FBI Man To Address P-TA Meeting Friday

J. Gordon Shanklin, Special Agent in Charge of the Federal Bureau of Investigation in Dallas, will be speaker at a meeting of the Parent-Teacher Association in the Eldorado high school auditorium at 11:00 a.m. Friday, tomorrow the nineteenth of January.

The high school students will also attend to hear Mr. Shanklin's speech. He will be introduced by Orval Edmiston, Schleicher county sheriff.

Mr. Shanklin was born in Elkton, Kentucky and received his B. A. and LL. B. degrees from Vanderbilt University, Nashville, Tenn.

He practiced law in Nashville for eight years prior to entering on duty as a Special Agent of the FBI.

He has been assigned to West Virginia and New York City during the war years, and from 1947 to 1951, was assigned to FBI Headquarters in Washington, D. C., in a supervisory capacity. He was then transferred to Mobile, Ala., and was Special Agent in Charge of the Mobile and Pittsburgh P. O. offices prior to reassignment to FBI Headquarters in 1956 as an Inspector.

Shanklin served as Agent in Charge of the El Paso, Texas division during the year 1953, and was in charge of the Honolulu division from February, 1959 until his assignment as Agent in Charge of the Dallas Division April 22, 1963. He is married and has two children.

Doran Announces For Re-Election to State Legislature

HILARY DORAN

State Representative, Hilary B. Doran, Jr., of Del Rio, Texas, announced his candidacy for re-election in the May 4 Democratic Primary.

Representative Doran, currently serving his first legislative term, is seeking a second term in the State Legislature.

He is currently serving on the Parks and Wildlife Committee, Common Carriers Committee, Military and Veteran's Affairs Committee, Livestock and Stock Raising Committee and the Highways and Roads Committee of the House of Representatives in Austin.

Representative Doran has recently been appointed and is currently serving on the Interim House Committee on Natural Fibers. This committee is presently seeking to find ways to stimulate and encourage and aid the wool, mohair and cotton industries of this state.

Doran said his district, comprised of nine counties, is the second largest geographical representative district in the state.

Doran said, "While serving my first term in the State Legislature, I have conscientiously tried to vote the wishes and desires of the people in my district on the many issues that were before the Legislature. I also feel that the experience and knowledge I have gained from my first term will help me to further aid the people in my district if I am returned to Austin for a second term."

Doran also expressed the opinion that this coming special session of the Legislature would be a demanding one due to the fact that a tax bill would have to be voted in order to finance the operation of this state for the coming fiscal year.

Doran pointed out that an even greater challenge would confront the 61st session of the Legislature which will convene in January of 1969. It will be in this session that some of the greatest challenges that this state has had to face in many years will have to be met and solved if we are to continue to have the unprecedented growth in our state and at the same time attract and hold the calibre of employees and public school teachers that Texas must have to continue to be one of the major states in this nation.

Doran closed by saying that he deeply appreciated the encouragement and support of the many people through his district and that he would continue to work for the betterment of his District and the people in West Texas as well as throughout the state.

Doran, 31, is a graduate of the University of Texas School of Law and is a partner in the firm of Doran, Gulley and Murrain. He is a native of Del Rio and presently resides there with his wife and two sons.

SOCIAL SECURITY MAN COMING HERE TOMORROW

Don Minyard, representative for the San Angelo Social Security Office, has scheduled his January visit to Eldorado. He will be at the County Courthouse from 10:00 a.m. to 11:30 a.m. on Friday, January 19.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Mrs. Pearl Garvin is reported seriously ill in Clinic-Hospital.

Raymond Mittel Resigns Teaching Position Here

Tendering his resignation at mid-term from the high school faculty was Raymond Mittel, who has accepted a position with the Parks and Wildlife Department of Texas as superintendent of the Kerrville State Park.

Mr. Mittel has served on the local faculty since the Fall of 1961. He has taught American history, civics, economics, and physical science. His parents were the late Mr. and Mrs. Henry Mittel.

School Supt. C. T. Humphries was at work this week getting a replacement on the faculty for Mr. Mittel.

The Mittel family expect to move to Kerrville in the near future.

Funeral Wednesday For Wm. McCravey

William Robert McCravey, 83, a county resident for about 48 years, died at Baptist Memorial hospital at 9:00 p.m., Monday, January 15 after a long illness.

Funeral services were held at the First Methodist church at 2:00 p.m. Wednesday, followed by interment in Eldorado cemetery under direction of Ratliff-Kerbow Funeral Home.

