65TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936)

Thursday, June 16, 1966

Number 24

Democr'tic Chairman Makes Hole-in-One

Dick Preston, Eldorado ranchman and father of Angelo State basketball, Richard Preston, made the first hole-in-one on the recently opened "El Dorado Golf Course." Preston's hole-in-one, his first, came on the 110 yard, sixth hole, Wednesday afternoon of last week. Preston was playing in a foursome with Mrs. Preston, C. W. Adams, club president, and Jack Bell, Eldorado high school basketball coach.

The new golf course was officially opened June 1, 1966. It is a 6-hole iron course with bent grass greens, and the entire course is watered with an automatic sprinkler system. The course includes an 18-hole putting green that is lighted for night play and a driving range.

The El Dorado Golf Club was organized Monday, June 7. C. W. "Chuck" Adams was elected first president of the club and Bob Bradley was elected first secretary treasurer.

Annual dues of \$40 for family membership includes green fees. Green fees for non-members are 50c week days and 75c on week ends.

Summer Recreation In Progress Here

The annual summer recreation program is in full swing with an average of 68 young people per day participating in various activities under direction of Mrs. Jack Bell.

Any child who will be a fourth, fifth or sixth grader next fall is welcome to come to the high school gym at 8:30 a.m. daily. There is no charge for the program. This group leaves at 10:00. At 10:00 a.m. any junior high or high school student is invited to come and participate in ping pong, horseshoes, etc., until 11:30.

So far there has been a large and enthusiastic group each day. The program is sponsored jointly by the school and the American Legion to provide recreation for the young people of the community. The program will end July 15.

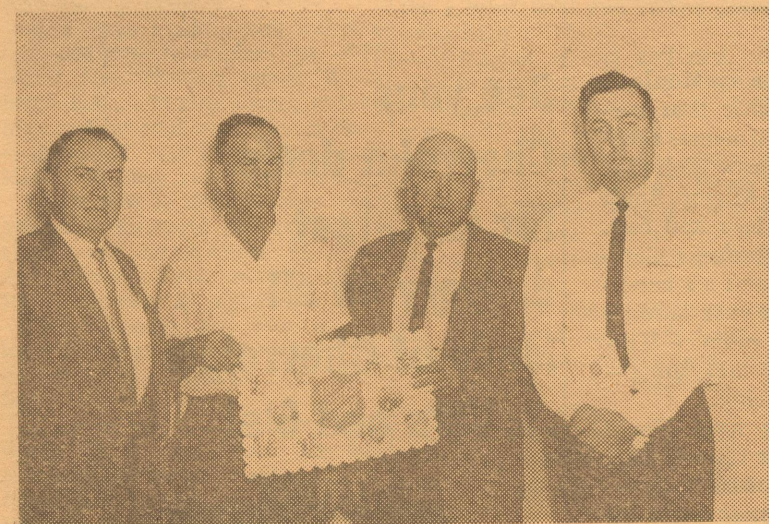

Annual Mias Amigas Coming Next Week

Next week on Thursday and Friday, June 23 and 24, old-time graduates of E.H.S. will converge on Eldorado for the 36th annual meeting of Mias Amigas. It will be two days of visiting, entertainment and reminiscing.

In past years invitations went out to those who had graduated in the years up to and including 1919. May be the older ranks are thinning out—at any rate a new group from 1920 to '29 is being included in this year's invitation list.

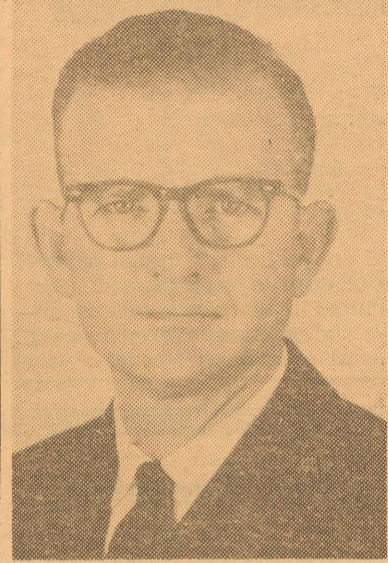

Cardboard 10c & 20c, Success

Fund Drive For Salvation Army Launched

A KICK-OFF BREAKFAST last Thursday in the Java Junction Cafe launched this year's fund drive for the Salvation Army in Schleicher County. About 30 people attended the breakfast. Shown left to right are Joe L. Moore of Midland, Field Representative of the Salvation Army; and Bob McWhorter, Judge W. R. Bearce, and T. P. Robinson who were among the local workers present and who are members of the local Salvation Army committee. All captains are asked to please complete their contacts as soon as possible and turn in their pledge cards to Judge Bearce, drive chairman. —Staff Photo

Salter Re-Appointed To Methodist Church

REV. DEMPSEY G. SALTER

Re-appointed as pastor of the First Methodist church here for another year at close of conference sessions recently was the Rev. Dempsey G. Salter. Rev. Salter is completing his first year in the local ministry, having come here a year ago from Robert Lee.

The Southwest Texas Conference of the Methodist church held joint sessions in Dallas last week with others from over Texas to commemorate the 200th anniversary of the founding of Methodism in the United States, and the 50th anniversary of Southern Methodist University.

Mrs. Salter taught 6th grade last year in the elementary school here.

Wimer Heads Slate Of Lions Officers

A good crowd of Eldorado Lions club members and their ladies turned out Monday night at the Memorial Building for the special program and installation of officers. Charles Wimer was installed president, succeeding Ray Boyer. Governor-Elect Harvey Palmer of San Angelo was on hand to give the address and serve as installation officer. Jack Bell served as master of ceremonies.

Piano selections were rendered during the evening by Joe Krecklow and Rusty Meador. Committee chairmen for the ladies night were Doug Yates, decoration; Gus Love, tables; and L. D. Mund, entertainment.

Other officers installed were: Bill Rountree—1st vice-pres. C. T. Humphries—2nd vice-pres. A. G. McCormack—3rd vice-pres. L. D. Mund—Lion Tamer Bud Davidson—Tail Twister T. R. Spence—Sec. Treas. Directors: E. T. Calk, Chester Wheeler, L. E. McCalla, and Granvil Hext.

People moving: Jimmy Mackey from Phillips house to Buchanan house.

Donaldson Twins Finish Army Engineer Course

Ft. Leonard Wood, Mo (AHTNC)—Army Privates Larry E. and Gary K. Donaldson, 19-year-old sons of Mr. and Mrs. Edward G. (Sandy) Donaldson, 110 E. Fields, Eldorado, Texas, completed a combat engineer course at Fort Leonard Wood, Mo., June 3.

During the eight-week course, they were trained in the construction and repair of roads, railroads and bridges. They also received instruction in demolitions and mine warfare.

Both men entered the Army in January of this year and completed basic training at Fort Polk, La.

Both men were graduated from Schleicher County High School in 1964. Larry attended San Angelo College and Gary attended San Antonio College.

Logan And Griffin Get Building Job

In their meeting Monday, the Commissioners Court opened bids for the construction of the new building for the county park.

Four contractors submitted bids and the job was awarded to Fred Logan and D. D. (Burro) Griffin. Construction is scheduled to start immediately.

Specifications call for a concrete block building 22 x 42 to house concession stand and storage rooms as well as two rest rooms. It will be located at the east end of the concrete slab.

Included in the county park system at present are well kept lawns, picnic tables, swimming pool, Little League baseball and new golf course. The new building will fill a growing need for all of these activities.

Also, since it will be a public building it could be used as an official voting place in future elections if the need should arise.

Commissioners Meet

The County Commissioners met Monday and among other business ordered the El Dorado Golf Association paid \$200 per month for the care and maintenance of the County Park and Golf Course.

The Commissioners set sum of \$200 per month for a County Health Officer.

The Court voted Harold Susen be reimbursed \$50 for the plans and specifications of the Concession Building and Park Sign. They accepted Logan and Griffin's \$6,800 bid.

Angus Group To Visit Jess Koy Ranch Here

The group taking the Angus tour through this Southwest Texas area will stop by the Jess Koy ranch east of town Friday. They will tour the ranch beginning at 10:00 in the morning, and will be served a barbecue at noon.

