

French Fall Back Under Heavy Nazi Thrusts

Reprisal Warning Adds To Belief Mussolini Ready

By The Associated Press
ROME, June 8—A pointed warning that five English cities would be bombed for every Italian city attacked by allied bombers in the event Italy enters the war was published today by the Rome newspaper Il Giornale d'Italia.

Il Giornale d'Italia's editor is Virginio Gayda, long recognized as Premier Mussolini's editorial mouthpiece.

Reports have circulated here that the British and French plan to bombard Italian centers if this nation entered the war against them.

To these reports, the authoritative newspaper said: "For every Italian city bombed five English cities would suffer the same treatment."

Bombardment of Rome would be the signal for "similar but greater bombardment of London," the newspaper added.

However, Rome was considered here to be fairly safe from attack, with the Italians prepared to make it an open city by removing government offices, troops and aircraft.

Some observers heard that an Italian attack on their first secret objective would come in the early hours next Monday but a source considered reliable indicated it probably would be later, possibly Thursday or Friday night.

Although only Mussolini and possibly his axis partner, Adolf Hitler, are supposed to know the date of the expected entry into the war, confidence that Italy has closed her last week as a non-belligerent nation in this war was based on impressions in Italian circles as well as war preparations which appear to be complete.

The imminence of an Italian move was indicated further by foreign reports that Italian ships are being kept in neutral ports.

Government-controlled newspapers substantiated the reports by publishing them.

A competent source said Italian ships would fail to make their sailings from Italian ports as scheduled during the coming week.

Italian air service to South America was placed on a basis of one round trip each month instead of each week.

Italians took great notice of what newspapers described as "the growing agitation for American intervention in the war. But fascists in government circles as well as newspapers continued to scout the idea that the United States would be able to give Britain and France effective aid in time.

Merchant Ship Is Torpedoed

By The Associated Press
LONDON, June 8—The sinking of the armed merchant cruiser Carinthia—a 20,277-ton former Cunard-White Star liner popular with Americans as a world cruise ship before the war—was announced tonight by the admiralty.

It was the latest merchant ship yet sunk by enemy action since the war started.

Two officers and two seamen had been killed when the ship, one of 50 merchant cruisers in the British fleet, was torpedoed by a U-boat. Other officers and the crew were saved. In peacetime the crew was 405.

More than 200 of the crew were landed at a British port by a warship tonight. Another 100 were expected on a second rescue ship.

The crew said the Carinthia remained afloat for some time after being torpedoed but that two warships failed in an attempt to tow her to port.

The admiralty did not say where the Carinthia had been attacked.

The Germans, however, a few hours before, announced a 14,000-ton auxiliary cruiser had been sunk off the northwest coast of Ireland.

The Carinthia was the second British armed merchant ship to be sunk since the war started. The Rawalpindi, 16,977 tons, was lost last Nov. 23 with 290 of her personnel.

Earlier an official admiralty statement had observed that "the balance of naval strength in favor of the allies is now far greater than at the outbreak of the war."

On the other side of the book, the British marked down new bombing success in the air: an attack on German troop concentrations at Abbeville throughout Friday and Saturday night and on "military objectives" in northwest Germany.

The air ministry communique said the Royal Airforce destroyed 17 German planes yesterday while 13 British planes were missing.

Invaders Claim Weygand Line Broken At Will

Deny Allied Bombing Raid On Berlin, Hint English Attack

BERLIN, June 8 (AP)—German military sources declared tonight the Nazi steamroller is breaking the Weygand line at will and pushing down the path to Paris just as planned.

Three confident sentences made up the high command communique which for the fourth day of the north France drive reported steady advances without disclosing any details.

"Ahead of Schedule" But those at home were advised not to fear that this meant a bog-down of the drive by veteran troops and fresh divisions. Instead, military sources said, the march to the heart of France continues each day ahead of the pace first set by the high command.

An authorized spokesman called "absolutely untrue" a French announcement that naval bombers dumped explosives onto factory districts in the Berlin suburbs last night.

"We have been out with spy-glasses x x x looking for damage," the spokesman said. "There have been no air raid alarms in Berlin and no rumors of such a bombing."

Meanwhile, gains were claimed for four big thrusts, steel shod and supported by plunging Stukas.

Hitler's own newspaper, Volkischer Beobachter, listed the drives and their objectives as:

Southwest from Abbeville over the Breule river toward La Havre, extending Germany's grip on the northwestern coast of Europe from the Arctic Circle in Norway to south of the mouth of the Somme.

South from Amiens; south from Peronne and south from Oise-Aisne canal to merge into one smashing punch at Paris.

"Operations south of the Somme and the Oise-Aisne canal are progressing successfully," the German communique said, "and the enemy is being thrown back south of the lower Somme."

Those successes, the Germans said, proved the new French "depth defense" had spongy, weak links and is "unstable."

A German radio review of the week's fighting commented that Britain "will soon get to feel" the results of German control of the coast.

"The blockades Britain wished on Germany turns the other way," the German announcer said. "Britain's eastern ports, especially the important Thames estuary, and some of the southern ports will soon be blocked for all trade."

It was indicated this would be accomplished by submarines, wave-skimming torpedo launches and bombers based close to the English channel.

COMMITTEE TO WORK ON RODEO PROMOTION MONDAY MORNING

A committee seeking to secure underwriters for the 1940 rodeo will contact businessmen here Monday at 9 a. m.

Upon the success of the drive to secure signers for an underwriter's agreement up to \$1,000 possible loss for the show will depend whether there will be a continuation of the annual event this season.

Rodeo directors previously expressed an unwillingness to carry on alone.

On the committee are R. R. McEwen, Jess Slaughter, Dr. Frank Boyle, Nat Shick, D. D. Doullas, V. A. Merrick, M. M. Edwards, C. J. Staples and C. L. Rowe.

ARCHITECT DIES

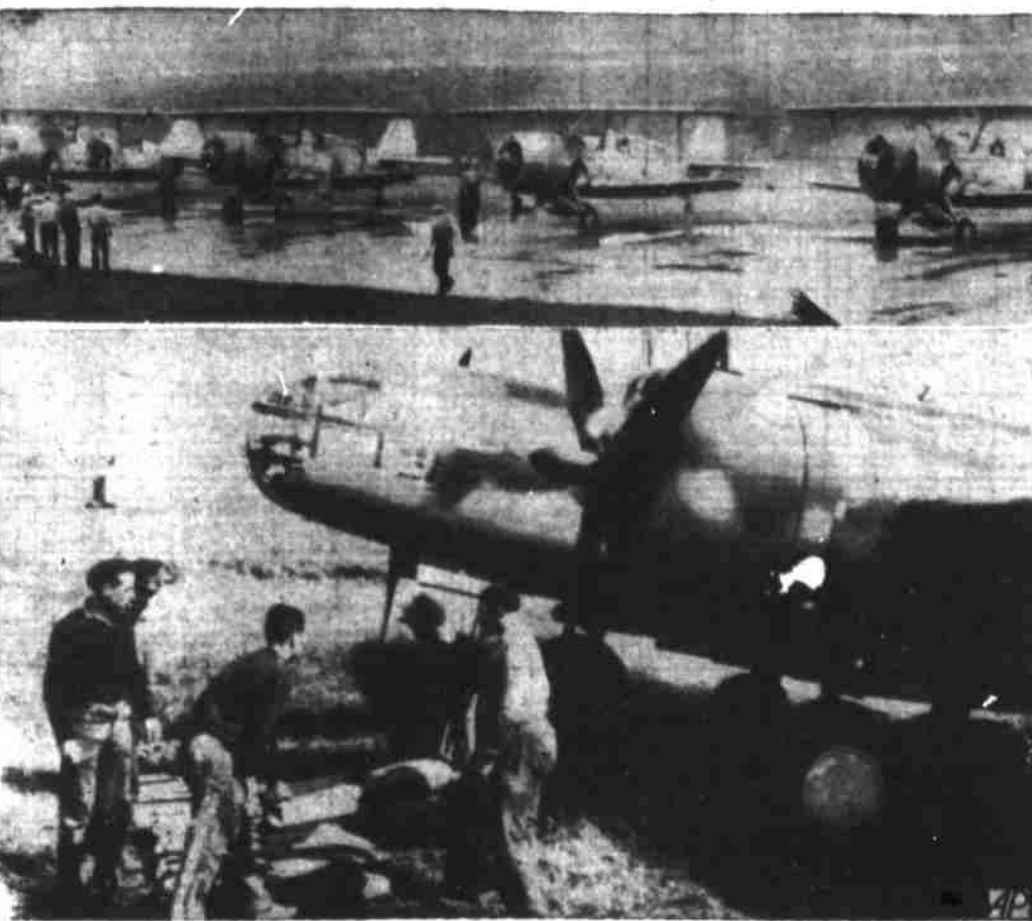

ATLANTA, June 8 (AP)—A. Ten Eyck Brown, 62, one of the South's leading architects, died tonight following an illness of two months.

FLAG, WITH GLORIOUS HISTORY, TO BE HONORED HERE FRIDAY

Friday Big Spring will formally observe Flag Day for the first time in years. Possibly it will be given serious thought to the flag.

Perhaps it is to the shame of citizens of the United States of America that they know so little about their flag, the symbol of the greatest nation on the face of the earth.

First of all, not many know what the red, white and blue represent in the American star-spangled banner. Blue is for Justice, white for Purity and cleanliness of purpose, and red is for life-blood of brave men and women who have died or are ready to die or worthily live for their country.

AMERICAN BOMBERS HERE AND IN FRANCE—Four United States navy scout bombers (SB2C) are shown on the line warming up at the naval reserve station, Fairfax Field, Kansas City, before they took off for Buffalo to be transferred to the Curtiss-Wright Company for possible resale to the allies.

House Group Okehs Defense Bill, Hits At War Profits

Record Ballot Is In Prospect

WASHINGTON, June 8—Studies looking toward early enactment of anti-war profits legislation at the next session of congress were ordered by the house ways and means committee today.

In a statement, the committee said that there should not be "an opportunity for the creation of new war millionaires or the further substantial enrichment of already wealthy persons because of the rearmament program."

Accordingly, the statement added, technical assistants to the committee and treasury officials have been asked to have bills ready at the opening of the next session of congress which will enable the government, through taxes, to capture any excess profits and also to provide for special amortization for national defense industries.

The full committee approved, with minor changes, the bill drafted by a subcommittee which is designed to raise \$1,004,000,000 a year to pay off emergency national defense costs in five years.

The measure reduces personal income tax exemptions, imposes a 10 per cent surtax, increases the corporate income tax one per cent and increases excise and surtaxes. It also changes the full committee made in the subcommittee's bill dealt with excise taxes.

Chairman Doughton (D-N.C.) of the committee said the tax bill would be taken up in the house Tuesday. Prompt action in the senate, once the house acts, was forecast by Chairman Harrison (D-Miss.) of the senate finance committee.

While the tax bill is aimed at raising all the money now proposed for emergency defense, with some to spare, there was talk on Capitol Hill that congress might be asked for an additional \$1,000,000,000 for the army if the Germans should break through to Paris before adjournment of this session.

Both the White House and the war department said, however, that no request for additional funds was now contemplated.

Defense preparations proceeded apace. Developments included: (1) Approximately 100 heavily-armed attack planes, especially designed to harass enemy troops from low altitudes, were earmarked by the war department for possible fighting in France, under the administration's "trade in" arrangement for army and navy planes.

