#### Gaults To Grand Prairie Gin Report

The Joe Gault family have moved to Grand Prairie to make their home. He was Ford dealer here for nearly three years. The Gaults moved here in January of 1963 from Brady.

The Gault girls, Cissy and Marchia, completed their mid-term school work Friday and a moving van came Saturday to move the family's belongings to Grand Prairie.

The Gaults' three-bedroom residence, located on the Merton highway in Sunset Acres, was sold to Mr. and Mrs. Bill Rozean. The Rozeans expected to move in sometime this week; they will vacate the Claude Meador house in Glendale where they have been living for some time.

Grand Officers are: Mrs. Edna Earl Duke, Worthy Grand Matron, of Beaumont; Judge, Marvin B. Simpson, Jr., Worthy Grand Patron, Fort Worth; Mrs. Frances Herin, Grand Examiner, Austin; Mrs. Hilary Cooper, District 5 Deputy Grand Matron, San Antonio; Mrs. Blanche West, Deputy Grand Matron of District 5, Section 2, Eldorado; Mrs. Rose Edmiston, Glad Tidings Committee, District 5, Sec-

tion 2, Fort McKavett; Mr. Paul Tischhauser, Masonic Heritage Committee, District 5, Section 2, McCamey; Mrs. Lemma Voorhies, District 5, Welfare Committee, San Antonio; Mrs. Mildred Harter, Resolutions Committee, Fort Worth; and other are expected.

Mrs. Rose Edmiston, Fort McKavett, is co-chairman of the School of Instruction. Mrs. Fay Reece is Chairman of the Welfare Program for the Joint Fraternal visit. She is from Big Lake. The Welfare Program is at 7:30 p.m.

Mrs. Penelope Estes, Eldorado, is chairman of registration with the Junior Past Matrons of the 8 chapters assisting her.

Mrs. Kaleta Shepperson, Ozona, is chairman of the Invitation Committee with the Associate Matrons of the 8 chapters assisting her.

Mrs. Charlene Edmiston, Eldorado, is School Treasurer, and Mrs. Jolice Poehler of Big Lake, and Mrs. Mary Lee Hull of Sonora are Secretaries for the School.

Mrs. Rose Brannan, Eldorado, is Chairman of the Escorts to the Grand Officers, and the Pages to Grand Officers. Mr. S. M. Loeffler, Sonora, is Master of Ceremonies for the Banquet; Mrs. Gladys Rude, Summerland, response to welcome by Mr. Edwin Childers, Eldorado; invocation at the banquet will be by Palmer West, Eldorado. Jerroll Sanders and Elton McGinnis

of Eldorado will bring the Invocation and benediction at the school.

Worthy Matrons and Worthy Patrons of the 8 chapters are: Big Lake No. 752, Daisy Lee Kane, Prestidge Kane; Eldorado No. 140, Velma DeLong and Edwin Childers; Fort McKavett No. 783, Esther Valliant and George Lehne, Jr.; Ozona No. 287, Mildred Webb and Glen Webb; McCamey No. 813, Velta Tischhauser and Paul Tischhauser; Rankin No. 176, Johnnie Ruth Walker and E. G. Walker; Summerland No. 322, Georgia Kidd and Francis Kidd; Sonora No. 575, Betty Renfro and Jack Kerbow.

Mrs. Duke will bring Greetings at the Joint Fraternal Visit, and Judge Simpson will also bring greetings.

The Grand Officers will be honored with breakfast Wednesday, January 26, at the home of Mr. and Mrs. Palmer West, with a tour of the El Dorado Woolens, Inc. There is also a tour of the mill scheduled for 4:10 p.m. on January 25 for all visitors with Mrs. Martha Godwin as tour guide.

Mrs. Nan Montgomery, Eldorado, is banquet ticket chairman. Mrs. Cathy Niblett, Eldorado, is chairman of decorations for the Masonic Hall and the Fort McKavett Chapter will decorate the Banquet Hall. Both will be carrying out the Worthy Grand Matron's theme and colors.

#### Post Script

The 4-H and FFA Stock Show which is due to be staged this Saturday is one of the projects which Tiny Godwin has had a hand in for the past 30 years.

He was in our shop Monday with last-minute details of the show. Outside snow was falling and we remarked, "This is the kind of weather you usually have at your stock show," and Tiny replied, "On only two days in the last 30 years have we had really nice, warm weather!"

Some average!  
—ps—  
Monday morning, a total of 402 poll tax payments had been made in the local sheriff's office.

Sheriff Edmiston and his crew urge everyone who has not yet done so to take care of payment of the poll tax as soon as possible.

Service men, college students and any others out of town who plan to mail in their \$1.75 payments, must have them in the mail and postmarked no later than Jan. 31st, and they must be received in the local office by Feb. 5th.

—ps—  
The proprietor at the Friendly Wash was plumb disgusted. He had been tinkering with electrical controls on a dryer for days and it just wouldn't do right, when it happened to come a local electrician.

"I'll give TWENTY" dollars to anybody that can fix this thing."

"Now, that sounds like a good deal to me; believe I can fix it in twenty minutes!"

(Dollar a minute, mind you.)

We're not mentioning any names but Mac says the man has been working on it now for over a week!

And he hasn't claimed his \$20 yet!

—ps—

The political pot continues to boil.

This week we have a third candidate out for commissioner in precinct 4—Johnny Mayo having thrown his hat in the ring.

On page 3 we have the announcement of Pete Snelson of Midland as a candidate for the State Senate. Due to enlargement of the districts, he will now be opposing Dorsey Hardeman of San Angelo.

—ps—

Please note, too, that our regular political announcement column has been moved from the front page over to page four.

—ps—

Schleicherites awoke Monday morning to find that a light snow had fallen during the night. It snowed more during the day, and skies have remained cloudy and misty, and the cold weather has hung on through the week.

This is winter's worst blast so far. We had a "white Christmas" about three weeks late.

—ps—

Don't forget: If you have not already paid your City, County and School taxes, take care of them no later than Jan. 31st, because they become delinquent if not paid by then.

Also, as is more fully discussed elsewhere in this Success issue, the poll tax has NOT been repealed and you must pay it in order to fully qualify yourself to vote this year.

Schleicher county school district voters went to the polls Saturday and endorsed the \$175,000 school bond improvement program by an overwhelming vote of nearly 4 to 1.

Total number of ballots cast was 332, with 264 in favor of the proposition and 68 against. These results are regarded as a vote of confidence for the trustees and administration of the county-wide school and they met Monday night to take steps to get the new program under way with full speed ahead.

Architects plans and specifications are to be drawn up and approved, after which invitations to bidders will be submitted. Program includes: (1) new band hall; (2) new vocational ag building; (3) new athletic field; and (4) new stage curtains.

Contractor Cahill of Sonora has already been engaged for the dirt work on the new athletic field and this work will soon be under way. Trustees point out, however, that the new field will not be ready for the 1966 football season. Eldorado Eagles will use the present field south of town for one more season.

One whole year will be necessary to grow a turf on the new football field and provide all-weather parking space for hundreds of cars, as well as fencing, lighting and other facilities. The Eagles of 1967 will be the first to compete on the new field.

In the Board Meeting Monday night it was assured that plans and specifications for the buildings will be ready for approval in three weeks by Leonard Mauldin, San Angelo architect. In about that same length of time the school bonds will also be ready for sale to a bonding company. It is possible that a contractor's bid could be accepted some time in February and work could get under way on the band hall and FFA building. The trustees expect these two buildings will be ready for use when school opens this fall.

#### News Of The Sick

Mrs. Edith Shaw returned Saturday after spending several days in the Clinic-Hospital in San Angelo.

Mrs. Don Robinson is still undergoing treatment for hepatitis in the Sonora hospital.

L. J. King was scheduled to be brought home Wednesday of this week from the Shannon hospital.

Mr. and Mrs. W. O. Alexander's son, Dr. Ollie Alexander, Jr., underwent surgery in a California hospital at high noon Tuesday.

Mrs. J. B. Montgomery will undergo surgery Friday morning at the Sonora hospital.

J. L. Ratliff is seriously ill at his home.

D. Williams Sr. of Vernon, father of D. Williams Jr. of Eldorado, is recuperating in a Vernon hospital after suffering a heart attack last Friday night.