They will go from the Koy ranch to Sonora later in the day.

Highway Users Paid 29% Of State Taxes

Dallas, Tex.—Texas highway users dug down in their pockets for 29% of the total state taxes collected last year, Texas Mid-Continent Oil & Gas Association reported this week.

The Association's Oil Information Committee Chairman, Charles F. Heidrick, Dallas, said that a U. S. Department of Commerce study showed that the state tax on motor fuel, which amounted to \$229,175,000, was the largest single item in the highway-user category. Other special taxes on vehicle owners included registration, drivers' license fees and motor carrier taxes.

Of the state's \$1.2 billion in taxes, highway users paid a total of \$345,427,000.

Golf Lessons To Begin Here On Friday

John Hodges of the El Dorado Golf Club announces that classes for beginning golfers will begin at 8:30 this Friday morning at the local course.

All interested persons are asked to meet at the putting green.

Texas Almanacs at Success.

Post Script

El Dorado Woolens is continuing the latest phase of their expansion program, the assembly line of seamstresses to turn out the firm's new garment line.

As of this week there were 19 women in this type of work at the mill and five others are engaged in piece work at home—making 24.

Fifty finished garments are now being turned out daily as compared with 30, two weeks ago. According to Joe Ed Spencer, they expect to increase production to 75 in the near future.

In the meantime, a training program under direction of Dana Owens, is being carried on at the school's Home Ec. department.

Four workers are being trained at a time in operation of new machines working seven hours a day. According to Miss Owens it takes about a week to teach an operator to become efficient. This phase of the job is being sponsored and paid for by the Chamber of Commerce, who are also buying several new type machines.

Mr. Spencer explained that the training course is necessary for many seamstresses since the industrial-type sewing machines run about four times as fast as do home machines.

Dr. E. F. Vernezobre is away on vacation now, and has announced plans to move to Midland around the first of July.

So Eldorado is again faced with the problem of getting a doctor. One or two are said to be coming here to look things over.

A local steering committee was appointed about a month ago to look into the medical set-up here and make recommendations. Progress on the part of the committee, if any, has not been reported on as yet.

The City Council was recently presented with a petition to change the spelling of the name of our town from Eldorado to the Spanish "El Dorado" and an election by city voters will come up in the near future.

As the Success went to press this week, the Council had not yet set a date for this election.

It is too bad that this question had to finally be brought to a vote. The differences of opinion should have been resolved by other means and worked out more amicably.

According to information received from the City Hall, the proposition will have to carry by two-thirds majority in order for the change to be effective.

Airman Henson Garvin writes from Amarillo where he has been stationed for two months:

I have been in Amarillo since 16 of April and have gone without my weekly paper since that date. However, I realize it is my fault since I hadn't sent you my address. Little matters of other interests and an accident prevented me from writing sooner.

The 25th of May I was attacked by my 105 pound German Shepherd and torn very badly by his sharp canines. I didn't know a dog could do so much damage. He bit into my left arm but wasn't satisfied, so he played "Yankee Doodle" on my right hand. If it hadn't been for another fellow, I would have been eaten faster than Gaines Meal. Apparently, I taste better.

This is the second time I have been bitten by Bruce. I have changed to another dog whose name is King. I hope King isn't as ferocious.

Now that you know why I have not sent you my address, maybe you'll send me my paper. Believe it or not, I miss it.

I also miss Eldorado and all the nice folks. Tell everyone "howdy" for me. Sincerely, A3C Henson R. Garvin AF18727419, Box 273, 461 CDS, SAC, Amarillo AFB, Texas 79111.

Here's news of some of our other subscribers:

Susan E. Steele is now getting her mail for the summer at P. O. Box 1206, Waco, Texas 76703.

Joe Stanford renewed his subscription recently from California. His new address is 533 Osborne, Vista, Calif. 92083.

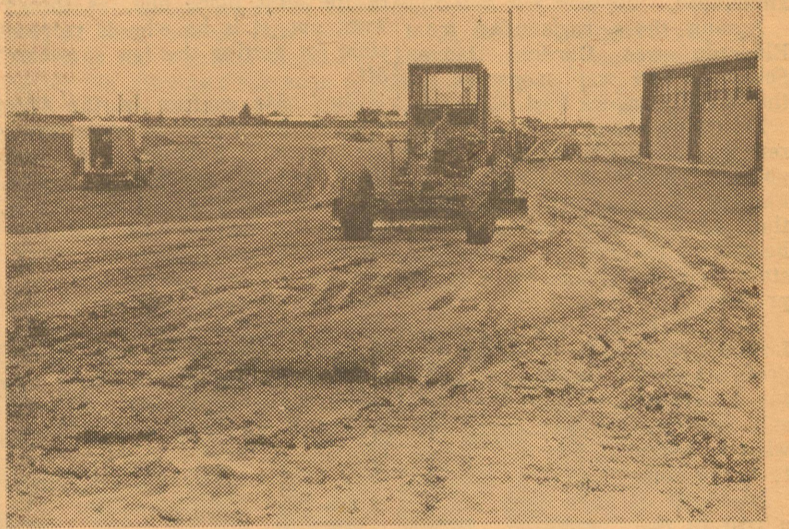

New here: W. J. Scoggins and Tom Wallace in Crosby apartments, and W. B. Howell in Fred Watson house.

New School Band Instructor Coming Here From Cross Plains High School

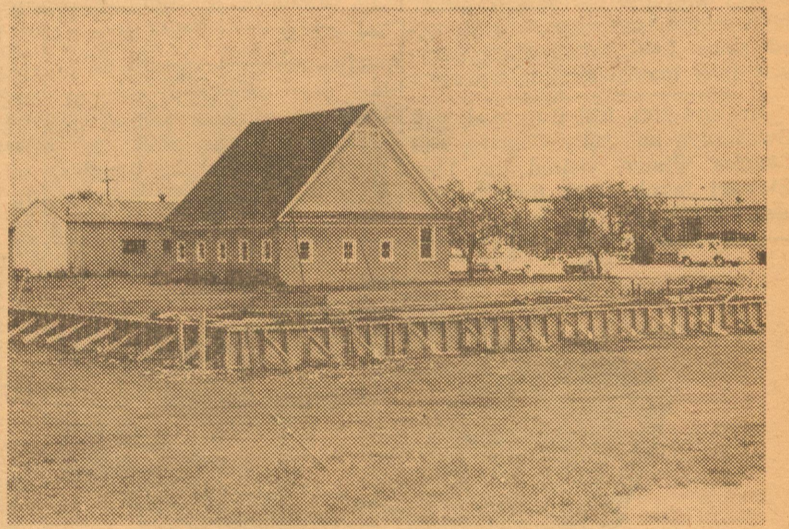

After heading the Eldorado Eagle Band for several years, Eddie Pace tendered his resignation recently to accept a position with Angelo State College. The school trustees hired Wayne McDonald of Cross Plains to be new band instructor here. Mr. McDonald, who has been at Cross Plains about five years, has had an outstanding band during that time and his band went to the "500" at Indianapolis two or three years ago.

Nelson Word has resigned as speech teacher and Supt. C. T. Humphries reported that as of this week that position is the only vacancy on faculty.

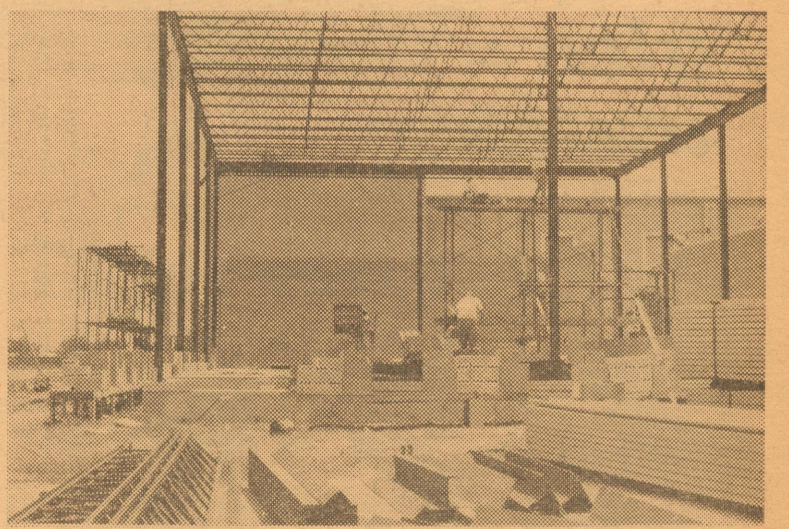

Three Major Building Jobs Going On At School

EARTH-MOVING was continuing this week at the site of the new Eagle football field just south of the high school gymnasium. Cahill equipment is shown at work and this new facility is to be ready for use by September of 1967.