(2) Officers of the International Association of Chiefs of Police met with J. Edgar Hoover, director of the Federal Bureau of Investigation, to set up a program of cooperation in national defense matters.

(3) Plans for extending federal loans to industry for plant expansion under the national defense program were discussed by President Roosevelt and Jesse H. Jones, federal loan administrator.

(4) In a statement, General John J. Pershing, who commanded American forces in the World war, urged that the United States send the allies unlimited quantities of air planes and arms. He also appealed for contributions to the Red Cross.

Nothing short of war in Europe could have done it, but just the same Big Spring will observe Flag Day formally here Friday. The occasion at the courthouse lawn Friday will furnish an excellent opportunity to citizens to give expression of appreciation for the blessings symbolized by the stars and stripes.

Many a local person was disappointed when the Big Spring census total of 12,406 was released last week. However, the blow was softened by the count on Greater Big Spring, which includes the contingent residential areas. That figure stood at 14,336, larger by 500 than the total for Big Spring proper 10 years ago.

After a long period of inactivity, oil exploration seems to have revived here. Of course there's nothing to get excited about over most wildcat tests, but they do furnish the means by which new oil production can be located. If anyone after.

Germans Push Million Men Into Battle

Poilus Retire On 60-Mile Front, Counter-Attack At Aisne

PARIS, June 8 (AP)—The French were falling back tonight along nearly 60 miles of the front but still fighting against the German offensive on Paris—facing the strongest attack of the war and the most massive mechanized onslaught in military history.

Million Nazis The Germans threw 60 infantry divisions and seven armored divisions—more than 1,000,000 men and 3,500 tanks into the assault south of the Somme.

This mighty push reached its peak in the center of the front, where reserves were brought up in the Oise valley—the route to Paris—and hurled into the battle in the region of Roye and Noyon, in an area 48 miles north of this capital.

The Germans were estimated to have used half a million men. Starting at dawn, after five bombers, artillery and tanks had opened the way, the Nazi infantry charged, each man holding the shoulder of the man before him.

The French were outnumbered in infantry.

North of the capital the French withdrew for the second successive day. The general fall-back was called a "retirement maneuver," and a military spokesman declared the main line remained unbroken.

The Nazis also struck a tremendous blow on the French right (east) flank and succeeded in establishing a foothold on the south bank of the Aisne river. In that sector the French were counter-attacking bitterly.

German pressure diminished tonight on the extreme left (west) flank, where the Breule river blocked their infantry. A tank column of 300 to 350 which penetrated south to Forges-les-Eaux was reported being pounded to bits by French artillery and cannon-firing planes.

The battle raged with varying intensity all along the new, shortened 110-mile front from the sea to the Aisne.

Military authorities not given to exaggeration called the battle frankly "the greatest of all time." The number of tanks used at the battle of the Meuse, when the Germans broke through to the sea.

On the central sector of the front—running nearly 60 miles from Amiens on the Breule to Noyon on the Oise—the Nazis sent wave after wave of machines and men smashing against the French lines.

German losses were reported by the French high command to be "enormous"—but still they came.

The French clung to the support points of the Weygand line on the (See FRENCH, Page 8, Col. 3)

JAPS CLAIM CAPTURE OF IMPORTANT PORT

SHANGHAI, June 9 (Sunday) (AP)—Japanese military authorities today claimed capture of Shai, important Yangtze river treaty port west of Hankow.

Capture of Shai was regarded as a major gain in the drive on Ichang, another port on the Yangtze which is the principal present objective of the campaign in western Hupeh province.

McALLEN GAINS IN POPULATION

LAREDO, June 8 (AP)—Census Supervisor W. R. Pullia announced today two towns in the 15th district gained in population while two others lost during the last 10 years.

Those gaining were McAllen with 11,824 this year as compared with 9,074 in 1930 and Rio Grande City where the population rose from 2,283 to 3,822.

Losers were San Benito with a decline from 10,783 to 9,517 and Rio Hondo which had 810 in 1930 and only 713 in 1940.

STATE BALANCE NEARS TOTAL OF DEFICIT

AUSTIN, June 8 (AP)—Despite deficits in three funds amounting to \$24,812,000, the state treasury on May 31 had an over-all cash balance of \$21,202,000, treasury officials reported today.

Funds carrying deficits were: General revenue, \$22,659,000; Consolidated pension, \$1,833,000, and state old age pension, \$720,000.

CITY MAY PUMP FIRST LAKE WATER INTO MAINS THIS WEEK

For the first time in the history of the City of Big Spring, surface water may be pumped through the municipal water mains this week.

Simon Fresse, Port Worth, member of the engineering firm of Nichols which represented the city in a \$446,000 PWA waterworks improvement project completed in January, was due to arrive here Tuesday to supervise the pumping of Powell Lake and operation of the filtration plant.

The lake now has about 14 feet of water near the dam and showers on the Devil Creek watershed, which is diverted into the Powell Creek lake, put an additional 14 inches in the structure Friday night. Covert, pumpers, reported a period of intensive training at Coiles Station and at Fort Worth.

WAR BRIEFS

BUCHAREST, June 8 (AP)—Rumania, with more than 1,000,000 men already under arms in the greatest peacetime mobilization in her history, called up five more classes of reserves today in a preparedness measure reported to be connected with Italy's possible entry into the European war.

(Although Rumanian dispatches placed the number already under arms at more than 1,000,000, tabulations of previous calls indicated it was probably nearer 2,000,000.)

ABOARD S.S. WASHINGTON, AT SEA, June 9 (Sunday) (AP)—This United States liner, with some 900 American refugees from warring Europe already aboard, was en route today from La Verdon, France, to Lisbon, Portugal, to pick up more stranded Americans.

The ship will then proceed to Galway, Ireland, for another group.

PARIS, June 8 (AP)—Anti-aircraft guns thundered into action in the Paris area tonight for the third successive night but no air raid alarms were sounded and the firing soon died out.

The guns were heard shortly before midnight with the firing much heavier than on the two previous nights.

Bombings were reported near Paris last night and the night before, presumably the work of the planes at which the anti-aircraft fire was directed.

A SOUTHEAST ENGLISH TOWN, June 8 (AP)—A lone German raiding plane and a British ground crew engaged in a spectacular duel in the glare of searchlights late tonight while thousands of townspeople looked on.

The plane escaped seaward. Searchlights picked out the Nazi craft which roared in an altitude of only 500 feet. Then the ground defenses blazed away.

Machine gun bullets spiraled skyward. The German answered with a stream of tracer bullets directed at the searchlight.

BERN, June 8 (AP)—Little Switzerland, caught between two powerful neighbors already fighting and a third ready to enter the conflict, downed two German planes violating her territory today in demonstrating show a firm determination to preserve her neutrality.

Swiss army patrol planes brought to nine the number of German planes forced to earth in the past month when a Messerschmitt fighter was shot down in Lucerne Canton, deep in Switzerland, and a Nazi bomber was forced to land in Solothurn Canton, northwest of Bern near the French frontier.

The Swiss themselves lost one fighter which was shot down, killing its two lieutenant pilots, in a battle with a flight of Nazi bombers over the Jura mountains across the Ydubs river from France. The fate of crew of the downed German plane was not immediately determined.

Showers Fall In County

Thunderstorms, spotted over this area Saturday afternoon, broke a heat wave which will last Saturday night had left an acute drought situation intact.

Near the Vealmoor community the clouds dealt out death to Lloyd Hamlin, 14, struck by a bolt of lightning. Little rain accompanied the electrical display, but to the north of the community half of an inch was reported.

Vincent, the favored spot for moisture during the past two weeks, came in for another bulk fall. Showers continued along the eastern edge of the county near Colorado, Roscoe and Sweetwater good rains were reported.

Separated areas received alternate light and hard showers late Saturday in the southeastern part of the county. Big Spring had two showers, and another fell between the city limits and the city park. Friday a shower originated near Luther, ventured as far south as Midway and curved to give Comanche a short but heavy shower. Another shower put 1 1/2 inches of water in the Powell Creek lake.

McMurry To Stage Tryouts For New Band Members

Invitation to graduating high school band musicians of the West Texas area to participate in tryouts for the McMurry college Indian band in Adilene June 14 was extended Saturday by Dean R. G. Boger.

At the same time, Boger announced plans for a materially enlarged program of band work to be inaugurated at the Methodist school with opening of the 1940-41 season in September.

Thirty scholarships, each with a value of \$65, have been apportioned to the band for 1940-41, most of which will be awarded at the June 14 tryouts. They will be held in Radford Memorial auditorium, on the McMurry campus.

"The college will be host to these contestants for the day," Boger explained. "Lunch and dinner will be served complimentary in the college dining hall. The hour for each student's appearance will be assigned, and the student will be notified as his application is received."

Each person will play one selection of his own choice, and will be given one selection to play by sight. Accompanists may be brought along, or will be provided if requested.

Twenty-five pounds of paint are required to cover the liners used on one transcontinental air line.

Spence To Attend Aeronautics Meet

E. V. Spence, city manager, left late Saturday for San Antonio to attend a meeting of the Texas Aeronautics Advisory committee, which convenes for an important session Monday at 10 a. m. in the Plaza hotel.

At the meeting Maj. E. M. Haight, planning engineer for the committee, will submit for consideration a master state-wide airport plan on which he has worked for the past three months. The plan affects 300 Texas cities and towns to a varying degree.

Committee members will be asked to study and perhaps give tentative approval to the plan.

Meanwhile, Spence made contacts with army and Civil Aeronautics Authority officials seeking consideration of the local airport in the expanded aviation program of the nation.

Since a port altitude ruling issued by the army precludes hope of expansion from this direction, the city is concentrating on co-operating with CAA on any contemplated increase in the program. Saturday telegrams were sent to

responsible officials in the army and CAA calling attention to surfaced runways, USDA and CAA weather and communication facilities, to the availability of barrack space for 300 men, hangars, etc.

Dallas Probable Site For Air Training Base

DALLAS, June 8 (UP)—The Dallas News says a training base for the United States army air corps may be located in Dallas county if army officers approve one of several sites inspected today.

A survey board sent out by Col. A. W. Robins, air corps training center commander at Randolph field, spent most of the day viewing sites in the eastern and northern part of the county. A definite decision is expected on the location in a few days.

A tract of 1,200 acres, with a railroad siding, and with public utility services available within reasonable distances, is wanted by the army. Two sites, one near Mesquite, were reported to have impressed the board of flying officers favorably. An investment of up to \$2,000,000 or more for hangars, barracks, runways and other improvements will be made by the army at the projected advance training unit.

The inspection party was headed by Lieut. Col. A. L. Guiders. Others in the group were Majors D. M. Schlatter, pilot of the plane used for the trip from San Antonio, Major I. Davies, co-pilot, and Capt. P. L. Carroll.

Eight Girls End First Week At Camp Waldemar

HUNT, June 8 (Sp)—Eight girls from Big Spring and vicinity have completed their first week in Camp Waldemar, near Kerrville, this summer, renewing old acquaintances and making new ones in the hills along the Guadalupe river. They are Louise Bennett, Janet Robb, Beverly Stulting and Marjio Thurman of Big Spring; Joan Mills of Colorado; Adela Jo Bradley, Mary Ada Lea and Sally Peery of Odessa.

Joan, Louise, Janet and Marjio, in their third summer at camp, will be meeting the requirements for the gold star award. The other girls, spending their first summer in Waldemar, will work for the feat award.

With the girls is Mrs. Ira Thurman, counselor. Miss Lillian Woodward of Odessa is an academic counselor.

