ELDORADO—SCHLEICHER COUNTY, TEXAS, (76936)

Thursday, April 4, 1968

Number 14

HO-HUM—

3 Local Elections Set For Saturday

Three local elections will be held in Eldorado Saturday and while there is no contest in any one of them, it is hoped that a fair representation of voters will turn out to cast their ballots.

There will be three voting places, three sets of ballots and three sets of election judges. Voting hours will be the same for all three—polls open at 8:00 a.m., and close at 7:00 p.m.

City Election

Three aldermen, Ralph Waldron, Bud Davidson and Alvin Farris, are candidates for re-election, without opposition.

Voting place will be at the City fire hall. Mrs. John Gilmore and Mrs. Ruth Finnigan will be election judges.

Hospital Directors

When the hospital district was established last May, county commissioners appointed these seven men as the first hospital directors: Carroll Ratliff, Ronnie Mittel, Elton McGinnes, Bill Watson, Ed Meador, Oran Enochs and Peyton Cain.

All seven are candidates for re-election in a county wide vote Saturday, without opposition. Balloting will take place at the Memorial Building and the election judge will be T. R. Spence.

School Trustee

Robert Bland and Ed Meador will be on the ballot unopposed for election as school trustee when the election is held on April 6th.

Bland, who was appointed to fill out Bill Lester's unexpired term, filed for re-election. The other incumbent, Fred Case, did not seek re-election.

Three candidates for the County Board will also be on the ballot: W. V. Lux, Tony Cheatham, and Jim Cawley.

This county-wide election will be held at the school house. Judges will be Bob McWhorter, Jimmie McCormick and Mrs. Bob Faight.

All-Sports Banquet Set For Monday

The All-Sports Banquet will be held Monday night in the Memorial Building, and tickets are still being sold by the lettermen, E-Club members, and GAA members of the local school.

Tickets are \$2.00 each. Coach Ray Morgan reports arrangements are about complete and urges the public to buy tickets and attend.

Grand Jury Met Monday

The Grand Jury met here this past Monday.

Those summoned were: Thomas Baker, Peyton Cain, Howard Derrick, Jack Elder, Mrs. R. A. Evans, Lynn Griffin, Mrs. Granvil Hext, Robert L. McWhorter, Mrs. J. H. Mace, L. D. Mund, Earl Dean Clark, Lum Davis, Mrs. Kenneth Doyle, Mrs. Jack Etheredge, E. L. Finley, and Mrs. E. C. Peters.

EASTER PAPER NEXT WEEK

In next week's Success we will carry some Easter greeting ads and other items relating to the season.

We would like to have the Easter plans of as many churches as possible. Church pastors and their reporters are invited to turn in news of their plans for Holy Week and Easter Sunday.

The Ministerial Alliance will conduct an interdenominational service the night of Good Friday in the Presbyterian church.

News of the Sick

Mrs. Tucker Clark reports that her father, Calvin Webb, was moved from Clinic-Hospital last week to the Park Plaza nursing home in San Angelo.

Mrs. D. G. Salter underwent surgery last week in a San Angelo hospital, and was brought home Saturday. She continued convalescence at home this week.

Ralph Waldron has been a patient in Clinic-Hospital.

—Receipt Books at The Success.

Good Friday Service Set For April 12

The Ministerial Alliance of Eldorado will sponsor a Good Friday service at 7:00 p.m. on April 12 in the Presbyterian church, with members of the Alliance participating. The Rev. Toney McMillan is pastor of the host church.

The Rev. Kenneth Vaughan of First Baptist church will give the sermon. Rusty Meador will be pianist and Mrs. James Page will be organist. A nursery will be provided.

Mrs. Bob McWhorter will direct a Community Choir in one special selection. The choir met last Sunday night to rehearse and will rehearse again this coming Sunday afternoon at 4:00 in the Presbyterian church.

Any other singers who wish to help are invited to come to the rehearsal at that time.

Spring Concert Set By Band Tonight

WAYNE McDONALD

Under the able direction of Bandmaster Wayne McDonald, the Eldorado Eagle Band will put on their Spring Concert tonight, Thursday, at 7:30 in the school auditorium.

Tickets have been sold this past week by the band members. They are \$1 for adults and 50¢ for students. Proceeds will go into the fund for new uniforms. If you have not already done so, get your tickets from any band member and attend the concert. Tickets may also be bought at the door.

A varied program of music is promised. The program is given on page 7 of this Success issue.

Lots Are Weedier Than In Many Years

Following the very wet winter season and heavy rains of recent months, lots over town are beginning to grow weeds and in many places are already knee high. Later in the year when the weeds dry out, they will present a fire hazard and in the meantime they will harbor mosquitoes.

Lot owners are urged to make some effort to clean off their vacant lots and premises and try to keep them clean.

If weeds are kept down, the town will present a neater appearance to people passing through.

Queen's Race Starts Fund For Band Trip

Raymond Hall, secretary-treasurer of the Lions Club, reported at noon Tuesday that a preliminary audit of the recent Queen's Contest showed that \$344 had been netted for the fund to send the Eagle Band to Dallas on June 26th to march in the parade at the Lions International Convention.

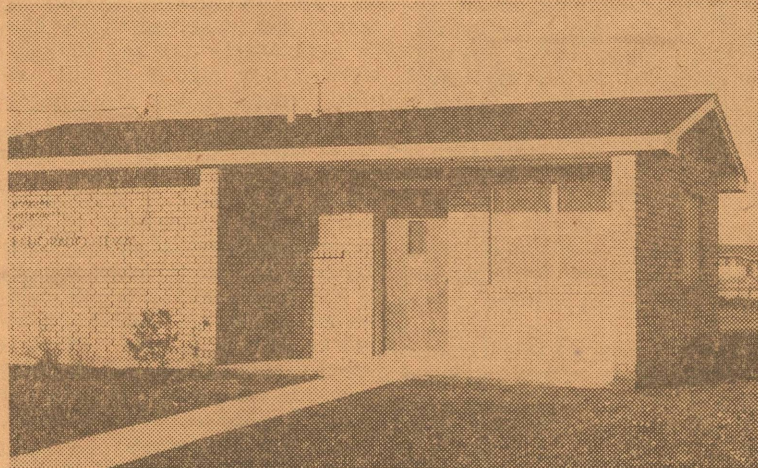

Report showed:
Gross receipts\$473.50
Less expenses 129.49
Leaving\$344.01
Lion Secretary Hall said that there were some Lions Club members who have yet to turn in their tickets and money collected, and urged them to do so as soon as possible.

Absentee voting starts April 15th for the First Democratic Primary, and continues through the 30th.

Chickenpox is reported prevalent here; several children have it over town.

SALES PADS for sale at the Success office.

Post Script

Office Bldg—Public Housing Auth.

Now that the Housing Authority of the City of Eldorado has been in operation for nearly a month, we believe that a report from the executive director, Mrs. Donnie Gilmore would be of interest to our readers.

To begin with, the director's office is located in a neat new brick building on East street. It is the first building you come to when approaching from the south (from Joe's Courts).

A new telephone has recently been installed in the office and the phone number is 853-2989. As a general practice, Mrs. Gilmore observes office hours there from Monday through Friday from 10:00 a.m. until noon, and requests that those having business with the Authority to see her there during those hours on those five days.

She explained, however, that she still has vacancies in the regular units, and that she will be glad to show them to prospective renters at any time.

The first five days of each month is rent-paying time, and in order to be available to renters she will be at the office from 8:00 a.m. until noon, and from 1:00 to 5:00 p.m., during those first days each month.

Roads and streets in the area, while newly graded, still have not been caliche or paved, and in wet weather they still provide a driving problem.

But the Housing Authority definitely is in business and it appears to be making a good start.

—ps—

In each of the three local elections Saturday there is no competition, but we have a special situation in the re-election of the 7 hospital directors. This is their first election and the law requires that the four receiving the highest vote will be elected for two years and the other three will be elected for one year. Thereafter terms for the two years will be staggered.

Like the school trustees, the hospital directors are non-paying jobs, and after a man has served a term or two he feels he has given enough of his time and it is time for someone else to take over the job.

If all the voters vote for all seven they would all be tied and there would be no "four-highest." I am aiming to vote for only four in order to set up the first two divisions. If there are three directors who are anxious to be on the one-year term they can let me know and as a favor I'll agree not to vote for them.

Of course I shall expect a little bribe of some sort.

—ps—

"Wet Winter Remembered" was title of the following article by Murray Cox in the Dallas News recently, and applies to farmers everywhere:

"We will be talking about the wet winter of 1967-68 for many years to come. Few farmers can remember being so far behind with field work. Most Blacklands farmers haven't been able to work a field since November. When the sun and wind finally dries the fields, thousands of tractors will be running night and day pulling or pushing plows, planters, fertilizer spreaders and herbicide applicators. In fact, many farmers are working fields that are really too wet already. We hope farmers, everywhere, will be careful of accidents. Do not let fatigue cause you to get careless. Warn children not to go near the busy machinery. Farming is one of the most dangerous occupations, and the next few weeks on the farm will be the most critical!"

I sat there Sunday night and listened to the President's speech on TV.

