Hospital Construction Set To Start Soon

With contracts awarded last week all seems to be set for start on Eldorado's new hospital. Board chairman Carroll Ratliff was informed that the Abilene contractor planned to start moving in equipment by the end of this week. It was revealed that a formal contract had not been signed as of Tuesday but this was regarded simply as a formality.

Rose & Sons of Abilene was awarded construction for \$385,455, and Angelo Refrigeration Co. was awarded contract for supplying kitchen equipment for \$15,793. The two bids made a total of \$401,238.

Sen. Dorsey Hardeman To Speak At Marker Dedication On April 21

At 4:00 o'clock on San Jacinto Day (Sunday, April 21), the dedication of the C. C. Doty marker will be held on the courthouse lawn near the Memorial Building. Senator Dorsey Hardeman will deliver the main address for this occasion. Senator Hardeman has served our county well for many years in the State Senate. He has many friends here and the Schleicher County Historical Survey members are sure you will want to hear him. The date will be after Easter so we are hoping for pretty weather. The day is an historic one for the state of Texas, one much revered by natives of our state, and we are inviting every one in the county to attend.

The marker will be unveiled at the end of the program. A few days later it will be placed on Highway 277 by the Texas Highway Department, Dick Bearce and Don McCormick will locate the exact spot for the Highway Superintendent, Relatives of Mr. Doty and other out-of-county guests have been invited. Mr. Bob Bradley will be master of ceremonies. Mrs. J. L. Neill has been named chairman of refreshments; Mrs. Elizabeth Ballew, invitations, Danny Boyer will see that all notices are put in the paper and will make posters.

Another marker is due to come to us late in the summer. This one will mark the site of the old Verd and community which was here before the county was organized. Still two others are in the offing. It takes five months to process a marker and longer still if there is much correspondence regarding the inscription. The markers are expensive too, ranging from \$130 to \$400 each. The Schleicher County Historical Survey Committee are most grateful to those of you who have helped us. —Rep.

Mary Ann Page and Martha Sue Page were here recently from Texas Christian University, Fort Worth to visit their parents, Mr. and Mrs. James Page. Two Babies Born In Local Clinic Past Week

There were two babies born in the Eldorado Clinic this past week.

On March 22nd at 2:46 p.m., a son was born to Mr. and Mrs. Baltazar Arispe. The baby was named Ernesto.

On March 26th, a son, named Jose, was born at 8:10 a.m. to Mr. and Mrs. Juan Fuentes.

Post Script

Dick Preston, County Democratic Chairman, brought in copy for the ballots for the May 4th Democratic Primary to the Success office recently and we expect to work on them and have them printed and delivered to the County Clerk's office within a week or so.

Interest is gradually building up in the Democratic Primary. There are 10 candidates running for Governor and this is an "open election" with a free-for-all expected. The present Texas governor, John Connally, did not seek re-election. The catchiest tune slogan that has come up so far has been "You-Gene Locke Should Be Governor of Texas" which is on T-V and radio.

Thirty years ago "Pappy" O'Daniel swept into the governor's office with his hillbilly band, winning the race without a run-off. One of his sons is on the ticket this year.

Texas voters are now considered more sophisticated and the razzle-dazzle techniques of the previous generation are now modified, at least to some degree.

The big factor in the gubernatorial race will be which two of the 10 aspirants for Governor will emerge tops in the First Primary and go into the run-off.

It is expected that the race for high level offices as well as the more localized ones will build up in the weeks ahead.

Absentee voting for the First Democratic Primary will begin early in April.

Local promoters of candidates are reminded that it is not too early to be thinking about advertising promotion in the near future. We have local contests on for Sheriff and Prec. 1 Commissioner, and on higher level for State Representative, State Senator, and Congressman.

For the past several days wind has been blowing a gale out of the south. First thing we know someone will be praying for more rain.

Fred Adkins of Sonora, who reopened the coin-operated laundry here in January, called it quits here last week and moved the equipment to Sonora. Increasing expenses, he said, made the operation unprofitable.

The prefix letters on our new license plates here in Schleicher county are HLP. I suppose every observer will interpret it as HELP! With three businesses closed down here the past week, it appears that HELP is something Eldorado could use a generous amount of.

Business admittedly has been at a low ebb, but it is going to get better, Eldorado should be a busy place the last half of this year.

Jack Etheredge is having some remodeling done at his Texaco Service Station. Fred Logan is in charge of the work.

Mayor Calk has designated the month of April as Cancer Control Month, and urges all citizens to observe and participate through increased support of the American Cancer Society and by learning the facts about cancer that are vital to personal protection from the disease.