ROUND THE COFFEE POT

By Newton Robinson

Dawson county 4-H club boys appropriately showed their appreciation for help received from Lamesa businessmen Friday night when they were hosts at their first annual barbecue. The boys served barbecue from a baby beef fattened by one of their own members. From the 150 tickets sold the boys paid the owner of the calf and raised money to help with the expense of sending members to the district 4-H club encampment at Tankersley in July.

Finis Meeks, club boy who furnished the beef for the occasion, received 12c per lb. for the animal. The calf was too small to place in the Dawson county show last March so it was held over and fattened for the barbecue. The calf weighed 875 pounds.

E. V. Dunn, president of the 4-H club boys led off with the program by giving the reasons for the barbecue and introducing guests. Approximately 50 people besides the boys attended the affair.

Ben J. Baakin, Dawson county agent, helped the boys plan and arrange the program and presided at the serving table. The Dawson county club has 90 members who shared in the 4-H club program this year.

Lack of rain was still the chief topic of conversation on the street corners Saturday. A survey showed that farmers in most parts of the county have part of their cotton up and others who have planted will probably re-plant in case of a general rain in the next ten days.

Roy Bates, west of town has his cotton up to a good stand but it will take a good rain to bring it out in good condition. Roy

lost around six acres that blew out. Close to 50 Howard county 4-H club boys left this morning for a two day camping trip to the Hall Ranch north of Water Valley. At a party Thursday night, club boys of the Moore community served ice cream, cake and punch to raise money to help with transportation expense of the trip. Guests at the party held in the gymnasium - auditorium of the school house played 42 and bid on cakes to help the boys. Club members who will make the trip to the Concho are: Ed Burchett, Delbert Shultz, Johnnie Ray Broughton, Billie Leatherwood, Norman Newton and Billy Hayworth.

Joe Lane, north of town, said Saturday that he will have to plant his cotton over if he gets a rain soon.

Fort Worth cattle markets were steady Saturday with one load of good fed steers averaging 985 pounds selling for \$7.75. Fat cows brought 5.50 to 6.50, butcher cows 4.50 to 5.00, canners and cutters 2.75 to 4.25, and bulls ranged from 4.25 to 5.75. Medium to good yearlings were moved out at 7.50 to 9.00, common grass yearlings 5.00 to 6.00 and stocker yearlings were sold at 7.00 to 9.00. Stocker cows were 4.00 to 5.00.

Lamesa citizens will begin dressing the part of cowboys of both the practical and drug store variety next week in preparation for the two day rodeo to be held June 19 and 20. An advertising itinerary was organized at a meeting of rodeo association officials Monday and the most effective ways of advertising the show on the good-will tour were adopted.

Enthusiasm for 4-H club work among Howard county boys is at an all-time high just now. The boys have their projects going in full swing and for two days this week they will forget the work side of their programs for a romp at their camp on the Concho river. A typical club boy is Delbert Shultz of the Moore community. Delbert is 15 and can discuss his three acres of Acala cotton that he has in the project with all the learnedness of a master farmer. The cotton will go in competition with other boys in this area for a \$100 scholarship for top grade and staple. Delbert has his cotton up to a good stand now but it needs rain.

NEGROES AVAILABLE FOR APPEARANCE BEFORE COURT

Leonard Beasley and Robert Charleston, negroes, appeared in

city court Saturday morning on schedule. They had been released with instructions from police to appear in court following a collision in which Beasley's car struck a city bus

driven by J. M. Bucher at 3rd and Gregg streets Friday night. Shortly afterwards police picked the two negroes up at the Dreamland hotel, and jailed them for drunkenness. Consequently, they

were on time to appear as originally instructed. A brown trout caught in the Logan river in Utah in 1939 weighed 36 3/4 pounds.

"Native" Pythons Doing Nicely HERSHEY, Pa. (UP)—Three "Old World" pythons hatched at the Hershey zoo last June — first born in captivity in the United States—are doing "quite well," ac-

ording to Zoo Director Warr Walker. He says they are the rarest reptiles in the world because of their age and length. The mocking bird is the state bird of Tennessee.

Other Cities Bid For WT-NM Franchises; Laurel Released

Joe Pate, one of Milton Price's ball-and-strike men, says three cities are bidding for franchises in the WT-NM league. One of those is Wichita Falls, which has been without the game since it was a member of the Texas league some seasons back. . . . Odessa it is known, wants pro ball again but not too badly. . . . The game did a flopper there two years ago when its team was setting the pace in league standings. . . . Too, semi-pro ball can't pay its freight there. . . . Snooks Carroll, who caught on at Midland after gaining his release here, has returned to his home in San Francisco after drawing a pink slip from Sammy Hale and company. . . . Bothered with a leg injury, he writes he'll be shipshape again in July and wants to return to some league port. . . . Eddie Laurel, second sacker, gained his walking papers from Tony Rego in a surprise move before Friday night's game, may catch on at Borger where Bobby Decker has been moved to third base. . . . Before Curt Schmidt came back to town, he thought he was going to play third base only to discover that Carl Cox had a lease on that job. . . . Now there's a possibility that he'll be moved into the inner works for the Barons' road games. . . . Lewis Heuvel, the Foreman lad who broke in here at short Friday night, made a favorable impression with his speed. . . . The last time he got on base, after walking, he stole both second and third. . . . He's probably the fastest man in the league. . . .

Far along in his campaign for a new WT-NM league home run record is Emmett Fullenwider, Amarillo center fielder, whose mark in that department through Monday's game totaled 19. . . . The record is Gordon Nell's 44, set in 1939. . . . Fully clothed out 43 last year as a member of the Lamesa team. . . . Willis James, who tried out here as a pitcher at the beginning of the season, is playing softball for the Lubbock Sandles, doing duty both on the mound and at shortstop. . . . Tex Walton, former Barons, was optioned by Waterloo of the Three-I league to Jacksonville, Tex., recently but is out of a job since the Jax broke up last week. . . . Bobby Decker, former Barons now with Borger, started a triple play against Lubbock Thursday evening. . . . Woody Lundberg, Barons rightfielder, was born in Idaho Falls, Idaho, tried out for that city's Pioneer league team before being sent here. . . . Lee Garland, I.F.'s business manager, recommended him to Tony Rego. . . . Hack Miller, former Lubbock pitcher, is sitting at a 351 clip for the Meridian club of the Southeastern league. . . . Billy Webb, manager of the Chicago White Sox farm system, is in Lubbock, one of the Sox's units. . . .

According to reports steaming in from the south, the Texas Golf Association's tournament staged at San Angelo over the weekend was a smash failure, one of the poorest ever staged and there's been about 34 of them. . . . Only three players qualified and many, including Obie Bristow of Big Spring, did not play their first round matches. . . . Shirley Robbins, who landed in the meeting's first flight, was beaten in his initial test by W. A. Landreth, Midland, 2 and 1. . . . Bob Scheimerhorn, Big Spring, fell before Jack Allison, San Angelo, one up. . . . Mrs. A. Swartz, Big Spring, lost out in her bid for second flight consolation honors in the Texas Women's Golf Association tournament at Abilene Friday, dropping a 6 and 5 decision to Mrs. George Bailey, San Angelo. . . .

Akey, Lavender To Play In Golf Match With Sound Effects Sun.

Big Spring will be given a chance to see a golf match with sound effects come Sunday, June 16, at the Munny course when Harold Akey, club pro, and Dennis Lavender, play Charley Akey, pro of the Lubbock country club, and Loftin Burnett, Lubbock's city champion. . . . All traditional rules governing spectators will be abolished and the onlookers will be permitted to make as much noise as they want, in fact the more the merrier. . . . Akey may even have a brass band on hand to swing out at the tedious moments. . . . The idea all originated in a match on an eastern course recently with Jim Demaret, Gene Sarazen, Gene Tunney and Babe Ruth as the principals. . . . Fans will be urged to bring anything that can make a noise and make merry at the most opportune times. . . . Talking, laughing, cheering, jeering or chinning with the players will be the order of the afternoon. . . . The Red Cross unit here will be given the opportunity of benefitting from the duel, will sell tickets for the occasion. . . . Akey and Lavender will invade Lubbock today to figure in the same kind of match over the Lubbock C.C. . . .

RELEASES PAIR

DALLAS, June 8 (AP)—Pitcher Frank Lamaske and infielder Jimmy Adair were released outright today by President George Scheppa as the Dallas Rebels cut down to the Texas league eighteen-player limit. . . .

SUNDAY'S SCHEDULE

PELEGRINI IS MASTER OF THE PIONEERS, 7-2

By HANK HART
Irv Pellegrini pitched himself a ball game here Friday evening, setting the Clovis Pioneers down with nine scattered hits as the Big Spring Barons clouted out a 7-2 victory to gain the edge in the three game series. . . .

Jake Christie, the wronghand-er's mound opposition, limited the Big Springers to eight blows but two of those were home run pitches. . . .

One of the circuit clouts came from the bat of Woody Lundberg with two runners aboard in the first round, the other by Pellegrini, himself, in the second heat. . . . The Barons chased six of their seven tallies across in the first two innings and Pellegrini breezed through. . . .

Dick Adkins counted for the Pioneers in the initial frame on Howard Taylor's double after tripling into deep left field. The other Clovis run was unearned. Mel Steiner scoring from second on Walter Schmidt's single and Curt Schmidt's misplay in the left pasture. . . .

Charles Harrison garnered three base blows, all singles, in five official trips to feature the bat parade. Lewis Heuvel, Fossan youth, made his debut for the Barons at shortstop, touching Christie for a single in two official trips. He was passed twice, sacrificed once and stole both second and third after gaining free transportation in the eighth. . . .

The win kept the Barons out of the WT-NM league cellar. Box score:

TRIBE WINS, 9-8

OKLAHOMA CITY, June 8 (AP)—Oklahoma City's Indians collected five runs on five hits and two stolen bases in the second inning today then went on to defeat the Tulsa Oilers, 9 to 8. . . .

Tulsa scored one in the second, but the Tribe came back for five in the same inning and never was headed. . . . Jim Keesey's triple and Dixie Howell's double drove in three in the Tribe's fourth. . . . Keesey was Oklahoma City's big gun with a triple and two singles in five appearances, winding up his last game as the Indians' manager. . . .

Rajah Named To Manage Indians

OKLAHOMA CITY, June 8 (AP)—Rogers Hornsby, the "Old Rajah" of major league baseball fame, has been signed to manage the Oklahoma City Indians of the Texas league. . . .

Hornsby is expected to take charge of the faltering Indians, now in the league cellar, for a doubleheader with the Dallas Rebels tomorrow afternoon. . . .

He replaces Jim Rogers, who was given an outright release. . . . Hornsby is the second "big name" baseball figure to join the Texas league this week. . . .

Jerome "Dizzy" Dean signed to pitch for the Tulsa Oilers Thursday and will hurl his first game there tomorrow against Fort Worth. . . .

Hornsby's long career in organized baseball started back in 1914 when he joined the Hugo club of the old Texas-Oklahoma league. . . . He went into the majors in 1915, signing to play first base with the St. Louis Cardinals of the National League, remaining with the squad until 1926. . . .

In 1926 he went to the New York Giants, to the Boston Bees in 1928, to the Chicago Cubs in 1929 and back to the Cardinals in 1933. . . . That same year he joined the St. Louis Browns of the American League, remaining through 1937. . . .

In 1938 he managed the Baltimore club in the International League part of the season and handled Chattanooga in the Southern Association for the remainder of the year. . . . Last year, he was back with the Baltimore squad as non-playing manager. . . .