Lyndon is not a strong orator. Where I expected a fighting speech what I heard seemed more like a pulpit sermon where a preacher calls his congregation to pray and have faith and that peace will eventually be achieved. He said he had already called for a bombing pause over Hanoi and prayed that the North Viets would respond, but I'm afraid Ho Chi Min will pay no attention to it.

The electrifying statement came near the end of his talk when he said he would not seek or accept his party's nomination as President in November's election.

This came as a bombshell to everyone and left commentators like Roger Mudd as puzzled as everyone else.

The President has been under terrific fire from members of his own party for a long time, but Harry Truman said, "If you can't stand the heat get out of the kitchen." When he was having trouble with Congress just before his second election, he went on T-V, cussed Congress out and called them back in special session to pass needed legislation. Guts paid off and he was elected to a first full term.

One local observer came up with this prediction:

He said it was a slick move on Lyndon's part, and that he was laying the groundwork for the Democratic convention to DRAFT him.

Could be.

The only active candidates at present for the Democratic nomination are Robert Kennedy and Eugene McCarthy. The only active Republican candidate at present is Richard Nixon.

It's a little difficult to become very enthusiastic about any of these, but there may be more to come. Don't count out Hubert Humphrey for the Democrats and Ronald Reagan for Republicans.

—ps—

With our subscribers:
Jesse Bosmans transferred at mid term from A&M to San Angelo. Roy S. Boynton reported new address as: 5924 Tranquil Lane, Richmond, Va. 23234.

Jimmy O'Harrow is now doing practice teaching at Central High School in San Angelo, after having attended Tech.

George O. Thoren is a new subscriber at Route 3, Box 95, Lufkin, Texas 75901.

—ps—

People moving:
Jim Davis has moved back into town to Mrs. Jerry Oglesby Boyle's house;

Cecil Pearce has bought the Wilkins house in Glendale;
Bill Collins has moved from the Ramsey house to his own new house in northeast part of town.

—ps—

George Long reported last week that he sold his buildings and extra lot on Main street. L. E. McCalla is the buyer.

Three-Month Rainfall Averages 6.25 Inches

According to figures submitted by Lloyd Johnson of the Soil Conservation Service, average rainfall for March was 2.85 inches, bringing the total for the first three months of this year to 6.25 inches.

January was credited with 2.39 and February 1.01.

Texas Almanacs at Success.

Mrs. J. B. Belk Dies

Mrs. J. B. Belk, 82, of Miles died at 4:45 a.m. Friday, March 22nd at the Colonial Nursing Home after a long illness.

Services were held in Robert Massie Chapel in San Angelo and burial in Eldorado cemetery March 23, 1968. The Rev. Leslie H. Johnson, pastor of Christoval Baptist church, officiated.

A resident of Miles many years and a Methodist, she was married to J. B. Belk Dec. 10, 1905. He died in 1966.

Survivors include two daughters: Mrs. Cornelia Houston, and Mrs. W. M. Hartgrove; one son, H. A. Belk; ten grandchildren and 16 great-grandchildren. One daughter Mrs. Myrtle Shie'd, preceded her in death in 1966.

Pall bearers were six grandsons: Steven Houston, W. M. Hartgrove Jr., H. A. Belk Jr., James F. Belk, Jodie Minnick, James Alexander, and two friends, Arden Poole, and Thaxter Faight.

Hospital Construction Getting Under Way

Rose & Sons of Abilene, successful bidders for construction of the Eldorado hospital, last week put a foreman's dog house on location, and had men here running lines for the foundation.

The men didn't get too far along before light showers slowed down operations and damp drizzly weather was the pattern again this week.

Over on the golf course Fred Logan had a crew preparing foundation for the church building which is due to be moved from the hospital site.

When fair weather days come local residents will be interested in watching the work as it progresses.

Hospital Board In Meeting Monday

Hospital board of directors met in regular meeting Monday night and while this observer was unable to come away with any startling headlines, the session was very productive.

Having brought the project along in the past ten months where it is now in the hands of the construction contractor, directors now are in a position to make detailed plans for its equipment and operation.

Board met at 7:00 p.m., and a number of bills were approved and ordered paid. They discussed the relative merits of two bids for office machines and other minor matters. Dr. Brame joined the meeting at 8:00 o'clock and remained until the session closed at 10:00.

Since the doctor moved here with an express understanding with the directors that he would be administrator and operator of the hospital when it is completed, there was some time spent in detailing his responsibilities and the board responsibilities once the institution is in operation.

In the round table discussion the doctor's advice and opinion was called for many times. A communication system throughout the hospital has still not been contracted for. Asked how many telephone outlets would be required, he gave 23 as his estimate. How many people will be employed in the hospital He figured 28 or 30. And he added that all but five of these would be skilled. Were there that many skilled people available here? No, we may have to import some unless we can train some already here.

It was a sort of meeting of minds between the doctor and the board and it proved to be harmonious and fruitful.

One Man One Vote Rule To Apply To County Precincts

The United States Supreme Court Monday ruled in favor of a case from Midland county, where Mayor Hank Avery asked that the county commissioner precincts be apportioned on a population basis.

The historic 5-3 decision extends the rule to an estimated 80,000 units of local government throughout the land.

The decision will affect Schleicher county where Precinct One includes the City of Eldorado which has about three-fourths of the county's population.

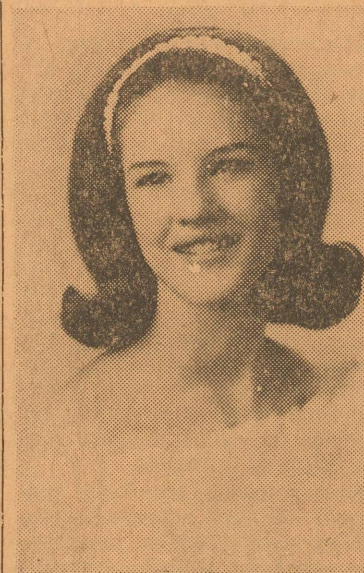

It is already understood that the Commissioners Court will set precinct boundaries in their August meeting, and that each precinct will corner here in town. According to County Judge Ratliff, the changes made in August will become effective next January 1st.

Sister's Funeral Held At Lovington Saturday

Mr. and Mrs. Tucker Clark and family attended funeral services for Ruby G. Hickman, 57, at Lovington, N.M., at 10:30 Saturday, March 30. Mrs. Hickman was a sister of Mrs. Clark.

Mrs. Hickman was the victim of a drowning accident at Parker, Ariz., the previous Tuesday. She is survived by her husband and a son and a daughter. Also surviving are a brother and two sisters as well as her father, Calvin Webb of San Angelo.

Miss Mobley Named Lions Club Queen

SUSAN MOBLEY

At the Lions Club annual Queen's contest and program held last Thursday night in the school auditorium, Miss Susan Mobley was named winner of the event and will serve as Queen of the Eldorado Lions Club for the coming year.

Miss Mobley is the daughter of Mr. and Mrs. Raymon Mobley and is a member of this year's Senior class in EHS. She succeeds Susan Hill who retired after serving as queen for a year.

Miss Mobley and her parents are scheduled to attend the Lions district 2A-1 convention this week end in Brownwood and she will be the Eldorado entrant in the District Queen's Contest to be held Friday night. Other sessions of the convention will continue through Saturday.

The two runner-ups were Vickie Jones and Kay Mann.

A large and appreciative crowd attended the program. Musical entertainment was provided by Rusty Meador, Danny Boyer and Mike Olson.

Firemen Completing First Aid Course

The Eldorado Fire Department members have been taking a First Aid course and Tuesday will complete a refresher course.

R. V. Sheppard has succeeded Raymond Mittel as local reporter for the department, after Mittel moved to Kerrville.

The firemen cited a recent instance where a fire department in High Ridge, Mo., watched an \$18,000 house burn to the ground because the owner had not purchased a \$7 fire protection tag, as being an example of negligence, and that here the department is ready to assist anyone at any time regardless of their personal circumstances.

E-Club To Operate Concession Stand Here This Saturday

Ray Morgan, head coach and athletic director in the local schools, announced that the E-Club members will operate the concession stand Saturday during the District 8-A track meet at Eagle Field.

Proceeds Saturday will be used for the All-Sports Banquet set for Monday night.

Assembly Set for Friday Morning At 10:00

A Southern Assembly will be presented this Friday, April 5, at 10:00 o'clock in the morning.

David S. Williams will present it. The air we breathe becomes a liquid at -313 F. From liquid air we obtain the oxygen used in industry and in the space program. The fascinating process of separating the atmospheric gases is explained and discussed.

Mr. Williams brings a current and timely program using liquid air, which he carries in a large insulated container known as a cryostat. The liquid is pumped into a glass hand flask and is visible to the audience throughout the program. He devotes a portion of his program to the discussion of cryogenics, a new and vital area of science dealing with temperatures below -200 F. He explains and demonstrates the change in the physical properties of common objects when subjected to these low temperatures. Food is frozen instantly and a nail made of rubber is driven into a board with a hammer made of mercury. Experiments demonstrating expansion, pressure and conductivity provide interesting action which can be enjoyed and understood by children in the lower grades as well as by high school students. The audience is not likely to forget the reaction of a gas-filled balloon when subjected to severe temperature changes.

Mr. Williams is a seasoned performer and has presented his program in over 5,000 schools from coast to coast over a period of years.