Mr. McCravey was born March 7, 1884 at Bono in Johnson county, Texas. On August 13, 1919 he was married to Jessie C. Weatherly in Fort Worth. About a year later the couple moved to Schleicher county where they engaged in stock farming for about 20 years, and then moved to Eldorado. Gardening was his hobby and he was known for his "green thumb."

In addition to his wife he is survived by one son, William McCravey, and two sisters, Mrs. Jim Lindsey of Cleburne, and Mrs. Coleman Jones of Baytown; and four grandchildren.

His wife has been a resident of Colonial Nursing Home in San Angelo.

Hospital Directors In Special Meeting Last Wednesday Nite

A special meeting of hospital directors was held last Wednesday night in which they went over final plans with the architect and consultant.

Present in addition to all seven directors were Don Goss, architect, and his associate, Tom Sanders, plus Tol Terrell, the district's consultant, and Eldorado's new physician and surgeon, Dr. J. B. Brame.

Plans were completely finalized by the time meeting adjourned after a session lasting about 4½ hours.

According to Mr. Goss 30 days would be required for his office to work up detailed plans which could be submitted for bids, and advertising for bids would require another 30 days.

This would point to mid-March as the possible time for turning of the first dirt.

Next regular meeting of the board will be on Monday night, January 22.

Bank Stockholders Re-Elect Directors

The stockholders of The First National Bank here in Eldorado held their annual meeting last Thursday afternoon in the bank, and re-elected the slate of directors for the coming year. Good attendance was reported of the stockholders, with many coming from out of town.

The directors are Ed Meador, Jo Ed Hill, Leslie Baker, James Powell, James Page and Paul Page.

At a directors' meeting following the stockholders meeting, the officers were re-elected as follows: Leslie Baker, president; Jo Ed Hill, vice president; Raymond Hall, cashier; and Frances Peters, assistant cashier. Mrs. Mary Nell Herkey recently moved to San Angelo and had also served as assistant cashier before resigning at the end of 1967.

Mrs. Jerry Doyle was hired as a new employee of the banking staff and will go to work in the bookkeeping department Monday morning.

Historical Committee To Meet Friday

The Schleicher County Historical Survey Committee will meet tomorrow (Friday, Jan. 19) at the Memorial Building at 6:30 p.m.

During the past year, through our monthly meetings, we have made taped recordings of Schleicher County history, as remembered by five persons who were here in the early days. Seven research papers have been prepared and read at our programs. These and the tape recordings are being preserved at the county library.

A committee has been appointed to work toward the establishment of a county museum. A number of articles pertaining to Schleicher County history have already been donated and these are being held at the library.

A state historical marker is in the process of being made that will mark the site of the first permanent settlement by a white man in the county. This settler was Mr. C. C. Doty. The data collected for the marker was obtained from his daughter, Mrs. Steven Perner of Ozona, and Mr. Don McCormick of this city. The marker is due in March or April.

The organization has voted to place a second marker, designating the location of the early village called Verand, which later was moved a short distance and became Eldorado.

As we begin a second year, we are working toward a greater membership, more money donations from citizens and more contributions in the way of valuable papers and historical events. The historical survey is a state wide program and deserves the consideration of each citizen. Please accept our thanks for all contributions made to date. —Sarah Miltia Hill, chairman.

WHAT \$3.15 BUYS

What can you buy with \$3.15? Lots of things.

Three pairs of ladies' stockings. A case of soda. Two men's T-shirts. Six quarts of beer. A carton of cigarettes. A pair of kid's tennis shoes. Four pounds of butter. A box of inexpensive cigars. Or a typical prescription for one of today's modern medicines.

Twenty years ago, when your \$3.15 could buy a lot more butter or beer or just about anything else, one thing it couldn't get you was most of the medicines now commonly prescribed.

Reason? Many medicines you take for granted now couldn't be had then. Not at any price. They were yet to be discovered.

Conclusion: Today's good health is more than a good buy . . . it's good fortune.

Eaglettes Wipe Out Water Valley Thursday

Remembering how close Water Valley came to sending them to defeat last year didn't seem to hurt the Eldorado effort any last Thursday. The Eaglettes went into the Eden Tournament to play ball and did so 75-45 against the Wildcats.

