Number 22

Fund Still \$400 Short For Trip To Dallas By Band On June 26

Despite the fact that the barbecue and stage show last Thursday night took in \$622 for the fund to send the Eagle Band to Dallas on June 26th to march in the parade at Lions International Convention, the needed amount of money remains \$400 or \$500 short, according to figures announced early this week by Boss Lion Bill Rountree.

It was stated that between \$1500 and \$1600 is needed for this band trip, and the fund had \$1093.82 in it Monday night, when Boss Lion Rountree presided at the ladies night and officer installation program.

Time is getting short, with June 26th less than a month away. The Lions Club will have to take some action soon on this matter, and this might be done along one of the following three courses of action:

First, the Lions Club members get busy the coming three weeks and in a final burst of energy put on some more money-raising projects and appeal for more donations to put the drive over.

Second, the Club borrow the necessary amount. This would incur a debt which might take quite a while to pay off.

Third, review the estimated amount of expenses and cut down somewhere so that the band could be sent with the amount of money on hand.

The latter proposal would take considerable study. The present plan calls for the band and sponsors to go to and from Dallas in a chartered air-conditioned Greyhound bus. Some meals are included, as well as cost of staying one night at a motel in the Dallas area. It has been proposed that the school's own buses might be used for transportation. This would have to be approved by the school trustees.

The itinerary also calls for the band members to spend part of a day at Six Flags, and this expense is to be taken care of by each member of the band.

Half - Million Pounds Of Wool Sold Here

Jo Ed Hill reports that in the past two or three weeks, Eldorado Wool Co. has sold 500,000 pounds of 1968 twelve-month wool.

Prices have been in the lower 50 cents to over 60 cents in line with existing markets.

Shearing in the county is about 80% complete, and quality of wool is very good.

PROUD OF IT

Mary Myers, 5-year-old daughter of Mr. and Mrs. Nelson Myers, suffered a fractured arm when she fell from a box last week.

Apparently it takes but a short time for youngsters to adjust, as the little girl is now going around proudly displaying her new cast.

NOTICE

The adult sewing class will be organized at 2:00 p. m. today (Thursday) at the band hall.

Pool Now Open

The County Swimming Pool was opened for the new summer season last Friday, May 24th. Season tickets went on sale the 29th and are priced same as last year.

Regular admission is 25c and 40c, again this year. Mr. and Mrs. Fred Riley are managers.

The pool is open 2:00 to 6:00 p.m. every day of the week except Monday. Further details on swimming lessons and season tickets is available from the managers at the pool.

Candidate Visits Here

ERNEST ANGELO

The Republican nominee for State Senator from this district is Ernest Angelo, Jr. of Midland, and he made a visit to Eldorado and surrounding area last Thursday in the interests of his campaign. He attended the Lions Club barbecue Thursday night.

Mr. Angelo will be on the ballot in the General Election in November as Republican opponent of Pete Snelson, also of Midland, who recently won the Democratic nomination.

Summer Recreation Begins Monday

The annual Summer Recreation program for the boys and girls of the community will get under way Monday, June 3, at Eagle Gym.

The program in its 10th year is sponsored jointly by the school and the American Legion.

In the last few years well over 50 boys and girls per day have attended. The program realizes that students are gone part of the summer to camps, vacations, and vacation Bible schools, but the program operates for those who are here and for any out of town guest.

It will run for six weeks with the last week given over to contests in nearly every sport with the winners receiving small awards. Games such as croquet, tetherball, ping pong, horseshoes, basketball, or badminton will be played.

Two groups per day Monday through Friday will attend.

9:30-10:45. Elementary grades 4 through 6 (next year's).

10:45 to 12:00 noon. High school grades 7 through 12 (next year's).

McAngus, Derrick Most Valuable

The Eldorado track team voted both Lisa McAngus and Linda Derrick as the girls most valuable to their team in 1968. Both girls are freshmen and stand first and second in total points accumulated this season.

Linda accumulated 81½ points while participating in broad jump, triple jump, and running on three relay teams.

Lisa totaled 57½ points this season in the 440 dash and 440 relay and mile relay teams.

The Most Valuable Track Girl Award has been given by Mr. D. T. Yates, an ardent backer of all athletics. It will bear the names of both girls and will remain at the school.

WEDDING SET SATURDAY

Julia Mae Lozano Romo will be married Saturday, June 1st, to Pedro Lopez, resident of San Angelo. The ceremony will be in the home of her grandparents, Josefa H. Lozano and Reyes C. Lozano.

The couple will live in San Angelo.

Post Script

Ever since the Goldwater fiasco four years ago, those of us who have leaned toward the Republican party have been a lonely bunch. We still vote in the Democratic primary and declare we are Democrats and with a tongue in our cheeks we promise to "support the nominee of this primary," but we still have a secret yearning for the grand old party.

Now we are going to the polls Saturday in the Democratic run-off primary to decide between Preston Smith and Don Yarborough as the party's candidate for governor of Texas in the November general election.

One of these will be the Democratic candidate and he will be opposed in November by Paul Eggers, a conservative Republican.

Preston Smith is regarded as a conservative. Yarborough is supposed to be a liberal.

—ps—

Republicans are figuring it this way—

If a conservative Republican is running against a liberal Democrat next November, the Republican could have a better chance to win.

In order to bring this about Republican-leaning Democrats are planning to go to the polls Saturday and vote for Yarborough, hoping he will be the Democratic nominee for Governor.

Then next fall they will give him hell for being a liberal and they'll urge everyone to vote for Republican—and conservative.

If that sounds like "dirty pool"—that's what politics really is.

—ps—

Preston Smith faces an uphill climb in his bid for the Democratic nomination for Governor. Observers point out that only three times in Texas history has the second runner in the First Primary come from behind to win the runoff. This in spite of the fact that several of the conservative gubernatorial candidates who lost out have now given their backing to Smith.

—ps—

Eligibility to vote Saturday . . . You may vote Saturday in the Second Democratic Primary unless you voted May 4th in the Republican primary, or signed a George Wallace petition.

—ps—

Today, May 30th, is Memorial Day, a federal holiday.

The post office and other federal offices are closed all day, but it is business as usual for nearly everyone else.

—ps—

People moving: George Baucom has moved to Ozona, and the Leo Prater family moved Monday to Rankin.

Walter Ford moved from the Topliffe house to the Jack Griffin house.

—ps—

With our subscribers: Mrs. James Dziuk reports that her new address is 1866 Graham Avenue, St. Paul, Minnesota 55116. Mrs. Dziuk is the former Eldra Gibson of this place.

—ps—

Announcement that the Texas Railroad Commission will have a hearing in June on discontinuing the depot on Santa Fe's line here is the latest in a series of come-downs which have beset the Angelo to Sonora line after it was put into use with much fanfare nearly 40 years ago.

The Atchison, Topeka, and Santa Fe is applying for permission to do away with their depot here and make this a pre-paid freight station. Presumably, freight could still be delivered here at the rail siding but it would have to be prepaid and the recipient would have to pick it up.

R. M. Greenhill is presently agent at the depot, and also handles Western Union telegrams in and out.

About a dozen years ago, Santa Fe applied for discontinuance of passenger service on the line and this was the first that many local people even knew that there was such a thing.

After passenger service was discontinued, the railroad was allowed to run freight trains down the line only when they had a sufficient volume of freight to deliver or pick up, and to make the trip worthwhile. They were no longer required to run on schedule as when they had a passenger car in-

cluded on the train.

In recent years, there have been about three trains a week which have made the run from San Angelo, through Christoval and Eldorado to Sonora. Usual days have been Monday, Wednesday, and Friday with the train making the run down early in the day and the return trip to San Angelo late each day.

It is understood that Christoval has already been a "prepaid freight station" for some time, and the new proposal, if approved, would make for the same set-up here. Greenhill's station agent job, presumably, would be done away with.

Back in the early days, there was a prevailing thought that in order for an area to grow and prosper, the towns in it had to be served by a railroad. Schleicher county was founded in 1901, and the local promoters agitated then and for many years afterward for rail service to be extended here.

There was much excitement when Santa Fe announced in the late 1920's that they would extend a line south from San Angelo, to serve this area and the area south.

Lone Star Construction Co. was the main contractor for the work in this county and they had men with teams and other equipment to build the dump on which the rails were laid. The line was completed at a cost of three million dollars and put into use by Santa Fe.

