduction in 1962 models. The Chevelle is restyled, there are design refinements in the Corvaire and Corvette, and the regular Chevrolet has an even "bigger car" look.

Safety Features—Numerous safety features are made standard on all models ranging from a padded instrument panel and padded sun visors to rear seat belts and backup lamps.

Mechanical Features—New engines include a 250-cubic inch I6 and two 427-cubic inch V8's. A new three-speed fully synchronized transmission is standard on all Chevrolet models.

Interiors—Restyled, high fashion interiors are featured in all models. Bucket seats in Chevrolet, Chevelle and Chevy II models are a new slim "Strato" design. Each of the 14 station wagons has an all-vinyl interior.

The Regular Chevrolet is headed by the luxury Caprice series; there are 19 models in five series. A

color-keyed paint stripe distinguishes the Caprice Custom coupe—which has a special roofline unique among all Chevrolet models—and the Caprice Custom sedan. The two Caprice Custom station wagons have walnut grained exterior trim. All Caprice models have high prestige interiors.

The regular Chevrolets have a more powerful appearance, with a forward-thrust to front fenders and bold horizontal bars in the grille. Individual moldings and ornamentation designate each series. All have taillamps integrated into the rear quarters and deck giving a wider look.

teer cotton to a minimum depth of 6 inches.

Hot sunshine and hot soils will kill a high percentage of pink bollworms in shredded stalk and boll residue when spread thinly on the ground. To prevent winter carryover, all bolls should be destroyed and special efforts should be made to clean up all scattered seed cotton.

Although cultural control requirements apply in many Texas counties, pink bollworms occur in practically all other cotton-growing areas of Texas. County wide participation in the early stalk destruction program, is one of the most economical means of reducing cotton insects for the coming year.

A model marriage: the wife is the treasure and the husband is the treasury.

Cotton producers have just about whipped the technical job of the use of defoliant and desiccants in cotton harvesting. This is testimony in the grades that farmers are receiving from the Cotton Classing Office located in Abilene under the Smith-Doxey Act.

Where cotton is being custom stripped and defoliated the cost is running in the neighborhood of \$15.39 per acre.

Producers owning their stripping machine there is a fixed cost

of \$3.06 per acre with an operating cost of \$7.25. Operating costs are fuel and oil, repairs, labor (2 men), defoliation, while the fixed cost is the cost of stripper, depreciation, interest on money and insurance.

The total cost of production of dryland cotton for 1965 from seed bed preparation to delivery to the ginner, including ginning, was \$43.54, per acre based upon 3/4 bale per acre, with producer owned equipment.

With bedding, planting and cultivation being 20-30% of the total cost of production, the cost of production of cotton can further be reduced by producers beginning now to master grass and weed control by the use of herbicides either applied pre-emerge or post-emerge.

Not only will herbicides control weeds and grass but producers can expect yields of cotton to increase considerably. At present post-emerge herbicides are less expensive and more widely used because of selection to do a certain job better against the weed present and better coverage.

A man would do nothing, if he waited until he could do it so well that no one would find fault with what he has done.

The cool dry days of fall are a good time to do that needed paint job. Pick your paint to meet your

needs. The wide variety of paints on the market makes it possible for you to select the right one for any type of job.

Alkyds are oil-based paints. Latex paints are water based. The water-based paints are faster drying and don't have a strong odor. They are easier for an amateur to use than the oil-based paints. The brushes and rollers wash out with soap and water when you use water-based paints.

Acrylics, vinyls, and latex serve as binders in the water-based latex-type paints. The vinyl (polyvinyl acetate, abbreviated PVA) is one of the newer paints on the market.

Not all oil-based enamel alkyds are shiny. Enamels tend to emphasize irregularities on walls or moldings.

The new epoxy coatings look like porcelain and go on like paint. You can use them over ceramic tile walls, wash bowls, and appliances with baked on enamel finishes. The epoxies will not stick on ordinary paint. They require extra surface preparation and usually an undercoat. If you plan to use one of the epoxy types be sure to follow the manufacturer's directions—a good rule in all cases for best painting results.

New types of lures are introduced each year and the fishermen continue to bite.

COUNTY AGENT'S COLUMN
by *Tiny Godwin*
Schleicher County Agricultural Agent

Destruction of cotton stalks immediately after harvest is still the most economical means of combating pink bollworms.

Shredding and plowing under cotton stalks is also an important aid in reducing the winter carry-over of boll weevils, bollworms and tobacco budworms. Stalks left standing in the field after hand harvest or fields allowed to begin regrowth after desiccation or defoliation furnish food and breeding places for many cotton pests.

