Following 21 To 0 Loss To Crane . . .

Eagles To Go To Robert Lee For Final Non-Conf. Game

Last September 23, on Eagle Field, Robert Lee and Eldorado battled to a 6-6 tie. Tomorrow night in Robert Lee considerably more of the boys from Robert Lee who participated in that game than of the Eagles will be on hand. In fact, the Robert Lee team will be composed of eight seniors, two juniors, and one sophomore; and they will be tough opponents for the more youthful Eagles.

The Steers under Coach Kenneth Mitchell will be very anxious to administer a drubbing to the Eagles. Coach Mitchell has dealt with Eldorado a long time as he was formerly coach of the Junction. Eagles and as such was forced to absorb a good many shellackings from the Eldoradoans. Coach Mitchell will utilize his several offensive formations including Straight T, I Formation, and even Single Wing to make trouble for Eagle defenders. But most of all, his version of the Steers like to employ straight power plays between tackles in what Coach Ray Morgan graphically describes as "three yards and a cloud of dust" sequences. Enough bruising three yards at a time not only wears out opposing linemen but induces a mental state like panic upon which the Steers like to capitalize. Also when the opposition becomes fascinated with trying to stop these short and brutal short gainers, the Steers like to shuffle in counter plays as distractions; and they are.

They have a very effective passer in their QB Sam Williams, a "Green Giant" sort of high school boy who is supposed to be 6 feet four inches tall and to weigh 190 pounds. He likes to throw long passes to fleet Randy Hall, a 140-pounder, or short passes to the other end, another six footer plus, Albert Fields at 170.

The probable Robert Lee starting lineup is as follows:

No.	Name	Pos.	Wt.
34	Randy Hall	LT	140
75	Lonny Bloodworth	LT	165
76	Lynn Beal	LG	170
50	Teddy Millican	C	160
68	Garry Parker	RG	155
78	James Fields	RT	190
88	Albert Fields	RE	170
40	Ricky Whittaker	LHB	180
28	Ronnie DeVoll	RHB	130
10	Donnie DeVoll	FB	140
11	Sam Williams	QB	190

Incidentally, the DeVoll boys listed above are twins. And QB Williams is picked already by area sports enthusiasts as a probable All-Stater.

Defensively the Steers employ front with two line backers and two half backs with a free agent commonly called a "monster" who will key on an Eldorado back or simply move to the wide side and try to anticipate the play and confuse blockers by his variety of defensive positions.

The Steers will be rugged opposition this time. Their QB Sam Williams is not only a big fine athlete but he is an excellent passer capable of most effective scrambling and able to throw prodigiously long aeriols. He is fast enough and big enough to be a strong and dangerous runner.

Robert Lee lost to powerhouse

Bronte this past week 28-12 after downing Menard 36-0 a week earlier in their season's opener.

The Eagles came through the Crane encounter with no injuries although Jimmy Mann has a sore knee and there are other routine bumps and contusions. Team condition and conditioning in the main will be steadily improving.

Offensive Eagle line up will probably consist of Mike Olson and Paul Page at ends, Danford and Corbell at tackles, Pennington, Torres, or Lloyd at guards, McGinnis at center, with Joel Muzquiz and Pinky Dempsey at halfbacks, Mayo at fullback, and Bob Page at QB.

Defensively, Wayne Doyle and Bob Page will probably make up

—(Continued On Page 5)—

WHERE THEY PLAY

TOMORROW NIGHT:

McCamey at Iraan
Junction at Eden
Rankin at Big Lake
Eldorado at Robert Lee
Menard at Jim Ned
Grandfalls at Sanderson
Bronte at Ozona
Sonora at Mason.

COMMENT— The Sonora-Mason game will give a hint as to relative strength of at least two 8A teams: Junction and Sonora, Junction and Mason tied last Friday night.

Also, games tomorrow night mark the end of the three-game practice period prior to the seven-game conference race for 8A which opens on September 29th.

Eagle fans who are also interested in our future hospital, will have an opportunity Friday to visit a successful small-town hospital when they drive to Robert Lee.

Robert Lee's hospital is operated by the West Coke County Hospital District which includes two commissioners district on the west side of the county. This writer visited their hospital a year ago and found the people there very proud of it. Mrs. Truman Hines is their hospital administrator.

With our subscribers: Mrs. Rusty Gibson has entered a subscription for her son-in-law and daughter, Mr. and Mrs. James Dziuk, and their address is s. c. Dining Service, Krysko Commons, Winona, Minn. 55987. Mrs. Dziuk is the former Eldra Gibson.

Lloyd Johnson subscribed for Mr. and Mrs. James H. Pullen of 4040 Georgia St., San Diego, California 92103.

Miss Pat Rogers is a new subscriber at 2800 McCart, Apt. E, Ft. Worth, Texas 76110. She is teaching this coming school year in Fort Worth.

The W. L. Talley's new address is 523 Virginia Ave., Nacogdoches, Texas 75961.

—ps—

I tried out this new EDDD telephone business last week.

I have the darndest time trying to keep from saying DDT!

Anyway I decided to call my sister up near St. Paul, Minnesota, and I had to write down all the numbers. It went like this—

112-612-464-2777. (Gezzl)

The next voice I heard was central saying, "Your number please?"

I gave her my number and then waited. Next thing I heard was "buzz-buzz-buzz" the busy signal.

So I hung up and tried again 15 minutes later with the same result. That kinda made me mad, but I couldn't decide if I should be mad at the telephone company or be mad at my sister for being so long-winded on a local phone up there.

The third time—again 15 minutes later—it came through, and except for some interference on the line we had an agreeable 10-minute conversation.

Having got the spirit of the thing I decided to call my nephew in Minneapolis. The dialing went like this—

112-612-789-3698.

I'll be darned if the call didn't go through slick as a whistle. I asked him about the Minnesota Twins, who were leading the American League in baseball. He said they are all hoping the world series will be held there in Bloomington again this year, but the Twins had lost a game that day.

He went on to say that they were having a dry spell there at the twin cities and they were all hoping for rain. I told him that that was a normal condition down here—we never have enough rain to suit anybody.

But back to EDDD.

It's a kind of a thrill to sit in your kitchen and dial someone away off. But more and more we are losing the old personal touch we used to have with our old central operator, especially in small communities.

Do any of my readers remember the time when you'd ring central and it would go like this?

"Number?"

"Helen I wish you'd ring Dr. Harris for me. My kid has got the croup."

"The doctor has gone out to Anderson's. Mrs. Anderson is having a baby. The doctor don't expect to be back until 6:00 o'clock. I could call Mrs. Adams for you. She's pretty good at that sort of thing."

That was personal service with a capital "S". The central operator knew everything, and some things she was not supposed to hear.

There are no small-town telephone exchanges any more. They have all been merged with metropolitan exchanges. The calls I made last night could never have been made so quickly in the old days.

But now it's numbers—numbers—and more numbers.