On July 1, 1930, an excursion train came over the line with former Texas Governor Pat Neff and a number of other dignitaries aboard, and it was met at the local depot by a large crowd of interested citizens, including members of the two-year-old Eldorado Lions Club who distributed bottles of crude oil from the new Whitten well, in which interest was then running high.

One local man made the statement that Eldorado would have 5,000 people living here in a year or two on account of business generated by the railroad. Another cited the fact that it would be an added convenience to have the telegraph office right here.

It is understood that Santa Fe planned originally to build their line south from San Angelo all the way to Del Rio, thus making for a through-line north and south. But the effort died as the Great Depression of the 1930's set in, and the line was never extended farther south than Sonora. There was some talk about 20 years ago of putting in the 90-mile link between Sonora and Del Rio, but nothing came of it.

Back to our present day: The Texas Railroad Commission will hold a hearing in Austin on June 13 and Santa Fe's proposal to discontinue the depot here is on the docket.

We don't know if our Chamber of Commerce or any other delegation from here would wish to protest this matter. However, we think our local C of C, Lions Club directors, city council, and County Commissioners would all do well to take the matter under advisement between now and June 13 and decide what they wish to do.

—ps—

Five years ago interest was running high in fall-out shelters. President Kennedy had Cuba blockaded because missile armaments were being installed there and the island was only 90 miles from our shores. A few manufacturers made prefabricated fall-out shelters which could be buried in a pit, and some were installed over the country. Business slacked off, though, after the Cuba crisis was over, and many dealers found themselves with shelters on hand that they had difficulty selling.

Purpose of a shelter was for a family to live in following an all-out nuclear war. The shelter could also double for use as a storm cellar, and could even provide some storage space.

A demonstrator fall-out shelter, mounted on a trailer, is at Earl Dean Clark's welding shop.

Mr. Clark states that the shelter is for sale and that he would be glad to show it to any interested lookers. He already has another purpose in mind for the trailer if the shelter can be sold.

—ps—

Construction is moving rapidly on our new hospital. A crew to lay roof decking is expected to be on the job by next week. Site of the old church is being cleared.

Close Race Expected Saturday For Commissioner Precinct 1

HEARING SET TO DISCONTINUE ELDORADO DEPOT

A bulletin recently issued by the Texas Railroad Commission calls attention to a hearing in which it is proposed to do away with the Santa Fe depot here in Eldorado.

The notice reads in part—

"Docket No. 2016: Application of Atchison, Topeka and Santa Fe Railway Company for authority to discontinue its agency at Eldorado, Texas; to establish Eldorado as a non-agency pre-pay station in the freight tariffs, and to retire and dispose of the depot building there."

Hearing will begin at 10:00 a.m. Tuesday, June 18, 1968, in the Ernest O. Thompson building, 10th and Colorado, Austin, Texas.

Paving Program To Start Thursday

A paving program inaugurated last year by the City of Eldorado in co-operation with the county, is coming to a head this week.

E. W. Wilson, paving contractor of San Angelo, will be on the job this Thursday (today) to pave the entire length of the airport runway.

Included in the paving program will be a series of connecting gaps in streets over town which will make a total of about one mile of new paving on city streets. The job is paid for by the county and is under direction of the county commissioners in return for services provided by the City of Eldorado.

Little League Is Now Under Way

Little League season started here Monday with two games, in which Minor League teams from Christoval and Eldorado played a 1 to 1 tie game.

Christoval Cougars then defeated the White Sox 16 to 2.

In Tuesday night's game the Red Sox defeated the Tigers 10 to 3.

The next four scheduled games are:

May 30—Cougars vs. Tigers; 31—Red Sox vs. White Sox; June 3—Cougars vs. Red Sox; 4—White Sox vs. Tigers.

Coach Jack Richard Bell who is in charge of the Little League program, reports that he is in need of more umpires. Volunteers may contact him by phoning 853-2601.

Boy Scouts To Spend Week At Camp Fawcett

Scoutmaster Jim Holley announces that Boy Scout Troop 18 will spend a week at Camp Fawcett in July, and that arrangements are now being made.

The week of July 14 to 20 is the time set. Camp Fawcett is located on the Nueces river near Barksdale.

Boy Scouts and their parents may get further information on fees, gear required, etc., from Scoutmaster Holley. Also, any Cub Scouts who will have their 11th birthday between now and July 14th would be eligible to attend.

RECEIVES DEGREE FROM S.M.U.

Among the 1968 graduates of Southern Methodist University was Lynn Meador, son of Mr. and Mrs. Ed Meador. With double majors in Real Estate and Finance, Lynn received his Bachelor of Business Administration Sunday, May 26.

During his four years at SMU, Lynn was on the Dean's List three times. He also was a member of Squires, a service organization, was a representative of SMU to the Southwest Conference Sportsmanship Committee, served as a Sophomore sponsor, and played Freshman football.

Lynn and his wife, Christy, will remain in Dallas where Lynn will be employed by a Mortgage Firm.

With the Democratic run-off Primary coming up Saturday, interest seems to be building up in the Precinct One Commissioner race, and friends of W. L. Kinser and George Williams are rallying to the support of their respective candidate.

A review of the absentee vote is usually an indication of total vote turnout.

In the May 4th primary, 93 absentee votes were cast in Precinct One in the commissioner's race—66 for Kinser, 8 for Gunn, and 19 for Williams.

On Wednesday morning County Clerk Enochs reported 150 absentee votes had been cast, with 129 of these from Precinct One. Absentee voting closed Tuesday night.

Governor

If there is any widespread interest in the Governor's race between Smith and Yarborough it is not apparent here in the wide open spaces of West Texas. The voter turnout here in Precincts 2, 3 and 4 is expected to be light since the Governor race is the only one on their ballot.

Polling Places

The four voting boxes Saturday will be exactly the same as in the first primary:

Precinct 1: Memorial Building with T. R. Spence as election judge.

Precinct 2: Voting will be at the R.E.A. Co-Op building in Eldorado, with Gerald Hartgraves and Mrs. R. A. Frieske in charge.

Precinct 3: Voters will cast their ballots at the County barn, with Frankie Short as election judge.

Precinct 4: Voting will take place at the high school gym, with Nick Jurecek and Jimmy West in charge. Polls open at 8:00 and close at 7:00.

RETURNS TO BE POSTED

With just one local and one state race, it should not take long to tally the votes Saturday following close of the polls at 7:00 p.m.

The Success office will post the returns from the Democratic Primary in the front window. Totals from the various boxes will be put on a placard as they become available.

Band Aides Group Hold Final Meet of Term

On Wednesday, May 15, the Eagle Band Aides held their last meeting during the school year. The treasurer's report was given and showed a total of \$3,440.30 pledged or collected for band uniforms at this time.

A big thank you is to be given to the P.T.A. for their donation of 4 new uniforms as well as the pop-corn machine for the summer. Also commended are the women who worked so hard to make the "White Elephant Sale" a booming success.

The concession stand at the Little Olympics was operated by band members and netted a profit of \$47.00. Thank you for the ice donated West Texas Co-Op and Java Junction. This helped make the nice profit possible.

Band Aide members Ed Meador and Mrs. Bob Bradley were appointed to obtain signs and a banner for the band trip to Dallas. —Rep.

New Employes Hired By Co-Op

Mrs. Donnie Danford has been employed as receptionist in the Eldorado office of Southwest Texas Electric Co-Op., to succeed Evelyn Pennington.

Over at Big Lake, the Co-Op has employed Billy Ray Bolen to succeed Don Pike.

News of the Sick

Rit Roden, 14, daughter of Mr. and Mrs. A. L. Roden, is due to have heart surgery Wednesday in the Children's Episcopal Hospital, in Houston.

Mrs. Kate Joiner was taken to the Sonora hospital by Sheppard ambulance last week, after suffering a heart attack.

Gail Mittl and his wife, Peggy, returned from Houston this week where she underwent treatments.

Medical Education Expansion Pledged

Austin, Tex.—To meet the growing need for more physicians in the state, the Texas Medical Association has called for the immediate expansion of existing medical education facilities in Texas, and has recommended that a new four year medical school be approved as soon as possible, and that consideration also be given to the need for a second new school.

TMA's Council on Medical Education and Hospitals commended the four existing medical schools in Texas for the recent increases in their classes. The Council, chaired by Dr. Weldon G. Kolb, La Marque, cited the urgent need to expand medical education facilities

to fill the widening gap that exists in the ratio of doctors in the state to the total population. Recent surveys show that there is one MD in Texas for every 997 persons, compared to a United States physician-population ratio of one for every 680 individuals. The need for more general practitioners and more physicians who practice family medicine was stressed, as well as the shortage of physicians in non-urban areas.

