Post Script

In spite of occasional rains during the past few weeks, work on the hospital has been proceeding steadily under direction of Bob Ashley, foreman for Rose & Sons, Abilene contractor.

Steel beams are about ready to be placed on top of wall pillars and it is possible outlines of the building will begin to show up by this week end.

In the meantime plumbers are at work in a network of trenches laying sewer lines for scores of outlets for the future building.

Readers of this issue will find that the old church building (shown above) has been moved.

Bishop House Movers of Ozona placed skids under the structure Monday and moved it to its new location Tuesday on the golf course.

Absentee voting for the second Democratic Primary was scheduled to start Wednesday morning, May 22nd, in the office of the County Clerk. At the beginning of the voting, there were applications for only eight votes, County Clerk J. P. Enoch reported.

Deadline for absentee voting in person will be 5:00 p.m. Tuesday, May 28th. So there is just a five-day period for this special phase of voting to take place.

It remains to be seen how big a group of Democrats turns out on June 1st to vote in the Governor's race. Preston Smith and Don Yarborough are the candidates.

The only local race we will have is Commissioner of Precinct 1, in which incumbent Weatherly Kinser and George Williams are candidates.

If anyone here wants to do any political advertising for any candidate in the upcoming run-off Democratic Primary, the Success for May 30th will be the last paper in which to do it.

—ps—

Speaking of May 30th, the day is designated nationally as Memorial Day, but if the pattern of the past is followed, only federal offices such as the post office, Soil Conservation, etc., will be closed on the day.

This is the second Graduation Edition of the Success. The rest of the Senior class are pictured with their write-ups, and some more greeting ads for Graduation.

The Commencement events were carried out Monday night as scheduled, with the 39 classmen receiving their diplomas. A dance was held at the Memorial Building following graduation, and at midnight a breakfast was served at the Mobley residence in Sunset Acres.

Some of the members of the class just graduated will start into summer school at the colleges of their choice.

Luke Robinson Dies

Luke Robinson, 78, of 2514 W. Ave. K, San Angelo, pioneer West Texas professional baseball enthusiast, church leader and businessman, died at 12:20 a.m. Saturday in Shannon hospital following an illness.

Funeral was held at 3:30 p.m. Monday in Johnson's Chapel with burial in Fairmount cemetery. Dr. Gordon Clinard, pastor of First Baptist church, officiated.

Mr. Robinson, a native of Kimble county, was born April 30, 1890. He had lived in the immediate San Angelo area most of his life.

The popular sportsman was a pioneer supporter of professional baseball in West Texas, having helped organize several Class D professional league teams in the Angelo area in the early 1920's. In 1953, Mr. Robinson gave West Texas special reports of the New York Yankee Brooklyn Dodger world series games in special telegrams to The Standard-Times. He also played baseball in the Texas League.

Mr. Robinson had extensive ranching operations in Schleicher county, where he raised Rambouillet sheep and Angus cattle. He was a member of the American Angus Association and Texas Sheep and Goat Raisers' Association. He also owned widespread oil royalties.

He was married to Mary O'Harrow on March 7, 1931 in Eldorado. He was a long-time member of the First Baptist church of San Angelo and was active in church work, youth activities and was a supporter of West Texas Boys Ranch at Tankersley. He was a veteran of World War I.

Survivors include his wife and three sisters. Mrs. J. F. Hornbeck, Mrs. B. H. Yancy and Mrs. C. E. Oates, all of San Angelo.

Warning

Below is a copy of a letter received by Edwin (Rooster) Jackson, manager of Eldorado Municipal Airport. This letter should be of special interest to all persons who in any way participate in activities at the airport, golf course, or Little League ball park. This incident could happen again with tragic results so please BE CAUTIOUS in the future.

"During a visit to your airport on May 1, 1968, an incident occurred which I am sure you will agree was of mutual interest to the Federal Aviation Administration and you, as airport manager. Upon arrival, we circled the airport and entered the traffic pattern. During the touchdown phase of our landing we observed a person standing near the east edge of the runway. At just about the time the aircraft touched down this person began walking across the runway at an angle of about 45 degrees with head down and her back toward the approach end of the runway. We gained this person's attention by momentarily revving up the engine. A less experienced pilot might have reacted differently and attempted to go around, in which case the aircraft would most likely have struck the pedestrian resulting in serious or fatal injuries. On this date, it appeared that there were several persons on the adjoining golf course and the person crossing the runway was going across to assist another person on the west side in looking for a golf ball. In the interest of safety, it is suggested that you caution persons using the golf course to be extremely cautious when near the runway. The erection of caution signs might be appropriate. Any action you may take in the interest of safety will be appreciated. Sincerely yours, Philip R. Cramer, Supervising Inspector, Lubbock, Texas."