Area code numbers! Zip code numbers! Access code numbers! Social Security numbers—Account number!

I'm not me anymore. I'm just an Account Number! Born 40 years too late!

The price we pay for progress.

—ps—

El Dorado Woollens have announced sale of their garment operations here and in Sonora to Miss Ce Manufacturing Co. in San Angelo. The firm will continue to make blankets, draperies, robes, etc. in the local mill.

Godwin Makes Hole In One . . .

Partnership Golf Tournament Planned

W. G. (Tiny) Godwin made his first hole in one at the Eldorado Golf course Monday afternoon. His ace was on hole number six. This was the third hole in one made since the course was opened. Dick Preston was the first gofer to accomplish this feat on hole number one, and Gerald Childers got the second ace on hole number two.

Plans have been made for the second golf tournament at the Eldorado Golf Club. It will be a low ball partnership tournament. Golfers interested in playing will qualify before Monday, October 2. The qualifying round must be 18 holes. Players will be placed in two flights, and partners will be designated according to scores.

Work is progressing on the three new greens that are being added to the course. Two four pars, and another three par will make the course nine holes. New dirt is also being added to the existing greens that will eventually enlarge them, as well as make the slope around the greens more gradual.

Hospital Directors OK Tentative Budget

According to the act of the Texas Legislature creating Schleicher County Hospital District, provision is made for directors to adopt a budget each year for the year beginning October 1st.

The board met Monday night for that purpose.

Since the board at that time did not have title to the land on which the plant will be built, and since at best it will be August 1968 before there is a hospital—the board had to "reach up in the air" and come up with figures that would qualify as a budget.

Tax men from three oil companies were present for the budget hearing and voiced no objection after hearing how figures had been arrived at.

Architect Don Goss of San Angelo is working on completely new hospital plans in co-operation with Consultant Tol Terrell. It was estimated recently that plans will be ready by December first for submission to contractors.

Work Starting On New Enco Station

The Carl Cahill men and equipment were at work late last week clearing off the site of the old Eldorado Motor Co. They were delayed in their work by the heavy rains that hit during the week end and had to work some Monday to complete the project.

The lot remained boggy and soft through Tuesday, but workmen began to get the location ready for the new Enco service station. Once the work really gets going, the project is expected to take about 60 working days to complete.

SALES PADS for sale at the Success office.

Absentee Voting On For 'Wet' Election

As of Tuesday morning, there were 9 absentee votes cast in the County Clerk's office in the upcoming election to legalize sale of alcoholic beverages here in the county.

The election is called for Oct. 7th and if passed will legalize sale of the beverages "for off premises consumption only."

Deadline for absentee voting is Oct. 3rd, and goes on each week day in the Clerk's office between the hours of 9:00 a.m. and 5:00 p.m.

Blair & Gausemeier Lease Enco Station

Charles Blair and Sam Gausemeier have leased the Enco service station in south Eldorado from Raymon Mobley. The station is located at the junction of the Big Lake and Sonora highways.

The two new partners are already in charge of the business and further details on their opening are in their ad on page 7 of this Success issue. They are having a drawing on September 30th.

Lions Club Asked For Blood Donations

At the meeting yesterday of the Lions club, blood donations were asked for Robert L. Brooks in Hendricks Memorial Hospital in Abilene. Mr. Brooks is a brother-in-law of Bruce Shipman of this place. Blood donations may be made through the Southwest Blood Bank in San Angelo.

Bill Rountree presided, and the club voted to have Rusty Meador to become new pianist for the club, because Mrs. Olson will no longer be able to fill the position.

The club is selling Zip Code directories for \$1.00 each.

For the program, Elmer Hurley of Bronte showed slides of the Lions International Convention held in Chicago last summer. Other guests from Bronte were Austin Masterson and Cecil Cox.

Also on hand as guests were Susan Hill, currently queen of the local club; District Governor Marvin Allen of San Angelo, and J. B. Morris of the Boy Scout office.

Boss Lion Rountree presented L. V. Newport with his certificate as a new club member.

At the opening of the meeting, Joe Christian led singing of "America" accompanied by Mrs. Olson, Gov. Allen led the Flag salute, and Rev. D. G. Salter gave invocation.

New Babies

A daughter, weighing 7 lbs., was born Sept. 16th in a San Angelo hospital to Mr. and Mrs. Farris Glenn Nixon. The baby was named Margaret Isabel and will be called Maggie.

Grandparents are Mr. and Mrs. Sarris Nixon of this place and the maternal grandparents live in Muzquiz, Old Mexico, where the Nixons also make their home.

Mrs. Paul Nixon is a great grandparent.

Rainfall Last Week General Over County

Last week's two-day rainfall apparently was general over this county and to judge by the following tabulation it would be fair to say that average rainfall was at least four inches.

Edwin Jackson East Ranch . . .4.20
City Eldorado, about . . .4.00
T-Circle . . .3.20

(6.20 in last 3 weeks)

Gene McCalla . . .5.10
H. A. Belk, about . . .4.00
Grat Edmiston . . .4.30
Parker Bros. Bailey Ranch . . .2.50
Faye Baugh Spench ranch . . .3.70
S. D. Harper . . .7.00
Northern Natural . . .5.50
J. Forrest Runge Ranch . . .4.00
Henry Moore . . .3.90
Howard Derrillk Ranch . . .7.00

According to figures from Lloyd Johnson of the Soil Conservation office, average rainfall for the county for eight months (Aug. 31) was 11.27 inches. Adding 4 inches for last week would make a total of 15.27 for 8½ months.

A report in this paper exactly one year ago gave—average rainfall for 8½ months was 17.61 inches—nearly 9 of it falling in August and September. That record was followed by 6 months of drought and it is hoped this year does not follow that pattern.

As the above report was being written Tuesday evening, hurricane Beulah was doing its stuff in the Gulf of Mexico and threatening Gulf Coast cities. It was creating weather disturbance this far up in the state and more rains were possible.

Another half inch of rain fell in Eldorado Tuesday night and more was being predicted.

New Cars Are Being Shown Here Today

The new '68 Oldsmobiles and Chevrolets are being shown all day today, Thursday, in the showroom of Eagle Chevrolet-Olds.

Jim Thornton and Paul Page invite everyone to come in and see the new cars, have refreshments, and souvenirs, and to register in Oldsmobile's national contest in which new Oldsmobiles and cash prizes are being given away.

News of the Sick

Claude Doyle is back home after 3 weeks in Clinic-Hospital, and is doing well.

