FD, Churchill Await Stalin's Word On Parley

WASHINGTON, Sept. 2 (P)—Prime Ministeh Churchill and President Roosevelt settled down to a discussion of war-generated political problems today while official Washington awaited some on-the-record response from Russia to Anglo-American overtures for a three-power

Despite all that the president and the prime minister have said about meeting Russia there still was no indication from Moscow as to whether the suggestion was considered favorably there, nor was there much concrete evidence in Washington thus far of success in arranging a preliminary get-together of top diplomats of the three govern-

Churchill arrived from Quebec late yesterday, accom-panied by Mrs. Churchill and his

After dinner, Mr. Roosevelt and his guest talked in the president's study until 1 a. m., this morning and the president left most of his work day free for further con-

Presidential Secretary Stephen Early said that regular routine had been discarded so that the president and prime minister could talk whenever they feel like it. Mr. Roosevelt had only two ap-

pointments today, with Brazil's war minister, General Eurico Gaspar Dutra at noon and with his cabinet at 2 p. m. Churchill had an appointment

with General George C. Marshall, army chief of staff, around noon, and was seeing British military leaders and chiefs of British missions in this country after lunch. White House officials stressed

that the visit should not be considered as of a purely business nature since Mr. Roosevelt hoped to make it partly social. They also described the talks as representing not the beginning of a story but the conclusion of one begun in Canada.

Entirely lacking in these comments and in the general atmosphere of the new conference purpose of the Quebec meetings.
The emphasis appeared rather to be on political aspects of the way. be on political aspects of the war in Europe, both present and future.

East Running Out Of Gasoline

WASHINGTON, Sept. 2 (P)-The prospect of dry gasoline pumps in the east "in a matter of days" was raised today by Interior Secretary Ickes who said trouble lay ahead for the entire nation unless motoring is held to essential travel.

Ickes, war fuel administrator said in a radio speech last night

The east has more gasoline ration coupons than it has gas quota, and is using them. Consumption has been exceeding the 342,000 barrels allotted daily for civilian use by any-where from 30,000 to 35,000 bar-

The southwest and middlewest are "living on borrowed time" as far as gasoline is con-

The Pacific coast has a "com-fortable supply" but "if the peo-ple there could know of the military demands that He ahead when the war in the Pacific really gets under way, they would know that faced at home on the safe front to the description. there is anything but comfort those of men in the armed forces

The armed forces are using and need almost a third of the output east of the Rocky mountains during the last half of 1943, Ickes zzid. Military requirements will terials of mount to 37 1-2 per cent of that to come. production next year, he added. He said lifting of the pleasure driving ban in the east was only a change in administrative policy it did not mean there was more

Would Resume Draft Of Men Over 38

WASHINGTON, Sept. 2 UP-Asserting most future selectees will not be used for combat duty. Representative Snyder (D-Pa) urged today that selective service resume the induction of men between 37 and 45 years of age. Induction of men over 37 was

halted some time ago because the armed forces did not believe the iverage man in the 38-45 bracket was physically fit for combat Snyder, head of the appropria

tions sub-committee handling all war department funds, said he beieved it would be far better to induct men between 37 and 45 without dependents than to put sthers under 38 in the service.

DIES IN PLUNGE

ABILENE, Sept. 2 (AP—A man identified by police as Houston Heitchew of Abilene, a great-grandson of Gen. Sam Houston, was killed yesterday when he slunged from a 14th floor window if an Abilene hotel.

Damaging Air Raids Carried On With Liftle Letup

By EDWARD KENNEDY

ALLIED HEADQUAR-TERS IN NORTH AFRICA, Sept. 2 (AP) - The Allied air offensive against Italy has been concentrated on the toe of the peninsula for the past 36 hours and has been carried on mainly by fighters and fighter-bombers, Allied headquarters said today.

American flying fortresses and most medium bomber squadrons were held on the ground by bad weather for the first time in weeks.

RAF Wellingtons returned to the railway targets of Aversa, North Naples, and scattered two-ton blockbusters last night. however, and American Warhawks stabbed at a zinc factory at Iglesias in southwest Sar-

their blows chiefly at axis communications and defensive establishments, already shattered and ed Japanese at that point. virtually paralyzed by the daily series of forays since the fall of Sicily two weeks ago.

From the Middle East, British heavy bombers struck at the axis airfield at Grottaglie, near the Italian naval base of Taran-to, in a Tuesday night raid from which all aircraft returned safe-ly, a Cairo announcement said. (The Italian communique today said limited damage was caused by Allied air raiders in the provnce of Naples.)

Slain—Willie Stevens, raparm wounds inflicted by a U.S. coast guard officer, Lt. Comdr. John P. Voght, in a police show up room at New Orleans. Stevens was killed the next day by a detective who said the suspect began fighting in a police auto. No Allied planes were lost during the operations and the lack of mention in today's communique of any enemy planes shot down indicated that enemy opposition

was dwindling even further. The concentrated bombing of the Italian toe was carried out in five raids by British Bostons and Baltimores and American Mitchells escorted by Spitfires. September's War Bond drive will not get under way until the ninth Rail and highway communica tions were attacked at Cape Sparday of the month, sales of bonds tivento, Oliveta, La Marina Gambeginning Wednesday apply on brie and Bova Marina. A-36 invaders also damaged the radio the quota. Yesterday, however, only \$675 in bonds was sold station at Cape Spartivento.