FOUNDATION is shown in place for the new Vocational Agriculture building. In background is the present band hall. Since this photo was made, structural steel has gone up for this building and work on the walls is being done.

NEW BAND HALL going up south of the school auditorium, looked like this late last week as brick-work and other structural work continued. The Band Hall and the Ag. building are to be ready for use this Fall.

MITTELS BACK FROM TRIP

Mr. and Mrs. Gail Mittel and girls returned recently from a two-week vacation trip.

On May 28, they joined the Frank O'Banions in San Antonio where they went through the Witte museum, Breckenridge Park, and other points of interest.

At Baytown they visited the Walter Donaldsons, and toured the Battleship Texas and the San Jacinto Monument. They went on to Georgia to visit

relatives and attended high school graduation exercises in which Mrs. Mittel's youngest brother, Kerry, received his diploma.

The Clarence Davis family of Valparaiso, Indiana, are visiting his parents, Mr. and Mrs. E. T. Davis, here this week.

W. O. Alexander spent several days in Sonora hospital last week for treatment. He is now at home resting comfortably but still weak.

I REMEMBER WELL. I'D JUST COME OUT OF

Boys State Sessions Under Way In Austin

Austin, Texas, June 11.—The 26th annual American Legion Boys State sponsored by the Department of Texas and held on the Campus of the University of Texas, got under way today as 750 high school boys from all parts of Texas began registration, Waggoner Carr, chairman of the Legion program, announced.

Among those registering from Eldorado was Gordon Dabney Schrank, who was sponsored by the Bev McCormick Post, Eldorado.

Following registration, each citizen was assigned to one of two political parties, the Longhorn or Pioneer. Each citizen then functions as a member of his party; he attends its precinct, county and state conventions and votes in its primary.

In Boys State, The American Legion provides the type of program where the young citizen has the opportunity to learn for himself that his government is just what he makes it. The boy "learns to do by doing."

Highlight of Boys State will be a trip to the Capitol on Friday morning where each elected Boys State Official will be given an opportunity to serve in his respective office for a day, followed by the Governor's Ball Friday evening.

Boys State enrollment this year brings the total to 11,906 junior high school boys who have attended since 1940, when Boys State was first inaugurated in Texas.

Mr. and Mrs. Bill Gunstead, and Gwendolyn and Billy Charles, and Charles Wimer, visited the Tom Stewart family near Rankin Sunday.

On The Screen . . .

Sinatra Movie Has Setting In WW2

Banzai, bullets, blood and Bologna are the principal ingredients of "None But the Brave," a World War II western which Frank Sinatra produced, directed and stars in. The Marines and Japanese land at the Eagle Drive-In for the second and final showing tonight, Thursday. The picture is in color.

Sinatra, in making "None" was determined to spare no effort in achieving authenticity, so he eschewed all local Japanese talent and went right to the Land of the Rising Sun to recruit his Imperial Army. He rounded up a capable group of Nipponese thespians, headed by Tatsuya Mihashi and ably supported by Takeshi Kato.

For his U. S. Marines, the producer-director-star drafted Clint Walker, Tommy Sands and enough standard assorted types to muster the "typical" platoon that is so much a part of war films.

The two groups are marooned on a small island in the Solomons group, without communications and of no particular military value. Yet, because they are still technically enemies, they must continue their microcosm war.

Each side is commanded by a cool-headed "professional," Lt. Kuroki (Mihashi), a former journalist with the soul of a philosopher, and Capt. Bourke (Walker), a long-time Marine, who although officially a pilot also happens to be a former infantryman. This is a touch of poetic justice, since he was piloting the plane that was shot down getting the Marines on the island in the first place and, as things work out, it is he who is responsible for getting the few survivors off.

The basic conflict in the film involves hot heads in each force, the sergeant, Takeshi Kato and Brad Dexter respectively, who feel their leaders are not prosecuting the combat with sufficient vigor. But, there's more, the young, gung-ho platoon leader of the stranded Marines, Tommy Sands, who is so green he looks about to sprout, also wants to get on with the blood-letting. Fortunately, the calmer head of Capt. Bourke, who pre-empted command with the connivance of Sinatra, a rum-soaked chief pharmacist's mate and a relic of the "Old Navy," prevails.

The cast:
Maloney ----- Frank Sinatra
Capt. Bourke ----- Clint Walker
Lt. Blair ----- Tommy Sands
Sgt. Bleeker ----- Brad Dexter
Keller ----- Tony Bill
Lt. Kuroki ----- Tatsuya Mihashi
Sgt. Tamura ----- Takeshi Kato
Cpl. Craddock ----- Sammy Jackson

Miss Sammie Mayo, who taught last year near San Antonio, has lined up a new teaching job at Dickinson, Texas, which is near Houston. She is the daughter of Mr. and Mrs. Johnny Mayo of this county.

Sparkle Spots:

1. Topcliffe vacant city lots.*
2. Fred Smith home.
3. Baptist parsonage.
4. Glenn Parker home.
5. Miss Chris Enochs' home.
6. Mrs. J. T. Jackson's house.
7. The W. T. Talley home.
8. The W. G. Godwin home.
9. The Lynn Griffin home.

* Top is to be commended for his traditionally keeping his vacant lots mowed adjacent to his business property. This is a good example of the importance of maintaining all vacant lots.

The City are greatly assisting the beautification efforts of our community by cleaning the streets leading to the city-county park.

We wish to further encourage our citizens to use the litter containers which have been placed at the drug store, the pool hall and other places. —Sparkle Committee.

Boys Ranch Drive On To Replace Burned Gymnasium

Joe Vander Stucken, president of West Texas Boys Ranch has announced the appointment of Bill Neil as General Chairman of the Ranch Building Fund Drive to build a new gymnasium to replace the recreational facilities destroyed by fire. Neil, president and general manager of KGKL radio, has set a goal of \$58,750 by September 1st. "Support will be sought in the entire area served by the Ranch," Neil said. "We hope to obtain co-chairmen for the El Paso, Lubbock, and Midland-Odessa areas also." The goal is based on architectural estimates for a new building to house a gymnasium and maintenance shops plus a stage, athletic equipment storage space, and Student Council store. The proposed building, of fire-proof steel and concrete construction, will be built on the site of the recently burned rec hall.

Vander Stucken said, "We are pleased that Mr. Neil has accepted this responsibility for the Ranch, and we are confident that with his enthusiasm and demonstrated leadership, he will do a wonderful job of the boys."

"Most of the donations received since the fire have already been used to replace the new dorm furniture, athletic equipment, and hand tools lost in the fire. Hand and power tools for the maintenance shop are also included in the building fund goal of \$58,750," Mr. Vander Stucken continued. "It has been very gratifying to me the way San Angelo and outlying counties have gotten behind the Ranch in their time of need and I am confident that with their continued support and that of the 60 counties served by the Ranch we will be ready to build by September 1st," he concluded.

The Recreation hall and shop building burned to the ground the night of May 19th destroying all of the boys athletic equipment, the new dorm furniture, linen supplies and all the hand and power maintenance tools of the Ranch.

CHEVROLET CAMPER SOLD

Hyattsville, Maryland.—Mr. Robert Sproul, Jr., a former resident of Eldorado, recently sold and delivered to Mr. Abram Millar, also a former Eldorado resident, a new 1966 Chevrolet Pick-up Camper. The Millar family residing in College Park, Md., plan to drive their new camper to Eldorado sometime in August.