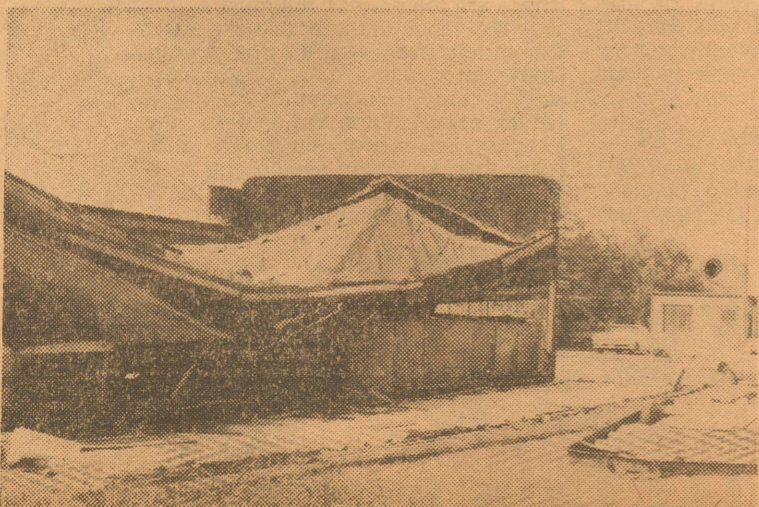

Mrs. L. M. Hoover was taken to Sonora hospital early last Thursday morning by Sheppard ambulance, for observation and treatment. She came home Monday.

Ed DeLong sustained a heart attack Saturday, and was taken to the Sonora hospital.

Timmy Farris has been in Sonora hospital for the past week where he is undergoing treatment. He is in Room 116 and will be glad to receive cards and letters. He is the 11-year-old son of Mr. and Mrs. Alvin Farris.

Mrs. L. T. Wilson is at home following a recent stay in the hospital.

County Extension News

W. G. Godwin, Co. Agent

GODWIN COL -- sBgd E TET High school agriculturists often ponder the question of what occupation they should prepare for in College. The answer isn't easy but they should consider a field known as agricultural communications or agricultural journalism.

This is a career field which is facing a shortage of qualified men and women. Their job is to communicate with the increasingly sophisticated farm community.

This shortage of personnel has left excellent opportunities open in such fields as: farm magazines,

radio and television, advertising, machinery, fertilizer, seed, feed and petroleum sales and promotion; farm management agencies; livestock and other agricultural associations and organizations.

The colleges and universities offering degrees in agricultural communications have programs involving courses which give the student fundamental studies in the liberal arts and then an adequate background in general journalistic work with specified knowledge in phases of agricultural writing.

For information on the colleges and universities offering degrees and the opportunities in this field, it is suggested that students consult with their high school counselor or the college or university of their choice.

On church bulletin board: "You aren't too bad to come in. You aren't too good to stay out."

The ranchman must know the kinds of plants growing on his range, their forage value, when to utilize them properly with the right kind of livestock and the proper season.

Grass is our basic heritage. It affords protection from floods, guards our cities' water supplies, furnishes our great cereal crops and supplies forage for livestock and wildlife.

Knowing range grasses, like knowing livestock, is the foundation for good ranching. A ranchman is in the grass business, and livestock and wildlife are his salable by-products of this grass production.

The kind and amount of vegetation determines the kind and number of livestock that can be grazed, and since grass is the cheapest feed that can be grown, good management of it can mean money in the rancher's pocket.

For information on the types of grasses in your pastures, ask for publication B-182 at the county agent's office. This publication illustrates the grasses of Texas and tells their grazing quality.

Trying to get a word in edgewise with some people is like trying to thread a sewing machine with the motor running.

The objective of brush control is to get the longest period of control for the least cost, with the largest possible increase in forage and livestock production.

Since brush control is only one important phase of the overall ranch management program, it should be combined with proper stocking and deferred rotation grazing for greatest returns.

Deferred grazing following any brush control program is a necessity. Little improvement in range forage production may result when pastures on which brush control practices have been carried out are not deferred.

Increased grass production is not

the only benefit derived from a properly conducted brush control program. Others listed include the ease of working and caring for livestock, and increase in the number of offsprings, less trouble, from parasites, livestock are gentler, food and cover for wildlife is improved and fewer breeding males are required.

Several publications are available from this office covering the various methods of brush control.

A woman can be scared to death by a mouse, but she is usually willing to take her chances with a wolf.

On many farms, grain has been stored or will soon be. Insects will damage much of this stored grain if preventive measures are not taken before and after storage.

One of the first requirements for proper grain storage is the use of adequate facilities. A good facility should exclude all outside moisture, be easily accessible for inspection and fumigation of the grain and bins in which grain can be aerated are helpful in cooling and drying grain.

No matter how well the storage facilities are constructed, they cannot protect the grain unless they

are clean. Before they are used, bins should be thoroughly cleaned of all waste material and sprayed with a residual spray. Old grain, trash or other debris furnish excellent living quarters for insects.

Malathion has been approved for use in stored grain as a protectant against insects. If this chemical is applied before the grain is placed in final storage, it will greatly reduce the possibility of insects damage.

Ask for a copy of L-217, "Control of Insects in Farm-Stored Grain."

Although the race is not always to the swift, nor to the strong—that's the way to bet.

\$393,000 Set For Schleicher FM's

The Texas Highway Commission has approved the expenditure of \$393,000 for the highway safety and betterment and improvement of the farm to market road system in Schleicher county during 1968. District Engineer J. A. Snell of San Angelo said that a total of 41.9 highway miles in Schleicher

county will be involved in the annual program. The work is part of the Highway Commission's combined Farm to Market Road Improvement and State Highway Safety and Betterment Program for 1968.

The safety and betterment portion of the program will cover 11.2 highway miles in the county at an estimated cost of \$24,000. The farm to market road improvement program will cost an estimated \$369,000 for 30.7 miles of FM roads.

State-wide the program calls for the improvement of 5,182 miles at an estimated construction cost of \$39.8 million and right of way cost of \$137.5 thousand. Work will include 859 projects in 212 of Texas' 254 counties. In all, 399 projects are on State- and U. S.-numbered highways in 160 counties and 460 projects are on farm to market roads in 170 counties.

The safety and betterment portion of the program calls for work on 2,408.9 miles of highways at an estimated cost of \$22.2 million. Purchase of 9.8 miles of right of way will cost an additional \$127.5 thousand.

The farm to market road improvement portion of the program calls for work on 2,763 miles at an

estimated cost of \$17.7 million.

Hal C. Woodward, chairman of the Highway Commission, cited the proposed improvements for their important role in the Department's continuing highway safety program.

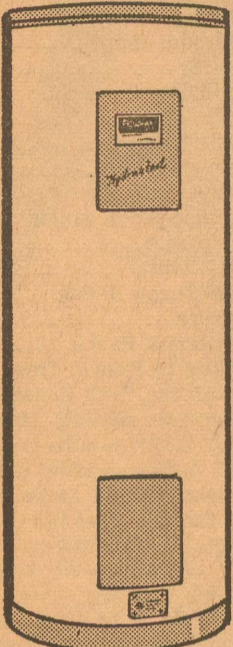

"This combined effort extends and amplifies the Texas Highway Department's long-standing concern for the safety of those who travel on these two vital highway networks."

