Number 4

County Drenched With Moisture

Crop prospects for 1968 are considered much more favorable than they have for many years according to opinions expressed by farmers in this county.

At this time a year ago the county was in the midst of a four-month drouth which was not relieved until it was too late to be of help for crops.

A comparison of rain totals for five months (Sept. thru Jan.) shows nearly three times as much moisture this year than last. This season's rainy period included snow, sleet and an ice storm in addition to many slow rains, all of which went into the ground.

Opinion expressed by many is that with this early rainfall, it won't take but just a little this Spring and summer to make a real good bumper crop.

The following table reflects figures for this month up to Jan. 22, which still leaves nine more days to go. On that day it was still cloudy and threatening.

	1966	1967
September	3.62	5.92
October	1.23	0.91
November	0.00	2.07
December	0.00	1.38
January	.64	4.00
Totals	5.49	14.18

New Babies

A son weighing 8 lbs. 12 oz. was born at 4:40 p.m. last Thursday, Jan. 18th, in Clinic-Hospital in San Angelo to Mr. and Mrs. Jack Bell. Mr. Bell is on the coaching staff of the local schools.

The new baby has been named Larry Thomas. Grandparents are Mr. and Mrs. J. B. Bell of Tyler and Mrs. Marie Graham of Dallas. C. C. Graham of Lubbock is also grandfather.

The Bells also have an older son, Andy, who will be 5 in March. Mrs. Bell and her new son came home Monday.

News of the Sick

Mr. and Mrs. C. R. Keeney returned Saturday night from Galveston where both were confined for a time in John Sealy hospital. They are continuing convalescence at home.

Mrs. Will Isaacs is now in the rest home at Menard.

Jess Thompson has been a patient at Baptist Memorial hospital for over a week. His daughters, Mrs. Frankie Hanby of Dallas and Mrs. Mary Speir have both been there to visit him. He was improving at the time of this report.

Political Announcements

County Offices	\$25.00
Commissioners	\$15.00
State and Congressional	\$25.00
Federal Offices	\$25.00

Note: The above prices include one (1) write-up of not exceeding 250 words; additional wording will be charged for at regular reader advertising rate (3c a word). The price does not include subscription to this publication. No refund to candidates withdrawing.

The Eldorado Success is authorized to announce the following names of candidates for office, subject to action of the Democratic Primary May 4, 1968:

For State of Texas, House of Representatives, 65th District:

HILARY B. DORAN, JR.
(For Re-Election)

ORVAL N. EDMISTON
(For Re-Election)

JAMES MIKA

For Commissioner, Precinct 1:

GEORGE WILLIAMS

WEATHERLY KINSER
(For Re-Election)

BUSTER GUNN

For Commissioner, Precinct 3:

JOE M. CHRISTIAN
(For Re-Election)

New History Teacher On Job At School

Mr. Jack Richard Bell came here Tuesday and by Wednesday morning was on the job as new history teacher at school. Mr. Bell was hired to this position as a replacement for Raymond Mittel who resigned at mid-term. This was the only mid-term change on the faculty reported by Supt. C. T. Humphries.

Mr. Bell's wife and four children are expected to come here during the week end as soon as he arranges for a house. The family are moving from Lubbock.

Mr. Bell received his bachelor's degree from Tech in 1957. He has taught at the New Deal and Floydada schools here in Texas, and also taught four years in New Mexico.

The family are Methodist. Raymond Mittel expects to move with his family during the week end or nearly next week to Kerrville where he will be on the job by Feb. 1st with the Parks and Wildlife Dept. of Texas.

Odessa Man Comes Out For Congress

Gordon F. Johnson of Odessa came through Eldorado Tuesday and filed with County Democratic Chairman Dick Preston as a candidate for Congress from the 21st Congressional District. He also called at the Success office before leaving for Sonora to file there.

He was accompanied by his son, Sgt. Gordon Johnson, Jr., who is stationed at Goodfellow Air Force Base in San Angelo.

Johnson is an Odessa trial lawyer and this is his first venture into politics. He will be opposing O. C. Fisher who has been Congressman from this district for 25 years.

Methodists Consider Church Remodeling

The Official Board and the Building Committee of the First Methodist church here in Eldorado have been consulting with an architect in recent weeks on the matter of a remodeling and redecorating project on the church property.

Being considered is addition of a beamed ceiling in the church sanctuary with side bracket lights between the windows, and ornate lighting fixtures for the interior. Also, the partitioning of the church basement into rooms to be used for Sunday School classes and a room for the choir, is included in the proposal.

The Rev. D. G. Salter, pastor of the church, announced that the first Sunday in February, which is Feb. 4th, a congregational meeting will be held following the morning church service at which time a panel will discuss and present the building program in detail and be available for answering questions.

It was planned a few years ago that the next major expansion of the church property would be adding of four rooms onto the educational building, but the new proposed project is being cited as more nearly serving the present needs of the church congregation.

The church memorial fund is earmarked for future building, and at present has several thousand dollars in it.

Elementary Dribbles To Perform Monday Nite

The Eldorado Elementary Dribbles, a group composed of 4th, 5th, and 6th Grade girls, will perform Monday night at approximately 6:30 between the Junior High Girls' and Boys' games with Junction.

This will be the 5th annual appearance of the Dribbles, 4th, 5th, and 6th grade girls enrolled in physical education and currently involved in a basketball unit. The program is annually solicited by Mr. Raymond Mittel and the Student Council, of which he is sponsor.

The girls will perform rhythmic and speed dribbling drills, reflecting training in rhythm, coordination, agility and dexterity—inherent in basketball skills.

They are directed by Mrs. Shannon Harber.

SALES PADS for sale at the Success office.

Edmondson's Store Broken Into Again

Glynn Edmondson's package store on South Divide street was broken into sometime Sunday night. Mr. Edmondson discovered evidence of forced entry when he came to work Tuesday morning, and a quick inventory revealed that a dozen fifths of whiskey and four or five cases of beer were missing.

The store had a break-in the night before Thanksgiving, at which time some cigarettes and beer were taken.

The robbery Monday night was apparently conducted in the same way: the intruder forced open the rear door of the store and took the goods out the same way.

Local law officers were investigating, and by Tuesday afternoon Rusty Gibson, owner of the building, was mounting a barred door over the rear door which will be held in place by a strong lock.

Hospital Directors In Meeting Monday

Hospital board of directors met Monday night with Ed Meador acting as secretary in the absence of Ronnie Mittel.

It had been expected that county commissioners would be present to work out plans for dirt moving but they had another date in mind and failed to show up.

Board members went over costs of a long list of supplies, most of which were approved. They agreed to ask for further bids on certain items. With that accomplished the meeting was adjourned. Next meeting will be Monday, Feb. 5th.

At the present time there is not much more for the directors to do. The next step is up to Architect Don Goss, who must complete all his plans in detail and submit them to contractors for bids.

Post Script

Next week's issue of the Success will be our annual edition saluting Boy Scout Week.

We had so much rain recently that caliche roads here in town and over the county were slippery for quite a few days.

By Tuesday and Wednesday it looked like we were finally going to have clearing weather.

We now have two Jack Bells on the faculty. If you find it necessary to call one of them at school, maybe it will simplify things to call for Coach Bell or Mr. Bell.

Congressman O. C. Fisher is getting his first opponent in a Democratic Primary in 14 years. Gordon Johnson of Odessa has announced against him.

The 21st Congressional District now stretches from Odessa on the west to northern San Antonio, a distance of about 350 miles. So it will be a big campaigning territory.

At 9:30 Wednesday morning, there had been 1044 voter registrations in the sheriff's office.

The office will be open Saturday morning from 8:00 to 12:00 to receive registrations and next Wednesday (Jan. 31) at 5:00 p.m. is deadline.

Everyone 21 and older, including those over 60, must now register each year to be qualified to vote.

This is the last issue of the Success in which we can urge you to register to vote in 1968, which promises to be an important year politically.

People moving:

Farris Nixon to Fayette Nixon house;

Herman Rushing from Kerith Homer house to the Jarrett farm;

James Caddell, from Phillips house to Mattocks house;

Ben Fatheree from Donaldson house to Troy Cooper house.