Cardboard 10c & 20c, Success

COUNTY AGENT'S COLUMN
by *Tiny Godwin*
Schleicher County Agricultural Agent

Ronnie Mittel, ASCS manager, has announced shorn wool payments at the rate of 65.8% of dollar returns each grower received for shorn wool marketed during 1967. Mohair growers will receive 86.8% of returns from mohair. Payment rates of \$1.05 cwt. on unshorn lambs sold or slaughtered during 1967 marketing year was also announced.

Total disbursements will amount to \$520,000. Preparation of a good clip of wool or mohair begins with the breeding program.

Follow a good selective breeding program to produce a good clip. Producers practicing a good preparation for market develops a reputation clip that sells more quickly and many times command premium prices. Because of increased production costs in textile mills and pressure from synthetic and natural fibers produced in foreign countries, proper preparation of local clips becomes more important to local producers.

Guidelines for preparing wool and mohair for market, selective breeding programs for sheep and goats was written in 1967 by your county agent and mailed all producers of sheep and goats in the county. There are still some copies left should you desire or have lost your copies.

Many a man with no family tree has succeeded because he branched out for himself.

With warmer weather comes increased insect problems in the home garden. Knowing which kind of insect is giving you the most trouble can help you plan an effective control for the vegetable pests.

Sucking insects such as aphids, leafhoppers, thrips, psyllids, garden flea-hoppers, and other "bugs" will cause yellowing, stunting, wilting and under severe infestations can cause plants to die. They can inject toxic materials into the plants and transmit diseases. Some excrete honeydew on which sooty mold fungus grows. Diazinon and Malathion are recommended controls for sucking insects.

Chewing insects are easily recognized. They eat holes in leaves, stems and fruits. Beetles, grasshoppers, vegetable weevils, caterpillars, leaf miners, and leaf rollers are the most common pests of this type. Carbaryl, DDT, Diazinon, Malathion, Methoxychlor, and Rotenone are effective controls.

Soil insects are especially harmful to seeds and young plants. Common insects in this group include many kinds of maggots, wireworms, cutworms, white grubs, ants, and cole crickets. Treating the soil about four weeks before planting with 10% dust and either wettable powder or 74% emulsion in water will control most soil insects.

Checking the plants frequently and applying controls as needed give an extra measure of protection against insect damage.

It should be remembered that labels are put on containers of insecticides to be read! Rates, precautions, and compatibility of certain insecticides differ and should be checked each time a control is applied.

All food from the garden should be washed before it is eaten, and insecticides should be kept in a safe place, away from children. Publication L-642, "Insect Control in the Home Garden," is available from the county agent's office.

When you are up to your neck in trouble, try using the part that isn't submerged.

Prevented accidents never show up in the statistics. Anticipate accidents, and think safety for prevention.

Operators who are familiar with machinery often become negligent during a busy season. Follow these safety reminders and make this crop year safe.

—Keep safety shields in place. All hazards are not shielded so keep a safe distance from moving belts and shafts.

—Avoid wearing loose-fitting clothing.

—Stop power take-off driven machines.

—Avoid accumulations of dust and shaff; they are a fire hazard.

—Carry dry-chemical type fire extinguishers on machinery and use spark arresters on all engine exhausts.

—Be sure equipment is properly lighted and marked with reflectors, flags, and Slow Moving Vehicle emblems.

Make safety a habit.

She's the kind of girl who does not care for a man's company unless he owns it.

Ranchers in Schleicher county who have put in submersible pumps in wells to replace the old fashioned windmill may want to build a small stock tank. And to the irrigationist a holding tank is essential especially when small wells are being pumped. Yes, you can prevent seepage by sealing ponds with bentonite.

Then too, many many hours of recreation can be made available for the family and friends by raising fish for the family and market, or what about swimming? Bentonite is a natural clay which swells 10 to 12 times its dry size when wet. When it is mixed with the soil on the bottom or applied in a layer over the porous soil, bentonite forms an impermeable layer that stops seepage.

There are three methods of applying bentonite, the blanket method, mixed blanket method, and the sprinkle method.

The blanket method usually results in the most efficient seepage control, but more care must be given in application than with the other methods. In the blanket method, the top 4 to 6 inches of soil from the lakebed are removed and the surface smoothed with a roller. The area is then covered with a layer of bentonite and the 4 to 6 inches of removed soil is carefully replaced.

After replacing the soil roll or tamp it. If possible, control the flow of water into the lake to avoid damage to the treated area.

The mixed blanket method of application is somewhat less effective than the blanket method, but it is faster. First, all surface rocks should be removed and then the soil plowed or disked about 4 to 6 inches deep and smoothed.

The bentonite can then be disked through the soil layer and the surface rolled or tamped.

The sprinkle method of application involves the scattering of coarse particles of bentonite on the surface of the water. The particles sink to the bottom and swell to stop the seepage. Because uniform application with this method is impossible, this method is the least effective of the three.

For more information and the amount of bentonite needed, contact the county agent's office and ask for L-262.

Don't run for a bargain that takes more out of you than it saves for your pocketbook.

MERRY MAKERS MEET
The Merry Makers "42" Club met with Miss Chris Enochs as hostess in the dining room of the West Texas Cafe last Thursday.

There were three tables of players. Refreshments were pie and coffee. —Rep.

Easter Seal Drive To Be Concluded

"Do you know a handicapped person who needs help and isn't getting it?" is the question being asked by Mr. Jo Ed Hill, who is Schleicher county's Easter Seal Representative and the person to contact for services from the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to help disabled persons and their families to find and make the most effective use of resources which will be helpful to them to developing their abilities and living more purposeful lives, Mr. Hill said.

This is accomplished through direct treatments, services, education, research, and cooperative efforts with all other health agencies, private, state and federal. The Easter Seal Society does not duplicate services, but strives to fill all unmet needs of the disabled, he added.

The Easter Seal Society is carrying out its 39th annual Easter Seal Appeal to finance a program of rehabilitation services for crippled children and adults. The Texas Easter Seal Society helps support 21 treatment facilities where children and adults are treated regardless of ability to pay. Physical therapy and speech and hearing programs are offered to help the disabled make their lives fuller, despite their handicaps.

Mr. Hill urged persons in Schleicher county to increase their support of the Easter Seal Society and its program of services to the crippled children and adults.

He added that anyone who could benefit from rehabilitation services should contact him at First National Bank in Eldorado, Texas to request services from the Easter Seal Society.

Mrs. Larry Krueger Honored At Tech

MRS. LARRY KRUEGER

A January graduate of Tech, she received a B. S. in home economics and now is teaching at Alderson Junior High School in Lubbock. While in Tech, she was a member of the American Home Economics Association, the American Institute of Interior Designers and was named to the Dean's honor roll for scholastic achievement. Among the January graduates of the International Brotherhood of Electrical Workers' Electrical School in Lubbock was Larry Wayne Krueger of Lubbock. Larry was a 1960 graduate of Thrall High School and married the former Barbara Lynn Johnson in March of 1967. He is now employed by Clark Electrical Contractors of Lubbock.

This morning one of my young friends called to ask for a new Home Demonstration Club year book. After her request she said, "It's kind of an unusual story as to what happened to my first book. We were in San Angelo for the Stock Show and Rodeo and our car was broken into and robbed. My purse was among the things taken and my year book was in the purse."

Girls Compete In District

The Eldorado Eaglette tracksters will go to Winters next Wednesday April 10, for the district track meet. Their competition includes Robert Lee, Mertzon, Norton, and Wall and it should be a race between Eldorado and Robert Lee for top honors in B Division. First and second place winners in each event will qualify for regional. Eldorado's entries will go in Friday and will be the best in each event from the 15 girls out for track. The meet will get under way at about 9:30 a.m. Lake View, Winters, and San Angelo Central will compete against one another in the Class A Division.

MRS. MEADOR ON HONOR ROLL
 Mrs. Christy Jean Moore Meador of Eldorado has been named to the Honor Roll at Southern Methodist University. She is a junior in SMU's School of Humanities and Sciences. These scholarship leaders were recognized during SMU's annual Honors Day Convocation March 27.

having a run of mixed luck and that the loss of drivers license papers and pictures would certainly amount to something and that some trouble would be necessary to get those things replaced. "Oh no, that won't happen," was the relieved reply. "They mailed all those things back to me; but they kept my billfold."

"But—they didn't do one thing I wish they had have—they didn't put a return address on the envelope and I would so like to write and thank them for their thoughtfulness and now I'll never know," was the comment from a grateful and thankful heart.

Spiced tea has been a great favorite of many people for a long time but it had one drawback—it was a little difficult to make. Now comes a formula which calls for premixed dry materials with the addition of hot water only to make an instantly delicious drink. It is good hot and equally good iced.

There are several versions of the tea mix and this recipe from Edith Hartgraves is one of the best.

Prepare this mix today, store it and be ready for your non-coffee drinking friends with a simple twist of the wrist—and a lid.

- Spiced Tea**
- 2 cups Tang or other orange-flavored dry mix.
 - 1 cup instant tea.
 - 1 cup powdered lemonade.
 - 2 cups sugar
 - ½ teaspoon cloves.
 - 1 tablespoon cinnamon (or cinnamon bark may be used).
- Two heaping tablespoons makes one cup of tea.
 Put mixture in cup and fill with hot water.