He said types of work included by the program includes surface widening, bridge widening and replacement, base strengthening, seal coating and resurfacing and rebuilding of shoulders.

Jim Thornton and family have moved from the Jimmy West house to the Oglesby house west of the school.

Mr. and Mrs. Jay Brooks Morehouse visited over the week end with the S. D. Harpers, L. W. Steens, and Ed Meadors. The Morehouses are newlyweds, having married August 18th, and they were on their way from Los Altos, Cal., to spend a year in Europe where they will travel and attend one semester of school in Switzerland. The bridegroom's mother is the former Jetty Grace DeLong.

Dramatic! Distinctive! Daringly new!

'68s Top Secrets are here

1968 Chevrolets

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE

And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE

There are new engines, a bigger standard Six and V8. There's a new

250-hp V8 you can order that runs on regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

UNIQUE ASTRO VENTILATION

There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES

You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

master cylinder brake system with warning light, plus many more new features. Among them: energy absorbing front seat backs, and safety armrests that shield the door handles.

MUCH MORE THAT'S NEW

There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the car.

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now. You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!

Miss Dana and James F. Runge, Jr.
Marry In Home Ceremony Saturday

MRS. JAMES FORREST RUNGE, JR.

—Photograph by Bradford Bachrach

Dr. and Mrs. George William Dana of Rydal, Pennsylvania, announce the marriage of their daughter, Grace Coe Dana, to James Forrest Runge, Jr., son of Mrs. J. Forrest Runge and the late Mr. Runge.

The couple were married Saturday in an outdoor setting at the Runge Ranch by the Rev. Toney McMillan, pastor of the First Presbyterian Church of Eldorado. The guests arriving for the wedding ceremony were greeted by a large flare at the front gate of the Runge home. The Bridal Party followed a path lighted by luminaires to a large oak in the yard for the ceremony.

The Maid of Honor was the bride's sister, Miss Susie Dana. Richard Sealy Runge served as his brother's best man. Lothaine Rehrig of Philadelphia, cousin of the bride, was bridesmaid. Randall James Runge, nephew of the bridegroom, was ring bearer. Attendants and ushers were George William Dana, Jr., Edwin Hall of Dallas, Marvin McAngus, Jr. of San Angelo, Max G. Michaelis, III, of Kyle, Robert W. Biggar and Charles Morrow of Denton, David Hall of Eden, Denzel Fisher of Alpine, James Cheek and Richard Preston of Eldorado.

The bride's satin gown featured a bodice of Alencon lace, rounded

neckline, three-quarter length sleeves and an Empire waist descending into an A-line skirt with chapel train.

The bride is a graduate of the University of Texas and will attend the Law School there. She has been selected as a candidate for the Texas Law Review. The groom is a former student of Texas A&M University and of North Texas State University. He was a member of the Texas A&M track team and the NTSU fencing team. He qualified for the 1967 National Fencing Championships and qualified for and participated in the 1967 National Modern Pentathlon Championships. After a wedding trip to Mexico the couple will live in Austin.

In the house party for the reception at the ranch immediately following the ceremony were Mrs. Jene Moore of Santo Domingo and Miss May Runge, sisters of the groom, Miss Constance Spence, Mrs. Tom Atwood, Mrs. Richard Sealy Runge and Miss Diane Hall of Eden.

Guests from out of this area were Mrs. Frank Spencer Holdcroft of St. Petersburg, Florida, aunt of the bride; Mr. and Mrs. H. Runge and Miss Elizabeth D. Runge of Galveston; Mrs. Lela Martin of Stonewall; Mr. and Mrs.

John K. Kroeger and Steve Kroeger, Burnet; Mr. and Mrs. Jack Focke, Bandera; Mr. and Mrs. Sam Nasr and Mona Nasr, Mr. and Mrs. Roy Kay, Mrs. Jewell Budd, Charles Schwobel and Gil Trigg, all of Austin; David Steen and Mr. and Mrs. Jerry Carlman, of Dallas; Pat Rink and Mike Fiddes of Denton; Charles H. Newlin of Brady, and Aldrian J. Chandler of Geneseo, New York.

The mother of the bridegroom was hostess Friday night for the rehearsal dinner at the ranch.

Mr. and Mrs. C. E. Reynolds are new here, and are living in a Crosby apartment. They are parents of Mrs. Gerald Childers.

Today, millions of people are getting young ideas. The '68 "youngmobiles" from Oldsmobile are here.

Get young ideas in this new Cutlass 5: It's young in the way it looks, young in the way it acts. And you'll find the same young ideas in all 31 "youngmobiles" from Oldsmobile.

New Performance: Here's an Oldsmobile that performs young, rides young, feels young. There's greater economy from a brand-new generation of Rockets. Choice of a 350-cu-in. Rocket V-8 or 250-CID Six.

Exciting Style: Here's an Oldsmobile with contemporary style and smart new interiors. Two coupes, plus a bucket-seat convertible. All with louvered hood, hideaway wipers.

Sporty Features: Here's an Olds you can practically design yourself. Young it up with a stick-shift, center console, dual exhausts, Rally Sport Suspension. Plus all the new GM safety features.

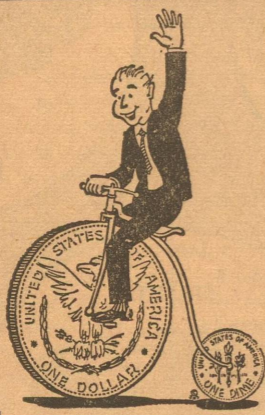

See them. Drive them. At your Oldsmobile Dealer's.

Friday, Sept. 29: Steamed sausage, macaroni & cheese, English peas, tossed green salad, buttered rolls, milk, chocolate cake.

Homemakers Meet

The Homemakers Home Demonstration Club met Sept. 14 in the lovely home of Mrs. Leo Prater. Mrs. E. G. Donaldson, vice pres., presided over the meeting. Election of new officers was held and the following elected for the coming year:

Pres. — Mrs. W. A. Tampke
Vice-Pres. — Mrs. Leo Prater
Sec.-Treas. — Mrs. Billy Collins
Council Delegate — Mrs. D. Taylor
Rep. — Mrs. Damon Wagoner
Nov. 17 is the suggested date to the council for a bake sale.

A county wide workshop on refinishing furniture is set for Oct. 10th at 2:00 p.m. in the Memorial Building.

An all day work shop of club members is to be held on Wednesday the 20th of September.

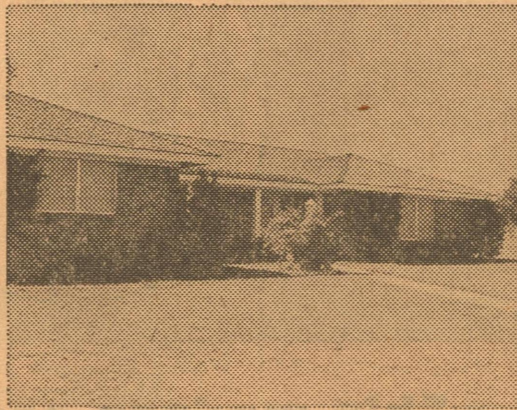

An interesting demonstration was given by the agent, Vida Krelow, on spot cleaning in the home.

