Scouts To Conduct Cooking Saturday

Scoutmaster Jim Holley announces that the members of Boy Scout Troop 18 will hold a demonstration of outdoor cooking methods this Saturday from 9:00 to 11:00 in the morning at the site of the old Wright store building, on South Main. The public is invited to attend and see Scoutcrafts in action and to sample the cooking. From 11:00 to 11:30 a "manhunt" game will be held with the Scouts participating.

February 7 to 13 is the date of Boy Scout Week for 1968.

A Court of Honor was held Jan. 29th with James Holley and Dewayne Rushing receiving the Star Scout rank, and Mark Calk receiving First Class. Mark Bland will be given Star badge Feb. 24th.

Also on the 24th the local troop will have an overnight camp-out at Camp Jones and will host Scouts from Christoval and Sonora for a contest of Scout skills.

Scoutmaster Holley also reported that the troop have made reservations to spend the week of July 15-21 at Camp Fawcett, located on the Nueces river near Barksdale.

Highway Work Set To Include County

Austin, Tex.—A contract to seal coat 213.5 miles of highways in the San Angelo District has been awarded by the Texas Highway Commission during its January meeting, according to District Highway Engineer J. A. Snell.

Strain Bros., Inc., and Charles Hunter Strain of San Angelo, with a low bid of \$357,041, was awarded the contract.

The contract includes the following projects for Schleicher county: US 277 from Murchison Ave. in Eldorado to Sutor County line (11.2 miles); FM 1828 from 5.8 miles north RM 33 to RM 33 (5.9 miles) and 5.4 miles west RM 915 to 5.8 miles north RM 33 (5 miles); FM 2129 from US 277 southwest 11.3 miles.

The seal coating project is expected to take 75 working days for completion and will be under the active charge of Resident Highway Engineer R. N. Jennings of San Angelo.

Political Announcements

County Offices -----\$25.00
Commissioners -----\$15.00
State and Congressional -----\$25.00
Federal Offices -----\$25.00

Note: The above prices include one (1) write-up of not exceeding 250 words; additional wording will be charged for at regular reader advertising rate (3c a word). The price does not include subscription to this publication. No refund to candidates withdrawing.

The Eldorado Success is authorized to announce the following names of candidates for office, subject to action of the Democratic Primary May 4, 1968:

For State Of Texas, 25th Senatorial District:

DORSEY B. HARDEMAN
(For Re-Election)

For State of Texas, House of Representatives, 65th District:

HILARY B. DORAN, JR.
(For Re-Election)

For County Sheriff, Tax Assessor And Collector:

ORVAL N. EDMISTON
(For Re-Election)

JAMES MIKA

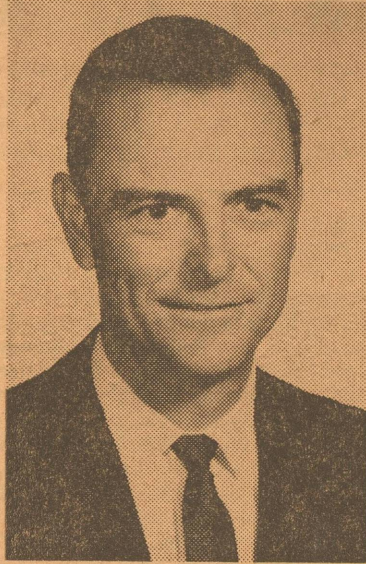

For Commissioner, Precinct 1:

GEORGE WILLIAMS
WEATHERLY KINSER
(For Re-Election)
BUSTER GUNN

For Commissioner, Precinct 3:

JOE M. CHRISTIAN
(For Re-Election)

Oglesby Named As Draft Board Member

FORD OGLESBY, JR.

Austin, Tex., Feb. 1.—J. F. Oglesby, Jr. of Eldorado has been informed that he has been appointed a member of local draft board No. 110 at Sonora to represent Schleicher county. He succeeds Don McCormick in the job.

Mr. Oglesby was appointed by President Johnson and was advised of his appointment by Colonel Morris S. Schwartz, state director of Selective Service.

"I am sure your membership on this board will reflect great credit to yourself and the Selective Service System of Texas," Colonel Schwartz wrote Mr. Oglesby.

Local board No. 110 has jurisdiction over Crockett, Edwards, Kimble, and Schleicher counties.

Hospital Directors To Limit Meetings To Once A Month

Just before adjournment at 9:30 Monday night, Chairman Carroll Ratliff recommended and directors voted to hold future regular meetings on the first Monday in each month, and to eliminate the third Monday meeting. Special meetings may be held at the call of the chairman.

Directors have completed all the preliminary duties and are now looking forward to the time when they will be called upon to open and consider bids from contractors. This matter hinges on Architect Don Goss who has been completing detailed plans in preparation for advertising for bids. According to information at Monday's meeting, Mr. Goss was completing his plans this past week end, and they were to be presented for final approval in Austin by the State Health Dept. Notice for bids from contractors would require another three or four weeks.

If these calculations are somewhere near correct, it would appear that the hospital directors should be called upon to open bids and award a contract some time in mid-March.