From the U. S. Department of Agriculture comes this most delicious and fairly simple easy to make Easter dinner dessert.

Not long ago someone asked me if I made every dish for which I give a recipe. The fact is, I don't. But I have either made it, have eaten it or like this one, comes from a government test kitchen which is wholly reliable.

But back to this delicious recipe—this is one we won't have to make to prove that it is good. I can taste this one without lifting a spoon.

- Capitalize on the strawberry-and-cream combination with this **Chantilly Angel Cake**
- 1 Angelo Food Cake
 - 1 cup crushed pineapple, drained
 - 12 marshmallows, diced
 - ½ teaspoon vanilla
 - 2 cups whipping cream
 - 1 cup coconut, toasted
 - 1 pint fresh strawberries, diced and sweetened.

Cut the angel food cake into layers. Whip cream quite stiff and fold in pineapple, marshmallows, strawberries and vanilla. Spread bottom half of cake with mixed filling. Cover with top half and spread with remaining mixture over top and sides of cake.

Garnish top and sides with coconut which has been toasted. Chill several hours before serving.

Management is a big word today. Management is a key word and can be used with ease and accuracy whether referring to the home, an institution, a business, time, money or resources. Nearly every one was about all it takes to get along today; it's how we manage our affairs that makes the difference.

Money management in the home has been in front of the thinking of Home Demonstration Club members as they have taken part in business seminars for women during the month of March.

These six offenses were cited as being serious enough to mention. They may be direct or indirect causes of "money troubles" for all too many families.

Any of these situations and practices apply to you?—Spur of the moment buying. Ask these questions: is it needed? is it on my list? will it add to the happiness of the family? Big things and little things are bought on the spur of the moment but unless

these purchases actually mean something, it is money down the well known drain.

—Do you buy because of a mood? Do you buy because the Joneses have bought and you would like to, just for once, keep up? Now keeping up with the Joneses is all right if the Joneses are going to pay your bill.

—Do you buy gadgets? Something which will be junked soon? Sure, it may be just \$3.95 but so is meat, butter, milk and eggs bought in certain quantities.

—Do you pay more than you need to? Do you know that the installment plan can be a burden as well as a blessing? Do you know that 1½% interest per month actually works out to be 18% interest?

—Do you still believe that the consumer gets "something for nothing"? Watch it. That just isn't an economic fact of life. No one yet has made much profit on merchandise that has been consistently given away.

—Is a bit of snobbishness creeping into your buying? Is the label as important as quality? Do you enjoy paying a silly few dollars more?

CARD OF THANKS We wish to thank our many good friends for the beautiful cards, letters, flowers, nice and useful gifts and money sent us while we were hospitalized. Also thanks to the hospital staffs who were always there when we needed them and our new and old Ozona friends who did many useful errands for us; also the pastors of the churches who came to see us daily. Clyde and Ena Calentine *

In Those Days Compiled From Success Files

ONE YEAR AGO April 6, 1967—The Schleicher County Hospital Bill was reported awaiting the Governor's signature, after having passed both houses of the State Legislature.

Mrs. J. C. Whiteley died. She and Mr. Whiteley had observed their 65th wedding anniversary the preceding year.
A daughter was born in the Sonora hospital to Mr. and Mrs. Jim Cranford.

FIVE YEARS AGO April 4, 1963—Jack Halbert and L. D. Mund were re-elected City Aldermen and Eldon Calk was re-elected mayor, as City election was held.

Charles Buie, former Eldorado resident, died in Abilene hospital at the age of 54.
"Sayonara Seniors of '63" was oriental theme of the Junior-Senior banquet. Lynn Meador was president of the Junior class and John McGregor was Senior class president.

Harold Leroy Yarbrough and Barry Wood were being featured in a revival at the First Baptist church.
Clarence and Doretha Fish held open house at their new motel in south Eldorado.

Pirates of Blood River, The Wild and the Innocent, and A Very Private Affair were movies being shown at the Eagle Drive-In.
A son, Andy, was born to Mr. and Mrs. Jack Bell.
Rusty Gibson's new office building was built in south Eldorado.

12 YEARS AGO April 5, 1956—Wm. Cameron & Co. was building a new office in Huldale for American Oil Co.

Mr. and Mrs. Lum Burk left for Perryton to attend funeral services for his brother, Otis Burk.
Mrs. Palmer West was named president of the newly-formed P-TA Council for Schleicher, Sutton and Crockett counties.
Coming up Saturday was a two-fold bond election; \$35,000 for a swimming pool and \$35,000 for an old people's home.
The school trustee election was coming up with Joe Christian, W. C. Lester, Gene Edmiston, and Earl Parker on the ballot.
Letha Ann Parks was honored on her 3rd birthday.
Mrs. Jerome Mitchell died at the age of 45. Funeral was held here.

35 YEARS AGO April 7, 1933—Grandmother McLelland, mother of Mrs. R. A. Evans of this place, fell at the Evans home and broke her leg. She was taken to a San Angelo hospital, and was about 80 years of age.
Dr. Pennington attended the medical association meeting in San Angelo.
In the City election, J. N. Davis was re-elected mayor. Aldermen elected were A. J. Roach, F. M. Bradley, and C. E. Knight. School trustees elected were W. R. Nicks and J. H. Luedeck.
Colorfast house dresses were 49c at City Variety Store, and Leaman's was having a sale which included towels for 5c, prints 8c a yard, and ready made sheets 59c.
Joe Pennington, Harold Isaacs and Buck Kent visited here from Ft. Clark.
Two members of the First Grade, Wanda Alexander and Jack Neill, have been ill in the San Angelo hospital.
J. H. Jarvis, E. C. Hill, C. E. Knight, and A. T. Wright attended the Lions Club meeting in Sonora.
Attending Mary Hoover's birthday party were Ollie Alexander Jr., Joan Reagan, Helen Thompson, Dorothy Burk, Mary Jo Rape, Charlene Chesney, Gladys Sumner, Jack Halbert, Hazel Ruth Rogers, Venita Davis, Jocelyn Pruitt, Tommye Alice Davidson, Billy Wilton, E. W. Williamson, Joy and Jolly Sample, Katherine Moore, Kathleen Crosby, Wilson Page, Fred Butler, Beula Williams, Donald J. Royster, Floyd and Lloyd Spurgers, Annice Green, Lois and Julian Carr, James Keeney, Frank Henderson, Christine Bird, and Joe Luckett. Colors were pink and green and the cake had nine candles on it for the honoree.

ELDERADO LODGE No. 890 — A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Community Calendar

Kenneth Pearce, 37, Department of Public Safety intelligence agent

Prevent Roadside Fires TEXAS HIGHWAY DEPARTMENT

Methodists To Re-Occupy Sanctuary Easter Sunday

The renovating project that has been under way the past several weeks in the sanctuary of the Methodist church is still going on this week, and it will now be Easter Sunday before the congregation can re-occupy it for services.

A new beamed ceiling has been installed, bracket lights will be mounted between the windows, the interior walls have been paneled, and six new ornate lighting fixtures will be hung. Harold Susen of Knight-Susen Lumber Co. is general contractor and he has been hiring some local labor.

Mr. and Mrs. Earl Lloyd have announced that they will give a sound system to be installed in the sanctuary. Wiring for this has already been installed. The Wesley class has the project of placing a concrete curb around the outside to keep the basement from flooding.

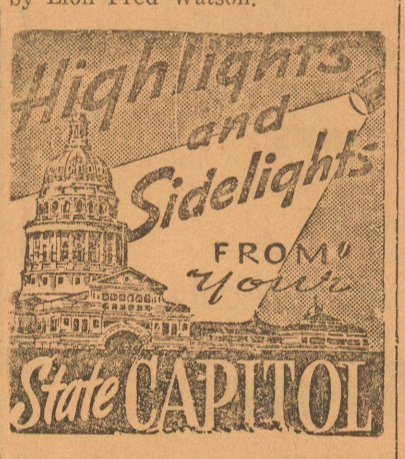

The Rev. D. G. Salter announced that the membership class of young people will be received into the church on Easter Sunday, instead of on Palm Sunday as planned earlier. This coming Sunday the congregation will hold services in the educational building again.

Speech Students Present Program At Lions Club

The Eldorado Lions Club met at noon yesterday in the Memorial Building, and Kathy Robinson presented her persuasive speech and Susan Hill gave her prose selection, for the program. Both girls were among the winners recently in the meet. They were introduced by Guy Whitaker, program chairman, Alan Dinsmore, speech teacher, was also on the program.
Boss Lion Bill Rountree presided. Jimmy West stated that tentative plans call for the club's annual biterveed pulling to be held on Wednesday, April 17th. Effort will also be made then to eradicate mosquitoes.
Mrs. Blanche West was a guest and received more contributions for the Cancer Crusade being conducted this week.
At the beginning of the meeting, Jimmy West led singing of "Dixie" accompanied by Rusty Meador at the piano, Guy Whitaker led Flag salute, and invocation was given by Lion Fred Watson.

Another witness before the committee said that Lubbock and Dallas are the only two cities in the state which effectively collect their ad valorem taxes on cars.
Revision commission heard a strong recommendation from former Gov. Allan Shivers for four-year-terms for governors and advice from Municipal Advisory Council that cities are losing "tens of millions" of dollars in bond interest rates because of antiquated provisions in Texas law.