A study completed last year showed that Texas is providing less than half of its own recent medical manpower. Only 45% of the physicians who joined the Texas Medical Association since 1961 are natives of Texas, according to the study conducted by TMA and submitted to the Coordinating Board of the Texas College and University System, Fifty-two per cent of this same group received their medical school training outside the state. Deans of Texas medical schools report that the number of qualified applicants who did not gain admission this year would fill the entering classes of several new schools.

The Council recognized the responsibility of the Texas Medical Association to assist in making available an adequate number of physicians to provide good medical care for the people of the state. The Council pointed out that the need for more physicians is further emphasized by the state's rapidly-expanding population, projected to reach 11.9 million by 1975, the demand for a greater amount of medical care, and the recent establishment of many new programs, such as Medicare and Medicaid, which provide financing of medical services by the government.

We heartily commend the medical schools in Texas for their efforts to meet the demands of our state for additional medical manpower," Dr. Kolb stated. The existing state-supported medical schools—The University of Texas Southwestern Medical School at Dallas and The University of Texas Medical School at Galveston—have a total enrollment of 999. The University of Texas Medical School at San Antonio will officially open this Fall enrolling 56 freshmen, 24 sophomores, and 24 juniors. By 1972, projected enrollment for the 3 state-supported medical schools will be 1,472—representing almost a 50% increase above the present enrollment. Baylor University College of Medicine has good potential for expansion, and it already has developed plans to increase substantially the size of its classes. This increase in enrollment can be effected as soon as adequate oper-

ation funds can be made available to Baylor. Baylor presently has 325 medical students in its four classes. "Expansion of existing medical schools must begin as soon as possible, however, to overcome the severe deficiency in the number of physicians produced at this time. We stand ready to support the efforts of the Coordinating Board of the Texas College and University System, the State Legislature, and the governing boards of the medical education institutions in providing appropriate increases in funds for faculty and facilities," Dr. Kolb said.

To assist in meeting the medical manpower needs of Texas, the Texas Medical Association has provided almost \$100,000 in low-cost loans to medical students during the past year, and has worked with communities throughout the state which are in need of physicians.

Cotton Insects Worst In Some Years

The cotton insect problem in the Rolling Plains counties this crop year could very well be the worst in some years, entomologists of the Texas Agricultural Extension Service believe.

Above normal winter rains that have continued into spring could result in a substantial increase in the population of insect pests to plague not only cotton farmers but producers of all kinds of agricultural crops in the Rolling Plains, according to observers.

In the absence of cotton insect survey teams in the Rolling Plains area, which previously were jointly sponsored by the Rolling Plains Cotton Growers in cooperation with the Texas Agricultural Extension Service, weekly checks on cotton insect populations will be made under the supervision of county extension service agents. Those in the Rolling Plains area will make their reports to Emory P. Boring III, area entomologist of District 3, Texas Extension Service, Vernon.

Boring's office will tabulate the results and send the information to county agents, newspapers, radio and TV stations serving the RPCG area.

Entomologist Boring said this project will begin around June 1. He said his office hopes to be able to keep farmers advised of insect buildups in plenty of time so that they can map plans for an effective control of the pests.

Cardboard 10c & 20c, Success

Pledges Support Of Family-Size Farms

Austin, Tex.—Democrat Don Yarborough said as Governor he will fight to strengthen the position of the independent family farmer to stop the intrusion of non-farm interests into agriculture.

The Houston attorney pledged to work with federal, state and local officials to revitalize rural areas and to achieve full parity for farmers and ranchers.

"My programs for water, soil and timber conservation, for brush control and for expanding markets for Texas farm products will help strengthen the farms and small towns of Texas," Yarborough said. "I will work closely with Sen. Ralph Yarborough and the federal government for full parity for Texas farm products," the gubernatorial candidate said.

Yarborough also promised to work with the state Commissioner of Agriculture, John White, and with local agriculture officials to see that the state provides the best help possible to the farmer.

"Unless the trend toward corporation farming is halted we will have more people forced off the land and more empty store fronts along the main streets of once prosperous Texas towns," Yarborough said.

"I am the only candidate in this race with creative programs for the problems facing Texans," he said.

Included in his plans, Yarborough said, are programs of expanding markets for Texas farm and ranch products and for encouraging research in these fields.

"I believe Texas needs to do more, considerably more, in promoting its farm products," Yarborough said. "California and Florida spend great sums of money promoting their farm products in national and international markets."

Yarborough said his programs for strengthening the economy of small towns in Texas include a special agency to work solely in quest of new industry for small towns.

Potter Participates In Rescue In Michigan

Mrs. M. L. Potter of Corpus Christi recently sent the Success a clipping taken from the Macomb Daily in Michigan, telling how 17-year-old Robert (Bobby) Potter had participated in a rescue there. Young Potter attended school in Eldorado in the Spring of 1957. He has visited here every summer since then. He is Tom Potter's nephew and Mrs. Carl Nall's nephew.

The clipping read in part: A Macomb County Sheriff's deputy and a 17-year-old high school senior shared the spotlight Thursday at the monthly awards meeting of the Macomb Fraternal Order of Police, Lodge 112.

Deputy Donald A. Casier and Robert Potter, son of Col. and Mrs. Nolen L. Potter, Selfridge AFB, were honored for their role in saving the lives of three airmen clinging to a capsized boat in chilly Lake St. Clair.

The rescue was made through the efforts of Deputy Casier and an amphibious automobile piloted by Robert.

Casier, 27, a native of Mount Clemens, was awarded the FOP's "Policeman of the Month" citation, while Robert received a coveted "Citizens' Award."

An alert cab driver, Walter Wells of 10 Third St., Mount Clemens, heard the airmen's cries for help after he dropped a fare off at Selfridge shortly before 3:00 a.m.

Wells notified the Sheriff's department and Casier and Deputy Joseph Allard responded to the scene and determined that the airmen were clinging to a craft about a half-mile off the foot of Rosso Highway near the base. A fourth airman was swimming toward shore.

Casier said he was unable to locate a boat on shore by which he could reach the victims. Then, a spectator advised him that the amphibious automobile was available.

Casier rushed to Robert's home at 480 Straube on the base, and Robert was aroused from his sleep by the deputy's knock.

"In less than a minute, the boy threw his clothes on and we were speeding to the lakefront in his amphibious car," Casier recalled.

Once in the water, Robert steered toward the swimming airman, but he refused assistance, saying he could make it to shore. He waved the rescuers on to his companions, who were picked up in a matter of minutes.

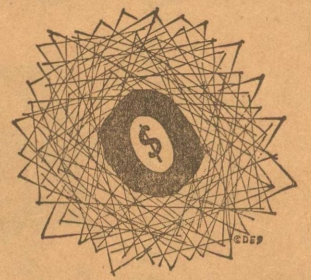

All four airmen were treated for shock and exposure.

Robert, a senior at Mount Clemens high school, has been named an alternate candidate to the Merchant Marine Academy and will soon hear whether he has been accepted as a student there.

Yarborough Pledges Wool & Mohair Support

Austin, Tex.—Democrat Don Yarborough said today he will work to see that Texas remains the leading wool and mohair producing state in the nation.

"I intend to see that Texas stays number one in the industry that has made Texas famous around the world," Yarborough said in a letter to the Texas Sheep and Goat Raisers Association.

Water and soil conservation, brush control, wool and mohair research are included in the creative program, the Houston attorney said. He plans to build a better Texas.

Yarborough says he favors strong conservation measures to insure that the state's valuable water is not wasted. He said that as Governor he would work programs "to control the growth of obnoxious plants."

"Wool and mohair research would help the raisers with new promotional efforts by the state, and create new markets for wool and mohair," Yarborough said.

"I am working for the prosperity of Texas, and I know we cannot have a prosperous Texas if the sheep and goat industry falls behind," Yarborough said.

He told the officers of the Texas Sheep and Goat Raisers Association that he wants to work with the raisers to see that Texas does not fall behind.

Methodist Notes

Rev. D. G. Salter and family are in Austin this week attending the 110th session of the Southwest Texas Conference of the United Methodist Church. Dick Preston is Lay Delegate.

