63RD YEAR

ELDORADO — SCHLEICHER COUNTY — TEXAS Thursday, September 24, 1964

NUMBER 39

2 1/2 TO 6 INCHES

Week-End Rainfall Covers Entire County

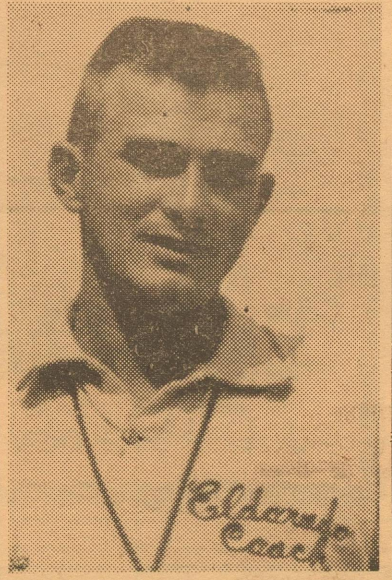

Schleicher county finally got the kind of rain it has been looking for.

From Saturday through Sunday and on through Monday this area was drenched with the best rains in a year or more. It has changed the picture for small grain and grazing land and has put smiles on faces where previously there were frowns.

The following report was prepared on Tuesday and it may be out of date by the time this paper reaches its readers. Skies continue to be cloudy and more rain may be forthcoming just any minute.

Junction Downs B's 20-0

JACK BELL
B' Team Coach

The Eldorado "B" team suffered its first defeat of the season last Thursday night as Truelove of Junction scored on three long runs.

At half-time the Black and Gold Eagles led 6-0 and the Eldorado Eagles came back strong with a Meador to Halbert pass good for 20 yards. A nice 45-yard run by Halbert was of no help as Eldorado fumbled on the next play and Junction took over on their own 25-yard line. This was only one of several drives stymied by an incomplete pass, a fumble, or an interception. Jay Halbert, a 130-pound halfback and co-captain, did an outstanding job of carrying the load offensively. Jay carried 19 times for 139 yards plus catching 6 passes for 59 additional yards. Roy Davidson, who was injured last week, did not see action nor did Mickey Pennington. Danny Richardson who ran at fullback, picked up 21 yards on 5 carries while David Nixon carried once for two yards. Rusty Meador completed 6 of 9 passes for 59 yards but on 6 carries had a -19 yards at quarterback. Halbert had runs of 45, 21, 10, and 15 yards. Meador had 1 pass intercepted and Chris McCravey, tackle and co-captain, snared a Junction pass. The Eagles lost two fumbles, but made 12 first downs.

Kirk Jones had 8 tackles to his credit while Chris McCravey had 6, Joe Max Edmiston 5, Lonnie Gibson 4, Jay Halbert 3, David Nixon, Kenny Phelps, and Rickey Buchner, 2, and Meador, Richardson, Phillip Montgomery, and Ronnie Free, 1 each.

The Eagles will go to Sonora Thursday, tonight, to meet the Bronco B's. Coach Bell hopes to have Meador, Davidson, Halbert, and Richardson in the backfield for the contest with Buchner, McCravey, Phelps, Gibson, Jones, Edmiston and Montgomery in the line.

Game Statistics

12 First Downs
202 yds. Total offense
143 yds. rushing
59 yards passing
passes intercepted: 1
One pass int. by Junction
2 fumbles lost
1 punt 25 yards.

Evangelistic Services At L.A. Church Now On

The Mexican Baptist Mission in Eldorado is holding evangelistic services at the church Sept. 20-27, part of a state-wide Crusade aimed at reaching 2 1/2 million unevangelized Latin American people of Texas with the gospel.

About 400 Latin American churches and missions throughout the state are participating in the widespread effort called Cruzada Bautista Nueva Vida (the Latin American Baptist New Life Crusade.) It is being sponsored by the Baptist General Convention of Texas Aug. 30-Oct. 11. In addition Baptist churches near the border in Mexico and New Mexico are joining in the Crusade.

Mrs. Arch Mittel and Mrs. Agnes Stevens are leaving today, Thursday, for El Paso to visit the Harrisons and their new daughter.

Post Script

The rains came and now everybody is jubilant.

And now since you are feeling so good, what would be better than to make the rounds of and see all the new '65 cars which are being introduced here today and tomorrow.

They say a rain like this is just like money in the bank—or should we say "credit at the bank."

So if you don't have the cash for that new car you want, just don't let that worry you. Your credit is a whole lot better now than it was last week—especially if you've got a lot of good grass coming on.

—ps—
Joe and Billee Marie Gault are showing a whole new line of Fords and you can fill up on refreshments while they are making out the papers. The Gaults will have two Galaxies, one Fairlane 500 and one Falcon on their floor, and possibly another Galaxy if it gets here in time.

Showing day for the Fords is Friday.

—ps—
Page and Huckaby will be showing at least two Chevrolets and one Oldsmobile today, Thursday. The Chevys are both Impalas; one is a 2-door hard top, and the other a 4-door sedan. The Olds is an 88. Others are on order but not likely to be here by Thursday.

—ps—
Earl Parker, the Eldorado Rambler dealer, has two new '65 models on display in his show room. One is a 6-cylinder Rambler Classic station wagon. Parker, like the other dealers, has more cars on order but the factory is unable to provide all dealers with all the models on showing day.

All of our Eldorado dealers have '64 models still on their floors, but most of them seem to be down to two.

—ps—
This issue of the Success also carries an ad on the new '65 Cadillac but Schleicher customers will have to go to Sonora to see them, where they are on display at J&S Motors.

—ps—
People moving:

M. D. Wilkins from Otto Mund house to Jack Jones house which he bought;

Mrs. LaDale Young from L. Kent house to Albert Bailey farm;

R. A. Warrick to Mrs. Hattie Warrick's house.

—ps—

With our subscribers:
C. C. Henderson is subscribing again at Bluffton, Texas.

Jim H. Steward is a new subscriber at 409 Pine, Levelland, Texas 79336.

—ps—

Building going on:

Finishing touches are continuing on the remodeling and expansion project on the First National Bank building. Painting of interior walls, electrical installations, and other work was going on this week.

Some of the tile walls are up on the new building being erected for El Dorado Woolens, Inc.

Knight-Susen of San Angelo is contractor on both of the foregoing projects.

A. G. McCormack is putting an extension on the north side of his house which will include den, bedroom, and bath.

—ps—

As the Success goes to press this week, more gentle rains are slowly falling, providing moisture in addition to that already reported elsewhere in this issue.

—ps—

Edward Meador and E. C. Peters announce in an advertisement in this Success issue that they are combining their insurance agencies into one, to provide better service for customers of both.

—ps—

When the fire siren let go with a long, long blast yesterday in the midst of rain and thunder, we immediately thought it was a severe storm warning. Volunteer firemen converged on the fire hall and found the alarm had been caused by a short.

Some Roads Closed

On Monday a sign near the gin warned travelers that Hwy. 29 was closed to through traffic.

Yesterday (Wednesday) about noon Blaylock draw was running high. Traffic from here to Angelo was being turned back at that time.

Eagles Set For Critical Ozona Game Here Tomorrow Night

Other Games

Tomorrow Night

If these rains will let up for just one day, Eldorado expects to see the stands full when Ozona plays Eldorado here tomorrow night. Sonora will be playing at Iraan and one Sonora citizen remarked last week, "We're going to be in Eldorado when you play Ozona."

The Menard Yellowjackets are having to go all the way to Sanderson, so don't be surprised if some Menard fans drop off when they reach Eldorado.

Big Lake plays at Rankin and Eden will be at Junction.

Eldorado hosts a tough cageful of Ozona Lions tomorrow night on Eagle Field in the second of the season's eight conference contests. A quick summary shows that the Lions are fully as big as the Eagles, just as tough with three victories to their credit while the Eagles show a two-win-one-loss record. The Lions defeated McCamey 20-0, September 4; Bronte 32-6 on September 11; and Sanderson 28-0, this past Friday night.

