

Justice Dept. Most Dilatory In Few Cases

By HARRY P. SNYDER WASHINGTON, Aug. 29 (AP)—House investigators today charged that the Justice Department has been "most dilatory" in some prosecutions and cited a Detroit war fraud case as "a typical example."

time as direct time for his employees in performing under certain government contracts. In addition to the indictment, Collier said a civil suit was filed by the government seeking recovery of \$38,000.

U.S. Assured Of Drought By Gov. Shivers

AUSTIN, Aug. 29 (AP)—Gov. Allan Shivers today assured the federal government there's a drought in Texas.

The assurance was wired Raymond M. Foley, administrator of the Housing and Home Finance Agency. It followed the governor's earlier request to President Truman that Texas be declared a drought disaster area.

Junior Rodeo Offers An Exciting Evening

West Texas rodeo fans got their money's worth of excitement and entertainment with the performance turned in by Goat Mayo's bulls, broncs and bulldozing steers at the first performance of the three-night 4-H Club Junior World's Champion Rodeo here last night.

Tax Boost Decision Is Due Tuesday

City commissioners will decide at the regular meeting next Tuesday whether to hike the city tax rate or seek some other source for additional general fund revenue.

Collier said the documents will show: 1. The government asked dismissal of the indictment against Miller in October, 1950—six years after it was returned—because it had become "enfeebled with age";

5. Inferences can be drawn that special consideration was given to defense attorneys even to the extent of supplying them with an FBI investigation report on the case; 6. The defendant, at one point, offered to settle the case and actually deposited \$7,500 with the department; the deposit was returned and he paid nothing on the \$36,000 claim;

Malan Loses In S. Africa

JOHANNESBURG, South Africa, Aug. 29 (AP)—The South African Supreme Court, the nation's third highest tribunal, today ruled Prime Minister Daniel Malan's over-all parliamentary high court unconstitutional.

Quirino Takes Over

MANILA, Aug. 29 (AP)—President Elpidio Quirino today took personal control of the government's campaign against swarms of locusts striking crops in the southern Philippines. A spokesman said the president was "greatly dissatisfied with the manner in which the anti-locust campaign has been conducted."

Replaces Valerian A. Zerlin (above), who engineered the Red Caschiovak coup in 1948, is replacing Jacob A. Malik as Russia's chief delegate to the United Nations, officials of the organization said. (AP Wirephoto).

Some County Areas Receive .4 Inch Of Rain

Hop-skippping showers brought small amounts of moisture to limited sections of the Big Spring area Thursday afternoon, while other regions failed to get enough to register on gauges. However, a shower did hit two Big Spring gauges, and for once the U. S. Weather Bureau west of town and the U. S. Experiment Farm to the north recorded identical readings—4 of an inch.

Negro Solon Ready To Back Stevenson 'To The Limit'

By RELMAN MORIN NEW YORK, Aug. 29 (AP)—Rep. Adam Clayton Powell, Negro congressman who once said he expected Negroes to boycott the Democratic national ticket, said today after conferring with Gov. Adlai Stevenson that "we are now ready to back him to the limit."

McCarthy Is Branded 'Cowardly Patriot'

BALTIMORE (AP)—Millard E. Tydings, former Democratic senator, last night branded Sen. McCarthy (R-Wis) as a "cowardly patriot" and said he may go to Wisconsin to "expose the senator."

It was the latest salvo in the long-standing feud between the Marylander and the Republican senator. Tydings has challenged McCarthy to prove his charges that Communists were working in the State Department and renewed his offer of \$25,000 reward to McCarthy if he can bring such evidence before a U. S. grand jury.

Earlier yesterday McCarthy turned down an offer to debate with Tydings on the same platform in Wisconsin.

"I wouldn't care to waste time debating with the dead," McCarthy was quoted.

Tydings said he had read in the papers that McCarthy had invited

him to come to Wisconsin so the people there could look him over. When he learned that McCarthy turned down the offer to debate, he retorted:

Tydings retorted: "Think of a man who one day invites me to come into his state, and when I accept and want to meet him there face to face he scurries like a scared rabbit."

"Now you've got the true picture of McCarthy, the spurious 'fighting Marine' who never fought, the cowardly patriot who won't defend his public statement."

"McCarthy now stands before the people of his state and the people of the nation for exactly what he is—a cringing, hit-run, despicable political and moral coward . . ."

McCarthy is running for re-election this year.

McCarthy was quoted in the initial stages of his communism-in-government charges as saying there were 205 Communists and 57 card-carrying Communists in the State Department.

Tydings has offered the senator \$25,000 if he can produce such evidence before a grand jury.

The Tydings-McCarthy duel goes back to the 1950 Maryland senatorial election. McCarthy campaigned actively for Republican John Marshall Butler, who defeated the veteran Tydings.

Cashmore Due To Face Ives In Senate Test

NEW YORK (AP)—John Cashmore, borough president of Brooklyn, is the Democratic nominee for U. S. senator from New York.

He will oppose Republican Sen. Irving Ives at the Nov. 4 election.

Cashmore was named last night on the first ballot after a floor contest at the Democratic State Convention. Ives was nominated by the GOP Tuesday. New York's other senator is Herbert H. Lehman, elected on the Democratic and Liberal party tickets.

It was not known today whether Cashmore will win the nomination of the Liberal party which is organized only in New York State and which could hold the balance of power in a close race between the Democrats and Republicans.

The Liberal party State Committee last night nominated the Democratic national ticket of Gov. Adlai Stevenson and Sen. John J. Sparkman.

The left-wing American Labor party last night nominated Corliss Lamont, son of the late financier Thomas W. Lamont, for U. S. senator.

The ALP, the New York State arm of the Progressive party, also nominated the Progressive national ticket—Vincent Hallinan, San Francisco lawyer, for President, and Mrs. Charlotta Bass, New York Negro and former Negro newspaper publisher, for vice president.

BLANKET SUPPORT Sparkman Defends Platform Of Dems

MENDENHALL, Miss. (AP)—Sen. John Sparkman of Alabama opened his vice presidential campaign here last night with a stout blanket defense of the Democratic platform.

Most of Sparkman's speech was devoted to "what the Democratic party has done for the people of this nation." He sidestepped the question of civil rights before his Mississippi audience.

The Alabama senator's blanket defense of the Democratic platform was the nearest he came to the subject.

The party platform that has caused strife among many Southern Democrats contains a proposed Fair Employment Practice Commission, anti-lynch and anti-poll tax planks.

"I realize there may be things in the Democratic platform that all of us cannot agree upon," he told an audience estimated at between 3,000 and 5,000 in the Mendenhall High School football stadium.

"But remember that this party of ours is made up of free people from all walks of life with many divergent beliefs."

Sparkman recently was called "a traitor to the South" for his support of the platform. His critics, dissatisfied Mississippi Democrats, formed a Democrats-for-Eisenhower movement and bolted the regular party.

Sparkman devoted most of his

speech to "what the Democratic party has done for the people of this nation." But he took the time for a few swings at the Republicans.

"About the only issue the Republicans can raise is their cry that it's time for a change," he said.

"But you people can ask them—you will ask them—a change from what to what?"

The senator then listed benefits he said the Democratic party has given the country.

Sparkman also defended the United Nations in Korea.

"Gen. Douglas MacArthur and even Gen. Eisenhower, who certainly could not be considered supporters of our party, have said

that we could not have upheld our honor and stayed out of Korea," he asserted.

"Despite gloomy reports you hear, our foreign policy is making progress," declared the Alabama senator.

He called it a bi-partisan policy and named Dwight Eisenhower, the GOP presidential nominee, as one of many Republicans who have contributed to it.

Lodge Hits Adlai Filibuster View

By JAMES DEVLIN
NEW YORK, Aug. 29 (AP)—Sen. Henry Cabot Lodge Jr. today denounced as a "pious, insincere piece of double talk" Gov. Adlai E. Stevenson's statement last night against congressional filibusters.

The Massachusetts senator, who was chairman of General Dwight D. Eisenhower's presidential campaign advisory committee, said the Democrats had controlled the Senate for four years and had

"done nothing about it." Stevenson said yesterday that if elected President he would use whatever influence he might have to get the Senate to change its rules under which filibusters have killed civil rights legislation.

Lodge told a news conference at Eisenhower's headquarters that he had said last night in a speech that he was proud to have Senator John A. Sparkman of Alabama as a running mate and only hoped that he could keep up with him.

Declaring Sparkman expressed strong opposition to a civil rights program in Mobile, Ala., speech April 17, 1950, Lodge said Stevenson "can keep up with him all right if that's as far as he's going on civil rights."

Lodge, holding the news conference after breakfasting with Eisenhower, said the general had expressed himself very strongly in favor of curbing filibusters.

"He is for every measure that will promote civil rights without

defeating its own purpose," Lodge said.

Lodge noted that if he won his own campaign for re-election in Massachusetts and that if the Republicans obtained a majority in the Senate, he would become chairman of the Senate Rules Committee.

"I will fight filibusters as long as it takes to end filibusters," Lodge said. "It never has been done and I am the boy who wants to do it."

He said he would call hearings in January to get a change in the rules to eliminate filibusters and expressed confidence that such a proposal could be placed on the Senate calendar within a month after the hearings began.

Meanwhile, Eisenhower closed himself with his staff to work on speeches which an aide hinted would produce the "fireworks" his supporters have demanded. He was expected to spend these next three days concentrating on speeches he will deliver on a Southern trip starting Tuesday.

This attention x 3rd graf ta 19 This attention on what to say and how to say it followed complaints from some of his most ardent admirers that his campaigning so far had been too soft.