Refreshments of ice cream, coffee and tea was served to ten members and the agent.

Juanita Taylor and Nancy Wagoner joined our club as new members.

The next regular meeting will be held on the 18th of October as another all day work day in the home of Mrs. W. A. Tampke. — Rep. Velma Tampke.

ELECTRIC CONDITIONED LIVING ● ELECTRIC CONDITIONED LIVING ● ELECTRIC CONDITIONED LIVING

What people are saying about...

A CLEAN BREAK WITH THE PAST

"Sold on the cleanliness!" says Mrs. John Barrows of San Angelo, Texas. The Barrows have lived in total-electric comfort for almost three years, and are pleased with the living! Pleased that it is so clean... less dust. Pleased with the electric cooling and heating because it does such an "excellent job." Pleased that they can set the temperature controls one time in the summer, and one time in the winter and a constant temperature is maintained. The Barrows are pleased that there have been no service problems with the heating or cooling units, no cold spots in winter or hot corners in the summer. Both are especially pleased that the electric

bill is so reasonable. Only \$42.31 per month average. That is the total operating cost for cooling, heating, lighting, laundry, water heating, cooking, cleaning and running all of the work-saving electrical appliances for a family of 5 — and Robert, age 15; Ken, age 11; and Bryan, age 10; are active youngsters who open and close the refrigerator a lot... need lots of clean clothes and open and close doors frequently. Seven room, 2300 square feet — just \$42.31 per month average.

Electric living is great — talk to your electric contractor or visit WTU and find out how easy it is to live better electrically.

MAKE A CLEAN BREAK WITH THE PAST — convenience and comfort are great in Total Electric living.

Make a clean break with the past...convenience and comfort are great in Total Electric Living

In Those Days

Compiled From Success Files

ONE YEAR AGO

Sept. 22, 1966-The big trip to Dallas for the SMU-Navy game, which was promoted by the Methodist young people, was coming up Saturday.

Mr. and Mrs. Dick Preston and Mr. and Mrs. Gerald Hartgraves were in Austin for the State Democratic Convention.

Cheer leaders pictured were Nancy Kay Jurecek, Billie Gayl Blaylock, Carolyn Wilson, Chris Edmiston, and Randy Yates.

FIVE YEARS AGO

Sept. 20, 1962-A barbecue was set in Sonora for Jack Cox, candidate for Governor of Texas.

Bill Bowen was in charge of arrangements for a minstrel show which was to be the Fall money-raising project for the P.T.A.

Betty Humphries was president of the Future Homemakers chapter. Other officers included Linda Nixon, vice-pres.; Jan Davis, sec.; and Linda Sauer, treasurer.

Mrs. L. T. Wilson came home from California to attend her brother's funeral in Mason. He was J. M. Doyal, 84.

After serving as pastor of the Baptist mission church in the Latin-American community here for some time, the Rev. R. R. Martinez was moving with his family to Rockdale.

Henry Speck Jr. resigned as a material man at the Southwest Texas Electric Co-Op, and Damon Waggoner was named to the job.

12 YEARS AGO

Sept. 22, 1955-Seventeen typewriters were reported stolen from the high school.

Lloyd Johnson brought in the county's first bale of cotton from the Joe Edens place.

The firemen were called out to a blaze at the Eldorado Wax Co. plant near Huldale.

Johnny Mayo's Cactus service station was burglarized, and about \$10 in goods was taken.

Jimmy Whitten was elected president, and Dick Runge vice-president of the FFA chapter. Domingo Pina was secretary.

Jr. High Choral met and elected officers: Sammie Mayo, pres.; Mary Ann Nixon, vice-pres.; Lela May Cosgrove, sec.-treas.; and Gnelle McCalla, reporter.

Mr. and Mrs. Elton McGinnes had their infant son, Robbie, in San Antonio for medical treatment.

Wilma Fay Nixon and Bob LaCombe were married.

Burnell Doyle was president and Ann Alexander vice president of Future Homemakers chapter here.

35 YEARS AGO

Sept. 23, 1932-Jesse Mercer opened a service station and cafe at the intersection of the Ozona road.

Miss Lucile Oglesby left for Brownwood to enroll in Daniel Baker College.

The Grand Jury met and indicted W. T. Altiser and Erie Tipton of Menard county for burglarizing the Santa Fe depot, and Wallace Bailey and T. W. Clark who were charged with burglarizing Leaman's store.

Orville Bullington, Republican nominee for Governor of Texas, spoke at Waco.

The gins were busy and cotton was moving, and it was predicted that around 6500 bales would be produced.

J. A. Whitten, chairman of the State Livestock Commission, moved his office back to Eldorado from San Angelo.

Mr. and Mrs. C. E. Knight and Mr. and Mrs. J. H. Jarvis attended the Lions Carnival at Sonora Monday night. They report lots of fun and a large crowd at the entertainment.

The Seniors met with Mr. W. E. Ezzell of Big Spring, representative of Herff Jones Jewelry Co., to order class rings. Willie Ruth Johnson was president, Jim West vice president, and Roberta Milligan, secretary-treasurer.

Other classmen present were: Hollys Alexander, John Alexander, Evelyn Anderson, Lillie Barrows, Margaret Bradley, Alicia Burk, Nell Campbell, Edward Cox, Donnell Jones, Pay Keeney, Lillie Belle Kent, Luther Kent, Jack Kerr, Frances Mills, Jack Ratliff, Auta Mae Reynolds, Hassell Ratliff, Bell Sample, Margaret Sheen, Aubrey Smith, Raymond Smith, Thelma Taylor and Mary Dell Williams.

The high school Agriculture class had J. R. Conner, Dee DeLong, Buddy Henderson, Jack Kerr, Luther Kent, Alvis Enochs, and Raymond Reynolds as the students.

ELDORADO LODGE No. 890 - A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Community Calendar

Sept. 21, Thursday. DAR meets. Sept. 21, Thursday. Ozona 7th & 8th graders here for football game at 5:00 p.m., & Jr. High game at 6:30. Freshmen to Ballinger for game at 7:30.

Sept. 22, Friday. Eagles to Robert Lee for game at 8:00 p.m.

Sept. 26, Tuesday. Woman's Club meets for Autumn Coffee, 9:30 a. m. in home of Mrs. Vernon Rogers.

Sept. 27, Wednesday. Lions Club meets 12:05, Memorial Building.

Oct. 7, Saturday. Wet election. Oct. 15-22. Revival at First Baptist church.

Oct. 23, Monday. Lions Club ladies night honoring the school faculty.

Nov. 8, Wednesday. Lions Club Broom and Mop Sale.

Nov. 11, Saturday. Amendment election.