He now lives in St. Louis. . . . "JOB IS TOUGH"
ST. LOUIS, June 8 (AP)—Rogers Hornsby, packin to leave for his new job as manager of the Oklahoma City club of the Texas league, said he had made no plans for the team and knew nothing about it except that it was in the cellar. . . .

"All baseball managers' jobs are tough," Hornsby said. . . . The "Rajah" said his success with the Indians would depend on the kind of material he found. . . .

Homers Aid In Bengal's Win

BOSTON, June 8 (AP)—The Detroit Tigers won their second game in a row today from the Boston Red Sox, 4-2. Rudy York hit a homer for Detroit and Hank Greenberg divided the issue in the ninth with a circuit clout that scored two runs and gave Pitcher Johnny Gorsica his first major league victory. . . .

McPartland Halts Sox

AMARILLO, June 8 (AP)—John McPartland limited Amarillo to four hits as the Pampa Oilers scored a 4-1 victory over the Gold Sox here Saturday night. . . .

Gassers Trim Clovis, 13-7

CLOVIS, N. M., June 8 (AP)—The Borger Gassers knocked Roscoe Hunt from the box and went on to defeat the Clovis Pioneers, 13-7, here Saturday night. . . .

RAMSDELL TO GO TO HILL FOR LOCALS

Charley Engle's Lubbock Hubbers and the Big Spring Barons, two team's jockeying for the WT-NM league cellar slot, duel here at 3:30 this afternoon in the second of a three game series. . . .

Will Ramsdell was to be Tony Rego's mound choice to work against the 1939 champions. The youthful righthander will be seeking his eighth victory of the 1940 campaign. . . .

The Hubbers have been strengthened considerably since they last appeared here. Boyd Watkins, a veteran of the pennant winning teams in 1938 and 39, has replaced Lynn Everson in center field. Joe Castino has been doing backstop duty in place of Johnny Richards. . . .

Final 'Big Push' For Game Here Monday Night

H. W. Smith, in charge of ticket sales for the Kiwanis club's benefit baseball game here Monday night which finds Lubbock crossing sticks with the Barons, Saturday urged Kiwanians to put forth every effort to place all tickets before game time tomorrow night. . . .

Phillies Lose To Bucs, 6-5

PITTSBURGH, June 8 (AP)—The Pittsburgh Pirates defeated the Philadelphia Phillies 6 to 5 today for their fourth successive triumph, aided by Elbie Fletcher's homer in the fifth that tied the score and a wild pitch by St. Johnson in the seventh that paved the way for the winning run. . . .

B'Spring Nine Wins Decision Over Midland

An all-star team of the Knot Hole baseball league of Big Spring defeated the Midland Mustangs, 17-6, in a feature of the "Knot Hole Gaud Day" at Baron park Saturday morning. . . .

The locals chased across eight runs in the second round in throw the clincher in. . . . Maxwell and Barton divided pitching chores for the Big Springers, limiting the invaders to six hits. . . .

The local youngsters on the other hand collected eight blows off Kennedy and Voorheis, who divided time on the hill for the opposition. Woody Baker and Red Newton each had two licks for Big Spring. . . .

Dean To Hurl Opener Today

TEXAS GOLF ASSOCIATION'S TITLE TO BE DECIDED IN DUEL AT ANGELO BETWEEN COFFEY, WORTHINGTON

SAN ANGELO, June 8 (AP)—Hennis Carson, San Angelo's golfing man of steel, finally broke down. Worn by 62 holes of tournament strife in two days, the San Angeloan fell before Billy Bob Coffey, Fort Worth ace and State Open champion, 3 and 2 today in the semifinal match of the Texas Golf association's titular meet on Carson's home course and was too weary to take advantage of it. Coffey made the turn one above par and four up on the West Texas, but was four strokes above par over the six hole back stretch of Kingville, the Rio Grande Valley links king, engages Coffey in the 26-hole championship final Sunday.

Worthington, pumping even par, put Joe Moore, Jr., of San Antonio, the state junior champion, out of the proceedings, 4 and 3, in the semi-final match. Coffey was a murderous punner in the quarter-finals, 7 and 6, massacre of E. R. Lovvorn, Sweetwater, shelling the course for seven birdies in the 12 holes played. The Fort Worth sensation clicked

five birdies, two bogies and two pars on the first nine to come in under the wire at the turn with a 32, three below par.

Carson was caught on the 18th by Tom Miller, Jr., of Austin, in the quarter-final tilt, then barged on into the extra hole to win as he had done twice before. Carson cracked a par 4 on the 19th while Miller three-putted and came up with a bogey five.

Moore and Worthington had the honor of taking out the tournament medalist and defending champion during the morning round.

Moore eliminated Reynolds Smith of Dallas, medalist, 1 up.

Worthington turned back Don Schumacher of Dallas, defending champion, 1 up in 19 holes, shooting a par 4 on the 19th while Schumacher bogeyed.

Bill Stark of Orange plays L. M. Montgomery Sunday in the first flight championship final.

Dees McDermott of Wasco, and Lindsay Telford of Lubbock battle for the second flight laurels.

Allan Barnard of Lamesa takes on Penrose Melcafe of San Angelo for the third flight crown.

Baugh Proves He's Good Cowhand, To Be Seen At Summer Rodeos

SWEETWATER, June 8 (AP)—Slingin' Samuel, the gentleman rancher with football's finest forward passing arm, is roundin' up the dogies in rodeo corral.

The sun-broiled Texan has put hump burns on every critter within reach of his slingshot larist to date. Old-timers who nearly gulped down their quids when Sammy roped, hed and spanked a calf in 11 seconds out on his ranch, say he has the touch.

The Slinger made his formal debut at the Floydada rodeo two weeks ago. He met up with an unruly calf and used up 19 seconds,

which was slightly out of the money.

"Shucks, out here on the ranch I've cut that time in half," apologized Sam. "But it was different in that arena."

Other than football, of which he knows plenty after terrific careers with Texas Christian university and the professional Washington Redskins, calf roping is the best sport, allows Cowhand Haugh.

Recently Sam bought 25 head of Brahma calves on which to practice. But he had to sell 11 of them.

"They just got too durned big to handle," he admitted.

To offset the remote possibility that Mr. George (Wet Wash) Marshall, the rather easily excited owner of the Washington football club, should become alarmed over Sam's innocent hobby of wrestling with bawling calves, the Slinger insists that he will not branch out into other rodeo pastimes—such as bulldogging steers.

Incidentally, one of Sam's illustrious fellow townsmen, Mr. Larupin' Lew Jenkins, the generally recognized lightweight boxing champion, has a hankering along the same general lines.

Sam owns some thoroughbred brood mares which the past spring bore thoroughbred colts.

Jenkins, a ranch boy who quit riding herd to win a boxing title, has been conversing with Sam about going into the thoroughbred business. The deal is practically closed all they need is a thoroughbred stallion!

And, of course, all Lew needs is a ranch. But he promises his thunderous right hand, the one that jellied Lou Ambers' face, will take care of that, effective with his July engagement against Henry Armstrong.

Sam plans to go right along with his rodeoing, having entered the famed Stamford rodeo July 2, 3 and 4. He will warm up at Spur June 14 and 15. He trains his own cow ponies and herds them around in a trailer he rigged up.

Right now you can go out any day to Sam's corral and find a dozen or more dogies with their tongues hanging out.

And Sam's, too.

Fred Wolcott Shades World Hurdles Mark

PRINCETON, N. J., June 8 (AP)—Fred Wolcott, Rice Institute ace, opened the seventh annual Princeton invitation track meet today by bettering the meet and recognized American records in the 120-yard high hurdles. He was timed in 22.6 seconds barely nosing out a fellow Texan, Boyce Gatewood of the University of Texas.

The meet record of 14.3 was set by Sam Allen of Oklahoma Baptist in 1935, and the recognized American record of 14 by R. D. Osgood

of Michigan in 1937.

In a shuttle hurdle match race between Texas and Yale the Texans bettered every known record for the event with a time of 38.5. The winning team was made up of Douglas Jacques, Coleman Pack, Ralph Baggett and Boyce Gatewood.

Fred Wolcott elmsed a great day for himself by bettering the world record in the 220-yard low hurdles. He was timed in 22.5, one-tenth of a second better than the world mark set by Jesse Owens of Ohio State in 1935.

He also was timed in 22.3 at the 200 meter mark, surpassing Owens' 22.6 record.

As the select field of performers scattered old meet marks right and left in most events, the feature event of past programs—the mile run, went in the good but not sensational time of 4:11. It was won

by a dark horse, "Lonesome John" Munski of the University of Missouri.

Lee Orr of Washington State came through with a 46.8 performance in the 440 yard run which bettered the meet record. The old mark of 47.1 was set by J. E. Luval of UCLA in 1936.

Staging the most remarkable sprint of the day, Greg Rice of the South Bend A.A., won two-mile run in 9:02.4. This better his collegiate mark of 9:02.6. For the last 230 he ran like a dash man, leaving Don Lash 15 yards in the rear.

Edward Burrows, Jr., upheld the home guard by winning the half mile in 1:48.8 to tie the meet record set by Ben Eastman of the Olympic club in 1934.

Summaries included:

120-yard high hurdles—Second, Boyce Gatewood, Texas; third,

Marsh Farmer, Shore A.C.

Two mile run—Third, Wayne Rideout, Shore A.C.

220-yard low hurdles—Second, Edward Dugger, Tufts; third, Marsh Farmer, Shore A.C.

Mile run—Fifth, Blaine Rideout, Shore A.C.

CHISOX SUBDUE SENATORS, 12-6

WASHINGTON, June 8 (AP)—Blasting Ken Chase and Rene Montegudo for 13 hits, the Chicago White Sox trampled Washington 12-6 here today in a wild game in which seven errors were committed. The White Sox constructed a 9-0 lead before Washington began scoring in the seventh.

Luke Appling had three hits in the Chlox's attack.

Biddy Lewis paced the Nationals' in their futile try, collecting four blows.

Score by innings:

Chicago 124 011 008—12 13 3

Washington 000 000 312—6 13 3

Batteries: Dietrich, Brown and Tresh; Chase, Montegudo and Early.

THIS IS BUICK'S BIGGEST YEAR

Imagine You—in our all-time best-seller!

Yes—prices begin at \$895

for the business coupe—price of the 4-door sedan illustrated is **\$996**

delivered at Flint, Mich. *

YES sir, what you're looking at is the biggest-selling Buick of all time—which, in times like these, is certain proof that here's the best-built Buick of all time.

But why just look at it? *Why not try it?*

Why not go find out what this car's got that has made more people buy Buick this year than even back in the easy-money days of the twenties?

See what there is about that big, hundred-plus horsepower Dynaflex straight-eight that gets people—what it's like to have plenty-room all around and style that has the highway eyeing you.

You ought to know about the BuicCoil Springing ride—it's not only gentle and easy, but these soft steel coils

eliminate a lot of fuss and care about lubrication.

And you ought to have the straight dope about prices—prices that make this Buick the yardstick of up-to-the-minute car values.

This much will give you an idea: Current prices† begin at \$895 for the business coupe, delivered at Flint, Mich.

*Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories are to be added.

What the total amounts to is a surprisingly low figure—one your local Buick dealer will be tickled to show you.

†Prices subject to change without notice.

Reds Smash Brooklyn

CINCINNATI, June 8 (AP)—The Cincinnati Reds today took over first place in the National League from the Brooklyn Dodgers—and with a vengeance. Pounding out 27 hits, the Reds triumphed by a 2-2 score.