The flu bug had shown its ugly face among team members all week and yet the day of the game all were available. Only starting guard, Donna Davis, did not see action due to several days illness. However, sophomore Lisa Whitten took the starting berth and proceeded to play herself and the team an excellent game. Susan Mobley, also out several days prior started the game and although she had to be relieved now and then, she totaled 19 points. Dale Montgomery, also just up for the game played during the fourth quarter and had 2 points and two rebounds. Everyone else was physically ready to play and each did a good job. On offense Libby Preston had 22 points and 12 rebounds, Susan Hill 12 points and 7 rebounds, Arlene Hartgraves 11 pts., and Stella Hubble 9 points.

Chris Edmiston led the defense with 12 rebounds, Sherry Yates 6, Randy Pates 6, Lisa Whitten 6, Mary Lynn McCalla 3, and Billie Gavl Blaylock 1.

The team hit 41.5% from the floor and 65% on free throws.

Girls Take Bronte

Eldorado met the Bronte Longhorns Saturday morning at the Eden Tournament in the championship semi-finals and took them out by a 46-25 count.

The team attempted only 37 shots the entire game due to an excess of turnovers by both teams. However, the Eldorado girls hustled throughout and managed to stay in the lead throughout the contest. Libby Preston was the point maker as she hit 23 aided by 10 from Susan Mobley, 9 from Susan Hill and 2 each from Arlene Hartgraves and Dale Montgomery.

Chris had 10 rebounds, Sherry 6, Lisa Whitten 2, while Billie Gavl Blaylock 1, and Randy Yates 1. Donna Davis saw considerable service in this, her first game since the flu.

The annual 4-H and FFA Stock Show involves many people working together for a successful show. Billy McCravey, W. F. Edmiston, Ronnie Mittel, Jim Martin and Bill Maness are this year's livestock committee. Their division chiefs are:

Fat Lamb Division, Henry Speck Jr.;
 Breeding Sheep, John Rae Powell;
 Beef cattle, Fred Case;
 Market swine, E. H. Nixon, Jr.;
 Angora goat, Jim Cawley.

The popular concession and barbecue committee are: Mrs. E. H. Nixon Jr., Mrs. Henry Speck Jr., Mrs. Clifford Schooley, Mrs. John Rae Powell, Mrs. Edgar Sauer, Mrs. W. F. Edmiston.

There are many other than these committees, the friends of 4-H and FFA who contribute time, money or products for which we are thankful for making this show possible each year. It takes all working together to get results and satisfaction for the efforts. Thanks to all

Deferment or rest from the grazing of livestock during critical periods is one of the best ways available to ranchers for range condition improvements. An increase in vigor and number of more desirable plants will occur if range deferment is established during the growth cycle of a forage plant in the early spring. During this period, when the warm sea-

son plants begin to grow, uninterrupted growth will result in the plant rebuilding and maintaining its vigor, root system and top growth.

Deferment can be obtained by grazing small grain fields, or through the use of a systematic deferred rotation grazing system. Planning should be done now if a deferment program is to be initiated during the 1968 grazing season. Information on deferred and rotation grazing plans is available from the agent's office.

Experience is what makes you wonder how it got a reputation for being the best teacher.

It is more important than ever with increasing competition to produce on a more efficient basis. Keeping a close check on operations and making adjustments as new situations and conditions arise will result in profitable decisions and intelligent actions in the farming and ranching business. These decisions and actions should be based on facts derived from good records and accounts. Complete and accurate accounting of income and expenses can mean dollar savings in income tax management, business management and social

security benefits.

Proper accounting procedures include:

- Recording cash received from all sources relating to the farm or ranch business. By proper identification some of these receipts may be excluded from taxable income.
- Recording all annual operating expenses. A poor operating expense record will result in increased tax liability.
- Recording of capital expenditures. Many of these assets may be subject to depreciation. This will also serve as a record of cost at time of sale.

Records and accounts are invaluable tools in efficient farm and ranch management. They provide the only basis for making a cost analysis of the business. They also may be used to determine credit needs.

Future adjustment in the business should be made only after carefully analyzing the financial and physical data from records and accounts.

For more information on adequate farm and ranch records and accounts contact my office.

This may never occur to a teenage boy, but someday he will know

as little as his father.

Farmers and ranchers should be on the lookout for the annual invasion of lice on their livestock. These pests will reduce profits and increase feed bills unless they are controlled.

Copies of MP-691, "Texas Guide for Controlling External Parasites of Livestock and Poultry" are available at my office.