'American Party' Name Free Atty. Gen. Crawford C. Martin has ruled that the "American Party" label may be used by George Wallace-for-President supporters in Texas.
Opinion, requested by Secretary of State Roy R. Barrera, noted that the American Party name has not been certified on a Texas general election ballot since 1920, therefore it is not a "pre-existing" party whose name is protected from use today.
Martin also held that county clerks must accept for filing American Party required notice for its conventions and registrars must furnish the party registered voter lists for not more than \$g a set in countries where it holds conventions.
Party is determined to show a membership of 14,249, the number necessary to get Wallace on the Texas general election ballot. Officials also served notice that their members will get a chance to vote at conventions on liquor-by-the drink and horse race betting, just like Democrats and Republicans.

Austin, Tex.—Greatest tourist-vacation season ever experienced in Texas is about to get under way. Austin will share in it, as will every other town in Texas.
Gov. John Connally has just opened the first of the 10 new Texas Travel Trails—Mountain Trail in Trans-Pecos—and dedicated improved Davis Mountains State Park.
Spending by out-of-state visitors in Texas last year totaled \$1.2 billion. Indications are 1968 will top that substantially.
HemisFair opens April 6 (granted some near-miraculous feats of speed in construction and cleanup activities) and will continue thru October 6. Historic San Antonio's 250th birthday will be celebrated in connection with the grand opening.
By conservative estimates, seven million visitors will attend the fair during its six-months run. Twenty-six foreign governments will exhibit on the 92-acre site. Texas' own \$10 million exhibit—the Institute of Texan Cultures, depicting the role of two dozen ethnic groups in building the state—is expected to be the main educational attraction.
A \$5 million U. S. Pavilion will feature a remarkable motion picture on the confluence of western civilizations.
In addition to the educational events, plenty of top-flight entertainment is booked in San Antonio's new civic center on the fairgrounds, and there are rides, souvenirs and fun events for all ages.
Mrs. Lyndon B. Johnson will head a group of dignitaries including Secretary of the Interior Stewart Udall, who will preside over opening ceremonies April 6.
A great Texas attraction—Six Flags over Texas—will launch its eighth season (midway between Dallas and Fort Worth) April 13. Facilities have been expanded into a \$2 million program. Pioneer Amphitheatre's 1968 production of "TEXAS" in scenic outdoor splendor near Canyon, opens June 29.

Manual Prepared Atty. Gen. Martin has mailed to county and district attorneys copies of a new manual on Texas' extradition and rendition procedures.
About 800 cases involving use of these procedures for return of fleeing legal offenders to their home states are handled by the governor's office each year.
Manual is a practical guide on previously largely-unwritten details, following custom and tradition rather than statutory or case law.
Attack Water Standards Proposed water quality amendments were termed unreasonable by 200 oil, gas and chemical company representatives at a Texas Water Quality Board hearing.
One amendment would permit lowering of quality standards only where it is demonstrated to the board as needed to assure economic or social development.
It calls for the highest and best degree of waste treatment available for any industry, public or private project that conceivably could create a new pollution source. Alternative proposes industry be bound to comparably high standards of treatment the same as to those required of facilities serving the general public.
TWQ board probably will take no action before April 25.

Sulphur Exploration State School Land Board has approved an application by the Duval Corporation to increase from 800 to 1,800 feet the maximum depth of exploratory sulphur wells on a mineral lease in Culberson county.
Lease was one sold November 7 in Texas' first sulphur-lease sale on West Texas lands. State will receive one-sixth royalty on production from the lease.

in Corpus Christi is the new head of the undercover investigations section of the Texas Liquor Control Board.

Richard C. Gibson of Austin has been appointed to the legislative Internship Advisory Committee.

H. A. Beckwith, veteran state water official, was honored when the "Beckwith Arm" of the Falcon International Reservoir was named for him.

Dr. DeWitt C. Reddick, dean of the University of Texas Communications School, received award from Southern Illinois University for meritorious service to journalism.

Governor Connally named Irby N. Taylor of Dallas and Ward Westbrook of Jasper to the Texas State Board of Accountancy.

Constitutional Revision Judicial sub-committee of the State Constitutional Revision Commission has recommended that judges of the Texas Supreme Court and the Court of Criminal Appeals be appointed rather than elected.

Recommendations call for appointment by the governor of top court judges from a panel submitted by a special nominating commission. Judges occasionally would "run against their records" on a public ballot, with voters marking their preference for continued service or judicial retirement. Where judges are rejected, new appointments would follow.

Norman Register, director of revenue and finance for the City of Dallas, says Texas' \$250 home-furnishings exemption from ad valorem taxes should be either increased or done away with. Register told the local-governments committee that in 1876 when the \$250 figure was written into the constitution it was enough money to furnish a house. Now, however, that's ridiculous, he said.

Revison commission heard a strong recommendation from former Gov. Allan Shivers for four-year-terms for governors and advice from Municipal Advisory Council that cities are losing "tens of millions" of dollars in bond interest rates because of antiquated provisions in Texas law.

Alternative proposes industry be bound to comparably high standards of treatment the same as to those required of facilities serving the general public.
TWQ board probably will take no action before April 25.

Sulphur Exploration State School Land Board has approved an application by the Duval Corporation to increase from 800 to 1,800 feet the maximum depth of exploratory sulphur wells on a mineral lease in Culberson county.
Lease was one sold November 7 in Texas' first sulphur-lease sale on West Texas lands. State will receive one-sixth royalty on production from the lease.

Eldorado Hosts District Track Meet Saturday

EAGLE TRACKMEN—On front row are: A. Torres, W. Doyle, R. Davidson, J. Davis, J. Muzquiz, K. Williams. On back row are K. Lozano, Paul Page, J. Mayo, M. Clark, B. Page, D. Overstreet.

Fresh from their good showing at the meet held last week in Colorado City, the Eldorado Eagle trackmen will host the District Track Meet here this Saturday with preliminaries beginning at 1:00 p.m. and finals starting at 3:00 and continuing until sometime after 9:00.

Coach Ray Morgan and the other coaches report arrangements are about complete and a good turnout of local and out-of-town people is expected.

Fred Sallings, superintendent of schools at Miles, will be the starter.

Preliminaries
1:00—Finals all field events for Seniors; 7 in shot and discus will be 3 more throws; 7 in broad jump will get 3 more jumps; "B" teams will follow as soon as Srs. are finished. Finals will follow the preliminaries.

2:30—120 yd. High Hurdles, 6 to finals; 70 yd. Intermediate, 6 to finals elem.

2:45—100 yd. Dash, Srs., "B", Elem., 8 to finals.

3:00—440 yd. Dash, 8 to finals, Srs., "B"; 330 yd. Dash, 8 to finals, elem.

3:15—330 Intermediate Hurdles; 6 to finals, Srs., "B".

3:30—220 yd. Dash—8 to finals. **Finals**

3:00—Elem., discus, shot put, broad jump, high jump, pole vault.

7:00—440 yd. relay, Srs., "B" & elem.

7:15—880-yd. dash, Srs., "B", and 680 yd. dash, elem.

7:30—120-yd. high hurdles, Srs., "B", 70-yd. Intermed., & elem.

7:45—100-yd. dash, Srs., "B", & elem.

8:00—440 yd. dash, Srs., "B", & 330 yd. dash, elem.

8:15—330 Intermed. hurdles, Srs., & "B".

8:30—220 yd. dash, Srs., "B".

8:45—One-Mile Run.

9:00—1320 Relay, Elem., and 1-Mile Relay.

Mrs. Dudley To Come To Dedication Here

Mrs. L. E. Dudley of Abilene, a retiring state officer and sustaining member of the Texas State Historical Survey Committee, will be present at the dedication service of the C. C. Doty Marker, on April 21. She will give a ten-minute talk on the "New Plans and Aims of the Survey Committee."

Mrs. Dudley is well known in connection with the Texas Federation of Women's Clubs of which she is a Past State President. At present she is chairman of the Education Department of the General Federation. She has been a guest speaker at the Woman's Club in Eldorado on several occasions.

State Senator Dorsey Hardeman will make the main address at the dedication. Everyone in the county is invited. The hour is 4:00 p.m. at the courthouse.