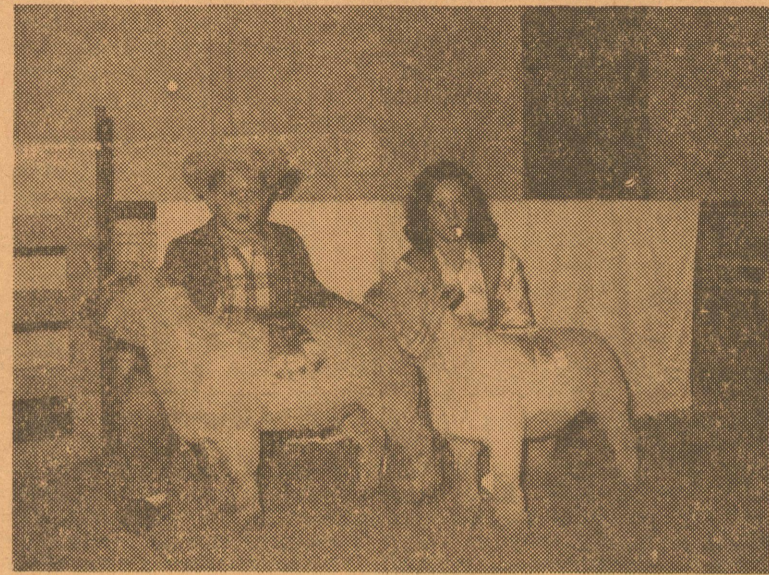

New in Eldorado is Bill Rawls, with Sinclair, who is in the Donaldson house.

With our subscribers: Mrs. Roy Phelps recently renewed and reports their new address as 6000 Caldwell, Waco, Texas 76710.

Mrs. Phelps also entered a new subscription for C. C. Henderson of Route 1, Box 76-2B, Marble Falls, Texas 78654.

J. C. Whiteley is subscribing again at the Fireside Nursing Home in Brady.

Results Given On Livestock Show

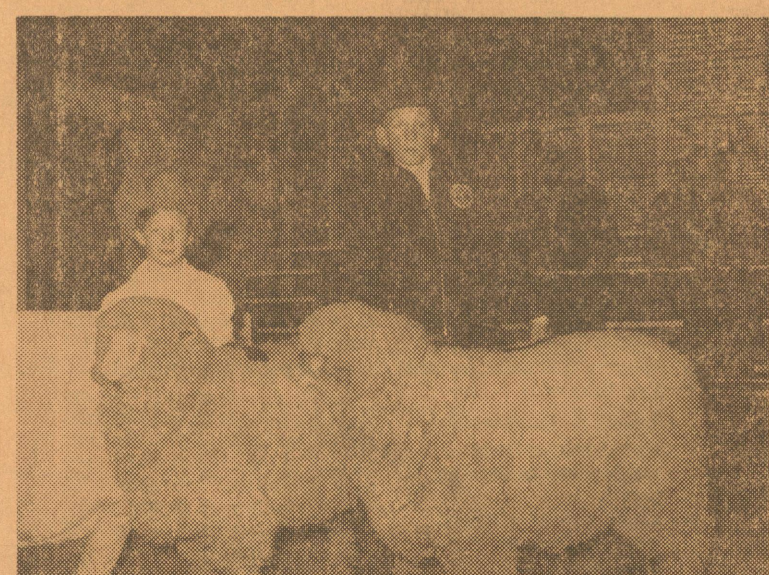

Leslie Hill, son of Mr. and Mrs. Glynn D. Hill, voc. ag. teacher, had the Grand Champion Lamb of the show. The lamb was a crossbred, bred by Henry Speck Jr. This is his second year to show in the county show. The Reserve Champion lamb of the show was a Southdown shown by Loretta Schooley, daughter of Mr. and Mrs. Clifford Schooley. She also won showmanship award.

The champion and reserve champion steers of the show were shown by Leslie Hill. The champion was an Angus bred by Jess Koy. The reserve, held by Roy Mack Hawkins, was a Hereford bred by Fred Case. Leslie also had the champion and reserve champion steer in 1967.

Archie Nixon, son of Mr. and Mrs. E. H. Nixon, Jr., showed the Champion Fat Hog of the show. The barrow was a Duroc bred by his father. The barrow will be competing in the San Antonio Show next month. Archie is Gold Star 4-H Boy for 1967.

The champion and Reserve Champion Rambouillet ewes of the show were shown by Johnny and Margaret Powell, son and daughter of Mr. and Mrs. John Rae Powell. The ewes were bred by Mary Coupe. The Powells have competing in the county show for five years but the first time with reg. breeding sheep.

(Continued On Page 5)

Leslie Hill, 9, son of Mr. and Mrs. Glynn Hill, showed a heavy-weight Angus steer bred by Jess Koy, to take top honors and the reserve champion was a Polled Hereford steer bred by Fred Case.

The champion lamb of the show was shown by young Hill. The lamb was bred by Henry Speck Jr. Reserve champion lamb was fed by Loretta Schooley, daughter of Mr. and Mrs. Clifford Schooley. The lamb was a Southdown lamb bred by Duran Howard of Myhall, Okla.

Archie Nixon, son of Mr. and Mrs. E. H. Nixon Jr., showed the champion market swine, a Duroc barrow bred by his father, E. H. Nixon. Archie was Gold Star winner for the county in 1967.

Johnny and Margaret Powell showed champion and reserve champion Rambouillet ewes. The ewes were of Mary Coupe breeding.

Jimmy Cawley showed champion nannie and billy kids of the show, bred by his father, Jim Cawley.

Loretta Schooley can well be proud to have her name engraved on the rotating trophy for showmanship. In the words of J. A. Gray, a judge sought after by all major shows said of Loretta, "Not once was Loretta or the animal being shown out of position. Loretta always had the animal poised to the best advantage of the audience and judge."

The trophy was donated by the Hereford breeders of the county in 1965.

Here were the show results:

Market Swine

1 Archie Nixon, 2 Norris Sauer, 3 Gene Nixon, 4 Archie Nixon, 5 Gene Nixon, 6 Norris Sauer, 7 Mickey Clark, 8 Jimmy Mann, 9 Mickey Clark, 10 Jimmy Mann.

Commercial Fat Lambs (Pen of 5)
1 David Yocham, 2 Don Holsey, 3 Allan Sallee, 4 Floyd West, 5 Pete Whitten, 6 Allan Corbell.

Fine Wool Fat Lambs

1 Jack Williams, 2 Loretta Schooley, 3 Leslie Hill, 4 Leslie Hill, 5 Cliff Schooley, 6 Lisa Hill, 7 Hyman Sauer, 8 Hyman Sauer, 9 Lisa Hill.

Champion Fat Lamb

Leslie Hill.

Reserve Fat Lamb

Loretta Schooley.

Medium Wool Breeding Sheep

Rams: 1 Clay Meador, champ.; 2 Lisa McAngus.
Ewes: 1 Clay Meador, res.; 2 Lisa McAngus, 3 Lisa McAngus.

Nannie Kids

1 Jim Cawley, 2 LeAnne Cawley, 3 LeAnne Cawley, 4 Patsy Tampke, 5 John Ben Cawley.

Billy Kids

1 Jimmy Cawley, 2 John Ben Cawley, 3 William Tampke, 4, LeAnne Cawley.

Crossbred Fat Lambs

1 Leslie Hill, 2 Leslie Hill, 3 Jack Williams, 4 Lisa Hill, 5 Lisa Hill, 6 Jack Williams, 7 Steve Sykes, 8 Walter Speck, 9 Margaret Powell, 10 John Powell.

Hampshire Fat Lambs

1 Clifford Schooley, 2 Jack Williams, 3 Steve Sykes, 4 Loretta Schooley, 5 Barbara Ann Speck, 6 Clifford Schooley, 7 Lisa Hill, 8 Johnny Mayo, 9 Clifford Schooley, 10 Connie Sue Speck.

Southdown Fat Lambs

1 Loretta Schooley, 2 Connie Sue Speck, 3 Clifford Schooley, 4 Walter Speck, 5 Connie Sue Speck, 6 Barbara Ann Speck.

Heavy Weight Steers

1 Leslie Hill, 2 Leslie Hill.

Light Weight Steers

1 Gene Nixon, 2 Archie Nixon.

Champion Steer

Leslie Hill.

Reserve Steer

Leslie Hill.

Registered Ramb. Ewe Lambs

1 John Powell, 2 William Edmiston, 3 William Edmiston.

Registered Ramb. Yearling Lambs

1 Margaret Powell, 2 John Powell, 3 John Powell, 4 William Edmiston, 5 William Edmiston.

Champion Ewe Lamb

Margaret Powell.

(Continued on Page 5)

WHAT \$3.15 BUYS

What can you buy with \$3.15? Lots of things.