The publication is "chuck-full" of information on insecticide formulations and how to use them in controlling flies, lice, mites, ticks, fleas, cattle grubs and others. It contains a dilution chart for mixing sprays and dips and outlines control programs for beef cattle, nonlactating dairy cattle, sheep and goats, swine, horses and poultry.

To get a head start on lice this winter, initiate a sound control program now.

Eden Crown Goes To Eaglettes

For the second consecutive year the Eaglettes of Coach Jack Bell have come home with the Championship trophy from the Eden 26th Annual tournament.

Eldorado again met host Eden in the finals and defeated them 66-55 after taking a 56-35 lead into the final period.

The game was one of wide open offense with both teams hitting well. Eldorado took a 21-10 first quarter margin with Libby Preston hitting 6, Susan Hill 6, and Susan Mobley 9. This same trio added 15 points in the second stanza and had a 36-24 half time lead.

Half-time was no problem because the green and white came out firing and racked up 20 points to 11 for Eden. By the end of the third period Libby had notched 30 points of her 32 total for the night. However, Susan Mobley and Susan Hill were not sitting still as they hit 18 and 16 points. Coach Bell, assured of a tournament victory, sent in everyone to finish the fourth quarter.

The defense allowed 55 points but played good defense and fouled very little. Chris Edmiston, Sherry Yates, and Donna Davis carried the load along with Lisa Whitten, Randy Yates, and Billie Gayl Blaylock. Shirley Hubble did not see action throughout the tournament due to a sprained ankle. Chris and Sherry led the rebounding with 14 and 11.

Summary:
Eldorado 75-----Water Valley 45
Eldorado 46-----Bronte 25
Eldorado 66-----Eden 55
Libby Preston was selected as one of three all-tournament forwards and Chris Edmiston was selected as an All Tournament guard.

The Eldorado girls have now completed invitational tournament play and have three very tough games before district 8-A east zone play begins.

The girls are now 17-2 for the season. The team has the best tournament record ever with a first place at the Eldorado and Eden tournaments and runner-up at HardinSimmons. The five starting Seniors have shared tournament honors showing the balanced attack. Susan Mobley was All-Tournament at Hardin-Simmons, Susan Hill was free throw champion at Eldorado, and Libby All-Tournament at Eden. Guards Sherry Yates and Chris Edmiston have shared honors all season with Sherry making All Tournament at Hardin Simmons and was the Outstanding Guard at Eldorado. Chris was the outstanding player at Hardin-Simmons and All Tournament at Eden.

Eldorado is trying with each game to improve on their record at last season.

Austin, Tex.—Texas Liquor Control Board activities occupy a widening spotlight.

Complaints of wrongdoing by some board employees will be aired at a hearing before LCB members and Administrator Coke Stevenson Jr. here January 29.

Gov. John Connally has praised the board for firing of seven men over incidents involving questionable sale of a confiscated truck and alleged mishandling of 11 bottles of contraband liquor.

Dallas Dist. Atty Henry Wade called on the Texas Department of Public Safety to investigate the LCB after his staff came up with what he termed a "protection" scheme involving board agents. Grand jurors in Smith county also are probing a claim that one liquor license was so quickly granted that local law enforcement people had no chance to object.

Connally said he is confident the board itself will pursue every lead relentlessly and will call on DPS and the state attorney general to assist with the January 29 hearing.

"The board feels as I do," said the governor, "that any employee guilty of questionable conduct or malfeasance should be punished severely and quickly."

Junior College Program

Only minor objections were heard at the Coordinating Board, Texas College and University System, held a public hearing on its new plan for dividing the state into 52 regions. Plan would allow each region at least one junior college.

Project envisions basic post-high school education at junior colleges, with upper-division college work done at senior colleges and post-graduate work at the major universities.

Only objections to the plan were from Chambers of Commerce and similar organizations. Some did not like the way the board lined up the regions, leaving them with little hope of having their own junior college.

Application Reviews Begin

Texas Water Quality Board will begin considering applications for grants and loans to plan areawide sewage treatment facilities on March 1.

Last year the Legislature allocated \$2 million for planning and feasibility studies for such facilities.

Board already has established a tentative priority system with ratings from "A" to "D". Top "A" priority areas are "almost assured" of getting part of the funds available.

Appointments Announced

Howard B. Boswell of Austin is new executive director of Texas Water Development Board. He succeeds Joe G. Moore Jr., who becomes commissioner of the Federal Water Pollution Control Administration on February 1.

