65TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936) Thursday, January 27, 1963

NUMBER 4

Funeral Held Sunday
For Bert Page, 81

Funeral services were held Sunday afternoon at 2:00 in the First Presbyterian Church here in Eldorado for Bert Page. Mr. Page, retired ranchman and oil-man, died Friday in Brady Hospital where he had been confined since last Spring. His death came at 81.

The Rev. Dan Sebesta officiated at the funeral, assisted by Dr. B. O. Wood of San Angelo. Pall bearers were nephews and interment was made in Eldorado cemetery under direction of Ratliff-Kerbow Funeral Home.

Mr. Page owned the first oil and gas discovery property in Schleicher county.

He was born Feb. 18, 1884, in Mason county, the son of the late Mr. and Mrs. James Robert Page. His first wife, the former Johnnie F. Jones, died April 22, 1955.

He moved to Schleicher county in 1904 and acquired extensive ranch holdings prior to his retirement in 1907. In 1907, he and Mrs. Page purchased their first ranch in Schleicher and Sutton counties and later sold the ranch in 1927.

In 1928 they bought the Loftin Henderson Ranch and on these holdings the first oil and gas fields in Schleicher county were discovered.

The field, known as the Page Field, was discovered by the late John M. Cooper and was extensively produced by Cooper Gas Co. for about 25 years. It now is being produced by Cities Service Co. which purchased the Cooper Oil Co. interest in 1960.

He helped organize and was a long-time member of the First Presbyterian church.

Survivors include two daughters, Mrs. D. E. Kinnamon of Dallas and Miss Anna Florence Page of Galveston; four sons, Robert, James, Wilson and Paul Page, all of Eldorado. 12 grandchildren and six great-grandchildren.

Other survivors include his wife, the former Mrs. Nettie Hayward of San Antonio to whom he was married in 1960; and a brother, O. B. Page of San Angelo.

Program On Alcoholism
Given At Lions Club

Mrs. J. F. Douglas of the San Angelo Council on Alcoholism presented a program on the work of that organization, at the meeting yesterday of the Eldorado Lions club.

Mrs. Douglas showed a film from the American Medical Association, "To Your Health," which traced the problem of alcohol from historic times to the present.

Ray Boyer presided at the business session. Guests were Mickey Phelps, Mrs. Spence, patrolman Smith, and Kenneth Rogers.

Lions E. W. Brooks, Bill Rountree, and T. R. Spence visited the Sonora club Tuesday.

HERE BETWEEN SEMESTERS

Tissie Enochs and Kay Peters of NTSU, Denton, and Christy Moore and Mary Ann Page of TCU, Fort Worth, flew in Wednesday night to spend a few days with home folks, between semesters of work at school.

AT OZONA SHOW

The Eldorado F.F.A. Livestock team participated in the Ozona livestock judging contest. They did not place in the top three, but Sidney Reynolds won high individual with 364 out of 400 points.

News Of The Sick

A. J. Stevens is again a patient at the Sonora hospital where Mrs. Stevens continues very ill.

Mrs. J. B. Montgomery is convalescing at the Sonora hospital after undergoing surgery last Friday.

Mrs. Bailey (Ann) Rogers underwent surgery at the Sonora hospital last Friday and is recuperating nicely.

Edgar Spencer underwent surgery at the Shannon hospital in San Angelo Tuesday morning.

Mrs. Margaret Rountree is still undergoing tests in Clinic-Hospital.

Mrs. Jack Elder is in Dallas this week where she is undergoing tests and treatment.

Post Script

In the last several elections Schleicher County voters have given a good share of their votes to Jim Nugent for State Representative. Jim's home is in Kerrville in Kerr County.

Now, by virtue of the Redistricting Act, Schleicher County is no longer in the same district as Kerr County. We are now in the 65th district which includes Del Rio.

We are going to miss the visits of our old friend, Jim Nugent. We understand that he is running for re-election in his newly arranged district and we wish him continued success.

Now we have in this issue a political announcement from one Hilary B. Doran of Del Rio who is anxious to be our next State Representative. His biographical sketch should be of interest to local readers. In his letter he stated that he would be in Eldorado in the near future to meet local voters in person. We assume that he is a young, ambitious attorney who is on his way up, and we'll be glad to meet him.

Incidentally we are wondering why Sonora has not entered a candidate for this position.

As is noted elsewhere in this Success issue, J. H. Emmons will observe his 97th birthday Saturday. He must be Schleicher county's oldest citizen.

Anyone else want to claim being older?

And a week from today, Mrs. T. W. Johnson will quietly observe her 91st birthday at her home here. Her birthday is Feb. 3rd.

Less than two weeks remains for candidates to file for a place on the ballot for the May 7th Democratic Primary. Filing deadline is Feb. 7th.

There have been some contests develop on both the local and state levels, while other incumbents remain unopposed. Redistricting for the State Senate, State House, and for Congress has put some incumbents opposing each other and all such districts are different from what they used to be.

Our 21st Congressional district was greatly expanded in area; it now goes from Odessa on the west, to northern San Antonio on the east. The incumbent Congressman, O. C. Fisher, who represented the old 21st for the past quarter of a century, has filed for re-election in all new counties of the district as well as the ones like ours which remain from the old one.

He is announcing for re-election subject to the action of the May 7th Democratic Primary and as yet has not had an opponent to announce against him.

It remains to be seen whether the "liberal" Democrats, the "New Frontier" Democrats, or "Great Society" Democrats field an opponent for him in the Primary, between now and the Feb. 7th filing deadline.

Apparently Texas Republicans are not going to put up candidates in long-shot races in the General Election in November, and will save their money and effort in trying to keep Republican Senator John Tower in office.

If the "party-line" Democrats field an opponent against Fisher in this year's Democratic Primary, they will have to get busy soon.

Traditionally, the way into such higher political offices has been through the law profession. Congressmen are now paid \$30,000 a year. That amount, by the way, represents a tripling of the salary since 1942 when Fisher was elected to his initial term. That was the year he defeated the incumbent, the late Charles South, in the Democratic Primary.

So there may now be some lawyers in Odessa, or San Angelo, or San Antonio who aspire to running for Congress but who may hesitate when they consider having to try to unseat a long-established incumbent. Our new district, however, has many new voters in it whose votes will be "up for grabs."

Fisher's most recent opponents in Democratic primaries have been Ira Galloway of Coleman, who ran against him in 1952, and Sam Connally of San Saba who ran in 1954. Both of these apparently ran "on

a shoestring" and were defeated by margins of 3 or 4 to 1. It takes money nowadays to try for any very high political office and the day of the "shoe-string" or "poor-boy" candidate appears to be over. Politics, as has been said, is an expensive hobby.

Any aspiring candidate who wants to try for Congress, while he may be tempted by the \$30,000 a year, encounters a "cart-before-the-horse" matter of finances. If he is going to run to win, he would need \$50,000 to \$60,000 in his personal "slush fund" and \$100,000 would not hurt.

The aspirant must either have such funds at his disposal, or have influential friends who do.

There are the tangible costs of running for office, which include newspaper advertising, T-V time, and billboard advertising and direct mail appeals.

Then the candidate also pays the intangible cost of his lost earnings while he is out campaigning. He must leave his line of work or his job and devote many hours and days to the campaign trail.

In our expanded 21st Congressional district, our newly-acquired counties west of us—Crockett, Reagan, Upton, Crane and Ector—will be especially sensitive to whether or not a Congressman's race develops, since they were previously in the 16th district which included Midland, Odessa and El Paso and which always had a hot race every two years for Congressman. That district had four Congressmen in the past 16 years.

Mr. Fisher himself pointed out a few weeks ago, in speaking to the Eldorado Lions club, that the old smaller 21st District would be greatly affected and changed by the re-districting. Our old district had a ranching and farming economy, with San Angelo as the only sizable city in it, and an overall political philosophy that was very conservative; now Odessa and part of San Antonio have been added so that the "city vote" will play a much greater role.

The 1966 Texas Almanac gives our new 21st District a population of over 453,000. Tom Green county's 64,000 votes can be outvoted by Ector county's 91,000, or by Bexar county's 125,000, if either chooses to put up a Congressional nominee. As we said at the beginning, it remains to be seen.

With our subscribers: Bill Lester, Jr., has transferred from Texas Tech at Lubbock to Angelo State College.

Mrs. Virginia McIntyre is a new subscriber at 1157 Oregon, Pontiac, Michigan.

Jerald Hudson has moved from Dallas to 1709 Cole Ave., Denver City, Texas.

Did you know—

That Abraham Lincoln was a pool player?

He was.

It says in a paper:

A young Southern Negro has a better chance of going to college than does a young white man in England.

—ps—

It's Poll Tax paying time again here in Texas. Elsewhere in this issue, we have some reminders that time is getting short to take care of it if you have not already done so.

Sheriff Edmiston will have his office open Saturday from 9:00 a.m. to 12 noon to receive tax payments. Monday, Jan. 31st, is the final day and the office will be open usual hours of 9:00 to 5:00. The sheriff also stated that he or a deputy would be on call from 5:00 p.m. to midnight Monday, to take care of any last-minute payments.

Next week's Success issue will be our annual Boy Scout edition with news, advertising, etc., all carrying out the theme of Boy Scout week which comes each year early in February.

Wednesday at noon, the Poll Tax total reached 515, in Sheriff Edmiston's office.

"Still lots more to come by Monday night," it was stated.

Doran Of Del Rio
Announces For
State Legislature

HILARY DORAN

Hilary B. Doran, Jr., of Del Rio, officially announced that he would seek election to the Texas House of Representatives in the Democratic primary on May 7.