Allied Pincers

Are Closing In

On Salamaua

Japanese Defenses Described As 'Rearguard' Only

ALLIED HEADQUARTERS IN THE SOUTHWEST PA-CIFIC, Sept. 2. (A)-The coastal law of a slowly closing Allied pincer pressed nearer the Sala maua, New Guinea, airdrome from the southeast today as Japanese defenses cracked.

A spokesman for Gen. Douglas MacArthur characterized the enemy's crumbling resistance as "rearguard," an indication that the Japanese are giving way.

On the coast, below the airfrome and the Francisco river mouth, the Japanese for some time have been holding out on the western end of Roosevelt Ridge at its junction with Scout Ridge. Latest reports indicate that the The flights of fighters and Americans have skirted enemy fighter-bombers over the southern pillboxes and foxholes, sent the extremity of the peninsula aimed main spearhead along Scout Ridge, and assigned another force to eliminate the virtually surround-

Out of the mountains and aong the south bank of the Francisco river, hard bitten Australians have reached a point within two miles, possibly less, of the river's mouth.

North of the river, considerable ctivity indicated that the Japanese, after the first shock of finding the Allies driving in from above as well as below the airstrip, now are making a determined effort to hold positions. The Japanese are reported making small local counterattacks in that sector against Australians entrenched on Kila Ridge.

In the Solomons, there was some basis for believing the Japanese, emulating their garrison which pulled out of Kiska in the Alcutians, have evacuated Santa Isabel island, with its seaplane base at Rekata bay. Liberator pilots returning from a raid Monday on that base northeast of New Georgia reported that for the first time no antiaircraft fire was encountered. Santa Isabel has been outflank-

ed by American occupation of both New Georgia and Vella Lavella islands. But there was no the Nazis to form a new governindication of Japanese Intention to yield Kolombangara, now sandwiched between those two occupational forces. Today's communique reported destruction by American PT boats and planes of barges and small supply boats between Vella Lavella and Kolom-

WAC Slain In Blind Fury

A taxacab driver brought to po-lice headquarters today a 27-year-old woman who, he said, had told him she wanted to give herself up as the slayer of Cor-poral Macma L. Ridings. 32-year-old Camp Atterbury WAC.

INDIANAPOLIS, Sept. 2 (49)-Investigators in the brutal hotel slaying of Corporal Maoma Ridings, Camp Atterbury WAC, said today they were entertaining a theory the crime was committed by more than one person "in a moment of blind fury." They did not elaborate.

Lieut. Noel Jones of the city detectives said authorities were intensifying their search for a "woman in black" whom a bellboy said he saw in Corporal Ridings' room a short time before she was found slain Saturday night. Miss Ridings' home was in Warm

Detectives continued to hold under \$2,500 bond, on a vag-rancy charge, Robert Wolfington, 22, another beliboy of the hotel. Questioning yesterday produced some "discrepancies" in his account of his actions in the hours surrounding the slay-ing, Lieut. Jones said. Jones dded, however, that Wolfington was "frank, straight-for-ward and co-operative." Corporal Ridings' body, nude

from the waist down, was found in a pool of blood in her hotel room. She had been struck on the head and her throat and wrists had been cut. The only weapon found was a broken, blood-stained whiskey bottle.

TRAFFIC RESUMED

Marcus Raid Real Thing, Quitting Donets Sector To Avert Or A Feint By U.S. Navy? Further Losses

WASHINGTON, Sept, 2. (A') -The big unanswered question in the Pacific today was whether the daring U. S. navy raid on Marcus island in Japan's home waters was a feint or a well-

aimed knockout punch. Three possibilities emerged from the meager accounts of the spectacular raid:

1-The carrier task force which bombed and shelled the island may have been preparing the way for occupation. It's not a big place but in United States hands it could serve as an outpost that would harry Japan's communications with the South Pacific.

2-The attack could have been a feint to cover some highly important move elsewhere, conceivably occupation of Wake Island, or a drive on the vital Japanese positions in the Kuriles

3-The navy may have moved in for a slashing hit-run blow for its psychological effect, alone. At any rate, the action served

notice on Tokyo's admirals that the Allies can hit from many directions. If worried enough by it, the Japanese might be into dispersing their available forces to meet all possible threats, in such manner that a vulnerable hole would be opened in their defenses. Tokyo worriedly broadcast

the news first that the U. S. forces hit tiny Marcus at dawn Sept. 1 with "many planes."

and suppress disorders.

Marcus Attack—Circle indicates Marcus Island, 1,200 miles from Tokyo, which the navy announced had been attacked by an airplane carrier task force. First report of the attack came from a Japanese broadcast. The Japa occupied the island in 1899.

The navy said only that the attack was planned and is "pre-

sumably in progress." This willingness of the navy to say anything at all before the fleet breaks its radio silence with details was another indication of growing Allied confi-dence in its Pacific might.

NEW YORK, Sept. 2. UP) Two aircraft carriers which sent off "90 Grumman fighters" and

"about 60 carrier bombers" par ticipated in the American attack on Marcus island, a Domei broadcast from Tokyo said to-

The broadcast, recorded by U. S. government monitors, declared 12 of the planes were shot down in the attack on the island less than 1,200 miles from Tokyo, but admitted that damage to Japanese grounded planes resulted.

Cattle Marketing Points To 'Famine' By Next Spring

KANSAS CITY, Sept. 2 (A)-A near-record marketing of grass fat steers in the next six weeks—and a famine next spring—is forecast by eattlemen from 24 states, meeting today to advance a new meat management plan.

Visitors include three governors, 17 congressmen and Mayor F H. LaGuardia of New York. Nearly 2,000 cattlemen are assembling to settle details of the new federal meat policy they hope congress will be able to obtain for them.