Host Ranch Class

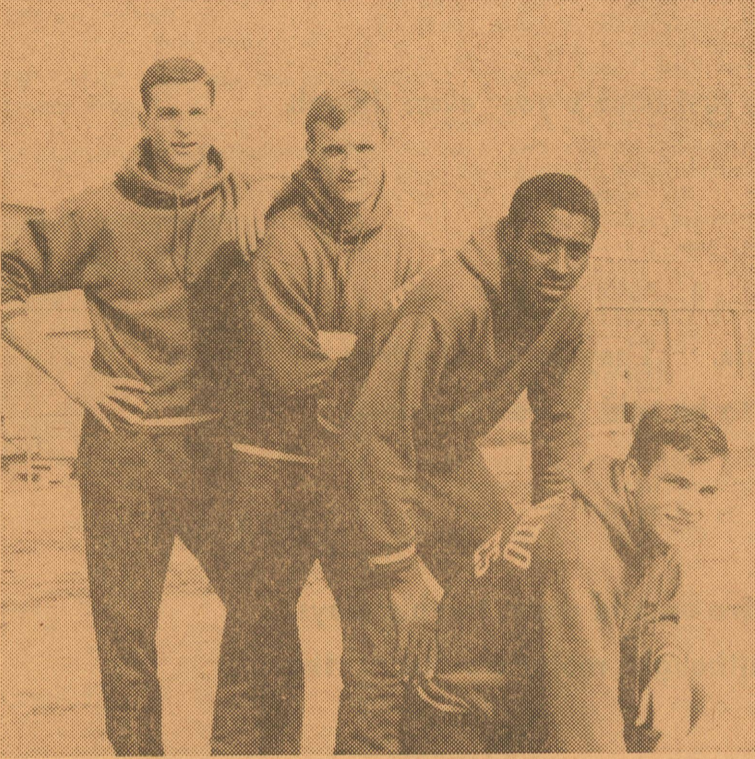

Henry and Mike Moore were hosts to the TCU Ranch Training Class Monday, April 1. There were 23 boys and two instructors, John Merrill and Raymond Henry.

The boys were from a wide area including Old Mexico, Hawaii, Florida, Kansas, California, and Texas. The class inspected the mesquite eradication program the Moores are carrying out at this time. John Merrill discussed the 1968 Moore sales Bulls with the class.

Barbecue lunch was served at noon. After noon Mike Moore put on a freeze branding demonstration for the class. After this they went to Moore's Buckhorn Ranch in Crockett county, to observe sheep ranching.

The boys will be in this area the remainder of this week visiting other ranches and wool warehouses and will return to Fort Worth Friday.

Mile Relay Team Made 3.25 At Colorado City

THE MILE RELAY TEAM made time of 3.25 at the Lone Wolf Relays last week end at Colorado City, and that time is tops for district and region. Left to right are Paul Page, Roy Davidson, Ray Lewis Lozano, and Wayne Doyle. The Eagle trackmen will host the district track meet here this Saturday beginning at 1:00 p.m.

Ladies Racing Team Prepare For Del Rio

The Eldorado Ladies Firemen's Racing Team has been working out this past week getting themselves ready for the Hill Country Firemen's Association Convention to be held in Del Rio the 13th of April. Those attending racing practice are Flora Hubble, team captain; Frankie Sides, sec-treas.; Bill Harris, Jo Fatheree, Fuddie Davis, Sybil Blair, Blanche West, and Dorothy Clark.

The Eldorado Men's Firemen's Racing Team has also been working out. Those practicing are Jimmie Harris, team captain; Ben Fatheree, John Murr, Alan Sides, Earl Dean Clark, and J. D. Redwine.

For the women there will be three different types of racing contests. There will be the six-man pumper race, the nozzle race and water polo. Water polo is played with high-pressure water hoses used to push a bucket back-and-forth along a tight wire from which the bucket is suspended. Opposing hose teams stand on each side and try to force the bucket away from them by directing a steady stream of water at the bucket—sort of a waterized tug-of-war. The winners of this race get to keep the water polo bucket until the next convention. The Eldorado ladies won this contest at the last convention and are hoping to bring the bucket home again.

The men's races there will be the six-man pumper race, three-man race, one-man race, and the water polo race.

The agenda for the convention day includes: registration, business meeting, ladies luncheon, races, barbecue supper, and entertainment. The Hill Country Firemen's Ladies Auxiliary will also hold election of officers. Positions to be filled include: vice president, secretary, historian, chaplain, parliamentarian and sweetheart.

Firemen and their wives planning to attend from here include Messrs. and Mrs. Lum Davis, Palmer West, Jelly Mund, John Murr, W. D. Hubble, Jimmie Harris, Alan Sides, Ben Fatheree, Earl Dean Clark, J. D. Redwine, Delwood Blair. The Junior Sponsor, Sheila Murr, and Mascot, Wayne Harris, also plan to attend. —Rep.-hist., Mrs. Jimmie Harris.

Eaglettes Win Runner-Up Saturday

The first runner-up of the Eaglelets Relays was held last Saturday with the green of Eldorado making their first appearance on the cinders and amassing 99 points for runner-up honors. The Robert Lee girls took first with 126 points and Lois Herval was high point girl with 38. Eldorado had two firsts, three seconds, three thirds, two fourths, three fifths, and three sixths. All distances and times were records. Mason came in third with 83, Rocksprings 54 1/3, Mertzon 46, Lake View 40 1/3, San Angelo Central 28, and Ira 13 1/2.

This was the first meet for the Eaglelets and everyone was highly pleased with their showing. The highlight was the Eldorado mile relay team composed of Claudia Meador, Lisa McAngus, Susan Hill and Linda Derrick. They clocked a 4:31.9 and beat their nearest competition at least 40 yards. The sprint relay team ran second with a 53.9 and is composed of Sheila Murr, Lisa McAngus, Linda Derrick, and Susan Hill.

The Eaglelets Relays included the events that will be run in district and included the two top district contenders, Robert Lee and Mertzon. Coach Bell and Mrs. Harber were pleased with the performance of the girls and know better in what areas changes or more work is needed.

Many compliments were received by visitors on the smoothness of the meet. That was accomplished because of the fine help in all areas. Mr. Dinsmore, Mr. Humphries, Kathy Robinson and Chris Edmiston were in the press box keeping all the paper work straight. Coaches Roberts and Thomas joined Mr. Whitaker on the field to run each event smoothly. Numerous townspeople helped run each vent. All in all the day was a success and track has gotten off to a good start for the girls.

The district track meet will be held in Winters with Eldorado competing against Robert Lee, Mertzon, Norton, and Wall for the championship and the right to advance to regional.

Eldorado had the following participating in the meet: Susan Hill, Arlene Hartgraves, Dale Montgomery, Lisa Whitten, Randy Yates, Lisa McAngus, Sheila

Murr, Claudia Meador, Peggy Hill, Linda Derrick, Mary Lynn McCalla, Dana Walker, Sue Ann Morris, Susan Rogers and Kathleen O'Harrow.

Mrs. Harber's junior high girls competed in several events against Rocksprings between high school races and her fifth grade girls ran in a special race. The crowd and the older girls thoroughly enjoyed watching the future runners.

Results — Eaglelets Relays
440 Relay, 1 Robert Lee, 53.8 (Todd, Conley, Pitcock, Blair), 2 Eldorado, 53.9 (S. Murr, Derrick, McAngus, S. Hill).

440 Dash, 1 Ann Beam, Mason, 65.4; 2 Claudia Meador, Eldorado, 70.5.

200 Dash, 1 Angela Hughes, Lake View, 26.9.

60 yard dash, 1 Jackie Conley, Robert Lee, 7.3; 2 Susan Hill, Eldorado, 7.4; 6 Peggy Hill, Eldo.

80 Meter Hurdles, 1 Lois Herval, Robert Lee, 12.7.

880 Yard Relays, 1 Mason 1:55.3; 4 Eldorado, 1:58 (S. Murr, P. Hill, M. McCalla, S. Morris).

100 Yd. Dash, 1 Jackie Conley, Robert Lee, 11.7; 2 Linda Derrick, Eldorado, 11.9; 5 Susan Rogers, Eldorado.

Mile Relay: 1 Eldorado, 4:31.9 (Meador, McAngus, S. Hill, Derrick).

High Jump, 1 Vickie Lindley, Mertzon, 4' 6"; 4 Lisa Whitten, Eldorado, 5 Kathleen O'Harrow, Eldorado, 6 Arlene Hartgraves, of Eldorado.

Triple Jump, 1 Lois Heuval, Robert Lee, 33' 3"; 3 Dale Montgomery Eldorado, 31' 5 1/2".

Broad Jump, 1 Linda Derrick, Eldorado, 16' 4 1/2".

Shot put, 1 Marylee Wittenburg, Rocksprings, 30' 8 1/4"; 3 Kathleen O'Harrow, Eldorado, 29' 9 1/2".

Discus, 1 Denman, Rob. Lee, 93' 10"; 3 Kathleen O'Harrow, Eldorado; 5 Randy Yates, Eldorado, 83' 6 1/4".

Jr. High Events Summary
Special race, Wally Joiner, 1st.
220 yard dash, Jr. Hi: 1 Morris, Rocksprings, 29.75; 2 Maness, Eldorado, 30.4; 3 Mitchell, Rocksprings, 31.3; 4 Hanusch, Eldorado, 33.0.

100 Dash, r. High: White, Rocksprings, 12.9; Tampke, Eldo., 12.95.

60 Yard Dash, Patty Page, Eldo., 8.3; Salter, Eldo., 8.9; Tomlinson, Rocksprings, 8.95; Brown, Rocksprings, 9.0.

440 Relay, Rocksprings, 58.6; Eldo. 7th, 59.0, Salter, Maness, Davidson, Tampke; Eldo. 8th, 59.1, Martin, Richardson, Page, Schooley.

880 Relay, Rocksprings, 2:05.4; Eldo., 2:08.5, Sanders, Tampke, Davis, Maness; Eldo. 2:09.0, Stigler, Richardson, Page, Schooley.

Our retiring president, Ralph Waldron, has been in the Clinic Hospital in San Angelo from Sunday, March 24 through Tuesday, April 2. We are glad to have Ralph back with us and hope his recovery is permanent.