(Continued From Front Page)

the defensive halfbacks with Paul Page, David Llopd, Mickey Clark, or Buff Whitten as linebackers.

The line will probably consist of Olson, Corbell, Pennington, Mayo, Danford, and Dempsey or possibly Jimmy McGinnes who exhibited some granite-like stops to several Crane backs last Friday night.

The Robert Lee contest is scheduled to begin at 8:00 o'clock.

Eagles Grudgingly Lose Game To Crane

Crane's Golden Cranes downed the Eldorado Eagles 21-0 last Friday night. Surprising thing is that the Cranes had so much trouble getting the job done. Their ball club of junior and senior students found the Eldorado team which is manned in a number of places with sophomores a very contentious, aggressive, and boisterous aggregation in spite of their youth.

Game statistics show that the Cranes got along better by capitalizing on Eagle errors than the Cranes did by their own efforts. For example, the Eagles were making a serious bid to score but fumbled on the Crane 23 yard line. The Cranes did not stop the drive; the fumble did.

Eldo.:	Crane:
5 First downs	14
90 Yds. rushing	195
3of12 passes att. & compl.	2of9
for 28 with yards	for 35
108 Total yards	230
3 Fumbles lost	5
2 of Crane's Fumbles rec.	5
4 of their own	
3for25 Pen. & yds. lost	3for35
9for30 Punts & av. dis.	3for36

A wet field contributed to the total of 10 fumbles which plagued both teams. Eagle defenders recovering Crane losses were Mickey Clark and Bob Page, both sophomore defensive backs. Halfback Roy Davidson intercepted a Crane aerial; but Crane captured two Eldorado passes for superiority in this department.

Crane touchdowns came with two minutes to go in the first quarter and midway in the second to lead 14-0 at the half. Eagle defensive efforts, adjusted at the half, held the Cranes scoreless in the third quarter but they managed the third score only two minutes into the fourth period.

Coach Don Anderegg with only two minutes left and a 21-0 lead finally sent in some of his reserves. The Eagles promptly started up the field but a fleet Eagle back fumbled after a 15-yard game but worse the Eagles drew a 15-yard penalty which brought the ball back within 25 yards of Eagle vital territory, the Cranes having a first and 10 and barely a minute to go. At this point Coach Anderegg sent in his best. The Eagles faltered but did not to the extent of giving up the score. Final play saw Cranes' possible score nullified by an off side penalty; so the game ended 21-0. Last year in Crane it stood 21-7 at the final horn.

Sometimes "It's too wet to play" and sometimes it's pretty wet to pass. That was the way the Cranes played it.

Mike Olson led the way with a rapidly developing Eagle defensive crust which saw the Eagles turning in fine performances. Mickey Pennington, John Mayo, Jim McGinnes, Alan Corbell, and John Danford were very reluctant donors for real estate to the Cranes as they discovered. Bob Page distinguished himself with several emphatic open field tackles as did Jim Mann, David Lloyd, Joel Muzquiz, and Paul Page who were stationed near enough to the line to encounter Crane blockers quite frequently.

Pinky Dempsey, Wayne Doyle, Roy Davidson, and John Mayo made respectable gains against the sticky and stubborn Crane defense.

Neither team as might be expected so early in the year has reached its optimum; but there is a distinct possibility that the Eagles will post a better record for the year than the Cranes do.

No game summary would be complete without at least two comments: First, the new Eagle Field is a beautiful athletic facility and a first class adjunct to the Schleicher county school plant. Second, this may be a biased statement but from at least one seat in the stands, the Eldorado Eagle band clearly out-sparked the Golden Cranes in the halftime festivities. The Cranes seemed slow and ponderous and just did not match the Eagles' spirited and beautiful performance.

Lori Griffin was honored last Saturday morning on her ten birthday when her mother, Mrs. Lynn Griffin, gave a party in the Corral room of the Memorial Building. Games were played and refreshments were served to several children and mothers.

Home Demonstration Agent's Column

By MRS. VIDA KREKLOW

Wet Roads Turn Car Into Boat

College Station.—It takes only 1/5 of an inch of water on the road to turn your car into a boat.

"Driving on wet roads at high speeds, especially with worn or underinflated tires, can lead to disaster," points out Henry O'Neal, Extension agricultural engineer, of Texas A&M University.

What happens is a phenomenon called hydroplaning, he explains. When a vehicle travels on roads covered with as little as 1/5 of an inch of water, slush, oil or even mud, the front wheels can ride the surface of the fluid—just like a surfboard or water skis on a lake.

When the front wheels hydroplane, the driver loses ability to steer, and most important, he loses the use of his front wheel brakes, O'Neal said.

Major factors in hydroplaning are depth of fluid on the road, surface conditions, amount of tire tread, air pressure in the tires, and speed of the vehicle.

Threadbare tires have lost their ability to "wipe" moisture off the road, and underinflated tires tend to lower the speed at which a car will hydroplane.

For example, an auto with tires inflated at 24 to 30 pounds will hydroplane at speeds ranging from 50 to 57 miles an hour, according to the National Safety Council. Partial hydroplaning can occur at 30 miles an hour if your tires carry only 24 pounds.

At about 50 miles an hour the front tires are lifted up on a tough film of water with only ribs touching. At 55 miles an hour the front tires lose all contact, and at 60 the front wheels can come to a complete stop.

"No one knows how many traffic accidents have resulted from hydroplaning," O'Neal said. It may be a factor in many "mystery crashes" where a car goes out of control for no known reason.

"When driving on wet roads, keep your speed moderate," the extension engineer advises. Make sure your tires have plenty of tread and that they are correctly inflated.

"If you do skid, keep off the brakes and the gas. Turn in the direction you wish to travel—that is, if the rear end swings left, steer left and vice versa."

The name of the game is football but the winner of the real game is the mother who plans ahead for game day foods and has time to enjoy the whole performance.

This salad can be mixed on Friday morning and be served at supper with all the ease in the world. It's good and it's not expensive, which is quite a combination these days. Try it tomorrow.

Egg and Baked Bean Salad

With eggs and beans both plentiful, this salad by USDA food specialists will be prized because it is thrifty and easy to make.

4 chopped hard-cooked eggs
2 1/2 cups well drained baked beans

1/2 cup sliced celery
1/4 cup chopped parsley

1/3 cup finely chopped onion
1 tablespoon mayonnaise

1 teaspoon prepared mustard
1 or 2 teaspoons prepared horseradish (as desired)

1/2 teaspoon salt
1/8 teaspoon pepper

Several leaves lettuce
3 slices, crumbled, cooked bacon.

Combine eggs, beans, celery, parsley, and onion. Blend the mayonnaise with the seasonings. Stir into egg mixture. Chill at least one hour. Serve in crisp lettuce. Garnish with bacon.

Calories per serving: About 240. Variation: Egg and Kidney Bean Salad. Use canned kidney beans in place of baked beans.