A stream of callers at his headquarters yesterday told newspaper

the general was pacing his White House bid ably, building it up gradually to reach a peak just before election rather than firing his heavy ammunition now.

But with his Democratic rival, Gov. Adlai E. Stevenson of Illinois, throwing increasingly sharp barbs in the general's direction, James Hagerly, Eisenhower's press secretary, told reporters the GOP candidate might explode some fireworks on his Southern swing.

Previously, he had not been slated to start his oratorical slugging until his Sept. 4 Philadelphia speech, at the earliest.

The general, as he embarked on his literary task, was buoyed by word that he could expect a heavy share of votes from millions of Americans of Polish descent.

Five leaders of Polish organizations conferred with him yesterday at his Hotel Commodore headquarters and later told newsmen they had informed him they could not support the Democratic party.

"At Yalta, President Roosevelt sold Poland down the river the same as he did China," said Frank Wazeter, president of the New York Division of the six-million-member Polish-American Congress.

"Our people can't feel sympathetic to a party that made those things possible," Wazeter said.

Wazeter said the leaders who visited Eisenhower spoke as individuals, but they believed they echoed a sentiment of Polish-Americans generally that the Democratic party "betrayed Poland."

The spokesman said Charles Rosmarck of Chicago, national president of the Congress, supported President Roosevelt in 1944, but that he backed Gov. Thomas E. Dewey, the Republican candidate, in 1948, and that he was in the Eisenhower camp this year.

Peter Volles, editor of New York's Polish-language Nowi Swiat said Eisenhower repeated to the delegation the substance of his American Legion speech in which the general called for eventual freedom for Soviet satellite countries.

Spyrus Skouras, president of 20th Century-Fox Film Corp., visited Eisenhower and said, "I came to give encouragement because some people try to criticize the life out of him."

Mrs. Charles Wels Jr. of Rochester, N.Y., hostess at a luncheon for 50 women Republican leaders

Big Spring (Texas) Herald, Fri., Aug. 29, 1952

from 11 Eastern states, said it would be a mistake to bring the campaign to a high pitch now and attempt to keep it at that level for two months.

"It is much better," she said, "to start slowly and work up to a crescendo as election day nears."

Have filled your prescriptions prescriptions since 1919

Baruch, Stevenson Chat, But No Politics Discussed

By RELMAN MORIN
NEW YORK, Aug. 29 (AP)—Gov. Adlai Stevenson conferred today with Elder Statesman Bernard Baruch who is currently out of favor with the Truman administration.

Emerging from Baruch's home after a breakfast conference lasting one hour and ten minutes, the Democratic presidential candidate told newsmen:

"There was no discussion of politics at all. We talked mainly about inflation and some other economic matters. It was a good breakfast and a very interesting talk."

Asked whether he and Baruch agreed on the matters discussed, Stevenson smiled and replied: "We didn't argue."

Baruch, a financier who became a weighty unofficial adviser to the late President Roosevelt, has not yet stated whether he favors Stevenson or his Republican opponent, Gen. Dwight D. Eisenhower.

Stevenson ends his first campaign invasion of the East today after throwing a series of challenges at the Republicans, particularly on the issue of civil rights.

He plans to return to his office in Springfield, Ill., this afternoon.

This ends the first skirmish between Stevenson and his Republican opponent for the presidency, Gen. Dwight D. Eisenhower. Next week, Stevenson heads westward while Eisenhower makes a cam-

aign swing through the South. Stevenson—possibly with an eye on Eisenhower's first trip—emphasized civil rights and the allied issue of the Senate filibuster in his last New York speeches.

This is what he said: "The federal government has a direct responsibility to maintain progress by helping to secure equal rights for all our people. . . . I have been impressed by the recent bill reported by Sen. Humphrey on behalf of the Senate Labor Committee."

This bill sets up anti-discrimination standards on employment in the individual states—with provision for the federal government to step in if an individual state does not act.

On the question of the filibuster, Stevenson said: "The precise nature of the changes that should be made in the present rules of Congress is, of course, a problem for the Congress itself. . . . As President, I could not make the decision, but I could and would use whatever influence I may have to encourage the Congress to shake off its shackles."

He pin-pointed his position with the words: "In these perious times, we cannot risk submerging our national purposes in a sea of interminable conversation."

And Stevenson had some other words about the South. In a description of his vice-presidential running mate, Sen. John Sparkman of Alabama, the governor said: "He is a leading representative of the new liberalism which is changing the face and the folkways of the South."

Then, in a long discussion of equal rights, he praised the progress made in the Southern states, declaring: "Just as it is chastening to realize our own failures and shortcomings in the North, so is it both just and hopeful to recognize and admit the great progress in the South. Things are taking place in the South today that would have seemed impossible only a few years ago."

Stevenson also took a crack at Eisenhower's running-mate, Sen. Richard Nixon of California, for

his vote on the labor bill proposed by Democratic Sen. Hubert Humphrey of Minnesota and Sen. Herbert H. Lehman of New York: "Only three members opposed it, one of whom was Sen. Richard Nixon."

Stevenson received the endorsement of the Liberal party of New York State last night. A party spokesman said a half million votes will go with the endorsement.

defeating its own purpose," Lodge said.

Lodge noted that if he won his own campaign for re-election in Massachusetts and that if the Republicans obtained a majority in the Senate, he would become chairman of the Senate Rules Committee.

"I will fight filibusters as long as it takes to end filibusters," Lodge said. "It never has been done and I am the boy who wants to do it."

He said he would call hearings in January to get a change in the rules to eliminate filibusters and expressed confidence that such a proposal could be placed on the Senate calendar within a month after the hearings began.

Meanwhile, Eisenhower closed himself with his staff to work on speeches which an aide hinted would produce the "fireworks" his supporters have demanded. He was expected to spend these next three days concentrating on speeches he will deliver on a Southern trip starting Tuesday.

A stream of callers at his headquarters yesterday told newspaper

PAKIFIC, Mo. (AP)—Police, convinced they have a cordon around William Merle Martin, 42, one of the FBI's 10 most-wanted fugitives, adopted a starve-him-out attitude today.

"We can't possibly get enough men to comb those woods thoroughly," Capt. Lewis Howard of the Missouri Highway Patrol said.

"Our men could go within three feet of him in some sections and not know it. We'll just have to wait until he gets hungry enough to make a break."

A driver of a car, stolen in Birmingham, Ala., several days ago, fled into a rugged section of Western St. Louis County, about 40 miles west of St. Louis after highway troopers forced the vehicle into a ditch.

They said the man, believed answered Martin's description.

Around dusk last night two armed farmers, part of a large group of civilians who have joined county, state and federal authorities in the area, saw a man who appeared to be Martin walk from the woods.

The man spotted them and fled. They fired shotguns but apparently didn't hit him.

Martin, who began a crime career in 1929, got on the FBI list after the slaying of Deputy Sheriff Willard Carver near Olathe, Kan., June 23.

Try To Starve Out One Of 10 Top Fugitives

Modern Version Of Mail Train Theft Doesn't Work Out

SAN BERNARDINO, Calif. (AP)—A 20th century version of an old West mail train robbery was enacted yesterday in Little Horse Thief Canyon.

A posse of 50 sheriff's deputies grimly set out after two men seen tossing mail sacks off a train. Equipped with walkie-talkie radios, the posse was directed by a plane overhead. Two deputies rode a railroad hand car up and down the Santa Fe tracks.

When the law flushed his quarry, the two unarmed men offered no resistance. Booked on suspicion of mail theft were W. H. Cox, 53, of Houston, Tex., and Charles May, 46, of Salt Lake City.

Their lot: three mail sacks containing \$300 worth of clothing and other parcels.

Polio Case Total Is 68 Per Cent Higher

NEW YORK (AP)—The National Foundation for Infantile Paralysis said yesterday that this year's total of polio cases is 68 per cent higher than last year's total over the same period.

So far in 1952, the foundation said, 19,980 persons have been stricken in the U. S. It said the total for the period in 1949, when the country suffered its worst polio epidemic, was 20,526. In 1951, it was 11,896.

President Won't Reveal Where He'll Make His Whistle Stops

By ERNEST B. VACCARO
 WASHINGTON (AP) — President Truman looked over the ammunition today for his first "whistle-stop" tour for the Stevenson-Sparkman ticket.
 The outgoing President and his White House staff brushed aside queries as to how many speeches he will make on his Labor Day tour to Milwaukee, but one veteran aide told a reporter:
 "Any stop where they show us a crowd at a respectable hour, we'll show them the President on the back platform."
 Truman was asked at a news conference yesterday if he would name the targets of his give-embell talks to and from Milwaukee, Monday and Tuesday. He said the newsmen would have to find out as he went along.
 His special train leaves Washington late Sunday night for Milwaukee where he will make a major speech at a Labor Day rally at 9:30 p. m. EST Monday. He will return to Washington Tuesday night.
 Westbound, the trip will take Truman through Pittsburgh, Crestline, Ohio, Ft. Wayne, Ind., and Chicago. Returning, the special train will be routed through Cincinnati, Ohio, Parkersburg, Clarksburg and Keyser, W. Va.
 While the President was non-committal on most political questions, he spoke up sharply when reporters asked him about a demand by the American Legion that