All-Sports Banquet Set For April 8th

Ray Morgan, head coach and athletic director of the Eldorado schools, this week announced that the annual All-Sports Banquet will be held at the Memorial Building on Monday, April 8th.

This event is open to the public, Morgan said, and tickets are now on sale by members of the E-Club and the Girls Athletic Association. They cost \$2.00 each.

New Band Uniform On Display At Bank

Something new in the way of fashion now graces the First National Bank lobby. On display is a uniform model similar to the one chosen by the Eldorado Eagle Band. Please drop by and take a look at it.

This Saturday Eldorado will host a girls' track meet. There will be 12 visiting teams entered and the competition should be fast and furious. The Eldorado Band is to operate the concession stand and they invite everyone to eat with them during the meet. Students in the band will be working in order to earn more money for the uniforms.

In charge of the Band concession stands for the 1968-69 year will be Mrs. Harry Mercer. She will be assisted by Mrs. Bob Bradley and class representatives Betty Hanusch, Sarah Yates, Nancy Wagoner, Freida Hanusch, Helen Maness and alternate Maggie Davis. Mrs. Mercer would appreciate any suggestions as to different types of food to be served. It is her desire to have the band concessions delicious and full of variety.

Cancer Film Shown At Lions Club Meeting

A film, "A Time For Decision" about smoking and put out by The American Cancer Society, was shown at the noon meeting yesterday of the Eldorado Lions Club. L. D. Mund was projectionist.

Taylor reported that Texas has set a goal of \$2 million in this year's Cancer drive, and District 4 has set goal of \$50,000. Last year's drive headed by Joe Ed Spencer took in about \$500 here.

A cancer film was also shown recently at a meeting of the East Side Lions Club.

In the business session at which Boss Lion Bill Rountree presided, it was reported that all arrangements are complete for the Queen's Contest Thursday night.

The meeting next week will be the one just before the District Convention in Brownwood. This club is allowed 6 delegates.

Band Aides Set Goal of \$5,000 for Uniforms

The finance committee of the Eagle Band Aides, local booster club for Eldorado's sparkling high school marching band, set a goal of \$5,000 to be raised by the organization for the purchase of 90 new uniforms after consultation with the Board of Trustees on Thursday evening, April 4th has been set as the official opening date for the drive which will continue until the designated goal has been reached.

Total cost of the uniforms will exceed \$7500, and the school district's budget for the year included only replacing approximately 15 of the old uniforms, most of which are at least eight years old. The Band Aides feel it would be unwise to continue to expend funds on the old style uniforms. "Our band is the greatest booster for Eldorado and Schleicher county that we have," Mrs. Bob Bradley, recently elected president of the club, points out, "and we feel the tremendous effort expended by the members of the band, and the honors they return to our community, are deserving of an all-out effort on our part. We want

them to look as sharp as they really are."

One of the new style uniforms is presently being displayed in the lobby of the First National Bank. It will shortly be joined by a white plywood band model which will depict the progress of the drive which will reach a successful conclusion when the model turns completely green.

"We feel that when the people understand the need they will come through with flying colors," Ed Meador, committee chairman, said. "After all, those kids out there are just reflections of ourselves, and I guess we'd all like to think of ourselves as having some of that sparkle and vitality. You know, this community makes a habit of doing things right, and we're betting it will come through this time."

Contributions will be accepted prior to the official opening of the drive. Members of the committee in addition to Meador are Bill Meador, Bailey Rogers, Pat Wester, Bill Hines, and Luther Guerrero. Additional information will be given or contributions accepted by Mrs. Bill McCravey, Band Aide treasurer.

PAR-TEE

The welcome mat is out this week to Mr. and Mrs. W. O. Enochs (Oran and Pearl) and the W. A. Tampeke family (Tim, Velma, Patsy and William). We are happy to have these new members and hope they find our company enjoyable.

The bingo crowd was a little slim Saturday night—but everyone there had a good time. The blackout jackpot was not won so next month the jackpot will be \$10. Tiny Godwin won the blackout bingo with a prize of \$2.50. I believe the next Bingo Night will be on April 20th at the Fire Station. The Memorial Building is "busy" on that date so we will move across the street to the Fire Station. Mark the calendar now so you won't miss the next Bingo Night.

The mixed foursome was called off Sunday due to the high wind, so we will try again this Sunday afternoon at 1:30—March 31st—at the golf course—men and women players are needed. Once again, weather permitting, Let's Play Golf!

Due to the bad weather there has been little activity at the golf course—with the exception of

Ladies, don't forget the regular weekly play on Thursday at 1:00 p.m. The Association play is on Point System. You receive 1 point for a bogey, 2 for par, 3 for a birdie and 10 for an eagle. We have not been racking up many points, but maybe if this sunshine holds, our game will improve.

