65TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936) Thursday, February 10, 1966

NUMBER 6

Tom Dempsey Files For County Judge

Tom M. Dempsey last week authorized the Success to announce that he has filed with the County Chairman as a candidate for the office of County Judge, subject to action of the Democratic primary in May.

Mr. Dempsey is well known throughout the county, having been a resident here for over 17 years and is self-employed in oil field work and welding business.

Mr. and Mrs. Dempsey are the parents of four children, three in the Eldorado school system and one in college.

In making his announcement to the public Tom said, "I am naturally interested in the welfare of Eldorado, and Schleicher county, and will appreciate any consideration the voters will give me."

W. F. Edmiston Comes Out For Prct. 4 Commissioner

With passing of the filing deadline Monday, W. F. Edmiston authorized the Success to announce that he is candidate for Commissioner of Precinct 4, subject to the Democratic Primary.

W. F. is a son of Mr. and Mrs. Gene Edmiston and he is a life-long resident of Schleicher county. He is a rancher.

"With my ranching background I feel that I am thoroughly familiar with the problems of Precinct 4 and of Schleicher county, and will give my best efforts to the job of Commissioner if elected," Edmiston stated in announcing his candidacy.

W. F. is 37 years old, and he and his wife and family live on their place 12 miles out of Eldorado on the Mertz highway.

Sgt. Voy J. Mitchell Is Now In England

Shefford, England—Staff Sergeant Voy J. Mitchell, son of S. J. Mitchell of 105 Fields Ave., Eldorado, Texas, has arrived for duty at Chicksands RAF Station, England.

Sergeant Mitchell, a communications specialist, previously served at Goodfellow AFB, near San Angelo, Texas.

The sergeant is a 1953 graduate of Schleicher County High school.

News Of The Sick

Mrs. Dan McWhorter reports that her mother is still a patient in a Dallas hospital and is expected to remain there for still a number of weeks. She is reported to be doing well and in good spirits. Cards may be addressed to: Mrs. Jack Elder, box 11288, Dallas 23, Texas.

Vernon Hazelwood entered the Clinic-Hospital on Jan. 27 and underwent surgery the following week. He is still convalescing in Room No. 100 there.

Mrs. C. J. Hahn fell recently and broke her arm. She is reported responding to treatment.

Flora Riley took her husband, Fred, to Houston last Saturday and he entered a hospital Sunday for tests and treatment of a leg condition. He is in St. Luke hospital.

Mrs. R. A. Evans is confined to the Shannon hospital with a cast on her arm and leg after suffering injuries when a car rolled and struck her in the drive way of her home. She is now recovering nicely.

Mrs. Leonard Wilson underwent surgery in the Clinic-Hospital in San Angelo last week.

Fred Logan is back home after a few days in the hospital, about ready to go back to work.

Clemens Sauer is confined to his home in Reynolds community, after a series of treatments in Sonora hospital.

Mrs. Charles Wimer is scheduled to have another check-up in a San Angelo hospital, today, Thursday.

Mrs. Margaret Rountree was brought home last Monday following a stay of a number of days in the Clinic-Hospital.

Post Script

Next week's Success issue will carry news features, photos, advertising, etc., carrying out the theme of F.F.A. Week.

The special week honoring the Future Farmers of America always includes Washington's birthday. Besides being the Father Of His Country, Washington advocated principles of soil conservation, efficient farming methods, and land use a full century ahead of his own time.

With our subscribers: Roy Lynn Love's new address is box 528, Kingsland, Texas.

Mrs. Ross McAngus has entered a subscription for Billy Dan McAngus at 606 Jasper, Marshall, Texas. The McAngus moved from San Angelo to Marshall last October. He is employed with Monarch Tile.

Eldred Roach renewed his subscription from Harper, Texas.

"I have moved back to San Angelo. I am employed with Carson & Carson Accountants and Auditors, suite 203, Continental Bldg.; I live at 1417 S. Van Buren. I'd like for my friends to know I am back and for them to drop by and see me when convenient," wrote Alma Sauer in renewing her Success subscription.

Here is another local serviceman's address:

Pvt. John W. Hawkins RA18752591 Co B (Bravo), 2nd Bn., 1st Tng Bde S. Fort Polk, Louisiana 71459

Another old building is being razed on South Main. The frame building which formerly housed Davis Cosden Station is being torn down.

Lum moved his station to the new highway about six years ago, and the structure had been vacant since.

We announced last week that Roy Andrews would be a candidate for re-election for the post of Constable in Precinct One, a spot he has occupied for many years. Later on an investigation of court house records revealed that Roy was elected to a 4-year term two years ago, so his name will not appear on this year's ballot after all.

Now that nominations are closed for the Democratic primary, political aspirants can turn attention to two other local contests which come up in April.

City election for three aldermen comes up April 5th, and school election for three trustees comes up April 2. It's a little early this week to come up with any candidates for these spots.

The appointment of Joe Christian to succeed Joe Wagley as commissioner in Precinct 3, has got the county heads studying on legal procedure. Christian's appointment is not for Wagley's unexpired term, but only for the period from now until the General Election in November. The question is, how does another candidate enter the race?

In Edwards county (Rocksprings) a similar situation has come up, and is being handles this way:

"The appointee will serve until the general election Nov. 8. In the meantime, a special election will be held to fill the office for the unexpired term. This vote will be made along with the primaries May 7."

One difference in Edwards county is that the vacancy was for tax collector, while here it is for commissioner.

County Attorney Robinson is looking up the law in the matter.

REPUBLICAN ANNOUNCES FOR STATE SENATE

Ray St. Germain, 38-year-old independent oil operator from Midland, has entered the race for the State Senate on the Republican ticket.

St. Germain has been a Midland resident for the past 14 years. He was born in Tulsa, Okla., and attended High School in Houston, Texas.

Midland, Odessa and San Angelo are now included in the new 25th State Senatorial District.

St. Germain will be on the General Election ballot in Nov. against winner of the Dorsey Hardeman-Pete Snelson contest for the Democratic nomination.

Founders Day To Be Observed By P.-T.A.

The Eldorado P-TA will celebrate National Founders Day with a very special program this year. The meeting will take place in the High School Gymnasium at 2:00 p.m., on Tuesday, February 15.

During the first part of the meeting a demonstration will be given by Mrs. Shannon Harber's physical education department. It will feature the area of Creative Dance and will be given to show a part of our school's P. E. program that is not seen as often as the competitive sports.

After this demonstration, a business meeting will be held in the gym. The meeting will then continue in the Home Economics Department in the High School building. A tea will be served by the girls in one of the Home Economics classes under the direction of Miss Dana Owens. A demonstration of their work will also be given.

Following this part of the program, the P-TA members will go to the High School Library where Miss Jewel Shelton, aided by some of the High School students, will show the facilities offered by our school library.

The program committee feels that this is a most important meeting of the year and are urging as many parents or interested citizens in our community as possible to attend.

Come and see a part of the many facilities and opportunities offered to our youth in our community today.—Rep.

Amy Louise Fuller Wed In Jefferson

MRS. AMOS DEE MINTER

Miss Amy Louise Fuller of Dallas, daughter of Mr. and Mrs. Carl Fuller of Eldorado, became the bride of Amos Dee Minter, also of Dallas, son of Dr. and Mrs. Amos David Minter of Anona, Texas, in a candlelight ceremony at the First Baptist church of Jefferson, Texas, on Feb. 5th, at 7:00 p.m.

Miss Lynda McGinnes of Eldorado, a Senior at North Texas State University, Denton, was soloist. She sang, "Because" and "The Lord's Prayer."

The Rev. M. L. Boland, pastor of the church, officiated at the double ring ceremony.

A reception followed the ceremony at the church. About 150 persons attended.

The couple are at home at 2717 W. Jefferson, Valterra Apartment 104, Dallas, Texas, after a brief wedding trip to Louisiana. The groom is an I.B.M. operator for an insurance company. The bride is employed by the Texas Bank and Trust at Dallas.

She was recipient of several showers in Dallas, Anona, and Jefferson.

Her parents, Mr. and Mrs. Fuller, came home Monday night after spending several days in Jefferson for the wedding.

Mrs. Harold Skaggs Jr. and baby son, Harold III, flew in from Galveston last Thursday morning to visit her parents, Mr. and Mrs. Jack Hext, and grandparents, Mr. and Mrs. Ben Hext and Mrs. Ernest Finnigan, between semesters. Mr. and Mrs. Ben Hext and Mrs. Jack Hext drove them home Saturday and returned Monday. Judy is organist at Westminster Presbyterian church in Galveston, and a student at the University of Houston.

Social Security Man To Be Here Tomorrow

Neil Tarvin of the San Angelo Social Security office will make his monthly visit to Eldorado tomorrow, Friday, Feb. 11th. He will be at the court house from 1:00 to 2:30 p.m.

Local residents who desire to file claims with the Social Security Administration, or who wish to ask questions, or to procure any pamphlets on any phase of the Social Security or Medicare program, should see Mr. Tarvin at that time.

Scattered Rains In Parts Of This County

Along with large areas of Texas, scattered rain and some hail fell in Schleicher county on Tuesday and Wednesday.

