NUMBER 46

## Dec. 16 Date Set For Legion Party

The annual Christmas party for Schleicher county school children, given by local Legionnaires, will be staged at the Memorial Building the evening of Thursday, Dec. 16th.

The date was set at a recent meeting of members of the Bev McCormick Post of The American Legion. L. D. Mund is currently commander and he states that some committees are already at work on the event.

Legion members recently sold signatures on a basketball schedule placard to defray expenses of the party.

The party is always a highlight of the Christmas season here and Legionnaires assist Santa Claus in distributing bags of candy and fruit to hundreds of local children. The party has been a Christmas tradition here for a number of years.

Further details on arrangements will be published in the Success in forthcoming issues.

## Draft Board Classifications Made Nov. 9th

Schleicher county registrants classified at the meeting of the draft board in Sonora on Nov. 9th were as follows:

Henry W. Speck	V-A
Jerry L. Pennington	IV-A
Bobby L. Jeffrey	V-A
Larry D. Boyer	III-A
Rex N. Enoch	II-S
Richard G. Kent	IV-A
Eddy A. Etheredge	III-A
Jimmy L. Garvin	II-S
Reynaldo Vasquez	II-S
Buddy R. Mercer	I-A

## Cogswells To Move To Colorado City

Rev. Claude Cogswell has tendered his resignation to the First Christian church here in Eldorado, after serving as pastor for over two years.

The Cogswells are making arrangements to move back to Colorado City where he will serve as curator for a community museum. He is retiring from the active ministry.

Rev. Cogswell has been active in the Lions club while here in Eldorado, and he and Mrs. Cogswell observed their Golden Wedding a few months ago.

For the present, the First Christian church is being served by lay preachers out of San Angelo each Sunday. A pulpit committee is at work to find a successor to Rev. Cogswell. Members of the committee are C. L. Martin Sr., Edgar Sauer, Mrs. Marie Young, Mrs. Raymond Schrank, and Mrs. E. W. Gibson.

The Cogswells expect to move to Colorado City by Dec. 1st.

Gerald Hartgraves and Orval Edmiston attended the funeral of H. J. Y. Mills, 92, first Schleicher county sheriff, last Monday in Del Rio. Mr. Mills was a brother-in-law of Mrs. V. G. Tisdale.

Make Your Plans To Attend The Annual

Thanksgiving  
Community Service

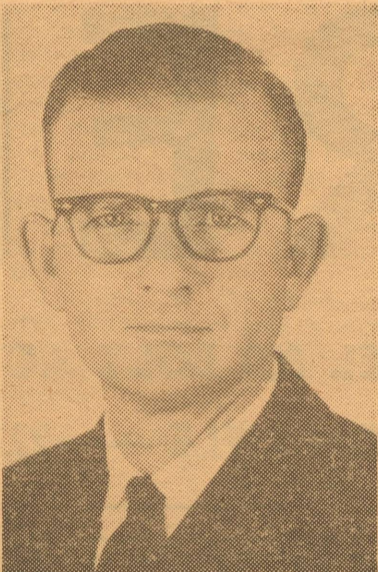

Sunday, November 21, 1965, at 7:00 p.m.

First Baptist Church

Eldorado, Texas

Prelude	-----	Instruments

Special Music	-----	Community Choir
Sermon	-----	Rev. Dempsey G. Salter First Methodist Church
Hymn	-----	Choir and Congregation
Benediction	-----	Rev. Dempsey G. Salter

## Annual Thanksgiving Service Set For This Sunday Evening At 7:00

**DEMPSEY G. SALTER**  
To Preach At Special Service

The annual Thanksgiving service sponsored by the Ministerial Alliance will be held at the First Baptist church Sunday night, Nov. 21, starting at 7:00 o'clock.

The host pastor, the Rev. Kenneth Vaughan, will be in charge, and Rev. D. G. Salter, pastor of the Methodist church, will deliver the Thanksgiving sermon.

The order of worship for this service, to which everyone is invited, is given above.

Mrs. Roy Phelps and Mrs. Mike Nelson will play the instruments. The Baptist church nursery will be open with an experienced attendant in charge.

Most local churches will dispense with their own services Sunday night in order for their congregations to attend the Community Thanksgiving Service.

The Community Choir will meet at the Baptist church Sunday afternoon to rehearse selections for the special service that night.

## Eagle Cagers Launch Season This Friday

The Eldorado Eagles, with only a week's work behind them, jump into basketball season in a big way this Friday night against a tough Balmorhea group at McCamey.

Coach Bell has worked the boys for six days and will be expecting to find the spots that still need work from this week's game.

The boys who will make the trip include Scott McGregor, Joe Phillips, Phillip Montgomery, Dan Halbert, Jay Halbert, Chris McCravey, Gary Derrick, Jesse Bosmans, Donald Rogers, and Rusty Meador.

## Farm Program Meet Set For Monday

All interested farmers and ranchers are invited to attend a meeting on Monday night, November 22, at 7:00 in the court room in the courthouse. The purpose of this meeting will be to explain the details that are known at this time regarding the new farm programs.

A number of changes have been made in these programs for 1966. By attending this meeting you will be better informed about the provisions of these programs and how they can effect you.

Turn to Page 5 for Football Statistics for the 1965 season.

## Girls To McCamey To Play Balmorhea

The Eaglettes with a win behind them will go to McCamey Friday, Nov. 19, for an early season encounter with Balmorhea. Last year the Eaglettes were defeated by them 62-59 so the girls of Coach Jack Bell will be seeking revenge of a sort. Balmorhea had an excellent aggregation last year and is reported to have the majority of them back. It should be a real test of both offense and defense.

Game time for the girls will be 6:30 p.m., McCamey, Texas.

## Assembly of God Church Sets Youth Service

"Eldorado Youth—Rich or Rotten?" will be the title of Rev. Johnny Griffith's sermon next Sunday morning at 11:00 o'clock at the Assembly of God church.

The Sunday morning service is a special service being held for the young people of the community. Visitors, both your and old, are welcome.

Sunday School is held at 9:45.

## Firemen Out Monday

The firemen were called out Monday at 5:10 p.m. to Mrs. V. H. Humphrey's rent house, across the street from the Baptist church.

A mattress was on fire, and prompt action by firemen prevented the blaze from spreading. The house is vacant.

# Deer Hunting Off to Modest Start; Hot Weather Is Given As Reason

## Joe Christian Retires From Woolen Mill

Joe Christian, founder of the woolen mill in Eldorado in 1939, this week retired from the institution to devote his full-time to farming and ranching at his place east of town.