Paul Derringer went the route for the Reds, giving up only seven blows. Outside of the fifth when Dolph Camilli and Carl Doyle accounted for the runs.

Linus Frey, Johnny Rizzo and Harry Craft hit homers for the champions. Craft had a perfect day at bat, collecting a triple, double and two singles besides his home run. He batted in a total of six runs.

Brooklyn pitchers had a hard afternoon. Freddy Fitzsimmons, starting hurler, lasted but two innings. His successor, Doyle, went four innings, giving up 16 hits and hit four batters.

Score by innings:
 Brooklyn.....000 020 000—2 7 2
 Cincinnati...143 164 04x—23 27 1

Giants Humble Cards Twice

ST. LOUIS, June 8 (AP)—Walter Brown, the New York Giants ace reliever (twirler), proved his effectiveness today, helping his third-place mates sweep a doubleheader from the St. Louis Cards by 4-2 and 5-2.

Brown worked one inning in the first game without giving up a hit, then reappeared in the aftermath, hurling two rounds of hitless ball, succeeding Cliff Melton in the midat of a troublesome rally.

Joe Oringo slapped out a home run for the Cardinals in the nightcap.

Milnar Blanks New York, 2-0

NEW YORK, June 8 (AP)—Al Milnar of the Cleveland Indians hung up his eighth victory of the season today when he pitched a brilliant 2-0 game to stop the Yankees, 3-0. Roy Bell hit a homer in the ninth for the fastest blow the winners got off the combined slants of Marius Russo and Johnny Murphy.

Yankee hits were by Charley Keller and Buster Mills, the latter a pinch hitter for Russo in the eighth.

Rollie Hemsley accounted for the first two Cleveland runs, scoring Roy Mack in the fifth and Bell in the seventh.

Temple Man Heads State Bar Unit

AUSTIN, June 8 (AP)—The first annual election of the state bar of Texas, recently created by the legislature, today named District Judge Law Brewster of Temple president and L. Hamilton Lowe of Corpus Christi vice-president.

Certification of 5,013 mailed ballots was completed by Secretary William B. Carsaw who informed temporary officials that Judge Brewster received a total of 3,719 first and second choice votes as compared to 3,326 for J. Cleo Thompson of Dallas and 2,343 for Austin F. Anderson of Fort Worth.

LINERS NEAR N'YORK PORT

NEW YORK, June 8 (AP)—Two American liners neared New York tonight with 2,634 humans aboard driven by the terrors of modern war from their European abodes to the safety of the United States.

The President Roosevelt was scheduled to dock at 7 p. m. (CST) Sunday with 720 passengers, most of them Americans.

They boarded the ship at Galway, Ireland. The sleek Manhattan radiated she would dock at 2 p. m. (CST) Monday with 1,914 passengers from Italy, half of them aliens who booked passage before the state department ruled that American citizens must be given preference.

RANGER UNIT ON PATROL

AUSTIN, June 8 (AP)—A modern, mechanized detachment of Texas rangers was engaged in secret operations along the lower reaches of the Rio Grande today to protect the state against possible flare-ups from across the border.

Split in small groups, the ranger force, whose numbers have not been disclosed, was under orders calling for swift action in any emergency while an Austin headquarters staff catalogued and classified a deluge of reports on possible "fifth column" operations in Texas.

A state official who would not permit use of his name said the rangers, mounted in automobiles for fast transit on roads and on horseback for work in mesquite thickets and backlands, were prepared to thrust in any direction.

Chamber Managers Pick Beaumont Man

MIDLAND, June 8 (AP)—Clarence Debus, manager of the Beaumont chamber of commerce, today was named president of the Texas Chamber of Commerce Managers association as its three day convention closed here.

Selection of the next meeting place will be made at the directors meeting in October. Invitations were presented by Texarkana, Beaumont, Del Rio, Temple and Marlin.

Other officers included W. Hammond Moore of McKinney, vice president, Joe Mock of Nacogdoches, secretary-treasurer.

CORPUS CHOSEN

AUSTIN, June 8 (AP)—Corpus Christi was chosen as the 1941 convention city by the Texas Association of Life Insurance Underwriters which concluded its annual convocation today with the election of J. B. Baumann of Houston as president.

Vice presidents named included Walter Clayton of Amarillo, Frank Simmons of Galveston, Liburn Coffee of Big Spring, Ross Priddy of Dallas and H. B. Wernette of Corpus Christi.

Baumann succeeded Robert M. White of Dallas.

MAN ELECTROCUTED FOR MURDER COUNT

HUNTSVILLE, June 9 (Sunday) (AP)—Pascido Handy was electrocuted early today for the murder in 1934 of an unidentified man whose body was found in the Rio Grande.

The current was applied at 10:02 a. m. and Handy was pronounced dead eight minutes later.

Rain Forces Well Shutdown

Thundershowers late Saturday forced the M. L. Richards No. 1 Thelma J. Cole, northeastern Howard county wildcat oil test to shut down at 500 feet.

The test is located 1,650 feet from the north and east lines of section 34-32 in T&P, H&TC.

Half a mile south of the Snyder pool in the southeastern part of the county, the Magnolia No. 1 M. H. O'Daniel extension test drilled plugs from oil string at 2,640 feet late Saturday. It is located 2,178 feet from the south and 1,782 feet from the west lines of section 40-30-1a, T&P.

Still further south, the R. M. Huff No. 1 Douthitt, shallow test in an area explored first some 20 years ago, had made more than 400 feet of hole.

Northeast of Big Spring the C. T. McLaughlin No. 1 Pete Johnson, 600 feet from the north and east lines of section 34-32 in T&P, was unofficially reported near the 600 foot mark. The hole is half a mile from the old General Oil No. 1 Sandhills, first well ever drilled in Howard county.

In the shallow field of northwestern Mitchell county, the Jim Erwin No. 1 Strain reported to 220 feet in section 42-97, H&TC. The Echols No. 1 Crawford, a nearby test was below 215 feet in section 17-2 H&G:N, while HRS No. 1 Berry in section 19-2, H&G:N, waited on cement to set at around 1,600 feet. The same company prepared to run tubing in an adjacent test and the Helmerick and Payne company had a similar operation underway on a nearby shallow test.

WOMEN'S TRANS-MISS TOURNAMENT BEGINS TODAY

ST. LOUIS, June 8 (AP)—National Champion Betty Jameson of San Antonio, and Defending Champion Patty Berg of Minneapolis head an entry list of approximately 150 for the women's trans-Mississippi golf tournament opening here tomorrow.

Match play will begin Tuesday after Monday's qualifying round over the Glen Echo country club course.

Miss Jameson shot a two-under par 75 her first time on the course this week but predicted Miss Berg would win her third successive trans title. Patty was just as certain there was no one able to cope with Betty.

Favored by some to reach the finale is Mrs. Frank Goldthwaite of Fort Worth, recent winner of the Southern States tournament.

There are more than 100,000 softball teams listed in the United States.

Farmers aren't the only ones who love to see a good rain. The city would welcome a good soaking, or even a series of brisk thundershowers. The prolonged dry spell has put 1,000,000 gallon daily demand on the waterworks. Rain could do one of two things to relieve the situation: Water lawns and flowers to curb consumption, or produce sufficient overflow to store considerable water in the city lakes.

Feeders would do well to note two points in feeding tests just completed at the U. S. Experiment Farm. One is that enough calcium should be given to gain maximum utilization of grains, and that cottonseed meal in the ration should be built up slowly to secure greater economy in feeds. As for the more technical phases of the test, they will be of economic importance to feeders when finally disclosed. All this information can make feeders money if they will but use it.

The rodeo for 1940 will get down to the do or don't row Monday. A committee from the chamber of commerce will call on businessmen in an effort to underwrite the rodeo against possible loss. If they succeed, then the committee and rodeo leaders will put their heads together and plan a program and set a date. If they don't succeed, then the rodeo is dead as a herring.

Last week the Howard County Land Use Planning committee took steps to organize a freezer locker cooperative in Big Spring. This is a matter of interest to the average urban dweller as well as the farmer, for there are many in town who doubtless are as concerned about a freezer locker unit as any farmer.

British union-jack design and in red, white and blue; the Continental flag with a pine tree union, the Bunker Hill flag with a blue field and a white union with a cross and the pine tree emblem in the upper left hand corner; the navy flag of red and white stripes with a rattlesnake superimposed; and the plain Pine Tree flag with the inscription, "An Appeal to Heaven."

Washington was in Philadelphia from May 22 to June 5, 1776 at the request of the continental congress, and it was here, according to the Betsy Ross tradition, that he pencilled the design for a flag, after she had suggested a five pointed star, with 13 stars in a circle on a field of blue and with as many horizontal red and white stripes.

Betsy Ross, to continue with the tradition, made the first flag known as "Old Glory" and for the next half century her upholstery shop was given over to the making of flags. On June 14, 1777 the congress resolved that the "Old Glory" design be the nation's flag. This is why we observe Jun 14 as Flag Day.

When Kentucky and Vermont came into the union two stars and two stripes were added. This was the flag that flew over Fort Mifflin in Baltimore harbor on the historic night of Sept. 13, 1814 when Francis Scott Key was inspired to write the "Star Spangled Banner."

It became apparent that addition of stripes each time a new state entered the union would make the emblem unwieldy and unsymmetrical, so on April 4, 1818 a bill was signed by President James Monroe restoring the design to the flag of 13 stripes and one star for each state.

Through the cavalcade of years, star after star has been fixed in the union, reflecting the building of a great and mighty nation. The country weathered a life-and-death struggle in the war between the states from 1860-65, and the flag became truly the emblem of "one nation, indivisible, with liberty and justice for all."

BURKBURNETT LAD IS LOST

BURKBURNETT, June 8 (AP)—Searchers combed Elk mountain in the Wichita mountains of Oklahoma tonight in a hunt for eight-year-old Wilmer L. Gibson, Burk Burnett youngster who disappeared Saturday morning while climbing the rugged slope.

Ernest J. Greenwald, superintendent of the Wildlife Refuge headquarters, appealed to Fort Sill military authorities for 75 additional searchers to augment the efforts of approximately 125 persons who have been combing the area in addition to refuge horsemen and an airplane.

Young Gibson, son of Mr. and Mrs. W. L. K. Gibson, accompanied his parents to the mountain with a large outing party from Burk Burnett and Frederick, Okla. He started to climb the mountain with a group of about twenty and became tired three-fourths of the way up, members of the party said. He was left on a bench with instructions to wait the return of the group after they had scaled the heights but was gone when they came back.

Lillie Loren Young And Ray Cline Marry Friday Morning

Lillie Loren Young, daughter of Mr. and Mrs. R. E. Young of Coahoma, and Ray Cline, son of Bernie Cline of Moore community, were married at 11 o'clock Friday morning by the Rev. Homer W. Hunsley, pastor of the First Christian church in the home of Mr. and Mrs. Gene Crenshaw.

The bride wore a blue chiffon street-length dress with white accents and was attended by Suzanne Cline. Mrs. Young attended the bride.

The couple left following the ceremony for a bridal trip in East Texas, including Corpus Christi and San Antonio. On their return they will be at home on their farm in the Moore community.

The bride was educated in the Coahoma schools and the bridegroom was reared in the Moore community.

Grown-Up Duds Go Childish For Fun

Play Clothes Are The Thing For Hot Summer

By AMY PORTER
AP Fashion Writer

A few years ago it would have sounded foolish but not this summer. Now it sounds natural for grownups to say, "Let's put on play clothes and go out and play."