Robert L. Lewis, formerly of Ennis, succeeds retiring Talbot S. Huff as chief engineer of highway design for the Texas Highway Department on February 29.

John Hyers Stokes of Lufkin is in charge of research services to candidates for the Republican state headquarters.

House Speaker Ben Barnes has named to the new Interim House Criminal Law Study Committee: Reps. James Nugent of Kerrville (chairman); Joe Shannon of Fort Worth; and Cletus Davis of Houston. Also El Paso District Attorney Barton Boling and San Antonio attorney Joe Frazier Brown.

Dr. Porter M. Bailes Jr., of Tyler was appointed by the State Board of Education to fill the seat of Dr. B. E. Masters of Kilgore, who retired January 1.

Longtime State Highway Engineer DeWitt C. Greer, Mark H. Hulings of Corpus Christi and Floyd J. Childs of Abilene are the new executive committee members of the Texas Good Roads Association.

Attorney General's Opinions

County commissioners courts are not bound under the new open meetings law to permit live broadcasts of meetings or the tapings of proceedings for delayed broadcast, Atty. Gen. Crawford Martin held.

In other recent opinions, Martin concluded that:

—Anti-lottery laws are not violated by service stations which give away free cards entitling holders to win prizes.

—A city can impose its building restrictions on public junior college districts and require them to pay regular building permit fees.

—State Board of Examiners in Basic Sciences does not have authority to deny certificate of proficiency in chiropractic to an applicant otherwise qualified by law

who presents evidence of having taken the required college credits.

—State Board of Registration for Professional Engineers can employ an investigator to assist in performance of duties.

—It is the obligation of the state to bury indigent patients who die in state hospitals or while on furlough from state institutions.

—Local governments can bring suits to enforce water and air pollution controls without approval of state agencies.

—Insurance companies subject to gross premium receipts taxes are also subject to sales taxes.

—County commissioners have right to erect cattle guards paramount to that of landowner's right to erect gates, when in best interest of public.

—Federal Bureau of Investigation cars are authorized emergency vehicles.

—Texas Water Quality Board may adopt rules prescribing fees for copies of documents filed with it but has no authority to distribute free maps, papers and other documents to persons affected by proceedings.

—Criminal trial witnesses are entitled to per diem compensation for the one day only regardless of the number of cases he testifies in that day.

—Peace officers' fees in misdemeanor cases are governed by Article 5301 of Code of Criminal Procedure, felony case fees by Article 1029 and district clerks' fees in felony cases by Article 1064.

Dallas Firm's Bid Low

State Building Commission awarded contract to R. E. McKee, General Contractors, Inc., of Dallas for \$5,050,000 for new State Finance Building in the Capitol Complex. Legislature voted funds for it in 1965.

McKee was the low bidder among seven. Other bids ranged up to \$5,328,000. It's the third big, new, modern office building in the complex.

Construction is scheduled to start on February 1.

Statewide School Plan

U. S. Office of Education and the State Board of Education have given their approval to the Texas Education Agency's plan for developing a statewide program for coordinating the long list of federal, federal/state and local education programs.

Plan includes "integrating, coordinating and focusing presently diverse educational programs in the state on a limited number of high priority activities and populations."

Idea is that local school districts—after they've decided what federal and federal/state programs they want to participate in—file only one application, which would go through the state to the federal level. Then, when it's time to report back what the grant money was used for, only one report for all the various programs would be

About 7,000,000 motor vehicles will be registered in Texas this year. State Highway Department says that's the largest number in Texas history. All license plates have been delivered to county tax assessor-collectors and will be issued during February and March.

Some 4,750,000 tags will go on passenger cars and 1,900,000 on commercial trucks and tractors. Balance is for trailers and motorcycles—where the biggest increase will take place. Motorcycle registrations are expected to be up 16% this year as compared to a 3.5% increase in cars & trucks.

Each owner must furnish the tax collector's office with the vehicle's title, 1967 license receipt and the owner's current address and zip code.

Draft Quota Set

February draft quota for Texas is 1,165 men. This is compared with 1,659 for January, 924 for December, 1,159 for November, 977 for October and 1,180 for September, says Col. Morris Schwartz, State Selective Service Director.

February figure is 5% of the national call of 23,300. Local Selective Service Boards have been instructed to schedule 4,590 men for pre-induction examinations in February—a reduction from 5,455 ordered in January.