he oust Dean Acheson as secretary of state.
 Truman said the legion's resolution was got up by young boys and passed by a silent vote.
 He did not explain what he meant by silent vote but, in New York, Rogers Kelley of Edinburg, Tex., chairman of the legion's Foreign Relations Committee which presented the oust-Acheson resolution, challenged Truman's "young boys" statement.
 Kelley said all but two of the 33 committee members were 40 or older.
 Then, the outgoing commander, Donald R. Wilson, said in his retiring address:
 "I am advised that there are persons who say this convention was conducted by a group of children. I would remind any such person . . . that, if we are children, we are children of God, and children who fought for this country."
 Truman, at his news conference, said that if the Legionnaires had the responsibility for naming the best man in the United States for the job they would not have passed the resolution because that man is Dean Acheson.
 Truman said any further answer

to the legion's demand would be unprintable. Thus, the President again made it clear he intends to keep Acheson on the job as long as he is President.
 Truman said Gov. Adlai Stevenson's support of his own stand on the submerged offshore oil issue would not cost this year's Democratic presidential nominee the votes of Texas any more than it did in his own case in 1948.
 A great many people in Texas and the other coastal oil states, he went on, don't own oil wells and are not millionaires, and they vote Democratic.
 Congressmen from Texas, Louisiana and California long have fought for state ownership of the oil reserves off their shores, while Truman insists they belong to the federal government.
 All this moved Rep. Charles A. Halleck of Indiana, co-chairman of the Republican Speakers Bureau, to get out a statement saying:
 "President Truman's press conference statement today about tidelands oil, and the disclosure this week by Stephen A. Mitchell, Democratic national chairman, that he would see Mr. Truman weekly for item by item advice on campaign problems, leave no doubt that the Democratic nominee is merely a puppet—an Ivy League Truman, with a Jake Arvey halo over his head."

Legion Names Californian As New Commander

NEW YORK (AP)—Lewis Ketcham Gough, newly elected national commander of the American Legion, urges national security military training legislation to keep the nation in a state of preparedness.
 The 44-year-old Gough, a World War II veteran now living in Pasadena, Calif., was elected yesterday as head of the legion in the closing session of its 34th annual convention.
 Gough, who served in the Navy with the rank of commander, overwhelmingly defeated his only rival, Walter E. Alessandrini, 36, of Philadelphia.
 Gough is an inheritance tax appraiser employed by the state of California. His legion office pays \$15,000 annually. Election is for the ensuing year.
 At ceremonies in Madison Square Garden, Gough had the red cap of legion commander placed on his head by his predecessor, Donald R. Wilson of Clarksburg, W. Va.
 In his acceptance address, Gough urged "intelligence, firmness and courage" in combatting communism, and pleaded for a decisive military program for the nation's youth.
 "For 34 years the legion has had the answer," he said. "A national security training that is universal, economical, effective and safeguarded by civilian control."
 "As your commander, I shall ask for your all-out effort for (such) legislation. . . ."

SMU Degrees Due

DALLAS, Aug. 29 (AP)—Degrees will be conferred on 307 students tonight at Southern Methodist University's 37th annual convocation.

Texas To Lose \$13 Million In AF Building

WASHINGTON, Aug. 29 (AP)—Texas military installations will lose almost 13 million dollars in planned construction under a change announced yesterday by the Air Force.

The Air Force told the government operations subcommittee of the House Committee on Expenditures in the Executive Departments that it was reducing its dormitory construction program in the continental United States by 43,749 spaces. The estimated loss to Texas bases will be \$12,946,000.

Last June the subcommittee told the Air Force that about 30 per cent of the planned construction of airman's housing was not needed. The group said the Air Force was underestimating the number of rental units available for airman and their families in communities

near Air Force installations. The committee said the construction program would be reduced by the amounts shown, at the following points: Bryan Air Force Base, \$200,000; Carswell Air Force Base, Fort Worth, \$3,000,000; James Connally Air Force Base, Waco, \$1,600,000; Foster Air Force Base, Victoria, \$536,000; Harlingen Air Force Base, \$2,010,000; Laredo Air Force Base, \$800,000; Laughlin Air Force Base, Del Rio, \$200,000; Reese Air Force Base, Lubbock, \$1,400,000; Tye Air Force Base, Abilene, \$3,200,000.

Dallas Firm Awarded Del Rio AFB Pact

GALVESTON, Aug. 29 (AP)—Ransdell Construction Co., Dallas, has been awarded a \$12,802 contract for construction of refueling and storage facilities at Laughlin Air Force Base, Del Rio.

The Corps of Engineers also announced here that Steinberg & Son, Dallas, was awarded a \$42,580 contract for construction of training squadron headquarters buildings at Laughlin AFB.

BY MAINE FLIERS

Dallas Is 'Defended' Against Air Attacks

DALLAS, Aug. 29 (AP)—Spectacular day and night interception of mock enemy planes trying to reach Dallas has been demonstrated here for almost a week, Maj. William Sparkman Jr. said today.

Sparkman is commanding officer of a Marine Corps radar squadron directing interception of the "enemy" planes in Marine Corps maneuvers here. He said the night interceptions are the first such problems ever flown by Marine Corps Reservists.

Planes normally used for night "intercept work," Sparkman explained, are equipped with radar gear to warn the pilot when his craft is approached by another plane.

"But the pilots of the fighter planes being used for the night problems here," Sparkman said,

"are relying on the accuracy of ground radar equipment and skill of the personnel to prevent collisions."

Sparkman said because of the danger involved, Maj. William E. Crowe, commanding officer of the Marine Air Detachment at Dallas Naval Air Station, restricted the night flying to volunteers.

Sparkman said his squadron is also working as a unit in the radar warning network covering this section of the United States. He is an instructor at East Texas State Teachers College in civilian life.

Fighter planes from two squadrons of Marine Reservists here are scheduled to leave for New Orleans, La., Sunday where they will support ground aggressor forces out of Camp Polk, La., in demonstrations of Marine Corps-developed artillery practices, Sparkman said.

He said most of the officers and enlisted men of the three Marine Reserve squadrons here are Korean veterans who were called to active duty with the Marine Corps in 1950 and were released as late as June 1952.

He said problems carried out on the maneuvers are as near as possible the same as used in combat in Korea.

Mongolia Chief Takes Part In Moscow Talks

MOSCOW (AP)—The Premier of the Soviet-Allied Mongolian People's Republic arrived in Moscow last night from his Central Asian capital of Ulan Bator to take part in the current Russia-Red China talks.

The Mongolian chief, Tse Den Bal, was welcomed at the airport by Soviet Deputy Premier Anastas Mikoyan and Foreign Minister Andrei Y. Vishinsky.

Although the Mongolian premier gave no hint as to why he had come to Moscow, it was obvious his trip was in connection with the important Soviet-Chinese talks.

In a speech at the airport Tse Den Bal stressed his country's loyalty and gratitude to the Soviet Union and its "ever-strengthening friendly relations" with Communist China.

Western observers believe the current Moscow talks aim at setting up a Soviet-Chinese master plan for the future of Asia. Mongolia's possible role in the theme is obscure.

The Mongolian People's Republic—also known as Outer Mongolia—is considered a Soviet satellite but was once a dependency of the Chinese empire.

Racketeer Pays \$100,000 As Tax Settlement To U.S.

WASHINGTON (AP)—The government, peeling the "secrecy" label from compromise tax settlement cases, says it accepted \$100,000

from Jack "Greasy Thumb" Guzik as full payment for \$900,000 it had claimed he owed in taxes and penalties.

Dublin Papers Due To Resume Publishing

DUBLIN, Ireland (AP)—Dublin's seven newspapers are expected to resume publication tomorrow after a seven-week shutdown resulting from a strike by 5,000 workers for higher wages.

A settlement ending the city-wide strike was reached yesterday. Union leaders accepted a Labor Court's recommendation for weekly increases of 16 shillings (\$2.28) for skilled workers, 12 shillings and one penny (86 cents) for transport workers and three shillings and sixpence (50 cents) for women printers.

Dallas County Fires Engineer In Dispute

DALLAS, Aug. 29 (AP)—Dallas County Engineer John E. Gragg was fired yesterday following disagreement over a project in the county's \$22,500,000 road-bond program.

By a 3-2 vote, county commissioners voted to relieve Gragg of his \$10,500-a-year job effective immediately. R. H. Clinger, Gragg's first assistant, was named to succeed Gragg temporarily.

Convicted Swindler Faces Suit For Loan Repayment

DALLAS, Aug. 29 (AP)—The convicted swindler who recently took a wealthy Dallas oil widow for his sixth wife faced a suit for \$35,286.78 today.

Plaintiff in the suit, filed here yesterday against Victor Emanuel

Perreira, was Mrs. Gertrude Joyce of Roswell, N. M.

The petition said Perreira had never repaid any of a \$35,286.78 loan from the prosperous middle-aged widow made to him soon after his marriage to Mrs. Joyce.

The suit was filed a few hours after Perreira testified at a deposition hearing in another lawsuit brought against him by Mrs. Joyce.

Salt Water Is Threat To Rice

HOUSTON, Aug. 29 (AP)—Labor crews rushed work on a temporary dam across the Trinity River today in an effort to keep salt water from ruining a 10-million-dollar rice crop.

The dam was started yesterday upstream from the Moss Bluff plant of Texas Gulf Sulphur Company. Salt water intrusion was discovered in the canals feeding 75,000 acres of the Liberty and Chambers County rice crop.

Guy C. Jackson, one of the larger producers and also a canal operator, said the dam should be completed sometime tomorrow afternoon.

He said the salt water intrusion was caused by the extreme low stage of the river, aggravated by persistent moderate to fresh northerly winds.

However, even if the dam keeps the salt water from the crop, there is danger of a water shortage. Jackson said most of the 75,000 acres would need water for the next 45 to 60 days and unless there are heavy rains up river, the water supply will be very scarce.