In Eldorado for the two days precipitation was about three-quarters of an inch. Some hail which was more like sleet accompanied the rain, and melted soon after it fell.

Out on the Circle Ranch, Mrs. Claude reported 6-tenths of moisture in the rain gauge, and said the ground was covered with a heavy layer of hail early Wednesday morning.

At the Runge ranch between here and Christoval the rain measured only 4-tenths of an inch and no hail. The Runges reported that this was the only measurable rain they had had since early last fall.

In Reynolds community Clemens Sauer reported that there was not enough rain to even show in the gauge.

Clouds were disappearing and Eldorado was under sunny skies at noon Wednesday.

New Highway Map Is Now Available

Austin, Texas.—The largest single order for the Official State Highway Map of the Texas Highway Department is now rolling off the presses.

The initial order for 800,000 of the full-color maps is up 200,000 over the first order for the 1965 maps. In past years, substantial reprints have been required to fill the ever-increasing demand from both Texas motorists and out-of-state visitors.

The maps are produced for free distribution by the Travel and Information Division of the Texas Highway Department. They provide tourists and Texans with up-to-date information on highways, mileages, lakes accessible to the public, Safety Rest Areas, city route maps, and to distinguish Interstate, U.S., State and farm-and-ranch-to-market roads in the state.

The growth of the Interstate Highway network is graphically shown, as the 1966 map shows 521 more miles of divided highways than appeared on the 1965 map. The majority of this increase is the Interstate System.

Over 22,000 miles of farm-to-market roads are shown—some 7,500 more miles of this type road than appeared on the 1965 map. Safety Rest Areas are again indicated on the map by small green dots along-side the highway. Last year there were 914 green dots. This year there are 934.

The reverse side of the 1966 map is devoted to full-color pictures of various scenic attractions of Texas with the challenge to "Discover Texas—America's Fun-tier."

Postcards for convenient ordering of the 1966 maps will be available at each Texas county tax assessor-collector's office, and as Texans buy their 1966 auto tags they may pick up these free order cards at their tax office.

Free copies of the map are also available at each of the eight Tourists Bureaus operated by the Highway Department at principal highway entrances to Texas and in the rotunda of the State Capitol, and at all 25 Highway Department district offices over the state.

Free copies also may be obtained by writing the Texas Highway Department, Travel and Information Division, Austin, Texas 78703.

Candidates Squaring Away For 1st Primary

School News

The Menard basketball teams will be here Friday night for the final scheduled basketball games.

Monday night, Mrs. Harkey and Mrs. McGregor will give the Senior class members and faculty a supper party in Sonora.

Tuesday, Feb. 15th, the P-TA meets at school at 2:00 p.m.

A one-act play, "Quiet Please" has been cast and the local high school will enter it in the district contest in Soomra about the first of April. The play, under direction of Nelson Word, has the following in the cast: Jerry Stigler, Rusty Meador, Larry McGinnes, Kaye Harkey, Joan Doyle, Maureen McCravey, and Susan Hill.

Girls To Seek Title Tie Here Friday

The Eldorado girls will look for a zone tie Friday night as they host Menard at 6:30. At the same time they will try for win number 23 against only 2 losses for the season. The Eaglettes under Coach Bell would like to successfully defend their district championship for the fourth consecutive year.

There is a lot at stake Friday and no one doubts that the team will be ready to demolish the Yellowjackets. Be there Friday night at Eagle Gym to help them on their way back to the throne room!

Lions' Ladies Night Set For Monday

The Eldorado Lions club will stage their ladies' night Monday at 7:00 p.m. in the Memorial Building, and Ray Boyer, president, this week reported that arrangements for the event are about complete.

Decorations will carry out the theme of Valentine's Day, and a number of awards will be given out to members who have been in the club for a number of years.

At the meeting yesterday, Bob Cole of General Telephone Company was on hand to present a program on the North American Air Defense Command, or NORAD. He showed a number of slides entitled, "Communications and National Defense," which described the job of the \$600 million Distant Early Warning radar network on the North American continent which would give warning of a sneak air attack or missile thrust, from the Soviet Union.

An amplified telephone circuit was made to Colorado Springs where Major Bill Martin, briefing officer, talked with Mr. Cole and later answered questions put from the floor.

The program was well received by all present.

There will be no club meeting Wednesday of next week, the ladies' night taking the place of it.

Mrs. Henderson cooked for yesterday's Lions club meeting, and Mrs. Neff will cook for the ladies' night coming up Monday, in the absence of the Rileys.

Historical Marker To Be Dedicated At Brenham

Austin.—County Judge W. R. Bearce and members of the Schleicher County Commissioners Court have been invited to attend the dedication of the "Texas Confederate County Commissioners Courts" historical marker in Brenham on Feb. 18 at 2:00 p. m. on the Washington County courthouse lawn. This announcement was made by John Ben Shepperd of Odessa, president of the Texas State Historical Survey Committee.

A history of the Commissioners Courts in Texas during the Civil War years to the present time will be made by Shepperd.

With passing of the deadline Monday night, County Democratic Chairman Dick Preston reported no new last-minute names added in county political races.

However, since last week's issue of the Success, W. F. Edmiston's name has been entered in the race for Commissioner of Precinct 4, and Tom Dempsey has joined the race for County Judge.

The Judge's race now shapes up with five candidates whose names will appear on the ballot in the Democratic primary on May 7th. The five are:

Robert McWhorter, life-long resident and member of a family with considerable ranch property; Tom Ratliff, insurance and funeral business interests;

Thomas Baker, presently Commissioner in Precinct 3, term expiring January 1st;

Joe Wagley, ranchman, who resigned as Commissioner of Precinct 3, to make the race for County Judge;

Tom Dempsey, self-employed in welding business, principally in oil field work.

Precinct Four

With the recent addition of W. F. Edmiston, four candidates will appear on the ballot for the job of County Commissioner in Precinct 4. Of the four rural precincts, No. 4 includes the Reynolds farming area, and brings out the next largest vote after Precinct 1. All four candidates are ranchers or stock farmers, and only the May 7 primary will determine who is most popular:

S. D. Harper, Jr.
Lawrence Dannheim
Johnny Mayo
W. F. Edmiston.

Precinct No. 2

In Precinct No. 2 incumbent Gene McCalla has as his opponent George Humphrey. Both are stock farmers.

Justice Of The Peace

Incumbent B. L. Blakeway is running for re-election as Justice of the Peace in Precinct 1, and is being opposed by Jack Halbert Jr.

This completes the list of local contests. J. P. Enochs is unopposed in his bid for re-election for County Clerk, and A. G. McCormack has no opponent for County Treasurer.

State Races

For State Representative Schleicher voters will find themselves having to choose between two strangers—Hilary Doran of Del Rio and Albert Smith of Eagle Pass. Due to re-districting, Kerrville is no longer in our district, which has been represented by Jim Nugent.

The 25th Senatorial district has also been enlarged and now includes Midland and Odessa. Dorsey Hardeman, long-time State Senator from San Angelo, is being opposed by Pete Snelson from Midland.

O. C. Fisher, U. S. Congressman from San Angelo, enters the Democratic primary without opposition.

Date Of City Election Is Announced

A formal city election notice appears in this issue on page 7.

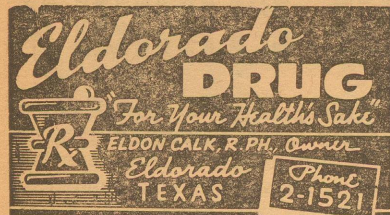

Election is scheduled for Tuesday, April 5, for purpose of electing three aldermen. Prospective candidates for these offices must file their names with the City Secretary no later than midnight, March 4th.

The three aldermen whose terms expire are: Alvin Farris, Roy Davidson and Ralph Waldron. Whether any or all will be up for re-election is not known at this time.

Mrs. L. H. Hoover and Miss John Alexander were in Brady recently to visit C. R. Hoover, who is ill at a Brady hospital and Jim Hoover who is in Brady to be with his father. They live on a ranch about 25 miles east of Brady. Mr. Hoover, who is 95, has been ill for about two weeks.

Texas Almanacs at Success.

MY LITTLE BUNDLE FROM HEAVEN KEEPS HAPPY WITH BABY NEEDS FROM

Bosmans, Rogers, Led Surge Last Friday

The Eagles pecked away at the Broncs last Friday night but finally were subdued by the powerful Broncs 48-43.

In the opening stanza, it looked like the red and white might swamp the Eagles as the score stood 11-0 but the green got warmed up and the first quarter score read 17-13 with the Eagles nipping at their heels.

Bosmans had 13 and Rogers 12 to lead the Eagle scoring. Scott McGregor had 9, Joe Phillips 5, and 2 each from Gary Derrick and Chris McCravey.

This puts the Eagles 2-2 in district play behind Sonora. Eldorado — 13 15 8 7-43 Sonora — 17 13 8 10-48

How Christian Science Heals

Sunday 8:15 A. M. Radio Station KGKL San Angelo

Attend Convention & Premiere, Ft. Worth

Fort Worth.—Members of the American and Texas Polled Hereford Associations attended the annual convention of their organizations here Feb. 1-3, highlighted by the world premiere of "The Rare Breed," motion picture based on the introduction of the polled hereford cattle strain into the southwest.