Jr. High Girls Basketball Team Were Tops In The Recent Tournament At Junction

FRONT ROW, left to right, are: Marian Bland, Patti Olson, Betty Kay Bradley, Thelma Bosmans, Judy Hanusch, Eva Stigler, Patsy Tampke, and Rosellen Maness. Back row: Leslie Martin, Jean Rountree, Gay Lynn Richardson, Manager Jenny Martin, Sherry Davis, Loretta Schooley, and Jeanne McCravey. Not available for the picture was Patsy Page.

Girls Clobber Angoras Tuesday

The Eldorado basketball girls evened the ledger Tuesday as they beat Rocksprings 65-33 with everyone getting into the act. This was their 18th victory and the 11th in a row this season.

Eldorado jumped to a 21-10 first quarter lead and managed to hold it through most of the game and widen it late in the third and fourth quarters.

The story was in hustle and good hitting by the offense and alert defense and rustle by the guards. Although a starting guard for the Angoras was out due to illness the game was still in the hands of the Eaglettes all the way.

Libby Preston, Susan Mobley and Susan Hill tallied 23, 19, and 13 to lead the way while Stella Hubble added 6, and Dale Montgomery and Chris Edmiston had 2 each. Chris, Sherry Yates, Randy Yates, Donna Davis, Lisa Whitten, Billie Gayl Blaylock and Shirley Hubble handled the defensive chores. The forwards hit an excellent 21 of 26 on free throws for 81%.

Basketball Girls Await Maidens

The Eaglettes will have their yearly "round" come Monday night in Eagle Gym with Lake View. These teams collide every season and though the Eldorado girls are definitely physically out-manned they are never out-hustled. Lake View brings an experienced tall group here for both B and A games with the varsity holding an 114 record.

This is the last non-district game for Eldorado before east zone district play begins and the Eaglettes are desperately trying to hold their losses to a minimum. The Eldorado fans have fought hard for a good record and no defeats on their home court.

Game time should be 6:30 and 8:00.

Eaglettes Await Canyon

The Eldorado girls will host a fine Nueces Canyon team this Friday in Eagle Gym in search of their 19th win of the season.

Eldorado met them in Canyon the second game of the season and defeated them 60-41. However, both teams have more games under their belts and should engage in a fast moving, exciting game. Nueces has good height and moves well with an outstanding forward and a tall guard.

Game time is 8:00 with the "B" girls playing at 6:30. The "B" girls also hold a win over the Panthers.

Ralph Preston of Midland, former resident here, was visiting here Wednesday.

Dr. White To Preach At Baptist Church

Dr. W. R. White, president emeritus of Baylor University, is to preach at both worship services at the First Baptist church here next Sunday, Jan. 21. Announcement was made by the Rev. Kenneth Vaughan, pastor.

Dr. White is to conduct a course in the study of the Gospel of Luke at 7:30 p.m. each day throughout next week and will preach the morning sermon on Sunday, Jan. 28.

Mrs. White, who has taught Bible courses here before, will begin a study (probably in the Epistle to the Romans) on Tuesday at 10:00 a.m. and will continue thru the week.

Everyone is cordially invited.

Junior High Girls Win Junction Tournament

Over the week-end of Jan. 4, 5, and 6 the Eldorado Jr. High Girls successfully defended their Junction Tournament championship title—adding the third consecutive winners cup to the trophy case.

The local girls posted victories of 38-9 against Harper, 32-11 against Rocksprings, and 37-11 against Menard in the finals.

In its opener against Harper, Eldorado faced an unfamiliar team from a town with a reputation in the Hill country of taking its basketball seriously, and playing without regular starter Patsy Page (an early virus victim), the local girls were somewhat apprehensive as they took the floor. But their early game jitters were soon shaken, as they jumped into a quick lead and dominated play throughout the game.

Coch Thomas took over the direction of girls in their remaining games in Mrs. Harber's absence, and Mr. Dinsmore supervised their off-time "fun and games", arranging their rest and eating schedules. Coach Thomas reports easy sailing past Rocksprings and Menard with Team Manager Jenny Martin's statistics indicating well balanced scoring by all forwards and stalwart defense on the part of all guards. Both coaches used the 9 reserves freely, all gaining valuable playing experience.