Three pairs of ladies' stockings. A case of soda. Two men's T-shirts. Six quarts of beer. A carton of cigarettes. A pair of kid's tennis shoes. Four pounds of butter. A box of inexpensive cigars. Or a typical prescription for one of today's modern medicines.

Twenty years ago, when your \$3.15 could buy a lot more butter or beer or just about anything else, one thing it couldn't get you was most of the medicines now commonly prescribed.

Reason? Many medicines you take for granted now couldn't be had then. Not at any price. They were yet to be discovered.

Conclusion: Today's good health is more than a good buy... it's good fortune.

Defense Program Presented To DAR

The El Dorado DAR Chapter of Eldorado met January 18 in the Memorial Building with the regent, Mrs. Ernest S. Goens, presiding. In the absence of Mrs. L. M. Hoover, chaplain, Mrs. V. G. Tisdale read selected scripture pertaining to defense, gave the invocation, and led the patriotic rituals.

The program on National Defense prepared by Mrs. J. B. Montgomery was ably presented by Mrs. Raymond Schrank.

The report of the nominating committee composed of Miss Ruth Baker, Mrs. Mary Davis Coupe, and Mrs. C. M. McWhorter, was given by the chairman.

With Mrs. Coupe presiding, it was moved and seconded that the following officers for 1968-69 be elected:

Regent - Mrs. Ernest S. Goens
1st V-Regent - Mrs. Raym. Schrank
2nd V-Regent - Mrs. Wm. Gunstead
Chaplain - Mrs. Walter Ramsay
Sec. - Mrs. Luke Thompson
Treas. - Mrs. J. B. Montgomery
Registrar - Mrs. J. E. Hill
Historian - Mrs. W. O. Alexander
Librarian - Mrs. Ernest C. Hill
Permanent Board
Member - Mrs. W. O. Alexander

The hostesses, Mrs. Schrank and Miss Baker, with a lovely arrangement of white flowers and a green cloth on the regent's table, and similar flowers on the two occasional tables lent enjoyment to the social hour.

The refreshments, tea or coffee, fruit cake and fruit candy with white mints, were served.

Throughout the nation, National Society Daughters of the American Revolution celebrates the coming month of February as History Month. —Rep.

Participates In Sea Rescue

USS Coral Sea (CVA-43) (Fhtnc) Jan. 12.—Seaman Stanley D. Calcute, USN, son of Mrs. Zula G. Sparks of Eldorado, Tex., and husband of the former Miss Bobbie Morehouse of Christmas Valley, Ore., participated in the rescue of 37 Hong Kong Chinese sailors from a grounded Liberian freighter while serving in the Western Pacific aboard the attack aircraft carrier USS Coral Sea.

A foot-high silver trophy was presented the captain and crew of the Coral Sea on behalf of the master and crew of the "Loyal Fortunes" which ran aground on the Pratas Reef 170 miles south of Hong Kong.

On November 6, 1967 the Coral Sea was en route to Hong Kong when she received the distress signal from the freighter, and lifted the crew for the ship by helicopter the following morning.

Following the 24-hour ordeal the stricken freighter's crew spent the night aboard the carrier and returned to Hong Kong the following day.

The Coral Sea is now operating with the U. S. Seventh Fleet in the Gulf of Tonkin off the coast of North Vietnam.

HemisFair To Boost Economy Of Texas

The economy of Texas will get a multi-million dollar boost this year through direct spending of visitors to HemisFair '68.

More than 600 Texas tourist development leaders were told at the Governor's annual Tourist Conference in Austin that \$205 million will be spent outside of HemisFair by fair visitors during the six-month run.

Jim Gaines, chief executive officer of the international exposition, also said the state itself will gain upwards of \$18 million from new spending.

"There is no way that you can get to HemisFair without traveling through a lot of Texas—both going and coming," Gaines said. "The average out-of-state visitor without any side trips will travel nearly 800 miles of Texas' great highway system, spending \$165 million on just his car, on food, drink and lodging as he goes."

Gov. Connally said due to HemisFair, Texas tourism is expected to be at an all-time high, perhaps even bigger than it will be in 1969.

Connally unveiled the official travel trails during the conference, and delegates were briefed on promoting local areas to attract the fair visitor, as the state's tourism industry turned full attention to HemisFair for 1968.

They may not have the picture, but they know it will be fun. That's the case with a group of six-year-olds interviewed recently in San Antonio about what to expect from HemisFair '68.

Most expect to find elephants, horses, giraffes, lions and other things that make up a circus. One felt the 622-foot Tower of the Americas would be filled with water and another expects to find "pictures, pianos and salesmen." The latest "picture" to be announced is a mural to be painted

on four 26-by-6-foot panels at the main entrance of the arena in the new Convention Center the city of San Antonio built at HemisFair.

The mural was commissioned by Anderson, Clayton & Co. of Houston to award-winning artist Fred Samuelson. Samuelson is currently art director at Instituto Allende in San Miguel de Allende, Mexico. The huge mural will depict the HemisFair theme "The Confluence of Civilizations in the Americas."

It is the third important artistic work for the three-building complex. A mosaic mural by Juan O-Gorman was commissioned by the Kamko Foundation, and another by Carlos Merida was commissioned by Alfred and Nancy Negley of San Antonio.

8th Grade Girls Win Jr. High Tourney Here

The 8th Grade Girls' team won the Eldorado Jr. Hi Tournament Jan. 12 and 13 via and 43-18 win over Ozona, a default from Rockspings in the second round, and a 48-19 rout of Iraan in the Championship final.

The scoring of Ozona and Iraan combined was as follows: 27 points on foul shots, 10 points on their total of 5 field goals. While Eldorado was picking up a total of 53 fouls in the two games, they managed 68 points from the floor and 23 from the free throw line. The aggressive tactics on the part of Eldorado with consequent fouling was due to apparent reluctance to give up the ball on the forward end and the over-playing of their opponents on the part of the guards in their desire to get their hands on the ball on the defensive end.

Gay Richardson, Jean Rountree and Leslie Martin were the defensive regulars, backed up by Eva Stigler, Marian Bland and Betty Bradley. Scoring efforts went to: Jeanne McCravery, a total of 27 points in the two games, Patty Page 24, Lorretta Schooley 16, Sherry Davis 8, Thelma Bosmans 10, and Judy Hanusch 5.

This tournament marked the first Jr. Hi Girls' tournament ever to be given by Eldorado. —Rep.

School Menus

Monday, Jan. 29: Fried chicken and gravy, creamed potatoes, whole kernal corn, tossed green salad, buttered rolls, milk, canned fruit.

Tuesday, Jan. 30: Enchiladas, pinto beans, cole slaw, crackers, milk, fruit jello, peanut butter cookies.

Wed., Jan. 31: Hamburgers, lettuce and tomatoes, potato chips, cheese strips, fresh fruit cup, milk, gingerbread.

Thursday, Feb. 1: Roast beef & gravy, creamed potatoes, creole green beans, stewed tomatoes, buttered rolls, milk, banana pudding.

Friday, Feb. 2: Turkey tetrazzini, lime jello salad, buttered carrots, lettuce, French dressing, buttered rolls, milk, fruit cobbler.

INTRODUCING TROOP 150

Girl Scout Troop 150 is still working on the hospitality badge. Each girl suggested three ways of introducing one person to another. We also suggested 2 ways of the Rules of Etiquette. Caroline Bland served cake and ice cream for refreshments. We had our flag ceremony. We like to work on the hospitality badge. Rep., Sandra Kreie.

Parade Of Kitchen Ideas

By Eleanor Lynch

Director, Home Economics, Reynolds Metals Co.

Cooking in the home fireplace is fun... and it's easy to do. There are many excellent small grills, designed especially for the fireplace, available. Or a few bricks placed on either side of an old refrigerator shelf to support it will serve efficiently.

LINE FIREPLACE WITH REYNOLDS WRAP

To prevent the accumulation of fatty drippings on the floor of your fireplace, line with heavy duty Reynolds Wrap. Line the hearth around the fireplace, also, so that splatters of grease will not leave marks on the floor or rug.

Before cooking over a home fireplace be sure the fire has burned down well, if wood is used. If using charcoal briquets allow 20 to 30 minutes after igniting before cooking begins.

An entire meal can be prepared in the fireplace, even dessert. Steaks and chops are delicious cooked this way, but so are many other foods.

Why not try this meal, cooked over your fireplace?