The woolen mill, originally called West Texas Woolen Mills, operated under that name from its founding until January, 1964, when it was sold to a local group and reorganized under the name of El Dorado Woolens, Inc. Howard Derrick became president of the new firm, and James Powell, vice president, Tom Wallace became general manager, while Joe Christian remained in the firm as superintendent of production.

Tom Wallace this week reported that he had hired John A. Hannis of McAllen to replace Christian in the production department.

A native of Philadelphia, Hannis, 59, has worked in woolen mills since 1925. From 1953-65 he served as a consultant in woolen mills in Mexico.

Wallace said the mills plan to use Hannis' experience with the Mexican mills to incorporate the Spanish influence in the plant's designs. He said the company plans to start the manufacture of Spanish upholstery.

The plant has been greatly expanded since its reorganization and now employs about 30 people.

### LOCAL BOY KICKED BY HORSE

Archie Posey, 11-year-old son of Mr. and Mrs. Tobey Posey, was rushed to the Sonora hospital Saturday evening about dusk after being kicked by his horse in the backyard of his home. Archie suffered a severe cut near the hairline which required several stitches. He returned to school Wednesday of this week.

### Comment

The 1965 football season is closed out except for District Champion Sonora which team earned the right to represent Dist. 8A in further competition. The Broncos engage Clint High School in Sonora tomorrow night. Clint is located on Hwy. 80 about 25-30 miles southeast of El Paso. It is 400 miles, give or take a few, between Sonora and Clint.

Two more diverse districts would hardly be imagined. Clint is an irrigated cotton farming community in the Rio Grande valley. Total school population is less than 700. Sonora on the other hand has little farming, but has a scholastic population holding that school near AA district classification, and has many times more resources than Clint.

Only possible joker in the deck is that occasionally children of Army personnel at Fort Bliss settle or live in Clint. Once in a while, such persons make Clint a tough competitor. Sonora should win by a good margin.

As a usual thing deer hunting opens on a crisp, chilly Saturday in mid-November and is immediately followed with numerous cars going through town with carcasses draped on the hood—and hunters hurrying home from a successful hunt.

This past week end cars loaded with deer seemed to be absent and the reason seems to be unseasonably warm weather. Hunters explain that a dead deer had to be rushed to cold storage almost immediately to keep the meat from spoiling.

Apparently there has been a good crop of deer killed although you don't see them on the road. Granvil Hext reports that their

cold storage locker has been filled to capacity; that there were 50 deer carcasses and 15 turkeys there on Tuesday. Also one javelina hog. Some week-end hunters put deer in the locker on Saturday and removed them Sunday.

Since the principal hunting area lies in the east part of the county it is likely that many hunters took their kill to other towns—Menard, Junction or Sonora.

Hext reported that he had been busy all day Sunday at his locker, and explained that warm weather was good for his business. When cold weather arrives locker service will not be as necessary.

### C of C Announces Prize Winners

On the opening day of hunting season here last Saturday, Joe McDowell, Box 8, Menard claimed the big prize for the first buck killed by an out of county hunter. This deer was killed on the Henderson ranch. Tom Wallace of El Dorado Woolens presented McDowell with the prize of a jacket.

Forrest Henderson of Eldorado, who is 8 years of age, claimed the prize for the buck killed by the youngest boy. Mrs. F. D. Blair, Eldorado, won the prize for the buck with the most number of points killed by a woman. Her deer had 6 points and was killed on the T Half Circle ranch. The man who killed the deer with the most number of points was Larry Donaldson of Eldorado. This deer had 8 points and was killed on the Fred Case ranch. The Henderson family scored again when Hunter Henderson collected the prize for a buck with the biggest head killed by a boy. Mr. C. F. McMurray, 2736 Fraser, Fort Worth, claimed the prize for the first turkey brought in and this same turkey won the prize for a gobbler with the longest beard, being an 8-inch beard.

The Chamber of Commerce office reports that \$2800 in leases have been placed by their office. Possibly more leases have been made from hunters sent to landowners by this office but unreported. They are still receiving inquiries for day hunting and would like to have a listing of all landowners interested in any further hunting, day or season.

Due to poor hunting conditions and many hunters not being informed of the prizes available, the CofC reported three prizes left unclaimed: A buck killed the first day by the youngest girl, First buck killed by an out of town woman, and, First doe brought in.

"Dear Sir: I have enjoyed reading in the Success about the spelling of Eldorado, and I noticed in the afternoon paper of our Tyler edition, that you are getting some publicity.

"As far back as I can remember the spelling has always been 'Eldorado', and I left Eldorado in 1937.

"Tell Two-Bits that I believe he is building up a disability claim with the government when he says that when he went into the service that he remembers it being spelled as two words, and when he returned that was being spelled as one word! I enjoy very much reading your paper every week. —L. A. (Pokie) Kent, 1000 Haden Street, Tyler, Texas."

Skelly No. 2 McWhorter has been completed as a gas well and was flaring since the first of the week.

Thanksgiving comes a week from today, on Thursday, November 25. That day will be a general holiday here, and the school, court house and city hall are also taking Friday as a holiday.

So if you have any immediate business to transact at the court house or city hall, be sure to take care of it by Wednesday of next week.

A good crowd turned out last Thursday night for the Senior play, 'A Connecticut Yankee In King Arthur's Court.' Classmen conducted an advance ticket and advertising sale, and those not in the cast worked backstage.

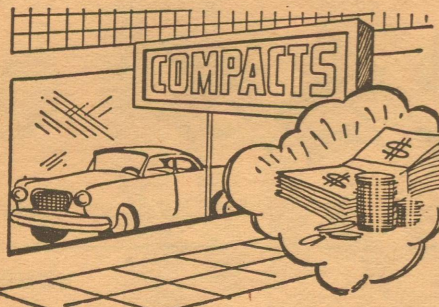

### News Of The Sick

J. F. Kinser was reported seriously ill at his home here this week. Mr. Kinser will be 88 on November 22nd.

Mrs. Elton McGinnes was brought home Saturday from the Sonora hospital where she spent several days.

Mrs. Alfred Stevens is in the Clinic-Hospital in San Angelo since suffering a stroke during the week end.

Mrs. Luther Dunham underwent surgery at the Shannon hospital yesterday (Wed- morning).

If the only thing that stands between you and a new car is money, then it's our business to get it into your driveway fast and at the lowest possible cost.

## THE FIRST NATIONAL BANK

### Christmas Lights Strung On Brady City Plaza

City of Brady employees started putting up the Christmas decorations and lights around the plaza this week. It will take about a week to get them all up, said City Supt. James Feazelle.

The holiday season on Thanksgiving Eve. The brightly colored strings of lights give a festive appearance to the downtown area and motorists arriving on any of the highways are greeted by the carrousel appearance of the lights strung from the dome of the courthouse to the corners of the square.

