## Eldorado Success

Schleicher County's Only Newspaper

—Offering The Best Advertising Medium—

—Est. 1901, This County's Oldest Business Enterprise

65TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936) Thursday, February 24, 1966

NUMBER 8

Local Officers Nab  
3 Young Car Thieves

About 10 o'clock last Friday night sheriff's officers here were notified to be on the lookout for a 1956 DeSoto automobile which had been reported stolen in San Angelo.

Sheriff Edmiston and Deputy Jack Jones recognized the vehicle a short time later when it passed the intersection by the Gulf station and began following it on its way south. Realizing they were being followed, the fugitives turned off on side roads and were lost in a cloud of caliche dust in the school neighborhood. Unfamiliar with side roads here, the trio found themselves on a dead-end street on beyond Gail Mittel's residence. They abandoned the car and took off on foot, and were picked up about midnight as they were hitchhiking on the highway near Wagley's north of town.

The young men, age 14, 17 and 18 were taken into custody, given a hearing before Justice of Peace Blakeway and placed in jail here, and turned over to San Angelo police officers Saturday.

Officers from Sonora, Ozona, Mertzon and Menard all co-operated by setting up road blocks in all directions from Eldorado.

Baptists To Launch  
Revival Monday

Rev. Kenneth Vaughan, pastor of the First Baptist church here in Eldorado, announces that a week-long Revival will start Monday night at the church and continue twice daily through Sunday, March 6th.

Rev. Lester Morriss, pastor of the First Baptist church in Walnut Springs, Texas, will be evangelist. He is the son of Dr. L. L. Morriss of Midland who preached here last year at the community revival.

Van Funderburk, minister of music of Harlandale Baptist church in San Antonio, will be in charge of the music for the revival.

Tuesday through Saturday, the breakfast and morning service will start at 7:00 a.m.

The evening services will begin at 7:00 p.m., and the church nursery will be open at that time.

This Revival is billed as a "Youth Led Revival" and everyone is welcome to any and all services, Rev. Vaughan and his members stated.

McCamey To Get  
New County Hospital

Upton county voters went to the polls last Saturday and approved a bond issue of \$594,000 for a new hospital at McCamey and improved medical facilities at Rankin. McCamey is the largest town in Upton county, while Rankin is the county seat. The final vote was 465 to 220.

A 385-120 vote for the bonds in McCamey was more than enough to overcome a defeat of the issue in Rankin which went against it 100 to 79.

But Rankin will meet its hospital improvements, despite the fact it did not approve the issue.

## School News

Earl Barnett reports that Eagle track and field men hosted a practice meet with Ballinger and Eden last Thursday afternoon. The locals won 5 out of 7 events.

Coach Barnett expects to leave Friday afternoon at 2:00 for Fort Stockton with 14 trackmen, where they will participate in the Comanche Relays.

The Speech Meet will be held in Sonora Friday and Saturday. The Junior Class play will be presented a week from tonight. Nelson Word is director.

March 19 is date set for the annual Plateau Relays here. Coach Barnett will be in charge of arrangements, and a number of track and field teams from area schools will be on hand.

The Senior class have selected Colorado Springs as place to take their class trip. They expect to take the trip May 12 to 15. The class members are continuing to raise money.

## Post Script

Suddenly there's a lot of talk about the school trustee election. Questions are being asked, "How come so many people want to get on the school board? Have they got an ax to grind?"

There were eight names on the list we published last week. Since then T. P. Robinson, Jr., has withdrawn his name as a candidate, but Ken Rosford has filed in the meantime. So the list of candidates still stands at eight.

The Success has been asked: "Can a trustee candidate have a statement published in this paper?"

The answer is Yes.

Does he have to pay a fee like the County Democratic candidates? The answer is NO.

We will welcome a statement from each candidate and will be glad to publish it without cost.

—ps—

Now we know to begin with that trustees draw no salary and the only reason a person runs for the job is that he is interested in the school system and wants to make it better.

All eight of our candidates will agree with us that far, but the real question is — HOW specifically would you like to see the school improved, and WHAT changes do you have in mind?

Now, Mr. Candidate, if you should write a short, simple statement like this: "I'm interested in the school and want to see it improved," you are just simply not answering the question. The voters will be just as much in the dark as they were before.

But if you are willing to let your hair down and give some specific suggestions, or criticisms, you'll be doing a favor to the voters, and you'll be letting them know what to expect from you if you are elected.

If you want to disagree with some school policies, we ask you to do so without being disagreeable. This "great" family journal doesn't go in for mud-slinging.

So, now then, all you candidates, you've been invited to say your piece in the paper.

Who's going to be first?

There will be five more issues of this paper before election.

—ps—

And now let's get back to our candidates in the Democratic primary—the five candidates for County Judge especially.

If any of you have a statement that would be of interest to the voters—other than the statements you have already made—the Success will gladly give space for it in its columns. The first primary doesn't come off until May 7th, so you have two full months in which to work up your "platform" in case you want to.

—ps—

The value of the recently-bought Poll Tax receipt may be expressed thusly: "It's worth about as much as a World War II rationing book."

—ps—

With our subscribers: Mrs. T. W. Johnson, who is 91, is now receiving her Success at Baptist Memorial's Geriatrics Hospital in San Angelo.

"Please send me a one-year subscription to the Success so I can reminisce a little," wrote Herbert Tree in subscribing recently. His address is given as 14139 LaChere, Warren, Michigan 48093.

Mrs. Marvin McDonald entered a subscription for W. A. Schuller, Route 3, Lufkin, Texas.

A new subscriber is C. M. Graves at Box 34, McCamey, Texas.

—ps—

In next week's Success issue we will carry some special features, advertising, etc., pertaining to the 1966 Girl Scout Week.

Also, we plan to run the visitation schedule for Public Schools Week which comes this year March 7-11.

—ps—

Lee Halbert announces that she is re-opening her popular drive-in near the school this coming Monday.

The drive-in has been closed all winter.

—ps—

School Supt. Whitis had tentative plans for school to reconvene today (Thursday) following the un-scheduled two days out.

—ps—

Overheard at the coffee bar: "Taking your wife along on a vacation is like taking the game warden along when you go hunting!"

Washington's Birthday  
Finds County Snowbound

Schleicher county residents emerged on Tuesday morning to find the countryside blanketed with several inches of snow and with thermometers showing readings of 20 degrees.

Monday was a bone-chilling, dry norther and there was no evidence of snow at bedtime Monday night. It came some time after midnight and was drifting by morning and continued throughout the day.

One life-long resident remarked, "That's the most snow I've ever seen here."

Schools here and throughout the immediate area were promptly closed.

Freed from school attendance, young folks were out in the weather engaging in horseplay. Smaller boys were rolled in snow banks by their older brothers. Drivers managed to get cars out and come to town, but driving was slow and tricky.

City Secretary Lum Burk reported that gas pressure was down to 7 pounds at the city gate and residents were being cautioned to watch gas stoves and pilot lights to see that they did not go out entirely, as this would create a danger when the pressure came back on.

Washington's birthday was a holiday and is observed as such by the post office and other federal offices. Incoming mail is distributed in the boxes but there is no window service. Mail arrives here about 9:00 from San Angelo, but at 11:00 o'clock Tuesday it had still not arrived. Mail was in boxes by 1:00 p.m., but the mail service in and out was several hours later than is usual for a mid week holiday or a Sunday.