The Worth Hotel, headquarters for the convention, was also headquarters for motion picture celebrities appearing at the world premiere, held at the Fort Worth's Palace Theater on Feb. 2. Stars James Stewart, Maureen O'Hara, Don Galloway and Juliet Mills and Director Andrew McLaglen made personal appearances and also were guests at the association's feature banquet held Feb. 1.

Other convention highlights included the polled hereford show at the Fort Worth Fat Stock Show on Feb. 1 and the annual polled hereford sale on Feb. 3.

More than 500 association members, wives and guests attended the convention and associated activities.

Attending from the Eldorado area was Fred Case, operator of the Case Ranch.

Miss Mitchell Engaged To Roy W. Short

MAUDIE MITCHELL

Mr. S. J. Mitchell has announced the engagement of his daughter, Miss Maudie Mitchell, to Roy W. Short, son of Mr. and Mrs. Curtis Short.

The wedding will be Thursday, March 17, 1966 in the home of Mr. and Mrs. E. C. Peters.

Miss Mitchell is a graduate of Eldorado High School. She has been employed as a bookkeeper in the First National Bank for the past five years.

Her fiancé is a graduate of Eldorado High School and attended San Angelo College. He has recently received his discharge from the Armed Forces and is presently employed with the Texas Highway Department.

The Richard Ray Richard family of Houston spent the week end here with her parents, Mr. and Mrs. E. T. Davis.

Texans To Vote In November On 16 Amendments

THE RIGHT NUMBER—Secretary of State Crawford C. Martin draws numbers from a hat to determine the sequence of 16 Constitutional Amendments on the general election ballot.

Texans will have a heavier general election ballot next November than usual with the appearance of 16 proposed Constitutional Amendments on the voting agenda.

In a public drawing in Austin, Secretary of State Crawford C. Martin drew numbers from a hat to determine the sequence in which the amendments will appear on the November 8 ballot.

At the top of the ballot, getting the Number One designation, is the amendment "to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only

those factors relative to such agricultural use."

Other proposed amendments are less confusing in their text.

Some of the others, and their number on the ballot are:

Abolishment of the poll tax (No. 7), allowing members of the Armed Forces who are residents of Texas to vote (No. 14) and \$200 million in water development bonds (No. 11).

All together, the proposed amendments contain about 14,300 words.

To help Texans understand the proposed Amendments, they will be published in Texas newspapers beginning in August.

Jan Wagley, Norma Kay Mund, and Patty Johnson.

Rehearsals Under Way For Junior Class Play

Nelson Word announces that the cast for the Junior class play are now rehearsing and will present their play, "Absolutely Murder" the night of March 3rd.

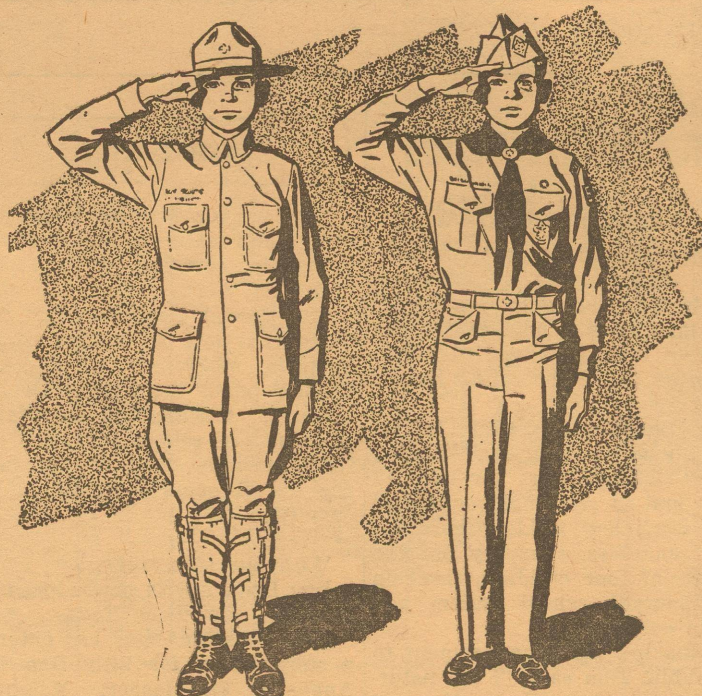

Those in the cast are: Don Taylor, Judy Davidson, Martha Sue Page, Bobbie DeLong, Nancy Jurecek, Rickey Buchner, Sheila Lindsey, Kirk Jones, Kathy Carlman, Jesse Bosmans, Kay Sanders,

Mercury Vapor Lights Being Erected At Iraan

The City of Iraan has taken two giant steps on the road to community betterment. State approval has been granted to the public water system and mercury vapor lights are being installed over the entire city. —Iraan News.

We Salute BOY SCOUT WEEK

FEBRUARY 7 - 13

It is a pleasure for us to greet all local Boy Scout members and workers in this area, as you observe Boy Scout Week. You can look back on a busy year of achievements, and to a coming year of equal challenge.

Our firm, too, is part of the growing West Texas economy and we are proud that your efforts make this a better place in which to live.

Greetings, from all of us at

Chevrolet Impala Sport Sedan with Body by Fisher

JET-SMOOTHER THE CHEVROLET WAY

We added new bushings and softened body-to-frame mounts to smooth Chevrolet's ride. We put in soft-acting shock absorbers and soft-working coil springs at every wheel. By soft, though, we don't mean mushy. Chevrolet's Way makes for a smooth, solid ride. Very steady on curves. A bump jumps from the Wide-Stance wheels to the supple springs and shocks—and pffft! It all but disappears.

Soft contoured new Strato-bucket front seats come standard in Super Sports for relaxing comfort on every trip.

The powerfully smooth new Turbo-Jet V8 is available in all '66 Caprice, Impala SS, Impala, Bel Air and Biscayne models.

Eight features now standard for your added safety—including seat belts front and back (always buckle up!) and an outside rear-view mirror (always check in back before passing).

All kinds of cars, all in one place... at your Chevrolet dealer's: Chevrolet • Chevelle • Chevy II • Corvair • Corvette

Commercial Bank Seeks Incorporation At Mason

Ed H. Winton, managing partner of the Commercial Bank, Uninc., announced that applications have been prepared for filing with the Texas State Banking Board to incorporate the Commercial Bank. In addition to Mr. Winton, the charter application lists the following persons as organizers of the corporation: L. H. McMillan, Donald Ziriach, Eugene Zesch, Victor Kothmann, Kelly Schmidt, Martin Wagner, Marvin McMillan Jr., Walton Lehmborg, Jack Lee, C. Victor Thornton and Lloyd Thornton.

Mr. Winton continued, "The continued growth and improvement of banking services can best be accomplished by converting to a State chartered bank and obtaining Federal Deposit Insurance."

The incorporation of this bank

will mark the end of 65 years of private banking in Mason. The Commercial Bank, Uninc., was organized in 1901. —Mason County News.

New G. M. Dealer At Ozona Is John Brown

Johnny Brown, a former Dallas resident, recently assumed the dealership here for General Motors automobiles formerly held by Wooten Motor Co. The name of the firm has been changed to Johnny Brown Motor Co.

Brown has a wife, Marjorie, and a 10-year-old daughter, Lisa. His family will join him as soon as suitable housing is found. He has been associated in the automobile business in Dallas for the past 15 years. —Ozona Stockman.

Eldorado Drug

Austin.—Floterial districts! You will hear these two words used often between now and the November election. And probably a long time thereafter.

What are floterial districts? They are voting areas created by combining counties, or parts thereof, to comply with the Supreme Court edict that all states must have districts of equal population.

In Texas, this has resulted in rural counties sharing representatives with metropolitan counties, or vice versa.

A three-judge federal court at Houston has just upheld the 1965 Reapportionment Act of the House of Representatives, with the exception of 11 floterial districts. These floterial districts are areas around Austin, Brownsville, Corpus Christi, Tyler, Waco, Sherman-Denison, Lubbock, Abilene, Temple, Odessa and Angleton.

Court gave the Legislature until August 1, 1967, to correct the floterial flaw.

So, this November, voters will select representatives on the basis of the original reapportionment draft.

Texas' four largest counties—Bexar, Dallas, Harris and Tarrant—will gain a total of 16 seats in the House for a total of 51 representatives. Under the new redistricting plan, 12 out of Texas' 254 counties will have a majority of House votes.

Although their power on paper is enormous, as a practical matter representatives of metropolitan areas seldom if ever vote as a bloc. So rural interests aren't likely to be ground under the heel of big city lawmakers.

State senatorial reapportionment never was subject to change.

Congressional redistricting was upheld earlier.

More Tourist Funds Asked

Governor Connally will ask the 1967 Legislature for a bigger budget for tourist advertising.

"Considering the magnitude of the market," he said, "we still are going after an elephant with a peashooter."

Connally cited a 14% increase in tourists last year—totaling 14,200,000. He reported that advertising by the state produced more than 57,000 direct replies.

Although visitors spend more than \$680 million a year in Texas, the governor feels the surface has barely been scratched. Tourists in Florida spend three times as much.