The lights will be turned on for

—Brady Standard.

### Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

They say that we have a big pecan crop this year and that usually means cheaper pecans. But cheap or not, everybody loves pecans—raw, toasted or in cooked goodies and will manage to have a bountiful supply for Thanksgiving and Christmas.

The following recipes using pecans are simply the best and are not too much trouble to prepare. The "Orange Pecans" are simple to do and so are "Sugar Honeyed Pecans." These half dozen or so recipes should be tried. I believe there is something here for nearly everyone.

#### Chocolate Pecan Pie

1 square chocolate (1 oz.)  
2 tablespoons of butter or margarine  
3/4 teaspoon salt  
3/4 cup white sugar  
1 cup white corn syrup  
3 eggs  
Vanilla as desired  
1 cup pecans  
1/2 cup heavy cream, whipped.  
Preheat oven to 450 F. Melt chocolate and butter or margarine in double boiler. Add salt and sugar and mix well. Add corn syrup and slightly beaten eggs. Add vanilla as desired. Add pecans. Place in 9-inch pastry shell and bake in oven with heat reduced to 350 F. for 40 minutes. Cool and top with whipped cream.

#### Orange Pecans

1 cup sugar  
2 tablespoons orange juice  
3/4 teaspoon salt  
3/4 cup water  
Grated rind of 1 orange  
3 cups pecan halves.  
Cook sugar, orange juice, salt and water at 234-240 F. or until a drop in tap water forms a soft ball. Add grated rind and cook at 250 F. or until a drop in tap water forms a hard ball. Remove from fire and add 3 cups pecans, stir until well coated. Separate on waxed paper.

#### Pink Divinity

3 cups sugar  
3/4 cup white corn syrup  
3/4 cup water  
2 egg whites  
1 Three oz. pkg. raspberry or cherry flavored gelatin  
1 cup chopped pecans  
1/2 cup shredded coconut.  
Mix sugar, corn syrup and water in a medium size saucepan. Heat to boiling; cook to hard ball stage (250 to 266 F.). Beat egg whites until fluffy. Gradually add dry gelatin. Beat until peaks form. Pour syrup over egg white mixture in a thin stream beating constantly until peaks will hold shape. Add pecans and coconut. Drop by teaspoon on waxed paper.

#### Sugar Honeyed Pecans

1 1/2 cups sugar  
1/4 cup honey  
1/4 teaspoon salt  
1/2 cup water  
3 cups pecans  
1 teaspoon vanilla.  
Cook sugar, honey, salt, and water, stirring slowly, until sugar is completely melted and temperature reaches 248 F. or until it forms firm ball when sample is placed in tap water. Remove from fire and add pecans and 1 teaspoon vanilla. Stir until well coated, separate on wax paper.

#### Macaroon Cake

3 tablespoons butter or margarine  
1/2 cup sugar  
3 egg yolks  
1 cup sifted flour  
1/4 teaspoon salt  
2 teaspoons baking powder  
1/4 cup milk  
3 egg whites  
1/8 teaspoon cream of tartar  
1/4 teaspoon salt  
1 cup sugar  
1 cup finely chopped pecans  
1 cup heavy cream, whipped.  
Cream butter and sugar. Add egg yolks, and beat until light and fluffy. Sift together flour, salt, and baking powder and add alternately with milk to the egg mixture. Spread in two 8-inch layer cake pans, greased and floured. Set aside.  
Add cream of tartar and salt to egg whites and beat until stiff. Gradually add the 1 cup sugar, beating constantly until meringue forms stiff peaks. Fold in pecans. Spread meringue over batter in pans. Bake at 375 F. about 20 minutes, or until lightly browned. Remove from oven, loosen cake carefully and place top side up on racks to cool. Place one layer, meringue side up on cake plate. Spread meringue top with whipped cream. Cover with second layer, meringue side up. Top with more whipped cream if desired of leave plain.

The Texas pecan crop is estimated to be around 50,000,000 pounds for this year.

Two pounds of pecans in the shell will usually yield one pound of nut meats. Figure your time, too.

Only Georgia beats Texas pecan production. They will put out around 68,000,000 pounds this year.

When I was a Home Demonstration agent in Callahan county,

old Mr. Burkett was experimenting with his new pecan at his Clyde, Texas, nursery. I remember plainly his saying to me one day, "Young 'un, I need help in running this nursery. I wish you'd come up and take over so I can work on my new pecan."

His new pecan is the Burkett we enjoy so much today.

And gracious how times have changed. Once if you were caught "picking up pecans" under another man's tree he simply ran you off. Today it's a whopping \$200 fine!

Might be cheaper to buy them after all. Allen Turner, Co. Agent at Menard, told me the other day that pecans were very, very cheap over there. And the road to Menard is pretty too—in places, that is.

Mrs. Marvin McDonald has returned from a 2-months extended visit in Lufkin with the W. A. Schuller family. While there Mrs. Schuller and Mrs. McDonald drove to Jennings, Okla., where they visited with Mr. and Mrs. John R. Jones and Mrs. Ray Jones.

### Code Of Ethics For Hunters, Ranchers

The hunting season is well under way. Sportsmen and the owners of the land on which they hunt both have rights and obligations. Here are some of them:

#### Sportsmen's Obligations

Secure permission of the land owner before attempting to fish or hunt.

Respect the wishes of the land owner, especially the areas where he permits the sport.

Abide by special conditions the land owner lays down.

Respect his land as you would any other private property.

Know and abide by the game laws. Do not let ignorance be an excuse.

Never cross a fence unless permission is granted. If permission is granted take care not to damage the fence.

Always leave a gate JUST as you found it.

Ask about the location and type of livestock that may be in the pasture you are to hunt.

Take care not to frighten livestock.

Do not make "sound shots."

Make sure your target is a game animal, not a domestic animal.

Follow any wounded game. Do not waste a cripple.

Do not fire toward a building,

water tank or windmill. Ask about predatory animals that the land owner might like you to kill.

Take extra precautions about fires. Don't take chances.

Do not hunt boundary fence lines:

If you drink don't hunt, if you hunt don't drink.

Do not use military ammunition.

Do not leave trash on premises.

Get to know the land owner.

Stay away from houses or buildings unless you have permission.

Know your gun and your ammo.

Be sure it is sighted in.

Enjoy your sport and much GOOD LUCK.

#### Ranchmen's Obligations

Use as much care as possible in selecting hunters.

Find out something about whom you let hunt, fish or camp on your property.

Make sure sportsmen know when and where you will allow them to practice their sport.

Make sure they understand the boundaries of their hunt, and how to get there.

Have it completely understood about the crossing of fences.

Make certain that they understand the game & fish laws and that you expect them to be followed.