Shortly after noon Tuesday E. H. Topliffe measured 6 inches of snow on level ground near his residence—and it was still snowing. Under normal conditions 10 inches of snow is equal to one inch of rainfall. Moisture-starved Schleicher county therefore welcomes the snowfall for its moisture content in spite of temporary sloppy conditions under foot. For one thing, it all goes into the ground as it melts. Another advantage will be that it will hold back fruit trees and prevent them from putting out blossoms too early. "Better to have it now than around Easter time," was a prevailing sentiment.

Charles Wimer had visitors from Kansas over the week end; they made the trip down last week over the wide interstate roads and expressways in about seven hours. While they were here the weather remained warm and balmy. They left early Monday morning to return to Kansas and encountered snow from Abilene on. The trip back took the group 13 hours; their car became icy along with the roads and they called back Monday night that they had passed a number of stalled and wrecked vehicles.

Snow continued to fall all day Tuesday and ranchers were beginning to express concern about livestock. Said one, "They can't get water and they can't get grass, and we can't get out to 'em with feed. It won't hurt for a day or so, but if it keeps on very long it will be awfully hard on stock."

Temperatures remained at 25 degrees all Tuesday afternoon and, of course, dropped lower when night came. School here remained closed Wednesday.

## Post Scripts On the Rain

—ps—

We got Sam Gausemeier on the phone about noon yesterday and found that he was enthusiastic about the snow. He had looked up some figures on snow at the gin and they gave 9 to 10 inches of snow as equal to one inch rain.

But it also specified that WEF snow might go as high as 7 inches to one of rain. Sam figures that we've already got a good inch of moisture.

—ps—

After snowing all day Tuesday, the weather cleared off Tuesday night. Now James Williams comes up with a gloomy prediction which undoubtedly comes from his old Indian friend. Here it is: If it clears off at night, then in three days you'll have another spell of bad weather! Just wait 'til Saturday and you'll see!

—ps—

While we had Mr. Gausemeier on the phone he gave us the latest dope on the ginning season. There are six bales parked under the suction now waiting to be ginned. When they are processed the gin will close. Three of these bales came from Nick Jurecek, two from Bruton and one from Vernon Pfluger. If Sam's figures are correct the total will be 3608 when the plant closes.

—ps—

Temperatures here early Wednesday morning were about 14 degrees. It moved up slowly during the morning to 25, and by noon was just above the freezing mark. As the afternoon advanced everything was melting—water, slush everywhere.

—ps—

However, we had 4 accidents for January this year, as compared with 3 for '65, and one injury this year, and none a year ago.

The statistics were released by the San Angelo Sub-District Area of the Texas Department of Public Safety.

Heart Fund Drive  
Continues To Lag

E. C. Peters, chairman of the Heart Fund Drive in Schleicher county, reports that although the drive has met with good response up to this time, it is still lagging and not up to the expected quota.

Peters points out that those not contacted last week may make their donations at the bank to Mrs. E. C. Peters or at Meador-Peters agency. The drive is scheduled to close the end of the month.

Ladies' Auxiliary  
Is Now Re-Organized

The Ladies' Auxiliary of the Eldorado Fire Department met Monday night at 7:00 to re-organize. New officers were elected, and they are:

Pres. -----Mrs. Bob Joyce  
Vice-Pres. -----Mrs. Delwood Blair  
Sec.-Treas. -----Mrs. C. J. Niblett  
Chaplain -----Mrs. Albert McGinnes  
Historian & Rep. -----Mrs. Lynn Griffin

The Auxiliary voted to meet the third Monday of each month. A committee was appointed to draw up new constitution and by-laws. Eight were present. —Rep.

Scholarship Test  
Set For Saturday  
At Eldorado H. S.

Eldorado High School will administer the National Merit Scholarship Qualifying Test (NMSQT) at 9:00 a.m. Saturday, February 26, Guy Whitaker, Principal, announced today. The NMSQT, a 2½-hour test of educational development, is the first step in the 12th annual competition for four-year Merit Scholarships. Students who wish to be considered for the Merit Scholarships to be awarded in 1967 must take the NMSQT on this date.

All students' scores will be reported to their schools before May 15, together with interpretive and guidance materials for schools and students. About 14,000 Semifinalists, the highest scorers in each state, will be announced publicly on September 22, 1966. The names of Semifinalists will be sent to colleges and organizations offering financial aid to undergraduates. In October approximately 38,000 students who score just below the level required of Semifinalists will receive Letters of Commendation for their high performance, although they will not be eligible to compete for Merit Scholarships.

Each Semifinalist will be required to substantiate his NMSQT performance on a second examination and submit certain biographical information in order to become a Finalist in the competition. Only Finalists are eligible to be considered for the Merit Scholarships financed by NMSC and sponsors. Every Finalist will be awarded a Certificate of Merit for his outstanding performance in the 1966-67 Merit Program.

Finalists who win Merit Scholarships will be selected on the basis of school records and recommendations, test scores, extracurricular activities, leadership ability, and accomplishments outside the classroom. The awards range from \$100 to \$1500 per year according to the student's need. About three-fourths of the 2400 Merit Scholarships awarded in '65 were sponsored by corporations, foundations, colleges, associations, unions, trusts or individuals.

## FIREMEN CALLED OUT

The firemen were called out last Thursday night at 10:30, to Paul Haley's.

Sunday afternoon at 3:35, they were called to Jerry Sanders'.

No major damage reported at either place.

Griffith Files For City  
Alderman Post

Johnny Griffith, local barber and pastor, has filed as a candidate for City Alderman in the coming city election on Tuesday, Apr. 5th.

Terms expire for the incumbents, Alvin Farris, Roy Davidson and Ralph Waldron, all three of whom have filed for re-election.

March 4th is deadline for filing for a place on the ballot.

Chartered Bus Idea  
Said 'Sure Thing'  
For Houston Trip

Following the news last week that a chartered bus was being proposed for a trip to the Houston Astrodome, Jack Jones reports that the idea is being met with much enthusiasm. Although tickets are not yet being sold, Jack says the bus trip is already a "sure thing."

In addition to Eldorado fans, several in Sonora have stated they want to be included. The group here is still waiting for definite schedule of the three games to be played.

Incidentally the bus which will be chartered will be from Oilfield Bus Lines, and not Greyhound as stated last week.

Detroit Tigers are scheduled to play three games with the Houston Astros in the Astrodome on April 7, 8 and 9 and Eldorado fans plan to make the trip in a 40-passenger bus. Mr. Jones said, "Tell 'em we're going to start signing up and taking their money in the near future."

Eaglette Lettermen  
Named By Coach

Coach Bell released the names of the girls varsity basketball lettermen this week.

Earning her fourth letter was senior Marsha Mund and Karen Griffin, also a senior, garnered her third letter.

Among those getting their second letter were seniors Jane Cain and Beth McCalla and sophomores Chris Edmiston, Libby Preston and Susan Hill.

Lettering for the first time were Joan Doyle, a senior; Nancy Jurecek and Martha Sue Page, both juniors; and Shirley Hubble, Susan Mobley, and Sherry Yates, all sophomores.