The money involved in the two suits was basis for the federal government's recent criminal action against Perreira and his friend, Eugene Hale Brading, who also has been living in Dallas.

At the trial in El Paso earlier this year, Mrs. Joyce testified Perreira induced her to lend him the money because his own assets were tied up temporarily. She said she gave him a check for \$35,286.78 only to get a letter from him the following day that he had lost the money gambling and could not face her.

Perreira and Brading were given 12-year sentences in the trial and are free on \$15,000 bonds pending outcome of appeals.

Divorced by Mrs. Joyce, Perreira recently married Mrs. D. A. Little of Dallas, widow of the former president of Magnolia Petroleum Co. FBI reports on Perreira list Mrs. Joyce as his fifth wife, making Mrs. Little his sixth.

Yesterday's suit was the third civil action which has plagued the Perreiras' honeymoon. The other was a suit by Mrs. Perreira's socially prominent Dallas daughters who claimed their mother violated provisions of their father's will.

Cows Join UN Agenda

UNITED NATIONS, N. Y. (AP)—A 90-year-old tribal farmer in Central Africa filed 20 or more cows today onto the U. N. agenda, which is already burdened by complaints of donkey cart owners in Somaliland fighting high taxes and license fees.

In letters signed by thumb-print, the complaints have made their laborious way here from Bigiraneza, a former chief of the Mwami Mwambutsa tribe, in Usumbura, Belgian Ruanda-Urundi.

In one letter Bigiraneza says he left the cattle in the care of a fellow tribesman named Vyambambi, who later died. Bigiraneza says he went around to the present chief and his aide to ask for return of the cows.

"They told me that as Vyambambi had died, the 20 cows became the permanent property of his widow," the complaint went on. "Accordingly, I am asking you to intervene on my behalf."

Bigiraneza had that letter fashioned by one of the horde of professional letter writers who handle such chores for illiterate natives in U. N. trusteeship territories.

Teague Says Nation Should Lead With Its Common Sense

GRAND RAPIDS, Mich., Aug. 29 (AP)—Rep. Olin E. Teague (D-Tex.) told the American Veterans of World War II (Amvets) here yesterday that the United States cannot create peace by carrying "the burden of the world on our backs."

"We should be leaders," he said in a keynote address, "but we should lead with common sense as well as with money."

"When we have weighed the demands and requirements of all other nations and have analyzed our own conditions and requirements, then we should do the sound thing in making loans," he said, "not because other nations want them, but because we consider the loans wise and in the interest of our own future welfare and the economy of the world."

Castorbeans this year are being grown in 122 Texas counties. Acreage under the Commodity Credit Corporation program amounts to 75,148 acres while 16,888 acres are being produced under contract for a commercial concern.

Special To COLLEGE FOLKS

While you're making plans for the college year, be sure and include The Herald on your list of "needs." You'll enjoy having the home town paper while you're away, with the news of the town, the school, and of people you know and like.

The Herald makes another special College Bargain Rate for you, and will send the paper for the nine-month term to your campus address for only—

\$5.50

Take advantage of this offer. You'll be glad to have that "daily letter from home." Send us your name NOW, before the last-minute details get too heavy.

Big Labor Week End Tournament Begins

21st Meeting Ends Monday

It won't be the biggest links party here in history—the drought has been to that—but the 21st annual Big Spring Invitational Golf Tournament, which gets underway at the Country Club today, should be one of the best from the standpoint of the participants.

No outstanding favorite has been established and, for the first time in quite a while, local entries are given excellent chances to enter the throne room.

A total of 45 players from over a wide area had registered for the tournament by 9 a. m. today. There was no indication this morning that Bob Wootman of Midland, the defending champion, would be back to retain his championship.

Last year's runner-up, Marvin Wright of Big Spring, was in the field.

Pro Shirley Robbins, who will start the tournament again, expected a field upwards to 150 to compete. Red Roden, ex-Big Spring and now a resident of Odessa, was due, as was a fellow townsman, Barney Barnard.

Only those players qualifying today will be eligible for the medal prize. Jake Morgan of Big Spring was low qualifier last year.

Match play will get underway Saturday, with two matches a day on the program until Monday.

Elton Dozier, ex-pro, was given the best chance among local entries but Jerry Scott, Morgan, Bobby Maxwell and the Wright brothers, Marvin and Bobby, will all be tough. Bobby Wright was a semi-finalist last year.

The Hall and Bennett Trophy matches were to get underway at 1 p. m. today. Some of the participants will qualify while playing in the matches. James Pritchett of Colorado City was the visiting captain. Earl Reynolds the local leader.

Among former champions back for the meet were Dozier, E. C. Nix of Seminole and Hoden.

The lack of rain has played havoc with the fairways but the greens are in fine shape.

All of the matches in all flights will be played at the Country Club this year. Last year, the Mundy Course was 'borrowed' for a portion of the play.

Ackerly, Tigers To Meet Sunday
ACKERLY—The Ackerly 7-Ups host the Big Spring Tigers in a double header here Sunday. First game gets underway at 2 p. m. Joe Sanchez, manager of the 7-Ups, has named Jack Rogers and Louis Herrera as his starting hurlers. The Lamesa Black Lobos defeated Ackerly last Sunday, 12-7. Louis Gonzales was the losing pitcher.

LOOKING 'EM OVER

With Tommy Hart

There can be no players loaned to teams in the Longhorn League playoffs this year, even if some of the stars on the clubs are hit by the injury bugaboo.

Use of borrowed players was permitted last year and the idea didn't set so well with the principals.

Roswell made use of Julio Delatorre and Odessa Ken Cluley with positive results. Delatorre assaulted Big Spring pitching in the first go-round to such an extent that he became identified as the hero of the series.

Only six of the nation's 43 minor leagues will be in operation after the Longhorn League closes regular play on Sept. 8, by the way.

One of the circuits, the Georgia-Florida, wound up its business as early as Aug. 19.

HAVANA HAS DROPPED OUT OF FIRST DIVISION

Havana, parent club of the Big Spring Brones, is in a bad way for help.

The Cubans have dropped to fifth place in the Florida-International League standings apparently are going to remain there. The team had been shut out no less than 23 times this year, according to information relayed here earlier this week.

There's probably no better baseball city in the country than Crowley, La. Only 12,700 reside within the city limits there, but the Evangeline League entry has drawn over 100,000 paid admissions two straight years now. It hit that figure last year, too, with a club that was never a contender and finished in fifth place.

Carl Coleman, the local high school football coach, told his charges recently it would benefit them no end if they reported for drills Sept. 1 in fairly decent physical trim. He added the Steers had only eight working days in which to get ready for their opening game of the season and that one happened to be against the team that won the State Class AAA championship in 1951.

Coleman's suggestion had Joe Neely reminding recently. Joe is a former Big Spring assistant who is now in another line of school work.

Neely played his college ball under Les Cranfill at HSU. About 15 days before one season opened, Joe and the other hands received a form letter from Les, suggesting the boys be in shape and have a working knowledge of the ten plays the coach included in each letter.

Neely, and most of his teammates, never took the epistle seriously, to their sorrow. Neely says he was worked so hard the first day out for practice he was afraid he was going to live.

The following year, Joe got a similar letter. He needed no further prompting.

National Net Tourny Gets Underway At Forest Hills

FOREST HILLS, N. Y. (AP)—The 10-day scramble for the United States Grass Courts Tennis Championship got under way today with 1288 players setting their sights on the throne occupied by ferocious Frank Sedgman.

Probably the only surprise that might take place in the 71st renewal of the ancient event would be Sedgman not winning the title for the second straight year. The Australian Davis Cup ace has been head and shoulders over the rest of the amateur tennis world for the past year.

Since the big boys won't get a free ticket into the second round with byes this time, Sedgman and Vic Seixas, the United States standard bearer, will get into action on the first day's play.

Frank, top-seeded among the foreign talent which embraces players from eight countries, will flex his muscles at the expense of

Yankees Went High To Get Cincy Star

By JOE REICHLER
NEW YORK (AP)—The mystery of the seven National League clubs passing up Ewell Blackwell for the \$10,000 waiver price was only partially explained today as baseball executives gave their reasons for allowing the former ace Cincinnati pitcher to go to the New York Yankees.

Blackwell

"Blackwell's through. He can't help us."

That was the consensus among the National League moguls. Apparently the world champion Yankees don't agree or they would never have shelled out some \$50,000 plus four players to get the 29-year-old righthander.

Conceding that Blackwell is not the pitcher he once was, he still is far from finished, at least in the opinion of some American Leagueers. For it had been learned that General Managers Hank Greenberg of Cleveland and Frank Lane of the Chicago White Sox made overtures for him but were outbid by the Yankees.

The Yankees gave up a pretty fair pitcher in southpaw Johnny Schmitz and three players from their minor league farms to be named later. They refused to reveal the purchase price.

If Blackwell, winner of only three games against 12 losses, and currently plagued by a sore arm, should do an about face with the Yankees, there are sure to be some red faces in the National League.

Explaining why the Brooklyn Dodgers let Blackwell out of the league, General Manager E. J. (Buzzy) Bavasi said:

"We may be wrong but we don't think Blackwell has it anymore. Besides, he has a sore arm."

"We need a pitcher who can pitch regularly. Blackwell hasn't pitched in three weeks."

"We're really sorry to see Blackwell get out of the league. There aren't many pitchers around from whom we can get 15 runs in one inning."