Smartering from a 20-0 defeat handed them last year by the Eagles and with high hopes for a fourth consecutive victory, the Lions have an even chance of downing the Eagles on their home field tomorrow night. Ozona takes comfort with eight senior starters left from last year's team along with one junior and two sophomores, one of whom is almost out-

standing. One sober conclusion is appropos: Coach Hickman's lads are not just coming over for supper.

Their probable starting lineup is as follows:

No.	Name	Pos.	Wt.
30	Sam Cervantez	LE	139
72	Rick Hagelstein	LT	172
60	Pete Garza	LG	169
70	Mike Walters	C	169
61	Joel Huff	RG	158
73	Bob Amthor	RT	220
81	Thomas Garza	RE	136
21	George Cox	LHB	146
31	Derold Maney	RHB	135
30	Richard Vargas	FB	152
11	Billy Carson	QB	139

The Lions will split their left end and employ Derold Maney as a wing back.

Their Pete Garza, No. 60; Joel Huff, No. 61; Richard Vargas, No. 30; and No. 21, George Cox, are formidable competitors.

But a worthy set of Eagles will attempt this year's "Lion Taming Trick." Probable starting Eldoradoans will see Richard Jones and Gary Derrick at ends; Captain Mike McCravey and Joe Phillips at tackles; Captain Bobby Halbert at center; Monty Montgomery and Ronnie Griffin at halfbacks; Sam Henderson at fullback; and Danny Halbert at quarterback.

The Eagles have advantages in backfield speed and versatility; but it wouldn't hurt for Mr. Fan to have an aspirin or so along in case the contest gets a bit stuffy.

Game time is 8:00 o'clock, last of the late games for this season. Eagle and Lions bands are approaching mid-season form and sparkling halftime shows are expected.

Lions Honor Teachers With Ladies' Night

A near-capacity crowd filled the banquet room of the Memorial Building Monday night as the Lions club staged their annual ladies' night in honor of the school teachers, administrators, and trustees.

The invocation was given by the Rev. C. E. Cogswell and Rev. C. M. Nyquist was master of ceremonies. Fred Watson, president of the Lions club this year, presided.

Russell Willis of the Board of City Development in San Angelo was speaker for the evening. He discussed the responsibility teachers have in molding character at the same time they instill knowledge in their students.

Musical entertainment was rendered by an instrumental trio consisting of Joe Krelow at the piano, Robert Jay at the sliding trombone, and Eddie Pace at the horn.

Fund Drive Set For Boy Scout Council

James Williams has been designated central chairman of the fund drive being planned for this Fall for the Concho Valley Council of the Boy Scouts of America.

Mr. Williams will meet with other chairmen Monday evening, Sept. 28th, in the Java Junction private dining room to launch plans for the drive to be conducted here in Eldorado and Schleicher county.

Efforts will be made this year to get a number of interested adults to become "sustaining members" who contribute a certain amount each month, as well as special gifts and one-time contributions.

James Williams has announced other chairmen who will promote the coming drive:

John Williams, publicity and arrangements;
B. L. Blakeway, special gifts and general sales;
C. J. Hahn, prospects, rating, and audit.

All of these chairmen will have other men helping them, and effort will be made to raise about \$1,000 in the local drive this Fall. Further details will be announced in the Success later.

Gerald Hartgraves recently sold three registered Angus cows to Diamond N Ranch at Blue Ridge, Texas.

Eldorado 32; Junction 0

The unsung boys up front for the Eldorado Eagles issued travel visas for four versatile Eagle backs to lay a 32-0 defeat on Junction in the 8A conference opener this past Friday night in Junction.

Ends Gary Derrick, Richard Jones, and Captain Richard Preston, Tackles Joe Phillips and Captain Mike McCravey, Guards Steve Blaylock and Jim Belk, along with center, Captain Bobby Halbert gave each of four fleet Eldorado backs enough blocking to score and provided a foxhole from which Quarterback Danny Halbert passed for 8 points after the four touchdowns at the rate of two points for each launch to Captain Richard Preston and Halfback Monty Montgomery.

Junction's fine triple threat tailback Tommy Randle led his team mates in protesting Eldorado's victory and in contesting every inch; but game statistics show the wide margin in favor of Eldorado.

AT ANGELO MEETING

The Executive Board, Eleventh District Texas Federation of Music Clubs, held its annual planning meeting and luncheon today at the River Terrace in San Angelo.

Attending from Eldorado was Mrs. R. Q. Harris, a member of the Sonora Music Club and the district chairman for Orientation and Club Evaluation.

Speaking of Insurance

Ed Meador and Elmer Peters are pleased to announce to the people of Eldorado and Schleicher County, and surrounding territory, the merger of our separate Insurance Agencies into one.

Through our joint effort we feel we can more efficiently provide our present and future policyholders with the best possible service.

We represent nationally known companies who have established reputations capable of providing all insurance needs, and noted for their fair, fast claim services.

It is our hope that you will look to us for help in solving your insurance problems. Our combined talents represent 17 years of training in the insurance field. We look forward to the future, confident that you will continue your patronage, secure in the knowledge that we are working for you to the very best of our ability.

H. D. Delegates Return From State Convention

Mrs. Truett Stanford, Mrs. Jimmy Doyle and Miss Connie Spence returned home from the State Home Demonstration Club Convention in Houston on September 15-18.

Main speakers for the group of 752 (delegates 495, directors 24, and visitors 233) were: Mrs. Grace Winn, Special Assistant for the Community Services, NASA Manned Spacecraft Center; Jean Adams of the Houston Post; Miss Bonnie Cox, Organization Specialist; and Mr. John E. Hutchison, director Texas Agricultural Extension Service.

The delegates attended workshops on 4-H, Recreation, Family Life, Civil Defense, Health and Safety and Citizenship.

The chartered bus of 40 delegates from District VII toured the State Capitol building and drove through President Johnson's ranch on their way home, arriving late Friday evening.

Mrs. Doyle Re-Elected Young Homemakers H. D. President

The Young Homemakers Home Demonstration Club met on Sept. 11 in the home of Mrs. Jimmy Doyle. Mrs. Leo Prater was hostess and served fresh apple cake and coffee.

The business meeting was conducted in the usual manner and a slate of officers for the coming year were elected. Mrs. Jimmy Doyle will again serve as president. Other officers are: Mrs. Leo Prater, vice-pres.; Mrs. C. J. Niblett, sec. & treas.; Mrs. Vernon Bailey, council delegate; Mrs. Ronnie Sauer, alternate delegate.

The program was a group discussion on topics concerning "Advice to Parents When Teens Have Growing Pains." The next meeting will be in the home of Mrs. Jerry Jones on Oct. 8. All are welcome to attend. —Rep.

F.F.A. Members To Dist. Meeting

The Concho District of Future Farmers of America had a meeting at Lakeview Monday, Sept. 21. The Eldorado chapter had six members to attend along with their advisor, Glynn Hill. The members were Billy Sudduth, Mike Sudduth, Sidney Reynolds, David Lloyd, Donald Rogers and Clifford Schooley.

The program consisted of planning the program of work, setting district dues and planning the district FFA banquet. The district banquet will be held at a San Angelo cafeteria on Nov. 24th. The Eldorado sextette under the supervision of Mrs. Teele will entertain for the banquet.

The Eldorado chapter received an award of Superior for the school year of 1963-64. This award is based on accomplishments in the organization. There are very few chapters that receive this award annually. The local chapter members worked hard for this award and will continue to work for a superior each year. —Rep., Steve Blaylock.

NOTICE TO BIDDERS

Sealed bids, addressed to the Commissioners' Court of Schleicher County, Texas will be received at the office of the County Judge of said County until 10:00 o'clock A. M. September 28, 1964, at which time such bids will be opened and considered by said Court, meeting in County Commissioner's Courtroom at the Courthouse in Eldorado, Texas, for the following:

(A) Labor and materials, excluding net and barb wire, for construction of approximately 4 1/4 miles of fence on County road in the Rudd community.