The Redistricting Act passed by the 59th Legislature resulted in a considerable shifting of district boundaries, and as a result District 65 is one of the largest legislative districts, comprising the nine (9) counties of Concho, Sutton, Crockett, Edwards, Schleicher, Menard, Kinney, Maverick, and Val Verde for the 1966 election. "I am looking forward to the opportunity of representing all people of all areas of the new 65th District," said Doran.

"I greatly appreciate the friendships which I have established in the counties in this district, and I am looking forward to meeting many others during my campaign."

Born into a pioneer West Texas family in Val Verde county, Doran is now active in the practice of law in that area.

Doran received a Bachelor of Arts degree with his major field in government from Southwest Texas State College in San Marcos where in his senior year he served as president of the student body. Doran served in the United States Air Force for four years at which time he saw overseas service in Japan for 3½ years. He is presently a Captain in the United States Air Force Reserve and is a member of the Alamo Wing in San Antonio, Texas. After completion of his active duty tour in the Air Force, Doran attended the University of Texas and obtained his LL.B. Doran is a Master Mason and is a member of Kanto Lodge No. 143 F & AM; he is also a member of the Del Rio Lions Club and is a member of the Del Rio Chamber of Commerce.

"My position is to represent and serve all the people of this district in the problems which confront them now and will confront them in the future."

Doran has had practical experience with the State Legislature. He served as a legislative assistant to the 59th Legislature and is familiar with the practical side of the legislative processes.

Doran is married to the former Diane Scrutchin of Llano, Texas, and they live at 1402 Avenue D in Del Rio, Texas, with their sons Trey, five and David, three. They are members of the Presbyterian church, and Doran is an officer in the First Presbyterian church in Del Rio.

"I believe each of my constituents should get a dollar's service for each tax dollar they spend and this means sensible and economical government at the local, state and national level, with primary controls at the local level."

Mr. and Mrs. Ben Biggs had all their children home last Sunday. Present were: Mr. and Mrs. Glynn Biggs and baby of Midland came in Thursday for the week end. Mr. and Mrs. Biggs had the children of Mr. and Mrs. Truman Biggs for the week end also, while the parents moved from Abilene to Austin. They came after the children Sunday. Mr. and Mrs. Bob McElroy and daughter, Barbara, of San Angelo joined the others on Sunday. Mr. and Mrs. Truman Biggs are now at home on Foot Hill Terrace in Austin.

Angelo Sky Divers
Work Each Week
Here At Eldorado

Some 25 young men, mostly from Goodfellow Air Force Base, are making weekly trips to Eldorado to practice parachute jumping each Saturday and Sunday. Limited to days when winds are not over 20 miles an hour, the group last week performed about 17 jumps.

Their parachutes, which have to be repacked after each jump, are being stored in the old Masonic hall building. The men arrive here by car or bus each Saturday, pack their chutes and take off in a plane from the local air port. Their jump target has been a spot on T. P. Robinson's farm southeast of town. Last Saturday it was on the football parking area near where the stock show was going on. Ben Keel states that this week their target area will be on the Edwin Jackson ranch northwest of Eldorado.

Saturday noon through Sunday is the period scheduled for jumping, wind permitting.

Funeral For John Fish
Held At Junction

Funeral services were held in Junction last week for John Fish, 81, father of Mrs. W. F. Edmiston of this place.

Mr. Fish was a long time Sutton and Kimble county ranchman and he died at about noon last Wednesday of a heart attack, while at his ranch near Roosevelt.

Following funeral services in Hodges-Fife Funeral Chapel at Junction, Mr. Fish was buried in Cedar Hill Cemetery near Roosevelt.

Mr. Fish was born July 21, 1884 in Georgetown and was married to Miss Orpha Toby June 21, 1908 at Cleo.

He is survived by five daughters Mrs. Damon Evans of Junction, Mrs. R. T. Williamson of Roswell, N. M., Mrs. Eugene Adams of San Angelo, Mrs. Bill McIntosh of Abilene and Mrs. W. F. Edmiston of Eldorado; three sisters, Mrs. Aldie Garrett, Mrs. Jim Benton and Mrs. Monty Warren, all of Roosevelt; 12 grandchildren and 11 great-grandchildren.

SINGING CONVENTION SET

The Kimble-Menard County Singing Convention will meet Sunday, January 30, at Hext Baptist church at 2:00 p.m., it was announced by Mrs. Allen Davis, secretary.

Texas Almanacs at Success.

Funeral Held Sunday For J. L. Ratliff,
Long-Time Minister and Merchant

J. L. Ratliff, 84, well-known former businessman and minister, and resident here for the past 39 years, died at his home in Eldorado at 3:00 a.m., Saturday after a brief illness.

Funeral services were held at 4:00 p.m., Sunday in First Baptist church conducted by the pastor, Rev. Kenneth Vaughan. Interment was in Eldorado Cemetery under direction of Ratliff-Kerbow Funeral Home which he established in 1933. Pall bearers were grandsons and grandsons-in-law: Monte Faulk, Jack Ratliff, Dr. Jimmy McMullen, Adair Ratliff, Wil-

son Humphrey and Bob Ratliff.

Mr. Ratliff was born Feb. 28, 1881 in Denton. He moved to Eldorado as pastor of the First Baptist church and Bailey Ranch church in 1927. He served the Eldorado church 6½ years during which time the present church sanctuary was constructed. In 1933, he became semi-active in the church while establishing a funeral home and a dry goods business.

Mr. Ratliff subsequently established businesses in Sonora, Rock-springs, Ozona, San Angelo, Big Lake and Bronte.

On Aug. 25, 1946, his wife, Mrs. Nora Harrison Ratliff, died. He later married Mrs. Verna Faulk of San Angelo in 1952.

Mr. Ratliff also served as mayor of Eldorado during the time that the woolen mills were established here.

Survivors include his wife; a daughter, Mrs. Curtis Smith of San Angelo; six sons, Tom and Carroll Ratliff, both of Eldorado, Vernon Ratliff of California, Glenn Ratliff of Monahans, Jack Ratliff of Roswell, N.M., and Charles Ratliff of Austin; four sisters, Mrs. Rosemary Merrett and Mrs. Della Isom, both of Denton; Mrs. Esther Spinks of Fort Worth, Mrs. Grace Archer of Floresville; four step-sons, J. C. and Lee Faulk, both of Dallas, George Faulk of Midland and Dr. Odie Faulk of Tucson, Ariz.; a step-daughter, Mrs. R. H. Cannon of Burleson; 16 grandchildren; seven great-grandchildren and 12 step-grandchildren.

Schooley Had Champ
Lamb At Stock Show

As usual it was a cold, unpleasant day, but it could have been worse.

The 4-H and FFA stock show Saturday drew a large crowd and the show went off on schedule. It was cold but there was no rain or snow and there was sunshine most of the day.

The Eldorado F.F.A. members took all of the champion and reserve champions of the 4-H and FFA show last Saturday.

Cliff Schooley showed his medium wool lamb for Grand Champion of the show. Lorretta Schooley showed her Southdown for reserve champion of the show.

Walter Speck and David Lloyd won a Sheep and Goat Raisers award with Walter winning the sheep class and David the goat class.

Show results, last Saturday:

Champion Fine Wool, Walter Speck; Reserve Champion Fine Wool, Connie Sue Speck; Champion Fine Wool Cross, Connie Sue Speck; Reserve Champion Fine Wool Cross, Cliff Schooley; Champion Medium Wool, Cliff Schooley; Reserve Champion Medium Wool, Walter Speck; Champion Southdown, Lorretta Schooley; Reserve Champion Southdown, Orville Lueddecke; Champion Pen of 5 Commercial Lambs, Floyd West; Reserve Champion Pen of 5 Fat Lambs, David Lloyd;

Champion Baby Beef, David Parker; Reserve Champion Baby Beef, Gene Edmiston; Champion Heifer, Tim Edmiston; Reserve Champion Heifer, William Edmiston; Champion Registered Ram, Hyman Sauer; Reserve Champion Ram, William Edmiston; Champion Rambouillet Ewe, Sue Edmiston; Champion Pen of 5 Range Ewes, David Lloyd; Reserve Champion Pen of 3 Range Ewes, Vonda Maness; Champion Goat Nanny, LeAnn Cawley; Champion Billy, David Lloyd. —Rep. David Lloyd.

Auction Sale Results—Page 4

GIN REPORT

On Wednesday, January 12th, the gin total was 3757 and on closing time Monday of this week it had advanced up to 3787, a gain of 30 bales.

Twenty of these bales were processed Monday. This cotton had been gathered in between snow flurries, mist and fog over the past two weeks. Mikeska said he knew of one farm that had an estimated three bales still in the field, and when that came in he believed it would wind up his ginning season.

Deadline Looms For Paying Poll Tax

Reports from the Tax Assessor-Collector's office reveal that conceptions as to voter rights in the coming elections have been misunderstood in many areas in Texas. This is due to the fact that few realize that the U. S. Department of Justice law suit to abolish the poll tax in Texas is still pending and the outcome cannot be determined, and however determined would not affect the 1966 elections. Further, the Constitutional Amendment will not come up for vote until November, 1966, which means very simply that poll taxes are still needed for voting privileges.

Erroneous conceptions have been that the voter need only to appear at the polls in order to vote in the general election for candidates running for national offices. The truth of the matter is that election judges will have no record of voting eligibility in the coming elections unless the voter has a poll tax receipt.