Mr. and Mrs. Alf Stevens are both ill. Mr. Stevens is at the home of his son-in-law and daughter, Mr. and Mrs. Peyton Cain, since returning from the Sonora hospital.

Mrs. Stevens continues critically ill at the Sonora hospital. Mrs. Phil Swartzell of Canyon, their daughter, is here to be with them.

Renovating Old House

Epigmerrio Sanchez recently purchased the old Daisy Ford house, located just north of the funeral home, and is in the process of renovating and remodeling it.

Extensive work is under way, including painting, new underpinning, etc.

#### Jno. Mayo Enters Commissioner Race

Johnny (J. F.) Mayo this week authorized the Success to announce his entry in the race for Commissioner of Precinct 4, subject to action of the Democratic primary in May. His announcement was the third for commissioner in this precinct which has been represented by Thomas Baker.

Mayo who has been a county resident since 1936, has been identified for years with the ginning business as well as a stock farmer.

He says he knows all of the people in his precinct and understands their problems and expects to conduct a thorough canvass of all the residents.

Said Mr. Mayo, "If the voters of Precinct Four see fit to elect me as their commissioner, they can be assured that I will be in there representing their interests at all times."

Pool Well Is Moving 20 Families To Big Lake

Pool Well Service of Texas is moving 20 families to Big Lake soon to take care of increased business in the north area of the county. This is the expected change in operations which began about six months ago when Pool purchased Bateman and Whitsitt Well Service Company headquartered in Hobbs, New Mexico.—Big Lake Wildcat.

**Texans Are Under False Impression About The Poll Tax**

State Democratic Party officials are most concerned that Texas voters are under a false impression that they no longer have to pay their poll tax in order to be able to vote in the 1966 elections according to Will D. Davis, Chairman of the State Democratic Executive Committee.

"Nothing could be further from the truth," Davis said. "A poll tax receipt or a valid exemption is still the only 'legal tender' acceptable as an admission ticket into the voting booths of Texas."

The three federal judges who will decide the U. S. Department of Justice law suit to abolish the poll tax in Texas as a requirement for voting also have admonished Texans that they had better pay the \$1.75 poll tax levy before the January 31st deadline if they desire to vote this year according to Richard E. Preston, Democratic County Chairman for Schleicher county. Mr. Davis said that the judges have indicated that no final decision is probable for several months.

Payment of poll taxes for federal elections is no longer required, but poll tax payments for state and local elections are still necessary. All statewide officials, the Governor, the Lieutenant Governor, the Attorney General, the Justices of the Supreme Court, one of the three judges of the State Court of Criminal Appeals, the State Comptroller, the State Treasurer, the Agriculture Commissioner, the Land Commissioner and one of the three members of the Railroad Commission are to be elected in 1966. In addition to these offices, due to the redistricting accomplished by the 50th Texas Legislature, all seats in the Texas Senate and House of Representatives will be up for election during

the primaries and general election of 1966. In addition to these state-wide and district offices, many other district and county offices must be filled this year.

Failure to pay the poll tax before the January 31st deadline will disenfranchise any voter from participating in the election of state, district and county officials. Partial qualification as a voter is possible through the obtaining of a "Poll Tax Not Paid" certificate, with which the holder may vote only for the offices of U. S. Senator and U.S. Representative in the elections of 1966.

**Our WASHINGTON Letter**

By Congressman O. C. FISHER

The President's State-of-the-Union message was reassuring in some respects, but rather vague and ambiguous in others. He told the world that we will remain in Vietnam "as long as aggression commands us to battle." But if peace does not come, he gave no hint of what steps may be taken to make greater use of our superior military power in order to achieve victory. Perhaps that will come later.

The message apparently assumed the war will end or be reduced. Military outlays for next year—beginning in July—were estimated at \$58.3 billions. If the war is stepped up, as is likely, the cost will substantially exceed the estimate.

But all State-of-the-Union messages are full of assumptions and hopes, and nearly always underestimate deficits. A year ago, for example, it was assumed the deficit for this fiscal year would be on the order of three or four billions. Actually it will be about \$8 billion. On the domestic front, the President called for increases in the Great Welfare Society programs, including a new Department of Transportation which would facilitate movement of federal funds into local transit deficits. We already have an Interstate Commerce Commission to handle the nation's transportation problems, but with no authority to dole out money to local communities.

**Iraan Hospital Ups Rates For Room Charges**

Room rates for Iraan General Hospital will be increased effective Jan. 15.

The rate increase will be as follows: Private room with full bath from \$16 to \$20 per day; Private room adjoining bath from \$14 to \$16 per day; Private room without bath from \$12 to \$15 per day; Semi-private room (two beds in room) from \$10 to \$14 per day.

This increase in room rates is being made in an effort to try to off-set the financial loss the County suffers as a result in operating and maintaining the hospital.

The above new rates are in line with other hospitals in the area. The cost of other medical treatment such as medicine, X-Ray, laboratory and other services will not increase.

Iraan General Hospital experienced a \$36,630.91 loss for 1965. In order to correct the situation, the Pecos County Hospital Board has recommended these rate increases. —Iraan News.

**Muzzleloaders Vote To Headquarter At Brady**

About 100 officers, directors and members of the Texas Muzzleloaders Rifle Association met Saturday in Brady to canvass proxy votes on moving the headquarters of the organization to Brady.

Over two-thirds of the votes cast were in favor of the move. The club requested and received a 20-year lease with a 20-year option. The property leased is on the east side of the spillway at Brady Lake.

President R. Wiedebush of Muleshoe, said that the club would begin work at the site as soon as bids were received on the covered firing line. In addition, plans call for tables, target frames and storage facilities. —Brady Herald.

A tax increase was called for—this one to restore excise taxes on telephones and automobiles. The Congress will probably be in no mood to undo what it just finished doing—the repeal of the very taxes the President now wants reimposed.

The message plugged heavily for the Negro bloc vote. To placate the more radical demands, it even urged legislation to take away from the states the right to prosecute for ordinary murder—provided the one who was hurt was a "civil rights worker" (whatever that means). This would, of course open a Pandora Box for federal preemption of purely local criminal cases.

One thing is certain: if the Congress tackles all the issues that the President presents, this will not be the short session that had been hoped for.

Grain sorghum producers will be hearing more about hybrid grain sorghums Thursday night (tonight) at the Memorial Building. Grain sorghums TE66, TE66B, TE77, TE88 will be discussed. The forage type or haygrazer will be discussed at this meeting.

The meeting is being sponsored by the Eldorado Wool Company, feed department. Refreshments will be served.

Remember the time and place: Thursday, 7:00 p.m., Memorial Building.

More and more cattlemen in Schleicher county are adopting the practice of creep feeding calves. Creep feeding calves can make a more efficient beef cattle operation if handled right.

Creep feeding is supplementing the grass and milk of unweaned calves with feed not available to the mother cows.

In a small herd, the supplemental feed can be given to the calves while they are separated from the cows for a few hours each day. But, in most cases it's best for the calves to have access to feed at all times. This can be done with a self-feeder placed in a lot that will keep older cattle out, but has openings the calves can pass through.

Creep feeding adds weight and finish—and calves may grow more uniformly in size and condition with less shrinkage at weaning time.

Cows may not lose as much weight during the nursing period and creep feeding serves as a market for home-grown feeds. Many times creep-fed calves will sell for a higher price than calves not creep fed. All of these advantages will vary according to the type of calves produced.

But, creep feeding has some limitations, too. Extra equipment and labor are required and hogs, sheep or goats cannot run in the same pasture with a creep feeder. Calves nursing good milking dams while grazing a nutritious green pasture may not respond to creep feeding.

But it will pay ranchers in many cases to consider creep feeding.

It's good to remember that all soft soap has a high percentage of lye in it.

Health insurance for a penny a day! Such a plan is operating and each of us is automatically covered. It isn't labeled health insurance, but it assures us of a wholesome supply of top quality meat and that's pretty good health insurance.

The reference is to the U. S. Department of Agriculture's Meat Inspection Service which is responsible for inspecting all meat passing into inter-state commerce. Specially trained inspectors are on the lookout at all times to make sure the meat is good wholesome food and safe for us to eat.

Nationally, over 400,000 animals are inspected each day. Almost 85% of all animals slaughtered for meat are slaughtered under federal inspection. In addition, 65% of the processed meats has been inspected.