The above described person was not playing golf; rather she was retrieving a baseball—the event being a grade school picnic. However, golfers are also guilty of crossing the runway without first clearing themselves both ways for aircraft. Therefore, in the future, let's each STOP, LOOK, AND LISTEN before setting foot on the runway. The life you save may be your own.

CAN WHITE FOLKS CAMP ON PUBLIC PARKS IN WASHINGTON D. C.? CONG. FISHER ASKS

An interesting question was recently raised by a letter to the Secretary of Interior from a Brownwood schoolteacher, a copy of which was sent to me. The teacher—a lady—wants to visit Washington with her children, and asked the Secretary for a permit to camp on public park land in the city for the week of August 3 to 10.

Campout enthusiasts, the lady said she and her youngsters had limited funds and liked the idea of stretching a tent alongside their auto in a downtown Washington Park.

"I was delighted to learn," she wrote Udall, "you are now issuing camping permits for the area bordering the reflecting Pool in Washington. I believe we can borrow a tent from the Boy Scout troop at our church now that campsites are available and so convenient to downtown Washington."

Putting the issue bluntly, she added: "I feel sure that you will want to be fair and impartial about this matter and will not discriminate against me because of my race (white)."

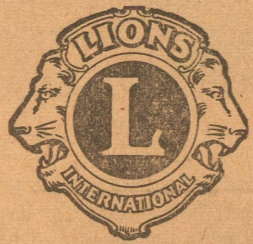

I have written the Secretary, reminded him of the precedent he

has established, urged appropriate consideration in keeping with current policy, and asked to be informed of the action taken on the teacher's request.

Only recently the Secretary of Interior granted a permit for 3,000 to pitch camp in a public park, in the heart of the Nation's Capitol, to expire on June 16. This was done over the protest of a number of us, and he indicated he might extend the time.

Negro leaders say now that they are entrenched they will remain, for perhaps two or three years, with or without additional authority—a "squatter's rights" concept.

One observer thinks the title of "Resurrection City" should be called "Insurrection City" in anticipation of added crime and violence on the wake of the invasion. Stepped up crime has already become evident. For example, during one night—May 17—seven city buses were robbed by gangs of Negro hoodlums. One of the drivers was shot and killed. There have already been 223 armed robberies in the District this year, compared with a total of 326 in all of 1967. And the big influx of marchers is yet to arrive.

Annual Round-Up On For W. T. Boys Ranch

The Annual Roundup for West Texas Boys Ranch opened May 22, according to officials at the Ranch.

The 1968 Roundup Chairman, Roddy Peoples, reminds farmers and ranchers throughout West Texas that their contributions continue to furnish a substantial portion of the Ranch's budget.

From a small beginning 21 years ago, the Ranch has grown to the point that it is now providing a home for 86 boys from West Texas. These youngsters from 8 to 15 years old are the victims of tragic family circumstances, and broken homes, neglect, and poverty. West Texas Boys Ranch is their only hope.

Already 49 Wagon Bosses have agreed to help in contacting ranchers for their support. These men are citizens well-known in their local communities, and serve as leaders in those communities in soliciting support from their neighbors in the form of livestock.

Lawrence Dannheim and Bob Page are serving as Wagon Bosses for this county.

Adult Sewing Classes To Be Offered

Last week's paper carried the announcement concerning the adult sewing classes for women of the county which is being sponsored jointly by the Texas Education Agency and the local home-making department.
Much interest has been aroused, and Miss Dana Owens, instructor, says that the official registration will be on Thursday, May 30, whenever those who plan to enroll come for further clarification of the dates, time, frequency of classes and the personnel of each class. The arrangement of persons in the classes will be done solely by sewing experience; those beginning or who seldom sew will be separate from those who tailor or have much sewing experience. Efforts are being made to suit each individual's needs but information must be obtained before details are further worked out.
As previously stated, there is no charge or fee, it is purely an effort to help ladies to learn, to improve, and to recapture the individual potential and make possible knowledge and experience which are jointly used in sewing.
Any questions or information may be obtained concerning individual plans by calling Miss Owens either at school or home.