CHICKEN OREGANO

- 1 3-4 lb. broiler-fryer chicken cut in serving pieces
 - 2 stalks celery, chopped
 - 1 can whole tomatoes, drained
 - 1 teaspoon instant minced onion
 - 2 tablespoons butter or margarine
 - 1 teaspoon oregano salt and pepper
 - 4 squares of Reynolds Wrap
- Lightly saute' chicken in butter or margarine in a skillet.

Remove chicken and put two or three pieces on each piece of Reynolds Wrap. Add remaining ingredients to skillet and cook a few minutes. Divide equally and pour over the 4 chicken packages. Bring edges of aluminum foil together and seal with double fold. Place on grill for about 45 minutes, turning once.

SWEET POTATO-APPLE DELIGHT

- 1 can apple slices or quarters, drained
 - 1 can whole sweet potatoes
 - 1/4 cup lemon juice
 - 1/4 cup honey
- Cut sweet potatoes in half-inch slices. Place alternate layers of sweet potatoes and apples in an aluminum foil broiler pan. (Disposable foil broiler pans now available at supermarkets and variety stores). Pour over a mixture of honey and lemon juice. Place on grill and heat for 15 minutes.

POPPY SEED BREAD

Brush slices of white enriched bread with melted butter or margarine. Put together in loaf shape on piece of heavy duty Reynolds Wrap aluminum foil. Sprinkle with poppy seeds. Close foil and heat on back of grill for 15 minutes. After passing bread, close foil to keep it warm.

FIRESIDE DESSERT

Put the contents of a can of fruit cocktail, partially drained, on a sheet of aluminum foil and seal edges with a double fold. Heat on grill for about 10 minutes. Pour over slices of store-bought plain cake.

PAR-TEE

WELCOME! Andy and Mary Lee Nixon! We hope that you will enjoy playing golf and being a part of the El Dorado Golf Club membership.

BINGO is the big word for January 27—that is Saturday night. The El Dorado Golf Club is sponsoring the first (of what we hope is a series) BINGO night at the Memorial Building at 7:30 p.m.

Everybody is cordially invited and urged to come out and play BINGO. Prizes will be baked goods from the kitchens of members of the Golf Club. There will be pies, cakes, cookies, homemade bread, candy and maybe other "goodies" for you winners to take your choice when you win. Cards will be sold for only 10c each.

President Ralph Waldron is urging each golf club member to be present (about 8:30 p.m.) for the called yearly meeting of the El Dorado Golf Club, Mr. Waldron will appoint a nominating committee to select a roster of officers for the 1968-69 year (beginning April 1, 1968); also the club as a whole will vote on the acceptance of the by-laws as submitted by By-Laws chairman Carroll Rathlef.

The entire club does not meet often so let's each one make a special effort to be present on January 27—this Saturday night at the Memorial Building. We hope that the Golf Club will grow and prosper this year and we invite you to be a part of this county-wide project.

Street talk is that we may have

a club house in the near future. If this is the case we hope that we, as a club, can provide some entertainment at the club house for everybody—not just golfers. Of course we would like for each of you to pick up a club and try the game just once; but if you are not golfingly inclined, we hope that we can provide some sort of entertainment that you will enjoy. With the support of the people of Schleicher county we feel that the El Dorado Golf Club will prosper and provide for each of you some wholesome enjoyment in the future.

Francisco Barajas was recently employed by the Golf Club to "take care" of the course. We ask that each of you cooperate with him and help him in any way that you can so that he may be happy in his work and do a job that you will be proud of.

DON'T FORGET! BINGO! SATURDAY! 7:30—Memorial Building.—Rep.

JR. EAGLES LOST GAME NIGHT OF JANUARY 15TH

Monday night, Jan. 15, the Jr. Eagles were defeated 27-16 at the Junction Eagle Gym. Leading scorers were Hunter Henderson and Archie Nixon, both with 5 points. Ricky Mann with 3, Ricky Griffin with 2, and Chris Pena with 1, also helped on the scoring. These boys were assisted by Tom Hartgraves, John Rae Powell, and Johnny Rosford.

ATTENDS SISTER'S FUNERAL

Mrs. W. G. Godwin went to Wichita Falls last week end to attend the funeral of her sister, Mrs. J. D. Kerby.

Mrs. Kerby passed away the 18th and her funeral was held Saturday.

Oil News

Grover, MacCurdy & Hoffacker, Midland, completed No. 1-4 Powell, section 4, block A, AB&M survey, a Strawn sand oil discovery in eastern Schleicher, 25 miles east of Eldorado and half a mile west of their recently completed west extension to Strawn gas production in the Tillery multipay area, to flow 162 barrels of 36 gravity oil daily through 16/64-inch choke and perforations at 4,109 to 4,127 feet, after injection of 500 gallons of mud acid and 10,000 gallons of fracture fluid. Gas-oil ratio was 445-1.

Pennzoil Co., Midland, No. 1 Barrow, section 40, block TT, TC survey, a dual Schleicher gas prospect 2 1/4 miles north of the three-well Cody Bell Canyon D sand gas-distillate area and 10 miles northwest of Eldorado, flowed 670,000 cubic feet of gas daily, plus 2,000 barrels of fluid, 35% distillate, on latest test of the Canyon D zone through 16/64-inch choke and perforations at 6,537 to 6,559 feet. Section had been washed with 2,000 gallons of mud acid and fractured with 30,000 gallons.

Earlier the prospect flowed 1.5 million cubic feet of gas daily from the Canyon B zone through 20/64-inch choke and perforations at 6,417 to 6,432 feet, after injection of 2,000 gallons of acid and 30,000 gallons of fracture fluid.

Sinclair Oil & Gas Co. ran logs and was preparing to plug at 4,475 feet its No. 7-A V. J. and J. D. Powell, section 57, John H. Gibson survey, 28 miles east of Eldorado, a wildcard in the Tillery multipay oil and gas area.

CARBON PAPER at the Success.

Mothers Escalate Birth Defects War In Nationwide March of Dimes Drive

A nationwide march, calling for escalation and all-out efforts to win a war, is planned for the week of January 21. Feelings run high in favor of this cause and none will oppose it.

Everyone is a hawk in the battle against crippling birth defects which strike a quarter of a million newborn babies every year in the United States. This year, more than a million mothers have volunteered to serve the March of Dimes in its continuing fight against the heartbreak of birth defects. Marching Mothers know that March of Dimes funds conquered polio in the 1950s and freed them from fear of this childhood cryper.

Now, determined that children handicapped by birth defects be given a better chance in life, and in the hope that unborn generations will be spared, volunteers will march through their neighborhoods on behalf of the 1968 March of Dimes campaign.

They will urge people to contribute to the important work carried on by medical teams at 100 March of Dimes birth defects centers and to support the voluntary health organization's research and education programs.

For the fifth consecutive year, actress Jane Wyatt is serving as national chairman of the March of Dimes Mothers' March on birth defects. As in the past, Miss Wyatt will personally lead the drive in her Southern California community, calling on her neighbors to ask them to give to the March of Dimes.

A frequent visitor to birth defects centers around the country, Miss Wyatt is staunch in her belief that the fight can be won if enough support is given to those who are leading the way.

March of Dimes-financed Centers conduct a triple attack on birth defects—the Great Destroyer. In addition to diagnosis and treatment, scientists are studying the causes of defects and ways of preventing them.

No birth defect ever touches one person alone. One American family in 10 knows the tragedy of a child with congenital handicap, either mental or physical. For this reason, the March of Dimes pays close

IT'S NO SECRET that actress Jane Wyatt again will lead more than one million volunteers in the national Mothers' March for the 1968 March of Dimes campaign against birth defects. The happy fellow learning the good news is National Poster Child Timothy Faas of Whittier, Calif.

attention to educational efforts which bring greater understanding of the problem to more people.