Menu Suggestions: Serve with potato chips, raw cabbage wedges, and pickled beets. Have baked apples for dessert.

Calories Do Count

Increased physical activity such as swimming, tennis, and outdoor life—or even more walking—can help your lose weight if you're a careful calorie counter.

Crash reducing diets are too strenuous to stay on long and are not recommended. A sensible reducing diet is one you can continue and one which provides three well-balanced meals a day. Naturally, you must cut down on the number of calories you eat, for unless your calorie intake is less than your body needs for energy, you won't lose excess body fat, say nutritionists with USDA's Agricultural Research Service.

A diet built around foods that are a part of the family's way of eating will make it easier for you to stick with your diet, and it's also easier on the cook.

Another advantage is that once you have lost unwanted pounds you can continue this pattern of eating and hold your weight level and waistline. Perhaps you can gradu-

ally add a few more calories particularly if you keep up your physical activity.

Say you've been eating only 1,200 calories a day including 2 cups of skim milk as part of your reducing diet. You may raise this to 1400 calories by changing to 2 cups of whole milk and adding another ounce of lean meat to the day's meals.

Keep an eye on the scales as you inch your calorie intake upward. Keep exercising and avoid those high-calorie foods such as rich desserts and foods high in fat content. This way, you'll be able to stay slim—and have a better chance to stay healthy.

Macaroni and Cheese Souffle

This souffle recipe developed by USDA food specialists does not require a cream sauce and is quick and easy to make whether you use freshly cooked or left over macaroni. It's especially thrifty now while eggs are plentiful.

1 cup cooked elbow or 1-inch macaroni

4 well beaten egg yolks
1/2 teaspoon dry mustard
1/8 teaspoon pepper

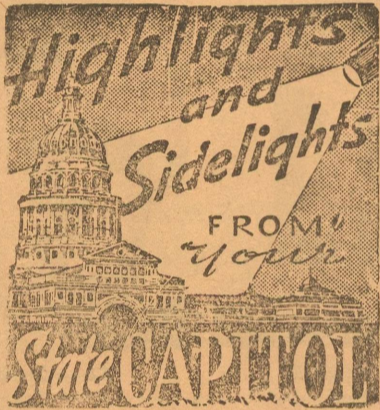

1 cup process cheddar cheese spread
4 stiffly beaten egg whites.

Chop macaroni fine. Preheat oven to 350 F. (moderate). Grease a 1-quart casserole.

Combine macaroni with egg yolks, mustard, and pepper. Soften cheese spread over low heat. Add gradually to macaroni mixture, stirring constantly. Blend well. Fold in egg whites. Pour into casserole and set in a pan of hot water. Bake about 35 minutes, or until set.

Calories per serving: About 215. To reduce calories to about 155 per serving, use only 1/2 cup cheese spread. Blend 1/4 cup skim milk or reconstituted nonfat dry milk with the cheese before adding it to the macaroni mixture.

Menu suggestion—Serve with cold cuts sausage cakes and a salad of shredded carrots, diced apple, and raisins. Have ice cream for dessert.

Austin, Texas.—Indecision still prevails.

Nobody knows for sure whether Gov. John Connally plans to run for an unprecedented fourth term. But Capitol corridors echo with the sound of guesses and counter-guesses, predictions, arguments and wagers about it.

In any event, the decision may come earlier than the Governor indicated. Close advisors say a decision may be announced soon.

Some observers think an early decision would be a decision to step down. Announcement would be made early so that potential candidates waiting in the wings would know which way to jump. For instance, Speaker Ben Barnes, a Connally protege, is expected to run for governor if Connally retires. Otherwise, Barnes would run for lieutenant governor.

So far, Lt. Gov. Preston Smith is the only announced candidate for the Democratic nomination for governor.

A race between Smith, 55, and Barnes, 30, would pit the younger generation against the older. Both are conservatives.

Republicans appear to be grooming former Atty. Gen. Will Wilson for the race for governor.

There is some talk, too, that either Sen. Ralph Yarborough or Don Yarborough of Houston may get in the race. And there are those who think it possible that former Atty. Gen. Waggoner Carr may run.

Also mentioned as contenders for the office of lieutenant governor on the Democratic ticket, in addition to Barnes, are former Sen. Franklin Spears of San Antonio, Sen. Murray Watson of Waco and Sen. Ralph Hall of Rockwall.

Vote Drive Set

Liberal Democratic coalition groups in Texas have launched a campaign headed by former Sen. Franklin Spears of San Antonio to register 5,000,000 state residents to vote in 1968.