PAR-TEE

It is indeed a pleasure to welcome the J. B. Brame family to the membership of the El Dorado Golf Club. Dr. Brame says that Holly does not play golf, but maybe we can prevail upon her to begin playing in the near future.
We have been seeing Frances Peters and Rose Doyle on the practice tee lately, with "Acting Pro" Carroll Ratliff. We are looking forward to you "girls" joining us real soon.
The Men's Tournament is getting under way this week--qualifying rounds of 18 holes are to be played by May 26th and posted on the qualifying sheet at the concession stand. First round play will begin May 27th. The first match must be played and posted by June 2nd; Second round must be completed and posted by June 9th. The entry fee will be \$2.00 for each player.
The mixed team play Sunday the 19th was won by the team of Vernon Rogers, Pat Wester and Gladys Mittel with a low ball of 52; second place low ball 53 went to Dr. J. B. Brame, Eldon Calk, Howard Derrick and Ernestine Hext; third place winners were Bob Bland, Granvil Hext and Lora Adams with an even par 54. We had 22 players and some good golf; however, Buddy White, Ralph Waldron and Nell Wester would not turn in their score. All they would say about the round was "we were consistent" which could mean nearly anything.
The Club House is now occupying its rightful place at the Golf Club. Moving of the house was begun on Monday morning. We are real happy to have the house in place and hope it will be ready for full time use very soon.

Oil & Gas Provide \$11.8 Million A Year For County's Economy
Oil and gas wells provide approximately \$11.8 million a year of Schleicher County's economic output, according to statistics released this week by Texas Mid-Continent Oil & Gas Association.
Based on most recent U. S. Bureau of Mines production figures, the Association compilation showed that Schleicher county produced crude oil valued at \$9.2 million in 1966 and natural gas worth \$2.6 million.
Texas oil production in 1967, responding to demands for more domestic crude as a result of the Israeli-Arab conflict, totaled 1,050,000,000 barrels, a statewide increase over 1966 of about 5%. Production last year varied widely among state Railroad Commission districts, however, ranging from 3.5% below 1966 to 15% above.
"Production from Schleicher county last summer helped prevent any oil scarcity for U. S. consumers at a time when one-third of the world's supply was cut off," said Corbin J. Robertson, Houston, Association president. "We must keep in mind, however, that it may be difficult for Texas fields to sustain production in future emergencies if the discovery of new reserves continues to lag, due to lack of exploratory drilling."
The annual study showed that Schleicher county ranked 86th among Texas counties in total value of its production of some 3.1 million barrels of oil and 20.1 billion cubic feet of natural gas.

Jeffreys Back From Visit At Fort Worth
Mrs. Jeffrey, Pearl and Leo, returned home Sunday evening after staying a month in Fort Worth with Mrs. Jim Simpson who was in the hospital there since the 23rd of April. She was in a wreck the 21st.
She had an operation on her leg the 16th (Tues.), steel pins were put in it and in another cast. Then she was brought home Sunday afternoon. She will be able to be up some, but it will be quite a while before she is able to walk on crutches. She is still on liquid foods and will be until braces are removed from her mouth and jaws. She will go back for that the 3rd of June. She is able to talk some now, and is reported doing very well.
Mr. Simpson is also doing well. He will have the cast on his arm two more weeks, but it is indefinite when he will be able to go back to his job.
His sister, Mrs. Dixie Morris, is with them. She has been with him since the 22nd of April so will stay a week or so more until both are able to be up. But it will be a long time before either will be able to get around much, the Jeffreys said.

Sr. Class Prophecy

One day last week during our Class of '69 reunion, some of us were talking about the "good ole days" back during our Junior year at EHS. "Wonder what happened to that bunch of Seniors," someone said. Well, after a lot of hard work and research, here's the story.

After years and years of raising his rabbits, Jack Bell finally has enough for a Bell-Bunny farm.

Mr. Mac has kept his future a secret.

The newest attraction for the Ringling Brothers Barnum & Bailey Circus is Ronnie DeLong, alias "Little Egypt," the Belly Dancer.