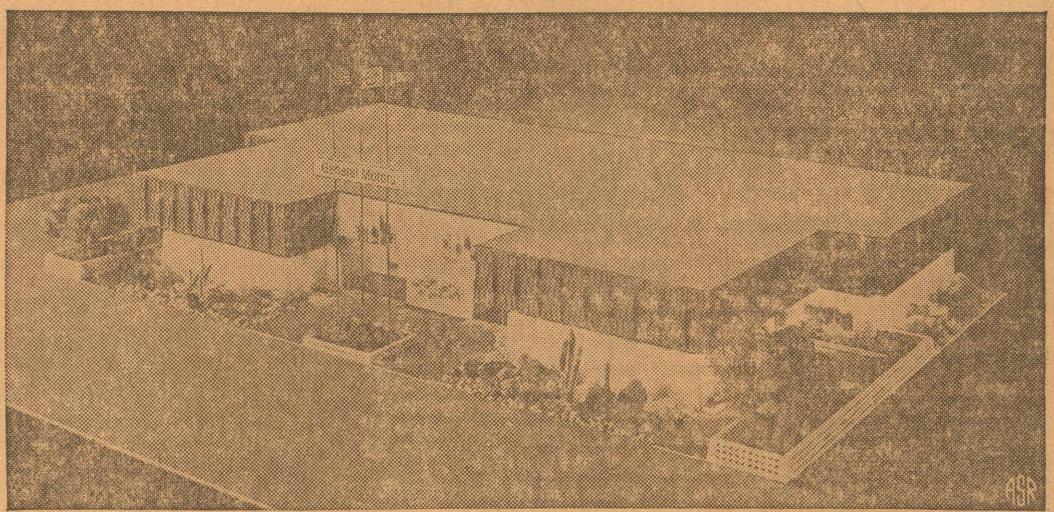

Mothers' March volunteers also want parents and future parents to know about sound health practices which can mean everything to their children.

This year they will carry a personal message, "For Women Only" from Dr. Virginia Apgar of The National Foundation-March of Dimes. An internationally recognized medical authority, she developed the "Apgar Score," widely used throughout the world to determine the condition of an infant immediately after delivery.

In a personalized note, Dr. Apgar begins with the importance of prenatal care. She urges mothers and future mothers to have a complete

physical check-up and to talk their husbands and fiances into doing the same. Health histories and any family background of birth defects should be given to the doctor and his advice followed faithfully during pregnancy. Dr. Apgar warns against taking any drugs or medication—even aspirin—during pregnancy without a doctor's approval.

To mothers marching against birth defects, it is not enough to be concerned for just one week in January. The March of Dimes, and all who are associated with it, have a two-fold purpose. They want every child born with a severe handicap to lead a happy, useful life in a society which fully accepts him. Beyond this, they are working to keep such blows from striking others. The task calls for wide support.

General Motors unveiled to HemisFair officials a model of the building which will house scientific and educational exhibits, plus latest automotive safety devices, at the San Antonio HemisFair '68. The modern design retains the architectural flavor found in the Southwest. It will be constructed of quartz stucco and plywood with painted battens above the stucco, mounted on steel framework. Tinted glass will frame the entrance and exits and the entire

building will be air conditioned. The grounds surrounding the exhibit building will have three planting areas with architectural block parapet illuminated with ground lighting. At the entrance will fly the American flag, the HemisFair flag and the Texas State flag. The structure will have more than 8,600 square feet of exhibit and office space and is scheduled to be completed prior to the opening of HemisFair on April 6.

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

Well, how nice to know! Texans are blessed with the lowest cost of living in the nation. Recently comparative costs of living were measured in 39 cities in the United States. The average cost for the U. S. as a whole was given as an index of 100.

Austin, Texas, was the lowest in the nation with an index of 85. Houston was second with 91. Dallas, Orlando, Florida and Atlanta, Georgia shared third places with an index of 92.

The index covers prices of everything people buy for living—food, clothing, cars, homes, furnishings, household supplies, fuel, drugs and recreational goods; fees to doctors, lawyers, beauty shops; rent, repair costs, transportation fares and public utility rates.

I did not find Eldorado on the price index list, but I do know that we enjoy many of the comforts of a big city and at the same time our cost of living is not as high as in the larger centers.

Work is the chief means of binding us to reality.

Ready-to-eat breakfast cereals increased 30% in use last year in spite of higher prices.

This proves to me that early in the morning when everything is happening at once and all of it much too early, most of us just couldn't care less the cost per serving of a bowl of "quickie-wickie puffa dillies"—all we want to do is feed them and get them off.

I ran across this bit of jingling philosophy not long ago which is so true I pass it on to you.

"It's a risk to have a husband, a risk to have a son; A risk to pour confidences Out to anyone; I risk to pick a deisy, for there is sure to be a con; A risk to go on living; but a greater risk to stop."

Heavy ice has broken and splintered limbs of trees all over the county. Doing something about this damage as soon as possible may save the tree.

Much of the work can be done with a sharp pruning saw but leave the heavy limbs to the expert or the man who is equipped to do the work. This work can be dangerous. We are always hearing about somebody being out on a limb. Anyway, be careful; the tree limbs are heavy.

Treat the tree wound with asphalt tree wound paint. Do not use ordinary house paint. That sometimes contains linseed oil and oil kills trees.

I have many friends who are grandmothers and I feel that they will find the following "essay" as revealing as I did. Wouldn't it be wonderful to know a child's concept of other people, other things and other places, or it could be a bit unsettling, couldn't it?

What A Grandmother Is
A Grandmother is a lady who has no children of her own, so she likes other people's little girls. A grandfather is a man grandmother. He goes for walks with boys and they talk about fishing and tractors and like that.

Grandmas don't have to do anything except be there. They are old, so they shouldn't play hard or

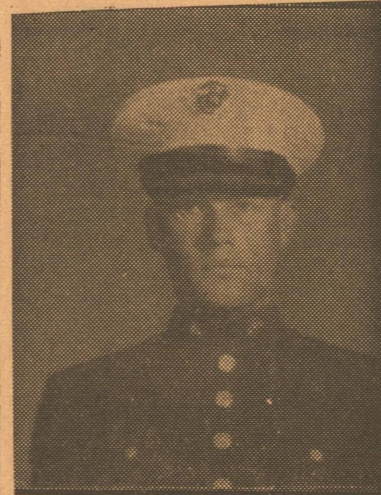

run. It is enough if they drive us to the market where the pretend horse is and have lots of dimes ready. Or if they take us for walks, they slow down past things like pretty leaves or caterpillars. They should never say "Hurry up."

Usually they are fat, but not too fat to tie the kids' shoes. They wear glasses, and they can take their teeth and gums off. It is better if they don't typewrite or play cards, except with us. They don't have to be smart, only answer questions like why dogs chase cats or how come God isn't married.

They don't talk baby talk like visitors do, because it is hard to understand. When they read to us they don't skip words or mind if it is the same story again.

Everybody should try to have one, especially if you don't have television because grandmas are the only grownups who have got time. —Patsy Gray, age 9, in P-TA Magazine.

Completes Training As Marine Recruit

DAVID MEADOR

San Diego, Cal. (FHTNC) Jan. 15. —Marine Private David M. Meador of 109 Eldorado Drive, Eldorado Tex., was graduated from 8 weeks of recruit training at the Marine Corps Recruit Depot here.

He will undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps Assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

The new Marine is the son of Johnny Meador of Eldorado.

7th Grade Girls' Team In Local Tournament

The 7th Grade Girls' Basketball Team lost to Ozona in the consolation finals last week in the Eldorado Tournament after dropping its opener to Iraan 26-14 and winning its first consolation round game 23-17 over Menard.

These youngsters, competing against 8th graders, gained valuable experience and are grateful to Coach Morgan for the opportunity of getting some game play. And they gave a very good account of themselves: Undaunted by their opening defeat (and Iraan iced this one only in the 4th quarter with a 12-point production), they came back to beat Menard with Rosellen Meness's driving lay-ups, 15 points worth, and sounder defense led by Patsy Tampke. In its loss to Ozona in the finals Patti Olson was the bigger gun with 8 points, while Melodie Davidson, Virginia Guana and Lynn Sanders were scoring for Eldorado during the tournament. Kathy Rogers and Janet Davis, with Virginia Gauna playing at either guard or forward positions, rounded out the defense.

Others seeing action were Priscilla Holsey and LeAnne Cawley at forward and Janet Oglesby, Louann Nixon, Delia Guerrero and Tanya Corbell at guard.

ATTEND CONFERENCE OF LIONS AT JUNCTION

The Mid-Winter Conference of District 2A-1, Lions International, was held last week end at Junction with a number of officers from a wide area attending.

Those attending from Eldorado were Bill Rountree, president of the local Lions Club, and Gene McCalla, Raymond Hall, A. G. McCormack, and Charles A. Wimer.

Junior High Tourney Held Here Jan. 12-13

The 2nd annual Eldorado Junior High Tournament was held Jan. 12 and 13 in the local gym under the direction of Coach Ray Morgan and the coaching staff, with entries filling an 8-team bracket in the boys' division and 7 in the girls'. Boys' teams competing were Sonora, Big Lake, Ozona, Menard, Iraan, Junction, Mason, and Eldorado. This was the first year for a girls' division of the tournament, and entries consisted of Iraan, Junction, Menard, Ozona, Rocksprings, Eldorado 7th Grade, and Eldorado 8th Grade.