(B) 1300 ft. 1 1/4 inch new domestic galvanized pipe, laid on location.

(C) One 16 ft. concrete water trough and two 16 ft. concrete cattle guard forms, both laid on location.

Bids are requested on the three above (A), (B) & (C) separately or together.

Specifications and plans may be seen at the County Auditor's office in the Courthouse.

The Commissioners' Court reserves the right to waive all formalities and accept the bid deemed by the court to be in the best interest of Schleicher County, whether or not this bid be low.

C. L. Wheeler
County Auditor
Schleicher County, Texas

(Sep 17-24 c)

CIRCLE HAS MEETING

The Evelyn Smith Circle of the First Baptist Church met in the home of Mrs. E. H. Dannheim. Allie Cheatham, circle chairman, had charge. Mary Hext read the calendar of prayer, and read a

letter from Evelyn Smith, a missionary from Grana. Jake Spencer gave the book, History of Women's Missionary Union.

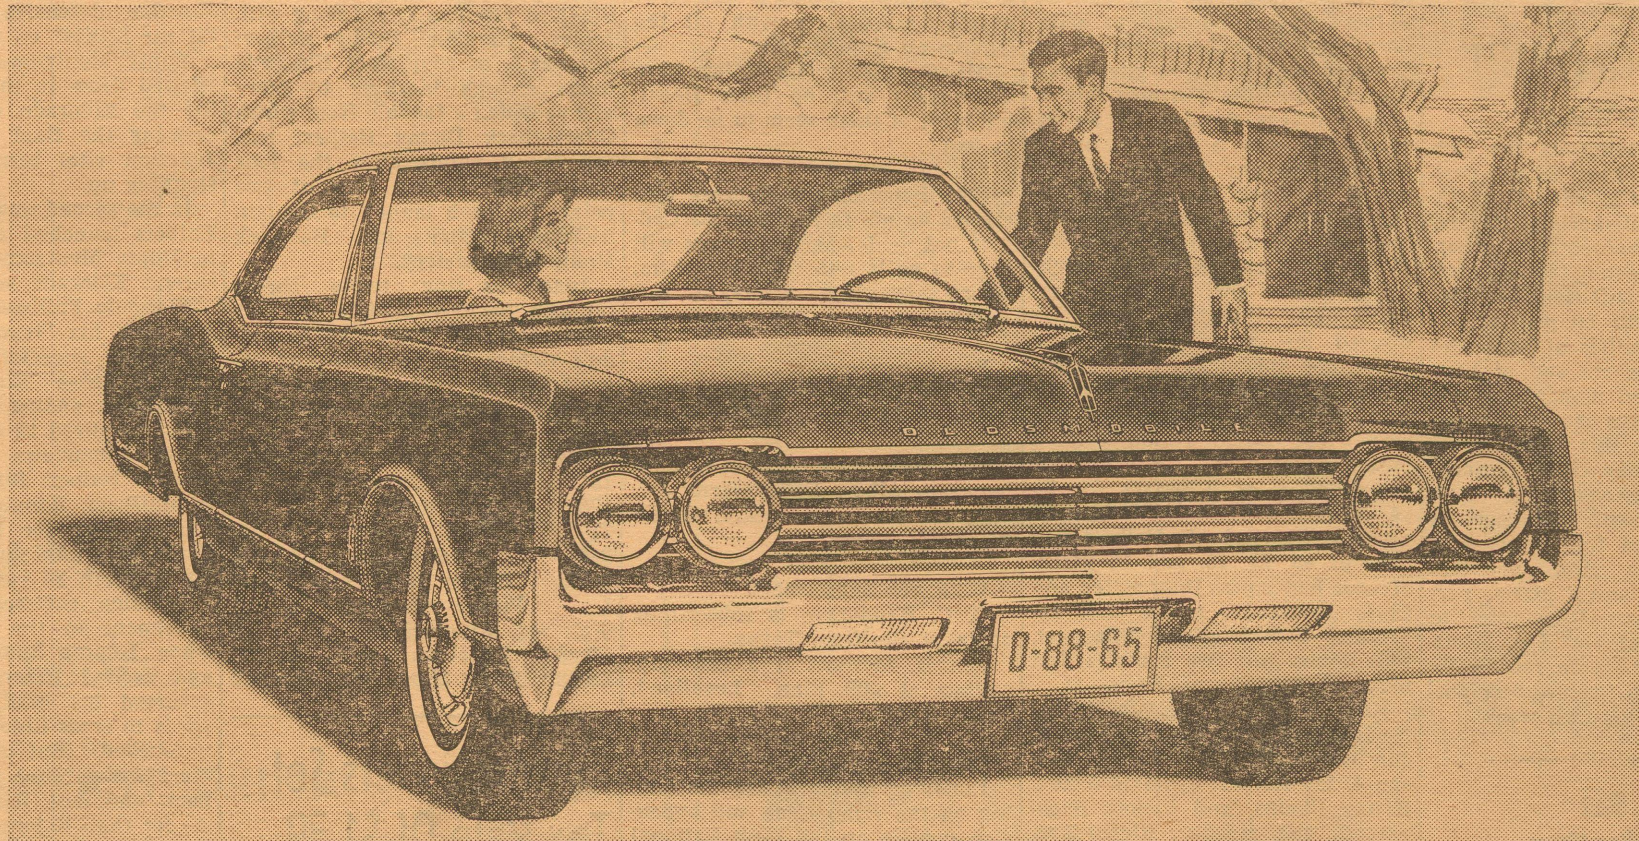

The hostess served coffee, tea and cookies and mints to 11 members and one guest, Mrs. Spencer.

Home Demonstration Agent's Column
By MRS. VIDA KREKOW

Home Demonstration agents from 18 counties enjoyed a clothing workshop at San Angelo College last week which was conducted by Miss Fannie B. Eaton and Miss Lynn Parks, specialists from A&M University. The meeting was designed to bring all the agents of the district together for a look at what's going on in the world of fashion, new materials and experience in working with these new materials.

For once, the world of fashion is not in a dictating mood. It's a topsy turvy Fall—pastels are as good as they were last Spring. Of course the nature of the fabric has changed; no one is buying pink organdy for the winter season but they are buying pink woolsens, raw silks and the man-made fibers. Bright colors are in too, as well as the rich glowing darks.

The big news today is the stretch fabrics. The industry is concerned that the buying public does not confuse a stretch fabric with a knit material which is stretchy used to make unusually close fitting garments such as ski pants and bathing suits. In this same line of thinking there are two words which should not ever be linked together. These two are "stretch" and "tight." If these two terms are confused some of us will miss the extreme comfort of wearing garments which will give and bend with the required stresses in many kinds of clothes. And, the fabric stretch should be in the direction needed for stretch in the garment.

A good example of what I've just said is illustrated by this fact. A great many women are making western shirts out of the cotton stretchables. A western shirt is absolutely nothing if it isn't tight. And, what rider or roper wouldn't welcome a little "give" as he comes out of Chute No. 13 riding a bronco as wild as the wind?

A workshop on working with the new fabrics is being planned in the county next Spring but that could be a little late for some of you who may want to work on a stretch fabric for this fall. These facts will be helpful in becoming acquainted with the fabrics which some predict will probably be in exclusive use in a comparatively short time.

Sewing The Stretch Fabric

—A thread that has elasticity such as "Taslan" nylon is the best for stitching, since it "gives" with the fabric.

—Machine should be set for medium short stitch (approximately 15 stitches per inch), or for a short narrow zig-zag stitch.

—Tensions should be checked for a balanced stitch on a stretch fabric. A somewhat loosened tension may be desirable.

—If straight-sew machine and mercerized thread are used, fabric should be held taut (in the stretch position in other words) as it is stitched, so that the thread will not break when the fabric is stretched.

—Pressing of all seams should be done lightly with a small amount of steam to avoid over stretching.

—Garment should not be completely lined or under lined since this will limit the stretch of the fabric. If a lining is necessary (such as in a bathing suit) a tricot (knit) lining with some give to it is advisable.