The twins Susans are still battling it out at the Girls' World Basketball Tournament for the most valuable forward of what?

Mickey Pennington and Gary Derrick are partners in the Chemistry department of the oil refining company. Is that another blast?

Chris Edmiston and Maureen McCravey are finally sisters-in-law. Chris married Mike! Mmm. Very interesting, but dangerous.

Flash! Our own little Johnny Mayo of Eldorado was rated first in the world competition of shotgun, but he left his position to Gary Sutton of Ozona, Texas, so that he could take over the Mobley Derrick Enco Station! That's the way it goes, Sorry!

Maggie Stockton is the owner of the Seahorse Motel in Galveston!

Gilbert Perez, the famous hairstylist, has introduced the new and different "Puppy-Dog" look.

Ronnie Free is the top heavy champ, I mean top heavy weight wrestling champ. He told newsmen that the reason for his success is his short legs. He has certainly changed from his high school days.

News Flash! Rusty Meador has announced that his faithful servant, Bubba Davidson—has finally put in enough hours to receive not only his chauffeur license but also his flying permit.

Another News Flash! Sidney Reynolds, alias "Skid Rock" just said ega ga boo echy mo sha blub! Unquote. And I agree with him, don't you?

Oh! Is there another name on the county attorney's door? "Robinson and Faul", or is it "Faul and Robinson"?

If you've been watching T V lately, you have probably seen the new Tiparrillo girl, Congratulations Billie Gay!

Carol Casbeer and Nell Neff have set up the 5th of their small chain of bait stands in Buchanan. Any luck?

Mrs. De Lux, the former Sherry Yates, has just had her tenth child. Good luck Mrs. Kennedy! Sherry says it is very hard to keep track of all of them in a tiny trailer house.

Howard Roden has been told by a high authority? to ask David Lloyd, his brother-in-law, to become his partner in the dry cleaning business.

Coach Jimmy Mann??

Laura Nixon and Maggie Stockton have decided to set up shop in Menard.

As Dorothy Lozano in her mini-wedding dress and C. C. R. impatiently await, someone is heard to say: "Here come 'da judge, etc."

After several years of being an interpreter at the United Nations, Rosa Rodriguez has given up her job to come back and marry her childhood sweetheart, Harvey Martinez.

Superman strikes again!

The newest night spot in this swinging town is "The Playboy Club," jointly owned by "Good-face" Nixon and "Coon" Harris who also does the catering. (His specialty being barbecue.) Their main attraction is their head bunny who is Busy Dizzy Lizzy. Could that be our Libby?

Flash! David Parker is now head of the Texas Department of Public Safety.

James Hight is also with the tire-testing department of Good-year Company. And believe me, he is a very thorough tester.

The West and Stockton ranches are now combined. It is hoped that one day—with luck—they can expand their small strip of acreage.

Headline taken from the Arkansas State newspaper: "Wild Bill Whitten tames sweet, little innocent hillbilly girls" or maybe it's "Sweet little innocent hillbilly girls tame Wild Bill Whitten."

After years and years of being engaged, Dr. Pat Robledo, who is the Math Professor at West Texas University, has broken her engagement with Mr. Po R, because he refuses to trade in his blue and black junk heap. He says it holds a lot of memories, Hmmm!

The latest fashion news: From Paris comes word of a new modeling sensation. The Renie Bell look, introduced by the new model, Twiggy McCravey.

The well renowned Hippie lead or, ooops, Excuse me! Hippie lead or, Weldon Green, has just finished leading another riot.

I'm sure by now you've heard that Shirley Wilde, a 1968 graduate of EHS, has just been crowned Miss Universe 1974. Rumor is that she might give up this honor to return to her old job of school librarian. If so, the title will go to another Eldorado Beauty, Susan

Lee Mobley, who was runner-up. Little Girl Movies are back in style. Eldorado is proud of its own Shirley Speck, uh, Connie Temple, ugh! Connie Speck. That is really amazing considering her age.

One of the most exciting and elaborate events of all time was the double garden wedding of the double girls, I mean Hubble girls in the Buchner's greenhouse. Tomato vines and flowers made up the brides' bouquets. When it came time to kiss the brides and as the veils were lifted, Ricky was heard to exclaim, "You're not my little tomato!" As I said before, it was an exciting wedding!