He called for further development of natural and man-made attractions, and predicted HemisFair 1968 in San Antonio will have a "strong impact" on progress of the tourist program.

Current biennial budget of the Tourist Development Agency is \$532,000. It was \$292,000 in 1963-64.

Education Committee Meets

Governor's Committee on Public School Education held its first meeting here for a look at school needs and began preparation of a master plan for future development.

This 15-member committee is charged with a "pervasive inquiry" into all aspects of the school system. Its report is due to be made to the governor and Legislature in August of 1968.

First session dealt largely with employing a staff for the big job ahead.

Lease Sale Profitable

School Land Board's first oil and gas lease sale of 1966 brought the state \$8,300,000 for 136,048 acres or an average of \$61.25 an acre.

High bid of \$620,000 was on a 1,440-acre Gulf tract in Calhoun county. Next highest was \$270,090 on 1,500 acres in Calhoun and Matagorda counties.

Some \$91,500,000 was added to the school land fund last year, boosting the fund to \$669,184,011.

Job Centers Reviewed

Fears of expanded Federal control over the Gary Job Corps Center near San Marcos faded after a cards-on-the-table session between Governor Connally, Gary officials and directors of the War on Poverty project in Washington.

Connally reported there will be no basic change in the center's operation. Also that the Texas Education Foundation Inc., a non-profit organization which administers it, may direct the new women's job center at McKinney.

Business Records Seen

February is the 60th month of business upswing, in Texas. It's an all-time record for peacetime business, according to the UT Bureau

of Business Research.

A "high level" of business activity is predicted for 1966. However, curbing inflation "is going to be very difficult," reports the Bureau.

Additional military expenditures projected for the year will make the state's economy much like that during the Korean War.

Medicare is seen as signaling a big increase in demand for medical services and as setting off a boom in hospital and nursing home construction.

Appointments Announced

Governor Connally named Robert C. Sneed of Austin to the Texas School Land Board.

Tom Miller Jr. and William Petri of Austin, Thomas C. Ferguson of Johnson City and E. A. Arnim of Flatonia were named by the governor as new members of the board of the Lower Colorado River Authority.

Connally designated a 25-member advisory committee to implement planning for the first Texas Governor's Conference in Libraries, to be held here on March 23.

Speaker Ben Barnes appointed the following to the interim study committee on water safety: Reps. Ben Atwell of Dallas, Otha Birkenner of Bay City, James D. Cole of Greenville, Henry Fletcher of Lockhart and Leroy J. Wieting of Portland.

Attorney General Reports

Atty. Gen. Waggoner Carr says members of the Texas Association of Home Builders may be appointed as State Executive Reservists and Advisors to the State Highway Engineer, in his position as Director of Construction and Housing in the Emergency Resources Management Plan.

Carr also said fraternal benefit societies, burial associations, mutual aid associations and local mutual assessment companies are exempt from general insurance laws. However, they aren't exempt from laws governing escheat and are required to report abandoned property.

A brief has been filed by Carr with the Tenth Circuit Court of Appeals in Denver, attacking the Federal Power Commission's order setting the wellhead price of gas in the Permian Basin of Texas.

Carr said both the economy of Texas and the state school system would be adversely affected by the order.

According to the attorney general, a defendant in a misdemeanor case tried in county court can elect to have the judge or jury fix punishment—just as in felony trials.

Vehicle Laws Book

A new 282-page book detailing Texas Motor Vehicle Laws is available for 50 cents by writing the

Who Owns My Bank?

Texas vs. U.S.A.

The U. S. Army and Texas met headon over plans of the U. S. Army Corps of Engineers to build channels and levees on a stream where the state plans to construct a reservoir.

State opposed the Sulphur River project, estimated to cost \$700,000, because the state master water plan calls for a reservoir covering the channel work and levees the Corps is planning to build.

Bank Closes At Blanket

Blanket State Bank has been closed and placed in the hands of the State Banking Commissioner for liquidation: according to Commissioner J. M. Falkner.

However, its assets have been sold and its deposit liabilities assumed by the bank, so every depositor will be paid in full, Falkner stated.

Short Shorts . . .

Cigarettes tax collections increased more than \$2 million during January, over the first month of 1965, to reach a total of \$9.6 million.

A Texas Legislative Council committee, seeking ways to modernize county government, will hold hearings over the state.

Department of Public Safety reports it has more than 100 job openings in uniformed services for men 21-35 years of age.

Sixth annual meeting of Texas Civil Defense directors will be held here February 21-22, with Gen. Earl G. Wheeler, chairman of U. S. joint chiefs of staff, as principal speaker.

Conference on the Older Americans Act and Medicare as applied in Texas is slated here March 4.

A person who refuses to surrender his suspended license within 10 days of date of suspension is subject to a fine up to \$200, DPS warns.

Texas Industrial Commission conducted an economic development clinic at Lamesa.

Third Court of Civil Appeals instructed State Savings and Loan Commissioner James O. Gerst to reconsider an application of the Livingston Savings & Loan, rejected in 1964.

Methodist Notes

The Senior MYF will meet in the church Fellowship Hall at 5:45 p.m. Sunday. The president, Rusty Meador, and Larry McGinnes will serve as discussion leaders, the topic being: "Going Steady—Pro and Con." All young people are welcomed and a special invitation is extended to the parents.

Refreshments will be served. Jim Martin is sponsor for the group.

Nicks Addresses C of C Meet At Ft. Stockton

Fort Stockton Chamber of Commerce paid tribute to a hometown boy who made good, and installed new officers and directors for the coming year, at its annual banquet Friday night in the high school cafeteria.

About 450 people attended the banquet.

Oran W. Nicks of Washington, D. C., son of Mr. and Mrs. O. M. Nicks of Fort Stockton and director of the National Space and Aeronautics Administration's Lunar and Planetary Programs, was chief speaker and honoree at the banquet. —Ft. Stockton Pioneer. (Oran Nicks was born in Eldorado.)

Electricity Makes A World Of Difference

We've come a long way since the Stone Age. Wouldn't the cave man be awed by our Space Age! Through the years, we've grown so accustomed to electricity we have taken it for granted. And yet, we are more dependent on electricity than any other source of energy. One of the jobs of West Texas Utilities Company is to make electricity so available, we can take it for granted. There's nothing quite like electricity...it can't be seen, heard or smelled...yet it is used daily in dozens of different ways to make our life easier and better. So sit back, relax and enjoy life...

In Those Days
 Compiled From Success Files

ONE YEAR AGO
 Feb. 11, 1965—Funeral services were held for Mrs. Robert Nixon, 68.

Joe Gault was chairman of a fund drive being conducted for the Girl Scouts.

Ward C. Parks' funeral was held. C. N. Shaw underwent major surgery in the Sealy hospital at Galveston.

FIVE YEARS AGO
 Feb. 9, 1961—A late-winter storm dumped eight inches of snow on Schleicher county.

Percival Case died at the age of 65.

Mrs. Donald J. Baxter, 37, of Snyder and daughter of Mrs. Velma Donelson of this place, was killed in a car wreck. Another daughter, Mrs. Mozelle Taylor of Buchanan Dam, was also seriously injured in a separate accident 15 miles east of Eldorado.

A daughter was born Feb. 6 to Mr. and Mrs. Jim Cawley.

Arlene Hartgraves was honored on her 9th birthday.

Seven Ways From Sundown, and The Dark at the Top of the Stairs, were movies being shown at the Eagle Drive-In.

Ila Jean Boyer was graduating from Abilene Christian College.

F. B. Calcote was reported recovering from a heart attack at Artesia, New Mexico.

Becky Muñd was elected vice-president of Chi's, women's service organization at Baylor University.

12 YEARS AGO
 Feb. 11, 1954—The school board voted a contract extension for Supt. T. E. Holcomb, to July of '57.

The newly-organized Congregational Methodist church purchased lots in western Eldorado to be location for their new church building.

R. W. (Bob) Reynolds announced for commissioner, Precinct 4.

Shorty Taylor opened the Sinclair service station on South Main street.

Jesse L. Thompson was a new candidate for commissioner of Precinct 1.

Floyd McGinnes was stationed at Camp Chaffee, Ark., after completing 14 months Army duty in Germany.

A son was born to Mr. and Mrs. Ben W. Joiner.

A gift tea honored Margaret Faulk, bride-elect of Elmer Stires of Wichita Falls.

Lola Beth Ballew became the bride of Lt. Donn A. Byrnes, in a ceremony in the Methodist church.

35 YEARS AGO
 Feb. 13, 1931—Judge Frank Hartgrove of Menard was to be principal speaker at a Washington Memorial Service put on by the Eldorado Lodge No. 890 of Masons.

Lee Duncan came in with a large Mexican lion he killed on a ranch 15 miles south of Alpine.

Local ex-servicemen met and organized the Bev McCormick Post of The American Legion. Don McCormick was chosen commander with E. W. Brooks adjutant.

Other charter members were Jim Griffin, Lester Henderson, Jud Brannan, H. T. Finley, Arthur J. Mund, Wilson Parks, Jess L. Thompson, Ed Kerr, Clyde Keeney, Joe A. Williams, A. D. Richey, F. S. Stanford, W. I. Riggs, H. H. Murchison, and Finas Hamby of Sonora.