See that they know their gun and ammunition they are to use.

Give information where guns can be shot in.

Give the hunters the kind and location of livestock in the pasture to be hunted.

Let them know if there are predators that they may destroy.

Warn them about the location of other hunters nearby.

Do not allow boundary fence line hunting.

Do not construct feed pens near boundary fence lines.

Do not sell something you do not have.

Encourage the following of wounded game.

Give explicit instructions in case a wounded animal crosses a fence.

Encourage harvesting of antlerless deer for future protection.

Consider your neighbors in all matters and expect him to consider you.

Get to know and understand these sportsmen and make them WELCOME to Schleicher county.

It Isn't Too Early To Think About Christmas!

**Mrs. Higgins' Mother Dies In Oklahoma**

Mrs. Ollie B. Godwin, mother of Mrs. L. C. Higgins, passed away Sunday, Nov. 7 at Seminole, Okla. Survivors were two daughters, Mrs. L. C. Higgins of Eldorado and Mrs. D. G. Kelley of Seminole, Okla., and one son, T. H. Godwin of Imperial, Texas; 9 grandchildren and 25 great-grandchildren.

Pall bearers were husbands of the granddaughters: Jessie Cravens of Wichita, Kansas; Hubert Green of Oklahoma City, Okla.; Marvin Gausemeier of Midland, Texas; Glen Jolly of Monahan, Texas; Jerry Perry of Ozona, Texas; and John C. McKenzie of Seminole, Oklahoma. Honorary pall bearers were Harold C. Higgins of Abilene and Paul Kelley of Independence, Kansas and Eugene Harlow of Oklahoma City. Interment was made in the Salt Creek Cemetery near Henrietta, Oklahoma, beside her loved ones.

**Methodist Notes**

(The following eulogy to the late Rev. C. M. Nyquist appeared in The Visitor newsletter of the First Methodist church at Lampasas. Mr. Nyquist was moved to Lampasas early last June after serving the Methodist church here in Eldorado about five years.)

**Meditations From A Pew**

It was a typical hot day—June 10 was. I went to the church to check on the air conditioner, and as I went through the Sanctuary, I was stopped by a friendly voice. "Hello, there. I'm C. M. Nyquist, your new pastor." I looked up to see a hand extended, and I saw the hand belonged to a big man—a man with a smile to match his stature; a man capable of towering over the crowd; a man whose blue eyes showed a spirit as big as his being. I liked this man immediately and determined to be in church on Sunday, June 13. I was there and every Sunday morning and night thereafter, because I found this man had the Word. He pitched head-long into the church program, and along with his faithful wife, Ruby, set his goals twofold—a new church, first spiritually and then materially. He studied past actions long and hard; he put into action his own plans and ideas.

He became a part of community activities; in fact the last Ministerial Alliance meeting was a picnic at the Nyquist home on the lake. He loved to drink good hot coffee, and remember the days past when he was growing up and learned to love the Lord. He looked ahead and was beginning to rejoice that we, as a church, were showing signs of becoming a reunited church people again. Each day he visited, he prayed, he worked, he spoke. Each day he lived the things he believed in and preached about.

Then for reasons we, as humans, fail to understand, God cut his life short. As suddenly as he had come among us, he was gone. But the effect of his four short months here will be felt forever. Like the Man of Galilee, so long ago, he gave himself for his Faith and his Church. Too soon, for us, he gained his reward—we are left to carry on the work he started. The life he lived will always be an inspiration to those who knew him, and the guiding light of his faith will always surround us. He was counselor, pastor, and our close personal friend. As the minister said in his closing remarks in the service for Rev. C. M., "I was in Evansville, and Nyquist was there. I went to Kansas, and Nyquist was there. I came to Texas, and Nyquist was there." And he could have very well stated further, "And when I get to Heaven, Nyquist will be there."

What more fitting memorial to this man than for us of the First Methodist Church of Lampasas, Texas, to be about the business of setting our lives aright, and "lift up our eyes unto the hills from whence cometh our help."

(Rev. Nyquist died Sept. 30 following a sudden heart attack.)

**Improvements Planned For Robert Lee Park**

Definite steps were taken this week to make some improvements at the Robert Lee County Park. Commissioner Fern Havins told members of the B. C. D. Tuesday that an architect has been hired to work out cost figures on enlarging the recreation hall and making other park improvements.

Some changes in the heating system would be necessary, and purchase of additional land for enlarging the park is under consideration, the commissioner said. It was also pointed out that some repair work is needed on the Boy Scout building, and plans are being made for construction of a pro shop in connection with the golf course. —Robert Lee Observer.

The Kimble-Menard County singing convention will meet Sunday, November 21st, at the Hext Baptist church at 2:00 p.m., announces the secretary, Mrs. Allen Davis.

**INK FOR YOUR STAMP PADS.** Black, blue, purple, green or red. —Success office.

**Eaglette 'B' Team Blasts Del Rio**

Friday night last, the "B" girls basketball team opened the 1965-66 season with a big victory over Del Rio "B" 49-25.

Stella Hubble was the main cog in a well organized team that played Del Rio off their feet. She poured in 29 points, her best ever, and got 11 rebounds. Every girl was alert and ready to intercept Del Rio passes, steal the ball, and put it through the hoop. Maureen McCravey played her first game as a forward and did fine. She scored 6 points and got 8 rebounds. Nell Neff, the third member of the trio, tallied 10 points and got three rebounds. Shane Henderson, who generally is a guard, played both positions. She scored 4 points during her short stay on offense and did a good job while playing defense getting three rebounds. Jacque Davis led the defensive starting unit with 8 rebounds and Jan Wagley added 7. The third member of the starting group was Billie Gayl Blaylock with 2 rebounds. Everyone played considerably and did a very creditable job. Others getting rebounds were Debra Murr with 3 and Patsy Robledo 2.

Members of the "B" group were Jan Wagley and Jacque Davis, Juniors; Billie Gayl Blaylock, Maureen McCravey, Stella Hubble, Nell Neff, Patsy Robledo, Sophomores, and freshmen include Shane Henderson, Donna Davis, Debra Murr, and Tanya Yates.