Voters are urged to realize that state and local affairs are equally important and demand as great an interest from the voter. State offices have been affected by the redistricting, and this issue alone should create more interest. Voters are urgently reminded that this coming Monday, January 31st, is the deadline for paying poll taxes.

Sheriff Orval Edmiston pointed out that only four days remain for local citizens to pay their poll tax and thus qualify themselves to vote this year. The Schleicher county sheriff's office will be open this Saturday until noon to receive poll tax payments. Monday is the deadline for paying the tax and the office will be open that day the regular hours, 9:00 a.m. to 5:00 p.m. Also, Sheriff Edmiston will be on call between 5:00 p.m. and midnight to receive last-minute tax payments.

To clear up any question you might have on obtaining your poll taxes for this year, here is some information from Texas Attorney General Waggoner Carr.

Carr listed the following four rules for obtaining poll tax receipts and exemption certificates to qualify for voting in elections held between February 1, 1966, and January 31, 1967.

1. In order to vote in any primary, general or special election for the nomination or election of any state or local offices, or to vote in any election on a question or proposition, persons not exempt from payment of poll tax must do so by January 31, 1966.
2. Persons over 60 years of age on January 1, 1965, are exempt from paying the poll tax.
3. Persons who were under 21 on January 1, 1965, but who will be 21 years of age by the election date, or who were not residents of Texas on January 1, 1965, but will be so by election date are not subject to the payment of the poll tax. However, they must obtain an exemption certificate. This certificate can be obtained at any time throughout the year. But, in order for the holder to vote, it must have been issued at least 30 days prior to any election.
4. Persons eligible to register and who have not paid for a poll tax or obtained an exemption certificate to vote in any primary, general or special election for nomination or election of members of the United States Congress, or U. S. Senate, may do so by obtaining a special poll tax receipt (issued without payment of the tax) by

January 31, 1966. This is a registration certificate and qualifies anyone to vote for Federal offices. The County Tax Collector marks the receipt with the notation "Poll Tax Not Paid."

If this does not answer all of your questions, go to the Schleicher County Court House, to the sheriff's office, and Sheriff Edmiston or one of his deputies on duty will be more than happy to answer any question that you may have.

But whatever you do, buy your poll tax. This is a big election year. You will be glad you spent, or invested, the \$1.75. And you will probably be sorry later on if you do not get your poll tax now.

Right here in Schleicher county we had a recent example of that when the School Bond Election was held and voters had to have a previous year's poll tax in order to vote.

Library Flashes

(By Ruth Baker, Librarian)

These are highlights from year's report sent to State Library: 395 books added, 211 of these were children's books; 83 books discarded; circulation 6090; 737 library customers, 222 of these are in 6-14 age group; fines \$43.18; books bought \$132; volumes in library Jan. 1, 1966, 6389.

These items have improved the appearance of the library as well as being work savers: waste baskets, drapes, foot stool, and book cart.

The drapes and part of the books were bought with the cash donations from our library friends.

Memorials added since our last story are these:

The Little Shepherd of Kingdom Come, in memory of Mrs. J. T. Jackson, from Mrs. Geo. Long; Old Friends and Lasting Favorites, in memory of Ward C. Parks, by Miss Betty Miller; Happiness Hill, in memory of Frank Young, and The Strange Proposal, in memory of Mrs. Frank Young, both from Mr. and Mrs. Charles Young; Artists of the Old West, in memory of Lelah Belle (Davis), Mrs. J. G. Byrd, from Mrs. Mozie Wilson.

We received 18 volumes in memory of Miss Josephine Heavenhill and most of these are children's books.

We have R. D. Holt's book in the library, So—You Don't Like Texas. Those who knew him when he taught in Eldorado might like to read this.

Episcopal Diocese Sets Meet For Feb. 3

San Antonio.—Lay leaders and clergymen from the 85 churches in the Episcopal Diocese of West Texas, which embraces 60 West Texas counties, will meet in Brownsville Feb. 3-5 for the 62nd annual Council of the Diocese.

The Church of the Advent, Brownsville, will host the conclave. Meetings of the Council will be in from the Fort Brown Memorial Center. Attendance at the various functions will range from several hundred persons to more than 1,000.

Historically, Episcopal Church activities in this part of Texas were conducted under a missionary district with annual convocations from 1874 until 1904, at which time the church organization in this area became self-supporting and full-scale Diocesan Councils thereafter replaced the annual convocations.

For the 23rd consecutive year, the Rt. Rev. Everett H. Jones, San Antonio, the fourth Bishop in the history of the diocese, will be presiding over the 62nd annual Council. He was consecrated as Bishop in 1943. Theme of the 1966 Council will be "The Witness of the Church in a Changing World."

Highlights of the Council will be:

1. A proposed Intercultural Mission in which West Texas becomes a pilot diocese under the national Joint Urban Program of the Episcopal Church and which will center in San Antonio, with an outreach to all parts of the Diocese in terms of closer relationship with those of differing cultural and language heritage.
 2. A report of the Research and Planning Committee, headed by the Rev. Clay Puckett of McAllen which has been making a year-long study of the state of the Church in this Diocese in a number of areas, with recommendations for the future.
 3. A report of the Episcopal Advance Fund Committee on results of the E.A.F. campaign conducted in 1960, with proposals for the meeting of capital fund needs in the years ahead.
- Delegates from St. Mary's Church of Eldorado are the Rev. Lea Roy Aldwell, priest-in-charge, and Mrs. George Long, Ernest H. Nimitz is alternate delegate.

Mr. and Mrs. Sandy Donaldson and Billy and Mrs. Way King were in San Angelo Friday night to attend the wedding of Cynthia Jo Burk and Barney Bauman.

Board of Supervisors of the Eldorado-Divide S.C.D.

M. G. Shurley	Chairman
Otis Deal	Vice Chairman
Ben Hext	Secretary
Walter C. Pope III	Member
Mickey Rathbone	Member

Farmers in the Eldorado-Divide Soil Conservation District have many things in common with the farmers of long ago. One of the main concerns of the first farmer that planted a crop in this area, remains the prime concern of today's modern farmers, that being crop production. The production of good crops in the early was dependent on many factors that affected crop yields. The farmer of today is confronted with the same problems as his early day counter part, along with new problems accumulated through the years.

Each farmer in the Eldorado-Divide S.C.D. should take a good inventory to see what has happened to his land in years past, and what is happening to it now. Questions that should be answered are: (1) is the soil as fertile as it was when first put in cropland? (2) is the most effective use made of moisture received? (3) is the land being treated according to all its needs for protection and improvement? If the answer to these questions is yes, more is being done to affect crop yields than just relying on good rainfall.

Farmers throughout the district have already decided what acreage they will plant and what acreage will be left idle for participation in the government programs. The use of land in the government program and the land planted to the various crops in 1966, will affect future soil conditions and crop yields. Again farmers have an opportunity to plant crops for soil protection and improvement and still receive a cash income from the land. This is a practice that should be included in a conservation cropping system and applied year by year as needed.

Soil condition at the time the first farming was done in this area no doubt was very good. Most grassland had a good cover of natives grasses and a good amount of old grass was left on the land for protection and improvement of the soil. When the fields were broken out and put in cultivation, the grass cover that had protected the soil from the elements of nature throughout the years was destroyed. Soils that were in nearly the best condition possible were

to meet the needs of the soil. Crop yields in 1966 will surely be affected by the moisture available for crop use. The application and maintenance of a conservation cropping system for the past years will also affect crop yields. The longer a good conservation cropping system has been used on the land the greater the benefits will be. Conservation cropping system is growing crops in combination with needed cultural and management measures. Cropping systems include the use of rotations that contain grasses and legumes, as well as sequences in which the desired benefits are achieved without the use of such crops.

The purpose of a conservation cropping system is (1) to meet the needs of the soil for improvement or maintenance of good physical condition, (2) to protect the soil during critical periods when erosion usually occurs, (3) to aid in the control of weeds, insects and diseases, (4) to fulfill the needs of the farmers for an economic return.

A conservation cropping system is one of several soil, water and plant conservation practices needed on all cropland in the Eldorado-Divide S.C.D. The application and maintenance of any one of the needed practices will not meet the needs of the land. The maximum protection and improvement can only be attained by planning, applying and maintaining all practices needed.

Assistance in planning and applying the needed soil, water and plant conservation practices on all agricultural land is available from the Soil Conservation Technicians assisting the District. Cost share in applying enduring type conservation practices is available thru the Great Plains Conservation Program and the Schleicher County A.S.C. office.

D.A.R. Has Program On Indian Culture

The contribution made to the development of the United States by the American Indian was the highlight of the January meeting of the El Dorado Chapter, Daughters of the American Revolution, in the program presented by Miss Ruth Baker.

In the business meeting, with Mrs. Luke Thompson, regent, presiding, the following officers for 1966-67 were elected:

- Regent ---- Mrs. Luke Thompson
1st V. Regent -- Mrs. V. G. Tisdale
2nd V. Regent -- Mrs. Eliz. Powell
Chaplain ---- Mrs. L. M. Hoover
Secretary ---- Mrs. Ernest S. Goens
Treas. ---- Mrs. J. B. Montgomery
Registrar ---- Mrs. J. E. Hill
Historian -- Mrs. W. O. Alexander
Librarian ---- Mrs. W. F. Meador

For the State Daughters of the American Revolution Conference in Waco, Mrs. V. G. Tisdale was elected as delegate and Mrs. Elizabeth Rae Powell, as alternate. Mrs. Thompson, regent, is automatically a delegate.