—Bound button holes may be extra hard to do. Do a test button hole on a sizable piece of fabric to check as to whether a machine made or a bound button hole will work best.

—A tailor's hem is most suitable since a taped hem will not "give" with a stretch fabric. And—hems should be put in by hand for the same reason.

When I came back to my office on Monday I had a note and a recipe from Mrs. Bob Bland which I am delighted to have. Penny asked me to try the pie meringue recipe which in turn I'm going to ask you to try.

A pie at our house is a rarity. I commented not long ago on the ironical fact that as a child I loved sweets and we had wonderful country goodies, all the free cream, butter and eggs we could use; but now that I have everything that it takes to make a big, fine meringue pie, do you think we have them? We don't. We can not afford the calories. Just that simple.

One good serving of a chocolate or coconut pie is about 450 to 500 calories and that's just a little too much. But to the recipe—

Meringue (1 pie)

3 egg whites, beat until frothy
1½ tablespoons sugar
1 tablespoon corn starch.
Beat sugar and cornstarch into the frothy egg whites until stiff. Spread on pie surface, place in a moderately hot oven (350 F.) and leave until slightly brown.

Let me know how it turns out—but it reads real good.

Care For Rangelands For Benefit of Rains

By Lloyd Johnson
S.C.S. Technician

Farmers and ranchers of the Eldorado-Divide Soil Conservation District were all smiles Monday of this week, due to the fact that good rains were received throughout the entire district. The rainfall varied from about 1 inch up to more than 5 inches. Needless to say, the rain was needed throughout the entire district.

Following good rains, such as the one received over the week end, is a good time to see what happens to the water when a good rain is received. The amount of rain kept on the land where it falls is more important than the amount of rain received. Crops are grown on the water that is held on the land, which is not always the amount that was received.

Farmers in the area southwest of Eldorado were among the more fortunate ones. The rain in that area ranged from 3.80 up to 5.00 inches. Conservation practices applied and maintained in this area were observed by Lloyd B. Johnson, of the Soil Conservation Service to see how much water was held on the land.

The R. R. Olsak farm 3 miles

south of Eldorado received 4.00 inches. This is the first rain received on the Olsak farm since the completion of level closed end terraces and a field diversion in January of this year. The diversion intercepted the water that would have run through the field and outleted it into a pasture outside the field. Since the rain fell slowly the channel of the diversion was never full during the time of the peak runoff. However, the water that was carried by the diversion could have broken all the newly constructed terraces in the field below the diversion. The level closed end terraces held all water that fell in the cultivated field.

Peyton Cain received 4.75 on his place 6 miles southwest of Eldorado. "All the water that fell on my cropland was held by contour rows and level closed end terraces," Peyton stated. Peyton had all the terraces needed on his cropland constructed a few years ago. Cain plans to do maintenance work on his terraces to maintain a good height and improve the base width.

O. Sudduth received 5.00 inches on his place 7 miles southwest of Eldorado. The runoff water from 54 acres of rangeland was being safely carried by a diversion terrace to a pasture outside the cultivated field. In years past this water ran across a cultivated field into the highway and then into a lake in a neighbor's field. "The level closed end terraces that were constructed only a few years ago on my place, have held all the water from the 5.00 inch rain," Sudduth stated. However, there was lots of run off from our rangeland, due to the fact that the

grass was awful short, he added. Unfortunately, all cropland that needs terraces in the district does not have them, nor is contour farming practical on all cropland. Water from fields that are not terraced or contoured, has run into the lakes damaging crops, or run into the draws where it is lost from the farm. There is no better time than after a good rain to see what happens to the water. Fields that have lost water by runoff into lakes or draws should have level closed end terraces constructed before next year's crops are planted. By applying and maintaining all the needed soil, water and plant conservation practices, the most water can be held on the land where it falls and where it is needed.

From now until planting time next spring, nearly every field that needs terraces, could be terraced between crop years. Also, the needed maintenance work on all terraces could be done before next year's crops are planted. Fields that are not contoured could be bedded and planted on the contour. Only by planning, applying and maintaining the needed soil, water and plant conservation practices on the land, can the water received be made to do the most good.

The assistance of Soil Conservation Service technicians, assisting the Eldorado-Divide Soil Conservation District, is available to farmers and ranchers in planning and applying needed conservation practices on their land. Cost share in applying needed conservation practices can be received through the Schleicher County A.S.C. office and through the Great Plains Conservation Program.

PRESENTING *Cadillac* FOR 1965

SO NEW! SO RIGHT! SO OBVIOUSLY CADILLAC!

The 1965 Cadillac is the most dramatically new Cadillac in sixteen years; new from chassis to rooftop and new from start to stop. Its remarkable styling—elegant, majestic and impressive as never before—establishes it instantly as an all-time Cadillac great. And not only is it an inspiration to look at—it is a revelation to drive! The marvelous responsiveness of Turbo Hydra-Matic is now standard on all eleven models. A new concept of frame and suspension gives the car incredible steadiness and levelness of ride—even under the severest conditions of cornering and handling. And there is quiet—quiet beyond anything you imagined possible in a motor car! Cadillac's new and more spacious interiors are marvelously rich and luxurious—and include such personal options as an exclusive tilt and telescope steering wheel. Cadillac owner or Cadillac admirer—you owe yourself a journey at the wheel without delay.

Land Owners Of Zone 5 To Hold Election Oct. 6

Land owners of Zone 5, of the Eldorado-Divide Soil Conservation District, were being notified this week about the Election of a Soil Conservation District supervisor for Zone 5 to serve out the unexpired term of the late J. Forrest Runge.

Due to the recent death of Mr. Runge, a supervisor, who represented Zone No. 5, it will be necessary to hold an election for a successor.

Special elections for filling vacancies are held at a time designated by the State Soil Conservation Board. Therefore, the qualified voters of Zone 5 will assemble at the School Gymnasium at Christoval at 7:30 p.m. on the 6th day of October, 1964, then and there to elect one of the qualified voters owning land within Zone 5 to serve as a member of the Board of Supervisors.

Zone 5 is holding its election with Zone 1 therefore serving the purpose of (1) holding a regular election (zone 1) and a special election to fill a vacancy that exists.

To be eligible to vote in a Soil Conservation District Supervisors' election, a person must own agricultural land within the sub-division where the election is being held. He (or she) must live in the county all or any part of which is the Soil Conservation District. Voters must be 21 years of age. No poll-tax is required. Under community property laws of Texas the wife of a landowner also owns land and is entitled to vote and hold office.

Mr. B. J. Ragsdale, Range Specialist, Extension Service, will bring the program.

Boundaries of Zone 5: Beginning at E limit of Eldorado thence SE along Eldorado-Fort McKavett rd. to its junction with Sonora-McKavett road, thence SW to Sutton-Schleicher Co. line. Thence E along Schleicher Sutton Co. line to SE corner of Schleicher co. Thence N to NE corner of Schleicher Co., thence W to State Hwy 30. Thence S along State Hwy. 30 to place of beginning. Designated meeting place, Adams school.

El Dorado Chapter, DAR Starts Its 27th Year

On Thursday, September 17, the El Dorado D.A.R. chapter began Constitution Week with a program prepared by Mrs. Ernest C. Hill.

Mrs. William Gunstead, program leader, introduced the subject of the program, "Constitution and National Defense."

Emphasis was placed on the "First Capital of the Territory South of the River Ohio." At Rocky Mount, the first capital of this territory, the first written Constitution by men of American birth came into being.

Mrs. Ernest S. Goens, regent, read excerpts from The President General's Message in the D.A.R. Magazine of August.

The hostesses, Mmes. W. F. Meador Sr., Walter Ramsay, and Elizabeth R. Powell, introduced a note of Fall with beautiful floral arrangements in the assembly room, and on a tea table lovely with an imported tea cloth from which delicious punch and home cooked cookies were served. Mrs. Goens presided at the punch bowl.