Bavasi obviously was referring to a game last May when the Dodgers set modern record by scoring 15 runs in the first inning. Blackwell was the starting pitcher in that game.

Other comments:

Fred Saigh, president of the St. Louis Cardinals — "We've got a lot of good young pitchers we think are much better. We want to go with them for a good finish this year and, principally, for a good start next year. That's why we weren't interested in Blackwell."

LITTLE SPORT

SPLIT WITH DETROIT

Cleveland Blows Chance To Gain On Pace Setters

By RALPH RODEN
Associated Press Sports Writer

The schedule clearly favors the Cleveland Indians in their quest of the 1952 American League pennant but one disturbing factor in the otherwise serene picture is the Detroit Tigers.

Cleveland is due to meet the tailend Tigers nine times before the curtain falls on Sunday, Sept. 28. At first glance it would appear that this is a feather in Cleveland's cap but the marooned Tigers have a nasty habit of beating the Indians at the most inopportune moments.

Detroit, then in fifth place, upset the Indians' apparent last year by sweeping a three-game set from their chances of overhauling the New York Yankees.

The specter of 1951 haunted the Indians again last night as they missed a chance to pick up ground on the front-running Yankees by splitting a two-night twin-bill with the Tigers before 53,988 fans.

Early Wynn coasted to his 17th victory in the first game, won by the Tribe late in September to kill the Yanks' hopes.

The Indians have 27 games left to play, including 20 of their last 22 at home. The Yanks also have 27 games left but 18 of them are on foreign soil. The third place Red Sox have 31 games to go but 22 of them are away from home and Boston is known as a poor road club.

Al Rosen drove home four runs on as many singles to ease Wynn's task in the opener at Detroit. Wynn permitted only six hits including a two-run homer by Fred Hatfield in posting his seventh straight tri-

umph over the Tigers over a two-year span.

Spot Pitcher Steve Gromek failed in the second game. Rosen provided Gromek with a 1-0 lead by socking his 34th homer in the second inning but Cliff Mapes homered 14-7, while Cincinnati edged Boston, 5-4, in 10 innings and Philadelphia outlasted St. Louis, 10-6, in the circuit's only night game.

Rubber armed Joe Black, making his 44th appearance of the season, gained credit for his 11th victory for Brooklyn. Black relieved Clem Labine in the fifth and checked the Cubs on one run the Philadelphia Athletics, 6-4. The second game was rained out.

The Red Sox also blew a chance to gain by dropping the first game of a doubleheader to the rising Philadelphia Athletics, 6-4. The second game was rained out.

The Dodgers broke a 5-3 tie with four runs in the seventh to win.

its march to the National League flag by dumping the Chicago Cubs, 9-6, to remain 9½ games ahead of the runner-up New York Giants.

The Giants swamped Pittsburgh, 14-7, while Cincinnati edged Boston, 5-4, in 10 innings and Philadelphia outlasted St. Louis, 10-6, in the circuit's only night game.

Rubber armed Joe Black, making his 44th appearance of the season, gained credit for his 11th victory for Brooklyn. Black relieved Clem Labine in the fifth and checked the Cubs on one run the Philadelphia Athletics, 6-4. The second game was rained out.

The Red Sox also blew a chance to gain by dropping the first game of a doubleheader to the rising Philadelphia Athletics, 6-4. The second game was rained out.

The Dodgers broke a 5-3 tie with four runs in the seventh to win.

Banquet Slated For Youngsters

Little League baseball players reap the rewards of a fine season tonight at the Settles Hotel, at which time they gather for their first annual banquet.

The big feed is being sponsored by the five team backers. They are Obie Bristow, Cosden Refinery, the Eagles Club, the Big Spring Athletic Association and Hack Wright.

An estimated 90 people will show up for the banquet. That includes 75 players, their coaches and managers, along with most of the sponsors.

Teams which made up the league were the Yankees, Gold Sox, Indians, Eagles and Oilers.

The Yankees, managed by D. R. Gartman, were crowned champions in a playoff, which ended last week.

Plans are being made for operation of a bigger and better league next year.

Dulles Urges More Patriotism As U. S. Policies Are Attacked

GRAND RAPIDS, Mich. (AP)—John Foster Dulles today attacked "termites" in government and declared a greater measure of patriotism is needed among all in authority as "we look into the awful abyss of atomic and hydrogen war."

In a speech prepared for the National convention of Amvets, the Republican party foreign policy adviser declared:

"Termites can destroy the noble edifice that our forebears built. They must be rooted out, and the loyalty which qualifies their successors must be something more positive than the negative virtue of not being a known member of the Communist party."

Dulles told the World War II veterans:

"When I speak of those 'in authority,' I have in mind not only the handful of conspicuous men at the top, but also the hundreds of thousands of government servants

in all branches of public service. When government is so big that it spends 80 billion dollars a year, a few men at the top cannot keep track of all that goes on. Often it is the inconspicuous persons who exert the greatest influence upon policy and, above all, upon performance."

"I shall not give you my ideas as to the responsibility for the past," Dulles told the veterans. "If I did, I might sound partisan. For a Democratic administration has had the responsibility to conduct our foreign affairs during the years that led into World War I, into World War II, into the Korean War, and that have led us into what President Truman this year calls 'deadly peril,' and what Gen. Eisenhower this week identified as the greatest peril in our nation's history."

Dulles made no further reference to the Republican presidential nominee, whom he advises on foreign policy.

Dulles declared:

"We must abandon the negative, futile and immoral policy of 'containment,' and adopt a positive program which actively seeks the peaceful liberation of the captive nations from the yoke of Moscow."

He said, "I do not know whether it is still possible to prevent World War III," but "we must never allow ourselves fatalistically to accept in advance, the inevitability of a third world war."

To win the cold war, Dulles called for a greater measure of patriotic vision, boldness, strength and dynamism.

Survey Of Polio Shows Ages One To 14 Hard Hit

By The Associated Press

Although polio hits all age groups, a survey made by Parkland Hospital in Dallas shows children between the ages of 1 and 14 far outnumber all other groups.

Statistics released Thursday by the hospital showed the following incidence by age groups at Parkland:

Under 12 months	11
1-14 years	183
15-20 years	20
Over 21 years	55

Of the 267 total only seven were Latin-Americans, Anglo-American patients numbered 231 and Negroes 39.

Four new cases of the disease were reported in Houston Thursday, three from within the city limits and one from Harris County. One of the new cases, a young Negro girl, died Thursday before her ailment was diagnosed.

Houston's count for 1952's polio epidemic there was 380 city cases and 12 deaths. 238 Harris County cases and eight deaths, and 219 non-resident cases and 11 deaths.

Dallas also had four new cases, two reported Wednesday and two Thursday.

Sea Captain Looking For 2 Rescuers

GALVESTON, Aug. 29 (AP)—A German sea captain hopes someday to make radio contact with two English captains to whom he owes his life.

Capt. Adolf Wimmel of Hamburg wants to thank them.

For 27 days in 1945 Wimmel and 19 other survivors of a torpedoed German tanker drifted in a lifeboat in the Indian Ocean. They were saved when an English ship, the African Prince, picked them up when the last of the lifeboat's food and water supplies was gone.

"We were nursed back to health on the British ship," Wimmel recalled. He commands a Swiss merchant ship that docked here.

Now he wants to find the two men who directed their salvation—the captain and first mate of the African Prince. The "Prince" is still commanded by the same captain but the first mate is now captain of its sister ship in the British Prince Line. Wimmel learned this when he made inquiries at the Prince Line London office after World War II.

Wimmel has ordered his radio operator to keep an ear tuned for the African Prince or its sister vessel.

Traffic Death Toll Way Above Korean Casualty Figures

CHICAGO, Aug. 29 (AP)—Nearly seven times more Americans were killed in automobile accidents than in the Korean fighting during the first seven months of this year.

The Korean dead in that period totaled less than 3,000. The nation's traffic death toll was 20,000.

The figures were made public today by the National Safety Council, whose president, Ned H. Dearborn, said the comparison "is not meant to minimize the hazards of war, but rather to emphasize the highway hazards here at home."

Los Angeles School Board Votes To Keep UN Study Program

LOS ANGELES (AP)—The Los Angeles city Board of Education, after listening to six months of debate for and against the United Nations Educational, Scientific and Cultural Organizations study program, has voted to reinstate it in the city schools.

But, the board voted unanimously last night, only on "an impartial and factual basis."

Veterans' groups and other patriotic organizations had fought the program, charging it minimized national loyalty. Other organizations and individuals had upheld it.

With only one dissenting vote, the school board excluded from use in the schools the teachers' guidebook, "The E in UNESCO," which also has been under fire.

Mrs. Edith Stafford, board member who moved to ban the pamphlet, said that "in the opinion of the board, there is reasonable doubt that it meets the principle of impartial and factual presentation of a controversial matter."

CITY SLICKERS STILL OPERATE

RICHMOND, Ind., Aug. 29 (AP)—A 12-year-old country boy in town to buy school books turned in a false fire alarm.

Some city boys, he explained to police later, told him if he pulled the lever in the red box a bird would pop out and forecast the weather.

He was given better information and sent home.

728 Receive X-Rays At C-City First Day

COLORADO CITY — A total of 728 persons received X-rays here Thursday in the first day of the survey sponsored by the Junior Chamber of Commerce and the Mitchell County Tuberculosis Association.

The survey will continue here through Saturday.

Mid-August Food Prices Reach Highest In History

WASHINGTON, Aug. 29 (AP)—Mid-August retail food prices, the government's Bureau of Labor Statistics reports, were the highest in U. S. history.