The County Commissioners met and set some salaries which included: county judge, \$75 month; sheriff, \$83.33 per month; and county and district clerk, \$70 per month. F. M. Bradley was judge and commissioners were Ovid Wade, T. W. Taiot, J. Forrest Runge, and Louis Jones.

The P-TA tacky party netted \$27 for that organization, and Mrs. G. A. Neill won first prize for the women, R. L. Sample won prize for the men, and George Williams Jr. won the first prize for children.

A son was born Feb. 5 to Mr. and Mrs. Melvin Harris.

Mrs. Steve Perner and son of Ozona were guests of Mr. and Mrs. C. C. Doty the first of this week.

ELDORADO LODGE
 No. 890 - A. F. & A. M. Stated meeting 2nd Thursday in each month at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

District Supervisors in Session at their Regular Monthly Meeting Working on Updating their Program and Plans.

Top row: Milton Rathbone, Walter C. Pope III, Bill Rountree, W. G. Godwin; Bottom: M. G. Shurley, Otis Deal, Ben Hext.

District Supervisors of the Eldorado Divide Soil and Water Conservation District are in the process of updating their District Program and Work Plan. Having been organized some 25 years ago, the present program and work plan is outdated.

The District's Program and Work Plan is for the use of the supervisors, cooperating ranch and farm owners and operators, and the agencies assisting the supervisors with the development and maintenance of a complete conservation program throughout the district.

Supervisors meet on the first Thursday of each month at 2:00 p.m. in the Southwest Texas Electric Co-Op building to carry on

their business. This Soil Conservation District is governed by local groups and local people to meet local needs. This is in the tradition of the enterprising but cooperative spirit that helped our pioneers win a new land. Federal and state agencies assist the District.

In our free society, we enjoy degrees of cooperation that are not even approached in other countries and the difference is that our cooperation is that of free men choosing to work together to accomplish common goals.

Your district operates on this basis. No one is forced to work with the district, no one is forced to follow a conservation plan after

it has been developed. No one is bound to continue his association with the District, or to carry out programs on his land with which he is not in agreement. And this is the very reason that the Soil and water conservation district movement has been so successful; this is the reason that in only some 33 years, districts have grown from nothing to include millions of cooperators and hundreds of millions of acres of land.

We who are connected with the conservation movement, in any respect, can be proud to have a part in such a program. As long as men prefer freedom, and they always will, such a program will be successful.

Girls Cage Team Sets Scoring Record

While everyone was playing three quarters and not intentionally "running up" the score on Junction, the Eaglettes set a new scoring record beating them 81-29. Last year the Eaglettes scored 77 points in a game for the record. Leading the way in this important 8-A contest was Senior Marsha Mund with 20 and Sophomore Susan Hill with 19. Fifteen of Susan's came on free shots as missed one all night. Marsha tore Junction's defense apart the first half as she hit 17 and Karen added 8 more before finally totaling 13. Martha Sue Page did an especially good job hitting 11 points the second half. Susan Mobley and Libby Preston both narrowly missed hitting double figures as they tallied 9 each. Marsha and Karen played a good portion of the first half and saw limited in action in the second half so that some of the less experienced could make some points.

Defensively every guard looked good. Chris Edmiston, Sherry Yates, and Beth McCalla started the game. Then various combinations with Shirley Hubble, Nancy Jurecek, and Joan Doyle were used. Finally in the fourth quarter Jane Cain saw some defensive service. Jane has been injured and Coach Bell was taking no chances with his starters.

The score was 21-4 by the end of the first quarter but with everyone subbing in still it was 40-17 at half-time. The story was the same the next two quarters as Eldorado led 57-21. The Eaglettes made only 8 baskets the second half and the remaining 25 points came of free shots. Eldorado attempted 45 free shots and made 31 for a 69% mark.

The girls actually needed no baskets because they could have beaten Junction 31-29 on free shots alone.

Despite the score it was a hot game with plenty of action and a wonderful opportunity for all the girls to play.

By Quarters—
Eldorado — 21 19 17 24—81
Junction — 4 13 4 8—29

Eagles Beat Junction Three Times

The Eagles in green and white had no intention of allowing Junction to slip up on them Tuesday and finally beat their hosts 70-57. It was a rough and tumble battle all the way with feathers flying occasionally but Eldorado took a 4-2 lead early in first quarter and refused to relinquish it. Chris McCravey poured in 9 points before Junction knew what had happened and 6 more from Gary Derrick to help toward a 23-12 first quarter lead. It was in the second quarter that things got sticky and the Eagles hit only 11 to 19 for the gold bringing the half-time score to 36-31. In the third quarter the black and gold drew as near as two tied it but could never go

ahead because Joe Phillips canned 11 points during this time with help from Derrick to take a 55-45 advantage. Gary, Scott, Joe, Jesse and Chris combined efforts to score 15 more the last quarter.

Gary Derrick played one of his finest games netting 20 points most of which came on rebounds. Gary did not get a free shot in the last three contests. His points came strictly without charity. Speaking of "charity" it was foreign Tuesday because the Eagles could make but 8 of 25 attempts. Joe Phillips did an excellent job of hitting for 18 and garnering 9 rebounds. Chris McCravey had a good night with 13 and 10 rebounds, and Scott had 10 points. Jesse Bosmans hit for 4, and Donald Rogers had 3, and 15 rebounds. Donald was there with the ball despite the fact he had to rake a few opponents off his back. Danny Halbert did a good job not necessarily in scoring as he made 2, but he passes well and set up several scores. Jay Halbert and Rusty Meador did not score but both did a good job when they were in the game both offensively and defensively. The Eagles are now 3-2 in district and will try to make it 4-2 Friday and get their 15th win at the same time.

Scores
Eldorado — 25 11 19 15—70
Junction — 12 19 14 12—57

Reynolds H. D. Club

The Reynolds Home Demonstration Club met with Mrs. Cecil Williams with 9 members, 2 visitors Mrs. Wilde and Mrs. Kreklow, and the agent Mrs. Vida Kreklow present.

Mrs. H. A. Belk, president, called the meeting to order. Mrs. Bascom Hartgraves led the group in recreation.

The program was furniture: buying, material, durability, style and need.

Impulsive buying is never good, and especially so in furniture buying.

We were shown pictures of different styles of furniture and samples of material suitable for each style.

Great strides have been made in construction of furniture. There are glues that will bond like steel. Veneer can be put on now to look and wear like solid wood. We want our furniture to look good, too. A thing of beauty is a joy forever. Recipe for beauty: Line, Shape and Color, Texture, Space, Light, Pattern;

Controlled by: Balance, Rhythm, Proportion, Harmony, Emphasis, Order, Individuality, Beauty.

Our next meeting will be on March 8th with Mrs. Victor Sauer at 2:00 p.m.

—Mrs. J. Tom Williams, Rep.

Mr. and Mrs. Arch Mittel went to Eagle Pass last week end to visit their son-in-law and daughter, Mr. and Mrs. W. H. Harrison Jr., and children. Mr. Mittel came home but Mrs. Mittel stayed for an extended visit.

APSCO Giant Pencil Sharpeners available at Success office.

Frank O'Banion Writes From Fort Worth

"I am enjoying school very much and will probably get my M.R.E. degree May of 1967. Edna is working full time at All Saints Episcopal Hospital and my spare time is spent in the library since I am a full time student. Gay Ellen (3 yrs) has new friends at her church nursery and hospital nursery, but she still remains faithful to her boyfriends in Eldorado, Andy Bell and Ronnie Hall. Rhonda Joy (14 mo) is walking good and talking some. We all enjoy the Success and miss Eldorado very much.—Sincerely, Frank."

Mr. O'Banion was music and education director of the First Baptist church here for several years, before moving to Fort Worth last year to work on his Master's.

His address is: Frank O'Banion, 4933 Roanoke, Ft. Worth, Texas 76116.

First Baptist Church

The Ruth Dickerson circle of the First Baptist church met Monday afternoon at the home of Mrs. Earl Barnett for a mission study program.

Mrs. Weldon Davis led the program from Royal Service Magazine on Educating For Missions by the Church with emphasis on the Brotherhood of the Church. Those taking parts were Mrs. Granvil Hext, Mrs. Dee Williams and Mrs. L. T. Wilson. Mrs. Ruth Williams was accepted as a new member of the circle.

Plans were made to serve the Negro G.A.'s each Monday for the month of February as the community missions project.

The hostess served refreshments to the eight members present, including the new member and honorary member, Mrs. Carroll Raliff, and a guest, Mrs. Lenna Curry of Monahns.

* * *

The Maurice Doyle circle went to Christoval Monday afternoon and presented a program for the 52 patients at the Golden Years Nursing Home.

Mrs. E. W. Brooks brought the devotional and E. W. Brooks, a guest, led the prayer. The group rendered a program of songs led by Mrs. Kenneth Vaughan with Mary Bruton at the piano.

Mrs. C. N. Clark acted as leader as Mrs. Jess Blaylock, circle chairman, could not go. Mrs. J. L. Raliff led the closing prayer.

* * *

The Bertha Smith circle met with Mrs. L. M. Hoover Monday afternoon for a round table discussion on Educating For Missions.