The dues for family membership are forty (\$40.00) dollars per year. You may mail your remittance to El Dorado Golf Club, % Ernestine Hext, Eldorado, Texas, or hand it to Ralph Waldron, president, or Ernestine Hext, secretary-treasurer.

We are hopeful that the three new holes will be ready to play on this year. We are planning to have bingo once each month; putting tournaments on the putting green one night each month (or possibly more often if interest demands); tournaments for both men and women; Mixed foursome for both men and women once each month and a

He and She tournament this summer.

We appreciate your support of this worthwhile community golf facility and hope that you will use the course frequently this year.

Membership cards will be issued this year so please notify us of the members of your family that will need a card.

COUNTY AGENT'S COLUMN
by Tiny Godwin
Schleicher County Agricultural Agent

Many people have asked about the chemical composition of mesquite seed and from a recent release from Texas A&M University here are their findings.

The mesquite bean is 41.9% crude protein, .53% phosphorus, .48% potassium and .06% calcium. The bean and the pod are 11.0% crude protein, .10% phosphorus, .66% potassium and 0.8% calcium.

The mesquite pod alone has 7.6% crude protein, .09% phosphorus, .30% potassium and .08% calcium.

Mesquite beans would make fair livestock feed, but it must be remembered that it takes a lot of beans to make a pound of feed. Also mesquite does not make a bean crop every year and uses large amounts of water. If this water were used to grow grass, up to four times more feed would be available.

Listen more than you talk, and see how much better you feel after almost any meeting or gathering.

It may be possible to grow a cheaper supply of pulp for making paper and paper products and give Schleicher county farmers another money making crop.

Kenaf, an annual crop which grows as tall as 15 feet and will provide paper manufacturers with a high quality pulp, is much cheaper to harvest and produce than pulpwood from cultivated forests.

The crop is well suited to Texas climate and Dr. Whiteley says that it will grow just about anywhere that cotton is grown. It will grow in deep sand or in clay and under dryland conditions or irrigation.

Planting is usually after the threat of late frost is no longer a danger. It is usually planted in rather narrow rows from 12 to 30 inches, with 20-inch rows being preferred. It is usually ready for harvest about 110 days after planting; however, many growers prefer to harvest after a killing frost or freeze.

Very little labor is necessary to produce kenaf. After two months the plants will reach heights of 4 to 6 feet and few weeds can compete with the crop for light and space in the narrow rows. Treatment for nematodes may be necessary, especially under irrigation.

Harvesting is accomplished with an ensilage chopper set to cut the stalks in lengths from 1/2 to 3 inches. Paper mill preference for the size desired will vary.

Kenaf will average from 5 to 10 tons of oven dry material per acre and will return to the farmer as much as \$15 to \$20 per ton.

One of the major problems to be overcome is that of transportation to paper mills. It is hoped that someday the mills may accept the kenaf pulp to the extent that they will begin moving to the areas of highest production to cut down on this cost.

Be too lazy to frown, fidget, and worry.

Five points to remember in order to have one of the most attractive gardens in your area:

1. Soil Preparation. Garden soil needs to be loose and friable, to prevent crusting during dry spells. Dig up the soil and work in plenty of sphagnum peat moss—apply a layer of three to four inches over the bed and work in to a depth of six to eight inches. This improves both heavy clay soils and light sandy soils.

2. Fertilizer. When preparing the flower bed, mix two to three lbs. of complete fertilizer per 100 sq. ft. of area. Use a fertilizer with an analysis of 8-8 or similar type. Light monthly applications of fertilizer throughout the summer will insure large plants with ample flowers. Water thoroughly after each application of fertilizer.

3. Water. Young plants should be thoroughly watered in at time of transplanting. Water plants regularly except during rainy periods. A thorough soaking once every 5 to 7 days as needed is better than a light application every day.

4. Use Good Plants. Newer and better varieties are being developed each year. Many of the new hybrids will give you more flowers and brighter color throughout the season. They are no more work to plant and care for than the older varieties. Don't attempt to save seed from the new hybrid lines, as the results will usually be disappointing.

Don't bother to quarrel over small things—like a game.

The number of cattle that have received back tags at market terminals and slaughtered to February 28, 1968 has been 753 under the brucellosis program of producers automatically recertifying. This is the total for 1967 plus the first two months of 1968.

There were 751 that were negative; two were reactors.

Let us hope that we can continue with 15% yearly for automatic recertification in 1969.

On Making Hay. The two secrets for making good quality hay are fertilizing for rapid growth and harvesting before the plants reach maturity. A soil test should be the starting point. Because of the adequate soil moisture, opportunities for efficiently using fertilizer are very good.