During the first half of this month the bureau's index went up almost 1 per cent to 235.6 per cent of the 1925-29 average.

On the basis of figures collected in eight cities, the bureau said foods now are about 16 per cent higher than when the Korean War began in June, 1950.

In another economic development, the government yesterday suspended price controls on radios, television sets, record players, carpets and bedding. The latter includes studio couches, davenports, mattresses, springs and pillows.

Price controls were abolished on vitrified chinaware, silverware and jewelry, and hand-made household glassware.

Retiring Price Stabilizer Ellis Arnall said relaxations "do not mean abandonment of controls in any area where controls are needed."

But his successor, Tighe E. Woods, said he will ask President Truman to do away with all controls if he finds, on a forthcoming tour of the country, that the people don't want them. Woods takes over from Arnall as price boss next week.

Second In The U.S.

WASHINGTON, Aug. 29 (AP)—The Dallas district of the Federal Reserve System was second in the nation in increased department store sales for last week. The district had a 10 per cent gain over the corresponding week a year ago. The Atlanta district was first with an increase of 12 per cent.

Polio Victim Back On Critical List

HOUSTON, Aug. 29 (AP)—Barry Bishop Jr., polio victim who was given test injections of a new drug, was back on the critical list at Hedgercroft Hospital.

Young Bishop, son of the press attache of the U. S. Embassy in Mexico City, is in an iron lung, completely paralyzed with bulbar polio.

He was given injections of anti-toxic for several days but its use was discontinued when the attending physician said the drug apparently had no influence.

Dr. Albert Trencavel of Mexico City had sent the drug here in hopes it would be of some benefit. The youth was taken off the critical list for a few days, but last night the hospital reported he was back on the list.

USS Midway Out For NATO Maneuvers

The big aircraft carrier USS Midway moves from her anchorage in Hampton Roads, Norfolk, Va., for NATO maneuvers scheduled to be held off European shores. Her sister ship, the carrier USS Roosevelt, lies in the background awaiting orders to follow the Midway. (AP Wirephoto).

Your Lone Vote Can Mean Good Deal In November

By SIGRID ARNE
WASHINGTON, Aug. 29 (AP) — "Oh, my vote won't count."
That popular American expression will make workers in both Republican and Democratic headquarters see red just now.
In both offices they are trying to spur precinct workers on to new get-out-the-vote heights with stories of elections won and lost by tiny margins.
Republican researchers say that in 1884 an average of less than one vote in each New York precinct would have elected Republican James G. Blaine President instead of Democrat Grover Cleveland. Blaine needed only 1,149 more New York votes out of the state's 1,125,159 to win the state and thereby the national election.
In 1916, the Republicans say, Woodrow Wilson won the election from Republican Charles Evans Hughes by less than one vote per precinct in California. Wilson's margin in California was only 3,896

votes in nearly a million votes cast. There were more than 5,000 precincts in the state.
The Republicans also dug up the votes in Ohio and California during the 1948 campaign, when Republican Thomas E. Dewey lost to Democrat Harry S. Truman.
Their study says that if those two states had fallen into the Republican column the election would

Short Course For C-C Managers Off

The West Texas Chamber of Commerce managers' short course, first scheduled for Sept. 12-13, has been postponed to Sept. 19-20, Rex Jennings, chairman, has announced.
Postponement was due to a conflict with meeting of another organization, Jennings said.
Registration for the short course, planned at a meeting last month of managers of West Texas chambers of commerce, is set for 4 p.m. Friday, Sept. 19, at the Wooten Hotel in Abilene. Program Saturday will commence at 8 a.m. and continue through 3 p.m.
West Texas chamber managers, presidents and office secretaries are invited to participate in the training program.

have been thrown into the House of Representatives. There the decision may or may not have meant a Democratic victory. The House majority that year was Democratic.
Ohio was lost to the Republicans by 7,107 votes in 9,147 precincts and California by 17,865 votes in 16,802 precincts. In each state an average of about one more vote in each precinct would have meant victory for the Republicans.
The Republicans, who have done a more searching job on this narrow-margin problem than the Democrats, also list several governors' seats won or lost by a small margin.
They report:
In 1950 Democrat G. Mennen Williams won the governorship of Michigan by only 1,154 votes out of the 1,890,000 cast. An average of only one more vote in one third of Michigan's 4,360 precincts would have put a Republican in.
That 1950 Michigan election of a Democratic governor meant that a Senate seat also went to the Democrats. Williams was in office when Republican Sen. Arthur Vandenberg died. Williams appointed Democrat Blair Moody to Vandenberg's seat.
In 1940, Kansas Republicans managed to hold on to the governorship for Payne Ratner by the hair-line margin of 430 votes out of 850,000 cast in 1,740 precincts.

IN THIS CASE, SERVICE FAST

RICHMOND Ind., Aug. 29 (AP) — The Wayne County Clerk's office gave fast service yesterday on a woman's mailed request for a copy of her misplaced marriage license.
A package also received at the office yesterday contained the license, and a bride. A note said the package was found in a bus station.

Federal Reserve Aide Takes Pan-Am Post

WASHINGTON, Aug. 29 (AP) — Leonard Townsend, assistant solicitor of the Federal Reserve Board, has resigned to join the Pan American Sulphur Co., Dallas, Tex. He announced yesterday the resignation would be effective Aug. 31.
Townsend was in charge of the Federal Reserve Board's anti-trust suit against the Trans-America Corp., a California banking organization.

Rev. Mitchell Accepts Pastorate Of The Galveston Street Church Of God

THE REV. AND MRS. W. E. MITCHELL

The Rev. W. E. Mitchell has accepted the pastorate of the Galveston Street Church of God. He and Mrs. Mitchell and their two children, Billy Joe, 17, and Annette, 15, have moved here from Lamona and are making their home in the church parsonage, 307 Galveston.

This will be a two-year assignment for the Rev. Mitchell.

Youth activities are spotlighted at several other churches this week and revivals are being held at still others.

Using as the theme "Still He Calls," Youth Week has been held at the First Methodist Church this week.

Mrs. Harvey Fryar has served as director and special features have included discussion groups and workshops, supper each evening and games.

The week will be climaxed by a special worship service Sunday evening with the young people in charge. Dr. Aisje H. Carleton, pastor will speak.

APOSTOLIC FAITH CHURCH
Sunday at the Apostolic Faith Church, NW 10th and Lancaster, the pastor, the Rev. A. W. Ferguson, has announced. Bill Patterson, evangelist, of Granby, Mo. will conduct the services and Mr. and Mrs. Leland Grimmer of Enid, Okla. will direct the songs. The services will be held at 8 p.m. daily.

BAPTIST
Dr. P. D. O'Brien, pastor, will present a special Labor Day message Sunday morning when he speaks on "A Word to Workers," from Ecclesiastes 9:10, at the First Baptist Church. The Rev. J. William Arnett, district missionary, will speak at the evening service.

"No Possible Way of Escape" will be the morning topic of the Rev. A. W. Snow, pastor of the Airport Baptist Church. That evening he will tell of "The Seat of Christ."

Plans are rapidly being completed for a city-wide tent revival to be held here Sept. 10-28. Lester Roloff, evangelist, of Corpus Christi, will preach at the services and the meeting is being sponsored by the local Baptist Churches.

The Primitive Baptist Church of

at the Mt. Zion Baptist Church. There will be two discussions Saturday one at 3 p.m. and the other at 7:45 p.m. both to be held at the Church of Christ, E. 4th and Benton. The topic will be "The Importance of Baptism." A four-day gospel meeting will begin at the Church of Christ Sunday and the minister, Mr. Tarbet, will speak at all services. Theme of the meeting will be "Why I Am a Member of the Church of Christ," and services, in addition to the regular ones Sunday, will be held at 7:30 p.m. through Wednesday.

CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS
Sunday School for members of the Church of Jesus Christ of Latter Day Saints will be held at the Girl Scout Little House at 10 a.m. Sunday.

CHURCHES OF GOD
The Rev. John E. Kolar, pastor of the First Church of God, will speak to the morning congregation of the church on "Our Heritage of Faith." That evening from Acts 12 and Acts 4 will come the sermon topic, "The Church At Work."

The Rev. W. E. Mitchell new pastor of the Church of God, Galveston Street, will speak Sunday morning on "The Ideal Church" based on Matthew 16:18. "We Are Not Going Under But Going Over" will be the evening theme. The Willing Workers, women's auxiliary, will meet at 8 p.m. Tuesday and the YPE will meet Thursday at 8 p.m.

The subject of the Lesson-Sermon to be read Sunday in the Christian Science Church. Selections from II Corinthians and Isaiah in the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be read.

CHURCHES OF CHRIST
Lloyd Connell, minister of the 14th and Main Church of Christ, will speak Sunday morning on "It is Appointed." His evening topic will be "The Storms of Life."

A series of discussions are being held by The Rev. J. C. Smith, representing the Baptists, and T. H. Tarbet, minister of the Church of Christ, E. 4th and Benton. Tonight's discussion, "Instrumental Music in Worship" is being held

at 11 o'clock.

ST. MARY'S EPISCOPAL
Services in St. Mary's Episcopal Church will be a celebration of the Holy Communion at 8 a.m., the church school at 9:45 a.m. and the morning worship and sermon by the rector, the Rev. William Boyd, at 11 o'clock.

ST. PAUL'S LUTHERAN
Following the Sunday School at 10 a.m., the morning worship at St. Paul's Lutheran Church will begin at 11. The Rev. A. H. Hoyer, pastor, will speak on "When Can the Word of God Help Us." At 6:30 p.m. the Ladies Aid will have their annual chicken barbecue for members and their friends in the educational building. Members of the Junior League will be in Midland for a social with that group.