Kathy Robinson, a freshman, was awarded a letter as manager.

Boys Basketball  
Lettermen Named

Scott McGregor, a senior, received his third letter in varsity basketball. Getting their second varsity letters were juniors Jay Halbert, Chris McCravey, Jesse Bosmans, and sophomore Gary Derrick.

Earning their first letters were juniors Danny Halbert and Donald Rogers and senior Joe Phillips.

Managers receiving letters were Jackie Harris and Larry McGinnes.

## News Of The Sick

Mrs. R. A. Evans and Mrs. Charles Wimer are still in Shannon hospital.

Fred Riley was brought home Sunday from a hospital in Houston where he underwent surgery and treatment.

Mrs. Grace O'Harrow is now in the Rabb nursing home in San Angelo.

Juan Espinosa, custodian, fell at the school on Tuesday morning and suffered a blow on the head. He was found unconscious in the snow and was rushed to the Sonora hospital.

Lewis Whitten underwent an appendectomy at the Clinic-Hospital in San Angelo on Monday.

The 24-hour virus or flu has been prevalent here in recent days. Those who take the "bug" have upset stomach and ache-all-over-feeling for just about one day.

YOU IMPRESSED MY MOTHER.

ALL I SAID WAS— THAT OF COURSE SHE'D WANT ME TO GET HER PRESCRIPTION FILLED AT

**Eaglette Summary**

As the Eldorado basketball season closed statistics have been tallied and Marsha Mund, Susan Hill, and Chris Edmiston led in various areas. Marsha was the leading scorer for the year nosing out team mate Karen Griffin by 4. She was the leader in accuracy from the floor hitting 43.6% of her shots while Libby Preston hit 43.1%. Susan Hill hit an excellent 70% of her free throws but Karen Griffin was close behind with 69.1%. In the rebound department Marsha was the offensive leader with 227 and Chris Edmiston led defensively with 291.

The Eaglettes scored 1379 points for an average of 53 points per game. The opponents scored only 841 points or 32 per game. The team hit 39% of their shots from the floor and 66% from the free throw line.

The team won first place trophies in two tournaments and closed the season 23-3.

**Season Scoring and Averages**

Marsha Mund	456—17.5
Karen Griffin	452—17.3
Libby Preston	173—6.6
Susan Hill	157—6.0
Susan Mobley	69—3.8
Martha Sue Page	67—3.5

**District Scoring and Averages**

Marsha Mund	97—19.4
Karen Griffin	74—14.8
Libby Preston	50—10.0
Susan Hill	26—5.2
Susan Mobley	17—5.6
Martha Sue Page	14—7.0

**Season Rebounds Defensively**

Chris Edmiston	291
Jane Cain	179
Shirley Hubble	131
Sherry Yates	114
Beth McCalla	71
Nancy Jurecek	34
Joan Doyle	25

**District Rebounds**

Sherry Yates	43
Chris Edmiston	31
Shirley Hubble	27
Jane Cain	18
Beth McCalla	5
Nancy Jurecek	3
Joan Doyle	3

**Archaeological Society Meets At Iraan Museum**

Iraan Archaeological Society will hold their next regular meeting in the Museum Building in Alley Oop Fantasy Land.

The organization held a field trip this past week end on the O'Harrow Ranch between McCamey and Rankin. Only a few Indian artifacts were found. However many fossils of the cretaceous age were collected.

Remnants of the Old Butterfield Stage Route trail could be seen on the side of King Mountain. Parts of what is believed is be an old stage coach or wagon were found near the trail. —Iraan News.

**Mund, Griffin, Yates, Edmiston, All-District**

Coach Jack Bell revealed that the District 8-A East Zone coaches had met and voted on an all-Opponent All-District team for girls' basketball teams for 1965-66.

Eldorado placed two guards and two forwards on the first team and placed a guard on the honorable mention list.

Marsha Mund and Karen Griffin, senior forwards, and co-captains, were clear choices as they both averaged 18 points a game this season. Karen was All-District last year and Marsha has been honorable mention the last two years.

Chris Edmiston and Sherry Yates were the guard selections and both girls are sophomores. Chris received honorable mention last year. Both girls were outstanding ball handlers and real hustlers. Jane Cain, a senior guard, was a unanimous choice for honorable mention.

Joining the Eldorado fems were: Forwards, Joye Williamson and Gerry Castleberry, both of Menard. Guards, Barbara Nauwald and Buffy Moser, bot of Menard.

**Tribute To Managers**

All during this past basketball season much tribute and deserved praise has been given to the young men and women who were participating.

However, other than the coach, there were three kids who worked hard during this last season and they will surely deserve the jacket or blanket awarded them. Kathy Robinson, Larry McGinnes, and Jackie Harris served as managers this year for the varsity basketball teams and did an excellent job.

It is the managers' duty to remember everything the coach forgets, catch the mistakes before they are made, and in general make the year run smoothly. They wash, pick-up, clean-up, straighten-up and keep-up with every piece of equipment. It is their responsibility to be sure there is ample first aid supplies and to have them ready. During the games Kathy and Larry were responsible for keeping the score books and Jackie kept shot charts and performed any necessary tasks during the game. The players are allowed a few mistakes but not the managers!

During the annual tournament the managers stay at the gym either keeping the official score, running the clock, or running errands.

Coach Bell believes that a good manager is the difference between a difficult season and one that runs smoothly. He felt that he could depend on these three, Kathy, Larry and Jackie, to be there early and remain late. He never had a doubt that our scorebooks weren't correct because these kids did a good job.

So just in case anyone forgets, it's the manager behind the team that makes 'em tick.

**School Menus**

Monday, Feb. 23: Baked ham, sweet potatoes, waldorf salad, English peas, buttered rolls, milk, canned fruit.

Tuesday, March 1: Swiss steak and gravy, creamed potatoes, buttered broccoli, carrot & raisin & cabbage salad, buttered rolls, milk, whipped jello.

Wed., March 2: Beef and vegetable stew, cheese strips, cabbage slaw, stuffed celery, buttered rolls, milk, fruit cup, cookies.

Thursday, March 3: Pork chops, pinto beans, potato salad, tossed green salad, buttered rolls, milk, chocolate cake, white icing.

Friday, March 4: Tuna croquettes, macaroni and cheese, mixed greens, peach halves, buttered rolls, milk, cobbler.

TYPEWRITER RIBBONS, for Royal, Underwood, and Remington —available at the Success.

SALESBOOKS: Simple charge tickets in duplicate, with carbon; 50 sets to pad, 10c each. —Success

**Special Lenten Services Being Held At St. Mary's**

St. Mary's Episcopal church is holding mid-week services during Lent. These started with Ash Wednesday, February 23, 1966 with a service of Evening Prayer, and are continuing with meditation every Wednesday at 7:30 p.m., except Wednesday, March 9th.

Tuesday, March 8th, the Rev. R. C. Rutherford will speak on the Church in Japan at 7:30 p.m. in the Memorial Building.

**Visit Here From Kansas**

Mrs. Charles Wimer, who has been a patient in the Shannon hospital, had several relatives visiting her from Kansas over the week end.

Her father, P. M. Church, and two brothers, Basil and Dale Church, and her brother-in-law and sister, Mr. and Mrs. Harold Knox, all of South Haven, Kansas, and a niece, Mrs. Dan Cartmill of Anthony, Kansas, were here.