Let the other fellow think he's right when it doesn't really matter.

The Apostolic ladies are at it again, this time making patties one day a week. They are paying for the Sunday School bus they purchased last week.

40th Anniversary Ladies Night Set Tuesday In Sonora For Lions Clubs

A large delegation of Eldorado Lions Club members and their wives are expected to go to Sonora Tuesday night, April 2nd, for a joint 40th anniversary ladies night at the Sonora 4-H Center. Both clubs were chartered in May of 1928.

Two charter members of the Eldorado Lions Club who have remained members through the intervening years will be given special recognition. They are Don McCormick and Ernest Hill.

Mr. McCormick will receive his award in person, and because Mr. Hill is an invalid in the Sonora hospital, Mrs. Hill will receive his award for him. Mr. Hill served as Governor of the old District 2A during the World War II period.

Norm Rousselot is presently head of the Sonora Lions Club and has had general charge of arrangements for the joint ladies night.

Guest speaker for the dinner will be Herb Petry of Carrizo Springs. Petry is a past president of Lions International, an attorney, and is currently a member of the Texas Highway Commission.

Thomas Edison: "There is far more opportunity than there is ability. Education isn't play, it is hard, hard work but it can be made interesting."

This most appropriately introduced Mrs. Hartgraves. She invited the Good Citizens together with their mothers to come forward to receive the Pins and DAR certificates. The mothers pinned the Good Citizen pins on the daughters: Alice Hull, Mrs. Harvey Hull, Junction; Janie Evridge, Mrs. Tom Evridge, Big Lake; Vicki Hodges, Mrs. Frank Hodges, Sonora; Sherlyn Wood, Mrs. Roxford Wool, Mertzon; Billie Gayl Blaylock, Mrs. B. F. Blaylock, Eldorado.

Proudly and enthusiastically Mrs. Hartgraves led the audience to expect a most outstanding lecture on the subject, "Citizenship," by Rev. Kenneth Vaughan. It inspired everyone.

When the program was completed, Mrs. Goens invited everyone to stay for tea with the hostesses, Mrs. Elizabeth Rae Powell, second vice regent and her social committee Mrs. Mary Davis Coupe and Mrs. J. B. Montgomery.

The regents' table and the tea table were both beautifully decorated with the National colors, using gorgeous Colorado white and red carnations accented with red, white, and blue ribbons.

To the following guests Mrs. Goens served delicious punch, cookies, nuts, and mints: Mrs. Frank Rembold, Junction; Maxine Davis, Linda McBride, Sonora; Mrs. E. L. Dyer, Mrs. Fred Chandler, Mrs. Eldred Roach, Ozona; Mrs. Bob Sykes, Mrs. H. G. (Buddy) White, Mrs. E. C. Peters, Rev. Kenneth Vaughan, Eldorado; and also the members not heretofore mentioned, Mmes. Del Rioans Manage Campaign in Area For Don Yarborough

Austin, Tex.—Dr. Calderon and Mike Gonzales, both of Del Rio, have accepted co-managerships of the Don Yarborough for Governor campaign for the Winter Garden Triangle area.

In a joint statement, they said they accepted the joint chairmanships because they felt that only

Yarborough's program of "Let's Show the Way" is the answer to the problems the state faces today.

Yarborough, speaking at his campaign headquarters at 412 W. 17th Street in Austin, said he was grateful to have campaign supporters and chairmen like Dr. Calderon and Mike Gonzales and he was confident that a majority of Texans would agree with his programs to bring an acceptance of new ideas to Texas.

The newly appointed co-chairmen said they know the voters

of these counties would agree with Yarborough that "the old approaches to state government are gathering dust and only Yarborough can provide the leadership the state needs for an imaginative breakthrough in dealing with our problems and building a better state for all Texans."

Dr. Calderon and Mike Gonzales will manage Yarborough's campaign in Crockett, Schleicher, Menard, Sutton, Edwards, Kinney, Uvalde, Medina, Maverick, Zavala, Frio, and Dimmitt counties.

Active Campaign On For Uvaldean

DOLPH BRISCOE Uvalde, Texas.—Hard work and Dolph Briscoe go hand-in-hand. Work is the name of the game so far as this prominent Texas businessman-rancher is concerned because he has built his fame and reputation on just that. Briscoe, of Uvalde, who is a candidate for the Texas governorship.

is famous in the Lone Star state's farming and ranching circles for taking on tough jobs for no pay and coming up with the tough jobs well done.

Briscoe, who would be the first to deny that he is a miracle man, has the happy faculty for "coming up with a miracle," fellow Uvalde citizens and friends are fond of saying.