Miss John Alexander, prayer chairman, presented a short skit on Africa.

The circle called the Sonora hospital to inquire about the chairman, Mrs. Jack Griffin, who was a patient there at that time.

Mrs. Ruth Harris was accepted as a new member of the circle.

Mrs. Hoover served cherry pie a la mode, coffee and tea to the nine members present.

Jr. Girls Runner-Up In Ricksprings Tourney

Eldorado 40—Utopia 39
The only thing anyone knew about the Utopia team was that it had split games with Ricksprings; still it had not been especially impressive in pre-game warm-up, so Utopia was evidently not too highly regarded. That was Eldorado's first mistake. Trailing 12-16 at half-time it was not until the 3rd quarter that Eldorado rallied to finally overtake this surprisingly strong ball club, as Arlene Hartgraves found the range and pumped in 14 of her 31 point total in this quarter and enabled the local team to enjoy a 30-25 point lead going into the final stanza. Julia Garza had brought the offense to life at this stage with her rebounding, feeding, and excellent defensive work until she fouled out in the 4th. Randy Yates, with her fine floor play, helped keep of momentum going, and Arlene, equal to the task they set for her, kept pouring them in. Dale Montgomery had had to be replaced in the first quarter because of illness and did not suit out for the final game.

Meanwhile, the guards were adjusting to their opponents' slow and deliberate style of play-making that had proved productive in the 1st quarter but cooled down to a lone field goal in the 2nd. Marsha Ballard, Peggy McGrew, Linda Derrick, and Mary Lynn McCalla carried most of the defensive load, as Terry Martin drew four fouls in the first quarter. Eldorado accumulated a total of 26 fouls to Utopia's 14, had 8 points in free throws to Utopia's 13, but scored 32 points from the floor to Utopia's 26.

Eldorado almost blew the game in the final minute, as Utopia staged a come-back and the local girls started pressing and fouling and Utopia cashed in at the foul line. With the clock showing two seconds to go, the score 40-39 for Eldorado, a Utopia forward, who had made 8 of 9 free throws in this one quarter, stepped to the free-throw line with a one-and one. But she missed; buzzer, ball game. By a strange coincidence, this exact situation would face the little Eldorado girls in the championship game—final victory or defeat would ride on a foul shot with an Eldorado forward at the line. This time they would not be so lucky.

Ricksprings 43—Eldorado 42

In a very exciting game, marred somewhat by a total of 47 fouls committed between both teams, the Ricksprings sextet upset the Eldorado girls for their first defeat of the season. Although never behind by more than a few points, but playing catch-up all the way, the local forwards finally began hitting with improved regularity, closed the gap, and went ahead by 40-39 in the closing minute. Ricksprings came back with a field goal and two foul shots to lead 43-40 with seconds remaining. Eldorado hit one from the floor to come within one point, then Randy Yates promptly stole the ball on the guard's throw-in and was fouled. Randy toed the line, and amidst a din of noise, aimed, fired, missed. Buzzer, ball game. Randy's world momentarily disintegrated; she blamed herself for losing the game until she was made to realize that this one miss had not lost it any more than any other earlier miss of a shot, or a careless foul, or a lapse of a guard on an opponent's score.

Arlene Hartgraves again led both teams as high scorer for the evening with a total of 19 points. Randy scored 14, and Peggy Hill, 7th grader playing like a seasoned veteran, scored 9 in a little more than half the game. As early as the 1st quarter the Eldorado guards were in foul trouble. Only Linda Derrick was able to go the full route, as Marsha Ballard, Mary Lynn McCalla and Terry Martin fouled out in various stages of the game. Peggy McGrew and Lisa Whitten did a fine job in continuing to keep the Ricksprings forwards outside; most of their points from the floor came from long set shots. In fact, Ricksprings scored only 24 points on field goals to Eldorado's 32, but 19 points in free throws to Eldorado's 10; Eldorado had 27 fouls, Ricksprings 20—perhaps the main factor in the loss.

Arlene and Randy were unanimous choices to the all-tournament team.

The girls are entered in the Iraan tournament this week-end to close out the season and will meet Rankin in the opener at 3:30 Friday. Other teams entered are McCamey, Iraan, Sanderson, and Grandfalls.

The Merry Makers 42 Club met at the West Texas Cafe last Thursday with Miss Chris Enoch acting as hostess. There were three tables of players for the games, all members. The hostess served pie and coffee.

Mr. and Mrs. Floyd McGinnes and children of Crosbyton visited Mr. and Mrs. Sam McGinnes recently.

Jr. High Boys Win R'springs Tourney

The Eldorado Jr. Hi boys, favored to win the Ricksprings tournament, did just that with impressive victories over Utopia and Nueces Canyon, and brought back the winners' trophy, along with two individual citations: Wayne Doyle and Bob Page, who made very creditable showings in both games, were named to the all-tournament team.

Eldorado 44—Utopia 36

The young Eagles spotted Utopia a 9-point advantage before finally knotting the score at 17-17 at half-time. However, the smaller but ever-pressing youngsters from Utopia held on and matched the Eagles point for point through the 3rd quarter, and the teams were again deadlocked at 29-29. But Eldorado's torrid 4th quarter, with Paul Page and Mickey Clark leading the way with 7 and 6 points respectively, iced the game for local quintet. Bob Page was the big man on the boards and also contributed 10 points to the winning effort; Paul Page, in early foul trouble, had to play cautiously, but scored 11 points; Wayne Doyle scored 9 points and on his fast break made some spectacular catches of balls that might have been shot out of a cannon and a little off target; Mickey Clark ended with 8 tallies, 6 of them in the all-important 4th quarter, Joel Muzquiz had 2, and James Larry Davis had 4 points.

Eldorado 28—Nueces Canyon 14

Again, getting off to a slow start and trailing 4-3 at the end of the 1st quarter and leading by only a one-point margin, 8-7 at the half, the Eldorado boys pulled away in this defensive battle to carry a commanding 20-12 lead into the final stanza. The Eagles showed little mercy as they added 8 more points for the rest of the game while holding Nueces Canyon to one field goal. Still, Coach Sikes was not pleased with the team's offensive effort in either game; the boys have come on so strong so fast of late that he hoped they would be more impressive in their victories. But their usually crisp passing game was a little flat and some of the sharpness in their shooting was missing. Still, it cannot be denied that they were clearly the classiest team in the tournament, but like the girls' team, played a bit off form.

Eldorado's rebounding, however, was outstanding. Wayne Doyle led the offensive attack with 10 points; Bob Page had 9, Mickey Clark 4, Paul Page 3, and Charles Adams 2. Also seeing action were James Larry Davis, Jack Williams, and Steve Sykes: Joel Muzquiz was the defensive stand-out; his efforts were as effective in the second game as in the first, when his assignment had been to cover highly respected no. 30—and cover him he did.

The Eldorado community is justly proud of this young aggregation and has high hopes for the future development of its strong potential as varsity basketball players.

Hartgraves Named Tex. Angus President

Gerald B. Hartgraves of Eldorado was elected president of the Texas Angus Association at the group's recent annual meeting in Fort Worth. Named first vice president was C. E. Campbell of Bowie. Dan G. Lemberg of Art was elected as second vice president, and Waymon Ashley of Fort Worth was re-elected as secretary-treasurer.

ST. MARY'S CHURCH

The Rt. Rev. Richard Earl Dicus, D. D. Suffragan Bishop of the Diocese of West Texas, will visit St. Mary's Sunday, February 13th at 11:00 a. m.

Service, Morning Prayer and Confirmation.

NOTICE OF SCHOOL TRUSTEE ELECTION

Notice is hereby given that the annual Trustee Election of Schleicher County Independent School District will be held Saturday, April 2, 1966.

The present law requires that candidates must file at least thirty days before the date of Election, in this case being March 2nd. Ballots will be printed 20 days prior to the election date, permitting absentee voting as in other elections.

Candidates may file their names in the office of the County Judge or the names may be placed in nomination by petition.

Three trustees are to be chosen at the April 2 election. Terms of Sam Henderson, Jimmy Martin, and Henry Moore expire. The term of office is for three years.

Schleicher County Independent School District
Of Schleicher County, Texas

A&M Former Students Name New Officers

College Station.—Royce E. Wierbaker of Tyler was chosen president of the 50,000-member Former Students Association of Texas A&M University Saturday. The 1939 graduate has served as vice president of the association and president of the Tyler club. He replaces John F. Younger of Midland.

Other 1966 officers elected during the annual meeting include Bobby R. Sykes, re-elected District III vice president.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

It has all been done once before—so instead of asking, "What's New For Spring?" we might rephrase the question and ask, "What will be brand new, again this year?"

Seems that colors will be on the extremes, the strong, bright sun-drenched hues will be subdued by pale pastels. Yellow-oranges, red and pinks, blues and greens will be very, very good.

Exotic names describing the pastels will call in the fruits and flowers. Petal pink, iced melon, glazed lemon; cool mint, down blue, grape lilac and coccoanut will be used alone or mingled together. Takes a little doing, however it all works harmoniously; but then nearly everything does anyway.

Designs directions seem to be covering all points of the compass. Tidy caicoes, English garden bouquets all add up to the old fashioned country look.

