Miss Joan Griffin and Mr. Martin Married Saturday In Baptist Church

MRS. GUY WESLEY MARTIN
The former Miss Joan Dell Griffin

Miss Joan Griffin, daughter of Mr. and Mrs. Jack Griffin, became the bride Saturday of Guy Wesley Martin of Del Rio in a ceremony in the First Baptist church here in Eldorado, with the Rev. Kenneth Vaughan officiating.

The bridegroom is the son of Herbert S. Martin of Robstown. Duane Branham was soloist and Mrs. John Stigler was organist.

The bride chose a formal gown with Empire silhouette designed with a bodice of Chantilly lace and skirt of slipper satin. The train was of matching slipper satin.

Miss Karen Griffin attended the

bride as maid of honor and Herbert J. Martin of Denver City was best man.

Ushers were Johnny Griffin and Sam Henderson. The reception was in the church.

The couple plan to live in Del Rio where the bride is employed by Laughlin Air Force Base and her husband is employed by the Texas Highway Department.

Mrs. Martin, a graduate of Eldorado High School, attended Angelo State College. Her husband, a graduate of Del Rio High School, is also a graduate of Sul Ross State College.

New '67 Ramblers Being Shown Today

Detroit, Mich.—A highly-advanced lineup of 1967 cars featuring extensive changes in styling, engineering and performance was introduced today by American Motors.

"These new cars represent an entirely new product position for American Motors," Thomas A. Coupe, vice president of automotive sales, said. "We have combined all-new styling with all-new engineering in our senior lines. There is major emphasis on safety in every model."

Coupe said key features for 1967 include:

—New contemporary styling for Ambassador, Marlin and newly-named Rambler Rebel models, all of which are longer and more spacious.

—Four new optional high performance V-8 engines ranging from 200 to 280 horsepower.

—Smart re-trimming of the Rambler American which maintains its compact dimensions.

—A new four-link rear suspension system for Ambassador, Marlin and Rebel models to provide a smoother ride, added stability and greater ease of handling.

—An all-new safety steering package which includes an impact-absorbing steering column and a deep-dish three-spoke steering wheel.

In addition to the new safety steering package, interiors are redesigned to minimize projections—including new safety-styled instrument panels with recessed controls and safety padding.

"Safety levels equal or exceed government specifications, making the '67 models the safest and most reliable automobiles available to the public today," Coupe said.

Standard safety features include all-welded single-unit construction, Double-Safety brake system as featured on American Motors cars since 1962, brake system warning light, retractable front seat belts, rear seat belts, four-way warning flashers, padded visors and ceiling, stronger door locks, "lane changer" position on turn signals, double pivot inside rear view mirror with day-night adjustment and provisions for shoulder-belt installation.

Long-life features are stressed in all lines, including Deep-Dip rust-proofing, ceramic-armored exhaust system, acrylic enamel finish, four-thousand-mile oil change, and 32,000-mile chassis lubrication interval.

Two and four-door sedans, two-door hardtops and convertibles, and four-door station wagons are offered in the Ambassador, Rebel and American series. The Marlin is a sporty two-door fastback with six-passenger seating.

The 89th Congress, covering two years, now drawing to a close, has given solid support to the Vietnam war effort; but has done more harm than good on the domestic front.

The 89th is known already as the welfare-inflation Congress. At the present rate of consumer price increase, today's dollar will dwindle to half its present size in 14 years.

On the debit side, this Congress did its most heroic service by blocking two bills: the attempt to repeal our right-to-work laws, and the defeat of the ill-conceived 1966 civil rights bill. Both were knocked off through the use of the filibuster—and the courage and leadership of Senator Dirksen.

Aside from excessive spending, the most inflationary single enactment this year was the expansion and increase of the minimum wage law. Texas will be hard hit by this measure.

Small businesses will suffer and many plants operating on close margins will have to close. Thousands will lose jobs, as the graduated increases take effect.

The minimum wage bill was sponsored by the administration and AFL-CIO. Its chief purpose is to protect the unionized industrial North and East against the competition of lower cost production in the South—including Texas.

In short, the 89th Congress passed too many bad bills and spent too much good money.

Note: This concludes our weekly reports until next January. Merry Christmas and Best Wishes.

Mr. and Mrs. Tom Carroll are now at Andrews, Texas, where he is managing the Deluxe Motel, part of a chain.

Kaye Harkey, who is attending Texas Tech at Lubbock, spent the week end here.