The chapter will be represented by the same delegates and alternate at the National Society Daughters of the American Revolution Congress in Washington. The monthly letter from Mrs. William Henry Sullivan, Jr., President General, NSDAR, was read by Mrs. Thompson, regent.

Because of the importance of the article, "Mass Disobedience Endangers Nation," by Charles C. Whittaker, former Justice, United States Supreme Court, Mrs. Ernest C. Hill, chairman of National Defense, requested each member to read the article in the January issue of the DAR Magazine.

Mrs. Thompson, Mrs. Coupe, and Mrs. Powell, hostess, served delicious refreshments. —Rep.

HAPPINESS IS—BEING ALIVE! Kent and Kristie Johnson, children of Mr. and Mrs. Ralph Johnson of Houston, chat with the 1966 Texas Heart Fund Chairman, Lt. Governor Preston R. Smith. Both children are happy, healthy and alive today because of corrective heart surgery made possible through research carried out by Heart Associations with funds voluntarily contributed by the people of Texas. Kent and Kristie represent the many quiet victories being won daily through research in the battle against America's 20th Century Health Epidemic—Diseases of the Heart and Blood Vessels. The annual Heart Fund Drive is held each February.

O.K. Beautification For State Highways

Austin.—The Texas Highway Department's 1966-67 Highway Beautification Program, Texas' first major push under the recently enacted Highway Beautification Act, was tentatively approved recently by the Texas Highway Commission.

The \$10.8 million program, that will cover more than 300 projects throughout the state, will now be submitted to the Bureau of Public Roads.

The program, subject to approval by the Bureau, will be submitted over an extended period. Project plans will go to the Bureau as they are completed.

As prepared by the Highway Department, the program represents Texas' first large effort to

ward compliance with the Highway Beautification Act of 1965 which was passed by Congress and enacted into law last October.

The program proposes work on 321 projects at a total estimated cost of \$10,862,400. Of these, 122 projects are on the Interstate System and will cost an estimated \$7,486,600.

One hundred and ninety-nine of the projects are on the ABC system federal-aid primary roads, federal-aid secondary roads and urban extensions of federal-aid systems. The ABC projects will cost an estimated \$3,375,800.

Of the projects proposed, 147 rest areas are planned; 19 scenic overlooks; landscape plantings for 133 projects; and right of way purchases for 64 projects.

Also, purchase of right of way easements for six projects; 68 comfort stations; 111 water systems; and lighting on 60 projects.

March of Dimes Drive Is Brought To A Close

Johnny Griffith, chairman of the March of Dimes drive which has been under way here through the month of January and which was culminated Wednesday evening of this week with the traditional Mothers March, announced that the effort has been a success and he thanked all who have helped in any way to put the drive over.

"I want to thank the mothers who marched, the merchants who placed coin boxes in their places of business, and those who mailed or handed in contributions," Mr. Griffith stated.

The chairman went on to point out that if you were overlooked in the Mothers March and wish to contribute to this worthy cause, there is still time to give to this year's drive.

Just fill out your check and mail or hand it to Mr. Johnny Griffith, March of Dimes contributions are tax-deductible.

"In fighting birth defects, the March of Dimes has taken on one of the greatest health problems facing our country today," said Mr. Griffith.

"How many of us are aware that birth defects are the nation's second greatest destroyer of life? Birth defects cause more loss of life (including prenatal deaths) each year than cancer or stroke. More than 250,000 babies are born each year with serious birth defects. Thousands of these children will be confined to wheel chairs or mental institutions for life.

"One sure way to strike back at birth defects," declared Mr. Griffith, "is to support of March of Dimes which is already doing more in this field than any other private organization."

Mr. Griffith cited the more than 50 March of Dimes clinical research and treatment centers where improved treatment and rehabilitation techniques are being developed for the benefit of children all over the country. He also pointed to March of Dimes-financed scientific research grants, two of which have recently resulted in tests capable of detecting conditions which cause severe mental retardation.

"The March of Dimes has big plans for expansion in these and other programs aimed at giving children a better chance for a normal life," the chairman concluded.

December Traffic Toll Sets Record For Year

Austin.—A totally unexpected rash of traffic fatalities in December broke a year-long downward trend in fatal accidents and pushed the 1965 traffic toll to the highest on record, it was reported recently by Col. Homer Garrison Jr., director of the Texas Department of Public Safety.

Garrison pointed out that 1964 recorded the highest number of fatalities in history with 3,006 deaths, and cited his Statistical Services Bureau preliminary estimate that the 1965 total will be 3,018 deaths.

He emphasized that the 1965 figure is incomplete, due to late reports which have not yet been received and deaths which might occur later. He said another preliminary report will be issued Feb. 18 with the final official report on 1965 traffic scheduled for Mar. 15.

As of now, 2,994 traffic fatalities have been officially recorded, only 12 less than the final count for 1964.

December 1965 was the highest death toll month on record, with at least 345 persons killed on the streets and highways in 276 fatal accidents. The highest previous monthly record was in December 1963 when 312 persons were killed in 251 accidents.

"We have already recorded 65 more fatalities for this past December than December a year ago and it could well be that this 2% of the 1964 year total might have alone wiped out the 2% decrease we experienced during the first 11 months of this year," Garrison said.

"There is no way to pinpoint any single cause for the sharp increase in traffic tragedy in December 1965. However, one factor involved was an increase in multiple fatal accidents—that is, where two or more persons were killed in a single accident.

"For instance, in December 1964, an average of 1.14 persons were killed per fatal accident, whereas the rate in December last year was 1.26 persons per accident. We have no way of telling whether this means increased velocity due to higher speeds, or whether there just happened to be more people in the cars destined for fatal accidents."

Ford Oglesby Jr. made a business trip to Austin Tuesday morning.

BALLOT

You can't vote

IN ALL ELECTIONS

if you don't pay your poll tax!

Poll Taxes must be paid no later than Monday, January 31st, in the Sheriff's office. You will not want to be disfranchised this year for need of a poll tax receipt, so attend to this detail at once.

SCHLEICHER COUNTY DEMOCRATIC EXECUTIVE COMMITTEE

Gwendolyn Is Four

Honoring her daughter, Gwendolyn Rae on her fourth birthday, Mrs. Wm. Gunstead was hostess at a party last Friday afternoon in the Corral room of the Memorial Building. Also present were Gwendolyn's grandmother, Mrs. Charles Wimer, and her great-aunt, Mrs. Rose Lyon. Mrs. Belle Harris and Mrs. Edith Collins also assisted.

Children who attended were Wayne and Gina Harris, Willy Works, Walter Campbell, Susie Wagner, Susie Collins, Sherri Niblett, Cary Don Robinson, and Billy Charles Gunstead.

Pink birthday cake and cupcakes, punch, ice cream cups, and candies were served, and favors were plastic pin-wheels.

School News

At the close of the first term of school, several students transferred out. These included the Ballards to New Mexico, the Gault girls to Grand Prairie, the Joneses back to Houston, Judy Allard to San Angelo, Louella Geldard to Rankin, and Carla Guentert completed her work and will receive her diploma in May.

Enrolling Monday morning were Mike Olson in the Freshman class, and Patti Olson in the 5th grade.

Jack Bell took the Seniors to San Angelo Monday for Career Day. The class are still raising money for their Senior trip at the end of the school year, but have not yet decided where the trip will be taken. A week from today, they will select their invitations for graduation and place orders.

School Menus

Monday, Jan. 31: Pork chops, sweet potatoes, waxed beans, stuffed celery, buttered rolls, milk, canned fruit.

Tues., Feb. 1: Smothered steak and gravy, creamed potatoes, frozen broccoli, tossed green salad, buttered rolls, milk, date cake.

Wed., Feb. 2: Beef and vegetable stew, cheese strips, cole slaw, buttered rolls, milk, fruit cup, brownies.

Thursday, Feb. 3: Turkey tetrazzini, green beans, cabbage & raisin & carrot salad, stewed prunes, buttered rolls, milk, fruit jello.

Friday, Feb. 4: Tuna sandwiches, pimento cheese sandwiches, potato chips, English pea salad, milk, fresh fruit.

REMEMBER WHEN?

Netleton Industrial Museum

"In the late 1800s families drew lots to see who would wash the dishes. I certainly hope yours doesn't, because there's no need for it. There are so many advantages to the automatic electric dishwasher that I'm sure when you've heard them all you won't be able to argue yourself out of having one. For instance, dishes washed automatically turn out more sanitary than those washed by hand—that's because much hotter water can be used in the machine than on your hands. And the latest dishwashers offer cycles not only for pots and pans but fine china and crystal, also dish breakage is 1/5 that experienced when dishes are done by hand. Best of all, the kitchen stays neat and uncluttered—even after between meal snacks. There are so many advantages to automatic dishwashing, there just isn't room to list them all.

See your electrical appliance dealer and tell your family they can quit drawing lots."

In Those Days

Compiled From Success Files

ONE YEAR AGO

Jan. 28, 1965—Reynolds community farmers presented the commissioners with a proposal for a by-pass road from their area to the Angelo highway.

Robert Nelson Word was on the job at school as new speech teacher.

Mrs. T. W. Johnson was getting ready to observe her 90th birthday on February 3rd.

FIVE YEARS AGO

Jan. 26, 1961—Ann Blair and Linda Love were named to the all-star volleyball team at Texas Wesleyan college at Fort Worth.

Ila Jean Boyer's engagement to M. E. Carothers was announced. March 3 was date set for the wedding.