Vacation Church School will begin at the Methodist church this Monday, June 3 and continue thru Wednesday, June 12. The school will begin at 8:00 and conclude at 10:30 a.m. Children who are four years old through the sixth grade will be eligible to attend.

Church School superintendents will be Mrs. Bob Joyce and Mrs. Ed Meador. The following will serve as leaders in the school:

Music, Mrs. Irene Teele, Patti Olson, and Cary Salter;

Kindergarten, Mrs. Bob Joyce, Robby Joyce, and Gennie Sue Martin;

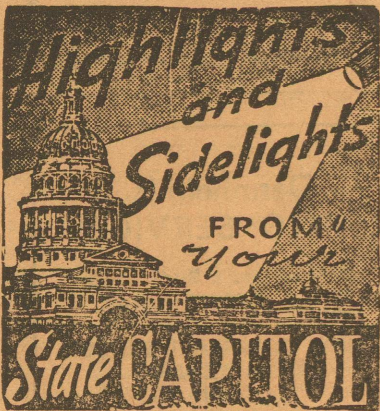

Primary, Mrs. C. J. Niblett, Mrs. Jack Richard Bell, and Arlene Hartgraves.

Juniors, Rev. and Mrs. D. G. Salter.

Recreation, Mrs. Ed Meador and young people.

Refreshments, Mrs. Bob Bradley.

TYPEWRITER RIBBONS, for Royal, Underwood, and Remington—available at the Success.

Austin, Texas.—Your Capitol is bursting with life on the eve of the most significant political and governmental events—the June 1 runoff election, the June 4 beginning of a special session of the Legislature, and the June 11 conventions of State Democratic and Republican parties.

Although there are 15 runoffs in Legislative races to be decided Saturday, the main bout, of course, is that between Lt. Gov. Preston Smith and Houston Attorney Don Yarborough.

Probably no more than a million voters will decide whether moderate-conservative Smith or liberal Yarborough will be the Democratic nominee for governor.

Each is reaching for the other's voter potential. Smith boasts of his 18 years' governmental experience; Yarborough, without governmental experience, urges his own "fresh approach" and "constructive programs," including lower auto insurance rates and consumer protection.

Even name identification—usually considered the wellspring of political success—won't be the deciding factor between these two. Both men have been in statewide races nearly a decade and are well-known names on the ballot.

Incidentally, the winner may find surprisingly tough opposition in November from Republican nominee Paul Eggers of Wichita Falls.

Regardless of whether Smith, Yarborough—or Eggers—is the next governor, the battlewise Democratic legislative presiding officers, Lt. Gov. nominee Ben Barnes in the Senate and Speaker-to-be Gus Mutscher of Brenham in the House, will be powerful figures to be reckoned with. Barnes admittedly aspires to higher office and Mutscher reportedly is interested in a long tenure in the House.

Legislative Races

There are few district races on the June 1 ballot and no other statewide contests. However, as far as professional politicians go, the legislative races are very significant—especially where incumbents are concerned. This because "lame ducks" often vote differently from those re-elected.

Many eyes will be on the races between Sen. Bruce Reagan and Rep. Ronald Bridges of Corpus Christi, for the State Senate seat for that area; Rep. John E. Blaine versus Ramon Ramos of El Paso; Rep. J. E. Miller of Burkeville versus Don Adams; Rep. Bob Hendricks versus former Rep. Bill Dungan of McKinney.

Other runoffs involve top vote getters in local races where incumbents lost altogether or were not running for re-election.

Liquor Legislation Due

Gov. Connally's June 4 special session of the Legislature almost certainly will come to grips with important liquor legislation, probably including a mixed-drinks bill.

A House study committee's report on how to improve present statutes has been promised before the special session begins. Rep. R. H. Cory of Victoria, chairman of the panel, and House Speaker Ben Barnes have indicated the report will contain major, controversial recommendations.

Results of the investigation made by Atty. Gen. Crawford Martin—and his recommendations—also are due by June 4.

Connally has strongly indicated he will urge the lawmakers to come up with a mixed-drinks bill as a part of his tax program. Observers believe that, instead of a straight booze-over-the-bar measure he will ask for legislation permitting the sale of liquor in small, one-drink-sized bottles on a local option basis. This would mean that, if the bill passes, Texans still will have to mix their own but at least they won't have to bring their own bottles.

State Conventions

Every even-numbered year state political parties hold two conventions. In presidential election years the June convention, customarily is called "the presidential convention," and the September convention is known as "the governor's convention."

This year since the big issue in the State Democratic convention in Dallas on June 11 will be whether Governor Connally is picked as the "favorite son," both Democratic party conventions will be "governor's conventions." If Connally is chosen as "favorite son", the first vote of the Texas delegation at the national convention in Chicago will go to Connally, the second to whomever he likes of the major candidates, probably Hubert Humphrey.

Republicans, who will hold their convention in Corpus Christi on June 11, doubtlessly will pick US Sen. John Tower as their "favorite son." State GOP Chairman Peter O'Donnell of Dallas, and other southern GOP chairmen, met in New Orleans with hopefuls Gov. Ronald Reagan and Gov. Nelson Rockefeller. But O'Donnell is not expected to talk about a second-ballot alternative to Senator Tower until he has conferred with Richard Nixon, and considered results of talks with all three.

Pornography War Mapped

Attorney General Martin has mapped a drive against "lewd" movies and pornographic literature.

His office has received frequent complaints about circulation of obscenity, so he will ask the Legislature to tighten its control laws.

Specifically, Martin said he will ask for repeal of a portion of the penal code which exempts from control foreign films and movies that are in interstate commerce. Many of the complaints he receives concern pornography originating in Mexico and other foreign countries.

Martin also will seek legislation to include the attorney general among those granted authority to enforce the law by civil injunction. He criticized US Supreme Court decisions as having "torn down virtually all standards in judging pornographic materials."

Sales Tax

Board members of the Texas Municipal League will meet at El Paso on June 6. They are expected to discuss Governor Connally's plan to abolish the city sales tax.

Connally's plan would raise the state sales tax from 2 to 3% and funnel part of this money back to incorporated cities.

There is a difference of opinion among legal experts on the constitutionality of such a plan. Texas' Constitution may forbid the state from giving money to municipalities when there is no return to the state. Governor's advisors apparently feel the courts would be hesitant to deny funds to the state and cities with both in dire need.

Still, the sales tax change is quite likely to be sent to the Legislature when it convenes in special session next Tuesday.

Attorney General Rules

School districts are not authorized to issue title warrants for the purpose of purchasing unimproved

land only. So held Attorney General Martin in a recent opinion. However, he stated that warrants can be issued to purchase school buildings and equipment.

State officials may be reimbursed by the government for expenses incurred in delivery of veterans land bonds to out-of-state banks, said Martin in another opinion.

New Banks Proposed

State Banking Board is considering requests for charters from Harlingen, High Island and Missouri City.

Organizers of a proposed Bank of Commerce for a new Harlingen shopping center insisted through their spokesman that downtown banks are not readily accessible due to traffic congestion. But presidents of the Harlingen National Bank and First National Bank of Harlingen disagreed.

Request to charter a Peninsula State Bank at High Island was opposed by the Gulf Coast State Bank of Winnie.

And the case for a Missouri City State Bank was protested by officers of the First National Bank of Stafford and Sugarland State Bank.

Grants Approved

Planning grants for two more State Regional Sewage Treatment Facilities were made by the Texas Water Quality Board.

Approved for a \$300,000 grant for the Alamo Area Council of Governments (San Antonio River Basin), and one for \$95,650 to the Coastal Bend Regional Planning Commission (Corpus Christi region).

Another \$1,061,850 remains in the Board's plans pending applications for grants by the Houston-Galveston Area Council, Brazos River Authority, Rio Grande Valley Pollution Control Authority, Northeast Texas Municipal Water District, and Guadalupe-Blanco River Authority and the Upper Guadalupe River Authority.

Short Snorts . . .

A total of 18 candidates have filed for the House of Representatives, District 33, Place 5, in the June 18 special election at Dallas to pick a successor to the late Rep. Joseph Lockridge.

Governor Connally expects to attend the first part of the Southern Governor's Conference in Charleston, S. C., starting June 16. He probably can't stay for the full conference because of the special session.

State Building Commission has set June 11 for bid opening on construction of the first new buildings at the Lyndon B. Johnson State Park across Ranch Road 1 from the LBJ Ranch in Gillespie

County. On June 19th, State Supreme Court will hear the South Plains Underground Water Conservation District's appeal of a District Four election contest.