"He can make it do everything but rain on command," says one, "and sometimes I'd be willing to swear he can do that, too, if he puts his mind to it."

Briscoe's formula is simple: "Progress" in his mind is the keynote and action is his byword.

The gubernatorial candidate's qualifications and accomplishments are almost too numerous to mention.

He is a banker, businessman, civic leader and a former state legislator. He is married to the former Janey Slaughter, of Austin, and has three children, Janie, 17, Chip, 15, and Cele, 11.

The tall, distinguished-looking Texan looks upon his campaign to eradicate the screwworm in Texas as one of the landmarks of his career.

Several years ago, when many people, including some scientists felt the screwworm pest would never be conquered in the Lone Star State, Briscoe never lost heart or faith.

He worked hard for the success of the program, and in the process, he was instrumental in saving stockmen tens of millions of dollars.

Briscoe is past president of the Texas and Northwestern Cattle Raisers' Association, has served as a director of the Texas Sheep and Goat Raisers' Association, and has also served on the Texas Beef Council, the National Agriculture Research Advisory Committee of the U. S. Department of Agriculture.

Eldo. Wins Dist. 8-A Literary Meet

Eldorado for the second consecutive year and for 10 out of the last 11 years won district in the literary contest. This year the contest was held in Iraan, Sonora, and Eldorado.

The march to victory began on March 18, 1968, when the debate team of Mickey Pennington and Keith Williams won first in debate and Kathy Robinson won first in Ready Writing. These contests were held in Sonora and gained 35 points for Eldorado. The next night at Eldorado, Eldorado won first place with their One-Act Play. The characters in the play were Mickey Pennington, Rusty Meador, Susan Mobley, and Susan Hill. Rusty Meador was selected as the best actor, and Susan Hill and Mickey Pennington were selected to the all-star cast. In this contest Sonora came in second and Rankin was third.

On Saturday, March 23rd, 31 contestants from Eldorado went to Iraan to compete in the rest of the literary meet. At this portion of the meet, Eldorado won five firsts, three seconds, and three thirds. The firsts included Kathy Robinson, Girl's Persuasive Speaking; Susan Hill, Girl's Prose Reading, and Slide Rule; Rusty Meador, Boy's Prose Reading; and Jimmy Martin, Number Sense. The seconds included Billie Gayl Blaylock, Girls Informative Speaking; Kathy Robinson, Number Sense; and Charlie Adams, Boys Informative Speaking. The thirds included Susan Hill, Shorthand; Mona Wagoner, Slide Rule; and Susan Hill and Billie Gayl Blaylock, Spelling. The total effort of these students and their point total at Iraan was 99 points. Add the 35 points at Sonora for Debate and Ready Writing and Eldorado ended up with a total of 134 points. Eldorado was first with 134 points, followed by Rankin with 104 points, and Sonora was third with 42 points.

All students that participated in the literary meet helped to win the district trophy that is in the showcase by the home ec. room.

Some real good examples of the diversity of talents of the students that participated in this meet are Susan Hill, Kathy Robinson, Rusty Meador, and Mickey Pennington. Susan won firsts in Girls Prose Reading and Slide Rule. She also won thirds in Spelling and Shorthand. In addition to these accomplishments, she was also selected to the all-star cast of the One-Act Play. Kathy won firsts in Ready Writing and Girls Persuasive Speaking. She also won second in Number Sense. Rusty won first in Boys Prose Reading and was the best actor in the District One Act Play contest. Mickey won first in Debate, fourth in Science, and was on the All-star cast of the One-Act Play.

The Junior high literary meet was held at the same time as the high school meet, and the junior high scored 30 points. These included a first in Ready Writing and a third in junior declamation for Jean Rountree. Jenny Sue Martin and Marion Bland won third in Spelling. Patti Ison also won a third in Number Sense.

The following people will be going to Regional on the week end of April 20th to try and continue Eldorado's winning ways: Mickey Pennington, Keith Williams, Rusty Meador, Susan Hill, Susan Mobley, Kathy Robinson, and Jimmy Martin. We wish all these people good luck and know they will continue their winning ways.

Firemen's Auxiliary Holds Installation

The Eldorado Firemen's Auxiliary held their 1968 Installation of Officers Monday night, March 25 at 7:30 in the Eldorado Fire Hall. Pres. Mrs. Bob Joyce called the meeting to order. Presentation of the colors was made by James Holley and Mark Bland. Mark Calk and Jerry Childers led the Pledge of Allegiance to the Flag. These Boy Scouts are working on their God and Country Awards, which is a most highly respected award in Scouts, The Scouts and their Scoutmaster, Jim Holley, were then introduced by Pres. Mrs. Bob Joyce. Response was given by Fire Chief of the Eldorado Fire Dept., Lum Davis.