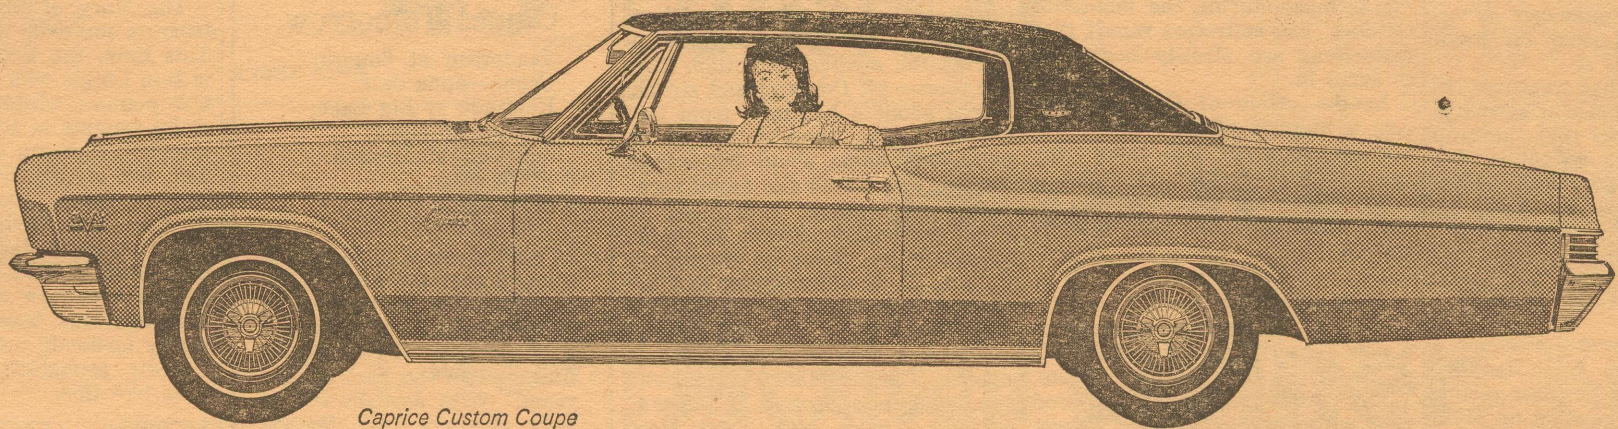

Early stalk destruction with

shredders and general farm clean-up reduces insect populations thru mechanical destruction as well as preventing further breeding activity for the season.

Standard rotary-type stalk shredders will kill up to 50% of the larvae during the shredding operation. Tests with the flail-type rotary chopper show that up to 90% of the larvae will be killed.

To prevent winter carryover of pink bollworms, shred and plow under stalks, boll residues and vol-

JOHN STIGLER
JEWELER

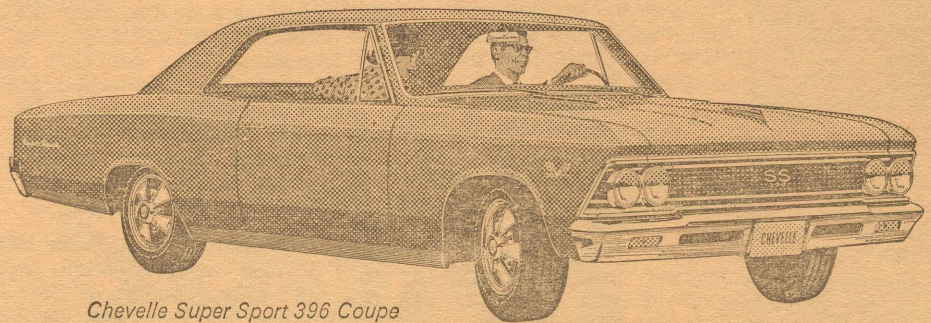

NEW CHEVROLET JET-SMOOTHER

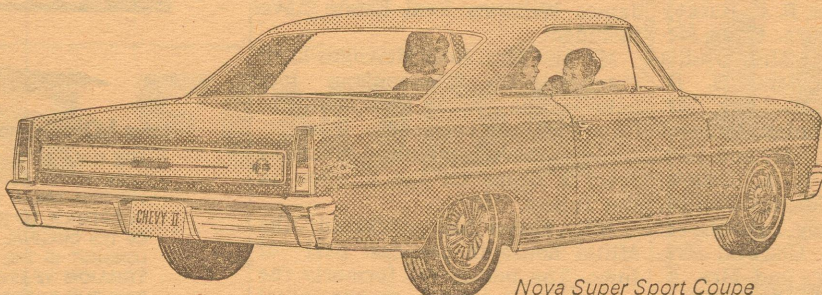

We've again specially tailored those coil springs at every wheel to each body style. We've put in new softer shock absorbers. No Chevrolet has ever had a ride like this. Power begins with a thrifty Six at 155 hp, and goes on from there. Turbo-Jet V8's available at 325 hp, 390 hp and 425 hp in all the new Impalas, Bel Airs and Biscaynes. Model shown: Impala Super Sport Coupe.

NEW CHEVELLE SUPER SPORT 396

New 300's. New 300 Deluxe models. New Malibus. And two new Super Sport 396's—coupe and convertible—with engines that tell you exactly what kind of Chevelles they are. Both are available with 396-cu.-in. Turbo-Jet V8's, either 325 hp or 360 hp. And both come with special hood, grille, suspension, emblems, red stripe tires, floor-mounted shift. Twelve beautiful new Chevelles in all—and all as new inside as they are outside, headlamps to taillights.