The meat inspection service has its identification mark and it is easily recognized. The stamp which is placed on all inspected meats is a circle inside of which is the statement, "U. S. Inspected and Passed."

This health assurance comes to us at a very attractive cost. We don't pay it directly, but indirectly through taxes. The USDA reports its meat inspection service costs less than one cent per day per person.

For this penny we get a lot of health assurance and peace of mind, and have few worries concerning safety in our meat eating. In fact, we seldom give it a thought—but it's another of our terrific food bargains.

What this country needs is a good 5-cent anything.

When outside temperatures drop indoor fire dangers rise.

National Fire Protection Association records show that cold weather always brings an increase in destructive fires.

Heating systems get a lot of credit for the fires. When they are pushed hard in cold weather, any weakness in the equipment or installation may show up—sometimes with disastrous results. And any faulty practices in using and fueling heaters, especially portable kerosene units, means trouble.

heaters need a periodic cleaning and check-up. Likewise, flue pipes should be kept clean, free of holes and weak spots, well-supported and away from combustible materials. They should be spaced far enough from nearby surfaces to prevent overheating. Check stove or brick chimneys for cracks and loose bricks; furthermore, a yearly cleaning is a must.

Keep portable heaters out of halls and away from doors or stairs where they might block escape. See that they are not placed too near curtains, clothes racks and other combustibles. Moreover, don't buy heaters which are easy to tip over.

**Notice to Parents of School Age Children**

The school census for Schleicher County is now being taken. All children who are six years old on or before September 1, 1966, but will not be 18 or older on or before that date should be counted in this census. It is important that all children 6 to 18 be counted in this census. The child should be counted even though he may not be in school and even though he may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31, you are being overlooked and should contact one of the following school principals:

**State Sen. Snelson Asking Re-Election**

PETE SNELSON

State Senator W. E. (Pete) Snelson of Midland officially announced recently that he would seek re-election to a second term in the Texas Senate in the Democratic primary on May 7.

The redistricting act passed by the 59th Legislature resulted in considerable shifting of district boundaries and makes it necessary for all 31 districts to be subject to the 1966 elections.

"I now represent a majority of the people placed in the new 25th district and I am delighted with the opportunity of representing all the people in all areas of the new district," said Snelson.

"I greatly appreciate the many friendships which I have already established by personal visitation in Eldorado and Schleicher county and I look forward to meeting many others during my person-to-person campaign."

Senator Snelson formerly represented Midland, Crane, Pecos, and Upton counties in the Texas House of Representatives and now represents a Senate District of more than one-half million West Texans in an area from Midland-Odessa to El Paso.

In the Senate, Snelson is vice-chairman of the committee on Cities, Counties and Towns; and a member of the Committees on Finance; Oil and Gas; Insurance; Water and Conservation; Agriculture and Livestock; Military and Veterans Affairs; and Legislative, Congressional and Judicial Districts.

Born into a pioneer West Texas farm and ranch family in Ward county, Snelson is now active in the business affairs of the area as a partner in Womack-Snelson Advertising Agency of Midland, Odessa and San Angelo.

Snelson, a former vice president of Odessa College, views education as the continuing number one challenge facing Texas and he stressed his strong desire to continue working toward improvements in our entire educational system. Snelson pointed to his background of ten years as a teacher and administrator in high school, college and junior college as vital qualifications in playing a lead role in the search for ways to improve our products and to achieve more educational value per hour of time and dollar cost.

"Another area which must have close attention of the next legislature is the crime rate in Texas which is increasing six times as fast as the population," said Snelson. "Provisions in the code of

criminal procedure which hamstringing law enforcement and coddling the criminal must be changed and we must actively promote and encourage better pay for officers of the law."

Continued development and protection of water resources was pointed to as another area of great concern for West Texas.

Snelson is a Purple Heart veteran of World War II, during which he served three years in the U. S. Army, including 18 months in Europe. He saw front line action with the 44th Infantry Division, and later served as a Special Agent in the Counter Intelligence Corps.

An active civic worker, Snelson is past president of the Odessa Junior Chamber of Commerce and of the Texas Junior Chamber of Commerce. For his leadership and accomplishments he was cited by the U. S. Junior Chamber of Commerce as "Outstanding State President" in the nation. He is a former leadership training chairman of the Boy Scouts of America and has been a member of the Lions club for the past 14 years.

Snelson received a Bachelor's degree from Texas Western College of the University of Texas and a Master of Science degree from Northwestern University.

Snelson is married to the former Susan Sutton and they live at 2406 Shell Street in Midland with their children Gene, 6; Sandra, 4; and Steven 2. They are members of the Presbyterian church.

"My stand is and always has been for sensible and economical government, local, state and national, with primary controls at the local level," said Senator Snelson. "In this connection it is vitally necessary that states responsibilities be teamed with states rights; we must actively and courageously face up to the problems which confront our rapidly growing state."

**Nelson Receives Masters From East Texas State**

Commerce.—A total of 254 East Texas State University students will receive degrees during the mid-winter graduation at 10 a.m. Tuesday, Jan. 25, in the University Auditorium.

Candidates for the bachelor's degree have 197 listed on the registrar's rolls. Fifty-six master's degree candidates are listed along with one doctoral candidate.

University President Dr. James G. Gee will deliver his remarks to the graduating class to open the program, followed by the presentation of diplomas.

J. Michael Nelson of Eldorado is a candidate for a Master of Science degree. Mr. Nelson teaches math in the Eldorado schools.

**Reynolds H. D. Meets With Mrs. B. J. Reynolds**

The Reynolds Home Demonstration club met with Mrs. Billy Jack Reynolds with 10 members and one visitor, Mrs. Frank Williams, and the agent, Mrs. Kreklow, present.

Mrs. J. Tom Williams called the meeting to order and Mrs. Bascom Hartgraves installed the new officers: Mrs. H. A. Belk, pres.; Mrs. Wayne Mikeska, vice pres.; and Mrs. B. J. Reynolds, secretary-treasurer.

Mrs. Hartgraves was appointed recreation leader and Mrs. Williams as reporter.

Mrs. L. E. Lloyd gave the council report.

The program was on selection and care of rugs. There have been great strides made in the rug industry. Many new kinds have been introduced on the market. Some are suitable for porches and walks. There are also rugs for the bathroom that won't mildew and can be mopped. The backing for rugs are important too. All rugs should be selected with quality, fiber and care in mind. It is always wise to deal with a reputable firm. While looking for a rug it may be well to remember, "The deeper, the denser, the better."

The big 3 of carpet fibers today include: wool, nylon, acrylics and madaerylics.

The next meeting will be Feb. 15th with Mrs. Cecil Williams. All members are urged to be present. —Rep., Mrs. J. Tom Williams.

**Com. Court At McCamey May Call Bond Election**

The Upton County Commissioners Court has set January 20 as the date they will canvass the signatures on petitions calling for a \$594,000 bond issue. Upton County Judge Allen Moore said the Commissioners Court will canvass the petitions after Nancy K. Daugherty, Upton County Clerk, has qualified the signatures.

The petitions calling for a total bond election of \$594,000 was presented to the Commissioners Court by members of the McCamey and Rankin Hospital Boards. The proposed bond election slates \$350,000 for a new 29-bed hospital in McCamey and \$244,000 for additions and improvements on the Rankin hospital. —McCamey News.

**Miss Meador Bride Of Airman Lipsett**

In a ceremony Saturday in Emmanuel Episcopal Church in San Angelo, Miss Sarah Kate Meador became the bride of Airman 1.C. Dale F. Lipsett of Goodfellow Air Force Base.

Parents of the couple are Mr. and Mrs. Cecil Meador of this county, and Mr. and Mrs. Michael F. Lipsett of Minersville, Pa.

The Rev. Dr. Morris F. Elliott, rector, officiated. Mrs. Ray Orrick was organist.

Mrs. Lipsett wore a gown of yellow and white brocade with bell-shaped skirt.

Honor attendants were Miss Trudy Tomeraesen and Airman 1.C. John P. Ferriere of GAFB. Ushers were Airman 2.C. Thomas Ellis, also of GAFB, and Tom Meador, the bride's brother.

The reception was in the church parlor. After a trip to Fredericksburg, the couple will at 2009½ W. Ave. J in San Angelo.