Mr. Church observed his 83rd birthday while here. The group left early Monday morning to return to Kansas.

Mrs. Wimer's daughter, Mrs. Tom Stewart of Rankin, has also continued to visit here this week.

**Mrs. Sofge Honored With Birthday Party**

Mrs. Cramer Sofge was given a birthday party recently. Games of "42" were played. Birthday cake, coffee, and tea was served to those present.

Those on hand included: Mrs. Ruby Damron, Mrs. Mabel Griffin, Mrs. Ella Parrent, Mrs. Jack Griffin, Mrs. Tom Dempsey, Mrs. John Hawkins, Mrs. Joe Griffin, Mrs. Sandy Donaldson, Mrs. Claude Doyle, and Mrs. Rose Brannan.

**Ft. Stockton Methodists Occupy New Building**

The First Methodist Church of Fort Stockton had initial services last Sunday in the newly completed \$257,000 building.

The handsome old stone church at Fifth and Nelson this week was empty, after 54 years of service to the congregation. A growing congregation necessitated moving to new and larger quarters, which were opened Sunday for the first worship services at a site 14 blocks west of the old building. —Fort Stockton Pioneer.

(Jack Shugart and Ray Hardin served on the building committee and Mrs. Marcella Hardin is church secretary and choir director; they are former Eldorado residents.)

**Housing Proj. Appraiser Hired At Mason**

In a special meeting Friday night the Board of Directors of the Housing Authority of Mason hired Sam McAnnally of Brady as appraiser.

According to Helmuth Stromquist, Executive-Secretary, Mr. McAnnally is here this week appraising property for the Low Income Rent Project.

When the appraisal is approved the property will be surveyed before the purchase is made. —Mason County News.

**Rattlesnake Roundup Set March 25-27 At Menard**

The Menard Jaycees' Rattlesnake Roundup will be held March 25, 26 and 27, it was announced this week.

Roundup headquarters will be A. H. Murchison Memorial Barn.

The Jaycees will send out cards to Menard County ranchers, seeking places to hunt rattlesnakes. They asked that all ranchers fill out the cards and return them.

Landowners will be released from all responsibility, the Jaycees said. —Menard News.

**Vote Set At Robert Lee On Consolidating Silver**

The consolidation election called for Feb. 26 to determine whether or not Robert Lee and Silver schools will be consolidated is creating a great deal of interest among voters in both districts. Apparently from talk with patrons of both schools, there are voters who are unalterably opposed to the proposition and many others who feel consolidation is the only answer to meeting the school problem, particularly for children of the Silver district. —Robert Lee Observer.

**Two Seek Re-Election To School Board At Sonora**

George Wallace and Bob Teaff, incumbent members of the Sonora School Board have announced recently for re-election. The election date was set for April 2 to be held at the Courthouse, when the board met for a regular meeting.

The school board voted to meet with four architects February 21 to discuss the possibility of entering into a contract with an architectural firm to devise preliminary plans and cost estimates on a new gym and certain other facilities. —Devil's River News, Sonora.

**CURRENT AND COMPLETE**

It's brand new and completely modernized, all facts and figures updated plus many brand new features. The Texas Almanac is the "Encyclopedia of Texas." Contains millions of facts to settle any argument about Texas. Invaluable reference aid to businessmen, teachers, students, salesmen, farmers, etc. Ideal as a gift.

Over 700 pages

Covers every phase about Texas—economics, politics, geography and history. Full details on each county. Exhaustive information on manufacturing, livestock, crops, oil, transportation. Has many brand new historical features. If it's about Texas—It's in the 1966-1967 Texas Almanac.

**\$1.79 Per Copy At The Success Office**

Austin, Tex.—While the Legislature in special session on voter registration grabbed the headlines, far-reaching developments were afoot in the field of higher education last week.

Coordinating Board for Texas Colleges and Universities recommended a whopping increase of nearly \$160 million in appropriations for its state institutions during the coming biennium.

That would bring the total 1967-68 spending level to \$429,100,000 for the tax-supported college-and-university system, including \$52.8 million for public junior colleges.

Board also concluded that "primary responsibility" for doctoral degree programs should be restricted to four schools: The University of Texas, Texas A&M University, Texas Technological College and the University of Houston. Doctoral programs at other institutions will be terminated by Sept. 1, 1968.

Exceptions were allowed for North Texas State University and Texas Woman's University, Denton, which will be allowed to continue higher degree programs now under way, pending further study. Consideration will be given to Arlington State College's offering joint doctoral degrees in the Fort Worth-Dallas area with the two Denton institutions.

Law school training, said the Board, should in the future be limited to the University of Texas, University of Houston and Texas Tech, and existing medical schools should continue under UT jurisdiction.

A preliminary report on the role and scope of junior colleges recommended that these institutions should provide a full two-year college transfer program at the freshman and sophomore level, plus technical, vocational, adult and continuing education programs.

Seven state schools were placed on a priority list to share \$7,097,742 in federal matching funds released through the U. S. Office of Education to be used for undergraduate building projects. Funds will go to Stephen F. Austin State College, Sam Houston State College, Southwest Texas State College, Texas Technological University, Lamar State College of Technology, Southwestern Assemblies of God College and the University of Houston.

**Legislature Warms Up**  
Some state lawmakers warmed up for bigger battles ahead during their February special session, while others said a fond farewell to the state capitol.

Plenty of familiar faces will be found in both houses in the regular session next year, despite effects of legislative redistricting. Forty-nine incumbent representatives have no opponents in the Democratic primary. Incumbents are running against each other in four House races. There will be new faces in the House, too, for there are no incumbents running in 48 districts.

Fourteen incumbent senators face no Democratic opposition. Five sets of senators are paired off against each other, insuring a total of 19 oldtimers in the 31-member body next year.

**Oil Allowable Up Again**  
Texas oil production for March may be at the highest level since

May, 1959, due to an increase in the allowable for the sixth straight month.

Railroad Commission set the figure at 33.2% of capacity. Market demand factor was highest granted since the percentage formula was adopted on Jan. 1, 1963.

Production calling for next month is 3.1 million barrels daily. Commission set 32.7% as production pattern for February.

**Teachers Seek Another Raise**

Texas State Teachers Association plans to ask the next Legislature to bring the salary of teachers up to the national average.

That would mean a boost of about \$556 to reach the \$6,506 average mark. A \$553 hike last year cost \$101 million. TSTA notes Texas teachers now rank 29th in the nation paywise.

Teachers' legislative goals for 1967 also include five days a year authorized sick leave and retirement system improvements.

**Attorney General Speaks**

Personal property, not exempt from forced sale, can be levied on, seized and sold by the tax collector for delinquent taxes, Atty. Gen. Waggoner Carr held in opinion requested by Bosque County Atty. Charles H. Bolton of Meridian.

In a variety of other opinions, Carr ruled that:

—Two articles of the new Code of Criminal Procedure requiring misdemeanor justice of peace court trials only in precinct where offenses were committed are unconstitutional.

—Fees allowed peace officers under code can be assessed persons convicted of misdemeanors only where prescribed duties actually have been performed.

—Residence property of Cameron Independent School District used by school superintendent and his family is not exempt from taxation.

