New Postal Rates

The new higher postal rates went into effect Sunday and there was some confusion reported by the Post Office employees. Some patrons dropped in pieces of mail with old postage affixed, and these were returned for additional stamps.

It now costs six cents to mail a letter to a local post office box, on the county route, or anywhere else in the nation. The "penny postcard" of the old days now costs a nickel.

One important change noted is that there is no longer a one-cent difference in local mail dropped to a post office box and to a route box. It's all now a straight six cents.

Postmaster Carr and his crew expressed thanks to the public for their co-operation with the new rates.

Clinic Now Open

After 18 months without a resident physician Dr. J. B. Brame started keeping regular office hours at the Eldorado Clinic on Monday morning of this week.

Dr. Brame's move from Pasadena, Texas, to Eldorado came as a result of this county's decision last year to build a hospital. He visited here several times last spring while the hospital project was being promoted.

A brief history of the new doctor is:

Graduated from University in 1950; served two years in the medical corps; then completed a Masters degree; and in 1963 gradulated from Tulane Medical School; one year of general internship in El Paso, after which he began practice in Pasadena.

Dr. and Mrs. "Holly" Brame have four children: Beaman, age 7, Elizabeth "Pooh" 5, Lawrence "Gigo" 3, and Luke age 17 months. The doctor stated, "We are Catholic and conservative.

Coming at a time when colds and flu have hit this area, the doctor will no doubt be kept busy right from the start.

for traffic accidents in Schleicher county in 1967, down from the \$30,758 reported for 1966.

Also, personal injury accidents dropped from 11 to 9, and property damage mishaps went from 23 to 4. But we had 2 fatal accidents in the year just ended, with none in 1966.

Injuries dropped from the 23 in 1966 to 13 in 1967. Statistics for all area counties were released recently by the San Angelo Sub-District of the Texas Dept. of Public Safety.

March Of Dimes Drive Is Set Here

Mrs. Damon Wagoner will be chairman of the county-wide fund drive again this year for the National Foundation.

January traditionally is the month for the March of Dimes drive for htis cause, and Mrs. Wag oner stated that plans are under way for the drive to be conducted here. Letters will be sent, coin receptacles will be placed in bus-iness houses, and the drive will culminate later in the month with the Mothers March. At that time local women will make a house to house canvass. The date for the Mothers March was indefinite as the Success went to press this week, but it will be sometime later in this month of January.

Mrs. Wagoner stated that any his check to Leslie Baker, treas-

urer of the drive. The National Foundation which long concerned itself with polio, has added birth defects and arthritis to its fields of concern. The March of Dimes was instituted about 30 years ago by the late President Franklin D. Roosevelt and the drive is still held in January, the month of his birthday.

4H - FFA Stock Show Set For January 20th

The local Show Committee has announced plans for the 4-H and FFA show to be held at the Agricultural Center south of town on January 20th. A showmanship Agricultural Agent.

The county Livestock Show Committee have been in session planning the '68 Livestock Show.

There will be 31 4-H and FFA boys exhibiting lambs, calves, registered sheep, range ewes and registered cattle.

Twenty-five animals will be auctioned, 18 lambs and 7 swine. Plans are under way to heat

the arena and serve barbecue. Next week complete details will be given as to the classes of the show, schedule of events, awards, committees, judging and exhibitors.

Members of the county show committee are: Billy McCravey, chairman; W. F. Edmiston, vicechairman; Ronnie Mittel, Jim Martin and Bill Maness.

Head of divisions are: Fat lamb division, Clifford Schooley and Henry Speck, Jr. Breeding Sheep. John Rae Pow-

Beef cattle, Fred Case. Market swien, E. H. Nixon Jr. Angora goats, Jim Cawley.

The showmanship trophy is presented to the outstanding showman by the Hereford breeders of the county.

The purpose of this showmanship contest is to encourage 4-H and FFA members, and others who help show livestock, to learn the finer points of showing animals to the best advantage. When so doing the person showing learns courtesy for judges and other contestants while creating less confusion and making for a better show for spectators.

This trophy is displayed in the bank building and was won by Walter Speck for the year 1967.

FOXWORTH-GALBRAITH LUMBER CO. PHONE NO. 853-2744 ELDORADO, TEXAS **GROWING WITH THE SOUTHWEST SINCE 1901**

January is the month when ranchers should be on the lookout Eldorado, Texas, have been elected for fresh horehound growth. Horehound is an unwelcome plant on sheep and goat ranches because the burs cling to wool and mohair resulting in the buyers offering lower prices for the product.

now costs \$10 to repair

One of the most successful me-thods of control is repeated treatments using solutions of 2, 4-D or 2, 4-5T applied with a hand gun or a broadcast, boomless nozzle. Extension Leaflet 598. "Noxious and Poisonous Range Plant Control" contains the proper rates of chemical use and can be picked up at the county agent's office. Spraving should not be done when the day temperature is less than 40 degrees. A light frost will burn the terminal growth, but after a few warm days the plant will begin growing and spraying can be continued.

The spraying needs to be done before the plants begin to mature seed. Several sprayings per year are necessary to keep horehound under control and spraying must be continued to insure no plants reach the mature seed stage.