Mrs. Lipsett, a graduate of North Texas State University with a bachelor of science degree, has attended the University of Hawaii and the Instituto Allende in San Miguel de Allende, Mexico.

The bridegroom, stationed with the United States Air Force, was graduated from Minersville High School.

**Applications Taken For Crippled Childrens Camp**

Applications for a summer vacation full of fun for handicapped children in the Eldorado area are now being accepted by members of the Eldorado Lions Club.

This unique Texas Lions Camp for Crippled Children at Kerrville will open its first two-weeks session Sunday, June 5, 1966. Five sessions will be held this summer for youngsters from seven through 16 years of age.

The Camp is free to eligible blind, deaf, mute or crippled children. Transportation to and from the Camp is supplied by the local Lions. All requests for summer camp are handled locally by Lions.

For more detailed information about the Camp, you are urged to contact Charles A. Wimer or Curtis T. Humphries of the Eldorado Lions Club.

Mr. Wimer's residence phone is 853-2947. The Lions Club Business Phone Number is 853-2853.

In the past years, Lions have sent over 8,000 youngsters to the Camp.

**Exciting news from FRIGIDAIRE ELECTRI-CLEAN OVEN!**

From dirty... to clean AUTOMATICALLY

**NO MORE MESSY CLEANING**

50 years of building for a better tomorrow

**F GOLDEN 50 ANNIVERSARY**

**Q. What happens to the dirt?**  
A. The Electric-clean oven heats up to about 900°. At this temperature oven soil is turned into a loose ash and vapor. The vapor is vented thru a special air purifier.

**Q. How can it clean the racks & drip bowls?**  
A. Frigidaire uses a special heat-resistant porcelain enamel for both the oven liner and cooking unit drip bowls. The racks get cleaned right along with the rest of the oven.

**Q. Is there any hand cleaning left to do?**  
A. Possibly there will be a small amount of loose ash that may remain after cleaning. This can be whisked out easily.

**Q. What about safety features?**  
A. As soon as the temperature rises above broiling heat, oven double-locks itself. It can not be re-opened until the temperature returns to conventional oven heat. Frigidaire uses extra insulation and its electrical system and high heat process are UL approved.

**Q. How expensive is it to operate?**  
A. This full-size oven cleans itself for about the price of a cup of coffee—much less than the cleaning cost of special chemical oven cleaners.

*This unique Frigidaire Range may seem too good to be true. But, true it is and you may see it at your nearest WTU showroom.*

## Mothers March Set For Wednesday

Johnny Griffith, chairman of this year's March of Dimes drive for the National Foundation, announced this week that the traditional Mothers March will be held this coming Wednesday evening between the hours of 6:00 and 7:00.

Area chairmen for the town of Eldorado are Mrs. Jo Ed Hill, Mrs. Damon Wagoner, Mrs. Ronnie Sauer, Mrs. Mary Hernandez and Mrs. Verna Griffith. Each of these is responsible for providing canvassers for her part of town and they will make effort to call on every house in Eldorado during the hour-long drive Wednesday.

The drive for the March of Dimes has been going on all during this month of January, and Mr. Griffith reports that some contribution checks have been mailed to him, and about 60 children were given pony rides last Friday for the cause.

Anyone who has not yet done so may mail a check for the March of Dimes to Mr. Griffith, or hand it to the Marching Mother who calls on you Wednesday.

"We really ought to call it the 'March for Children,'" Mr. Griffith continued.

"The Mothers March always has been for children," he explained. "In the beginning, it was to make it possible for them to live free from the fear of polio; now, to secure for them the best chance for normal development from even before the time they are born."

"It's hard to believe how many don't have that chance today," he declared.

The Mothers' March leader noted that a quarter-million babies are born each year with serious birth defects. Thousands of them die before their first birthday. Other thousands survive to spend lives marred by physical disability or mental retardation.

"Tragic news like the birth of defective babies to many of the mothers who contracted German measles during last year's epidemic, serves to dramatize the birth defect problem," said the chairman. "Severe as it is, German measles causes only a small percentage of the hundreds of birth defects which are the targets of the March of Dimes program."

"This program," said Mr. Griffith, "includes a nationwide network of hospital-affiliated centers where birth defect children can receive the best care and treatment available. And while it is providing this assistance to victims of birth defects, the March of Dimes through research grants in this country and abroad is spearheading the search for the means to prevent these conditions."

"Many of us know mothers who had to ask why their babies were not born perfect," concluded the chairman. "We can help spare future mothers that question by giving generously to the Marching Mother."

Turn on your porch light Wednesday evening and welcome the Mothers who march.

## Young Homemakers H. D. Met Last Week

Members of the Young Homemakers Home Demonstration club met last Thursday morning in the home of Mrs. Bill Works, for their January meeting and to install new officers. There were eight members present, with two visitors, Mrs. Billy Collins and Mrs. Dan Becknell.

The new officers being installed were Mrs. Jim Davis, president; Mrs. Tony Cheatham, vice-pres.; Mrs. Don Robinson, sec.-treas.; and Mrs. Ronnie Sauer, council delegate.

Mrs. Jim Davis, president, presided over a short business meeting. The club members presented Mrs. Jimmy Ballard with a going away gift. The February meeting will be in the home of Mrs. Bill Gunstead. The club meets the second Thursday of each month.

Mrs. Vida Krecklow, County Home Demonstration Agent, presented a very interesting program on "Buying and caring for carpet." Topics brought out were knowing the best buy in carpet, types of materials used in the making of carpets and the general construction of carpets; also how much carpet must be bought to cover the floor in just the living room or the whole house. These are some of the things Vida tried to answer, because if you don't know what qualities to look for in buying carpet, you might be unhappy with what you choose. Vida had samples of various types of carpeting and padding to show. I am sure every member returned to their own homes being a little better informed on buying carpets, the construction of the carpets, the materials used, and the care of carpets. — Rep.

Mrs. Arloene Marchant of Seaview, Washington, is here visiting in the home of her brother, M. H. Crabb. Seaview is located on the Pacific coast near the mouth of the Columbia river.

## House Being Readied For Mrs. Olson

P. S. Dudley is in the process of moving in a house from Silver and it is to be mounted on new foundation on the lot just west of the James Williams house in Glendale. Mr. Dudley purchased the lot from Mr. Williams.

The house is to be for the Dudley's daughter, Mrs. P. A. Olson, whose husband, Sgt. Olson, is getting new assignment as gunnery sergeant in the Marine Corps.

The Olson family have been living for some time in Santa Ana, California. They expect to leave from there this Friday, and to be here Sunday or Monday.

Sgt. Olson will report for his new assignment February 1st.

The Olson children will enter the local schools. Mike, 14, is a Freshman, and Pattie Lou, 11, will be in the 5th grade. The Olson family have visited here on a number of occasions in previous years and are well known to many local residents.

It was hoped that the house would be ready for the Olsons by the time they got here, but the bad weather this week has delayed work on the foundation. They will live in an apartment temporarily.

Sgt. Olson is in the Intelligence division of the Marine Corps. The family were stationed in Anchorage, Alaska, two years ago when that city was hit by a devastating earthquake, but they came through unhurt. Sgt. Olson later showed slides he took at a Lions club meeting here.

## Texas To Exhibit \$10 Million Museum At 1968 HemisFair

San Antonio.—The State of Texas exhibit at HemisFair 1968 will be a \$10 million super-museum, tracing the cultural and historical development of Texas from 13 centuries before Christ to beyond the Space Age.

Governor John Connally, who also serves as Commissioner General of the international exposition, enthusiastically outlined plans for an Institute of Living Culture in a press conference at HemisFair headquarters.

"Since the money is coming from all Texans, this exhibit will honor and benefit all Texans and even the nation," he said. The governor will ask the 1967 session of the Texas Legislature to appropriate \$5.5 million to make the permanent institute a reality. This would be coupled with \$4.5 million the legislature appropriated last year for the state's HemisFair exhibit.

The governor indicated he feels the exhibit could possibly "double, if not treble, the number of visitors to the Lone Star State."

He spoke of the institute as a "never-ending construction and creative process to portray the growth and expansion of this state." He mentioned a building or series of buildings of 400,000 to 500,000 square feet, taking up some 10 or 12 acres, and announced the firm of Caudill, Rowlett and Scott, of Houston, as coordinating architects for the project.