—Interest on time deposits or short term investments of restricted funds may be expended only for the stated purpose of the restricted funds.

—A school district may legally use available surpluses from operation of cafeterias to provide lunches for needy pupils on finding of board of trustees.

—State Department of Health must provide material necessary for tuberculosis examination of first and seventh grade children on request of local health officials but is not required to conduct TB examinations.

—State constitution prohibits payment of short-term cancellation premium for "errors and omissions" insurance policy on county clerks and deputies.

—Texas Board of Medical Examiners can pay travel expense of an out-of-state witness subpoenaed to testify.

—State Comptroller may require additional bonds to secure payment of motor fuel tax.

—Search warrant may be issued to search for venison obtained by killing deer out of season.

—Refund of contributions to fireman who ends service prior to retirement is not payable from emergency reserve fund before pensioners are paid. Where fund is insufficient to meet all disbursements payable under Fireman's Pension Act, disbursements, including refunds, are to be proratably reduced.

**Anti-Poverty Projects Approved**

Four Community Action Program grants under the Economics Opportunity Act and one Volunteer in Service to America (VISTA) project won approval of Gov. John Connally.

Four CAP grants went to groups in Dallas, Brownsville and Beaumont, and to the Alabama-Coushatta Reservation Tribal Council in Livingston. They totalled \$182,467.

VISTA project will be operated by Houston Council on Human Relations for 40 volunteers to work with public and private agencies in extension of services to low-income families.

**New Insurance Rate Hike Due**

State Board of Insurance held public hearing on new rates in some areas for fire and allied lines coverage. Effective date will be June 1.

Statewide averages indicate a 4.4% increase in rates for fire, largely attributable to higher claims in 1964 and 1965.

Extended coverage experience on statewide average reflects a slight reduction—2%.

Homeowners policy experience shows 2.7% boost is likely.

Spokesman for an insurance group said during five years ending with 1964, insurance companies had an underwriting loss of more than \$191 million on fire, extended coverage and homeowners business in Texas.

**Draft Quota Up**

March induction quota of 1,570 is biggest for a single month in Texas since June, 1963, according to Col. Morris S. Schwartz, state selective service director.

February call was 1,372. More than 5,500 young men actually are scheduled to take pre-induction mental and physical exams during the next month.

March quota will be filled with

single and childless married men 19-25 years old.

**Texas Included**

Texas Water Development Board has asked Congress to include this state in the proposed Federal study to use water from the Western Colorado River to meet the needs of 11 other Western states.

The regional plan would call for potential diversion of water to El Paso, West Texas and the South Plains area if Texas is included.

Resolution before Congress directs the Bureau of Reclamation to report within three years on the feasibility of diverting 8½ million acre-feet of water annually from the Columbia River's surplus into the Colorado Basin.

**Short Snorts**

Sen. A. R. Schwartz of Galveston, re-elected Senate president pro-tempore for the special session, served as governor for a day Saturday (Feb. 19) during absence of Governor Connally and Lt. Gov.

Preston Smith.

Texas traffic in December, 1965, was 25.5% above December, 1963.

**Champion Jewelry Store Closes At Eden**

Eden's only jewelry store, Champion Jewelry, said to be one of the best equipped and most modern store of this type to be found anywhere in a town the size of Eden, closes its doors this week end after 19 years of business.

Notice of the firm's closing was made during the early part of December with a store-wide sale.

In making the announcement of their final closing, Mr. Champion said that their divided business interests necessitated their moving to Rotan.

The former Armour building, which they purchased and remodeled six years ago, has been leased to Willis Deichmann who will move his TV and radio service there next week end. —Eden Echo.

**Stock Show Closes At San Antonio**

In the greatest finish of any San Antonio Stock Show, Sunday saw 49,156 people swarm over the Joe Freeman Coliseum grounds to set a new all-time total attendance record of 328,292 in San Antonio.

The new mark was 35,002 better than the former record of 293,290 set in 1964 and 43,844 over last year's total.

Jubilant Stock Show officials reported a new all-time rodeo attendance record for the 15 performances of 127,145 who saw the show, produced by Harry Knight and starring Rex Allen and Connie Smith.

In a joint statement issued by Joe Freeman, chairman of the Exposition Board and E. W. Bickett, Show President, they stated: "This was undoubtedly the most spectacular and successful stock show and rodeo ever staged in San Antonio. We are proud of all the wonderful volunteers and staff who helped us set the record and grateful for the wonderful weather which made it possible. We are especially proud to bust the 300,000 mark for the first time in the 17 year history of the exposition."

Mark L. Browne, Vice President and General Livestock Chairman reported that the auction sale on Friday of 615 market animals had a total of \$134,355 which included \$83,750 for steers, \$20,460 for lambs, \$27,990 for barrows, \$1,110 for turkeys and \$1,045 for broilers. Six breeding cattle sales, Here-

fords, Polled Herefords, Charolais, Brangus, Santa Gertrudis, and Texas Longhorns, brought \$210,995. This figure, according to Browne, will be boosted by private treaty sales to domestic and foreign buyers.

Quarter and Appaloosa horse sales, according to Fred Shield, Vice President and Horse Show

Chairman, totalled \$66,995.

The Grand Champion steer of the Show, a 1055 pound Hereford, was shown by Jackie Henson of Tuscola, Texas, and was purchased for \$8,500 by the Alamo National Bank. Reserve Grand Champion steer was a 930 pound Angus shown by Arlo Jansen of Loraine, Kansas and went for \$4,000.

In Those Days

ONE YEAR AGO Feb. 25, 1965—Three prisoners from the state penitentiary at Huntsville were presenting an "Operation Teenager" program at school.

A daughter was born in San Angelo to Mr. and Mrs. Larry Boyer.

The Lions club sponsored a pet vaccination day, and over 50 animals received rabies vaccine.

FIVE YEARS AGO Feb. 23, 1961—F.F.A. Week was under way. Leonard Kent was president of the local chapter, and other officers were H. A. Belk, Judge Whitten, Mikel Jurecek, Brian Edmiston, Herman Walker, and Jim Runge. Oliver Burk was chapter advisor.

Perry F. Johnson died at the age of 86.

Tom Ratliff was chairman of a drive under way for the Heart Fund.

Olivia Pomeroy of San Antonio married C. C. McLaughlin, Jr., of Eldorado.

Judy Webb's engagement to Gary Dan Griffin was announced. The couple set March 31 for their wedding.

Edwin Jackson was local manager of Bill Blakley's campaign for the Senate.

12 YEARS AGO Feb. 25, 1954—The Rev. Charles G. Bruce resigned as pastor of the Presbyterian church here, to move to Fort Worth.

Funeral services were held in Brady for Blaine Sammons.

Foundation was laid for the new building to house the Congregational Methodist church.

Fralely & Ward were setting up to distribute butane gas here, and Bob Roberts was manager.

Jodie Wagley was honored on his 7th birthday.

Marine PFC Edwin Martin Jackson was visiting here after completing a tour of duty overseas. He had new assignment to Corpus Christi.

Darl Griffin was leaving to enter the Army.

In Big Lake, Sue Shilling became the bride of John L. Gibbs.

35 YEARS AGO Feb. 27, 1931—Bill Parrent this week bought the Blacksmith and Machine Shop from Mr. Ponton. Van O'Harrow will be in charge of the shop for Mr. Parrent.