Mr. Sproul, an employee of Lustine Chevrolet, Hyattsville, Md., and his wife and daughter plan to visit his mother, Mrs. Robert Sproul, Sr., in early July.

Nelson Word has resigned his position as Speech teacher in the local schools. He is reported to be working in Fredericksburg for the summer.

Our WASHINGTON Letter

By Congressman **O. C. FISHER**

Since poverty in America was formally discovered about two years ago, some \$3 billion have been spent on swinging the wagons into a circle and the preparation for battle. The peaceful head of the Peace Corps, Sargent Shriver, was yanked away from that foreign aid spot, promoted, and put in command of the War on Poverty. Battle lines were drawn, guns were oiled, and revolving search-

lights scanned the countryside in search of pockets containing people who were making under \$3,000 a year.

Now, to continue the campaign the Sargent-General has called on the Congress to fork over another \$2 billion for the next year.

In the meantime, reports keep coming into the headquarters from the field indicating that mammoth blows are being struck to stamp out the evil. An example of how some of the poverty money is used in this struggle came to light the other day. It happened that California asparagus was ready for harvest. Since the Labor Department had ruled against importing Mexican farm labor, and no local workers were available to harvest the big crop that might rot in the fields, Sargent Shriver in the name of poverty swung into action.

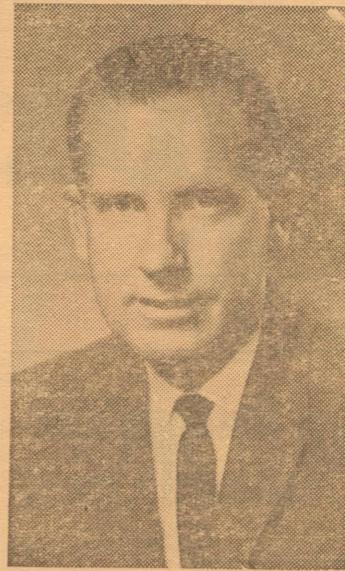

On May 15 the Poverty Czar gave \$8,000 in poverty money to the United Air Lines to fly round-trip, 40 young Job Corps trainees from Honolulu to the San Francisco Bay area for the purpose of harvesting asparagus. Some one suggested that Shriver might have saved the taxpayers a hunk of money had he obtained Job Corps trainees from Camp Parks, only a few miles from San Francisco, and left the Hawaii trainees to help gather pineapples in the Pacific isle.

News reports are that the Sargent-General recently granted the sum of \$267,000 in Poverty money to the National Farm Workers Association, now engaged in an organizational strike against the Di Giorgio Fruit Co. in California, and a boycott against its S. & W. brand products.

So—in the name of Poverty—\$8,000 is spent to fly some boys from Honolulu to California to help save an asparagus crop, and at about the same time gave \$267,000 in poverty money to a union engaged in blocking efforts to harvest other crops.

One sage put it this way: "Ah, what sins are committed in the name of Poverty!"

Pete Snelson Thanks 25th District Voters

PETE SNELSON

State Senator Pete Snelson of Midland expressed today his appreciation to the voters of the 25th Senatorial District for support received in the Democratic Primary.

"I am particularly proud of having carried a majority of the counties in the newly revised district and of having received strong support in Schleicher county," said

Senator Snelson. "I want to thank everyone who made this possible." The final canvass in the race saw Senator Snelson lose to Dorsey Hardeman, another state senator, by 61 votes out of more than 42,000 cast.

Since the canvass Senator Snelson said that he had been faced with the decision of whether to accept the results or to challenge the apparent outcome.

"In fairness to my friends and supporters, I felt a keen obligation to consider the many details of the matter," said Senator Snelson. "Considerable information was brought to light as a result of the dedicated interest shown by so many people; however, I do not believe that the scope of that information warranted a contest and I therefore decided to let the results stand."

"As to the future, my plans are to continue serving to the best of my ability until the completion of my Senate term in January, 1967," said Senator Snelson. "My sincere interest in being of service to the people of Schleicher County is as strong as ever and I look forward to a visit soon to express my thanks personally."

RECEIPT BOOKS—Pocket size, and large desk size, for sale at The Success.

Typewriter Ribbons: Royal, Underwood and Remington available at the Success office.

I'm Grateful . . .

I'm grateful for the faith, confidence and support of so many people in Schleicher County in my bid for re-election to the Texas Senate.

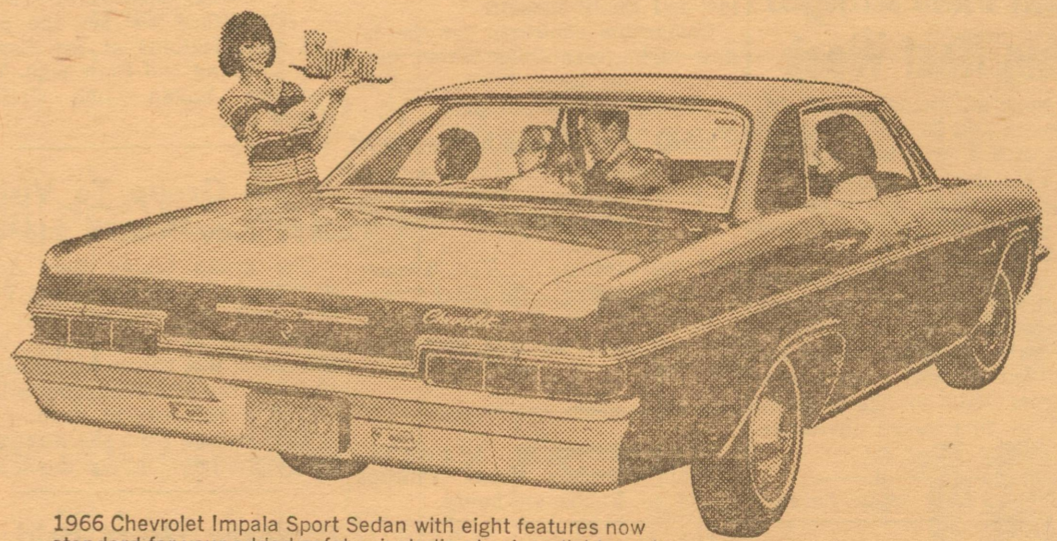

Please accept my sincere thanks.

**Your friend,
PETE SNELSON
State Senator**

COUNTY AGENT'S COLUMN

by *Tiny Godwin*

Schleicher County Agricultural Agent

Feed efficiency can make or break a cow-calf operator. Feed efficiency in a cow-calf operation means the number of pounds of forage or energy necessary to produce 100 pounds of calf at about 7 months.

A rancher may check these basic causes of efficiency to get some idea of his managing ability: (1) Average weight of mature cows, (2) Weaning weight of calves, (3) Percentage calf crop weaned and (4) Length of productive life of cows.

Each of four factors listed above must be considered separately. Any decisions regarding feed efficiency should take into consideration all of the factors.

The feed required for maintaining increases as weights of the cows increase. In other words, if mature cow weight increases—feed efficiency becomes poorer if calf weaning weights stay the same.

An effective method of comparing feed efficiency is to calculate the weaning weights in terms of percentage of mother's weight. A 900 pound cow weaning a 450 lb. calf at 7 months, produces 50% of her body weight.

A 1,400 pound cow must raise a 700 pound calf at 7 months to be as efficient as the 900 pound mother.

If weaning weight of calves, percentage calf crop or length of productive life of cows increase—feed efficiency also increases. If they decrease, feed efficiency drops, too.

For more information ask for B-1044 and B-1943 available free at my office.

"Of course I had to tell her she looked like a million—and I meant every year of it."

While farmers have achieved more progress the past 30 years than in all previous history, there is still one area of farm and ranch life that needs improvement.

There are still too many farm and ranch accidents. To call attention to the need for preventing accidents, the week of July 24 has been proclaimed National

Farm Safety Week.

One accident is too many, and we wish we could stop it there but the problem is still around. In 1964, for example, farm-resident accidents accounted for 8,200 deaths and 760,000 disabling injuries in the nation. And 1,900 of the deaths were home accidents and 2,500 work accidents.