Score by quarters—

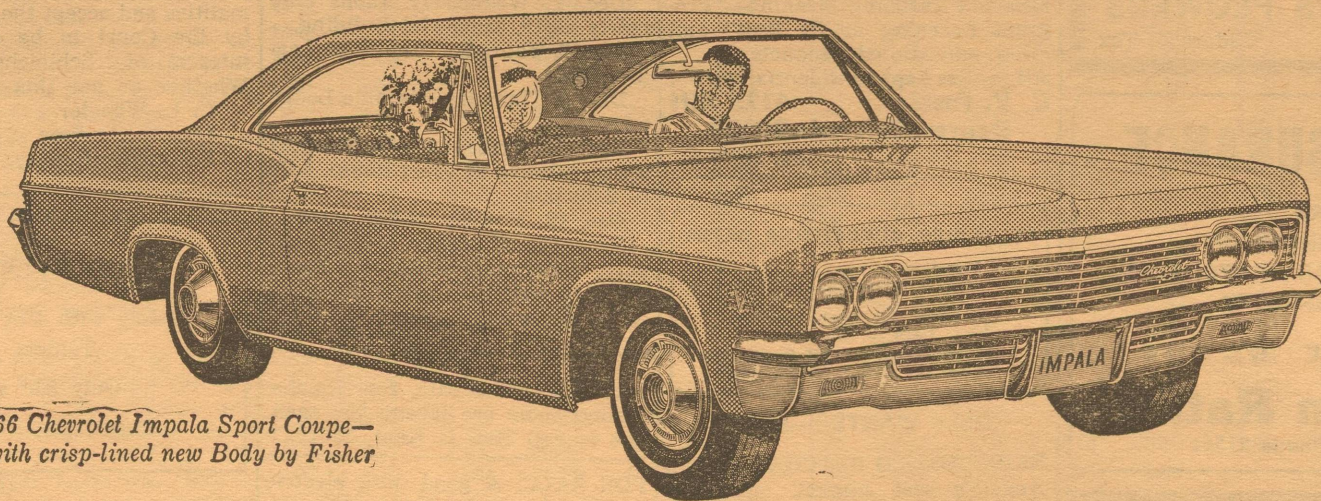

Eldorado B	14	19	10	6-49
Del Rio B	2	4	11	8-25

**Sanderson Firm Moves To New Warehouse**

The Sanderson Wool Commission Co. moved into their new warehouse this week. The building is north of Sanderson on US 285 north of the Texas Highway Department Maintenance barn.

The new warehouse is fireproof throughout, with a concrete floor, sheet metal walls and roof. The office space is insulated and the ceiling is of fire-proof material, with the inside partitions being of hollow-tile construction. —The Sanderson Times.

**ENRICHED 7 WAYS**

'66 Chevrolet Impala Sport Coupe— with crisp-lined new Body by Fisher

**1. NEW TURBO-JET V8's.** Three versions of this remarkably efficient engine are available, with ratings of 325 hp, 390 hp and 425 hp. **2. RICHER NEW INTERIORS.** They're impressive even by Impala standards. And the fine hand of Body by Fisher craftsman-

ship is very much in evidence. **3. CRISP NEW STYLING.** More elegant from V-shaped grille to new wrap-around taillights. **4. A JET-SMOOTHER RIDE.** Refinements in body, frame and suspension (including Full Coil springs tailored to each body style)

make the ride even gentler. **5. RACY SUPER SPORT MODELS.** Pick an Impala SS Coupe or Convertible, complete with new Strato-bucket front seats and eye-catching console. **6. NEW SAFETY FEATURES.** They include windshield washer, two-speed electric wipers,

rear seat belts and backup lights—all standard on every '66 Chevrolet. **7. OVER 200 CUSTOM FEATURES.** You can have a field day ordering luxuries like FM stereo radio. Want to raise your standard of living it up? Your Chevrolet dealer's the man to see.

**Chevrolet's Jet-smoother '66 IMPALA**

In Those Days

Compiled From Success Files

ONE YEAR AGO Nov. 19, 1964—Funerals were held for Claude Linthicum, A. B. White, and Lea Aldwell.

Rev. C. M. Nyquist was to preach at a special church service honoring the football team members and coaches.

Ernest K. Nimitz completed a training course at Fort Bliss.

Mr. and Mrs. Grady Turner were moving to San Angelo.

FIVE YEARS AGO Nov. 17, 1960—Santa Fe's railway spur was built into the new Hartgraves feeding pens.

Mrs. B. K. Cheek was taken to the Sonora hospital.

A son was born to Mr. and Mrs. Russell Beach.

Joe Ed Spencer, a Senior business education major, was named to Who's Who In American Colleges and Universities, at Sul Ross.

George Reesor was a Breckenridge conducting a revival.

Announced as lettermen of the '60 Eagle football team were: Kenneth Hicks, George Draper, Buddy Hodges, Dennis Jurecek, Mike Jurecek, Dean Williams, Jerry Johnson, Johnny Faull, H. A. Belk, Jimmy Cheek, Donnie Holden, John McGregor, Carl Parker, Charles West, and Pete Logan.

Bob Whittis, Kenneth Pennington, and Terry Carlman visited here from the University of Texas.

12 YEARS AGO Nov. 19, 1953—O. W. Duncan died at Calf Creek at the age of 86.

Rev. J. C. Hancock, Rev. Doyle Morton, Rev. Cliff McDougall, Rev. Charles Bruce, and Minister Quentin Dunn were to participate in a Union Thanksgiving Service.

Captain Breedlove of the San Angelo police department discussed juvenile delinquency at a meeting of the Lions Club.

The Junior Woman's Club adopted as a project the placing of playground equipment on the court house yard.

Helen Bauer, daughter of Mr. and Mrs. Ernie Bauer, was honored on her 6th birthday.

A daughter was born to Mr. and Mrs. Paul Page.

35 YEARS AGO Nov. 21, 1930—A. T. Wright resumed editorship of The Success after buying it back from L. T. Barber and Agnes Wright.

Roger Gillis of Del Rio was elected president of the National Wool Marketing Association, as the association stockholders met in Washington.

A daughter was born Nov. 16 to Mr. and Mrs. S. D. Harper.

The stock of the W. A. Forrest & Son clothing store was sold at auction for \$2,215 to A. J. Holiday of Dallas. The stock was valued at \$52,000.

Thanksgiving dinner was to be served at the Methodist church for 50c per plate.

L. F. Dannheim of Fort McKavett leased the Frank Murphy ranch in the Mayer area.

J. T. Sims, pioneer ranchman, died at his ranch north of Christoval. He was 82.

New houses were being built by W. H. McClatchy and Marvin Shaffer. West Texas Utilities office and show room building was nearing completion and work was continuing on the McWhorter business building on South Main Street.

SOIL CONSERVATION DISTRICT NEWS Board of Supervisors of the Eldorado-Divide S.C.D. M. G. Shurley Chairman Otis Deal Vice Chairman Ben Hext Secretary Walter C. Pope III Member Mickey Rathbone Member

The leveling of 15 acres of irrigated land was checked for completion on Weatherly Kinser's place, seven miles southwest of Eldorado, last week. The work was started in October and was delayed by rain received in that area.