Chevelle Super Sport 396 Coupe

Nova Super Sport Coupe

Corsa Sport Coupe

ALL NEW CHEVY II

It's so different, we should really call it the Chevy III. Roofs are swept way back on coupes. Fenders, grille, hood, taillights and bumpers are new on all seven models. Interiors are richer. Power available up to a 350-hp Turbo-Fire V8. You can even order headrests for the front seats and Mag-style wheel covers. What's the economical, dependable Chevy, II coming to? A lot of smart '66 car buyers, we figure.

'66 CORVAIR UNIQUE

Still America's only rear-engine car. And with the special steering and suspension you can add, there's no better way to rid yourself of prematurely gray driving. Lots new. Corvaire, like all the '66 Chevrolets, has a padded dash, seat belts front and back, new fully synchronized 3-speed. Corsas, Monzas, 500's. Get one. Stay young.

AUCTION OF EQUIPMENT, ELDORADO-DIVIDE SOIL CONSERVATION DISTRICT

On Saturday, October 23, 1965, the Eldorado-Divide Soil Conservation District plans to auction off to the highest bidder all of the equipment which it owns. The auction to be held at the Ben Hext farm about 9 miles southwest of Eldorado. The following equipment is included to be auctioned: Three (3) Stalk Shredders (John Deere), One (1) Land Leveler, One (1) Rock Picker, One (1) Grass Drill, One (1) Grass Drill.

On The Screen... 'Operation Crossbow' To Close Drive-In Season

"Operation Crossbow," a picture with a World War II setting, in color, will be shown Saturday and Sunday nights at the Eagle Drive-In Theatre here in Eldorado. Show time is 7:30. Following this week end, the drive-in will close for the winter.

A considerable amount of historical fact and some fiction have been entwined to produce "Operation Crossbow," an engrossing action-mystery-spy motion picture.

The film draws its title from the actual code name given to the British project which first discovered and then defeated Germany's rocket potential at a time when the Nazi dictator was putting his faith in the secret "vergeltung" weapons he hoped would force Britain and the allied war effort in Europe to collapse.

The war effort, of course, did not collapse though the V1 weapons, the flying bombs, and the V2 rockets caused a considerable loss of life and property in England, especially London, and some apprehension among allied leaders that they might not be able to break the German threat before serious damage was done.

The facts of "Operation Crossbow" are in the discovery of the German V-weapon base at Peenemunde, the devastating air attack on the base and the transfer of operations to an underground complex deep in the Harz Mountains of central Germany.

The fiction stems from the entry of allied agents (an American and a Briton) into this complex posing as Dutch scientists and the signals which they are able to give attacking British bombers just as the Germans are launching a new rocket with New York as its target.

The story elements from these two sources have been so cleverly put together that the result is a stunning melodrama of wartime espionage with excellent documentary touches for a tight action line.

George Peppard portrays the American who becomes involved in the espionage plot to get inside the Nazi rocket works—and loses his life as he provides the signal for the bomb attack on the base. He has a touch-and-go brush with the widow of a Dutch scientist whose identity he has assumed.

The widow is portrayed by Sophia Loren in a role of brief duration. Peppard does a convincing job and the rest of the cast measures up to this top-quality pace—Tom Courtenay as a British agent caught by the Nazis; Jeremy Kemp as the dry British agent who comes along later; Lilli Palmer as the German innkeeper working with the underground; Sylvia Syms as the photo interpreter who discovers the existence of both the V1 and V2 weapons; John Mills as the chief of intelligence; Trevor Howard as the unregenerate skeptic.

The German cast also is excellent—they speak in German with English subtitles to lend realism to the whole affair. Anthony Quayle as an SS top agent is especially effective as are Paul Henreid, Barbara Ruetting, Helmut Dantine and Karl Stepanek.

"Operation Crossbow" has been put together with adroit editing of the film to include actual photos of the "V" weapons, the photographs used in the actual study and the like. Of exceptional value are the process shots of the explosions of the German weapons as well as the allied bombs blowing apart the German rocket complex.

Elaborate care has been used in creating the intricate details of the underground rocket nest. When the allied bombers pinpoint their attack by dropping bombs down the mouth of the open launching platform, everything goes up in fire and explosion.

Richard Imrie, Derry Quinn and Ray Rigny have done an excellent job of piecing together the fact and fancy into a taut script that bristles with assorted activities, all neatly tied together in the end. Michael Anderson provides the fine direction.

In a word: It's difficult to tell where the fact stops and the fiction begins in this engrossing story of a turning point of World War II.

Mrs. T. P. Robinson Jr. returned home Tuesday after spending several weeks with her mother, Mrs. Frank Barton at Marfa. Mrs. Barton underwent major surgery on Sept. 24 in an El Paso hospital. She returned to her home at Marfa last Friday where is convalescing satisfactorily.