Noting that a four-day week end holiday starts Thursday (May 30) for many Texans, the Texas Highway Department issued safe-driving warnings and bulletins pinpointing current construction projects.

"Let us recapture the pioneer spirit of cooperation to give Texas a fresh start."

DON YARBOROUGH HAS SPECIFIC PLANS TO HELP RURAL TEXAS

Don Yarborough will be an active governor. He can provide the strong leadership Texas needs to help the farmers, ranchers and small town businessmen of our state.

DON YARBOROUGH WILL FIGHT FOR:

- + Programs To Protect the Independent Family Farmer
- + Full Parity for Texas' Farm Products and Price Protection From Foreign Imports
- + A Statewide Water Program Based Upon Need and NOT Favoritism
- + Programs To Develop New Markets for Texas' Products
- + Programs To Promote Texas' Products Throughout the Nation
- + Legislation To Halt Industrial Pollution of Our Water
- + A Special Agency To Bring At Least One New Industry to Every Community

ELECT DON YARBOROUGH GOVERNOR
Vote Saturday, June 1

Paid For By Yarborough for Governor Committee, Charles Grace Chairman

Thank You

Please Let Me Express My Deep Appreciation for the Priceless Support Given Me By So Many Wonderful People. As I Enter My Second Term As Your State Representative It Will Be My Aim To Work In Harmonious Co - Operation With The Interested Citizens of District 65 to Insure The Continued Growth and Development Of Schleicher County and The Other Counties Comprising District 65.

Thank You,

Hilary B. Doran, Jr.

In Those Days

Compiled From Success Files

ONE YEAR AGO June 1, 1967-Rev. Toney McMillan was getting ready to move here as new Presbyterian pastor. The Manse had undergone an extensive remodeling and renovation project. Carroll Ratliff was named president and Ronnie Mittel secretary, of the hospital board. The East Side Lions Club were observing their first anniversary.

FIVE YEARS AGO May 30, 1963-Rev. C. M. Nyquist was re-appointed pastor of the Methodist church. Farris Glenn Nixon received his degree from A&M. Summer recreation was starting under direction of Douglas Jung, and Earl Barnett was getting Little League ready to begin. Contract was let to T. M. Jr. and Don Brown of Clyde to do the 8 1/2 miles of Highway 277, north from Eldorado. Johnny Griffith, pastor of the Assembly of God church here, was attending a convention in Austin. Mike Moore was graduating from Texas Christian University. Sherrill Dannheim and Nancy Jane Reed were married in Sonora.

12 YEARS AGO May 31, 1956-Rev. Russell Heaner of Columbus was assigned here as new Methodist pastor, succeeding M. C. Stearns who moved to Yoakum. L. T. Wilson died, and his funeral was held here. Cecil Mac Walston, 16, was going to San Antonio to enter the state meet of the Archery Association. New irrigation wells were being drilled on the Jurecek place and at Ed DeLong's. Mr. and Mrs. Ed Davis were leaving for Indiana to visit the Clarence Davis family. Bill Gaynor, Harold Lloyd and Herman Early were to leave June 10 for Fort Bliss for six month of training. Carolyn Wilson was honored on her 7th birthday. Capt. Joe Andrews, commander of the Army Reserve unit headquartered in Sonora, announced that several local men would be leaving for summer training. These included Clifford Hallmark, David Jeffrey, Domingo Pina, Marcie Pina, James Swain, Selwyn Taylor, Sherrill Dannheim, and Frankie Moore.

35 YEARS AGO June 2, 1933-Miss Garnett Lueddecke was leaving for Austin to enter summer school at the University of Texas. Second grade honor roll: Thelma Morgan, Sarah Hill, Betty Jo Bryant, Frances Thompson. Third grade: Gladys Sumner, Mary Jo Rape, Jocelyn Pruitt, and Venita Davis. Fourth grade: Jo Ed Hill. Glenn L. Ratliff was receiving his bachelor of business administration degree from Baylor at Waco. Gould Batteries were advertised \$3.95 up, at Eldorado Auto Laundry. Thelma Taylor and Lillie Bell Kent were given shorthand certificates offered by the Gregg Publishing Company. W. F. Parrent advertised that he did General Blacksmithing, and New Orthophonic Victor Records were 7 for \$1.50 at Eldorado Hardware. O. E. Conner, Tom Jones and R. J. Page went north of Eldorado the first of the week to investigate a new grave in the lane bearing a mark "gone but not forgotten" with a head and foot board. After several minutes of shoveling they found the carcass of one dead sheep. Dr. Fred E. Baker, San Angelo optometrist, had a day scheduled to be at Hoover Drug Store here.

ELDORADO LODGE No. 800 - A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Community Calendar

June 1, Saturday, Run-Off Democratic Primary. June 3, Monday, Open OES installation, 8:00 p.m. at Masonic Hall. June 5, Wednesday, Lions Club meets 12:05, Memorial Building. June 6, Thursday, American Legion post meets. June 10, Monday, Alpha Delta Iota. June 10, Monday, OES meets. June 11, Tuesday, Parks & Wildlife public hearing, 2:00 p.m. at County Courthouse. June 13, Thursday, The Masonic Lodge meets. June 21, Friday, Social Security man at Court House, 10:00 to 11:30. June 24, Monday, Alpha Delta Iota. June 26, Wednesday, Eagle Band to Dallas to march in parade at Lions International Convention. June 27-28, Mias Amigas meets. July 14-20, Boy Scouts to spend week at Camp Fawcett.

Legal Notice

Notice is hereby given by the Parks and Wildlife Department that a public hearing will be held at 2:00 p.m. on June 11, 1968, at the County Courthouse at Eldorado, Schleicher County, Texas, for the purpose of gathering information concerning proposed hunting, fishing and trapping regulations for the above-named county. As the result of action by the Texas Legislature, the Texas Parks and Wildlife Commission is responsible for the setting of seasons, bag limits, and means and methods of taking the wildlife resources in Schleicher County. All interested persons are urged to attend and comment upon the proposed regulations. (May 30)

PAR-TEE

Thanks to the First National Bank of Eldorado for the new El Dorado Golf Club score cards. The cards show 9 holes with yardage par, and handicap from the front tee (front of each tee box) and 9 holes with yardage par and handicap from the back tee (back of each tee box). Until the three new holes are playable we will delete holes No. 1, 5 and 6 on the front and 10, 14 and 15 on the back. Local rules are printed on the back of each card. We do appreciate these new cards and find that they are much nicer than blank checks for keeping score. The Men's Tournament is under way this week with 32 players qualifying in four flights. Pairings for the week of May 27 to June 2 are as follows:

- 1st Flight: Vernon Rogers-Jack Hext Wilson Page-Jack Bell Chuck Adams-Bailey Rogers Carroll Ratliff-Jack Bell. 2nd Flight: Buddy White-Gerald Childers Ralph Waldron-How. Derrick Guy Whitaker-Archie Mittel Dick Preston-Jack Hannes. 3rd Flight: Granvil Hext-W. G. Godwin Pat Wester-Bob Bland Delbert Taylor-J. B. Brame Gary Derrick-Ronnie Griffin. 4th Flight: Herman Walker-Jas. Sweeten Bob Bradley-Raymon Mobley Kenneth Thomas-Eldon Calk Charlie Hahn-Ken Rosford.

The Club House is moved in and work on the underpinning and steps into the building have begun. As soon as we can "get in" the house we will begin to spruce it up a bit. I hear tell that the building is somewhat of a hazard to one certain lady golfer, in that she must retrieve her tee shot from no. 6 from under the house. Maybe we should have set up a "local rule" for golf balls under the house!

Beginning June 1st new handicap sheets will be placed in the handicap book. Ladies are to post 12 hole totals only and Men are to post 18 hole totals only on the new pages. Handicaps will be posted on the bulletin board as of June 1st and will be refigured on the first of each month in the future. Be sure to post all scores - both good and bad. Handicaps are figured on the best 10 out of the last 20 scores so all scores are needed in order to arrive at a true handicap.

The Ladies qualified last week on a total score ringer play and will continue on this association play until August 15th.

On June 6th the Ladies will begin play on a Trophy on the Nassau System basis - 1/2 leg for low net on the 1st round; 1/2 leg for low net on the 2nd round; and 1 leg for low net on the 12 holes. This Trophy will be played on each Thursday except the 3rd Thursday of each month and the person with the most tees at the end of the year (June 1st 1969) will be the winner.