The seven games of the opening

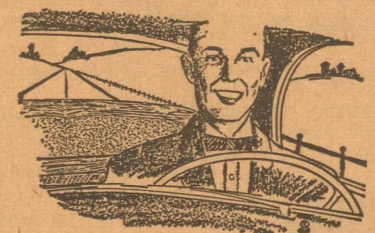

rounds of both divisions were played on Friday, beginning at 2:00, and second round and consolation games were played in two sessions Saturday before the final session. The final games Saturday night found the Eldorado 7th grade girls in strong contention for the consolation cup against Ozona, only to see Ozona pull the game out in the final minutes of play, 23-16. In the Boys' consolation finals Junction eked out a 17-13 victory over Sinora.

In the Championship flight, girls division finals, Eldorado's 8th Grade team won handily over Iraan 48-19, while Iraan held off Ozona for the Boys' Division championship, winning 23-19.

One of the better games of the tournament was the boys' Ozona-Big Lake semifinal, with Ozona playing an excellent brand of ball to pull an upset, 20-17. But of greatest interest to local fans was the effort of the Eldorado Boys in their no-point loss to eventual tournament winner, Iraan, 21-20. There was general agreement among coaches and officials that Coach Thomas had presented his boys with a masterful game plan and to their credit, the boys executed it almost flawlessly.

Eldorado's 8th Grade girls defeated Ozona Friday night 43-18 and received a default from Rocksprings in the semifinals to gain the final round with Iraan and subsequent victory.

Notice to Parents of School Age Children

The school census for Schleicher County is now being taken. All children who are six years old on or before September 1, 1968, but will not be 18 or older on or before that date should be counted in this census. It is important that all children 6 to 18 be counted in this census. The child should be counted even though he may not be in school and even though he may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31, you are being overlooked and should contact one of the following school principals:

In Those Days

Compiled From Success Files

ONE YEAR AGO

Jan. 26, 1967—The play, "Everyman" was being presented in the Methodist church.

City of Eldorado voters approved the \$65,000 bond issue for purchase of the transmission line serving the gas system.

S. D. Maxwell's funeral was held in East Texas.

FIVE YEARS AGO

Jan. 24, 1963—Joe Gault of Brady took over the local Ford business from George Humphrey.

Mrs. Margaret Shannon Harber of Junction came on the job as girls phy. ed. teacher in the local schools.

Mrs. A. G. McCormack was chairman of the Mothers March, for the March of Dimes drive.

Mr. and Mrs. Palmer West went to San Antonio for a state meeting of the Firemen's and Fire Marshals' Association.

Nancy Jo Jackson received her degree from Austin College at Sherman.

Announcement was made that the Army Reserve unit at Sonora was being discontinued.

Ernest K. Nimitz and Farris Glenn Nixon were on A&M's Range Identification Team going to a meeting in South Dakota.

The office of Hartgraves livestock business was burglarized, and two office machines were removed.

12 YEARS AGO

Jan. 26, 1956—W. O. Alexander was a patient in Hudspeth hospital after he fell and broke his hip.

The Episcopalians announced plans to build a new church building in western Eldorado in the Spring. The bishop's committee consisted of Stanley Gaynor, Bob Oglesby, Thad Thomson, Mrs. Walter McGregor, and Mrs. W. T. Parker, in addition to the pastor, Rev. Alanson Brown.

The March of Dimes drive was under way under direction of Claude Meador. Mrs. Luke Thompson Jr. was chairman of the Mothers March.

A gift tea honored Nell Williams, bride-elect of Thurman Atchley.

Mrs. Mary Davis Coupe was hostess at a meeting of the DAR. Jimmy Whitten was announced Gold Star Boy in county 4-H work.

35 YEARS AGO

Jan. 27, 1933—O. W. Barnes of Junction was opening a new vegetable and grocery store in the R. A. Evans building. Chitty and Dunn were putting in new shelving.

Miss Frances Ballew, who is attending the San Angelo Junior College, will spend this week end at home.

R. M. Murray advertised, "I have opened my Barber Shop in the Bearce Building and my prices are 15c and 25c. Thanks for your business the past 12 months while I was working for H. T. Finley and Bill Davis."

Brooks Store advertised sale of ladies shoes, \$1.49; and new Women's Shoes were \$1.98 at City Variety Store.

The Methodist church staged a "Merchants Pageant" at the school building. About 75 pupils of the Eldorado schools participated, and about \$75 was taken in.

Alton Page, Eldorado High's cowboy singer, spent the week end working on the Burk ranch.

A son was born to Mr. and Mrs. Ewell Williamson.

Community Calendar

NOTICE TO BIDDERS

Sealed bids, addressed to the Commissioners' Court of Schleicher County, Texas, will be received at the office of the County Judge of said County until 10:00 A. M. January 29, 1968, at which time such bids will be opened and considered by said Court, meeting in the County Commissioners Courtroom at the Courthouse in Eldorado, Texas, for the following:

(A) Materials for the construction of 9.5 miles of fence on County road.

(B) Labor for the construction of 9.5 miles of fence on County road.

Bids are requested on the above (A) & (B) separately. The fence is to be constructed on County road running Southwest from FM 2129 to the Sutton County line. For specifications on materials, contact W. L. Kinser, commissioner Prec 1.

The Commissioners Court reserves the right to waive all formalities and accept the bid deemed by the Court to be in the best interest of Schleicher County, whether or not this bid be low.

Hollis McCormick
County Auditor (Ja 18-25)

CARD OF THANKS
Clide and I want to thank our friends who were so nice to us while we were both in John Sealy hospital in Galveston. The letters, cards, and long distance calls sure helped us since we were strangers there.

Especially do we thank the sheriff's office for furnishing transportation there and back. And to those who have brought us food and for all other acts of kindness you have shown us since we got home, we truly thank you and love you.

Clide and
Sweet Keeney (c)

Letter Of Appreciation

Jan. 22, 1968

To Eldorado Success, Eldorado, Texas

Dear Editor: As the band division chairman for region seven for the Texas Music Educators Association...

Our special thanks to the members of the First Baptist Church who provided breakfast for the students who stayed over-night...

Donna Davis was in foul trouble early and Lisa Whitten came in to do a fine defensive job as she teamed with Sherry Yates and Chris Edmiston...

The forwards tore the net off on free throws hitting 17 of 22 for 78% and 41% from the floor.

The Nueces Canyon game was called due to rain in the Canyon area thus the week long lay-off.

The team is 19-2.

Lake View Falls To Eaglettes Monday

Jan. 22, 1968

To Eldorado Success, Eldorado, Texas

The Eaglettes came back Monday night after another week lay-off and bounced Lake View 51-43 behind the shooting of Susan Hill, Susan Mobley and Libby Preston...

Donna Davis was in foul trouble early and Lisa Whitten came in to do a fine defensive job...

The forwards tore the net off on free throws hitting 17 of 22 for 78% and 41% from the floor.

The Nueces Canyon game was called due to rain in the Canyon area thus the week long lay-off.

The team is 19-2.

The team is 19-2.

School News

Monday, the Jr. High teams will meet Junction here. On Tuesday, they go to Menard.

A Southern Assembly will be given at 10:00 a.m. next Thursday, Feb. 1st. Keith Parr will demonstrate sand painting.

The Junior class are at work on their play to be presented the night of Feb. 15th. Coaching the play are Mr. Jay, Mr. Dinsmore and Mr. Bryan.

Dr. W. R. White Speaks At Lions Club Meeting

Dr. W. R. White, president emeritus of Baylor University at Waco, spoke briefly at the meeting yesterday of the Lions club. His topic was "One Nation—Under God."

He was introduced by Rev. Kenneth Vaughan, pastor of the First Baptist church where Dr. and Mrs. White are conducting a Bible course through this week.

Bill Rountree presided. Charles Wimer reported on the Lions Mid-Winter Conference held last week end at Junction and also reported that the local club won the \$100 door prize in a drawing of clubs which participated 100% in contributing to the fund for the conference.

It was voted to dispense with the meeting for Wednesday, Jan. 31st, a 5th Wednesday.

Plans are continuing for the ladies' night on Feb. 12th, and later in the spring the local club will hold a joint ladies night with Sonora to observe the 40th anniversary of the founding of the two clubs.

At the beginning of the meeting, Joe M. Christian led singing of two selections accompanied by Rusty Meador at the piano. J. H. Mace led flag salute and Rev. D. G. Salter gave invocation.