'66 Ramblers Are Being Shown Today

Earl Parker, local Rambler dealer, announces that the '66 models are being shown all day today, Thursday, in his showroom. The public is invited to come in and see them and have refreshments.

Detroit.—American Motors today revealed a wide range of new features and changes in its cars for 1966, and announced three new names in the lineup—DPL, Rebel and Rogue.

Thomas A. Coupe, vice president of automotive sales, said the DPL is the top-of-the-line hardtop of American Motors' luxurious 1966 Ambassador series, while the Rebel and Rogue will lead the Rambler Classic and Rambler American series respectively.

"These new models, along with the fastback Marlin, Ambassador 990, Classic 770 and American 440 will give us solid representation in the fast-growing hardtop market," Coupe said.

Model Lineup American Motors offers a total of 26 models for 1966—four less than in 1965—with nine models in the American series, eight each in the Classic and Ambassador, and the Marlin fastback.

"The reduction in the number of models results from the elimination of American 330 and Classic 660 models," Coupe said. "What we have done is to simplify the American and Classic lineup to permit greater precision in merchandising these lines."

American models include two and four-door sedans and four-door station wagons in both the 220 and 440, plus a two-door hardtop and a convertible in the 440, and the Rogue hardtop.

The Classic lineup includes four-door sedans and four-door station wagons in both the 550 and 770, a 550 two-door sedan, a 770 two-door hard-top and convertible, and the Rebel.

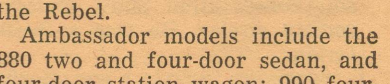

Ambassador models include the 880 two and four-door sedan, and four-door station wagon; 990 four-door sedan, four-door station wagon, two-door hardtop, convertible, and the DPL hardtop.

Mrs. Ruth Williams plans to leave Friday for a visit in San Antonio and Corpus Christi.

Eagles Score 47-19 Win Over Menard

When Eldorado fans rose from their seats for the opening Menard kickoff last Friday night, they hardly expected such a riotous first half and such a pleasant and relaxed second half. Eldorado took the opening kickoff and scored without losing the ball, racking up four first downs on the way with Captain Sam Henderson zipping over for the first touchdown. Captain Scott McGregor applied his "educated" toe to the Jay-Halbert-held try for point after touchdown and it was good. It didn't take the Eagles but a bit over three minutes to score this first touchdown and fans sat back in a relaxed frame of mind. But not for long.

Menard's Po Ellis after receiving the kick-off cranked up the Menard Yellowjackets and worked their way in a four-first-down crescendo with Ellis striking by air principally for needed yardage and finally to end Craig Collier for the touchdown. HB Jack Kothmann kicked the extra point and the score stood 7-7. The Yellowjackets had used about five minutes to score.

Eldorado received and staged a dramatic grouping of blockers in mid-field who provided Receiver Captain Sam Henderson a passport good for some 70 yards, all the way, across Menard's vital line for the second Eagle score. Along the way, some contentious Yellowjackets were recipients of some devastating blocks administered by conscientious and partisan teammates for Captain Henderson.

A 15-yard penalty occurred when Captain McGregor successfully kicked the extra point; so he and ball-holder Jay Halbert were forced to try again from nearly 40 yards out. This kick failed but it left Eldorado out front 13-7.

Menard's Po Ellis strongly disapproved of the score and expressed it by directing the Yellowjacks across the Eagle goal line in just two minutes and 31 seconds to do so with some old football offensive strategy: i. e., run right and pass deep left, for the second Menard score.

This time Eagle linemen refused to allow Menard's try for point and the score stood 13-13, providing a nagging bit of uneasiness for Eagle fans.

But that wasn't all. As soon as Menard got possession of the ball again in the second quarter, Ellis continued his rampage, again running right and passing deep left, this time to end Eddie Wallace for about 37 yards. The clock showed five minutes remaining before the half. Another bit of ominous information was pretty obvious on the scoreboard also, this being that Menard had stepped out front 19-13; Eagle defenders had again snuffed out Menard's try for extra point.

Eagle fans nervously fidgeted while the seconds eroded from the second quarter. But the Eldorado lads stormed back in most determined fashion behind passes from Danny Halbert to Donald Rogers and Jay Halbert in mid-field for successive first downs while alternating Captain Henderson, Captain McGregor, and Jay Halbert for ground yardage until finally, just 25 seconds before the end of the half, Captain Henderson crossed the Menard goal line.

Captain Scott McGregor smartly smacked the ball from Jay Halbert's precise positioning for the precious extra point and the half ended with Eldorado out front 20-19.

Eagle fans sat back limply to watch and contrast bands including Eagle Bandmaster Eddie Pace's Eagle Band shuffle and reshuffle themselves like an expert ruffling a deck of cards.

The second half saw the Eagles score four touchdowns and display enough hard nosed football to send Po Ellis and other Yellowjacket stalwarts to the sidelines, leaving only diminutive 125-pound Gregory Neel to carry the Menard offensive burden.

Meanwhile the Eagles had themselves a field day this last half scoring twice in each quarter. And Captain McGregor and Jay Halbert methodically kicked each extra point.