The U. S. Department of Agriculture and the National Safety Council co-sponsor the observance of National Farm Safety Week nationally. The Texas Farm & Ranch Safety Council, Agricultural Extension Service, farm organizations, the farm press, radio, television, and other groups cooperate with the national sponsors on the state level in an effort to make rural residents aware of what they can do to prevent farm and home accidents.

The real trouble with money is that you can't use it but once.

Spring and summer storms frequently cause considerable wind damage to trees. I am often asked when and how this damage should be repaired.

I suggest removing the damaged limbs and branches immediately after the damage occurs, making the cut flush with the trunk or limb from which it is growing. Paint all cuts with a good tree wound dressing to prevent diseases or insects from getting into the tree through the wound.

These suggestions for removing a heavy limb in order to prevent bark damage. First, make a saw cut from the underside of the damaged limb and about 8 inches from the main trunk. Make this cut at least a third of the way through the branch or until the saw binds. Make the second cut from above and several inches further out from the trunk. Continue cutting until the branch is removed. Make the final cut flush with and parallel to the main trunk, and apply tree wound dressing to the exposed surface.

Now that summer is here, don't be in a hurry to water your lawn and flower beds at the first sign of wilting. Plants frequently wilt during the midday heat but recover in the early evening. Frequent watering encourages shallow root growth.

For longer lasting cut flowers, cut them in the late afternoon or early evening. Avoid collecting them during the heat of the day. Put freshly cut flowers in a container of warm water and place in a draft-free spot until water cools to room temperature. Flowers are then ready to use in any arrangement.

You can't reduce by talking about it. You have to keep your mouth shut.

Miss Marsha Mund And Ronald Griffin Engaged

MARSHA MUND

Mr. and Mrs. L. D. Mund have announced the engagement of their daughter, Miss Marsha Lynn Mund, to Ronald Joe Griffin, son of Mr. and Mrs. Joe Griffin of Eldorado.

Both graduates of Eldorado High school, they will enter Blinn Junior College in Brenham in the fall. The couple plan an August wedding.

There's No Such Thing As An Orphan Fawn

Austin, Tex.—The coordinator of law enforcement whirled around, hung up the telephone and gasped in his futility about saying something that no dedicated state employee should say.

He had just received the first of three consecutive calls about "orphan fawns." But he could paraphrase what he wanted to say to a sympathetic colleague. Boiled down, it was that there is no such thing as an orphan fawn.

It was a re-run of the summer surge to interfere with nature's reproduction routine.

School's out and people are everywhere. They're in the woods and fields with their dogs. The pets sniff a scent and soon they have located a pretty, spotted fawn deer.

And the inevitable cry: "Oh, the poor, pretty thing. It's deserted by its mother."

If reason doesn't prevail right here, a great tragedy follows:

The doe deer, if the fawn is not taken, soon will return and reclaim it. She had left earlier, after securing the fawn in some weeds or bushes.

Even if the fawn is handled the human scent will not deter the doe. She will reclaim it, insisted the law enforcement coordinator.

If the fawn is taken, the deer family is frustrated and the very tiny bitsy fawn so cute now will grow up to become an actual menace.

Besides, there is no way it can be legalized. There is no such thing as a permit for keeping fawn deer. That is the one stern rule the Department has had to enforce to try to deter human interference with the Animal Kingdom.

New O.E.S. Officers

Were Installed Recently

The Eldorado Order of The Eastern Star Chapter 140 installed their newly elected officers at an open installation on June 6th at the Masonic hall.

Musical selections were rendered by Miss Lynda McGinnes. She is the daughter of the newly elected worthy patron, Elton McGinnes, and Mary McGinnes, newly elected associate conductress. The candles were lighted by Sherwin June Jackson and Cynthia Jan Jackson, granddaughters of the newly elected worthy matron, Mary Sofge. The girls' parents are Mr. and Mrs. Edwin M. Jackson, Jr.

The Bible was presented by Cynthia Jan Jackson and Jim Bob Edmiston and Randy Rozean placed the square and compass on the altar. Jim Bob's parents are Mr. and Mrs. Orval Edmiston and Randy's parents are Mr. and Mrs. Bill Rozean.

The meeting was called to order by Edwin Childers, outgoing patron. Then the 1965-66 officers marched in followed by the opening of the Bible by Myrtle Mae Campbell. The group then gave the Lord's Prayer in unison. The pledge of allegiance was given to the Flag followed by the singing of the National Anthem. A welcome was given by Velma DeLong, outgoing worthy matron. She also introduced distinguished guests, Blanche West, Deputy Grand Matron District 5, Section 2, and Rose Edmiston, chairman of the Good Tidings Committee, District 5, Section 2.

Installing officers were Jewel Hodges, installing officer; Rose Edmiston, installing marshal; Alma Corbell, installing chaplain; Sarah Rozean, installing organist; Geneva Wade, installing secretary pro-

Newly-elected officers for 1966-67 are: Mary Sofge, Worthy Matron; Elton McGinnes, Worthy Patron; Myrtle Mae Campbell, Associate Matron; Dewey Campbell, Associate Patron; Callie Wagley, Secretary; Charlene Edmiston, Treasurer; Nora Talley, Conductress; Mary McGinnes, Associate Conductress; Palmer West, Chap-

lain; Martha Godwin, Marshal; Jessie Lee Spencer, Organist; Lois Wilson, Adah; Blanche West, Ruth; Catherine Niblett, Esther; Velma DeLong, Martha; Edith Hartgraves, Electa; and Warder, Rose Brannan, and Sybil Blair, Sentinel.

Refreshments of cake squares and punch was served. Out-of-town guests came from Odonia, Sonora, Fort McKavett; also Mrs. Ruby

Damon, sister of newly elected worthy matron, and Mrs. Claude Doyle, a sister-in-law, and Mrs. Opal Blackmon of Victoria, Texas.

Chosen colors for the coming year selected by the newly elected worthy matron are orchid, gold and white. These colors were also in the decorations throughout the hall for the installation. —Charlene Gunstead, OES reporter.

NOTEBOOK-PATTERNS FOR PROGRESS

INDUSTRIAL PROSPECTS ... a must in Economic Development

Obtaining leads on industries that might locate in a community is one of the hardest parts of any sound economic development program. The lack of an industrial prospecting program that produces several leads may cause serious mistakes by a community in financing or other endeavors to attract unsound or unattractive industry. A community needs a well balanced program, combining all the techniques and utilizing all of the sources that will give it increased effectiveness and chances for real success. LOCAL PEOPLE AS A SOURCE OF INDUSTRIAL PROSPECTS — usually provide a sound reason or give the community a competitive advantage in attracting the industry.

—BUSINESSMEN—should ask the company representatives they buy from if the company needs additional manufacturing facilities to serve this market area, also, service stations, restaurants and motel people can ask their customers.

—CITIZENS—who know someone that works for an industry should inquire if that industry might be interested in locating a plant.

—EXISTING INDUSTRY—may need a companion industry to supply them with raw materials or services. Expansion of existing industry is sound economic development.

—LOCAL IDEAS—can provide leads for the local people to establish an industry of their own or attract a certain type industry.

—EX-CITIZENS—should be contacted, advising them and asking their help to obtain leads on any industry that could logically locate in the town.

CHAMBER OF COMMERCE ACTIVITY — should utilize such programs as direct mail, asking local citizens to call on industries when they are on a trip — watching all news media for possible leads or indications that a company might expand.

COOPERATION WITH OTHER AGENCIES — such as utilities, banks, railroads, regional and state development organizations can provide leads for new industry. Keep all of these organizations fully advised of the local programs, advantages, activities and community interest for attracting new industry for improved economy in your community.

ANY and ALL industrial leads should be handled through and by the local group that has been delegated this responsibility, usually the Chamber of Commerce.

Ask your WTU local manager for additional information and services available. Prepared by Area Development Department, West Texas Utilities.

Expect 500 Cattlemen To Visit On Angus Tour

Some 500 cattlemen from at least 20 states will converge on West Texas June 16, 17, and 18 for the 1966 Challenge of the Future Angus Tour. Eighteen herds of commercial Angus cattle will be visited in the three days within a rough triangle formed by San Angelo, Brady and Del Rio.