B Girls Nip Wall Varsity

The Eldorado "B" Eaglettes continued their winning ways by downing Wall 'A' team 44-42 last Thursday.

Kathleen O'Harrow led the attack with 27 points followed by Linda Derrick with 10, Peggy Hill 4, Sheri Roberts 2, and Vicki Preston 1.

The defenses of Sheri Roberts, Mary Lynn McCalla, Lisa McAngus, and Claudia Meador were excellent. The game was close all the way with the younger Eaglettes leading 10-9, but were behind 22-23 at the half. They again recaptured the lead with a 36-32 third quarter and finally held on for the win in the closing seconds.

Coach Bell appreciated Mrs. Shannon Harber taking over in his absence for this important game.

Eaglette 'B' Team Rips Lake View 'B'

Getting a two powered scoring attack from Kathleen O'Harrow with 21 and Linda Derrick with 17 plus numerous assists, rebounds and 7 points from Peggy Hill, the "B" girls rolled over Lake View 54-28. Vicki Preston's 8 points and Sheila Murr's 1 added to the total.

Mary Lynn McCalla played an excellent defensive game with 17 rebounds complimented by 9 from Sheri Roberts, 7 from Lisa McAngus, 3 from Claudia Meador, and 2 each from Susan Rogers and Debra Murr.

These girls play very well as a team with excellent passing, setting up, and rebounding and have so far succeeded only one set-back for the season. That came against Del Rio varsity. These girls are 8-1 on the season.

Girls Open District Play

Sporting a very good 19-2 record the Eaglettes will host Junction this Friday night trying for their 20th win and their first district victory.

East Zone play involves Junction here Friday then the girls go to Menard next Tuesday. Two victories would put Eldorado in a good position to wrap up the last two East Zone games in February. Game time will be 6:30 according to district rules.

Eagles Drop Game To Sonora Tuesday, 90-64

The Eldorado Eagle basketball boys lost a District 8-A East Zone game to Sonora Tuesday night by a 90-64 score.

Sonora won handily after rolling up a 10-point margin in the first period.

Thurston McCutchen topped Sonora scoring with 31 points, while Buff Whitten hit 29 for Eldorado.

Score by quarters: Eldorado — 8 13 18 25—64 Sonora — 18 26 15 31—90 Eldorado won the B-team game 66-52.

GWENDOLYN IS SIX

Honoring her daughter Gwendolyn on her 6th birthday, Mrs. Bill Gunstead gave a party Tuesday afternoon in the Memorial Building.

The decorated birthday cake had six candles on it, and was served with punch to the group of about 20 children present.

TO OBSERVE 99TH BIRTHDAY MONDAY

Mr. J. H. Emmons, oldest Schleicher county citizen, will observe his 99th birthday on January 29th. Above photo was made at his birthday last year.

A CoOp Director Gives An Analysis Of Why The Ice Storm Caused All The Damage It Did, and What Is Being Done To Prevent It Occuring Again

One by one the highline poles broke off until three had collapsed. Then the wires stretching some 430 yards between the unbroken poles began to break under perhaps a ton each wire of additional ice weight stress.

So when some members of the Southwest Texas Electric Co-Op woke up this past December 14, it was to a "Winter Wonderland"; but that wasn't all; they discovered they had no electricity.

Of course weather conditions had resulted in icing which sheathed everything outside and highline wires were particularly vulnerable. It was a nightmare for Co-Op employees who worked "round the clock" for days restoring service before iceboxes and contents could thaw and spoil and other damages result.

Co-Op employees and officials immediately began to analyze why wire and posts failed in the places they did fail and why they were able to hold in other places.

They found that where lines ended and the wire was clamped to bolts through highline poles, this bolt actually pulled through the post itself or the metal fasteners actually pulled apart. They found that the weight of the ice on the lines broke 72 poles. In some places where posts were anchored with galvanized rods into the ground, the phenomenon of electrolysis had eaten away the rods until they couldn't stand the increased stress.

Wire breaking between poles apparently indicated that wire spans were too long. In some instances even guy wires themselves broke under the greatly increased pressures.

Using arithmetic along with some "arithmetic license," the tremendous weights of the ice forming on the wires is easily understood. A wire coated with ice could be regarded as a long cylinder of ice and by thinking of it as water, the weight can be estimated.

For instance, a foot of wire with ice formed on it so that total diameter of ice and wire is 1 1/2 inches would weigh approximately 12 ounces. Since the usual distance between highline poles is 360 feet, the additional weight for each wire between poles would be about 270 pounds.

But if the ice and wire had a diameter of two inches, a foot would weigh about 21 ounces, or

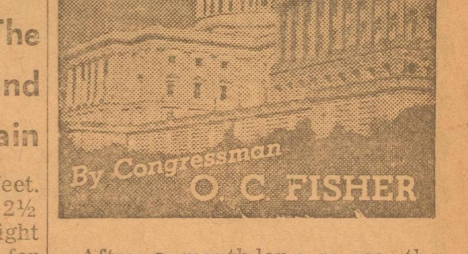

"winter wonderland" but the results are all the same: no television, no lights, refrigeration, heating and such.

HOMEMAKERS CLUB MEETS

The Homemakers Club met January 17 in the Memorial Building, where the discussion for the day was on "Nutrition & Our Health."

Vida Krecklow prepared a tasty salmon loaf with a side dish of beets and pineapple. Velma Tampke furnished cake and delicious spiced tea.

Members present were: Juanita Taylor, Clara Mae Donaldson, Velma Tampke, Loleta Dempsey, and Edith Collins. —Rep.

After a month-long recess, the Congress is back in business, faced with the same issues which plagued the last session—taxes, crime, deficits, inflation.

During the holidays I traveled extensively over the 21st district, responded to some 15 invitations to speak, and was able to meet with many groups of constituents. Unfortunately, in the limited time I was able to visit in but a few of the 21 counties in our district.

I found the people understandably concerned about the war, taxes, and the mounting crime wave. There is a general feeling that there should be more crackdowns by the Department of Justice against the draft dodgers and those who urge and condone such conduct. The people want the criminals, regardless of color, dealt with sternly and harshly.

There is a general awareness that civil rights legislation exploited by Martin Luther King, Stokely Carmichael, and others of their kind, aided and abetted by certain politicians and do-gooders, have helped to trigger the riots, violence, and the mounting crime rate.

Since the civil rights movement got out of hand in the early 60's there has been a 62% increase in crimes. During that period the chances that an average citizen will be a victim of a major crime have increased by 48%, according to the FBI.

Here in Congress, the outlook for fiscal sanity is not good. The President's State-of-the-Union message called for an increase in non-defense spending by about \$10-billion, with no proposals for cut-backs. This year's deficit will be on the order of \$20-billion.

It is now the responsibility of the Congress to apply the brakes, and cut back the enormously expensive welfare-state Great Society programs which account for much of the present financial crisis. Perhaps the visit to their homes by members of the Congress will help those of us who have been fighting for a drastic reduction in nondefense spending. This remains to be seen.

There is not likely to be a tax hike unless and until there is something done about excessive spending.

ORVAL N. EDMISTON

Sheriff, Tax Assessor & Collector — Schleicher County

Austin, Texas.—Democrats will have at least a five-ring circus in the upcoming primary race for governor. In fact, there's a good chance that as many as eight candidates will toss their hats in the ring by the February 5 filing deadline.

It will be a free-for-all, with the two best-known Democratic leaders, Gov. John Connally and Sen. Ralph Yarborough, standing on the sideline. For the first time since 1956 the incumbent governor will not be a candidate for re-election.

Lt. Gov. Preston Smith, happy that his prediction that Connally and Yarborough would stand aside, continued his steady campaigning for governor as, one by one, other candidates got into the race.

Gordon B. McLendon, Dallas radioman, and Pat O'Daniel of Dallas, son of former Gov. W. Lee O'Daniel, were the first to follow Smith in the filing.

Then came former Attorney General Waggoner Carr.

Secretary of State John L. Hill of Houston lined up at the post Monday for a running start to become No. 5.

Don Yarborough of Houston, who ran against Connally in 1962 and 1964, was in chute No. 6.

In chutes Nos. 7 and 8 were two Texans who have been serving as ambassadors. They are Eugene Locke of Dallas, who has been in South Vietnam, and Ed Clark of Austin and San Augustine, who has been in Australia.