Patsy Page was able to play in Saturday's games but sparingly, as was Loretta Schooley, who turned up after the opening game with an illness that threatened her making the return trip. Still, she garnered scoring honors with 23, 9, and 19 points in each of the games. Playmaker Jeanne McCravey also scored well, and points were further contributed by Sherry Davis, Judy Hanusch, Thelma Bosmans, Rosellen Maness and Patsy Olson. Gay Lynn Richardson, Jean Rountree, and Leslie Martin, who usually put up an almost impenetrable defense were ably supported by reserves Marian Bland, Betty Bradley, Eva Stigler, and Patsy Tampke, all of whom allowed a total of only 7 field goals to be scored against them in the tournament.

April 6 Opening Nears For '68 HemisFair

San Antonio.—HemisFair '68 is off the ground in a big way. The five-storey top of the Tower of the Americas is being lifted to the dome of the 622-foot structure, and the Swiss Skyride is in operation.

Both events point to the thing that everyone has begun to believe. The World's Fair is not far away.

With the turn of the New Year, the realization that the April 6 opening was just around the corner became evident. That was when people stopped referring to the \$156 million spectacular as "the World's Fair" that "will be held next year."

The Swiss Skyride began operation Dec. 23, and met immediate success. A total of 5,700 persons took the 10-minute aerial tour across the grounds during the Christmas week end alone.

There's less than 100 days to go for the big extravaganza, and it's obvious to see why everyone connected with it is acting like a proud father. Just a short time ago, the area in downtown San Antonio was ticketed for Urban Renewal.

HemisFair came along and turned it into a \$156 million jewel-box which really defies description.

It has gone up like clockwork. And, when it is ready for the curtain call April 6, it truly will be something to see.

The focal point, of course, will be the Tower of the Americas, tallest in the western hemisphere. It will have a revolving restaurant at the top, a view of 100 miles around and has been set up to handle 1,750 people per hour on the two observation decks.

But, no matter how awesome it is, the Tower is only one small part of HemisFair. There will be more than a score of foreign countries showing off their products and culture, a host of private exhibitors, the United States exhibit, and at least two state pavilions.

What really makes those pavilions good to the budget-minded traveler is they are all FREE after admission to the grounds.

Of course, there is plenty more, and it won't be all culture and business. Fiesta Island, HemisFair's answer to Coney Island, will have a multitude of rides for all ages, including many that have never before been available in this country.

The fun theme will be emphasized at Bell Telephone's exhibit at the 92.6-acre fair. Included in the pavilion will be a picturephone and numerous other electronic marvels including tie tie toe on an electronic board (Word is you can't beat the machine, only tie it.)

The 10,000 square foot exhibit, which is ready for use, is being staged by Southwestern Bell Telephone Co. in conjunction with American Telephone and Telegraph Co. and Western Electric Co.

Other gadgets in the pavilion, in which the machine narrows down your age with just a few guesses; a voice mirror, which records a person's telephone voice and plays it back, and a pitch match, which sounds a tone and the visitor presses a button to try to match the machine's tone.

There will be plenty of room for visitors to the big event. There are already 6,000 hotel-motel rooms in Bexar county and another 5,500 units within 90 minutes driving time from San Antonio.

On top of that, 2,000 more are being built in San Antonio, and

the building boom extends along all routes leading to the World's Fair city.

To make early reservations, contact Visitor Services Inc., a non-profit organization which has set up a referral service to handle the flood of requests.

VSI (P. O. Drawer H, San Antonio, Tex. 78206) already has handled more than 13,000 requests for more than 43,000 bed nights during the fair with 100% success.

Governor John Connally differs with HemisFair estimates of the expected attendance during the April 6-Oct. 6 spectacular.

HemisFair estimates "at least 7.2 million", using figures from a private survey.

Connally, who is Commissioner General of the big event, feels that is too conservative.

"They can say 7.2 million if they want, but personally I believe it will reach at least 10 million," the governor says.

HONORED WITH SHOWER

A Pink and Blue shower was given Friday, January 12, at the Memorial Building in honor of Mrs. Tony Cheatham. Refreshments served were hot chocolate, coffee and cake.

Hostesses were Mrs. Earl Dean Clark and Mrs. George Williams.

TROOP 150 MEETS

Girl Scout Troop 150 met on Monday to discuss about earning the hospitality badge. We suggested ways how to be a good hostess and a good guest. We think we will like to work on this badge. —Rep., Sandra Kreie.

B GIRLS HOST WALL

Following the Jr. High games Thursday night in Eagle Gym the Eldorado B team will take on the Wall varsity girls.