Most dramatic touchdown occurred when Linebacker Chris McCravy pilfered an Ellis aerial near his own 30-yard line and scampered to the south sideline and on down all the way. He was assisted from time to time along the way by team mates McGregor, Phillips and others who blasted Yellowjacket opposition with almost spectacular effect.

Needless to say, fans contentedly witnessed this last half up-rising, all 28 points of it to 0 for Menard for a total score of 47-19 for the game ending.

Game statistics are as follows:

Menard	Eldorado
14	First downs 10
143	Yds. rushing 245
118	Yds. Passing 56
266	Total Yds. 301
7of13	Pas. att. & compl. 4of6
0	Passes interc. by 1
5for45	Pen. & yds. lost 5for55
5for24	Punts & av. dist. 2for39
Score by quarters:	
Eldorado	13 7 14 14-47
Menard	7 12 0 0-19

B's Bounce Ozona

The Eagle B Squad gave a little more than that second effort last Thursday night and came out with a 16-12 triumph. However, it was with just a little over a minute remaining that Eldorado launched the touchdown drive that won it. It was on a fourth down attempt and Bill Whitten, the quarterback, received the snap, fumbled it slightly then heaved it about 55 yards to the waiting arms of Jesse Bosman who took it about three more yards for the touchdown. Pat Childers kicked the extra point. This was Jesse's first football game and he had only returned to school a few days ago.

Eldorado first tallied on a 45-yard run by Pat Childers and the extra point was no good. Then the next time Eldorado got the ball, they drove down to the Lion 12 yard line from which point Pat Childers kicked a field goal making the score 9-0. Ozona scored twice then but missed both extra point attempts which left the score 9-12 until the big fourth quarter play.

Pat Childers gained 86 yards on 17 carries and caught two passes for 18 yards. He kicked a field goal and extra point, scored a touchdown, ran a kick-off back for 10 yards, and did all the punting and kicking off.

Pinky Dempsey caught 3 passes for 31 yards and gained 24 yards on the ground in 9 carries. Lonnie Gibson, a co-captain, carried 10 times for 12 yards.

Buff Whitten, the Eagle signal caller, had a good night passing despite having two intercepted. He completed 6 of 10 for 115 yards.

The defensive unit rose up on numerous occasions to stop Ozona. Among those doing an excellent job on defense were Allan Corbell with 9 tackles and Pat Childers with 8. Lonnie Gibson and Jimmy McGinnes had 6 while Dempsey, Faulk and Kirk Jones each had 4. Jimmy Mann and Mickey Pennington had 3 each and Steve Whitten, Jesse, and David Nixon had 1 each.

Mickey Pennington reinjured his knee and may not see action again this season.

Funeral Today In Angelo For Mrs. Lillie Cotten, 98

Funeral services for Mrs. Lillie Cotten, 98, Los Angeles, Calif., will be held in Johnson's Funeral Chapel Thursday (today) at 2:00 p.m., with Rev. Bill Wiemers, pastor of Sterling City Methodist church, and Rev. D. G. Salter, pastor Eldorado Methodist church, officiating. Burial will be in Fairmount Cemetery in San Angelo. Grandsons will be pall bearers.

Born Lillie Dumas, daughter of Moses and Nancy Dumas, in Arkansas, December 28, 1866, she was married to James Cotten on December 7, 1893. Living in Oklahoma Indian Territory and at Lampasas, Texas for a number of years, the family moved to Schleicher county in 1909 where they lived on the McClatchy place until 1913. They then moved to the Ray community near Miles where Mr. Cotten died in 1936. An only son, Claud D. Cotten and a daughter, Mrs. Nora Craig, preceded their mother in death.

Survivors include seven daughters: Mrs. Gladys Powell, Sweetwater; Mrs. Ruth Prugel, Eden; Mrs. Clema Brooks, Sterling City; Mrs. Anne King, Miles; Mrs. Artele Abernathy, Pampa; Mrs. Pat Dooley, Los Angeles, Calif., and Mrs. Gem Riggs, Maywood, Calif., 14 grandchildren and 28 great-grandchildren.

Mayor A. E. Prugel of Sonora is a grandson, and Mrs. Albert McGinnes is a granddaughter.

Circle Meetings Held

The newly re-organized Woman's Missionary Society of the First Baptist church met in circles Monday for the first meeting of the new year. Each circle presented the program from Royal Service Magazine on My Church—Seeing and Doing, and made plans for the new year of work and study.

Mrs. Jack Griffin, a hold-over circle chairman, was hostess to her new circle at her home. During the business session they decided to name their circle "Bertha Smith" for a retired missionary from China and Formosa who lives in South Carolina. They had 8 members present and the W.M.U. president, Mrs. Jack Bell.

Mrs. Jess Blaylock, chairman, was hostess for her circle at the church. Mrs. E. W. Brooks, prayer chairman, read the Call to Prayer, and gave a request from the prayer committee. She announced that Nov. 1 would be observed as Day of Prayer by the women of the church in co-operation with other churches around the world. They voted on the Maurice Doyle for their circle. They had nine members present and gained a new member, Mrs. Mary Palmer.