For the bold in spirit the international influence from Africa, Mexico, Greece and Spain will be a welcome variation. Bold color contrasts balanced by powerful abstract designs typify the Around The World feeling.

Then there is always the classic use of checks, dots, stripes and plaids. The "mad" plaids are great and will be even greater.

On reading what I've just written it seems that the sky is the limit and your imagination has a go signal.

It is quite plain to see that it is not going to be another one of our navy blue and white Springs.

What has brought on all the furor about Vitamin C?

Simply stated it seems that nutritional experts are way ahead of the average person in realizing how very important Vitamin C is to our well being. Vitamin C may be compared to a drink of water—today's intake takes care of the immediate need but it won't do for next week's thirst.

Below I quote from a nutritional news letter from Texas A&M University—

Vitamin C is a very necessary vitamin for the growth and well-being of young bodies as well as old. A moderate lack of vitamin C can cause stunted growth, restlessness and irritability in young children.

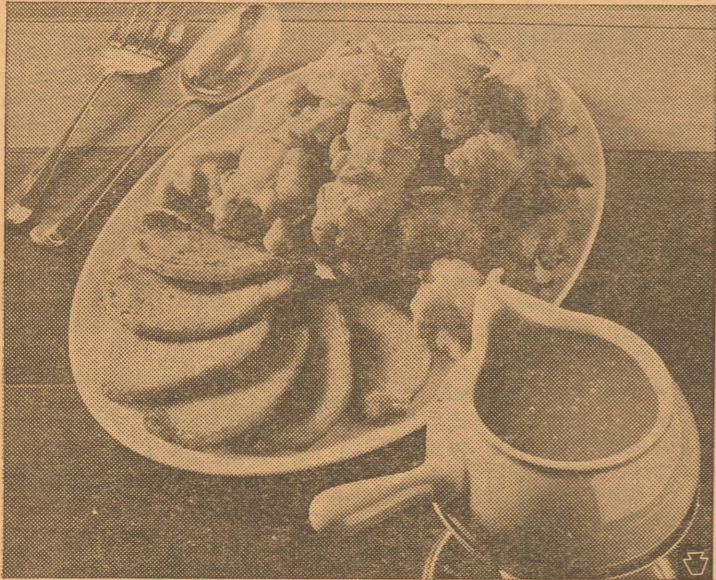

Other symptoms of vitamin C deficiencies which may be found in both children and adults are hemorrhages under the skin that are tiny burst blood vessels, stiffness and soreness of joints, swollen and bleeding gums and loose teeth. Sometimes hemorrhages under the skin show up among senior citizens who complain of poor appetites.

Since vitamin C is not stored by the body for future use, it should be included in the daily diet. Some vitamin C-rich foods are oranges, grapefruit, tangerines, tomatoes, strawberries and bell peppers.

Foods that contain lesser amounts of Vitamin C are greens, cabbage, potatoes and sweet potatoes.

NOTICE BOOKKEEPERS: You may order B&P Standard columnar sheets for your loose-leaf ledger binders at the Success office.

Pineapple Fritters Have Interesting Shapes

— Pineapple Growers Association Photo

Serve hot and handsome pineapple fritters with Canadian bacon for a very special breakfast. Juicy canned pineapple tidbits go into a classic batter. As the fritters fry to a golden brown they take on interesting shapes. Use the pineapple syrup as the base of the butter rich maple sauce to serve with them.

PINEAPPLE FRITTERS

- | | |
|--------------------------|--|
| 2 eggs | 1/2 teaspoon salt |
| 1/2 cup milk | 1 (13 1/2-ounce) can pineapple tidbits |
| 1 tablespoon lemon juice | 2 teaspoons cornstarch |
| 1 cup sifted flour | 1/2 cup maple syrup |
| 2 tablespoons sugar | 1 tablespoon butter |
| 1 teaspoon baking powder | |

Combine egg yolks, milk and lemon. Add to flour resifted with sugar, baking powder and salt stirring only until smooth. Beat egg whites stiff, but not dry. Drain pineapple, saving syrup. Fold beaten whites and pineapple into batter. Make 16 fritters by dropping tablespoons of batter into hot deep fat (375 degrees F.). Fry until golden brown on one side; turn to brown other side. Meanwhile mix together cornstarch with remaining 1 tablespoon sugar and reserved pineapple syrup. Cook over medium heat, stirring constantly until thickened and clear. Add maple syrup and butter. Serve with fritters. Makes 4 servings.

GOV. CONNALLY ADDRESSES T.H.A. MEMBERS

A large crowd of Texas Hereford Association members and their guests attended the Association's annual banquet and membership meeting held in the Crystal Ballroom of the Hotel Texas in Fort Worth on January 31. Governor John Connally was

speaker and he outlined growth of Texas from the standpoints of industry, business, culture and tourism within the last few years. James L. Powell of Ft. McKavett was named a director.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

The cost-price squeeze, resulting in narrowing profits for beef production, is reason enough for Schleicher county cattlemen to explore all possible ways to cut production costs.

Some areas of concern include problems of reproduction, herd diseases, feedlot problems and diseases, selecting feeder calves, and using new veterinary practices.

Here are suggestions of management practices. Feed your stock cows sensibly; control internal and external parasites; sell cows that do not wean a good calf every year; pregnancy check cows and heifers and sell open cows; do not vaccinate pregnant cows for I.B.R.; have your veterinarian give herd sires a complete physical exam; sell cows with poor teeth, bad udders, or physical problems; vaccinate for disease control when necessary; isolate and test new breeding stock for 30 days, then retest and include your veterinarian on your management team.

Bulletins and other material on many of these suggested management practices are free for the asking. Also material on pasture improvement subjects and others relating to other phases of beef production.

A clever man tells a woman he understands her, but a stupid one tries to prove it.

The creep feeder is an enclosure or lot with an opening large enough for calves to pass through, but too small for older cattle.

The creep can be built with wire, poles, lumber, pipe or a combination of these materials. It should be strong enough that mature cattle will not tear it down.

Creeps can be constructed with individual passageways for the calves. These openings should be 16 to 20 inches wide and 30 to 36 inches high.

The feeder may be one of several types, but should fit the needs of the individual producer. Self feeders can be built to allow calves to feed on one or both sides. They should be large enough to hold about five days feed supply. Open troughs may be used, but they lack the advantages of self feeders.

A combination creep and self feeder on skids has been proved to be handy where the creep feeds have to be moved from pasture to pasture.

Places where the cows gather one or more times a day are the best locations for creep feeders. These places are near feeding grounds, shad, water and salt. Pastures with several watering places and shades require more than one

creep for best results.

The hardest part of putting something away for a rainy day is finding a clear day to do it.

The farmer who figures he can walk across a field or pasture and determine its fertilizer needs can't expect top yields. There are too many factors in determining soil fertility that can't be detected by the eye; therefore, a surer method must be used.

That's where the soil testing laboratory comes into the picture. Soil scientists have a knowledge of the amount of nutrients removed from the soil by a given yield on a crop. By making certain soil tests they can determine how much of the crop's needs can be supplied from the soil and how much must be supplied through fertilizer application.

Alert farmers test their soil before planting to determine its ability to supply the necessary nutrients for top yields. If the soil test shows the soil is short on a certain nutrient, fertilizer of the recommended kind can be applied before deficiencies show up in the crop and yield is reduced.

Low production means a higher per unit cost and less potential profit while high yields have the opposite effect upon crop production. Soil testing is a necessary part of today's agriculture. Maximum yields produced at the lowest per unit cost are a must and the basis for both is a fertile soil.

There is only one endeavor in which you can start at the top, and that's digging a hole.

The charting and graphing of rainfall and weather is in progress at the county agent's office. It is hoped to have this in the hands of all producers by April 1st of this year. This information will especially be important to cotton and grain sorghum producers.

For cotton producers it will enable them to increase production and at the same time more effectively fight cotton insects, especially the boll weevil. Research shows cotton planted in soil with temperature less than 60% contributes to poor stands, feeds weevils coming out of hibernation and adds to the insecticide cost, thus adding to the cost of production. Harvest can be completed in 120-130 days instead of 140-160 days.

Cotton producers will have the opportunity to study this information and be guided accordingly.

The Success

Memories Linger Of Recent O.E.S. School of Instruction

Left to right are: Mrs. Mildred Tarter, Resolutions Committee, Ft. Worth; Mrs. Lemma Voorhies, District 5 Welfare Committee, San Antonio; Mrs. Rose Edmiston, District 5, Section 2, Glad Tidings Committee, Ft. McKavett & Eldorado; Mrs. Hilary Cooper, District Deputy Grand Matron, District 5, San Antonio; Mrs. Edna Earl Duke, Worthy Grand Matron of Texas Order of the Eastern Star, Beaumont, Texas; Mrs. Blanche West, Deputy Grand Matron, District 5, Section 2, Eldorado, and Mrs. Frances Herrin, Grand Examiner, District 5, San Antonio. —Staff Photo

"The Bells of Duke School of Instruction" and the Joint Fraternal Visit of the Worthy Grand Matron, Grand Chapter of Texas Order of the Eastern Star, was attended by a total registration of 118 here on January 25th.