At the opening of Monday's meeting several minor bills were presented, and approved and ordered paid.

Present at the meeting were County Commissioners Kinser, McCalla, Christian and Dannheim, and County Judge Tom Ratliff.

What brought the two tax-supported groups together was a sort of mutual horse-trade. Hospital directors have a church building to dispose of, and they will need many thousand yards of soil to level off and landscape their future hospital grounds. County Commissioners have the equipment for moving dirt.

Hospital directors already know where they can get all the black dirt (soil) they want; Commissioners already know where they can use the building. A mutually advantageous trade was made and it will be worked out this coming summer.

The latter part of the session was given over to three representatives of 'Executone' who demonstrated a hospital nurse-call electric system, a sort of public-address system designed for hospitals.

After the demonstrators left the opinion seemed to be that it was a very modern electronic system, but it "was expensive as hell!"

On that note the meeting adjourned.

Politics Square Away With Passing Of Filing Deadline

With passing of the deadline Monday midnight for candidates to file for places on the ballots for the upcoming primaries, the races are now lined up with some contests, both locally and on higher levels; while other lucky candidates will be unopposed.

Locally, Sheriff Orval Edmiston has James Mika running against him. Also, the incumbent Commissioner of Precinct 1, Weatherly Kinser, has George Williams and Buster Gunn as opponents.

Appearing on the ballot unopposed will be Joe M. Christian, Commissioner of Precinct 3, and T. P. Robinson Jr., County Attorney.

W. E. (Pete) Snelson of Midland filed at the last-minute as a candidate for State Senator, and will again be running against the incumbent, Dorsey B. Hardeman. The two ran two years ago and had a very close race with the winning vote result (61-vote margin) finally awarded to Hardeman following two or three counts of the ballots. Ernest Angelo, also of Midland, will run for State Senator as a Republican. The winner this time will be set for a new four-year term.

State Representative Hilary Doran will be opposed by Ricardo Padilla, a Del Rio school teacher.

For the first time since 1954, Congressman O. C. Fisher has an opponent in the forthcoming Democratic Primary. Gordon Johnson, Odessa attorney, entered the race a while back. Also, Jack Alexander, a Republican commissioner in Ector county, will be running against the winner in the November General Election.

Lions Accepting Applications Of Crippled Children

Applications for a summer vacation full of fun for handicapped children in the Schleicher county area are now being accepted by members of the Eldorado Lions Club.

This unique Texas Lions Camp for Crippled Children at Kerrville will open its first two-weeks session Sunday, June 2, 1968. Five Sessions will be held this summer for youngsters from seven through 16 years of age.

The Camp is free to eligible blind, deaf, mute or crippled children. Transportation to and from the Camp is supplied by the local Lions. All requests for summer camp are handled locally by Lions.

For more detailed information about the Camp, you are urged to contact A. G. McCormack of the Eldorado Lions club.

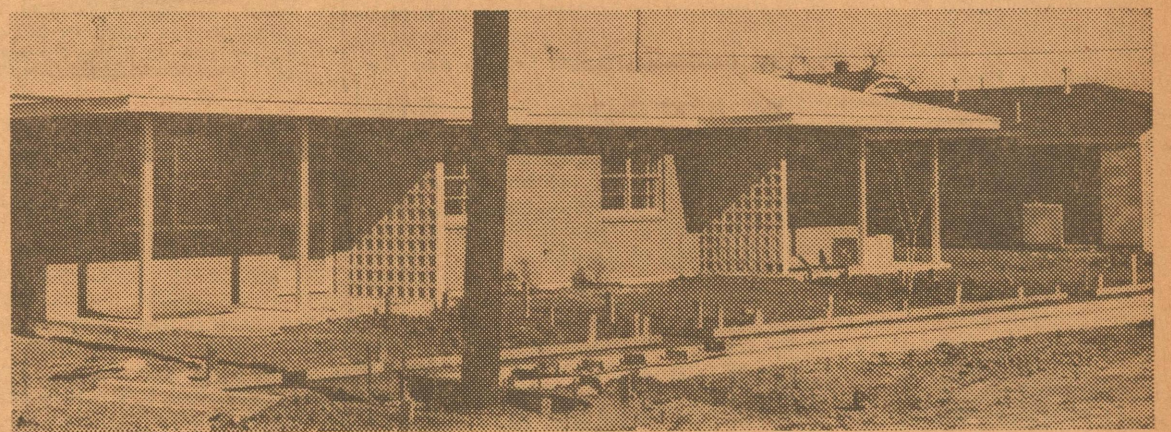

In the past years, Lions have sent over 10,000 youngsters to Camp.

New Vehicles For Month Of February

During January, the following new vehicles were registered in the local sheriff's office:

- L. E. Lloyd, '68 Ford pick-up;
- Southwest Texas Electric Co-Op, '68 Chev. drill truck;
- Robert K. Bradley, '68 Chevrolet pick-up;
- Shell Pipe Line Co., '68 Chevrolet pick-up;
- Horace Linthicum, '68 Ford 1/2-ton pick-up;
- Karen R. Gibson, '68 Chevrolet Nova 2-door coupe;
- James A. Page, '68 Chevrolet pick-up;
- Charles H. Trigg, '68 Ford 4-dr. country squire;
- Peyton Cain, '68 Olds Holiday Coupe 4-door;
- B. F. Blaylock, '68 Chevrolet Chevelle, 4-door sedan;
- Horace Linthicum, '68 Ford pick-up;
- Jack W. Jones, '68 Chevrolet 4-door sedan;
- Ray E. Bray, '68 Olds 98 4-door sedan;
- Juan D. Gauna, '67 Pontiac Tempest Sport Coupe;
- Wm. L. McWhorter, '68 Chevrolet pick-up;
- E. L. Carlman, '67 Chevrolet 2-door Sport Coupe;
- Mrs. F. H. Whitehead, Sr., '68 Olds 98 4-door.

Public Housing Units Nearing Completion Here

THIS PHOTO taken last week at the Public Housing site north of the court house shows the units nearing completion along with the new curbs and gutters. The units are to be ready for occupancy sometime in March, at which time the Public Housing Authority will accept applications from prospective residents. The other units are in northeastern Eldorado near the Scout hall.

Methodists Approve Church Remodeling

At a congregational meeting following the morning worship service Sunday, the proposed remodeling projects were approved by a vote of 75 to 5.

The meeting was held following many weeks of planning and promotion by the building committee and the Official Board. The approval gives the go-ahead for these governing boards to proceed with the plans as proposed.

The remodeling of church property was presented in detail at the congregational meeting by Mrs. Ed Mador and by P. S. Dudley and Dick Preston.

The church educational building will have the heating system renovated to include refrigerated air, and the ducts will be replaced with larger ones.

The basement in the main church building will be partitioned into rooms for Sunday School classes, with one room being set up for use by the choir and provide shelf space for the church library. Also, a separate heating and air conditioning system will be installed for this part of the building.

Also on the docket will be lowering of the ceiling in the sanctuary with installation of beams and plaster, and six ornate lighting fixtures will replace the present fluorescent lights. Bracket lights will be installed between the stained glass windows at the sides.

The Official Board will take under consideration the order that these jobs will be done, determine costs, and let the contracts.

Rough estimates of the total costs for all this came to about \$10,000. The church memorial fund at present has over \$5,000 in it, so a fund drive will probably be conducted in the near future among members who live here and out-of-town and other friends of the church to provide the funds that will be needed.

The Methodist church red brick building on the highway was built in 1938 and is seen by the hundreds of motorists who pass it each day. The matching brick parsonage was built in 1945, the educational building in 1955, and the stained glass windows were installed in 1962 and the sanctuary had year-around air conditioning installed at that time. The forthcoming renovations will be the latest in the series of improvements made to the church property over the years.

Mr. and Mrs. Sherwood Barker and daughter Jamie Lyn visited here over the week end from Abilene.

News of the Sick

Flu has continued prevalent here in recent weeks, with many people just now getting over it.

Rusty Meador broke his ankle in a game last week. He has the ankle in a cast and is able to get around with a crutch. He is president of this year's Senior class in EHS.

Gay Lynn Richardson sustained injuries in a car accident recently and had to have medical treatment with about a hundred stitches. She has made satisfactory convalescence. The '64 Ford driven by Mrs. Bobbie Sanders was a total loss. The mishap occurred recently north of the school.

Mr. and Mrs. W. L. Isaacs are now in the Menard nursing home. Mrs. Dick Jones is a patient at M. D. Anderson hospital in Houston.

1243 Registered To Vote This Year

With passing of the voter registration deadline, there were 1243 registrations issued in the local sheriff's office.

It was stated that perhaps a dozen of these will be invalidated as duplicate registrations when the poll lists for the various precincts are made up. There were about that many voters believed registered twice by mistake.

J. H. Emmons, age 99, was the oldest county resident to register, and Mrs. A. L. Jones was the voter with the longest county residency to register, Granny Mund, who is 91½ years old and in the rest home at Christoval, was another long-time resident who was registered.

On Feb. 1st, the sale of 1968 license tags began in the sheriff's office. The office personnel remind everyone to bring their certificate of title and receipt from last year when coming in to buy the new tags. This will speed up the procedure of sale of the tags.

ROPING SET FOR SUNDAY

There will be a roping Sunday at 1:00 p.m. at the roping arena south of town. There will be a barrel race, and admission will be 50c. Public is invited.

ATTEND FUNERAL HERE

Among those attending the Lewis Wilson funeral here last week were friends from Austin, Mason, Midland, San Angelo, Sterling City, Sonora, Uvalde, and Laparr.

Oldest Schleicher Citizen Observes 99th Birthday

OBSERVING HIS 99TH BIRTHDAY on January 29th was Mr. J. H. Emmons, shown here in his room in the Shannon hospital with Mrs. Emmons, and a birthday cake in the foreground. Mr. Emmons has been in the hospital for many months.

Austin, Tex.—Around & around goes the Texas Liquor Control Board inquiry—and where it stops nobody knows.

Threatened with disclosures that would "blow the top off" irregularities in operations of some of its field personnel, the board heard just enough to rattle its windows at a one-day public hearing here.

Widely-heralded fact-finding proceedings before the three-member board developed little evidence.

But the probe, according to LCB Chairman W. D. Noel of Odessa and First Assistant Atty. Gen. Nola White, coordinator, will continue behind the scenes.

Gov. John Connally said the fact that only five witnesses showed up for the hearing (when 50 had been invited) was "very disappointing."

Ex-inspector William B. Groce and Raymond L. Valenta, among seven Dallas LCB employees fired on December 13, provided most of the testimony. They denied any

wrong-doing and demanded exoneration of any part in alleged rigged sale of a confiscated \$78 truck and the reported trading of 11 bottles of confiscated liquor to an auto painter.

Dallas Assistant Dist. Atty. William F. Alexander repeatedly questioned Groce and Valenta about their association with a 417-pound private investigator named Smokey Joe Smith. Smith is under indictment on charges growing out of alleged efforts to "fix" liquor license suspensions.

That some partiality was shown in enforcing liquor laws in the Dallas area, was hinted by the ousted inspectors. But they denied pressure to put anybody out of business or any knowledge of license suspension reductions by the board's state headquarters.

White commented after the hearing that no real evidence of wrongdoing developed. Further hearings in Jasper, Dallas, Odessa and Tyler have been suggested.

Meanwhile, new fuel was thrown on the fire by the firing or resignation of the board's supervisor of investigation, John W. Crank. Crank said he quit because he was "fed up". The board said he was relieved of his duties.

Budget Being Prepared

State agencies now are in the process of presenting their 1968-69 budget requests to the Legislative Budget Board and the Governor's Budget Office.

Staffers in these offices have indicated they can be ready for a special legislative session by the

end of February if that time should strike the fancy of Governor Connally.

Budget office personnel are confining their attention to agencies offering major changes in their proposals over funds allocated for fiscal 1968.

Constitutional Revision

A blue-ribbon constitutional revision commission has set itself a late-May deadline for the processing of study-group proposals for changing the state constitution by sections.

Commission granted its study sub-committees broad leeway as to whether to recommend sweeping "philosophical" rewriting or simple updating of basic laws and elimination of deadwood. Most members appeared to lean toward the latter, and some warned that the legislature is going to do as it pleases anyway with the final handiwork.

Pollution Suits

Two Dallas corporations are suing the Texas Water Quality Board which ordered them to stop releasing untreated sewage into the Sabine River near Orange.

Meanwhile, the board has taken legal action against Harris County Water Control and Improvement District 60 to stop the discharges from its plant into Middle Bayou and Clear Lake. Board also called for Spring Branch Utilities, Inc., to show cause why it should not be ordered to stop pollution of Spring Branch Creek in Houston and Spring Valley with sewage plant effluent.

Inwood Development Company and Westgate Corporation, owners of Riverside Homes Addition near Orange U. S. Naval Station, filed suit after the board told them to tie into the Orange sewage system. Petition claimed the board has no authority over Sabine River since it is the subject of a Texas-Louisiana boundary dispute. Also involved are questions of proof that the plant release is detrimental to health.

Board also learned that Shell Chemical Company is building a \$4 million secondary waste-water treatment plant at Houston.

School Hearings Set

House standing committee on education will hold 10 statewide public hearings during February. First will be in Kilgore on February 20 and the second in Gainesville on February 22.

Chairman George Hinson of Mineola says the principal purpose is to determine the needs in the area of vocational and technical education, and to explore inadequacies and lack of coordination. Most of the hearings will be held in rural areas and smaller towns, although metropolitan problems also will be explored.

Representatives of the Texas Education Agency, the higher education coordinating board, the regional education centers and the governor's public school study committee will report at hearings. Educators, business and industrial leaders and private citizens are invited to testify.

College Salaries

A new report from the Coordinating Board, Texas Colleges and University System, has pegged Dallas County Junior College as the highest paying junior college in the state.

Salaries there average \$8,962 annually. But the highest individual income for a junior college teacher, \$13,600, is reported from Tarrant County Junior College in Fort Worth.

One of the lowest average salary rates is Hill Junior College at Hillsboro. Average salary there is \$6,525 per year.

Car Inspections Slow

More than 4,250,000 vehicles still have not been inspected for 1968 auto safety stickers reports the Texas Department of Public Safety. April 15 is the deadline.

Col. Homer Garrison Jr., DPS director, said only 1,574,367 cars have been through inspection lines. A total of 5,702,862 were inspected in 1967.

Garrison urged drivers to have cars inspected soon in order to avoid those long lines which develop every year near the deadline.

Inspections will be a little tougher this year. Items covered include steering, wheels, rims and front seat safety belts where anchorages are part of the manufacturer's original equipment. Garrison observed that some drivers may have to install seat belts before they can get a stamp.

There are 5,336 inspection stations in Texas.

Park Grants Approved

Federal grants of \$35,200 and \$31,250 respectively have been approved for development of state parks at Daingerfield and Corpus Christi. Funds will be matched by legislative appropriations for \$70,400 and \$62,500 total-cost projects. Daingerfield's 551-acre unit adjoins an 80-acre lake. Corpus Christi park is on 13,838-acre Lake Corpus Christi near Mathis on the Nueces River.

Courts Speak

State Supreme Court, backing the lower courts, denied Sun Oil's plea for injunctions to keep two Hockley County men from blocking

Boy Scout Week Is Set This Year February 7 Thru 13

BOY SCOUTS of Troop 18 are shown as they prepared to leave for Camp Sol Mayer last July. Scoutmaster Jim Holley accompanied them.

its use of fresh underground water in secondary oil recovery operations.

High Court refused to review a Midland woman's suit against a physician who, she claimed, performed an unnecessary operation that caused a stroke.

Appointments Announced

House Speaker Ben Barnes and California Speaker Jesse Unruh have been named co-vice-chairmen of a new Council of State Government Committee on Legislative Modernization. Committee is to develop a series of new techniques to cope with growing problems facing state legislative bodies.

Danny Burger of La Marque has been appointed manager of the \$400 million Texas Water Development Fund, succeeding Howard B. Boswell, who has moved up to executive director of the Water Development Board.

Howard Rose, Austin attorney, has been elected chairman of the Texas Water Quality Board.

Miss Katherine Ard, Conroe, will serve as a field consultant for Texas State Library in a 33-county Southeast Texas area.

Governor Connally appointed former Congressman Ed Gossett of Dallas judge of County Criminal District Court No. 5. He succeeds the late Judge A. D. Bowie.

Short Snorts . . .

Republican leadership has agreed on Wichita Falls attorney Paul W. Eggers, 48, a political unknown, as its preferred GOP candidate for governor. Two other Republicans, John Trice of Dallas, and Wallace Sisk of Houston already had filed . . .

Texas State Teachers Association is polling legislative candidates on how they stand on another pay raise for teachers . . . State Public Safety Commission announced a far-reaching new statewide crackdown on crime, with state officers moving in where local law enforcement efforts bog down . . .

Last year Atty. Gen. Crawford Martin and his staff of 100 attorneys won 98.5% of the department's lawsuits which it tried. Score: 4,095 cases won, 65 lost . . . Water Development Board sold a \$15 million bond issue to a syndicate headed by a Chicago bank . . . Railroad Commissioner Jim Langdon has filed for re-election to that post.

Miss Katherine Ard, Conroe, will serve as a field consultant for Texas State Library in a 33-county Southeast Texas area.

Governor Connally appointed former Congressman Ed Gossett of Dallas judge of County Criminal District Court No. 5. He succeeds the late Judge A. D. Bowie.

NAMED ASSISTANT AG. AGENT IN RUNNELS COUNTY

H. Allen Belk, son of Mr. and Mrs. H. A. Belk of Schleicher county, was named assistant county agent of Runnels county on January 3, 1968 and is presently serving in that capacity with headquarters

in Ballinger, Texas.

H. A. received his B. S. degree from Texas Tech College of Lubbock in 1967 and went directly to Belle Glade, Florida, where he served as Vocational Agricultural instructor in the school system.

A teacher of Vocational Agriculture at Fisk, Texas for the first half of the 1967-68 school year, H. A. made his change at mid-term.

School Menus

Monday, Feb. 12: Chili porcupine balls, whole kernal corn, green beans, tossed salad, buttered rolls, milk, canned fruit.

Tuesday, Feb. 13: Chicken fried steak & gravy, blackeyed peas, okra-tomato gumbo, buttered rolls, milk, fruit jello.

Wed., Feb. 14: Hot dogs with chili, hash browned potatoes, celery and carrot sticks, milk, fruit cup, peanut butter cookies.

Thursday, Feb. 15: Chicken and rice casserole, buttered lima beans, combination salad, buttered rolls, milk, apple betty.

Friday, Feb. 16: Tuna, ham salad, & pimento cheese sandwiches, potato chips, English pea salad, milk, fresh fruit, brownies.

R. L. WALDRON, ALDERMAN
W. R. DAVIDSON, ALDERMAN
WHOSE TERMS HAVE EXPIRED.

ALL CANDIDATES FOR THESE OFFICES MUST FILE THEIR NAMES WITH THE CITY SECRETARY NOT LATER THAN MIDNIGHT, MARCH 5, 1968

LUM BURK, CITY SECRETARY

County Extension News
W. G. Godwin, Co. Agent

The soil is a good place to start a farm income improvement program in 1968. A soil inventory should include a close study of the acres to be farmed or grazed since soils may vary in their productive capacity and adaptability to crops.

A logical first step is a soil testing program. The determinations from the soil testing laboratory will give needed information on the amounts of plant food required to provide the planned crop or pasture with the nutrients for top production. The fertilizer recommendations for a particular field will thus be based upon the analysis made of the soil sample submitted to the testing lab.

Submit soil samples which are representative of the field or pasture. The laboratory results, he explained, will be no more accurate nor representative than the sample submitted.

Producers are invited to contact the county agent's office for detailed information on how to take soil samples, soil sample containers and needed report forms. The county agent also reminds gardeners that soil testing can help them solve soil fertility problems connected with their activities.

Remember when the only things you got on time were your meals?

Planting season is just around the corner and good seed are basic to any farm program.

Crop yields are greatly influenced by the kind and quality of the planting seed used. Varieties are important and many have been developed for specific areas and for resistance to diseases.

Study varieties and select the one best suited to your needs. It is not always easy to find the quality and purity needed in planting seed. Start locating your seed supply now for all the crops to be planted this year.

Along with good seed, adequate lime, fertilizer, weed and insect control are "musts" for successful farming.

Few farmers in Schleicher county have overused fertilizer, but many have and are using too little for maximum crop production. The biggest choice on fertilizer this year will probably be the amount used rather than the brands available.

A soil test is the logical starting point on determining how much and the kind of fertilizer to buy.

Hope springs not from what we have done, but from the work we have just begun.

Farm and ranch profits have been under strong pressure in recent years and has created what is often referred to as the "price squeeze." In this situation, farmers and ranchers face steadily rising production costs while prices they receive for their products rise at a much slower rate.

In the meantime, producers see the prices consumers pay move up much faster than their own.

While the prices farmers will receive in the future for their products are best described as uncertain, there are indicators pointing to still higher production costs which will serve to increase the "price squeeze" during the next few years.

These indicators include increases in interest, wages, taxes, and the cost of machinery, equipment and buildings. Any changes in the prices received by farmers will probably be relatively small. This means profits will continue to be affected by the "price squeeze" in 1968, and further this emphasizes the importance of keeping production costs low and yields high.

Troubles, troubles everywhere; but we must stay quite cheerful. For others have all they can bear. And do not want an earful.

Since grain and forage crops are subject to insect attack throughout the growing season, farmers and ranchers in Schleicher county should be interested in the revised edition of "Texas Guide for Controlling Insects and Mites on Grain and Forage Crops."

This revised edition has several new sections which are important and several chemical additions and deletions in the recommendation tables.

The new sections include recommendations for controlling the southwestern corn borer, sugarcane borer and neotropical borer. Recommendations for controlling mites on grain sorghum and the clover head weevil. There are also suggestions on soil treatments for controlling wireworms, white grubs, corn rootworms and the lesser corn borer.

These new sections and the recommendation changes make it necessary that all old copies of the book be discarded and new copies of MP-339 picked up from the county agent's office.

A pretty girl is like a melody; after you marry her you have to face the music.

SCRATCH PADS—Odd sizes and colors, 40c pound, mix or match.—Success Office.

COW POKES

By Ace Reid

"Shore I'll let this place rest for a couple of years . . . if you will git my banker to let me rest too."

PAR-TEE

Due to a conflict with prior reservations for the Memorial Building the Bingo party scheduled for February 24th has been changed to March 2nd. The only other change with the use of the building will be for the Junior scheduled for April 27th. The finance committee has decided to cancel Bingo for that night. With these two exceptions the Bingo party is planned for each fourth Saturday of the month. So mark your calendar now so that you will not forget these dates.

The weather was so pretty this past Sunday afternoon that a "jumped up" mixed foursome was held at the El Dorado Golf Club. This was the first play of this kind that has been held on this course. The winning team of Buddy White, Jack Hannes, Vernon Rogers and Penny Bland came in with a two under for 12 holes. Tied for first place at the end of 12 holes was the team of Bob Bland, Ralph Waldron, Bob Bradley, and Margaret Frost; however, in the sudden death playoff this mighty foursome bit the dust on the first hole, thus being 2nd place winner.

Everybody seemed to enjoy this play so—weather permitting—we may try to have one each month.

By the way, we need to extend condolences to Winnie and Dick Bearce. They didn't win anything at the First Bingo Party either. Better luck on March 2nd Dick and Winnie.

The park was full Sunday afternoon with people on a picnic. The grounds are looking real pretty now so you better pack that picnic lunch and get out there before the ants do.

Gay Lynn Richardson Out For The Season

The Junior High Girls' team was dealt a crippling blow when they received word that Gay Lynn Richardson, injured in a car wreck, would be lost to the team for the remainder of the season. With the Iraan tournament coming up, the strongest tournament in these parts, the team members reflected considerable apprehension on realizing that they will be out to defend their third successive Iraan Championship title without Gay's services.

Younger by almost a year than most of her classmates, Gay Lynn represents about the only height on the team. Gay's value to the team is immeasurable. Her all-around athletic talents can be described only in superlatives. She has an ideal competitive disposition, always the right mental attitude, is an A student in her classwork, and is a sweet, gentle, fun-loving young lady. It is such a shame that a needless accident so ends prematurely the Junior High career of such a dedicated girl right at the high point of her season.

Log Of Jr. High Girls' Recent Games

Your reporter has been remiss in not writing up the girls' games promptly enough to meet the deadline of the press for the last couple of weeks, so game reports will be treated briefly. We know the girls like to have them for their scrap

books, and we apologize for not doing by them as they deserve.

Eldorado 40—Junction 12

The Eldorado girls started off with rapid-fire action, leading 17-2 through the first quarter and 29-6 at the half, with most all Eaglettes seeing action by this time. However, after the half-time intermission Junction came back strong to so harass the Eaglettes that neither looked like the same team as before. The Eldorado forwards never regained their momentum, but the guards held up stalwartly, limiting Junction to 6 points while Eldorado was collecting only 11. Guards Gay Richardson, Leslie Martin, and Jean Rountree showed outstanding performance as they switched perfectly, rebounded tremendously, and worked the ball up court effectively. Marian Bland, Eva Stigler, Betty Kay Bradley, and Patsy Tampke, as they appeared in the game, never let down either, and Junction had a total of only 4 field goals. Lorretta Schooley led the scoring with 13 points, Sherry Davis 10, Jeanne McCravery 7, Rosellen Maness, a little 7th grader, had 6, and Judy Hanusch 4. Thelma Bosmans and Patti Olson played well, though they did not score. Patti Page was out still another game with her pesky virus.

Eldo. 7th 26—Iraan 7th Grade 18

After leading by only one point at half time, 13-12, the very littlest Eaglettes found the range in the 3rd quarter with an 11 point scoring spree and coasted home, with everyone getting into the game during the 4th quarter—Patsy Tampke, Kathy Rogers, Virginia Gauna, Louann Nixon, Tanya Corbell, Delia Guerrero, and Janet Davis at guard (Cary Salter and Janet Oglesby out because of illness), and Rosellen Maness, with 8 points, Patti Olson (at her best season's form) with 12, Melodie Davidson 4, Prissy Holsey 2, and Lynn Sanders and LeAnne Cawley rounding out the forward roster. Patsy Tampke's ability to cover her opponent and rebound was noteworthy, although she, as all the guards, provided anxious moments in ball handling and getting the ball to the forward end. Kathy Rogers and Virginia Gauna were also guard mainstays.

Eldorado 45—Menard 13

Menard got only one field goal off the entire roster of guards, Richardson, Rountree, Martin, Stigler, Bland, Bradley and Tampke during the 1st half, while all the forwards were being used to score 19 points, a little off form until the 4th quarter when Thelma Bosmans exploded for 10 points to match the other two forwards' 10. Schooley and McCravery shared scoring honors with 14 points each, Davis 2, Hanusch 2, and Maness 3. Patti Olson was in there with good effort. (Patty Page out still—but convalescing).

Eldo. 8th Grade 41—Iraan 8th 10

Lorretta Schooley got Eldorado off to the races with a 9-point 1st quarter scoring pace, added 5 straight free throws in the 2nd quarter, guarded tenaciously when on defense, and was used sparingly in the second half. Jeanne McCravery came on strongly during the 2nd half to net 10 points, while Sherry Davis's total of 12 points was divided 4 and 8 in each half before she fouled out. Judy Hanusch and Thelma Bosmans added 2 points each. (Patty Page—still ailing!)

Jean Rountree's ball hawking on the line was encouraged and performed commendably, but the risky business cost her services via the foul route, but she, Leslie Martin, Gay Lynn Richardson, Marian Bland, Betty Bradley and Eva Stig-

ler all combined at guard to hold Iraan scoreless from the floor thru the first three quarters.

Eldorado 43—Junction 17

To date Eldorado had yielded a maximum of 4 field goals in any one game, and this only twice, but Junction on this occasion hit for 6 field goals and was an all-round improved ball club over the teams' first encounter. Gay Lynn Richardson, injured in an automobile accident, was out of the line-up, probably accounting for some lapse in guarding as the Eldorado defense was adjusting to a new alignment. Patty Page, back after a long seige of virus infection, shared scoring honors with Jeanne McCravery, 15 points each, while Lorretta Schooley was held to 8 points. Junction revealed in post-game discussion that their game plan was to stop Lorretta's lefthand drives and, if successful, they might be able to stay in the ball game. So they double-teamed Lorretta, but with one on two—Page and McCravery had a field day.

With Gay Lynn out, Sherry Davis, who does yeoman's service at either guard or forward, because of her good height was assigned to cover Junction's big girl, Cindy Molesworth. She was doing a fine job until she got in foul trouble, then little Leslie Martin was switched to Cindy, a Mut and Jeff combination. It might be said that this was Les's finest game of her many fine games—holding her opponent to a lone field goal—but her dogged determination and aggressiveness was at the cost of her fouling out late in the game.

Mrs. Woodward Heads Woman's Club Officers

Mrs. M. H. Woodward was elected president of the Eldorado Woman's Club at the January meeting. Officers to serve next year with Mrs. Woodward are Mrs. Vernon Rogers, first vice-pres.; Mrs. G. A. Hext, 2nd vice-pres.; Mrs. Archie Mittel, sec.; Mrs. J. L. Neill, treas.; Mrs. V. G. Tisdale, parliamentarian; Mrs. R. D. Johnson, club counselor; and Mrs. W. N. Ramsay, historian.

In the business meeting the group decided to have a morning meeting February 27. The family night supper was changed to March 11.

Mrs. G. A. Hext, program leader for the meeting, introduced Mrs. Edwin Jackson, who spoke on Federation's move forward with great causes. Mrs. Jackson introduced the Department chairmen who gave brief talks on "One interesting phase of my department." These chairmen are: Mrs. M. H. Woodward, Conservation; Mrs. L. L. Watson, Education; Miss Miltia Hill, Fine Arts; Mrs. Robert Page, Home Life; Mrs. Edgar Spencer, International Affairs; Mrs. J. L. Neill, Public Affairs; and Mrs. Keno Ogden, Texas Heritage.

Following the program, the hostesses, Mrs. Bascom Hartgraves and Miss Miltia Hill, served refreshments to the 16 members present.

HAVE ONE HOTPOINT electric refrigerator (with freezing compartment) for sale. -See Mrs. Ethel Etheredge or call 2636 after 5:00 p.m. 1*

CARD OF THANKS I am at a loss for words to express my gratitude and thanks to the wonderful friends who offered words of comfort, who have prayed and visited, brought food, and sent flowers, and the many beautiful cards. Too, those who prepared food and served at the church, were appreciated, as well as those who sang in the choir. Thanks also to the one who played the music, to all the pall bearers, to Brother Vaughan, bless his heart, who rendered such sweet service, and to anyone who I might have missed, I say Thank You from the depths of my heart, and may God's richest blessing be yours. Mrs. L. T. Wilson and family (c)

THANKS Thank you for your thoughtful concern during my recent stay in the hospital. It is nice to be remembered. -Phil McCormick (c)

Time Is Now To Inspect Vehicles Austin, Tex.—The Texas Department of Public Safety reported today that more than 4,230,000 vehicles still remain to be inspected for the 1968 sticker before the April 15 deadline. Col. Homer Garrison Jr., DPS Director, said that only 1,574,397 cars had been inspected so far this year. The total number of vehicles inspected during 1967 was 5,702,862. Garrison urged motorists to have their cars inspected as soon as possible in order to avoid the long lines which will undoubtedly develop as the inspection period draws to a close. Garrison reminded car owners that under new provisions of the law the inspection will include front seat belts in cars where the anchorages are part of the manufacturer's original equipment, the steering and wheels and rims. "Those motorists who wait until the last weeks of the inspection period to have their cars inspected may find that they will need to install seat belts," Garrison said. "And with the last minute rush, there may not be enough seat belt kits in supply to take care of the demand. Dealers will have no way of knowing how many sets to have on hand, so to be on the safe side we urge all owners to have the work done as soon as possible." Garrison said the inspection could be completed at any of the 5,336 inspection stations in Texas. Each authorized station displays a standard sign identifying the establishment as one approved by the state for conducting inspections.

Mobley's New ENCO STATION will be open for business on Tuesday, Feb. 13 and welcomes all customers and friends to visit the new establishment Watch for Grand Formal Opening Later This Month

No Need For Advertising?

—Preachers don't preach just once a year even though people are against sin.

—Teachers review lessons. They know children do forget and often have to be told more than once.

—Highway patrolmen drive up and down the highdays, and caution drivers although motorists know the law and should obey.

—Mail order firms continue to send out catalogues.

—Not all of us know what is sold in stores in the home town, and we need to be invited continually to trade in your place of business.

—The Notre Dame cathedral has stood for centuries, but still they ring the bell every day.

—If you're one of those who believe in continuous and profitable advertising, you'll want to use the columns of the . . .

Eldorado Success

HELP!

The Success crew takes this means of soliciting your cooperation in helping us to provide you with a better local newspaper with more news in it. We would like for you to please turn in your news items to us.

Unlike our big brothers in the city, a local newspaper does not have a huge reporting staff. The Success can't send men to cover a birthday party, social events, etc. But we want to have a story of those events in your local paper.

When you have a visitor, that's news. When you get married, that's news. When you take a trip, that's news. When your child has a birthday, that's news. When you have a social gathering, that's news. There are many things happening in this county that we want to run in the paper, but we don't know where and when they happen.

We are going to ask your help. When something happens let the Eldorado Success know about it. You may write out the item or story, or write out the facts and we will re-word them, if necessary, for the news story. You can mail us your write-up, drop by the Success office, or phone us.

There's only one simple rule to follow when you send us a story. Think of 5 W's—who, what, where, when and why. Answer all of those questions and you'll have a story.

Be sure to include first names. And when your story contains the name of a married woman, write it "Mrs. John Doe" not "Mrs. Jane Doe." Also please help us spell names correctly. Always ask how to spell a person's name—even if it is "Smith." It might be spelled "Smyth."

We start work on your local newspaper a week in advance. In other words, as soon as we get this week's paper off the press we begin work on next week's paper. Also, our crew are busy days late in the week doing commercial printing for our local customers. So the earlier you get your stories into the Success office the better it will be for both of us. Stories which come in first get choice and best placement in the paper.

With your help we know the Eldorado Success will have more news about Schleicher county people. We'll have a local paper of which you'll be proud. And when you're proud of your local paper, we'll be proud too.