The purpose of the land leveling was to alter the topography of the land whereby efficient use of irrigation water can be achieved, to prevent erosion, and facilitate proper soil and water management.

The field leveling was done on hundred foot widths and all permanent borders straight and parallel. All row lengths will be nearly the same and there will be no point rows in the field. There is

STOP! Do You Know Your Bible?

Q. Did Jesus say that he was the Almighty?

A. I am Alpha and Omega, the beginning and the ending, saith the Lord, which is, and which was, and which is to come, the ALMIGHTY (Rev. 1-8).

Q. If Jesus Christ is not God when shall God come?

A. Be strong, fear not; behold, your God will come with Vengeance, even God with a recompense he will come and save you. Then the eyes of the blind shall be opened and the ears of the deaf shall be unstopped. Then shall the lame man leap as a hart, and the tongue of the dumb sing. Isaiah 35:4-6.

Q. Why in Matt. 11-3 did John send and ask Jesus, Art thou he that shall come or do we look for another?

A. Jesus answered and said unto them, Go and shew John AGAIN those things which ye do hear and see. The blind receive their sight, and if lame walk, the lepers are cleansed, and the deaf hear. Matt. 11-4-5.

THE APOSTOLIC CHURCH OF ELDORADO G. D. Callis, Pastor (Pd. Adv.)

Bond Typing Paper In 100-Sheet Packets Letter Size 8 1/2 x 11 16-Lb. Ave Wt. \$1.00 Onion Skin (9-Lb) \$1.00 Legal Size 8 1/2 x 14 Ave. Wt. (16-Lb) \$1.25 Onion Skin (9-Lb) \$1.25 Success Office Also available in ream lots (500-sheets) in 3 weights: 9-Lb—16-Lb—20-Lb.

not more than 0.10 of a foot side fall in each hundred feet of width. End fall, in the direction of watering is not more than one half the total depth of water to be applied to the crop requiring the most water each application. Generally this will be about 3 inches in the total length to be irrigated.

Land leveling eliminates the side movement of water permitting the water to be applied at the same depth across the area being irrigated. This eliminates the waste of water that occurs when the lower side of each area being watered, gets too much water and the upper side doesn't get enough water. With little or no difference in the elevations of land leveled fields, water depth will be nearly the same throughout the entire width and length. A more efficient application of irrigation water can be obtained on level land. Also, any rainfall that is received is distributed evenly over the field. Thus, better use is made of rainfall.

Leveled land for irrigation is as essential as contour farming and level closed end terraces on dry cropland. Water, one of the most essential elements in crop production, is held on the land for crop use, whether from rainfall or from irrigation wells.

Leveled fields can be irrigated faster than fields not leveled. This is especially true where borders are used when permanent grasses or drilled crop are planted. Water can be applied in large quantities whereby the number of inches needed to bring the field to field capacity, can be applied to each border area in a short time. Water pumped into a storage reservoir can be used up in a short period of time, thus less man hours are needed to do the irrigating.

Probably the most important time factor effected by land leveling is what is known as opportunity time. This is the time water has to go into the soil at each point along the area being irrigated. To get a given amount of water in the soil, water must be held on the area for the time required to get the water in the soil. Soils that take water slowly and are not leveled, need more time to apply the water needed to reach field capacity. Water must be held on the field by applying a steady flow of water until the needed amount is applied. Most soils in the Eldorado-Divide S.C.D. require a long opportunity time to get the needed moisture into the soil.

In designing, layout and checking the land leveling, Kinser was assisted by Soil Conservation Service Technicians. Cost share assistance was received through the Schleicher County A.S.C. office.

Land leveling is one of several soil, water and plant conservation practices included in Kinser's conservation plan. The basic objective of the plan being, to use each acre of agriculture land within its capabilities and to treat each acre according to its needed for protection and improvement.

## First Baptist Church

### Circle Meetings

The Bertha Smith and Maurice Doyle circles met jointly at the church Monday afternoon to hear Mrs. Kenneth Doyle speak on her experiences in Venezuela last summer. Mrs. Doyle's talk was in connection with the Mission Study which is on Brazil this quarter and the people and customs of Venezuela are very much like the people in Brazil.

The circle chairmen, Mrs. L. M. Hoover and Mrs. Jack Griffin, acted as hostesses and served refreshments to 14 members and Mrs. Doyle.

The Ruth Dickerson circle met at the home of Mrs. Ruth Finnigan for the mission study lesson.

Mrs. Weldon Davis presented the first three chapters from the book, "Which Way in Brazil" by Lester Bell.

Ten members and two guests were present. The guests were Mrs. Jack Bell, WMO president, and Mrs. Ruth Williams.

The Bartley circle will meet to night and hear Rev. and Mrs. Kenneth Vaughan discuss the mission study lesson.

The WMO will meet Tuesday night, Nov. 23rd at 7:30, at the church with the Bartley circle as hostesses.

## School News

Cahill earth-moving equipment has been at work south of the high school gym this week ripping out old house foundations, tree stumps, brush, etc. The area is now owned by the school and is the site of the proposed new location for the football field.

Six-Weeks Tests were under way this week.

The local F.F.A. chapter was host to Future Farmers from a wide area Wednesday afternoon for the leadership contest. It was held at the Southwest Texas Electric Co-Op building.

A district meeting is being held today, Thursday, at 6:30 p.m. in Ozono.

Friday, the basketball girls meet Balmorhea in McCamey. Game time is 6:30.

Saturday, the Eagle Band under direction of Eddie Pace, will participate in the marching contest at Brady. That day, too, a reading workshop will be held here.

Monday, the Jr. High basketball players go to Junction.

Tuesday, Achievement Tests will be given to 7th, 8th, and 9th graders, and Ability Tests in 10th, 11th, and 12th grades. High School Principal Guy Whitaker stated that it is important that parents make special effort to have their children in school that day.

Tuesday, the A&B boys and A girls basketball teams go to Iraan. Wednesday afternoon, the school will turn out at 2:30 for Thanksgiving holidays. Classes will reconvene the following Monday morning.

## First Sheriff Here, H. J. Y. Mills, Dies

Funeral services were held Monday in Del Rio for H. J. Y. Mills, 92, first Schleicher county sheriff and widely known Pecos River developer and ranchman. His death followed a long illness. Interment was made in the Masonic Cemetery in Del Rio, with Masonic rites.

He was born at Modena Springs, Ala., March 10, 1873, and moved to Texas with his parents in 1886 settling in Uvalde county. His father, the late A. O. Mills, was a pioneer sheepman.

He was educated privately at home and attended the schools of Batesville before going to work for his father for seven years. He punched cattle in Schleicher county for Sam Henderson for a while and ran the North Valley Ranch for Henderson several years. He was elected sheriff of this county in 1901 and held the office three terms before resigning to enter the sheep business for himself.