The firm has already begun preliminary planning. The governor said: "I have gone beyond, in thought, what it can mean to HemisFair alone, but rather what it can contribute to all Texas for generations. San Antonio, with its rich heritage in this state, is the ideal place for such an exhibit. I have talked to businessmen in Houston and Dallas and, without exception, everyone has said they thought it should be in San Antonio."

The state culture center will consist of multiple wings of specially designed portrayals and reproductions of various aspects of Texas culture. One planned wing will depict the Indian culture of the Southwest, and will be the first comprehensive exhibit ever developed anywhere in the world.

Speaking ardently and without notes, the chief executive said: "This will be more, oh so much more, than just a museum. It is not going to be the dead hand of the past, but the living hand of the future, a show window for the generations to come. The building itself will be creative art. A thing of great beauty, imagination and creativity."

Governor Connally concluded his remarks by saying: "I feel it is one of the most imaginative undertakings I've seen and I am of the sincere belief that it will do great honor to the great people of this great state."

Mrs. Wilford Harris of Henderson, Texas, is visiting her son-in-law and daughter, Mr. and Mrs. Earl Barnett and children this week.

Mr. and Mrs. L. C. Higgins are at home this week after spending two weeks at their lake home on the Lyndon B. Johnson lake.

## State Representative Race Is Now 'Open'

The State Legislature re-districted the House of Representatives last year, and Schleicher county was removed from Jim Nugent's district. Mr. Nugent of Kerrville was our representative in recent years.

Roger H. Thurmond Jr. of Del Rio acquired Schleicher county in his district. He visited here a few months ago and spoke at a Lions club meeting. Now, he announces that he will not seek re-election.

In a letter this week, Mr. Thurmond stated:

"As you recall, the Federal District Court for the Eastern District of Texas ordered the 59th Legislature, meeting in 1965, to redistrict the State of Texas insofar as the districts of the members of the House of Representatives of the State Legislature were concerned. This was accomplished and one of the provisions of that Redistricting Act was the creation of the 65th Legislative District, composed of Concho, Crockett, Edwards, Kinney, Maverick, Menard, Sutton and Val Verde counties.

"I am the only incumbent member of the Legislature residing within the 65th District and I feel that it is necessary and desirable that my plans regarding the approaching primary elections be made known, since the plans of others may depend upon my decision. I do not intend to run for re-election . . .

To have represented the 65th District in the next Legislature would have been a great honor and my greatest regret is that personal and business reasons prevent me from asking the people of each of these counties for their support. I am confident, however, that the man or woman elected to represent the District will be worthy of the job and qualified in every respect. —Roger H. Thurmond, Jr."

So Schleicher county, along with Concho, Crockett, Edwards, Kinney, Maverick, Menard, Sutton and Val Verde counties of the 65th Legislative District now have an "open district" and we will be looking for some new candidates by the time of the February 7th filing deadline.

## Eaglettes Try For 20th Victory

The Eldorado girls, sporting one of their best seasons in recent years, will invade Chief Gym at Lake View, Monday night, seeking their 20th win. This is the final game prior to district competition.

Eldorado beat Lake View in the Eldorado tournament, but the Maidens have lots of spirit and don't like defeat, especially before a home crowd. With these facts in mind and with that big number 20 looming before them, the Eaglettes are set for a battle.

The "B" girls will play first at 6:30 with the varsity contest to follow. The "B" Eaglettes hope to extend their season mark to 5-2 with a victory.

## Crane Bests Eldorado

The Eagles hit 18, 14, 9, 12 points respectively and still lost to the Golden Cranes 75-53 Saturday night.

The first half the Eagles hit for 32 points to 33 by Crane but a great last half by Crane pulled them ahead to stay. Gary Derrick led the scoring with 14, Danny Halbert had 12, and Chris McCravey 11. Donald Rogers did a good job on the boards getting 13 rebounds and 7 points. Joe Phillips was close with 11 rebounds and 6 points. Jay Halbert chipped in 2 points and Rusty Meador 1.

Crane's outside men hit a terrific percentage from the floor despite the efforts of the hustling Eagles. There were fewer bad passes but the taller Cranes would allow the green and white only one shot at the basket during the second half before taking down the rebounds. The Eagles were just out-manned but they played well and did an overall good job against a superior team.

Score by quarters . . .  
Eagles — 18 14 9 12—53  
Cranes — 22 11 17 25—75

## Robbed Of Win

When a team hustles, hits 83% from the free throw line and out-rebounds and outshoots their opponents by 3 baskets the reason for losing must lie with the other human element, the men with the whistles.

The Eagles went down 51-56 to Rocksprings Tuesday night under all the conditions mentioned above. The difference in the outcome was that Eldorado got 6 free shots making 5 while the Angoras were awarded 29 making 22. The majority of fans question the possibility of any aggressive team committing only 4 fouls in a game.

So much for the way it was

called; let's see how it was played.

Surely no one could doubt the desire and improvement in the Eagles. They led 13-9 and 26-21 at the half with all things being equal. Then in the third quarter everyone on the court in green and white got a foul or perhaps two while one foul was called on Rocksprings. This ran the third quarter score to a 43-37 Angora advantage. Despite the fact that all things were obviously not equal, the Eagles didn't give up and they pulled within two points on several occasions only to see a foul add two for the red. Danny Halbert and Chris McCravey both left via the foul route but not before playing a fine game on offense and defense with 8 and 4 points.

Gary Derrick led a balanced Eagle scoring attack with 10 and 13 rebounds and Jay Halbert worked like a trojan on defense and scored 9 on offense. Donald Rogers and Joe Phillips spend most of their time rebounding and as a result pulled in 12 and 16 respectively and scored 8 points each. Jesse Bosmans and Rusty Meador came in at a crucial time in the final quarter and did a fine job with Jesse netting 4 vital points.

Anytime a bunch of boys hustle and work hard at playing they'll foul which the Eagles do, but anyone who stays on the court with them will too.

Eagles — 13 13 11 14—51  
Angoras — 9 12 22 13—56

## Eagles Host District Battle Tuesday Night

The Eagles of Coach Jack Bell could take an important step toward the 8-A East Zone title Tuesday if they can defeat the Sonora Broncos.

The Broncos come into district play with a moderate season record and were champions of the B.C.D. Holiday Tournament. The Broncs were picked in a pre-season poll to win the 8-A title due to the number of experienced returnees and the winning attitude brought on by a successful football season.

Several sportswriters predict that the young Eagles won't have a chance against the tall red and white. Though the Eagles have had some rough spots this season, they will be there hustling and ready to pin an upset on very confident Broncos. The winner will have taken a big step toward the East Zone title.

Big scorers for Sonora are Mike Wuest and Laney Cook. Eddie Howell, Carl Teaff and Bill Glascock hit well from outside. These boys with the exception of Cook are seniors.

For Eldorado, Coach Bell will go with Danny Halbert, Chris McCravey, Gary Derrick, Donald Rogers, and Joe Phillips. Of these, Phillips is the only senior. Scott McGregor may see action after having missed about 10 games with an injury. Jay Halbert, Jesse Bosmans, and Rusty Meador do a good job and will undoubtedly see action.

You can count on it being an exciting game so be sure and be at Eagle Gym for the district opener. The "B" game will be unreel at 6:30.

## Eaglettes Clawed Rocksprings, 51-40

As usual the Rocksprings girls made a game of it but they could not beat the Eaglettes as Eldorado won 51-40. Actually with the exception of a few, Eldorado did not play as well as they have at other times this season. For instance, the girls hit only 32% from the floor whereas they usually tally around 40%. However, the free throw line looked good as they hit 17 of 21 for 81%. Had it not been for free throws the Angoras would never have been in the game. Eldorado took a 12-8 lead and at half-time it was 26-21 with 11 of Rocksprings' points coming on charity tosses.

Chris Edmiston drew four fouls the first half but played an excellent game in the last half to net 14 rebounds and never get that fifth foul. Sherry Yates came in and drew in 7 rebounds and played a beautiful floor game. Jane Cain had 6 rebounds and was consistent as always in bringing the ball down rebounding and hounding the opponents. Shirley Hubble had 2 rebounds. The defense had some difficult spots but they played well over all.