Mrs. W. A. Van Dusen is chairman of the third circle which will be known as the Ruth Dickerson circle next year. At the meeting at her home, there were nine members present and a new member, Mrs. W. A. Blaylock, also little Miss Lori Williams.

Statement Pads, 40 sheets to pad. 25c at Success.

Eagle Band Wins Class At Longhorn Band Day

The Eldorado Eagle Band traveled to Austin this past weekend to march in the Annual Longhorn Band Day parade and received the trophy for having the outstanding band in Class B. The bands were divided into three classes according to the size of the band and not the size of the school as in U.L.L. classification. Class A bands were bands which had under 55 members; Class B bands had between 55-75 members; and Class C bands were those with over 75. Bands were judged on marching ability, playing, and general appearance.

George West was winner in Class A with Junction as runner-up in that class. Mineral Wells was the runner-up in Class B, and in Class C, Seguin was the winner. The Eldorado Eagle Band, as well as the other class winners, will be asked to perform next year as part of the pre-game activities at the University of Texas' football game which is held in conjunction with the Band Day activities.

Band Day winners were announced at the half time of the football game between the University of Texas and the University of Indiana. The trophy was presented to Kay Sanders and Mr. Eddie Pace by the director of the University of Texas Longhorn Band, Mr. Vincent R. DiNino.

Mickey Rathbone Elected Supervisor

Zone 2 residents of the state's 183 Soil and Water Conservation Districts met yesterday, October 5, and elected Mickey Rathbone to represent this zone as supervisor for the next four years.

This zone of the Eldorado-Divide Soil Conservation District is the southwest part of Tom Green county. Doyle Johnson was the supervisor of this zone up until the present election.

The election was held at a meeting in Foster Park at 2:30 p.m. Prior to the election Barney L. Jefferson, work unit conservationist, San Angelo, took the group on a tour of a reseeded pasture and the group identified plants. Then Bob Ragsdale, range specialist, Extension Service, discussed the benefits of pasture rotations.

Lions Hear Evangelist

Buddy Hicks, who is conducting the revival at the Assembly of God church here, was speaker at the meeting yesterday at noon of the Lions Club.

Rev. Hicks told how he had taken up judo and trained to become a highway patrolman before heeding the call to the ministry. He was introduced by Rev. Johnny Griffith.

Charles Wimer presided at the business session. Curtis Humphries reported that the 200 tickets to the Shrine Circus had been distributed in the elementary school. The circus was held late last week in San Angelo.

Money-raising events coming up were discussed, these being the Halloween candy sale and the Pancake Supper. The Pancake Supper will be held the night of the Rankin game.

Bobby Sykes was a guest.

On M.O.D. Council

Mrs. Charles (Maxine) Haines, the daughter of Mr. and Mrs. C. N. Clark of Eldorado, has been named Council representative of the National Foundation March of Dimes, Permian Basin Chapter.

Mrs. Haines, now of Odessa, but formerly of Sonora and Eldorado, will head the work done by the MOD in eight counties including Midland, Ector, Andrews, Winkler, Loving, Ward, Crane and Upton counties. She attended a meeting at the Shamrock Hilton Hotel in Houston about two weeks ago at which the principal speakers were W. R. Russell, director of the Chapter, and Ernest Frost, fund-raising director, both from New York City, and Cal Wilson of Houston.

Her duties include patients' aid, care of past-polio, and birth defective cases, fund raising, and directing the workers for the annual fund-raising campaign each January.

Report On Jr. F.F.A.

On Tuesday, Sept. 21, the Eldorado Jr. F.F.A. met for the first time this year. We decided the meetings will be held on Tuesdays every first week of the month.

The chapter elected officers also: Pres., Jesse Luedecke; V-Pres., Lisa McAngus; Sec., Rosa Luedecke; Rep., Lorretta Schooley; Treas., Archie Nixon; and Sentinel, Ricky Mann. —by Lorretta Schooley.

Mr. and Mrs. Joe Hearne Moore of San Antonio are visiting Mrs. B. E. Moore and Mr. Bob Whitley this week and next.

Claude Spencer, son of Mr. and Mrs. Edgar Spencer, was taken to the Shannon hospital in San Angelo Sunday after sustaining injuries when a car in which he was riding was involved in an accident with another vehicle.

New Vehicles For September

During the month of September, just ended, the following new vehicles were registered in the office of Orval Edmiston, county sheriff and tax assessor-collector:

Charlie Bennett, '65 Ford 1/2-ton pick-up;

Jack Hext, '65 Olds 4-door sedan;

L. W. Steen, '65 Chevrolet 2-door Sport Coupe;

Jack J. Wilson, '65 Chevrolet 4-door;

L. F. Mears, Sonora, '65 Chevrolet 4-door sedan;

Basilio Ortiz Sanchez, '65 Chevrolet 4-door sedan;

Frank Newman, '65 Chevrolet 1/2-ton pick-up;

Herman C. Walker, '65 Olds 4-door;

Hensel Matthews Jr., '65 Chevrolet pick-up;

Mary H. McBurnett, San Angelo, '66 GMC pick-up;

Gus Love, '65 Ford pick-up;

Walter S. McGregor, '65 Chevrolet pick-up.