From his observation of Schleicher county, Mr. Mills saw the vast opportunities of West Texas and that a good living could be made from smaller tracts of land. At that time West Texas was controlled by a few men who operated over a wide region. He became one of the first to locate on a small tract and intensify the resources by scientific ranching.

He moved to Val Verde county in 1905 and first took an option on the railroad land with the provision that he be awarded the school land. He was awarded the land and exercised his option on the railroad land and started his operations on the Pecos river.

He began with 14 head of cattle and 33 mares and raised mules until 1915. He purchased 1,400 sheep and engaged in the cattle business for a short time but decided sheep, goats and mules were more profitable.

He operated two separate ranches in Val Verde county and ran several thousand head of Rambouillet sheep and Angora goats. He built some of the first sheep proof net wire fences in West Texas.

He was married to Alva Mae Ingram at Eldorado July 8, 1903. She died in 1936. He was married to Mrs. Lois Mays after his first wife's death.

He was a 32nd degree Mason, Del Rio Elks Lodge member, long-time member of the Texas Sheep and Goat Raisers' Association and Texas and Southwestern Cattle Raisers' Association. He was a Methodist.

Survivors include his wife, six sons, W. O., Moss and A. F. Mills, all of Pandale, H. M. Mills of El Paso, A. I. Mills of Presidio and H. J. Y. Mills Jr. of Pandale and Del Rio; eight grandchildren and nine great-grandchildren.

Mr. Mills was a brother-in-law of Mrs. V. G. Tisdale of Eldorado.

### Post Script

The Amendment election which was held in Texas on November 2nd was latest example of the decline of the daily press in exerting influence in elections. The Dallas News, the Fort Worth Star-Telegram and the San Angelo Standard-Times all endorsed the proposed amendment no. 4 that would have given the governor and other top officials four-year terms. The measure was also endorsed and promoted by the state Democratic Executive Committee.

Tom Green county voters rejected amendment 4 by a vote of 1842 to 1560. Dallas county voters rejected amendments 2, 7 and 10 after the Dallas News urged that those three be turned down; yet the controversial no. 4 failed the state as a whole.

The Dallas News said afterward: "Defeat of the 4-year term amendment for the House of Representatives, Texas, Legislature, was a foregone conclusion. The tipoff came when voters turned down the proposal in September to enlarge the State Senate from 31 to 39 members.

"Defeat of the 4-year term for governor and other statewide officials is a setback for better and more stable administration in the State Capitol. The necessities of a growing state are bound in time—sooner than most of us think—to bring longer tenure. A governor, for instance, can't 'govern' if he must spend every other year campaigning."

It's a new fact of political life that voters' opinions are molded by factors other than the newspapers. Candidates for public office now have a face-to-face confrontation with voters by way of the television screen.

There is some talk already that the four-year proposal may be submitted again at some future time, possibly with a limit on maximum number of terms a candidate may serve.

T.V., radio, and the press are all involved nowadays in the election process, and these media have to a large extent supplanted the old-time razzle-dazzle campaign with its stump speeches on the courthouse square, vigorous hand-shaking, and "Be-Sure-To-Vote-For-Me-At-The-Polls" philosophy.

## Lions Conduct Sale And Hold Meeting

Members of the Lions club were busy Wednesday morning putting on their Broom and Mop Sale. They operated out of the truck parked by the bank, and several made calls in the business and residential areas. This sale of articles made by Texas blind people is put on each year.

Ray Boyer presided as the club met at the Memorial Building at noon. Guests were Ed Ahnstock, driver of the broom truck, and Chris Edmiston.

It was announced that the club will not meet this coming Wednesday, the day before Thanksgiving. Report was given that the Lions club was purchasing glasses for two grade school children.

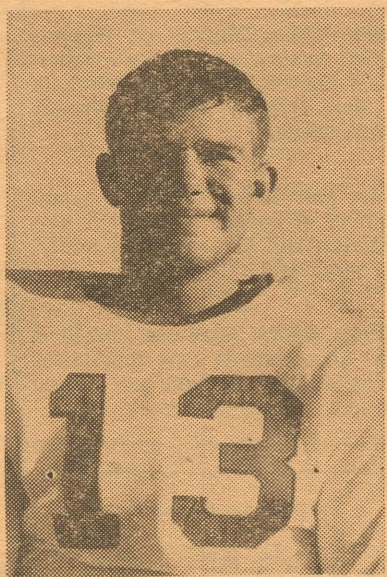

Bud Davidson, chairman of the community Beautification Committee, reported that effort was being made to have vacant lots cleared of weeds, and several old houses had been removed, to give the town a better appearance.

Rev. Claude Cogswell gave the program. He has been serving as chairman of the Lions Education Committee and he discussed the history of Lionism. He traced the founding of the movement in Chicago in

Austin.—A facelifting of the Texas roadside scene is about to take place.

Gov. John Connally has pledged full cooperation with the Federal government in connection with the new Highway Beautification Act. A legislative council committee here now is considering the legal steps necessary in Texas to enforce provisions of the Act. This to prevent loss of U. S. funds.

State Highway Engineer D. C. Greer is outlining an initial plan of compliance with the Federal law which proposes control of scenery-spoiling billboards and junkyards and general scenic enhancement along 17,589 miles of Texas' Federal-Aid highways alone.

The Texas Highway Department, Greer reports, already is taking steps to put into effect an expanded program of landscaping and beautification at a cost of about \$10 million. Program will cover a two-year period and will include planting projects, rest areas, irrigation systems and possible scenic easements at selected overlooks and natural-beauty spots.

Greer anticipates Texas will get about \$6 million a year in federal funds for this work.

He has called for a complete inventory of junkyards and large outdoor advertising signs and devices within 660 feet of highways. Some of the junkyards, Greer emphasized, will be screened by plantings, fences and other means in the near future.

Meanwhile, information from the inventories will be used in studies of needed state legislation, including zoning of industrial and commercial areas along the state highway system as called for in the beautification act.

#### Interest Rates Studied

State Banking Commissioner J. M. Falkner, on the heels of a new policy announced by U. S. Comptroller of the Currency James J. Saxon, has asked Atty. Gen. Waggoner Carr whether state banks may charge the same interest rates as loan companies.

Saxon said national banks in Texas may charge the same interest as loan companies regulated by the state. So Falkner wants to know if the State Banking Department should let state banks exceed the constitutional interest limit of 10%.

Texas law authorizes small loan companies to make loans with rates scaled from \$1 interest on a \$5 loan to about 17% for loans up to \$1,500.