Karen Griffin played one of her better games hitting 28 points on 8 of 10 free shots and 10 baskets. Karen was on target from outside as well as on lay-ups. Marsha Mund had a somewhat cold night as she made only 5 of 19 attempts from the floor. However, despite this she made 17 points which included 7 of 8 free throws. Susan Hill made 4 and Libby Preston 2 to round out the scoring.

The girls have no game this week end, but go to Lake View Monday.

Eldorado — 12 14 12 13—51  
Rocksprings — 3 13 7 12—40

## Eagles To Ozona At 6:00 Today, Tourney

The Eagles of Coach Jack Bell will meet always powerful Abilene Christian High School the first round of the Ozona Tournament Thursday evening (tonight) at 6:00. If the Eagles win it they will play the Junction-Van Horn winner at 6:00 Friday. Should the Eagles lose their opener then they play the Junction-Van Horn loser at 11:00 a.m. Friday.

Other teams participating in the tournament are Wall, Sanderson, Miles, Ozona, Iraan, Christoval, Sonora, Norton, Rocksprings, Big Lake, Ozona "B", and Mertzon.

Consolation finals are set for 6:00 p.m. Saturday, third place at 7:30 p.m., and finals for 9:00 p.m. Saturday.

This tournament will be the final preparation for the district opener with Sonora, Tuesday, January 25 at Eagle Gym.

## Eaglettes Back In Win Column, 50-20

The talented Eaglettes of Coach Jack Bell chalked up their 18th win Friday night against a single loss as Eldorado demolished Del Rio 50-20.

Although everyone played considerable time it was obvious that Eldorado was too much for the Wildkits as they jumped to a 14-4 first quarter lead on the quick 8 points of Libby Preston. The second quarter was led by Karen Griffin as she dumped in 7 with assistance from Susan Mobley, Susan Hill, and Marsha Mund. Half-time score stood at 29-7. In trying to let everyone play it keeps anyone from looking particularly good; however, it was obvious that Karen was back to her form as she hit well from the floor and made 5 of 8 at the charity line. Karen ended the night with a 15 point total and Marsha who set up numerous scores on her passes tallied 12. Libby Preston connected for 9 points and Susan Hill had 8. One came only seconds before the first half buzzer about 25 feet out. Susan Mobley totaled 4 points and Marsha Sue Page 2.

The team free throw percentage dropped to 53% as the girls hit 10 of 19.

Defensively, Chris Edmiston and Jane Cain both played well getting 10 and 9 rebounds respectively. Also in there doing a good job were Beth McCalla, Shirley Hubble, Sherry Yates, Nancy Jurecek, and Joan Doyle. This group of guards held Del Rio to less than ten points in every quarter.

Scoring . . .  
Eldorado — 14 15 10 11—50  
Del Rio — 4 3 6 6—20

## Student To Preach At Presbyterian Church

Jeff Bean, senior student at the Austin Presbyterian Theological Seminary in Austin, will be guest pastor at the Eldorado Presbyterian church on Sunday, January 23.

Bean received a bachelor of business administration degree in 1959 from Lamar College. Before entering the Seminary, he was employed by Dupont Chemical Company as an electrician.

He was a student pastor at the First Presbyterian church, Dickinson, during the summer of 1965.

Bean and his wife, the former Clara Mae McGill of Orange, have four children. Bean is a member of the Drake Memorial Presbyterian church, Orange.

## Woody Mason Candidate For Judge At Ozona

First candidate to seek the post as Crockett County Judge in the 1966 elections made his announcement for the office last week.

Woody Mason, Ozona automobile dealer and resident of Ozona nine years, announced that he would be a candidate for the office, held until recently by the late M. Brock Jones who died suddenly of a heart attack following an auto accident near his ranch east of Ozona. The office is being filled at present by the late judge's widow, Mrs. Brock Jones, under appointment by the Commissioners Court. —Ozona Stockman.

Mr. and Mrs. Jack Ratliff of Roswell, N.M., were here last Sunday to visit their father, J. L. Ratliff, Mrs. Ratliff, and other relatives. Others from out of town visiting them last Sunday were Mr. and Mrs. Lee Faulk and children, Janice and Cheryl, of Dallas, and Mr. and Mrs. Curtis Smith of San Angelo.

## New Babies

Born, to Mr. and Mrs. Eugene Bradshaw, on Thursday, Jan. 13, a boy. He weighed 6 lbs. 15 oz., and has been named Claude Eugene Bradshaw III. The couple have another child, Janet, age 4. Grandparents are Mr. and Mrs. Walter Powell and Auta Mae Bradshaw.

## Lions Have Program On March Of Dimes

Sid B. Stevenson of Angelo State College brought the program on the March of Dimes as the Lions club met yesterday at the Memorial Building.

Mr. Stevenson discussed the work on the National Foundation, which was long known for its work with polio, but which has now shifted its emphasis to birth defects and arthritis. He showed a 14-minute film, "An Extra Measure," which was put out by the National Foundation.

Mr. Stevenson was introduced by Johnny Griffith, program chairman for this month, who is also county chairman for the March of Dimes drive under way. It was pointed out that Schleicher county raised \$613 in last year's drive.

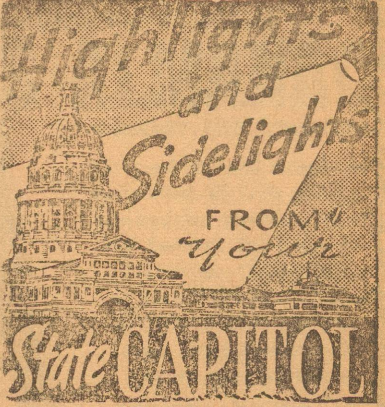

Ray Boyer presided at the business session. He appointed Lions Charles Wimer, Ed Meador and Dick Preston to work out details for selecting local nominee for the queen's race to be held at the district Lions convention later in the Spring.

It was announced that the club will stage a ladies' night the evening of Monday, February 14th.

Guests were Clarence Casey, Lee Sanders, and Bobby Barber, all of San Angelo. A. G. McCormack was awarded the "friendly dollar."

Mr. and Mrs. Granvil Hext visited relatives at Brady last week end.

Mr. and Mrs. Marvin Logan of Sonora visited Mrs. L. T. Wilson last Sunday.

## Battle Front Inspection

William H. Crook, Southwest Region director of the Office of Economic Opportunity, is making a tour of the state to inspect the success of the War on Poverty.

He is accompanied by Walter Richter, state OEO director appointed by Governor Connally to act as liaison between the federal office and the state in the poverty war.

## Attorney General Opinions

Attorney General Waggoner Carr has held that:

—A court may, without jury intervention, and upon finding a defendant guilty of a misdemeanor, place the defendant on probation if all other requirements of the misdemeanor probation law are met.

—Where a commissioner's court changes the boundaries of the precincts, to become effective Jan. 1, 1967, the precinct residence requirement for running for county commissioner in the 1966 elections is to be determined with reference to the boundaries as they will exist.

In another opinion, Carr clarified requirements for paying witness fees under the new code of criminal procedure. Legislature has appropriated funds for payment only in felony cases.

## Federal Projects Approved

Six new Operation Head Start projects and four program development grants under the Community Action Program of Economic Opportunity Act received the governor's approval.

Head Start projects approved were Lockett Rural High School, Vernon, \$7,713; Whitharral ISD, \$19,173; Uvalde ISD, \$28,145; Detroit School District, \$29,744; Snyder Consolidated ISD, \$20,478; and Lasara ISD, \$26,481.

Program development grants went to Community Council of Starr county, Rio Grande City, \$20,500; Community Action Inc. of Hays county, San Marcos, \$16,877; Shelby County Community Action Program Inc., Center, \$22,748; and Palo Pinto Community Service Corp., Mineral Wells, \$13,359.

Sen. John Tower announced U. S. Office of Education's approval of projects to provide supplementary educational centers in Alpine, Burleson, Canyon, El Paso, Houston, San Antonio and San Marcos. Amounts of grants are yet to be determined.

## Aid Given To Study

State Bar of Texas received \$5,000 from Houston Endowment, Inc., a philanthropy of the late Mr. and Mrs. Jesse H. Jones. Gift will aid in the Bar's study and revision of the Texas Penal Code.