Introduction of the distinguished honorary guest, Mrs. Elmer Zipp, 3rd vice-pres. of the State Firemen's and Fire Marshals Assn., of Texas, was given by past president Mrs. Palmer West.

Mrs. Zipp called upon L. D. Mund, sec.-treas., of the Fire Dept., to read the list of officers to be installed. Rev. Toney McMillan, chaplain of the Fire Dept., was asked to give the religious part of the installation.

R. A. Haynes, pres. of the Fire Dept., presented the newly elected officers before Mrs. Zipp, where she had them repeat after her the formal oath of office. They were then seated. R. A. Haynes, pres., then escorted each officer individually to the table; Mrs. Zipp then read each officer her duties as she

was presented. As part of the installation each officer placed an individual flower in the ladder of the center piece which was to represent her term of office. Mrs. Lum Davis, Rep.-Hist., then presented each lady with a corsage made by Mrs. Zipp. Officers installed were in this order: Mrs. Bill Hubble, v-pres. & parl.; Mrs. Bob Joyce, chaplain; Mrs. Jimmy Doyle, sec.-treas.; Mrs. Jimmie Harris, rep.-hist.; and Mrs. Delwood Blair, president; she was also presented a gavel by Mrs. Zipp.

Mrs. Zipp then recognized the outgoing officers, who were headed by Mrs. Bob Joyce as president. Past presidents recognized were Mrs. Bob Joyce, Mrs. Bill Hubble, Mrs. Lum Davis and Mrs. Palmer West.

The Ladies Racing Team was also recognized; they were Mrs. Bill Hubble, team capt.; Mrs. Alan Sides, sec.-treas.; Mrs. Bob Joyce, Mrs. Lum Davis, Mrs. Jimmie Harris, Mrs. Delwood Blair, Mrs. Bud Haynes, Mrs. Palmer West, Mrs. Jimmy Doyle, Mrs. Ben Fatheree, Mrs. E. D. Clark and Mrs. C. J. Niblett. Benediction was given by Mrs. Bob Joyce, chaplain of the Auxiliary. She then presented a gift, made by Mrs. Joyce, to Mrs. Zipp from the Auxiliary to show their deep appreciation to her.

Films were then shown by R. A. Haynes of the races of the past Hill Country Association Conventions.

Social hour was then held. Mrs. E. D. Clark and Mrs. Ben Fatheree were in charge of the refreshments and Mrs. Bob Joyce served the punch.

The theme of the installation was carried out with the colors red and white. The main center piece was a red fire truck decorated in greenery, which represented the Auxiliary, and red and white flowers. A red Bible was placed at one end of the table and a red fire plug was placed at the opposite end.

Out of town guests included Honorary Chief Cashes W. Taylor and Mrs. Taylor of the Sonora Fire Department, and Fire Chief Elmer Zipp and Mrs. Zipp of New Braunfels. —Rep.

STATE CAP — Austin, Tex.—First flurries of activity on the 1968 presidential campaign front remind that it is going to be a long, long political year.

Entry of Sen. Robert Kennedy into the contest for the Democratic nomination set off more speculation than action.

Less than a week after Kennedy's announcement, however, a Beaumont college teacher announced he had accepted an invitation from the senator's office to head up his drive in Texas. Ron Platt, chairman of the small group known as Texas Liberal Democrats and a Lamar Tech assistant professor, said the Texas Committee for Kennedy soon will open an Austin office.

Dissenting Democrats of Texas reaffirmed its support of Sen. Eugene McCarthy for president despite Kennedy's emergence. Co-Chairman Allford said DDT welcomes efforts of the Kennedy backers and expects help from them in some areas in opposing President Johnson. DDT claims a force of about 3,000 working to organize precinct conventions for McCarthy.

On the opposite end of the political stage, supporters of former Alabama Gov. George Wallace held their state convention here and kicked off their drive for 14,259 signatures to petitions. Petitions are necessary to get Wallace's name on the November ballot as presidential candidate of the new American Party headed in Texas by former State Sen. Weaver Moore of Houston. Signers must not participate in Democratic or Republican primaries or conventions.

State Democratic Committee, meanwhile, has emphasized its support of President Johnson. Gov. John Connally has announced he intends to head a Texas delegation to the national convention committed to the president's re-nomination.

To date, there is little evidence of any major effort to take the Texas Democratic conventions away from Johnson.

Texas Republicans, already leaning toward Richard Nixon, were left one less choice when Gov. Nelson Rockefeller announced he would not campaign for the nomination.