Austin, Texas.—Texas Research League unveiled its tentative recommendations for heading off "disaster" in growing urban counties following a statewide study ordered by Gov. John Connally.

Plan contains sweeping and controversial proposals to overhaul local government in 24 major and middle-sized counties. It proposes four statutory changes and two constitutional amendments. Test public hearings have been held in Austin and Dallas-Fort Worth and more discussion meetings will be

Methodist Notes

Last Sunday was Communion Sunday, and the special offering went for missions in Japan. Gerald Hartgraves and Bob Bland were ushers and Mrs. Rozean and Karen Hight were at the organ and piano.

Sunday afternoon, Rev. D. G. Salter, Charles Wimer, and B. L. Blakeway attended a meeting in Big Lake on adult education in the Sunday School, and the new literature being brought out.

Welcome visitors at the Sunday morning services were Mr. and Mrs. Albert McGinnes, former local residents who now live in Sterling City where he is West Texas Utilities manager.

A Commission Workshop was held Monday evening from 7:00 to 9:00 in First Methodist church in San Angelo, with several from here attending. Rev. Salter assisted with transportation.

The general meeting of the Womans Society of Christian Service was held Tuesday.

Hawkins Completes 8-Week Army Course

Ft. Hood, Texas, (AHTNC) — Army Private First Class John W. Hawkins, 19, son of Mr. and Mrs. John E. Hawkins, 406 E. Fields St., Eldorado, Tex., completed eight weeks of unit training Sept. 24 with the newly activated 589th Engineer Construction Battalion at Fort Hood, Texas.

Hawkins is a truck driver in the battalion's Company B.

The training program consisted of exercises in constructing roads, airfields, pipeline systems and small buildings. The 589th was activated six months ago.

set over the state.

Basically, the recommendations aim to encourage regional planning and cooperation among units of government in solving common problems and performing services on an area-wide basis and to permit big counties to adopt a modern governmental structure best suited to their needs. State aid to carry out these recommendations would be available under League suggestions.

School Menus

Monday, Oct. 10: Fried chicken and gravy, creamed potatoes, cabbage & pineapple & apple salad, stewed tomatoes, buttered rolls, milk, canned fruit.

Tuesday, Oct. 11: Baked ham, creamed carrots, English peas, tossed green salad, buttered rolls, milk, fruit cobbler.

Wed., Oct. 12: Hot dogs with chili, potato salad, stuffed celery, fresh fruit salad, milk, brownies.

Thursday, Oct. 13: Turkey pot pie, buttered rice, carrot & apple & pineapple salad, buttered rolls, milk, fruit cobbler.

Friday, Oct. 14: Turkey salad, tuna salad, French fried potatoes, congealed orange salad, buttered rolls, milk, banana pudding.

proposed to advise metropolitan areas and to police new municipal incorporations.

Probably the most controversial recommendation is a constitutional amendment to permit—on popular vote—the reorganization of governments in 24 counties, making it optional whether most county administrative officers are to be appointed or remain elective.

Counties directly concerned are Bell, Bexar, Cameron, Dallas, Ector, El Paso, Galveston, Gregg, Harris, Hidalgo, Jefferson, Lubbock, McLennan, Midland, Nueces, Potter, Orange, Smith, Tarrant, Taylor, Tom Green, Travis, Webb and Wichita.

Teacher Pay

Texas State Teachers Association has served notice it will push for a pay raise in 1967, regardless of views of the Governor's Committee on Public School Education.

TSTA blamed a 5,500-teacher shortage mainly on pay scales and renewed its plea for a "national average" wage with built-in escalator clause.

Texas Association of School Administrators joined teachers in urging an interim committee report on the need for better teaching salaries.

Stage may be set for one of the next Legislature's biggest money controversies.

Fusion Funds

The University of Texas, putting together a team of physicists and electrical engineers to work on conversion of thermonuclear fusion directly into electricity, has won a \$7,000,000 research contract from the Texas Atomic Energy Research Foundation. Previously, the contract had been held by a California firm.

Governor Connally hailed the contract's coming back to Texas as marking a big step in his drive for excellence in higher education. The University committed a dozen faculty tenure positions to attract top men in plasma physics to join the UT Center for Plasma Research and Thermonuclear Physics.

Screwworm Epidemic

Texas is in the midst of its worst screwworm infestation since the statewide eradication program was initiated in February, 1964.

Two weeks ago, there were 33 confirmed cases. But last week (just through Thursday) 108 cases were confirmed.