Mary Waldron was the winner of the Association Point Play that ended May 23rd with a total of 216 points. Prizes for Association plays will be awarded at the business meeting on the 3rd Thursday of each month.

The White Elephant Bingo Game on the 25th was a success with Dick Preston winning the 20th game blackout bingo. The Jackpot was not won this month so the Jackpot June 29th will be \$25.00.

Happiness is being served a cup of coffee without having any spilled in the saucer.

Lions Installation Program Held Monday

Boss Lion Bill Rountree presided as officers for the 1968-69 year were installed at a ladies night program of the Lions Club, Monday in the Memorial Building.

C. T. Humphries as president heads the slate of officers who will take over the club operations on July 1st. George Thompson of Sweetwater, former governor of District 2A-1, was installing officer.

Others installed were A. G. McCormack, 1st vice pres.; L. D. Mund, 2nd v-pres.; Bill Gunstead, 3rd v-pres.; Doug Yates, Raymon Mobley, W. B. Shipman and W. R. Davidson, directors; Pat Wester, secretary; D. G. Salter, Lion Tamer; and L. V. Newport, Tail Twister.

The current queen of the Lions club, Susan Mobley, was present escorted by Mickey Pennington.

Musical entertainment was provided by Lisa Whitten rendering trumpet solos, accompanied by Mrs. John Stigler at the piano. Selections were The Shadow of Your Smile, and Spanish Flea.

At the beginning of the program, Mrs. Stigler led singing of "America". A. G. McCormack led Flag salute, and invocation was given by Fred Watson.

The meal was served by Fred and Flora Riley.

Wedding Saturday Joins Local Couple

In a ceremony in the Methodist church Saturday with just family members present, Mrs. Evelyn Pennington and Mr. Charles Wimer were married. The pastor, the Rev. D. G. Salter, officiated.

Those attending from out of town were Mr. and Mrs. Jerry Lyn Pennington of Amarillo, and Mr. and Mrs. Kenneth Pennington of Austin, and the Tom Stewart family of Midland. Mrs. Carrie Blakeway, mother of the bride, was also present, as were Mickey Pennington, Mr. and Mrs. B. L. Blakeway and David, and Mr. and Mrs. Bill Gunstead and family.

A reception was held in the home of the bride following the ceremony.

Following a wedding trip to the Texas Coast, the Wimers will make their home here.

The bride-elect was honored with a miscellaneous shower last Thursday evening in the home of Mrs. J. H. Mace.

Sorority Named

Alpha Delta Iota no. 7263 was the name given the Eldorado chapter of Beta Sigma Phi.

An impressive pledge ritual was presented to the 12 charter members of the new chapter by Phyllis Beard, Lynda Robinson, Janice Sutton, Rose Berry and Carol Burk, members of Alpha Alpha Mu chapter of Ozona.

Immediately following the pledge ceremony was the formal installation of officers.

This organization was founded in 1931 in Abilene, Kansas, with 7 members and has grown to 185,000 active members in over 8,000 chapters.

The object of Beta Sigma Phi is to unite young women of our community for the purpose of friendship and cultural development.

Though Beta Sigma Phi is not a service organization its members also experience the joy of helping others.

Through association with members of Beta Sigma Phi young women can expect to enrich their lives culturally and socially. They have found their place among the friendliest, loveliest-minded, the most socially respected young women in the world—the members of Beta Sigma Phi.

Hostesses for this meeting were Fayla Cheatham and Murlene Cornelius. They served our visitors and members with punch and cake. — Reporter.

GWEN WEST WINS RECOGNITION

At the annual Honor Awards Assembly in Hobbs, New Mexico, Gwen West was presented with a certificate "for outstanding proficiency in Physical Education."

Gwen, granddaughter of Mr. and Mrs. John West of Eldorado, will be a junior at Hobbs High next year. She won a similar award in her freshman year at Clouderoft, N. M., last spring.

MR. SPENCER HONORED

Joe Ed Spencer was honored by several employees of El Dorado Woolens with a coffee and cake party Tuesday afternoon. They presented him with a gift.

Mr. Spencer has been office manager for the firm, and will move about the middle of the month of June to Fort Worth where he will be on the faculty of Tarrant County Junior College.

SOLDIER'S ADDRESS GIVEN

Pfc. Tony Clark, son of Mr. and Mrs. Tucker Clark, is now located in Viet Nam, and gives his present address: Pfc Tony A Clark US54721310 Co A, 2nd En, 12 Cav APO San Francisco 96490

ADOPTED

Mr. and Mrs. M. H. Woodward have a new little girl, Elizabeth. Beth, as she will be called, is nine years old and will be in the 4th grade when school starts in September. In addition to her new parents Beth has three new sisters: Mrs. John (Gayle) Gerlach of San Angelo, Mrs. William (Joyce) Webb of Pittsburgh, Pa., and seven-year-old Susan of the home, and two grandmothers, Mrs. W. F. Parrent and Mrs. O. L. Woodward of Eldorado.

INSTALLATION

All interested persons are invited to be present at the Installation of Officers for Eldorado Chapter, OES, on Monday night at 8:00 o'clock, at the Masonic Hall.

Mrs. J. B. Montgomery returned Sunday from Waco where she visited her nephew, Sgt. Joe A. Perry who had suffered a heart attack. He was improving.

The Baylor Choir sang Wednesday night in the Baptist church. Mickey and Terre Phelps, former Eldorado girls, were among its members.

Charles Adams is buying Raymond Mittel's house north of the school.

Mr. and Mrs. W. A. Van Dusen returned recently from a trip to the West Coast where they visited relatives at San Diego.

Editorial Comment From Our Neighbors

A Big Day For Texas

About daylight 45 years ago today (May 28, 1923), in a small hut on the greasewood flats of Reagan county in Southwest Texas, oil driller Carl Cromwell and his young bride were preparing breakfast when they heard a roar outside their home.

The roar was coming from Santa Rita No. 1, a wildcat oil test being drilled on University of Texas land alongside the tracks of the Kansas City Mexico & Orient Railway (now the Santa Fe).

Money to drill the test was raised by two El Paso men, Haymon Krupp and Frank Pickerell. Earlier this month, Mr. Pickerell, who had never seen a producing oil well until the Reagan County test came in as a producer, was honored as the first member elected to the Hall of Fame of the Permian Basin Petroleum Museum, Library and Hall of Fame to be built between Midland and Odessa.

Mr. Pickerell was described as a man who had "brought more wealth to more people than any other man in West Texas." And this would include many Fort Worth residents who have become rich in West Texas oil and gas.

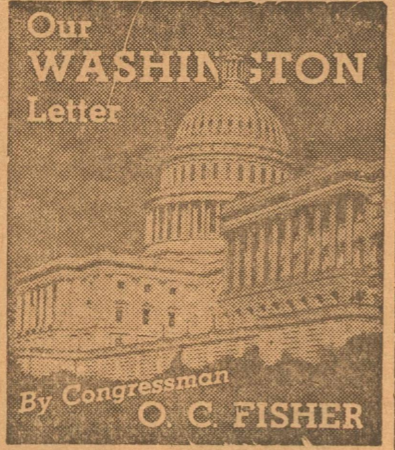

Not only people became wealthy, but cities and towns in West Texas and New Mexico sprang up from that discovery 45 years ago. Ranchmen, hard hit by the drought in the late teens and early twenties of this century were able to save their homes and ranches, and education in Texas was the big winner. Oil on University of Texas and state schools lands has produced many millions in revenue and it is still coming in.

Santa Rita No. 1, named after the Patron Saint of the Impossible, is still producing today. —Fort Worth Star-Telegram.

LIONS CLUB MET MAY 22ND

Boss Lion Bill Rountree presided at the meeting of the Lions Club on May 22nd. "Soil Stewardship Week" was theme of the program and the plaque for outstanding conservation farmer or rancher of

the year was presented to Ello Wilde. Mrs. Wilde was present to receive the plaque.

Prospects for the enactment of an effective crime bill at this session were advanced last week when the Senate okayed a measure approved in the House. As passed by the Senate, the bill will help law enforcement, unless the Supreme Court later knocks them out.

The Senate version reverses key Supreme Court decisions restricting the use as evidence in court of confessions and police interrogations. One, a 5-to-4 decision by the Court, held that a confession is invalid unless the suspect has been given a series of notices prior to questioning and unless he understands that the police will make available to him a lawyer to sit by his side and advise him during any interrogation. This absurd ruling served as a barrier to any effective questioning of criminal suspects.