Government policies on food are so confusing that feeders are refusing to buy the flood of steers, which are being slaughtered only

pasture-fat," says Frank S. Bolce of Sonoita, Ariz., president of the American National Livestock asso-**Chemical Program** The objective livestock men

The objective livestock men hope to accomplish is balancing To Be Presented the supply of meat animals against available feed, and producing meat when and where it is needed. For Guardsmen "What we need is a definite, an-nounced plan by the government

Von Hannecken is expected to explore further the possibility of -the amount of meat needed and establishing a Danish government. how we can expect to fulfill the He is reported to be anxious to needs," declared Claude K. Mc have the Danes handle the civil Can, Victoria, Tex., rancher, "The affairs of the country with the continual threat of a price ceiling nazis retaining the power, through martial law, to punish saboteurs has the feeder in the position of not knowing what he can do." President Boice said the gov-

ernment is missing the significance of the present run of grassfat cattle. Eighty per cent of the 30,000 animals arriving here Monday were suitable for feeders who in six months would add 360 pounds to each steer, he explained. Instead, the steers are being

laughtered, with a potential loss of millions of pounds of beef-'in other words, we may have a glut of beef this fall, but we will have a famine in the spring." Boice said most livestock and

feed men believe the meat management plan developed by the livestock and meat industry would be the answer to many of their problems. Under this plan, which would

have a flexible scale for meat Business houses in Big Spring point values, price regulations would be eliminated, with the readily moveable point values intended to regulate demand and quarter century standing in the thus establish prices to the consumer.

The government first would take all the meat it needed.

Russian Power Sweeping Over And Around Hitler Armies

LONDON, Sept. 2 (A)-Harddriving Red army forces, push-ing the Germans back all along the far flung Russian front in one of their most success weeks of the war, captured the important Ukrainian town of Sumy and the middle Donets town of Lisichiansk today and drove the nazis out of the entire Kursk region north of Kharkov, Moscow announced tonight.

LONDON, Sept. 2 (AP)-The Germans, by their own admission, were hastily withdrawing today from their once strong Donets Basin salient in southern Russia presumably in fear of an ever greater debacle than the one at Taganrog which, the Russians say, cost them 41,000 troops.

Berlin military circles attempt ed to explain away the retreat by telling Swedish correspondent that greater forces were needed in the west to meet an expected Allied invasion.

But Moscow communiques told a far different story-one of an avalanche of Russian military power sweeping against and around outfought and outmaneuvered Nazi armies. A Russian war bulletin record

ed today by the Soviet Monitor giving figures that made Tagan rog the greatest single Germai defeat since Stalingrad, sale charging Red army troops has killed more than 35,000 German and captured 5,100 in the fina liquidation of enemy forces en circled west of the Sea of Azor port. In all, eight Nazi divisions to

taling 120,000 men were route and mauled by the smashing Rus sian attack, the Bulletin said.

Moscow reported that Stalin's troops yesterday cut down an additional 6,000 of the foe who got in the way of Russian drives reaching toward Stalino, Poltava, Bryansk and Smolensk along a 600-mile front.

The Nazi high command was said in today's Moscow bulletin to have shifted part of the inlan-German forces to the south in at effort to halt the Russian break through, but the Russians, in strong charge outwest of Voro shilovgrad, punched out gains c four to six miles toward Staling and Debaltsevo.

Both cities lie on the rail nat work feeding the German force in the central Donets.

In a broadcast heavy with the possibilities of complete German withdrawal from the Donets area, Berlin said the Russians were building up an overwhelming striking force on the middle stretches of the Donets Northward, the Red army

Bernard Kleiner, head of the setting the stage for a final power house blow at Smolensk, and ad vance units are blasting forward less than 45 miles from the cen tral German anchor. The Soviet war bulletin reported

advances of four to seven and one-half miles yesterday on botl the Smolensk and Bryansk fronts the recaptured territory embrac ing some 300 villages.

The Russians declared in their Taganrog victory they de-

stroyed 537 German tanks, 211 planes, nearly 2,000 guns ranging upward in size from ma-chineguns, 3,600 trucks, ten fuel dumps and 29 ammus dumps.

Booty captured included 91 tanks, 198 guns of various calibes evening. Moreover, the Colorado 217 mortars, 409 machineguns City company, which is another 594 trucks and 22 ammunit dumps, the bulletin said.

Casualty Nation's War Total Stands At 103,992

WASHINGTON, Sept. 2 (47)-Casualties in the United States.

The latest statistics on those killed in action, wounded, reported missing or taken prisoner brought the army casualties to 69,358 through last week. To date the navy casualties are 21,556; marines, 7,904, and the coast guard, 363. The latest merchant marine summary showed 4.751 dead and missing.

In all services, 19,581 are listed as dead and 35,895 as missing. The army, however, reported that 8,748 of its wounded have been discharged from hospitals or have returned to duty.

The casualty summaries of the services:

New Designations For Generals

recorded in Plainview.

PALERMO, Sicily, (P) - So many generals have been running through one Allied Mediterranean airbase that the boys are on the information desk had to think up a new way to designate them. Corp Charles Morgan of Shelby Gap, Ky., ex-

"We call a one-star general a 'private first class general' and a two-star general a 'corporal general." When they get above two stars we just call them a 'general general'."

The only hazard about these handy new designations is that the boys are afraid they will forget a one-star general as "private general." That would put somebody on KP duty quickly—and it wouldn't be the "private general."

Inquiry Uncovers Plenty Evidence Against Soldier

Sheriff Andrew Merrick and Deputy Denver Dunn went out Wednesday to investigate theft of some fog lights from Key and Wentz Motor lot but the stolen articles they recovered make an impressive list.