The D.A.R. members present were: Mmes. L. M. Hoover, P. K. McIntosh, Charles Wimer, William Gunstead, J. B. Montgomery, Raymond Schrank, Luke Thompson, Sr., W. F. Meador Sr., Elizabeth R. Powell, W. N. Ramsay, Ernest S. Goens, and Misses John Alexander and Ruth Baker. —Rep.

Junior F.F.A. Organizes

Wednesday, September 16 at 4:30 the local Junior F. F. A. met in the Speech room of the Eldorado High School with an attendance of 22, with four visitors.

Officers were elected. They are as follows: president, Norris Sauer; vice-pres., William Edmiston; secretary, Rosa Luedecke; treas., Garvin Lacy; sentinel, Steve Sykes and historian and reporter, Betty Kessler.

The date for the meetings was set for the first Thursday of each month. The dues were set at \$1.00. Mr. Hill, the sponsor, discussed the types of program we will have in the future. —Rep., Betty Kessler.

School Menus

Monday, Sept. 28: Baked ham, pinto beans, potato salad: cole slaw, buttered rolls, milk, canned fruit.

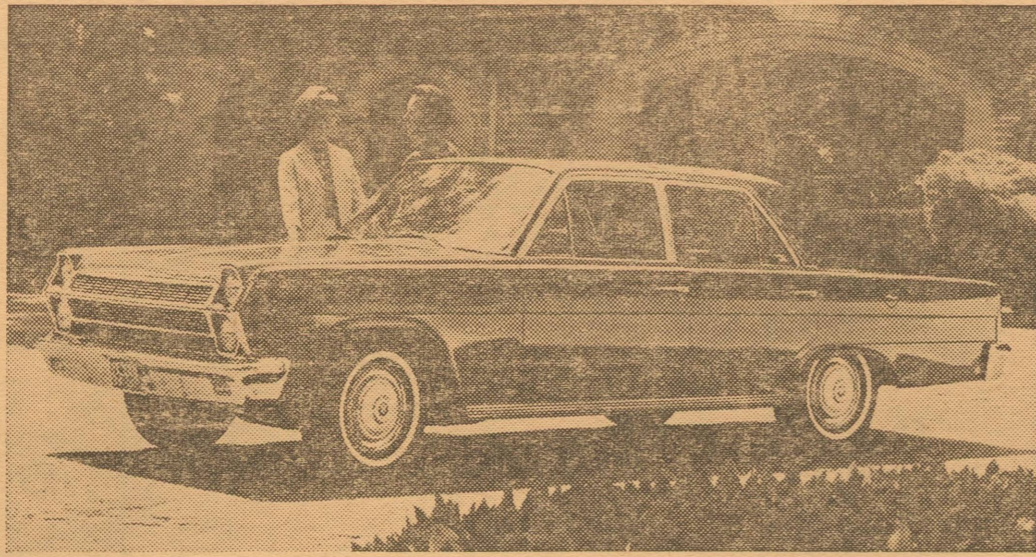

Tuesday, Sept. 29: Chicken fried steak & gravy, buttered rice, English peas and carrots, tossed green salad, buttered rolls, milk, butter-scotch pudding.

Wed., Sept. 30: Hot dogs and chili, cheese slices, green bean salad: milk, fresh fruit cup, peanut butter cookies.

Thursday, Oct. 1: Fried chicken and gravy, creamed potatoes, carrot & pineapple & raisin salad, green lima beans, buttered rolls, milk, whipped jello.

Friday, Oct. 2: Fresh fish fillet, whole kernel corn, mixed greens, harvard beets, buttered rolls, milk, applesauce cake.

All-New 1965 Ramblers Unveiled

The Rambler Ambassador is the longest and most luxurious of three distinctively different lines of American Motors cars for 1965. Over-all length has been increased 10 inches on models other than station wagons, and a convertible has been added to the Ambassador line for the first time. Ambassador styling is all-new with a bold horizontal grille separated by vertical dividing strips, dual vertical headlights and full-height vertical taillights. Shown is the Ambassador 990 four-door sedan. Other Ambassador models include two-door sedans, station wagons, hardtops and the new convertible. The Ambassador horsepower range is from the new 155 "six" to the 270 V-8.

Cain New Director For Local Co Op

At a recent meeting of the board of directors of the South-

west Texas Electric Co-Op, Peyton Cain was elected to fill out the unexpired term as director and secretary of the late J. Forrest Runge.

At the time of Mr. Runge's death, he had about two years remaining in his current term, and Mr. Cain will serve out that period.

EARL PARKER RAMBLER 102 DIVIDE STREET

—Watch the Danny Kaye Show on CBS-TV, Wednesday Evenings—

The aftermath of the civil rights legislation is gradually being felt. It triggered outbursts of lawlessness throughout the land. Already, in the first half of 1964, according to the FBI, serious crimes were up 15% over the first half of last year. Negro rioters have cost \$10 million in property damage, with several killed, 952 injured, 2,484 arrested, and 1,080 shops looted or damaged. Most of this came AFTER the civil rights legislation.

In Chicago, in three New Jersey cities, in Rochester, New York City, and in Philadelphia, the biggest riots were staged—following the civil rights legislation.

Some of this would probably have happened had the civil rights bill not been debated. But the year-long period of agitation, freedom rides, sit-ins, sit-downs, demonstrations, and repeated assurances from the politicians that the Negroes were at last going to be given their "freedom", served to create psychological climate for the outbursts and reactions from Negroes after the bill was enacted into law.

The same thing happened after the civil rights legislation was enacted in 1957—a round of crime and racial clashes evidently inspired by the agitation employed by politicians in promoting the legislation.

Right here in Washington, the "showcase of democracy", Negro crime jumped sharply after the civil rights bill was enacted. Here more than any place, the plaintive pleas of the politicians were brought to bear on the minds of the Negro populace during the past year. This served to encourage the criminal element who in a spirit of "new freedom"—which the politicians had promised them—they flexed their freedom muscles and celebrated.

During the past year, 2,634 major crimes were reported in the District of Columbia, only 20% of which were committed by whites.

One of the sad and unfortunate effects of all this is the image that America presents to the world—a Congo-type image of wholesale crime and inter-racial strife throughout the country.

And the end is not in sight. It will take a long time for this nation to return to a state of normalcy and overcome the set-back in the progress that was being made in the field of race relations before appetite for the Negro vote got the better of the politicians.

On Capitol Hill there were two significant developments last week neither decisive but both serving as straw in the wind to indicate what the future may bring.

In the Senate the Supreme Court's brazen usurpation of rights which the founding fathers lodged in the states relating to apportionment, was upheld in one instance and barely held in abeyance in another.

By a razor-thin margin of two votes (42 to 40) the Senate voted against patting the Court on the back and virtually endorsing its June 15 decision which would force both branches of state legislatures to be apportioned on the sole basis of population. Those supporting the Supreme Court's action included all the Senate's liberals.

This leaves the issue undetermined, with the ultimate outcome in doubt. The Senate's radical-liberals are continuing a month-long filibuster against a move there to order the Supreme Court's action to be suspended at least temporarily, thereby giving time to find a solution to the chaotic result of the Court's blunder.

On the same day, by a decisive vote of 56 to 21, the Senate defeated the House-passed Tuck bill which would have removed from the court jurisdiction to pass on the issue of state apportionments.

In the House last week proponents of socialized medicine threw in the sponge, at least temporarily. The Senate had approved an amendment to force an increase in social security taxes to pay for medicare, thereby imposing a form of compulsory medical insurance, (M. D. bills, drugs, etc., however, not covered), under federal control. House sponsors of this same system, sensing defeat, declined to force a show-down vote on the issue and allowed it to go to a conference committee for further study.

The ultimate result remains uncertain, but indications right now are that there will be no socialized medicine imposed on the country this year.

Marriage Announced

MRS. CHARLES A. VANECEK

Mr. and Mrs. J. B. Swain announce the marriage of their daughter, Doris Sue to Pfc. Charles A. Vanecek in a double ring ceremony at Burkburnett, Texas, on Sept. 19th.