"It's been reasonable to suggest 'You wear your pink ruffled pinafore and I'll wear my rolled-up overalls.'"

Childish and proud of it, that's what summer play clothes have made us.

Play clothes first appeared on a few rugged individualists eight or nine years ago. They gained wide popularity in 1934, and now they cover the country. Their strength comes from three sources: Sun worship, growth of women's sports, and the new leisure of the 40-hour week.

California sportswomen, looking for comfort, bought shorts in the boys' department, cut dresses to knee-length, tied hair back with men's handkerchiefs. Designers took the cue and produced play clothes.

Shorts got a boost from Helen Jacobs. Helen Wills Moody started the vogue for the short tennis dress, forerunner of this season's play dress. Marlene Dietrich wore slacks in public and they no longer looked like out-of-place pajamas to the rest of us.

Today, men and women both have right-for-the-occasion play clothes—slacks, open-neck shirts, shorts, socks, in denim, bed-ticking, seersucker. New Play items keep appearing. Watch for new slacks that can be zipped in snugly below the knees for the convenience of hikers and bikers.

Vacation Bible School Graduates Pupils In Ceremony Friday Night

Vacation Bible school at East 4th St. Baptist church closed Friday night with graduation exercises and with the record of being the largest ever held in West Texas, according to the pastor, the Rev. R. Elmer Dunham.

Over 450 people attended the exercises where 87 students graduated with highest honors that included no absences, no tardiness and completed work in handicraft and studies.

Enrolled were 327 students with 307 pupils from the East 4th church.

An exhibit of handwork was held and 35 teachers and officers were in charge. Twenty-five students will make profession of faith at some church Sunday, according to the pastor.

Miss Verena King of Southwestern Baptist Seminary at Fort Worth was in charge of the primary department. The junior department had the largest enrollment of 147 students. Other superintendents were Mrs. L. A. Coffey, Mrs. Dunham, Miss King and Mrs. Gordon Rimmer. Over \$10 was also contributed to the Red Cross.

Movies Stage Another Powerful Storm In New Picture, 'Typhoon'

Dorothy Lamour, Robert Preston Star In Film

Ranking with, if not surpassing, the earthquake effects in the film "San Francisco," Paramount will present the greatest storm sequence ever put before Technicolor cameras in "Typhoon" which plays today and Monday at the Ritz theatre with Dorothy Lamour and Robert Preston teamed.

Fire, typhoon and tidal wave are brought together in a single sequence, culminating in a gale in which whole palm trees are uprooted and go hurtling by in the tropic dusk.

In "Typhoon," Dorothy appears in a new South Sea island costume—a bright swath of close-hauled cloth called a lava lava, scantier than a sarong! She is cast in this film as a young woman, cast away on a lonely island since childhood, with only the company of a trained female chimpanzee, Koko.

First visitors to Dorothy's lonely Eden come in the persons of Robert Preston, Lynne Overman and J. Carrol Naish, who arrive in Overman's privately owned submarine. Robert Preston strays from his party and is found by Dorothy and Koko. Dorothy literally captures him, makes a sexy cloth pareu for Bob to wear in stead of his civilized clothes.

There follows an unusual love story between an uninitiated Dorothy and a bewildered Robert Preston.

Briefly, the action follows the sailor's arrival on Dorothy's Eden and the subsequent mutiny by J. Carrol Naish and his Kanaka crew. Meanwhile, a vengeful Polynesian chief is pursuing the sailors and when he finds their island rendezvous, he burns the island in an attempt to destroy them all. The typhoon, filtered in all its raging splendor, wrecks his plans. But in between those lines, there are plenty of swift-moving action.

Dorothy sings a haunting love song, "Palms of Paradise," which promises to climb high on the hit parade. This picture gives Robert Preston his first role opposite Miss Lamour. Louis King directed.

Zorina Stars In Drama To Be At Lyric

'I Married An Adventuress' Has Continental Background

Glamorous Zorina comes to the Lyric theatre today and Monday in "I Married an Adventuress," the sparkling 28th Century-Fox romantic drama, in which she finds love with handsome Richard Greene.

Appearing by courtesy of Samuel Goldwyn, Zorina is cast in her first dramatic role as an exquisite enchantress, who believed love was not for her—until she met the one man who made her live up to the promises she always made—and always broke.

Set against a panorama of smart Continental backgrounds, "I Married an Adventuress" presents Zorina with an opportunity to wear a breath-taking collection of gorgeous gowns and magnificent jewels, as she glides gracefully through smart European capitals, weaving a web of intrigue as she goes.

Erich Von Stroheim, the unforgettable "man you love to hate," is seen as a suave, gentlemanly Parisian swindler, with Zorina and Pete Lorre as his confederates.

While Zorina enamors rich business men with her beauty, Von Stroheim and Lorre, whose light fingers make up for his lack of brains, fleece them of fabulous sums of money. Both Von Stroheim and Lorre love the fascinating adventures in their separate ways.

Then along comes Greene, in the role of the scion of a wealthy Parisian banking family. He is fair prey for the little game the scheming trio has played across the Continent. But love walks in and knocks all Von Stroheim's plans to pieces. The film fascinatingly describes how Zorina fights to keep her past from Greene and protect her newfound happiness against the relentless Von Stroheim. There is a delightful surprise ending.

Cowgirl Contest To Be A Feature Of Lamesa Rodeo

LAMESA, June 7—A cowgirl contest is scheduled as one of the feature attractions of the annual Lamesa rodeo, June 19-20. Winner of the cowgirl contest will receive one of the saddles.

Plans were nearing completion for the shows, both afternoon and night, this week as officials announced that arrangements had been made with Curley Daugherty, Olton rodeo stock man, for 100 head of bucking horses, roping calves and Brahma steers.

Bill Boyd, rodeo association president, said here this week that contestants in the riding and roping contests are pouring in, and that cowgirls from many West Texas cities have registered their intentions to enter the cowgirl contest, open to every cowgirl in the southwest, except those that have already won two first places in other shows. This event will be different from the usual sponsor contest in that cities may be represented by any number of participants.

Besides the three saddles, with the words "Lamesa Rodeo, 1940" carved on them in modern design, a pair of shop-made boots, Stetson hat, and silver spurs, are listed among the awards over and above \$600 cash to be given daily. Two of the saddles will be given for the best two-day averages in the bronc riding and calf roping events. The other articles listed will be given for the best two-day average in other events.

Lamesa chamber of commerce is cooperating with rodeo officials in helping to arrange a good will tour Tuesday and Wednesday, June 11-12, to more than 20 West Texas cities, including O'Donnell, Tahoka, Post, Southland, Slaton, Lubbock, Roperville, Meadow, Brownfield, Wellman, Seagraves, Seminole, Gall, Snyder, Colorado City, Westbrook, Coahoma, Big Spring, Stanton, Midland, Odessa and Andrews. Hop Halsey, Lubbock, with the famous Drugstore Cowboy band, will furnish the string music for the programs to be given in each city. Horses and cowgirls will accompany the goodwill group of 20 to 30 autos, displaying two of the prize saddles. A well known southwest cowboy band will also play during the rodeo shows June 19-20.

Other officials of the Lamesa Rodeo association besides Boyd are Guy Weeks, vice-president; Bud McDonald, secretary-treasurer.

BAKER REELECTED BY TYPO UNION

INDIANAPOLIS, June 8 (Sp1)—An unofficial summary of complete official returns today showed reelection of Claude M. Baker of San Francisco as president of the International Typographical Union.

This summary, issued by Woodruff Randolph, secretary-treasurer, gave Baker 20,854 votes to 25,457 for his opponent, Francis G. Barrett of New York City.

Local unions voted May 15 and sent the ballots to international headquarters here. The board that canvassed the vote will make its official report about next Wednesday.

Crime Story Featured At The Queen

Lloyd Nolan, Barton MacLane In 'Gangs Of Chicago'

Drama, romance, and plenty of excitement—that's what is guaranteed today and Monday at the Queen theatre in the presentation of "Gangs of Chicago," a Republic picture starring Lloyd Nolan, Lola Lane and Barton MacLane which has all the ingredients of thoroughly satisfactory film fare for the action drama devotee.

Nolan, a screen favorite for a long time, will be remembered for his excellent work in "The Magnificent Fraud," "St. Louis Blues," the more recent "House Across the Bay," and "Johnny Apollo." Both Lola Lane and Barton MacLane are also already familiar to theatregoers. In addition, the supporting cast includes Astrid Allwyn, Ray Middleton, Horace McMahon and Addison Richards.

In the film, Nolan is depicted as Matty Burns, the young and ruthless co-leader of a vast crime organization. An F. B. I. agent, hoping to destroy the reorganization, asks Matty's best friend, Bill to become a spy. Bill agrees, because he thinks that Matty is really innocent of any guilt, and that he can find the actual criminals. He learns the truth but before he can contact the agent, members of the combine learn what he is doing. Matty is then forced to decide whether he should allow Bill to be murdered, or whether he should call in the police and thus incriminate himself. The way in which he makes his momentous decision is what provides a thrilling climax to a highly exciting picture.

Arthur Lubin directed "Gangs of Chicago" from an original by Karl Brown. Robert North was associate producer.

Three Guests Present At Informal Club

Three guests were present at the Informal club meeting in the home of Mrs. C. W. Cunningham Friday and included Mrs. Grover Cunningham, Mrs. G. H. Wood and Mrs. G. G. Sawtelle.

Mrs. Wood won guest high score and Mrs. W. W. Inkman received club high score.

of San Angelo, incumbent.

The attractive brown-haired and
brown-eyed young matron says
politics is no idle whim with her,
and she has drawn up a general
platform upon which to base her
appeal to the voters. The planks
include support for organized la-
bor; immediate appropriations to
relieve overcrowded conditions in
state hospitals; appropriations for
the teachers' retirement fund, and
for aid for the blind.

She favors jury service for wo-
men. And she concludes her plat-
form with the simple statement:
"I am for W. Lee O'Daniel for
governor."

Star points installed were Mrs.

ANNA BELLE AND MARY NELL EDWARDS TO
REPRESENT BIG SPRING AT RODEOS

Anna Belle and Mary Nell Ed-
wards, daughters of Mr. and Mrs.
M. M. Edwards, and well-known in
West Texas and rodeo circles for
their riding and roping ability, have
been chosen to represent Big Spring
at all the summer rodeos.

Two of the first rodeos will be
June 12th at Spur and June 19th at
Lamesa. Anna Belle will act as
sponsor at the latter. Thereafter
the girls plan to alternate attending
the rodeos.

Both girls are exceptional riders
and have a trunkful of prizes won
over a period of a few years. Mary
Nell was winner of first prize, a
saddle, in 1938 at Midland and in
1939 won the trailer, grand prize,
at the Midland show. She placed
third at Dublin this spring.

Anna Belle won first place at
Dublin this spring and received
second place at Spur in the 1939
rodeo. She also placed second in
1939 at the Midland rodeo.

Both girls were selected to make
a trip to New York last fall as
"Glamour Girls" at the Madison
Square Garden rodeo and were sing-
led out for much attention in New
York. Anna Belle has been invited
to attend the 1940 rodeo at the
Garden.

There are more than 300,000
trailer coaches in the United
States.

Editorial

War conditions are not going to halt one phase of U. S. spending this summer. It estimates hotel good. It seems that tourist travel is due to gain; indeed, war conditions may be one of the reasons for the predicted increase, since people who have been accustomed to vacationing abroad are doing their traveling this year in their home country.