Miss Nina Smith became the bride of Bernard Ponton.

Miss Ruby Dee Shugart of Dallas is here this week visiting friends and relatives.

O. E. Priest of Sonora purchased the stock of Wright's Cash Store and took over the business. Mr. Priest also purchased E. W. Brooks' stock of groceries.

Funeral services were held in Christoval for Sam J. DeLong, area pioneer and former Indian fighter.

Mrs. W. L. Isaacs and Mrs. Frank Bradley returned from McCulloch county where their father, R. K. Finley, celebrated his 86th birthday.

Mrs. Lois Beavers and daughter, Miss Ouida, of Abilene, were visiting Mr. and Mrs. W. M. Bearce Saturday night and Sunday.

Charles Dana Gibson, Roy W. Howard, and Ray Long were judges of a \$50,000 contest being conducted by Camels cigarettes.

A daughter was born Feb. 16 to Mr. and Mrs. D. W. Seward.

District Court was to convene March 9th. Grand Jury consisted of Roy Andrews, E. W. Brooks, C. O. Bruton, B. K. Cheek, W. A. Davis, Sam E. Jones, J. F. Kinsler, W. R. Nicks, A. B. White, H. M. Freund, Brice Dabney, J. N. Davis, Tom R. Henderson, J. E. Hill, L. M. Hoover, and V. H. Humphrey.

ELDORADO LODGE No. 800 - A. F. & A. M. Stated meeting 2nd Thursday in each month at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Eldorado-Divide Soil Conservation District News

Controlling Brush Brush is fast becoming the number one problem on grasslands within the Eldorado-Divide Soil Conservation District. This worthless brush is without a doubt strangling the livestock industry in the District by robbing ranchers of their water, soil, and plant resources. Thousands of acres of grass lands are now so infested with worthless woody plants that production of high quality forage is greatly reduced, making the range unprofitable for livestock production.

Brush seems to be increasing in spite of extensive control efforts. Pastures that have had the brush controlled in them some few years ago are now re-infested, and in a number of cases with the same kind of brush. A range with a large percentage of brush on it just is not producing enough forage for profitable livestock production. A range heavily infested with woody plants is generally in a fair to

poor condition. This means it is a "sick" range, having less than 25% of the good forage plants. Ranges in this condition are producing so little high quality feed that it isn't paying its way. These ranges are only producing high feed bills, death losses, and low gains. This is enough to rob the rancher of most or all of his profits.

Continuous heavy use of the grass, aided by drought, has caused the big change in our natural vegetation. Most of our undesirable brush plants are adapted to dry climates and sparse cover. When the grass cover was removed by grazing and drought, the seed of the woody plants were able to sprout and get established. The result has been a fast cover of brush over most of our rangeland.

Most ranchers in the District are of the opinion that the brush must be controlled if they are to stay in the ranching business. They say the objective of getting the brush out of the way is to grow more grass. If this isn't the objective, perhaps the brush should be left alone, for brush control is expensive. The main need in bringing the District's grassland back into high production is to improve or restore the plants that can produce high quality forage most efficiently under local conditions.

Because of the dominance of brush, most people are of the opinion that range improvement will need to be done in four steps: (1) Control of brush, (2) Re-establishment of the desirable grasses by natural or artificial means, (3) Control of sprouts and re-infestation, and (4) Management of the grass to maintain the grasslands in high productivity.

Some ranchers in the district have the idea that improving their grassland is the greatest opportunity they have to reduce cost of production in meeting the cost-price squeeze.

Brush control and range improvement must be done in steps and carried out under a long-range plan which might include seeding, and deferment along with proper use of the good forage plants.

The method to use in controlling brush depends upon such things as type of brush, site to be controlled, condition of the range, and cost involved.

Technicians assisting the District will be glad to look at brush problems with ranchers, discuss different methods of control, check the need for reseeding, recommend kinds of grass to plant on different sites, figure seeding rates, and any other suggestions that might be needed to get desired results—Increased Forage Production and Range Improvement.

**Lions Club Promoting Queen's Contest**

The local 1966 Eldorado Lions Club Queen Contest has been announced for selection of Lions Club Queen to participate in the Queen Contest at the Lions District 2A-1 Convention to be held in San Angelo April 15-16.

Any Eldorado business or organization may enter a contestant for the Local Lions Club Contest. The entry fee will be \$5.00.

**Rules for Queen Contest:**

1. Single girls who will reach their 16th birthday by June 3, 1966 and will not have attained their 21st birthday by the same date are eligible.
2. Entrants must attend high school in the area the Lions club represents.
3. Contestants will be judged on beauty, poise and personality.
4. Long formal dresses will be worn for the stage presentation of the contestants.

The Lions Club will pay all entry fees of the Local Contest Queen for the entry in the Lions District Convention Contest.

The local Queen will be selected at a local talent program to be held in the Eldorado High School auditorium sometime in March.

The Lions club committee in charge of the contest is headed by Charles Wimer. Forms for sponsoring local candidates were being distributed this week among local business establishments.

Ray Boyer presided at the meeting yesterday. He stated that Lions in Texas are paying 75c per member per year to help put on the Lions International Convention to be held in Dallas two years from now.

Sheriff Orval Edmiston won the "friendly dollar" at the meeting.

**Evangelist For Revival Submits Biographical Information**

Rev. Kenneth Vaughan, pastor of the First Baptist church, received the following letter from L. L. Morriss, Jr., who is to be evangelist at the Revival which starts at the local church this coming Monday night:

"Dear Bro. Vaughan, How thrilled I already am at the opportunity of fellowship with you and your church family. Already our church is actively in prayer for the power of God to fall on the meeting there in Eldorado. I know that as we enter this task together we have His strength with us.

"Now, to fill your request for some biographical information. I am 22 years of age and have lived in every section of Texas because of the transience of my preacher father. I call Midland, Texas home. I am a 1965 B. A. graduate of Baylor University and am now attending Southwestern Seminary working toward the B. D. degree. Walnut Springs is the location of my present pastorate. I have been preaching for six years, five of which have been in the pastorate. During my years at Baylor, I was pastor of the Patton Baptist Church of Valley Mills, Texas. I have participated in several Youthful Revival meetings in all parts of Texas.

"Once again let me express my joy at being able to work with you in this Revival effort. See you Monday. Yours in Christ, L. L. Morriss, Jr., Walnut Springs, Texas."

**ATTEND FUNERAL IN MASON**

Mr. and Mrs. Marvin Logan of Sonora and Mrs. L. T. Wilson attended the funeral of Mrs. Ollie Wilson Pope in Mason last Saturday. Mrs. Pope, 68, widow of the late R. E. Polk, Mason merchant, died Friday in a Rest Home where she had been a patient for three weeks. She was a Baptist.

Burial was in Gooch cemetery. Mrs. Pope was a cousin of the late L. T. Wilson.

**Letter To School Cites Girls' Basketball Team**

West Texas Utilities Co. Abilene, Texas Feb. 18, 1966

Mr. A. M. Whittis Supt. of Schools Eldorado, Texas Dear Mr. Whittis:

I officiated a basketball game at Angelo State College last Tuesday night, and after the game I went into the Tejas Restaurant for a meal. The manager and all of his waitresses were sweating out the outcome of the Eldorado and Menard girls' basketball game. I asked why their interest in that game and got a lengthy discussion on the wonders and excellent behavior of your team.