Doris graduated with Eldorado High School class of '63. Her husband graduated with Sinton High School class of '59.

He is the son of Mr. and Mrs. Joe R. Vanecek of Sinton. He is stationed at Fort Sill, Okla.

Methodists Schedule Special Service Sunday

This Sunday, at the morning worship hour which starts at 10:45 at the Methodist church, a special

program has been scheduled during which the newly-completed brick bulletin board on the front lawn will be formally accepted, and the Book of Memories will be placed in the stand in the vestibule.

The pastor, the Rev. C. M. Nyquist, will deliver a sermon on The Two Sides of Life.

The family of the late Mr. and Mrs. W. H. McClatchy gave the lighted bulletin board sign in memory of their parents, and some of them are expected to be on hand to take part in the service. A member of the Official Board will accept the sign for the church. The sign, made of pink brick to match the church building, faces the San Angelo highway and is illuminated after dark.

Mrs. Albert McGinnes has compiled all available information in regard to memorials that have been given to the church in past years, and has set down all such facts in the Book of Memories. This book will be formally placed in the church for the inspection of everyone.

Memorials of past years have included the stained glass windows, the church pulpit furniture, the Hammond organ, and the educational building.

On The Screen . . .

'55 Days In Peking' Drama Amid Fireworks

It's about time that the movies got around to documenting the Boxer Rebellion of 1900, and it's merely up to Charlton Heston, David Niven and Ava Gardner to give us an entertaining film instead of a 64-year-old history lesson.

They—and director Nicholas Ray—come through in high fashion.

The 2½ hours of Technicolor footage of "55 Days in Peking" come to the Eagle Drive-In Theatre screen Sunday and Monday nights. Show time is 7:30.

It's sobering to hear that Napoleon first uttered the phrase, "Let China sleep, for when she wakes the world will tremble." That was the problem for the British, Americans, French, Germans, Russians, etc., back in the Boxer days—and it seems to take on contemporary sobriety today.

Charlton Heston, a U. S. Marine major, rides into the Peking compound that troubled summer of 1900 to find the city about to erupt in the bloody rebellion.

China's resistance to the greedy rush through its open door had culminated by the summer of 1900 in the Boxers, or "Fists of Righteousness" marauding missionaries and other foreigners in outlying provinces, and their ultimate objective was the International Compound alongside the forbidden city in Peking. The human tide was allowed to crash its hatred against the great Tartar Wall protecting the legations of 11 nations, their families, etc.

That black day was June 20, 1900 and the waves spilled their deadly fury against the woefully ill-equipped foreign colony for 55 terrible days before an international army of 18,000 troops lifted the siege to save the survivors.

Photography and technical effects are superb assets, especially scenes of smoky sunrise over the Forbidden City, the midnight explosion of the Imperial arsenal, the human tide breaking over the Great Wall, the devilish rocket-

In Those Days

Compiled From Success Files

ONE YEAR AGO
Sept. 26, 1963—The First Baptist church announced plans for a new educational building to be erected east of their main church building.
Buddy Mercer, Buren Whitten, James Holden and Roy Sallee were enrolled in Cisco Junior College.

A son was born to Mr. and Mrs. Walter Powell, Jr.
Rev. J. C. Hancock, pastor of a suburban Houston Baptist church and former pastor of the First Baptist church here in Eldorado, moved to a church in Sanderson.

FIVE YEARS AGO
Sept. 24, 1959—Alice Mund, daughter of Mr. and Mrs. Arthur Mund of San Angelo, formerly of Eldorado, was killed in an automobile accident in California and the body was brought here for burial.
Cheer leaders pictured were Linda Love, Mary Ann Nixon, June Williams, Martha Graham, and Ann Blair. Twirlers were Pam Calk, Linda Love, Genelle McCalla, and Sandra Hall.

Don McCormick was appointed a member of the draft board.
Ted Hoss, field foreman for Sinclair, moved back to Eldorado from San Angelo.

Lum Davis announced that his new Cosden station on the Sonora highway was open for business.
Standard Engineering Company of San Angelo was contractor selected to erect the new 60 x 80 foot building on the Sonora highway to house the Eagle Chevrolet Co. The structure was to be completed and in use by Christmas.

12 YEARS AGO
Sept. 25, 1952—The Ministerial Alliance had a program set to introduce the new Revised Standard Version of the Bible.

W. A. Butterfield moved with his family to Wyoming after he worked here for West Texas Woolen Mills for three years.

Mrs. M. J. Cunningham, the former Betty Mae Doyle, was brought home from Indiana to continue convalescence from her recent automobile accident.

Sam A. Whitten enrolled in Sul Ross college.

Mr. and Mrs. D. C. Hill were honored on their 60th wedding anniversary.
Mr. and Mrs. Wayne Griffin, former teachers in the local schools, visited here from Brady with the Charles E. Gary family.

35 YEARS AGO
Sept. 27, 1929—W. H. Parker returned from Alpine where he took his daughters, Lela and Lena, and his son Thorpe to enroll in Sul Ross college.

There were 16 members in the Senior class in high school: Elizabeth Bradley, Mattie Lee Cates, Dahlia Fae Johnson, Fannie Hardt, Elta May Luedecke, Alta Stevens, Victoria Jones, Garnette Luedecke, Lois Sharpe, Ruby Wilson, Vera Wade, Bernice Newlin, J. C. Bullion, William McAngus, Kenneth Green, and Edwin Kent. In other school news, Victoria Jones was elected cheer leader with Lois Sharpe as her assistant.

W. R. Word, "Hamburger Bill" advertised that he "serves hamburgers, pies, cookies, cakes, milk, and bottle drinks. I have been serving the people of Eldorado and Schleicher county for the past three years."

Mrs. Sara Jones was called to Brady Sunday to be with her mother, who is seriously ill here.

On FHA Committee

George R. Humphrey of Eldorado has been appointed a member of the Farmers Home Administration area committee serving Schleicher, Sutton and Crockett counties, the agency's county supervisor, Patrick F. Sullivan, announced this week. The appointment is for three years ending June 30, 1967.

Humphrey succeeds William L. McWhorter whose term expired this year. The other two members of the committee are Robert W. Reynolds and Jack Wade. Reynolds was elected chairman of the committee for the present fiscal year.

Sullivan stated that there is increased interest in the Rural Housing loan program of FHA and that loan processing this fiscal year has exceeded that of the past few years. Rural housing loans are made to eligible farmers and ranchers, and to owners of building sites in towns under 2500 population. Loans may also be made on non-farm tracts in the open country for new construction, repair and relocation of dwellings, and for domestic water supply.

Practical Politics Woman's Club Subject

Practical politics was the subject for the Woman's club program on Tuesday in the club room.

Miss Miltia Hill was leader. After singing America the Beautiful and the "Thought for the Day" Miss Hill introduced Tom Ratliff, Democratic county chairman, who spoke on the privilege of voting. Then Ford Oglesby, Republican county chairman, outlined the duties of a county chairman. Some questions and discussions followed the talks. We appreciate these men speaking to us.

During the business session the president appointed committees for the Heart of Texas District Board and Workshop to be held in Eldorado Saturday, October 10th.

Mrs. W. M. Ramsay was hostess to fifteen, the two guest speakers and Mr. Ramsay.—Club reporter.

PFC Ollie N. Sudduth visited over the week end with his family, the W. W. Sudduths and other relatives. Ollie Neille is with the 11th Medical Company stationed at Fort Hood, and has been quite busy in administering the necessary shots to prepare the soldiers to go to Viet Nam.

Sp. 5 James L. Swain is now stationed at Fort Sill, Oklahoma. He is military supervisor over several in payroll section of the Headquarters, O.C.S.

Mr. and Mrs. Jerry Lyn Doyle and a friend, Ed Farrabee of Lubbock were week end visitors in the home of Mr. and Mrs. Claude Doyle.

Mr. and Mrs. Larry Rittenhouse and Tom and Ravae spent the week end at Goldsmith visiting Mr. and Mrs. Grover Lee Johnson.