The officers located the fog lights in an army jeep and waited for the driver to arrive. He did and investigation with military police showed: the jeep was stolen from Camp Santa Anita, Calif., by a buck private, dressed in second lieutenant's clothing, also appropriated in the same manner as the jeep. In ad-dition he had a pistol, belt and scabbard, lifted en route, and he

was a week overdue from camp. The ambitious soldier is being held by military police for return to his camp while a hitch-hiker soldier accompanying him was turned loose.

Growers Advised To Provide Storage On Farm For Cotton

A place to store this year's cotson crop was the paramount prob- bought cooperatively by Texas iem facing many Texas cotton farmers this week as picking season got underway in most parts have added 103,425 pints of canof the state.

man, Texas AAA committee, said in asking farmers to plan far College Extension Service. enough ahead this year to provide for their own storage facilities. Citing \$15 per bale losses in

South Texas where farmers have been unable to get govern- lion ration points. ment loans because warehouses already are filled with cotton, the AAA official urged farmers in later producing areas to make im-mediate plans for storing their 7,230 dozen pineapple through crop. In cases where farmers are not equipped to store cotton on the farm, he urged their renting or obtaining use of empty build-ings to get cotton under cover or truckers. Marketing commitand take advantage of nienty per

cent of parity loans.

The farm-storage phase of the cotton loan program is administered by county AAA committees and buildings in which cotton is to be stored must meet minimum specifications before they can be approved, he said. Principal requirements are that buildings must protect the cotton from rain, snow, flood, ground water, poultry and livestock.

The loan rate for cotton stored on the farm is the same as for cotton stored in warehouses. The average loan rate in Texas is 19.90

In addition to the regular loan per pound) for all home-canned rate, producers storing cotton on food you sell. the farm also are entitled to 10 cents per bale per month storage for home-canned food I would like allowance provided the cotton is to give my friends? delivered to Commodity Credit Corporation in satisfaction of the loan. This Was The South Pasture

War sure changes things fast. Long as I can remember this was the Boss' south pasture—and now look. Almost overnight, instead of cattle, windmills and barbed wire, there are roads and barracks and soldiers as far as you can see.

ALL over Texas thousands of acres of quiet grasslands have been converted into military camps. Under the capable direction of Army engineers, civilian con-tractors have rushed to completion the flying fields, army training centers, rifle ranges and navy bases where thousands of our fighting men are being trained.

Essential to the very existence of these military establishments are the streets and highways that form the transportation system within and between them. Petroleum asphalt supplied by Humble has been used for constructing many miles of these strategic roads, Economical, serviceable, and easy to apply,

Humble Asphalt is serving in war, as it did in peace, to make all-weather highways, streets, and air field landing strips a reality in quick time. Road asphalt is but one of the long list

of Humble petroleum products that are in the fight on the battle front and the home front. High-octane aviation gasoline, Toluene for TNT, special fuels and lubricants for the machines of war and industry-all come from the same refineries, which for years have supplied you with Esso and Humble gasoline, Esso, 997, and Velvet Motor Oil for your car, your truck, and your farm and industrial machinery.

CONSERVE

Point Value Is Increased On **Canned Fruits**

WASHINGTON, Sept. 2 (29) The Office of Price Administration today ordered the blue-stamp ration value of four types of can-ned fruit boosted, effective Sun-day, in an attempt to slow down shoppers' demands.

The agency made point changes

in 21 food items-13 up and eight lown—as the result of a survey of the demand and available supplies of canned and processed foods. All the changes go into effect Sunday.

It fixed the ration value of No. 2 (large) size canned apples at 10 points, an increase of three; 16 oz. cranberries at 10 points, up two; No. 2½ peaches at 27 points, up four and No. 2½ pears at 21 points, up six.

The same order returned dried prunes, raisins and currants to the ration list after a summer vacation. They were valued at four blue points a pound. Point values were raised for

canned and bottled beans, pump-kin and squash. Other types of canned beans — fresh shelled, green or wax and fresh soy beans

were reduced.
Frozen fruits and vegetables went up and, OPA said, the "supply is still far below the buying iemand. tl explained "a fairly sharp and general upward point revision is necessary in order to syphon off some of the demand into other foods in larger supply." Following are the new ration values (all effective Sunday):
Canned or bottled foods:
Fruits—No. 2 apples, 10 points;

16 oz. cranberries, 10 points; No

2½ peaches, 27 poitns; No. 2½
pears, 21 points.
Vegetables—No. 2 fresh shelled
beans (including black-eye peas)
10 points; No. 2 green or wax
hears 10 points; No. 2 fresh soy beans, 10 points; No. 2 fresh soy beans, 5 points; No. 2 canned and bottled beans (baked beans, pork and beans, kidney beans, etc.) 18

No. 2 beets 8 points; No. 2 car-rots 8 points; No. 2½ pumpkin or squash, 21 points; No. 21/2 tomatoes, 21 points. Frozen foods:

One pound all fruits and berries, 12 points; 12 ounces green or beans, 9 points; 12 ounces lima beans, 9 points; 10 ounces cut corn, 9 points; 12 ounces peas, 9 14 ounces spinach, 12

Dried foods:: One pound prunes, raisins and currants, 4 points; one pound beans, 2 points; one and lentils, 1 point.