Attorney General Speaks
Atty. Gen. Crawford Martin said

SCRATCH PADS—Odd sizes and colors, 40c pound, mix or match. —Success Office.

State Liquor Control Board records and orders should not be made available for public inspection except as the result of legal proceedings. Apparently, he classes hearings before LCB administrator on violation allegations as legal proceedings.

In other new opinions, Martin concluded that:

—Abolished "city" of La Grulla in Starr county can hold a new incorporation election in less than a year from the date its abolition was resolved in court (last November 15).

—A school district that had issued no unlimited tax bonds can revert to limited tax status under a different statute and issue bonds subject to voter approval.

Appointments

Former Atty. Gen. Will Wilson of Austin and Baylor University President Abner McCall were named co-chairmen of the Anti-Crime Council of Texas (ACT). Council has at its initial goal defeat of the May 4 referendum on pari-mutuel betting.

State Bar headquarters announced R. Glenn Jarvis of McAllen and George H. Nelson of Lubbock have been nominated for president-elect of the state Junior Bar. George F. Christie of Fort Worth and James Greenwood of Houston are vice presidential nominees; and Jack Norwood, Tyler, and Robert R. Sanders of Amarillo nominees for secretary-treasurer.

Carl F. Wheeler Jr. of Austin is the new president of the Texas Elementary Principals and Supervisors Association. Warren W. Green of Tyler is president-elect, Robert L. Holden of San Angelo first vice president, William C. Harter of Canyon, second vice president and Mrs. Shirley Hale of Houston, 3rd vice president.

More Park Aid Offered-Sought

Action to protect historic San Jacinto State Park from erosion and flood has been asked by Attorney General Martin.

He suggests moving De Zavala Cemetery, which floods at high tide, and an appropriation to Parks and Wildlife Department to protect the rest of the park.

A \$39,915 federal grant has been approved for development of outdoor recreation facilities at 3,840-acre Monahans Sandhills State Park in Ward and Winkler counties.

Another \$11,450 federal grant will go to 332-acre Big Spring State Recreation Park, two miles south of Big Spring.

State matching funds will double project financing at both Sandhills and Big Spring facilities.

Draft Call Up

State draft boards must furnish 2,378 men in April and, for the first time in two years, part of the group will go into the U. S. Marine Corps.

Figure compares with the quota of 1,947 for the Army in March and is the largest monthly call for draft boards since October, 1966, when Texas' share was 2,845.

Local boards will send 8,500 men to armed forces examining and entrance stations in April for pre-induction physical and mental examinations in preparation to fill future quotas. March total was 7,200.

April induction and pre-induction quotas were mailed to local boards by state Selective Service headquarters in mid-March. National quota for April is 48,000, of which Army will get 44,000 and Marines 4,000. Draftees are in 19-25 age bracket.

Traffic Deaths Decrease

Traffic deaths in Texas last year totaled 3,367, according to latest Department of Public Safety tabulations.

This was a decrease of 1.15% (first in seven years) from 1966 when a record 3,406 fatalities from auto accidents were recorded.

DPS noted that there was a 5% increase in vehicle miles traveled in the state last year, for a death ratio of 5.8 persons killed for each 100,000,000 miles of travel. This is a decrease in death rate from 6.2 in 1966.

Total of 385,268 traffic accidents were reported in the state during 1967, with economic loss estimated at \$793 million and 205,000 injuries.

Nurses Recruited

State Board of Nurse Examiners registered 1,741 more nurses in 1967 than the 36,862 in 1966, and most of the new ones came from out of state.

Of all the new nurses, 1,494 moved to Texas from other states. Texas lost only 778 to other states. Also, 821 new RNs were registered after graduation from nursing school.

Recruitment programs by the Texas Hospital Association and the Health Careers Program were given much of the credit for the increased number of nurses. "And then a lot of people just like to move to Texas," an official said.

Mixed Drink Debate Shaping Up

One of the great debates of the season seems to be over the method of legalizing sale of liquor-by-drink.

argues no constitutional bill can be written on the subject, and that an amendment to the state constitution's "open saloon" ban is necessary to legalize mixed drinks. Eugene Locke is campaigning heavily for local option mixed drinks bill, as has Governor Connally.

Attorney General Martin, called on for advice by the House committee studying liquor laws, sidestepped the issue. He sent the committee the 29-year-old opinions of former Atty. Gen. Gerald Mann that the legislature in defining "open saloons" acted "in obedience to command of the people." While acknowledging the legislature can change laws, Martin suggested that courts, not the attorney general, must test constitutionality of the new "open saloon" definition.

House committee, which is compiling a report for the special session this year, was advised that the Liquor Control Board should be "more forthright" to regain confidence of public.