The A&M plant identification team was entering a contest at Salt Lake City. Ernest K. Nimitz was a member of the team.

Sammy Ann Mayo was announced Betty Crocker homemaker in the local school.

The Dick Prestons left on a trip to Mexico City.

Mike Mikeska was honored with a party on his 7th birthday.

Mr. and Mrs. Howard Derrick and Mr. and Mrs. Bob Sykes returned from a 10-day trip to Colorado.

12 YEARS AGO

Jan. 28, 1954—Trudy Gaynor was chosen D.A.R. Good Citizen from among the Senior class girls.

Ross McAngus and Earl Lloyd started new broiler projects in the county.

Daughters were born to Mr. and Mrs. Ray Hanusch and Mr. and Mrs. Carroll Sproul.

Following their marriage, Mr. and Mrs. Norman Cash were making their home in Alpine.

Margaret Faull's engagement to Elmer Stires was announced.

Mr. and Mrs. M. J. Cunningham were entering Mission work in Germany.

Pvt. Jerry Lee Thompson started eight weeks of Army basic training at Fort Bliss, near El Paso.

35 YEARS AGO

Jan. 30, 1931—Mrs. F. Ramsel, who ranches 16 miles northwest of Eldorado; let a contract to Wright and Jordan of Brady to erect a new house on her ranch. Congressman Hudspeth wired W. O. Alexander, cashier of the First National Bank, that his son Forrest had been given an appointment to West Point.

Billy Stewardson was visiting here from the ranch near Fort Stockton.

Max Leaman left for Austin to enter the University. He was taken there by his brother, Izzy.

Mr. and Mrs. Lyles of Crockett county visited here with Mr. and Mrs. E. C. Hill.

County Judge F. M. Bradley was running a Notice of Bids For County Depository.

Success advertisers included the Self-Serve Grocery, Wright's Cash Store, First National Bank, Sample Dairy, Williams Man's Shop, Sonora Wool & Mohair Co., Whitten Service Station, Mrs. Kate E. Robinson, San Angelo Telephone Co., West Texas Utilities, Evans Motor Co., W. H. Parker & Son, E. W. Brooks, Kenneth Gary, and S. L. Stanford's Dairy.

Mayor Fred O. Green returned from Green Gap, New Mexico, where he attended the funeral of his mother, Mrs. G. C. Green, 77.

First Baptist News

Woman's Missionary Society Meets

The Woman's Missionary Society of the First Baptist church met at 2:30 p.m. Monday at the church for a general business meeting and missionary program. The program was from Royal Service Magazine and was a study of the Indians in New Mexico.

Mrs. C. N. Clark was leader of the program. Mrs. L. M. Hoover led the call to prayer. Mrs. Jack Griffin presided over the business session in the absence of Mrs. Jack Bell, president.

Mrs. Jess Blaylock served cookies and coffee or tea to the 21 members present and one guest, Mrs. Bernard Carr.

Workers Conference
The Concho Valley Workers Conference will be held at the church on Friday night, Feb. 15.

The Community Missions chairman and Social Chairmen are making the plans for the conference.

(For Re-Election)

Eagle Team Loses District Opener

The Eagles went down 67-39 to Sonora Tuesday night in an east zone 8-A contest. Sonora was led by the shooting of seniors Mike Wuest and Eddie Howell, along with Noe Chavez and Laney Cook. The Broncos hit nearly half of the shots attempted plus 65% on free throws while the Eagles just could not buy a basket hitting 28% from the floor and 47% on free shots.

Danny Halbert hit 100 points as did Chris McCravey followed by Derrick with 7, McGregor 6, Rogers 5, and Jay Halbert 1. Donald Rogers had 7 rebounds followed by Derrick with 5.

To sum it up Sonora just had the Eagles outmanned and Eldorado struggled under an exceptionally cold night.

The Eagles host Junction Friday night and can win their first district contest. Junction is 1-0 in district as they beat Menard.

East zone standings as of Thursday are: Sonora 1-0, Junction 1-0, Eldorado 0-1, and Menard 0-1.

Ozona is leading the west zone with a 4-0 record.

Orval E. Sparks Funeral Today

Orval Elmer Sparks, 64, Eldorado resident about six years, died at 12:55 p. m. Monday at Shannon Hospital in San Angelo after a long illness.

Funeral services are being held at 10 a. m. today (Thursday) in Echols Funeral Chapel in Kennedy with burial in Glendale cemetery in Goliad.

Survivors include his wife, four daughters, Mrs. Gary Reiley of Kennedy, Mrs. Verna Mae Kirth of Pettus, Charlene of California and Mrs. Elsie Faye of Kennedy; four sons, John Sparks, address unknown, Elmer Sparks of Victoria, Chester Sparks with the Air Force and Bobby Ray Sparks, address unknown; six stepdaughters, Mrs. Virginia McIntyre of Pontiac, Mich., Mrs. Delores Chancy of Trenton, Wash., Mrs. Katherine Gillette of Silver Lake, Ore., Mrs. Jeanette Jeffrey of Eldorado, Mrs. Carolyn Hawkins of Eldorado and Mrs. Alton Kee of San Angelo; six stepsons, Sam Calcote of Pontiac, Mich., Jonnie Calcote of Silver Lake, Ore., Stanley Calcote with the Navy, Douglas and Bert Calcote of San Angelo and Michael Gene Calcote of Eldorado; two sisters, Mrs. Gladys Borders of Whitehall and Mrs. Flossie Henson of Vivian, La.; and a brother, W. A. Sparks of Fort Worth.

Womans Club Elects Staff Of Officers

At a meeting of the Womans Club at the home of Mrs. Edwin Jackson Tuesday afternoon a new slate of officers was elected to serve for the year 1966-67.

Mrs. Bascom Hartgraves will head the club as president; Mrs. R. D. Johnson, 1st vice president; Mrs. Vernon Rogers, 2nd vice; Mrs. W. A. Van Dusen, secretary; Mrs. C. N. Clark, treasurer; Mrs. Archie Mittel, parliamentarian; Mrs. Edwin Jackson, club counselor and Mrs. W. N. Ramsay, historian. Mrs. Arch Mittel presided over the business session. The City beautification committee reported on plans for the beautification of the court house lawn, the memorial grounds and the boulevard in front of the city hall. Committee members reported that the merchants here had been most co-operative in buying ads to be run in March issue of the Texas Club, a magazine widely read by Texas women. The March issue will feature the Heart O' Texas district of federated clubs. Twenty-five percent of the ad money will go to the local club.

Two club jewels were selected to be honored at the Diamond Jubilee convention to be held in San Angelo in March. Mrs. W. N. Ramsay was selected for being the oldest, continuous active member, and Mrs. Edwin Jackson was selected as the other because of her active leadership.

Three members resigned from the club; Mrs. T. R. Spence, Mrs. E. H. Topliffe and Mrs. Mabel Parker.

The program was led by Mrs. Keno Ogden. Program was on meeting the challenge of a changing world, consisting of a panel discussion. Mrs. W. A. VanDusen talked on race relations; Mrs. Vernon Rogers on education and Mrs. Granvil Hext on community responsibilities.

Mrs. R. D. Johnson assisted Mrs. Jackson as hostess. They served cheese cake, coffee, tea, nuts and mints to 17 members present and a guest, Mrs. Bernard Carr.

Masonic Rites Held Here For Former Resident

Graveside rites for Claude Archie Riley, 80, were held last Friday afternoon at 2:30 at the Eldorado cemetery. Big Lake Masonic Lodge conducted rites for the former member of Lodge No. 1203, the Scottish Rite bodies of El Paso and 32nd degree Mason.

Mr. Riley died Jan. 19 in Shepard hospital at Burnet. He was

Mr. J. H. Emmons To Be 97 On Saturday

J. H. EMMONS

This Saturday, Jan. 29th, Mr. J. H. Emmons who lives south of town will observe his 97th birthday. Above photo was taken several years ago.

Mr. Emmons was born in Springfield, Ill., January 29, 1869, and grew up in Iowa and Missouri. He came to Texas in 1892 and was an early settler in Abilene, moving there in 1893. He moved to Odessa in a covered wagon in 1923 and established his homestead there. About 15 years ago, Mr. and Mrs. Emmons moved to this county and purchased the F. B. Calcote place where they have lived since. Two sons, Roy and Floyd Emmons, and a daughter, Mrs. J. W. Callis, also live in Schleicher county. Another son, Herbert Emmons, lives in Tom Green county.

Mrs. Emmons will bake the usual cake for him this Saturday; his relatives and some friends may be in to visit and to wish him well.

born Dec. 9, 1885 in Mason county and came to Ft. McKavett with his parents when he was four years old. They moved to Schleicher county in 1893.

In 1924, he moved to Big Lake where he served as a deputy sheriff, worked on ranches as a cowboy and worked as a driller on cable tools several years.

His wife, a sister of H. M. Spears, formerly of Eldorado, now of San Angelo, died in 1927.

Survivors include two daughters, Mrs. M. C. Hill of Buchanan, and Mrs. C. R. Knox of Hobbs, New Mexico, and a son, Varis C. Riley of Odessa.

Miss Humphries To Attend Conference In Boston

Waco—Betty Humphries, daughter of Mr. and Mrs. C. T. Humphries of Eldorado, will represent the Baylor Chapter of AIESEC at the seventh annual AIESEC-US National Conference at Boston University in Boston, Mass., January 27-30. AIESEC is the international association of students in economics and business administration which organizes and administers an exchange of training assignments in business for students in 40 countries and 60 American colleges and universities. Miss Humphries, who is serving as president of AIESEC-Baylor this year, participated in the job exchange program last summer as a trainee in a travel agency in Zurich, Switzerland.