Success Office

Austin.—Speaking before more than 300 district and county attorneys, sheriffs and judges at a Law Enforcement Conference here, Atty. Gen. Waggoner Carr proposed the following 8-point program:

- (1) Expand training and education of law enforcement officials;
- (2) Provide more officers and pay them better;
- (3) Teach personal knowledge of confinement to juvenile offenders;
- (4) Teach and gain increased parental responsibility;
- (5) Make parents financially responsible for damage done by juveniles;
- (6) Place responsibility on juveniles themselves through such programs as the Texas Youth Conference;
- (7) Continue and improve the

annual Attorney General's Law Enforcement Conference; and
 (8) Step up local community "crime drives".

Hearings Concluded

A legislative study committee completed its hearings on congressional redistricting and settled down to figuring how to draw 23 districts of equal population.

At the final meeting in Austin Rep. John Traeger of Seguin suggested a re-districting plan which would create a new 16-county district in the Guadalupe River Basin. His proposal also would combine the East Texas districts of Congressmen John Dowdy of Athens, Wright Patman of Texarkana and Lindley Beckworth of Gladewater.

Unless the study committee of the Texas Legislative Council comes up with something better, Traeger served notice he intends to submit his plan to the next Legislature.

Sen. George Moffet of Chillocothe, committee chairman, indicated repeatedly that the panel is aiming for a plan in which no district varies more than 5% in population from the mathematical average of 416,508.

Oil Production Held

Texas Railroad Commission held Texas oil production to 27.9% of potential.

New order will peg October pro-

duction at 2,866,252 barrels a day, compared with an October, 1963, figure of 2,878,206 under a 28% order.

Mental Retardation Plan

Texas' biggest effort to initiate a plan reaching into many communities for combatting mental retardation is under way.

Planning work was authorized by a special committee appointed by Governor Connally.

Goal of the committee is to measure the size of the problem, pinpoint available services and accurately forecast needs to treat and prevent retardation. A long-range study is planned under federal grants.

Mental retardation afflicts some 300,000 Texans. Over 8,000 mentally retarded children are born each year, the committee was told.

Lubbock Chosen

After inspections covering 12,000 miles and 17 cities, the State Board for Hospitals and Special Schools picked Lubbock as the site for a new school for the mentally retarded. Estimated cost is \$2.4 million.

School will serve an 84-county West Texas area.

Plainview, Odessa, El Paso, Levelland, Midland, Fort Stockton and Amarillo also were seriously considered as sites. Thirty-nine cities originally expressed interest in

having the facility.

Disaster Plan Studied

A new "hospital zone support concept" which would link all Texas hospitals in the event of a major disaster was unveiled here.

Texas Medical Association and the State Advisory Committee on Health and Medical Aspects of Civil Defense have set up a statewide conference of disaster medical care directors. They will detail medical and health disaster plans.

Texas Hospital Association initiated the project for the linking of hospital services and the handling of casualties.

Short Snorts . . .

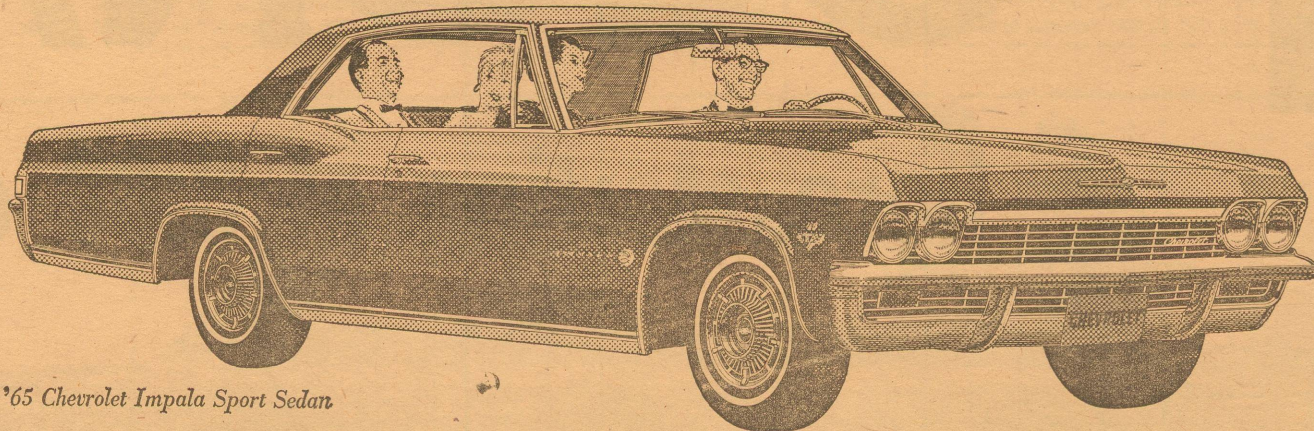

State Department of Public Safety veteran George W. Busby, who has served in Dallas, Sherman, San Antonio, Uvalde and Austin stations during his 28 years' service, is due a Distinguished Service Award from the American Association of Motor Vehicle Administrators . . . Securities Commission William M. King reports permits for the sale of \$49.5 million in stocks were issued to 42 firms during August—second largest dollar volume in the agency's history—bringing the year's total to \$337 million . . . Republican State Headquarters advises that Democrats Hardy Holers of Austin and William Robert Smith of San Antonio will head a Statewide Texans for

Goldwater-Miller group . . . Hearing on application of Portland Savings and Loan Association for a charter is set for November 25 by Savings and Loan Commissioner James O. Gerst . . . State Banking Board set hearings on charter applications of Brook Hollow State Bank, Dallas; Fritch State Bank at Fritch and Harris County State Bank, at Houston, and on September 25 will hear applications of Colonial State Bank, Wake Village and Downtown State Bank, Houston.

now! the beautiful shapes for '65

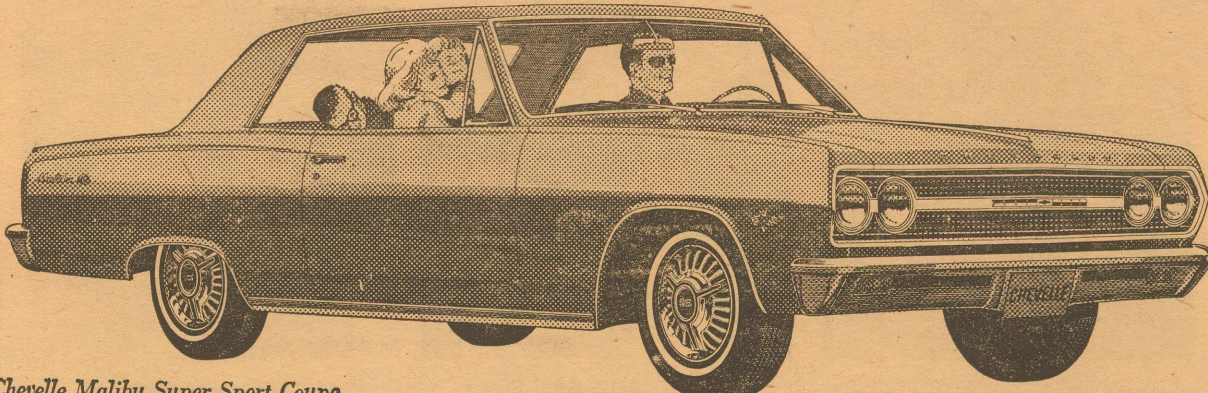

'65 Chevrolet Impala Sport Sedan

Chevrolet Impala '65

It's longer, lower, wider—with comforts that'll have many an expensive car wondering why it didn't think of them first. More shoulder room, more leg room up front. Curved side windows, an

instrument panel that's a conversation piece. In fact, just about everything's new right down to the road. And even that'll seem newer because the Jet-smooth ride is smoother than ever.