The Senate amendment allows the trial judge, taking into account all the surrounding circumstances, to decide if the confession is voluntary.

The bill also allows six hours for questioning of a suspect in federal cases before there is actual arraignment before a magistrate. The Supreme Court had turned loose on society some desperate criminals solely because they were not rushed before a magistrate following arrest.

The Senate version also allows wiretapping in certain investigations, where approved by a Judge in advance. And it restricts the mail order purchases of pistols.

Another provision authorizes \$100 million the first year and \$300 million the second year, of federal grants to the States, for use in towns of over 25,000, designed to help cope with organized crime, riots, and other violent civil disturbances.

These are the chief provisions in the much-debated bill as it now stands. The House must approve the Senate version or a conference committee must resolve the differences, before the measure can be sent to the White House.

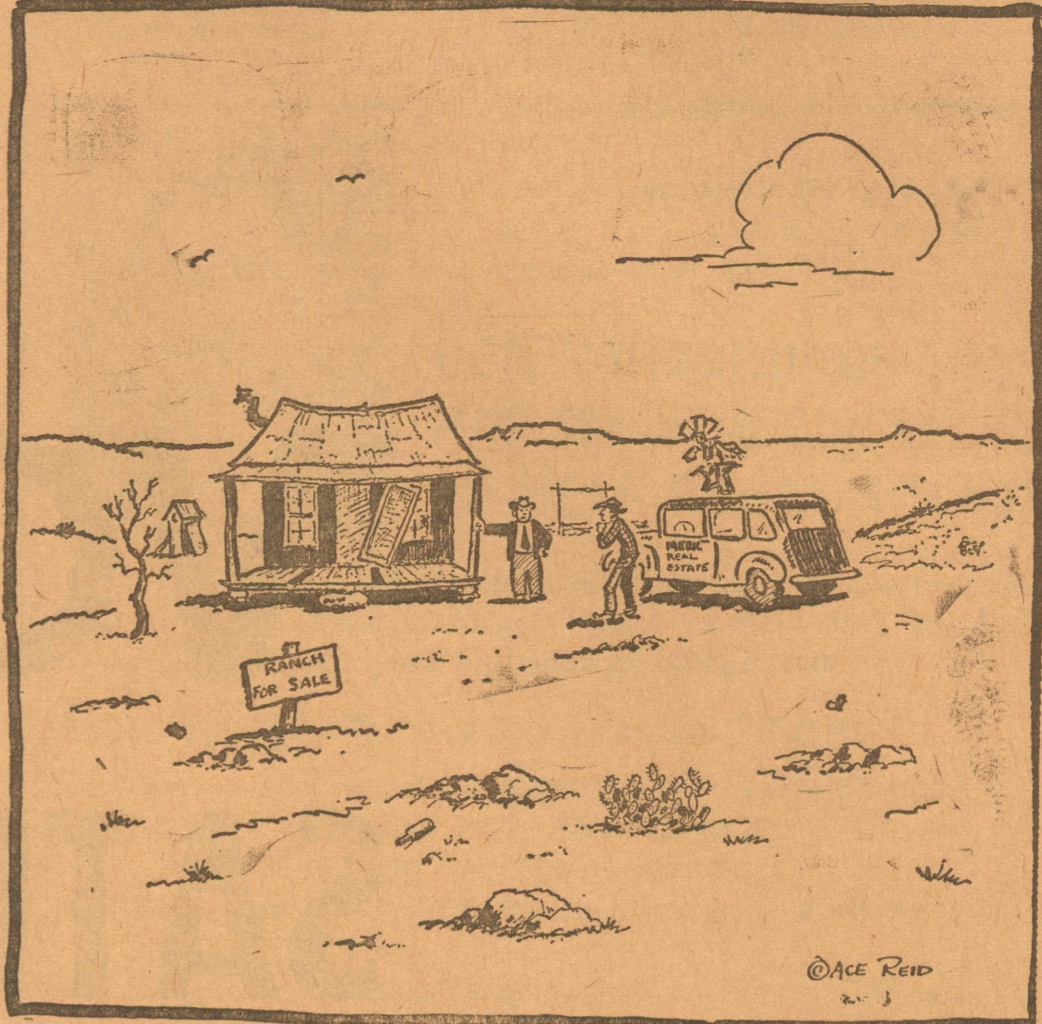

The bill still must face some rough sledding in the House, but many of us are determined to get a good bill enacted if humanly possible, particularly the provisions which correct some of the pro-crime bloopers committed by the Supreme Court which have successfully tilted some procedures in favor of the criminal and against society.

The Poor People's welfare campaign has just released its latest demand—that "a national guaranteed minimum income of \$4,000 for every American family" be promptly enacted by the Congress—or else! This is to be paid whether they work or not.

On this subject, a Capitol Hill wag reported: "Did you know that two members of the marchers dropped dead over in the Capitol this morning?" "What happened?" someone asked "Somebody offered them a job!" was the response.

Each year The Fort Worth Press sponsors an awards program. This program is state wide and is called "Save the Soil and Save Texas." Putting it another way it is a Soil and Water Conservation Awards Program for Texas.

In this awards program, a title to an essay is given each year for boys and girls 19 years old or younger to write about. The essay is to be 300 words or less. The first prize in the state is \$200. Fifty additional winners of trophies and medals are given.

This year's essay was "Conservation: Key to Texas Prosperity."

This year this district only had one entry in this contest, by Kathy Robinson. Below is her essay:

Conservation: Key To Texas Prosperity

(By Kathy Robinson)

When I first started to write this theme, I realized that I knew little about conservation beyond what I had learned in my junior high school science. After research and interviews, however, I discovered that a conservation program is a plan carried out on the land to hold the water where it falls. This will keep soil from being carried away while retaining the water supply. In so doing, it will increase the productivity of the land, since it takes water and soil to grow grass and crops. If we allow this water or rain to run off, it cannot grow anything.

I was really a skeptic. I didn't believe that by simply holding water where it falls that it could make a difference in the prosperity of the entire state, but now I'm convinced. Here's why:
 Take, for example, my own home

Candidate Yarborough Reiterates Pledge For Small Town Industries

Austin, Tex.—Democrat Don Yarborough today reiterated his plans to bolster the economy of Texas' small towns, farms and ranches, saying, "We cannot have a truly prosperous state until the economy of all Texas' 254 counties is on the upswing."

"I have developed creative programs to revitalize the rural areas of Texas," the candidate for governor said. "Texas cannot continue its present course of developing a few large urban centers while ignoring the problems of the people who have been the backbone of Texas for decades—the farmers, the ranchers and the people in the small towns."

"One of the major goals of my administration will be to help every small town in Texas obtain at least one new industry," Yarborough said. "I will work to establish a special agency to work exclusively to help the smaller

county of over 1,331 square miles. Almost every mile of this county could be improved. If a good soil, water, and plant program was carried out on the land, each acre could realistically be improved to the point that it could produce a dollar more each year. In my county alone, this would amount to an annual income increase of some eight hundred fifty one thousand, eight hundred and forty dollars (\$851,940.00).

Another beauty to such a conservation program is that we don't so much in terms of numbers of animals, but in terms of increase in pounds of wool, meat, and mohair. If we can produce more pounds with fewer animals, our net income is raised.

Just think of the results of this program on a state-wide basis if the majority of the land could be improved to produce a dollar more per acre annually. According to conservation authorities, it is not an unrealistic dream.

One Schleicher county ranchman said of his own individual program, "I didn't believe it could be done, but the results have been tremendous . . . not so much in the numbers of livestock I have, but my calf and lamb crops were larger, they weighed more, and the amount of wool I produced was much greater. I've gained well over a dollar per acre with my program." Other ranchmen when asked if they were in favor of conservation said, "It has helped us to make money. It's got to be good."

Yes, conservation can help Texas prosper. Imagine, a dollar more per acre! Truly conservation is the key which does fit the lock on Texas' door to prosperity.

cities of the state attract industry.

"New industry in the small towns will cut down on the exodus of the young people from the rural areas. New industry will mean jobs and new pay rolls, money which will then be spent with the merchants in the small towns."

"We must also fight to maintain the independent family farms of Texas," Yarborough said. "These farms are threatened with extinction by large corporation farms. The farmer must receive the help he needs to maintain his independence."

"I will work for full parity for our farm products. I favor research and promotional efforts to create new national and international markets for Texas' farm and ranch products."