Cream Sherberts And Other Desserts Made With Kool Aid

Complete directions are given on every package of Kool-Aid for the making of Kool-Aid drinks, frozen suckers and ice cubes, Additional recipes are to be found on the inner envelope and there are many other uses for the product in frozen desserts, for coloring and flavoring, making imita-tion jelly, pies, cakes, cake icing, puddings, candles, etc. KOOL-AID CREAM SHERBET

Made in Mechanical Refrigerator 1 Pkg. Kool-Aid (any flavor).

1 cup heavy cream (well 1 cup sugar.

2 cups milk. Yield: Over 1 quart. Dissolve Kool-Aid and sugar

n milk; turn into freezing tray and freeze 3-4 to 1 hour (until slushy). Whip cream until stiff. Add partly frozen Kool-Aid mixture to whipped cream and whip just enough to mix well, but keep as cold as possible. Return quickly to freezing tray and freeze at coldest point. Requires set control back to normal. If desired lighter, beat 2 egg whites. fluffy with 2 tablespoons sugar and fold into above mixture before final freezing.

If made in hand freezer, use same materials as above but use 3 cups milk instead of 2. Place all together in 2-quart freezer (no whipping needed) and freeze in EVAPORATED MILK SHERBET

Made in Mechanical Refrigerator

1 pkg. Kool-Aid (any flavor). 1-2 cup water. 1 cup sugar.

1 tall can evaporated milk.

Yield: Over 1 Quart.
Place can of evaporated milk
in freezing unit and chill one hour. Dissolve sugar and Kool-Aid thoroughly in the water. Place chilled evaporated milk in cold mixing bowl and whip with egg beater until about three times its volume. Then add the Kool-Aid mixture and fold in well; place quickly in freezing tray and freeze at coldest temperature. Do not disturb after it starts to freeze or it will be less fluffy

KOOL-AID FLUFF DESSERT 2 level tablespoons Kool-Aid.
2-3 cup cornstarch.
1 tablespoon butter.
1-4 teaspoon sait.

1 cup sugar. Juice of 1-2 lemon 2 eggs. 4 cups water.

Place sugar and 3 cups water in pan and bring to a boil. To this, add I cup cold water to which has been added the cornstarch, egg yolk, butter and lemon juice. Cook until thick, stirring constantly. Remove from fire and add Kool-Aid, mixing well Fold in stiffly beaten egg whites.

Cotton Opening Prematurely Over State

AUSTIN, Sept. 2. (P)—Harvest of rapidly-opening cotton and maturing feed crops was benefitted by weather conditions in the week ended Aug. 29, but lack of moisture prevented preparation of soil for fall seeding, the U. S. department of agriculture report-ed today.

The USDA said that on account

of serious drouth cotton was opening prematurely in all dis-tricts, including the southern high plains, and late feed crops

were suffering.

In East Texas the corn harvest made progress with yields generally satisfactory, but in West and Northwest Texas the late crop continued to deteriorate. Though grain sorghum harvest began in the high plains, gathering was not general. Peanut hay yields continued to decline.

WHEN it seems too hot to cook and you are wondering what to serve the family for dessert, here is your answer . . . Refrigerator Coffee Ice Cream. There is nothing quite so welcome as a cold dessert after a hot and tiring day. Now that you no longer have to worry about where your next pound of coffee is coming from, you can indulge the family's craving for coffee flavor by treating them to this delicious ice cream. Serve it with tall glasses of refreshing iced coffee and you have a pair of thirst-quenchers that can't be beat. Don't forget to make your coffee extra strong for iced coffee, however, or you will lose some of the flavor and enjoyment that full-bodied coffee contributes to any meet. With labor requirements in-creasing as dry weather prevailed, cotton pickers were in demand as far north as the central black-land counties: Cotton harvest

was nearing its peak in the north, central and eastern districts. Rains were needed in the high plains, but elsewhere the grap too near maturity to be helped materially.

The rice harvest continued under favorable conditions but more labor was needed. Peanut yields were reported light. Sweet po-tatoes continued to suffer. Range feeds were becoming

short and dry over most sections but livestock were in generally good condition except in severely

The Mount Evans highway in Clear Creek county, Colorado, is the highest automobile road in the United States.

Clean FALSE TEETH THIS EASY WAY ...

At last, a scientific way to clean false teeth and to clean false teeth and bridge work REALLY clean. Just put your plate in a glass of water to which a little quick-acting With magic-like speed, discoloration and steins vanish—the original function and post relations.

D-O Training Is May Sign Up Now

Youths who are interested in securing industrial or commercial training under the diversified occupations program were urged Thursday to contact Pat Murphy, coordinator, from 9:30 a. m. to 11:30 a. m. Friday and Saturday

For the first time, the state board of vocational education has made it possible for seniors to take a one-year DO course, said. This is an emergency de-velopment and the program is especially designed to meet the

needs of seniors. Not only will the program be open to students with junior and enior ratings, but it also is available for those who have graduat-ed from school. Although employed graduates may not attend DO classes, they nevertheless may be given the related work which they can master in their spare time, said Murphy. Those who have been out of school and wish to return should see the coordina-

The DO program is designed to place the student in classroom studying about his chosen job during the morning. In the afternoons, however, he is actually on the job, putting into practice what he has picked up in the classroom, plus the practical education which

Scout Workers Launch Drive

sion" to raise Boy Scout funds for the year, were laying 'em in the old pickle barrel Thursday morning folowing sounding of the zero hour for the attack. A. V. Karcher, "lieutenant-colonel" for the mission, gave orders to "takeoff" following a breakfast session at which the Rev. P. D. O'Brien First Baptist pastor and a troop mitteeman, delivered a short inspirational talk. Also on the program were Dan Conley, assist-ed by Scouts H. W. Bartlett, Don Williams and Clifford Porch.