Federal, state and private funds are being used to fight the infestation through dropping sterile flies from airplanes and treating infested animals. "But things don't look too good," said Dr. S. B. Walker, executive director for the Texas Animal Health Commission.

Department of Mental Health and Mental Retardation has outlined priorities for \$58.3 million worth of construction projects for submission to the next Legislature.

Garden Club leaders from over the state reviewed the Governor's Mansion landscaping plans initiated by Mrs. Connally.

Texas Securities Commissioner William M. King revoked the secondary trading exemption of Westec Corporation of Houston.

Governor Connally approved Neighborhood Youth Corps projects in Cameron County and San Diego Independent School District and a Head Start project for Uvalde, Kinney and Real counties.

Austin District Judge Jack Roberts was sworn in here Monday (Oct. 3) as a U. S. District Judge for the Western District of Texas.

An election law study subcommittee has agreed that all voters should have to register, including those over 60 in cities of less than 10,000 that are now exempt.

NOW CARS

The NOW Cars. More than just "new" cars. The Now Cars are designed from scratch for today's driving by today's drivers. They are cars on top of today, from a company on top of today: The 1967 American Motors. 1967 is the year we've been planning for, pointing toward. The year we bring you cars full of today's spirit, bursting with today's ideas. Cars with more room, more power, more safety; cars more exciting than any we've ever built!

Engines for Now. Three sixes that go like eights—and four V-8s that weren't here a year ago. The most modern engines in the industry, from an acceleration champ Six to the 343 cu. in. 4-bbl. Typhoon V-8.

Innovations for Now. Convertibles that are true six-seaters. Wink lights visible from the side; rally lights that herald your approach.

A road-smoothing 4-link rear suspension—the first time ever with a single-unit body.

Safety for Now. Every 1967 American Motors car includes: long-awaited energy-absorbing steering column and deep-dish wheel; warning signal light to monitor both brake line systems; shoulder belt anchors; and the Double-Safety braking system we made standard five years before the rest of the industry. All built into solid, single-unit bodies.

Quality for Now. Our past is one of quality. Quality built in—like the Deep-Dip rustproofing and Ceramic-Armored exhaust systems pioneered by American Motors. And when quality is built in, the value stays in.

See your American Motors/Rambler Dealer today. He's the only Now Car dealer in town.

And now—this great new warranty.
In addition to 2-year or 5-year or 50,000-mile warranty on the entire automobile, American Motors Corporation warrants the engine block, head, ON THE ENGINE AND DRIVE TRAIN and internal parts, water pump, intake manifold, transmission case and internal parts (except manual clutch), torque converter, drive shaft, universal joints, rear axle, differential and rear wheel bearings of its 1967 cars to be free from defects in material or workmanship for 5 years or 50,000 miles, whichever comes first. The owner must change the engine oil and install new oil filter every six (6) months or 4,000 miles, whichever comes first, clean oil filler cap (filtered type) and carburetor air cleaner element every 4,000 miles and replace it every 24,000 miles and furnish evidence of this service to an Authorized American Motors Dealer every six (6) months and have him certify its receipt and the car's mileage. Further, American Motors Corporation so warrants the remainder of the car for 2 years or 24,000 miles, whichever comes first, except tires (warranted by tire manufacturer). Any part so defective, will be repaired or replaced, in accordance with the applicable portion of the warranty, without charge at an Authorized American Motors Dealership. Owners are responsible for deterioration, misuse and normal maintenance.
Quality built in—so the value stays in.

REBEL Now—the first Excitement Machines in the intermediate class! Cars for Now that never existed before! A 114" wheelbase. Excitement that's 197" long, 78" wide, 54" high. More people-space inside than any other cars their size. A choice of five engines, topped by a 343 cu. in. Typhoon V-8. A wide road stance and 4-link rear suspension to glue down corners, untwist curves. An SST convertible (above) that seats 3 in back comfortably. Rebel; SST hardtop and SST convertible; 770 hardtop, sedan, wagon; 550 sedans, wagon.

AMBASSADOR Now—full-size luxury cars created for today, priced for the young man who wants his luxury car right now. 118" wheelbase. Interiors now as spacious as the most expensive full-size cars. A DPL convertible with room for 3 in the rear. Choice of 5 smooth, silent engines to command. Your choice of Ambassador DPL hardtop (above) and DPL convertible; 990 hardtop, sedan, wagon; 880 sedans and wagon.