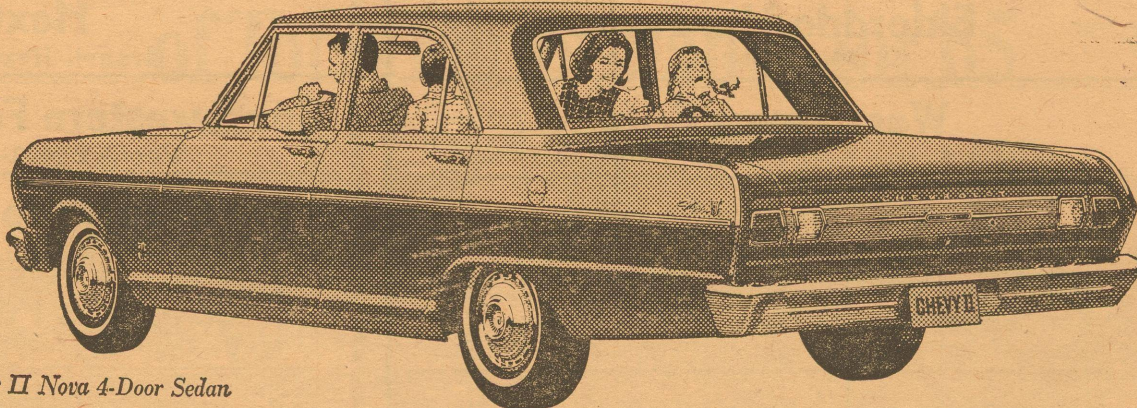

'65 Chevelle Malibu Super Sport Coupe

Chevelle Malibu '65

Here's all that made Chevelle America's most popular new-sized car—plus some new surprises. Like those cleaner, bolder lines. Like the silky way its new ride skims over the choppiest roads. Like

V8 power that'll make you think we stole some of Corvette's stuff—which we did. All told, five engines are available from a quieter six to a V8 that comes on 300 horses strong.

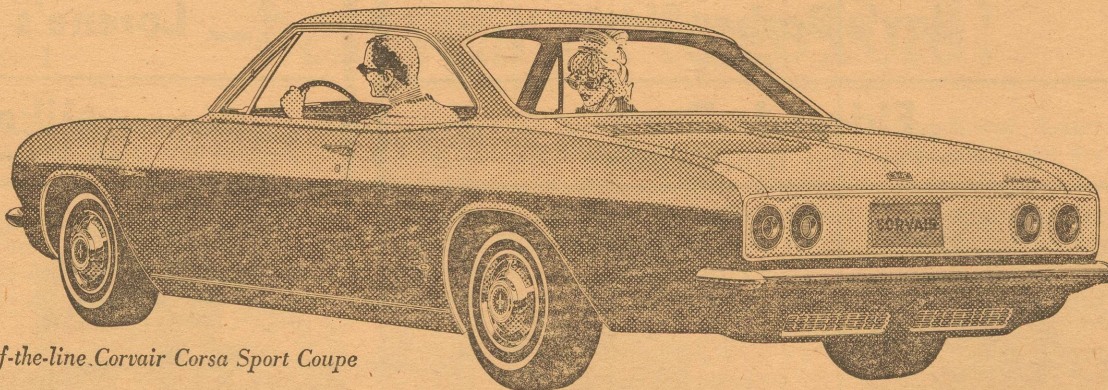

'65 Chevy II Nova 4-Door Sedan

Chevy II Nova '65

It may be the expensive-est looking thrift car you've laid eyes on. But thrifty it is. The big difference being that Chevy II's marvelous mechanical efficiency now wears a debonair new look. And

offers a new range of engines, including a new 300-hp V8. You could get the idea that saving you money was the last thing we had in mind—if it weren't for that price sticker on the window.

New top-of-the-line Corvair Corsa Sport Coupe

Corvair Corsa '65

How's this for sport with an international flair! The longer, wider design gives all closed models a hardtop roof, along with more shoulder and entrance room. And to go with the racier look,

there's up to 180 hp available in the new Corsa series, up to 140 hp in the Monza and 500 series. Also a flatter riding independent suspension, more responsive steering and a wider road stance.

Davis Cosden Service

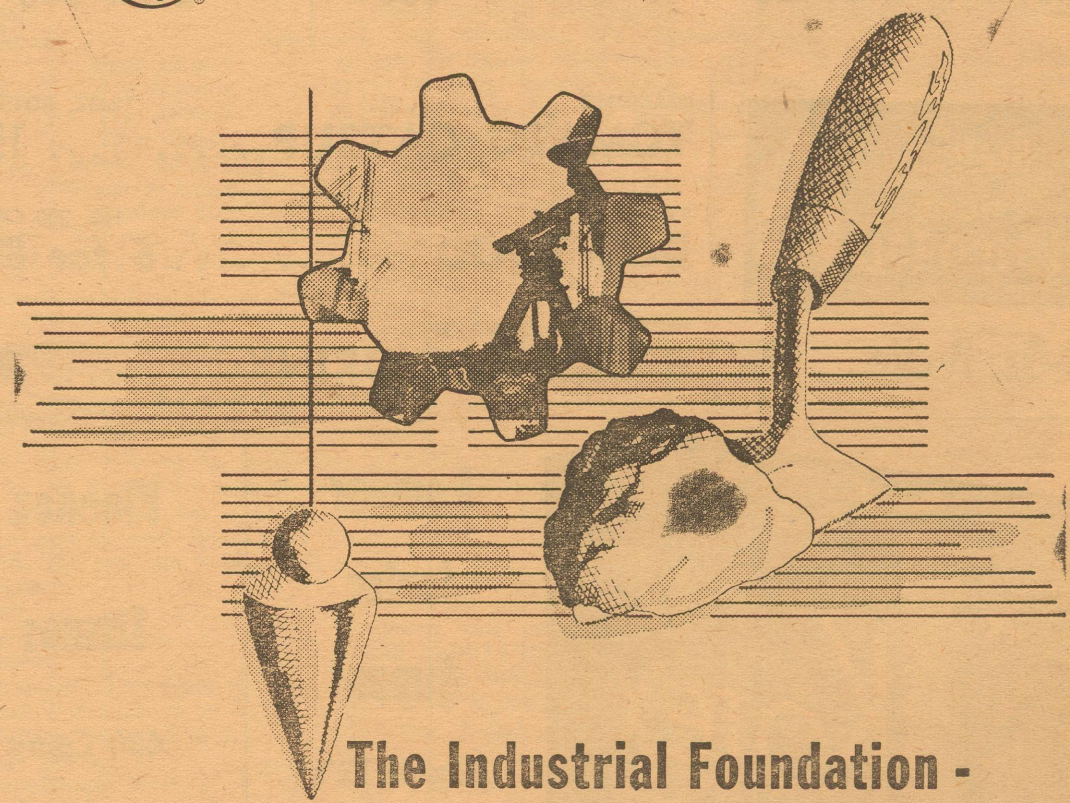

Eldorado, Texas

Sam A. Whitten and family moved during the week end to Ozona. Sam has been employed as a truck driver by Kim Lancaster since selling out his service station here a while back and he is continuing that job in Ozona where Lancaster is opening a yard.

Mr. and Mrs. Charles A. Wimer spent the week end at their cabin on Lake Buchanan. On their way home they had to detour about 30 miles because the rains flooded some draws on the highway.

PATTERNS FOR PROGRESS

The Industrial Foundation - Tool for Community Development

In little more than ten years Industrial Foundations have been established in 182 Texas communities. These are communities — both large and very small — which have recognized the vital need for a community financing group in securing new industry.

Called by various names, the Industrial Foundation is a community-wide organization with the prime objective of creating payrolls. Its functions vary from community to community, but basically its purpose is to provide development funds for the land, brick and mortar required for new industry.

It is one of the best ways to show favorable community attitude towards new industry or to help finance the expansion of an existing local industry. By having community money invested in an industry the community becomes more interested in seeing that the industry profits and grows.

The Community Industrial Development Foundation is another PATTERN FOR PROGRESS.

WTU's area development representatives have information about the creation of industrial foundations. These facts are available to growth-conscious communities on request through your WTU local manager.