Mr. and Mrs. David Lawrence and children, Brenda Kay and David Kent, of Odessa, visited Mr. and Mrs. W. A. Van Dusen from Thursday through Saturday. They were on their way home after a vacation trip to Wichita Falls and Fort Worth.

Mrs. Frank Blair of San Angelo visited her son-in-law and daughter, Mr. and Mrs. Jack Griffin and Karen, from Monday night until Wednesday.

Mr. and Mrs. Ray Boyer were in Christoval Wednesday afternoon to attend the funeral of Mrs. Clay (Ada) Jones, 94. The funeral was held at the Baptist church there and interment was made in Fairmount cemetery, San Angelo.

Patsy Tomlinson of San Angelo is spending this week with her grandparents, Mr. and Mrs. Thomas Baker.

Mr. and Mrs. W. H. Paff of Troy, Ohio, were recent guests of Mrs. Paff's mother, Mrs. V. G. Tisdale. While here they visited the Gerald Hartgraves family and Mrs. Lola Mae Archer in Sonora also. They were en route home after vacationing in Arizona.

Mr. and Mrs. Riley Alexander of Ft. Stockton are visiting Mr. and Mrs. Tom Alexander and Mrs. Ruth Williams this week.

Austin.—A governor's committee soon will embark on the most-ambitious effort yet undertaken in Texas to find what's wrong with the public schools and to make them better.

Governor Connally rapidly is completing appointments to his 15-member committee on public school education which was authorized by the 59th Legislature. It is expected to be in operation within the next month.

Activities, to a large extent, parallel those of the earlier Governor's Committee on Education Beyond the High School which probed needs of higher education. However, this new assignment necessarily is more massive.

A three-year study of the public school system and formulation of a long-range plan to make Texas "a national leader in educational aspiration, commitment and achievement" was directed by the Legislature. Connally insisted the study requirement be made a part of the school teacher pay act of 1965.

State financing to the tune of \$100,000 this year and \$150,000 next year is provided for—with additional funds expected from federal sources.

Every state agency and institution and all state and local school officials are directed by the Legislature to cooperate with the committee in a "pervasive inquiry into every facet of Texas public elementary and secondary education."

Meanwhile, the Coordinating Board for Texas Colleges and Universities—a product of the earlier higher education study—has set October 18 for its next meeting here. Session will be the powerful board's first real chance to get down to planning for higher education needs since its organizational meeting September 20.

Permit Cancellation Sought

Colorado City and Mitchell County filed suit in 53rd District Court in Austin to cancel the permit for the Robert Lee dam project on the Colorado River.

Contention is that it precludes the construction of a dam to supply Mitchell county needs and hurts their hopes for future development.

Eaglets Take Win From Ozona Cubs

Joe Musquiz, Wayne Doyle, Bob Page and James Davis, each had a big hand in scoring touchdowns, along with Mickey Clark and James Davis, very capably handing of two extra points each to give the Eaglets a score of 50 points last Thursday night. Of the 273 overall yards rushing 196 of that was made on the passing arms of Page and Adams. The Eaglet line did an exceptional job and both defense and offense.

Today, Thursday, the Eaglets go to Big Lake for a game at 5:00 p.m.

Mr. and Mrs. Richard Cheatham and Mr. and Mrs. Tony Cheatham and children attended the annual homecoming held at the community center in Rockwood last Sunday.

The Night Circle of the First Baptist church was reorganized recently. Mrs. N. G. Hodges will serve as chairman.

The Giant-Killer Rides Again!

American Motors Challenges the "Big 3" of Detroit—With 4 New Lines of '66 Cars that Give the Public What it Wants.

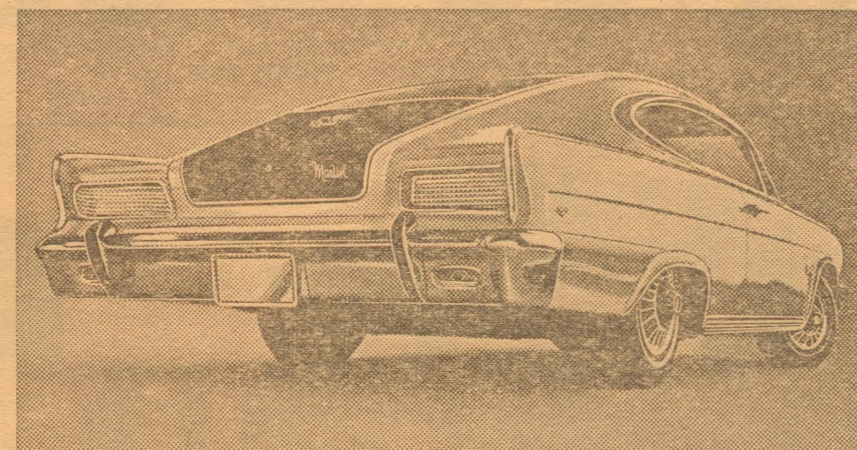

Last time it was size. This time? Quality! Quality that's built in—not added on. The promise: more built-in quality features at no extra price.