Decisions by Sen. John Tower and U. S. Rep. George Bush of Houston to stay out of the Republican primary for governor leaves that race open for the moment. Albert Fay of Houston is mentioned most among the GOP as their standard bearer against the winner of the Democratic donny-brook.

Junior Colleges To 'Open Doors'

Junior college admission for anybody who wants to "succeed or fail on his own effort" is part of the policy of the public junior college master plan adopted by the Coordinating Board, Texas College and University System.

Senior colleges and universities are getting more and more selective, and the Board felt there must be a place for the "late bloomer"—the student who demonstrates academic ability later than most, as well as the person whose employment ambitions require only two years of college, and the post-college age people who need continuing education.

There are 39 public junior college campuses in the state now, and the Board's plan envisions 73 within 20 years, with total enrollment of 305,000. Junior college enrollment is increasing at the average rate of 20% a year, compared to a 10% average increase for four-year schools.

Ironically enough, the plan adopted and labeled "emergency" was similar to one proposed by Rep. Jerry Sadler in 1955, but rejected as "too advanced."

Attorney General Rules

A member of the Texas Teacher Retirement System can "buy" out-of-state experience credit less than

LINDA IS FIVE

Honoring her daughter, Linda, on her 5th birthday, Mrs. Herbert Locklear gave a party Sunday afternoon at the home of Mr. and Mrs. Milton Faught northwest of Eldorado.

About 16 relatives attended, and cake and punch were served. Favors were bracelets and balloons.

three years before he retires and draw corresponding additional benefits three years after payment, Atty. Gen. Crawford Martin held. In other recent opinions, Martin has concluded that:

—Texas Air Control Board must determine which plants processing agricultural products in their natural state (those which come to plants in substantially the same condition as they existed in nature) are under its jurisdiction.

—Members of Air Control Board also can serve on the advisory National Center for Air Pollution Control or as faculty members at state-supported universities.

—Junior colleges are exempt from standard floor space, type building, bond and number-of-instructors requirements for cosmetology training courses.

—Utility companies are responsible for costs of relocating poles and other facilities incident of widening of county roads where facilities are located on a prescriptive road right of way. Companies have no right to any portion of right of way due to long use.

Park Funds Granted

A \$219,500 federal grant has been approved for acquisition of 1,259-acres of land on Lake Livingston in Polk, Trinity, San Jacinto and Walker counties to develop six different park sites.

Trinity River Authority will put up an equal amount for the project.

Travel Trails

Governor John Connally has designated 10 Travel Trail Areas in Texas. Each route is designed to help Texans and Texas visitors find some of the most interesting parts of the Lone Star State.

These include the Plains Trail in the Panhandle; the Mountain Trail in the Big Bend; the Pecos Trail in the region below San Angelo; the Fords Trail in the old Indian country from Menard to Jacksboro; the Hill Country Trail in LBJ country; the Lakes Trail in the region of lakes above and below Dallas-Fort Worth; the Brazos Trail thru Central Texas and the Brazos Valley; the Forest Trail through the Piney Woods and other parts of East and Northeast Texas; the Independence Trail through the Galveston-Victoria-San Antonio region; and the Tropical Trail from Corpus Christi down through the Lower Rio Grande Valley.

Appointments Announced

Governor Connally named First Assistant Atty. Gen. George Cowden, 37, chairman of the State Board of Insurance. Cowden, of Waco, succeeds William Hunter McLean of Fort Worth, who is retiring February 1 after five years' service on the major state board.

Atty. Gen. Crawford C. Martin then elevated Nola White to Cowden's post as Martin's top assistant. White, 62, of Beaumont has been heading the crime prevention division on the attorney general's staff.

Connally appointed to the Committee on State and Local Tax Policy John McKee of Dallas, Hugo Loewinnstern of Amarillo and Dr. John Stockton of the University of Texas in Austin.

Other members will include Reps. Ben Atwell of Dallas, W. C. Sherman of Fort Worth and Hudson Moyer of Amarillo, selected by the speaker; and Sens. Henry Grover of Houston, Bruce Reagan of Corpus Christi, and David Ratliff of Stamford designated by the lieutenant governor.

Mrs. Tobin (Anne) Armstrong of Armstrong in Kenedy county was selected Republican national Committeewoman from Texas at a recent GOP state executive committee meeting here. She succeeds Mrs. J. C. (Barbara) Man of Dallas who resigned.

New deputy presidents of the Texas Federation of Republican Women are Mrs. James R. Foulkes of Waco, Mrs. Jack Garrett of Danbury, Mrs. M. R. Bullington of San Antonio, Mrs. Max Preston of San Angelo and Mrs. Jack Hart of Gruver. Mrs. Lee Briscoe of Eagle Lake is the new TFRW treasurer.

State Wins First Air Control Case

First case filed under the 1967 Clean Air Act was won by the State. So ruled the 151st District Court, for the Texas Air Control Board, in a suit against Harris County garbage dump operators.

With a finding of air pollution, the trial court ordered seven dump operators to convert to landfill operations, and told two to cease operations, put out all fires, and cover all wastes with dirt.

Smith Names Committees

Lt. Gov. Preston Smith named four Legislative Council committees to undertake studies ordered by the 1967 Legislature. Committees also will make recommendations to the Council, and the 1969 Legislature.

To the Committee on Feasibility of Establishing and Operating an Academy of Science in Crime Prevention and Detection, Smith named Rep. Gene Hendryx of Alpine, chairman; Sen. Jack Hightower of Vernon; Sen. David Ratliff, Stamford; and Reps. Paul Floyd of Houston and James Slider of Naples.

To the Committee to study Rules and Procedures of State Administrative Agencies, he appointed Rep. R. H. (Dick) Cory of Victoria (chairman); Sen. Barbara Jordan of Houston; Sen. J. P. Word of Meridian; Rep. Grant Jones of Abilene and Rep. Ralph Wayne of Plainview.

Smith picked Sen. Murray Watson Jr. of Waco to chair the committee to study the Fire Record Credit and Debit System. Others on this committee are Rep. Tommy Shannon of Fort Worth, Rep. Don Cavness of Austin, Rep. George Hinson of Mincola, and Sen. Hightower.

Rep. Merston Murray of Harlingen, Representative Cory and Representative Jones will serve with Senator Jordan on the Committee

on Statutory Revision. Senator Word will chair that committee.

Treasure Hunt Stopped

Temporary restraining order halting South Padre Island treasure hunting will be continued pending trial of dispute between state and exploration firms on merits.

State has inventory of articles two out-of-state firms admit taking from wreckage of old Spanish galleon 2.8 miles north of Port Mansfield channel. Material includes cannon balls, Spanish coins,

a sextant, bronze wheels and metal bars.

Texas complains no state permit was issued for exploration of wreckage and that such property when found on state land belongs to state.

Short Snorts . . .

Rep. Don Hand of San Antonio asked the Texas Department of Mental Health and Mental Retardation for an opinion on whether 150 acres of San Antonio State Hospital's land could be used for a proposed state senior college in

San Antonio.

Texas Aeronautics Commission has been hearing request of Air Southwest Company to operate a new commuter airline linking San Antonio, Fort Worth-Dallas and Houston and a 47-county surrounding area.

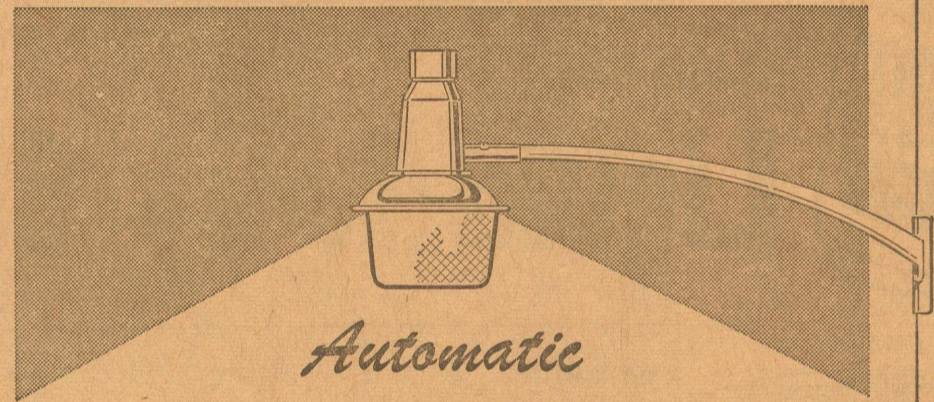

Texas Highway Commission heard a request for a \$52,640,000 program of 10 feeder roads for the proposed Dallas-Fort Worth regional airport.