The Grand Officers present were Edna Earl Duke, Worthy Grand Matron, Beaumont, Texas; Frances Herrin, Grand Examiner, Austin; Hilary Cooper, District Five Deputy Grand Matron, San Antonio; Blanche West, Deputy Grand Matron, District 5, Section 2, Eldorado; Artamysse Watts, Deputy Grand Matron, District 2, Section 8, Midland; Lemma Voorhis, District 5, Welfare Chairman, San Antonio; Mildred Tarter, Resolution Committee, Ft. Worth; Rose Edmiston, District 5, Section 2, member Good Tidings Committee; Gwen Behringer, District 5, Section 1, member Glad Tidings Committee, San Angelo.

Other Grand Jurisdictions represented were: Rose M. Lyon, Forest Lake Chapter No. 311, Forest Lake, Minnesota; Wanda Love, Sault Ste. Marie, Michigan; Doris Gaston, Marlow Chapter No. 38, Marlow,

Oklahoma.

Other visitors were: Vera Kirkland, Flora No. 794, Dallas; Polly Cofface, Port Arthur No. 262; Ada V. and William W. Burke, Uvalde chapter, Three Rivers, Texas; Hortense Lussier, San Saba No. 191, San Saba; Frances Freeman, Crane No. 816, Crane, Stella Shaffer, Crane 816, Crane; Gladys Cain, Midland 253, Midland; H. P. and Olean Largent, Ballinger 266, Ballinger; La Vaugh Cole, Concho 826, San Angelo; Elizabeth Ripple, Concho 826, San Angelo.

Chapters represented and number present, District 5, Section 2, were as follows: Eldorado No. 140, 33; Summerland No. 322, 14; Sonora No. 575, 13; Big Lake No. 752, 11; Ft. McKavett No. 783, 10; Ozona No. 237, 7; Rankin No. 176, 6. Total registered 117.

One hundred attended the "Climbing Vines Banquet" honoring Mrs. Edna Earl Duke, W.G.M., at 6:00 p.m. in the Memorial Building.

Program was:
S. M. Loeffler.....Master of Ceremonies
Invocation.....Palmer West

Greetings..... Edwin Childers
Response..... Gladys Rude

Introduction of Grand Officers.....S. M. Loeffler

Medley of Western Songs.....by Nancy Shurley

Acc. by Esther Loeffler

Benediction.....Palmer West

The banquet was prepared and served by the Eldorado Volunteer Fire Dept. Ladies Racing Team, assisted in the serving by their daughters and friends.

Quote from Blanche West's Deputy Book . . . Mrs. Edna Earl Duke:

My Neighbor's Vine

The Wisteria clusters on my neighbor's vine
Are grown by him,
But they are really mine,
His was the cost, and his the labor,
too,
But mine, as well as his,
Their loveliness to view;
They bloom for me and are for me
as fair
As for the man who gives them all
his care,
So why be selfish
When so much that is fine
Is grown for you
Upon your neighbor's vine?

Jane Cain Is Named B. Crocker Homemaker

Jane S. Cain is this year's Betty Crocker Homemaker of Tomorrow for Schleicher County high school. She scored highest here in a written knowledge and aptitude examination taken December 7. She is now eligible for state and national scholarship awards ranging from \$500 to \$5,000.

More than 570,000 senior girls in 14,714 of the nation's high schools were enrolled for the examination.

Test papers of all school winners in the state are being judged competitively. From them, the State Homemaker of Tomorrow will be named. She will receive a \$1,500

scholarship from General Mills, Inc., sponsor of the annual Betty Crocker Search. In addition, her school will be awarded a set of the Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. The second-ranking girl will receive a \$500 educational grant.

Following her selection, the State Homemaker of Tomorrow, together with a school advisor, will join winners and advisors from each of the 49 other states and the District of Columbia in an expense-paid educational tour of Colonial Williamsburg, Va., and Washington, D. C. Climax of the trip will be the naming of the 1966 Betty Crocker All-American Homemaker of Tomorrow. Chosen from the state winners on the basis of her

original test score, plus personal observation and interviews during the tour, she will receive a scholarship increased to \$5,000. Grants of second-, third-, and fourth-ranking girls in the nation will be raised to \$4,000, \$3,000 and \$2,000, respectively.

All judging is conducted by Science Research Associates, Chicago. This educational testing and publishing firm also constructs and grades the written test.

Begun in the 1954-55 school year, the Betty Crocker Search for the American Homemaker of Tomorrow is designed to emphasize the importance of homemaking as a career. This year's record enrollment pushes the 12-year total of participating girls near the 5 million mark. With the 1966 grants, total scholarship awards will exceed \$1.25 million.

Final Home Game Set For Friday

An editorial appeared in a large newspaper last year referring to crowd spirit at basketball games. The writer noted how the band and cheerleaders go all out during football, and during basketball there is nothing. No pep rallies are held even for district games and whatever yelling is done is unorganized. For the most part the crowd comes and sits and expects the teams to win.

The writer said, "There was never an athlete who didn't put out a little more if he knows his work is appreciated."

There is one remaining scheduled game Friday night with Menard. It is a district game and the outcome is important. It is essential for the girls to win to stay in the district race and the boys would like to end their season on a winning note. If you are behind the efforts of these boys and girls, be at Eagle Gym at 6:30 Friday, and let's cheer them to victory.

Former Bronte Teacher Enters Politics at Snyder

Gene Newton, 30, teacher in Snyder schools, announced recently he will be a candidate for state representative from the 74th District in the May Democratic Primary. He will oppose incumbent Rep. Renal B. Rosson who will seek re-election.

Newton was science teacher in the Bronte schools several years ago. —Bronte Enterprise.

THE AMERICAN LEGION

Bev McCormick Post No. 257

Eldorado, Texas

In cooperation with the citizens of Schleicher county to continue the motivation for a "COMMUNITY ON THE MOVE," the Bev McCormick Post 257 encourages the use of its Memorial Fund that is used locally for the sole benefit of the youth of our community.

One of the basic principles of the American Legion is to inculcate a sense of individual obligation to the community in which we live.

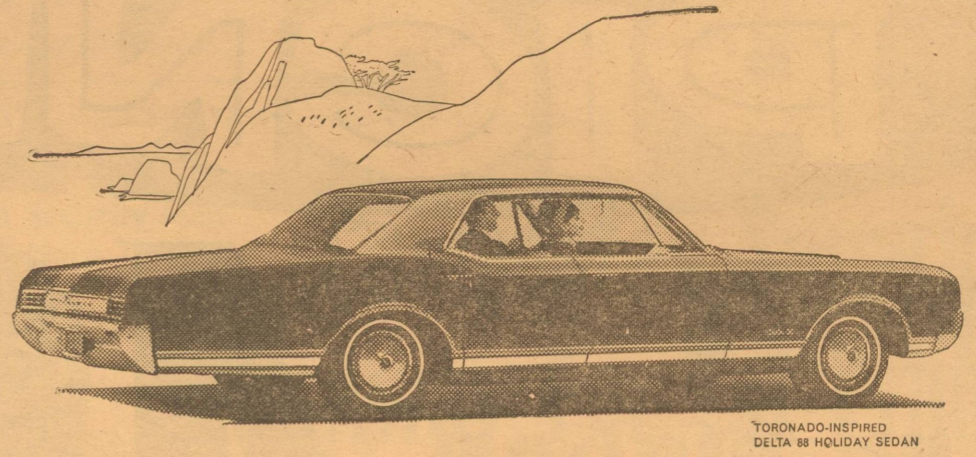

Through the funds that have been directed to the Memorial Fund, the American Legion sponsors the Little League program,

sends a boy to Boys State, gives citizenship and sportsmanship awards and many other services in order to encourage our own youth toward becoming better citizens.

If you desire to honor the memory of a departed friend or loved one by making a contribution to the American Legion Memorial Fund, the families of the ones whose memories are so honored will be notified of your contribution by an appropriate card.

Mail your contribution to: Mr. Bernard Carr, American Legion Post 257, Eldorado, Texas.

What would happen if everybody caught Olds 88 Swing Fever?

TORONADO-INSPIRED DELTA 88 HOLIDAY SEDAN

Mass happiness.

You may not be immune to Olds 88 Swing Fever (few folks are). But that's okay. Your Olds Dealer has a wonderful new cure: A Rocket Action Olds 88! And the choice of prescription is yours: Elegant new Delta 88 . . . action-packed new Dynamic . . . low-priced Jetstar. All Rocket powered . . . all Olds styled . . . and all priced to make waiting for spring downright foolhardy. Feel your temperature rising! That's Swing Fever. Quick! Head for your Oldsmobile Dealer's . . . open your mouth and say "yeah!" LOOK TO OLDS FOR THE NEW!

Rule of the road: when you see this sign give the other fellow the right-of-way. And make it your own rule of the road to see that your seat belts are always securely buckled. Front and rear seats are standard on every '66 Olds. So are safety-boosted visors and instrument panel, windshield wipers, two-speed wipers, rear-view mirror, and backup lights—to mention just a few of the many ways Oldsmobile provides for your extra safety.

OLDS 88 SWING FEVER IS SWEEPING THE COUNTRY!

STEP OUT FRONT . . . in a Rocket Action Car!