The game should begin around 7:30.

Dr. Malone Hill of Alpine and Gen. and Mrs. Jim Dan Hill of Wisconsin visited here recently with Misses Miltia and Katherine Hill. Mrs. Hill will be in Texas for about six weeks while Gen. Hill is on a trip to Africa.

Mr. and Mrs. Vernon Hazelwood and Mrs. Laman Hazelwood were in Brady Sunday to visit their 89-year-old father, J. C. Whiteley, who is a patient at the Fireside Nursing Home there. They also visited with the Vernon Corrolls and the J. C. Whiteley family.

Work Continuing At HemisFair Site

San Antonio.—An average of more than 1,000 visitors per day to the already-operating skyride at HemisFair 1968 have raised the ancient art of sidewalk superintendency to an all-time high.

Crossing the 92-acre site from southeast to northwest, the ride gives the visitors an excellent view of the many modernistic pavilions nearing completion. It soars above the web of elevated walkways, the mile-long lagoon, many boutiques of foreign nations and some of the 19th-century mansions which have been restored by concessionaires.

The ride starts just east of the \$10 million Institute of Texan Cultures, the largest single pavilion on the site. It terminates between the foreign government sector and the \$8.75 million United States Confluence Theater.

A highlight of the ride is passing close to the 622-foot Tower of the Americas and watching the 1,500,000-pound tophouse inch its way skyward much like a doughnut sliding up a broomstick. The six-level tophouse will contain a revolving restaurant, concessions areas, and open and closed observation decks at its topmost levels.

Riders have an excellent view of the already complete, 3-building Convention Center of the City of San Antonio, with its 2,800-seat Fine Arts Theater, the 10,500-seat arena and the 200,000 square foot

exhibit and banquet hall. During HemisFair, the 10-storey, acoustical domed arena will host such shows as the Ringling Brothers, Barnum and Bailey Circus, the Dale Robertson Show and many others. The theater patrons will hear such comedians as Jack Benny, Bob Hope, Phyllis Diller and Bob Newhart. They will listen to Ferrante and Teicher, and they will watch Arthur Fiedler conduct. They will thrill to the heralded opera "Don Carlo."

The skyride also glides past Fiesta Island, being readied for the many rides and other amusements that are such an integral part of any World's Fair.

As the April 6 opening date of the international exposition approaches, it is difficult to look in any direction without seeing tremendous activity.

Much of it is in the foreign government sector, where some of the exhibits are already being installed. Governments which have indicated they will participate include Belgium, Bolivia, Canada, Republic of China, Colombia, Costa Rica, El Salvador, France, Germany, Guatemala, Honduras, Italy, Japan, Korea, Mexico, Nicaragua, Panama, Peru, The Philippines, Portugal, Spain, Switzerland, Thailand, Tunisia and Venezuela.

Soon to get started is the final job—extensive planting of ground cover, flowers and shrubs, and installation of the many fountains and sculptures that will make the Texas World's Fair as easy to experience as it is delightful to see.

Linthicum Addresses Lions Club Meeting

Horace Linthicum, president of the Eldorado Riding Club and the West Texas Rodeo Association, spoke briefly to the Lions club at its meeting yesterday at noon in the Memorial Building.

Linthicum, who was introduced by Skeet Mace, gave latest information on the Riding Club's effort to procure the old Eagle Field site south of town for a new rodeo arena.

It is proposed that about \$15,000 be raised for facilities, and that the Lions Club sponsor an annual rodeo in August. The club referred the matter to committee for further study and recommendations.

C. T. Humphries presided at the meeting in absence of Boss Lion Rountree. Joe Christian led singing of "America" at the beginning, followed by flag salute led by L. D. Mund and invocation by P. S. Dudley.

Guests included Ralph Preston of Midland, Mr. Gaston and Mr. Moody, and M. H. Woodward and Jimmy McGinness of Eldorado.

Ralph Waldron is program chairman for January. Raymon Mobley brought a film on highlights of the Southwest Conference for 1966. L. D. Mund was projectionist.

Carelessness KILLS
For the life of you... Obey these signs!
Railroad grade crossing signs and signals are too often taken for granted. They are there for your protection. They save many lives every year, but not those of careless drivers. For the life of YOU and your loved ones cross crossings cautiously!

Railroad crossings, like forest fires, can be extremely dangerous with death and heavy property damage awaiting, but only for the careless, as has been repeatedly shown by official investigations.