Washington Daybook

WASHINGTON—President Roosevelt has a way with him. The other day when the international situation was as tense as all get-out (name a day recently when it hasn't been), I wandered into the afternoon press conference. The president's dome-shaped office was airdroped to the screen doors.

TOOK HIS STORY

When the curtain came, there wasn't a man (or woman) in the room who wasn't dying to dash for a telephone or fresh air or a chair. Questions were forgotten. The things we really wanted to know were buried by either a column and a half of good news or explanation.

Hours later, after the copy was all in, we realized the things we really wanted to ask would have to wait another day. That President Roosevelt when it comes to handling his public pronouncements—he is a one.

Man About Manhattan

NEW YORK The vigilance of the strong arm squad at the fair during the first 30 days of the season has, to say the very least, been unrelenting, and it is due to this no doubt that we have run into only one man, a hardware dealer from Pittsburgh, who has had his pockets picked. This is an unusual record, and it speaks well for the future police commissioners who are roaming the amusement boulevards and the intellectual byways of the fair.

The man who worked on me, Mr. Morgan explained cheerfully, "must have been a wonder, because I didn't feel a thing. It was that perfect. I was just standing there, watching the doves pluck the clothes off Miss Rosetta Royce. And after the doves had earned their encore I started to turn away. It was then I noticed how light my coat felt, because with my wallet in the inside of my coat, there is a bulge there and it is usually tight. There was no bulge, nor was there any wallet. I still don't know how it happened."

Hollywood Sights And Sounds

HOLLYWOOD—We call 'em film factories, and we say they grind out their celluloid, and THIS is how they work—sometimes. Loretta Young, Melvyn Douglas, Alexander Hall and P. J. Wolfson are in a huddle beside a bright kitchen set. Miss Young is wearing a fancy black lace thing with flesh-colored slip, the effect is startling, but very, very nice. The other three, and Miss Young, too, are wearing expressions of pained concentration.

Advertising For Tourists

Travel business is big business, and its economic effect is far-reaching. Texas gets a share of the important total of tourist expenditures, of course, but there is some doubt, as the Texas Weekly points out, that the state is getting as much as it could if its numerous attractions were adequately publicized. While 39 states of the union this year are going out after tourist dollars by advertising what they have to offer, Texas is one of the other nine states hoping that the tourists will "just naturally" come this way.

burned Don made his entrance in Hollywood gray, the girls were jammed around the committee-room table. I think Don came to talk about the block-booking bill. He got in something about how impossible it is for a producer to tell customers what a picture is about before it's finished. Then Representative Brown, of the Ohio Browns, started discussing his fan mail not Ameche's, Brown's.

SHIRLEY AND MICKEY, TOO

Mr. Brown had received a letter from Mr. Ameche. Mr. Ameche couldn't be sure whether he wrote or just approved it. Which was all right and according to best congressional etiquette. . . until Mr. Brown explained that he and other members of the committee had received similar letters from Mickey Rooney and Shirley Temple (retired).

only in nudity, is clothed in cooing doves. They cluster around her and that is all. There is another framed folio, and a smart old fowl he is, known as the sarong-snatching parrot of Miss Yvette Dare, another stripteasee cutie Miss Dare's act differ from Miss Royce's in that she is clad only in a sarong. At a critical moment in her act the parrot plucks off the sarong.

They come out of the huddle and go into the rehearsal. Douglas plays a humorous waiter, a "red" reminiscent of the Garbo character in "Nimotchka." Miss Young is a pampered darling of wealth. The scene is her kitchen. She is hiding Douglas in a pantry there. He has just taken a pot shot at a coffee cup held in the fat hand of Miss Young's wealthy husband, played by Eugene Pallette.

High Tide

Chapter 16 DANCING FEET Derek tapped on her door and she met him smiling. Arm in arm they went down the stairway, Jan's head triumphantly high as she passed Johnny. "I'm going dancing with Derek," she called gaily to Lance and Norma.

When they entered the huge dim ballroom which stretched out over the ocean, she threatened: "I'll probably stumble and step all over you." He grinned down at her and drew her bright head against the lapel of his coat and danced her out onto the long, polished floor. He danced smoothly and well and after a minute or so Jan found herself following him easily enough.

By the third dance their constraint lifted to the extent of experimenting with a rumba. She nearly slipped, he caught her, and they laughed extravagantly. Couples around them performed amazing gyrations to the tune of "Dippy Doodle" swinging apart together, whirling, back-winding, tap-dancing, shuffling.

She couldn't resist asking, "Still wish I hadn't pulled you out of the ocean?" Then immediately winked she had resisted, for the carefree smile left his face and he closed to her. He set down his mug and stood up. "I still wish you hadn't. I feel as if I'm living on time borrowed. Mostly I try not to think at all."

By Frances Hanna

"He's hungrier for music than he ever is for food," she diagnosed with sure intuition. "It isn't Love!" A light burned in Lance's room although it was past twelve. Deciding to go in for a minute, she had her hand on the doorknob ready to turn it, when she heard curious sounds from Norma's room.

"What is the trouble, Norma?" she implored. "You're so cold. Here, let me slip this jacket over your shoulders." "It's Lance," Norma whispered clutching at Jan's hand. "He was furious when Mrs. Cornwall went out with Johnny. He snapped at Frank and ordered me out of his room—said I looked like a sick cat. He's been banging things around in there all evening. I wish I knew what to do. He's in love with her and it's making him rebellious and wretched and—oh, Jan, I love him so!"

Jan went out softly and closed the door. Better to leave Lance alone, she decided, dreading to admit how she dreaded his bad moods, and from what Norma said, this was a very bad one. She lay awake in the darkened room, unable to sleep. She heard Derek come in and climb the ladder to the roof. If he went away now, she thought, I'd get over it. I'd get over this smothering, wishy-washy feeling every time he comes near me. I'd stop wishing he'd kiss me again. It can't be love. It's the mystery, the curiosity, the attraction of something unknown. If I knew all about him he'd be just—no, it isn't so and I know it. I'm slipping into the same boat with Norma, falling in love with a man whose heart doesn't know I exist!

Dozing off to sleep a long time later she came wide awake when the door below banged open. Rose, laughing and shouting, could be heard all through the house. "Too many cocktails!" Jan thought, not caring much. Then she heard Lance opening his door and wheezing himself into the hallway. "Rose," he called urgently. "Rose!"

The Thrill That Comes Once In A Lifetime

her head she reflected she should be grateful to whomever it was Jan most likely, for putting her in bed and covering her up and pulling off her velvet sandals. How that forthright, unsophisticated youngster must despise her. Stripping off all her clothing, donning a satin robe, Rose pushed her heavy black hair off her face, pinned it back, and rubbed a thick layer of pink cold cream, scented and expensive, into her skin.

Shelterbelts, totaling about 2,500 miles in length, now exist on approximately 4,000 Kansas farms. To be continued.

IN VACATION LAND—

Colorado, Near Enough For Two-Week Trip, Has Much To Offer

(This is the first of a series of articles on vacation spots of interest to prospective travelers. Emphasis will be placed on those resorts "close at home," of easy access to West Texas. —Editor's Note.)

By MARY ALICE WOODARD

Summer and vacation time is here again! The timeworn phrase of "In the spring a young man's fancy..." may apply to the early months of March, April and May, but "come June," and some hidden spark of adventure in us all seems to loom up, not to be denied. We begin, secretly at first, thinking of how nice it would be to go to this or that place, then before we know it, the vacation fever has us, and we are poring over many a fascinating road map, making "crosses" for overnight stops, and "circles" for interesting places to see along the red pencilled route we have chosen.

Along with everything else typical of Americans is the average working man's two weeks vacation—a period too long to let go to waste, yet not long enough to make a leisurely tour of several thousand miles. The solution is usually new scenery not too far distant, where there are things to do and see, without being in a constant rush.

Colorado From West Texas, the state of Colorado is just such a place for an ideal vacation. Though an entire summer could be spent exploring the wonders that are in this beautiful state, ten days or two weeks would be ample for a rest high up in the mountains in some cool secluded spot. Here there is such a wealth and variety of entertainment that no matter what the vacationist desires, it is available.

There are, high up in the Rockies, many secluded resorts, not yet so commercialized that they no longer have that illusion of being apart from the workaday world, something so many desire in a vacation. Estes Park, near the entrance to the Rocky Mountain National park, is just such a place. High up in the pines, the resort is surrounded by mountains, domi-

nated in the distance by famous Long's peak. From the village, long drives can be made through the national park area, over famous Milner pass and Fall River pass, at elevations of ten and eleven thousand feet. To a West Texan, where rivers and creeks are a novelty, it is a thrill indeed to come suddenly upon a stream dancing merrily down the side of a mountain, gradually becoming a roaring torrent, swift and icy. Here the rains do not fall as they do at home. Rather, they seem to come from nowhere, giving the impression that you are up in the wet cloud itself. This country must be "the pot o' gold" for here I have seen the end of the rainbow. Estes Park offers, for those who wish more civilization, horseback riding on bridle paths through the mountains, excellent golf courses, and dancing at the resort hotels of which there are several. Picturesque log cabins, hidden in the pines, and off to themselves, are also available for tourist accommodation.

For Fishermen Colorado is a sporting fisherman's "happy hunting ground." The swift streams and mountain lakes around Creede, in the south central portion of the state, as well as in many other parts, offer excellent fishing. The mountains around Creede are among the highest in the state, and possess unbounded scenic beauty. The highways are excellent, but since this part of the state is away from the transcontinental highways leading into Denver and Colorado Springs, many visitors have failed to come here.

If the vacationist is looking for more diversified entertainment, he may stay in Colorado Springs or Denver, making side trips through the mountains, to the top of Pike's peak, to Cripple Creek and the famous old gold mining districts. The Garden of the Gods, just out of Colorado Springs, is a sight probably no visitor has ever missed. From Denver, one may drive over U. S. highway 40 through the state's largest gold mining area, over the Continental Divide at Berthoud pass. The city of Denver itself is as historic and interesting as it is beautiful. By day, one may explore its museums, parks, the state capitol and its residential and shopping districts. By night, two huge amusement parks, veritable world's fairs in themselves, would delight the heart of any child. For the grown-ups, if they do not admit to liking the large roller coasters, ferris wheels and such, there are night spots for dancing by "name" orchestras, theatres, and many other amusements.

Colorado is boundless and unsurpassed as a vacationland. This summer Americans desiring more than ever to "see America first" should take advantage of this scenic state, with its excellent highways, and friendly welcome.

TO CORPUS CHRISTI John Phillip and Robert Nell Miller left Friday evening for Corpus Christi to spend the summer with their father, Chet Miller.

MORE ENLISTMENTS HERE FOR THE ARMY

Nine Big Spring youths enlisted during the past week for army duty, Sgt. Troy Gibson, U. S. army recruiting officer, announced Saturday.

He listed the following young men and their assignments: Jessie G. McJunkins, Alvie A. Chapman, James O. Bailey, C. H. Forgas, John A. McAnear, Harry A. Bledsoe, Fred B. Skiles and Roy W. Keel, all in the engineers department at Camp Ord, Calif., and Harry L. Bryson, signal corps, Fort Bliss, Tex.

Sgt. Gibson invited any young men interested in army service to write or call on him at the First National Bank building. At the present time there are openings in almost every branch of the service, he said.

T & P TIDBITS

Engineer W. H. Johnson is in Sweetwater on switch engine doing a little relief work.