It seems that the girls have eaten at the Tejas several times and Mr. Jones, their manager, said it was the finest group of young ladies he had ever seen. He was very impressed with their traveling jackets and the pride with which the girls wore them. His wife and some of her friends have even driven to Eldorado and purchased similar woolens there.

In short, your girls are a walking chamber of commerce booster a credit to their school, their parents, and above all their coaches.

Nowadays we hear so much about the bad things young people do, that I thought you might be interested in some of the good things your young people have done.

Sincerely, Curly Hays

**F. H. A. Girls Stage Sadie Hawkins Dance**

The Eldorado Chapter of the Future Homemakers of America held a Sadie Hawkins Day dance at the Memorial Building last Saturday night. Miss Dana Owens, F.H.A. teacher, sponsored the dance.

The Valentine motif of hearts and cupid was carried out in the decorations. Eddie Pace's 16-member stage band provided entertainment. Dancing was to recorded music.

Admission charge of one cent for each inch around the girl's date's waist was charged with the girl paying the charge.

Johnny Mayo won the prize for having the largest waistline. Steve Whitten was awarded one for the smallest.

Danny Richardson was presented an engraved identification bracelet for Beau of the Club.

Thirty-three girls and their dates attended out of the 54 members of the club.

**Mrs. Roach Had Guests**

Mrs. Mattie Roach was very pleasantly surprised last Saturday by having several of her relatives come for a visit. A daughter, Mrs. T. J. Bailey of Ozona came, and Mrs. Bailey's son-in-law and daughter, Mr. and Mrs. John Lee Henderson of San Angelo with their children, John Jr. and Virginia. Also two of Mrs. Roach's granddaughters, Miss Mary Nell Roach of Houston and Mrs. F. S. Howard Jr. of Covington, La., and her husband. Mrs. Howard is the former Eddie Gail Roach. Both of the young women grew up in Eldorado, the daughters of Eldred Roach of Harper.

Miss Roach and Mr. and Mrs. Howard had visited their father who was quite ill in a Fredericksburg hospital.

Mr. Roach called his mother yesterday (Wed.) and stated that he was much improved, according to Mrs. Pat Smith who is living with Mrs. Roach. Mrs. Smith is from Del Rio and has been Mrs. Roach's companion for about four months.

**EVERY ONE WHO IS SICK**

needs this book

to heal him

You can find your way back to health if you will prayerfully follow the instructions contained in Science and Health with Key to the Scriptures by Mary Baker Eddy. In this great book you will find a full explanation of the method of Christian Science healing.

Christian Science holds unwaveringly to the truth in the first chapter of Genesis that "God saw every thing that He had made, and, behold, it was very good." Thus Christian Science restores the invalid to health.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

SAN ANGELO, TEXAS

HOURS 11 to 3—MON. THRU SAT.

By E. M. Schiwetz, noted Texan

## "REMEMBER THE ALAMO"

*-- the cry that fanned Texas' defeat to victory!*

On March 1, 1836, thirty men from Gonzales broke through the lines of Mexican Army Commander Santa Anna to increase the Alamo's defenses to 187. This little band of heroes held the Alamo against overwhelming odds for five more days in one of the most heroic struggles to be found in the annals of man.

On March 6 Santa Anna with over 4,000 troops stormed the Alamo, and the last of the heroic band of Texans died fighting. Names like William Barret Travis, James Bowie, Davy Crockett and James B. Bonham became immortal.

The massacre at the Alamo inspired General Sam Houston's men at the battle of San Jacinto. Crying "Remember the Alamo!", the Texans sprang upon Santa Anna's soldiers and in a swift bloody fight won Texas its freedom.

### SPEAK OUT FOR FREEDOM

*... with U. S. Savings Bonds!*

Through the years that have followed, other "Alamos" and "San Jacintos" have inspired Americans to lead and win the fight for Freedom — Pork Chop Hill, Iwo Jima, the Meuse-Argonne Forest.

Today, by purchasing a United States Savings Bond, you can also speak out for Freedom as clearly as the battle cries of old. Every Savings Bond you buy is an investment in Freedom. Buy Bonds at your bank or on the payroll savings plan where you work.

Keep Freedom in Your Future with

## U. S. SAVINGS BONDS

### Safety Award to WTU

For the sixth consecutive year the employees of West Texas Utilities Company have won the coveted Bureau of Safety Motor Vehicle Accident Prevention Contest awarded annually to the electric utility company having the lowest accident frequency rate. This is unprecedented, for no other competing company has approached the record of WTU.

In 1965 WTU employees drove 338 motor vehicles a total of 5,377,392 miles for a record of 3.16 chargeable accidents per million miles. This was a substantial reduction from its 1964 rate of 4.63. The average rate for all contestants was 6.63, and the estimated rate for all electric utility companies is 10.51.

### World Day Of Prayer Service Set For Friday

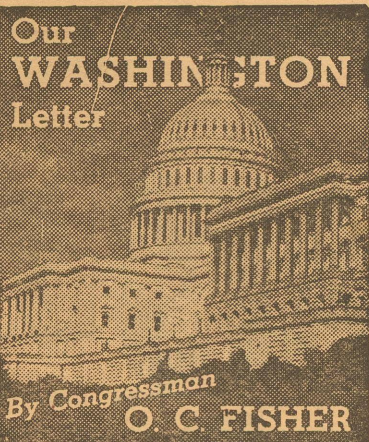

The women of the community will observe the World Day of Prayer on Friday, February 25, at 3:00 p.m. at the First Presbyterian Church.

All women of the community are invited, along with other interested individuals, to the special prayer service in which women from several churches will participate.

The World Day of Prayer had its beginning in the United States in 1887. From here the observance moved to Canada in 1920 and on to Europe and the United Kingdom. It ultimately found its way into Latin America, Asia, Africa and the islands of the sea. Today, the service is held in about 150 areas, in countless languages, drawing together a multitude of Christians who are using the same theme, singing the same hymns, and uniting their hearts and renewing their purposes in the name of their Lord.

A social hour will follow the service at the Presbyterian church where a nursery will also be provided.

**RECEIPT BOOKS**—Pocket size, and large desk size, for sale at The Success.

The fact that a few U. S. Senators, student demonstrators, and misguided professors, are giving aid and comfort to the enemy and probably helping prolong the war in Vietnam, is becoming quite evident.

A recent news flash from Red China reported: "The fire is spreading. The raging flames of the American people's anti-war movement will burn ever more fiercely . . . and finally reduce the U. S. imperialist to ashes."

Indeed Chinese experts say that Peking believes the day of revolution in the U.S.A. is drawing nearer!

Peking's People's Daily recently carried a full page about American protests, displayed a U. S. map showing where some 40 anti-war incidents have occurred.

The fact is that only a half dozen Senators are actually opposing American policy in Vietnam. And only a small minority of students and professors demonstrate and whoop it up for pacifism at any cost. But these outbursts grab the headlines—both here and in Hanoi and Peking.