METHODIST
Dr. Orion W. Carter, superintendent of the Big Spring District will conclude revival services at the Wesley Memorial Methodist Church Sunday. His sermon topics will be "He Must Increase But I Must Decrease," as the morning subject, and "His Spirit Bearer Witness With Our Spirit That We Are the Children of God." Bob Watkins has been in charge of the song services.

"You Cannot Run Away from God" will be the morning sermon topic of Dr. Aisje H. Carleton, pastor of the First Methodist Church. That evening he will discuss "Still He Calls to Christian Service" and the young people will have charge of the program.

FIRST PRESBYTERIAN
Dr. R. Gage Lloyd, pastor, will tell of "Repairing Human Wrecks"

BOB WATKINS

10th At Goliad Street

DR. ORION W. CARTER

Big Spring was to be host to the churches of the West Providence Association for a series of services that began today. The facilities belonging to the Missionary Baptist Church were to be used for the occasion. Services were to be held at 11 a.m., 3 p.m. and 7:30 p.m. through Sunday.

CATHOLIC
Masses will be conducted by the Rev. William J. Moore, OMI, at 7 and 9:30 a.m. at St. Thomas Catholic Church. Rosary will be recited at 5 p.m.

The Rev. Paul Hally, OMI, will say masses at 8 and 9:30 a.m. at the Sacred Heart (Latin-American) Catholic Church.

FIRST CHRISTIAN
Clyde Nickols of Nacogdoches will be the speaker at both services of the First Christian Church. Susan Houser, soloist, will sing "O Divine Redeemer."

CHRISTIAN SCIENCE
Proof of God's love for His children is seen in the fact that He sent His well-loved Son to show mankind the practical way to obtain freedom from sin, sickness and death. "Christ Jesus"

based on John 3:1-10 at the morning service of the First Presbyterian Church. Gilbert Cook, soloist, will sing "The Blind Pewman." That evening Dr. Lloyd will discuss "Seeing Jesus."

BUILDER'S BIBLE CLASS
Members of the non-denominational Builders Bible Class will meet in Carpenter's Hall at 8:30 a.m. Sunday. Coffee and doughnuts will be served prior to the lesson.

BUSINESS MEN'S BIBLE CLASS
The Business Men's Bible Class will meet at 9:15 a.m. Sunday in the Settles Hotel ballroom and the regular lecturer, Rupert P. Ricker, who has just returned from the Corpus Christi area, where he spoke in four churches, will speak this Sunday. His subject will be "Man's Most Dangerous Foe."

Water Supply Line Juncture Is Due
Juncture of the City of Big Spring and Colorado River Municipal Water District supply lines likely will be effected Saturday.

The connection was due Friday, but more mechanical difficulties have plagued the ditching machine for the CRMWD line on the final lap. Last week the machine was down most of the time. After crossing of U. S. 87 was effected Tuesday, the machine broke again. This was repaired and Thursday it went down again.

Prospects were that the Goliad road crossing would be effected at noon Friday. The point of juncture is little less than a mile east of that.

Judge Seeks Change in Negligence Laws
HOUSTON, Aug. 29 (AP)—Judge Harry M. Fisher of the Chicago circuit court believes the present negligence laws should be changed at once in the interest of justice.

He told the National Association of Compensating Claimants Attorneys here yesterday that many of the laws are antiquated.

He said the most neglected of all persons the law presumes to protect is the pedestrian—"... who dies without glory, without a chance to defend himself against the machines that daily crush out countless lives of persons who must die for no reason except they were the victims of the machine age."

SCHOOL + PLAYGROUND

Here in America almost every school has a playground. Our American system of public education recognizes the fact that many valuable lessons can be learned better on the playground than in the classroom.

America's churches also have an outstanding system of public education—religious education. And it, too, recognizes the "playground principle."

The playgrounds of our system of religious education reach many miles beyond our churches. They consist of the homes, farms, factories, and offices of the community—every place where boys and girls and men and women have opportunity to practice their Christian religion.

Common sense tells us that playgrounds without schools could not sustain the intellectual level of America. Nor can a busy week—without a Sunday in Church—sustain the spiritual alertness and moral character of individuals.

Attend Church Sunday. Live Your Faith daily!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Money In Canada Brings A Premium

BY BEN BASSETT
ST. JOHN, N. B. (AP) — The American tourist banded over a \$10 bill in payment for a 45-cent breakfast check here — and received \$9.05 in change.

Americans buying airplane tickets in Canada find their money is as "good" as ever when fares are quoted in U. S. dollars. Also tickets bought in Canada escape the 15 per cent transportation tax imposed in the United States.

Many of the thousands of Americans who come to the maritime provinces and other sections of Canada each summer are not happy about the monetary situation. Some of them remember when their U. S. dollar fetched \$1.10 or even \$1.20 in Canadian funds.

A New England woman who made an \$8 purchase in a Moncton, N. B., store recently paid for it with 32 U. S. quarters. If she had paid in greenbacks she would have been charged \$8.40 — the \$8 price plus 40 cents for exchange.

Consequently some places, especially gift shops, announce they accept U. S. money at par. This means they sell to U. S. tourists at about a 5 per cent discount.

The explanation of the disparity given generally: it represents a working of the law of supply and demand. With Canadian business and development booming, Canadian money is in greater demand than ever.

Riding

THE GRUB LINE With Franklin Reynolds

At the drought disaster loan meeting held at the Settles Hotel Wednesday the Department of Agriculture's proposal to bring cheaper hay into Texas was discussed.

Right now it appears on the basis of freight rates, and hay prices in these northern areas, quoted to farmers and ranchers for hay delivered in Big Spring yesterday, that ranchers and farmers in Howard and the adjoining counties can buy hay off the trucks here at approximately the same price they would have to pay for this northern hay, if they bought it themselves, with freight added.

At that meeting the fact that this hay will be subsidized at from \$15 to \$20 a ton was not revealed although this fact was brought out and admitted by the Production and Marketing Administration's representative at both the Abilene meeting and at the conference held in Austin by Governor Shivers.

Those who immediately need cheaper hay as an emergency measure be permitted to buy it themselves at current Big Spring market prices with the understanding that if and when the PMA's cheaper hay program goes into operation these farmers and ranchers will be refunded the amount of the subsidy, \$15 or \$20 a ton, on whatever hay they had been forced to buy at an emergency measure to continue their normal livestock operations.

Governor Shivers' request to President Truman to make this hay available was all that Under Secretary McCormick said at Abilene was necessary. But now W. H. Sindt of Dallas, Southwestern regional director, to whom the President referred the request for approval says it either isn't sufficient or isn't in the proper form. Sindt must be a lawyer. If Shivers has made such an error it is like unintentionally writing a check on the wrong bank, or asking for "debts" in reciting the Lord's Prayer. It is an error that can be easily corrected, and forgiven.

For the information of farmers and ranchers who would like to submit such a proposition to the Howard County PMA committee, the members are: Chairman Willis Winters of Vincent; Vice-Chairman Roy D. Anderson, Ackery Route, Big Spring; Ross G. Hill, Route 2, Big Spring; Sam F. Buchanan, Route 1, Big Spring; and William J. Rogers, Knott Route, Big Spring.

But this is only half of the present problem. It now also appears, and for the first time, that Texas is supposed to match these federal funds in some unexplained manner and measure. For the first time the matter of Texas' participation with money is brought to light.

Such a program wouldn't cost the federal government a single cent more and would in effect give the farmers and ranchers the same relief.

All of which adds up to the fact that his proposed hay program has never been fully and candidly explained. For this reason Texas farmers and ranchers should not count too heavily on it. They may not get any of this hay at all.

For the information of farmers and ranchers who would like to submit such a proposition to the Howard County PMA committee, the members are: Chairman Willis Winters of Vincent; Vice-Chairman Roy D. Anderson, Ackery Route, Big Spring; Ross G. Hill, Route 2, Big Spring; Sam F. Buchanan, Route 1, Big Spring; and William J. Rogers, Knott Route, Big Spring.

In some areas movements are on foot to bring farmers and ranchers together in a buying pool to go into the same northern states in which the federal government proposes to buy hay, and there these buying pools of West Texans will purchase their own hay.

For the information of farmers and ranchers who would like to submit such a proposition to the Howard County PMA committee, the members are: Chairman Willis Winters of Vincent; Vice-Chairman Roy D. Anderson, Ackery Route, Big Spring; Ross G. Hill, Route 2, Big Spring; Sam F. Buchanan, Route 1, Big Spring; and William J. Rogers, Knott Route, Big Spring.

Paris News Editor Nears 50 Years Of Service With Paper

PARIS, Tex., Aug. 29 (AP)—A. W. Neville, 87-year-old editor of the Paris News and dean of Texas newspapermen, will round out a half century of work with the Paris News Monday.

In justice to these committeemen it should be explained that they are doubtless without authority to take such action themselves but they are in a position to submit the proposition to the state office of the Production and Marketing Administration for immediate acceptance or rejection.

When A. G. (Pat) Mayse and associates bought the Paris News in 1929, Neville, then 65, was made proof reader and feature writer. Gradually, editorial writing was added to his duties and proof-reading eliminated and he was designated editor in 1936. He began writing his daily editorial page feature, "Backward Glances," at Mayse's suggestion in 1929.

Now going on 88 years, Neville still writes the editorials and his column.