Consolation Trophy, 11th Victory, Won By Eagles at Tourney

The Eldorado Eagles got tough at the Ozona Tournament last week end and came home with the consolation trophy with an exciting 73-63 win over Norton. This was the 11th win for the Eagles and the third trophy in three tournaments. The Eldorado boys lost a close thriller to Abilene Christian High School 49-46 but then defeated Junction 77-33, Miles 69-39, and Norton to capture the prize.

Danny Halbert, the spark of the Eagles, was honored on the All-Tournament as he has been in every tournament this year.

Big Lake won the championship over Ozona and Sonora took third. The big four of district 8-A took home the trophies.

Consolation Champs

The Eldorado boys faced a team, Norton, who had already played 33 games. Despite a cool second quarter the Eagles whipped Norton 73-63. Eldorado shot out to a quick 22-9 first quarter lead only to see Norton apply a press that caused four bad passes and fouling by Eldorado. Half time saw the green ahead 36-33. The second half saw the Eagles stay ahead by as much as three points during

the third quarter. The fourth period Eldorado decided to meet a press with a press and it worked effectively netting a 10-point lead for the Eagles. Danny Halbert and Donald Rogers each had 19 points for the winners and Rogers had 14 rebounds while Halbert also had 14. Gary Derrick pulled in 11 rebounds and notched 11 points. Chris McCravey also went the distance for the Eagles and contributed 4 rebounds and 14 points. Joe Phillips was effective for 6 points and 8 rebounds then Scott McGregor went in when ball handling became a necessity. He chipped in 4 points and 3 rebounds. Eldorado hit 41% of their shots from the floor and 65% from the free throw line.

Scoring by quarters . . .
Eldorado — 22 14 13 24—73
Norton — 9 24 14 16—63

Eldorado 46, A.C.H.S. 49

Danny Halbert was hitting 8 of 9 free shots and had 6 baskets from the floor for 20 points when he fouled out early in the third period. Eighteen of the 20 came in the first half. His absence sorely hurt the Eagles as nearly everyone else was having difficulty hitting.

The Eldorado lads took a 16-13 first quarter lead but were behind 27-26 at the half. The big men for the Eagles, Rogers, Derrick, and Phillips, were rebounding well but having a rather cold night in the scoring department getting 7, 6, and 7 respectively. The Eagles had ample shots but just couldn't hit. Trailing 42-34 at the end of the third quarter the Eldorado five set out again to catch up. Chris McCravey made 4 points, Gary stole the ball and drove in for a lay-up and Joe Phillips hit a shot plus a charity toss to put the score 43-47. The Panthers tried a shot, missed and the rebound was brought down by Derrick who passed to Rogers. Donald was fouled but the bonus was not in effect so it was only one shot which he made bringing the score to 46-47 with 12 seconds remaining. A.C.H.S. was in a stall with the Eagles giving it everything to steal the ball. The final 2 Panther points came on a shot with 4 seconds remaining.

A.C.H.S. always has a good team and the Eagles played well. The loss sent them against Junction in the consolation bracket.
Eldorado — 16 10 8 12—46
A. C. H. S. — 13 14 15 7—49

Eagles Clobber Junction

The second round of the Ozona Tournament the Eldorado boys met and beat Junction 77-38 in a contest which saw the Eagles soar to a 46-23 half-time lead. Junction had been beaten 95-92 by Van Horn on Thursday and the Eagles were ready for a high scoring contest. However, the Eagle defense and rebounding held Junction stymied after the first quarter.

Danny Halbert and Donald Rogers led the way for the green and white netting 21 and 18 points with an 11 point outburst from Joe Phillips who also took rebound honors with 19 while Rogers had 13. Gary Derrick had 8 points but more important he had 17 rebounds. Jesse Bosmans added 9, Chris McCravey and Rusty Meador 3 each, and Scott McGregor 4. Scott saw action for the first time since before Christmas. Scott is a senior co-captain and a good floor man plus being a consistent scorer. The Eagles hit 60% on free shots and 32% from the floor.
Eldorado — 28 18 16 15—77
Junction — 18 5 7 8—38

Rogers Leads Victory

Junior, Donald Rogers led the Eagles to a third round victory over Miles 69-39 in the Ozona Tournament Saturday morning. Rogers poured in 21 points and had 6 rebounds. He was followed by Joe Phillips with 11 points and a tremendous 18 rebounds. Scott McGregor had 10 points while Gary Derrick had 4 and 11 rebounds. Chris McCravey contributed 6, Danny Halbert 5 before he fouled out, and Jay Halbert 10. Jesse Bosmans had 4 and Rusty Meador 3 to round out the scoring. The team hit an excellent 46% from the floor and everyone got into the scoring column.
Eldorado — 24 14 11 20—69
Miles — 9 12 7 11—39

The Eagles played four games and did an excellent job in every one of them. Coach Bell was proud of the hustle and much improved scoring of the Eagles. The last three games of the tournament Eldorado hit 77, 69, 73 points. The boys rebounded well and with the exception of a few spots the Eagles made fewer mistakes and bad passes.

Congratulations Eagles for a job well done!

Austin.—A substantial tax increase will be needed next year to provide for fast-growing colleges and universities.

Frank Erwin, chairman of the Committee for the Governing Board of Texas Colleges and Universities, estimates that higher-education expenditures will go up \$100 million for the coming biennium—above the present \$432 million budget. That's a hike of nearly 25%.

Some authorities feel that increased expenditures for education will run closed to \$170 million.

Erwin predicted that college-university enrollments will double by the early 1970's and admitted that the task of providing facilities for all appears virtually hopeless.

Texas, he said, must be as enthusiastic in support of new taxes for education as they were in backing increased appropriations last year.

Other sources said the higher education budget looming next year may reach \$650 million. In that event about \$500 million may have to come from direct taxation.

Should an increase as large as now foreseen become necessary, pressure almost certainly would be renewed to hike the \$50 a semester tuition fee required at state institutions. In the past, however, legislators have been quicker to raise taxes than tuitions.

After hearing the sobering story of the financial plight of the colleges, the Coordinating Board for the Texas College and University System settled down to its first meeting of the year.

Board authorized a local election on establishment of a new junior college district to serve the Port Arthur-Nederland-Port Neches area, but postponed until July a decision on a similar institution for Scurry county.

Board members learned that Texas' new \$85 million state-supported loan program for college students will be fully operative by next fall.

Candidates Filing

A rash of entries in Democratic primary races for statewide offices indicates there will be plenty of action on the political front this spring after all.

Houston natural gas producer Stanley C. Woods, 43, announced he will take on Gov. John Connally and called for a supporting team of candidates to oppose other major incumbents. State Rep. Bill Hollowell of Grand Saline was scheduled to reveal this week whether he will join Woods' "team" as a candidate for lieutenant governor.

Hillsboro friends paid the filing fee of Secretary of State Crawford C. Martin for attorney general. Whether he gets opposition from State Sens. Franklin Spears of San Antonio and Galloway Calhoun of Tyler is in the hands of the State Supreme Court which has heard arguments on their eligibility to run.

Incumbents Treasurer Jesse James, Comptroller Robert S. Calvert, Agriculture Commissioner John White, Land Commissioner Jerry Sadler, Supreme Court Associate Justice Clyde E. Smith and Court of Criminal Appeals Judge W. T. McDonald are among those who have deposited their hats in the ring. District Judge John F. Onion of San Antonio is opposing McDonald.

Liberals still are looking for a Democratic opponent to run against Atty. Gen. Waggoner Carr in the race for U. S. Senator.

State Rep. Paul Haring of Goliad is actively campaigning for Byron Tunnell's seat on the Railroad Commission.

Oil Allowable Edged Up

Texas' oil allowable has been edged up for the second month in a row—to 32.7% of capacity for February.

The percentage factor applied by Railroad Commission adds up to a production ceiling of 3,100,000 barrels a day next month. January allowable of 32.6% permitted slightly less. But it was the most promising start Texas oilmen have enjoyed in eight years.

Commissioners, after setting the allowable, went into conference with an Air Force general to learn what effect the accelerated fighting in Vietnam would have on petroleum demands. Best guess at the moment: not too much.

Recreation Grant Set

Texas has established eligibility for a \$3,500,000 grant from the Federal Land and Water Conservation Fund for acquisition and

development of state and local outdoor recreation areas.

Will Odom, chairman of Texas Parks and Wildlife Commission, said Texas' statewide outdoor recreation plan was approved by the Department of Interior's Bureau of Outdoor Recreation.

Funds will be allocated to the state for sharing among agencies on a city and county level. Included are water improvement districts and river authorities.

Texas' plan may include initial emphasis on development of existing park and recreation areas, particularly those located on lakes and streams.

Parks and Wildlife Department is preparing a manual of instructions for political subdivisions to guide them in making applications to share in the program.

Appointments . . .

Governor Connally has appointed John H. Crooker Jr., Houston; William C. Donnell, Marathon; Mrs. Savannah C. Lockey, Troup; and J. L. Huffines, Greenville, to the Board of Regents of the State Senior Colleges. Mrs. Lockey and Huffines are reappointments, Donnell succeeds Ed Gossett of Dallas and Crooker succeeds Newton Gresham of Houston.

House Speaker Ben Barnes appointed a five-member House committee to study the use of voting machines in elections. Named were Reps. W. H. Miller, Houston; Tony Bonilla, Corpus Christi; Don Garrison, Houston; Glenn Johnson, Temple; and James W. Stroud of Dallas.