ROGUE: new razzle-dazzle Rambler. Outperforms every other car in its class (with standard engine!). "Do Rogues really come with rally stripes?" "No, but with the big new engine they drive that way." '66 Rambler American Rogue here October 7th.

REBEL: new roomy, zoomy Rambler. Doesn't cramp your style, or your legs, or your family, or your pocketbook. Think you know a Rambler when you see one? Think again, look again. See the '66 Rambler Classic Rebel at your friendly Giant-Killer's, October 7th.

MARLIN '66 by American Motors. Full-size, family-size sports fastback seats 6—in comfort. (Even with bucket seats.* Flip down the front and rear armrests and turn your Marlin into a 2+2.) Don't miss it at your friendly Giant-Killer's on October 7th.

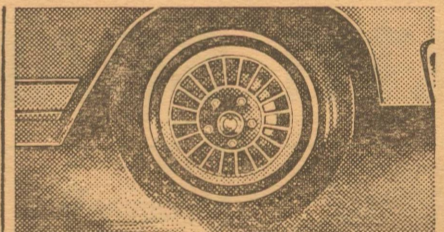

Remember when American Motors came out with the trim little Rambler and knocked the Detroit "Giants" on their collective ear? Overnight, big fins and fat land yachts went out of style. American Motors came along with the right cars at the right time and caught the competition napping. This year, almost half the automobiles sold are Rambler-size cars.

Round one to the "Giant-Killer." What next? For '66, American Motors again gets the jump on the big boys with a new rallying cry: Quality! A new kind of quiet quality that is built in as standard equipment on every car in the line.

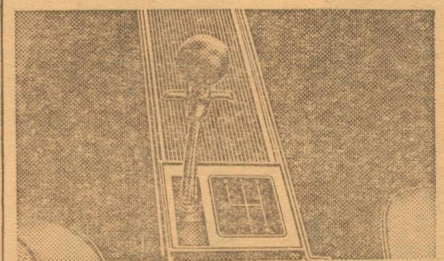

This is the American Motors credo. Quality that's built in—not added on. First, determine what has to go into a car to make it stronger, safer, more dependable, more luxurious. Then put it there. Regardless of cost. Build it in.

Ready to be convinced? Ready to be surprised? Check this page for a preview of the 4 sleek challengers. New cars. New names. Then admire the styling of these exciting new cars. When you have finished, please get on your horse and go to the friendly Giant-Killer in your town, your American Motors/Rambler Dealer.

*Optional on most models. †Based on a comparison of manufacturers' suggested retail prices.

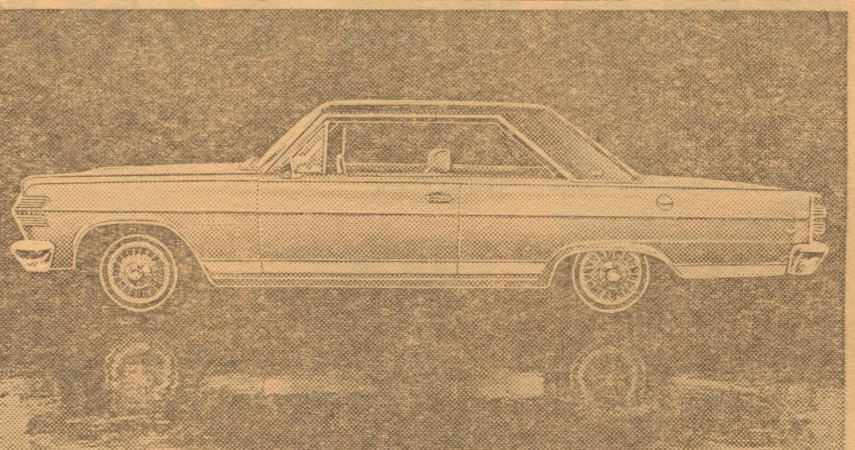

BUILT-IN QUALITY IS BUILT-IN SAFETY. Only one "Big 3" car (and American Motors) offer a safety package with a Double-Safety brake system at no extra cost: Cadillac.

BUILT-IN QUALITY IS BUILT-IN PERFORMANCE. Big new standard engines. Sporty option: 4-on-the-floor. Two automatics* also available to handle the chore of gear selection.

TV PREMIERE THURSDAY NIGHT! See the new American Motors '66 cars on "The Andy Griffith, Don Knotts, Jim Nabors Special," CBS-TV, October 7th

AMBASSADOR DPL by American Motors. Now you can have your first luxury car while you're still young enough to enjoy it. Coil-spring seats like Cadillac. Double-Safety brakes like Cadillac. Price? Like Impala, Fury, Galaxie. Be sure to see it October 7th.