Funds will be used to employ a part-time director; a number of student assistants who will aid in the research; and a minimum of secretarial services.

No target date has yet been set for completing the Penal Code revision. But it probably will be ready for consolidation by the 60th Legislature in January, 1967.

Last Week . . .

## September

16.—Firemen are still talking about their experience Sunday night when fire destroyed the home of Pete Tanguma in the Mexican district of Eldorado.

The fire alarm sounded about 8:00 p.m., but the house was on fire all over and burning fiercely when the men got there. Some firemen were up close pouring water on the blaze when a terrific explosion occurred.

"It blew straight up, not out," explained a fireman, and threw flames and burning embers over a block-size area. "None of us up close were burned; it went over our heads, but we all ran like hell."

After the usual slow start, cotton began moving somewhat faster to Mikeska Gin here in Eldorado this week.

Monday saw 27 bales processed, and early Tuesday morning the gin passed the first 100 mark.

W. G. Godwin and Mrs. Vida Krecklow, Schleicher County Extension Agents, and the San Angelo Social Security Office invite you to attend a talk on the 1965 amendments to the Social Security Act including "Medicare."

23.—A new wildcat to test for gas and oil got under way Tuesday when a derrick went up a short distance east of the football field.

The prospector is Tenneco Oil Co., No. 1 T. P. Robinson and will be a deep test.

The Schleicher County Chamber of Commerce is assembling some 25 local citizens today for an informal seminar dealing with future possibilities for Eldorado and Schleicher county.

Glenn Biggs, a native of Eldorado and son of Mr. and Mrs. Ben Biggs, initiated the meeting and has arranged for a group of State dignitaries to be present and have a part in the seminar.

Schleicher county has men and equipment at work this week paving three blocks of West Street between the high school gymnasium and the Mertzon highway.

30.—About 30 people enjoyed a conducted tour of El Dorado Woolens last Thursday followed by a dinner served in the patio and then moved to the high school auditorium for an informal meeting dealing with future possibilities for Eldorado and Schleicher county.

The building at one time known as Vernie Humphrey hardware, but lately owned by Carroll Ratliff, changed hands again last week. New owners are Mr. and Mrs. M. E. McEwen, proprietors of Friendly Wash laundry, who this week have been preparing the place for their coin-operated laundry machines.

Southwest Motor Transport, the freight line serving Eldorado is setting up a warehouse here to improve their services in anticipation of increased business.

Recently the Texas-Arizona line also served this territory, but their line here was discontinued when the company sold out to a Northern line.

## October

7.—Critical test for Eldorado Eagles who were scheduled to meet Big Lake on Friday.

Rev. C. M. Nyquist, 61, former pastor of the First Methodist church in Eldorado, died at his lake home near Burnet Thursday morning, Sept. 30th, following a

sudden heart attack.

By the time this paper reaches our readers there will have been at least 1,000 bales processed at the Mikeska Gin. The figure stood at 987 bales shortly after noon on Tuesday.

Rains during the previous 24 hours had slowed down the harvest and the gin at that time was having a problem with some cotton which was wet.

Mr. and Mrs. Ross McAngus have purchased the Wiedenmann lots between the Sammy Dannheim and Guy Whitaker residences. The McAnguses have announced plans to erect a house on the location in the future.

Billy Bruce has purchased the Mittel house in the east part of town. The house was formerly the parsonage for the Fundamental Baptist church.

Guadalupe Garza Tanguma, 29, dropped dead while at work Tuesday afternoon on a road construction job east of Eldorado.

Tanguma, who drove a roller, had paused for a drink of water when he collapsed of an apparent heart attack at about 3:15 p.m.

14.—At their meeting Monday, the County Commissioners voted to enlarge the County Park area in the west part of town by purchasing the half-block of land which fronts on the airport road and is across the street from the Fred Gunstead (former John Davis) residence.

In a 24-hour period ending Wednesday morning, Mikeska's Eldorado Gin processed 125 bales of cotton, bringing the season's total to 1520.

The Success office printed the ballots for the November 2nd Amendment Election during the week end and delivered them to the court house.

21.—With the deer season opening Saturday, Nov. 13, slightly more than three weeks away, Game Warden Bill Works reports that Schleicher county's deer population is better than ever. His surveys reveal bucks with large horns, good condition, and larger than usual. He also reported that the fawn crop this year was practically 100 per cent.

Except for visitors dropping in at the office to engage in bull sessions, all was quiet on the cotton gin grounds Tuesday, and the total bale number stood at 1902.

Several bales had arrived on Sunday and these had been ginned out Monday morning. Skies continued clear and fields were rapidly drying up. George Mikeska said he expected a few loads to come in Wednesday, and if weather continued clear, the gin would be running full blast again by this week end.

Rains which fell here Sunday night ended three days of high dust-blowing winds which had created endless clean-up problems for housewives and merchants. It ended, too, a long dry spell which was causing concern for small grain and pastures in general.

28.—At 9:00 o'clock Wednesday morning the local gin was running full blast, with a total of 2345 bales processed at that time.

Cotton is coming in steadily as clear weather continues and the gin is running usually until midnight to keep up; turning out better than 100 bales per day.

The annual Halloween Carnival will be held this Saturday evening at school, and will be the main money-raising project of the Fall for the Eldorado unit of the Parent-Teacher Association.

Latest result of the increased traffic over our east-west highways is that the Java Junction cafe now stays open all night. Shorty and

Mozelle Taylor, the proprietors, started the practice the first of September.

Voting on 10 amendments comes up next Tuesday.

## November

4.—Schleicher county voters went along with the rest of Texas in the special election Tuesday in rejecting the proposed amendments to the State Constitution which would have provided four-year terms for the Governor and other top state officials, and for State Representatives.

Eagles traveling to Sanderson for their last football game of the season.

With a total acreage of 6500 acres, Schleicher county cotton farmers will be required to gin 3250 bales this year to come up with a county-wide average of one-half bale to the acre.

The yard here is full of loaded cotton trailers each day waiting to be ginned. Working 'round the clock Mikeska Gin is turning out over 100 bales a day and late Tuesday night had passed 2835 bales processed. By the time this paper reaches its readers the total here will pass the 3,000 mark.

11.—All set for opening of deer season Saturday; many hunters expected from out of county.

Football season closed for Eldorado.

Rain delays cotton picking over area.

If you want to take in one final H. S. football game, go to Big Lake tomorrow night where the Owls will try to topple the undefeated Sonora Broncos, who already have cinched district championship.

18.—Deer hunting off to modest start; unusually warm weather is given as the reason.

Joe Christian, founder of the woolen mill in Eldorado in 1939, this week retired from the institution to devote his full-time to farming and ranching at his place east of town.

The annual Christmas party for Schleicher county school children, given by local Legionnaires, will be staged at the Memorial Building the evening of Thursday, Dec. 16.

The rain that came early Monday morning, Nov. 8, caused a temporary halt in cotton gathering, and damp, foggy morning since that time further slowed down the process.

But even so, the gin has been processing from 25 to 30 bales a day and the total on Wednesday morning stood at 3304 bales—an increase of about 300 in the last 10 days.

Rev. Claude Cogswell has tendered his resignation to the First Christian church here in Eldorado, after serving as pastor for over two years.

The Cogswells are making arrangements to move back to Colorado City where he will serve as curator for a community museum. He is retiring from the active ministry.

25.—Robert Flutch of Fort McKavett, driving a '63 Chevrolet pickup, was badly injured when he side-swiped a Haley truck about 12 miles east of Eldorado Monday afternoon on Highway 29. Flutch had his arm out of the window when he sideswiped the big truck and his arm was terribly crushed, up to the elbow.

J. F. Kinser, 87, long-time Schleicher county stock farmer, died at his home in Eldorado at 2:00 p.m., last Thursday following a long illness. He would have observed his 88th birthday Monday.

The unseasonably warm weather being experienced now is beginning to present a serious problem. Winter small grain is badly in need of moisture as well as range grass. Some ranchers are already beginning to fear they will be faced with heavy feed bills.

It's too warm for good deer hunting and too warm for cotton defoliating.

## December

2.—A warm pleasant Thanksgiving Day was followed by a long expected cool front which so far has produced no precipitation. Last Friday ushered in a norther with high riding dust storms and Sunday night saw a distinct drop in temperature.