Juanita Taylor, who suffered a broken ankle recently, is up and about and will probably be back playing golf in another two weeks. We have been missing you Juanita and look forward to your return to the links.

Martha Godwin has also been unable to play golf lately. We hope that her ankle is much improved and she is back hitting that golf ball soon.

The Golf Club has ordered some new flags—not that they are especially needed—just thought we would dress up the place a little. Also golf caps with the "El Dorado Golf Club" emblem are available. So if you are in need of a new golf cap you may purchase one at the pro shop. We still have a few rule books for 1968 left—25c each—in case you have not purchased yours. —Rep.

PAR-TEE

One of the best equipped potential golfers in Eldorado, to my way of thinking, is A. G. (Mack) McCormack. The other day Mack and Pat Enochs were out on number one tee box ready to tee off when Pat looked down and saw that Mack had on two pairs of trousers. "What in the world are you wearing two pair of trousers for Mack? It is 80 degrees today so you couldn't be cold."

"Well," replied Mack, "it's like this, I thought I might get a hole-in-one today!"

We had 11 players in the mixed foursome Sunday, 6 men and 5 women. Winners with a one over par 37 were Gerald Childers, Jer-

roll Sanders, Mary Waldron and Beverly Childers. This was Beverly's first tournament but since she was a winner I'll bet it isn't her last. However she may be a little hard to convince that the "wind never blows" on the golf course.

Fred Logan set the foundation piers for the new Club House Saturday. The date for moving the building to the new site is not definite, but it will be soon. Maybe soon enough for the next Bingo party. We are sure that the new club house will need a little face lifting after the move, so you guys be hunting up those paint brushes and begin looking for a gallon or so of white paint "just sitting around". I think "someone" has "found" a few lockers for use in the club house, and who knows what "someone" else might "come up" with?

Dick and Dale Preston report a good time on their recent visit out Las Vegas way. They played several golf courses and I'll venture—if Dick will admit it—Dale may have beat him on most of the rounds.

Membership fees for 1968 are now due and payable. A list of paid membership will be posted at the pro shop. If your name is not on the list, please pay green fees in the amount of 50c for week days and 75c for Saturday or Sunday. If the pro shop is not open, please put the green fees in the "honor box" or you may pay Frank Lozano (caretaker). We will certainly appreciate each and every one of you observing this practice.

El Dorado Golf Club Elects New Officers
Charlie Hahn was elected president of the El Dorado Golf Club at the annual meeting on Thursday, March 28. Other officers elected include Ralph Waldron as Vice-President and Ernestine Hext as secretary-treasurer. Serving on the board of directors for 1968-69 will be Bob Bland, Ralph Waldron, Dick Preston and Charles Adams, each for a term of one year. Serving a term of two years will be W. G. Godwin, Gerald Childers Pat Wester, Cecil Pearce and Delbert Taylor.

Standing committees will be appointed by the new president at the next Board of Directors meeting.

Our retiring president, Ralph Waldron, has been in the Clinic Hospital in San Angelo from Sunday, March 24 through Tuesday, April 2. We are glad to have Ralph back with us and hope his recovery is permanent.

Juanita Taylor, who suffered a broken ankle recently, is up and about and will probably be back playing golf in another two weeks. We have been missing you Juanita and look forward to your return to the links.

Martha Godwin has also been unable to play golf lately. We hope that her ankle is much improved and she is back hitting that golf ball soon.

Charter Members Cited As Lions Meet in Sonora

Don McCormick was given his 40-year charter member award as a highlight of the joint ladies night held Tuesday in Sonora honoring the Monarchs of the Sonora and Eldorado Lions Clubs on their 40th anniversaries.

Both clubs were chartered in May of 1928 and the ladies night cited the 40 years of service. Herb Petry of Carrizo Springs, former president of Lions International, gave the address of the evening.

Petry cited both clubs for their outstanding contributions over the past four decades and said that not any one man could have done for the towns what the clubs had done collectively.

Another charter member award was presented to Ernest C. Hill but he was unable to receive it in person since he is in critical condition in the Sonora hospital.

Thirty-year Monarch awards went to W. O. Alexander, E. W. Brooks, and W. G. Godwin. A 25-year Monarch award was given Tom Ratliff and also Perry Mittel. John Stigler was cited for 20 years. Bill Gunstead was presented an 18-year perfect attendance award.

Musical entertainment was presented by Rusty Meador. Bill Rountree of Eldorado and Norman Rousselot of Sonora, presidents of their respective clubs, served on the program.

Petry was introduced by Marvin Allen of San Angelo, president of District 2A-1.

The barbecue supper and program was held at the 4-H Center in Sonora.

Drive Continues For New Band Uniforms

Thursday evening at 7:30 p.m. (tonight) marks this year's annual band concert. The Eldorado Eagle Band is something that all of our community can be proud of and it is our hope that everyone will come and listen. Band director Wayne McDonald reports that his students will be playing selections to be used during contests this spring. Another highlight of the evening will be a piano solo by Rusty Meador with the band accompanying. Afterwards, a reception honoring Mr. McDonald and band members will be held in the band hall—everyone is invited.

An interesting note on the drive for new uniforms is that the concession stand for last Saturday's track meet earned enough money for one uniform. A special thanks to Don McCormick and the Co-Op who donated the ice for the concession stand and to the Buster Gunns for their delicious peanut brittle. Last but not least thanks to all the spectators who stopped by for a sandwich or other refreshments. —Rep.

EXPLORER SCOUTS ELECT NEW OFFICERS

At the regular Explorer meeting Monday night new officers were elected for the coming year:

- President -----Jimmy Martin
Vice-Pres. -----Mike Dempsey
Sec.-Treas. -----Buddy Calk
Chairman of Activities
Committee -----Robert Wilson

Land Commissioner Jerry Sadler has set May 7 for another sulphur-lease sale. This one covers 19 tracts of land in Culberson, Reeves and Pecos counties involving 8,938 acres.

No Need For Advertising?

—Preachers don't preach just once a year even though people are against sin.

—Teachers review lessons. They know children do forget and often have to be told more than once.

—Highway patrolmen drive up and down the highways, and caution drivers although motorists know the law and should obey.

—Mail order firms continue to send out catalogues.

—Not all of us know what is sold in stores in the home town, and we need to be invited continually to trade in your place of business.

—The Notre Dame cathedral has stood for centuries, but still they ring the bell every day.

—If you're one of those who believe in continuous and profitable advertising, you'll want to use the columns of the

Eldorado Success

Milers Win Trophy At Lone Wolf Relays

The Eldorado Eagles brought home a well deserved trophy for their outstanding 3:29 time to win the mile relay at the Colorado City Lone Wolf Relays. This time was their best for this season topping 3:32 at Coahoma. Members of the mile relay team are Wayne Doyle, Ray Lewis Lozano, Roy Davidson and Paul Page.

Over all the Eagles placed 3rd in the meet behind Sweetwater first place and Colorado City 2nd. This may seem that the Eagles dropped off after winning first place in Coahoma but in Colorado City Eldorado was one of only 3 Class A schools competing with AA and AAA schools. The Eldorado team also entered this meet without Johnny Mayo who was entered in the shot and discus in the Cowtown Relays in Ft. Worth. Johnny gained worthwhile experience placing first in the shot with a throw of 58' 11" and fourth in the discus with a distance 150' 4".

In the morning preliminary events the sprint relay team qualified for the finals with a time of 44.6. Bob Page ran the 120 high hurdles with a time of 17.3. Bob also ran the intermediate hurdles in a 46.7. Roy Davidson qualified in the 100 yd. dash with a time of 10.1. Keith Williams ran a 10.9 in the 100 yd. dash. Wayne Doyle qualified in this race with a 10 flat. Keith Williams and James Larry Davis ran in the 220 yd. dash. Keith ran a 25 and James Larry a 24.6.

James Larry Davis ran a 59.6 in the 440 yd. dash. Paul Page qualified in this race with a time of 53.5 as did Ray Louis Lozano with a time of 52.1.

In the field events Buff Whitten entered the high jump and cleared 5' 6". Mike Olson placed fifth in the pole vault with 10' 6". Wayne Doyle placed fourth in the broad jump with a distance of 19' 11". Keith Williams had a distance of 17' in this event.

In the afternoon finals, the sprint relay team placed third with our best time this year of 45.5. Members of this team are Doyle, Paul Page, Davis and Davidson.

Freshman Steve Sykes ran his best time this year in the 880 with a time of 2:30.0. In the mile run Albert Torres ran a 5:04 and Sam Oglesby ran his best time of 5:10. Sam has shown steady improvement all season and shows promise as an outstanding miler for Eldorado in the future. In the 100 yd. dash Wayne Doyle placed 2nd with a time of 10.2 and Roy Davidson third with a 10.3.

Total points for the Eldorado Eagles was 64.

John Mayo made the headline in the Ft. Worth paper Friday and again Saturday. They said that Mayo was not awed by the "big city" boys. Evidently he wasn't, because he won 1st in the shot and broke the record. Mayo was also mentioned on the sports news on T. U. Friday and again Saturday.

Mrs. Roger Simoneau of Oklahoma City is visiting this week in the home of her sister, Mrs. Tucker Clark.