The famous jeweler, Gary Derrick, has a new specialty which is finding lost diamond rings.

As I was in Austin this past week end, I stopped by the Holiday Inn and I could have sworn that I saw a few of 1968 EHS graduates in the weeds looking for SOME THING!

Soil Stewardship Week Is Under Way

National Soil Stewardship Week is being observed from May 19 to 26, according to Otis Deal, chairman of the Eldorado Divide Soil and Water Conservation District.

Soil Stewardship Week is a week set aside nationally each year to call attention to everyone's moral responsibility as a steward of the soil and other natural resources provided by God. Nationally, the week's observance is sponsored by the National Association of Soil and Water Conservation Districts with the guidance of an international Soil Stewardship Advisory Committee. In Texas, the observance is sponsored by the Texas State Soil and Water Conservation Board and the Association of Texas Soil and Water Conservation Districts.

The theme of this year's observance is "A Time for Initiative." Deal said. The theme is developed with the idea that "Clearly this is the time for initiative, action, innovation, trial runs, and exploration. It is a time for ideas, to assess problems and prospects, and a time to identify alternatives," Deal said.

Ministers and laymen who desire assistance in preparing for a soil stewardship observance should contact any member of the local board of supervisors.

MY SINCERE

Thanks!

for the most gratifying evidence of your confidence, as reflected in the results of the Primary on May 4!

In a spirit of true humility I accept this as a mandate to continue my very best efforts on behalf of good government.

Even though the majority was 5-to-1, it appears likely that in the General Election the people will have occasion to reassert their preference for the position of Congressman. Therefore I shall be most grateful for continued support.

I can only promise that, with renewed dedication, I shall in the future continue to give the people of the great 21st district the effective and responsible representation to which they are entitled.

'Three Coins' Was Banquet Theme '67

Last Saturday night the Junior class and their sponsors, Jack Bell and Wayne McDonald, honored the Senior class of 1967 with a banquet and dance.

The theme for the affair was "Three Coins in a Fountain" and it was carried out with two large murals, pastel walls and ceilings, an Italian wishing fountain and a corner garden.

The program for the banquet included the invocation by Billie Gayl Blaylock, vice president of the Junior class, and Rusty Meador, class president, offered the welcome. Bobby DeLong, president of the Senior class, responded with appreciation for his class. The entertainment for the evening was Miss Anita McKewen, a ballad singer from the University of Texas. She played the guitar and sang several numbers.

The Junior class took this opportunity to recognize Mr. and Mrs. Bill Lester as special guests. Mr. Lester has been on the local school board for 11 years and Rusty, on behalf of the class, thanked him for his many contributions to the educational system and wished him and his family good fortune as they move to Colorado City.

The Junior class mothers prepared a buffet supper, also following the Italian theme. Lasagne, chicken cateteri, shrimp, a fruit plate, tossed salad and hot bread completed the selection. The dessert was an individual serving of tartini, also an Italian dish.

After the banquet the tables and chairs were cleared for dancing with music provided by "The Fantastic Bunch" from Alpine.

The Junior class wishes to thank all those who helped make the annual Junior-Senior Banquet a success. —April 20, 1967.

'Over The Rainbow' Was Banquet Theme

On Saturday night, April 27, the Junior-Senior Banquet was held in the Memorial Building. The theme of this year's banquet was "Somewhere Over the Rainbow." Along with the students, many faculty and school board members attended. Also present were Mr. and Mrs. Raymond Mittel from Kerrville.

Entertainment was provided by a folk singer, Miss Colleen O'Conner from Austin. She is presently working for her Ph. D. in physical education at the University of Texas.

The invocation was given by Kathy Robinson; the welcoming speech was by the Junior class president, Ross Whitten; and response was given by the Senior class president, Rusty Meador.

Servers for the banquet were Jean Rountree, Judy Hanusch, Peggy Hanusch, Sherry Davis, and June Holley.

The Junior class members spent several days decorating in the main room of the Memorial Building. At one end of the room was a mural with Dorothy, Toto, the dog; and Glenda, the good witch, who was dressed in pink and was surrounded by a large pink bubble. At the other end of the room was a large rainbow with a pot of gold at each end. In the background was another mural with the theme spelled out in blue and silver letters. An emerald green castle covered the back door and a picture in each of the windows told the story of "The Wizard of Oz."