The recent Senate hearing solved nothing. It did provide a forum for the hot-heads to sound off against U. S. "aggressors", and it developed some mature and revealing suggestions about the conduct of the war. Except for the encouragement the hearings give to the enemy, they have probably backfired and will actually bolster and solidify American support of the struggle being waged in Vietnam.

The big concern in America today seems to be not that we are fighting the Communists, but rather that we are not doing enough to knock them out with our overwhelming military power.

The Senate hearings are disturbing in another respect. Reminiscent of pre-World War II days when Senators Wheeling, Nye, and others were screaming out against U. S. involvement in the war, a small group of Senators are today calling loudly for appeasement at any price. They simply refuse to face reality.

### DAR Holds Meeting

The El Dorado Chapter, DAR, met in the Memorial Building with Mrs. Luke Thompson, regent, presiding.

February is the historical month of National Society Daughters of the American Revolution.

In presenting the program the regent stated that Daniel Webster said, "America has furnished the world the character of Washington and if our American institution has done nothing else, that alone would have entitled them to the respect of mankind."

In presenting: Washington—The Human Side of a Great Man, Mrs. Ernest C. Hill gave the many things that made him great that we, too, could imitate.

Mrs. Thompson read the monthly letter from Mrs. William Henry Sullivan, Jr., President General, NSDAR.

The National Defense report was made by Mrs. Ernest C. Hill. Mrs. J. B. Montgomery, hostess chairman, together with her assistants, served the traditional February cherry pie with tea or coffee.

**CHARGE TICKETS**, special for service stations; 8 for \$1 or \$11 carton. —The Success office.

### Chocolate Fudge—"Ah So" Good

You don't have to be Chinese to love Chow Mein Noodle Fudge; you just have to be an enterprising cook who's always on the lookout for delicious new ways to make old favorites. Since practically everybody enjoys munching these crunchy Chinese noodles, it was inevitable that someone would come up with a recipe using toasted noodles in a sweet chocolate fudge candy. Better than walnuts or almonds, the marvelous flavor and texture contrast of the soft chocolate and the crispy noodles makes an ideal combination. Good Old American Fudge gets an Oriental twist with Chinese noodles. The result? Chocolate fudge . . . ah so good.

**Chow Mein Noodle Fudge**  
 2 packages (6 oz. each) semi-sweet chocolate morsels  
 1/4 cup sweetened condensed milk  
 1 tsp. vanilla  
 1 can (5 oz.) Chun King Chow Mein noodles, coarsely broken

Melt chocolate morsels over hot, not boiling water. Remove from heat. Stir in condensed milk and vanilla. Mix well. Add noodles and stir gently. Turn into a buttered or wax-paper lined 8" square pan. Cool thoroughly before cutting into squares. Makes about 1 1/2 pounds.

### Historical Meet Set March 8 In Sonora

Odessa.—Officers and members of the Schleicher County Historical Survey Committee have been invited to attend a Regional Meeting on Tuesday, March 8, at 10:30 a.m. at the Commercial Cafe in Sonora, according to John Ben Shepperd of Odessa, president of the Texas State Historical Survey Committee and Director of Region 14.

Other officials of the Texas State Historical Survey Committee participating in this meeting are Mrs. L. E. Dudley, of Abilene; Truett Latimer, Executive Director and Robert Risher, field director, both from Austin.

Region 14 encompasses the following counties: Bandera, Concho, Crockett, Edwards, Irion, Kerr, Kimble, Menard, Real, Schleicher, Sutton, Tom Green, and Val Verde.

Shepperd stated that nearby county chairmen and members from other regions wishing to join his group at Sonora will be welcome.

The meeting-workshop is for the purpose of evaluating the statewide "RAMPS" program—a program of "Recordation, Appreciation, Marking, Preservation and Surveying" of county historic sites, structures and landmarks. The Texas State Historical Survey Committee is the official arm of the State of Texas in this important work, Shepperd stated.

Tom Meador of Eldorado is the chairman of the Schleicher County Historical Survey Committee.

**COUNTY AGENT'S COLUMN**  
 by *Tiny Godwin*  
 Schleicher County Agricultural Agent

Beginning March 1, 1966, cotton farmers have the privilege to have the most profitable combination as indicated by the computer under the ASC program. This is based upon expected cost and expected return, in consideration with the row patterns and level of participation, whether 12 1/2, 25 or 35%. All of this is automatically figured by the computer, once the cotton producer gives the information as requested on acres, yield, etc.

The farmer is to furnish cost and return information on form provided for different row pattern he wants to consider. This should be per acre of land covered. This should be sound information.

Separate applications must be submitted for each ASC contract.

1. Several row-patterns can be considered under each contract.  
 2. Two land classes can be considered. (This reflects different productivity levels.)

3. Cropland available should be reported, as well as acres of cotton allotment, feed grain base, conserving use acres, etc.

Should cotton producers desire this computer program, the program will become effective March 1, 1966.

Forms and information will be available at the County Agent's office March 1, 1966.

ASC Form 477, Notice of Base Allotments and yields becomes important should you desire this computer program. As this form reflects productivity levels due to irrigation, dryland, soil type, upland, bottomland, etc.

Producers should have accurate figures on variable costs per acre. Cost \$30 per ASC contract.

A modern housewife is one who puts off today what her husband can do over the week end:

Winter and early spring are the seasons most favorable for external parasite infestations in cattle.

It is suggested that all animals be treated when the need arises for the control of these profit takers.

Lice, for example, can cause heavy economic losses in the form of loss in condition of the animals, a drop in milk production and if left on their own, they can in some cases cause the death of animals. Loss of hair, dark, dirty appearance of white areas, rubbing and licking are indicators that lice are present.

The pests can be controlled by the use of sprays, dips, dusts or rubbing devices. But, it is of the

utmost importance to use the proper concentration of the insecticide as recommended by the manufacturer.

Because of the restrictions on the use of chemicals in agriculture due to residue and other problems, stockmen are advised to come by the agent's office for a copy of MP-691, "Texas Guide for Controlling External Parasites of Livestock and Poultry." The publication is free and contains not only the recommended control measures but also safety restrictions, minimum days from last application to slaughter, dilution chart for mixing sprays or dips and other helpful hints for the safe use of insecticides for controlling economically important external parasites of livestock.

Most husbands would like to have their wives wear their dresses longer—about three years longer.

Seedbed sterilization should be considered by growers who raise transplants either for use at home or for sale. The practice means that growers can produce transplants free of disease and weeds.

The county agent points out that equipment costs are low and little labor is required for carrying out the practice. The equipment needed will vary with type of material used. Liquid materials, Vapam or VPM, may be applied with a sprinkler can and then watered down with a garden hose. Covering the treated area with an air-tight cover such as polyethylene films will provide the efficiency of the material by holding toxic gases for longer periods.

Methyl bromide, a poisonous gas, gives excellent results when used on transplant seedbeds. It must, however, be used under an air-tight cover such as a polyethylene film to prevent loss to the atmosphere.

The material is packaged in one pound containers and application rates are easy to determine. The material is safe to use: but recommendations by the manufacturer must be followed to the letter. It can be extremely dangerous when improperly used.

Seedbed sterilization is available from the Agent's office including details on how to apply the materials to the soil. Information on the needed equipment and application rates is also available.

Wise people believe only half what they hear; wiser ones know which half to believe.