RAMBLER AMERICAN Now—Typhoon V-8 thunder comes to the low-priced economy champs. Two Typhoon V-8s; three big 6's. America's only complete line of compacts; Rogue hardtop (above), convertible; 440 sedans, hardtop, wagon; 220 sedans, wagon.

CARD OF THANKS
May we express our appreciation
to each and every one for your
comfort in our trouble. Life would
be so empty without friends.
God takes care of us, but gives
us friends to help us.
Mr. and Mrs. P. K. McIntosh *

CARD OF THANKS
We sincerely appreciate the
many kindnesses, cards and beau-
tiful flowers given to us by The
Church of Christ and our many
thoughtful friends, following our
recent sorrow. They were indeed
helpful.
The Jackie C. Heffernans
and J. R. Trenthams.

ELDORADO LODGE
No. 890 — A. F. & A. M. Stated
meeting 2nd Thursday in each
month, at 7:00 p. m. from Oct.
1 to April 1, and at 8:00 from
April 1 to October 1. Visiting
brethren welcome.

**Post Office Starting
Zip Code Drive**

Residents in Eldorado will be
offered an opportunity to ZIP Code
their mailing lists during October.
Postmaster Bernard Carr announce-
ed today.
All box holders and rural route
patrons will receive "no postage
needed" cards beginning October
10, the postmaster said. The cards
will have blanks for addresses used
most often, but for which individ-
uals do not know the proper ZIP
Codes.
The project will be a feature of
"ZIP Code Week", to be celebrat-
ed locally October 10 through 15.
Throughout the nation 95,000,000
of the cards will be delivered. In
cities with more than one ZIP
Code, there will be two cards for
each household; one for local ad-
dresses, the other card for out-of-
town.
In rural areas and cities with
one ZIP Code assigned, only an
out-of-town card will be delivered
since all local addresses will have
the same ZIP Code.
"This is a good time to get the
ZIP Codes missing from your lists,"
Postmaster Carr noted. "This
Christmas, ZIP Code will be as
important as shopping and mail-
ing early for the efficient and on-
time delivery of the record-break-
ing avalanche of mail expected in
the pre-holiday weeks."
After filling in the street num-
ber, city and state, the cards are
to be mailed back to the postmas-
ter. Post Office personnel will add
the proper ZIP Codes and return
the cards to the sender.
Only addresses, not names of
correspondents, should be listed on
the cards, the postmaster said. The
ZIP Codes represent delivery areas
for the postal service, not individ-
uals.

F. H. A. Met Monday
The Eldorado High School chap-
ter of the Future Homemakers of
America met Monday evening, Sep-
tember 26, to install all new offi-
cers. Miss Owens greeted the mem-
bers and guests, and each officer
portrayed her duties. Martha Page,
the president, outlined the pro-
gram for the year, and the meet-
ing was adjourned.
A large number of mothers were
present and were served punch
and cookies. Hostesses were Patty
Johnson, June Deaton, Rosa Rodri-
quez, Patsy Robledo, and Dorothy
Roden.

**1966 STATE FAIR FASHION SHOWS
DISPLAY MINI-SPLENDORED LOOK**

Tedda Togs' silver lame military suit, combining a modified
mini-skirt and shoulder epaulets, will fit right in with the
theme of the daily free fashion shows in the Women's Depart-
ment at the 1966 State Fair of Texas Oct. 8-23 in Dallas. At
the right, Lorch's three-piece "vested" interest alskine cos-
tume done in milk and honey tones also fits the theme—"Young
Is a Feeling." The military cap is in a celery shade with a deep
honey band, by Asbury Millinery Co.

Liquid Diet Foods Go Gourmet!

Dieting is never easy, but with calorie-trimmed liquid diet foods in a
marvelous choice of flavors, at least it isn't boring! A few years ago,
who would have thought that you could get Sego in 20 flavors? Today
you can.
The four latest flavors are enough to suit the most discriminating
gourmet. They are Coffee Royale, English Toffee, Cherry Brandy and
deep, dark Dutch Chocolate. And, if that's not enough to please your
palate, try these delightful variations. One's frozen and "parfaited"
with diet fruit cocktail. The other is fized with diet cola.