"I favor water, soil and timber conservation programs. I believe the state should play an active part in the fight against the brush which occupies too much of our land and uses much, too much, of our water."

Eagleette Track Summary

1968 District Champions; Regional Runners-Up.

Most Valuable Girls: Lisa McAngus and Linda Derrick.

Team Record

Eagleette Relays, Runner-Up; 1st Place Mile Relay.

District Meet, Champions 21-B; 1st Place, 440 Relay.

Also 1st Place 880 Relay and 1st Place Mile Relay.

Regional Meet, Runner-Up; 2nd, 880 Relay; 3rd, 440 Relay; 1st, Mile Relay.

Bluebonnet Belle Relays, 3rd pl.; 4th, 160 shuttle relay; 3rd, 240 shuttle relay; 3rd, 880 relay; 1st, 300 medley relay.

State Meet; 6th, 880 relay; 8th, mile relay.

Individual Totals

Eagleette Relays: Linda Derrick, 1st broad jump, 2nd 100 dash; Susan Hill, 2nd 60 dash; Kathleen O'Harrow; 3rd, discus & shot put; Dale Montgomery, 3rd, triple jump.

Dist. Meet: Linda Derrick, 2nd, broad & triple jump; Mary Lynn McCalla, 2nd, shot put; Susan Hill, 1st, 60 dash; Susan Rogers, 2nd, 220 dash; 3rd, 100 dash; Kathleen O'Harrow, 2nd Discus, 1st shot put; Lisa McAngus, 2nd 440 dash; Claudia Meador, 3rd 440 dash; Lisa Whitten, 3rd hurdles and triple jump.

Regional: Susan Hill, 2nd 60 dash; Lisa McAngus, 1st, 440 dash; State: Lisa McAngus, 4th, 440 dash.

Junior High 4-H Met On May 23rd

On Thursday, May 23, 1968 at 3:00, the Jr. High girls held a 4-H meeting. Lou Ann Nixon led the pledge at the beginning, and Mrs. Krelow helped us organize our club. We made peanut butter fudge that you do not cook. We elected officers, who are:

Patti Olsonpres.

Patsy Tampkevice pres.

Louann Nixonsec.

Pam Engdahltreas.

Denise Adamsrep.

Cynthia Rawlssong leader

We then named our club. We call it The Jr. High 4-H'ers. Our meetings will be held in the Corral of the Memorial Building every Monday form 2:30 until 4:30. Our next meeting will be held Monday, May 27, 1968. Three other girls in our club are Virginia Gauna, Delia Guerrero, and Lucretia Henderson.

Our leader will be Mrs. W. C. Parks Jr. We invite all girls going into or already in Jr. High to become 4-H members.

County Extension News

W. G. Godwin, Co. Agent

Planning to tow a trailer on your vacation this year? Then be sure you and your car are equipped for the job. These tips will help make your trip safer and happier:

A strong, safe hitch is important. Use a regular hitch with stabilizers bolted or welded to the frame or axle of your car.

Load your trailer so that about 60% of the total weight is ahead of the trailer axle to give the trailer and car maximum stability.

If the hitch weighs more than 100 pounds, you may need to install heavy duty springs and shock absorbers on your car to handle the extra weight.

Check your electrical hookup to make sure the trailer lights and turn signals work properly.

Be sure your outside mirrors give a good view to the rear on both sides of the trailer. You may have to add extra length mirrors.

Remember your extra weight and length. Add extra air to your car tires to prevent sidewall flexing. Underinflation causes overheating and increases the possibility of a blowout.

Adding a trailer may mean that you need more than double the space and time to pass other cars or change traffic lanes.

Remember, also, that your brakes have to do much more work to stop a trailer. On hills, use a lower gear to keep from overheating your brakes. Even if brakes are in perfect condition they won't stop you if they are too hot.

Pay careful attention to steering, and ease into any direction change so the car or trailer won't sway excessively.

Avoid traffic situations which lead to a panic stop, and sure invitations to a jackknife disaster.

Stay alert to the fact that you have extra weight and extra length when pulling a trailer. Your pace can be more leisurely, the drive smoother and safer, and your family will have a better chance to enjoy the scenery if you observe

applicable safety rules.

This is the darndest depression I have ever seen. Everybody's working, and everybody's broke. At least we didn't have to work in the last one.

To help you in selecting and placing plants around your home the following suggestions are offered:

1. Select plants which will not grow out of bounds. There are many species of evergreen and deciduous shrubs which are low growing and attractive.

2. Too much variety in plant species is not attractive. Frequently a grouping of three, five, or seven plants of the same species can create a most interesting design.

3. Space plants so they have room to grow to maturity. More plants will spread at least as much as their mature height or even more, so allow ample room. Don't crowd them against the foundation, as this results in crooked plants. The landscape may appear rather open and bare after it has been planted especially if small plants are used, but remember you are planning for the future. Crowded plants will also create more maintenance problems.

Man hasn't really changed much through the ages. He has, of course, progressed to the point where he walks upright, but his eyes still swing from limb to limb.

Sometimes a small cloud of insecticide decides who will enjoy the delicious vegetables in your garden—you or those sneaky garden pests. Insecticides, applied at the right time and the right place, are your guarantee that you and your family will be able to enjoy the fruits of your labor.

Garden chemicals are carefully screened by USDA and the Food and Drug Administration before manufacturers are allowed to make them available to producers. The label clearly states the insects for which the insecticide is effective, its rate of application and the necessary waiting interval between application and eating or processing the vegetables.

The most commonly used insecticides for home gardens are carbaryl (Sevin), chlordane, DDT, diazinon, malathion, methoxychlor, rotenone and sulfur.

For specific information on home garden insect control, local gardeners may come by or call for a copy of Insect Control in the Home Garden (L-642).

Anyone desiring to donate animals to annual West Texas Boys Ranch Round-Up bring to Bob Page's pens at place just north of Eldorado city limits, on the San Angelo highway.

They will be cared for there until transferred to auction ring.

ROBERT (BOB) PAGE

Oil Properties

Some people will never be able to take it with them because it's gone before they are.

The roar of power lawnmowers, and it's pretty constant now, may be broken by a scream of pain if the operator becomes careless. Accidents involving this necessary piece of lawn care equipment most often result from carelessness.

Direct the first "ounce of prevention" at the machine. Be sure that the machine is in good mechanical condition and ready for heavy work. Proper maintenance is the

key. Safety suggestions include checking the lawn, especially those areas where children and pets play, for rocks, toys and other debris which can become deadly missiles if thrown by a rotary mower. Short pieces of wire or knives, forks or spoons dropped during a backyard picnic, have been known to cause fatalities when discharged by a power mower.

Keep children and pets away from the area being mowed.

(to Au 1*)

VOTE SATURDAY JUNE 1

TO: The Citizens and Voters of Texas FROM: Preston Smith, Candidate for Governor

The purpose of this message is to ask for your support and vote in the Second Democratic Primary Saturday, June 1.

As your Lieutenant Governor for the last six years, I believe I have qualified myself to seek the high office of Governor. You know I finished second among 10 candidates in the First Primary, about 29,000 votes behind the leader with 1,750,000 votes cast.

With your help we can win this run-off against an opponent who has no public record of any kind . . . one who is aligned with groups that want to reject the progressive, constructive programs built by John Connally and his predecessors and replace them with so-called "liberal" ideas of their own.

I want to continue and improve on the start we have made in education, pollution control, law enforcement, highways, water conservation, promotion of industry and tourism, and many other vital areas.

I am proud to have been a part of Texas government for 18 years. Opponents may harp about what is wrong in Texas; I happen to think there are a lot of things RIGHT in Texas. I am proud of my state and its people.

Things can be even better, and I want to work with you in that direction.

It's more or less in the political tradition to lambast your opponent and say a lot of ugly and cutting things about him. I don't want to engage in personalities; my opponent has no public record to criticize. Therefore I am running for Governor on my own merits.

It may be pretty ambitious for a farm-born, farm-raised Texas boy, who worked his way through Texas Tech and spent his adult years in business activities in Lubbock, to aspire to be Governor. You will be the judges as to whether my experience and proven qualifications entitle me to be elected. I will accept your judgment with real gratitude for your past support and friendship.

Please remember that if I am elected, my door will always be open to any Texan who has any problem whatever that the Governor can help with. I will always be interested in good government. I will always be interested in you.

Preston Smith