Secretary of State Crawford Martin, Attorney General Carr, and Texas Legislative Council Director Robert E. Johnson will serve as ex-officio members.

Bexar, Brazoria, Cameron, Dallas, Ector, El Paso, Galveston, Gregg, Harris, Hidalgo, Jefferson, Midland, Nueces, Potter, Randall, Rusk and Tarrant counties used voting machines exclusively in last year's special election.

Lt. Gov. Preston Smith named to the advisory committee on the Commercial Code: Supreme Court Associate Justice James R. Norvell; Tom Arnold of Houston; Prof. Alan R. Bromberg of Dallas; Carroll Cobb of Lubbock; J. Chrys Dougherty of Austin; Stanley Plettman of Beaumont and Prof. Millard H. Ruud of Austin.

To an advisory committee on the Water Code, Smith appointed Judge Joe R. Greenhill of Austin; Victor W. Bouldin of Houston; Joe D. Carter of Austin; Dean Carlton of Dallas; Prof. Corwin W. Johnson of Austin; Neal King of Mission and Roy D. Payne of Austin.

Projects Approved

Governor Connally has okayed three "Head Start" programs for needy pre-school children in Travis, San Patricio and Collin counties.

He also cleared a \$102,078 federal grant for Community Action Program development in Dallas' war on poverty.

Travis County Head Start funds of \$199,247 (matched by \$23,761 in local support) will help train 616 children in Austin, Del Valle and Manor.

A San Patricio County project planned by a Sinton group will be financed by \$22,371 in federal money plus \$2,542 in local support and will provide a program for 50 children of Odem Independent School District.

McKinney Independent School District in Collin county will receive a \$43,132 federal grant (and put up \$5,385 locally) to operate a program for 100 youngsters.

Draft Quotas Told

State draft boards are scheduled to induct 1,372 single and married men without children during February.

Quota actually is less than January's 1,475 and December's 1,523 and represents Texas' share of national call for 29,400 men. Inductees will be 19-25 years old.

Col Morris S. Schwartz, State Selective Service Director, emphasized that no married men with children or expected children, will be selected to fill the February call. But he warns that information on unborn children certified to by a doctor should be promptly transmitted to draft boards.

Attorney General Rules

Community Mental Health Centers and state financial aid for them are constitutional. So held Attorney General Carr in an opinion requested by Dr. S. H. Frazier, commissioner of Mental Health and Mental Retardation.

In a separate opinion, Carr said the new Code of Criminal Procedure provides for sale, after 30 days, of abandoned or unclaimed personal property seized under search warrants.

Earlier Carr informed Agriculture Commissioner John C. White that labels on economic pesticides must carry either the name and address of the registrant of the product, the manufacturer, or of the person for whom manufactured.

Donaldson Twins Are Now In The Army

LARRY AND GARY DONALDSON

Now in Army basic training at Fort Polk, La., following their recent induction are Larry Donaldson and Gary Donaldson, twin sons of Mr. and Mrs. E. G. (Sandy) Donaldson of Eldorado. They graduated from Eldorado High School with the Class of '64; they were processed into service at San Antonio and were flown from there to Fort Polk where they will undergo eight weeks of basic training. The Donaldsons expected to have their mailing addresses sometime this week.

Home Demonstration Agent's Column By MRS. VIDA KREKLOW

Last week would have been a dandy time for a little experimenting on the facts of washing clothes with cold water.

We have been taught all our lives that it's the heat in the water that cleans and anything opposite to that simply doesn't sit well in our thinking. Using cold water may unsettle a few of us.

Most of us do not mind progress as long as we don't have to make any changes. We simply don't want to change and especially do we resist changing that which we have been brought up to think of as absolute truth. These are the hardest places in the world to switch. However, the time usually comes when change we must.

Now this practice of cold water vs. hot water for home laundry, can be commented on in this way.

If dirt removal is what you are after, cold water and today's chemicals will do the trick.

But—and here is the crux of the problem—if killing bacteria AND removal of soil at the same time is the job at hand, then cold water loses out.

If you are wondering what kind of bacteria, actually I could say all kinds of bacteria but the bacteria causing boils, carbuncles and the common cold are the ones mainly involved.

When no disinfectants were added, far more bacteria survived a cold water wash than a hot water wash. When appropriate amount of chlorine or pine oil disinfectants were added to the rinse water the count of bacteria was cut to 40 or less per square inch at the end of the spin-dry cycle—regardless of the water temperature.

So—do a little experimenting. Try some cold water detergent and remember that you will not be the first to do so. Some company has spent years and millions of dollars developing a chemical which will clean clothes in cold water before you and I ever heard of it.

* * *

For years people who do home sewing have had complaints about the weakening of the ordinary sewing thread, and they have had a reason for being dissatisfied.

But a new day and a new thread has arrived. The strength of nylon and the advantages of cotton have been combined to produce a unique sewing thread—a finer but stronger thread.

The new thread has a silicone finish for smoother sewing and easy threading. Garments sewn with the thread can be ironed, at any heat setting, since the nylon is protected by the cotton. Very little tension adjustment is necessary.

All colors and black and white are available—don't forget to ask for it at your favorite thread counter.

And I might say, this hasn't happened a minute too soon.

* * *

I suppose the thing I enjoy most is helping someone do an old house over. (I even enjoyed working on our old house.) Reworking, making something over, making something work that had not worked before is actually exciting and great fun.

However, this constant awareness of things to be done over does present problems. This is the kind of problem I mean. For days, even weeks, I have been trying to figure out how we could save these old fireplaces which had their houses taken away from them in two or three instances over town.

In my mind I have used a masonry saw and cut the chimney from the fireplace, used a drag scoop and lifted fireplace, hearth and all, right into a waiting room or den.

I do believe it could be done. In Egypt they are lifting tremendous structures made of tons and tons of stone in preparation for the time when the Aswan dam will cause the area to be covered in water. I believe we could save one little fireplace.

A wrecked fireplace is a sad sight to me. I can imagine all the little stockings that have been hung on the mantels through a month of Christmases. I can see Dutch ovens on the hearth—full of buttermilk biscuits and heaped with the ashes of live coals. I can hear the clocks on the mantel ticking and striking their audible assurance that everything was in perfect working order. I can see backlogs being banked with ashes for the night, so that a little split kindling and three or four fanning like swishes with the shovel would be the only thing needed to start a fire in the morning.

I can hear the father say to a bunch of children, "Don't stand too close to the fire, the hot hearth will burn the leather of your shoe soles"—and then I say to myself "Now if we only had some giant clamps that we could fasten to that fire place we could save it."

But who on earth ever heard of having a used fireplace in a house, anyway?

THE ELDORADO EAGLES 'B' BASKETBALL TEAM

THE ELDORADO EAGLES 'A' BASKETBALL TEAM

(Contributed in the Public Interest By the Eldorado Success)

Jr. Hi Boys, Girls, Win Over Mertzon

The Junior High teams journeyed to Mertzon Thursday of last week for games postponed earlier because of inclement weather, and came away with victories.

Girls' Game: 21-13

Mertzon, in suffering its first loss of the season, scored more points via the foul route than from the floor. So the plaudits for saving this game would have to go to the fine Eldorado guards, Terry Martin, Marsha Ballard, Peggy McGrew, Linda Derrick, Mary Lynn McCalla and Kay Mann, who held their opponents to 3 field goals. The sputtering offense was led by Arlene Hartgraves with 9 points, followed by Randy Yates with 8, and Peggy Hill, who came off the bench late in the first half in an effort to get something started (and did) with 4. Dale Montgomery, Julia Garza, Vicki Preston and Sheila Murr also saw action at forward.

Again Eldorado's superior game of keep-away spelled the difference, for they may be cold as a frog from the floor but are always hot as a pistol as they attack on defense.

Boys' Game: 37-30

The Eldorado boys, holding a commanding lead in each quarter, coasted to victory with Bob Page leading the attack, garnering 12 points, Joel Muzquiz 8, Paul Page 7, Wayne Doyle 6, and Mickey Clark 8. Bob Page, ever a team man, had his most prolific night since early season. Mickey Clark, who has been scoring in double figures lately, had a low for him, while Joel Muzquiz, in a great game, had perhaps his best effort of the season point-wise. Wayne Doyle, displaying, as usual, his remarkable speed and agility, was a scoring threat as he has been all season. Paul Page had trouble finding the range in the first half, but came alive in the second to measure up to the form he was displaying at mid-season, which earned him all-tournament honors at Junction a couple of weeks ago. James Larry Davis played parts of three quarters, and Denny Phelps,

Robert Wilson, Jack Williams, Keith Williams, and Jimmy Martin also saw action.

Junior Teams Took Two From Menard

Both the boys' and girls' teams won over Menard here in the local gym Monday night.

Girls: 72-3.—The A team played the first quarter, the B team the second, subs from the A and B teams played the third, and various combinations of all three played the fourth, as Eldorado won over the hapless Menard team in a one-sided affair.

As the forwards were reluctant ever to let the ball cross the line, there was little need for defending, but Marsha Ballard, Terry Martin, Peggy McGrew, Kay Mann, Linda Derrick, Mary Lynn McCalla, Gail Robinson, Gwen West, Susan Rogers and Carolyn O'Harrow all played at guard.

The scoring went as follows: Randy Yates 8, Arlene Hartgraves 20, Dale Montgomery 6, Julia Garza 12, Peggy Hill 16, Vicki Preston 6, Claudia Meador 2, Lisa Whitten 2, and Lisa McAngus saw several in-and-outs. Sheila Murr, rounding out the complement of 20 A and B members, was ill.