Mrs. Bessie Doyle spent the week end in Lubbock with Mr. and Mrs. Billy Jack Etheredge and children.

Cites Domination By 'Establishment' In Texas Government

DON YARBOROUGH

Austin, Tex.—The key issue in the current gubernatorial campaign is "whether the people want to rule their state or whether the Establishment will continue its anti-people grip on Texas," Democrat Don Yarborough said.

Taking his person-to-person campaign across the state in his battle against "the jingle blitz" and the "billboard bombardment," Yarborough said, "Texas will never have meaningful programs for modern government until it elects a man who is not tied to the group that has made Texas last in practically everything."

"The next governor of Texas must be independent of the Establishment that has controlled this state for the past 20 years," Yarborough said.

"I am the only candidate who can deliver exciting programs for Texas," Yarborough said. "The others cannot deliver because of their ties."

"They make the right promises," he said, "but they always make the right promises and then fail to deliver because of the company they keep. They are tied to the side that is anti-people."

Yarborough said the other candidates in the gubernatorial race "vary a bit in the shades of their views, but they are all eating out of the same trough—the trough provided by those who have held us down in education, held us down in per capita income, and held us down in progress."

"They will tell you they are for protection of the shopper, but then they will turn right around and push through programs to give special interest peddlers new ways to prey upon the consumer," Yarborough said.

"They give lip-service to water programs, and then procrastinate with half-a-loaf programs until Texas faces a problem that is becoming more critical with each wasted day of inaction," he said.

"Like being for motherhood, they say they support the concept of bringing industry to the small towns, but then they support the existing big industry in its effort to escape honest taxation," he said.

"It is one lip-service program after another and all the while Texas continues to wallow near the bottom of the ladder in national ranking for services rendered its people," Yarborough said.

"A key factor in this campaign is the rate of speed that a candidate pledges in solving problems. I am committed to immediate action on 100%, not 10%, programs. A man tied to the Establishment cannot deliver for the people. He will be busy delivering for the Establishment," Yarborough said.

Dist. 8-A Track And Field Records

120 yd. High Hurdles, Laney Cook, Sonora, 14.5, 1967.

Mile Relay, Sanderson (Ricky Felts, Oscar Marquez, David Hardgrove, & John Cates), 3:30.3, 1965.

Editorial Comment From Our Neighbors

A Marvelous Money Machine

If you have not received at least a 4% wage increase in the past five months, then your income has been cut. You were worse off now than you were when that span began.

That's the real meaning of those figures and statistics on the continuing climb of the cost of living released last week by the Labor Department. The name of the game is inflation. And in February, for the fifth straight month, the cost of living went up by an annual rate of 4%. According to the Bureau of Labor Statistics, "It does appear it will continue to go up."

The meaning of inflation—and it concerns every one of us—is that the dollar in your paycheck, in your bank account, in your pension check is losing value at a current rate of 4% per year. It is being cheapened at a pace that is quicker now than it has been in more than a decade.

The money in that savings account may have 4% in interest added, but inflation is taking 4% of its purchasing power out at the same time.

Though the average weekly paycheck was the highest in history, at \$104.33, in terms of the 1957-59 dollar, it was worth only \$78.03 in what it will buy. Even with wage boosts, the average worker is working longer hours to make ends meet.

Our national addiction to deficit spending in good times as well as bad is now producing some terrific hang-overs. Red-ink government and its put-it-on-the-cuff philosophy have triggered economic pains that stretch from the international gold market to the wallet of the average citizen.

Remember the old money machine that the traveling con men once used to swindle gullible farmers? As explained and demonstrated to the victim, the machine took in a \$1 bill at one end and, with a simple turn of the crank, rolled out a \$5 bill at the other. After the mark had bought the marvelous contraption and discovered he'd been bamboozled by fast talk, sleight of hand and impressive gadgetry, the con man had long gone.

Nowadays, of course, we're too sophisticated to be swindled by such a transparent dodge when it is attempted by a slick stranger in a checked suit and a bowler hat. Now it requires a progressive politician with a spiel based on easy-time economics and ideological grand designs to pull the wool over our eyes. The gadget that is sold to us modern sophisticates is much more complicated looking and takes much longer to reveal its nonmiraculous nature.

But the streak in us that causes us to fall for it is just like the one that caused great-grandpappy to buy the money machine from the slick stranger. It is the notion that maybe the stranger is right and we really can get something for nothing. It is the notion that we can take more out of the economy than we put into it, that we can take out earnings faster than

we increase productivity.

For years, we Americans have eagerly bought government that promised more for everybody without paying for it as we go. We've trooped to the polls to vote for those who assured us that printing money and budget deficits could give us something for nothing.

When great grandpappy got his marvelous money machine back to the house and looked into it more closely, he discovered that he'd spent the crop money on a painted-up cracker box with a broom-handle crank. The American voter has no reason to laugh at the old boy, however, for if he looks into his own purchasing power, he'll discover that he has bought a marvelous money machine that works no better and costs him considerably more. —Dallas Morning News.

Inflation Is Getting Too Little Attention

It is strange how little attention is being paid—by the administration, by Congress and by the nation itself—to the warnings given by the loss of foreign confidence in the dollar and the quickening up-creep of inflation at home.

Consumer prices in the United States climbed in February for the 13th consecutive month, and at a rate which is shaving the buying power of the dollar by 4 cents a year. Food, clothing and furniture went up. So did the cost of such things as medical care, home maintenance, mortgage interest, house-keeping and automobile repairs. Wholesale prices went up, spelling further future rises in consumer prices. Of the 225 industrial product classes on which the bureau keeps a price index, 113 showed an advance.

The people of the United States, and their officials, continue their carefree way as "the richest nation on earth," apparently unmindful that anything could happen to alter this status. But something is. Inflation, it is calculated, is taking something like \$27 billion a year out of American pocketbooks, far more than any tax increase they are likely to be called upon to pay and a high price to pay to avoid the moderate restraints that might be imposed. Inflation has been labeled the "cruellest tax." The realization of this mak take time, but it will come if nothing is done to bring the swelling inflation under control. —Ft. Worth Star Telegram.

Eagleette Tracksters To Mason Friday

This Friday afternoon Coach Bell will take the Eagleette tracksters to Mason for a practice meet with Mason and Lake View. Some changes in preparation for the district track meet will be tried and each girl will be trying to cut her time in running events as well as increase distance in field events.

The girls have only this meet in competition prior to district.

TYPEWRITER RIBBONS, for Royal, Underwood, and Remington—available at the Success.

Eagle Band Spring Concert Set For Tonight In The School Auditorium

Big Wheels At The Fair

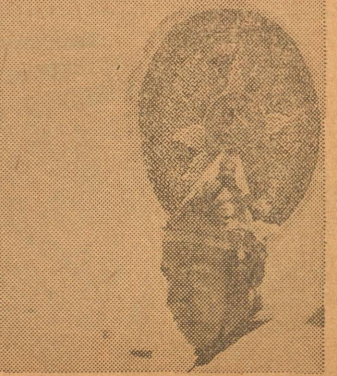

When HemisFair '68 opens there'll be a lot of exciting exhibits, but the biggest wheels of them all are at the Flying Indians Spectacular. There, the Hua Huas of the Totomac Indian tribe, perform a centuries-old ritual in ancient costumes.

Forming human pinwheels on two sides of a 114-foot pole, the Hua Huas revolve by self-propulsion—using two cross-bars. This wheel is further enhanced by the colorful head-dresses the Hua Huas wear—multicolored 18-inch discs set in tight fitting skull-caps.

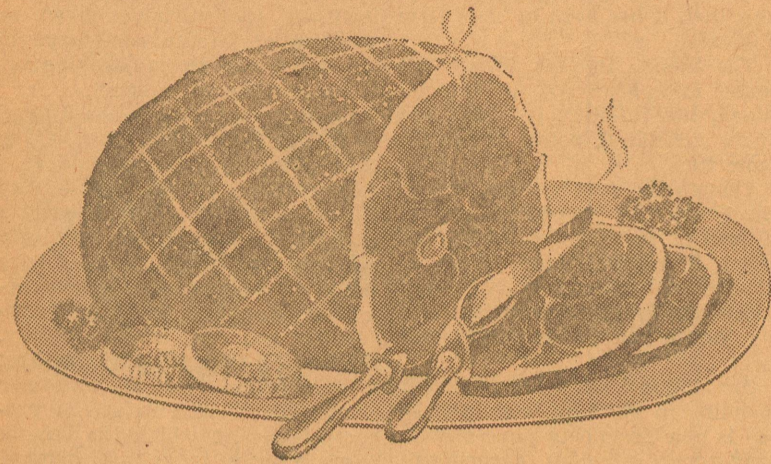

Los Voladores Flying Indians, another part of the tribe, use the 114-foot pole for their spell-binding act at the Frito-Lay/Pepsi-Cola Pavilion. Climbing to the top, they descend by making 32 revolutions around the pole secured only by a rope around their waists. As the rope for each flyer unwinds, the four fan out to a radius of thirty feet.

The flyers wear costumes of birds' feathers, since the Totomacans believe that the spirit of the dead comes back to earth as a bird. Their chief wears a red and white costume with a small headpiece made of colored

No matter where you look at the Frito-Lay/Pepsi-Cola Pavilion there'll be a free-wheeling show.