Sponsoring the event is the American Angus Association in cooperation with the Texas Angus Association and the Texas and Southwestern Cattle Raisers Association. The purpose of the tour is to show breeders of registered Angus cattle, first hand, the kind of bulls they should produce to meet the demands of Southwestern ranchers.

A highlight will be Thursday night in San Angelo when the group will hear Ace Reid, the cowboy cartoonist from Kerrville, Texas, spin a few "Tall Tales of Texas." Featured speaker Friday will be A. M. Sorensen, Jr., of Texas A&M. His topic will be "Dry Cows Are For The Rich."

On Saturday at the Del Rio Civic Center, L. S. Pope will answer the question, "How Much Feed Will Make More Money?" Pope is a well known livestock expert from Oklahoma State University, Stillwater.

Registration for the tour will be at 10:00 a.m., Thursday, June 16 at the Tommy Brook Ranch, nine miles south of Brady at Camp San Saba. The first stop on Friday, June 17, will be at the Jan-Co Ranch at 8:00 a.m. near Fort McKavett. The group will stay at Sonora and Ozona Friday night and the first stop on Saturday will be the Mac Cauthorne Ranch 16 miles south and one-fourth mile west of Sonora.

Other entertainment highlights will be a jackpot calf roping contest at 8:00 p.m., Friday night in Sonora and a Comida y Fiesta at noon Saturday in the Del Rio Civic Center.

CHARGE TICKETS, special for service stations; 8 for \$1 or \$11 carton. —The Success office.

Plans and specifications including minimum wage rates as provided by Law are available at the office of Robert A. McCulloch, Resident Engineer, Sonora, Texas, and Texas Highway Department, Austin. Usual rights reserved. (Jun 9-16)

Notice To Property Owners

The following ordinance was passed June 7, and will become effective June 17, 1966

Weed Ordinance
AN ORDINANCE requiring weeds and grass to be cut upon premises and that rubbish and trash be removed therefrom; fixing a penalty for a fine not to exceed \$50 for failure to comply with such ordinance; and declaring that allowing weeds to grow and trash and rubbish to accumulate to be a nuisance.

BE IT ORDAINED by The City Council of the City of Eldorado, Texas:

Section 1. It shall be unlawful for any owner, lessee, occupant or any person in charge of any premises in the city of Eldorado to allow weeds to grow upon the premises, or trash or rubbish to accumulate upon said premises to such an extent as is reasonably calculated to create a fire hazard or calculated to become injurious to the health of the citizens of Eldorado, and either act is hereby declared to constitute a public nuisance.

Section 2. Whenever weeds are allowed to grow, or trash or rubbish allowed to accumulate upon any premises of the City of Eldorado as prohibited by this ordinance the governing body shall hear evidence and determine whether or not such accumulation of rubbish and trash or the growth of weeds thereon, or both, are sufficient to constitute a nuisance as herein defined, and if they so find, they shall pass a resolution declaring that the growth of weeds or accumulation of trash and rubbish upon such premises, or both, constitutes a public nuisance, and shall order same removed by the owner, occupant, lessee or person in charge of such premises, within ten days from the date such notice is given.

Section 3. Failure to cut weeds and remove trash and rubbish or to do either of them when notified to do so, as set out in this ordinance by any party obligated to do so by this ordinance, shall be punished by a fine in any sum not exceeding fifty dollars (\$50.00) and each day that such nuisance shall continue after the time for abatement as herein set out shall constitute a separate offense.

Passed and approved this the 7th day of June A. D. 1966.

Meal Planning Classes To Be Held

A short course in meal planning will be held in the High School Home Economics department beginning on Monday afternoon at 2:00 p.m., June 20.

The classes are a part of a planned yearly program of the Home Demonstration Council and will be conducted by Mrs. Vida Kreklow, County Home Demonstration Agent.

Mrs. Kreklow says that she gets more requests for help on all phases of menu planning than any other area of work involved in home making. The classes will cover meals for company, for special occasions, good meals at home and how to figure the cost and nutritional value of these meals.

Everyone is welcome. These sessions will be open to all; not limited to Home Demonstration Club members. This is true in all phases of Home Demonstration work and the classes in meal planning will be no exception.

The sessions will be from 2:00 until 4:00 for three sessions. After the initial meeting the group will select its meeting dates and the hours.

Bertha Smith Circle Met

The Bertha Smith circle of the First Baptist church met in the home of Mrs. Hoover. Mrs. Wanda Rogers presided. A card of thanks was read from Mrs. Bob Evans who is now receiving treatments at Rawls Bath House in Christoval.

Next meeting will be with Mrs. George Williams June 20th. Mrs. Robinson gave the Bible lesson on "The Missionary Message of the Bible." Seven members were present. The hostess served cherry pie with ice cream, coffee and tea. —Rep.

Funeral Held For Mrs. W. S. McGregor

Funeral services for Mrs. W. S. McGregor, 84, of 2501 Quail Trail, Temple, Texas, were held Sunday at 3:00 p.m. at Harper-Talasek Funeral Home Chapel. The Rev. J. B. Dobbins and the Rev. Ervin Gathings officiated.

Burial was in Hillcrest Cemetery.

Mrs. McGregor died Friday night in a Temple hospital after several days' illness.

She was born E. Grace Holland, daughter of the Rev. and Mrs. H. J. Holland. (Rev. Holland was the Methodist minister in Eldorado many years ago.) She was married to W. S. McGregor June 12, 1907 in San Angelo. He died Sept. 13, 1959.

Surviving are two daughters, Mrs. Grace Holland Witherspoon and Mrs. Charles S. Hall, both of Temple; a son, Walter Scott McGregor, Jr., of Eldorado; six grandchildren; four great grandchildren and two sisters, Mrs. Pat Martin, Eldorado, and Mrs. David Gardner, Nocona, Texas. Also several nieces and nephews survive.

Attending the services for Mrs. McGregor in addition to the Walter McGregor family were Mrs. Pat Martin, Mr. and Mrs. Jim Martin, Robert Martin, Mr. and Mrs. James Page, Mr. and Mrs. Robert Page and Jo Ed Hill from here.

Mr. and Mrs. Walter McGregor returned from Temple Monday night after being called to Temple from Dallas a week ago.

Merry Makers Meet With Mrs. Claude Doyle

The Merry Makers "42" Club met with Mrs. Claude Doyle as hostess in her beautiful ranch home some 5 or 6 miles north east of town.

There were three tables of players, all members.

Tables were arranged on a long screened front porch, naturally air conditioned. After some two hours of "fun" or foolishness, some "42" was played.

The hostess served home-made ice cream, gobs of it with white pecan cake.

After this, the group looked over her home, with its many large rooms, and another large screened porch.

The interior of the house has been redecorated recently and is very attractive.

The house with its green lawn and large trees is made more attractive by the very unusual rock fence which surrounds it, many beautiful Hereford cattle most everywhere in sight, and all in all we had a wonderful time, and declared Bessie a wonderful hostess. —Rep., Miss John Alexander.

New Telephone Can Query A Computer

San Angelo.—Development of a telephone that can be used to query a computer over existing telephone lines and obtain an immediate voice response has been announced by General Telephone & Electronics Corporation, according to E. H. Danner, president of General Telephone Company of the Southwest and Southwestern States Telephone Company which are subsidiaries of GT&E.

Designed by Automatic Electric Company, also a subsidiary of GT&E, the new telephone is called a data retrieval subset. It has both a conventional dial and a Touch Calling unit with 12 pushbuttons.

Darwin H. Deaver, president of Automatic Electric, said that in a typical application as checking a person's credit rating—a call with the new telephone can be completed in about 30 seconds. In that time, the computer would give the caller a voice message such as "credit okay", "limit credit to \$50", "credit card reported lost", or "credit not okay."

The rotary dial is used to place a call to the computer through telephone central office switching equipment. The computer is connected through a data set to the message network.

Diamond Jubilee Under Way at Ozona

Ozona, "The Biggest Little Town In The World", has its Diamond Jubilee celebration going on this week. The event is similar to the one staged last August at Sonora.