Crews, in charge of pilots, who were accountable to their squadron leaders, made their own selection of prospects, and by noon four had completed their tasks. Practically 100 per cent response was reported and the only refusal was a case where the party had been giving but was no longer able to give.

The special contributions con mittee was still in operation and receiving encouraging response Dr. W. B. Hardy, district chair man, reported. Several contribu tions have been increased substantially this year.

Dr. Hardy appealed to all who are contacted to hear the workers and to give as liberally as possible. It may be possible, he said, that some will be overlooked, but such will be unintentional and he urged these persons and concerns Employment Service Thursday and to call scout headquarters in the Friday to interview applicants, chamber of commerce office and

Showdown Test Is Looming On Father-Draft

WASHINGTON, Sept. 1. (A)-Senator Wheeler (D-Mont.) has notified leaders he will move for showdown Sept. 15 on the drafting of pre-Pearl Harbor fathers and an administration pre-Pearl Harbor strategist conceded today the chances are better than even the senate will vote to postpone their induction until after Jan. 1. Wheeler has sent word that on

the second day after congress reneasure, already approved by the senate military committee, pro-hibiting the drafting of fathers for the remainder of this year. Although polls have been im-

practical because of the absence of most senators, an administration lieutenant who declined to be quoted by name said indications pointed toward approval of the measure. The attitude of the house remains in doubt but Rep. May (D-Ky) plans to offer a somewhat similar bill there.

Under directives issued by War Manpower Commissioner Paul V. McNutt local boards are to begin calling pre-Pearl Harbor parents

There is little doubt that the Wheeler bill will meet with stiff administration opposition, since Secretary of War Stimson already strongly on record against it. Stimson holds that a blanket exemption of fathers would limit the source of necessary fighting men and might "dangerously af fect our ultimate victory."

While several senators, including Johnson (D-Colo.) have given active support to the Wheeler measure, others have been swayed by the war department's atti-

More Tough Luck For Cosden's No. 1 Jones

The Cosden No. 1 Jones, northeastern Howard test drilled as a diagonal southeast offset to the Cosden & Gutherie No. 1 Pauline Allen, Vincent pool discovery, continued under an ill star Satur-

Water broke in following a shot and Saturday the test had 3,000 foot in the hole with no oil showing. No decision had been reached by operators. Location is in the northwest corner of section 5-25, H&TC.

A northwest diagonal offset to the discovery well, Cosden & Gutherie No. 2 Allen, in section 57-20, LaVaca, was setting seven-inch string at 3,630 feet.

Three miles to the north Cosden No. 1 Conrad drilled ahead at 4,-180 feet with more shows. A liner was due to arrive the first of the week and the hole will be pay sections logged during wet Another WAC In operations.

In eastern Howard county Cosden No. 1 Read, outpost to the new Read pool on the eastern county line, 330 feet from the south and west lines of section 48-30-in, T&P, was preparing for a test after cleaning out from a 1.250-quart shot from 2 250-2018. 1,250-quart shot from 2,680-2,918 feet. The company's No. 2 Read in the same section was making hole below 1,165 feet.

Draft Squabble Criticized By **State Director**

AUSTIN, Aug. 28 UP - State Selective Service Director J. Watt Page today characterized the father draft controversy as "a po-tent weapon in the hands of those who are most interested in slowing up our war effort through creating confusion and unrest

among our people."
General Page told a selective service staff conference that "the great hue and cry does not come from the fathers themselves."

He said that while this is a young man's war, there are many other jobs in the armed forces that can be done by men in their

"If I could be given a convinc-ing argument that the 18, 19, or 20 year old boys, unmarried, owe a greater moral obligation to fight for their country than the father of children, then I'd be glad to go over to the camp of those who think fathers should not have to serve in the armed forces," he told his staff.

"We should analyze carefully the source from which emanates all this disturbing propaganda concerning fathers. The great hue and cry does not come from fathers themselves.

Promoted: Ruby R. Gulledge, who taught school at Big Spring, for two years, has been promoted to the rank of private first class in the Marine Corps Women's Reserve and is now on duty in San Francisco, it was announced today. Miss Gulledge, attended Hardin-Simmons University.

Three Killed In Plane Crash

tor and two women students from the woman's flying training detachment at Avenger Field, Sweetwater, were killed in the crash of a trainer plane 10 miles northwest of Big Spring on the Guitar ranch Monda; evening.

The plane went down in mid-afternoon and was spotted immediately by a farmer who, according to Police Chief J. B. Bruton, saw the plane falling However, when he returned to the place with army and peace officers at dusk, a search had to be pressed until 2 a. m. before the wreckage, half buried in a shinery dune, was

The ship did not burn and it was possible to identify victims .by means of papers in their clothing. The dead: Mrs. Helen J. Sever-

son, 24, student, daughter of Edwin A. Anderson of Brookings, S. D. Margaret Seip, 27, student, daughter of Mr. and Mrs. H. L. Seip of Wauwatosa, Wis. Instructor Calvin G. Atwood, 22, son of Mr. and Mrs. Luther J.

Atwood of Bryson, Jack County,

Both trainees were to have graduated early next month. The bodies were removed to the Nalley-Reeder Funeral home and

later sent to Avenger Field.

Justice of Peace Walter Grice. who accompanied Bruton and others on the search, said that the farmer, whose name he did not know, sensed the ship was in trouble. He quoted the man as saying that a "flap" had come loose and that the ship was nosing down.