Boys: 42-36.—The boys' game was a bit more of a contest! The Menard boys were doggedly persistent, but the Eldorado team always pulled away when the going got rough. Wayne Doyle, with 15 points, and Paul Page, with 10, led the relentless attack, followed by Bob Page with 6, Mickey Clark 5, Joel Muzquiz 4, and James Larry Davis 2. Denny Phelps, Charles Adams, Robert Wilson, Keith Williams, and Steve Sykes shared in the fourth straight victory for the local boys.

Although Menard's greatest menace was its fast break, they were otherwise contained by sound defensive work; in fact, Menard was hardly ever allowed more than one shot a possession, for on this night the defensive boards were owned by the guys in green. Eldorado was in command throughout the game.

Jr. Teams To Play Final Home Game Monday

The Junior High boys and girls will be playing their last home games next Monday night, Jan. 21, against Mertzon. Mertzon has sound ball clubs: certainly the toughest competition the girls have met thus far.

Of the boys, this young aggregation which has shown immeasurable improvement since they stowed their cleats and donned their sneakers only a couple of months ago, five of the six regulars, James Larry Davis, Mickey Clark, Wayne Doyle, Paul Page and Bob Page, as well as Denny Phelps, Robert Wilson, Jack Williams, Jimmy Martin and William Edmiston, will be seen in their last basketball home game as Junior High School representatives.

The eighth grade girls, who, like the boys, dominate the teams in number even as 7th graders last year for Coach Wilson, are Marsha Ballard, Julia Garza, Arlene Hartgraves, Peggy McGrew, Kay Mann, Terry Martin, Carolyn O'Harrow, Dale Montgomery, Vicki Preston, Gwen West, Lisa Whitten and Randy Yates.

It would be a distinct tribute, justly due these youngsters, who have given so much of their time and effort, even though it be for their own pleasure, too, for a good crowd to turn out in support of them in their last home appearance. For if we believe that there are educational values inherent in this program, then we need to encourage them in the pursuance of these values.

Eaglettes To Battle Menard Tuesday

"We'll run you out of the gym!" These are the official words to the Eldorado girls from Menard as the Eaglettes go to Yellowjacket gym Tuesday night for an important district 8-A game.

Menard feels confident that the Eldorado girls won't be able to stay on the court with them. The Yellowjackets do possess height and experience (5 seniors), to go with a grudge over two losses to the Eaglettes last year. Menard brings an excellent 22-2 record into the game while Eldorado is 21-1. If all goes according to plan the Eaglettes will be 22-1!

Eldorado doesn't have much height but it is offset by speed and quickness. The Eaglettes bear no grudge but no team ever had a greater determination.

This game could be a big step toward the east zone crown so every Eaglette fan will want to be at Menard, 6:30, Tuesday night, for this important clash.

Eaglettes Open Dist. Friday With Junction

The Eldorado girls sporting a fine 20-1 record this season open their district race against Junction Friday in Eldorado. The Eldorado girls have only two district foes, Junction and Menard, so they can't afford to let down for the next four games.

The Eaglettes of Coach Bell will be trying to win their fifth title in seven seasons and their fourth consecutive.

The offense was in question early in the season due to the loss of a high scoring forward. However, the Eaglettes didn't pay attention to those reports and proceeded to win when many thought they'd lose. Karen Griffin and Marsha Mund, senior co-captains, have done a marvelous job of leading a balanced scoring attack.

The sophomores, Libby Preston, Susan Hill, Susan Mobley, and junior Martha Sue Page, have adequately filled the third spot. The Eaglette offense has averaged about 53 points per game. Their straight point has been their defensive ability and rebounding.

On defense the picture looks good with Chris Edmiston, Jane Cain, Shirley Hubble, Sherry Yates and Beth McCalla doing an excellent job. Ready to back them up are Nancy Jurecek and Joan Doyle. These girls possess good over all ball handling and rebounding ability with height being the only drawback.

They are "little but lively" and they know the meaning of TEAM-WORK. Good luck Eaglettes in the race for the East Zone championship. The girls' contest should begin about 6:30.

20th Victory For Girls

The Eldorado girls pinned a 58-45 loss on Lake View Monday night to notch their 20th win of the season against only one defeat. The Eaglette fans didn't have a calm night though as they were fighting an inspired group of Maidens. First quarter score stood 14-10 but the second stanza saw the L. V. girls score 13 while Eldorado hit only 10. The green missed 11 free throws the first half of 17 attempts. Eldorado led 24-23.

Karen Griffin shook off her first half cold spell and scored 13 the last half for 20 points. Team mate, Marsha Mund, was the most consistent performer netting 25 points although she hit a poor 50% from the free-throw line. Susan Hill contributed 8, Libby Preston 2, and Susan Mobley 3.

Defensively Chris Edmiston had 10 rebounds while Jane Cain had 9, Shirley Hubble 5, Nancy Jurecek 3, Sherry Yates 2, and Beth McCalla 1.

The team had a poor second quarter but after the half it was a different story as Eldorado went to work and 23 points. The free throw line was the Eaglette cold spot as Marsha hit only 7 of 14, Karen 8 of 12, Susan Hill 2 of 5 and Susan Mobley 1 of 2.

This is the last non-district game as the Eaglettes settle down to the business of whipping Junction and Menard and winning the East Zone of 8-A.

Scoring . . .
 Eldorado . . . 14 10 23 11—58
 Lake View — 10 13 10 12—45

"B's" End Season

The Eldorado "B" girls' basketball team ended their season Monday night at Lake View but lost 35-23. Stella Hubble and Maureen McCravery scored all the points netting 12 and 11.

Rebounds went to Jan Wagley 5, Billie Gay Blaylock 7, Jacque Davis 4, Glenda Hanusch 2, Debra Murr 2, and Patty Johnson 1.

The girls ended the season 4-3 with two of those losses coming at the hands of Nueces Canyon "A" and Rocksprings "A".

The scoring for the year was led by Stella Hubble with 88, Maureen McCravery 56, Nell Neff 32, and Shane Henderson 31. The team scored 207 points averaging 29.5.

Guards Billie Gay Blaylock, Jan Wagley, Jacque Davis, Donna Davis, Debra Murr, Patsy Robledo, Glenda Hanusch, Patty Johnson, Tanya Yates, Dorothy Lozano all did a good job defensively for Eldorado.

The ELDORADO SUCCESS

Patriot's Will Aids Tree Trend For Texas

West Columbia, Texas.—The wishes of James Stephen Hogg, Texas' first native Governor, that wild nuts be planted to perpetuate native Texas trees, is being honored through pecans harvested from Varner-Hogg Plantation State Park near here.

Thousands of pounds of pecans, both native and shelled, have been retained at the park to be distributed to visitors in keeping with Governor Hogg's written wishes in his own will filed after his death in 1906:

"Let my children plant at the head of my grave a pecan tree and at my feet an old-fashioned walnut tree. And when these trees shall bear, let the pecans and walnuts be given out among the plain people so that they may plant them and make Texas a land of trees."

Visitors receive a small plastic container bearing the late governor's request and six pecans, comprising two native varieties and

one each of James, Stuart, Frother and Moneymaker.

Superintendent Joe Cariker said the 150 pecan trees on the 53-acre tract bore a substantial crop last fall. He said some of the trees date back to as early as 1920.

The giant trees, with their massive summer shade, provide a forested setting for the restored plantation home, containing rare furnishings dating back to the ante-bellum period.

The estate, easily accessible on West Columbia outskirts, after the former governor's death, was donated to the state by Miss Ima Hogg with an endowment designed "to perpetuate an appreciation of the simple, industrious and sometimes elegant life of the early settlers of Texas."

It is considered the historic showplace of the state parks system. Admission is on Saturdays, Sundays, Tuesdays and Thursdays from 10:00 a.m. to 5:00 p.m.

Relatives of Claud Archie Riley visited Mr. and Mrs. Buster Gunn after his funeral on Friday afternoon.

Texas Bluebonnets To Australia

College Station. — The requests which come to Texas A&M University are many and varied.

A recent one, with an international flavor, started with U. S. Ambassador to Australia Clark and through channels landed on the desk of Dr. Morris Bloodworth, head, Department of Soil and Crop Sciences in A&M's College of Agriculture. It was for a pound of Texas Bluebonnet seed.

Everett E. Janne, landscape horticulturist, obtained the seed from the Nicholson Seed Company of Dallas. The seed went back through channels which included the U. S. Department of Agriculture's Far East Officer Paul Taggart in Washington D. C., hence to the U. S. agricultural attache in Canberra, Australian and to Ambassador Clark.

Ambassador Clark is a native of Texas and wanted a touch of home on the U. S. Embassy grounds in Canberra. Janne included with the shipment information on the planting and care of the state flower.

Don't Forget That Poll Tax!

The Schleicher County Republican Committee urges you to pay your poll tax and qualify yourself to vote in this all-important election year of 1966. The poll tax HAS NOT been repealed, and you must have a valid poll tax receipt in order to vote, unless exempt by age.

Now is the time for citizens to stand up and be counted where government is concerned. Take time this year to know the candidates, inform yourself on the issues and when the opportunity presents itself, cast an INFORMED VOTE in the local and state elections, and in the General Election.

This message is presented in the public interest by your

SCHLEICHER COUNTY REPUBLICAN COMMITTEE

Ford Oglesby, Jr., Chairman