Funeral services for Henry Landon Turnbow, 90, of 2023 Pecan in San Angelo, a Schleicher county employee 30 years and father of Eldon T. Turnbow of San Angelo, were held in San Angelo followed by interment in the Eldorado cemetery.

Success carries pictures of large road signs erected at intersection of Hwy. 29 and 290 some 90 miles west of Eldorado.

In recent proceedings, the Schleicher County Commissioners increased the salary of the County Health Officer to \$200 per month, effective Nov. 1, 1965. That position is currently held by Dr. Ernest F. Vernezobere.

9.—Five workers employed by the County of Schleicher, who are over the age of 65, are to be relieved of their duties as of January 1st, according to action taken by the Commissioners Court in a

special meeting on November 29.

Telephone subscribers in Eldorado and Schleicher county served by General Telephone Co., received written notice last week of new numbers to be used beginning Wednesday, Dec. 15.

The usual capacity crowd is expected to fill the school auditorium Monday night when Mrs. Teele's choral groups present "The Nutcracker Suite."

Mrs. Rose Lyon of Forest Lake, Minnesota, arrived at Mathis Field Saturday afternoon where she was met by her brother, Fred Gunstead, with whom she will make her home during the winter.

16.—School will turn out this coming Wednesday, December 22, at 2:30 for the Christmas and New Year's holidays. The coming week will be a busy one for students and teachers.

The girls' basketball team will host a tournament Thursday thru Saturday.

"Smooth" was the word used to describe the cut-over of the new telephone office in Eldorado Wednesday morning by telephone officials. The new equipment was cut in service at 9:30 a.m., with no specific problems encountered. At the time of the cut-over, a new seven-digit numbering plan went in effect.

Mikeska gin was "firing up" and getting ready to run at 9:00 o'clock and there were 16 bales on the yard, making a season total of 3,600. More trailers were expected to arrive during the day, but low-hanging clouds were presenting an ever-present threat of rain which would halt stripping.

Mikeska said there was no telling when he'd get the last bale.

23.—Christmas edition closes year for Eldorado Success.

The Jr. High and High School parties were held Tuesday night at the Memorial Building, which was beautifully decorated in the Christmas Holiday theme.

At their meeting Tuesday night, the trustees of the Schleicher County Independent School District called for a bond election for Saturday, January 15th, in the amount of \$175,000.

This election has been in the talking stage for some time and is for an overall improvement program of school properties.

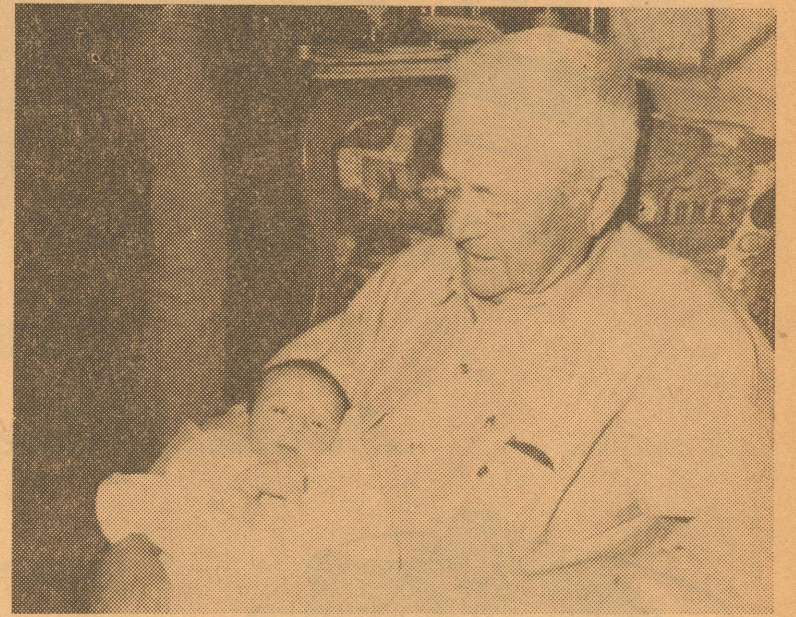

After being fractured and acidized early this week, the Mallard No. 1 McWhorter well has kicked off and has been flaring with a

strong flow of gas. Unofficial estimates rate the well at from 8 to 10 million cubic feet.

This well is located a short distance beyond Eldorado city limits and is on a half-section block which includes a large number of city lots.

Last Wednesday morning the gin total was 3600 and yesterday morning it was 3626. Seventeen of these bales were turned out Tuesday.

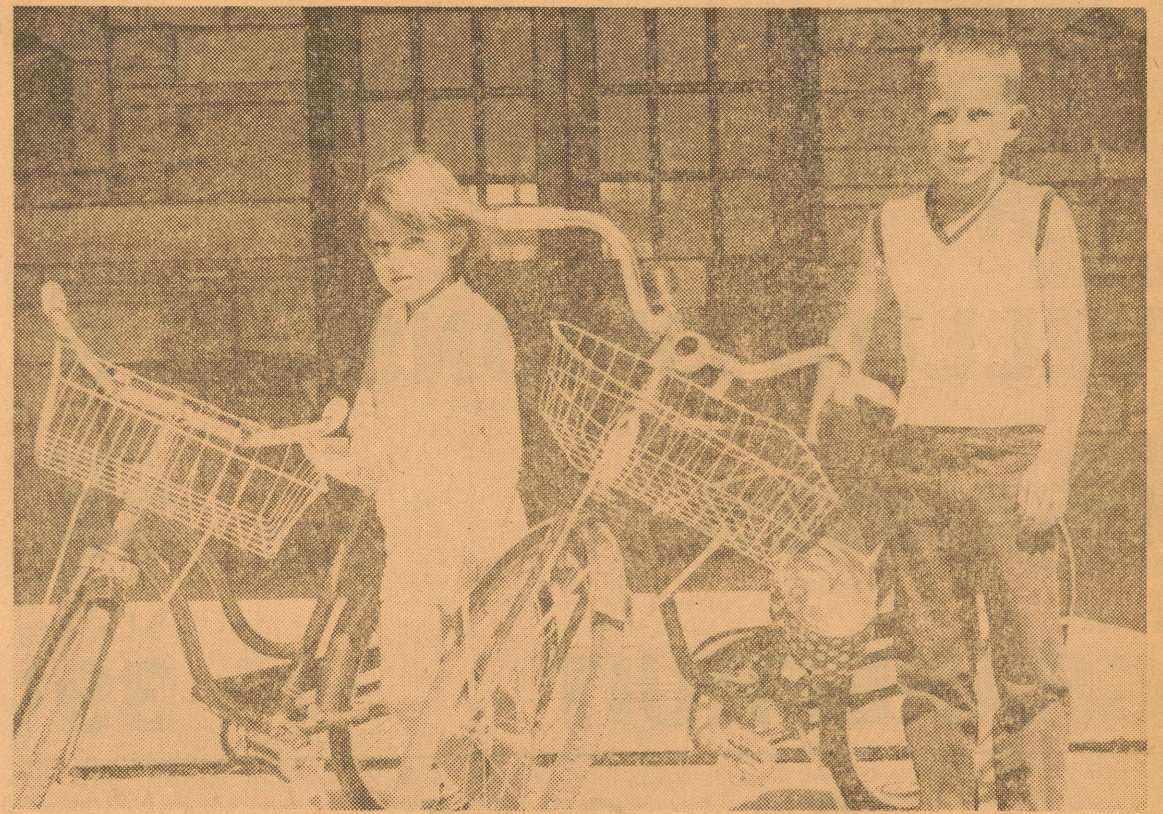

There is still some more cotton to come and it would come in quickly if there were a week of dry weather.

ROBERT NIXON is shown with his first great-grandchild, Randall James Runge, son of Mr. and Mrs. Dick Runge. The baby was born Feb. 27, 1965, and was the first grandchild for Mr. and Mrs. Andy Nixon and Mrs. J. F. Runge.

JAMES MIKA is shown receiving the traditional gift of a hat for bringing in the first bale of cotton early last Fall. County Agent W. G. Godwni makes presentation.

CYNTHIA RAIBOURNE AND ALAN HALL had the best-kept bicycles as Lions Club staged a Bicycle Inspection Day late in August. About 35 bicycles inspected.