Army recruiting was strictly a woman's job here Monday with the assignment of Sgt. Paula Edwards to assist Lieut. Mary Francis Goldmann, Woman's Army Corps recruiter, here.

Sgt. Edwards replaces Sgt. Ray Naret, who was an army recruiter here for several months. He has been transferred to another station in the district. Sgt. Edwards, a native of Pennsylvania, has been in the West Texas district as a WAC recruiter since she completed her training three months ago. She came here from

the Sweetwater station.

Lieut. Goldmann said that her arrival would now make it possible for WAC representatives to fill appointments with women in "their homes after work hours, or anytime at their convenience. Of course, there will always be one of us in the office available for interviews, and we'd like the opportunity to show women how they may perform a real service for their country.'

Stove Dealers Must Register With Board

Dealers in stoves must register with the local ration board September 1, 2, or 3rd, it was announced today and fill out an in ventory of stock on hand.

Applicants for stoves must also register their application at the office where they will be considered by a board meeting each Thursday. One application has already been approved by the of-

The OPA regulations on stoves is the same as on other scarce commodities. A quota has been given to Howard county and stoves are to be rationed accord-ing to the most pressing needs.

Held Here At 9:30 Monday

Funeral for James Michael Mr. and Mrs. W. E. Smith had unofficial word Tuesday that Morgan, 73, pioneer Big Spring their son, S/Sgt. Edmond H. building contractor, was held at 9:30 a. m. Monday at the St. Thomas Catholic church with the ciating. Burial was in the Mt. Olive Catholic cemetery.

Mr. Morgan succumbed in his sleep at 4 a. m. Thursday at Kansas City, Mo., where he was visiting with a brother, William P. Morgan. Accompanied by Mrs. Morgan and a daughter, Mrs. L. D. Jenkins, and Mr. Jenkins, he had been on a leisurely trip to Kansas points.

Making his first visit to West Texas in the early 1890's to erect the Ward county courthouse at Barstow, Mr. Morgan returned

here in 1906 to erect the T. & P. rock roundhouse, the Howard county courthouse and old city hall. He built his home at 1600 Scurry in 1908 and moved his family here.

As a builder who put his reputation for skill and integrity ipto every structure he erected, he constructed many of the business houses of Big Spring and in many other West Texas points. Moreover, he was in a large measure responsible for the building of the St. Thomas church and gave the huge stone cross in the Catholic cemetery where he will be buried. Always active in his church, he was a member of the Knights of Columbus for more than two score years.

He was born Oct. 28, 1869, in Lawrence, Kas., and was married on Nov. 2, 1898 to Mary E. Sullivan at San Antonio, Tex. Surviving this union are three daugh-ters, Mrs. Mary Jenkins, Big Spring, Mrs. Kathleen Williams, Wichita, Kas., and Pfc. Rose A. Taylor (WAC), Tyndall Field, Fla.; and four sons, James Morgan, CMic, Camp Peary, Va., Frank Morgan, Big Spring, Lleut. Eddie L. Morgan, Dallas, and Peter J. Morgan, Portland, Ore., who was be unable to attend rites.

Other survivors include his brother, W. P. Morgan of Kansas City, and Frank D. Morgan, San Angelo, both of whom were here, and two sisters, Mrs. Elizabeth Lane and Katheryn Morgan of Kansas City, who are unable to be

Surviving grandchildren are Mrs. Kathleen Elizabeth Springer, Mrs. Mary Margaret Orsman and Rose Elinor Williams of Wichita, Kas., James Leslie Jenkins, Paul D. Jenkins and Marybeth Jenkins of Big Spring, Christopher Morgan, Dallas; and one great-grand-daughter, Jeannine Kathleen Springer, Wichita, Kas.

Mrs. Frank D. Morgan, San Angelo; Mrs. Kate Haughney, Doug-las, Ariz., aunt of Mrs. J. M. Morgan; Margaret Cook, Amarillo; Eddie Morgan, Dalias; Mr. and Mrs. Tom Norton, Llane; Mrs. S. V. Jordan, Baird; Wayne Ors-man, Wichita, Kas; P. K. Williams, Oklahoma City.

Pallbearers were Walter F Jayes, M. J. Bransfield, F. J. Duley, H. C. Holmes, W. E. McNal-len, Charles Vines, Joe Boadle, Martin Dehlinger, Frank B. Martin Dehlinger, Frank B. Sam L. Reed of 2618 Nashville Smith, J. P. Kenney, E. F. Springman, Dave Balley, Ralph M. Jeffries. All of Mr. Morgan's old action in the European area, refriends and associates were desig- leased today by the war departnated as honorary pallbearers.

Morgan Funeral Edmond Smith Reported To Be **A Prisoner**

Smith, reported missing in action since Aug. 1, was a prisoner of

Word came through the Rev. Rev. George Julian, pastor, offi- George Julian, pastor of the St. clating. Burial was in the Mt. Thomas Catholic church, who in turn had received the information which originated with the Vatican's secretary of state and was delegate in Washington. It was the first news of their

son's fate for the Smith's since they were notified by the war department that he was missing.

The date of the action was the same day a force of 175 Liberators raided the Ploesti oil refinery in Rumania with the loss of 20 per cent of the force while dealing the vital axis fuel supply a de-

vastating blow,
The Vatican message said that Sgt. Smith was a prisoner of war in Rumania, which would bear out the supposition he participated in the attack. Prior to that, he was nose gunner on one of the B-24's which delivered the initial raid on Rome, his parents believe.

Sgt. Smith enlisted here Oct. 20, 1941, got his gunnery training at Las Vegas, Nev., and joined the 389th bombardment group for training at Biggs Field. Later the group made a couple of brief moves before going to England and then on to the Middle East.