- CHERRY BRANDY PARFAIT**
10-oz. can Cherry Brandy SEGO
1/2 cup artificially sweetened fruit cocktail, drained
Freeze SEGO in ice tray until almost firm in center. Put into
blender and blend to frappe. Alternate layers of fruit cocktail and
frappe in parfait glass. (275 calories)
- TOFFEE FIZZ**
10-oz. can English Toffee SEGO, chilled
1/2 bottle (5 oz.) diet cola, chilled
Freeze SEGO in ice tray until almost firm in center. Put into blender
and blend to frappe. Pour in diet cola. (226 calories)

SOIL CONVERSATION
"No, It Wasn't the H-Bomb, Just the Result of Soil Erosion"

Young crows tell tall tales, but this is one tale that needs telling time and
again. We need real action to defeat our terrible resource problems of in-
creasing floods and droughts combined with too many persisting bare gullies.
See your local soil conservation district today.

"YOUNG IS A FEELING!" FASHION SHOWS SET FOR 1966 STATE FAIR OF TEXAS IN DALLAS

Exposition of Young America will be theme of the 1966 State Fair of Texas Oct. 8-23 in Dallas, with "Young Is A Feeling!" carrying out the idea in the popular free fashion shows daily in the Women's Department. Left, Phil-Mode's Sir James Coats foretell a bright fashion future in a petit version of the fur-collared plaid for busy juniors. Center, Justin McCarty does a mandarin collared knit in flashing shades of rust and olive. The brilliant rust is used again in the tall cloche by Asbury Millinery Co., and a real emerald centers the pin from Zales. At right, Donovan-Galvani's pale lettuce knit is done with a slim skirt and diagonal swirls across the overblouse bodice. The Carnaby cap is a paisley print in lettuce, ice blue and violine.

Screwworm Eradication Program In Jeopardy

The largest number of confirmed screwworm cases reported in Texas in any given week since the last week in November, 1963, is the problem that faces the screwworm eradication program.

The screwworm eradication personnel are doing their best to keep "hot spotting" these confirmed case areas. All the flies used in this "hot spotting" must be taken away from routine fly drop operations in Old Mexico.

Some 32 counties are involved. Schleicher county is one of the counties. The first case since 1963 was discovered on the Henry Moore Ranch on Thursday, September 22nd. Since then cases have been reported by Henry Speck Jr., Figure 3 Ranch, and Paul Page ranch.

Mounting infestations throughout this area is attributed primar-

ily to wet, cool, weather. This environment condition prolongs the life of both male and female flies, thus increasing the chances for sterile matings and for host selection.

The thing that is needed most at this time is for all producers to be aware of this situation and cooperate in looking for possible screwworm cases, collecting specimens, and sending to the Mission laboratory for positive identification. It is only through this type of program that those in charge of the program can determine the extent of the problem whereby they will be in a better position to cope with it.

Practice increased vigilance in inspecting livestock for possible screwworm cases.

Vials for sending in the specimens may be obtained from the Eldorado Feed Company, the Eldorado Wool Company, or see Mrs. Helen Carlman in the county judge's office.

The areas of Henry Speck Jr. and Henry Moore have been flown and 100,000 sterile flies within a 10-mile radius of each spot marked

Back From Visit

Mrs. O. L. Woodward has returned from a week's visit in Sabinal where she visited her daughter and family, the Billie Wright Taylors. Her activities while there included a fishing trip where she caught eight catfish totaling 25 lbs. The largest three weighed 5 to 6 lbs. each. She also toured some nearby vegetable farms where she saw, among other things, cucumbers being harvested by the thousands of bushels. On Thursday night she accompanied the Taylor family to Brackettville where she witnessed the Jr. High football game between the Sabinal and Brackettville teams. Her grandson, Frank Taylor, plays defensive tackle for the Sabinal team.

She also spent a day visiting Southwest Texas College where her grandson, Keith Nolen, is a student majoring in mathematics. Keith is a '66 grad of Sonora High School.

The Taylor family recently moved to Sabinal from Sonora where Mr. Taylor is engaged in water well drilling, having formed his own drilling company.

Mrs. Sofge Honored With Recent Gift Tea

Mrs. George Sofge was honored with a gift tea Saturday, Oct. 1st, from 4:00 until 5:30 p.m. in the home of Mr. and Mrs. Edwin Martin Jackson, Jr.

The bride and her mother-in-law, Mrs. Cramer Sofge, were in the receiving line.

Miss Joan Doyle registered the guests, and about 30 registered during the afternoon.

Mrs. Myrl Sudduth served decorated cake squares, and Miss Kathy Doyle and Sherwin Jackson poured punch.