A week of fun at Ozona was to include a cooking contest, baseball games, a trip to Fort Lancaster and four nights of a giant spectacle from June 15th through June 18th that relives the 75 years of colorful history of Crockett county will lead up to the grand finale of the last day.

Saturday, June 18th, will be designated as homecoming day for all ex-students of Ozona. At 9:00 a.m. Saturday, all of the old fiddlers from far and near will gather in the park for the fiddlers' contest.

A barbecue lunch, served in the park by the Odessa Chuckwagon Gang, will be followed by a two-mile parade of past and future history.

The final performance of "From This Rugged Land", played on a 300 foot stage by a cast of 250, will be climaxed by huge fireworks displays and a good old-fashioned street dance.

SALES PADS for sale at the Success office.

Cougars Hold Lead In Little League

"The Cougars haven't lost a game and the Tigers haven't won a game."

This was the report at the end of last week in regard to standings of the four teams in Little League.

On Monday night the Tigers squared away with the Cougars and for a while it appeared they were going to upset the leader. The first two innings were scoreless, but in top of the third the Tigers took the lead when they ran in 3 scores. The Cougars came right back and also made three runs, tying up the game. Neither team made a score in the 4th, and the Tigers were shut out in top of the 5th the Cougars came back and ran in four scores, mostly due to fielding errors by their opponents. That made the score 7 to 3. The Tigers were again shut out in the top of the 6th—and that was the ball game.

Tuesday
 Red Sox and White Sox played a slow moving lackluster game Tuesday night which ended after four long, weary innings with Red Sox 16 and 6 for White Sox.

All of the teams this year show a weakness in the batting area. Even the leading Cougars, when they ran in 4 scores Monday night, had the bases loaded when they were retired with a third out.

Not one of the four teams has come up with a home-run slugger at the time of this writing.

Pony League Stages First Game Here

For several years a Pony League has been discussed as an enterprise to go along with Little League, but not until last week did one get under way.

Sponsored by Jack Halbert and Ben Keel, two teams have been organized for boys too old for the Little League age group 13 to 15.

Halbert's team has been given the name "Gas House Gang" while Keel's boys are called "Pickle Pickers." They squared away here Friday night in a game which the Gas House Gang won by a score of 6 to 1.

Mike Olson pitched a no-hit game for the Gang for three innings, and was relieved by Paul Page who allowed one hit and one run. In the batting performance, Bob Page knocked a home run for the Gang and Wayne Doyle did the same for the Pickers.

Mrs. Shannon Receives Masters From Texas U.

Austin, Texas (Spl.)—The University of Texas awarded 191 masters degrees at June commencement exercises.

Dean W. Gordon Whaley of the Graduate School announced names of degree recipients including Mrs. Mary Josephine Parker Shannon, who received a Master of Arts degree in Zoology.

Mrs. Shannon will work on a continuation of research in the science laboratories of Prof. C. P. Oliver at the University of Texas.

Mrs. Shannon is the daughter of Mr. and Mrs. W. T. Parker of Eldorado, Texas.

'Fiddler' Is Slated For This Fall's State Fair

Dallas, Texas.—"Fiddler on the Roof," hailed as the most in demand musical on Broadway since "My Fair Lady," will be a featured entertainment attraction at the '66 State Fair of Texas.

The long-running Broadway hit will present 22 performances in the State Fair Music Hall October 7 through 23.

In New York this warm-hearted, funny show has passed its 700th performance at the Imperial Theatre with never an empty seat since it opened on September 22, 1964.

Twenty-two performances of "Fiddler on the Roof" will be given during the 1966 State Fair of Texas, beginning with the opening night performance on Friday, October 7. Evening performances at 8:30 p.m. follow each day thru October 22, and matinees at 2:30 will be given each Saturday and Sunday. The run closes with the Sunday matinee, October 23.

Ozona Voters Elect First Woman Judge In History

Crockett county voters turned out in record numbers in the runoff Democratic primary to elect a woman to the office of county judge for the first time in the county's history.

Mrs. Bernice Bailey Jones, widow of former County Judge M. Brock Jones, and appointed last December to fill out his unexpired term after his sudden death from a heart attack, won the nomination by a margin of 126 votes over her run-off opponent, Troy Williams. Mrs. Jones polled a total of 650 votes to 524 for Williams. —Ozona Stockman.

School News

Dana Owens is instructing a group of seamstresses in a course being sponsored by the Chamber of Commerce.

Mrs. Bell is directing a summer recreation program.

Coach Ray Morgan moved here with his family from Colorado City during the week end and they are living temporarily in a Shugart apartment. They will move to the house being vacated by Mr. Whittis.

W. C. Lester is now school board president and Bob Bradley is secretary.

VISITORS FROM DICKINSON

Mrs. Sherwood Barker and little daughter, Jamie Lyn, are in Eldorado this week visiting the R. L. Ballews and Ray Lewis, Mrs. F. M. Bradley and other relatives and friends. Mrs. Ballew, Mrs. Bradley and Mrs. Jack Etheredge went to Austin Saturday to meet them and bring them here.

The group was window shopping on Congress Avenue when one of them, noticing a gentleman standing on the corner, remarked that the man looked familiar, and he was; it was H. W. Smith, the husband of the former Dell Bearce. They visited him briefly while he waited on his bus.

On the return trip they went through the boyhood home of Lyndon B. Johnson, which is open to the public on week ends, and found it very interesting.

CHANGE COMING UP

School trustees are running a notice on page 4 inviting applications for the job of school tax assessor and collector. This position has been held for several years by Mrs. Roy Phelps, whose husband is proprietor of Western Auto Associate Store.

It is understood that Mr. Phelps is selling the Western Auto business and that the family will move sometime this summer to another city.

CAFE CLOSED YESTERDAY

Mrs. Lester Henderson operated her West Texas Cafe for the final day yesterday, Wednesday, and then closed.

The cafe has been operated for many years in the Eldo Hotel building.

Mrs. Earl Yates entered a San Angelo hospital this week for tests and was scheduled to have surgery today, Thursday.

Why Is The Printed Word So Important In Advertising?

It's CLEAR — It's PERMANENT — It's BELIEVABLE

The newspaper is the GREATEST ADVERTISING MEDIUM for many reasons. One of them is that it carries the power of the printed word. People believe in a message that is permanent — on that is written. They understand it better. Also, the newspaper, because of its permanence, lets the reader choose his own time for absorbing the message. And once put down it can always be picked up again. The message that lives is the one that is printed in the newspaper.

The Eldorado Success

On The Screen . . .

'Never Too Late' Set Sunday & Monday

In big-screen and color, "Never Too Late" will be shown Sunday and Monday nights at the Eagle Drive-In Theatre here in Eldorado.

Warners and Director Bud Yorkin have faithfully transferred the stage long-runner to the Cinema-Scope screen, taking their camera outside when possible and using other gimmicks not possible within the confines of a proscenium.

"Never Too Late," as you undoubtedly know by now, is the story of a couple in their 50's who are dismayed to learn they are going to be parents again.

Paul Ford and Maureen O'Sullivan are marvelous as the couple. Connie Stevens and Jim Hutton are delights as the lazy daughter and the weak son-in-law. Lloyd Nolan throws in a breezy appearance as the town mayor, who lives across the street.

The laughs are obvious in the movie version, as they were in the stage version, but they remain at an abundant number and are never thrown away.

Notable examples of special gimmicks: "Flash-forwards," wherein Ford visualizes his aging process as his late-life baby grows to manhood, and a funny sequence with a face-to-the-wall TV set denoting the passage of time as his daughter and son-in-law strive to become parents.

One deft touch by Yorkin, not in the original, is a 30-second scene at the outset that immediately and unmistakably establishes Ford's character. As the owner of a lumber yard, his secretary asks if he wants certain bills to go out that day. "Yes," says Ford, turning to an old crank-style cash register that only he can open. "How many stamps do you want?" he asks.

Miss Olive Engaged To George Draper, Jr.

Mr. and Mrs. John J. Olive of San Angelo have announced the engagement of their daughter, Miss Victoria Jean Olive, to George Draper, Jr., son of Mr. and Mrs. George W. Draper of Eldorado.