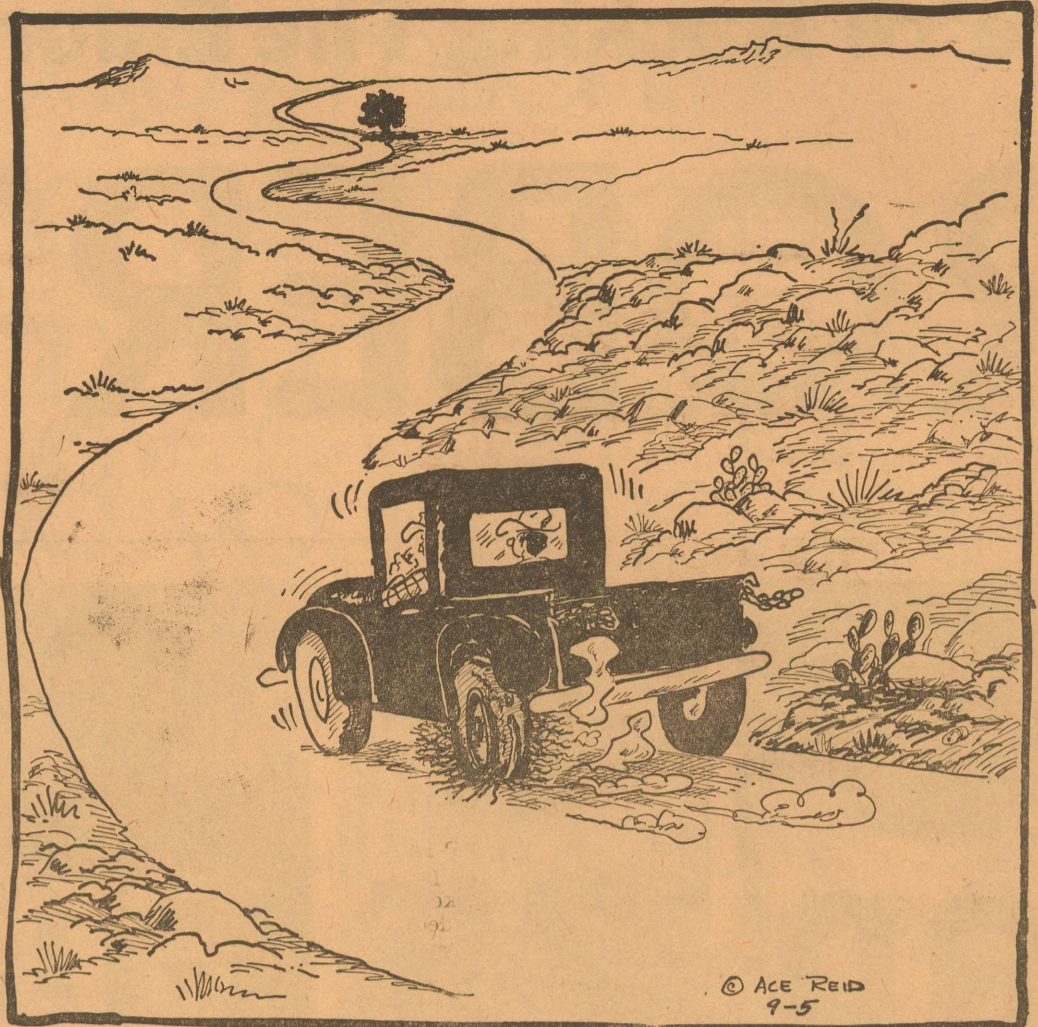

Representatives of the AFL-CIO, Political Association of Spanish Speaking Organizations (PASO), Texas Liberal Democrats and Negro communities met here to kick off the drive. Spears' group will be known as the "Committee for Better Voter Participation."

Teenagers: How They Think

A questionnaire answered by 1,200 high school youth leaders during the Fifth Annual Texas Youth Conference here revealed

COW POKES

By Ace Reid

"Yonder is a good shady place to have this flat in!"

that:—68% are not afraid to be on the streets of their cities alone at night;

—90% are not afraid to speak to strangers because of a fear of crime;

—35% of their families keep firearms at home for protection;

—55% feel there are two systems of justice in America, one for the privileged and one for the underprivileged;

—70% feel the telephone companies should develop a single police number for the United States;

—76% feel that police call boxes should be unlocked, brightly marked and designated "public emergency call boxes";

—73% said they would report a parked car they saw sideswiped;

—73% favor work release programs in Correctional institutions;

—43% feel police officers should have a college education;

—86% feel drug pushers should be more severely punished;

—26% feel fearful when confronted with police;

—68% think \$5,300 is not adequate salary for a police officer;

—91% favor a pension for widows and children of policemen killed in the line of duty;

Mr. and Mrs. P. D. Haley recently purchased 46 head of registered Angus cattle from Gerald Hartgraves.

Mr. and Mrs. B. J. Etheredge of Lubbock were here over the week visiting in the homes of Mr. and Mrs. Claude Doyle and Mr. and Mrs. Jack Etheredge.

Reynolds H.D. Meets

The Reynolds Home Demonstration Club met in the new home that is under construction, of Mrs.

Bascom Hartgraves with Mrs. Frank Williams as hostess. There were 10 members and a new member, Mrs. Nelms and agent, Mrs. Vida Kreklow, present.

The house is about ready for paint and floor covering. So we were divided in groups of two and assigned to a room to choose the color, floor covering, furniture, curtains etc. We made a diagram of the room and where to place the furniture. After we had completed our diagrams, we all gathered and each group explained their room. It was fun, but it was understood that Mrs. Hartgraves did not have to go by what we decided, but our suggestions were free.

Mrs. Belk, president, presided and also gave council report.

New officers elected for next year are: Mrs. Frank Williams, president; Mrs. J. Tom Williams, secretary; Mrs. B. J. Reynolds, council delegate.

Our next meeting will be Oct. 10 at the Memorial Building. This meeting will be county wide and given on antiquing by Mrs. Willingham of A&M.

Our state convention delegates went to leave for Ft. Worth the 18th. They are Mrs. Frank Williams, Mrs. Richard Kent and Mrs. A. T. Turner. They are going in Mrs. Williams' car and will pick up the Menard delegates on the way. —Mrs. J. Tom Williams, rep.

Howard Derrick has been in El Paso this week.

Eagle Band To Attend State Fair October 9th

Eldorado Eagle High School band is one of the outstanding Texas high school bands, choruses and orchestras which will take part

in the mammoth Music Festival/East Texas Day Spectacular Monday, October 9, at the 1967 State Fair of Texas in Dallas.

Herb Alpert of Tijuana Brass fame will receive the seventh Music Festival Award in the big pageant which will begin at 8:00 p.m. in the Cotton Bowl. Alpert and the Brass will play a two night stand in the Cotton Bowl October 10 and 11. The Cotton Bowl will take on the Tijuana flair at 8:00 p.m. each night.

This will mark the 20th year for the gigantic event in which more than 5,000 high school musicians will participate in the day's activities.

New FFA Officers Elected Recently

The Eldorado FFA chapter elected officers for the 1967-68 school year recently as follows:

President David Lloyd
Vice-President Clifford Schooley
Secretary Jack Williams
Treasurer Sam Oglesby
Reporter William Edmiston
Sentinel Jimmy Mann
Historian Ross Whitten

Voting delegates for district, area, and state conventions are Clifford Schooley and Ross Whitten.

Chapter sweetheart is Chris Edmiston.
Glynn Hill is faculty advisor for the vocational ag. program.

Royal Portable Typewriter — In case — for sale.

—And Favors For Everyone—

Be Sure— To Sign Up for the National Oldsmobile Contest Registration. Win two Olds plus up to \$10,000.

Eagle Chevrolet - Olds

**Hill Representative
Of Easter Seal Group**

A total of 16,031 disabled Texans were helped by the Easter Seal Society in 1966, according to the Annual Report of the Easter Seal Society for Crippled Children and Adults of Texas. These people were given treatment in the 23 Treatment and Service Centers that are operated by the Easter Seal Society throughout Texas.

Jo Ed Hill, vice-president of the First National Bank, is the Easter Seal representative for Schleicher county, according to Robert N. Eastus, Jr., Easter Seal Representa-

tative for West Texas.

Anyone who is in need of the services provided by the Easter Seal Society should contact Mr. Hill. He will assist in preparing the application that will be sent to the State Treatment & Service Center, where arrangements will be made for proper treatment at the appropriate center.

Conditions treated in 1966 included: Arthritis, cerebral palsy, stroke, multiple sclerosis, muscular dystrophy, other neuromuscular conditions, poliomyelitis, orthopedic, brain damage, speech disorders, hearing conditions, and others.

SALES PADS for sale at the Success office.

MERRY MAKERS MEET

The Merry Makers 42 Club met last Thursday in the club room of the Memorial Building. Mrs. Mable Griffin was hostess.

There were three tables of 42, including two guests, Mrs. Mary Palmer and Mrs. Myrtle Galbreath.

The hostesses served cheese cake and coffee. —Rep.

Charles Wimer and his daughters, Mrs. Tom Stewart of Midland and Mrs. Bill Gunstead and Billy Charles, left Saturday morning for Oklahoma City and points in southern Kansas where they visited relatives. They remained away through part of this week.

Cardboard 10c & 20c, Success