Dick Campbell and family passed through Big Spring enroute to Hermleigh to spend the weekend with Mrs. Campbell's parents. Incidentally, Campbell is brakeman on the T&M out of Monahans.

Jakie Bishop, engineer, motored to Fort Worth this weekend to bring home Mrs. Bishop and Jakie, Jr., who has been attending and was graduated from Pascal high school at Fort Worth.

Brakeman W. E. Rayburn has been in Marshall hospital for several days. Up to this writing he was muchly improved.

Doc Rice, who is on leave of absence, is still in California.

Eddie Watts and family are on a vacation in Kansas.

Business on the T & P. is still going good. The cantaloupe season is getting into full swing.

Jim Allen has returned home after spending several days in the Marshall hospital. Jim says he had a "few minor repairs," and is back on the job.

L. Y. Moore, local chairman for B. of R. T., resigned at the last regular meeting. L. D. Jenkins was elected at the same meeting to fill the place vacated by Moore.

D. W. Jones has bid in on the west end passenger run as brakeman.

James Tidwell will leave this weekend for Houston to visit with his sister, Mrs. W. R. Johnson. —TID

W. B. McKee, brakeman, and family have left for a vacation at Denver, Colo.

SUMMER BAND CLASSES TO START MONDAY

Summer band classes will be started Monday at the high school gymnasium, Dan Conley, band director, announced Saturday.

He will meet a class of beginners at 9 a. m. and will organize units for advanced students, he said. About 25 youngsters, most of them in the sixth grade, are in the beginners class. Conley anticipated that more than 50 students would engage in the summer session which will meet on Tuesday, Wednesday and Thursday of each week for an eight week period.

Sunday Services In The Churches

CHRISTIAN SCIENCE SERVICES

Room 1, Settles Motel "God the Only Cause and Creator" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 9.

The Golden Text is: "Ah Lord God! behold, thou has made the heaven and the earth by thy great power and stretched out arm, and there is nothing too hard for thee" (Jeremiah 32:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "That which hath been is now, and that which is to be hath already been, and God requireth that which is past" (Ecclesiastes 3:15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When we realize that life is Spirit, never in nor of matter, this understanding will expand into self-completeness, finding all in God, good, and needing no other consciousness" (page 264).

MAIN ST. CHURCH OF GOD

Cor. 10th and Main Robert E. Bowman, Minister.

All services at the usual hour Sunday. Sunday school at 9:45; morning worship at 11 o'clock, sermon by the pastor. Young People's service at 7:30, and the evening service at 8 o'clock. Wednesday night prayer meetings are interesting and helpful. The general public is cordially invited, and we especially urge those who do not attend services elsewhere to meet and worship with us. The general public is wondering which way Hitler with his hordes will strike next. He is praised by millions, and he is equally condemned by other millions. We as a nation are giving special attention at this time to defense preparations which is a wise thing to do. We must protect our great nation against all aggressors. But my friend, the devil is more heartier than Hitler, and he is striking, not just at a part of the world, but the whole world. Let us spend time, prayer, and a few millions of dollars in spiritual preparation, and we will have less Hitlers to contend with. Christian homes are the strongest defense any nation can have.

Natives Object To P. O. Mural

POTEAU, Okla., June 8 (AP)—Amateur art critics though they may be, the folks here insist, no striping can tote a 500-pound bale of cotton on his back, so they don't like the post office's new mural. Even as artist Joan Cunningham

of Rochester, N. Y., applied the last brush stroke, the Poteau folk gathered around to criticize, to maintain the figures were wooden faced, the cotton pickers too smartly dressed. "I want to go on record in favor of removing it at once," thundered O. O. Payne, a store keeper, who was among those to gather and marvel at the lad carrying a heavy cotton bale with other workers

ending a hand. Cubatone critic Ray Bulgin said Miss Cunningham apparently was a disciple of Thomas Benton "but even we hillbillies will admit Benton is pretty good—so the copyright wouldn't be so bad if it were well done."

A Boston survey showed traffic jams increase gasoline consumption 50 per cent.

Forsan Students Back From Tour Of The West

FORSAN, June 8—Twenty-one members of the senior and junior classes of the Forsan high school have returned from their annual tour—a trip which lasted 16 days and covered 3,850 miles, carrying the young people into nine states. The student tour is an annual affair made by bus at the end of each school year. This year, the juniors and seniors visited points of interest in Texas, New Mexico, Arizona, Nevada, Utah, Wyoming, Idaho, Montana and Colorado. They were accompanied by Supt. P. D. Lewis and Mrs. Lewis and daughter, Joan, Miss Lella Thomas and Miss Margaret Jackson.

Students making the trip included Mary Brown, Joy Lane, Virginia Gregory, Edna Earle Broadham, Mary Gregory, Bebe Johnson, Myra Nell Harris, Jewel Israel, Adelaide Hardgrove, Estelle Moody, Floyd Griffith, Tommy McDonald, Bill Lonsford, Fred Lonsford, Joe B. Hoard, Jimmie Johnson, Clifton Ferguson, Don Ferguson, James Gardner and Benny Asbury.

Thieves Depart Happy SPOKANE, Wash. (UP)—Thieves who robbed the Checkerboard beer parlor of \$10 and 10 cartons of cigarettes left happily. Police said they also drank 10 quarts of wine during their stay.

Going-away Party Folla Trip BEAVER CITY, Neb. (UP)—Ruth Allender, school teacher, has postponed her vacation indefinitely. At a farewell party Miss Allender fell while roller skating and broke her left leg above the ankle.

Oil Show To Be A Feature Of Convention

ODESSA, June 8—The Permian Basin oil show to be held in connection with the second annual convention of the Permian Basin association in Odessa on June 21 and 22 is becoming larger each day, said M. L. Atkinson, chairman of the exhibits and oil show.

Oil field machinery, equipment, supplies, and oil field specialties will be displayed, operated and explained in and on the outside of the new exhibits building in Ector county's new \$100,000 Floyd Gwinn park just outside the city limits of Odessa.

Major supply and equipment companies operating in the Permian Basin area are rapidly signing up for space for display purposes in the building and on the grounds surrounding the building which is located immediately north of the auditorium. All general meetings of the PBA convention will be held in the auditorium.

The Permian Basin oil show and exhibition will afford the thousands expected to attend the two-day convention the opportunity of seeing and learning of the latest methods used in all branches of the petroleum industry.

WOULD SHARE PROFIT AND LOSSES WITH FARM BORROWERS

WASHINGTON, June 8 (AP)—Secretary Wallace, reiterating his belief that agriculture needs permanent relief from "excessive" farm mortgage debts, proposed today that the multi-billion-dollar farm credit administration share its profits and losses with farmer borrowers.

The proposal was advanced before the senate banking committee at a hearing on legislation designed to reduce interest rates on government loans to authorize the credit agency to scale down "excessive" debts.

Water Carnival At Ft. Stockton To Be Colorful Affair

FORT STOCKTON, June 8—Preparations to make the fifth annual Fort Stockton water carnival the most outstanding show of its kind in the southwest were in final stages here this week, with the gala opening just a few days off.

A variety of colorful entertainment has been planned for the thousands of visitors expected for the big event. Starting with the local bathing revue on Thursday night, at which time the queen of the carnival will be chosen by popular vote, there will be something underway through Friday

and Saturday, with the finals of the Spring City golf club's invitation scheduled as the finale Sunday.

A parade with entries of every description has been set for 10 o'clock on the morning of the 14th. Features of the 1940 parade are expected to be entries in the youngsters' bicycle division, added this year for the first time, and the Reeves County Sheriff's posse from Pecos, which will ride in the parade as one of its first public appearances.

Amateur swimmers from all over the southwest are expected here for the events of Friday and Saturday afternoons. Handsome cups and medals are being offered the winners, who will also qualify to enter the state meets of the Texas

Amateur Athletic Federation. Information on this event is obtainable from M. E. Fincher, principal of the Fort Stockton high school.

EARLIER MEETING
Brotherhood of the First Baptist church will convene at 7 p. m. Monday, slightly earlier than usual. J. H. Greene, president, announced Saturday. Members of the organization were asked to observe the earlier meeting time.

HEALTHY? SURE! I'M A 'LECTROLUX BABY!

70% of ALL ILLNESS CAUSED BY WHAT YOU EAT

The SERVEL ELECTROLUX Gas Refrigerator

DRY COLD . . . MOIST COLD . . . and every modern convenience

According to U. S. Government reports, some foods require moist cold, some dry cold, for proper preservation. Servel gives both! And such a host of convenience features:

1. Special storage space, tall bottles.
2. Trigger-release on ice-cube trays; flexible guide release cubes in an instant.
3. Deep tray for ice cream or frozen desserts.
4. Dry or moist meat storage.
5. Three-position sliding shelf; easily moved up or down with a turn of the wrist, even loaded with 30 pounds.
6. Dew-action vegetable freshness.
7. Handy storage place for eggs.
8. Vegetable freshness can be stacked one above the other, when arrangement of food requires it.

Maybe you can't smell or taste the spoilage; but does that mean it's not there? A noted Eastern hospital says: "70% of ALL ILLNESS is caused by what you eat or drink!" Only below 50 degrees is your family's food safe. At 70 degrees or higher, food and milk spoil fast. And milk is most dangerous just before it tastes sour!

Your family deserves the protection of Servel Electrolux—the Gas refrigerator—Winter and Summer. NOW. Servel Electrolux is the one refrigerator which supplies steady, unvarying cold. Dry cold for some foods, damp cold for others, such as fresh vegetables. Servel Electrolux is different from all others—a different kind of refrigerator. It has no moving parts. Nothing to wear. No noise—ever. A tiny gas flame takes the place of all machinery—and operates here for as little as 2 cents per day! A small down payment puts Servel Electrolux in your home; savings pay the rest. Why not start them NOW?

- DIFFERENT FROM ALL OTHERS**
No Other Refrigerator Can Give You All These Advantages . . .
- NO MOVING PARTS—just a tiny gas flame
 - NO WEAR—no costly repairs
 - PERMANENT SILENCE—no noise, no vibration.
 - LOW OPERATING COST—from now on
 - CONSTANT, STEADY COLD
 - LONG LIFE—it literally pays for itself.

Operates on . . .

- KEROSENE (Coal-Oil)
- BOTTLED GAS
- BUTANE GAS
- NATURAL GAS

PROOF—What West Texas Owners Say of Servel Electrolux:

Do I think my Servel Electrolux is an investment? I think it is the best investment I have ever made, and I don't see how I ever got along before I purchased it. I am sure that I have already saved more than the purchase price of the refrigerator.

Food, that either had to be disposed of daily, or had deteriorated, making it unfit for use, now keeps perfectly safe until used. Of course this is due to the fact that Servel Electrolux can be depended upon to keep food safe in an unvaried temperature. Food and vegetables retain their fresh crispness and can be bought in quantities, which certainly is a saving. The operating cost is the least I know of in an automatic refrigerator. The fact that the mechanism is silent makes Electrolux "tops" with me. So I think my investment is paying big dividends when I think of the food I save, and at the same time am safeguarding the health of my family by having food perfectly preserved, by my Servel Electrolux.

Mrs. FRANK COX, Antelope, Texas.

For the past three years, I have been using a Servel Electrolux refrigerator. I am happy to say that we have had perfect service, at low cost. My Electrolux only costs me sixty to seventy cents per month and with all the food we save, we really have saved by having an Electrolux. We have never been out any repair bills and above all it is silent. I would advise anyone that is interested in a refrigerator to get a Servel Electrolux.