The chemical spravs react slowly in co'd weather and some failures are possible. If a poor kill results from the initial spraying the retreatment should take place after the plants have reached a faster growing stage.

Clothes do not make the man, but a good suit often made a lawver.

* * * Consumers will likely be better satisfied with their meat purchases if consideration is given to eating quality. Indications of eating quality which can be observed by shoppers include marbling, color and texture of lean cuts.

Marbling is the small flakes of fat which are dispersed within an individual muscle or piece of lean and not the large seams of fat between the aprts of a round steak, for example. Marbling is associated with tenderness to a small degree and also to juiciness and flavor. The color of lean meat should be an indication as to its tender ness. Lean meat color is associated with the age of the animal from which the meat was derived. As

Three Are Named Captains Of 1968-69 Eagle Football Team

Coach Ray Morgan announced last week that the Eldorado Eagles' football team had elected their captains for the 1968-69 season.

Morgan stated that with election of Jimmy McGinnes, Mike Olson and Ross Whitten, the team could look to a new season with sound and progressive leadership, and that the team members had made wise choices.

All three are A students and all will be Seniors in Eldorado High School next Fall.

Jimmy McGinnes, who is 6 feet tall, weighs 220 and is the son of Mr. and Mrs. Elton McGinnes. Mike Olson, 5' 11", weighs 155 and is the son of Mr. and Mrs.

P. A. Olson. Ross Whitten, son of Morris Whitten, is 5' 11" and weighs 160. The Eagles will open their '68 season on Sept. 13th when they meet Bronte here. The 10-game season goes through Nov. 15.

AN ELECTRIC WATER HEATER

Needs No Flue Chimney Connections

FOR PLENTY OF HOT WATER, GET AN EASY-TO-INSTALL, FLAMELESS ELECTRIC WATER HEATER. YOU CAN IN-STALL IT ALMOST ANYWHERE ... BECAUSE IT IS FLAME-LESS. INSTALL IT IN A CLOSET, IN A CORNER, UNDER A STAIRWAY, ON A SHELF, MOUNT IT ON A WALL BRACK-ET. OR EVEN PUT IT WHERE AIR CIRCULATION IS POOR. IT NEEDS NO AIR SUPPLY AND NO FLUE OR VENT.

With an ELECTRIC WATER HEATER, there are no dangerous fumes, no pilot light to go out, and no odor. And, because only an electric water heater is completely insulated - top, sides and bottom - its surface stays cool to the touch, for safety.

SEE YOUR ELECTRIC APPLIANCE DEALER OR WTU. GET YOURSELF IN HOT WATER AND ENJOY IT!

Of all the vegetables available, the potato is king. Food shoppers buy enough potatoes to supply about two pounds each week to every man, woman and child in the United States.

Shoppers have a high return in food value for their money for potatoes. Jenoyce Douglas, Extension foods and nutrition specialist at Texas A&M, gives the value of one medium-size potato: at least 1/4 of the ascorbic acid recommended daily, good amounts of thiamine and niacin; iron and potassium. The first thing a dieter will cut

out of his diet is potatoes. But this is a false conception of the vegetable. A medium-size potato, boiled or pressure-cooked, or baked, provides only about 100 calories, about the same number as a large apple or orange or banana. Add fats, gravies or sauces and you add calories.

Fried potatoes may be two to four times higher in calories than plain potatoes

A plentiful fall supply of potatoes offers opportunities to try them in a variety of ways. Miss Douglas recommends these recipes from the U.S. Department of Agriculture:

Mexican Potato Balls

1½ cups hot mashed potatoes 2 eggs, beaten

1/4 teaspoon chili powder

- teaspoon salt 1/8 teaspoon powdered dry mus-
- tard
- 1 teaspoon grated onion
- 1 teaspoon milk 1/2 cup shredded cheese
- 1/2 cup dry bread crumbs.

Combine potatoes, eggs, seasonings, and milk. Blend cheese and breadcrumbs. Add one-half to the potato mixture. Shape into balls and roll in remaining cheese and breadcrumbs. Fry in deep fat at 380 F. until golden brown. Drain. Four servings.

State Comptroller Robert S. Calvert stirred the ire of some 1,350 private club operators by ruling that as of January 1 their sales of mixed drinks and related services would be subject to state and local sales taxes.

A delegation led by the Texas Restaurant Association called on Calvert urging him to change his mind.

New ruling applies to private social clubs and veteran and fraternal organizations dispensing mixed alcoholic beverages. It covers setups, mixes, ice, service charges for mixing and serving-and even the 15% tip most clubs add to the check.

"The entire charges for mixed drinks will be presumed as a part Set Feb. 12 By Lions of the taxable gross receipts," Calvert's ruling states.

Notice to Parents of **School Age Children**

The school census for Schleicher County is now being taken. All children who are six years old on or before September 1, 1968, but will not be 18 or older on or before that date should be counted in this census. It is important that all children 6 to 18 be counted in this census. The child should be counted even though he may not be in school and even though he may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31, you are being overlooked and should contact one of the following school principals:
