# **Eaglettes Emerge As** East Zone Champs

The Eldorado Eaglettes claimed the 8-A East Zone title by whip-ping Menard 51-23 last Friday night. The game marked the Eldo rado fems' 23rd victory of the season against only two losses.

Eldorado was in control of the game with opening two points though it was a relatively low scoring game for Eldorado due to the fact that the Eaglettes took only 10 free throws but made 9, a fine

Susan Hill had her best night of the season hitting 25 points followed by Susan Mobley's 13. Libby who fouled out late in the game had 9 points and Arlene Hartgraves 4. The defensive efforts of the forwards was outstanding as they intercepted passes and caused guard mistakes. The offensive unit hit 40% of their shots.

The Eldorado guards did one of their best defensive jobs of the season as they held Menard to 8 field goals for the night. They were everywhere causing turnovers, violations, and in general causing the Yellowjackets trouble. Chris Edmiston was the leading trouble maker with 19 rebounds and holding Menard's leading scorer to only 1- points. Sherry Yates though in foul trouble in the first half, did a good job and had 9 rebounds. Lisa Whitten came in to replace her and did a fine job getting 7 rebounds and playing very good defense. Donna Davis had one of her best nights as she kept her forward to only 5 points and got 9 rebounds.

In general the team, especially the guards, played as a unit and did accomplish their first goal of a zone championship.

The next goal is a district championship over Iraan.

This is a quotation from a speech by Abraham Lincoln given at Springfield in 1858 in the opening 3 8 8 4-23 of his campaign for U. S. Senator in opposition to Stephen Douglas.

This is the famous "House Divided" speech, so called from the Biblical quotation (Mark 3-28) that dent, will be entered in the world's largest calf scramble held during graph.

> "In my opinion," Lincoln said, shall have been reached and pas sed. 'A house divided against itself cannot stand.' I believe this gov ernment cannot endure permanently half slave and half free. I d not expect the Union to be dis salved—I do not expect the house to fall-but I do expect it will cease to be divided. It will become all one thing .or all the other."

> This is the week of Lincoln's birthday, and newspapers and magazines are going back and quoting words of the Great Emancipator.

At the time of his speech, 110 years ago, the big problem was national—the nation was divided half free and half slave.

Today the problem is global and we find ourselves in a world which seems to be divided half communist and half free. Two superpowers, Communist Russia and Unject to action of the Democratic ited States are in a constant state of agitation.

Do Lincoln's words of 110 years ago have any meaning for us to-

Will our trouble with Russia never cease until a crisis has been reached and passed? Will the world cease to be divided? Will it become all one thing or all the other? All communist or all free?

I don't know the answer either, but I thought it was something worth thinking about. But I will say this, that I think it is not a Democratic or a Republican party problem-not who becomes President. It's a national and global problem, and I'm afraid it will not be settled until "a crisis has been reached and passed.

I probably won't live to see it.

Austin, Tex.—Eleven Democratic and three Republican candidates for governor squared off for an action-packed May 4 primary election as filing deadline closed last

Most of the interest centers in the gubernatorial contest. Only one Democratic incumbent in statewide office, Comptroller Robert S. Calvert, has primary opposition. The lieutenant governor's office and two Supreme Court places being vacated by incumbents are contested by Democrats.

While Republicans provided candidates for all statewide offices except judicial, only in the governor's column is there a GOP primary race. The rest are unopposed. Here's the way the primary ballots will look:

Smith of Lubbock: John L. Hill of sity employees. Houston; Waggoner Carr of Lubbock; Eugene Locke of Dallas; Gordon McLendon of Dallas; Dolph ton; Johnnie Mae Hackworth of of Houston and Alfonso Veloz of

Rep. Don Gladden and Gene Smith both of Fort Worth.

Comptroller—Robert S. Calvert and Dallas Blankenship, Paris.
Supreme Court, Place 1—Matt

#### Drink Battle Renewed

Gov. John Connally told a press conference that he may renew his effort to strengthen state liquor laws and legalize and tax liquor by the drink at the special session of the Legislature he must call this

Connally said the liquor proposal he made in 1967, which was killed by the Legislature, may well be a part of his program for raising the \$150 million to \$190 million which will be needed to operate state government next year.

He renewed his attack on the "subterfuge" of the private club, and said that his efforts in 1967 to tighten up the liquor law were opposed by some who now profess to be shocked at the shortcomings of the liquor laws.

But Connally said he has not yet decided when to call the Legislature back to Austin. Speculation is that the session will be in June, after the primaries.

He suggested that if the liquor announced that he wants a strong conflict of interest law to prohibit any member of the Legislature from practice before any state ag-

While program now is limited to children whose parents were in the "migrant stream" when school started, it will in uture cover those whose parents left itinerant agricultural work up to five years earlier.

#### Courts Speak

State Supreme Court agreed with lower court verdicts that a 76-yearold San Antonio man, who was pardoned after being sentenced death in the electric chair, should get \$20,000 in false imprisonment compensation. Catch is the governor last year vetoed appropriation set aside by the Legislature to pay the oldtimer, Anastacio Vargas.

High court also upheld the jury award of \$75,000 to owners of property condemned by city of San Marcos to expand Southwest Texas

State College.

Third Court of Civil Appeals affirmed a ruling that the 1963 law limiting state-licensed lenders to 60 offices is constitutional and denied the request of a Midland-based finance company for license of its 61st Texas office. Court said the firm is in poor position to attack constitutionality of an act which permits "the privilege of making loans at rates of interest which would be and are usurious and illegal to lenders not licensed." and illegal to lenders not licensed.

#### Attorney General Rules

Attorney General Crawford Martin has held that the state comptroller cannot make payments on state building contracts which exceed appropriated funds and must certify sufficient money is available to cover project.

In other recent opinions, Martin held that:

Piquant Party Beets

Mix syrup from 1 can of pine-apple chunks with ½ cup water drained from beets and ½ cup vinegar. Stir in 3 tablespoons brown sugar mixed with two tablespoons cornstarch and ½ teaspoon salt. Cook, stirring all the time, for about 10 minutes.

Add pineapple chunks and a number 2 can of beets. Serve hot \_but take care not to cook. Long cooking will toughen the pineapple.

Eldorado Success

# HELPI

The Success crew takes this means of soliciting your cooperation in helping us to provide you with a better local newspaper with more news in it. We would like for you to please turn in your news items to us.

Unlike our big brothers in the city, a local newspaper does not have a huge reporting staff. The Success can't send men to cover a birthday party, social events, etc. But we want to have a story of those events in your local paper.

When you have a visitor, that's news. When you get married, that's news. When you take a trip, that's news. When your child has a birthday, that's news. When you have a social gathering, that's news. There are many things happening in this county that we want to run in the paper, but we don't know where and when they happen.

We are going to ask your help. When something happens let the Eldorado Success know about it. You may write out the item or story, or write out the facts and we will re-word them, if necessary, for the news story. You can mail us your write-up, drop by the Success office, or phone us.

There's only one simple rule to follow when you send us a story. Think of 5 W's—who, what, where, when and why. Answer all of those questions and you'll have a story.

Be sure to include first names. And when your story contains the name of a married woman, write it "Mrs. John Doe" not "Mrs. Jane Doe." Also please help us spell names correctly. Always ask how to spell a person's name—even if it is "Smith." It might be spelled "Smyth."

We start work on your local newspaper a week in advance. In other words, as soon as we get this week's paper off the press we begin work on next week's paper. Also, our crew are busy days late in the week doing commercial printing for our local customers. So the earlier you get your stories into the Success office the better it will be for both of us. Stories which come in first get choice and best placement in the paper.

With your help we know the Eldorado Success will have more news about Schleicher county people. We'll have a local paper of which you'll be proud. And when you're proud of your local paper, we'll be proud too.