Governor Connally vetoed a bill earlier this year authorizing banks to raise their rates to 17% each year on \$100 loans up to \$1,500 and 14% per \$100 on loans between \$1,500 and \$5,000 a year.

Question now is whether state banks may charge the same interest rates as loan companies and national banks in Texas.

#### Attorney General Rules

Attorney General Carr said accounts payable to the State Building Commission, incurred under an inter-agency contract with the Mental Health and Mental Retardation Departments, can be deposited to the Building Commission. Proceeds may be deposited as professional fees and services and travel expense.

Carr also ruled that:

—A County Treasurer is entitled to receive compensation for additional duties of handling levee improvement districts' funds within his county.

—Counties are responsible for the hospital care and treatment of prisoners in the custody of the sheriff.

—Interest earned on investment of bond proceeds, not needed immediately for a voted purpose, may be placed in the proper interest and sinking funds, at the discretion of the Board of Trustees of the school districts.

#### Salt Water Disposal

Ector County oil operators have agreed to get rid of salt water disposal pits within three years.

County officials had requested Texas Railroad Commission to enter no-pit order for 40 Ector fields.

#### Courts Speak

Houston Independent School District must pay its \$82,899 phone bill, State Supreme Court ruled. Court held that the school must pay Southwestern Bell Telephone Company full business rate of \$16.50 per month for service rather than residential rate of \$5.90 it had tried to settle for under a 1911 city ordinance.

Court refused to hear a suit alleging malpractice against a former Littlefield physician. Woman attempting to bring suit claimed the doctor left a gauze pad in an incision during an appendectomy.

Court of Criminal Appeals for second time upheld murder conviction of a Midland man, Marvin Clewis, who received a 25-year sentence for slaying his wife.

#### Criminal Code Reviewed

Texas' much-maligned new code of criminal procedure was defended by State Bar official, Fred Erisman of Longview, at a three-day institute to study its provisions here.

Erisman said code brings Texas criminal statutes in line with modern-day decisions of U. S. Supreme Court. It means little to law enforcement, he maintained, to obtain convictions, only to have Supreme Court set the defendant free because of unconstitutional procedures.

#### Prison Unit Named

Texas Board of Corrections honored longtime member H. H. Coffield of Rockdale by naming the new unit in Anderson county for him.

Coffield has served on the board 16 years, eight years as chairman.

Board also authorized buying a new \$190,000 airplane. Director George Beto reported that the plane already owned by the prison system isn't adequate for returning parole violators from other states.

#### Securities Sales Hit Record

Securities approved for sale in Texas reached an all-time high of \$283,300,000 during fiscal year just ended, according to University of Texas Bureau of Business Research.

Total was \$68,900,000 or 31% over fiscal 1964, despite a major market upset during 1965.

Activity, Bureau predicts, will "continue to be strong so long as the economy continues to expand."

#### W. O. P. Embarrassed

Dr. William H. Crook, southwest region director of the War on Poverty, said the program is temporarily "embarrassed by success."

Project Head Start, a child development program, has met such tremendous national success that there isn't enough money to meet the demand.

Regional office here now has 67 Head Start applications, totaling more than \$15 million.

#### Land Office Active

First oil and gas lease sale for 1966 will be held February 1 at the General Land Office.

Nominations for tracts must be in the Land Office by Dec. 8.

Land Commissioner Jerry Sadler says his department's activities added \$87 million to the permanent school fund this year, boosting the fund to \$654 million.

#### Short Snorts . . .

State Board of Education adopted two economics textbooks despite protests . . . Texas Water Pollution Control Board will hold December 1 on a proposed order zoning the Houston ship channel and tributaries and defining water quality objectives for each . . . Forty-one Texas towns have received, free, \$120,000 worth of surplus property from U. S. air bases to develop and maintain their airports, says Texas Aeronautics Commission Director Charles Murphy . . . Governor Connally approved a Community Action Program grant for a McAllen project and Neighborhood Youth Corps projects in Galveston, Mount Enterprise and La Grange.

## Eaglettes Open Their '65 Season With Win

The Eldorado Eaglettes opened the young basketball season with a 50-15 win over Del Rio. The girls hit the Wildcats with a storm and the half-time score was 29-4. Marsha Mund and Karen Griffin shared scoring honors with 19 each. These co-captains worked together to hit lay-ups or outside. The third starter was Libby Preston who contributed 8 points, one of which was a beautiful left-handed hook. She had 2 rebounds while Marsha had 8 and Karen 7. Everyone played at least three quarters at forward thus accounting for the excellent spread of points and rebounds. Martha Sue Page had 2 points and 3 rebounds, Susan Hill had 2 points and Susan Mobley had 2 rebounds.

Not only did the offensive group do a good job but Del Rio is still wondering where those guards came from. Jane Cain, Chris Edmiston, and Beth McCalla were the starting unit that "put the whammy" on Del Rio. The trio put up a defense that the Wildcats couldn't break. Chris had 10 rebounds, Jane 11, and Beth 7. This group rotated in and out of the game. In addition to these excellent guards there were four others who played a good portion of the game. Each girl has for the first year made the varsity. Shirley Hubble had 11 rebounds, Sherry Yates 5, Nancy Jurecek 4, and Joan Doyle 3.

The girls hit 67% from the free throw line making 4 of 6. From the floor it was 44% with the forwards making 22 of 50 attempts.

Scores by quarters—				
Eldorado	17	12	9	12—50
Del Rio	4	0	2	9—15

How to make a holiday  
last all year long

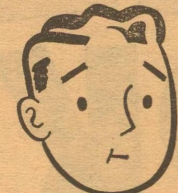

"How often do you call Long Distance to friends or members of the family?"

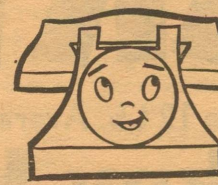

"Well, I expect to make some calls on Thanksgiving and maybe on Christmas."

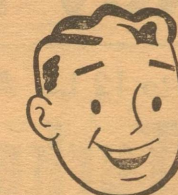

"Why wait for a holiday or special occasion to call — that's the old fashioned way!"

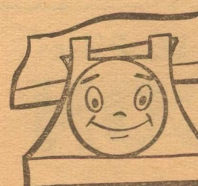

"How come? Is the phone company having a sale just now?"

"No, not that. New low-cost long distance rates are now in effect all day Sunday and every night after eight — so now for a dollar or less, you can keep in touch more often."

"Say! That's a good idea! Tonight I'll make some important calls I've been putting off."

"Fine! Thanks to new low rates you can call anywhere in continental U. S.\* station-to-station and talk three minutes for \$1.00 or less. This is the big communications bargain — the modern way to keep in touch at all times."

\* Except Alaska.