Mansfield Entered In Roping Contest

CLOVIS, N. M., Aug. 29 (AP)—Two Texans will compete in the world championship steer-roping contest here Sunday. They are John D. Holleyman of Yoleta, Tex., and Toots Mansfield of Big Spring, Tex. The 12 ropers will compete for \$8,000 purse.

THE REIGN OF DAVID

HE CONQUERED JERUSALEM AND DWELT THEREIN, AND RULED WITH JUSTICE

Scriptures—II Samuel 5:4-25; 8-9.

By NEWMAN CAMPBELL. JERUSALEM is now, 2,000 years after the events of this lesson, one of the most interesting cities of the world and still one of the most discussed. It is, probably in international relations, one of the most important. The old city, which is called the Walled City, the city of Solomon, David and our Lord, also of the Crusaders, is largely populated by Arabs, and held by the Arab Legion. The sacred places of the three great religions—the Church of the Holy Sepulchre of the Christians, the Mosque of Omar of the Moslems, and the Walling Wall of the Jews are there.

The new city, consisting of modern schools, apartment buildings, shops and hospitals, is west and north of the old city. It is now the capital of Israel and out of a population of 150,000, there are 120,000 Jews.

David's task was to undertake the organization of the whole 12 tribes and to bring Israel under one sovereign head. He could not do that until Jerusalem was conquered. It was held by the Jebusites, who evidently thought the city was impregnable, so they placed the lame and the blind before it, in derision of this would-be conqueror, and said, "He cannot come into the house."

We are not told, so brief is this episode, just how the place was overcome, but so it was, and David dwelt in the stronghold and called it the City of David.

David had promised the command of the army to the man who would successfully lead the attack, and Joab was the man.

"And David waxed greater and greater; for Jehovah, the God of hosts, was with him."

David had his faults. He was not a perfect man, but he was not willful, like Saul, and he was always close to Jehovah and did always as he was commanded.

So David waxed greater and greater, and Hiram, king of Tyre, sent cedar trees and carpenters to him and they built him a house. Probably the Israelites were not gifted in building. It is refreshing, after so much war and violence, to find this friendly cooperation of two great nations.

EVANGELIST LESTER ROLOFF

16th and Nolan September 10-28

SERVICES 6:45 A. M. And 7:30 P. M. Daily

Hear Sermons Like These Plainly Preached:

- 1. Does Big Spring really want an old-fashioned, barn shaking, window rattling, mule scaring, dog fighting, heaven sent, Spirit filled, Bible centered, hell robbing, Christ honoring, God glorifying, sinner saving, saint shining, gully washing, chunk floating, Church warming revival?
2. Why I hate the devil.
3. The Bible or the Bomb—Which?
4. Why so many denominations and which church should I join?
5. How long can "Old Glory" wave? or Enemies to "Old Glory".
6. "Old Joe and John"—Hell's Siamese twins.
7. Man's Ruin and God's Remedy.
8. The devil's big stick.
9. Marks of a New Testament Church.
10. From a Palace to the Poor House.
11. Christ Is the Answer.
... and many others.

At 6:45, each morning, great chapters and themes of the Bible will be presented with the aim of cultivating a greater love and desire for the Book that made America great. Make plans now to attend daily. If you are LOST, discouraged, confused, or weak—consider the invitation of Jesus when He said... "Come unto me, all ye that labour and are heavy laden, and I will give you rest." Matthew 11:28.

Ike's First Top Political Talk Set Thursday

By BILL LOFTUS
PHILADELPHIA (AP)—Dwight D. Eisenhower's first "major political" speech as Republican presidential candidate comes off at Convention Hall here next Thursday. Right now it has several hundred Republicans chin-deep in work.

Ordinarily party workers have an endless amount of work in election years. But the appearance of the presidential candidate in their city or area adds to the work and causes a whirl of arrangements, such as:

A timetable for the candidate, appointments of committees, press, radio and television arrangements, hotel quarters for the candidate's entourage, a motorcade, placards, transportation for the party faithful to the speech, police escorts and . . . well, you get the idea.

Eisenhower's itinerary looks deceptively simple. But behind each movement, appearance, and speech there's a reason and hours of planning and preparation.

He arrives by rail at noon from New York City on Sept. 4 after a tour of six Southern cities. He must be met at the station by party leaders, arranged by protocol in the order of their importance. None must be neglected for fear of offending.

From there the motorcade fears, drivers and traffic patrolmen must be procured) moves down Chestnut Street to Independence Hall.

Then Eisenhower must meet the proper officials, make the proper comments and leave within an hour. From there he moves to a hotel for meetings with the party's state committees. At each he must speak knowledgeably of their problems and at the same time not get bogged down in long conversations. The schedule must be met.

After the meetings, he meets the press at another downtown hotel. Then to Convention Hall.

Here the planners encounter other problems, such as the size of the crowd and the weather. Speeches by state dignitaries must be scheduled so they are finished by the time Eisenhower steps to the microphones and before the television cameras.

When the speech is finished and Eisenhower is acknowledging the applause, you can be sure several hundred party workers will sigh with relief. From then on all they have to do is get out the vote.

Two Governors Get Invitation To Visit Festival At Lamesa

Governors of two states, Texas and New Mexico, have been invited to join in the September 15-16 Fiesta at Lamesa.

In addition to Gov. Alan Shivers of Texas and Gov. Edwin Mechem of New Mexico, members of the Texas Good Neighbor Commission have been urged to participate. So have congressmen, state representatives, consular representatives and other dignitaries.

Bob Bradbury and Thomas Gomez are co-chairmen in charge of planning a colorful spectacle in which West Texans will join with Latin-American neighbors in observing the 148th anniversary of Independence under the Republic of Mexico.

Plans call for gala dancing exhibitions, speeches, parades, and possibly Mexican "charro" groups.

Despite Politics, Plowing Is Also On Schedule At Kasson

KASSON-DODGE CITY, Minn. (AP)—They're going to be doing some plowing, too, at the National Plowing Contest Sept. 6.

The site of the big farm event already has shaped up as a major political arena where Gen. Dwight D. Eisenhower and Gov. Adlai E. Stevenson will mount a plank platform and expound farm views.

But officials of the contest, formally known as National Soil Conservation Day and Plow Matches, stress that all the political hoopla won't deter them in their efforts to put on an event aimed at improving farming practices.

Harold Severson, chairman of the publicity committee, said today "the forgotten men of the soil conservation demonstration and plowing matches are stolidly going ahead with their work and their plans."

The affair is sponsored by a corporation made up of seven southeastern Minnesota soil conservation districts. It will be held on six farms between Kasson and Dodge Center, Rochester, home of the famed Mayo Clinic, is about 17 miles to the east.

There will be two divisions to the plow matches—contour (on hilly land) and level-land. Plowmen from about 15 states have al-

ready entered and tractors, plows and other farm machinery have begun to arrive on the scene.

Among the entrants is 80-year-old J. H. Thomas of Reserve, Kan., who won the England Wales plowing contest with horses when he was 21.

Bevan Predicted Pinch Due To Rearmament

By TOM OCHILTREE
LONDON, Aug. 29 (AP)—Left-winger Aneurin Bevan—the firebrand of British politics—could bask with some reason today in the prestige that goes with successful prophecy. But this personal success, oddly enough, comes at a time when his insurgency within the socialist Labor party shows signs of uncertainty.

Former Prime Minister Clement Attlee, a soft-speaking moderate who is the official leader of the party, has assumed a new belligerent pose—ready to strike back at Bevanite sniping.

This could mean a real showdown when the Labor party conference opens at the seaside resort of Morecambe, Sept. 19.

Political writers of newspapers supporting Winston Churchill's Conservative government are predicting just such a row. But there is another theory that goes like this:

The Bevanites will keep the pressure on the party's official leadership, but will not try for a knockout. The dread of the left-wingers is that they will move too soon and overreach themselves.

Some recent speeches of Bevan's followers can be interpreted this way. But whether the thesis is true or not, this much is certain. The Bevanites think time and events are on their side.

This goes back to Bevan's prophecy. When the moon-faced Welsh orator pulled out of the Labor government in the spring of 1951, he maintained Attlee had committed Britain to a rearmament program that was so large it would cripple the nation's economy.

More and more Laborites have become willing to concede a measure of truth in that claim. Now the Conservatives are showing concern. Prime Minister Churchill himself told Parliament July 30 that dollar-pinched Britain must limit her rearmament drive to avert a "plunge into bankruptcy."

For the Bevanites, that was taken as vindication with a vengeance.

As initiated by Attlee's old Labor government, the arms program called for the expenditure of 4,700,000,000 pounds (\$13,160,000,000) in a three-year period. Later the time was stretched out to four years. It looks as if there will be more stretching out to come.

Two recent developments have clouded the "I-told-you-so" jubilation of the Bevanites. A recent public opinion poll showed support for Bevan among the rank and file of Labor voters declined from 32 per cent last March to 26 per cent in July.

Then the moderates themselves dropped the pose that the whole Bevanite business was just a minor family squabble. Two Attlee supporters—Richard H. Stokes, a former minister of works, and Woodrow Wyatt, a former parliamentary undersecretary for the war office—called the new tune.

Stokes condemned the Bevanites as "a party within a party" and accused them of attempting to dictate the party policy.

Wyatt publicly accused the Bevanites of attempting to "weaken and replace present leadership" and of "coming dangerously near forming a third party of their own."

Panic Fatal To 16

IZMIR, Turkey (AP)—A panicky stampede from a tobacco factory fire last night killed 16 women workers and severely injured 37 others. About 100 workers were hurt less seriously.

Stairs and walls that collapsed in the crush accounted for most of the casualties.