Cosden Read Outpost To Run 24-Hour Test

Cosden No. 1 Willard Read, eastern Howard county outpost to the new Read pool, was preparing to begin a 24-hour potential test Tuesday morning.

Total depth is 2,908 feet and it had been cleaned out from 2,680 where a 1,250-quart shot went off. Location is in section 48-30-in. T&P. Cosden No. 2 Read, in the same section, was making hole below 1,450 feet.

Mel Richards, Big Spring opera or who bought out the Sinclair interest on an Erwin section in northwestern Mitchell county, had cleaned out the abandoned Sinclair (now M. L. Richards) No. 1 Erwin at 3,060 feet and deepened to 3,831 feet with an eight inch hole. He is carrying a wet hole to below depths for known waters in the area. Cable tools are being Wildcat Test

He intends to test the Vincen pay, which means he possibly will carry the shaft below 4,200 fect. Location of the test is in the northwest corner of the northwest quarter of section 1-25, H&TC, and elevation is 2,302 feet. It is four and a half miles east of the Vin-

W. S. Gutherie No. 1 R. L. Solomon, C SW SE section 71-97. test projected originally for 3,500 feet, was below 3,603 feet in lime Monday.

In southeastern Borden county the Cosden No. 1 Conrad, abandoned test which has been deepened into saturated lime sections, was shutdown with engine trouble while preparing to run liner at 4,184 feet to dry up a hole full of water. This test is three miles north of the Vincent

surface tanks although many of these are getting dangerously low, reported the agent.

Derrick Up For

Derrick has been erected for the J. B .Hawley, Jr. No. 1 J. W. Cook, rank western Howard county wildcat, and the test will be spudded as soon as operators can secure a supply of water for drilling pur-

The exploration, first of three projected wildcats by the operator, is located near the center of a 14,000-acre tract blocked by R. L. Cook, Big Spring realtor and oil and gas lease dealer.

The test is scheduled to go 3, 400 feet or to pay at lesser depth. Contractor is Rhodes Drilling Co. of Abilene and it was understood that the contract covered two other tests of similar depth. Favorable showings might be the basis of a deep test in the area.

Location is 1,980 feet from the

north and west lines of section 23-34-in, TP. It is two miles northeast of the Texas No. 1 Wilkinson in the northeast corner of section 32-24-1n, T&P, which had shows of oil at 3,214-25 and 3,300 feet. Other tests in the area include the W. B. Powell No. 1 Guitar, which was abandoned in section 17-A, B&C, four miles to the northwest, and the T. G. Shaw No. 1 Wilkinson, 990 feet from the north and 330 feet from the east lines of section 19-34-1n, T&P, abandoned at 3,468. It is 17 miles south of the Steve Owens No. 1 Dr. J. G. Wright which had shows below sulphur water at 3,830-33 feet.

Services Held For Miss Rhoda Quinn

Funeral services were conducted at 4 o'clock Saturday afternoon at Ackerly for Miss Rhoda Quinn nurse who had worked in and around Big Spring for many years. Miss Quinn, 60, succumbed at 12:30 Friday afternoon in a local New Search To Be Made hospital, victim of complications arising from an attack of acute appendicitis. She had been in the pospital only three days.

She had made her home at Ack erly with a brother, R. H. (Bob) Quinn. Rites were said at the Church of Christ there with the minister, Harry Childress, in charge, and burial was at Ackeriy under direction of the Nalley-Reeder Funeral Home.

gency water supplies will get underway this week with the arrival Monday of Penn Livingston, U. S. Geodetic Survey engineer, who directed a comprehensive underground water survey here in 1936-Besides R. H. Quinn, other survivors are two sisters, Mrs. W. H Adkins, Alabams, and Mrs. R. D. Minchew, Hale Center; and five other brothers: A. C. Quinn, Roby; M. R. Quinn, Wichita Falls; H. L. Quinn, Ranger; J. P. Quinn, Desdemona; and Lee Quinn, Hale

Please Let Your Conscience Be Your Guide . . .

FRE expecting Labor Day week-end, September 3 to 7, to be one of the biggest in our history. Many thousands of service men on furlough will be traveling to and from their homes-others will be on their way to active duty. Fathers and mothers will be visiting their sons in camp. The traveling needs of our Soldiers and Sailors must come first.

So, if you are planning on a vacation trip over Labor Day, be assured you'll not be comfortable on our trains. Many people will stand up all the way-if they can get on at all. We ask and advise you to plan your trip for some other time. Take the very minimum of baggage. Be sure it has your name and address on it so it can be restored to you if it goes astray.

Naturally, we don't like to say these things-but out of fairness to you we feel that we should. Thank you for your cooperation.

put them in first class shape for Elton Taylor, owner and man- the coming summer.

The "stitch in time" plan as applied to refrigerators will save costly or perhaps impossible repairs at a later time when parts will be even scarcer than they are

ed up during the fall and winter

and Taylor Electric will give the

Taking care of the box that you have is only a common sense plan that pays dividends. According to Taylor, even when the war is over and more boxes are available, the first to get them will be those who have no refrigerators at all. Taking good care of your present box is the only answer to this war time economy.

The electric shop which only recently moved into its larger building, is now prepared to take care of major overhauls of Frigidaires and other boxes and has ample room for display and other

services. One man is delegated to repairing irons, percolators, toasters and cords and does quick and efficient service in this department.

Another employe, Leo Shepherd and contracting while Taylor per-sonally supervises all refrigeration service and motor repair.