The bride-elect was graduated from San Angelo Central High School, attended Angelo State College and is presently a student at Texas Technological College in Lubbock.

Her fiance is also a student at Texas Technological College.

The couple plans an Aug. 27 garden wedding at the bride-elect's home in San Angelo.

Mr. and Mrs. R. A. Williams, who were reported in last week's Success to be moving here on a transfer by Northern Natural Gas Co., visited here and later declined the transfer, and are remaining at Pampa for the present.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

You will like this "Rice with Chicken and Cheese." Actually this is a variation of the always delightful "Arroz Con Pallo" or the Spanish Chicken with rice. This is a simpler version and I believe, easier to make. In either case the results are delicious.

Rice With Chicken and Cheese

- 1 1/2 cups diced, cooked chicken
- Chicken bones
- 1/2 teaspoon salt
- 1 medium sized onion, cut fine
- 1 1/2 tablespoons chicken fat
- 1/2 cup uncooked rice
- Grated cheese.

Cover chicken bones with water and simmer (not boil) about an hour. Drain off broth. Add water to make 2 cups broth, if needed. Add salt to taste.

In a large skillet, cook onion a few minutes in chicken fat. Add the 2 cups chicken broth. When broth boils, add rice. Cover, reduce heat and let cook until rice is done—about 25 minutes. Stir occasionally to keep rice from sticking.

When rice is done it will have absorbed the broth and the grains should not be sticking together. Add chicken to rice mixture. Taste for more salt, if needed.

Turn chicken and rice into a bowl and sprinkle generously with grated cheese. Makes four servings.

A short cut to the above dish would be to use canned chicken and bouillon cubes. Maybe a little flavor will be lost but for a hurry up dish it will be more than adequate.

A new long distance record has

THE BIBLE SPEAKS TO YOU

8:15 a.m. Sundays KGKL-960 Angelo New Christian Science Radio Series

been set for column readers.

Mrs. Virginia McIntyre of Pontiac, Michigan, wrote for directions for making the big tissue paper flowers.

I was so pleased to hear from some one nearly 1500 miles away I worked up a whole bag of directions; patterns, an already made petal, and scraps of fabrics which might be used in creating these big, frankly spoofing, fun flowers.

Not long ago I saw six or seven of these flowers used very effectively. Each flower had been set in a six inch flower pot which had been filled with plaster of paris. The pots had been painted to contrast, or match, the color of the flower. The pots were arranged on a buffet type chest and lined up against the wall. Real fetching.

Anyone else living beyond the 1,000 mile zone will get the special package treatment, but actually I don't expect a rush of requests at that.

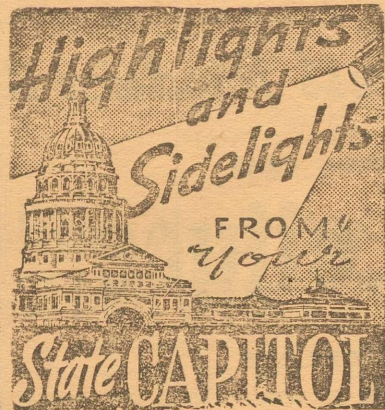

Once I had occasion to be in charge of five or six keys to that many doors and all on the same ring. The keys all looked alike, the lighting was poor as far as the doors were concerned and for a frustrating while I did a lot of fumbling and looking for the right key.

Order was restored on the key ring when I painted the thumb grip area of each key with a different color of enamel. Then I mentally painted the doors to match. (Not real paint, you understand, I just imagined the colors.) It worked out fine. To this day, years later, I can still see a red, a green, a blue and a yellow door and a turquoise door.

Why not use this same color coding system to your house cleaning equipment?

For example use a pink sponge only and always for kitchen counters; a yellow sponge for bath rooms, and only a green sponge for floor mop-ups.

Teach everyone in the family the color and the place the sponge is to be used. This practice will pay off in that germ spreading will be kept to a minimum, and your general C. Q. (cleanliness quotient) will be elevated.

Austin, Texas.—State Board of Insurance is disturbed over the "growing tendency" of some insurance companies to cancel out or refuse to renew auto coverage on certain classes of drivers.

At its mid-week (June 15) rate hearing, Board debated whether it should ask for new legislation or put into effect new administrative regulations to deal with the situation.

Board Chairman Wm. Hunter McLean said more and more drivers are being forced into higher-cost "assigned risk plan" coverage because of "unwillingness of companies to voluntarily issue insurance to young drivers, older drivers and drivers with poor driving records."

Another insurance rate boost is anticipated due to increasing accidents, injuries and traffic deaths, and higher repair and hospital costs. Rates were boosted 13.4% in 1965.

McLean placed these among items for consideration at the mid-week meeting:

—Revival of a "penalty system" based on number of accidents and serious traffic violations in figuring rates. A version of the system was abandoned four years ago after a brief trial and strong public opposition.

—Alteration of the assigned risk plan to force all companies to take a proportionate share of "sub-standard" risk coverage.

—Action to curb mass cancellation due to class, age, territory or agency and individual cancellations of policies of those who have no record of accidents or moving traffic violations.

—Request for more uniform traffic regulations and enforcement procedures from county to county.

—Modifications in methods of classifying drivers.

Board wants to find a way to "avoid further 'drying up' of the insurance market," emphasized McLean.

Companies writing auto insurance in Texas lost \$13 million last year on the coverage. McLean calculated earned premiums at \$417.2 million, net premiums at \$388 million, losses at \$233.2 million, loss settlement, adjustment and litigation expenses at \$42.6 million and company "expenses" at \$125 million.

He termed "an all-out," effective traffic accident prevention

program" the state's "single greatest need."

McLean said he would urge the insurance industry to take the lead in "bringing safety to our streets and highways."

New Taxes?

A state tax rate boost next year is inevitable, according to House Speaker Ben Barnes.

He predicted the 60th Legislature will "definitely face tax legislation."

Barnes declared that increasing cost of education alone will "require additional monies raised by taxes." Forty-eight per cent of every tax dollar paid to the state goes to education, he noted.

In a brief preview of his own ideas for legislative action, Barnes said he will ask an increase in juvenile parole officers to help curb teenage crime. He noted a study committee is exploring possible need of legislation dealing with obscene and pornographic publications.

State Pay Boost Favored

Three state officials with most influence over the Legislature are united in pledging high priority backing for a "substantial" state employees' pay boost in 1967.

Lt. Gov. Preston Smith and House Speaker Barnes made strong public commitments to that effect last week. Gov. John Connally earlier had stated that a salary boost for the 44,000 state workers will be "one of (his) strongest recommendations to the next Legislature."

Texas Public Employees' Association has agreed generally on a revision plan which would cost about \$70 million overall for the next biennium—\$21 million from general revenue. This would mean something like 8% more for lower bracket employees up to 25% more for higher echelons.

School teachers are pushing hard for a "national average" pay level, but Connally and Barnes indicate they think the state employees are in greater need.

Attorney General Rules

Corporations providing television cable service are public utilities and have a right to place their cables along state highway right-of-way, Atty. Gen. Waggoner Carr said in an official opinion.

In other opinions, Carr concluded that:

—Investment of state employee retirement funds in corporate securities is subject to discretion of Employees Retirement System Board of Trustees and not that of University Board of Regents. The Boards have right to exercise independent judgment in investing their respective trust funds.

—State can pay the expenses of replacing an employee's eye-glasses destroyed in an on-the-job accident.

—Control of building and grounds purchased with Texas Employees Retirement System Trust funds is within jurisdiction of Board of Trustees of Texas Retirement System.

—Grayson county can accept a deed to the bridge over Red River nine miles east of Denison and spend the tax money to operate and maintain span.

Restoration Tour Set

Members of a legislative survey committee will tour historic forts and missions June 23-25 with a view to restoring them.

Itinerary will include Ft. Parker at Mexia, Fort Richardson at Jackboro, Fort Griffin at Albany, Fort Chadbourne at Bronte, Fort Concho at San Angelo, Fort McKavett at Menard, Presidio San Saba, Mission San Juan Capistrano (already restored) and La Bahia Mission, Goliad (now being restored).

A report on its views on state-supported restoration will be made to the 1967 Legislature.