Chicken Feed

Kentucky Fried Chicken Company, of Colonel Sanders fame, has gone to court in Travis county to attack the state comptroller's classifying its establishment as "stores" rather than "restaurants."

Stores pay a higher license fee than restaurants, so K.F.C. is suing to recover \$1490 it paid under protest for its 17 establishments in Texas. K.F.C. says it should have been required to pay only \$146.

The 98th District Court of Travis county has not set the suit for trial.

Eaglettes Continue To Get Honors

The Eaglettes continued their domination of girls basketball in this area as the East Zone 8-A All District team was named Tuesday of last week.

Coach Bell reported that five starting Seniors were all given a well earned spot on the team while Menard named two, Connie McHorse and Felicia Armstrong.

The forward positions were held by Susan Mobley, who scored 97 points in district play and had 26 rebounds. She was named to All Tournament at Hardin Simmons. Libby Preston was Eldorado's threat under the basket and leading scorer for the season. She was All Tournament at Eden and All Region. Susan Hill was the third forward and was second in district scoring with 82 points. She was the Free Throw Champion of the Eldorado Tournament. Libby and Susan Hill were All District last year.

The guard spots were filled by Chris Edmiston for the third year after she was honorable mention as a freshman. She was the leading rebounder in district with 61. Chris was All Tourney at Eden, Outstanding Player at Hardin-Simmons and All Region. Sherry Yates was also named for the 3rd straight year. She was All Tournament at Hardin-Simmons and the Outstanding Guard at Eldorado.

These five led their team all season and this District honor is a fitting climax.

New Records For Eldo. Girls 1967-68

There are 18 individual records in Eaglette Basketball plus three team marks and of these four individual and two team were set this season.

This year Libby Preston pulled in 24 rebounds, the most for a forward in a single game and she netted 275 for the season which is a record. Chris Edmiston had 1186 for four years which is a defensive rebound record.

The team hit 88 points in a game breaking the old mark of 81 and they hit 1991 points for the season breaking the old record of 1606.

Growers Agree On Cotton Proposals

Directors of the Rolling Plains Cotton Growers, Inc., had agreed on cotton legislation proposals almost identical to ones adopted two weeks ago by the legislative committee of the recently organized Texas Association of Cotton Producers Organization, Charles G. Bragg, executive vice president of RPCG said Friday.

The 16 legislative proposals were adopted by the state-wide producer organization in a meeting March 14 at Dallas, attended by Bragg, RPCG president J. B. Cooper, Jr., and Charles Stenholm, former executive of RPCG. The proposals include:

Any extension of present cotton legislation must be designed to improve the current level of producers' income.

Extension of Food and Agriculture Act of 1965 for a minimum of four years with specified modifications.

These modifications, Bragg pointed out, include a program designed for domestic and export consumption that will lead to a return to profitable cotton production from the present legal minimum 16-million-acre national allotment.

Retention of provisions which provide protection against imposition of limitations on individual program benefits.

Also, directors favor continuation of skip-row rules for measuring cotton acreage; extension of authority to transfer cotton allotments by sale or lease, with removal of the 100-acre-farm limit.

Mrs. E. H. Nixon Jr. gave a birthday party for her son, Mickey, on his 6th birthday Saturday in the Corral. Cakes and punch were served to the guests, and jacks and marbles were given as favors.

Easter Seal Drive Reported Going Well

Schleicher County's Easter Seal Representative reported today that the 1968 Easter Seal Appeal of the Easter Seal Society for Crippled Children and Adults of Texas is going well. Mr. Jo Ed Hill serves as Easter Seal Appeal Treasurer for Schleicher County.

The 1968 Easter Seal Appeal will finance the Easter Seal Society's rehabilitation program for children and adults in Texas. Last year the Society helped 17,622 disabled persons through its program of assistance in finding and making effective use of services for the disabled and their families.

The Easter Seal Society helps support 21 treatment facilities in Texas where children and adults are treated regardless of ability to pay. These centers offer physical

therapy, medical diagnosis, speech and hearing programs and related services to help the disabled build happier and more useful lives.

An Easter Seal Representative, Mr. Hill is the person to contact for services from the Easter Seal Society. He can be contacted at the First National Bank here in Eldorado.

When contacted for services, Mr. Hill will request the Easter Seal Society to investigate the needs of the disabled person and will ask that the Society advise the handicapped person of the best resources available to help him.

Mr. Hill added that additional contributions to the Easter Seal Appeal should be sent him as soon as possible, as the 1968 Appeal ends Easter Sunday, April 14.

Mr. and Mrs. Jerry Jones had Mr. and Mrs. Douglas Dixon and daughters Patty and Janet from Rocksprings, as their guests over the week end.
